

Carvel Questions Legislature On Providing Revenue

Desires Approval of Budget Which Still Needs Sanction Of House of Representatives

Governor Elbert N. Carvel has placed squarely before the Legislature the question of providing State revenue to finance the improvements which the people want as well as the problem of enacting the legislation required for these improvements.

Included in these financial problems is approval of the budget which on Wednesday morning, still awaited House approval of an amendment to the budget which the House passed last week. This amendment has been resting in the House without any action of any type being accorded it.

When the amendment budget bill was returned to the House from the Senate Thursday, it was taken over by Speaker Harvey H. Lawson and up until Wednesday morning the amendment had not been referred to a committee or presented to the House.

In connection with this budget situation Governor Carvel sent a letter to the House on Friday urging that they act upon the budget in order to comply with existing law and thereby permit the session to proceed with the consideration of other business.

The Governor made reference to this situation at his press conference on Tuesday when he pointed out "Time is getting short and the Legislature still has a large amount of important matters to consider."

The Governor explained at this conference that the proposal to combine the proposed gross income tax and the present net income tax into one tax was suggested as a means of eliminating the necessity of some persons paying two income taxes instead of one. It is estimated, the Governor explained, that the combined tax will result in no more taxes being paid by the taxable effected than would have been paid under the separate taxes.

Governor Carvel is now practically caught in the matter of approving measures that have been sent to him by the Legislature.

The cleaning up and good house-keeping appearance around Harrington has been receiving favorable mention by a member of our system officials while passing through town.

It will be a lot easier to maintain this clean face appearance if the engine crew on No. 487 does half as good a job with their fires as the boys on HF-1 and HF-2.

Charley Derricksen and Dan Hitchens on one side and Bill Davis and Joe Mitchell on the other, can back the HF-1 off the south lap with 60 or 70 cars and pull away from the station with very little smoke while the engine on No. 487 will lay on the station siding and belch heavy black smoke over the town without turning a wheel.

Parrot Sounds Fire Alarm

An alarm sounded by a parrot prevented a total loss Friday morning when the residence of Mrs. Mildred Hatfield, between Felton and Viola, caught fire from an exploding oil stove. Damage to the house and contents was estimated at \$3000.

Mrs. Hatfield was behind the chicken house when the blaze started and was unaware of it until she heard her parrot calling, "Mildred, Mildred." When she ran to the house, the windows were breaking. She rescued poor Polly, whose bill and feathers were black, but was unable to get into the room having the telephone. A neighbor called the Felton Fire Department but the neighbors had the fire under control on the department's arrival.

"No Comment," Says H. B. A. on Proposed Fire Ordinance

"No comment," was the verdict of the Harrington Better Business Association reply to a letter from Mayor Earl Sylvester asking for recommendations on a proposed fire protection ordinance.

The organization, at its regular monthly meeting Wednesday night, decided that comments on the ordinance were not in its province.

The association reported favorably on putting on a show before the beginning of the race meet which begins Wednesday night, April 22. Eva Raughley, secretary-treasurer, volunteered to secure talent for the show. Several other members also offered to aid in securing talent.

If the show is put on, the profits will be used to pay off the deficit remaining from putting on the Christmas program.

The next monthly meeting will be a dinner meeting at the Wonder Bar at 6:30 p. m., Wed., May 20.

Senate Approves Appointments Of Bills After 54 Days

After 54 days of legislative sessions, the Senate Tuesday gave official approval to bill clerks who have been working since the start of the 115th General Assembly, and at the same time quieted criticism from Speaker of the House Harvey H. Lawson who Monday suggested that perhaps everything done thus far by the Legislature might be illegal.

The move came when the Senate adopted a House joint resolution, without a dissenting vote, appointing bill clerks for the session. One in each chamber had been sworn in at the start of this Legislature, but the Senate had not acted on the resolution.

Because of this, Mr. Lawson on Monday had charged that Senate failure to officially appoint the bill clerks might mean that all business done so far would be illegal.

Davis Replies to Lawson

President Pro Tem Vera G. Davis of Dover replied to Mr. Lawson's opinions with some criticism of her own, as the Senate did little more than adopt the joint measure, because of failure by the House to complete action on the General Appropriation Bill.

Senate Democrats, with the help of some GOP senators, are insisting that the 1929 statute which calls for action on the budget bill by the 50th legislative day to the exclusion of all other business is to be lightly dismissed.

The House, on the other hand, has apparently dismissed the matter out of mind and gone ahead with other business while the budget bill remains there without action.

Senator Davis, in commenting on Mr. Lawson's statements about the

Senate and the bill clerk joint resolutions, said she thought it too bad that the Speaker had waited so long to inform the Senate that he thought it might be acting illegally. She said that she wished Mr. Lawson had been as interested in checking up to see if the Senate had adopted the resolution and that "there are courteous ways" of bringing such things to the Senate's attention.

Appointed On Jan. 11

Senator Davis pointed out that the Senate bill clerk, Benjamin Simmons, had been appointed in a Senate resolution adopted on Jan. 11 and had been duly sworn in. Likewise, she said, the House bill clerk, Norman Battersby, was appointed by a House resolution and duly sworn in.

Stating that she knew from past experience that it was the usual procedure to adopt a joint resolution relating to the clerks, who are officers of both houses, Senator Davis reviewed the House action on the joint resolution.

She said that it had been introduced in the House on Jan. 12, was reported out of committee there on Feb. 21, and passed on March 4. It was received in the Senate, she continued, on March 7, and was not referred out of the Senate committee until March 23.

Among the 25 bills reported out of committees Tuesday were five affecting the supervision and control of the Delaware State Hospital at Farnhurst and the Governor Bacon Health Center. All but one of these were reported out on their merits by a majority of the committee and favorably by their sponsors, Senators Davis and John E. Reilly, Sr., (D-Wilmington).

A donation was voted to the Cancer Control Drive which the club is sponsoring under the chairmanship of Mrs. Clyde Perry. Donations will be received by Howard Wagner at the Peoples Bank.

Mrs. L. H. Rogers, the president of the club, and Mrs. E. W. White were elected delegates to the annual meeting of the Delaware State Federation of Womens Clubs at Milford on May 12-13. Mrs. A. B. Parsons and Mrs. George Vapaa were elected alternates.

Announcement was made by Mrs. Harry L. Boyer, chairman of Ways and Means, that a big card party will be held in the club house on Friday evening, April 22, at 8 o'clock. Five Hundred, Bingo and Bridge will be played. There will be many prizes, and refreshments will be served. Tickets are now on sale.

The finale of this club year will be the Easter luncheon on Tuesday, April 19. Each member may invite one out-of-town guest.

Race Secretary Enslin Tells About Handicapping

With the approach of the annual spring harness meet of the Kent & Sussex Racing Association here, Racing Secretary George C. Enslin is having his hands full classifying and handicapping the record number of horses on the grounds. The pari-mutuel meet will open Wednesday night, April 27, under 350,000-watt lights, and continue for 20 nights.

Enslin, who has 36 years' experience on a race track, said this week that 350 horses were on the grounds and that 450 would be on the grounds at the beginning of the meet. Three new 30-stall stables are nearing completion near the cattle barns at the Kent & Sussex Fair grounds to take care of the overflow. Enslin added that more applications for stall space were being received than could be accommodated.

Not all horses on the grounds will race, Enslin said. "We have lots of two-year-olds and horses whose prep training is not complete," he explained.

The racing secretary's job is a prodigious one. Already he has

Harrington Merchant Has Had Ad In Journal 32 Years

Advertising says, says Wilbur E. Jacobs, Harrington merchant, who has advertised consistently in The Harrington Journal. We would not bet our lives upon it, but we believe Mr. Jacobs has advertised in The Journal in every issue for 32 years. In fact, Editor J. Harvey Burgess will give \$1.00 each to any persons bringing in copies of The Journal which do not have an advertisement of Mr. Jacobs.

Mr. Jacobs has usually carried an ad. of two columns by five or six inches. He does not believe in crowding his ad, but in putting in only a few items so people can see them at a glance. Furthermore, he has not been given to making overdrawn statements in his ads.

Asked about the benefits of advertising, Mr. Jacobs explained it was difficult to ascertain tangible results but that he was sure it had intangible advantages.

Before coming to Harrington in December, 1909, Mr. Jacobs operated a general store at Bursville. Previously, he had clerked in various stores, among them the hardware store of the late Tighman Harvey, for four or five years.

He started a grocery store here January 1, 1910 on the Commerce Street property now occupied by the stores of J. Reynolds Kates and Mrs. Eva Raughley. He opened his door on Dorman Street in 1934.

In his first store, Mr. Jacobs used to buy and trade for many eggs. Some weeks he would take in 100 crates and some Saturdays he would take in 50 crates. This business fell off with the advent of hard roads and because poultrymen started blood-testing their flocks and selling their eggs to hatcheries.

A novel feature of Mr. Jacobs' early days in the mercantile trade here was Turkey Day. Some Thursday before Christmas Mr. Jacobs and Joe Parris, of Philadelphia, would buy hundreds of dressed turkeys. This business went "kerflooie" when farmers began to find markets for the live birds.

Mr. Jacobs is a member of the Harrington Better Business Association, the Rotary Club, and Trinity Methodist Church.

He was state senator in 1931, state auditor in 1945-46, and, after the new town charter was drawn up in 1935, he was the first mayor to be elected by popular vote.

As state senator, he was chairman of the Statutory Committee and almost single-handed put statutes of John M. Clayton and Caesar Rodney in Statuary Hall in the Capitol in Washington. Until this time, Delaware was the only state not represented in the Hall.

Governor Signs Harness Bill

Two bills affecting horse and harness racing were signed Tuesday by Governor Carvel. The first of these was a measure introduced by Senator Nelson H. Hammond (R-Felton) to increase the authorized number of days of racing at Delaware Park from 30 to 33.

The second bill, sponsored by Rep. Nutter D. Marvel (D-Georgetown), increases the membership of the state Harness Racing Commission from one to three, and increases from 20 to 60 the allowable number of days of harness racing in any one year.

Governor Proposes Single Graduated Tax on Incomes

Bill Would Replace Present Net, Proposed Gross Levies, Provide for Withholding With \$520 Dependent Deductions

A new administration income tax bill, with a \$520 exemption clause for the taxable and each dependent, was introduced into the House Friday afternoon as the business of the deadline day for the 115th General Assembly got under way.

State's Bonus Bill Rejected By House Unit Unfavorably Reported In Hopes Administration Will Offer Payment Plan

The first unfavorable report out of committee on any bill introduced in the 115th General Assembly was made Tuesday on the veterans' bonus bill.

Rep. John P. Sinclair (R-Newark), chairman of the House Appropriations Committee making the report, explained that the bill is bipartisan sponsored, and that it had been reported out of committee unfavorably in hope that the administration would offer a suggestion as to payment.

Mr. Sinclair pointed out that the deadline for the introduction of bills has passed, and therefore no new bills can be introduced. None of the bills presented on a veterans bonus provided funds to pay it, he said.

The bill given an unfavorable report is the measure favored by the American Legion and Veterans of Foreign Wars in Delaware. Written on the bottom of the report was the following reason for the unfavorable action.

"House Bill 54 carries no appropriation except an appropriation for administrative expenses. It is the feeling of the committee that the bill should carry an appropriation sufficient to provide for the payments (estimated at \$7,000,000) specified in the bill and should provide also for a method of financing. Passage of the bill in its present form would mean that the state is purporting to promise the payment of a bonus but is providing no funds for such payment."

The measure was introduced on Jan. 26 under the names of Reps. Noble S. Warren (R-Dover), John M. Longbottom (R-Milford) and Martin J. Walsh (D-Wilmington).

A favorable report from the Revised Statutes Committee was submitted on the bill sponsored by Rep. Joseph A. Bruno (R-Wilmington) which would make a jail sentence as well as a fine mandatory for convicted bookmakers.

Land Auction to Be Held April 23

Another new subdivision will open near Harrington Saturday, April 23, at 2 p. m., when Grimes Auction Company will offer 75 homesteads for sale on U. S. 13 one-half mile north of town.

Included will also be a large lot and a 10-room building.

The real estate is known as the Mumford property and is in an area which is rapidly developing into a residential section. The Grimes Company, well-known as land auctioneers, sold another large tract last year for J. Gordon Smith and the estate of B. I. Shaw on U. S. 13, just a half-mile south of the Mumford tract.

The highlight of the afternoon session was an attempt by the Democratic minority to suspend rules and to bring up for passage the general appropriation bill containing the Senate amendment which would provide for the uniform state supported school unit operational fund.

When Rep. Warren L. Allen (D-Seaford) made this motion, Speaker Harvey H. Lawson spilt the motion. He announced that it had been moved that the House suspend rules. He then ordered a recess of five minutes and with the Republican members, went into caucus. They were out in less than three minutes and a vote was taken on the motion to suspend. The Republican majority of 18 went down the line against the motion and it was defeated 18 to 16, with one representative, Sudler H. King (D-Middletown) who is in the Kent General Hospital, absent.

Rep. Ralph Collison (D-Bridgetown) the minority whip, introduced the new income tax bill which would replace the present net income tax law and would have the effect of a substitute for the earlier gross income tax bill presented under administration sponsorship.

Obtaining the permission of the speaker, Mr. Collison issued a short statement at the time he introduced the bill. He said:

"I desire to introduce on behalf of the administration of this state a revenue raising measure. This bill is intended as an alternative to the gross income tax measure introduced some time ago, which carries the designation of House Bill No. 413. The administration desires the measure I am about to introduce put in, in order that the legislature in its discretion may select between two possible alternatives in obtaining the necessary increases in state revenue to meet probable expenditures for the next biennium.

Entirely New Income Tax

"This bill proposes a new income tax law and is proposed as a substitute not only for House Bill No. 413 but also for the present net income tax now on our statute books. If this bill passes, the result will be to end the net income tax in Delaware as it now appears in our law.

"This bill which I am about to introduce proposes a graduate tax on incomes of Delaware residents and non-residents who earn an income in Delaware. The rates of tax run from a low of one and one-quarter per cent on all taxable incomes under \$3,000 to a high of six and one quarter per cent on all taxable income over \$50,000. The bill gives a specific exemption of \$520 to each taxpayer and an additional \$520 for each dependent or spouse of the taxpayer. The bill also provides for certain authorized deductions, particularly of business expenses in order to arrive at what is a taxpayers taxable income.

"Estimates made for the Governor indicate that this bill, if enacted into law, will produce annual revenue to the state of approximately \$6,750,000, of which \$1,750,000 is the amount collected under the present income tax law."

The proposed new income tax measure provides for withholding of taxes to begin July 1, but would be retroactive to Jan. 1. The graduated scale, beginning with 1 1/4 per cent on incomes up to \$3,000, follows: 2 1/4 per cent from \$3,000 to \$10,000; 3 1/4 per cent from \$10,000 to \$20,000; 4 1/4 per cent from \$20,000 to \$30,000; 5 1/4 per cent from \$30,000 to \$50,000 and 6 1/4 per cent for all above \$50,000.

It is an opportunity for friends of the school to bring shrubs, seeds, or trees to beautify the surroundings, making the institution more attractive and conducive toward growth and happiness of the patients.

"The Seamstress" by Esther Averill, an Easter drama, will be presented by the children of the school department at 2:00 P. M. in the auditorium of the Administration Building. The drama depicts the history of the robe worn by the Master during his ministerial years, culminating with the crucifixion and the resurrection of the savior.

The public is cordially urged to visit the school on this day.

RACING

(Continued from page one)

The racing secretary has wide latitude in his manner of classifying and handicapping. He may place a horse with lesser winnings and fewer races won, over another horse with a better record if its condition appears better. The secretary, however, does not consider the qualifications of the drivers in handicapping. Furthermore, the U. S. T. A. does not permit him to consider the time run by the horse in previous races in handicapping.

If Enslin doesn't have enough horses of a class to fill a race, he tries to fill out with the closest horses to this class. In classifying, he pays no attention to the difference in tracks. In other

words, just because a horse won at Roosevelt does not mean he will be exalted here.

In fact, first flight and second flight horses have a chance to win all purses, large or small. Third flight horses, however, are a slow-class and may include first-time performers.

In handicapping, Enslin applies the same standards as in classifying. He picks horses to win, show, and place only.

He has been racing secretary here since the inception of the racing association in 1946. Last year he was racing secretary also at Toledo, Ohio. He has also been secretary at Freehold, N. J., and Northville Downs, Mich.

SPRING CLEAN-UP DRIVE AIMS AT CUTTING RURAL FIRE LOSS

Spring cleaning may mean scrubbing, dusting and airing to many homemakers, but spring clean-up time might well be the "cleaning out" time for trash and unnecessary combustibles that are obvious fire hazards.

The Extension Service of the U. S. Department of Agriculture cooperates each year with the National Fire Protection Association in sponsoring local Spring Clean-Up Campaigns. No set date marks this undertaking, but it is held at the time when most families get the spring cleaning urge.

During the coming few weeks, Delaware rural people will be urged by the Agricultural Extension Service, including the agricultural engineer, the home management specialist and the county agents, to take advantage of the natural urge to "spruce up" their property inside and out.

These agents will offer tips for checking up on farm buildings, furnishings, farm equipment and farm grounds. Millions of farm dollars and thousands of farm lives would be saved if every farm resident adopted the Spring Clean-Up program for fire safety, the National Fire Protection Association has said.

Farm fires last year cost about \$100,000,000 and took about 3,500 lives. Fires protection engineers emphasize that 90 per cent of all farm fires could be readily prevented if full attention were given to eliminating common fire hazards.

GUARD AGAINST OFF-FLAVOR MILK — Off-flavor and odor may develop in milk that is shipped this time of year, warns Delmar J. Young, extension dairyman at the University of Delaware. While various types of bottled milk are scarcely distinguishable by flavor when properly cooled and having an original good milk flavor, off-flavors and odors in a few cans may effect an entire tank of milk that would be sold to hundreds of housewives.

The best time to correct undesirable flavors and odors in milk is right at the farm where milk is produced, says Young. The three most common types of off-flavored milk are milk that is sour, smothered, or onion-flavored. All of these may be prevented by prop-

er production and handling practices.

Sour milk is caused by improper cooling and a high bacteria count. This can be prevented by using clean utensils, washing cows udders and cooling milk to 40 degrees F. as soon after milking as possible and keeping it cool until it reaches the plant. Water in a tank cooler should be above the level of milk in the can. If cans of milk must remain on a milk stand before the milk truck arrives, they should be shaded and wrapped with a wet burlap blanket.

Smothered odor may be described as the odor of a cow's breath after eating silage, and it usually gives a bitter or tangy taste to the milk. The condition is caused by not putting the milk in the cooler immediately after milking, or when milk is shipped before it has cooled down to 40 degrees F.

These warm days when cows have turned out of the pound, the milk may have a grassy or onion odor. To combat this, Young suggests that cows not be turned out until there is plenty of grazing from other grasses, that dry cows ad heifers be turned out on pasture two weeks before turning on the milking herd, that farmers feed a good feeding of hay before turning cows out to pasture, and remove cows from pasture at least four hours before milking, then feed hay again in the pound or in the barn before milking.

Young observes that if the dairyman detects an odor in the top of the milk can before shipping it, chances are that the dairy plant operator will detect it too and reject that can.

SERGEANT DOLLAR ASSIGNED TO FORT MILES — In the reorganization and reduction of Recruiting Personnel, Sergeant Clint O. Dollar, local Recruiting Sergeant for Kent County since reestablishment of the Recruiting Service after V. J. Day has completed his tour of duty as a recruiter and has been assigned for duty with the Harbor Defense of Delaware, Fort Miles, Lewes, Delaware.

Sergeant Dollar first came to Dover in September 1945 as one of the original Post War Recruiters and during this time he has made many friends throughout Kent and Sussex Counties, while performing his duties in securing the needed manpower for the Army Air Force. During his tour of duty in Dover Sergeant Dollar had become one of Dover citizens by establishing his home at S. Governors Ave. Although he will no longer be with the Recruiting Service, he will at least be still a part of Dover for he intends to maintain his home here and commute to and from Fort Miles.

Sergeant Dollar's presence will be missed by the Recruiting Personnel of the Dover Recruiting Station and we take this opportunity to wish him the best of success in his new assignment.

**DELAWARE WOMEN TO
OBSERVE NATIONAL HOME
DEMONSTRATION WEEK**

Delaware home demonstration clubs will unite with other clubs throughout the Nation in observance of National Home Demonstration Week, May 1-7, it was disclosed today by Miss M. Gertrude Holloway, state home demonstration leader and Mrs. Jonathan Wheatley, president of the State Home Demonstration Council. This is the fourth year for this event which calls attention to the broadening field of home demonstration work. With the theme, "Today's home Builds Tomorrow's World," the National Week is marked in various ways by the clubs.

Last year, the more than 2,000 women who belong to Delaware home demonstration clubs celebrated this event by holding a state-wide all-day meeting, going to church by clubs, exhibiting their handiwork in local store windows, holding open houses and teas for other homemakers in their communities, taking part in radio broadcasts, and many other activities.

Highlighting this year's state-wide observance of the Week will be a meeting for all club members, to be held May 5. Each club is also planning some special activity designed to bring home demonstration work before the public.

M. L. Wilson, director of Extension Work, U. S. Department of Agriculture, has said, "The leadership which home demonstration workers have always given in the important fields of nutrition, home management, clothing, and the like is also needed in solving such problems as health, recreation, and the enrichment of living. National Home Demonstration Week gives an opportunity to focus the spotlight on these broader goals. It affords opportunity to give recognition to the many able rural women whose leadership and devotion have made home demonstration work an essential ingredient in everyday rural life."

The Viola Baseball Club held its first practice game Sunday in Viola. The boys looked very good and seemed to be getting in shape fast for a successful season as they defeated Wyoming 13 to 1. The fans of the club will remember that the Viola Sportsmen won the pennant in the Mid-Delaware League in 1948.

A meeting of the Viola baseball club and their wives was held at the home of Manager Kenneth (Kenny) Martin on Wednesday night, April 6.

Mr. and Mrs. Elijah Darling enjoyed the company of several relatives and friends on Sunday.

MARYDEL LIONS CLUB HOLDS FOUNDER'S DAY BANQUET

Marydel Lion's Club on Monday night at 7:01 p. m., March 28th, celebrated its first birthday by holding a Founder's Day Banquet at the Marydel Community Hall. One hundred members and guests were present to enjoy a delicious dinner of fried chicken served by the ladies of the Marydel W. S. C. S. Visiting Lions from Greensboro, Denton and Hartly were present to enjoy the festivities.

The witty toastmaster for the occasion was Mr. Allan Walls of Sudlersville, while Mr. Raymond A. Magee, Lion District Governor, was the main speaker. In his address he presented highlights of the state and national Lion's Conventions, stressing in particular the importance in the community that each and every Lion holds in maintaining the freedom inherited from their forefathers. He cited an instance, when at a convention all the lights were turned out and each Lion was requested to simultaneously strike a match which again lit up the hall in a

surprising manner, showing the power of unity.

An interesting and entertaining musical program was provided by Mrs. L. A. Covell, soprano, Mr. Carman Legget, baritone, Mr. L. H. Collison, violinist, and the Greensboro Lion's quartet.

Roland Thomas, tail-twister, provided many chuckles by the fines he imposed upon his brother Lions

for wearing gaudy socks, bow ties, flashy ties, and the like.

Program arrangements for the evening were made by U. L. Harman and his committee who are to be congratulated on the splendid success of the evening's entertainment.

Marydel Lion's now number 24 active members, with two new members inducted into membership during the evening's activities.

William W. Wilson celebrated his 81st birthday last week, and enjoyed the remembrances of the many friends, who joined in sending a shower of anniversary cards. The immediate family entertained with the traditional home-made cakes, ice cream and gifts. Mr. Wilson has retained the appearance and manner of younger years. His good health, coupled with a keen interest in business affairs have no doubt aided in his ability to enjoy his usual relaxation in the

early morning and afternoon. Progressing in the fields of farming, milling and hardware, Mr. Wilson's business acumen brought him a tremendous trade. When he retired from the firm of Wilson & Gerow, successor to W. W. Wilson, under which name he traded for over 50 years, he had built it to a unique accomplishment. Throughout many years he purchased goods by the carload, negotiated county and state sales and agency franchises; this enabled him to buy direct from the nation's leading manufacturers and dealers, and to sell quality goods at reduced prices. Together with his wife, Mrs. Mabel Mabel Stayton Wilson, the concern was known state-wide. Purchasers came from Maryland and throughout the Delmarva area. Hundreds of satisfied customers returned year after year to trade at "Mr. Wilson's Store." It is a distinct credit to Mr. Wilson's courteous and unburied manner that, despite the fact his firm was the only hardware in town, it was referred to as "Mr. Wilson's Store" rather than the hardware store. Mr. Joseph C. Gerow, Mr. Wilson's son-in-law, carries on the same fine traditions of the firm. Mr. Wilson retains his esteem while living in the Wilson's delightfully comfortable home here, and resides at their beautiful Rehoboth summer place several months each year.

Last week Mr. and Mrs. Nutter Marvel entertained at luncheon when their guests were Mrs. Dean Hodgson, Magnolia; Mrs. Ann Marvel and Mrs. Bertha Taylor, Dover; Mrs. Lulu Anderson, Wyoming; Mrs. Phyllis Kelly, Milford; Mrs. Annie Spayd, Bowers; Miss Lizzie Lank and Mrs. Alice Sipple, Frederica.

Sunday Mrs. Sallie Williams and daughter, Mrs. Sarah Johnson, were visitors in Seaford.

Recent guests of Mrs. Sallie Williams were Mr. and Mrs. Hamilton Patterson, of Milford; Mrs. J. B. Lindale and Mrs. J. B. Conner, of Magnolia; Mr. and Mrs. Henry Hudson, of New York; Mr. and

Mrs. Stuart E. Walton, of Philadelphia; Mrs. Ruth Hall, of Dover; Mr. and Mrs. Edward Banta, of Wilmington; Mr. and Mrs. Orem Hicks, of Edwarsburg, Michigan.

During April the M. Y. A. F. will have an auction sale. Bright sun shining—new greenery showing—soft breezes calling you onto the highway—this is the season that Buick of yours was made for!

This is the time when you'll want to hear the sweet hum of its eager power, feel the lazy comfort of its easy stride, get the springtime feel of its thrilling action.

And you can have all that—with just a little attention to some simple things to shake the winter out of its bones.

For instance—the rusty sludge that has accumulated in your radiator should be cleaned out. Transmission and rear end may be low on lubrication, and should be checked. Crankcase oil should be changed to a summer grade.

The underside of your car has taken a lot of splashing on wet roads. Some of the chassis grease has been washed out, some of it fouled with mud and grit.

So it's time to drain out the dregs of winter. Time for a little of the knowing, loving care every Buick gets at the hands of our Buick-trained men, armed with Buick-developed tools, Buick-established methods, Buick-engineered parts.

It doesn't take long, doesn't cost much. But it goes a long way toward making old Buicks step out again like lively spring colts. How about stopping in—this week—to see about a spring rejuvenation for your faithful Buick?

Check your car--- Check accidents!

Driving is twice the fun when you have complete confidence in your car—when you know that tires, brakes, steering, lights and the like won't let you down.

Altogether, there are 10 points to be checked for safety on any car. Bring your Buick in to us for a thorough going-over before setting off on your spring safaris. We'll take the worry and fuss off your hands—so you can be carefree at the wheel.

Not only was Phineas T. Barnum a great showman—he was a great prophet. Recall his words: "A Pyramid Clubber is born every second!"

One thing the Pyramid craze has done—it has claimed the temporary interest of the Bridgetts whose sole interest in life was bridge.

The newspapers this week carried the headline: "Ford Slashes Automobile Prices." Inasmuch as Fords are selling for almost three times as much as they were before the war, we wouldn't call a reduction of from \$15.00 to \$120.00 a slash. It isn't even a scratch.

Shades of Beth Slater Whitson! Listen to the new song hit, "Cruising Down The River" and then hum "I'd Like to Live in Loveland With A Girl Like You." And "Money, Marbles and Chalk," a present juke box favorite, doesn't it recall a song of the Sol Smith Russell era—"I'm Poor But A Gentleman Still?" Literary piracy has been rampant since Homer smote his bloomin' lyre.

New York City, according to the Frederick Haskin Information Bureau, is far ahead of any other city in the country in percentage of books bought each year—which merely means that New Yorkers read more trash than do the inhabitants of any other city, not that they have more culture. We can name a dozen farm states with a higher percentage of literacy than New York—and we get this information from the same Haskin Bureau—not that it is needed, because anyone who has spent any time in New York realizes that it is, comparatively speaking, a city of defunct intellects.

In the early autumn, Crisfield, Md., is to stage its second Hard-Shell Crab Derby. Last year, when the derby was inaugurated, we went down to Crisfield several days in advance of the event to select our entry. With the assistance of our good friend, Millard Tawes, we located the most vicious old crab in all the Crisfield territory and had it entered under the name of Westbrook Pegler. As you may recall, our crab didn't even start to run. He just stood there, biting himself and cussing the other crabs' ancestors. We talked over the phone to another Crisfield friend this week (when the phone happened to be free of Pyramid Club solicitors) and asked him what happened to our crab of last year. "Nothing," replied our friend, "he's still standing there, biting himself, and hissing 'Roosevelt!!'"

"Our old friend, Humid Horace," said the Gentleman from Sussex, "paid his first visit to this session of the legislature the other day. He was as humid as ever—in fact, he was exceptionally potted, and he came away muttering to himself: 'The members of both houses are pretty fine fellows and men with quite a bit of ability—but they are too tolerant. They should chase all those lobbyists out of the building. One lobbyist, representing some of the big meat packers, stood up and spread a lot of propaganda concerning hot dogs. Yes, sir, he tried to make every member of the legislature hot dog conscious.' 'What was his name,' we asked, 'and what packing interest did he represent?' 'Don't know as I heard,' mumbled Horace, 'but he certainly glorified the hot dog. You can find his name in the paper.' I picked up a paper and read where the erudite Senator W. O. Cabbage, in tracing the course of history, had mentioned Charlemagne, King of the Franks."
