School Unit Fund Bill Among 52 Signed by Governor Carvel

Creation of State Poultry Commission And Bills Appropriate State Highway Funds Are Also Approved

Governor Carvel, June 30, signed 52 bills resolutions including the House measure to make the unit fund for allocation of public school operating expenses a law of the state.

Sponsored by Rep. John P. Sinclair (R-Newark) this bill sets up machinery to be used by the various boards of education and school trustees and the Permanent Budget Commission in assuring that all districts throughout the state receive a uniform, fair share of funds available.

The general appropriation bill passed by the 115th General Assembly contains a \$525 unit cost for groups of 20 and 25 pupils for each district as well as a capital fund for improvements. This was a compromise with the Administration plan which called for a \$600 per unit figure without the capital allowance.

The Governor also signed a bill sponsored by Speaker Harvey H. Lawson providing for the creation of a Delaware Poultry Commission of eight members to be appointed by the Governor and appropriating \$40,000 annually for the Commission's use in promoting the industry.

Another poultry bill signed, also sponsored by Mr. Lawson, provides for increasing the tax on commercial feeding stuffs sold and distributed in the state.

Also signed were four companion bills liberalizing the state liquor laws. The chief effect of the measures, all introduced by Rep. John M. Longbotham (R-Milford) is to permit the sale and purchase at one time as much as a case of whiskey in a full case lot or as many as four bottles in less than a case lot. Presently, only one bottle of whiskey may be bought at a time.

The Governor also signed the measure which would up the Governor's salary from \$7,500 a year to \$10,000 starting with the third Tuesday in January, 1953.

A bill sponsored by Rep. Joseph A. Bruno (R-Wilmington) which ends the practice, now almost out of use, of permitting half-rate on some outlying real estate property was also approved.

Among the other bills signed by Governor Carvel was one revising considerably the laws affecting the National Guard. The new act permits the adjutant general to appoint an acting adjutant general during his absence from the state; it provides for increased pay for guardsmen on special duty; it sets up a system of compensation to be paid by the state for guardsmen wounded or disabled while in service which parallels the rates paid by the Delaware Workmen's Compensation Act; it authorizes an appropriation of \$500 annually for each federally recognized unit of the guard, and it increases the salary of the property and disbursing officer from \$900 to \$3,000 annually when his duties for the federal government end.

Also approved were bills appropriating \$20,000 to the State Highway Department for the repair or replacement of jetties at Rehoboth Beach; providing for a tone mile fee and blanket permits for piling and pole trailers; appropriating \$4,800 for the Lewes Memorial Commission for repairs to the Zwaanendale Museum; providing pay for the members of the Dover City Council; appropriating \$8,700 in the next biennium for the Palmer Home at Dover; ending the additional license fee that non-resident peddlers and auctioneers were required to pay; creating a new occupational license for wholesale news agencies; barring the right of courtesy for a husband who wrongfully kills his wife.

Appropriating \$700 to Mrs. Fannie M. Scott for the funeral expenses of Norman Dempsey Scott, killed as the result of an alleged negligence by a bridge tender at the Mispillion Bridge; appropriating \$2,500 to the State Building and Grounds Commission for the installation of a fire alarm system in the State House; appropriating \$28,008 to Mrs. Elsie V. White for a claim against the state resulting from the death of her husband, Major Theodore B. White, of Dover, killed while serving with the National Guard at the summer encampment at Bethany Beach on August 2, 1947; increasing the salary of the attorney general from \$6,500 to \$7,500 annually and of his deputies by amounts ranging from

Carvel Signs Support Order Rule Changes

Two bills making important changes in the laws relating to support orders and the neglect of children and wives were among six signed Friday by Governor Carvel as he heard the end of this executive chore insofar as the 115th General Assembly was concerned. The Governor, who has now signed 397 bills—as compared with 321 approved by his predecessor during and after the 1947 session—worked late for the third successive night to complete this activity before the deadline at midnight.

The principal purpose of one of the support bills approved last Friday is to permit courts to obtain voluntary assignments of wages from convicted defendants in support cases.

Sponsored by Rep. Henry W. Bryan (R-Wilmington) and sought especially by the Family Court of New Castle County this bill lets the court in its discretion request the defendant to assign a sum from his periodic wages. The court may ask for a percentage or a fixed sum.

Such wage assignments are possible, however, only where the defendant is legally bound to support children. Wives and other needy relatives are not involved. And at no time may the amount of wage voluntarily given up be more than fifty per cent.

When wage assignments are granted by defendants it will be the duty of employers, on receipt of a certified copy of the assignment from the court, to deduct the sum and to mail or deliver them to the court.

The bill passed and signed by the Governor was a substitute. In the original the wage assignment was mandatory if the court desired. One purpose behind the bill is to make it possible for fathers to meet court orders and to keep out of jail where they and their families become community charges.

The other support bill, which had the backing of the State Board of Welfare, was sponsored by Reps. John M. Longbotham (R-Milford), Ralph Collison (D-Bridgeville) and Mr. Bryan.

Its principal purpose is to make it possible for persons eligible for support, such as wives, to get court orders when their husbands have left the state. In the past it has been necessary for the state to extradite the husband or for the wife to go to the new jurisdiction to bring her action.

Under this bill, where the local court is satisfied that the facts warrant a support order, a transcript of the record can be sent to the husband's or father's jurisdiction where the court, providing it has statutory power, can effect the order.

Governor Carvel also signed the bill sponsored by Senator R. Allen Cannon (D-Seaford) empowering the State Highway Department to designate certain highways—west-erly approaches to the Delaware Memorial Bridge—as express highways.

The purpose here is to provide fast travel for the heavy traffic expected over the bridge. Once an express highway is built it is a through way into which abutting property owners have no access or easement. There will be exits and entrances only where the Highway Department plans them.

Other measures signed by the Governor provide for additional identification for school buses and new road rules requiring vehicles to stop on overtaking such buses; amend the Suburban Community Code of New Castle County by providing for siting assessment for corner properties, and regulate the business of money forwarders in the state.

Harrington Wins 8th Straight Then Loses to Tower

The Mid-Delaware League had a full schedule of two games apiece of the 4th of July holidays. Last Sunday, July 3rd, found Harrington defeating Playtex 11 to 6. The win gave Harrington its eighth straight victory. In other games played Tower defeated Farmington 8 to 5 at Tower while Staytonville took a 4 to 3 game from Viola. The game was played under a protest by Viola. The protest will be carried through Friday night, July 8th, at a League meeting in Harrington.

On Monday, July 4th, the clubs were at it again. Tower stopped Harrington's winning streak at Tower as they unloaded a 14 to 8 victory over them. During the contest Viola collected 20 hits from the two Playtex hurlers. Ed Semans and Gray worked the mound for Playtex with Semans charged with the defeat. The Playtex batsmen could only scare together 7 hits off the hurling of Biddle and Buck Semans. The longest blow for Viola came in the sixth inning when Sipple put one over the fence for a home run with nobody on.

M. Kersey drove a sharp triple in left center field with one man aboard for the next longest hit. A. Chambers, Buck Semans, and Palmer each got a double apiece. Vanderveide, B. Semans, and L. Kersey led the Viola attack with 3 hits for 5 trips to the plate. Biddle was credited with victory, his fifth against one defeat.

Cuthrell led the Playtex nine at bat with 2 hits for 5 trips. Playtex only collected one extra base blow in the contest. It came in the eighth when Killen drilled a sharp double to left-center field.

The Viola boys picked up another double play, their eighth of the season, when Palmer turned what looked like a sure hit into a twin killing. He came racing in from left field to make a perfect shoe string catch and as equally a perfect throw to Chambers at first to double off a runner who was on his way to second.

Jane Melvin Weds Keith S. Burgess

Miss Jane Melvin, daughter of Mr. and Mrs. Nelson Melvin, of Harrington, married Keith S. Burgess, son of J. Harvey Burgess, Saturday afternoon at Denton. The ceremony was performed by the Rev. Thomas Turkington. Attendants were Miss Doris Melvin, sister of the bride, and Byron Burgess, brother of the groom.

After the ceremony, Mr. and Mrs. Burgess left for a trip over Skyline Drive in Virginia. Both are graduates of Harrington High School. Burgess, employed by the postoffice, is a veteran of the merchant marines and the army.

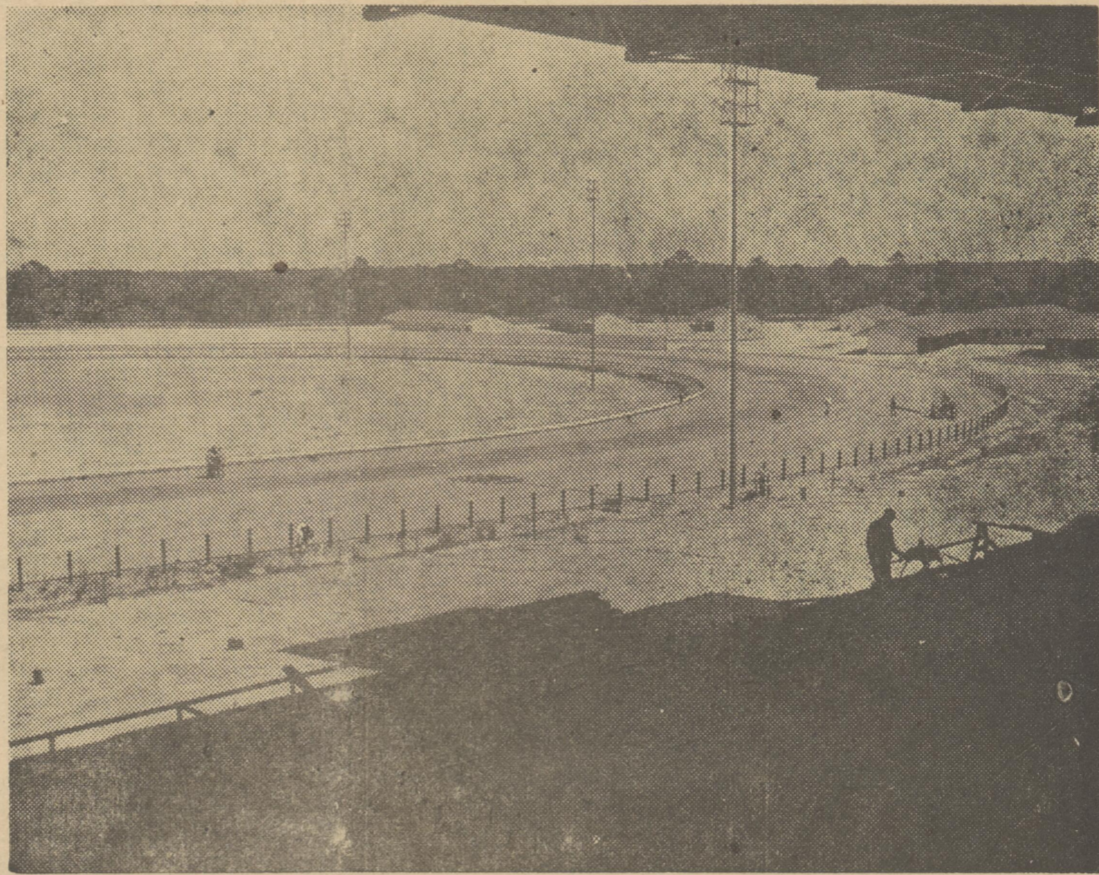

Frank O'Neal Suffers Stroke

Frank C. O'Neal, retired state policeman, and one of the best known leaders among volunteer firemen on the Delmarva peninsula, is confined at his home on Clark Boulevard following a cerebral hemorrhage last week.

According to members of his family, his condition has improved somewhat, but that plans are underway to send him to a hospital for observation.

Mr. O'Neal is a former president of the Delaware Volunteer Firemen's Association and a past president of the Kent County Volunteer Firemen's Association.

Quillens Visit Hot Springs

A postal card from Mr. and Mrs. Horace Quillen states they are spending a few days at Hot Springs, Ark., enjoying its famous baths. Mr. and Mrs. Quillen have completed a trip through the Blue Ridge and Great Smoky Mountains. They also went through Adabama, Tennessee, and Mississippi and saw lots of cotton and rice. They arrived in Hot Springs from Memphis, June 29.

Mr. and Mrs. Quillen are on an extended tour which will take them to Southern California and up the west coast and back home again by a northern route.

Edward Warren Dies in Hospital

James Edward Warren, age 65 years, passed away at his home on Harrington Ave., Harrington late Saturday evening, after an illness of several months, during which time he was a patient in the Kent General Hospital, Dover.

He was born near Hickman, the son of the late George and Mary Smith Warren, but had resided in Harrington for the past 23 years where he was engaged in pump driving and plumbing.

Funeral services were held on Wednesday afternoon at the Pilgrim Holiness Church, Harrington of which he was a member, and was in charge of the pastor, Rev. Grier Baker. Interment in Hollywood Cemetery near Harrington.

He is survived by his widow, Mrs. Ada Neal Warren and three daughters, Mrs. Catherine Ritter and Mrs. Millicent Carey, both of Chester, Pa. and Mrs. Helen Hyde, Central Park, Penns Grove, N. J.; 6 grandchildren and 2 great-grandchildren. He also raised a niece, Mrs. Elizabeth Warren Willey, of Harrington, whom he took at infancy, at the death of her mother.

Four Posts in Motor Vehicle Division Filled

Appointments to four important posts in the Motor Vehicle Division of the State Highway Department were announced June 29 by Henry G. Koster shortly after he had assumed the post of Motor Vehicle Commissioner.

Mr. Koster, who succeeds Frank L. Reed, disclosed that Henry G. Fox, of 919 East Twenty-third Street, will be manager of the Wilmington branch of the division and that Charles H. Wheatley, of Seaford, will be manager of the Sussex branch.

Joseph Crisconi, of 1313 West Ninth Street, will be chief inspector of the Wilmington branch.

Mr. Koster also announced the appointment of Miss Alice Ransom, of Dover, as secretary to the commission.

Brennan Trial Set Back to Sept 12

The date of the "Lonely Hearts" murder trial originally set down for July 18 was put back to Sept. 12, Wednesday when the Court of Oyer and Terminer granted a defense motion for the delay.

During a hearing on the motion Benjamin D. Donolow, chief of the defense counsel, told the court that it would be impossible for the defense to prepare properly by July 18, a week from Monday.

Mr. Donolow said additional time was needed to interview persons including witnesses and to analyze statements made by Robert Brennan, who is charged with first degree murder in the shooting of Wade N. Woolridge, Stone Mountain, Va. farmer.

Robert's mother, Mrs. Inez Brennan, is charged as an accomplice. The defense attorney said that two important witnesses for Robert are now in Europe on scholarship tours. The state represented by Atty. Gen. Albert W. James, did not oppose the motion which was turned down when first made several weeks ago.

The attorney general reserved the right to apply for a change in date, not exceeding a day or two either before or after the date specified in event certain witnesses could not be produced on the date agreed upon. This stipulation was agreed to by both the court and the defense.

In response to questions by the court it was brought out that at least a week will be required for the trial since the state indicated that at least three days would be required to present their testimony and the defense said that more than a day would be consumed by their testimony.

On the bench during the proceedings were Chief Justices Charles S. Richards and Associate Justices Charles L. Terry, Jr., and Caleb Layton III.

STATE CAR INSPECTION LINES CLOSE SATURDAYS

Starting this Saturday all branch offices and inspection lanes of the State Motor Vehicle Division at Georgetown, Dover, and Wilmington will be closed all day on Saturday until Sept. 15, in keeping with a new state law, Harry E. Koster, state motor vehicle commissioner, said Wednesday. The lanes and offices have been open from 8:30 a.m. until noon on Saturdays.

"In assuming the duties of motor vehicle commissioner, it is my intention to render the best possible service to the public of this state in that office, and in this connection I would like the motorists to feel free to bring their problems in connection with either registrations or operating licenses to the department."

"The branch offices located in Wilmington, Dover and Georgetown, are intended to be a convenience to the public and any business pertaining to the department can be transacted at these branch offices."

"Following the holiday period I may have some suggestions to offer in connection with the renewal of the registrations which will expire on Sept. 30."

Substitutes For Ice Cream

The State Board of Health has ordered its inspectors to crack down on merchants using imitation ice cream in milk shakes. Dr. Floyd I. Hudson, executive secretary of the board, warned the public that "a very active business seems to be developing" in the use of imitation ice cream as a means of making "thick" milk shakes and similar drinks. He asked that the public assist his inspectors in enforcement of the regulations which stipulate that only real ice cream be used in the preparation of such drinks. Dr. Hudson cited the regulation defining imitation ice cream or ice cream substitutes and cautioned all businessmen making use of them to halt the practice. The health board official's statement follows: "Widespread substitution of imitation ice cream for ice cream is a problem of concern to the State Board of Health. . . It has been necessary to call attention to the dairy industry and the general public to the use of imitation ice cream in the preparation of 'thick' milkshakes and similar semi-solid drinks. A very active business seems to be developing in this field. In many instances known to the department, persons who have asked for a milk shake with ice cream have been served a milk shake with imitation ice cream instead. This is the definition of imitation ice cream, which is not allowed to be sold in this state according to the frozen dessert regulations of the State Board of Health. Imitation ice cream or ice cream substitutes are defined as (1) any frozen, sweetened product regardless of the name under which it is manufactured, sold or offered for sale, which is made in imitation or semblance of or is manufactured in a manner similar to the process used in manufacturing, but is not ice cream, French ice cream, frozen custard, custard ice cream sherbert, ice fruit, frozen ice confection, or frozen sherbert confection as defined in this act. (2) Any frozen, sweetened product labeled as a product herein defined which does not comply with such defined standards. Inspectors of the State Board of Health will enforce these rulings. Members of the public can assist this enforcement and also assure themselves of full value for their money if they insist upon receiving real ice cream in their milk shakes instead of one of these substitute products."

Minor lacerations and bruises were sustained by Milton Harold Phelps, 21, of Bronx, N. Y., operator and Mrs. Martha Ann Phelps, 23, also of the Bronx, when the car, driven by Phelps, ran off the highway about two miles south of Felton and struck a pole early Monday. Phelps sustained lacerations of the face and his companion, bruises. The automobile was badly damaged.

Troopers at Bridgeville said the accident occurred when Phelps fell asleep.

William Wesley Betts, of Milford, escaped injury when the automobile he was driving south on Route 113 south of Ellendale ran off the road and struck trees early Tuesday. Troopers at Georgetown said the car was damaged.

6 Harringtonians Race Stock Car

Nelson Reed, Joseph Gray, Clarence Gray, Howard Krouse, Alex Argo and Henry Minner are the drivers—Howard Krouse is their driver—Tom Brown, a mechanic.

Their car came in second place at Georgetown and at Selbyville this past week-end.

The qualifying time for the Georgetown race was 40 seconds. He covered the four miles in 4 minutes and 28 seconds. The qualifying time at Selbyville was 41 seconds—three miles in 3 minutes and 45 seconds.

They expect to race each week end. Racing this week-end at Love Creek between Lewis and Rehoboth on road to Oak Orchard.

Accidents On Highways Feature Fourth

Six Injured in 4-Car Collision South of Dover Monday; Truck "Spills The Beans" Near Harrington

Collision of four cars on Route 113, eight miles south of Dover Monday night resulted in injuries to six persons. All were treated at the Kent General Hospital.

They are: Finley Cewithian, 18, Greenwood, lacerations of the forehead and fractured left arm; Mrs. Ola Cewithian, 52, Greenwood, fractured nose; Edward Cewithian, 65, Greenwood, back injury; Albert Jones, 44, of near Philadelphia, fractured thumb and injury to the right foot; Elmer Fullerton, 35, York, Pa., abrasions of the left arm and chest; James Dinger, 33, Orwin, Pa., possible fractured ribs and lacerations of the chest.

Car Out of Control
State troopers investigating said the cars driven by the Cewithian youth and Lawrence Roe, 40, of Bowers Beach, sideswiped, causing the Cewithian car to go out of control and strike a car driven by Arthur Ganderton, 29, Philadelphia. The machine then crashed head-on into an automobile operated by Fulton.

John W. Apsley of 141 Concord Avenue and Dorothy Davis, Wilmington, were treated at the Beebe Hospital at Lewes for minor lacerations and bruises and released Monday night. State police said they were injured when the automobile in which they were riding ran off the Rehoboth Beach Dewey Beach Road just south of Dewey Beach. Apsley was arrested on a charge of reckless driving.

Minnie Tazio, 30, of Philadelphia sustained a sprained left side and Newlin Kimmey, 10, of Harrington, a possible fracture of the knee, when the truck in which they were riding, operated by Joseph F. Babieri, Drexel Hill, Pa., ran off the road and overturned on Route 5 at Oak Orchard Sunday.

Couple Slightly Hurt
Minor lacerations and bruises were sustained by Milton Harold Phelps, 21, of Bronx, N. Y., operator and Mrs. Martha Ann Phelps, 23, also of the Bronx, when the car, driven by Phelps, ran off the highway about two miles south of Felton and struck a pole early Monday. Phelps sustained lacerations of the face and his companion, bruises. The automobile was badly damaged.

Troopers at Bridgeville said the accident occurred when Phelps fell asleep.

William Wesley Betts, of Milford, escaped injury when the automobile he was driving south on Route 113 south of Ellendale ran off the road and struck trees early Tuesday. Troopers at Georgetown said the car was damaged.

Showers Provide Local Relief

Scattered showers and a cool air mass brought relief from the heat here Wednesday night and Thursday morning, but Kent County, as a whole, still had a critical crop situation.

Such items as corn, tomatoes, lima beans, canteloupes and fruit, now need only water to fill them out.

Distinctly local showers brought some relief Tuesday night. Rain was reported from Paradise Alley to Harrington, with the belt going eastward some two miles. To the west, however, results were nil. Added comfort was received Wednesday night and early Thursday morning with more showers. These, however, while extending to the Maryland line, left much to be desired as far as farmers on Rural Routes 2 and 3 were concerned.

With what promises to be a record drought, farmers claim that what were once ponds between Harrington and Milford, are in cultivation for the first time in two and three years.

From Georgetown, Sussex County Farm Agent William Henderson reported that although some rain fell in scattered communities Wednesday night "it was not enough to break the drought."

Henderson said that a "fairly good" rain fell in the Greenwood, Bridgeville, Seaford, and Laurel areas Wednesday night. The showers did some good, he said, but it was not enough to shatter the drought damage threat.

Other Sussex County areas, from Georgetown to Lewes and down to Millsboro, Frankford, and Ocean View, had very little rain, he said.

THE DANCE OF DEATH

Arthur Morino, aged 27, came running into police headquarters at four o'clock in the morning one day last week and told the police a harrowing story about a man attacking him and his girl companion, Joan Coward, and beating the girl to death.

Police investigated and testified that this particular "Lovers Lane" where the crime was committed was barred to the public after two o'clock in the morning. Police had made their usual rounds that night to see that the order was not violated, and had seen no car such as Morino described as belonging to the assailant. Now police believe Morino to be the murderer.

Morino became acquainted with Miss Coward, 17, at a dance where they teamed to win the jitterbug contest.

Years ago we knew one of the most beautiful young women in the world. She was as fine as she was beautiful and was a gifted musician. When she was sixteen she met a young fellow at a dance. He was a superb dancer and they danced together on many occasions, always winning applause. They ran away and married.

Her husband was a nonentity, with the mentality of a fourteen-year-old—but how he could dance. There was a young lady with all the grace and charm in the world tied up to a dull, frivolous clod. He wasn't intelligent enough to appreciate her and finally deserted her.

Young man, young lady, if you are selecting a mate for life, you'd better base your selection upon something more substantial than his or her ability to dance.

MANKIND IS EMERGING

The world doesn't change much—only different methods are employed. New medicines have been discovered, surgery has made great strides, and we now know the proper balance in foods. With these advantages, you would think that we could prolong our lives almost indefinitely. Infant mortality has been reduced tremendously, but aside from this the span of life has been lengthened but little.

The reason is that we do not live sanely any more. We go to excess, with this thought in mind: "Doc and these new-fangled medicines can fix me up all right."

Let's consider the Fourth of July! Kids were maimed by fireworks and people were bored to death by some incompetent old geezer getting up and trying to read the Declaration of Independence to the picnic audience.

We determined to have a Safe and Sane Fourth. We banned the sale of fireworks and made the old geezers quit trying to read the Declaration of Independence—and now we have the gory spectacle of hundreds of maimed and dying stacked up along the highways as the result of automobile accidents on the Fourth. That's getting somewhere—in reverse.

IS JESSE JAMES STILL ALIVE?

For years and years we've been hearing reports about Jesse James being alive. In the main these reports emanated from tabloids, pulp magazines and space-sellers, and even the most glibly placed no credence in them.

Now, however, an old fellow living in a cabin close by the famous Meramec Caverns down in the Ozarks at Stanton, Missouri, has convinced many people that he is the Missouri Robin Hood. Experienced newspaper men, with coldly analytical minds, have visited the old man and talked with them—and he has convinced them.

He is 102 years old. Although decrepit in body, his mind is as keen as a whip. Not once have they been able to trap him or confuse him—and not once have they been able to find discrepancies in his story. This has convinced them, for they know, as we know from personal experience, you can't tell a lie and get away with it, for, as Pope says: "Oh, what a web of lies we weave when first we practice to deceive."

Jesse used to hide out in the Meramec Caverns when the law was after him, and this old fellow has told the owner of the caverns of many secret entrances to the caverns. This the owner found to be true. Every utterance by the old man has been checked—and verified. His reason for not disclosing his identity until now is that he wanted to wait until the people who had anything against him "died off."

Probably no one will ever know the true story, but we believe we have a solution—we believe we have a theory which, if put to test, will determine for all time if this man be Jesse James.

Give him a couple of guns, take him to a movie where they're producing the Life of Jesse James (Hollywood version) and if the old bird doesn't blast the screen to bits, then it ain't Jesse!

SHORT STORIES

Cordially Disliked

By Richard Hill Wilkinson

I HAVE NEVER known a man to be more wholeheartedly disliked than Henry Spafford. The reason for it is his braggart qualities, his overbearing sense of importance.

We tolerate him because we like his wife, Madge, but even so our toleration is a chore. The other night I was over to the Spafford's and sat through an hour of Henry's bragging. It seems that the big boss in New York—Henry is employed by the Jason Reid Steamship Company—called up the Philadelphia office where Henry works and Henry answered the phone.

"Jay's a great guy," Henry told me, referring to the incident. "He's asked me to run up to New York to see him a couple of times. I must remember to do that."

"Who's Jay?" I asked. "Jay?" Why, Jason Reid, who owns the line, of course."

"Oh," I said. "The way to get along in any business," Henry went on, "is to let the boss know right off who he can depend on you. That's the way I am with Jay."

I left the Spafford home an hour later, furious that I had stayed so long, plying Madge and disliking Henry with a renewed sense of disgust. "Something," I told Betty, my wife, "ought to be done about that punk. Now he's calling Old Man Reid, Jay."

"The thing to do," Betty smiled, "is to be amused at his ravings, not annoyed. He doesn't hurt any one, and there's always Madge to think of."

"Even Madge," I replied, "won't keep me from hitting that guy one of these days. Something," I repeated, "ought to be done about him."

Whether or not my thinking about it had anything to do with what happened a couple of days later I will never know. Henry was fired. Without warning or explanation he was given a couple of weeks' pay and was bounced out on his ear.

My first reaction when Betty told me about it was one of exuberance, a fiendish desire to rush over there and gloat, to sneer: "I told you so! Why don't you call up your friend, Jay, wise guy?" But this feeling passed immediately. Curiously it was followed by one of pity. The more I thought about it the deeper became my sympathy. What greater humiliation, I thought, could a man endure than this that confronted Henry Spafford?

NEXT DAY I called Hal Wheaton and asked him to have lunch with me.

"Don't be annoyed at his ravings. He doesn't hurt anyone, and there's Madge to think of."

"Have you heard about Henry?" I asked when we were seated. Hal nodded, avoiding my eyes. "I met the poor devil on the street this morning. I don't mind saying that it was an ordeal."

"I thoughtfully lighted a cigaret," Hal, I said, "think of Madge. Isn't there something we can do?" "Well," said Hal, "I've been wondering, too. Poor Madge." He coughed. "I called Bob Taylor of the Taylor Lines this morning. Bob says that he might be able to do something for Henry on our recommendation."

"I guess," I grinned, "that's the answer."

And it was. Henry and Madge were over three days later. "I understand you've got a new job?" I remarked to Henry.

"Yes," he said with a bored look on his face. "Bob Taylor called up as soon as he heard that I was free, and asked if I'd consider a position with him. Well, you know when a man offers you more money—"

I glanced at Betty. There was a faint smile on her face. I suppose she was amused. I hope so. Because an hour later, with Henry still blowing, I was mad enough to choke him, and almost did.

It's here! It's here! It's here! What! What! What! Hot weather, hot weather, hot weather and what are we going to do about it? Yes we can go to the seashore or other places where we can go swimming, but how about when we come out of swimming with a good sunburn? Well all I can tell you is come in and see the electric fans we have and you'll sleep better than you ever did before. They are not expensive, in fact the highest price fan we have is only \$69.50 and believe me it'll drive away that hot air! Then again we have them as low as \$3.69.

While we are on the hot weather subject, I might tell you that many refrigerators that are 10 years or more old, have stopped running or are running all the time trying to keep your food cool. This is very expensive and not only that, but it is a warning that it needs a good trade, so why not get rid of that old one and get a new refrigerator. In fact you can buy one now at almost your own figures. Come in and see what we have and I am sure we can do business with you as I have with others this past few weeks.

It will soon be time for Philco to announce their new radios for 1950. Then you can get your FM or television radio at prices that will surprise you. In fact they will be much lower than they were on the 1949 models. How can this be done, well you have read about Philco, I am sure in your paper or magazine. They are in business for leadership and have been there for 20 years, so when you hear radio, FM or television think of PHILCO. See PHILCO, hear PHILCO, buy PHILCO and the whole Philco family will be pleased even the man who charges to write PHILCO in these columns.

What about a new cleaner at \$49.95 either a tank type with all attachments or an upright model with all attachments? What kind, well I was fortunate in purchasing a few more Westinghouse cleaners and as long as they last, will be \$49.95. After that what? Well I have the prices now on the new order and it is a little over \$70.00. Don't you think this saving is worth while? I do and these cleaners are guaranteed for one whole year, so you certainly cannot go wrong at that price. Yes, I have a few used cleaners for about half this price. They look like new, new cords, new bags. In fact as good as new.

What about that gas range you promised your wife or in fact yourself. Well we have them and will install on one days notice. Will meter your gas if preferred and you pay for it as you use it or we will sell it to you by the tank. Come in and see how easy it is to own a gas range. We have several makes, some cheaper than others, so if you want a good range at a price that will surprise you, stop in at Wheeler's and you'll be glad that you did.

NEWSPAPERDOM

Weekly Gets A Big Scoop

NORTON, VA.—A weekly newspaper scored a resounding beat on one of the biggest news stories of the year in Virginia. It printed an account of a \$45,000 bank robbery, the chase and arrest of the bandits within two hours after it happened.

The subscribers of the Norton Coalfield Progress, a modest but growing "country weekly," were reading about the bank robbery before many of the large newspapers and radio stations in the area knew it had happened.

It wasn't one of those stories that happens right in front of the newspaper, either. The bank was robbed in Pound, Va., 20 miles to the north over rugged mountain roads.

It was shortly after noon in Norton on the day that the Coalfield Progress was made to go to press. The paper had been made up with accounts of meetings and society items laboriously gathered from the clubs and churches and PTA through the week.

"General Flunky," Carroll Tate, a lanky, dark haired young man who calls himself "general flunky" for the paper and who is its reporter and business manager, was relaxing in the office.

A pressman, just returning from lunch, walked in and remarked casually: "We'd better throw out the front page."

Then he added, still casually, "the bank's been robbed at Pound."

Tate jumped to life. He telephoned Pound and confirmed what the pressman had heard a state trooper remark to passersby on the corner.

Tate drove the 20 miles to Pound in a hurry over the winding roads. He interviewed Ed Barr, the bank cashier, who had been ordered into a vault by two armed men who neglected to close the vault door tightly enough to make it click.

Escapes From Vault. Barr said he got out of the vault and shouted an alarm. He fired a pistol at one of the bandits and wounded him on the bank steps. The two leaped into a car driven by another man and drove off.

As Tate finished talking to Barr, state troopers brought in the three men for Barr to identify. The money was recovered.

Tate sped back to Norton, wrote his story and soon the presses of the weekly rolled with a red hot story and a banner line on the front page.

"Big town newspapermen will call it luck, but it was the biggest thrill of my life getting that story," says Tate, who will become owner of the Coalfield Progress in a few months.

REFRIGERATOR ICE CREAM

The family "goes for" refrigerator ice cream at warm weather meals. And one secret for making smooth ice cream is to beat it as soon as it freezes for the first time.

Maybelle Ligon, Home Demonstration Agent, says that beating the frozen ice cream is important for two reasons. The stirring will break up large ice crystals, and it puts air into the mixture so ice cream is light and fluffy.

The only exception to this rule is for ice cream made with whipped evaporated milk. This ice cream

BEANS DELUGE TRUCK DRIVER

Pulled from loose and crated string beans which covered him when his truck overturned Clarence E. Johnson, 22, of Salisbury, Md., was treated for lacerations of the face and bruises Tuesday night.

The truck driven by Johnson overturned in the rain on Route 13 south of Felton and string beans loose and in hampers, poured over Johnson as he was thrown from the truck. The highway was strewn with them.

A passing truck driver pulled Johnson out from the cascade of beans. A local physician treated Johnson. A crew of the state Highway Department cleared the beans from the highway.

Troopers at Bridgeville said Johnson told them he turned his truck quickly to avoid a car approaching from the opposite direction and passing another vehicle. Neither of the other vehicles was in the accident. Damage to Johnson's truck was extensive, state police said.

Houston

Church news for Sunday, July 10th: Sunday school at 10 o'clock A. M. H. R. Moore, superintendent, with Edwin Prettyman assistant.

Preaching at 11:00 A. M. by the pastor, Rev. W. Stanley Grant. The evening services will be in charge of the young people for the remainder of July and August. They have their schedule made and it is understood they will try to have a guest speaker each Sunday evening.

The afternoon services will be held at Millwood.

Despite the hot sultry weather there was quite a large attendance at both services on Sunday morning, 104 being present in the Sunday school. Also a goodly number for the hour of worship.

The minister read 15 verses from the first chapter of 1st Timothy for the morning lesson and chose his text from the 7th Chapter of St. Matthew's 28-29 verses.

He also used 10th verse and 6th chapter of Jeremiah and he delivered a most wonderful sermon.

The selection by the choir was very fine and most appropriate. The duet by Miss Ann Sapp and Kenneth Prettyman was much enjoyed. They chose a beautiful and most effective number as their offering, "Were You There When They Crucified The Lord". Due to the absence of Mrs. Johnson, Mrs. Agnes Webb was at the organ. It is indeed most wonderful and commendable for the young people of our community to be so interested and take such an active part in the affairs of the Church. They are always ready and willing to help in any way they can.

Work on the new addition to the church is progressing and we are glad for it is a room or rooms we have badly needed for ever so long, as our Church School is gaining in members. We do not have much space.

Donald Sapp, son of Mr. and Mrs. Henry Sapp, underwent a major operation on Friday morning in the Milford Memorial Hospital. It was successful and he is getting along fine and we hope he will soon be well again.

Mrs. Amelia Alexander, who had an operation in the Kent General Hospital in Dover, about two weeks ago, has gone to the home of her daughters in Lewes to convalesce and we wish for her a speedy recovery.

Mrs. Lydia Morris, one of our grand old ladies, is quite ill at the home of her daughter, Mrs. Joseph Hayes. Mrs. Morris is very active for her age and her disposition is always so bright and cheerful and we hope she will soon be able to be up and around again doing her little chores.

Mr. and Mrs. Stephen Shockley of Dover were the week-end and holiday guests of Mrs. Pearl Messick and family. They also called upon several old friends and neighbors.

Mr. and Mrs. Emory Webb and daughter, Eileen, spent Monday, the 4th, with the Jack Kennedy's at their farm near Wilmington.

Mr. and Mrs. Daniel Roe spent the week-end with their son-in-law and daughter, Mr. and Mrs. Stuart

The wedding of Miss Charlotte Irene Johnson, daughter of Mr. and Mrs. Clayton Johnson, Greenwood to Mr. Harold H. Voshell, Jr. of Felton, took place Saturday, June 25th, in Grace Methodist Church, Greenwood, with the Rev. Edwin C. Thomas officiating. The

bride, given in marriage by her father, wore a net gown over ivory satin. Her fingertip veil of illusion was held by a floral tiara. She carried a white Bible with shower of white carnations and baby's breath.

Miss May Johnson, sister of the bride, who was maid of honor, wore a pale green tulle dress with matching veil. She carried yellow carnations and gypsophila. Mr. Lester Blades was the best man. Ushers were Mr. Robert Voshell, Mr. Jerry Neeman and Mr. James Neeman. The wedding music was played by Mrs. Catherine Cople, of Greenwood, and Mr. John Mervine sang. A reception followed the ceremony.

Mrs. Clara Bradley was recently installed as president of the Kent County Firemen's Association Auxiliary.

Chosen Friends Lodge No. 35, I. O. O. F.

Noble Grand Joe Calloway appointed Leon Porter as chairman of a picnic committee, with Roland Melvin, Jr., and John Shaffer as his helpers to work out the plans for a picnic to be held by this lodge and the Rebecas' picnic to be held at Wheeler's Park Wed. evening, July 13th.

The fishing party that was to be sponsored by this lodge did not materialize and some of the members who had been building their hopes for this outing decided they would go anyhow, so they got a smaller boat and were on their way by six in the morning Sunday and this was a decided success. One of the boys came home with a bursted lip and a black eye. We have never found out what the other side got, as no one from this lodge saw the other party, but one of the younger members who was not experienced enough with lodge work to tell us much. Whether it was a fish bite or a dog bite, any way the boys reported they had a good time and did catch a few small ones.

The lodge members voted on Paul Porter to captain the dart ball team that will be organized from this lodge to get ready to

join in a league that will be organized by the lodges of the state. Paul accepted the honors of the members and asked the full support of the lodge, and would like to see every member at the next meeting. This, he said, was necessary to get his team organized and their playing positions assigned to them, for he said he felt sure that some of the lodges would have strong teams, but with the practice and the work out he expects to give his players he will be able to win the championship this season. Anyone wanting to make this team had better be at the next lodge meeting for we now have some good home run hitters now. If you can't play, Paul says, you can come out and root for your side, which may help out in the pinches.

After the meeting was over the boys decided to make Paul and Robert Nelson captains of what members stayed and Paul took as his playing mates Shaffer, L. Porter and R. Melvin, Jr., Nelson taking as his G. Tatman, J. Calloway and S. Short.

Nelson nosed Paul's team out by the score of 21 to 20. Nelson's 12 times up got 3 H. R.; G. Tatman, 13 times up got 4 H. R.; J. Calloway, 12 times up got 3 H. R., and S. Short, 12 times up got 4 H. R. Paul Porter, 12 times up got 3

H. R.; Shaffer leading both sides in home runs 11 times up got 6 H. R., L. Porter 12 times up got 4 H. R.; Roland Melvin 11 times up got 4 H. R., there being 37 H. R. in this game. Paul says, boys this lodge will need watching. There seemed to be a lot of kidding of one of our members about a lawn mower. It seemed he was very handy in mowing some lawns of our fair city this season. Anyone needing a lawn mowed may contact this lodge next winter as this boy sweats easy these hot days.

Veterans Administration Questions and Answers

Q-What must I do to get my NSLI dividend payment at the earliest possible moment?

A-Do not write VA about your NSLI dividend. To do so will cause delay. Special application blanks are now being prepared, and are expected to be available in August at every post office, veterans service organization and VA office.

Q-Is a peacetime veteran entitled to hospitalization, outpatient medical and dental treatment?

A-A peacetime veteran may be entitled to hospitalization provided he was discharged under other than dishonorable conditions for a disability incurred in line of duty or is receiving compensation for a service-connected or service-aggravated disability. Such a veteran may also be entitled to outpatient medical and dental treatment and prosthetic service for his service

connected disability.

Q-Can you tell me what peacetime veterans are entitled to funeral and burial expenses?

A-Funeral and burial expenses, up to \$150, are payable by VA in the death of peacetime veterans who were receiving compensation at the time of death, or who were discharged or retired from service for disability incurred in line of duty.

Q-Is my wife entitled to appointment of my compensation in my compensation after an interlocutory decree of divorce has been granted?

A-Yes, and until the decree becomes final.

Big Pine Mrs. Violet Beauchamp and Mrs. David Messick visited their sons in Wilmington Saturday.

Earl Everline visited his mother, in a Philadelphia Hospital Monday.

Mrs. Vertie Hardesty is improving after being on the sick list for several weeks.

Trinity Methodist

You just cannot afford to miss the inspiration, the fellowship and religious instruction which come to those who attend the Sunday School at 9:45 a. m. each Sunday. Surely you are missing and being missed if you do not attend the morning Worship Service at 11 o'clock. The minister's sermon will be on: "What To Do About Fear". The Bible has some definite advice to give on this important subject; especially the 3rd verse of the 65th Psalm.

Beginning with this Sunday evening, and continuing for the remainder of July, there will be the usual Union Sunday evening services of the Asbury and the Trinity Methodist Churches. The first one will be in Trinity Church at eight o'clock with the Rev. J. Harry Wright preaching the sermon.

Wednesday: The O. U. R. Class Picnic.

Thursday: The Loyal Worker's Class Picnic.

The public is cordially invited to all services.

Many Harringtonians attended the races at Laurel Raceway Monday. Included were: Clarence Collins, Reese Harrington, Book Harrington, Mac McKelvey, Robert Campbell, Benjamin Moore, Mr. and Mrs. Fred Greenly, Ralph Satterfield, Carrington Burgess, Mr. and Mrs. Clarence Dyer, Mrs. Merle Kinney, Mrs. Thelma Adams.

Tout sheets at the Laurel track are The Trackman and Doc White's selections. These sheets were sold at the race meet here and will be sold at the meet at Ocean Downs later in the month.

If there is any drinking water for patrons at Laurel Raceway, it is difficult to find. It is much easier to pay 16c for a small paper cup of orange pop or root beer. One cent is for Maryland sales tax. Since this tax is 2c on the dollar and since you have a time finding anything at Laurel under 15c, the track does right well. We prefer the Missouri plan whereby the tax is paid in tokens, one for each five cents.

A number of the performers at Laurel raceway will take part in the races here during the Kent & Sussex Fair which begins July 25. It looks as though this will be the best fair meet held here. Warren Holmes is coming here with his stable before going to Freehold. His star performer, Seattle Dean, however, is lame and can't start. He will also bring Seattle Girl and Grover Hanover.

Holmes trains and drives several horses for Bert O'Brien, of Seattle, Wash., a man in the fish business who never sees his horses. The Holmes stable stays on this side of the country all year around. O'Brien is interested chiefly in the breeding angle, Holmes said.

Russ Kirby has just purchased

a brown colt, Joe's Run, from Polly Sipe. The colt is now in the Holmes stable which also includes Kirby's two-year-old Lord, Baltimore.

Benny Michaels, injured in a spill at Rosecroft, is getting around pretty well at Laurel, but it will be some time before he can get in the sulky again.

Len Turlington is at Laurel, but is inactive, though we saw him putting away a good steak at The Flamingo.

T. Lewis and Ed Kelly, now at Laurel, will be at Harrington during the fair.

Most of these horses are familiar since they raced here the past meet. Hanover Express is only 20 years old. He was also a consistent winner at Laurel last year, though he didn't shine here this spring. Probably he was waiting for hot weather.

La Tosca, b m, driven by P. Chappell, won the New York State Veterinary Medical Society Trophy recently at Rosecroft Raceway in 2:06, winning by a head from Whiplite driven by Joe O'Brien. La Tosca raced here last year, but didn't win any prizes. Lady Maud, also driven by Chappell, who is well-known here, won a \$1000 trot the same evening.

Harvey Hartman, starting judge at the recent meet here, is an associate judge at Laurel (Md.).

Raceway. He had to hop a cross country stratoliner out of San Francisco to reach the track in time. Wayne Groves is also at Laurel.

Rosecroft Raceway set a new first-year-record for a night harness racing plant when the total 20-day mutuel handle reached \$4,231,778.

Joe Hylan won the Rosecroft Racing driving championship with a .418 average while Hugh Bell landed second place with .397.

Tokyo Express won the first division of The Schuylerville Pace, at Saratoga June 20. He did well at Rosevelt earlier in the season, but didn't shine here. Time at Saratoga was 2:09.1.

Included in the Official Final Drivers Standing at Rosecroft were the following drivers:

To qualify, a driver must have had 12 or more starts. Eight races per night for 20 nights.

W. C. T. U.

The W. C. T. U. met at the home of Mrs. Albert Thistlewood Tuesday evening, June 23, with a good attendance. After the business meeting it was decided to go to Rehoboth on Wednesday, July 27th, for the annual picnic. Meeting adjourned to meet again in September.

Delicious home-made ice cream and cake were served by the hos-

tes. The Homemakers Club held their monthly meeting Monday night, July 5th, over the First National Bank.

After the business meeting and annual picnic were discussed a report of the Eleventh Homemakers Short Course was given by Mrs.

Mary J. Williamson, who was the delegate from Harrington this year.

For Friends — Roamers — Countrymen —

Quite literally, it's one car in a thousand — 999 other cars take the road for every Estate Wagon Buick turns out.

But it's far more than something exclusive, as you'll soon see when one takes its place in your garage.

For those times, for instance, when house guests arrive — what smarter equipage could you send to the station, what greater comfort, what handier way to manage the luggage problem?

And when the Lord and Master yearns for a few days away from it all — what's handier than this nimble gadabout, that lets him fold down a back seat at nightfall and enjoy full-length double-bed sleeping space?

And that place in the country, calling for a car that can go just about everywhere, do just about everything... That's when you'll go for the ruggedness of this beauty with its steel framing, steel top and springs of durable, service-free coiled steel. That's when you'll go for Dynaflo Drive[†] too — and the steady, even, fluid pull that

takes furrowed fields, rough pastures and narrow back roads with equal, shift-free ease.

In all truth, this is a star of many roles. Smart and sleek, finished like an express cruiser, it's a standout for style in any parking line-up, a family favorite for its quick readiness to take on any transportation job.

It's a buy, too, like all Buicks — and your dealer is offering pleasantly prompt delivery. Why not see him today about the car that both literally and figuratively is one in a thousand?

New Appointees At U. of Delaware

A number of new appointments to the staff of the University of Delaware's agricultural extension service and agricultural experiment station have been announced as effective July 1.

The appointments are in the departments of agronomy, agricultural economics, and animal and poultry industry of the Experiment Station and on the specialist and county level of the extension service.

George M. Worriol, director of the University's agricultural research and extension divisions, in announcing the staff appointments stated that the new workers will considerably strengthen and expand the divisions service to the State's agriculture. Recent state legislation and appropriations provided for increased services in a number of specific fields.

New appointees include W. C. Skoglund, Newark, as director of agricultural short courses at the University and associate research professor, department of animal and poultry industry; William H. Mitchell, Durham, New Hampshire, assistant research professor, department of agronomy; Dr. S. A. Dum, Lafayette, Indiana, associate professor of agricultural economics; Willard T. McAllister, Newark, extension marketing specialist; and John L. Carothers, Jr., Northeast, Md., assistant county agricultural agent.

Mr. Skoglund, who joined the staff of the University in 1940 and who resigned some months ago to engage in commercial work will be in charge of the development of winter agricultural short courses at the University for interested young farmers of the State. Such short courses are a new service to the State and the first course is expected to be offered in early 1950. In addition to his duties as short course director he will engage in an expanded poultry research program and teaching.

Dr. Dum, who obtained his bachelor's degree from Pennsylvania State College and his doctor's degree from Purdue University, will do research and teaching in farm management. The teaching phases of the work of both Dr. Dum and Mr. Skoglund will be under the direction of George L. Schuster, dean of the School of Agriculture.

The new agronomist, Mr. Mitchell, obtained his bachelor's and master's degrees from the University of New Hampshire. Mr. McAllister, who is transferred from the department of agricultural economics to the post of extension marketing specialist will devote a considerable portion of his time to poultry marketing. This is the first time a full-time worker has been available for extension marketing work.

The appointment of John L. Carothers, Jr. as assistant county agent fills the vacancy left by the promotion of Edward Schabinger as New Castle County agricultural agent. Mr. Carothers will serve as assistant agent for both New Castle and Kent Counties.

Social Security Queries Answered

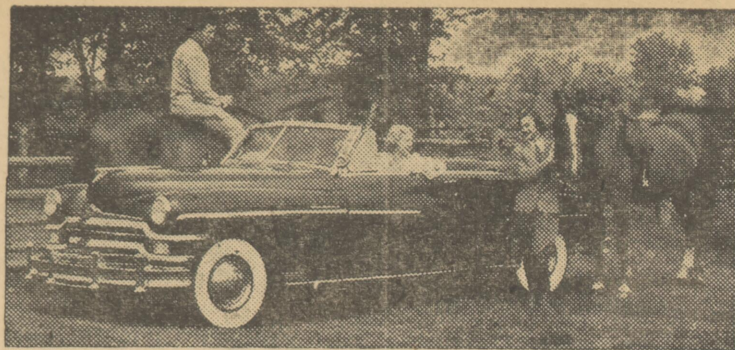

Questions relating to Federal Old-Age and Survivors Insurance will be answered in this paper or by mail. Address all queries to Social Security Administration, Old Customs House Building, 6th & King Streets, Wilmington, Del.

Q. If working at the age of 65 or over, do I still pay the Social Security insurance tax?

A. The tax is paid on wages for employment covered by the Social Security Act regardless of age.

Q. How can I find out how much I have earned in salary up to the present time since Social Security has been in effect?

A. Any Social Security field office will furnish you, without charge, a post card form OAR-704. Fill it out and mail it to the address given on the card. The Administration will furnish you with a statement showing the wages credited to your account from 1937 to the date of their most recent posting. We suggest that you obtain such a statement once each year.

Chrysler's 1949 convertible coupe makes its bow to the public. The New Yorker model, shown here, accommodates six passengers comfortably. It is on a longer 131 1/2-inch wheelbase and has a Prestomatic Fluid Drive Transmission. An electro-hydraulic mechanism lowers or raises the top in 15 seconds or less. The convertible coupe is available in 14 body colors, six types of upholstery and three color options for the top. The convertible also is obtainable in the Royal series.

Chrysler Introducing New Convertible Coupe this Month

Chrysler's new 1949 convertible coupe is being introduced to the public this month by Chrysler dealers throughout the United States. The convertible comes in two body lines—the six-cylinder Windsor and the eight-cylinder New Yorker. Both will accommodate six passengers. The Windsor convertible has a longer 125 1/2-inch wheelbase and the New Yorker convertible's wheelbase is 131-1 1/2 inches.

Chrysler's Prestomatic fluid drive transmission is standard equipment on the convertible models. The engine has higher compression ratio and the ignition system is completely waterproofed. Wider interior dimensions make for roomy seats of comfortable chair height. The chrome belt moulding around the body adds to the low silhouette lines to enhance the luxury appearance of the car.

The Chrysler convertibles are available in 14 body colors, ranging from prosaic black to pepper

red or pagoda cream. Choice can be made from six types of upholstery in the convertible models—the popular Highlander red plaid and red leather, blue, red tan or green leather, each with beige nylon cord, or green leather and green nylon cord. All-leather upholstery also can be obtained.

The top on the Chrysler convertible can be raised or lowered in 15 seconds or less through the electro-hydraulic top mechanism, actuated by a 6-8 volt DC electric motor in the rear trunk. The two directional switch on the dashboard starts the electric motor, which operates a rotary pump that in turn pumps hydraulic fluid through appropriate valving to one side or other of the lifting cylinder.

The convertible top itself comes in three color options—black, taupe or maroon. It is made of double texture cloth, with rayon material on the exterior and cotton backing for interior fabric. The outside cloth is processed to make it water repellent.

Q. I have a part-time job in a grocery store. Do I need a Social Security number for this type of work since it is only part time?

A. All persons are required to have a Social Security number if they work in an employment covered by the Social Security Act. This applies to part-time work as well as full-time work.

Fair Will Have Calf Scramble

Delaware 4-H boys again this summer will have an opportunity to win an Aberdeen Angus steer calf in the calf scramble, which has become a feature of the Kent and Sussex Fair. As a means of furthering interest in beef cattle production among the boys, this novel event will be held July 28, in front of the grandstands at the Fair.

Any 4-H boy, who has passed his 14th birthday before July 28, but has not passed his 19th birthday by that date, is eligible to make application to enter the calf scramble. One 300 to 400-pound calf to every two boys will be turned loose in an arena. Any boy who succeeds in getting a halter on a calf and leading it back to the starting line, becomes owner of the calf, with the understanding that he agrees to feed the animal for one year, show it at the Fair the following summer and again at the Eastern National Livestock Show in the fall.

Club members wishing to take part in the calf scramble should request an application blank from their county 4-H Club agent. The boy must have his parents' con-

sent and must be able to provide for proper feeding and care of the calf. Applications are to be returned to the club agent by July 6. No winner of a calf can participate in more than one scramble.

Participation will be based on the percentage of applicants received from a county against the number of calves in the scramble. Selection will be made by a committee of the Eastern Shore Aberdeen Angus Association.

S. T.), July 15.

Sponsored by Southern States Cooperative and members served by Peck Bros. Farm Supply, Cooperative Agency, the meeting will be presided over by Earl Knott, chairman of the local Southern States Advisory Board.

The annual Southern States Cooperative report will be delivered by John E. Wetzel of Benson, Southern States district manager for this area. A report on services rendered farmers locally will be given by Charles Peck, manager of Peck Brothers Farm Supply.

Southern States Plans Meeting

Annual reports, elections, and a Farm-Grown Hat contest will be among the highlights of the southern States annual membership meeting at the Harrington High School, Harrington, at 8:00 (E. D.

Mrs. Charles Bostic, Jr., Felton. Farm Home Committee nominees are Mrs. Frank Tharp and Mrs. Frank Kotlaba, Harrington; Mrs. William G. Carpenter and Mrs. Preston Sapp, Felton. Other nominations may be made from the floor.

Considerable interest is expected in the Farm-Grown Hat contest for farm women and girls. Hats

are to be made of vegetables or field crops, plus the wire or other materials needed to hold them together. These creations may be any size or shape and are to be modeled by the person for whom they are made. Chairman of the show is Mrs. Howard Cooper.

Other features of the meeting will include group singing and contests.

ALL CONTESTANTS WILL COOK THEIR CHICKEN ELECTRICALLY On 50 Electric Ranges IN THE Delmarva Chicken Festival AT THE Salisbury Armory Tuesday, July 12, 1949

Because July is a hot month and the Armory is valuable property plus a desire to place all contestants under the same competitive conditions, Electrical Cookery, the coolest and safest method of preparing meals known to man, was the logical selection for the Delmarva Chicken Festival, National Chicken Cooking Contest, where men and women will compete for national fame, prizes, etc., at the Armory, July 12, 1949. Cleanliness, and the fact that no flue is required for installation of an electrical range, were other valuable considerations. All this is true of Electric Cookery and are the reasons why thousands of homes on the Delmarva Peninsula have chosen this modern cooking method.

You too, in your own home, can enjoy the same advantages as these contestants. Install an Electric Range today — and enjoy it for years and years to come. See your local Electrical Dealer or visit our showroom for a demonstration.

Frear Attacks Communism

The Nation is celebrating another Independence Day. For one hundred and seventy-three years we have been growing strong and well on the strength of a set of principles which the Continental Congress agreed to in 1776. Those principles which we know as the Declaration of Independence formed the framework of our Government. We have come to cherish that instrument by which men can live and work in freedom. We have traveled a long and often difficult road over these past one hundred and seventy-three years, and we have come to realize that Independence may be easy to wish for, but once possessed, is harder to retain. For though we may think of the Fourth of July as something of a glorious holiday, nonetheless history has shown us that the price of our jubilation was tragically high. We have every right to fittingly observe this great anniversary, but we should, I think, carry with us at the same time the thought that Independence is in itself only a word and its existence depends completely on the will of the people to preserve it or else risk its loss. A threat to our Independence looms just over our horizon. It is the pattern of atheistic communism, which seems bent on destroying our Independence and that of millions of other freedom loving peoples. Communism admits world domination as its final objective. We have seen the weapons by which the proponents of this alien philosophy have sought to spread its false set of principles. Communism boasts of the unrestricted use of deceit and trickery. It encourages a boring-from-within technique so that the framework of our great Government will strengthen our American Independence and thus diminish the effectiveness of such an alien teaching as communism. It is good to know that many hands within our Government are working together toward the constant betterment of our American system. For example, toward the end of this past week it was my great pleasure as Chairman of the Senate Subcommittee on the Reorganization of the Executive Branch of Government to hear the views of one of our distinguished elder statesmen, former President Herbert Hoover. Though a man of elderly years, Mr. Hoover is still devoting vigorous efforts to improving our Governmental operation. I and the members of our Committee felt we gained much from his counsel. It is noteworthy, I think, to see Mr. Hoover, an Ex-President, working so harmoniously with our present chief executive, President Truman, toward common objectives. This, despite opposite views in matters of politics. Such a relationship does, I think, establish a splendid example which will fit well into a pattern for Independence Day. For it surely shows that we Americans can and do unite in common effort for the common good. That is the strength of America. Let us always keep it so for the common welfare of all.

NOTED COMIC HEADLINING MILFORD VAUDEVILLE
Harry Rose, one of vaudeville's most popular comedians, will headline the new five act vaudeville bill at Schine's New Milford Theatre Friday and Saturday. Mr. Rose, has panicked audiences in the nation's leading theatres with his hilarious comedy impressions. Other top-notch talent on the bill includes the Rice Sisters... two gals from Texas; Christine and Roberts... singing the songs you love; The Ruloff Trio... coming direct from Mexico with new dance sensations; and last, but not least, Jerry Morgan... with something new in harmonic styles. The screen attraction on the same program is Johnny Weismuller in "The Lost Tribe", a thrilling tale of jungle adventure.

Another outstanding stage attraction will be presented on the stage of the New Milford on Wednesday evening between 8 and 8:30 P. M. It's "Stars In The Making" a new series of talent shows to be presented every Wednesday evening for the next twelve weeks. It features future stars of tomorrow entertaining with singing, dancing, impersonations and musical specialties in a joy-filled show. Anyone in the area who can sing, dance, act, or do anything to entertain is invited to enter this novel contest by registering at the theatre, or at Radio Station WDOV, Dover. Auditions will be held every Saturday morning at the Milford Theatre at 11:00 A. M. and at Radio Station WDOV on Sunday at 2 P. M. The "Stars In The Making" program will be broadcast every Wednesday evening over WDOV.

Use Counterweights
Windows with counterweights or catches for easy adjustment permit satisfactory ventilation of poultry houses and save labor. Windows which tilt open are easily broken.

Cleaning Jewelry
Gold jewelry is easy to clean with ordinary baking soda. Moisten a little of the soda, brush or rub it on the piece, and then rinse in lukewarm water.

Like Grass Silage
Experiments have shown grass silage to be as palatable and beneficial to sheep and beef cattle as corn silage, says C. A. Burge, extension livestock specialist of the Pennsylvania State college.

Scale Insects
Among the worst pests found on fruit trees and evergreen shrubs are the scale insects. These insects can be controlled with an oil emulsion. To control scale insects on evergreen plants such as camellias, a special kind of emulsion called Volck is recommended.

Strengthen Farm Buildings, Advise Agricultural Engineers
Since the majority of Delaware's farm buildings are of frame construction, some recent research results obtained by U. S. Department of Agriculture engineers should be pertinent, according to William Calvert, extension agricultural engineer at the University of Delaware. Calvert recently attended the annual meeting of the American Society of Agricultural Engineers at East Lansing, Mich., where these facts were brought out.

It was found, says Calvert, that the joints in a frame building are often the weakest point, and thus failure is most likely to occur at these places. The engineers have concluded that a sturdier house, garage or farm building will result if the wall framing is toenailed instead of endnailed. The slant of the nail in toenailing is important, and for the best job, the tests showed that the nail should be driven at a 30-degree angle with the upright framing member and started a distance of about one-third the length of the nail from the end of the board. Toenailing takes more nails, but smaller ones than in endnailing where the nail is driven straight through the sill into end of the upright.

The engineers recommend ten penny nails instead of the eight penny size usually used in toenailing because the ten-pennies give a much stronger joint. Describing test of various joints, the researchers rate joints made with metal straps as being stronger than either method of nailing. Straps take longer to nail and are more expensive, however. Their use on alternate joints or even every third joint will add considerably to the strength of the building, and this method will help reduce the extra cost.

The Department tests are a phase of current agricultural engineering investigations aimed at producing reliable information about light construction. The research engineers are confident that with better design, improved materials and more reliable basic information, frame buildings can be made better and cheaper.

Control "Cuke" Diseases Now

An ounce of prevention will pay off for cantaloupe and cucumber growers, says Dr. J. W. Heuberger, extension plant pathologist of the University of Delaware, who urges growers to spray or dust their fields during the first week of July to protect them against plant diseases. Further applications should be made at weekly intervals, while if dusts are used and disease appears, make the applications at five-day intervals. Dr. Heuberger points out that fungicide treatments must be started before the disease appears, because fungicides do not cure plant diseases once they appear—they only protect the plant against disease attack. Cantaloupes and cucumbers are subject to several diseases that can be controlled by fungicides. In Delaware, the two most important and common diseases are "downy mildew" and "Macrosporium leaf spot". Research conducted at the Delaware Agricultural Experiment Station over the past three years has shown that both diseases can be profitably controlled provided fungicide applications are started before they appear in fields. Dr. Heuberger does not anticipate that downy mildew disease will appear early in Delaware this year unless wet, cooler weather occurs. The disease, which usually comes northward from the north-eastern part of North Carolina has not yet been reported in that state because of hot dry weather there. The Macrosporium leaf spot disease overwinters in plant debris in the soil and can appear in cantaloupe fields whenever conditions are favorable for its development. It does not require as cool wet weather for development as does downy mildew. For sprays, the recommendation is Dithane Z-78 or Zerlate at the rate of 2 pounds per 100 gallons of water, or a fixed copper fungicide at a rate of equal 1-1/2 pounds of actual copper per 100 gallons of gallons of water. These should be used during July or until the crop is set, then Bordeaux mixture 6-5-100 may be used during August for the last two or three applications. For dusts, use Dithane Z-78 at 6 to 8 per cent, or Zerlate at 10 per cent, or a fixed copper at 5 or 7 per cent actual copper. Spray or dust thoroughly to insure complete leaves.

Wheat Support Price Announced

Rye, oats and wheat have been added to the government support program, according to Howard Warren, County PMA Chairman. The support prices on rye grading U. S. No. 2 or better stored on the farm is \$1.41 per bushel—stored in terminal warehouses is \$1.61 per bushel. The support prices on oats and wheat will be announced in a few days. Farmers interested in any phase of the support program are urged to contact the County P. M. A. office or their community committees.

Canning Booklets May Be Outdated

Booklets published a few years ago, on home canning and freezing, may be outdated at this time, according to Maybelle Ligon, Sussex County Home Demonstration Agent. Old directions should not be relied on year after year because improved methods are being developed by research. It pays to retire those "antique books" in favor of the most modern methods. This is particularly true of booklets and bulletins on home freezing. So much research is in progress on this subject that methods are improved each year. Miss Ligon cautions the homemakers about canning in particular. Many of the long processing times recommended for safe canning of vegetables during the war already are out of date. New time tables released by the Bureau of Human Nutrition and Home Economics should be followed rather than the old table. "The new time table for some of the vegetables include the following: Lima beans, 10 lbs. pressure, 35 minutes for pints and 60 minutes for quarts; Snap beans, 10 lbs. pressure, 20 minutes for pints and 25 minutes for quarts; Beets, 10 lbs. pressure, 25 minutes for pints and 55 minutes for quarts; Carrots, 10 lbs. pressure, 20 minutes for pints, and 25 minutes for quarts; Summer squash, 10 lbs. pressure, 30 minutes for pints and 40 minutes for quarts; Corn (whole grain), 10 lbs. pressure, 55 minutes for pints, and 85 minutes for quarts; Corn (cream style), 10 lbs. pressure, 85 minutes for pints; Spinach, 10 lbs. pressure, 45 minutes for pints, 70 minutes for quarts; Peas, 10 lbs. pressure, 40 minutes for pints and quarts; Asparagus, 10 lbs. pressure, 25 minutes for pints, and 55 minutes for quarts; It will be noted that all vegetables are processed at 10 lbs. of pressure. Research has shown that many vegetables keep safely with shorter processing time, and are better in flavor, texture, and color. However, many old recipes for jam, jelly, preserves, conserves and marmalades still hold good today.

Mr. and Mrs. Emory Webb and daughter, Eileen were recent Sunday guests at the home of the Franklin Slaughters in Ridgley, Maryland. Mr. and Mrs. Merrill Thistlewood had as over night guests on Saturday night, their grandsons, Lawrence Paul and Thomas Merrill Greenlee. We are sorry to report Mrs. Daniel Roe had the misfortune to fall upon a piece of board that had a nail sticking up in it and it punctured her leg to the bone, and is causing quite some pain. She is having doctor's treatments for it. We hope it will not give her too much trouble and will soon be all right. Mr. and Mrs. Calvin Hollis and children have arrived at the home of her parents, Mr. and Mrs. Ralph Jump, from their home in Havana, Cuba. They came by auto and will spend some time with their respective parents, Mr. and Mrs. Ralph Jump and Mr. and Mrs. Calvin Hollis of Pennsylvania. Mr. and Mrs. Edward Maxwell and son, Stephen Wayne, of Wilmington spent the week-end with her parents, Mr. and Mrs. Harvey Marvel. The Board of Education of the Houston Public School met on Saturday, July 2nd, and organized for the ensuing year. Robert H. Yerkes was elected as president of the Board and John R. Brittingham was chosen as secretary and clerk. The other members of the board who were present were C. Emory Webb, George Kirby and Fred Hayes. The school building is scheduled to have a new roof before school begins in Sept. New pupils desks will be purchased for a part of the school. All of last year's teachers are supposed to return next year.

State College Board Shifted

State Auditor James W. W. Baker has been named to the board of trustees of Delaware State College to fill the unexpired term of Caleb M. Wright, of Georgetown, who submitted his resignation as president of the board Tuesday, it has been announced by Governor Carvel. Mr. Baker, also of Georgetown, becomes the third appointment to the board to be made by Governor Carvel in a little more than a month, and Mr. Wright's resignation is the second among the board of trustees to be accepted by the Governor during the same period. Judge Elwood F. Melson, former president of the board, submitted his resignation to Governor Carvel on May 28, following criticism by the Governor of Judge Melson's handling of the investigation into charges against Dr. Howard D. Gregg, president of the college, and the judge's refusal to vote on a motion to rescind Dr. Gregg's contract.

Cases Before Grand Jury

The Kent County Grand Jury Tuesday failed to indict Charles Morris, Chester, Pa., and Thomas Ross, near Woodside, on charges of violating the state liquor laws. Morris was accused of illegal transportation of beer and of having in his possession beer on which state tax had not been paid. He was arrested by state liquor inspectors at Woodland Beach. Ross was charged with having an unasssembled still in his possession. Charles P. Jewell was indicted by the grand jury on a charge of attempting to escape from the Kent County jail on June 29 after having been sentenced seven days earlier to a six-month jail term on a larceny charge. A detainer for parole violation in Indiana has been lodged for him. Judge Charles L. Terry, Jr., in Court of General Sessions, sentenced Cleo Van Arsdale, near Smyrna, to pay a fine of \$200 and costs and be paroled for two years on his appeal from sentence of Magistrate John H. Conrad on a charge of operating an automobile while he was under the influence of liquor.

At the regular meeting of the board Tuesday night at the college. Mrs. Beatrice H. Berryman of Wilmington was elected president to succeed Mr. Wright, and Mrs. E. W. Buchanan of Dover was elected secretary of the board. Mrs. Buchanan, appointed to the board last month by Governor Carvel, to succeed Judge Earle D. Willey of Dover, whose term had expired, is taking over the post of Clarence Polk of Milford, who served as secretary following the expiration of Judge Willey's term. Mr. Wright's resignation and Mr. Baker's appointment became effective Wednesday. In addition to Mr. Baker and Mrs. Buchanan, Governor Carvel has named Gilbert Nickel of Silview to the board. Mr. Nickel was named to fill the unexpired term of Judge Melson, which had four years to run. Mr. Wright's unexpired term ends next June 5. Mr. Wright was appointed to the board by former Gov. Walter W. Bacon, as were Mrs. Berryman, Mr. Polk and Samuel N. Culver of Delaware, the sixth board member. Mr. Wright had served as president of the board since early in June, after the resignation of Judge Melson, another appointee of former Governor Bacon. Following the commencement exercises of the college on June 6, Mr. Wright said, speaking for the board, that it was faced with an energetic program costing \$500,000 for the erection of new buildings. The measure in question, sponsored by Rep. Noble S. Warren (R-Dover), has since been approved by Governor Carvel. The use of the \$500,000 was the principal topic of discussion at the board's meeting Tuesday night, which followed a physical survey of the college grounds and buildings. The trustees also discussed the clearing up of the college's fiscal accounts for the year, with the aid of a \$50,000 deficiency appropriation made by the General Assembly. Mr. Baker was elected to the state office he now holds last November. Governor Carvel did not make public any exchange of letters between himself and Mr. Wright and neither he nor Mr. Wright would comment on the sudden move.

Good Looker Safe Driver

Are you a good looker, Driving takes a lot of looking, says the Delaware Safety Council. And a lot of life and earning a living depends on where, when, why and how you look. There are drivers who seem to look everywhere except ahead of them. Most of these are to be found at the wheels of their pleasure cars, but you see enough of them at the controls of trucks, buses and taxicabs to make you wonder why there are not even more motor vehicle accidents than there are.

These Loose Lookers take in all the scenery, continues the Council, keep at least one eye prowling for curves, keep their heads swivelling to talk to passengers, do some "no hands, no eyes" driving while they light cigarettes, survey road maps or write reports. At best, such drivers cause nervous fits among passengers with their jerky weaving. Or worse, they cause plenty of accidents—plenty of tragic accidents.

At the other extreme, there are drivers who keep their eyes on the road all the time—and don't see much of anything to right or left. This isn't the best kind of driving either. At best, such a driver becomes tired, tense and more of a set-up for a mishap. Or worse, he collides with a vehicle from a side road or driveway or with a train, or he strikes down a pedestrian he failed to see till that person showed up right in front of his bumper.

Between these two extremes is a happy medium—a healthy medium—of opened-eyed, keen-eyed, moving-eyed driving.

The driver who gets the most out of his eye action looks ahead of his vehicle, with the right-in-front section of the road or street in his range of vision, but looking far enough ahead to spot possible traffic hazards. His quick glances can move about over the picture in front of him without danger. He can take notice of the side roads and the traffic approaching intersections from all directions. He can even get mental snapshots of the scenery. He is relaxed but alert. This is the driver who knows where to look and when and how. And he knows why he should be a Good Looker—for his own good.

Greenwood Girl Weds Feltonian

The wedding of Miss Charlotte Irene Johnson, daughter of Mr. and Mrs. Clayton Johnson of Greenwood, to Mr. Harold H. Voshell, Sr., of Felton, took place, June 25, in Grace Methodist Church at Greenwood. The ceremony was performed by the Rev. E. C. Thomas, Jr., pastor.

The bride was given in marriage by her father. Miss Mae Johnson, sister of the bride, was the maid of honor and her only attendant. Mr. Lester Blades, of Felton, was best man. The ushers were Mr.

Ex-Judge Named To Buildings, Grounds Unit

Governor Carvel has appointed former U. S. District Judge Hugh M. Morris to a six-year term as a member of the State Buildings and Grounds Commission to replace H. E. duPont, whose term expired May 1.

The Governor reappointed H. Rodney Sharp of Wilmington and Salome Dowdes Edgeworth of Dover whose terms also expired May 1, to new six-year terms on the commission.

Funds Appropriated
 By an act of the recent Legislature \$100,000 was appropriated to the building and grounds commission for repairs and alterations to state buildings in the Capital Group at Dover, for furnishing and equipping the Governor's office and other important public rooms or halls in the buildings and for landscaping and planting the state lands at Dover.

Judge Morris, who was U. S. District Judge for the District of Delaware for 11 years, resigned the post June 30, 1930, and resumed private practice. He is senior partner of the firm of Morris, Steel, Nichols, and Arshat.

Mr. duPont, who has retired from many of his business activities, is the owner of Winterthur Farms.

Others Appointed
 Tuesday night, the Governor announced appointment of two members of the Library Commission of Delaware, reappointment of a third member, and appointment of a member of the board of Trustees of the Kruse School at Marshallton.

The new members of the Library commission are Mrs. Warner W. Price, Jr., of Smyrna, to succeed Mrs. Anne V. Prettyman of Milford.

The reappointed member is Harland A. Carpenter of Claymont, director of libraries in Wilmington. All the terms are for five years.

Mrs. Ruth Mitchell Laws, of Dover was named to the board of the Kruse School for a five-year term to succeed Mrs. Carinne Blackson, also of Dover.

3 Named to State Health Board

Governor Carvel yesterday announced appointment of three members of the State Board of Health to replace Dr. W. Blaine Atkins of near Millsboro, John H. Baker of Milford and Mrs. Julia H. Tallman of Westover Hills, all of whose terms expired July 2.

The new appointees are: Dr. Charles F. Moore, a dentist, of Seaford; Dr. Isaac J. MacCollum of Wyoming, former lieutenant-governor, and Mrs. Barbara Voss of this city, president of the Democratic Women of New Castle County. All of the terms are for four years.

All of the new members and two of the replaced members are Democrats. Mrs. Tallman is Republican National Committeewoman for Delaware.

In appointing Dr. Moore to replace Dr. Atkins, the Governor rejected a recent recommendation of Dr. Emil R. Mayerberg of Wilmington, a member of the board. In a telegram to the chief executive, Dr. Mayerberg said: "I passo, Dover, July 3.

Boy, Mr. and Mrs. Ernest Faulkner, Smyrna, July 3.

Girl, Mr. and Mrs. Fred Larison, Johnstown, Pa., July 3.

Boy, Mr. and Mrs. Alton Gibbs, Dover, July 5.

Stock Races Draws Crowd

More than a thousand persons attended the opening of the Townsend Speedway Sunday, July 3 and witnessed five thrilling stock car races. The crowd thrilled to the dare devil driving and viewed one four-car collision during the afternoon. No one was injured. The American Legion Ambulance was stationed near the track in case of a serious mishap. The officials for the opening meet were: Vincenzo Consalo, Mangolia, flagman; Fred Carey, Joe Collins, judges; and Leon Shahan, timer. Winners were as follows, first race: Walter Ragan, Conowingo; William Ragan, Conowingo; William Ragan, Conowingo; Harry Twilley, Wilmington; second race: James Patterson, Dover; Buddy Kellen, Dover; Jackson Edge, Goldsboro; third race: Jake

Dwindling Resources

In America's once lavish storehouses of resources, many bins are being emptied, some such as copper, zinc, and iron ore, at an alarming rate. As this trend toward exhaustion of our present reserves continues, the problem of "getting more from less" may well become a determining consideration in shaping the policies and futures of most industries, including chemicals.
