

## Ace Manufacturing Co. Begins Building of New Plant on Highway 13

### New Plant Scheduled To Be Occupied By Mid-October—Site Adjoins North Side of George Sherwin, Inc.

The Ace Manufacturing Company, manufacturers of ladies dresses, began construction Monday of a new plant on U. S. 13, on a lot adjacent to the north side of the cutting plant of George Sherwin, Inc.

The building will be erected on a lot fronting 200 feet on the highway and extending back around 700ft. The ground was purchased from J. Gordon Smith and Mrs. Elizabeth Shaw at an undisclosed price. The building will front 80 feet on the highway and extend back 200 feet. There will be ample space for a driveway and for parking space.

The structure, which is being erected by Harrington Lumber & Supply Company, will be constructed of concrete blocks and will have steel sash windows. The front will be stucco.

Fulton Downing, of the lumber company, said that digging for the footing started Monday and that pouring of the cement footing started yesterday. Downing added that steel for the building had been ordered and that it was scheduled to arrive August 1. "Estimated cost of land and completed building is \$60,000," Downing said Wednesday.

The dress factory, now on Clark Boulevard, is scheduled to move into the building in the middle of October.

The new plant will be Harrington's largest industrial plant under one roof. The new plant will include a cutting room employing about 10 men who will move here with their families from New York, according to I. Hochberg, head of the firm. Hochberg added that he could employ 200 women in the new plant, compared to the 125 he ordinarily employs in his present plant. Continuing, he said that he could use 50 additional women with experience at his present plant.

Head of Motor Vehicle Department

Henry E. Koster, Mr. Koster, a resident of Laurel, succeeded Frank L. Reed as Motor Vehicle Commissioner for the State of Delaware on July 1st.

## Smyrna Youth Wins 4-H Honors

Francis Downs, of Smyrna, won top honors in Kent County 4-H Dairy Judging Contest held Thursday, July 7, 1949, announced Miss A. Margaret Webb, 4-H Club Agent. Downs, a member of the Kenton Klubbers 4-H Club and now a junior leader of the same club is also Dairy Project Leader of the Smyrna Bucking Bronco Club. Being a 4-H Club member for 10 years, Downs has carried a dairy project for 5 years and has successfully completed crop, swine, garden, safety, and personal records projects. He was a member of the State Dairy Production Demonstration Team last year and also took part on the State Judging Team.

The club team placing first in the contest on Thursday was Smyrna Bucking Broncos with Downs as their coach. Placing second in individuals was Jack Davis, a member of the Milford Millwood 4-H Club and dairy club member for 6 years. Davis has held many club offices and has taken part in both county and state dairy activities. He also participated on the State Judging Team in 1948.

In 3rd and 4th places respectively were Billy Knotts and Clarence Scuse. Both are members of the Smyrna Bucking Bronco Club, with registered Holstein calves as the dairy club project.

These four boys were presented with calf blankets as awards. Placing 5th was Purnal F. Friedel, Jr., of Canterbury Club, who will alternate on the county team this year. The latter four 4-H dairy club members will take part in the State Dairy Judging Contest to be held at the Kent and Sussex Fair on Friday, July 29th, at 10:00 a. m. The State Team will be selected at the Fair and will begin training for competition in out-of-state contests. To be a member of the county or state teams the boy or girl must be 14 years of age, a bona fide 4-H Club member, and carry a dairy project this year.

Also participating in the judging on Thursday were: Ernest Fry, Milford; William Davis, Milford; Joseph Hughes, Felton; Elbert Harrington, Canterbury; Peggy Ann Adams, Vernon; Mary Eleanor Friedel, Canterbury; Walter Draper, Vernon; Billy Bowdle, Vernon; Billy Taylor, Vernon; Clifford Outten, Vernon; Bobby Yoder, Vernon; Samuel Walters, Canterbury; Sadie Walters, Canterbury; Elmer O'Day, Felton; Gene Short, Smyrna; George Scuse, Smyrna; Charles Ross, Clayton; Raymond Welch, Vernon; Ralph Alexander, Kenton; and Norman Alexander, Kenton.

Of the group judging there were eight club teams with the following placings: Smyrna Bucking Broncos first, Canterbury Sunny Smiles (Team 1) second; Vernon Honeybees (Team 1) third; Milford Millwood Club fourth; Vernon Honeybees (Team 2) fifth; Canterbury Sunny Smiles (Team 2) sixth; Kenton Klubbers seventh, and Felton Paradise eighth.

Judging started at 9:30 a. m. at Purnal F. Friedel's, Viola with three classes of Holstein: aged Holstein, 2-year-old Holsteins, and

## Peg Leg Jones To Drive At Ocean Downs

Harness racing produces many interesting people, but one of the most sensational performers of the day will be seen in action at the \$600,000 Ocean Downs Raceway when it opens its inaugural 20-night meeting on July 20, is Edward Jones—just plain Peg Leg to his stable friends.

A native of Oswego, N. Y., Jones lost his left leg in a hunting accident when he was 12, but went right along with his plan to become a driver-trainer and now is one of the top men in the business. Jones now is campaigning at Laurel Raceway and when that track closes will ship his stable of 10 horses to Ocean Downs.

Peg Leg was the leading dash driver in the country in 1945, winning 145 victories, and horsemen claim he has driven more heat winners than any man active today. Sir Harris, a nine year old owned by Jones, was the leading heat winner in the country last year, getting home first 28 times.

Jones is passing up the Grand Circuit to race in Maryland and was among the leading drivers at Rosecroft Raceway and now is among the top reinmen at Laurel. Jones sits his sulky with a special bolster that enables him to get a good leverage on his right leg.

Jones is a cagey horseman who has a knack of picking up cast-offs and making winners out of them. He recently sold Marjorie Mac, one of his better horses, to William E. Miller of Washington for \$4000 and since has driven the mare to two victories in Miller's brown and white stalls.

Ocean Downs stalls are expected to fill up early next week when Laurel closes, and most of the 600 trotters and pacers now racing there move into Ocean Downs. President Theodore Fletcher of Preston, Md., says early indications point to an overflow of horses, and that some of the best stables in the country are shipping here.

## Harringtonian Arraigned

Richard Bullock was arranged before Magistrate Elmer Thomas Wednesday morning on a charge of assault and battery with intent to kill. He was released on \$5000 bail to appear in the Court of General Sessions next fall.

Last Tuesday night Chief of Police Frank Morgan was called to investigate an illegal discharge of firearms at the Bullock residence. Chief Morgan said he saw Bullock raise his arm and that he (Morgan) ducked as Bullock fired a 22-caliber target pistol at him.

Chief Morgan then got a search warrant and called State Police who made the arrest.

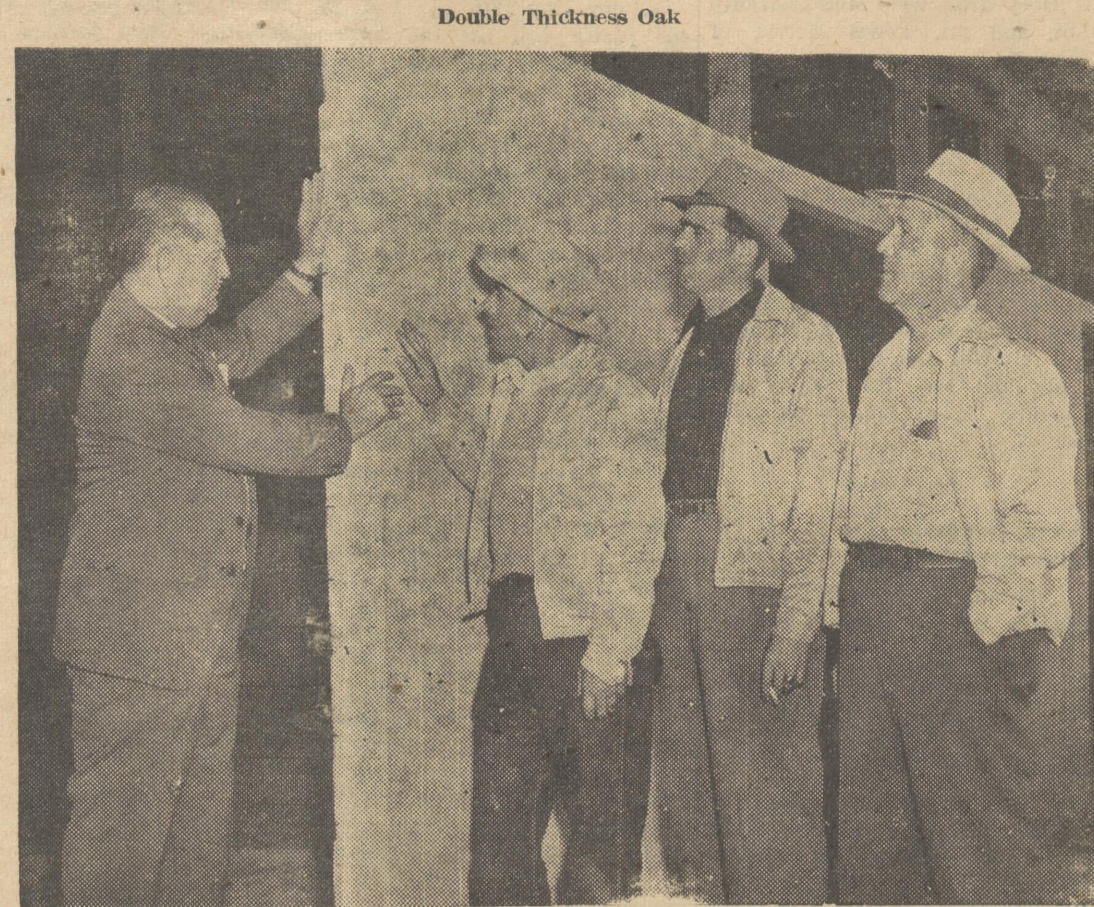

Buster Warke

## Buster Warke To Race Here

Race Director, Sam Nunis disclosed to Fair Officials the signing of the widely known speed addict for the six-event program, Buster Warke, former Midwestern champion driver now residing at Allentown, Pa.

## Exams Monday For Scholarships At U. of Delaware

The outlook for the state's future supply of teachers was bolstered by the listing of several teacher education scholarships, worth \$400 each, at the University of Delaware. The scholarships are to be awarded to Delaware young men and women with a "serious intention" of becoming teachers on the state.

Made possible by a grant voted by the recent session of the General Assembly, the scholarships are on a competitive basis, and a qualifying examination will be given next Monday, July 18, at Newark. Dr. Ardwin J. Dolio, chairman of the Committee on Teacher Education Scholarships at the University, said the summer-time examinations were arranged so that the first scholarships could go into effect with the fall term. Those awarded at this time will be only for the school year 1949-50, but may be renewed, depending on availability of funds and the quality of the student's work. Available to all freshmen and sophomore students at the university, a majority of the scholarships probably will go to recent graduates of Delaware high schools who will be entering the U. of D. as freshmen in September.

Dr. Dolio urged that all interested persons write to him at the university immediately, stating their intention of appearing Monday for the examination, and listing three persons as references. The examination will be given at 9 a. m. in Room 3, Robinson Hall, continuing through the day. Personal interviews also will be given.

In addition to showing intent to become a Delaware teacher after completing his teacher-education curriculum, applicants must be residents of Delaware, must present evidence of ability to do college work, and show suitable personality characteristics for teaching. The need for financial aid will be considered only after an application has met all other standards, and the student with greater need of financial help will be favored if all other points are equal. Recipients will be expected to carry a normal load of studies, and will be encouraged to live on the campus.

"By taking the examination," said Dr. Dolio, "the student does not in any way obligate himself to accept a scholarship if offered to him. If in doubt, therefore, the student should appear for the examination. There is no charge." Because of the competitive factor, he added, only high school graduates whose marks placed them in the upper half of their class, and eligible university students whose scholastic index is above 2.5, should take the examinations.

## Large Bonus Vote Sought

U. S. Senator J. Allen Frear, Wednesday in Washington, urged Delawareans to give a clear expression of their stand on the question of a veterans bonus in the July 19 referendum so the state will know what course to take.

He pointed out that only by a large turn-out at the polls and by a clear-cut ballot one way or the other will the state government know what action is should take, if any.

## Legion Asks Big Vote

Meanwhile, the same view was expressed by Julian A. Todd, department adjutant of the American Legion, who said Tuesday night that "it is the duty of all citizens to get out and vote for the state bonus and thus evidence their desire to aid veterans who in many cases need funds."

The Legion, as well as the Veterans of Foreign Wars in Delaware, has been outspoken in its good use of the moneys state's World War II veterans. "It is a curious thing," asserted Mr. Todd, "that when the matter of a soldiers bonus is brought up, there is a great hue and cry about 'economy', yet those who oppose bonus payments to veterans rarely, if ever, oppose allocations of huge sums for other causes."

## Recession Cited

Mr. Todd pointed out that, with the slump in employment and the general recession in business, "there are many veterans who can make good use of the moneys accruing from the bonus."

"Leaders of the American Legion and the Veterans of Foreign Wars and their delegates to the departmental conventions have approved cash payments of a bonus to the veterans," said Mr. Todd.

The question as to whether or not a bonus should be paid will be placed before the public in the form of a referendum on July 19. Local voters will go to the City Hall.

## Harrington Defeats Viola

Harrington won its second game from Viola Sunday, 13 to 12, which makes it two out of three between the contestants.

Viola scored seven runs in the first two innings. Harrington scored two runs in the second inning and two in the third, after which the game was called for 30 minutes because of rain.

In the fourth inning only three Viola players faced Cabbage, with the local boys scoring three times to tie the score. Scoring was renewed in the sixth inning when Viola tallied once. In the same inning Harrington staged a rally when Cabbage scored on Matthews' two-bagger, leaving Hobbs on third. Lord walked and Jack Dill cleaned the sacks with a triple to center field, making the score 11 to 8.

Scoring was again renewed in the eighth when Viola scored four times on a single, double, triple and Palmer's homerun. Viola was through for the remainder of the game, but the local nine tallied two times in the final inning on doubles by Kates and Burgess, and single by Quinn and Cabbage.

Gove. Elbert N. Carvel explained Thursday night that he refused to approve the civil service bill party because it was "a deliberate attempt on the part of the defeated party to continue to deny to Democrats the right to serve our state."

In a radio address broadcast by WDEL, WILM and WAMIS, the Governor defended his actions in pocket vetoing the civil service bill and the axle weight bill, praised the 110th General Assembly, and declared that more than three fourths of the campaign promises made by the Democrats last fall have been fulfilled.

The Governor's comments on the Civil Service Bill were these: "The public press, speaking editorially, has called upon me for an explanation of my refusal to approve the Civil Service Bill. I have no hesitancy in stating quite frankly what my reasons are."

"In the first place, this bill was passed through the Senate in the closing minutes of the legislative session after all but one of the Democratic Senators had gone home—having done so because the studied impression that the business of the session was over, except for the mere formality of a motion to adjourn."

"In the second place, the Republican party for upwards of 40 years had been in a position to institute Civil Service in Delaware and has made no move in that direction until it lost an election to the Democrats last fall. In all of this 40 year period, for the most part, only Republicans have been permitted to serve their state. I do not intend, as Governor, and as a Democrat, to further what appears to me to be a deliberate attempt on the part of the defeated party to continue to deny to Democrats the right to serve our state."

"I should say that, personally, I believe that in all state appointments the primary consideration must be merit and the ability to do the job. I can assure you all that under this Democratic administration, the efficiency of this state will not suffer."

The Governor commented also on his pocket veto of the bill to increase axle weight for trucks, declaring that he "considered the situation from every angle."

He said: "I found that Delaware has an axle weight which compares very favorably with the great majority of the states. I also found that our own chief highway engineer, as well as the United States Commissioner of Public Roads, considered this bill to be detrimental to our roads."

"On one hand, we are spending millions for new road construction and old road reconstruction and repair," he continued. "In all conscience, I could not approve a bill which I believe would have caused undue damage to the roads that the people of Delaware had authorized to be built."

Governor Carvel pointed out that he withheld approval from over 35 bills, but did not comment on any of the others.

He devoted the major part of his address to a review of the accomplishments of the "administration with the bi-partisan cooperation of the General Assembly."

## Praised Legislature

First he gave the legislature "heartily commendation for the splendid over-all result that it accomplished during this recent session."

## Sen. Frear Discusses Bill Known As "Little Man's R.F.C."

Back in January of this year, Senator Aiken Barkley, now our distinguished Vice President, introduced in the Senate on behalf of himself and a large number of colleagues a bill known as the little man's R. F. C. The measure was given the number, S. 529, and referred to the Senate Banking and Currency Committee. It was my pleasure to be co-sponsor of that bill with Mr. Barkley, and it so happens, in addition, that I am a member of that committee to which the legislation was referred.

The little man's R. F. C. Bill is one that should be familiar to many Delawareans. It stems from the original Delaware Plan for Veterans, and was supported in earlier sessions by Senator James M. Tunney, and later by Senator C. Douglas Buck.

I have been much concerned about getting this bill up for active consideration by our Senate Committee. Of course, it was but one of a great many measures which we have had to consider. Nevertheless, because of the merits of this legislation, I have been urging the Committee Chairman to act on it as soon as possible. It is my feeling as of this date that hearings on the bill will take place soon, and I am most optimistic of its chance for success. This is primarily due to the fact that the measure has extensive bi-partisan support.

In case some of you are not familiar with the provisions of this bill, let me say that in a word it is designed primarily to increase the prosperity of all our citizens and to help secure the peace. It will aid our veterans and their neighbors in all of our communities, at no cost to our taxpayers and without any appropriations by the Congress. Our National Veterans Organizations have described the proposal as "the most constructive piece of Veterans Legislation ever introduced."

The basic purpose of the little man's R. F. C. are to develop under our free enterprise system our natural resources and our productive capacity, and to provide in-

creased economic opportunities, with particular emphasis on careers for veterans. Under the plan, a corporation will be created, vested with powers to provide long-term credit and technical advisory service to private business, individuals, firms or corporations, and in addition to state and municipal self-liquidating, public projects, with the condition that preference, in new opportunities created, would be given to available qualified veterans. The little man's R. F. C. will not compete with private capital desires to venture.

Due to the fact that the corporation will borrow money through the Federal Treasury, at its prevailing low rate of interest and lend it at a slightly higher rate, no appropriation of public funds will be required. Experience indicates that the earnings of the corporation will not only cover all administrative costs and losses, but should return a considerable profit to the treasury.

Studies and inventories now being made throughout the nation show that there is not, a single community, that does not need immediately, a development of new industries, new products, new uses for agricultural products, reclamation that will add acreage of high value at minimum cost and new minerals. Studies of the needs of foreign countries also reveal very desirable opportunities for our people to supply the staggering demand for American products and services throughout the world.

The Delaware Plan, then, provides a first-class opportunity for many of our twenty million veterans of both wars. It will be carried out if Senate Bill 529 becomes a law. I do not believe that there is any other bill before our Congress which will accomplish the same purpose as this one, namely that of reinforcing our American system of free enterprise, and thus offering insurance against depression. It is my intention to urge the approval of this bill as quickly as possible. I trust I may have the support of every Delawarean in this endeavor.

## Social Security Queries Answered

Questions relating to Federal Old-Age and Survivors Insurance will be answered in this paper or by mail. Address all queries to Social Security Administration, Old Customs House Building, 6th and King Streets, Wilmington, Del.

Q. If a person who is receiving social security benefits dies, what becomes of his social security payments. Does his wife who survives him collect said payments in addition to her half?

A. In the situation above, the widow would not collect the deceased's payments in addition to her half. Her benefit would increase from one-half to the amount the deceased was receiving to three quarters of that amount.

Q. I am a single person and support my parents. If I were to die would my parents be entitled to monthly benefits?

A. If your parents were chiefly dependent upon you for support and you were to die fully insured, your parents may be entitled to monthly survivor's benefits.

Q. I am married. My wife is three years older than I. Is she entitled to social security benefits before I reach age 65?

A. Wife's benefits under old-age and survivors insurance are payable to the wife of an individual who is himself entitled to receive benefits. It would not be possible for a wife to collect until the husband had become eligible.

Sunday July 17th, at 11 A. M., the pastor will use the subject, "The Struggle of the Early Christian," text acts 4:13.

Saturday, July 23, the W. S. C. S. will hold their annual picnic on Mr. Harry Thorpe's lawn.

Sunday, July 24th, the Rev. D. L. Ridout, the District Supt. of the Dover District will preach at 11 o'clock. The public is invited to worship with us.

## ELISHA CONOVER, JR., SCHOLARSHIPS

The Elisha Conover, Jr., Scholarships, for the benefit of native Delaware young men and women striving to attend the University of Delaware, will be established at the university soon through the bequest of the late Professor Conover's widow.

Mrs. Fannie L. Conover, of Newark, who died May 30, left an estate estimated at more than \$75,000, most of which goes to the university, where Professor Conover taught Latin and Greek for 43 years. After listing several personal and charitable bequests, including \$1,000 each to St. Thomas' P. E. Church, Newark, and St. Paul's P. E. Church, Georgetown, Mrs. Conover's will specifies that the residue of the estate is to be used by the university for scholarships. This fund is to be invested, and its proceeds used for student aid. At the university, it was estimated that there would be a few Conover scholarships available each year, probably beginning with the fall of 1950.

Those eligible must be native Delawareans—preferably from Sussex County—who are students at the university, or who are to enter. The recipients must be promising students with better-than-average academic records in high school or college, and who need the money to carry on their education at the university. The same person may continue to receive scholarship aid throughout his four years of college, but the scholarship may be withdrawn at any time if he fails to maintain the proper academic standing, will be determined by the faculty's scholarship committee, which also will select the individual recipients.

The university also received Mrs. Conover's library.

The Conover residence at 247 West Main Street, Newark, is to be sold at auction, under the directions of Mrs. Conover's will, for which Earl F. Dawson of Newark is the executor.

Professor Conover, a native of New Jersey and a Dickinson College graduate, joined the Delaware College faculty in 1895, and continued as the professor of ancient languages until his retirement in 1938. He died Dec. 13, 1944.

## ACROBATS ON LADDER FEATURED ON NEW MILFORD BILL

Since the inauguration of vaudeville at Schine's New Milford Theatre many types of acrobats have been presented, but none quite so novel as Reenie and Jim, one of the featured acts on the new five act variety bill playing Friday and Saturday. They perform amazing feats on a revolving ladder. In addition to this unusual act the cast will include Roy and Emily... youthful dance team; Henry La-Marr... singing the songs you love to hear; Faye and Barry... comedy team billed as "two crazy people"; and Charles Alphoff... with something different in a comedy routine. An exceptional picture will be shown on the same program, "The Set Up", starring Robert Ryan and Audrey Totter. This exciting hit has been highly praised by critics and has been an unusual success.

Another stage attraction scheduled for the coming week at the New Milford is the third in the series of "Stars in the Making" talent shows which will be presented as an added attraction Wednesday evening between 8 and 8:30 P. M. The area's best talent is taking part in this weekly show which is broadcast over Radio Station WDOV.

We are pleased to hear that Irvin Webb is improving.

# A Referendum Election

WILL BE HELD IN  
Kent County, Delaware

ON  
Tuesday, July 19, 1949

FOR THE PURPOSE OF ASCERTAINING THE WISHES OF THE VOTERS CONCERNING THE PAYMENT OF AN IMMEDIATE CASH BONUS TO THE VETERANS OF WORLD WAR II BY THE STATE OF DELAWARE, IN PURSUANCE TO HOUSE BILL 126, APPROVED JUNE 29, 1949.

The Polls In Every Election District Will Open  
At 7:30 A. M. and Will Close At 6:00 P. M.

## INSTRUCTIONS TO VOTERS

### HOW TO OBTAIN BALLOTS FOR VOTING

It shall be lawful for any voter to secure a ballot at any time from any source and to mark the same at any time and at any place before voting the same and to carry the ballot which has been marked to the designated polling place in the election district of which he or she is a registered and qualified voter and there vote the said ballot.

### HOW TO PREPARE THE BALLOTS FOR VOTING

After a voter has obtained a ballot he or she shall indicate his or her choice in the referendum by marking the ballot with a black or indelible pencil or black crayon. This is to be done as follows: When an elector desires to vote for the Soldiers bonus he or she shall place a cross mark or "X" within the square opposite the word "Yes" on the ballot. When an elector desires to vote against the Soldiers bonus he or she shall place a cross mark or "X" within the square opposite the word "No" on the ballot. A ballot put in the ballot box without any marks shall not be counted.

### DEPOSIT OF BALLOT

When an elector is ready to vote, the said elector shall enter the passage way, and after being passed by the challengers, shall be admitted to the election room; provided, however, there shall not be in the room at any time more than one voter for each booth therein, exclusive of the election officers. On entering the room the voter shall announce his or her name to the Clerks of Election, who shall register it, and one of the Clerks shall deliver to said elector a ballot. The voter shall then, and without leaving the room, go alone into any of the booths which may be unoccupied. If said elector has already procured an Official Ballot and marked the same as he or she desires to vote, it may be used, or if said elector has not already prepared the ballot he or she may use the one handed him or her by the Clerk. After having completed the ballot, the elector must then deliver the same to the inspector or to the Judge who may be temporarily authorized to act for the inspector.

The voter shall immediately after voting leave the room.

### HOW TO OBTAIN A NEW BALLOT IN PLACE OF ONE ACCIDENTLY DEFACTED, MUTILATED OR SPOILED

Any person who shall by accident or mistake spoil, deface or mutilate the ballot, on returning the spoiled ballot to the Clerks of the Election and satisfying them that such spoiling, defacing or mutilation was not intentional, shall receive another ballot in place thereof.

Any person who shall be physically unable to prepare or fold his or her ballot, by reason of defective eyesight, or the loss of the use of one or both hands, or inability to walk with safety without assistance, as manifestly renders him or her unable to prepare, fold his or her ballot, or to reach the polling place alone with safety, shall be permitted to bring with him or her into the election room and booth any elector or two electors, if the nature of the disability manifestly requires more than one, such as a total disability to walk to the polling district for the purpose of rendering the necessary assistance to vote.

One challenger appointed and designated by interested parties, shall be entitled to stand at the side of the passage and near the entrance to the room. No other person shall remain within thirty feet of said entrance except for the purpose of offering to vote, except as provided in this Chapter; voters shall approach and enter the passage in the order in which they appear for the purpose of voting. If any person offering to vote shall be challenged by one of the challengers or by any one of the election officers, his right to vote shall be at once determined by the proper officer, and, if his vote is refused, he shall immediately stand aside, give place to the person next in line and retire without delay from within the thirty feet space around the entrance to the room. Whoever, not in this Chapter authorized so to do, shall enter or attempt to enter the election room or within the railing leading to the entrance of the election room, or shall remain within thirty feet of the polling place, contrary to the provisions of this Chapter, shall be guilty of a misdemeanor and on conviction thereof shall be fined not more than two hundred dollars.

Whoever shall, during the election, remove or destroy any of the supplies or other conveniences placed in the booths as aforesaid or delivered to the voter for the purpose of enabling him to prepare his ballot, or shall, during an election, remove, tear down or deface the cards printed for the instruction of the voters, or shall, during an election, destroy or remove any booth railing or other convenience provided for such election, or shall induce or attempt to induce any person to commit any of such acts, whether or not any such acts are committed or attempted to be committed, shall be guilty of a misdemeanor, and on conviction shall be punished by imprisonment for not less than six months nor more than one year.

Whoever shall induce or attempt to induce any elector to write, paste or otherwise place on his ballot any sign of device of any kind, as a distinguishing mark by which to indicate to any other person how such elector has voted, or shall enter into or attempt to form any agreement or conspiracy with any other person to induce or attempt to induce any elector to so place any distinguished mark on his ballot, whether or not such act be committed or attempted to be committed, shall be guilty of a misdemeanor and on conviction shall be imprisoned for not exceeding two years.

Whoever shall induce or attempt to induce any election officer to violate any of the provisions of this Chapter, whether or not such election officers shall violate or attempt to violate any of the provisions of this Chapter, shall be guilty of a misdemeanor, and on conviction shall be imprisoned for a term not exceeding five years. It shall be the duty of each inspector to distinctly read this and the preceding section to the election officers at the opening of the polls. The observance of the provisions of said two sections by election officers shall be held and construed to be included in the duties of the officers of said election officers, and the violation of said provisions by election officers shall be held and construed to be a violation of their official oath, provided in this Chapter.

JOHN R. LEVERAGE, Clerk of the Peace.

THIS SAMPLE BALLOT CANNOT BE VOTED

NYLON KNITTING FIRM TO LOCATE PLANT IN MIDDLETOWN AREA

Construction of a knitting plant at Middletown for the production of nylon fabrics has been announced jointly by the Middletown Business Advisory Council and Delaware Textile Company, Inc. Completion of the plant is expected by the end of the year.

The building will be of cement block construction and will be located on three acres of property purchased from the Episcopal Diocese of Delaware along upper North Broad Street. The ground is part of the former Ash Farm.

William D. Scott, Jr., president of the textile firm, stated today the plant will comprise 8,000 square feet and will house the latest models of knitting equipment. At the outset about 20 local people will be employed. It will be air conditioned.

Scott formerly lived in Harrington and is the son of W. D. Scott.

## Local Farm Dealer Has Fair Exhibit

International Harvester dealers throughout the Delmarva Peninsula are cooperating this year to present a mammoth farm machinery and refrigeration show at Harrington Fair, which opens July 25th, for one week.

## R. H. STAFFORD & SON BURRSVILLE, MD.

will be represented at the exhibit by the following staff members:

R. H. STAFFORD JR., JOE VONVILLE,  
JIMMIE STAFFORD and R. H. STAFFORD SR.

The exhibit will include the largest showing of farm machinery ever assembled in this section. Among the new pieces of farm equipment will be the International 45T power take-off baler.

In the large tent International Harvester dealers will exhibit International refrigerators and home freezers. Plenty of seats will be available in the shaded grove in the tent. Farmers and their families are expected to make the International Harvester pavillion their headquarters.

There will be plenty of free ice-cold drinking water approved by the Delaware Health Department.

The Chicago International Harvester office is sending a specially trained home economist, Miss Glendel C. Nichols, who will conduct a frozen food demonstration at

11:30 A. M. and 3:30 P. M. Daily

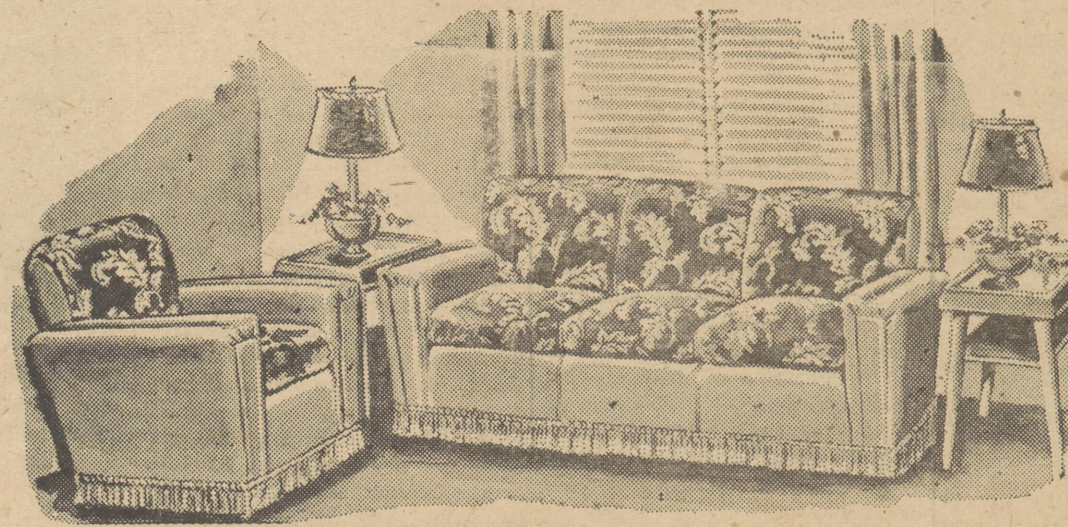

A big music and comedy show will be presented daily at

11:00 and 1:00 P. M., and 3:00 and 5:00 P. M.

Nothing has been spared to make the 1949 International Harvester exhibit the most interesting ever presented.

**Bathysphere Record**

In plumbing ocean depths, no other humans have ever approached the record of 3,028 feet (nearly three-fifths of a mile) made in 1934 by Dr. William Beebe and Otis Barton.

Their bathysphere descent in Bermuda waters was sponsored by the National Geographic society. A year later, the society and the army air corps teamed in organizing the stratosphere balloon flight of Captains Stevens and Anderson to a height of 13,711 miles above the South Dakota plains. This is still man's farthest aloft.

**Shark Bite**

The more voracious of the larger sharks are excited by blood in the water to such a degree that they will make ferocious attacks on fish, whale or man, dead or alive. Bites from any large sharks are extremely dangerous because they are followed by very rapid bleeding and severe shock.

Church news for Sunday, July 17th. Sunday school at 10 o'clock a. m., H. R. Moore superintendent, Edwin Prettyman assistant.

Preaching at 11:00 by the pastor, Rev. W. Stanley Grant. The evening services will be in charge of the young people, as they have their programs scheduled for the remainder of July and August. Come out these Sunday evenings and enjoy the meetings and encourage the young folks.

The official board of the Sunday school has called a special meeting for Friday night, July 15th, beginning at 8 o'clock, as there is important matters to be discussed. Every member is urged to be present.

The Sunday morning services were well attended, 100 being present in the church school. There was also a goodly number for the hour of worship. The minister read 17 Verses of the 3rd Chapter of Proverbs for the morning lesson and chose his text from Exodus 13th Chapter and 18th Verse.

His sermon was very wonderful and very plain. The music was very nice both the selection by the choir and the duet by the Sapp sisters, who chose a beautiful old selection entitled, "It Was For Me", as their contribution.

Mrs. Joseph Hayes was quite ill last week, but is improved at this time. Her mother, Mrs. Morris is also very much better and we trust they will both soon be well again.

Donald Sapp is still in the hospital, where he underwent a major operation, about two weeks ago, but is looking forward very much for his release in a few days. We do hope (Sailor) will be all right when he does get home.

Mr. and Mrs. Richard Bennett and daughter, Jean, left on Tuesday for a 10 day vacation up in Maine and other places of interest. Mrs. Cora Satterfield is staying at the Bennett home with Mrs. Pike, Mrs. Bennett's mother. We hope they have a very pleasant and enjoyable vacation.

Mr. and Mrs. Calvin Hollis and

children, Calvin, 3rd and Mary, left on Tuesday, July 12th, for their home in Havana, Cuba, after having spent the past two weeks with their parents and other relatives.

Mr. and Mrs. C. Emory Webb and Eileen, Mr. Charles Webb, Mrs. Emma Landaue, Mr. and Mrs. Chester Benson and son, John, Mr. and Mrs. William Counselman and Mrs. J. Benton Counselman, attended the wedding of Miss Betty Lou Webb and William Pearce, in the Calvary M. E. Church, Milford, Friday evening, July 8th. The newly weds went to Atlantic City, N. J., on a honeymoon.

Mr. and Mrs. Horton, of Philadelphia spent the week-end with Mrs. Horton's daughter, Mrs. William Manlove and family.

Mr. and Mrs. Edward Smith and sons, from Tuxedo Park, were down Sunday. Mr. Smith and the boys went fishing and Mrs. Smith spent the day with Mrs. Edna Sapp and daughters.

Mrs. Marshall Hart and son, Wayne, of Magnolia spent several days of last week with Mrs. Francis Simpson and other relatives. Mr. Hart came down on Sunday and accompanied them home.

Mr. and Mrs. Jack Kennedy and daughters, Elaine and Kathleen, visited her parents, Mr. and Mrs. Merrill Thistlewood and Mr. and Emory Webb and Eileen, on Sunday.

Mr. and Mrs. Russell Hayes and family, and Mr. and Mrs. Case, of Harrington spent Sunday at Oak Orchard.

S. G. Armour, who had the misfortune to wreck his car some time back, has purchased a new Ford.

Mr. and Mrs. Charles Hayes and family, and Mrs. Margaret Sapp, visited Mr. and Mrs. Benjamin

**It's always a "Breeze" to a Roadmaster!**

SHUCK off that coat, good sir—and loosen that tie.

Call to mind the coolest, pleasantest spot within a couple of hundred miles—and let's go find comfort.

Here's the big broad seat that will carry you there in sofa-like ease. At your toe is the treadle that brings to life 150 eager Fireball horsepower.

In your hand is a wheel, neat and tidy, friendly and obedient. And under it the Dynaflo lever that's key to a whole new experience.

Set it once—and you can forget it. Until you park or back up, you won't need to touch it again. Find a comfortable spot for your clutch-foot too—that's just going along for the ride—and smoothly feed gas.

No jar, no jerk, no sudden lurch. Just one smooth crescendo of power, soft and silky and forever free of direct-gear harshness!

Traffic slides by, no longer a headache. Open roads spread their welcome, tall hills bow meekly to the power at your command. Cares fall away with the dust-clouds of your going, and you've forgotten the world and the weather.

You know now why scores of thousands wouldn't be without the sweet luxury of Dynaflo Drive—or the velvet power of ROADMASTER. You know why the Buick ride sets the standard for the industry—above all, why Buick's the buy.

For it isn't just what the price tags say nor what a demonstration shows that makes Buick such a satisfying investment.

It's in the way a car grows on you when it's planned to please in many ways, and not just through a single feature.

In such a car, any trip's "a breeze." How about breezing around to your Buick dealer to see how quickly you can get a ROADMASTER?

**BUICK alone has all these features**

Silk-smooth DYNAFLOW DRIVE\* • FULL-VIEW VISION from enlarged glass area • SWING-EASY DOORS and easy access • "LIVING SPACE" INTERIORS with Deep-Cradle cushions • Buoyant-riding QUADRIFLEX COIL SPRINGING Lively FIREBALL STRAIGHT-EIGHT POWER with SELF-SETTING VALVE LIFTERS plus HI-POISED ENGINE MOUNTINGS • Low-pressure tires on SAFETY-RIDE RIMS • Cruiser-Line VENTIPORTS • DUREX BEARINGS, main and connecting rods BODY BY FISHER. \*Standard on ROADMASTER, optional at extra cost on SUPER models

**REPORT OF ADMINISTRATION**

In a report to the people of the State concerning the activities of his administration and the accomplishments of the recent session of the Legislature, Governor Elbert N. Carvel cited "that over three-fourths of the promises which your administration made last fall have been fulfilled."

Some of the accomplishments enumerated by the Governor included the adoption of an adequate salary scale for all teachers and custodial employees of the school, Provision made for the building of new schools and the repairing of existing buildings.

A strong research program for

agriculture has been provided as has also funds set up for poultry research and the erection of an agricultural building at the University of Delaware. A comprehensive soil conservation and drainage program has been authorized for the three counties and a reduction in the registration fee for farm trucks provided for.

Increased benefits through unemployment benefits have been provided and the dual ballot, used in Presidential election years, has been repealed while the regulations for use of absentee ballots have been made more stringent.

In order to make up for time lost in highway construction during the war years, a highway construction and rebuilding program of \$9,000,000, to be matched by \$6,000,000 of federal funds, has been authorized.

Funds were provided to relieve overcrowding and other emergencies at Delaware State Hospital, the Welfare Home, Delaware Colony and Brandywine Sanatorium. The creation of a commission to study possible reorganization of the State government is deemed to be an action of major importance.

Governor Carvel mentioned that more than thirty-five measures passed by the Legislature did not receive his approval and in his address he explained his reasons for not approving some of them.

Concerning his failure to approve the proposed civil service system, Governor Carvel pointed out that this measure was passed in the Senate at a time when it was understood that all business had been completed, one Senator being brought to Dover from Wilmington for the purpose of voting on it, and also that the Republican Party has had an opportunity for forty years to adopt this system but failed to do so.

Concerning the measure permitting an increased weight per axle on large trucks, the Governor cited engineering data furnished to him indicating the possible damage to existing highways from this move.

Concerning the Legislature, the Governor stated: "I call your attention to the fact that there has been a Democratic Administration in Dover with a slight Republican majority in both Houses, which, in order to produce effective legislation, had to work together in harmony."

"I would like to give the Legislature hearty commendation for the

splendid over-all result that it accomplished during this recent session. I consider the 115th General Assembly will be remembered in Delaware history for its vision and the excellent constructive legislation that it passed. It did an honest and sincere piece of work. I consider that this Legislature acted first as Delawareans in the interest of our State on the board matters of policy which were placed before it."

**Trinity Methodist**

The National Education Association, meeting in Boston last week, proposed the adding of a fourth "R" to the three "R's" of reading, 'riting and 'rithmetic. It would add the teaching of righteousness—variously called moral and spiritual values. Our Sunday School, which meets every Sunday morning at 9:45, with classes for all age groups, aims to give this kind of teaching.

We do not claim to have all of the answers to life's problems, but we believe there is one Divine Answer. So at 11 o'clock we shall seek to find that Divine Answer, as we attempt to better understand the words of St. Paul as found in Second Corinthians where he speaks of Jesus as "The Everlasting Yea".

The second of the yearly Sunday evening Union Services will be held in the Asbury Methodist Church. The pastor of the Trinity Church will preach on "The Essentials of a United Personality", using the 12th Verse of the 51st Psalm as his text.

Wednesday: Sunday School Picnic to Riverview.

The public is cordially invited to all services.

Plans have been completed by the W. S. C. S. of Trinity Methodist Church to hold a food sale at Kates Grocery Store, Saturday morning, July 23, at 10 o'clock.

Mr. and Mrs. Hyland Webb and family, of Vernon, called on Mr. and Mrs. Earl Thompson and family Thursday evening of last week.

Mr. and Mrs. Willis Wright and Betty, of Vernon motored to Wilmington to spend the day with Mr. and Mrs. Kenneth Pierce and daughter. Mr. Pierce's parents, of Illinois, were also there that day.

Mr. and Mrs. Hubert Cannon and family called on the George Wright family last Thursday evening.

Mr. and Mrs. Norman Butler spent last Friday with Mr. and Mrs. Abner Markland, at Prospect Park. They remained overnight with the Marklands.

Mrs. Earl Thompson and children, called on Mrs. Hubert Cannon Friday afternoon.

Mrs. Ola Wroten, Seaford, and Mrs. Sol Martin, of Harrington, visited Mrs. Clifford Morris Saturday afternoon.

A large number of people gathered on the lawn at Bethel Church to enjoy a sociable afternoon when the Sunday School had its annual picnic. Ice cream and cake were served in abundance. A good time was had by everyone.

Rev. Thomas' successful efforts to entertain the children with various games, are deeply appreciated by all.

Mr. and Mrs. Chas. Collison and daughter, had as Monday evening callers Mr. and Mrs. Daniel Chaffinch, at Greenwood.

Mrs. Clarence Morris and Miss Jenny Morris, of Harrington, called on the C. F. Morris family Monday evening.

(Continued from page 1)

He declared: "I consider the 110th General Assembly will be remembered in Delaware history for its vision and the excellent constructive legislation that it passed. They did an honest and sincere piece of work. I consider that this legislature acted first as Delawareans and in the interest of our state on the broad matters of policy which were placed before it."

The Governor said that the adoption of "An adequate salary scale for all teachers and custodial employees of our schools . . . is one of the most important forward steps which we, as a people, could make."

He also pointed to the school building program enacted, to the provision for high schools for negro students, and to the adoption of a uniform system of state support for schools.

In the field of agriculture, he said "great strides have been made in providing for a strong agricultural research program." He listed the \$70,000 annual appropriation for research at the University of Delaware, and the \$1,250,000 authorization for an Agriculture Building. The soil conservation and drainage program and the reduction in license fees for farm trucks were also cited.

**Labor Law Repeal**

The Governor next pointed to the repeal of the state's labor law, which he said was "accomplished with some difficulty, I will admit."

He said that the unemployment compensation law was liberalized. Governor Carvel said that some of the election law reforms he advocated were enacted. These include the limitation on the use of the absentee ballot and the repeal of the dual ballot law. He said his administration will continue to work for a law to prohibit the use of official ballots outside the polling place.

The Governor cited the \$9,000,000 road program and the authorization of funds to provide buildings at the Delaware State Hospital, the Welfare Home, Delaware Colony, and the Brandywine Sanatorium.

He said the bonus referendum to be held on July 19 "is a result of my pledge to give to the voters of our state an opportunity to decide for themselves this question" of paying a bonus to veterans of World War II. He said: "If it should be decided in the affirmative, then it will be up to the legislature to determine the mechanics of a bonus and how it shall be financed."

The Governor said that "of major importance among the accomplishments of the legislative session is the creation of a commission to study reorganization of the executive branch of the state government." He said he will name the commission this month.

**New Supreme Court**

He also called attention to the passage for the first time of a proposed amendment to the constitution to provide for an independent Supreme Court.

In concluding his address Governor Carvel said:

"I pledged to you that I would attempt to carry out certain policies and plans that I believed you wanted. By electing me as your Governor, you indicated your desire for the fulfillment of these pledges."

"I am happy to be able to tell you tonight that I have kept faith with you. In cooperation with the General Assembly, the major part of the administration's program has been enacted into law."

20 rides and the management is very fortunate to have contracted with this mammoth show full of entertainment and fun.

Our attractions this year include many novel and amusing acts. "The Flying Dobritches" featuring "Wimpy", England's famed and much loved "Flying Clown" will be highlighted on the entertainment program. "Athos and Company" present a phenomenal one finger balancing act. Other feature acts include the "Sheridan Brothers", the original "Harkley", "The Crazy Scouts", Josh Kitchens and his "Trained Animal Circus". There are many other attractions including Joe Basile's Madison Square Garden Band, the Fantasies Revue entertaining in the evening with a cast of 90 people, climaxed with a spectacular fireworks show.

Of the more educational features, you will see the largest machinery display in many years, commercial exhibits of all descriptions, 4-H Club and F. F. A. exhibits, poultry show, horse show including registered Palominos, a swine show of registered stock, fruit and farm produce show. This year we have left nothing out that will add to the pleasure of our patrons.

Saturday will be wind-up day when the Sam Nunis Speedways will present Big Car AAA Synchronized Auto Races featuring many nationally known drivers.

**"Spring Tonic"**

It used to be a dose of "spring tonic" for everyone toward the end of winter. But nowadays it's extra attention to vitamin C in the diet. A listless tired feeling during the winter-tired spring months may be due to a shortage of vitamin C in the diet. A regular supply of vitamin C rich foods is necessary because this vitamin is not stored by the body.

Charles Gaylord

**Charles Gaylord Made Chairman Of Department**

The appointment of Charles N. Gaylord as chairman of the Department of Civil Engineering at the University of Delaware was announced Tuesday by Dean David L. Arm of the university's School of Engineering. Mr. Gaylord replaces J. W. Shields, who has resigned to become assistant general manager of the South Carolina Public Service Authority.

With the rank of professor, Mr. Gaylord will assume his duties at Newark on Sept. 1. He now is professor of structural engineering, and assistant dean of the College of Engineering, at the University of Alabama. At Alabama for the past six years, Mr. Gaylord previously taught at the Hampton Institute, Clemson College, and the North Carolina State College.

A graduate in civil engineering of Ohio University, he holds a master's degree in engineering from the University of Michigan. Mr. Gaylord's industrial experience includes service with the Truscon Steel Co., Youngstown, Ohio; the Naval Ammunition Depot, Charleston, S. C.; the Goodyear Aircraft Corp., Akron, Ohio; and the Bell Aircraft Corp., Buffalo. For Goodyear, he was, during the late stages of the war, a consulting stress analyst on the design of an experimental model of the Northrup "Black Widow" plane. He has been a consultant for Bell for the past four years in connection with the development of helicopters.

As a result of the latter, he received a grant from the National Advisory Committee for Aeronautics, for a study of indeterminate structures stressed beyond the proportional limit.

In 1946-48 Mr. Gaylord was a member of the structural committee of the American Society for Engineering Education, and now is a member of the structural light alloys committee of the American Society of Civil Engineers. In addition to his membership in those societies, he is a member of Theta Tau, professional engineering fraternity, and Tau Beta Pi, honorary engineering group.

A 40-year-old native of Sharon, Pa., Mr. Gaylord is married and the father of three sons.

Dr. Shields, whom he succeeds, became chairman of the Department of Civil Engineering last fall, succeeding the late T. D. Mylrea. Dr. Shields joined the Delaware faculty in September, 1947, after a number of years of experience in industry, schools of engineering, and with the American Society of Mechanical Engineers.

**Carvel Names 4 To Welfare Board**

The president of the levy courts of each of the three counties have been appointed to the State Board of Welfare by Gov. Elbert N. Carvel, who also appointed a Lewes woman to the board.

The new committees, named for three-year terms ending June 30, 1952, are:

Mrs. Gladys Toms of Lewes. Molly C. Vaughan of Milton, president of the Sussex County Levy Court.

Charles G. Moore of Hartley, president of the Kent County Levy Court.

John Hartnett of Wilmington, president of the New Castle County Levy Court.

The appointees are all Democrats.

They succeed the following, whose terms expired June 30:

Frederick P. Whitney of Georgetown;

Manford Penuel of Frankford; T. Earl Banks of New Castle; and Jonathan W. Willis of Milford.

The retiring members are all Republicans. Both Mr. Penuel and Mr. Banks were appointed to the board by former Gov. Walter W. Bacon, while serving on the levy courts of their counties.

Mr. Willis was chairman of the board. Mrs. Harriet K. Richards, of Wilmington, treasurer of the board, has been designated as acting chairman, and is to call a reorganization meeting of the board. The next regular meeting would fall on July 18.

**LOCAL MAN RETIRES**

Frank Rifenburg, who has been in the employ of the Pennsylvania Railroad for thirty-nine years, retired from service recently. Mr. Rifenburg was due to retire seven years ago, but stayed on with the company because of the war emergency.

**Hoof Beats**

Curry Lohnus and his son were in town last week. Curry handles the Adams Stable from Bridgeville which includes well-known Rapa Tip who took a first at the newly opened Ft. Steuben Raceway, Steubenville, O., and was in the money at Troy (O.). Rapa Tip is now lame.

Lohnus, incidentally, now at Laurel, has added a stable of three for a Mr. Rock, of Montreal. Best of the three, said Curry, was O. W. McKillip who he will drive on the opening night at Ocean Downs.

George C. Enslin, racing secretary here for several years, visited Mr. and Mrs. Clarence Dyer this week. Mr. Enslin has just finished a meet at Troy, O. incidentally, Mrs. Dyer checked past performances this year at Ft. Steuben Raceway.

The harness races at the Kent & Sussex Fair, opening here Monday night, July 25, will have some crackerjack performers, many of which are familiar to local fans. Offhand, some of them are: Miss Lawrence Tip Hanover, Flo Napoleon, Volo Napoleon, Guy Symms, Miss Walnut Dale, Ireland, Kentucky Lee, Mike The First, Mont, Terre Haute, Bonnie's Junior, His Princess, Lou's Girl, Belina Hanover, Job Stuart, Nora Abbe, Ann Frisco, Moppett, Nosivad, Reynib, Bertha Rosecroft, Chief Modoc, Elizabeth Seeley, King Brew, Symbol The Great, Prim Up, Johnny Brew, Biery Hanover, Josedale Counsel, Aristocracy, Maudeen Patch, Brooke Song, Follow Count, Mr. Knox, Myrtle Chief, Paris, Dr. Gilbert, Victory Cash, Quincey McElwyn, Candy Harvester, Josedale McElwyn, Belle Amour, Kirby C., et al.

**Cattle to Rate Much Interest At The Fair**

Outstanding among the departments devoted to farm animals in the Kent and Sussex Thirtieth Annual Fair, which opens here for six nights and five days on Monday, July 25, and carrying the largest prizes, is "K", superintended by L. D. Caulk, assisted by his son, L. D. Caulk, Jr., and comprising beef and dairy cattle of the Holstein, Jersey, Guernsey, Ayrshire and Aberdeen Angus breeds. Cattle raising in recent years has

grown by leaps and bounds in all areas of the Delmarva peninsula, particularly in the middle and upper sections. Contributing largely to the increase is the interest created by the national association of the various breeds, as well as farm groups, among the youngsters. Some of these youngsters, usually members of the Future Farmers of America, of 4-H Clubs, have little herds of their own by the time they are of age.

**Rates Highest Prizes**

The introduction of artificial breeding associations also has contributed largely towards spreading good blood among the herds and increasing their numbers.

It is, therefore, perfectly natural that prizes in this department should run high, \$2 to \$25. Included in this department will be the Junior Dairy Show for the youngsters, with prizes ranging from \$2 to \$12, also ribbons.

All cattle must be on the grounds by 2 p. m. Monday. The fair's midway opens that night, but the exposition proper starts the following day. Entries closed last Tuesday, so everything is all set for judging that will bring cash and joy to a lot of herd owners and youngsters.

**Must Pass Health Tests**

Dr. Harry McDaniel, Dover, official veterinarian, will see to it that all of the entries are free of tuberculosis, Bang's disease.

Dairy cattle will be judged from 9 a. m. to 4 p. m. of Wednesday, during the fair week. The cattle must remain in barns until 6 p. m. Friday and must not be removed from the grounds until noon of the closing Saturday. The animals must be led in the cattle parade at the superintendent's call, or prize money will be withheld.

Out-of-state entries must pay a \$3 fee, while those from the state require only \$1. There are usually many Maryland cattle shown.

**Responsibility Is Exhibitor's**

Every care is to be taken to protect the animals from injuries, but the association takes no responsibility for accidents, and losses by

fire, water, theft, or any other cause.

Special prizes of \$20, \$15, \$10, \$5, and \$5 also are offered for breed, educational and promotional exhibits, with general attractiveness, rating 10 points, educational value, 20 points, sales value, 50 points, personal attention by exhibitors or attendants, 20 points, and interest drawing value, 20 points.

The bulls in each class draw the top prizes of \$25, the cows \$20, heifers, \$15. Also rating top \$25 prizes are: Best aged herds, and get of sire, four animals either sex.

**Junior Show Prizes Less**

In the Junior Dairy Show, it is the cow that takes top prizes of \$12.50 in each of the dairy breeds.

The top prize of the beef cattle is \$20, with offers in 12 breeding classes. Ribbons go to the Grand Champion and Reserve Champion Bulls. These are of the Aberdeen Angus breed, and linked with this group is the famous "calf scramble," one of the highlights of the fair.

The "calf scramble," which was brought in from the West is open to the youngsters. It has proved popular here, also the Maryland State Fair at Timonium and in Pennsylvania fairs.

**MRS. MARY E. HURD**

Mrs. Mary E. Hurd, 50, wife of Charles W. Hurd, died Wednesday at her home near here.

In addition to her husband, she is survived by six daughters, Mrs. Thelma Ford, Camden; Mrs. Mary Metzner, Milford; Mrs. Hazel Brumund, Rehoboth Beach; Mrs. Marie Wothers, Dover; the Misses Ruth and Carolyn living at home; three sons, Charles, Howard, and Leonard Hurd, at home; three sisters, Mrs. Madlyn Short, Felton; Mrs. Gladys Hawkins, Smyrna; Mrs. Stella Anthony, New Castle; four brothers, Arthur, Cornelius, and Cooper Hurd of Felton, and James Hurd, Harrington, and six grandchildren.

The funeral will take place from

the Berry Funeral Home at Felton Saturday afternoon at 1 o'clock. The Rev. T. B. Brinton, pastor of the Felton Methodist Church, will officiate. Interment will be in Hopkins Cemetery near Felton.

**Asbury Methodist**

**ACCOUNTANCY POST**

GIVEN H. E. DEPPERT

Harry E. Deppert of Wilmington has been appointed by Governor Carvel to serve on the State Board of Accountancy.

Mr. Deppert, a partner in the firm of Deppert and Gunnip, certified public accountants, will replace Desmond A. Lyons, whose term expired Wednesday. The appointment is for a term of three years.

A native of New York, Mr. Deppert also is an instructor at the University of Pennsylvania's Wharton School, and served as a Navy lieutenant in the Atlantic and Pacific areas during the war.

Others serving on the five-member board are T. C. Davis, Charles I. Belint, Clair J. Killoran, and Alfred H. Coe, all of Wilmington.

**Personality in Dogs**

According to books, dogs have personality and character traits, just like people. Terriers are friendly and have courage and tenacity. A Spitz is an independent dog who wants to be treated fairly and squarely and the Pekingese is "the meek sister" of the dog kingdom.

**Paint Deadens Sound**

A new paint industry product now on the market is used for coating the under side of automobile bodies. It serves not only to protect the metal parts against rust and corrosion, but also deadens the sound of the car's operation and makes for quieter riding.

**Pileated Woodpecker**

The pileated woodpecker, near extinction 25 years ago, has staged an almost dramatic comeback. It feeds on big carpenter ants and prevents their spread to other trees.
