

## Plans Approved for New School Buildings by Building Program Board

### \$5,347,412 Authorized to Be Spent, Of Which \$1,482,715 Will Be Provided By Local School Districts

Improved schools and increased educational advantages for the students in Delaware, a major objective of the present Carvel Democratic State Administration in Delaware, received further impetus last week when plans for some new school buildings were approved.

The School Building Program Board, at a meeting last week in the office of Governor Elbert N. Carvel, approved the erection of new buildings or additions to present buildings, having a total cost of \$5,347,412, or about thirty per cent of the \$19,300,000 school building program provided for by the recent session of the Legislature. Composed of Governor Carvel, Secretary of State Harris B. McDowell, Jr., and Dr. James Beebe, president of the State Board of Education, the School Building Program Board was created by the recent session of the Legislature to approve school building programs.

Their meeting last week was their first session and included in the projects approved at this session was the erection of four new elementary school buildings and the conversion of a junior high school building and a senior high school building in Wilmington.

The completion of the building program at Lewes which involved six classrooms, a gymnasium and a cafeteria to be added to the present building, and the completion of the building program at Newark.

Of the \$5,347,412 authorized to be spent on buildings at the meeting last week, \$3,761,697 will be provided by the State and \$1,482,715 by the local school districts where the buildings will be erected.

Following the meeting of the Board, Governor Carvel stated: "The long awaited start on the construction of adequate schools throughout the State has been started. It is our wish that this program will provide equal education opportunities for all students regardless of race, creed or color."

## Willcutts Wins Marshall 'Cap

Nolan E. Willcutts, Purple Heart veteran from Felton, won the T. Clarence Marshall Handicap Saturday at the Yorklyn Gun Club, with a 98x100 score.

Willcutts, wounded during the Battle of the Bulge, finished two targets in front of P. O. Harbage, West Jefferson, O., the latter topping the 23-25 yard performers with his 97.

Winner of the Delaware State title in 1943, Willcutts was wounded in the right shoulder and as a result has to shoot with his left hand. He uses a rod to support his gun.

Morris P. Clark, mink rancher from Woodbury, Conn., finished one target in front of Harbage for high gun honors for the five-day meeting. Clark had \$126x1250. Joseph Hiestand, Hillsboro, O., who bowed to Clark in the Marshall Marathon, was third with 1211.

## Hoof Beats

Janonica Red, owned by Leslie O'Neal, New Holland, N. C., is still at the local track after an accident during the race meet here in May when he fractured a foot. The 10-year-old chestnut gelding, is getting along all right.

Joselade Counsel has been sick since Fair week and has been at the track. J. Malliaey expects to take him to Freehold soon.

The recent rains have settled the dust on the new 3-4 mile practice track at the fairgrounds, Pleasanton & Edgell, of Dover, expect to begin scraping it and shaping it up.

The stables of Charles Knierim, Howard Lyons, and Happy Krey are among those which will enter to fall meet here. George Jewett will work with Lyons.

## Ward-Hutson

Russell S. Ward and Freda Hutson, both of Harrington, were married Friday in Asbury Methodist Church parsonage by the pastor, The Rev. J. Harry Wright.

They were attended by Mrs. William J. Ward, mother of the bridegroom, and Mr. and Mrs. Henry C. Ward.

The bride is a former employee of The Journal.

## Local Nine Wins Two

Harrington, the Mid-Delaware League leaders nosed out Frederica of the Sussex County League 4 to 3, Wednesday night with a four run rally in the last inning. The game was called at the end of five innings because of darkness. All of the runs for either team were unearned, as Marvin Brown pitching for Harrington and Jack Moore on the mound for Frederica, each allowed one hit. Messick singled to center in the fourth for Frederica's hit, while Cabbage hit to the same spot for Harrington's lone bingle in the fifth.

### PLAYTEX BEATS VIOLA

Playtex nosed out Viola Sunday in the ninth inning at the Dover High School ball park 9 to 8. Bidle went all the way for Viola and gave up eleven hits. Many costly errors by his team mates robbed him of what looked like his fourth straight win over Playtex. Parlick went the route for Playtex and was tagged for ten hits. His team mates also made several errors behind him. M. Kersey had the longest blow for Viola as he slugged a triple into right field. Lowman matched his blow for Playtex. E. Semans hit the only other extra base hit for Viola, a double, while C. Semans, E. Semans and Faulkner all had a double a piece for Playtex. E. Semans led the Viola batsmen with 3 hits for 5 trips.

In the other Mid-Delaware League games played Harrington blasted out a 11 to 2 victory over Tower, while Farmington was registering a 9 to 3 victory over Staytonville.

Harrington defeated Tower Team Sunday by a score of 11 to 2. Roland Hitchens on the mound for Harrington allowed the Tower boys 3 hits. T. Fountain pitched for Tower. Fountain made two of the 3 hits. Lane or Grant which ever his name is got the third. Harrington boys were on to Fountain from the start, getting 15 hits. M. Brown batted for Burgess in the 8th and hit the only home run with none on base. This is the least hits any team in the Mid-Delaware League has gotten this season so far. Harrington plays at Viola Sunday, August 14th.

## General Motors, Budd Officials Visit Harrington

The Budd Deisel car number 2960 mentioned in the Railroad News column is one designed to revolutionize the railroad industry and the transportation field. Being a smokeless, noiseless, self propelled unit, it will hold for the railroad industry much passenger traffic which under steam operation would be lost to buses and private automobiles, as it will permit the railroad to operate at a much less cost on the reduced passenger traffic lines, rather than discontinue service entirely. It is anticipated that the use of air conditioned equipment of this type will not only hold passenger traffic, but will be a step in bringing back passenger business now going to the bus companies, as the schedules can be faster with much greater factor of safety.

Present at the tests and keenly following each test run are the highest ranking officers of both the Budd and General Motors Companies. Among those present riding the car as far south as Harrington last Wednesday were the following: Edward S. Budd, Jr., President of the Budd Co.; G. W. Barnes, vice president, Engineering, Budd Co.; R. K. Evans, vice-president, General Motors; W. M. Warner, Asst. to vice pres., General Motors; W. T. Crowe, General Manager, General Motors; L. S. Sheldrick, Director of Engineering, General Motors; W. H. Buchanan, Director Deisel operation, Gen. Motors; A. H. Stanwood, Director Deisel operation, General Motors.

Mr. Budd and his party left the test car at Harrington and were the guests of the local railroad unit, while waiting for their return transportation. During their visit in town they were keen observers of the automatic crossing gates at Clark Street and inquired about harness racing activities for which Harrington is noted.

## Burgin to Leave After Vacation

Edward Burgin, field superintendent of Day & Zimmerman, Inc., engineers, of Philadelphia, in the local area, is taking a vacation of two weeks before reporting to the home office for a new assignment.

Burgin has been in Delaware more than three years, of which two and a half were spent in Harrington.

The local office will go under the supervision of the Salisbury office. There will be no other changes in local personnel.

Day & Zimmerman have been doing electrical construction and distribution for the Delaware Power & Light Company in this area. The firm has caught up with its work so that it can be handled by one crew.

Carl Rook is working at Westbury, N. Y.

Job Pride and daughter, Jane, are spending several days at Rehoboth at the P. R. R. Home.

Mr. and Mrs. George Vapaa and son, George, have been visiting friends in York, Pa., and in Childs.

## Railroad News

The self propelled silver passenger car seen passing through town the past week is a new product of the Budd Co., who manufacture streamlined railroad cars and locomotives of the stainless steel and duraluminum type.

This car known as the Budd Deisel is numbered 2960 and is a direct connected type. The car is powered by two, three hundred H. P. motors located underneath the frame and has a seating capacity of 91 passengers. The car is equipped with a self-contained air conditioning unit.

The car is being tested jointly by engineers from Budd and General Motors to determine operating efficiencies at high and low speeds. The test runs are made between Wilmington and Delmar at various speeds for determining the efficiency of the brakes, engines, springs and general all around performance that can only be obtained by road tests over wide areas.

The schedule of the car calls for leaving Wilmington at 8:30 A. M., passing through Harrington on the southward trip at about 10:00 A. M. The return trip is scheduled to leave Delmar at 2:30 P. M. passing through Harrington at about 4:00 P. M. It is planned to continue this schedule for the next ten days.

As announced in this column last week the annual basket picnic of the Delmarva Division will be held next Sunday, August 14th, at Cape Charles. All arrangements have been completed for a GALA DAY, and it is hoped that Harrington will be well represented by railroad men and their families, both active and retired.

Features of the picnic will include swimming, golf, prizes, picnic tables on the dock, Chesapeake Bay trip on Steamship Elisha Lee, music and special air conditioned train. All these features are being furnished at no cost to those attending, and in addition coffee and soft drinks will be available throughout the day. Music will be furnished by the Wilmington String Band on the train, during the picnic and on the boat ride.

The following is the schedule for the picnic train. All times shown are Eastern Standard Time.

Leave Wilmington 6:30 A. M.; Middletown, 7:13 A. M.; Clayton, 7:28 A. M.; Dover, 7:47 A. M.; Harrington, 8:06 A. M.; Seaford, 8:33 A. M.; Arrive Delmar, 8:49 A. M.; Leave Delmar, 8:56 A. M.; Salisbury, 9:07 A. M.; Princess Anne, 9:24 A. M.; Pocomoke, 9:38 A. M.; Parkleys, 9:59 A. M.; Exmore, 10:30 A. M.; Arrive Cape Charles 11:00 A. M.

Return Trip: Leave Cape Charles at 5:30 P. M.

### Feltonian Had Bible When He Needed It

Walter M. Mitchell, 37, of near Felton, was carrying his Bible when he needed it: he escaped with his life Monday afternoon when his car was totally demolished in a collision with a hay baler on U. S. 13 three miles south of Camden.

State police said both vehicles were proceeding south when the automobile smashed into the baler, driven by Earl Black, 30, of Houston.

Mitchell, police said, suffered a possible fractured skull and lacerations of the right forearm. He is in Kent General Hospital. Black was uninjured.

A team of alleged safe crackers, said by police to have operated out of a house trailer on the outskirts of Milford while covering practically all of Sussex County, was in the custody of state police Tuesday night with the arrest of the second or a set of twin brothers.

The arrest of the second man in riotous Tuesday afternoon came almost simultaneously with the recovery of the trailer by Maryland state police, after a 13-state alarm had been broadcast.

Herbert Napier, 32, who according to the Maryland police, is wanted in Kentucky, was captured by Delaware state troopers from Bridgeville shortly after noon Tuesday, his clothing covered with mud from the swamp where he had hidden during the night and his face and arms marked by insect bites. His twin brother, William, had been taken into custody by state police at Dover Monday.

State troopers searched a 30-acre woods near here Monday afternoon and evening for the alleged safe robber but without avail. The tract was in the rear of the city dump. The area, to a large extent is a maze of honeysuckle vines and possum briars.

The suspect, wanted for questioning on a series of robberies in Sussex County recently, was stopped a quarter of mile south of town on U. S. 13, by a trooper, but jumped from the car and ran into the woods.

### Trailer Searched

Maryland state police said the trailer out of which the brothers operated was found on Route 50, two miles west of Ocean City by Maryland Trooper W. K. Tyler. Col. Herbert Barnes, superintendent of Delaware state police, Maj. Melvin Leisure, First Sgt. C. C. Serman and other Maryland troopers surrounded the trailer, after obtaining a search warrant from a Maryland magistrate.

The Maryland authorities said the trailer and the entire area surrounding it were searched but nothing was found that could be used as evidence with the exception of a sledge hammer.

The trailer is believed to have been driven into Maryland by two women companions of the twin brothers, after the one man had been captured. It was also said that five children occupied the trailer.

### Arrested in Houston

Herbert was arrested in Houston Tuesday afternoon, when Edward Manlove, a resident of the town, saw him loitering on the street and became suspicious of his disguised appearance. He entered his car and followed the twin brother to the edge of town.

Manlove then notified state police at Bridgeville and troopers arrested the man on the outskirts of Houston. He put up no resistance, residents of the town said. Herbert was said to have \$150 in his pocket when he was apprehended.

State police removed him to the Sussex County jail at Georgetown, where William was later taken.

Another suspect, William Napier, 40, believed to be from Kentucky, who also gave the names of George Brown and Earl Brown, and who said he lived near Milford, was arrested Monday in Dover.

Dover police and Gordon L. Willis, vice president of the Farmers' Bank of Delaware, worked together in bringing about Napier's arrest when he attempted to cash a check for \$276 Monday afternoon.

Mr. Willis, when the check was presented called the Lewes bank on which it was drawn, by telephone, and ascertained that it was among the checks recently stolen in the series of safe robberies in Sussex County.

In the meantime Napier, during the delay, apparently became suspicious that an inquiry was under way and left the bank.

### Calls Dover Police

Willis called Dover police and the police, accompanied by Mr. Willis, visited the other banks in Dover.

It was learned that a man answering Napier's description attempted to have a check cashed at the First National Bank in Dover, but that he had been refused.

Another policeman then caught Napier as he entered the Delaware Trust Company bank and approached the teller's window with a check. The check was for \$56.49 and was found to be one stolen from the safe of the feed store of Irving (Continued on back page.)

**Wonderful New Comfort**

*The Beautiful Chrysler | Silver Anniversary Model*

**New Convenience!** Easiest car ever made to get into and out of! Women enter and leave with dignity. Common sense engineering of wider doorways, and natural step-in entrances make it seem absurd ever to have to wrestle your way in and out of a car.

**New Wider Chair-Height Seats!** We don't fold you up like a "jackknife." You sit comfortably in seats the height of your easy chairs at home. We've more headroom, legroom, and shoulder room for you. And no other car has ever been so completely engineered from the fundamentals up for your comfort, your convenience, your peace of mind. You don't even have to press a starter button. Turn the ignition key and the engine purrs.

**New Easier Steering!** In one of the great advances since the war, we give you new "center control" steering. For the first time, tie rods of equal length give you balanced control. There's no wheel fight. There's greater road stability, easier handling, less road shock. Yes, and greater safety, too—for everything about this car is designed for safer driving. The new instrument cluster, in your line of vision on the steering wheel, reduces driving strain.

**New Smoother Driving!** Chrysler's mighty Spitfire engine now has still higher compression for faster acceleration, smoother response. And along with its better all-around performance goes an amazing new Waterproof Ignition System that's exclusive with Chrysler. You can drive through high water or play a hose on the engine but it won't stall. You get quicker starting, even in damp weather, smoother idling, longer life. *To really appreciate this fine car ask for a demonstration today!*

### SHORT STORY

#### Night Trip

By RUTH K. KENT

MAMMA tried to rest her head against the stiff plush seat back. My land, how did a body get any sleep on these trains? Mamma glanced at the girl sharing her seat. She was stylish looking. Papa had found this seat when he put mamma on the train. "She's young. She'll take care of you," he'd whispered.

Mamma needed someone to look after her... this was her first train trip in years, and she wouldn't be going now if Hank hadn't wired that Irene had to go to the hospital. And who would take care of her grandchildren...

She waited for the girl to turn her way. Maybe she was bashful. She hadn't said a word and they'd been riding an hour. Mamma leaned back with a sigh. She was tucked out, and her throat felt funny. Goodness, was she going to have a fainting spell? A drink of water... where was it? She caught the girl's eye. "Do you know where the drinking water is?" mamma asked.

"At the end of the car. Bring me one, too, will you?" Mamma pulled the gold watch from her belt. Eight o'clock. The time when she and papa always had a snack. Mamma brushed at her eyes. Silly to miss the old coat so.

Mamma took the shoe box from her knitting bag. She could feel the girl watching. "Want a sandwich?" mamma smiled, "these are chicken and these home-made liver sausage." The girl reached for the chicken sandwiches, both of them.

Mamma was tired. She twisted sideways and tried the back of the seat again. She tried putting up her arm and leaning her head on it, but the arthritis in her fingers started aching. The girl looked so comfortable and mamma sat back and watched her. Pretty little thing.

MAMMA remembered when Hank was a baby. Big oversized youngster, never would let her cuddle him. She'd always longed for a girl. But the second baby, the one that didn't live was a boy too. And so were the grandchildren.

People were milling about the car and every time the door opened a draft swept over mamma. She looked longingly at the girl, nestled in comfort. As if feeling mamma's eyes on her, the girl turned and stretched. "Comfortable?" mamma asked. The girl yawned. "No. It's too hard."

Mamma looked longingly at the window sill. "You have to share. Now if we could sort of rest on each other..." The sullen woman curved into a smile. "All right," the girl said.

Mamma's eyes were watching the tall girl walk away. Then Hank hustled mamma into the car. "Was it a rotten trip, ma?"

Mamma nodded. "The train was crowded and cold. But I sat with the nicest girl. If it wasn't for her I couldn't of stood the trip. She did... so much for me."

She squeezed Hank's arm and it was hard and strong. "Another boy, I suppose," she sighed. Hank shook his head. "Girl this time." And mamma remembered golden hair, a soft cuddly body.

The sunfish helps to rid the world of hordes of insects which otherwise would over-run it. Worst enemies of this friend of man are the pickarel and the large-mouth black bass.

#### Steel Rails

There are about 20 million tons of steel rails in use in the United States, over which more than 2.8 billion revenue tons are hauled each year.

She looked like a girl to take care of Mamma, Papa thought.

She hunched up her knees and rested her head against mamma. "My lands," mamma gasped. But the girl was breathing steadily already.

Mamma looked down at her. She never saw a girl with hair so yellow and eyes so dark. The lines around the red mouth were soft now, the lips full. Mamma looked about cautiously, then slipped a timid arm around the girl. She felt cuddly as a baby.

Mamma awakened at daylight. "Oh my goodness, I'm almost there." She patted her hair and smiled at the girl.

HANK scooped mamma from the train. "Gee, ma..." he kissed her. "The baby's here and Irene's okay."

Mamma nodded. "The train was crowded and cold. But I sat with the nicest girl. If it wasn't for her I couldn't of stood the trip. She did... so much for me."

She squeezed Hank's arm and it was hard and strong. "Another boy, I suppose," she sighed. Hank shook his head. "Girl this time." And mamma remembered golden hair, a soft cuddly body.

### UNIVERSITY OF DELAWARE

The outlook for the state's future supply of teachers was bolstered today by the awarding of 40 teacher-education scholarships, worth \$400 each, at the University of Delaware. The scholarships will aid Delaware young men and women with a "serious intention" of becoming teachers in the state, according to Dr. J. F. Daugherty, chairman of the university's committee on student self-help, loans and scholarships.

Twenty-five scholarships were made possible by a grant voted by the recent session of the General Assembly, and 15 more were made from funds provided by the Delaware School Auxiliary Association. The scholarships were on a competitive basis, and the awards followed qualifying examinations. Those awarded at this time will be only for the school year 1949-50, but may be renewed, depending upon availability of funds and the quality of the students' work. Freshmen will have to have a "C" average to retain their scholarships; sophomores must have an average midway between "C" and "B"; and juniors and seniors must do at least "B" work.

Fifteen of the winners will enter Delaware next month as freshmen; 14 more will be sophomores, eight will be juniors, and three are to be seniors. Ten are from Kent County, seven from Sussex, 15 from Wilmington and suburbs, and eight from elsewhere in New Castle County.

Since the scholarships are intended to help increase the state's supply of teachers and maintain

the quality of the state's teaching personnel in both elementary and secondary schools, all recipients will be required to declare their intention or preparing to teach in the public schools of Delaware, and to agree to make themselves available for teaching in the state for at least one year after graduation. The scholarship holders were required to be residents of Delaware, to present evidence of ability to do college work, and to show suitable personality characteristics for teaching. Financial need was considered only after applicants had met all other standards.

The recipients of the state teacher-education scholarships are: Seniors: Roberta Carothers, 351 South College Avenue, Newark; Leonard E. Hitch, R. D. 3, Laurel; Thelma Thompson, R. D. 2, Newark.

Juniors: Peggy Joyce McGrath Smyrna; Nancy M. Mustard, 114 North Bedford Street, Georgetown; Patricia G. Reynolds, Second and Adams Streets, Delaware City; Ruth A. Stevenson, Frederica; J. F. Downham, Wyoming; Mary Sue Prettyman, 514 Shipley Street, Eeaford.

Sophomores: Doris Buckalew, 307 Ohio Avenue, Brookland Terrace, Wilmington; Sue K. Conway, 230 North Bradford, Dover; William E. Ferry, Naaman's Road, Claymont; Norma Jampolsky, 207 West Second Street, Wilmington; Frances Johnson, 243 Filbert Avenue, Elsmere Manor, Wilmington; Alice P. Martin, 2602 Thatcher Street, Wilmington; Clarence Wright, Delmar.

Freshmen: William M. Howlett

(Greenwood High School), R. D. 2, Greenwood; Nancy R. Sterling (Dover High School), R. D. 3, Dover; Jane M. Pogue (P. S. duPont High School), 2103 Jefferson Street, Wilmington; Rae L. Priestley (Wilmington High School), 803 West 9th Street, Wilmington; Joanne A. Kowalewski (Wilmington High School), 1205 Beech St., Wilmington; John W. Kinnikin (Laurel High School), R. D. 3, Laurel; Marguerite R. Grant (P. S. duPont High School), 504 Glenmside Ave., Carrocroft, Wilmington; Joyce E. Taylor (Caesar Rodney High School), R. F. D., Wyoming; Diane Brodsky (P. S. duPont High School), 4 East 25th Street, Wilmington.

The recipients of the Delaware School Auxiliary Fund Scholarships are: Juniors: Joan Startt, 74 Rehoboth Avenue, Rehoboth; Frances Thomas, Westfield, Stanton.

Sophomores: Donald E. Bardo, 712 West 22nd Street, Wilmington; Mary A. Biter, 800 South Bradford Street, Dover; Joan Epstein, 125 Delamore Place, Wilmington; James F. Hart, 124 Catalpa Avenue, Wilmington; Helen E. Lilley, 28 Seminole Avenue, Claymont; Betty Ann Plummer, 403 North Governor's Avenue, Dover; Betsy Simon, 310 Grandview Avenue, Wilmington.

Freshmen: Robert C. Cunningham (P. S. duPont High School), The Mall, Arden; Mary V. McQuaid (Ursuline Academy), 1910 Linden Street, Wilmington; Donald R. Reath (Alexis I. duPont School), 11 North Pennewill Drive, Wilmington; Nancy Ann Goynes (Wilmington High School), 1010

### JVG Elects Officers

New officers for the Delaware Junior Vegetable Growers were elected at a recent meeting of the Delaware unit of the National Junior Vegetable Growers Association. They are: President, Glenn Dill, Milford; vice-president, Howard Millman, Lewes; secretary, treasurer, George Hopkins, Lewes.

Winners have been announced in vegetable grading and identification contests at the Kent & Sussex Fair, sponsored by the National Junior Vegetable Growers Association. First to fifth place winners of cash awards are: William Howlett, Greenwood; Marvin Davis, Milford; Louis Torbert, Greenwood; Earl Rambo, Houston and George Hopkins, Lewes. The prize money will be used to help defray expenses to the annual meeting of the Association in Washington, D. C., next December.

Prizes were awarded also at the fair to members with the most points in the vegetable exhibit, based on number of entries and prizes. These winners are: 1st prize, 4-H, Earl Leasure, Newark; 1st prize, F. F. A., Glenn Dill, Milford; 2nd, Louis Torbert, Greenwood; 3rd, Joseph Workman, Delmar; 4th, Robert Krewatch, Delmar.

### SISTER TEAM TO HEAD MILFORD VAUDEVILLE BILL

All over the nation vaudeville is being revived to gratifying results. Theatre-goers in the fortunate cities where vaudeville has come back are very happy at being able to see once again "the fresh entertainment." At Schine's New Milford vaudeville is now in its eighth month and week after week the programs are enthusiastically received by area patrons. Hardly a week goes by that the bill does not include at least one act that has played the famous New York Palace.

This Friday and Saturday the New Milford will offer another five act bill featuring the Stewart Sisters, vaudeville's popular sister team in a side splitting comedy skit. Other exceptional talent includes the Two Harts... a clever girl dance team, the Musical Johnstons... masters of the zitherphone; Myles Bell... offering hilarious impressions; and Ralph and Lorraine... a sensational acrobatic team. Its a well balanced bill full of music, dancing, novelty and laughs.

Another attraction scheduled for the stage of the New Milford during the coming week is "Stars in the Making" on Wednesday evening. This weekly talent show featuring amateur entertainers from the Kent and Sussex area is becoming more popular with each presentation. Anyone with talent in the area who has not yet appeared is urged to register at the theatre. The "Stars in the Making" show is an added attraction on the same program with two feature pictures.

#### Cooking Eggs

When eggs are to be cooked in the shell it is best to take them out of the refrigerator ahead of time to keep them from cracking when heated.

#### Foreign Cheeses

Dairy scientists are giving increased attention to foreign type cheeses. Many of these cheeses, formerly imported in large quantities may be made in the United States in the future.

**TO THE EDITOR:**

Sir,  
To acquaint the people of Delaware with the facts concerning the Kent County Republican Committee meeting held August 5, I wish to submit the following details.  
Notice of a meeting was given to members of the Committee in the following letter.  
"Kent County Republican Committee, Dover, Delaware, July 25, 1949. Dear Member: In compliance with Rule Niné of the Rules for the Government of the Kent County Republican Committee, do hereby call a meeting of the full committee to be held on Friday, August 5 at 8 P. M. at Court House, Dover, Delaware, to take up several matters of importance to the committee as a whole." This letter was signed by twenty-seven members of the Committee.  
The meeting was called to order by Mr. Robert Yerkes, the Secretary, although Rule Six of the Committee's Rules for Government specifically states "The Vice-Chairman shall perform the duties of the Chairman in the absence of that Official." The presence of Mrs. Davis, the Vice-Chairman, who has presided at all meetings of the Committee since the death of its Chairman, was utterly ignored, and she was not permitted at any time to hold the chair.  
A motion was made and passed that under Rule five, which reads "The Chairman shall preside at all meetings of the Committee, appoint all committees, unless otherwise ordered by the Committee, and perform all duties pertaining to the office of Chairman." Mr. Ralph Wine be elected Temporary Chairman.  
After Mr. Wine assumed the Chair, it was moved and passed that all offices be declared vacant. (It should be pointed out here that of the three elective offices, two, that of the Chairman and Treasurer, were already vacant because of the deaths of the late D. D. Wharton and J. Morris Harrington. The Secretary is appointed. Hence, the only elective office to be declared vacant was that of Vice Chairman—an office held by Mrs. Davis, who for twenty-eight years has been elected by the people of her district to serve on the Kent County Republican Committee, and who has served the Committee as Vice Chairman under the last three Chairmen.)  
At this point I addressed the chair, saying: 1. That under Rule nine the County Committee had been properly called to meet. 2. That under Rule four we could apparently remove Mrs. Davis from the Chair, but that if we wished "to throw her out" we should do it in proper order. 3. That under both our own Rules six and under Roberts Rules of Order I believed it impossible for the meeting to have been legally called to order by the Secretary. From this time forward I answered "Not voting" on all Roll Calls.  
The name of Mr. Robert Yerkes was then placed in nomination for the office of Chairman. He was elected on a roll call vote, which was taken by himself. At this point a temporary Secretary, Mr. Maris Pyott, was at last named.  
Mrs. Mary Burton was elected Vice Chairman on a Roll Call Vote.  
A resolution to the effect that the clause in Rule nine requiring five days written notice of each meeting be mailed to each member of the Committee stating the time and place of each meeting so called was presented. Another resolution was presented to the effect that Rule four be amended. A committee was named to which the above resolutions were referred for consideration to be reported at the next meeting.  
The meeting was adjourned at approximately 9:09 P. M.  
At approximately 9:10 P. M. Mr. Yerkes called a second meeting to order, in direct violation of Rule Nine, which was still in effect. Mr. Maris Pyott was appointed temporary Secretary for this meeting.  
The report of the committee of resolutions, of which he was not a member, was presented by Mr. Yerkes.  
Both resolutions were adopted by voice vote, although repeated demands were made for a Roll Call in each case.  
Col. George J. Schultz was elected Treasurer on a voice vote.  
The Chair now announced that it

had been decided to give the Active Young Republicans the privilege of recommending one of their members for appointment as Secretary. At this recommendation had not yet arrived, Mr. Yerkes appointed Mrs. Mollie H. Harbordt to serve as Temporary Secretary until the next meeting.  
The names of two persons were proposed to fill existing Committee vacancies.  
The second meeting was adjourned at approximately 9:35 P. M.  
As I am unwilling to be associated further with a group having such wilful disregard for democratic processes, I have consequently tendered the following letter of resignation.  
Viola, Delaware  
August 6, 1949

My dear Mr. Yerkes,  
Please accept my resignation from the Kent County Republican Committee, to take effect immediately.  
I find it no longer possible to carry out wholeheartedly my duties as a Committeewoman.  
I will continue to have the welfare of the Party at heart, and will do all in my power to further its best interests.  
Very sincerely yours,  
Cornelia Murray Campbell

**Powerful News that means a great deal to you**  
The pictures above represent power — more power . . . and still more being added right now. When completed, the capacity at our Vienna (Maryland) Generating Plant will be about 3½ times greater than in 1943. This is an expression of our confidence in the Delmarva Peninsula's future and in having your continued support of this American business enterprise. It is a part of our present five year construction program, representing an expenditure of more than 60 million dollars.  
This five year expansion program will contribute toward the maintenance of employment on the Peninsula—not only during the construction period and in the operation of these new facilities when completed—but also in the shops of suppliers of material and equipment.  
As in the past, we are building for the future—your future. So plan ahead . . . progress and expand with confidence, for electric power—the life-blood of industry, farm, home and store—will continue to be available throughout the entire Delmarva Peninsula. You can rely upon our system, at all times, for an abundant, dependable supply of electric power to meet every need.

### Blaze Routs 60 in Milford Hotel Lounge

Fire, raging through a cocktail lounge and corridor on the main floor of the New Windsor Hotel at Milford early yesterday, routed approximately 60 sleepy-eyed guests from their rooms, and sent them scurrying to the street.

The fire, of undetermined origin, broke out in the Blue Room lounge at about 12:40 a. m. The lounge, which had only been opened for about two months, was empty at the time.

Seymour Gellens, hotel manager, said he closed the lounge shortly after midnight. It is thought a cigarette, smouldering in a waste basket, might have started the blaze.

#### Men Smell Smoke

The fire was discovered by Howard Williamson and Edward Wilson. The two were sitting in the hotel lobby when Wilson smelled smoke. Following the sound of the crackling flames, Williamson opened the cocktail lounge door to find the room in flames.

The men called the fire company and roused Mr. Gellens. Together they alerted all the guests.

Firemen from the Carlisle Fire Company of Milford fought the flames for more than an hour before they were extinguished. Columns of smoke poured from many of the windows of the three story, 40-room brick hotel, which is approximately 70 years old.

#### None Of Guests Injured

Damage, although heavy, was limited to the lounge and adjacent corridors. All the guests returned to their rooms for the night, with none suffering any injuries.

All the furnishings and decorations of the lounge were destroyed, with the floor, walls, and ceiling being badly charred. No estimate of the damage had been made yesterday.

The hotel is owned by Thaddeus Windsor of Milford.

### Tomato Auction Block Opened

An auction block for the buying and selling of tomatoes was opened at Dover Wednesday and immediately attracted the attention of both the farmers and buyers.

Operated under the direction of Willard D. Boyce, the business is located on the site used by Mr. Boyce for his brokerage business just north of this city. It is the first effort to market farm products in Dover in this manner to be established in a long term of years.

Commenting on the establishment of the auction block Mr. Boyce stated: "For the past several years auction blocks have been operating in other sections of Delaware, as well as nearby states, for the sale of ripe tomatoes."

"With this type of buying and selling the tomatoes of the best quality bring the highest prices. Sale at auction will guarantee that."

Seven buyers were present on the opening day and there were many trucks available for transporting the tomatoes as they were sold.

### Indian River Bridge Bids Top Delaware Road Projects

More than half of the \$1,250,000 in low bids submitted for four State Highway Department projects Wednesday at Dover was for the proposed reconstruction of the south section of the Cullen Bridge over the Indian River Inlet. This section was destroyed by ice floes a few years ago.

The low bid for the Cullen job was submitted by George & Lynch, Wilmington, for \$759,913. Two other bids for the job were from Conduit and Foundation Corporation, Philadelphia, for \$774,780, and Baltimore Contractors, Baltimore, Md., for \$849,434, were opened.

#### 14 Bids on 4 Projects

Fourteen bids were submitted for the four projects.

George & Lynch, Wilmington, with their bid of \$37,080.50 were also low for the erection of the new Silver Creek Bridge in New Castle County. Other bids were Martin C. Imbach, Baltimore, \$42,607.50; E. Earl Downing, Wilmington, \$42,995; Barkley & Moore, Newport, \$43,135; S. D. Collins, Port Penn, \$44,384.50; James Julian, Elsmere, \$46,255; Whiting-Turner Contracting Company, Baltimore, \$46,819.50.

#### Newark Road Project

For the second section of the Newark to Limestone Road in New Castle County, 2.319 miles of 24-foot concrete pavement, James Julian, was low with his price of \$412,847.70, while the other bids were Wilson Contracting Company, New Castle, \$424,874.50; George & Lynch, \$426,320.10; and Standard Bitulic Company, New York City, \$470,699.65.

The low bid on reconstructing McCauley's Bridge and dam in southern Kent County, both with creosoted timber, was submitted by Delmarva Asphalt Company, Seaford, with a price of \$47,359. The other bids presented were James Julian, \$48,371; George & Lynch, \$49,604; Barkley & Moore, Newport, \$51,436; Martin C. Imbach, Baltimore, \$57,325; Pleasanton & Edgell, Dover, \$59,360; James McGraw Company, Philadelphia, \$72,700.

### 3 Youths Pay Dear for Gasoline

Three youths of the Bridgeville area paid \$7.50 a gallon for gasoline and then saw the gasoline taken away from them late last week, state police at the Bridgeville troop station disclosed Monday.

Burton Smith, 18, of near Greenwood; Charles Anderson, 18, Bridgeville, and David King, 18, of near Bridgeville, were arrested early Friday morning on charges of stealing 10 gallons of gasoline from the tank of a truck of the Bridgeville Flower and Feed Company.

Arraigned Friday before Magistrate William P. Short of Bridgeville, King and Burton were fined \$25 and costs on charges of theft of the gasoline, second offense, and Anderson, \$15 and costs on a first offense charge, a total of \$65 for the fines and \$3.50 each, or \$10.50 in costs. This brings the total cost to \$75.50 for the gasoline.

According to troopers the gasoline had been siphoned from the truck tank to a tin can. This was recovered and returned to the owner.

Ice cream, cake and candies were served in abundance.

Mr. Layton received many nice and useful gifts. Everyone left wishing him many more happy birthdays.

### Market Report For The Week

The following report on the market conditions and crop movements during the past week was prepared by the Bureau of Markets of the State Board of Agriculture:

"Tomatoes marketing in this locality started out at a very low price. Last week's price range of 15 to 25 cents for a % basket did not provide an adequate supply of tomatoes for processing needs.

A few scattered growers obtained good returns by shipping green and pink tomatoes for the fresh market. Many tomato growers were inclined to leave the tomatoes in the field at the 25 cents and lower figure. To get adequate supplies it has been necessary for most of the open market buyers to raise the price to at least 30 cents per % basket. Many open-market buyers offered 35 cents for quality stock. This is regarded by most growers as a break-

even price for labor, baskets and other operating cost, not including returns for land use.

"Tomatoes moving through the Farmer's Auction Block at Laurel have increased from 1,000 to 3,000 baskets daily, with still greater supplies in prospect. Paying prices 'under the hammer' are ranging from 41 cents to 48 cents per basket. The quality of tomatoes at the block is reported to be good, and somewhat above that of the average field run stock. Buyers explained that many growers and pickers pick a better quality of tomatoes when they know that the produce will be sold at auction, on its merits.

"Most tradesmen have stated that the quality of cantaloupes produced in Delaware this year is above average with many reports indicating excellent quality. Wholesale prices on loose cantaloupes ranging from 6 to 9 inches in size is 10-1/2 cents to 12-1/2 cents each, with flats of 12 selling for \$1.15 to \$1.65 and 2/3 crates of 24 selling for \$1.60 to \$3.25.

### No Date Set For Legislature

No indication has been given by Governor Elbert N. Carvel concerning the possible date on which the Legislature will be convened in special session to act on the question of paying a bonus to the veterans of World War II.

Likewise it is not known when the Governor will announce his appointment of the members of the new State public service commission which was authorized by the recent session of the Legislature.

Following the State-wide referendum on the bonus question, at which the payment of the bonus was approved by a large majority, the Governor stated that he would call a special session of the Legislature to act on the matter.

However, at that time the Governor did not indicate when the session would be held and since then there has been no information coming out of the Governor's office concerning a possible date for the session.

Usual reliable sources, who are almost constantly in touch with State affairs, indicate that Governor Carvel has no desire to have the special session during the usual normal vacation season since he does not wish to interfere with the vacation of any member or other persons connected with the session.

In that event it is possible that the special session will not be held until after the middle of September since some vacation periods extend beyond the Labor Day week-end.

Concerning the appointment of the members of the Public Service Commission, some action on the part of the Governor is generally expected in the near future since the law provides for the commissioner first and the appointments are expected to be announced some time before that date.

### Delaware Airmen Will Train At Dover Base

Delaware's 142nd Fighter Squadron and other eastern air units will begin operations at the Dover Air Force Base on Saturday. Concentrated Air National Guard activity in the Delaware area until that date was concluded Saturday night as some 2,000 officers and enlisted men of the 52nd Fighter Wing, New York National Guard, commanded by Col. Clyde H. Mitchell, moved out of the base.

The Delaware unit will be joined by units from Pennsylvania, Maryland, Virginia and the District of Columbia to complete a summer which has given the state its heaviest concentration of military air activity since the war.

Special trains left Wyoming Saturday and Sunday with the men of the New York Guard, except those who flew to the operations in their F-47 fighters and other planes or came by automobiles. A small rear guard was left to attend to post-getaway details.

Spears Allen to go hunting last week. Known him all my life, so I wasn't surprised when he showed up with no gun. Specs doesn't like to kill anything.
Couldn't ask for a better hunting companion, though. We tramp around the woods, and whenever the dogs flush a bird, I blaze away while Specs just watches.

Burton of Nassau. In their search for Napier police had learned that he had been in company with another man, believed to be his brother, and that they had been riding in a pick-up truck while William Napier attempted to cash the checks. But when Napier was arrested the other man abandoned the truck and drove out of Dover in another car.

State police said Napier told them he was from Appalachia, Ky., and is a former mine worker. He gave his age as 32. Beyond that, troopers said, he remained silent.

He is being held at the Bridge-arrainnig station before Magistrate, but it is planned to take Oscar King of Georgetown on charges of burglary and breaking and entering.

It was disclosed Tuesday that altogether four safes have been broken into in the Sussex County area and attempt was made to break into another. Two safes were taken, and have not yet been found, from the Economy Auto Sales Company store and Acme Store in Georgetown. In addition a safe was stolen from the Delaware Feed Company of Wilson McCabe and Son of Dagsboro, and another from the feed store of Burton. The two safes taken from the feed stores at Dagsboro and Nassau have been recovered.

The doors had been broken into and the contents stolen.

The attempt was made on the Farmers Cooperative store warehouse at Milford. It failed when the manager returned to the warehouse after dinner for a conference with a sales representative.

Pathfinder Class Has Annual Picnic

Mr. and Mrs. Lester Smith invited the Pathfinders Sunday School Class, of Asbury Methodist to their cottage at Riverdale for the class's annual picnic.

After boating and swimming, clamming and crabbing by some, a weiner roast was enjoyed by all. Those present were:

Mr. and Mrs. Lester Smith, Mr. and Mrs. John Greenhaugh, Mr. and Mrs. Earl Greenhaugh, Mr. and Mrs. Howard Wagner, Mr. and Mrs. Guy Winebrenner, Mr. and Mrs. Charles Peck, Jr., Mr. and Mrs. Thomas Peck, Mr. and Mrs. Joseph Wagner, Mrs. Mark Willey, Miss Emma Richards, Mrs. Harry Wright, Eleanor and Paul Wagner.

INDUSTRIAL COUNCIL MEMBERSHIP PYRAMIDS

Public awakening to the need for greater industrial development in Kent and Sussex Counties is seen by the large number of applications for membership received by the Delaware State Industrial Development Council within the past ten days. According to William Randolph, the Council's Membership Director, the increase of members has exceeded one hundred and fifty per cent.

"We look for a greater cooperation from existing business and other civic-minded individuals," stated Mr. Randolph, "as more people become acquainted with the purpose for which the Council has been formed and as they realize the soundness of our program.

"The purpose of the Council, which is headed by James E. Goslee, Jr., of Georgetown, is to tell 'The Delaware Story' to industry. Over four and one half billions of dollars has been allocated by American industry to a program of decentralization and expansion of operations. The Council has launched and is carrying on an aggressive program to persuade management to consider sites in Kent and Sussex Counties for plant location.

"In the several months of activity," continued Mr. Randolph, "the Council succeeded in attracting four new industries to lower Delaware. We are now negotiating with a fifth concern that will require over 500 employees.

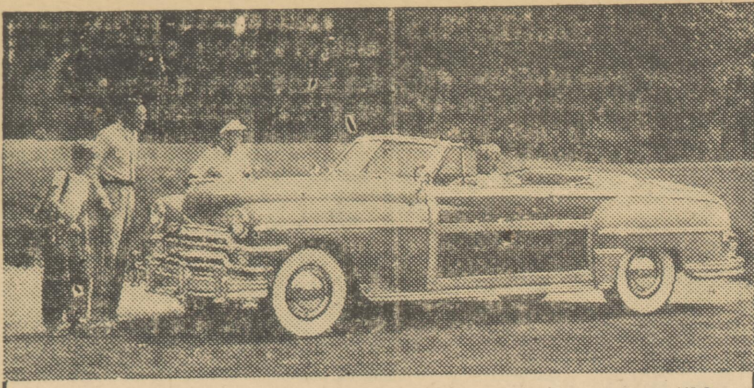

"Membership in the Council is open to firms and individuals interested in improving the economic stability of lower Delaware by making possible more and more employment opportunities." Address Mr. Randolph at Rehoboth Beach.

Social Security Queries Answered

Questions relating to Federal Old-Age and Survivors Insurance will be answered in this paper or by mail. Address all queries to Social Security Administration, Customs House, 6th & King Sts., Wilmington, Delaware.

Q. Please settle this dispute. Jones claims no matter what day of the month you attain the age of 65, if you are fully insured and file an application in that month, you are entitled to a check for the full month. Smith claims that you do not become entitled until 30 days after your birthday.

A. Jones is right. The Social Security law states, if you are fully insured, have attained the age of 65 and file an application in the month in which you attain age 65, you are entitled to a primary insurance benefit "beginning with the month in which such individual be-

comes so entitled to such insurance benefit. . . There is no prororation where the individual attains age 65 late in the month.

Q. Does everybody get the same amount in benefits?

A. No. Benefits are based primarily on the worker's average monthly wage. He is credited with all wages that he has received for work covered employment, up to \$3,000 a year. The Social Security Administration keeps an account for every worker in covered employment, under the worker's name and social security number. This number is the same as that on the social security card that the worker takes out the first time he gets a job in private industry or commerce. When the worker or his family files a claim for benefits, the worker's social security account determines the size of the benefits.

Q. My wife and I are receiving Old-Age Insurance payments. I now have an opportunity to open a small business of my own. Will we continue to receive our payments?

A. You will continue to receive your Old-Age Insurance payments. Payments are suspended only if you work in employment covered by the Social Security Act and earn more than \$14.99 per month. Self employed are not covered by the Act.

Frear Says Housing Bill May Be Amended

United States Senator J. Allen Frear, Jr. said Monday that the new private housing bill introduced by Democratic Senator John Sparkman of Alabama would probably be amended before it is reported out of the Banking and Currency Committee. The new bill, S-2246, provides among other things government loans for cooperative housing, both individual homes and apartments at low rates of interest. It has the support generally of labor and veteran groups.

On other Congressional matters, Senator Frear said that the resolution recently introduced in the Senate to provide for the formation of an Atlantic Union, is not a proposal for world government, which Mr. Frear said he would oppose at this time. The resolution calls for a meeting of delegates from Atlantic Pact Nations to talk over pressing international difficulties. Senator Frear, who co-sponsored the resolution, said that many persons had apparently misinterpreted the intent of the proposal, and thought it meant that the United States was initiating a world federation.

The Delaware junior Senator also reaffirmed his belief that appropriations for the Marshall Plan could be safely reduced. Senator Frear conferred at length last week with Paul Hoffman, the Marshall Plan Administrator. Mr. Frear also declared that he would support a loan to Spain, but did not believe that nation should participate in the ECA Program on the same basis as those

Rotary's Governor Visits Local Club

The annual visit of Rotary International's District Governor for Rotary District 272 occurred last Tuesday when William W. Reynolds of Haddonfield, N. J., paid his respects to the local club.

Prior to the meeting at the Wonder Bar, Bill Reynolds held a conference in A. B. Parsons office of the Delaware Power & Light Co., at which time he heard reports from John Parks, International Service Chairman; Elwood Gruwell, Vocational Service chairman; J. Harry Wright, Community Service chairman. Other officers and directors present were George K. Vapaa, past president; Melvin L. Brobst, president of the club; and A. B. Parsons, secretary.

The District Governor's address to the Club emphasized the importance of Vocational Service as a worthy contribution of any club's activities as a relationship for more effective service between employer and employee.

The other phase of Rotary which Governor Bill stressed was International Service, at which time he mentioned that Rotary was international before we had a United Nations, and that even now it has more international representation than do the meetings at Lake Success. He stressed the importance of international consciousness even though our communities may be small, and to erase the word "tolerance" from our vocabulary, for that term merely means to "put up with something, or someone."

The annual dinner at Rehoboth's Country Club will take place this year on Tuesday, August 23, with

The Harrington Home Demonstration Club held its annual family picnic Wednesday evening, Aug. 3rd, on the lawn of the President, Mrs. J. F. Camper, with 24 members and their families present.

They had lots of good things to eat topped off by home made ice cream and cake.

Due to the holidays falling on Monday, September 5, our next meeting will be held in Bank Hall, at 8 o'clock Thursday evening, Sept. 8, with three clubs as our guests, Andrewville, Todds and Houston. Let's have every member out.

Kent Tax Payments Being Made Rapidly

Payments of taxes by Kent County taxpayers is equal or better than the payments in previous years, according to a survey made by Receiver of Taxes and County Treasurer Webster Phillips.

The same condition applies to the payment of district school taxes throughout the county, according to Mr. Phillips. These taxes are collected by Mr. Phillips with the county taxes.

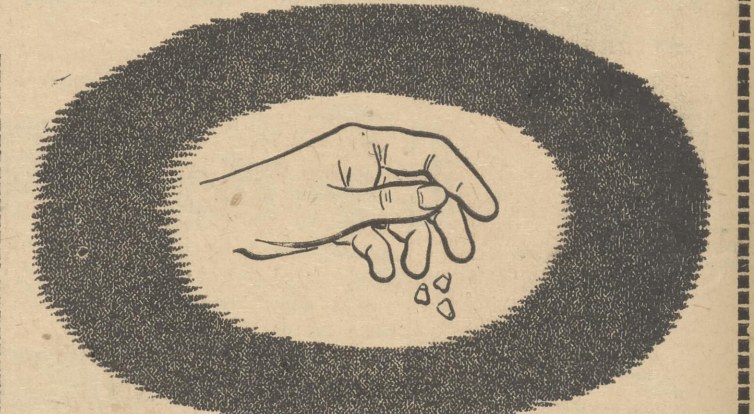

Although there was a delay of rate, Mr. Phillips reports that the almost two weeks in fixing the tax tab bills were mailed out at the usual time and some tax payments started coming in early.
