Janette Williamson Attends Girls' Nation in D. C.

Miss Janette Williamson from Harrington, arrived in Washington Sunday morning to attend the third Girls' Nation meeting here, sponsored by the American Legion Auxiliary. Miss Williamson is one of the two delegates appointed by the State of Delaware to be a representative to this national program for the training of youth in citizenship.

Sunday was the opening day of Girls' Nation, which will continue through August 27th. Under the leadership of Mrs. John Engesater of Brocket, N. D., National Chairman of the Auxiliary's Girls' State Committee, 96 girls, two from each state, have arrived to study national government.

The girls will set up a miniature national government of their own, form two political parties, hold a campaign election, and then carry out the legislative, executive and judicial functions of government. They will hear talks on national government from the officers of various government departments, including Secretary of Defense, Louis A. Johnson, and Secretary of the Navy, Francis P. Matthews.

Girls who attend Girls' Nation were elected at the 48 Girls' State sponsored by the American Legion Auxiliary this year, on the basis of character qualities and leadership ability.

New Felton School Head

Howard E. Henry

Howard Henry To Head Felton Public Schools

The Board of Education of the Felton School District has announced faculty changes for the coming year. Mr. Howard E. Henry will succeed Mr. H. F. Cobby as supervising principal. Mr. Henry did his undergraduate work at State Teachers College, Trenton, N. J., and received his Master of Education degree from Duke University in 1937. He also did additional graduate work at the University of Delaware.

Mr. Henry has had thirteen years' experience in secondary school teaching at Peddie Preparatory School, Dover High School, and North Plainfield High School, North Plainfield, N. J. During his ten years' service at Dover Mr. Henry developed courses of study in English designed to meet the needs of vocational pupils enrolled there.

Mr. Henry is a veteran of three years service in the Navy during World War II. He served as navigation instructor for officers at Princeton, N. J., and Plattsburg, N. Y., as aide to the Assistant Center Commander of Sampson Naval Training Center; and as assistant Civil Readjustment Officer at Sampson Personnel Separation Center.

He was released to inactive duty in 1946 with the rank of lieutenant and supervised 1400 veterans in training at Cornell University during the following two years as Training Officer for the Veterans Administration. During the past year he has been associated with the International Latex Corporation in the Credit and Collections Department.

At present Mr. Henry is living in Dover. He has a wife and two children.

Commercial Course Introduced

Felton is introducing a commercial course this year and has employed Mr. Vernon Meier, a graduate of Trenton State Teachers College, as instructor of commercial subjects. It is felt that this course will fill a need which has been recognized for some time.

Miss Rosemary Patterson will succeed Mrs. Virginia C. Harrington as home economic instructor. Miss Patterson is a graduate of Drexel Institute of Technology and during the past two years was home economics teacher at Salisbury, Md.

Mr. John J. Corkery will succeed Mr. Thomas Bowers as instructor of physical education and social studies. Mr. Corkery was graduated from West Chester State Teachers College and has had teaching experience at the Devereux School near West Chester, Pa.

Miss Grace L. Dearstine succeeds Mr. Harold E. Haines as music supervisor. She is a graduate of Ithaca College, Ithaca, N. Y., and formerly was instructor of music at McGraw High School, McGraw, N. Y.

Mrs. Marjorie Minner replaces Mrs. Mary Grace Umphlett as school nurse. Mrs. Minner is a graduate of Delaware Hospital, Wilmington, and is experienced in both hospital and private nursing. During the past year she has been on duty at the Kent General Hospital.

31,000 Fish Put In State Ponds

More than 31,000 large mouth bass and blue gills, ranging in length from three-inch fingerlings to 10 inches, were distributed in the ponds and lakes of Delaware last week.

The fish were the first large scale production of the fish hatchery of the State Board of Game and Fish Commissioners at Moore's Pond, on Route 113, about two miles south of Dover.

None of the fish were lost in transit, Chief Game Warden Calvin D. Marvel said. This was due to the use of a newly acquired fish tank, which supplies oxygen to the fish in transportation, Mr. Marvel pointed out.

The hatchery is being operated under a cooperative management agreement by the state board and the U. S. Fish and Wildlife Service. The fish and wildlife service provides the initial brood fish and the technical direction of the operation of the ponds.

Under this agreement, the state received 8,959 of the large mouth black bass and the Fish and Wildlife Service 2,000. Total production of the ponds was 10,959.

Of the 35,500 blue gills taken from the hatchery, the state's share was 20,500, and the government, 15,000.

Crappie Bass Later

There are currently large numbers of crappie bass in the rearing ponds and they will be taken out when the weather gets colder.

The fish were reared in three ponds at the hatchery. This week, work on putting two additional rearing ponds into production will be started. The ponds will be dragged and cleared and new gravel poured.

The fish which were distributed last week were hatched in the latter part of May and the first part of June. Two weeks are required for hatching and then the tiny fish are fed on a "5-10-5" proportion fertilizer in concentrated solution to bring them up to proper size for distribution in ponds.

The bass were distributed on an average of about 350 to each pond, the number being determined by the size and condition of the pond, and the blue gills at an average of about 700 for each pond.

The following ponds received the bass and blue gills; Lum's Noxon-ton, and Silver Lake, near Middletown, in New Castle County; Mud Mill Pond, Silver Lake, Dover; Lake Como, Smyrna; Voshell's, McGines', Andrews, Wyoming, Cousey's, all in Kent County, and Swiggett, Waples, Haven, Hearn's, Concord, Portsville, Records, Chipman, Trappe, Millsboro, Red Mill, Diamond, Blair's, and Wagamon, all in Sussex County.

SWAIN—LE COMPTE

Mrs. Agnes Swain of Harrington recently became the bride of Mr. William Le Compte of Cambridge, Md.

The Rev. F. H. Truitt of St. Michaels, Md. officiated.

The bride wore a sheer blue lace dress with white accessories including a white orchid corsage.

After a wedding trip through Canada, the couple will reside at Cambridge.

Check Health of School Children, Says Dr. Hudson

The public schools of Delaware will open on Sept. 7 this year. Dr. Floyd I. Hudson, Executive Secretary of the State Board of Health, reminds parents to see to the well being of their children before that date.

The Round-Up of pre-school children last spring, conducted by the State Board of Health, leaves comparatively few yet to be examined. Parents, who have not already done so, should accompany their children to the doctor and dentist for examination, immunization, and correction of any defect.

The degree of good health of every school child is dependant upon his habits of sleep, rest, exercise, diet, and hygiene; the condition of his teeth, tonsils, adenoids, eyes and ears; and the effort to recognize early, through physical examination, any defect or disease.

In order that a high level of protection may be attained, Dr. Hudson recommends that immunization against diphtheria and smallpox, given in infancy, be renewed before the child enters school. Not only is good immunization the best protection for the child himself, but is equally beneficial to the community.

Education and health authorities agree that good health is a factor in the alertness of school children.

New Jersey Woman Killed in Crash

Mrs. Ora Koenig, 39, of Woodbury, N. J., died early Tuesday morning in Milford Hospital as the result of injuries suffered Friday in an auto-fire truck crash near Magnolia.

Mrs. Koenig was riding in a car operated by her daughter, Miss Jeanette Kathleen Koenig, 18, also of Woodbury. Miss Koenig and her father, Harry E. Koenig, 43, suffered minor injuries. Operator of the fire engine was William Dawson of Camden, who was thrown from the engine when it was struck on the side by the automobile. Suffering from a fractured shoulder blade, Dawson was removed to the Kent General Hospital in Dover. His condition is not considered serious.

Wheat Loan Settlements Need Warehouse Receipt

Farmers who have placed their 1949 wheat crop under government loan are urged to contact the dealer who handled their wheat in order to secure their warehouse certificates which are necessary before payment can be made. In view of the fact that payments are made each Thursday, it is necessary to have these warehouse certificates in the hands of the County P. M. A. Chairman on Wednesday.

Under this agreement, the state received 8,959 of the large mouth black bass and the Fish and Wildlife Service 2,000. Total production of the ponds was 10,959.

Of the 35,500 blue gills taken from the hatchery, the state's share was 20,500, and the government, 15,000.

There are currently large numbers of crappie bass in the rearing ponds and they will be taken out when the weather gets colder.

Rotarians Hold Annual Banquet At Rehoboth

The Harrington Rotary Club held its annual summer dinner at the Rehoboth Country Club last Tuesday evening, with thirty-seven members and guests present.

In addition to the wives of the members, other guests included Mr. and Mrs. Scott Purse of Seaford, Mrs. Allen Black of Harrington, Mrs. Ethel Raughley and Mrs. O. S. Passmore of Harrington.

Dr. George Miller, State Superintendent of Public Instruction for the State of Delaware, was the speaker for the evening and together with his wife were guests of the club. He was introduced by Mr. J. C. Messner, Dr. Miller complimented Rotarians for their contribution to youth throughout the country, and stressed the importance that with the building of the man, you are building the nation.

Mr. J. Herbert Nichols, another guest, entertained the club with two bass solos, "Three for Jack" by Squire, and "Gypsy Love Song" by Victor Herbert. His encore was "Invictus" by Huhn.

Mr. Melvin Brobst is president of the club.

Others attending were: Mrs. Sam Williams, Mrs. George R. Miller, Mrs. J. C. Messner, Mrs. Melvin Brobst, J. Harvey Burgess, Mr. and Mrs. A. B. Parsons, Mr. and Mrs. Harry L. Boyer, Mr. and Mrs. Elwood Gruwel, Mr. and Mrs. T. Scott Purse, of Seaford; Mr. and Mrs. John Parks, Mr. and Mrs. Fulton Downing, Dr. and Mrs. Robert Smith, Mr. and Mrs. E. L. Freshman Class at U. of D. Expected To Be Large

The University of Delaware expects to enroll another large freshman class in September, Charles W. Bush, director of admission, said last Sunday.

To date, there are 582 young men and women eligible to register with the incoming freshman class, said Mr. Bush. He predicted that 550 of these actually will enroll.

The Class of '53 thus would compare with the 595 freshmen who entered last fall, with 637 who enrolled in September, 1947, and 813 in 1946. No previous freshman class at Delaware ever has approached these figures.

In comparison with the past two years, when a majority of freshmen have been discharged veterans, Mr. Bush said that only about 8 per cent of the incoming class will have service records, as compared with 24 per cent last year.

A freshman class of 550 would keep the University's undergraduate enrollment at about the level of last year's, approximately 2,150, Mr. Bush said.

Ticket offices of every station on the Delmarva Division of the Pennsylvania Railroad, except Harrington, Dover and Delmar, and freight offices of all except Harrington, will be closed Saturdays as well as Sundays, beginning Sept. 1, the railroad company announced Monday.

The closing of smaller passenger and freight stations for the two-day week-end is made necessary, according to the announcement, by the 40-hour week at 48-hours pay which goes into effect for railroad employees throughout the nation the first of next month.

The Wilmington passenger station will not be affected by the change, and will continue its present schedule of services on a seven-day a week basis, but the Wilmington freight office will have a skeleton staff only on Saturdays to handle perishables.

The railroads will continue to maintain necessary operations continuously in such key positions as control towers, yards, and terminal areas. Operation of the freight stations and smaller passenger stations is not considered feasible on a six-day basis under the 40-hour agreement made by the railroads with the 17 non-operating brotherhoods earlier this year.

The company announcement states that, as a convenience, where it is practical to do so at freight stations, bills of lading will be issued for carload shipments to patrons who desire to load such shipments on Saturdays. Other business, except the waybilling of such shipments, will not be transacted on that day.

Company spokesmen expressed the belief that patrons will understand the necessity for the shutdown of certain services, and will arrange to transact on other weekdays business that is now handled on Saturdays.

Passenger fares can be paid on trains when passenger stations are closed.

Watch Out For School Children!

"Watch out for kids—schools will soon be open!" This warning is being broadcast to Delaware motorists today by the Delaware Safety Council.

Taking into consideration both the excitement, and the fact that many of the youngsters bound for school will be "on their own" for the first time, it is up to the motorist to be doubly watchful for school children until the year's routine of safety is well established again.

You must remember that the youngsters are full of youthful energy and enthusiasm and in their excitement they will be bound to do certain things they shouldn't do.

John D. Reeder, President of the Delaware Safety Council, added that the excellent work of school safety patrols and classroom safety instructions cannot be entirely successful in protecting the children of our community unless the motorist gives wholehearted cooperation to our efforts to make Delaware's streets and highways safer for youngsters. The need for caution while driving is even greater during the school term. Children are ending their vacations and will be using the crosswalks and streets going to and from their schools. So, let a small tot with a first-grade reader under his arm be a human caution sign. Lighten your foot on the accelerator and proceed with extreme care and caution.

POTTER'S FIELD

We overheard a few caustic comments about the water shortage. One person wondered why notices were not published during the heat wave, which would have prevented a shortage in the first place, instead of waiting till we were nearly drowned out. There is a very simple answer to that.

Henry Wadsworth Longfellow said in his poem, "Retribution", "Though the mills of God grind slowly, yet they grind exceeding small." Ever since time began, the mills of all the Gods have ground slowly, unless some little thing incurred their wrath, (then they ground a darn sight faster and a darn sight smaller).

A child of the Vikings was

taught that when he died, the Valkeries would swoop down and take him to Valhalla. The Egyptian child would go to seek the great God, Ra, who dwelt in the Sun. The little Spartan or Athenian boy would climb Mt. Olympus in search of Zeus. The little Roman in his toga was sure that Jupiter would take care of him, and the little American Indian was sure of going to the Happy Hunting Grounds; but this is an unique little town.

Stop a kid on the street here, sometime and ask 'him where he is going when he dies and he will say, "Why to the barber shop, of course".

He knows where the seats of the mighty are.

Social Security Queries Answered

Questions relating to Federal Old-Age and Survivors Insurance will be answered in this paper or by mail. Address all queries to Social Security Administration, Customs House, 6th & King Sts., Wilmington, Delaware.

I have been working under social security for the past five years. I have just taken a position which is not covered by Social Security. Is there any way that I can continue payments into the Social Security Fund until I become fully insured?

A. No. Under the present law there is no provision for voluntary contributions to the Social Security Fund. However, if in the future you return to a job covered by social security, the wages you then earn will be credited to your same account and will continue to build up your record toward a fully insured status.

I am 65 years of age and still employed. I understand that I am entitled by reason of my age to an additional withholding tax exemption. Is this true?

A. This is not a social security matter but rather a matter that is

handled by the Collector of Internal Revenue. If there is any question as to the number of withholding tax exemptions that you are entitled to, ask your employer to communicate with the Collector of Internal Revenue.

Q. What types of jobs are covered by social security? Does the number of employees an employer has make any difference?

A. Any employer of one or more employees engaged in the usual type of commercial or industrial business is "covered" jobs, regardless of the number of employees in the employer's establishment, are jobs in factories, mills, mines, offices, stores banks, garages, hotels, restaurants, beauty parlors, and the like. Those not "covered" by the act are, in general, jobs in agriculture, domestic service in private homes, government service and work in religious, charitable and certain other non-profit organizations. The self-employed also are not "covered".

Only Chrysler Offers

Drive through high water... Start instantly in dampest weather! You can't stall this amazing Chrysler High Compression Spitfire Engine even if you play a hose on it! Latest and greatest development in high compression! Pioneered by Chrysler engineers who first introduced high compression to America 25 years ago! Featuring still higher compression Chrysler's mighty Spitfire again steps years ahead. Now you get completely waterproof ignition system, coil, distributor, wiring-harness, Spark Plugs—everything! And again our developments in engine protection keep pace with our advances in performance! Full Pressure Lubrication prolongs engine life. Exclusive Full Flow Oil Filter keeps oil so clean that a change is necessary only every 5,000 miles. Chemically treated cylinders reduce cylinder wall scoring, save on oil. New Wide-Gap Resistor Spark Plugs cut misfiring, conserve fuel. Superbush reduces wear of moving parts. And these are only a few of the Chrysler engineering "firsts" the other can't match. (Last week)

Tuesday of last week Miss Doris Holleger and Mr. Alfred Warrington, of town, flew to Paris, France. Their ultimate destination is Frankfurt, Germany, where they are to visit with Colonel Norman Coleman and Mrs. Coleman. Mrs. Coleman is the former Ruth Warrington, Mr. Warrington's daughter. They plan to be away three weeks and to stop in England before their return.

Mr. and Mrs. Charles Holliday, and Mr. and Mrs. Alvin Jarrell, of Felton, were at Riverdale on Sunday.

Mr. George Baker spent Friday in Wilmington.

Mr. and Mrs. Marshall Culver, of Dover, were the Sunday guests of Mr. and Mrs. David Robbins, of town.

Mr. and Mrs. Ira Sharp were at their Frederica home for several days last week. They are vacationing at their shore cottage.

Mrs. Omar Harrington and her granddaughter, Carol Ann, have returned to Bayone, N. J., after spending the summer with Mrs. Phillip Rhemick, Mrs. Harrington's mother.

Before Reverend John R. Diehl and Mrs. Diehl left for a vacation at Ocean Grove, N. J., the pastor of Trinity Methodist Church assured the community only through the limitations of time and circumstances had he been unable to call at all the homes in the area.

During the pastor's vacation the pulpit will be unoccupied the 21st and 28th, with services to be resumed on Labor Day Sunday, Sept. fourth.

The Church School services will continue as usual during the vacation period.

Wednesday evening of this week Frederica Firemen were host to the Kent County group. The local Ladies Auxillary served a chicken salad supper.

Mrs. T. Burris Spurry spent several days last week in Philadelphia.

Mrs. Pearl Hoopes, of Lansdowne, Pa., Mrs. Helen Barr, of Westmont, N. J., and Mrs. Sadie Moore, of town, were last week's guests of Mrs. Kate Boone, who entertained at the summer cottage of her son, Mr. Albert Boone, at Bowers.

Mrs. Mary Rhemick left on Sunday for Cranford, N. J., where her grandson, John Deacon, is ill with typhoid fever.

David Moore, Wilbur Ropka, Nelson Merchant and Billy Howell, members of the National Guard, are spending two weeks at Camp Carvel, Lewes.

Mr. and Mrs. Edgar Russell, Mr. and Mrs. John Russell, all of New Castle, spent two days last week with Mr. and Mrs. Howard Jester.

Billy Webb was in Atlantic City several days last week. There he visited with his grandmother, an aunt and Mrs. Clara Webb and her son.

Mr. and Mrs. Gordon Legates are the parents of a son, born Thursday at the Milford Memorial Hospital. Mrs. Legates was the former Patty Ford.

Mr. Roderick Johnston, of Philadelphia, is on a vacation. He and his wife are spending the time at the Slaughter cottage, at Kitts Hummock.

Mrs. Mary Rhemick had Mr. and Mrs. Phillip Harrington and son, Russell, of Philadelphia, as her week-end guests.

Mrs. Sallie Williams had Mrs. J. B. Lindale, of Magnolia, as her Tuesday guest.

Our entire Community was saddened yast Saturday morning when news spread around of the tragic death of Bobby Adams, only child of Mr. and Mrs. Jack Adams, near here. On Friday evening, when Mr. Adams was putting his truck into the garage, not seeing Bobby, ran over him, causing his death shortly afterward. Bobby was 4 years, 11 months old, and one of our Sunday school boys. He had endeared himself to all who knew him. Surely a gloom has been cast over our vicinity.

Funeral services conducted by the Rev. T. S. Dixon and T. J. Turkington, assisted by Rev. W. R. Dudley, were held in the church here on Monday afternoon, with interment in Denton Cemetery.

Four of our Sunday School boys acted as pall bearers. They were Kenneth Butler, Bobby Willis, Merle Lister and Bobby Pippin.

Mr. and Mrs. Elmer Butler and children, Kenneth, Ellen, and Ann, were last Saturday evening guests of Mr. and Mrs. Johnny Hendricks, Mr. and Mrs. Russell Stevens and near Burrsville. Other guests were daughters, Ruth, Ann, Doris, Jean and Phyllis.

Miss Louise Gray spent Monday with her sister, Mrs. Wesley Thawley, of Denton.

Mr. and Mrs. J. H. Edgell, of rural Greenwood, visited Mrs. L. H. Thomas last Sunday afternoon.

Mr. Lewis Butler was a week-end guest of his son, Marvin Butler and family of Tuckahoe Neck.

Mr. L. H. Thomas and grandson, Bernard H. Thomas, attended the V. J. Day celebration in Cambridge, on Sunday.

Dukey Dukes, of Baltimore, who

is spending the summer with his grandparents, Mr. and Mrs. E. M. Willey of Denton, was a dinner guest of Bernard H. Thomas, on Saturday.

Mesdames B. B. Allen, W. G. Holbrook and L. H. Thomas called on Mrs. Elmer Butler last Sunday evening.

Mrs. Elmer Butler and children, were last Sunday afternoon guests of Mrs. Elsie Woodward of Greensboro.

Mr. and Mrs. Herman Gravenor, having spent several days with Mrs. L. N. Murphy, returned to their Baltimore home.

Burrsville

(Last week)

Mrs. Russel Stafford of near Denton visited Mrs. Floyd Baker and Mrs. Florence Stafford, one day last week.

Mrs. C. N. Fountain and Mrs. Paul Beauchamp spent Tuesday at Rehoboth Beach.

Mr. Homer Stafford and Mr. Wm. Hughes, of Chester, Pa., called on Mr. and Mrs. Floyd Baker, on Saturday.

Mrs. Florence Stafford is spending this week with Mr. and Mrs. Russell Stafford.

Rev. and Mrs. T. H. Hudson are spending a part of the week at Ocean View.

Mr. and Mrs. Floyd Baker, Mr. and Mrs. Roland L. Draper, are spending a part of this week at Ocean Downs.

The remainder of the week will be spent in Chester, Pa. and Beverly, N. Y.

The Community extends their sympathy to Mr. and Mrs. George Adams of near Denton on the death of their only child. The child was injured so badly when he fell from his fathers truck. He died within an hour and a half after being admitted to the Memorial Hospital in Easton.

Truck Ass'n to Hold Banquet

The Delaware Motor Truck Association will hold its 10th annual banquet and Ladies Night on Sat., Sept. 17, at the Commander Hotel, Ocean City, Md. This annual affair given by truck owners from all over the Eastern Shore has grown into the largest meeting of truck owners and dealers, parts and tire people, truck users and insurance men in this vicinity and everybody who is anybody in the trucking industry in the Delaware, Maryland, Southern Pennsylvania, and Southern New Jersey will no doubt be present when the call for dinner is sounded.

Both Governor Carvel of Delaware and Povernor Lane of Maryland have been invited to the affair, together with the Congressional Senators and Representatives of Delaware and the Eastern Shore. Governor Carvel, U. S. Senator Williams and Representative Boggs all of Delaware have never missed a session with the truck owners and no doubt will be present at this affair.

The committee which is headed by Jesse A. Harmon, of Dover, as chairman, included Raymond Masten, of Milford, Henry Graves, of Georgetown, Roger Wooleyhan of Wilmington, Gil Banning of Federalsburg and Julian Pope of Salisbury. The committee is looking forward to the most successful get together that the Motor Truck Association has ever sponsored.

Frear Predicts Senate to Approve Minimum Wages

United States Senator J. Allen Frear, Jr. predicted that the Senate will approve a substantially increased minimum wage, but expressed doubts as to the practicality of trying a cost of living index to it. Senator Frear's remarks were contained in his weekly radio report to Delaware citizens.

Mr. Frear stated that while there are strong advocates of the proposal to link a minimum wage to the cost of living, the great administrative problems of enforcement, he said, might gradually lead to wholesale violations of the law. Last Thursday, the House of Representatives

passed a bill increasing the minimum wage from 40c an hour to 75c an hour.

Senator Frear also discussed farm matters in his broadcast and indicated that the Brannan Farm Program, in any form, is definitely out at least for the present.

He also called attention to three other matters of special interest to rural dwellers. They include:

1. The bill to expand rural telephone service which has already passed the House and is now awaiting Senate consideration.

2. The fact that appropriations for the Rural Electrification Administration will be sufficient to almost complete the job of electrifying rural America.

3. Title 5 of the new Public Housing Act which provides assistance for farm housing. Senator Frear was directly concerned with this section of the Housing Bill during the Senate debate before the legislation was approved.

Work on the new Sunday school is progressing quite rapidly and it will be so nice when finished, as it will supply the room badly needed for so long.

Mrs. Charles P. Armour, who has been suffering with pneumonia seems slightly better and we do hope she will be well again very soon.

Mrs. Amelia Alexander's condition has shown improvement, but not much. She is still in the Kent General Hospital, Dover, and we trust there will soon be a change for the better as we miss her very much.

Mrs. Thomas Markland spent several days at Denton Camp meeting during its sessions. She also visited her son, Thomas and family in Dover during the past week.

Calvin Hollis, of Chameade Farm, Landsdale, Pa., spent fair week with his uncle, J. C. Wharton and family.

Miss Carol Moore, of Rehoboth, spent a few days recently with Miss Sylvian Dougherty.

Mrs. Cora Satterfield had as dinner guests on Sunday Calvin Short and sisters, Mrs. Ella Walls and Mrs. Ebe Rust, of Georgetown, Mr. and Mrs. Merrill Thistlewood and Frank Johnson.

Miss Ruth Albert, of Reading, Pa., spent the past week at the home of Mr. and Mrs. Shockley Daugherty.

Mrs. Cora Satterfield is spending this week in Milford with Mrs. Sarah Sharp, who hasn't been feeling so well and we do hope she will soon be all right again.

Mr. and Mrs. Merrill W. Thistlewood and grandson, Larry Greenlee, made a trip to Elizabeth City, N. C., on Monday which they enjoyed very much with the exception of dampness as the rain just about

presentatives, by a vote of 361 to 35, passed a bill increasing the minimum wage from 40c an hour to 75c an hour.

Ag Films In Demand

Motion picture films distributed by the Delaware Agricultural Extension Service were shown before audiences totaling more than 3,000 persons during the January-June period of this year, reports J. E. H. Lafferty, extension editor.

Most of these films were shown at farm, home demonstration and 4-H Club meetings, while several were requested by schools throughout the state. The most popular movie was "A Step-Saving Kitchen", which was seen by 639 women. A movie on wildlife conservation, "Realm of the Wild", was shown to 477 people, proving most in demand by 4-H groups.

Other movies requested frequently were "Everyman's Empire", filmed in our National Forests; "For Health and Happiness", a nutrition film; "European Corn Borer"; and "Chicken of Tomorrow", the story of the 1948 national finals of this contest held in Georgetown, Del.

Motion pictures in the Extension Service library are on loan from the U. S. Department of Agriculture and other agricultural organizations. The majority of them are sound films, and many are in technical. While they deal chiefly with agricultural topics, many are of general interest for non-farming groups.

A list of films available for showing to farm, homemaking, 4-H and school groups in Delaware may be obtained from the Office of Information, Agricultural Extension Service, Newark, Delaware.

Winners of the potato-growing contest, sponsored by the Agricultural Committ of the Kiwanis Club were announced Saturday.

James McDowell, producing 1,530 pounds of potatoes, was given \$5 first prize with second honors, of \$3 going to Gordon Warren, who produced 720 pounds of potatoes. Third prize of \$2 went to William McDowell, producing 702 pounds.

Other contestants were William Craig, Francis Swift, Medford Embleton, Robert Obier, Leroy Calhoun, William Lord, Jr. and Millard

Calhoun. Each contestant started with 40 pounds of Irish cobbler seed potatoes furnished by the Kiwanis Club.

Pure-bred Hampshire gilts were presented to Francis Swift and John Hamstead as another step in the club's pure-bred hog program. Both boys will return to the club next year a gilt from their first litter of pigs to be presented, in turn, to two deserving farm boys of the community.

W. C. Skoglund, director of the short course in agriculture at the University of Delaware, was the guest speaker. His course at the University this fall will run from Nov. 14 through Dec. 16. W. Paul

Lord presided.

Marydel

Mrs. Amanda Schwartz of Stratford, Conn., is visiting with her mother, Mrs. Mary Autsch and her uncle, Father Berg, for the week.

Mr. and Mrs. Clarence Von Nieda and son, Richard, of Reading, Pa., are house guests of Mr. and Mrs. L. H. Collison for the week.

Mrs. John Powell and Mrs. Margaret Elliott of Wilmington are visiting with Mr. and Mrs. John Stafford.

Mr. and Mrs. Roy Stewart and daughters, Dorothy and Mildred, were guests of his parents over the week-end.

Miss Mary Hofman of Ridgewood, N. Y., and Miss Irene Murer of Maspeth, N. Y., are spending a few days with Mr. and Mrs. Wm. Oxley, Sr.

Mr. and Mrs. Herbert Butts, Mrs. Mary Smith, Miss Margaret Smith, Mr. and Mrs. Harry Smith and son, Harry, Mrs. Laura Glass, Mr. Charles Smith, Mrs. Elizabeth Ruff, and Mr. and Mrs. Clarence Phillips were among the 64 members of the Smith family to attend a family reunion at Crystal Beach Manor, Md., on Sunday, August 21st.

Mrs. Herbert Butts was elected the new president of the organization for the ensuing year.

Mr. and Mrs. Howard B. Logan, over the week-end, visited with their daughter and family, Mr. and Mrs. Walter Burkins at Carney's Point, N. J.

The Marydel Fire Company will hold its annual Carnival on the lawn of the Marydel Community Hall beginning, Thursday evening, August 1st and lasting until Monday, August 5th. On Thursday evening, at 8 p. m. the main feature will be an animal show; on Friday evening there will be a parade, beginning at 8 p. m.; on Saturday a stage show will be presented; on Monday prizes will be awarded. Each evening during the Carnival, ground prizes will be given away. There will be exciting ride events for the kiddies. Among the booths arranged for the interest of visitors will be the homemade pie and cake booth in charge of the Marydel Ladies Auxiliary.

In fact there will be entertaining moments for everyone present, from baby Joe to grandpa Elijah. Come out and enjoy the fun and frolic. Mr. Clarence Phillips and his committee are planning to have the Marydel Carnival go over the

top in a big way—but they need you and you and you to put it across.

CANNING, FREEZING AIDS, RECIPES OFFERED HOMEMAKERS

With a variety of fruits and vegetables currently appearing on Delaware markets homemakers are reminded of the recipe and canning booklets available from the Delaware Agricultural Extension Service.

Home canning in Delaware, with a revised chart on processing time, gives complete canning information for fruits, vegetables and tomatoes. It includes a canning budget, equipment needed, canning methods, and directions for each fruit and vegetable.

Peach recipes, show tempting ways to prepare peaches in cocktails, salad, short cake, upside down cake, punch, and preserves. Pickle and Relish Recipes, awaken memories of homemade pickles, pepper-onion relish, corn relish, sauerkraut, pickled peaches and many other pickled foods. Ingredients, equipment, and pickling processes are outlined fully.

Home Freezing of Fruits and Vegetables picture step-by-step directions for freezing corn, broccoli, and peaches; also charts for

many others, includes diagrams for making equipment for filling and sealing packages.

These publications may be obtained free from the Office of Information, Agricultural Extension Service, Newark, Del., or from county extension offices in Newark, Dover and Georgetown.

FAMOUS COMEDIAN TO HEAD MILFORD VAUDEVILLE

Coming direct from the famous Palace Theatre in New York, Bobby Pinkus, internationally famous comedian, will headline the five act vaudeville bill at the New Milford Theatre on Friday and Saturday. Bobby's comic antics are known all over Europe and the United States. The mere sight of him is enough to send audiences into howls of laughter. Besides the Palace, Pinkus has appeared at the Paramount and Capitol Theatres in New York, the Palladium in London, and other famous show places. His comedy and hoofing has made a terrific hit at every place he's appeared. Ruth Foster, Bobby's wife and assistant, won the national "Continental Dance Contest" sponsored by Fred Astaire and Ginger Rogers some years ago. She does tap dance routines and acts as Bobby's "straight man".

Also featured on the five act variety bill is Juanita and Her Skating Champs... four girl skating champions in action; Ginger Harmon... lovely singer of songs; Professor Fabian and Marna... the whimsical wizard; and Fred Lane... dancer extraordinary.

Also scheduled for the stage of the New Milford during the coming week is another "Stars in the Making" talent show on Wednesday evening.

DELAWARE SOCIETY FOR CRIPPLED CHILDREN AND ADULTS

Nearly \$6,000,000 was contributed through the 1949 Easter Seal

Campaign for service to the nation's handicapped, according to Gerald M. Ungaro, of Chicago, treasurer of the National Society for Crippled Children and Adults.

Ungaro said that on the basis of the returns received to date, the 1949 drive would result in about a one-half million dollar increase over 1948 returns.

The 1949 Easter Seal campaign was conducted by member societies throughout the 48 States, the District of Columbia, Hawaii, and Alaska. Ungaro pointed out that practically the entire amount was raised through a direct mail campaign with no personal pressure to contribute being placed on the recipient of Easter Seals.

"The increase in the 1949 campaign illustrates that the American people endorse free voluntary giving to causes in which they believe, where they can give as much or as little as they please," Ungaro said. "The additional funds will make possible an expansion of the three-point program of direct service to the handicapped, education and research which guides the National Society and its more than 2,000 affiliated state and local units."

Among the services the National Society and its member units provide for the nation's handicapped are, cerebral palsy service, and clinics, consultation and organizational service to cerebral palsy parent groups, consultation in speech, occupational and physical therapy and other fields, employment services for the handicapped and a host of other activities, supported almost entirely by Easter Seal contributions. More than 90 per cent of the funds raised annually remain in the state in which they are contributed.

4-H CAMPERS HAVE FULL PROGRAM AT CAMP BARNES

Eighty-five boys and girls from Delaware 4-H Clubs are enjoying a program of classes, demonstrations, recreation, and sports this

week at Camp Barnes, near Roxana, reports Miss Jean Lee, state 4-H Club specialist.

Originally scheduled as a two week camp with boys and girls attending separate sessions, the camping period has been combined into a one-week session for both boys and girls.

Directing the camp activities is Samuel Gwinn, Sussex County 4-H agent, who is also teaching a class in officer training. Other classes taught by Extension Service personnel include group singing, in charge of Maurice Field, New Castle 4-H agent; grooming, Margaret Webb, Kent County 4-H agent; party foods, Gertrude Holloway, nutrition specialist; exhibits, Virginia Kirkpatrick, assistant editor; rope making and knot tying, William Calvert, agricultural engineer and John Crothers, assistant county agent; garden demons, Robert Stevens, horticulturist; photography, William Sloan, assistant county agent; metalcraft, Jean Lee. A course in soil conservation will be in charge of William Rattedge, Sussex County Soil Conservation Service.

Special programs will be featured during daily assembly periods. A firearms demonstration will be given by the State Police, while another activity will be a nature hike. Campers will also have plenty of opportunity to take part in recreation such as swimming, boating, softball and volleyball.

The week-end camp for 4-H local leaders and Link members will take place August 27 and 28 as originally planned, says Miss Lee.

From where I sit... by Joe Marsh

If They're Wild, They Belong To Tik!

Saw Tik Anderson last week and was reminded of the first time I ever spoke to him. The missus had sent me out one Saturday afternoon to hunt for some blackberries.

I took a long hike and couldn't find any. Finally, I came to Tik's house along that low stretch east of the fork on River Road. "Hi there," I says, "any blackberries around here?"

Tik says, "There used to be—but I don't know much about things that grow wild." Later, I found how Tik supports his family by picking berries. Ever since, I've

been like the rest of folks in town—respectful of his right not to tell where "his" berries grow.

From where I sit, respecting other folks' rights comes natural in our town... in America for that matter! Whether it's a person's right to enjoy a temperate glass of beer or ale, or whether it's Tik Anderson's right to keep secret where his berries are, it's all a big part of a real democracy!

Ayrshire Calves To Be Awarded

The deadline for entering the Ayrshire contest for youngsters has been extended to Sept. 1, 1949, it was announced last Friday, by C. M. Rodriguez, president of the Ayrshire Breeders' Association.

The original deadline for entering the contest, which is open to all American boys and girls under eighteen, was August 15, but at the request of hundreds of busy farm youngsters, it was decided to advance the date to September 1. Awarding of the two pure-bred Ayrshire calves for the best letters on the subject, "Why I Want an Ayrshire Calf", will be made early in October, at the First International Dairy Cattle Exposition, in Indianapolis.

The contest is open to all youngsters in the United States of America under 18 years of age. Prizes are two pure-bred Ayrshire calves, one to be awarded to a boy, another to a girl.

The pedigreed calves will be awarded by the Ayrshire Breeders' Association for the two best letters on the subject, "Why I Want an Ayrshire Calf". Letters must be more than 100 words, not over 250 words. They should be mailed to: Contest Committee, Ayrshire Breeders' Association, Brandon, Vermont, before September 1.

Contestants may use their discretion in stating their reasons for wanting to own an Ayrshire calf, but entries must be more than 100 words and not over 250 words. The judges will select the winners on the basis of the best, the sincerest and most clearly stated reasons for a youngster wanting an Ayrshire calf. The contest is open to all youngsters under 18 years of age whether or not they already own any Ayrshire cattle. The decisions of the judges will be final.

First U. S. Ski Club

The first ski club in the United States was organized in 1882. Founded by Scandinavians in Berlin, New Hampshire, it was the pioneer in a sport which today counts an estimated two to three million American devotees.

Mr. and Mrs. William Revelle and two daughters, of Crisfield, are spending a part of their vacation with his parents, Rev. and Mrs. W. H. Reveille.

Picnic Pointers

Picnics can be easy on the home-maker and a lot of fun for the entire family, says Maybelle Ligon, Sussex County Home Demonstration Agent.

Just take along the sandwich filling and some plain bread and butter sandwiches or buttered rolls suggests Miss Ligon.

Keep meat or egg mixtures cold—in an insulated container or one surrounded by ice.

Miss Ligon recommends that fresh vegetables be brought to the picnic crisp and cool in covered jars, plastic bags or wrappings of waxed paper or aluminum foil—surrounded with ice in a pail.

The pail may be wrapped in newspaper for insulation. The same icy pail may be used to keep fruits and bottles of fresh milk, ginger ale or fruit juice.

For safety, it's important to keep meats, poultry and egg dishes piping hot or thoroughly cold for picnics, says Miss Ligon.

They need to be kept either hot or cold from the kitchen to time of eating. If such foods cannot be kept hot it's safest to chill them thoroughly before packing and reheat or serve cold at the picnic.

Picnics can be as well-balanced as home-served meals. Provide protein by including one of these on the menu—cheese, eggs, poultry, fish or meat. A variety of fruits and vegetables should also be provided for the picnic.

Peach Growers Face Losses

Peach growers of Delaware are faced with the prospect of severe financial loss in the current market, according to a report issued Wednesday by the State Board of Agriculture's Bureau of Markets in Dover.

A heavy yield of high quality peaches now coming out of state orchards is stalled, the report stated, by terminal markets oversupplied and prices "disastrously low."

"Peaches are a highly perishable crop, and harvesting should be completed within a few days," the farm report emphasized.

Because of this unchangeable situation, and the glut on distribution centers with attendant peach prices, growers of the state "are faced with the prospect of severe financial losses," the bureau of markets reported.

In addition to the troubles of peach growers, the market report stated that tomato crops are not making the lot of farmers any happier.

"Although prices have advanced from a low of 15 cents to 25 cents at the beginning of the marketing season, the average general price received by growers is regarded as inadequate to cover production costs this year," the farm bureau said.

Heat Reduced Yield This condition is due principally, the report stated, to the low yield per acre resulting from the heat and extremely dry weather in many sections of the state.

The weather also hurt the corn crop, already cut 57 per cent in acreage below that of last year for canning purposes. The yield of this year's corn crop "may be cut by as much as 26 per cent," the bureau of markets estimated.

Yields of three tons per acre are regarded as good this year, as compared with five tons last year, the report stated.

WHEELER RADIO STORE NEWS

If you remember during the war when refrigerators were hard to get at any price. There were a good many sold regardless of the name or quality, but today this has changed and I have sold so far this year twice as many refrigerators as I sold last year.

Simply because the manufacturers stand back of their products and everybody knows Philco when they hear or see the name and the other make we handle, Westinghouse is almost like one of the family as it is also one that you will be proud to say, "My new refrigerator in a Philco or Westinghouse".

Did you know that Westinghouse is now making an automatic washer for \$219.95? How can you wait any longer? Of course I cannot guarantee you delivery on a certain day, but I can take your order and deliver very shortly.

Then again while we are speaking of washers, think of a genuine Maytag for \$124.95, and only ten dollars more with an automatic pump. I have these in stock for immediate delivery.

If you want a used washer, drop in and see what we have as there are several good ones, reasonable. I know most of you ladies are doing a lot of canning and I expect you are using an old wood range or oil stove.

You owe it to yourself and those dark walls, of getting a gas range. Your cooking troubles will be over.

We have apartment or full size ranges as low as \$125.00 installed and gas right ready to turn on. Let us hook up that new range you just bought with either bottled or metered gas. We have a few used gas ranges left.

Are you thinking of buying a new oil heater this coming season? If so I have several used ones that will pay you to look over or if you are purchasing a new one we have them also.

Any stove we sell we will pipe direct to any drum or barrel so your troubles with heating will be over.

We now have our wall paper bins full and overflowing, so when in need of wall paper just drop in and see if we can please you, both in quality and price.

Ag School Appoints 5 Teachers

Five instructional appointments in the University of Delaware's School of Agriculture were announced today by Dean George L. Schuster, who listed two new associate professors, two instructors and a graduate assistant.

Two of the appointments are in the field of animal and poultry industry, and one each is in agricultural economics, agronomy and horticulture.

Winthrop C. Skoglund, formerly on the Delaware faculty until his resignation last fall to enter business, returns as an associate professor in animal and poultry industry, and as director of the new short course which the School of Agriculture will offer this winter to Delaware farmers.

The other appointees are: Dr. Samuel A. Dum, associate professor, agricultural economics; Robert J. Bacon, instructor, animal and poultry industry; F. Burton Collins, instructor, agronomy; Otis H. Johnson, Jr., graduate assistant, horticulture. All will work also in association with the Agricultural Experiment Station at the university farm.

Dr. Dum comes to Newark from Purdue University, where he received his Doctor of Philosophy degree in June after serving as a graduate assistant in the department of agricultural economics there for two years.

He received his bachelor's and master's degrees from the Pennsylvania State College, where he also was a graduate assistant. During the war, he served four and one-half years in the AAF and was discharged as a major after two years of overseas service. A native of Landisville, Pa., he is married and is the father of a son.

Mr. Bacon, who lives at 912 Delaware Avenue, Wilmington, is a graduate of P. S. duPont High School. He received his bachelor's degree at Penn State in 1948, and an M. S. degree from the University of Delaware this year. He has served on a part-time basis in the duPont Company's Veterinary Chemical Research Laboratory near Newark, and for some months earlier this year was a graduate assistant at the university.

Mr. Collins has been a research assistant in agronomy for the past four years, and is now promoted to instructor. A graduate of the University of Delaware, he also received an M. S. degree there this year. Married, he has a daughter. Mr. Collins served with the Army, including occupation duty in Germany.

Mr. Johnson has for the past two years been manager of a nursery at Raleigh, N. C. A graduate of North Carolina State College, he served in the armed forces for four years. He has a daughter.

Mr. Skoglund, a graduate of the University of New Hampshire, holds a master's degree from Penn State.

SHOOT STORY Childhood Encore

By ROGER S. VREELAND. THE house still stands at 215 Inwood Lane, Claremont.

The Inwood Lane is important. Remember that. The number doesn't make any difference, because then there wasn't another house within 500 yards.

Honeysuckle at the end of the piazza entwined a lattice screen and you could really suck the honey. Uncle Clem—who wasn't really my uncle—had shown me, bow.

Canas grew funnel-shape way up past the piazza railing. Mother's round peony garden on the side lawn by the swing that my father had made (I never remembered him) grew luscious creamy pink and white flowers.

Inside was the brick fireplace before which the three of us would sit in the winter. Uncle Clem taking care of the fire and telling us stories while Mother sewed, and I would watch the picture of Nero's Horses over the mantel until I saw their eyes roll and breath steam out of their nostrils.

This was the house I was born in. It was big and it was old and it was full of strange nooks from cellar to attic. I knew Mother liked it for she often said she hoped some day to buy it.

Considering she was a widow, my mother did well in providing for the two of us until Mr. Hale came. That was Uncle Clem's real name. She didn't need the small amount he paid her. It was just from the kindness of her heart that she gave him a home.

He was old, feeble, bent over; he carried a cane most of the time. I know those things now. But strangely I remembered him as spry, full of pep and fun. He was good and kind and always thinking of things to do.

MOTHER never knew where he came from, until after he was gone. The first I ever saw of him was when he appeared at the door into the living room and "entertained" him until Mother came in from the chicken coop.

Mother was cool to him at first. She was always suspicious of strangers. But I saw the kind of fellow he was right away. He told her his family was gone and asked if she had a room to spare. He said he had a little money, enough to pay for his room and board.

Uncle Clem spent nearly all his time with me. Sometimes he would forget what we were playing, and sit with a kind of dreamy, faraway look. Then he would snap back into what we were doing. He got to calling my mother Mom and I guess she didn't mind.

Once I heard him tell her that his working days were over and he enjoyed trying to be a boy again.

But there were some things I couldn't understand about him.

When we played hiding games he'd seem to have an uncanny sense of where to look. He knew about the flat stone over the abandoned well behind the chicken coop before I showed it to him, the loose board on the floor of my closet, the recesses over the eaves in the attic, and the door to the unused cold storage vault in the cellar.

He even knocked on one of the inside walls where it sounded hollow, and he said: "There was a window there once."

When Uncle Clem died I cried all night. Mother had to go into his personal things. His will was made out to her, leaving her enough to buy the house. I'll never forget her cry of surprise when she came across an old newspaper clipping he had saved. It was about his retirement from business. I have it now.

"Clement B. Hale," it began. "was served a testimonial dinner last night by the insurance company which he has served for 40 years. This is a record for the company," stated John H. Quinn, the president, who presented Mr. Hale with a gold watch. Hale, who now retires on pension, was born March 19, 1852, in Inwood Lane, Claremont."

State College Deficit Grows

The deficit at Delaware State College, which was originally thought to amount to approximately \$50,000, has been found to exceed \$61,000, according to Gilbert Nickel, president of the college board of trustees.

The General Assembly appropriated \$50,000 last spring to make up the anticipated deficit, but this appropriation will fall \$11,000 short of meeting the need, Mr. Nickel said.

The deficit, first revealed in an investigation made by the office of State Auditor James W. W. Baker, at the direction of Governor Carvel, consists largely of unpaid bills, Mr. Nickel said the trustees plan to make up the \$11,000 or more from current funds.

Eviction Ordered The board president also said that Mr. and Mrs. Raleigh Thomas, uncle and aunt of Dr. Howard D. Gregg, suspended president of the college, have been ordered to leave a state-owned house intended for two faculty families, and which they have been renting for \$10 a month.

He also said that more than \$3,000 in rent is due the college from faculty members.

Mr. Nickel said that the trustees have directed John F. Cook, business manager of the college, to collect \$70 in rent due from Mr. Thomas, to attach his furniture if necessary to collect it, and to have him and his wife evicted from the house.

He said the house was purchased by the college with the idea of accommodating two faculty members and their families and that Dr. Gregg approved expenditure of about \$2,000 to renovate the structure without authorization from the board of trustees.

After the work was done, Dr. Gregg rented the place last September to his uncle and aunt for \$10 a month, also without authorization from the trustees, Mr. Nickel said.

The trustees have also found, he continued, that Mr. Thomas never paid the \$10 rent except in the month of February, when two payments of \$20 each were made. No payments have been received since, he added.

Plan Higher Rental The trustees plan to rent the house to two faculty members, at a higher rental. The rate has not yet been established; the college is re-evaluating all its rental properties.

Mr. Nickel said Mr. Cook has been authorized to deduct the back rent plus the current rent from the salaries of those who are delinquent and are continuing to rent dwellings from the school.

Mr. Nickel revealed that William H. A. Booker, former part-time registrar, has been relieved of the duties of that office and will be employed full time as a teacher of English. The position of registrar has been combined with that of dean of the college, a post held by Dr. Maurice Thomason, one of the board of three running the college during the suspension of Dr. Gregg.

Defense Secretary Views Delaware Air Guard in Action

Secretary of Defense Johnson, Gov. Elbert N. Carvel of Delaware, and Gov. James H. Duff of Pennsylvania, head the list of notables who attended the air and ground review yesterday at the Dover Army Air Base.

Secretary Johnson's presence came as a surprise to those in charge of the maneuvers, who had expected him to send a representative from the Department of Defense.

Approximately 100 planes of the 43rd Fighter Wing, Air National Guard, took part in yesterday's review, which got underway at 2:30 o'clock and continued for several hours. Included in this number was 48 planes from the New Castle County Airport, who flew to Dover yesterday morning to participate in the review.

Other notables at the review were: Maj. Gen. Frank A. Weber, adjutant general of Pennsylvania, and four generals from the National Guard Bureau in Washington, D. C.

The group reviewed the air and ground forces representing units from Delaware, Maryland, Virginia, Pennsylvania, and the District of Columbia.

For a while it appeared as though the weather would force the cancellation of the review. When storm warnings from the hurricane sweeping northward off the Atlantic Coast were posted for Delaware Wednesday, Col. Lorn C. Faurot of Pittsburgh, wing commander ordered evacuation plans put into effect immediately.

Bombers of the 111th Bomb Group were sent to Mansfield, O., while the groups' utility and single-engine aircraft flew to Reading, Pa., to avoid storm damages.

The 112th Fighter Group was split with the 148th Squadron's planes going to Reading and the 146th and 147th Squadron to Pittsburgh, P. All Baltimore, Md., aircraft attached to the group, were flown to Louisville, Ky.

State Units in Ohio The Virginia aircraft of the 113th Fighter Group was sent to Lynchburg, Va., the Delaware aircraft to Mansfield, O., and the remainder to Pittsburgh.

Planes of the 153rd Air Control and Warning Service and Wing headquarters were dispatched to Reading.

Selective Service System Being Sharply Curtailed State Director of Selective Service Dr. Victor D. Washburn recently announced that a severe and drastic cut in the budget of the Selective Service System will result from anticipated Congressional action.

This requires that immediate steps be taken to conform to the new situation.

It has been necessary to reduce all clerical employment to a bare skeleton and to eliminate telephones in some of the Selective Service local boards.

The Selective Service System has not been relieved of the responsibility, under the law, to deliver men for induction, and it always must be ready to expand to full operation should the need arise.

"Under the circumstances," Dr. Washburn said, "practically the only function of local board offices will be the registration of those men attaining their 18th birthday or those men returning from service with the armed forces who

have not yet attained their 26th birthday."

The offices of Wilmington Local Board No. 4 and New Castle County Local Board No. 3 will remain at their present location, 901 West Eighth Street, Wilmington. Office hours will be from 8:30 a. m. to 5:00 p. m., Monday through Friday.

The office of Local Board No. 1, Kent County, will remain at Building No. 19, The Green, Dover. This office will be open every Friday from 8:30 a. m. to 5:00 p. m.

The office of Local Board No. 2, Sussex County, will remain in the State Armory at Georgetown. This office will be open every Thursday from 8:30 a. m. to 5:00 p. m.

Warning Issued On Licenses

The State Tax Department warned yesterday that a penalty of 25 per cent will be imposed on all persons, firms, or corporations engaged in business which have not obtained a license by Sept. 1.

Under prevailing statutes, persons or firms, which do not display the licenses in a conspicuous manner are liable to fines up to \$100.

A survey by the tax department indicates that there is a considerable number of firms and persons that have not obtained licenses, with the deadline less than a week away.

The statutes provide that in addition to the criminal penalty, suit may be brought without further notice to collect license fees from delinquents. Tax department officials are currently making a survey of delinquent and will enforce the license law wherever applicable.

Thus far, a total of 12,037 licenses have been issued, compared

to 11,792 last year. Of these, 7,016 were issued in New Castle County; 1,813 in Kent, and 3,208 in Sussex.

Science to Stare 65 Million Miles at Mars for Life Signs CHICAGO—University of Chicago scientists are getting ready to take a look at Mars with a newly developed electronic device to see if there's any life on the planet.

The device, called a spectral recorder, can analyze matter millions of miles out into space. It will be hooked up to McDonald observatory's 82-inch reflecting telescope at Fort Davis, Tex., when Mars comes within 65 million miles of earth—the closest until 1950.

The astronomer wants to know if the green patches on Mars are identical to vegetation growing on earth and whether polar caps are composed of frozen moisture.

They said that if there was thriving plant life on Mars there was a possibility that animal life existed, although probably of a different evolutionary nature than that on earth.

Wolves Find Way to Escape From Circle of Red Hunters MOSCOW—The favorite method of hunting wolves in Russia is to make a ring of red flags around the place where the wolves are thought to be hiding. A small gap is left in the ring and here the hunters wait to open fire when the wolves make for the gap.

For hundreds of years this method of hunting has been successful for the wolves feared to run through the cordon of waving red flags. But now some educated wolves in the Moscow area have learned to run through the flag ring and thus avoid the hunters.

It is essential to kill the wolves, says a Moscow paper, because they prey on elk, of which there are nearly 3,000 in the Moscow province forest tracts.
