

Kent & Sussex Raceway Opens Fall Harness Meet Tomorrow For 20-Night Session

The Harrington Journal Trophy Race For a \$1000 Purse to Be Feature Event; Quality of Entries Is Excellent

Indications point to one of the best meets, if not the best, in the history of the four-year-old racing association. A record number of entries and an improved track back up this prophecy.

That is saying a lot. Last spring the Kent & Sussex Racing Association spent some \$25,000 in improving the track and facilities. The track was re-laid and re-laid by J. C. Coates, of Goshen, N. Y., one of the top track builders in the nation. A steel hub rail was built on the inside of the track, a half-mile practice track was built, and a \$6000 sprinkler purchased.

The improved track was judged to be three to four seconds faster and horsemen prophesied the track record for pari-mutuel betting here would be broken. It was on more than one occasion, with Clair Weaver's Rena Grattan, driven by Joe Hyman, winding up with the best time when she paced a mile Tuesday night, May 17, in 2:05.2. The previous record was 2:06, made by Philip Brittingham's brown gelding Prince James, who made it last year as a six-year-old.

On Davis' Quick Reward, placed two heats of a \$1000 feature race here during the Kent & Sussex Fair in July in 2:06 and 2:05.1. The track record, for the fall meets and an all-time record, is 2:02-1/4, made by Guy The Tramp in 1935. Whoever beats his record will have to step some. Yet, it is a possibility.

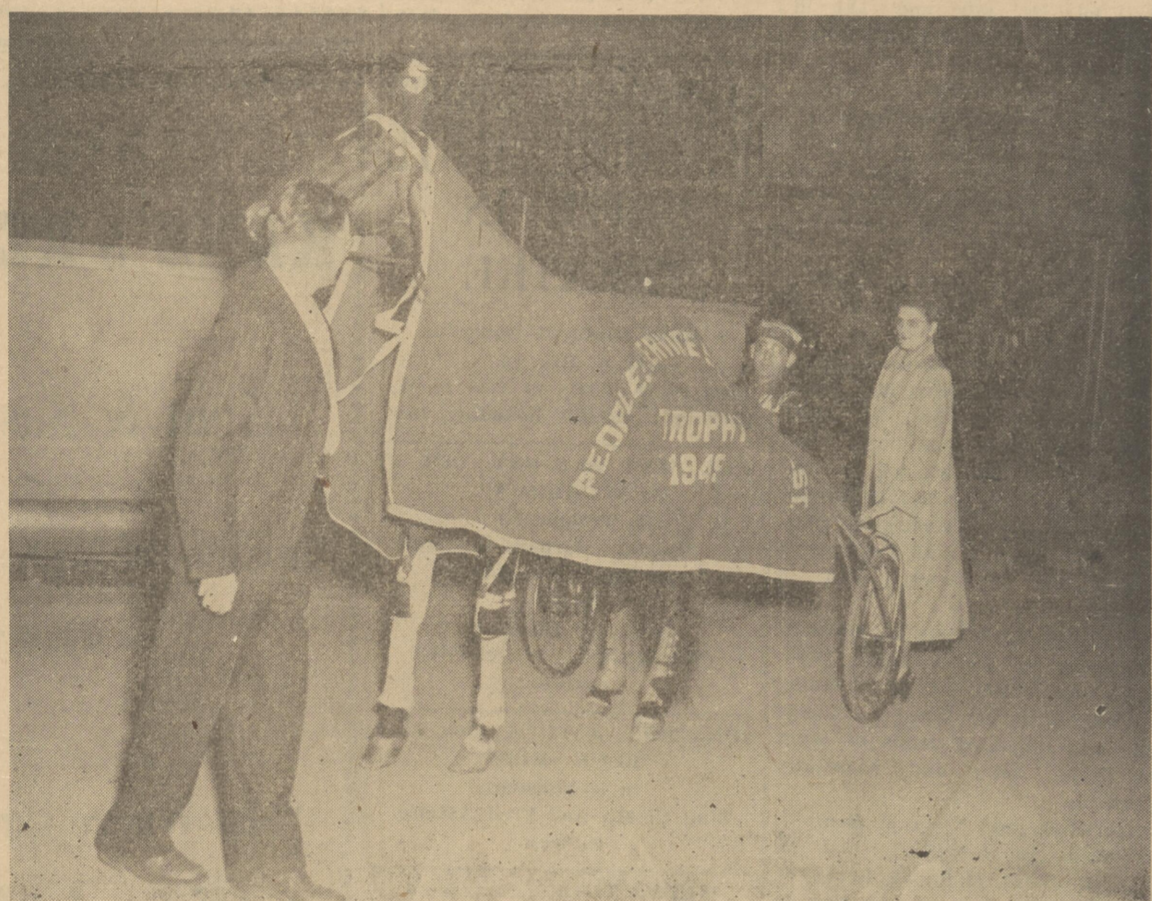

For one thing, some 450 horses scheduled to be here, an all-time record. One of the reasons for the large number of entries is that many horses will wind up the season here and stay here for winter training. Furthermore, they will be on hand for the meet here next spring. These pacers and trotters have been campaigning all summer and early fall and should be in much better shape than the horses which participated in the spring meet here which, it must be remembered, is annually the first harness meet in the East. Furthermore, entries this fall will gain include Quick Reward and a number of horses coming here for the first time.

A. B. Higley, of Trappe, Md., and Spencer Harris, of Cambridge, will again enter in both dashes of the first running of the J. Morris Harrington Memorial Pace here last spring. Other Highley entries will also include Ednamite and Hobnob.

Gordon Smith's and Jacob Rudnick's Emalou Hanover, and Dick Hutchinson's Josedale McElwyn, are not to be overlooked as these entries all went the mile here in 2:06 last spring. Incidentally, Josedale McElwyn, at that time, was owned by H. N. Shockley, of Woodside.

A singular feature of the meet will be three stables trained and driven by women. Mrs. Heydt, coming here for the first time, will arrive from the Ft. Steuben Raceway, Steubenville, O., with a stable including Barefoot G who paced in 2:04 this season. This pacer may break the track record. Louise Munn, of Bethel, Conn., and who winters at Aiken, S. C., will return with Gallonova, a trotter, and Candy Harvester, a pacer. Mrs. Estelle Brown will come here from Roosevelt Raceway with Silent Fox, Atomic Miss, Silver Star Dust, and Chris Volo.

Most of the winners of last spring's trophy races will be here this meet. These include Belina Hanover, winner of the Warren T. Moore Memorial Trot; Lord Clinton, winner of the first running of the Ernest Raughley Memorial Pace; Dottie's Cardinal, winner of the first running of the Green Valley Memorial Trot and Pace; Bert O'Brien's Seattle Dean, with which Warren Holmes won the Peoples Service Station and Restaurant Trot; Bonnie's Junior, winner of

Bert O'Brien's Seattle Dean, winner of the Peoples Service Station and Restaurant Trots here May 5. Driver is Warren Holmes. Also in the picture are Mr. and Mrs. Walter K. Paskey III. Seattle Dean will again race here this fall.

Lt. Vane Assigned To MP Battalion

Munich — 2nd Lieutenant Ridgely W. Vane Jr., formerly of Harrington, has been assigned to Co. "B", 508th Military Police Service Battalion in Munich.

Lt. Vane's appointment as a 2nd Lt. came on February 14, 1949, a well-earned valentine from Uncle Sam, after service with the U. S. Marine Air Corps in the Asiatic Pacific, and for which he was awarded the Presidential Unit Citation and Asiatic Pacific Campaign medal. He also holds the American Theatre Ribbon.

In June 1949, Lt. Vane was graduated from the Special Associate Basic Course at Camp Gordon and arrived overseas in Aug. 1949.

He attended Beacom Business College, Wesley Junior College and the University of Delaware.

His wife, Mrs. Elizabeth Vane, is with him in Munich. His parents, Mr. and Mrs. Ridgely W. Vane Sr., a brother, Donald Vane and a sister, Verda Vane, live at 3113 Weiner Ave., Harrington.

P-T. A. Discusses New School

The first meeting of the Harrington P. T. A. was held Tuesday evening. There was an enthusiastic group of thirty-one people present. Eleven teachers and twenty parents. Why can't we have more parents at these meetings?

There were some very important topics discussed:

1. The urgent needs of a new elementary school.
 2. The conditions of the present building.
 3. The best means of raising money in the district to build a new school.
- A pamphlet containing all this material in full is being prepared and will be distributed throughout Harrington Special School district in the near future. Please get one and read it, give it your careful study. Come to our October meeting and express your views.

Carvel Asks For Jobs For The Handicapped

Gov. Elbert N. Carvel, in a proclamation issued Tuesday urged all people of the State of Delaware to cooperate with the state and nation-wide program of employing the physically handicapped.

The Governor asked all potential employers to observe the week of Oct. 2 through Oct. 8, designated by the President as "National Employ the Physically Handicapped Week," by lending "all individual efforts in not only referring vocationally handicapped persons to proper agencies, but in offering and helping to secure employment for those already prepared for, and capable of employment."

The State of Delaware, the Governor said, has many handicapped men and women seeking employment, and stated that job records prove that these people, when placed in suitable jobs perform employment duties on a par with all other workers.

Governor Carvel pointed out that Congress, by a joint declaration, has designated the first week in October of each year as a time to "join in a special effort in an attempt to find greater outlet for the vocational placement of handicapped persons," and said that the state has provided facilities and placement services for them in various communities.

Governor Carvel earlier had appointed Prof. R. W. Heim of the University of Delaware, chairman of the state committee conducting Employ the Physically Handicapped Week.

Other members of the committee are: John G. King, director, and Leo A. Waters, counselor of the Vocational Rehabilitation Center; Joseph J. Scannell, Delaware Unemployment Compensation Service; Herbert O. Willis, Department of Delaware, Veterans of Foreign Wars; William B. Steele, Veterans Administration; Philip F. Guerke, Chamber of Commerce; and Walter Moran, Delaware Commission for the Blind.

Text of Proclamation
The Governor's proclamation follows:

"Whereas the State of Delaware has countless numbers of physically handicapped men and women seeking employment; and
"Whereby, for the sake of good economy, these handicapped per-

Health Board Names Consultant

Dr. Floyd I. Hudson, executive secretary of the State Board of Health, has announced the appointment of Miss Helen J. Cole as Medical Social Consultant with the Crippled Children's section of the Division of Maternal and Child Health. Miss Cole assumed her duties on Sept. 1.

After graduating from Middlebury College, Middlebury, Vermont, where she majored in Sociology and received her A. B. Degree in 1939, Miss Cole was employed for three years at The Children's Home, Fall River, Mass. In June of 1943, she entered the School of Social Work of Simmons College, Boston, Mass., from which she graduated in 1946 with an M. S. Degree. While attending Simmons, she lived at the Elizabeth Peabody Settlement House of Boston, where she was a part-time worker with various groups of all ages.

Immediately preceding her appointment with the State Board of Health, Miss Cole was associated with the Medical Social Department of the University of Minnesota Hospital; where, for three years, she had extensive experience in pediatric, gynecology, and dermatology service.

Reports of the Federation meeting will be given and plans for the new year will be discussed. The program committee has prepared a fine program for the year and it is hoped that every member will help to execute their plans.

Kent County Still Healthy

If the weekly morbidity report of the State Board of Health is a criterion, Kent County is a healthy place in which to live, and so is Sussex County. For the second straight our county has not reported any cases of disease. This week Sussex County also drew a blank.

Wilmington, however, reported 113 cases of whooping cough. New Castle County reported the following cases: Meningitis, 2; pneumonia, 1; Scarlet Fever, 1; tuberculosis, 1, and whooping cough, 1.

Throughout the state there have been 454 cases of chicken pox reported this year, against 285 for a similar period a year ago; 12 diphtheria, against 6 a year ago; 99 mumps, as compared with 553; 694 measles, against 1090; 38 polio against 113; 237 Scarlet Fever, against 137; 240 tuberculosis, against 246, and 91 whooping cough, against 58 for the same period last year.

Brennans Guilty in Lonely Hearts Slaying; Mercy Asked For Son

Arrest of Judgment Granted; Arguments For New Trial To Be Heard On Nov. 3

Railroad News

by Cliff Miller

Tomorrow is a big day for Kent and Sussex sports fans with baseball in the afternoon and racing in the evening.

Don't forget the time for the train to Shilbe Park is 9:35 A. M. at Harrington and 9:45 A. M. at Dover, passes are good on the train. Get your tickets from Howard Williams, \$2.75 for employees and \$4.75 for others. This takes you to and from the game and assures you a good reserved seat. It will also get you back in time for the races.

Before placing any bets on the game, see Byron Burgess, and for the races see Less Rogers. They tell us Doc White will not be around for the races this year, so we will have to rely on Less to give us the inside dope.

The 35 car Regional rail train quartered on the new D. M. & V. track since the 21st is leaving town tomorrow for Philadelphia. Asst. Supervisor George Webb and General Foreman Paul McCoy are in charge of this mechanized outfit which has been replacing 100 lb. rail with 131 lb. between Felton and Harrington.

The T. & S. Camp train gang has been transferred from Middletown to Fruitland, where they are installing gates at the main street crossing. These gates are to go in service on October 24th, after which the work on the gates at Middletown will be finished. This is now 75 per cent completed.

A speed restriction of 20 miles per hour and changes made in the controlling circuits for the gates at Dover have greatly improved the operation and reduced traffic delays at the crossings.

General Order No. 1202 effective last Sunday closing block stations at Georgetown and Berlin on the D. M. & V. and Greensboro and Easton on the Oxford Branch is in line with a general retrenchment program throughout the system. The major step in this direction was the recent abolishment of the New York Zone and now we learn that, effective tomorrow, the Grand Rapids division will be consolidated with the Fort Wayne. These general wholesale consolidations and abolishments are aimed at being out of the red at the close of the year.

Century Club To Open Club Year Tuesday

According to the announcement of the president, Mrs. L. M. Rogers, the Harrington New Century Club will open its club year next Tuesday, October 4th, when all the members are expected to bring a covered dish to the club house at one o'clock P. M. for a fellowship luncheon.

A jury at 8:30 o'clock Wednesday night returned a verdict of first degree murder against Robert V. Brennan, 10, with a recommendation for mercy, and found his mother, Mrs. Inez Brennan, 30, guilty as an accomplice in the killing of Wade W. Woodruffe, 61-year-old stone mason, via. Carpenter. No mercy recommendation was made by the jury for the mother.

The jurors, including a dinner recess, were out five hours and five minutes. Mrs. Brennan wept copiously when the verdict was announced while Robert appeared composed, but tears came to his eyes a few minutes later as he was led away with his mother by state police and prison officials.

The officials carried upstairs with the front of red facing out signifying guilty.

Benjamin R. Donohoe of Philadelphia, chief defense counsel, had the jurors polled after each verdict and been announced for the jury by the foreman, Harry Key, Jr.

The defense attorney moved for an arrest of judgments for a new trial. The court directed that he submit reasons for a new trial by Oct. 19.

Arguments Set for Nov. 3

Arguments will be heard on the reasons Nov. 3.

Chief Justice Charles S. Richards, just before the jurors came into the courtroom, warned against any demonstration after the verdicts were announced. He said any offender would be cited for contempt of court. There were no demonstrations, and the crowd that jammed the courtroom filed out slowly after the "lonely heart" principals had been taken out.

By 9:15 the courtroom was deserted, and the few persons outside the Kent County Courthouse soon disappeared.

Chief Justice Richards thanked the members of the jury and told them the trial which started Sept. 12 had been a long, tedious session for them, the court and counsel. He called them "ideal jurors."

Chief Deputy Attorney General C. Edward Duffy, when asked for comment following the trial said, "The jury of Kent County has spoken, and we are satisfied."

Frank Ervin, Missourian, Leads In Stake Races

The 1949 harness racing season moved into the home stretch with the opening of the famed Lexington Trots, Sept. 28, with Frank Ervin, 42-year-old Sedalia, Mo., reinsman holding a commanding lead over all other drivers in two and three-year-old stake triumphs.

Including his victory with W. H. Cane's Good Time in the \$58,281 Little Brown Jug pacing classic at Delaware, O., last week, Ever-Winnin' Ervin has bagged a staggering total of \$209,991 worth of juvenile stakes around the Grand Circuit.

The "Mad Missourian" has come home on top in 15 juvenile events, winning six, with a total purse value of \$108,885, with the three-year-old Good Time; and seven, worth \$80,913 with the colt's little sister, Our Time, in the two-year-old pacing division.

He copped an additional pacing event with N. D. Hal, worth \$5,000 and won the \$15,611 Coaching Club Trotting Oaks at Historic Track, Goshen, N. Y., with A. L. Derby's three-year-old lily, Martha Doyle.

No other driver is even close to Ervin in juvenile stake winnings as the Trots get under way, although two have passed the \$100,000 mark. Harry Pownall, with the Arden Homestead Stable, has bagged five events worth \$101,804, winning four with the two-year-old trotting colt, Florican, and one worth \$16,971 with the three-year-old Fibber.

Ralph Baldwin, the nation's leading money-winning pilot a year ago, has captured \$100,500 worth of juvenile events so far this year with the three-year-old trotter, Bangaway, and three-year-old pacer Stormyway. Bangaway has accounted for eight stakes worth \$81,413 in total money value, and has an important \$60,000 engagement coming up with the racing (Continued on back page.)

FOOD FOR THOUGHT

Just as there are forces that keep the physical world in motion and growth, so there is a force that keeps the social world moving and growing. We'll call it idealism.

This poses a hard problem. To live, work and succeed among those who have lost their dreams and who, in their matter-of-factness, dash cold water on every idealistic expression is tough going.

In a little Mexico village there had been public education for more than sixty years but no one could read or write (except the children then in school).

It was recently prophesied that there would be a death on the highway here before New Year's. One death has already occurred.

We have visited our State Police asking for protection. An officer has driven through a few times. One stopped in town for approximately a half hour shortly after our visit.

The officers ask, "Who do you know, is doing this wild driving?" As I have said before, this is a small community, and while we are doing our part to make it a safe one, we also have to continue living in it.

We welcome our visiting public as long as they respect us, but must we put up with this sort of thing forever? And I ask you, the readers, do we need a licensed alcoholic beverage store in our midst?

Please God, we all hope, we can continue living in a quiet peaceful community without the licensed alcoholic beverage store.

Most of life's troubles come from misunderstandings. If we know each other, we shall understand each other; if we understand each other, we shall trust each other.

We saw a chinaberry tree on the former Calvin Langrell farm on the nine-foot road between Harrington and Frederica recently. This tree resembles a catalpa and now has grape-sized white berries.

While this tree, unusual for this section, is worthy of mention, our chief reaction to it was to remember that many trees and shrubs indigenous or native to the south, are now being seen in Delaware.

Letter to the Editor

Dear Sir: A plea comes to my attention from a God-fearing community, and being one in that community, I have felt the urge to do something that might get across to the few who have gone against us as a whole to try and bring licensed alcoholic beverages into our midst.

We are a quiet, peaceful, small community—there is only a few of us against the whole world—but this is what I have found upon contacting a number of these good people. Many are men who enjoy a drink.

Those faithful slaves to that alcoholic beverage have signed a petition saying we need alcoholic beverages in our midst. Now, we ask the readers as a whole, do we need it?

It has become unsafe for our children to play in our yards due to our visiting public that takes the curves on two wheels and plows through our yards. They tear up our hedges, plow out our gardens, tear down our fences, cut off our electric poles and discontinue our service, cut off gasoline pumps.

This is a small list of minor accidents within the past months, not counting the number of times pedestrians have been chased off the walks and sent scurrying into neighbors yards to avoid being run down.

What comes next? We wonder! We have visited our State Police asking for protection. An officer has driven through a few times. One stopped in town for approximately a half hour shortly after our visit.

The officers ask, "Who do you know, is doing this wild driving?" As I have said before, this is a small community, and while we are doing our part to make it a safe one, we also have to continue living in it.

POTTER'S FIELD

The horses are back. That isn't supposed to be news; we merely mentioned it because that fact, combined with the little item that we saw in the question and answer column in a popular monthly magazine, a little while ago gave us the idea for this column.

The question read: "Aren't man and the whale the only two mammals on earth? If there are more, please list them."

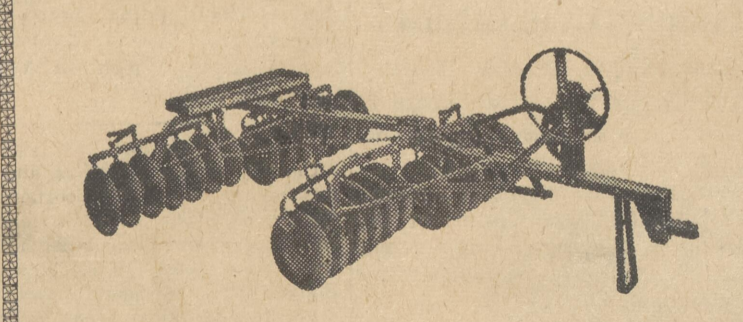

The answer was, "No. Man and the whale are not the only mammals on earth. A mammal is any breast-fed animal, including you. We cannot list them because there are over 4000 known mammals on earth."

We are not criticizing the fellow that asked that question, because he was probably born and raised on a whaling ship and never saw anything but men and whales.

The kids in this town are much smarter than he. They know that there are three kinds of mammal: Horses, Women and Dogs. They even know that there are four kinds of dogs: Rabbit Dogs, Bird Dogs, Coon Dogs and Foxhounds.

The kids know there are this many mammals because they have stood downtown in the evenings and have heard their elders mention them by name. They can even classify them in order. Namely: Horses, Women, Rabbit Dogs, Foxhounds, Coon Dogs and Bird Dogs. You will notice that man is not mentioned at all, for the simple reason, that a horse or a woman or a good dog can make a sucker out of him anytime, thereby showing that he is not worth mentioning.

U. of D. Extension Editor Resigns

John E. H. Lafferty, agricultural extension editor at the University of Delaware for the past eight years, has resigned his position, it was announced by George M. Worrlow, director of the Delaware Agricultural Extension Service, last week.

Lafferty will leave tomorrow to become associated with a commercial firm in Lancaster, Pa.

A 1938 graduate of the University of Delaware with a B. S. degree in agriculture, Lafferty first worked in the University's Department of Agriculture Economics, doing field work in that Department's land classification studies. In 1941 he was appointed extension editor and has continued since in this post. From 1943-46, he served in the European theater with the United States Army.

In 1947 Lafferty was appointed editor for the Delaware Agricultural Experiment Station, in addition to his extension editorial duties. In this capacity he has edited publications on research conducted by the Experiment Station.

Lafferty has been instrumental in developing the Delaware Farm radio program of the Extension Service, into daily broadcasts of state-wide interest, featuring agricultural speakers, calendar of events and market reports. He has also been responsible for news articles, publications and photography, all with the purpose of keeping Delaware people informed of the latest agricultural developments of the Extension Service and Experiment Station.

A successor to Lafferty will be appointed in the near future, according to Worrlow. Meanwhile, the editorial duties will be carried on by Miss Virginia Kirkpatrick, assistant editor.

Sussex Dairymen Plan Calf Show

Plans are rapidly taking shape for a calf show to be held at Georgetown on Friday, October 28, according to Wm. H. Henderson, County Agent.

The show, which will be sponsored jointly by the Sussex County unit of the Delaware Artificial Breeders' Cooperative, Inc. and the Extension Service, will be open only to calves that are the result of the artificial breeding program.

There will be two divisions in one for grade calves. In each division there will be classes for the show, one for purebred and Jersey Guernsey and Holstein breeds.

Suitable prizes will be awarded along with ribbons for the first three places in each class.

Our Greatest Asset: YOUTH

By A. N. SPANEL, Chairman
International Latex Corporation

Recently an event of incalculable national importance took place . . . an event that will have a profound effect on every community, every city, every state, every business and profession in our country. Specifically, a million three hundred thousand young men and women graduated from the high schools of America; and over three hundred thousand more graduated from 1,238 universities and colleges. Significantly, a hundred and fifty thousand of these college graduates are men, over 70% of whom are veterans of World War II.

Here is the wealth of a nation in its richest form. Here they are—young men and women trained to THINK and eager for work. They are the richest asset this country possesses and the poorest prospect for the rabble rouser.

These new graduates have the youth, the energy, the mentality and ambition to make useful, productive places for themselves in the system under which they were raised and trained . . . a system in which they place their faith. All they want is the chance to make their contribution of skills and knowledge to the free society in which they grew up.

It is therefore of utmost importance to our nation and way of life that they be given the job opportunities they deserve. We know all too well what job scarcity did to thousands of our best trained young minds during the last depression. They became victims of many spurious doctrines that promised just about everything this side of heaven. Disillusioned and frustrated young people who walk the streets jobless in the richest nation on earth don't find themselves glorifying the Bill of Rights, the Constitution or our free enterprise system. A nation courts disaster when its young people begin to examine, with bitterness and contempt and a sense of foregone defeat, its entire economic structure in the hope of changing it, often to suit the proddings or urgings of the agitator who has an ideological axe to grind.

In terms of personal need and the needs of our nation, employment now is of first priority. America cannot again afford the frustration, the bitterness and the hopelessness that great numbers of young people experienced during the '30s. In such an atmosphere, the fear of disaster flourishes.

Fortunately for all of us, we are not now anywhere near a steep or critical depression. On the contrary, there are indications that American business is settling down to something like a peacetime level. A summary of the published reports of the profits of 300 companies for the first quarter this year reveals that their net profits are 9% above last year's corresponding period. Admittedly, this picture does not reflect business as a whole, yet with a measure of vision and drive on the part of American business and professional people, job opportunities now for these new graduates of our high schools and colleges can be provided, and without governmental assistance. In the end, these very businesses and professions will profit immeasurably from the fresh thought and energy our young people will bring to them.

Right now, every individual employer, every member of the skilled professions, and every business and industrial organization in America has the opportunity to exert influence to help provide employment for the youth of America, the nation's greatest asset. This kind of effort in a democracy pays dividends, not merely for years, but for generations.

Better Grain Storage Needed

Delaware's grain farmers who are having to rely on their own farm storage facilities because of lack of central grain storage space are faced with possibility of serious losses due to insect damage.

A survey recently completed by the University of Delaware's Department of Entomology shows that insects are attacking newly stored grain, and serious infestations are developing on many farms.

Insect infestations were fewest and lightest in New Castle County and greatest and heaviest in Sussex County, due partly to the earlier harvesting of grain in Sussex County, giving the insects more time to build up populations. In addition, the farmers in Kent and New Castle Counties who grow grain mostly for sale realize more fully the damage insects can do, especially after having had the price cut once because of the presence of insects or insect damage.

The 101 farms inspected on the conditions. Protection from insect infestation alone was considered. On no farms were storage conditions considered excellent, and only three were rated very good. The majority of farms had fair to poor storage conditions. Insects had caused great damage to stored grain on 14 farms, and while this damage was often to last year's grain, insects were already presenting a menace to newly-stored grain. On 20 farms surveyed, insects were no problem at all, but on 51 farms serious insect infestations were a distinct possibility.

In an effort to assist farmers in combatting grain insects, recommendations and for fumigation and otherwise improving storage conditions are being mailed this week to 10,000 farmers throughout Delaware. Copies of the recommendations and additional information on grain insect control are also available from the Department of Entomology, University of Delaware; and from county extension offices in Newark, Dover and Georgetown.

Upholstering School to Be Held at Lincoln

Upholstery project schools have been scheduled for October 4. The first meeting will be held at 10:00 a. m. in the old school building at Lincoln. The second meeting will be held on the same day at 2:00 p. m. at the Asbury Church Community Hall, on the Georgetown-Laurel Highway.

Miss Louise Whitcomb, Home Management Specialist, Extension Service, University of Delaware, will be present to conduct these demonstrations. Each member planning to do upholstering is asked to bring the object to be upholstered to the meeting. The amount of work to be done and materials and supplies will be discussed at these meetings.

Miss Maybelle Ligon, Sussex County Home Demonstration Agent, says additional meetings

will be scheduled following the first day. People who are interested in attending these meetings, who have not enrolled in the schools, are asked to contact Miss Ligon at her office in the Post Office Building at Georgetown.

Social Security Queries Answered

Questions relating to Federal Old-Age and Survivors Insurance will be answered in this paper or by mail. Address all queries to Social Security Administration, Old Customs House Building, 6th and King Streets, Wilmington Delaware.

Q. I have been reading the social security question and answer column for some time. I note that you often indicate different numbers of "quarters of coverage" to be fully insured. Can you tell me what the rule is?

A. A wage earner is "fully insured" if he has been paid \$50 or more in covered employment in at least half the number of calendar quarters as there are between Jan. 1, 1937 and the quarter in which he becomes 65 or dies. If he became age 21 on or after Jan. 1, 1937 he need only have been paid wages of \$50 or more in at least half the number of calendar quarters as there are between his 21st birthday and the time he becomes 65 or dies. In any event, the minimum number of quarters required is six and the maximum required is 40. In submitting questions to this column, it would be helpful if readers gave their date of birth. It would help in giving complete answers.

Q. I will be 65 in June 1954. I worked in a job covered by social security from Jan. 1, 1937 through Dec. 31, 1945. How many quarters of coverage do I need to be eligible for benefits at the age of 65?

A. A person who will be 65 in June 1954 needs 34 quarters of coverage to be fully insured and be entitled to benefits upon filing an application when he reaches age 65. It appears that you have at least that number if you were paid at least \$50 in each of the calendar quarters elapsing from Jan. 1, 1937, up to the time you stopped working.

Q. Will working for my son entitle me to benefits under Old-Age and Survivors Insurance?

A. No, the law does not cover certain family employment. Services performed for a son, daughter, or spouse, and service of a child up to age 21 for his parent are not included under Social Security.

Control Peach Tree Borers Now

Peach growers are urged to treat their peach trees at this time for peachtree borer control, according to Wm. H. Henderson, County Agent.

Some growers may have treated earlier with DDT, but in case this was not done, Paradichlorobenzene used at this time will give good results.

Paradichlorobenzene, or PDE as it is called, should be applied using 1/4 to 1/2 ounce for trees one to three years of age; 1/2 ounce for trees four to five years of age; 1 ounce for 6 year trees and 1 to 1 1/2

ounce for older trees.

Treatment is most effective when made between Sept. 20th and Oct. 5.

Complete instructions for the treatment for peach tree borer control is contained in Delaware Bulletin 261 which will be supplied, on request to the County Agent's office, Georgetown.

Townsend Woman Heads State Home Demonstration Council

Mrs. Charles Z. Dukes of Townsend, was elected president of the State Home Demonstration Council at the fall meeting of the council on Thursday, Sept. 15. Other officers elected were: Mrs. John Farrow, vice-president, Magnolia; Mrs. Earl White, secretary, Bridgeville; and Mrs. Norman Shorts, treasurer, Smyrna.

Mrs. Dukes is a member of the Friendly Neighbors home demonstration club and is currently serving as secretary for that group. She is the past president of the New Castle County Council and has served on the State Council for the past four years. She is an active member of the Smyrna Grange and leader for the Stump Corner 4-H Club. As International Relations Chairman for the Delaware Home Demonstration Clubs she has initiated projects to further international understanding among rural women and organized a trip for a group of 125 Delaware women to visit the United Nations at

Lake Success.

Mrs. Dukes succeeds Mrs. Jonathan S. Wheatley of Delmar, who has been Council president for the past two years.

Mrs. Wheatley presided at the meeting of the advisory group and led the discussion on plans and recommendations for the 1950 home demonstration program. She announced that a group of nine homemakers will represent Delaware at the meeting of the National Home Demonstration Council to be held at Colorado Springs, Colorado, Oct. 3-7.

Mr. W. C. Skoglund, director of the short course, met with the group and outlined plans for the first short courses to be held at the University of Delaware, Nov. 14th to Dec. 16th. A review of current developments in the field of home economics which should be considered in developing the 1950 home demonstration programs was given by Miss M. Gertrude Holloway, State Home Demonstration Leader; and Miss Louise Whitcomb, Home Management Specialist.

Members of the Council present were: Mrs. Wheatley, Mrs. Dukes, Mrs. S. B. Collins, Middletown; Mrs. Duane Lynn, Milford; Mrs. Carl Nelson, Newark; Mrs. Lillian Shallercross, Middletown; Mrs. Earl White, Bridgeville; Mrs. Joseph McIlvaine, Lewes; Mrs. John Farrow, Magnolia; Mrs. Elmer Cohee, Woodside; Mrs. Violet Goodwill and Miss M. Katherine Jones were guests at the meeting.

Frear Considers Anderson Bill

United States Senator J. Allen Frear, Jr. Monday night told Delawareans in his weekly radio report that the new farm bill which the Senate will consider very soon is not a duplicate of the Brannan Plan. Senator Frear said that the provisions of the new farm legislation, which is known as the Anderson Bill, did not have the full concurrence of the present Secretary of Agriculture.

The new farm measure was reported unanimously by the Senate Agriculture Committee last Wednesday. Its authors believe that the legislation, if passed, will place the farm program on a permanent peace-time basis beginning next year. Senator Frear pointed out that it was the opinion of the Committee that extraordinary wartime demands for American Agricultural production have practically ceased to exist. Therefore, he

added, it is necessary to get our farm program on a peace-time operation.

The Delaware Senator did not say directly whether or not he would support the bill in its

present form, but he indicated that the measure does have many desirable features. Senator Frear is expected to co-sponsor an amendment to the bill along with Senator John J. Williams to bring broilers

under the price support features of the legislation.

Lions Club Have Good Meeting

The Lions club held its regular meeting at the Wonder Bar, Monday, with 98 per cent of the members present. From the attendance and the interest shown, it looks like a very promising year for the Lions.

President Harrington is losing no time in putting his committees to work. Rep. Jehu Camper was appointed chairman of the committee to install new Lions club signs at all entrances to Harrington. Ernest Killen, William Humes and Ralph Draper were appointed to set a date and make the necessary arrangements for the annual Christmas Dance.

Dr. Asher Carey, President of the Selbyville Lions Club together with three fellow Lions, Victor Murray, Lew Stephens and Linford Hall, were guests at this meeting.

Lions remember the meeting October 10. Come and see what the "Duck of Tomorrow" will be. The meeting will be short so that it will not interfere with members desiring to attend the races.

Uses of Herbs Discussed

"Herbs can lend a subtle difference to foods", said Miss M. Gertrud Holloway, State Home Demonstration Leader and Nutritionist, as she discussed and demonstrated the use of herbs in meal preparation at the Leader Training meeting held last Thursday, at the Nanticoke Community Hall. Miss Holloway also pointed out that herbs take us back beyond the mechanized material age when a variety of seasoning can be purchased in packaged form at the super markets, to the day when the housewife relied on her own backyard garden for the seasonings which gave distinction to her meals.

Herbs require little space in the garden and are not difficult to grow. Miss Holloway lists sage, thyme, mint, chives and tarragon as perennials; parsley as a biennial; and sweet marjoram, summer savory, dill and sweet basil as annuals for the home garden.

For the beginner, six herbs named by the French "les fines herbes", may be best to include. They are sweet basil, sweet marjoram, thyme, rosemary, tarragon, and chervil. Chives would be a good addition to this group. These herbs are the dominating ones in flavor, and tradition has associated them with particular foods. For example, basil with tomatoes, and rosemary with peas.

Finally, Miss Holloway suggests that herbs be used sparingly. Experiment with them singly and in combinations, but always remember that they should enhance the food flavor rather than disguise it.

Leaders of the Home Demonstration clubs in Sussex County attended the meeting where demonstrations were given on using herbs. The addition of herbs to tomato juice, vegetables, omelets, and meats and stuffings were demonstrated to the group. Leaders present will demonstrate those foods at their regular club meetings in October.

Miss Maybelle Ligon, Sussex County Home Demonstration Agent, suggests that those interested in seeing these demonstrations, watch for notices of meetings to be held in October. The following chart shows the most common cooking herbs and the food with which they combine most pleasingly:

Sage—Stuffing for duck, veal, pork, sausage, Rub on lamb before roasting.

Tarragon (spicy taste)—Vinegar for salads, dressings, egg, fish, cheese dishes, tomato juice.

Thyme—Clam chowder, Poultry, veal, stews, tossed salad, French dressing.

Marjoram (slightly bitter)—Lamb, pork, string beans, lima beans, in fines herbes, in herb bouquet, stuffing for poultry.

Parsley—Melted butter sauce for potatoes, fish, biscuits, dumplings for meat pies.

Rosemary—Chicken dishes, lamb, in fines herbes, over roasting beef, and stew, pork, peas.

Summer Savory, (strong, pleasant aromatic flavor)—String beans or peas, in fines herbes.

Basil, Pungent, clove-like flavor—Tomatoes, soups, salads, egg and cheese dishes, in fines herbes, peas, over boiled potatoes, vinegar.

Chives, (smallest of the onion tribe, Mild onion flavor.)—Omelets, salads.

Trinity Methodist Church Notes

U. of D. Makes 3 Appointments Three appointments to the University of Delaware's School of Education faculty, including that of Dr. Francis M. Garver, former University of Pennsylvania professor, were announced today at the University.

Dr. Garver will be a lecturer on the staff, replacing Miss Rena Allen, who retired this summer, as specialist in elementary education. A graduate of the University of Indiana, Dr. Garver holds his master's degree from Columbia University, and earned his doctorate at Pennsylvania. He has served as principal of schools in Illinois, Indiana, Ohio, and New York; was superintendent of schools at Leonia, N. J., and for several years was on the University of Pennsylvania's education faculty.

spent the past year doing further graduate work in education at University College, Exeter, England. Mrs. Hanson, a graduate of the University of Alabama, holds her master's degree from Columbia University. She has taught in Alabama schools, at the University of Alabama, the University of Puerto Rico, and New York School of Social Work at Columbia University.

In addition to these appointments, Dr. Alice Van de Voort, who had announced her intention of retiring, will continue as professor of education for this year. Dr. William O. Penrose, formerly of the University of Arkansas, who was appointed dean of the School of Education at Delaware this summer, will arrive in Newark soon. His assumption of duties has been delayed slightly by illness.

Fire Prevention Week Approaches Delaware farm families are being urged by the Delaware Agriculture Extension Service to observe October 9 - 15, Fire Prevention Week, as their opportunity to improve defences against needless fire and to initiate firesafe practices that make for fire safe rural communities.

The National Fire Protection Institute, sponsor of Fire Prevention Week, says 90 per cent of rural fires are caused by hazards which could have been eliminated, but they weren't. The principal farm fire hazards are: negligence in handling matches; careless smoking habits; defective chimneys and heating plants; sparks falling on flammable roofs; lack of adequate lightning rod protection, and accumulations of rubbish in closets, attics, basements and other places.

The greatest hazard of all is the indifference to fire which breeds carelessness concerning the causes of fire. It is the hope of the Extension Service that rural Delaware families will not only learn what to do to prevent fires during Fire Prevention Week, but also do it and keep doing it.

Warns Against Picker Accidents

Another big corn crop must be harvested. Mechanical corn pickers can do the job in record time if they are operated safely. Careless operation will mean another heavy toll of fatalities and mangled limbs, warns William A. Calvert, agricultural engineer for the Delaware Agricultural Extension Service.

- 1. Stop the picker—corn pickers rolls are vicious—never try to unclog them while they are rotating. 2. Keep guards in place—manufacturers provide shields for power take-off shaft and other exposed hazards that can be guarded. All you have to do is keep them in place. 3. Watch out for fires—keep manifolds and exhausts free from trash accumulations, avoid leaky fuel lines, and never refuel a tractor while the engine is running. 4. Also remember to stop the picker before oiling or making any adjustments.

These are simple things to do. They are easier than taking a trip to the hospital, paying doctor bills, going through life with a stump of a wrist for a hand, or trying to

get a farm job done with an empty sieve dangling uselessly.

Short Course Students Enroll

Students are now enrolling for the Agricultural Short Course to be held at the University of Delaware from November 14 to Dec. 16. W. C. Skoglund, director of the short course, urges others planning to enroll to do so early since enrollment will be limited to facilities available.

The course, the first of its kind offered at the University, is open to both men and women 17 years of age and over. No entrance examinations are required, and while a high school education is desirable, it is not required. Already a number of women have enrolled for the schooling.

The studies will be presented in such a way that those with some high school training, as well as those who have had more schooling will find the course both interesting and profitable.

Students will receive specialized training in either dairying, poultry, horticulture, or crops and livestock farming. A short course catalog which fully describes the courses and program of study is available to interested persons by addressing a request to the Agricultural Short Course Office, Drawer 150, University of Delaware, Newark, Del.

4-H ACHIEVEMENT DAY, SATURDAY, OCTOBER 1st.

Final plans for the Sussex County 4-H Achievement Day to be held Saturday, Oct. 1st, at the Sub-Station in Georgetown, are complete, according to Sam Gwinn, 4-H Agent. Details of the all day program for 4-H members were completed at the county 4-H leaders meeting on Sept. 16th.

All exhibits will be brought to the Sub-Station on Saturday morning, before 10:00 a. m., to be judged and displayed for the public to see. Of special interest will be the 4-H Poultry Show sponsored by the D. P. I. A. Locals of Sussex County. This show is open to all 4-H members in Sussex County, and includes classes of both broilers and eggs.

There will be exhibits made in the following classes by 4-H mem-

bers: Canning, Baking, Clothing, Needlecraft, Room Improvement, Personal Records, Field Crops, Garden Vegetables, Poultry, Swine, Rabbits, and Dairy.

The afternoon program will consist of a 4-H Dress Revue, open to all 4-H girls taking clothing as a 4-H project. In addition to this, competitive demonstration on clothing and foods will be given by 4-H girls enrolled in these projects. The county 4-H Vegetable Demonstration Contest will also be held in order to determine winners to participate in the state contest, sponsored by the National Junior Vegetable Growers Association.

The public and especially parents and friends of 4-H members are cordially invited to attend all or part of the County Achievement Day program.

Hoof Beats

Lexington, Ky., Sept. 30—The greatest rivalries of the 1949 harness racing season will be fought out—and in some cases to a finish—during the Lexington Trots, Sept. 28-Oct. 8.

Hayes Fair Acres' sensational Lusty Song will attempt to reassert his mastery over Arden Homestead's steady going Florican in a two-year-old trotting classic on opening day.

Lusty Song, who twice lowered the record for age and gait with races of 2:02.2 and 2:02.1 this season, is unquestionably one of the fastest juveniles of all time. But Florican is the steadiest of the two and set a couple of records himself by beating the Lusty one in a three heat race at Springfield in 6:09.3—last heat in 2:03. Both the three heat and last heat times were two-year-old records. Lusty Song went his record 2:02.1 in the "in between" heat.

The pacing juveniles likewise are in for quite a scramble with the late comer, Beryl Hanover, Irish Hal, Seattle Hanover and Poplar Tom taking a crack at W. H. Cane's Our Time, who has swept most of the major stake events in her division this season.

The \$60,000 Kentucky Futurity, Oct. 7, will find C. M. Saunders' Banaway attempting to gain revenge against Miss Tilly for his upset defeat in the Hambletonian last month. The championship of the wide open three-year-old trotting class may well be decided in the Futurity with Arden Homestead's Fibber, Hayes Fair Acres' Scotch Pal, A. L. Derby's Martha Doyle, and Castleton Farm's non-Hambletonian eligible, Joe Donlin, also in the scramble.

Good Time, ace of the three-year-old pacing clan, once again will tangle with his early-season conqueror, Royal Blackstone, the always dangerous Whit Mountain Boy (his chief rival for two-year-old honors a year ago), and Saunders Mills' speedy ace, Stormyway, in the \$5,000 Poplar Hill Farm Stake.

Octave Blake's Alemita—with no less than five 2:00 miles to his credit this season—will tackle at least three other two minute performers in the free-for-all pacing division. These are Grattan McKlyo, winner of the \$50,000 Nassau two-mile pace at Roosevelt Raceway, Jerry the First and Poplar Byrd.

But the prize duel of the entire trots meeting is expected to come from the 10-year-old Transylvania, oldest trotting fixture in the country. Rodney and Proximity will clash in this one, meeting for the first time this year on a mile track.

Proximity three times has beaten the Charlotte, N. C., flier on half mile tracks this season. But in their last mile track meeting at the Trots a year ago, Rodney was the victor. In the field against them will be Harrison Hoyt's Demon Hanover, who handed Proximity her first defeat of 1949 in the \$50,000 Roosevelt Trot recently; and the California mare, Full Bloom, who turned in a 1:58.4 mile on the Coast last year.

Mrs. Emma Masten Dies in Wilmington
Mrs. Emma Reed Masten, 77, passed away at the home of her son-in-law and daughter, Mr. and Mrs. Charles Evans, 106 E. 23rd St., Wilmington, Saturday morning after an illness of about 3 weeks.

She was born at Harrington, the daughter of the late William and Mary Mileham Reed, and lived in this community until about 6 yrs. ago.

Her husband, Harry Layton Masten, died about 12 years ago. She was a faithful member of Masten's Corner Methodist Church where she served as Supt. of the Sunday school for many years.

Funeral services were held at the Boyer Funeral Home, Harrington, Tuesday afternoon in charge of the Rev. L. E. Werner, pastor of Brandywine Methodist Church, Wilmington.

Interment was in Hollywood Cemetery, near Harrington. She is survived by 2 daughters, Mrs. Evans and Mrs. Wm. F. Said, Louisville, Ky.; and two sons, Norman R. and H. Layton Masten, both of Pennsboro, N. J.; 7 grandchildren, 3 great-grandchildren, and 1 brother, Ira L. Reed, Wilmington.

Chosen Friends Lodge No. 35, I. O. O. F.
Chosen Friends Lodge met last Thursday evening with a good attendance of its members.

Norman E. Hopkins was given the obligation of the three Degrees by W. R. Wechtenheiser.

After the lodge closed the members choused up sides and played one game of dart ball with Hopkins leading in hitting, with 15 times up he batted in 14 home runs and he made a 3 base hit.

It looks like the Chosen Friends Lodge will be in there for their share of games when the league is formed this season.

If you members who belong to this lodge want to share in the fun and recreation, just come out and see these boys do their stuff.

DELAWARE SAFETY COUNCIL
October 9th to 15th has been officially designated as Fire Prevention Week.

The Delaware Safety Council urges everyone to cooperate with the Delaware Volunteer Firemen

to fight and prevent fires that so mercilessly claim lives and property each year.

Homes are dangerously vulnerable to fire. In one year, home fires snuffed out about 6,200 lives and exacted a property damage toll equivalent to wiping out all the dwellings in a town of 115,000 population.

These are not cheerful figures. They are especially disheartening because the majority of these fires could have been prevented. Many of them resulted from just plain carelessness and ignorance.

The Delaware Safety Council says that safety begins at home. Measures for fire safety can and should be practiced by everyone in every home.

In order to prevent your home from being damaged or destroyed by fire, a number of things should be done now. First, says the Council, a careful survey of your home from cellars to roof will expose a number of "danger spots". For example:

- 1. Dispose of rubbish, old cloths, newspapers and other materials that are easily ignited in cellars, attics, or other storage places.
- 2. Heating units, chimneys and flues should be inspected annually.
- 3. Ashes should be placed in a

metal barrel and rubbish burned in an incinerator.

4. Do not smoke in bed or throw a burned match or cigarette in a wastebasket.

5. Never use gasoline or flammable liquids for cleaning clothes.

6. Open fireplaces should never be left unattended with out a screen.

7. Keep matches away from children.

8. Replace frayed electrical cords and replace defective electrical equipment.

9. Keep stoves, furnaces and smokepipes in good repair.

A Big Boost For Smitty!
Stepped into Smith's Department Store the other noon and saw the strangest thing. "Sis" Davis was coming up the stairs from the basement with a bundle of wash.
"Is Smitty taking in washing these days?" I asked. "Not quite," she says. "He's just put in a new automatic washing machine, so the girls who work here can get their laundry done while they're eating lunch. Means more time to relax at night and on weekends."
I thought what a swell boss Smitty must be. Human relations between the boss and employees have certainly taken a big step forward during my lifetime.
From where I sit, people seem to be doing a better job of seeing our neighbor's viewpoint these days. Though his ideas and tastes may not be ours, we can understand his preference for a certain breakfast cereal, a favorite movie star, or for a temperate glass of beer or ale. That's the way it should be in a free country.

FRANK ERVIN

of the Kentucky Futurity here, Oct. 8. Stormyway has accounted for two stake victories worth \$19,087.

Ervin, as well as Baldwin, will have a crack at the Futurity jackpot with Martha Doyle, who was good enough for fourth money in the Hambletonian at Goshen in August.

Fred Egan, who won the Hambletonian with Miss Tilly for his only victory of the year in juvenile stakes, would surge past the \$100,000 mark if he can get Miss Tilly home in front in the Futurity. The total purse value of the two-year-old trotting classics is \$130,000.

H. M. (Doc) Parshall, with Hayes Fair Acres' sensational two-year-old speed demon, Lusty Song, and the three-year-old Scotch Pal, has annexed \$61,755 worth of stake races, with Lusty Song getting seven wins worth \$56,755. Both colts are trotters.

The winner's end in most of the two and three-year-old stakes amounts to 45 per cent of the total value. The season's money-winning championship for drivers is awarded on a basis of all money won in all types of races, and the final tabulation in this respect could alter the picture considerably.

But in the two and three-year-old stakes—which are most important in the horsemen's analysis—Ervin is well out front and winging' as the 10-day Lexington meeting gets under way.

Daily Double High

The Lexington Trots, which adopted the American Tote and the Daily Double for the first time in its history last year, came up with a daily double average of \$188 for its 1948 meeting. Both attendance and mutual records for the meet were broken last year when daily attendance averaged 2,192 and the handle averaged \$38,524. General Manager Alden Gray expects both these marks to be shattered during the 1949 meet Sept. 28-Oct. 8.

Highway Board Chairman Raps Ferry Concern

J. Gordon Smith of Dover, chairman of the State Highway Commission, Wednesday called "prematuring" any proposal that the General Assembly increase the authorization of bonds for the Delaware Memorial Bridge.

In a statement issued Wednesday Mr. Smith called attention to a report on Monday that more funds would have to be sought to purchase the Delaware-New Jersey Ferry Company.

He said: "Such a proposal is certainly premature at this time. While the State Highway Department is directed by the bridge legislation to acquire any ferry or ferries in operation across the Delaware River in a specified area, there is no direction as to the time when these properties are to be acquired nor the price to be paid therefor."

"The news article in question obviously expresses the hope of the Delaware-New Jersey Ferry Company and its parent, the Wilson Line, that a very large price will be paid for the ferry properties. The impression is given that \$7,000,000 will be needed for this."

sons should have employment opportunities equal with others; and "Whereas job performance records have proved the handicapped workers, when properly prepared for and placed in suitable jobs, and do, perform employment duties on an equal par with all other workers; and

"Whereas continued employment of these workers results in greater financial security for not only the handicapped individuals, but for employers and the whole of society as well; and

"Whereas the State of Delaware, by direct act of its Legislature, provides facilities for the rehabilitation of vocationally handicapped persons; and

"Whereas the United States Congress, by a joint resolution, has designated the first week of October of each year as National Employ the Physically Handicapped Week, and the President has asked that all the states of the nation join in a special effort, during that time, in an attempt to find greater outlet for the vocational placement of handicapped persons; and

"Whereas the State of Delaware, through its many agencies, has provided facilities and placement services for them in our various communities;

"Now, Therefore, I, Elbert N. Carvel, Governor of the State of Delaware, do hereby call upon the people of this great state to cooperate with the President's committee, and the Delaware State Committee, on National Employ the Physically Handicapped Week, and to observe this week, beginning Oct. 2, 1949, in an appropriate manner, and to lend all individual efforts in, not only referring vocationally handicapped persons to proper agencies, but in offering and helping to secure employment for those already prepared for, and capable of, employment."

purpose. The same figure was given by the management of the ferry company in discussion with this department, of the sale of the ferry properties about two years ago.

"It was considered so ridiculously high as to be unworthy of further consideration by the Highway Department. Since that time the ferry company has had, of course, an additional two years of profits as a balm for its wounds, if any."

"The State of Delaware has not granted to the ferry company any right or franchise to operate a ferry crossing. It is not necessary for the state or the State Highway Department to repurchase any such right or franchise. The ferry company saw fit to enter into a competitive business against all comers. The bridge will be of tremendous importance to this community."

"The bridge legislation directs the department to acquire any ferry or ferries in operation. This does not mean that the state must buy all of the assets of the ferry company which, in fact, owns very large investments nor does it mean that we must buy any non-existent right or franchise. If the Delaware-New Jersey Ferry Company is willing to sell ferry properties in operation at a reasonable figure, the Highway Department is willing to buy at a proper time, if not, the question of price for the ferries in operation is left to the good judgement of the citizens of Delaware in condemnation proceedings."

"This department must consider the interests of the citizens of Delaware and the traveling public and not the selfish interests of the stockholders of the ferry company. Those latter interests have stood in the way of this great improvement all too long. The development of this state and the entire Delmarva peninsula will be immeasurably accelerated by The Delaware Memorial Bridge. No interests of the Delaware-New Jersey Ferry Company nor its stockholders can be permitted to impede the growth of this community and the best interests of our state."

Many Ohio Horses Entered in Races

An invasion of trotters and pacers from Ohio, Michigan and Pennsylvania, will offer strong competition to peninsula and southern horses here when the fall meet of the Kent & Sussex Racing Association opens Saturday night for 20 nights of pari-mutuel harness racing. Most of the invaders, many from the Fort Steuben Raceway, Steubenville, O., are coming here for the first time.

Among the many owners due from the midwest are: Ed Dunwoody, Newark, O., who has Glendale Beverly, a 2-year-old with a 2:15.1 record; Jecca-Volo and Dona May Law. Dunwoody has played in such movies of harness racing as "Back Home in Indiana" and "Green Grass of Wyoming". Clay Hammer, of Indiana, Pa., will race here for the first time with Hollenden, Spud Etawah and Hi Scott. There is a possibility that James Stewart, the movie star, will bring a stable from his home town, Indiana, Pa.

E. Taylor, of Northville, Mich., will make his initial bow here with Queen's Grace and Scott Frisco. Bob Taylor, Detroit, will race Catherine Spencer, Frisky Queen, Tropical Moon and Josedale Onward. C. K. Buel, Croton, O., will bring in Jenny Lew, Billy-at-Law, and Jedorvill, while W. Kreiger, of Mercer, Pa., will race Beau Bunter, Miss Billy Direct and Cy Lee.

The peninsula and southern stables will offer the visiting contingent considerable competition. These stables include: Riddick and Webster, Elizabeth City, N. C., with Guam and Pat Song; Louis Floyd, Birdsnest, Va., with Sultan Hanover and Marvel Hanover; Fred Floyd, Birdsnest, Va., with Mont, Guy Simms and Miss Walnut

Dale; L. Applegate, St. Stephens Church, Va., with Hanover Express and Dottie's Cardinal; W. C. Coggill, Paulsboro, N. J., Flo C. and Kate D.; R. B. Brown Jr., Baltimore, Md., Winnie Direct, Peter Eileen and Anna Rose; Wayland Cantwell, Annapolis, Md., Blue Jacket and Judy Dean; Tom Lewis, of Frankford, Belina Hanover, Job Stuart, Nora Abbe, Bonnie Jr. and American Lou; Warren Holmes, Harrington, Seattle Dean, Seattle Girl and Joe's Run; Harry Stout, Harrington, Colleen Meridale, May Trux and Josedale McElwyn; A. L. Dixon, Southern Pines, N. C., King Brew, Elizabeth Seeley, Prim Up and Symbol the Great; Wallace Stokley, Victory Cash, Gallant Heart, Supreme Zimri, Neal Abbe and Miss Lawrence Tip Hanover.

Also, Ellis Myer, Bridgeville, Seven Up, Relliey, Peggy Advance and Bunter Hanover; Emil Adams, Harrington, Adagio, Poney Boy, Townway and Hillcrest Bertha; A. B. Highley, Trapps, Md., Bold Salute, Ednamite, Hobnob and Miss Stuck Up; B. Puckett, Peaches Hanover; Eddie Kelley, Freehold, N. J., Fortunate Boy and La Tosca; Olin Davis, Clayton, Quick Reward High Seven, Bermuda and Buckup; Johnny Goodnough Wadesboro, N. C., Maxine's Kitty, Norman Hanover, Rapid Hanover and Flaxey Hall, and Carl Goslin, Harrington, Majestic Miss and Symbol Louis.

PROCLAMATION

In Keeping with a Proclamation of the President of the United States designating the week of October 2 through 8, 1949, as NATIONAL EMPLOY THE PHYSICALLY HANDICAPPED WEEK, as well as in keeping with a Proclamation by the Honorable Elbert N. Carvel, Governor of the State of Delaware, designating this same week to be observed as Delaware's part in this National effort, and urging all peoples of this State to lend cooperation with the designated State Committee appointed for the purpose of setting a program in motion to place as many physically handicapped persons in employment as possible, we make an appeal to all persons present who are employers with the possibility of unfilled jobs available, to fill those jobs with physically handicapped persons, who have trained or found suitable for the job. We appeal to all those who may know of a job opening to lend their efforts in having a physically handicapped person, who can qualify, to be at least considered for the job. We wish to remind all persons that within the physically handicapped persons, who laborers, skilled craftsmen and even professional persons representing all fields of vocational life, and who are not vocationally handicapped when trained for a job which they can do. Furthermore, national statistics have proved that these persons, when employed in the proper job, perform their jobs on a par equal to maximum production in any field. The physically handicapped employee does not ask for charity, but merely an equal opportunity to prove his ability.

If you can employ a person at this time, or if you know of an available job opening, or if you know a physically handicapped person who needs medical attention or training to make him capable of employment, you are asked to contact the Delaware State Vocational Rehabilitation Division at 11 Concord Avenue in Wilmington, Phone Wilm. 5-3331, or contact any office of the Delaware State Employment Service and make your employment wants known or refer to them the name of a handicapped person. Mayor and City Council, Harrington, Del.
