

Business Association Makes Recommendations For Water System

Now Is The Time To Make The Change, Businessmen Feel; Factories And Fair Must Have Water

Harrington does need an extension of its water mains and sewers. Not only are there homes in the corporate limits of the city that need these facilities, there are in them. Offhand, George Sherwin, president of the Harrington Better Business Association, said that the Ace Manufacturing Company and the Kent & Sussex Fairgrounds need a dependable and ample supply of water.

Furthermore, there is little reason to expect industries to locate here unless a substantial supply of water is assured.

To promote this end, a committee of the Harrington Better Business Association has been working on the project. Chairman Fulton Downing and other committee members meet before the City Council at its regular October session when Mr. Downing presented the results of a survey he had made.

Mayor Sylvester suggested that copies of the survey be made and presented to city councilmen for further study before taking any action. Mr. Downing told his committee members that the survey was not intended as a panacea or a cure-all for present shortcomings in the water system and that he hoped it might provoke discussion on the subject. The Journal would like to have letters from its readers on the matter. Following is Mr. Downing's survey:

We offer the following additions to the water system of Harrington to bring it up to the requirements of the present time and prepare for future needs.

In making this survey we have had several thoughts in mind, namely:

1. To have an adequate water system for the least of the taxpayers money.
2. To take care of the present need.
3. To take care of any immediate future need.

We feel that now is the time to make a change in our water system. We have two factories, Sherwin and Ace Manufacturing Company's new plant that have to have an ample water supply for fire protection. The Kent and Sussex Fair is forced to either connect with the town or put in a tower of its own.

It is the thought of the committee that it would be much more economical to have one system than three. We think the Fair, Ace, and Sherwin should pay a part of this proposed cost either by one payment with free water for the money invested, or by a water rent which would amortize their part. Our opinion on talking to these three is that they would go along with this proposal.

This method enables the three said companies to have fire protection at the lowest cost. It also gives the people of Harrington an excellent water supply at the lowest possible cost.

We realize that this does not give each street a new main, but it does give each main and each user more pressure which greatly helps those partially clogged mains and pipes. Mainly it provides for future expansion towards the east and also whenever a section of the old water main can be replaced the water will be there for it. We realize an additional pump will have to be installed; if possible we would put this off to a later date.

1. A new location for a new water tower to get it more in the center of distribution.
2. Erection of a 200,000 gal. water tower 130 ft. high 100 ft. from bottom of tank to ground. cost \$37,000
3. Main 12" run from tower to Swain's Hotel. cost \$1,974
4. Main 8" from Swain's Hotel to corner of fairground. cost 14,152

Total \$83,120

5. The town council and mayor to employ an engineer to check on this recommendation, also to obtain from the fire underwriters a list of the points where we are deficient in fire protection, looking forward to a lower rate for Harrington.

We would like to sum up the above in these few words.

If we ever expect to get a new tower and larger mains, now is the time while we can get help from these outside companies, because they must do something in the next year.

We also expect this to result in fire insurance savings to the tax-

While our division is not hit quite so hard as those that have to rely on the coal and steel industries entirely. We have to suffer with our big brothers in the retrenchments that are affecting the entire country.

Evidence of these conditions is reflected in the size of the crowds attending the races.

Let's hope the picture will soon change.

RAILROAD NEWS

The Women's Aid, Delmarva Division of the Pennsylvania Railroad, will hold its initial Fall General Meeting and Covered Dish Luncheon at 12:30 P. M., Wednesday, Oct. 19, at the Superintendent's residence on Tazewell Ave., Cape Charles, Va. Mrs. C. R. Utts and ladies from the M. W. & S. department and Consolidated Office will officiate as hostesses.

Owing to major alterations being made in the assembly room at the Cape Charles office building, it was necessary to change the meeting site.

In addition to the short business session, a very pleasant entertainment program is being arranged. A door prize will be awarded.

All ladies from the local district are being requested to bring their covered dishes as has been the custom.

Barney Long, the master of ceremonies, headed the show which also included Marie Latell, a neat little number who, as a singer of popular songs, was well-received by the patrons. Another eye-fel was Jerry Costello, acrobatic dancer, who went over in a big way.

Allan Boyd, who came along for the ride, found the patrons attentive to his excellent baritone vocal solos.

B. P. & W. Club Discusses Youth Project

At a board of Directors meeting held at the home of Mrs. Blanche Cahall, President, on Tuesday evening, Oct. 11th, plans for the Youth Project were discussed. It was decided that a representative would contact the Student Council of Harrington High School for its reaction and suggestions for facilities required. It is hoped of the club to open a building equipped with a variety of games and amusements, to be called a Youth Center for the benefit of the young people of our community.

The center would be open at least one evening each week under the supervision of the club members, and operated by the young people themselves.

After studying the problem of delinquency in our community, this new club has readily recognized the great need for such a Center and has set it as a goal for their first year. It sincerely hopes that the rest of the community will support it in its effort to make this a success.

Its first step toward raising funds for the project will be a bake held at Cupid's Ice Cream Store on Commerce St., at 10:00 a. m. Sat., Oct. 22.

V. F. W. To Hold Horse Show at Felton Sunday

The 3rd annual Felton V. F. W. Horse Show will be held on the Nelson Hammond Farm, Route 13 south of Felton on Oct. 16, at 12 o'clock sharp.

Members of the post and its auxiliary have worked hard and long to make this show the biggest one they've ever had. This year prizes of money are being awarded instead of trophies. There are to be twenty classes including ponies, hunters, jumpers, three gaited, five gaited, Tennessee Walkers, Palominos, pleasure horses, harness horses and several classes specifically planned for children.

Members of the committee in charge have announced that they expect horses from Pennsylvania and Maryland as well as Delaware.

Belina Hanover Sets New Trotting Record Under Lights At K & S Raceway

Goes A Mile in 2:05.2 and 1 1-16 Miles in 2:13 to Win Cahall Gas Trophy—Time Also Equals Pacing Record

Mild evenings, favorable broiler prices, and unusually fine racing attracted an improved attendance this week at the fall meet of the Kent & Sussex Racing Association here. Furthermore, patrons found their way to the mutuel windows more readily, though betting, as business in general, is not as good as during the spring meet.

Undoubtedly the outstanding event of the week was the setting of a trotting record, for the Kent & Sussex Racing Association here, by Belina Hanover Saturday night in the first dash of the Cahall Gas Service Trot. The seven-year-old bay mare, owned by George M. Ellis, of Ocean View, and driven by Tom Lewis, trotted the mile in 2:05.2. This time also equals the pacing record held by Rena Grattan and Oxheart. Belina Hanover also won the second dash of the trophy race, a mile and a sixteenth, in 2:13.

Belina Hanover established a new record for her when she trotted the mile Saturday night in 2:05.2 here to win the first heat of the Cahall Gas Service Company Trot. This figure equals the record of the Kent & Sussex Racing Association and is the record for a trotter.

Sultan Hanover made a new record for himself here last week in 2:07.2.

Col. E. J. Baker of St. Charles, Ill., owner of the world champion trotter Greyhound, is back in the trotting game in a big way at 81.

The famed sportsman, who paid \$900 for the immortal Greyhound as a yearling—returning to the auction sales for the first time since 1946—promptly jacked the bidding up to \$22,000 for Steelway, a grey yearling by Volomite, and \$15,000 for Ableway, a colt by King's Counsel.

The two prices topped the Gainesway Farm consignment at the Tattersalls sale, which saw 23 colts and fillies sell for \$113,800 for an average of \$4,947—an increase of \$562 a head over the 1948 Gainesway average, and a new record for the farm.

Baker, who has owned more two-minute horses than any other man in history of harness racing, sold his entire stable and retired from the game in 1947. But the esteem with which he is held by harness horsemen was clearly evident when the Colonel began bidding on Steelway.

Each of the Colonel's final bids was greeted with a round of applause from the packed gallery at the Tattersalls sales pavilion. And when K. D. Owen, Houston, Texas, oilman who was carrying the bidding along, learned that he was in against the Colonel, he refused to bid again.

Sentiment was obvious in both of Baker's purchases from the Gainesway consignment: Steelway is out of Miss Greyhound, a full sister to his greatest campaigner, Greyhound. And Ableway is a son of his 1:58 performer, King's Counsel, who sent his first crop of yearlings to the sale this year.

With Col. Baker back in the game, the chief topic of speculation among horsemen now concerns who will be his trainer. So far the cagey Colonel, who had his greatest success with Sep Pallin, has given no indication of who his new man will be.

Market Still Strong

The market for Standardbred yearlings showed no signs of slumping off this year at the famed Tattersalls sales at Lexington, Ky. Hal Dale, the Two Gait Farm sire of the two three-year-old pacing sensations, Our Time and Good Time, hiked his average on 11 yearlings to \$5,290—an increase of more than \$1,500 over 1948.

Volomites and Billy Directs were higher than ever, and the new sire, King's Counsel, drew an average of \$4,400 for his first eight offspring.

From the bottom of our hearts we thank you one and all for the part you have taken in making our life worth while. As the years flash by we realize more and more how empty it would be without such friends. We feel we are rich beyond the dreams of avarice.

May God bless you and yours. Sincerely and gratefully, Harriet H. Powell Harold A. Powell

Felton School Notes

On Thursday evening, Oct. 6, in the Felton School, the P.-T. A. held the first meeting of the year as a "Get Acquainted Night." There was a regular business meeting first at which time the year's work was outlined for the members.

The report made to the School Building Program Board as it was prepared by the School Board, was examined by the organization and approved. The P.-T. A. voted unanimously to support the plans and the referendum that will be necessary for furthering the building project.

The P.-T. A. plans also to put more equipment on the playground this year with the money that has been raised for that purpose. They want to place see-saws and a jungle-gym on the grounds as soon as possible.

In recognition of their leadership in school activities, Lewis Harrington and Robert Voshell, were selected to represent Felton School in the Youth Project inaugurated on Saturday evening, Oct. 8, at the Hotel duPont in Wilmington.

The dinner and meeting was sponsored by the Delaware State Junior Chamber of Commerce. The objective of the project is to promote a better understanding between young people of Delaware and leaders of the industrial, agricultural, recreational and cultural activities in this State.

The young people thus honored will have excellent opportunity to develop their capacity for public service through actual experience and training.

The principal speaker at the dinner was Phillip Wilkie, son of the late Wendell Wilkie.

The magazine subscription campaign is well under way in the schools so far. All pupils from grades four through twelve are showing excellent qualities of salesmanship in their work at selling subscriptions. The profits that are realized from these sales are used for a school fund that takes care of the cost of transportation of teams and spectators to games, as well as providing funds for the purpose of purchasing motion pictures for use in the assembly programs.

The Felton Schools are closing on Oct. 13, and 14, in order that the faculty members may attend the annual convention of the Delaware State Education Association.

To the General Assembly business meeting of Wednesday evening, the faculty Association has voted to send Mr. Henry and Mr. Ludlow as their representatives, while Mr. Bennett and Mr. Meier will act as alternates.

The faculty has gone on record once again as being 100 per cent in membership of the D. S. E. A., the N. E. A. and Kent County Teachers Association.

Mr. Corkey, Felton's athletic coach has listed his soccer and basketball schedules for 1949-50.

Automotive Progress
Your 1949 automobile is the ultimate of 56 years from the first American-made gasoline motor car. During that time 800,000 patents have preceded its construction. Over that bridge of years the automobile has lost all semblance of the original Duryea model of 1893. The buggy top turned to steel turret; one cylinder motor grew to eight or more cylinders. Steel tires turned to pliant, silent rubber.

POTTER'S FIELD

Nearly two thousand years ago, Plutarch, writing about a friend of his, said that when some one told this friend that a notorious gossip had spoken well of him, he replied, "I'll lay my life, some one hath told him I am dead, for he can speak well of no man living."

Things haven't changed one darn bit. One of the most potent and evil forces at work in the world today is gossip.

We are not talking about harmless, "over the back fence" gossip concerning Mrs. So and So's new coat or Mr. So and So's new car. We are talking about malicious gossip. The gossip that can wreck homes, break up friendships and embitter a person against life.

Many harmless little occurrences have taken place and many harmless words spoken, which when seen or heard by a gossip, quickly took on new meanings as the word was quickly passed along. By the time the story had been retold ten times, the innocent victim of the tongue-waggers was probably wondering why some people, who had always been friendly toward him, suddenly became quite cool.

Here's what happened. Mr. So and So went to the city on business. Mrs. Whosis went to the city shopping. She missed her train home. On her way over to the bus station to see if she could get a bus she ran into Mr. So and So, who was just getting into his car.

Of course, he offered to drive her down, and of course she accepted. It was quite dark when they arrived in town, but not too dark for Mrs. Limberlip's gimlet eyes to recognize him as he let the lady out of the car. By the next afternoon, it was all over town that Mr. So and So, and Mrs. Whosis had been having clandestine meetings in the city, and thought they had been fooling everybody by him driving up and her taking the train. Now the cat was out of the bag, because they had been seen coming home together.

Although there was not a word of truth in that, some people firmly believe it and it has left a mark on that man and woman that will never be completely erased.

Something like the above isn't a drop in the ocean to the vast amount of harm done daily through gossip. From Bridge Clubs to International Propaganda Machines, it's the same thing, no matter how you look at it.

If you see or hear anything that is questionable to you, make sure of your facts, before you pass it along. Even if you are sure of your facts, and think that they might harm some one, keep them to yourself.

A chronic tale-bearer does not impart his information to increase

your knowledge of a subject, but merely because it gives him or her a feeling of superiority to tell you something you don't know, regardless of the consequences to anyone else.

The next time somebody rushes up to you with a juicy bit of dirt, that is neither any of his business, nor yours, tell him you've already heard it as soon as he gets started. Then watch his face fall.

You bitterly resent anyone sticking their nose in your business. Other people feel exactly the same way, remember that. The next time you are tempted to pass on some malicious gossip, stop long enough to put yourself in the victim's shoes and we don't think you'll tell it.

First Texas Colony
Stephen F. Austin, with 300 families, founded the first American colony in Texas in what is now Austin county. In 1820 there were only 4,000 people in the entire state, but the flood of settlers increased the American population alone to 30,000 by 1835.

Trinity Methodist Church Notes

In order to satisfy the musical cravings which seem to be latent in all of us we invite you to come and hear our choirs sing in the morning worship service at 11 o'clock and the evening service at 7:30 p. m. The Junior Choir, under the leadership of Mrs. Oscar Nemish and Mrs. Earl Sylvester, sings in the evening service; and the Senior Choir, under Prof. Melvin Brobst, sings in the morning service. The minister's subject in the morning is: "The Church in the Life of a Person Age 15 to 23".

Notwithstanding we are operating under crowded conditions in our Sunday school, still we invite all who do not attend any Sunday school to come and avail themselves of a splendid session at 9:45 a. m.

At 6:30 p. m. our Youth, with a leader their own age group, meets regularly every Sunday evening in the Church Annex.

Monday evening: Special committee meeting.

Tuesday evening: Second session of Religious Training School in Milford.

Wednesday evening: Sub-Dist. School for the committees on Evangelism, to be conducted by Dr. T. C. Mulligan in the Asbury Methodist Church.

The public is cordially invited to all services.

Asbury Methodist Church Notes

'X' Disease
Recent observations seem to discount the theory that malnutrition may be a cause of X disease, a livestock health bulletin reports. This malady, which causes thickening of the skin and emaciation, has been spreading among cattle in the United States and is responsible for heavy losses in some herds. Veterinarians are now investigating the disease, but so far they have been unable to determine what causes it or how it spreads.

First Gas Turbine
An outline for what was probably the first gas turbine was presented more than 200 years ago, in 1680, by Bishop Wilkins in a book, "Mathematical Magick." It was described as suitable for "turning of a spit, reeling of yarn, the chiming of bells, the rocking of a cradle, enough to give each man and boy

Aleathe "Lee" Nichols, of Indiana, Pa., is somewhat of a sensation at the current harness meet of the Kent & Sussex Racing Association at Harrington. The diminutive brunette brought home two winners Monday night to run her string to four out of seven starts.

But that isn't all—this season she has driven 91 winners out of some 140 starts—a record of which any of her male opponents would be proud. And there's more. Seated on a bench in the paddock between races, Miss Nichols flicked her whip in the dust and mentioned that this was her first full season at driving.

She started this year in late May at the Ft. Steuben Raceway, Steubenville, O., and kept right on when her father, Herman Nichols, a trainer and driver, broke his arm at Ft. Miami Raceway, Toledo, O. Thence the 22-year-old Pennsylvania who, up until this season had been driving in only an occasional selective race, raced at Pennsylvania fairs at Clearfield, Bedford, Butler, Dayton, Indiana, Bloomsburg, York, Allentown, and Bloomsburg, before coming to Harrington.

Miss Nichols trains and drives a stable of seven. For her father she has five horses, including Janie Hanover, a 3-year-old trotter; Helen Castle, a 3-year-old pacer;

several shades that are right up to the minute. We have wall paper galore and I mean wall paper. Plenty to select from and the patterns that is just what you have been looking for. Ceiling paper 15 cents per single roll and some kitchen paper as low as 12 1-2 cents per single roll.

Mr. and Mrs. Frank Beauchamp visited Mr. and Mrs. C. N. Drummond of Hickman Sunday afternoon.

Lady Harness Driver Has Unique Record

WHEELER RADIO STORE NEWS
Again we have two major strikes with the steel and coal workers. What does this mean to you and me? Simply this: if these strikes continue for a short time only, we are going to find that things made of steel and iron is going to be hard to get, and probably prices will rise again. Now may I ask if you are going to need a new heating oil burner? If so, we have some that I am sure you will be pleased with and if you want one that has been used some, we have them also. Just about half what a new one.

Bear in mind that we have the kind that not only heats the upper part of your room but the floor as well.
Better place your order now for that radio you want for Xmas as they are now right hard to get and the closer we get to Xmas the scarcer they will be.

Talking about radios, how about that Television set? Come in and let us show you just how easy one can be bought and the prices are less than a good console radio would cost. Of course, we sell them on monthly payments and a down payment will hold one for that Xmas gift you promised the family.

Do you want to beautify your home? If so come in and see how easily it is done by using Sunflex wall paint at \$2.95 per gallon in.

Dr. Guy, a 13-year-old trotter; Gay Duchess, a 4-year-old trotter, and Turnpike, a 4-year-old trotter. At the close of Monday's races she had won a race with the first three. For Harvey Orr, also of Indiana, Pa., Aleathe drives Sunshine Direct and Little Rip II. She won with Little Rip II Monday night in the second dash of the Killen Feed Trophy.

"My best time this year," said Miss Nichols, "was at Ft. Miami Raceway when I drove Silver Faith, a four-year-old owned by Dr. H. B. Buterbaugh, also of Indiana, Pa., a mile in 2:06.2, to equal the track record on the trot."

Attired in green and white silks and wearing a long bob, Miss Nichols looks much younger than her 22 years. Granted that she has good horses, her contemporaries also admit that she is a good driver.

Training and driving harness horses is a full-time job with her. In the winter she jogs them until the first of March when they are turned out.

Strange as it seems, Miss Nichols has never been in a race with other women drivers. However, she may get her chance at Harrington as there are several here.

But Curly "Knows" What The Score Is!

Was over at Doc Sherman's drug store listening to the World Series on the radio. Curly Lawson wanders in and says: "How about a chocolate malted, Doc?"

"Sorry, Curly," says Doc, "can't make you a malted for a while yet." "What's the idea?" Curly asks. "Well," says Doc, "most of the folks want to hear the game and the mixer makes too much noise." Curly thinks a moment and says, "Okay with me, Doc—I'll take a chocolate soda!"

This shows how tolerant folks can be. Doc showed his respect for

DON HENRY TRIO HEADLINER AT NEW MILFORD

America's sensational harmonica group, the Don Henry Trio, will appear on the stage of the New Milford Theatre on Friday and Saturday as the headliner of the new five-act vaudeville bill.

This novel musical trio is well known for their appearances at leading vaudeville theatres and on major television shows. They have also made many recordings including their very popular version of "Sabre Dance".

Other talent on the new variety bill will include The Three Bricks... acrobats on a trampoline; Larry Allen... with his hilarious comedy routine; Jack Soo... Chinese song stylist; and Jan Risco and Nina... a very novel juggling and balancing act.

On Sunday, Oct. 23rd, the biggest show to every play Milford will be presented on the stage of the New Milford when Horace Heidt will send in person "The Dick Contino Show".

Along with Dick Contino, the Rudolph Valentino of the accordion, the show will consist of thirty Horace Heidt winners. The Dick Contino Show comes direct from engagements at some of the nation's leading theatres and will be presented in Milford prior to engagements in New York, Washington and Philadelphia.

Tickets are now on sale for this attraction at the theatre box office.

Modern Matches Rats and mice will not chew the heads of modern matches even when starving. When W. A. Fairburn created the present-day non-poisonous formula 40 years ago, it was learned that the ingredients were abhorrent to rodents. Prior to that time many fires resulted from the liking of rodents for old-fashioned phosphorus matches.

Colds in "Old Days" In ancient times, colds were believed to be caused by decaying leaves, face powder, cats, and the influence of comets. No. 1 State Approximately one-fifth of the nation's outlay for business, repair and personal services is spent in New York state. The largest concentration of service industries is in New York City. Almost half of the nation's business in advertising, travel and interior decorating is handled in this state.

Frying Oysters When frying oysters, turn with a spoon instead of a fork. By doing this, the skin is not pricked and no flavor will be lost.

He hopes to establish the filly, Our Time, as the first harness horse in history to win more than \$50,000 as a two-year-old. And he aims to boost Good Time's two and three-year-old winnings past the \$100,000 mark, making him the first of his age ever to win that amount. At the moment, each of W. H. Cane-owned youngsters is shy of its goal by less than \$2,000.

Hoof Beats

(Continued from page one) Frank Ervin, trainer of harness racing's famed brother-sister pacing combination of Good Time, 3, and Our Time, 2, expects to hang up all-time money winning records for both before the end of the current racing season. He hopes to establish the filly, Our Time, as the first harness horse in history to win more than \$50,000 as a two-year-old. And he aims to boost Good Time's two and three-year-old winnings past the \$100,000 mark, making him the first of his age ever to win that amount. At the moment, each of W. H. Cane-owned youngsters is shy of its goal by less than \$2,000.
