The Merrymakers Home De monstration Club met Wednesday evening, Jan. 11, at the home of Mrs. Edgar Dill. The newly elected president, Mrs. Charles Peck, Jr. presided at the meeting. Mrs. Millard Cooper, immediate pastpresident, installed the new officers before giving a report on activities of the past year. They are, in addition to Mrs. Peck, Mrs. Edgar Dill, vice-president; Anna Lee Taylor, council member, and Mrs. Matilda Brown,

Mrs. Violet N. Goodwill, home demonstration agent for Kent County, gave a splendid talk on the Outlook for 1950, and also made mention of the goals for 1950 which each family should consider in its plans for the com-

The following committee chairmen were announced by Mrs. Peck: Mrs. Ida Welch, safety; Mrs. Flossie Swann, health and nutrition; Mrs. Ruth Crussell, civics; Mrs. Louise Ready, community work; Mrs. John McKnatt, annual reports; Mrs. Laura Belle Layton, recreation, and Mrs. Anne Minner, publicity.

This announcement was followed by a general discussion of the program for the year, and hostesses were selected for each month. The February meeting will be based on the topic "Desserts with a Dairy Accent." Hostesses will be Mrs. Lillian Black and Mrs. Emmalee Hughes.

The meeting was adjourned by the president and refreshments were served by Mrs. Dill.

There were 22 members and vistors present at the meeting. It is hoped that there will be a great many present at the succeeding meeting of the year.

THE HARRINGTON JOURNAL is always ready to print "Letters to the Editor" without charge. These, how- ed a pie social given at the home ever, should not be lengthy, nor should they be libelous.

Discussion of difference in religion and race is taboo, the Todd's Church Community, Saturday with Greensboro relaor prohibited. Letters MUST BE SIGNED. It is not necessary that the writer sign his or her true name, but we must know the identity of the author.

THEY NEED YOUR HELP

Polio epidemics in 1949 were the worst in the nation's history. More than 40,000 people were stricken in major outbreaks that raged across widespread areas from coast to coast.

The epidemics are over. But for thousands who must Mr. and Mrs. Russell Breeding and live with the disease the tragedy of polio has hardly begun. Of last year's victims, 17,000 will require continued care and treatment this year. Many more thousands remain from other years.

Most of these patients are children. They are depending heavily upon the MARCH OF DIMES to furnish financial assistance in the long, hard pull along the road to rehabilitation.

They need your help.

MARCH OF DIMES receipts for last year totalled

Patient care alone in 1949 cost \$31,000,000 in MARCH OF DIMES funds.

How much will be needed in 1950?

No one can answer that question with any degree of certainty. But it is obvious that your contribution to the 1950 MARCH OF DIMES must be much greater than ever before, if sufficient funds are to be made available to the National Foundation for Infantile Paraylsis in its all-out fight against this dreadful, crippling disease.

The time to help is NOW-January 16-31-when the 1950 MARCH OF DIMES drive is in full swing. The time to think about polio is TODAY, when there is time to organize and plan our defense against the disease and place in capable hands the weapons that will ultimately spell victory

So, now you are being asked to contribute, give-and give unstintingly. JOIN THE MARCH OF DIMES.

Make checks payable to the State Make checks payable to the state Highway Department. STATE HIGHWAY DEPARTMENT By: J. Gordon Smith, Chairman M. Allan Wilson, Chief Engineer. Dover, Delaware. January 11, 1950.

CLAYTON DOWNES

Clayton Downes, better known as Clayt, to his team mates hails from Bridgeville. This speedy Harrington forward has set an impressive record for local basketball play. In 1947 Clayt led his high school team in scoring and was one of the top men in the state for high school scoring. The following season, he was with the Bridgeville Knights of the Sussex League and at the end of the season the records show that he was top man in the scoring department.

In the season of 48-49, Downes was very much in demand and Lewes, of the Eastern Shore League was fortunate in gaining his signature to a contract. He was second to Cunningham on the Lewes team that year.

This year Clayt started the season off at Federalsburg of the Eastern Shore League. After a few games he elected to play with Harrington and is now proving himself quite a shot artist. He makes shots from all angles and sets them up from quite a distand is averaging 17 points per

Project Schools Are Announced For The Year

Miss Maybelle Ligon, Sussex County Home Demonstration Agent, has announced project schools for 1950. Those schools are open to any women who is interested in learning to do the particular project which is scheduled. People attending those schools have the opportunity to

'learn by doing." Project schools will be held luring the following months: February — Making the House Dress; March—Slip Covers; July— Household Equipment Repair School; and October-Children's Clothing School. People interested in attending these schools are asked to notify Maybelle Legon. Sussex County Home Demonstration Agent, Georgetown. Advance enrollments are important in order that meeting places and dates may be determined. Those who enroll in the schools will receive notices of exact dates of the

meetings.

HOTTEST ENGINE NEWS of 1950

That's the word spreading about Buick's brand-new F-263 valve-in-head engine, already proving itself in the hands of new SUPER owners

ALL it if you will the biggest powerstory of the year. Call it another triumph in Buick's long history of coming up with car performance beyond compare.

But, sir, when you step into the sleeklined traveler pictured here - hang on

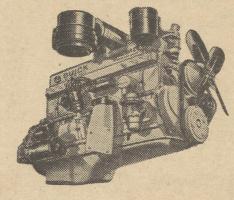

plant that is not only new but a major sensation of the 1950 season.

You'll be commanding the very latest word in valve-in-head power-the newest accomplishment of the organization with the country's longest stretch of experience in this engine design.

Here every fist-size fuel charge now delivers a huskier wallop. Shorter, lighter connecting rods mean that pistons flash with faster and livelier

Heavier crankshafts, floated on bigger, seated for efficient operation—and for

Dover, Del.

more rugged bearings, take this greater load and transmit its stepped-up surge to the drive shaft and rear wheels.

For you'll be riding behind a power And you, behind the wheel, wreathe your face in smiles at the lift you find! At the trigger-quick take-off-the mile-eating cruising stride - your easy disdain for the passing gas pumps.

> You and your SUPER are really stepping out-and Buick's good name as "a sweetheart on the road" gains still more lustre.

Nor is road-thrill the only blessing this new power plant brings. Simpler design makes service easier, so upkeep diminishes as a problem. Hydraulic valve-lifters keep valves properly

quiet unbroken by tappet noise.

And you can have this power either with Buick's easy-shifting Synchro-Mesh transmission or the silken luxury of Dynaflow Drive.*

Lither way, this SUPER is certainly something to see. To this top-notch new power it adds style and room, comfort and a wide outlook, soft easy stride and handier new over-all length.

Even the price justifies a prompt trip to your Buick dealer to learn more about Buick for 1950. You'll soon see why so many folks are already saying, "Whatever your price range - better buy Buick!"

> *Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

Features like these mean BUICK'S THE BUY

HIGHER-COMPRESSION Fireball valve-in-head power in three engines, five hp ratings. (New F-263 engine in SUPER models.) • NEW-PATTERN STYLING, with bumper-guard grilles, taper-through fenders, "double bubble" taillights . WIDE-ANGLE VISIBILITY, close-up road view both for: ward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low pressure tires, ride-steadying torque-tube • DYNAFLOW DRIVE standard on all ROADMASTERS, optional at extra cost on SUPER and SPECIAL series • NINETEEN MODELS with Body by Fisher . WIDE CHOICE OF EQUIPMENT adding flexibility to prices that bracket every price range

Ralph C. Wilson To Retire From Farm Board

The State Board of Agriculture Friday announced that its secretary, Ralph C. Wilson, Dover, will appointed John L. Clough, Dover, as acting secretary, effective Feb.

position in June, 1923, and has interval, part of which time he was chief game warden of the Game and Fish Commission.

Many of the department's activities and functions have been inaugurated and expanded during his tenure. The retiring secretary ed dates for a fall meeting, "proassured that "his interest in the vided the track is constructed and state board and in the advancement of agriculture would conti- of the commission." He explained nue" and expressed his apprecia- that the commission cannot grant tion for the loyalty and splendid a license until after the track is co-operation he had received from | built and inspected. the department heads and the

servation Commission, a former Georgetown. director of the Kent General Hospital, a director of the Elizabeth W. Murphey School, secretary of the Delaware Railroad Company and a member of the Delaware Farm Bureau, Kappa Alpha fraternity, and the Mapledale Country Club.

Mr. Clough has been a member of the board staff for nearly 12 years as head of the seed and milk laboratory. He is a graduate of Washington College with the degree of Bachelor of Science. Before coming to Dover, Mr. Clough was associated with the Kopper's Company as a chemist. He is a member of the National Association of Seed Analysts, secretary of the Northeastern States Seed Control Officials, a member of the Dover Kiwanis Club, and a director of the Mapledale Country Club.

Dimes Cans On the March

Widespread distribution of 1950 March of Dimes coin collectors is now under way. Mr. Sylvester, County Campaign Director, revealed today. Local retailers, hotel owners, railway and airline terminals, banks and clubs are cooperating solidly to help put the polio drive over the top, he said.

"This year," Mr. Sylvester said, "the coin collector, with its attractive color display, simulates a miniature respirator. It—like a genuine life-saving respirator—is designed to make its own great contribution to the fight against

"The dimes and dollars of men

Mr. Sylvester urged all local retors as prominently as possible as 26 and continues for 20 days. soon as deliveries are made.

"The splendid support of this phase of the March of Dimes on the part of local businessmen,' Mr. Sylvester said, "is a most important factor in ensuring the success of the March of Dimes. I know we can count on all to help to the greatest extent in our year of greatest need."

COMMUNITY WORKSHOP

A community Workshop will be held at the Milford High School on Tuesday at 8:00 p. m. This conference is to acquaint those attending with what musical organizations may exist in their community and form plans for future advancements.

The conference is being conducted by the Kent County division of the Delaware Music Educators Association with the cooperation of the state director of Music Education for Delaware.

The conference at Milford will be for Felton, Harrington, and Milford. For the first part of the meeting the representatives of these communities will meet when Mr. Edgar S. Borup of the American Music Conference of Chicago speaks on "The Value of Community Music Councils." After a short question period on topics of general interest, the groups from the three communities will retire to separate rooms for a discussion of the particular needs of their

local situation. Mr. Borup has had a wide range of experience in professional, school, and community music. For the past several months he has been meeting with similar groups of educational and civic leaders in Massachusetts, Virginia, Missis

sippi, Wisconsin and Texas. All civic clubs, including the churches, are urged to send representatives. Anyone who is interested is community music is invited to attend.

Date for Meet Near Odessa to Be Set After Building is Approved

The Diamond State Raceway Association, headed by Democratic County Chairman G. Lester Daniels, Friday night was granted permission to construct a harness retire on Jan. 31 and that it has racing track at Pine Tree, near

Cobalt

Cobalt has come to be regarded as an important element in the nutrition of sheep and cattle. Results of recent tests in New Zealand in pastoral areas which were treated with slight amounts of cobalt maintained higher live weight and had a greater yield of wool than those which grazed on fields not treated with cobalt.

Tree Planting Production of Christmas Trees On The Increase in Delaware

It is apparent that from the increasing number of applications for Christmas tree seedlings being made to the State Forestry Department office in Dover, that farmers are looking with increased favor on the growing of such trees as a profitable venture in the use of their not otherwise used lands. This increase in demand is following on the heels of the high prices realized from this product during the war years when forest tree planting was pretty much at a standstill.

Seed of the two major species, Douglas fir and Norway spruce were practically unobtainable during the war and there was consequently a minimum of seedlings produced in public and private nursuries throughout this part of the nation. Seed of Douglas fir is still in short supply because of seed crop failures and in as much as seedlings must, for practical field planting have attained a suitable root and stem development to survive transplanting, normally involve 3 years from seeding under Delaware conditions, the Department is not prepared to meet demands for next spring's planting. While there is always danger of disease playing havoc with young seedlings the Other members of the Diamond prospects of the Department being able to meet demands of Christmas tree species in 1951 and

The Delaware landowner who contemplates a Christmas tree Two other applications that producing venture should be warned of certain hazards, not the least of which is competing supplies and markets. The favored who headed a group from Phila- Christmas tree in this section is the balsam fir, a native of the The Middletown group will colder climes of the continent, built their track on a site where which does not do well in our climate and soils and therefore held for several years. The com- constitutes the bulk of the Christmas trees imported to Delaware. been given specifications of the Douglas fir which is also at presproject. The old Pine Tree track ent an imported Christmas tree species, will however do well in Delaware. Norway spruce, because of its more rapid rate of growth at their choice was given to the and consequently earlier maturity as a Christmas tree, is favored commercially over Douglas fir. Scotch pine matures even sooner than either fir or spruce and is therefore growing in favor among commercial producers in other

Those who contemplate a Georgetown for Sussex County Christmas tree venture should were set by the commission to analyze his conditions carefully. begin Sept. 8, 1950, providing the He should know that it takes 8 \$400,000 track there is completed 40 15 years for the trees to "and meets with the approval of mature, depending of course on the commission," according to species, soil, etc. He needs weigh carefully also his ability to protect the plantation from fire, heavy wet snow, and theft. Of these, thievery is probably the greatest menace of all, both to planted and wild trees having any Christmas decorative value. In this State and most other states protective laws have been enacted to prevent such depredations. For some unexplained reason people who are normally scrupulously honest and law abiding will at Christmas time deliberately steal the main items of home decorations. To be effective the law must

be enforced without favor or partiality but landowners are reluctant to take criminal action against another at Christmas

Christmas tree growing is not all profit. Money must be spent for tree stock, for cultivation, shearing, for combatting insects and disease and for marketing. The grower does have the advantage that if at the time the trees showed that those animals grazing are ready for market a glut exists he can hold the crop for a couple of years or turn the planting over timber production.

> Loblolly pine, which is not strongly favored as a Christmas
