James de la Fuente

### Concert Violinist To Play Here

James de la Fuente, noted concert violinist, will give a concert Sun., April 16, at 3 p. m. at Harrington High School Auditorium for the benefit of the Youth Center. The Harrington Business and Professional Women's Club is the sponsor.

De la Fuente, whose sensational recitals in Chicago and New York most brilliant concert violinists of have established him as one of the this generation, is a New Yorker by birth and was reared in Atlanta. He received his earliest training from his mother, a distinguished pianist and teacher. On hearing recordings by Kreisler, Albert Spalding, and Heifetz, he decided to become a violinist. He gave his first professional performance at 11 and within the next three years he won first prize in a contest conducted by the National Federation of Music Clubs of the United States, and sponsored by the RCA Victor Company. De la Fuente played on a weekly radio program six years to which his polished microphone technique is largely attributed.

On graduating from Atlanta awarded a six-year fellowship at Conservatory of Music, he was the Julliard Graduate School of Music under the guidance of Albert Spalding. He was later musical director of the Arkansas Philharmonic Society in Little Rock. In 1945, De la Fuente gave specialized instruction to the Army in the diverse activities of concertizing, conducting, teaching violin and classes in chamber music form and analysis. He also toured American colleges, giving concerts and lecture recitals.

The same year, 1945, he traveled the South Pacific on a USO tour and was giving a concert on Guam when the war ended. His unit, No. 605, was known to our soldiers as "Concert Time" and his program, consisting only of fine music, received one of the highest ratings of any unit in the forward areas of the Pacific Theatre of Operations.

Concert committees are: Chairman, Mrs. Blanche Cahall; tickets, Miss Madelyn Tharp; advertising, Mrs. Margaret Hill; posters, Miss Helen Tyrone; decorating, Mrs. Wilma McClain; ushers, Mrs. Catherine Sonaway; reception committee, Mrs. Jeanne McDonald and Mrs. Cora Bailey; press and publicity, Miss Viola Clendaniel, and treasurer, Miss Leona Dickraeger.

### Todds and Hickman Clubs Meet

Mrs. Ernest Homewood and daughter, spent Saturday in Wilmington.

Miss Dorothy Rifenburg is spending some time in Georgetown.

John Harrison Rifenburg, of the Maritime Service, spent Tuesday with his parents, Mr. and Mrs. John Rifenburg. He has returned to Texas.

### Lewes Museum Opens Tomorrow With Many New Exhibits

With the re-opening tomorrow of the Zwaanendael Museum at Lewes, for the spring and summer season, a large assortment of new exhibits will be on display in the picturesque structure erected in 1931 as a state memorial to the first Dutch settlers here.

Miss Catherine C. Maul, curator, announces that during the spring months of April and May visiting hours will be daily from Tuesday to Friday between 12:30 p. m. and 4:30 p. m. On Saturdays and Sundays the hours will be between 12:30 and 5. The museum is not open Mondays. The museum has been closed since last December for the winter months.

Among the exhibits this year will be one that is reminiscent of the bombardment of Lewes in the War of 1812. It is the shot-ridden door from the old Governor Caleb Rodney House which stood on the present location of the Hotel Caesar Rodney. The relic has now been mounted on a stand. Several large and small cannon balls picked up after the bombardment, will also be displayed. They were presented by the late Delaware River pilot Captain Harry V. Lyons, and Fred Maul of Lewes.

John C. Burton II of Lewes, has presented an iron ladder from old Cape Henlopen Lighthouse, the one used to ascend the lighthouse from the outside. A unique engraving of the old lighthouse from an old English magazine, "Columbian," taken from the sea in Aug., 1780, is also now among the exhibits, as well as a framed copy of an article from the same magazine giving a description of the lighthouse built in 1765, which toppled into the sea in 1926. The article refers to many wrecks on the beach, and the old salt works near-by. The engraving and article were presented by Mr. and Mrs. Cecil C. Fulton of Dover.

Hoey Farrow of Milford, has donated a Spanish olive pottery jar that was dredged up from Delaware Bay, which has been identified by Mrs. Margaret Blaker, ceramics expert of the Smithsonian. It is known that in early times it was the common practice to ship olives to America in these pottery jars, made with short bottle necks and long pointed bases. Some have been found in Indian mounds in the southeastern states. A similar one is owned by Mr. and Mrs. W. S. Coker of Rehoboth Beach, and it is said that one owned by a Marlboro, Mass. woman had Pine Tree shillings in it, circa 1660. Made apparently of terra cotta and resembling stone-ware, they show evidence of being wheel-turned.

Back to the museum collection this year comes a startling figure, heretofore spoken of as a petrified "merman," and now definitely classified as a rare museum piece called a "Jenny Haniver." It is lent by Harry Stohr of Lewes, who believes it brought from the Orient by an old sea captain. It has lain unrecognized for years in the attic of a Lewes family.

Miss Maul, the curator, secured the identification of the "Jenny Haniver" from the Salem, Mass. Peabody Museum, on advice of Dr. Edmund S. Carpenter, formerly of the Department of Anthropology of the University of Pennsylvania and now with the Royal Ontario Museum at the University of Toronto. The curator of Maritime History, Charles H. P. Copeland, of the Peabody Museum, says this half-man, half-fish figure no doubt is of the type that came from Japan and are a skillful union of a fish and a monkey. He doesn't know why they are called Jenny Hanivers. The merman, he says, was a mythical figure that "existed" from ancient times until the 19th century. "It was supposed to illustrate the medieval belief in century quest for new species and strange monsters and the 19th varieties of life," the scientist wrote. Miss Maul adds that he felt this one should be displayed by all means, as museums carefully display material culture of a group but neglect the intellectual culture.

While it had been removed from the exhibits, the committee has now decided it is an appropriate display in a town where sea captains often place much stress on such relics. It measures about 9 inches and is shown in a glass case.

Ten giant electric generators, with enough capacity to supply more than two-thirds of the power requirements of New York City, have already been installed by Westinghouse at the Grand Coulee dam on the Columbia river in Washington. Eight more generators will complete the project.

### Railroad News

In a recent address before the Rotary Club at Salisbury, Supt. Goodfellow stressed the growing need for further caution at grade crossings, and asked that all civic organizations combine their efforts to help caution the motor minded public to think before turning off the many high speed highways paralleling our railroad, into the path of oncoming trains.

Mr. Goodfellow cited five such accidents, four fatal, since the first of the year. Two of these were at the same crossing at Melfa. Another has since happened last Wednesday, one mile north of Fruitland, in which the driver was killed and the engine of train No. 454 disabled.

A recent issue of the "Keystone Motorist" printed a cartoon showing the wrecked parts of an automobile draped over the front of a locomotive, and the driver hanging across the knuckles with part of the steering wheel in his hand, saying, "I guess I'll have to get a heavier car."

This cartoon and the nature of the six accidents referred to are typical of the driver who thinks of nobody but himself, and while the scenes following such accidents are usually gruesome they still do not tell the whole story. Each accident represents a potential train wreck with a high possibility of death and injury to engine and train crews and the passengers these men are responsible for. Only the boys in the cab of the engine and those who might have witnessed such grade crossing accidents or at Snow Hill a couple of years back, can appreciate the real hazards involved.

In this connection, a number of engine men tell us, they have a feeling of security approaching crossings where automatic gates and flashers have recently been installed.

The new gates at Middletown are now ready for service and will be put to work with the next general order.

It was hoped that the crew installing these gates might move to Farmington where there is no crossing protection at night.

However the city fathers in this incorporated hamlet seem satisfied to live and talk in terms of horse and buggy days with no regard for present day safety prevention, and living within four miles of the recently installed gates at Greenwood, have turned down the added safety offered them. Some of these things are hard to understand.

### Whooping Cough Catches Seven

There were seven cases of whooping cough, all in the Dover area, the morbidity report of the State Board of Health disclosed this week. There was a case of scarlet fever at Duck Creek, Sussex County had two cases of measles and one of scarlet fever.

The report also disclosed that, except in the case of whooping cough, new disease cases for the year thus far, compared with a similar period last year. There were 70 cases of whooping cough this year, against 25 to date last year. Other diseases for the year to date were: Anthrax 1; chicken pox, 99; diphtheria, 3; influenza, 1; mumps, 17; measles, 405; polio, 2; pneumonia, 5; Rocky Mountain spotted fever, none; scarlet fever, 66; tuberculosis, 68; typhoid fever, none. For a similar period last year, figures were: anthrax, none; chicken pox, 430; diphtheria, 11; influenza, 1; mumps, 74; measles, 577; polio, 7; pneumonia, 17; Rocky Mountain spotted fever, 2; scarlet fever, 221; tuberculosis, 151, and typhoid fever, 25.

The Mar-Del League will play a 16-game schedule that opens May 7 and closes on Labor Day. Holiday games will be played on July 4 and Labor Day.

Representatives at the meeting reported that strong teams are anticipated although much more talent will be found in the lineups during the coming campaign.

Directors at the meeting were Bob Lord, Chestertown, Owen Porter, Rock Hall, Tom Smith, Greensboro, Joe Vodvarka, Hartly and Whitney "Pop" Michael, Wyoming.

### Mrs. Laura Knox Norton Dies in Illinois

Mrs. Laura Knox Norton, of Neponset, Ill., died Monday, according to a report received here. She was the daughter of the late Samuel F. and Mary H. Knox, and is survived by a sister, Mrs. Sally Dickerson, of Harrington.

### High School Band To Give Concert

The Harrington High School Band will present its annual concert Fri., April 21, at 8 p. m. in the school auditorium for the benefit of the instrument fund.

The program will present both classic and modern compositions with band accompaniment.

Some of the school musicians will be presented in solo and ensemble numbers, but an innovation this year will be both a guest soloist and guest conductor. Mr. Calvin Wells will conduct the band in two numbers, while Mr. Randall Knox Jr., will be presented in two solos for trombone. Both these young men are well known in local musical circles, and members of the band are eagerly awaiting the performance of these musicians.

Tickets for this concert are now on sale at the school office, as well as from each school band member.

### Mar-Del League To Open May 7

The Mar-Del Baseball League, Eastern Shore's oldest semi-pro circuit started the ball rolling Sunday at a meeting of the league directors at Greensboro. Plans were completed for the opening toss of the 1950 season Sun., May 7.

There has been a revamping of the teams with five clubs set to answer the bell on opening day. Last year the circuit operated with seven teams. Still remaining in the original fold are Rock Hall, Georgetown, Greensboro, all Maryland nines, and Wyoming, Delaware entry. Hartly, a charter member who was inactive last season, has returned as the fifth club. Milford A. C., Milton AA and Felton Vets have withdrawn and joined other organizations. Milton was one of the top clubs of last year, finishing the regular season in a tie for the pennant and won the play-offs as they bested Rock Hall. Milton withdrew due to the distance involved. If represented in baseball this season they have cast their lot with the newly organized peninsula wheel. Felton and Milford found the competition too keen last season. Milford is a charter member of the Peninsula League and formerly played in the Sussex League before they made a try in the Mar-Del last season. Felton has hooked on to the amateur Mid-Delaware Circuit.

It was the general opinion of the directors present at the Mar-Del meeting that the league would be much more compact under the present arrangement and that travel would be cut down considerably which in itself would create added interest. Rock Hall, Chestertown and Greensboro have large following. Hartly in previous years always drew well while Wyoming is expected to show much improvement with the playing of its games at Caesar Rodney. With all the teams centered in a relatively small area, intense rivalry is expected to make the season a success at the gate.

The Mar-Del League will play a 16-game schedule that opens May 7 and closes on Labor Day. Holiday games will be played on July 4 and Labor Day.

Representatives at the meeting reported that strong teams are anticipated although much more talent will be found in the lineups during the coming campaign.

Directors at the meeting were Bob Lord, Chestertown, Owen Porter, Rock Hall, Tom Smith, Greensboro, Joe Vodvarka, Hartly and Whitney "Pop" Michael, Wyoming.

### Carvel Proclaims Cancer Control

Gov. Elbert N. Carvel yesterday proclaimed April Cancer Control Month and asked the people of Delaware "to learn facts about cancer for their own protection and to rally for the good of all of us in support of the 1950 Cancer Crusade."

In a proclamation issued at Dover the Governor pointed out that 412 persons died of cancer in Delaware last year, and that more than 200,000 succumbed to the disease throughout the nation.

His proclamation foreshadowed the opening of the Delaware Cancer Crusade tomorrow. Gov. Carvel is honorary state chairman of the crusade this year for the second time.

William H. Cantwell of Wilmington is state chairman. Mrs. Peter Whaley of Selbyville heads the drive in Sussex County, and Mrs. W. Lincoln Clayton of Dover is the Kent County chairman. Mrs. Frederick G. Smith is New Castle County chairman and Mrs. Robert S. Smith II is the Wilmington chairman.

The crusade is a combined educational and financial campaign. Hundreds of cancer crusaders throughout the state will visit homes to explain the basic facts on cancer, and give out literature on cancer control and a booklet reporting on the work of the cancer society in Delaware. They will also gather contributions to finance the society's work.

### Pint-Sized Irishman To Race at Saratoga

The battle for driving honors at Saratoga Raceway will have a new and formidable contender this summer.

He is the pint-sized Canadian Irishman, Joe O'Brien, one of the most spectacular sulky-sitters the sport has produced in recent years. The 33-year-old O'Brien, from New Glasgow, N. S., has advised raceway officials that he intends to arrive during the first week of the 60-night summer meeting, June 19-Aug. 26, and to remain well into August. He will ship his 17-horse public stable from California at the close of the Santa Anita spring meeting June 17.

In O'Brien, raceway fans will see one of the smallest reinsmen in the game. Little Joe stands about five-five and weighs around 120. He's all driver, though, as the records clearly indicate.

As daring on the track as he is retiring off it, Joe O'Brien first came to prominence in 1947 when he won 44 dashes in his native Canada and then captured 84 more in the U. S. to wind up with a total of 128 that topped all reinsmen on both sides of the border. At the end of the season, Sep Palin picked him up as his right hand man for the Castleton Farm of Lexington, Ky. Although O'Brien shared Castleton mounts with Palin in 1948, he was the nation's sixth largest money-winning driver with more than \$99,000 to his credit. His big triumph of the year came with Indian Land in the \$50,000 Golden West Pace.

In the fall of '48, Joe resigned from Castleton and opened a public stable, which he campaigned mainly at Roosevelt Raceway last year before finishing out the season at Hollywood Park. Again he was among the top drivers, landing seventh in the money column with \$112,679 and twelfth in the dash-winning list with 76.

O'Brien has driven only one race at the Spa and some observing fans may recall it. He piloted Robert Morris in the \$5000 Sagamore Three-Year-Old Pace, a Grand Circuit event, one night last July and finished a close-up fourth in a thrilling four-horse photo won by Prince Jay. It was one of the most torrid stretch drives of the season and O'Brien almost upset the dope by coming through on the rail, one of his pet maneuvers.

### Easter Seal Campaign Underway

One important objective which the Delaware Society for Crippled Children and Adults hopes can be realized by the present Easter Seal Campaign, is the establishment of a resident school for physically handicapped children of Kent, Sussex and lower New Castle Counties. In the lower counties of the state, adequate provision for the education of children too severely handicapped to attend public school is almost nonexistent. Funds for home teachers are provided by the state Board of Education; however, when no teachers are available, these funds go unused and children untaught.

Under the most favorable circumstances, also, home teaching is a poor substitute for education with other children. The handicapped child living in a rural area or small city, has pitifully few opportunities to learn to play and work with the children who will be the adults with whom he must live his life. One of the most joyful experiences of the teachers in the Day School for Handicapped Children in Wilmington, is to see these children discovering the thrill of making friends with other children of their own age, and of giving to others, instead of having contacts only with protecting adults.

The Delaware Society for Crippled Children has in its case files the names of many children in the lower counties, for whose education no provision is at present being made. Education in a resident school is, of course, more expensive than day school education; however, a child's opportunity for rehabilitation is beyond price. No child should be denied this chance because he lives in a rural area, or a small city where there are too few handicapped children to make it possible to provide special schooling for him.

Your Easter Seal contribution may help to give this child a chance. The campaign will continue until Easter Sunday. If you have not received your Easter Seals through the mails, drop your contribution in the Easter Seal coin collector, or send it direct to the Delaware Society for Crippled Children and Adults, 911 Delaware Ave., Wilmington, Del. Every Easter Seal you buy helps a crippled child.

### Ruth Wood Teaff Weds W. H. Dodd

The marriage of Miss Ruth Wood Teaff, daughter of Mr. and Mrs. Otha Dale Teaff, of Baltimore, Md., and Williamsport, Pa., and Watson Herbert Dodd, son of Mr. and Mrs. Herbert James Dodd of 39 North Burnet street, East Orange and Frederica, Del., took place Saturday in Mt. Vernon Place Methodist Church, Baltimore, with the pastor, Rev. Dr. Day officiating. A wedding breakfast was held at Hotel Stafford, Baltimore.

Miss Sylvia betts Dodd was the bride's only attendant. O. Dale Teaff, Jr., of Dover, brother of the bride, served as best man. The bride wore a silver gray suit trimmed with black brocade, and a large picture hat of lace. She had a corsage of orchids. Miss Dodd wore a rose pastel suit with navy accessories and had a camellia corsage. Mrs. Teaff, mother of the bride, was attired in a pastel blue suit with rose accessories. The bridegroom's mother wore a beige suit trimmed with brown. Both had gardenia corsages.

The bride is a graduate of Palm Beach High School, Palm Beach, Fla., has been a student at Washington College, Chestertown, Md., and has been active in a cappella choirs and dramatics. She is a granddaughter of Dr. and Mrs. George W. Wood, of Dover.

Mr. Dodd is a graduate of East Orange High School, studied work with Huley Fell of Newark and attended Peabody Conservatory of Music, Baltimore, where he majored in voice. He has had leading roles in Gilbert and Sullivan operettas, has sung with oratorio societies and was for six years a member of Christ Episcopal Church (East Orange) choir. He is a member of Buskin and Brush, honorary drama and art society, and was elected to the Players, a group of professional performers. He is a grandson of Mrs. I. W. Betts, of Frederica, Del., and the late Senator Betts.

Harrington Downs Delaware City in Tournament Play, 56-39

By Tom Peck

The Harrington Legionnaires scored a surprise victory over a favored Delaware City five in the Consolation game of the Dover WMCA Tournament, Saturday night. Delaware City had made a fine showing the week before, when the Denton Bobcats were hard pressed to eke out a 38-37 win over them.

The locals went out in front in the first quarter and were never threatened. They increased their lead in every period. Clay Downes bucketed 18 points and George Palmer had 12, to lead the Harrington attack.

Denton won the tournament trophy by edging the Georgetown Countyseaters, 53-45. Bill Minner accepted the trophy for the Legionnaires. Jack Dill was awarded a trophy for scoring the most points in a single game, 27.

### Bonny Satterfield Celebrates Birthday

Miss Bonnie Lee Satterfield, daughter of Mr. and Mrs. Burton Satterfield, celebrated her 8th birthday recently. Her guests included Donna and Vicki Callaway, Jimmy McDonald, David Kirsh, Ken Konesey, Ann Perry, Jane Hughes, Phyllis Ann Verrill, Deanne Shultie, Kitty Lou Smith, Mrs. Gus Derrickson and children, Patsy and Mrs. Allen Callaway, Mrs. Kline Moore and daughters, Nancy and Sarah, of Milton; Sandra Fay Walls, of Milford; and Cheryl Lynn Satterfield.

### Smiths Celebrate Wedding Anniversary

Mr. and Mrs. Norman Smith, 200 Delaware Avenue, celebrated their 50th wedding anniversary Saturday. They were married at the Episcopal Church, Milford, March 25, 1900. Forty-eight of their 50 years have been spent in Harrington. There are four children living. Mr. Smith has been connected with the Pennsylvania Railroad 49 years, but because of ill health, he plans to retire shortly.

Public statements made by spokesmen for the Democratic state administration during the past week, pointed to some of its accomplishments and intentions in State affairs.

Gov. Elbert N. Carvel cited that the state aid for schools has decreased the possibility of a higher school district tax rate and Secretary of State Harris B. McDowell, Jr., pointed out that about 85 per cent of the Democratic platform of 1948 has been enacted into law.

Gov. Carvel said that education costs from \$225 to \$250 per pupil and that this money is well spent "as an investment in the future." He also declared, "I feel we have an obligation to make that investment."

The governor also said that his administration is proud of its record and that "the record is the thing that counts." He further asserted that a Wilmington publication is "presenting untruths designed to smear," and that a "smear campaign without any regard for proper principles," is being conducted.

The chief executive indicated that the benefits of the improved educational program has already been demonstrated in the instructors of high ability that have come into the state's schools. He further pointed out that the benefit from the new and improved school buildings will be quickly apparent as these improvements are completed and placed in service.

In describing the action of the administration in having the principles of the Democratic platform enacted into law, McDowell asserted that the remaining 15 per cent, not yet enacted into law, will receive more attention. He said these include revision of the election laws and the creation of a Department of Labor.

By their recent public statements, both the governor and secretary of state indicated that they intend to carry the 1950 campaign directly to the people and in doing so desire to present the facts as they exist for the voters to consider.

### Coeyman Awarded Military Cross

Lt.-Col. William M. Coeyman, of Harrington, a member of the American military mission in Greece headed by Lt.-Gen. James A. Van Fleet, recently was awarded the Greek Military Cross, III Class, by the Greek government for outstanding services in connection with the program for military aid to Greece under the Truman Doctrine.

The presentation was made personally by His Majesty King Paul I of Greece at a ceremony at which a large group of American Army and Navy officers and enlisted men were decorated.

King Paul told the recipients that "it was thanks to your hard work and advice that our Army could be as successful as it was" in the fight against the Greek Communist guerrillas.

Lt.-Col. Coeyman, on duty with the Signal Section of the U. S. Army Group in Greece, went to Greece in January of 1949, and before that was on duty at the Signal School, Ft. Monmouth, N. J. In World War II, he served with the Chinese Combat Command as observer and liaison officer and was awarded the Breast Order of Yun Hui by the Chinese government.

Mrs. A. M. Taylor is now our correspondent at Marvel's Crossroads (Porter's Store) nee Melvin's Crossroads. We believe EVERY reader of THE HARRINGTON JOURNAL will be missing something if they fail to read Mrs. Taylor's letter. She "has a nose for news" and the unusual. When we briefed her last week, we told her that all outdoors was her domain. We are glad to see she has availed herself of it. We desire our reporters to be columnists, and not just mere correspondents. Mrs. Frank Porter, who handled the Marvel's news until ill health interfered, was a columnist. So is James Carroll, of Sandtown.

WE FAVOR THE "BIG STICK" POLICY

John D. Reeder, president of the Delaware Safety Council, said this week that the wide variety of automobile accidents reported since Saturday (21 from Saturday to Monday) might indicate the need for a new program of periodic examinations for all drivers, from their first license to the time they stop driving.

Such a move, without a doubt, would be beneficial. We have also thought drivers should be at least 18 years of age before securing a license to drive "an instrument of death and destruction" on our highways. Furthermore, we favor Churchill's "big stick" policy. People will gamble with their lives but seldom with their pocketbooks. "Put the fear of the law in 'em."

We picked up a hitch-hiker some years ago in Nashville, Tenn. "Watch out," he warned. "In this town they really pinch you." We let him out in the center of the city and picked up another who repeated the warning. It has to be that way in Delaware, in our opinion, if we are ever to cut down the automobile accident toll.

My Friends:

An' I tuk my cap off in respect to the memory of that great American F. D. R.

Well sir! I had no idea things were agoin' to happen so fast when I said I might rite some more news when I heard 'em.

I went up to the vandue Friday with my naybor and Emmy lowed as how she needed sum Doan's pills and fur me to go inter town and git her sum. I needed a leetle liker so being as how my naybor went inter town I went too.

We got apart sum how and when I got my dealin all dun I went to hunt him up thinkin as how he might be waitin for me.

I soon found him a talkin to sum fellars fronten one of them big winders about that meeting they had up here cum last Toosday nite and they axed me when I heered about it. Not knowin anythin bout their talk I couldn't tell em anything.

Perty soon we went back to the vandue and my naybor usually talks a mite when we are around but goin out there he never said a thing.

Soon ater we got there I seed him a talkin with some fellars what works a mite in politiks and later I seed him with another bunch from out country.

Cum about 4:30 he called me an axed me if I was ready to travel. I lowed I was and we tuk off him being very quiet. Ater we got agoin I started to talk nuttin cumin from him tho.

We driv a spell kinder quiet an that man busted out. Well sir! I niver heerd him take on so in my life bout politiks.

He lowed as how any body cud go to sumpin they knowed nuttin about an as how just a few knowed and them was there a findin fault with them that wasn't.

He said as how Carvel and Mic Doull and sum mon fussin as how everybody want jobs an 'em as has em niver cumin near too help out plezing them that ain't.

Then he tuk off an nother idee bout every body workin this lection sos to win an he lowed fur what? Sos they can make sum mon apintments like them they already made which just a han ful nos bout an the workers often don't want.

Coars I apozid he cud be right that Carvel is gunvor and bein that he can sint who he plezes keep his friends happy and fill all his pleges to the Republicans an go out an tell the peopl what he has dun.

Then he lowed as how the gunvor might git along this next ses-

sion cum 51 without Boss Harvey spozen Boss Harvey wasn't in the Legislatur next time. Then he laffed for the first time and I axed him what was funny bout that and he lowed nuttin. He was jest athinkin bout that shindig the Republicans had up to Wilmington tother Saturday evenin when sum was invited and sum wusn't and a few didn't git any tickets and what not.

He said he heered Boss Harvey didn't git no bid nor any ticket but he was there shore nuff, he spected, dooly fixed up to tell some body how he felt bout sech goings on. Anyhow word had got about that Boss Harvey an the new actin boss of the Republicans had sum conflag an sum body got all het up. Not so long ater that shindig Johnnie Leech he up an quit an my naybor laffed sum more an said he wondered if Johnnie was a gittin too much acquainted with sum folks an as how it maybe sorter turned his stumick.

I heered a leetle more but I'll save it fur sum other time. Yours Old Joe

Church news for Palm Sunday, April 2nd. Sunday school at 10 a. m. It's World Service Sunday, the last of the conference year. If you have not contributed and desire to do so, please bring offering this Sunday. The leader for the worship service will be Miss Jean Sapp, Missionary Supt. Mrs. Hulda Willis of the Avenue M. E. Church, Milford, will be the guest speaker. Let us make it a great day for the Lord. The hour of divine worship at 11:00 o'clock by the pastor, Rev. W. Stanley Grant. During this time there will be a baptismal service. Anyone having children to be baptized will please bring them out. Evening meetings will start at 7:30 p. m. with a song service followed by the sermon. The teachers of the primary department are preparing an Easter program to be presented on Easter Sunday morning in the basement and everyone will be welcome to attend these exercises by the very young folks. John R. Brittingham was leader for the worship service in the Sunday school on Sunday and he chose books for his subject with the Holy Bible as the master book. His talk was most interesting and enlightening. The minister read 15 verses from the 9th chapter of Acts, and he chose his text from Acts 6:5: "And the saying pleased the whole multitude; and they chose Stephen, a man full of faith and of the Holy Ghost"; from which a very helpful sermon was delivered. The

music was fine, both the selection by the choir and also the duet by Mr. Gott and Miss Anna Sapp, who sang, "Forever More in Jesus".

Mrs. Richard Bennett, Mrs. Merrill Thistlewood and Mrs. W. J. Dufendach attended the meeting of the Milford New Century Club on Monday afternoon. The subject was "Safety." Mrs. Barrett, state chairman of safety, was in charge of the program and she had planned a most interesting program. Mrs. Haswell Pierce read quite an interesting paper she had prepared on the history of the Safety programs and the awards which had been made to the clubs for their outstanding work along the safety lines. The Milford Club was the first to receive the silver loving cup. The Houston New Century Club was the next to receive one. After that the war came and no more awards were given. Mrs. Barrett gave a lovely talk and then she introduced the guest speaker, Mrs. E. W. Buchanan, of Dover, a state past president and also a past president of the Dover Century Club. Mrs. Buchanan gave a wonderful talk on safety. Miss Rebecca Buchanan, daughter of the speaker, was soloist for the occasion and favored with two lovely numbers. The Club served tea, cookies, candy and nuts. After the club had adjourned the invited guests of Mrs. Barrett went to the home of Mrs. Pratt, where tea, cookies, sandwiches, coffee and mints were served in abundance and the guests had a most enjoyable social hour.

Mr. and Mrs. O. F. Sapp and Miss Jean Sapp went to the Playhouse in Wilmington on Sunday and had the pleasure of seeing the Passion Play, "Innocent Blood."

Mr. and Mrs. William Biggs and Mr. and Mrs. William Davis and daughters were dinner guests on Sunday at the home of Mrs. Edna Sapp and daughters.

W. J. Dufendach and Francis

Simpson spent last week in Chicago on business for Libby's.

Mr. and Mrs. Frank Sapp and daughter, Frances, spent the weekend with their parents.

Frederica

The W. S. C. S. will hold their regular monthly meeting today.

April 12 Dr. T. C. Mulligan will hold the fourth quarterly conference in the lecture room of the church.

Mrs. Bertha Rogers entertained her sister, Mrs. Perry Brown, of Summit, N. J., and Miss Emma Wagner, of East Orange, N. J.

Mr. and Mrs. Horace Armour, of Easton, Md., spent Tuesday with his parents, Mr. and Mrs. Frank Armour.

Miss Marie Knotts, of the University of Delaware, spent the weekend with her father, Roland Knotts.

Mr. and Mrs. A. D. Lank were in Philadelphia Friday. Mr. and Mrs. Arthur Stokesbury have been confined to their home with colds for the past week.

New Jersey visitors Sunday were Mrs. Clarence Sipple, her daughters, son and friends, Miss A. Dickerson and mother, of Milton.

Donald Langrell, of Philadelphia, spent the weekend with his wife and daughter, here.

Nelson Camper, USN, and Miss Carolyn Alberts, of Clayton, called on their grandfather, Hugh Palmer Sunday.

Chris Maull has returned to his work after an illness.

Mr. and Mrs. Henry Bennett were Wilmington visitors Friday.

Mr. and Mrs. Lewis Holliday Sr. are recovering from their serious illnesses.

Mrs. Estelle Wilcutts has returned to her home after having spent several months at Dover with her niece and nephew, Mr. and Mrs. Gene Slocum.

Mrs. Katie Boone is spending some time with her son, Albert Boone, and family, of near Smyrna.

Mr. and Mrs. Shelby Harrington and family, of near Smyrna, were

Tuesday guests of Mrs. Emma Harrington and Mrs. Mary Kelley. Miss Leona Kelley, of Wilmington, spent the weekend with her parents, Mr. and Mrs. Leon Kelley. Sgt. Greenbaugh and Mrs. Greenbaugh, who will be remembered as the former Miriam Counselman, called on Frederica friends Monday evening. Sgt. Greenbaugh is being transferred from Texas to Virginia.

Mrs. Harold Poore, who has been very ill for several months, is improving in health.

Saturday Mr. and Mrs. Benjamin Moore entertained Miss Mattie Smith, of Dover; Miss Laura Smith of Harrington, and Philadelphia friends.

Mrs. Jane Cook and son, Donald, Miss Margaret Mackay, of Wilmington, and Mr. and Mrs. Lloyd Brown, of Philadelphia, were Sunday visitors of Frederica relatives.

Mrs. Edith Smith, scout leader, and 23 of her girls of Troop No. 1, observed National Girl Scout Week by giving a program at the

school Friday afternoon. Thursday Mrs. Ira Sharp underwent an operation at St. Lukes Hospital, Philadelphia. Mr. Ira Sharp is visiting in Philadelphia while she is there.

Mrs. Sallie Williams is visiting her son-in-law and daughter, Mr. and Mrs. T. Walter White, Jr., at Stevensville, Md.

Signifying the day which appropriately marks the beginning of Holy Week, Palm Sunday will be observed with special services this Sunday and the rites of Baptism will be administered at the 11 o'clock morning service.

Beginning with the evening service, special services will be conducted through the week Tuesday, Wednesday and Friday evenings.

Guest ministers will bring the messages in the services as follows: Tuesday evening, the Rev. James O'Neil; Wednesday evening, the Rev. T. B. Brinton; Thursday evening the pastor, Rev. Diehl will conduct and cross service, and bring the mid-week message.

**Spicy Food Bad for Dog**  
 One disadvantage of feeding table scraps to the family pup is that such foods are often too spicy and may cause digestive disturbances. Another disadvantage frequently cited by veterinarians is that when dogs are fed largely on table scraps, they may not get all the nutritional elements they need. Left-overs are all right as a supplement to the dog's diet, however, provided that the basic ration is well-balanced and of good quality.

**Tharp's Pond**  
 The mills on Brown's Branch, nearer its head, were erected by Ezekiel Riggs, and at his death descended to his son, David, who owned them in 1816, when they consisted of one waterwheel and two pairs of stones and a new saw-mill. At the decease of David Riggs, it was selected at the dower property by his widow, who afterwards intermarried with C. L. Sharp, by whom a gristmill was built in 1875. It next came into possession of David Riggs's daughter, Sarah, who was the wife of William Griffith. By Mrs. Griffith the property was devised to her son, David R. Griffith, who owned it until 1884, when it became the property of J. B. Wilson. In 1888 the mill was a three-story building.

The pond has been known as Thistlewood's and Tharp's pond. Leonard Harrington tells of ice skating there 50 years ago with the late B. I. Shaw and others. He tells of breaking through the thin ice and of drying out at the mill. The pond no longer exists since a dam broke many years ago.

**Fork Landing**  
 Roughly speaking the area where Brown's Branch runs into Murderkill Creek is Fork Landing. This was the principal landing on Murderkill Creek. First mention of the landing was made in Scharff's "History of Delaware," which states that in 1816 Levi Lister owned a wharf and grainary there, while another wharf was jointly owned by Thomas Sipple and William Tomlinson.  
 As mentioned before, S. A. Short, who had moved to Fork Landing in 1832, had a store. He also had a vessel and bought and shipped grain. Short's store is still shown on Byle's map of Kent County of 1859.

In 1852 there were here three granaries, two stores, and several dwellings. Two vessels plied weekly between this landing and Philadelphia, carrying grain.  
 Oak bark for tanning was another cargo carried. The late Elijah Sapp hauled bark with oxen from Whittelsburg to the landing.  
 Byle's map, published in 1859, shows ten houses of business places at Fork Landing. Names on the map are: J. D. Tomlinson, L. Woodrouse, S. A. Short, Mrs. M. Smith, M. & J. Harrington.  
 Bark was also hauled by oxen from Vernon on what was known as the Vernon cart road. At the turn of the dirt road at the eastern edge of the Clarence Shockley farm, now owned by Fran Porter, may be seen signs of this old road. It turns to the left and picks its way through the dried beech leaves to where it fords Indian Branch. It crosses the branch, goes through the woods to a field and turns right to skirt the western bank of McColley's pond. At the foot of the pond, the road, no longer visible, passed just west of Mordington place and continued to Fork Landing.

It is not known exactly when the demise of the village of Fork Landing began. Undoubtedly, it began with the coming of the railroad in 1856. Scharff's history mentioned that "occasionally boats of light tonnage used the landing in 1888."  
 Homer T. Hopkins, of Frederica, says that in the middle nineties he saw the only house inhabited, the one in which Mr. and Mrs. George Thompson now live. Randall Knox, who owns Fork Landing, says that rubble from the buildings have been uncovered in cultivating the fields.  
 Decayed pilings near the point where Brown's Branch enters the Murderkill are mute evidence of

one wharf. Across the road from the Thompson home is a cut in a bank of the Murderkill, evidence of another wharf.  
 The sun has set on Fork Landing, once a village larger than Clark's Corners (Harrington). A lone fish-hawk flies over the Murderkill. On a black oak, silhouetted in the setting sun, a red-headed woodpecker taps out a requiem for the dying day and for the village that was once Fork Landing.

**LAW'S M. E. CHURCH**  
 Law's M. E. Church is located four miles southwest of Frederica on the road to Harrington. From 1778 until 1802 preaching was held in the home of Mr. Cardeen. Joshua Laws was one of the active members and when, in 1802, it was decided to build a chapel he proposed to donate one-quarter acre of land for that purpose. He transferred the land to Marcy Smithers and on April 17, 1802, Mr. Smithers deeded the land, for the nominal sum of \$5.00, to a board of trustees known as the "Methodist Society." Mr. Laws being one of the members. The church was built and named in honor of Mr. Laws.  
 The deed stipulated that the building was to be used as a schoolhouse and as a preaching house, the preaching to conform to the teachings of John and Charles Wesley. If any conflict arose between its use for school purposes and for preaching, the church services took precedence. The Board of Trustees is self-perpetuating and in 1812, two of the members having died and one having withdrawn from the church, the survivors elected three new members. This procedure has continued to the present time. In 1856, the first building was torn down and the present chapel was built. It was dedicated on Aug. 5, of that year.  
 Additional land was purchased on May 4, 1878, from Jos. O. McColley and on Dec. 13, 1929, from the State Board of Education.  
 Law's Chapel has had several closed periods and the last attempt to open it was abandoned as hopeless in 1932. Under the direction of Thomas Chambers, one of the present trustees, a home-coming was held on May 4, 1941, and it was most successful in bringing out a large crowd of worshippers. Among the interesting relics in the possession of Mr. Chambers are the old minute books dating back to 1802, an old communion service and the pulpit Bible, purchased when the present chapel was built.

**John Wesley A. M. E. Church**  
 John Wesley A. M. E. Church and graveyard are located on the road to Thompsonville. The site was donated on Sept. 25, 1847, by Thos. Mason with the provision that a church would be erected.  
 Additional land was purchased on Nov. 6, 1897, from Paris T. Carlisle. A social-hall was built in 1944.  
**Wesley Methodist Church (M.E.)**  
 Wesley Methodist Church (M.E.) sometimes called "Milford Neck Church" is located at Thompsonville. The first church was built, in 1790, on land donated by Col. and Mrs. John Wood to a board of trustees composed of Nathaniel Luff, Isaac Jester, J. Hendrickson, Thos. Sipple, J. Taylor, Thos. Smith, James Bell and J. Parsons. This church was not large but it included end and side galleries. It was named "Sardis" for one of the seven churches built by the Apostle Paul in Asia. The city of Sardis was noted for its beauty and wealth and it was the home

of Croesus renowned for his riches. During the winter of 1840, a larger church was built on land deeded by Lewis Passmore, sixty yards to the east of the old church. This new church was built of lumber that had washed ashore on the beach of the Delaware River, possibly three miles away. It was larger than the first church; contained three galleries and had a high pulpit from which the preacher could see and be seen by everyone present. It was dedicated in June, 1843, by the Rev. Henry White of the Dover District, a descendant of Judge Thomas White, who sheltered Asbury from the authorities in the early days of Methodism. This church was lighted by candles at the evening services.  
 This building was remodeled in 1873, 18 feet were added to its length, the galleries were removed and a second story was added. It was dedicated by the Rev. James Mann, on Sept. 6, 1874. The first organ was installed during the pastorate of the Rev. R. K. Stevenson and Mrs. Stevenson was the first organist. During the pastorate of the Rev. C. B. Kitchen, a bible platform was built in front of the pulpit.

**Sandtown**  
 Glad to report that Bayard Cahall is able to be up and around but his mother is still on our sick list.  
 Mr. and Mrs. Oscar Cohee's daughter, Florence, is spending a few days in Florida.  
 Norman Draper, Sandtown's retired merchant, is visiting this week in Riverside, N. J.  
 Mr. and Mrs. Eugene Terry, of Wilmington, spent the weekend here visiting Mrs. Terry's sister, Mrs. Noble Carroll.  
 Mr. and Mrs. James Carroll Jr. spent Saturday visiting friends in Riverside, N. J. and Wilmington.  
 It has first come to our ears that Lemuel Dill has sold out and left us. Where oh where did you go Lem? ? ?  
 Sandtown has just lost another of its family, Mr. and Mrs. Lafayette Burlingame have left our fair city.  
 The members of Mt. Olive Church have changed their meeting time from Sunday afternoon to Sunday morning at 9:30 o'clock. This is just a warning to the husbands of the community to have their wives up on time next Sabbath morning, please.  
 Mrs. Leon Travis returned home Saturday after spending several days in Wilmington visiting her son who has been a patient in the Memorial hospital there.  
 Mrs. Eva Davis, who has been spending a few weeks with the Carrolls, has returned to her home in Riverside, N. J.  
 Noble Wooleyhan has recently recovered from his illness.  
 Mrs. Peggy Covac's father, of Chester, Pa., spent Friday here visiting with her.

**Felton**  
 Last Sunday was membership day in our Methodist Church when 11 new members were received in the morning services. The Rev. Brinton preached on "Hindering God." The Junior Choir sang a lovely selection. Dr. Mulligan, the Dis. Supt., will be present Sunday morning and bring the message.  
 The W. S. C. S. will meet Monday at 1:30 at the home of Mrs. Cora Hughes, who is hostess assisted by Mrs. A. C. Dill and Mrs. Ruth Sipple.  
 Those who attended the Joint Institute of the Kent and Sussex county W. C. T. U. last Wednesday in Greenwood were: Mrs. Brinton, Mrs. Bringham, Mrs. M. Evelyn Killen and Mrs. Brittingham, of Felton, and Edwin Casons of Viola, who was a speaker on the program.  
 The Junior Class play was much enjoyed last Friday night at the school auditorium. Miss Rosalee Hughes entertained the members of the Junior Class after the play.  
 Mr. and Mrs. Wm. A. Hargadine were in Philadelphia Saturday to attend the funeral of their son's wife, Mrs. Marjorie Hargadine. Interment was made in the Northwood Cemetery, Phila. Mrs. Hargadine died Tuesday at her home

### State Studies Fiscal Situation

Considerable study on the fiscal situation of the State of Delaware is being made at the present time by the present Carvel Democratic Administration, it has been pointed out by a spokesman for the Administration.

Action at this time, according to this spokesman, is in preparation for the consideration of budget items which will be submitted to the 1951 session of the Legislature by Governor Elbert N. Carvel. Budget hearings on these items will start in July.

In making this study the Administration is keeping in mind possible economy measures that can result from the survey of the State government, now in progress and which was authorized under the present administration, as well as the record of expenditures for the fiscal year ending last June 30th and the present fiscal year, which will end next June 30th.

That the question of the need of State revenue is not entirely new with this present Administration is borne out by the following statement contained in the message of former Governor Walter W. Bacon to the 1949 session of the Legislature:

"If present high costs of operation prevail, and State services continue at their present level, it will be necessary for the 1949 General Assembly to raise additional revenue to meet the budget for the biennium ending on June 30, 1951."

Then in his final message to the General Assembly in 1949, the former governor stated:

"If our forecasts are reasonably correct, however, additional revenue will be required to meet any extraordinary appropriations for new or additional expenditures and to maintain a safe working capital in the State Treasury."

Administration spokesmen have pointed out from time to time that new and increased expenditures were required during the 1949 session of the Legislature and accordingly additional revenue was provided for.

Conservative figures on State financing at the present time would indicate that had not this additional revenue been provided, the State would have closed the present fiscal year with a deficit estimated at five million dollars or more and that also the deficit existing at the end of the fiscal year on June 30, 1951, would have been much higher.

It is the hope of the State Administration, it was pointed out that the cost of State government in Delaware will have reached its peak during the present biennium and that some tapering off in the cost of budgetary items will become effective for the biennium.

Likewise reports on the State income for the present fiscal year are awaited with much interest in order to determine what, if any, changes in the tax structure can be recommended by the Administration for the next biennium.

### William Kelley Gets Special Assignment

Corp. William G. Kelley, son of Mrs. Annie Kelley, Harrington, has been selected as a member of the 13th Signal Company's Radio Team to go to Sendai, Japan, to keep radio communications for the umpires participating in the 8th Engineer Battalion, Corps Test Maneuvers, near Ojojohara and Sendai.

The radio team must live in the field, under combat conditions, for ten days to keep communications between the umpires alive and active, to enable them to test the engineers' combat efficiency more accurately.

When Corp. Kelley completes this assignment, he will resume his duties with the radio section of the 13th Signal Company, First Cavalry Division, Camp Drake, Tokyo, Japan.

### Milton Dairyman Enrolls in "Greener Pastures Program"

To provide better pasture for his herd of 18 dairy cows, William C. Hudson, of Milton, has enrolled in the Delaware Greener Pastures program, and plans to apply one ton of ground limestone per acre to his pasture this week.

According to William Henderson, county agricultural agent, who visited the Hudson farm last week in connection with this program, Mr. Hudson is providing one acre of pasture per cow. Twelve acres of this is permanent pasture, having been seeded in 1918. The rest is in rotation pasture made up of a mixture of barley, clover and rye grass.

Mr. Hudson and his son, James, are operating approximately 200 acres of land in conjunction with their dairy business. In addition to liming, the Hudsons plan to clip the pasture at least once this season, and rotate the animals from one field to another in order to provide the greatest amount of feed for their herd.

Ten other Sussex County dairymen have already entered the "Greener Pastures Program," which is opened to all dairymen in the state. Application forms are available at the County Extension Office, Post Office Bldg., Georgetown.

### Sussex County Council To Meet

The Sussex County Home Demonstration Council will meet Monday at 1:30 p. m., according to an announcement by Mrs. Earl White, Bridgeville, president of the council. The meeting will be held in the old Labor Camp building near Georgetown.

The meeting will be devoted to making plans for the observance of National Home Demonstration Week, which is being held the first week in May. Reports from the nominating committee with Mrs. Reese Gordy, Laurel, as chairman, will be made at the meeting. Mrs. White will report on the State Home Demonstration Council meeting which was held in Dover March 22.

### To The Correspondents

Mrs. Leon Travis has taken over the reins as our correspondent at Willow Grove. James Carroll, our previous correspondent says Mrs. Travis is as good as he is at the job, and that he will help her.

Letters should be here by Monday night, though some can get in on Tuesday.

Sorry to see Willow Grove, Staytonville, and Hughes Crossroads missing last week. WE REPEAT, IF YOU CANNOT SEND IN A LETTER, CALL OR WRITE US AND WE WILL GET THE LETTER. We have been receiving 20 letters out of 23 correspondents for the past three weeks. We believe that is an excellent record.

This week we had two letters from Houston. If this keeps up, we will designate them as Houston No. 1 and Houston No. 2. If this plan is successful, we may get additional correspondents in some other towns.

Compounding is affected, first by meaning, second by usage, third by grammatical construction. If the meaning of a compound is different from the meaning of the same words separately, use the appropriate form, of course. If the meaning is the same whether the words are compound or not, we must rely on good usage, which sometimes sanctions more than one form. In all cases consult "Webster's New International Dictionary" or "Webster's Collegiate Dictionary."

Words which are compound in some constructions and not in others are discussed later. Meaning As a Guide Let meaning be your first guide in compounding. "A great grandfather" is quite different from a "great-grandfather"; watermelons at 10 cents a "piece" (when sold by the slice) would be much more expensive than at 10 cents "apiece" (a whole melon at a time).

Note that some combinations of words formerly used separately have to some extent become detached from the original meaning. "Railroad," for instance, is no

longer thought of as a kind of road; the word "road" presents a totally different picture to the mind. Similarly, a "Courthouse" is not the type of building which we usually think of as a house. When two such words have to be taken together to carry the proper meaning, it is only logical to prefer a compound form.

Distinguish between "every one" and "everyone, any one" and "anyone, some one" and "someone." Two-word forms indicate individuals of specified groups, while the solid-word forms are vaguely inclusive. In addition, the solid-word forms almost invariably refer to persons, while the two-word forms may or may not. Thus: "Here are three apples; you may have any one. Some one of these three rules will apply."

Make the same distinction between "every body" and "everybody, any body" and "anybody, some body" and "somebody." When the two-word form is used, "body" retains its separate meaning. Thus: "Every body in the universe attracts every other body. They camped on the shores of some body of water, but could not learn its name."

Distinguish between "some time" and "sometime." "The play will be given 'sometime' next week."—"The play will be given at 'some time' to be selected later."—"Some time" elapsed before he returned."

### County Agent To Address Grange Groups

William E. Tarbell, Kent County Agricultural Agent, will address two Grange groups during the week of April 3rd. His first talk will be at the Bethesda Grange Monday. The topic is "The Relation of Bang's Disease (Brucellosis) to the Health of the Farm Family."

The Pomona Grange group meeting at Felton Grange Hall will hear Tarbell outline the Greener Pastures for Greater Profits Program Thursday. His talk here will be supplemented by a movie entitled "Greener Pastures."

### PARADE OF PROGRESS

(Continued from Page 3)

The church was incorporated on July 29, 1921. On June 25, 1925, Mrs. Sarah M. Lister presented \$1000 to the church as a memorial to her son, Charles C. Lister. On Nov. 26, 1928, Mrs. Lister donated additional land to the church.

In 1933, an addition was built, including a kitchen and a motor room. Electric lighting was installed at this time.

Across South Bowers Road from the church there is a large granite monument erected by Sarah Hall Lister in 1909. It honors the memory of Col. John Wood—Patriot and Philanthropist—who died on Sept. 14, 1818, and his wife, Mary Hall Wood who died on Dec. 23, 1831.

On the back of the monument is this inscription: "Near this spot on land donated by Col. Wood stood the first M. E. Church of Milford Neck built in 1790 largely by his generosity."

On Aug. 10, 1943, a violent windstorm visited this section. Three large trees were uprooted and blown over on the roof of the one-story kitchen at the rear of the church, practically demolishing it. It was rebuilt immediately.

Originally, there was a fork in the road at the church and in the Y thus formed there was a small graveyard. None of the graves had inscribed tombstones and when the road was improved, the Y was removed and all trace of the graveyard disappeared.

### Woodside Methodist Church (M.E.)

In 1886, an interdenominational Sunday School was started in Woodside. It was very successful and the present church site was purchased on June 19, 1889, from Ezekiel Cowgill. In 1889, the corner-stone of the present Methodist Church was laid and the building was completed. The dedication, by the Rev. J. S. Willis was planned for June 22, 1890. More land was donated by W. S. Barger. The first bell was installed

in 1896 and was replaced by the present bell in 1920.

After having been completely renovated, the church was reopened on the evening of Nov. 4, 1945. The services were in charge of the Rev. Dr. Thos. C. Mulligan, Dist. Supt., and the Rev. W. O. Hackett, the pastor.

To quote a prominent member of that community, its motto is, "Don't tread on me" and applies socially, politically and religiously which signifies that the people of that neighborhood are very independent. Probably because of this attitude, the church was closed for two periods of a few years each. This was the result of the inability to make satisfactory arrangements with the other churches on that circuit as to the time services would be held at Woodside.

Quoting again, the people of Woodside say that so long as a

When you cash or deposit a check, drawn on a bank in some other city, you may not realize that your bank has actually advanced you its own money for several days, until it receives the money from the other bank. in Party-Line Courtesy

When you take the lead in courtesy on party-line telephones, your party-line neighbors follow your cue. That means good service for everyone concerned! Here are two courtesy-suggestions . . . easy to follow, sure to win favor.

1. When you start to make a call and find the line in use, hang up gently and give the other person a few minutes to finish his call.
2. When, while talking, you realize that someone else is waiting to make a call, hang up reasonably soon and free the line.

Thistlewood Milling Valued In Area; Center For Quality Products Since 1915

As modern as today, and yet with a distinctive history of service since its establishment back in 1915, the Thistlewood Milling Co., Houston, Delaware, has long been identified with the development and progress of the area.

Headquarters for nationally-advertised Purina Chows, D & G feeds, and ultra-lise ULC concentrate. Thistlewood Milling makes a specialty of distributing cracked corn and fine meal.

Founded by the late Theodore Thistlewood, the enterprise has grown and prospered under the capable and continued guidance of the founder's family.

Harrington residents know that they always get the best when they call the Thistlewood Milling Company, as no department of poultry and dairy feeds has been omitted from the scope of business.

Get The Best At Wollter's In Milford Dry Cleaning Methods Will Satisfy You!

Utilizing modern methods and approved measures to assure satisfaction to many satisfied customers throughout the Milford-Harrington areas, Wollter's well-equipped dry cleaning plant, Front and Church Streets, Milford, has been favored as one of the most modern enterprises of its type in this area.

Four years ago William P. Dellinger and John H. McPherson purchased the business from Robert G. Wollter. Both have augmented the program ideally to serve and help many housewives and individuals with a comprehensive dry cleaning service on wearing apparel, slip covers, draperies, blankets, curtains and other household items.

McPherson and Wollter were formerly associated in the dry cleaning business in Norfolk, Va., and possess many years' experience in catering to the discriminating. They direct a courteous staff of 13 workers and offer prompt pick-up and delivery service throughout Milford and vicinity.

Both partners belong to the Chamber of Commerce and Delmarva Cleaning and Laundering Association. Two trucks are operated for quick service in response to all Harrington residents calling Wollter's over Milford 5316.

Top Quality Products, Prompt Service Make Atlantic Concrete Area Asset

One of the most thorough endeavors in the service field today belongs to the Atlantic Concrete Company, South Washington Street, Milford, an enterprise possessing a keen knowledge and understanding of its work and a great willingness to go beyond the ordinary elements of its activities to assure the best.

Five years ago the business was established and has since provided an appreciative service to contractors throughout the Milford-Harrington area under the capable guidance of proprietor, Ira Garbutt.

Transit-Mix concrete, sand, cement, gravel and reinforcing steel are the top-quality products distributed by Atlantic's modern three-truck fleet. This firm's long list of satisfied clients gives ample evidence to the public approval enjoyed.

Mr. Garbutt, who possesses about 20 years' experience in concrete work, employs three competent workers for handling detailed phases of the roster.

Helpful advice and suggestions on any pertinent building problem add to the many advantages of relying upon the services of the Atlantic Concrete Company, which also operates its own large crane and is available to contractors at reasonable rental rates.

A former resident of Wilmington, Mr. Garbutt has made a host of friends since coming to Milford. Call him for prompt and dependable service. The number is Milford 5166.

Truck, Bus Repairs Specialty Of Cannon Bros. Garage in Milford

Specializing in truck and bus repairs, the Cannon Brothers Garage, located just one mile north of Milford on the Frederica-Milford Blvd., offers an unusual program of service with a marked efficiency and willingness to get each job done just right.

Comprising some 4,000 square feet of space, Cannon's Garage maintains adequate facilities for handling service on any huge truck and bus, offering modern storage facilities as well.

Mr. Cannon operates a powerful towing truck too, and will answer calls from hapless motorists any time of the day or night. Sales and service on Kelly-Springfield tires and Bowers batteries are included, with expert general repairs on the larger vehicles topping the roster.

Cannon's work on behalf of the larger organizations has greatly increased his superior plan of service to well merit the enviable reputation enjoyed in his specialized field of service.

Towing aids are met immediately in response to any call received. Milford 9991 is a good number to remember. The place is open 7 days a week to 10 p. m.

George Sherwin Organization Is Boon To Harrington Area; Employs Over 250 Workers

Of utmost importance to any community is the presence of manufacturing enterprises which invariably aid the growth, progress and prestige of the area by giving gainful employment constantly to local inhabitants under ideal working conditions.

George Sherwin, directing head of the organization which employs over 250 here, started his profitable venture back in 1929 with a small manufacturing plant in Allentown, Pa. He has always done a commendable job to promote the schedule on detailed efficiencies and has served his clientele in a faithful, effective and valued manner since coming to Harrington.

A leading manufacturer of men's and boys' sportswear and shirts, the Sherwin organization distributes nationally known Modern Boy and Delmarva brands, which range in size from 4 to 18 and from 14 to 17, respectively. Plant No. 1 is located on Commerce Street, No. 2 on State Highway 13, and No. 3 near the P. R. R.

Mr. Sherwin possesses a valuable background of over 40 years' experience in manufacturing, and holds esteem in the community for his civic spirited contributions to local welfare groups. He is a member of the Vol. Fire Company and the Shirt Mfg. Association.

Record of the Sherwin organization is excellent. It is a boon to the many advantages provided over other services.

Taylor Motors, Kaiser-Frazer Dealer, Well-Equipped To Service Your Car!

Building confidence and patronage by exhibiting exceptional values, Taylor Motors, local Kaiser-Frazer dealer, Clark St., Harrington, was established just four years ago but already merits its reputation as an asset to the progress and growth of the region.

A native of Harrington, Taylor operates his own farm near Vernon and is well known to local residents for his fair and honest methods which have accorded full satisfaction to motorists. In addition to the sales and service on Kaiser-Frazer cars at the agency, Taylor offers a fine general repair program on any make car or truck and is well-equipped to handle body, fender, paint work and allied aids.

Open daily from 8 a. m. until 5:30 p. m., closing Saturdays at 4. Taylor Motors employs two experienced mechanics who assure motorists of getting work completed at the time specified. Personal satisfaction is assured, for the courtesy and competence shown consistently at the Taylor garage command that virtue.

Mr. Taylor is now offering top-dollar for all Kaiser-Frazer "trade-ins." He sells used cars with the same satisfactory policies which attract motorists from near and far.

Mr. Taylor belongs to the Lions Club and Better Business Assn.

See New Dodge At Joseph Motor Agency

Sales and servicing of Dodge, Plymouth autos and Dodge "job rated" trucks are provided by the Joseph Motor Agency, E. Front Street, Milford. A popular center for complete auto agency requisites, the firm sells new and used cars of every make, handles famous Puroil gas and oil, auto parts, accessories, tires and batteries, and road service.

Roy L. Joseph, head of the agency for the last 19 years, capably supervises the general program. He employs George Webb, Frank Timmons and Franklin Timmons for prompt and efficient service. Factory trained methods assure motorists of getting satisfaction on any type of repair work.

Displaying the new 1950 Dodge and Plymouth cars, Joseph Motor Company welcomes your patronage and caters to a host of residents.

Mr. Joseph belongs to the N. A. D. A. and has won the esteem of motorists for his friendly methods. Program of service is constantly augmented by Dodge-Plymouth training via personal instruction and reviews on sound projections.

Milford Fertilizer Has "Sure-Crop" Sales

Extending its service program throughout the entire state, the Milford Fertilizer Co., E. Front Street, Milford, offers dependable deliveries of "Sure-Crop" fertilizers for "insured production goals". The firm, established 13 years ago, occupies the site of a 90-year-old Milford landmark.

Dependable and regular service is provided by a fleet of eight trucks during the season. All orders receive prompt attention.

Robert A. Fischer, manager, has guided the daily roster in an effective manner and directs a staff of 18 workers under ideal, pleasant working conditions.

Milford Fertilizer belongs to the National Fertilizer Ass'n., Delmarva Peninsula Fertilizer Ass'n., and Milford Chamber of Commerce. Mr. Fischer is a member of the Kiwanis and Odd Fellows.

Harrington residents may call the local agent Norris Graham, at Harrington 345 for prompt and efficient service. Each order will be given careful attention to assure maximum satisfaction.

Kates' Store Has Nice Food Values

Since taking over a local establishment, Reynolds Kates, head of Kates' Grocery Store, Commerce Street, Harrington, has added new policies of customer satisfaction. A familiar and favorite shopping center in Harrington, Kates' store features quality meats, groceries, fruits, vegetables, chickens, fresh country eggs, dairy products and frozen foods.

Employed in the store with Mr. Kates is Hildray Banning, of Harrington. He is an expert butcher and meat cutter.

Formerly employed by duPont prior to his present task, Kates has done a commendable job here with the assistance of his wife, Mabel. He holds membership in the Lions Club and Volunteer Fire Co.

The store is open from 8 a. m. until 6 p. m., closing at 1 p. m. on Wednesdays, and until 10 p. m. on Saturdays. Call Harrington 334 for free delivery.

It Pays to Use Pre-Treated Vegetable Seeds

The illustration above clearly shows what a difference seed treatment can make in the growth of a tomato plant. By similar treatment, Southern States protects beets, cucumbers, spinach, and many other vegetables against the ravages of common plant disease such as damping off or black rot.

In treating vegetable seeds, Southern States follows the recommendations of state experiment stations. Materials such as Arasan, Spergon, Zinc Oxide and the new-type Ceresan are applied on the seeds before distribution to patrons. The extra small cost of Southern States Pre-treated Vegetable Seeds (just a few pennies) is well worth the extra protection it gives you when these seeds are planted. So don't gamble with your garden. Be sure of bigger and better yields by asking for Southern States Pre-Treated Vegetable Seeds!

While trying to think of something that might be interesting for you to read, I thought of the different brands lamps that we have on display. They are different and very pretty as well as decorative.

These lamps will not be found advertised in any catalogue, so if you want something in an exclusive design, come in and see them.

Prices are very reasonable and while we are talking along the line of lamps may I call your attention to a family who always burned a dim light when any company arrived and I was talking to one of the their neighbors and the question came up about wall paper and this neighbor then spoke up and said that reminds me, my neighbor told me the reason she burned the low lights when company arrived, to keep from showing her walls that needed papering so bad. Now I was wondering if any of you are in this same fix. If you are, that can easily be remedied at a very low figure.

Don't keep putting these little things off from time to time as you might find yourself burning a small light.

We have the solution and that is wall paper, wall paper, wall paper. We have it and want you to buy it. Come in, make your selection. We are glad to assist in any way.

Gas is a small word but it certainly does a lot for many. Do you cook, heat or use gas in many ways?

I hope that we can take that oil range that has been a want for a long time and exchange it for something that will give you almost out of this world when it comes to cooking, especially when you have cooked with oil, wood or coal. It is quick, I mean it is ready to use just as soon as the servant is turned on.

We have several of these stoves now priced and high priced just what you can afford. Of course they will use the same gas and we even install them and furnish you gas either in bottles or metered which ever you prefer. If you already have gotten your stove let us install it for you. Glad to do it.

Now that spring is here and the leaves will be out on the trees, is time to be thinking about that refrigerator. Is yours satisfactory? Do you have one that you are pleased to open when your neighbors call? Do you have one that is really enough? Do you have one that really keeps food as it should? Do you have one that the pressure closes the door or that matter one that closes?

We have been selling refrigerators for good many years and I must say that the ones we have on display will answer all the questions and not only that but think of a freezer locker all the way to the top. The most remarkable thing is the price is only \$187.50. Could you believe it? Come in trade yours in for an up-to-date one that is colder than ever.

Terms can be arranged if you want them. Don't cry the blues if yours goes floeey when you could have gotten a trade in worth quite a little money.

Safety Light A safety device to protect parked cars effectively was recently patented. The simple invention consists of a metal ring to which Scotchlite has been cemented. The rings are fitted around headlights and the rear lights of an auto. According to National Patent Council, the driver of an oncoming car sees a vivid reflection from the device as soon as the headlights of his auto fall upon it. In many cases, the new invention will be the only safety warning on a car stalled without power.

Joe Strachar Will Plant Norway Spruce As Cash Crop

Last week was National Wildlife Week. A week set aside by Presidential Proclamation for recognition, conservation and restoration of one of our county's, greatest natural resources—our wildlife. Conservation, defined as "wise land use," is the key to the restoration of our game birds and animals and it is through a program of wise land utilization that the game technicians and biologists of the State Game and Fish Commission are attempting to restore Delaware's supply of rabbits and bobwhite quail.

Many farmers in this locality are planting food and cover plants on their land in areas where they cannot raise a crop. Joe Strachar, of near Masten's Corner, plans to plant Norway Spruce seedlings on a small section of his farm which, because of its small size and location, prohibits the growth of a cash crop. These trees will form excellent winter cover for rabbits or quail and possibly repay Joe for his efforts as Christmas trees in future years.

The multiflora rose is being used by farmers in lower Delaware as a cheap method of providing fencing for their pastures. Stephen Vaughn, of Cool Springs, planted several fences of this type and plans to add to these fences again this year. He was supplied with the roses free-of-charge by the Soil Conservation District of Sussex County and the Game and Fish Commission. Steve is also planting food and cover plants along the woodland edges of his farm. In this way he is providing food and cover for the wildlife on his farm the year around, and is at the same time increasing the land value of his farm.

Arthur Hanby, also of Cool Springs, has planted hedges of multiflora rose. Mr. Hanby has made his plantings so that they will serve as windbreakers for his broiler houses. Because the multiflora rose does not grow to a great enough height to serve as an efficient windbreaker, Hanby plans to supplement his rose planting with pine. In this way the rose will retard the winds sweeping along the ground while the taller pine trees, will protect the broiler houses from driving winds which would sweep above the rose fence.

The farmer and land owner are the only ones who can raise the supply of game birds and animals in the state. Our wildlife is a product of the land, just as corn, beans, or tomatoes are. Those men who are interested in wildlife need only apply to the Board of Game and Fish Commission, at Dover, for assistance, and a technician

will meet and go over the land with him making recommendations for food and cover plantings, and supplying the seeds and trees necessary at no cost to the land owner.

Trinity Methodist Church Notes During this Holy season Christians around the world have been giving special attention to the sources of Christian strength, such as prayer, Bible reading, etc., after the example of Jesus and his forty days in the wilderness. And now this Sunday is Palm Sunday, which marks another great event in our Lord's life. At 11 a. m. we will have a great service of Sacred music, with our Senior Choir rendering its special anthem and various members singing solos, duets, and quartets. We are planning for reception of members and the Sacrament of Baptism.

The Youth Choir will sing and other youth will assist in the 7:30 p. m. service, and the pastor will preach on "The Law of The Kingdom." The other services for that day are: Sunday School at 9:45 a. m. with Mr. Elwood B. Gruwell, as general superintendent; and the Youth Meeting at 6:30 p. m. in the Church Annex, with Patty Minner, as leader.

Adams, Gruwell Receive Dairy Honor Certificates

The annual meeting of the Kent County Dairy Herd Improvement Association was held in the Fruitland Grange Hall at Camden Thursday.

Purnal F. Friedel of Viola, president, presided and G. Wallace Caulk of Woodside, secretary-treasurer, reported on the business of the association during 1949.

D. J. Young, extension dairyman of the University of Delaware, discussed the yearly summary of the association. He also explained the many ways in which dairymen might use the records for the improvements of their herd and how these records assist in state and national research.

National Honor Roll certificates of the Purebred Dairy Cattle Association for 1948 were presented by the county agent to Charles Ewing of Smyrna, Ellwood Gruwell of Felton, and Maurice Adams of Harrington.

This was followed by a report by Barton Torbert, supervisor of the association.

At the business meeting, Purnal Friedel, Isaac Thomas, and Maurice Adams were selected directors, making the board with G. Wallace Caulk, and C. Stanley Short, the same as last year.

C. Stanley Short was elected president, Isaac Thomas, vice-president, and G. Wallace Caulk retained as secretary-treasurer.

### Greyhound, Single G Lead In Harness Poll

Greyhound, the great "grey ghost" of the middle thirties, and Single G, the horse that time forgot, today were named the greatest trotter and pacer in the first half of the 20th Century, at conclusion of a five-week poll conducted by Bert C West, editor of The Horseman and Fair World, turf magazine.

Greyhound, who won the Hambletonian classic in 1935 and established a world trotting record of 1:55 1/4 at Lexington, Ky., in 1938, totaled 9,757 points for a comfortable margin of 3,400 over second-place Proximity, the currently racing eight-year-old mare who has a chance to become the greatest money-winning harness horse of all time this year.

Proximity, owned by Ralph and Gordon Verhurst of Victor, N. Y., already has earned \$160,204 and needs less than \$50,000 in additional money to top the all-time record of \$206,462, set by Goldsmith Maid (1865-77). She compiled 6,370 points in the balloting. Rodney, star of the last three seasons and second fastest stallion of all time, was third with 4,432 points. Among the first 10 trotters, Proximity is the only one which will race this year.

Greyhound, a gelding, owned by Col. E. J. Baker of St. Charles, Ill., is still living on Baker's Farm, while Rodney is now standing his first season at the stud at Walnut Hall Stud, Donerail, Ky.

Single G's triumph over the Dan Patch in the pacers' balloting, was something of an upset, but it was a smashing win for the great campaigner who swept all before him from 1913-1926, and earned a record of 1:58 1/2 at the age of 13. Single G rolled 9,320 points, to 5,875 for Dan Patch.

Billy Direct, who established the present world record of 1:55 for harness horses at Lexington in 1938, came in third in the poll with 5,244 points. Little Pat, a busy campaigner between 1936 and '43, was fourth, and William H Cane's Good Time, harness horse of the year last season, was fifth.

Good Time, now a four-year-old, is within easy striking distance of the all-time money-winning record for pacers, now held by Single G, who earned \$113,433 in his 13 years of racing.

The only other still active horse among the first 10 pacers is Dr. Stanton, who placed ninth. Jimmy Creed, a star of last season, now at stud, took sixth place.

The balloting on the "Mid-Century Monarchs" of the harness turf, was open to the world, attracting more than 5,000 ballots from throughout the United States, as well as a number from Canada and New Zealand. Points were awarded on a 5-4-3-2-1 basis.

The three stewards to serve at Delaware Park during the 32-day meet from May 29 to July 4 will be Calvin Rainey, representing the Jockey Club; Joseph F Flanagan, as the official for the Delaware State Racing Commission, and George Brown, Jr., representing the Delaware Steeplechase and Racing Association.

The Orange County Driving Park Association has scheduled 34 early-closing events for the Sept. 11-Oct. 14 harness meet at Saratoga. They will be worth \$60,800 in purses. Since trotters and pacers are classified according to money-winnings, early closers offer a strong lure as they assure a horse the right to compete in a certain class, regardless of how much money he might win between now and the actual time of the race.

Around 1156 entries have been received in the 31 early closing events promoted by The Lexington Tots Breeders Association to be raced at their Grand Circuit meeting Sept. 27-Oct. 7 in Lexington, Ky. This represents an average of 37.3 per race and is the largest list ever received by a Lexington meeting in its almost 80 years of trotting horse history.

Benny Civitello, of Newark, was featured in an article appearing in the March issue of "Turf and Sport Digest," Benny, who equalled the world's record of six consecutive winners at Bowie, will participate in the coming meet at Delaware Park.

### Mrs. Kay Powell Heads Cancer Drive

Mrs. Kay Powell was elected chairman for the Cancer Drive in Harrington and vicinity, which will get under way April 1. The club is also sponsoring a concert by James de La Fuente, a noted violinist, Sunday afternoon, April 16, at the Harrington High School Auditorium. Mrs. Blanche Cahall will take charge of arrangements for the concert.

Delegates to the annual State Convention at Rehoboth, May 19, 20, and 21, are Leona Dickrager, Wilma McClain, Marie Roth, and Viola Clendaniel. Alternates are Kay Powell, Jeanne McDonald, Margaret Hill, and Elma Oliver. The nominating committee, Evva Warrington, Margaret Hill, and Wilma McClain, were elected to present a slate of new officers at the April dinner meeting.

Thirty-nine members and guests from the State Federation gathered at the Youth Center Monday night, March 20, to celebrate the first birthday anniversary of the club. Guests included Mrs. Lillian V. Hulse, of Wilmington, Chairman of the "On-to-San Francisco" Committee; Miss Ruth Jones, of Dover, 1st vice-president of the State Federation; Miss Nell Barr, of Georgetown, State corresponding secretary; Miss Ruth Bell, State recording secretary, and officers and members from the De-Vries Club of Lewes, the Sussex County Club, Del-Mar Club, Capital City Club, and Wilmington Club.

The Harrington Club was invited to attend the Del-Mar Club anniversary dinner March 27.

### Open House at Delaware Colony

The annual open house at Delaware Colony each year in April will be held on Sat., April 8. Members of the Commission and the Board of Lady Visitors will meet at the Colony at 12:30. Governor Carvel and Mrs. Carvel are expected to attend. Arbor Day will be observed at the institution on this occasion, and anyone having shrubbery, flower seeds, bulbs or plants for the Colony grounds will donate them at that time. Ceremonies dedicating memorial trees will be held from 1:30 to 2 p. m. on the lawn at the Hutton Administration Building. At 2 p. m. the Colony school children will present an Easter play "For He Had Great Possessions" under the direction of Richard Landes. The play will be given in the auditorium and is open to the public. All departments of the institution will be open to the visitors from 1:30 to 5 p. m.

At the regular meeting of the Commission Monday, the chairman, Col. Nan F Campbell, announced that the Council of presidents and executives of state agencies will meet at the Colony in May. Col. Campbell is vice-chairman of the council for Sussex County.

A report on the current building program at the Colony was presented by the Building Committee of which Clyde M. Spargo is chairman. A central maintenance shop will be constructed and work on it will start immediately. It will include a machine shop for the repair of autos, trucks, tractors and farm machinery, a carpenter shop, paint shop, plumbing shop and storage for shop supplies.

The superintendent's report showed a population of 475 in the institution and 29 on home placement, making a total of 504. The bed capacity of the institution is 476.

Just as fast as the Bacon Health Center is able to receive the epileptic cases from the Colony, cases on the waiting list will be admitted. The admission of epileptic cases to the Colony has been discontinued as there are no special cottages for them and they should not be placed in the cottages with other patients. They have been cared for at the Colony only as a temporary measure. Special treatments and diets are required and the epileptic patients cannot participate in the general routine activities at the Colony because attacks occur without warning.

A full time intern dentist for the institution is needed and one will be employed when available. The Ladies Auxiliary of Veterans of Foreign War of Sussex County are making Easter baskets for all the children at the Colony to be presented for Easter.

Mrs. Geneva Sharp Building Home  
Mrs. Geneva Sharp has a new 9-room home under construction on Route 13, near Bond Baking Co. It is a frame building designed and constructed by The Harrington Lumber & Supply Company and when completed early this spring, will serve as a private home with accommodations for tourists.

### Earl Greenhaug On Leave From Army

T/Sgt. Earl Greenhaug, formerly of Harrington, is on leave from the Army and is visiting with his mother who resides on Delaware Avenue.

Sgt. Greenhaug was re-enlisted for the Quartermaster Corp last August by the Army and Air Force Recruiting Station in Dover and was sent to Texas for his first assignment. He was stationed there until recently when he applied for a transfer to Camp Lee, Va. He is now on a delay enroute to that station.

Before his re-enlistment into the Army, Sgt. Greenhaug was in the cinder block business here.

He served with the Quartermaster Corp for over four years during the recent war and spent much of that time in a overseas assignment. Discharged after the war as a T/Sgt., he was fortunate enough to be able to re-enlist in that same grade.

His wife is a local Harrington girl and has been with him in Texas since his re-enlistment. She will go with him to Camp Lee and will make their home in Richmond. She is well pleased with the career choice of her husband and sees no reason why the Army should be an obstacle in family life.

Sgt. Greenhaug was interviewed by Sgt. Killmon of the Dover Recruiting Station and he had this to say about the Army life of today: "I am very well satisfied with my decision to re-enlist and there is nothing like this modern army of today. It is one of the best careers that any man could choose." One of the things he likes best is the desire of the Army to send it's soldiers to school and he says, "It is getting to the point where all a soldier has to do in order to get a school he wants is 'put in for it.'"

### Dover to Hold Band Festival

Nineteen bands, with a total personnel of over 900 persons, will meet at Dover today for the annual state band festival, which will be held in the field house of the Dover Public Schools. The public is invited to attend.

The following high school bands will participate: Milton, Wilmington High, Lewes, Bayard Junior High, Newark, Dover, Georgetown, Smyrna, Howard High, Harrington, Claymont, Laurel, Milford,

Mount Pleasant, Caesar Rodney, P. S. duPont, Alexis I. duPont, Conrad High and Warner Junior High Schools.

The day's activities will be climaxed with a gigantic parade of bands through Dover to Legislative Hall, where Gov. Elbert N. Carvel will receive them. The 900 participants will form one huge band to serenade the governor with the State song, "Our Delaware." This has been made possible through the efforts of Frank Beymer, who has arranged the state song for military band. Beymer is also state band chairman in charge of the day's activities.

### Easter Seal Campaign Short

The Easter Seal campaign is half over, but the goal has not yet reached the halfway mark. Mrs. Betty D. Neal, executive secretary for the Easter Seal agency, stated that the 1950 campaign goal is \$20,000. 8.3% of this will be sent to the national society for the furtherance of research in the field of physical handicapping conditions, professional education to help meet the great need for physical and other therapies, and professional workers in the field of orthopedics. The National Society for Crippled Children and Adults also conducts a program of direct service to its affiliate State Societies without additional cost to the State Societies.

The Delaware Society for Crippled Children and Adults has during the past year given service in some form of 99 children and 24 adults who have handicaps of some kind. The requests for service from this Easter Seal agency are steadily increasing. It is of the

greatest importance, that every adult in Delaware buy and use Easter Seals in order that the program of education, research, and direct services for the handicapped in Delaware be not only continued but expanded.

Easter Seals provide every Delawarean with the opportunity to help crippled children walk, play, and learn—in other words, they will help the handicapped youngsters to fit into the normal scheme of life.

"Curfew Shall Not Ring Tonight"

Our ten o'clock curfew lasted for 50 years, but the town council voted it out. I dropped in at the meeting in Town Hall last week just in time to hear Smiley Roberts.  
"The curfew is old-fashioned," says Smiley. "We ought to be grown-up enough by now to behave like grownups. Seeing to it that our kids get to bed is the responsibility of each family." Then Judge Cunningham adds, "Most of us are in bed when the curfew horn blows anyway. It wakes me up just when I'm getting to sleep!"

### with Southern States STARTING & GROWING MASH

THE care and feeding of the chicks that will make up your laying flock count heavily in the success of future egg production. Southern States Starting and Growing Mash is formulated to provide an abundance of the essentials that will bring chicks along rapidly and efficiently into a long and profitable producing period.

With Starting and Growing Mash, it's "one feed all the way." There is no need to change to another feed until pullets are ready to lay.

Start your chicks right with the feed that will give them the best chance to be successful layers later.

Marvels

Spring is here. The calendar says so, the birds confirm it, Robins arrived on schedule, Mar. 3, song sparrows and tree sparrows are appearing with their sweet cheerful songs, woods and fields are alive with birds not yet identified.

Friday, March 24 was "Arbor and Bird Day" in Delaware, designated by our Governor. Did you plant a tree or shrub? It is not too late. And do plant a little corner or fence row on your farm for the birds. They will pay you big dividends in the insects and weed seeds they destroy.

May I tell you of a mocking bird that has spent the winter here? Every day I have fed him since last fall. If I am late with his breakfast he comes to the windows to attract my attention. When I open the door to feed him he flies to meet me and follows me to the protected spot under the lilacs where I feed him. To win the confidence of a wild bird is something very special. I know the time is short when he will find a mate and family cares will be taking his time and attention but I am hoping he will nest near and still come for his breakfast. Did you ever hear a mocking bird singing in the moonlight? Take a few minutes each day to watch and listen to the birds and watch the budding of the trees and enjoy the beauty and miracle of it all. Spring is here.

Poultrymen are busy with the new arrivals of baby chicks and turkey poults. Ralph Coulbourne has erected a new brooder house for turkeys.

Farmers are busy hauling manure on the fields in anticipation of early spring plowing.

A few warm sunny days and fields will be resounding to the hum of tractors and the fertile soil will be made ready to produce another crop.

The road leading from Burnt Hill to Brown's Branch road is being repaired with covering of gravel.

The Harrington Journal Parade of Progress was especially interesting last week to the readers of this community. The cross roads which you name as Marvels is Melvin's Crossroads and was so called until recent years when Marvels school building was moved from its original site on the Marvel farm (now owned by Wm. A. Taylor) to the southwest corner of the crossroads. The names probably became confused. Marvels crossroads is at the intersection of Milford-Harrington and Houston-Felton roads at Coates Service Station, and James Douglas who purchased Mordington in 1785 from John Clayton was an ancestor of former Gov. C. Douglas Buck. It was through the Bankson T. Holcombs who owned Mordington in the 1930's and early 1940 that he discovered this place for which he had been searching.

RAY ANTHONY BAND COMING TO NEW MILFORD STAGE SUNDAY

America's top dance band, Ray Anthony and his orchestra, will make a personal appearance at the New Milford Theatre, Milford, Sunday.

Ray Anthony, one of the brightest young stars in music, sings and plays trumpet. Prior to entering the service he played with such name bands as Glenn Miller, Al Donohue and Jimmy Dorsey. Discharged in 1946 he formed his own orchestra and made an immediate hit at the famous Meadowbrook, Cedar Grove, N. J. and at the Paramount Theatre, N. Y., where he was named the "Click Band of the year." This led to a contract with Capitol records and assured success. Owner, Frank Daily of the Meadowbrook, called them "the finest young band to play there in ten years" and had them back four times. One reason for the vast enthusiasm is the band's entertaining features. Along with the trumpeting antics of the leader the crew presents a wealth of talent in the persons of lovely song stylist, Betty Holliday; singing star, Ronnie Deauville; the Skyliners, a vocal quartette; and comic, Kenny Trimble, who is one of the funniest men in music. Anthony himself is a dark, good looking trumpeter and looks a lot like screen actor, Gary Grant. His stage presentation is full of comedy and novelty and has often been described as a "musical circus."

Ray Anthony and his orchestra come direct from the Click, Philadelphia, and appear in Milford just prior to opening an engagement at the Cafe Rouge of the Hotel Statler, N. Y. They will appear three times Sunday at about 1:45, 4:00 and 9:15. To avoid standing in line for tickets the management suggests that patrons secure them in advance at the theatre box office.

Harness Racing Is On The Air

WBOC, Salisbury radio station is presenting a weekly harness racing program that will run from now until the end of the coming spring meet here.

During this period the program will be concerned with horses, drivers, and trainers at the Kent & Sussex Raceway here. Later on, the program will be concerned with the Ocean Downs meet which starts in August.

The program, which will last 15 minutes and will be presented each Tuesday at 7:15 p. m., began Tuesday night when Jacob O. Williams, president of the Kent & Sussex Racing Association; Arnold Gilstad, its secretary, and C. H. Burgess, publicity director, were interviewed. The program is sponsored by John A. Vickers, Salisbury and Seaford construction firm.

Slants At Delaware Park

Mrs. E. duPont Weir has returned to Camden, S. C., after spending a few days at her home in Wilmington. Mrs. Weir's horses including Royal Governor, winner of Hialeah's Widener, are training in the South Carolina winter quarters. Last year Royal Governor hit his full stride by winning the first two stakes at Delaware Park, and will be back to defend his laurels in the opening day Wilmington Handicap, \$10,000-added May 29 sprint this year.

President Donald P. Ross and Vice President and General Manager Bryan Field will represent Delaware Park at the Kentucky Derby this spring. Mr. Ross hopes to see his Brandywine Stable's colors carried in the classic by Greer of the Bowie Futurity is training well for the Louisville event at winter quarters in Camden, S. C.

James C. Brady's Casemate, winner of Delaware Park's Dover Stakes last summer, is being brought along slowly in the South Carolina training circles. The fleet son of Case Ace was partial to the fast Delaware Park racing strip and will be back this coming 32-day continuous racing meet from May 29 to July 4 with an eye on such stakes as the \$25,000-added Kent Handicap and the Leonard Richards, a futurity expected to gross around \$32,000. Both are exclusive for three-year-olds. Incidentally Casemate, conqueror of Hill Prince, was within one-fifth of a second of Pavot's Delaware Park five and a half furlong record of 1:04 2/5. Pavot is also a son of Case Ace.

Bayard Sharp, a director of Delaware Park, has a string of eight capable thoroughbreds in training for the current spring meeting in Maryland. Heading the stables activities again will be trainer William L. Passmore, former outstanding steeplechase rider. Trainer

Passmore's son William J. Passmore, recently returned from Florida, and is galloping Mr. Sharp's horses for his father at Middletown.

The Brandywine Stable of Donald P. Ross, President of Delaware Park, will leave winter training quarters at Camden, S. C., March 29, and will move to New York, Trainer Buddy Raines is grooming Greer Song, promising three-year-old, for the Wood Memorial, Derby trail at Jamaica.

22 Nominated For Golden West

Twenty-two of the finest crop of pacers developed in modern harness racing history have been nominated for the \$50,000 Golden West Pace at Santa Anita on June 17, General Manager Bernard Kearney of Western Harness Racing Association announced today.

The growth of the sulky sport in recent years is clearly indicated by the superlative crop of side-wheelers in training for the 1950 campaign, and all the brighter lights have been named for the rich Western Harness classic, first major test of the season.

Two former Golden West champions—Jerry the First and April Star—head the list by virtue of past performances in the classic. Jerry the First, Eddie Cobb's fast-closing pacer, won last year's event a Hollywood Park in the final five yards. April Star was the 1947 winner, and is being brought out of retirement by R. L. Craig of Urbana, Ohio.

The nation's two finest three-year-old pacers last season—Good Time and Prince Jay—will make their first important starts in free-

for-all competition in the Golden West Pace. Good Time, Bill Cane's "Lazbyones," was voted Harness Horse of the Year in 1949. He defeated Prince Jay by a head in the \$10,000 Western Pace at Hollywood Park last fall, and the time of 1:59 2/5 was the fastest ever recorded in California.

Lindy Fraser's Dr. Stanton, the Cinderella Horse who suffered bad racing luck after being a favorite in the last two \$50,000 paces, makes his third try for the Golden West crown this spring.

Brother Harmony, Harry Eckert's stretch-driver who finished second to Jerry the First in last fall's classic by a nose after getting away last, and Alemito, Octave Blake's free-legged star, are two other outstanding nominees for the fifty-grander June 10. Alemito is bidding for the lead as the field turned for home in last fall's Golden West Pace, and the champion pacing stallion of 1949 might well have won the race if he hadn't hit a soft spot in the track and been thrown into a break.

Sanders Mills' Stormyway, another outstanding three-year-old in 1949; Highland Ellen, R. H. Kroening's classy pacing mare; and Tommie Mc, owned by A. D. Knapp of Jackson, Mich., are making their first trips west this spring to contest for the Golden West Pace.

Other favorites from previous Western Harness meetings who will try for the \$50,000 crown include M. M. Shetler's Patchen Axworthy, E. C. Moriarty's Mighty Sister, Daybrook Farm's Wilmington Direct, Eddie Cobb's Royal Man, Mrs. Mildred Knisely's Gene Abbe, L. W. Craig's Lana Direct, and Albert Freiss's Guest Star.

Snow Crystal Recorder Science, pressing investigations into nature's every mood, has created a snow crystal recorder to "get the jump" on all types of snowstorms. Devised by technicians of an electrical manufacturing company for the U. S. army signal corps and the office of naval research, the recorder prints on paper the geometric shape, size and frequency of occurrence of snow crystals falling in a storm.

U. of D. To Increase Courses At Summer School

Education courses for Delaware's teachers will be materially increased in number in the University of Delaware's 1950 Summer Session, Dr. William O. Penrose, dean of the university's School of Education, said today.

Dean Penrose listed 17 courses for teachers, of which six will be offered in the second term. This marks the first year in which education courses have been given in the second term.

The enlargement of the offering, Dean Penrose said, is based "upon the expressed need of school people all over the state."

"I have sought the opinions of school administrators, DSEA committees, and others, and all have felt the desirability of an expanded program in education at the university."

"They have asked, also, that courses be offered in both terms of our summer session, thus making it easier for teachers who are working toward a degree to earn it as soon as possible."

The courses arranged for the first term of the summer session, Dean Penrose said, are: Educational Measurements, Laboratory in Secondary School Problems, Laboratory in Elementary School Problems, Laboratory in Basic Human Development and Guidance, Principles and Practices of Guidance, Occupational and Educational Information, Basic Human Development, Library Economics, The Use and Preparation of Audio-Visual Materials, Problems of State School Administration, and School Organization and Administration.

For the second term, the courses will be Guidance in the Secondary Schools, Special Problems (Guidance), Secondary Materials and Approaches, Community Forces and Resources, Supervision: Principles and Practices, and Curriculum Problems I.

The first term begins with registration on June 12 and continues on a five-day week through July 21. The second term opens

July 24, continuing through Aug. 31. A preliminary announcement of the summer session now is available from the Admission Office at the university.

Charlton On Summer Faculty At U. of Delaware

John S. Charlton, director of child development and guidance for the state, will be among the summer session faculty in education at the University of Delaware, Dr. William O. Penrose, dean of education, announced today.

Mr. Charlton, who now is a lecturer for two of the U. of D.'s education courses offered in the academic extension division, will teach in both the first and second terms of summer school.

In the first term, he will instruct in Principles and Practices of Guidance and in Occupational and Educational Information. Mr. Charlton's classes in the second term will be Guidance in the Secondary Schools and Special Problems in Guidance.

An authority on guidance and child development, Mr. Charlton is the author of various publications in the field. He is a graduate of the University of Illinois, holds

a master's degree in guidance and personnel from Teachers College of Columbia University, and also has studied at Rutgers and New York Universities. He has held his present position in the State Board of Education since December.

Dean Penrose said that other appointments of visiting specialists will be made in the near future to supplement the School of Education's faculty for the summer session. He recently disclosed that 17 courses will be offered for teachers this summer, with six of them to be included in the second term.

The first term extends from June 12 to July 21, and the second term from July 24 to Aug. 31.
