

## School Board Election Tomorrow Will Be Hotly Contested, With Five Candidates For Two Posts

Incumbents Parsons and Gruwell Will Battle Cabbage Brown, Hayward Quillen, And John Minner in Exciting Contest

Four candidates have filed to fill two posts on the school board of Harrington Special School District No. 54 at an election Saturday afternoon at the high school.

A. B. Parsons and the board's president, Elwood Gruwell, will run for re-election, opposed by Cabbage Brown, Hayward Quillen, and John Minner. The successful candidates will serve a three-year and four-year term, with the recipient of the more votes serving the longer term. The president will be named by the board from its entire roster.

Both Mr. Parsons and Mr. Gruwell have served on the board two or three four-year terms and both are prominent in civic affairs in Harrington and Kent County.

Mr. Parsons is division manager of the Delaware Power & Light Company. He is secretary of the Rotary Club and a vice-president of the Kent & Sussex Fair Association. He is a member of the Blue Lodge, the consistory in Wilmington, the shrine in Philadelphia, and the Tall Cedars of Lebanon at Milford.

Cabbage Brown, 25, is the son of the late Herman and Grace Brown. He is married and has a son, Herman Cabbage Brown Jr., one and half years old. Brown graduated from Harrington High School and served in the Air Corps during the past war. He graduated from the University of North Carolina with a Bachelor of Arts degree and attended Dickinson School of Law and George Washington University, receiving a Bachelor of Laws degree from the latter university in February. He is now serving a law clerkship with George Fisher at Dover.

Hayward Quillen, 27, is the son of R. Harry Quillen, and a graduate of Harrington High School. He attended Tome Institute and Bucknell University, leaving the latter school to enter the Marine Corps and serve in the Pacific. After the war he graduated from Beacom's College. Quillen is married. He is a member of the Legion, Temple Lodge No. 9, A. M. & F. M., of Milford. He is also a director of the Kent & Sussex Fair Association and People's Bank and is treasurer of Murphy & Hayes Lumber Company.

John Minner, 35, is the son of Mr. and Mrs. Harry D. Minner. He graduated from Harrington High School and Goldsley's Business College. He is married and is the father of four children. He is a trustee of Trinity Methodist Church and is employed by Taylor's Hardware.

The school board has four members. Two holdover members are Fulton J. Downing and Robert Nelson. J. C. Messner, superintendent of Harrington public schools, is secretary of the board, but is not eligible to vote on the board's decision.

### H. M. Twilley Installed As Moose Governor

H. M. Twilley was installed as governor of Harrington Lodge No. 534, Loyal Order of Moose, in a ceremony at the organization's quarters Tues., May 2.

Other officers installed were: Junior governor, Everett Vanderveide Jr.; prelate, W. W. Biles; treasurer, John Semans; trustee, Eugene Vanderveide; junior past governor, L. E. McVey; sergeant-at-arms, Lowell Andrews; assistant sergeant-at-arms, James Hoffman; outer guard, N. J. Emory, and inner guard, Roland Stayton.

Installation ceremonies were conducted by Dr. A. C. Moninger, a member of the Supreme Council, assisted by Kilian Albert, deputy Supreme Governor.

H. M. Twilley, W. W. Biles, and L. E. McVey were visitors at Elkton Moose Lodge Sunday where they were initiated into the Legion of the Moose, the second degree of the Moose.

### Victory Club Hears Goodwill

"Remove stains while fresh," stated Mrs. Violet N. Goodwill, home demonstration agent for Kent County, at the recent meeting of the Victory Home Demonstration Club held at the home of Miss Myrtle Anderson.

Mrs. Goodwill advised to remove coffee and tea stains, stretch the material over a bowl and pour boiling water over stain. She also explained the use of a kit of chemicals for removing spots. In closing she reminded the club that a demonstration of sanding floors and shampooing rugs would be held at the home of Mrs. Lelia Hopkins May 23.

A white elephant sale to be held at the June meeting was discussed. The topic for the June meeting will be "Making Summer Salads" demonstrated by Miss Ethel Hunter, of the Delaware Power and Light Company at the home of Mrs. Eva Raughley.

Mrs. Jessie Tee was cohostess.

### Delaware Park To Entertain War Veterans

The Veterans of Foreign Wars, the American Legion and Delaware Park are all set for the opening of the racing season on Monday, May 29, when a record throng is expected on what has been designated as Veterans Day by the Delaware Steeplechase and Race Association.

On this opening day all members of the Veterans of Foreign Wars, the American Legion and their respective auxiliaries will be the guests of the Association, according to an announcement made this week by VFW Commander E. Rayne of Selbyville and Legion Commander William J. B. Reagan, Wilmington.

In a joint statement the leaders of the two veteran groups expressed their appreciation for the honor which President Donald Ross, General Manager Bryan Field and their associates, are extending on this day.

"The fact the Delaware Park recognizes the service work which veterans are doing in the state, and has been so impressed that they want our membership to join in the festivities of opening day is sincerely appreciated," the statement said.

"Further, the naming of the sixth race as the VFW Handicap and the seventh race as the Legion Handicap, further indicates to us that track officials are extending most thoughtful recognition."

The fifth race will again be the \$10,000 Wilmington Handicap, which has been the outstanding Delaware Park opening day feature for years.

It is expected that several thousand veterans and their auxiliary members will be on hand the final Monday in May to inaugurate the state racing season. Since there will be a long Memorial Day week end, an opportunity thus will be granted to many to attend who otherwise would have been going about their daily jobs, according to the veteran leaders.

### Funeral Held For Ray Minner

Roy Minner, 65, died at the Milford Memorial Hospital Wednesday evening, May 3, where he had been a patient since Tuesday.

He was the son of Thomas and Rebecca Price Minner, and was born near Harrington and had lived here all his life. He never married.

Funeral services were held at the Boyer Funeral Home Monday afternoon in charge of the Rev. Grier Baker, pastor of the Pilgrim Holiness Church. Interment was in Hopkins Cemetery, near Felton.

He is survived by a brother, Thomas Minner, Jr., near Felton.

### H. J. McDonald To Attend Convention

A meeting of the Executive Committee of the Kent County Education Association was held at Harrington High School Tues., April 25, at 8:00 p. m., with Harold J. McDonald, presiding.

Those attending were: Harold J. McDonald, Harrington; C. Stewart Bennett, Wyoming; Mrs. Edna K. Lafferty, Dover; Mrs. Beulah Rodway, Leipsic; Mrs. Bess Dill, Felton; Mrs. Blanche Smith, Clayton; Miss Alberta Cornelius, Smyrna; J. Ralph McLivaine, Magnolia, and Miss Loretta Paskey, Harrington.

The committee elected Mr. McDonald to represent the Association at a convention to be held at St. Louis, Mo., July 2-7.

### Latex Company Aids Study of Children's Ills

Four grants by the International Latex Corporation of funds to aid research into the disease of infants and children were announced here today by Dr. Sidney Farber, professor of pathology at Harvard University, as chairman of the board of the Playtex Park Research Institute. The institution is sponsored by the International Latex Corporation. Two of the grants will be to Dr. Samuel Z. Levine, of Cornell University, and Dr. Richard E. Day, of Columbia, to study the problem of premature birth, which is said to be one of the greatest single causes of infant mortality.

A grant to Dr. Bret Ratner, of New York Medical College, to study the causes of food allergy among children, and one to Dr. Ephraim Shorr, of Cornell University, to study factors contributing to children's growth were also announced. No stipulated sum of money has been set aside for any of the grants, it was said, but the research workers have been assured of sufficient funds to pursue their studies for three years.

Eight other grants to be made this year to research projects outside New York State will be announced within a few weeks.

In his study of the problems of premature births, Dr. Day will do research at Babies Hospital, Columbia - Presbyterian Medical Center, trying "to evaluate the part played by hormones in the instability of premature infants and the function of adrenal glands in prematures." Dr. Levine will study "the relationship of adrenal hormones to aromatic amino acid metabolism in premature infants."

Studying the food allergies of infants, Dr. Ratner will examine the relation between the cravings for specific foods by expectant mothers to the allergic reactions of their children if the foods have been eaten in excessive quantity. He already has conducted some studies along this line at New York Medical College, and these tests, he says, have shown that women who have eaten raw or lightly cooked foods excessively may have sensitized their babies to one of these foods.

The research of Dr. Shorr at Cornell Medical College will concern the anterior pituitary growth factor in children. A medical problem thus far unsolved concerns the child who can grow only to dwarf-like proportions because of the lack of the growth principle formed by the pituitary gland.

### Scottish Rite Club To Meet May 19

Vickers, sponsor of the program, and James Nelson, sports-writer of the Advertiser and script writer for the program.

## Carvel Reports State Balance of \$2,000,000

A state budget balance of \$2,000,000 existed as of March 31, showing that various state agencies and departments have followed the request of Gov. Elbert N. Carvel to keep their expenditures at a minimum, Secretary of State Harris B. McDowell Jr. reported Tuesday.

Mr. McDowell represented the Governor, who is ill at his home in Laurel. The report was made to members of the State Council of Presidents and Executives, an organization composed of the administrators and board chairmen of state agencies and institutions, meeting at the Delaware Colony at Stockley.

Other reports at the session included new economy practices for these same groups.

Mr. McDowell said that the budget balance was created during the first nine months of the present 1949-50 fiscal year, the first fiscal year of the present administration.

But, the secretary of state said in behalf of the Governor, "only the normal and necessary expenditures should be made during the closing period of this fiscal year," rather than following the long-standing practice of spending any existing balance in appropriations during the final quarter of the fiscal year.

The Governor expressed the hope in his message that the unexpended balance of \$2,000,000 existing on March 31 could be continued through the final quarter of the fiscal year and revert to the state treasury after June 30.

Mr. Campbell presided at the session in the absence of Dr. James Beebe, chairman of the council.

Governor Carvel sent his congratulations to the agency officials for "the use of the utmost care and economical practices in the handling of state finances."

Accounting recommendations on further economy were brought to the meeting by Frank Gunnip, retiring chief accountant for the State Budget Commission.

Improvements in the handling of financial records were suggested some time ago by the Governor and later adopted by the council.

This included a new method of handling payrolls for state employees, to become effective next July 1, which will change considerably existing procedures and provide for the use of equipment in the State Treasurer's office, now in use only about 10 per cent of the time.

This system, Mr. Gunnip pointed out, will require no additional employees, one point insisted upon by the Governor.

Also reported on was progress in the plan for a central purchase of fuel, both coal and oil, from one dealer for all departments and agencies. Action on this matter will be taken at a later meeting.

### Fire Company Begins Campaign For Ambulance

The Harrington Volunteer Fire Company started a campaign this week to raise funds to purchase a new ambulance for Harrington and vicinity.

The vehicle, completely equipped, will cost approximately \$6000. Additional funds will be needed for a small addition to the fire-house to house the ambulance.

A campaign letter reads: "We are making a community-wide personal appeal for cash contributions. We sincerely trust you consider this your AMBULANCE and realize that we stand ready, with trained personnel and the best of equipment, to render quick and efficient service throughout the twenty-four hours, day or night, regardless of weather conditions. These services have been made possible in past through your wholehearted support, and we are hoping for a continuance of your co-operation during this period of need."

The letter added that it was hoped to purchase the ambulance this summer.

The ambulance committee is: Paul Neuman, William James, Albert C. Price, Ira Downes, and Horace Hamilton.

### Railroad News

There was a pronounced improvement in delay of street traffic at the crossings Tuesday and Wednesday of last week while the business car "Cape Charles" was quartered on the west siding.

Some of the members of the Women's Aid are suggesting the car be placed there on Mondays as the black smoke clouds mysteriously disappeared Tuesday and Wednesday. Cheer up ladies, diesels will eventually take care of this condition.

Superintendent Goodfellow gave a short talk and introduced three members of his staff, Russ Spore, Kirk Werden and Ham Frew at the Harrington District Safety Meeting held in the fire hall Wednesday the 3rd at 6:30 p. m., after which Tom Lynam, of the Master Mechanic's department at Wilmington, showed two railroad films, one on the safe way to go about the work of applying different types of hand brakes and the other on handling ties, rails, etc.

Mr. Goodfellow expressed appreciation of the interest shown by the 47 present and the good record which the Harrington District has maintained. An effort is under way to make the June meeting a gala affair. Watch this column for further details and in the meantime WORK SAFE—PLAY SAFE and STAY SAFE.

Those attending the meeting were:

T. M. Goodfellow, Superintendent; K. A. Werden, Division Engineer; R. D. Spore, Train Master; H. A. Frew, Supervising Agent; W. C. Miller, Supervisor T. & S.; R. R. McClain, Supervisor No. 93; Wade Mitchell, Master Carpenter; H. D. Williams, Agent; H. W. Wilkins, Agent; G. F. Rapp, Foreman Carpenters; Ernest Homewood, Inspector T. & S.; W. S. Brown, Paul Baynard, Sr., Homer White, and W. L. Webb, Trackmen.

It looked like Barnum & Baileys circus hit town Wednesday when Scotty and Bill Davis backed the HP-1 off the south lap with eight big canvas covered anti-aircraft guns mounted on eight flat cars, the barrel of each gun protruding from the hump-backed canvas covering in such a manner as to resemble huge elephants. These guns, each weighing 35,000 lbs., will be removed from the flat cars at Selbyville and taken to Bethany Beach where the anti-aircraft unit from Fort Bag, N. C., will train the next six weeks.

It is shipments like this that emphasize the importance of rail transportation and tells the world that Uncle Sam don't fool with boy scouts when dealing with dictators.

## Symbol Louis Pays \$126.90, Record at K. & S. Raceway, And Wins Trophy Race

Carlton Goslin's 16-Year-Old Pacer Noses Out Tom Dillard in Both Heats; Kate Volo Goes in 2:09

Carlton Goslin's Symbol Louis paid \$126.90 Tuesday night to establish a record in betting odds for the Kent & Sussex Raceway. He paid \$25 to place, with \$6.60 to show.

Some commented that the valiant 16-year-old gelding "was in too deep," when the first heat of the Killen Feed Company trophy race, a classified pace, went to the post at 60 to 1. But the Harrington bay gelding, which grossed \$4945 last year, nosed out Joe Eyley's Tom Dillard, the favorite, at the wire under the skillful driving of Wayland Cotter. Only \$39 was bet on the son of Symbol S. Forrest, who had a lifetime earnings, at the end of 1949, of \$17,716.49. Time was 2:10.1.

In the second heat, the seventh race, Symbol Louis was not expected to repeat. Again he showed his heels to worthy contemporaries, such as Ralph Up, Mighty Boy, Belladale, American Lou, and High Command, nosing out Tom Dillard at the wire to pay \$14.10, \$8.40, and \$3.60.

The crowd cheered, with excited fans saying, "He's a great boss." The fans, many of whom braved rain and threatening rain, Tuesday night also saw Kate Volo, Kross & Ahl's 11-year-old bay mare, trot the sixth race in 2:09.

Lou's Girl, driven by T. Lewis, paced the mile in 2:07.2 Wednesday night, for the best time of the meet.

Rainy and cool weather has been a jinx since the fifth annual spring meet opened. A large crowd attended the meet Saturday night, however, with approximately \$64,000 going through the windows.

Racing tempo has improved considerably. Stables are filled with some good horses which have yet to start. These include Prince James, Bonnie's Junior, Clever Boy. The meet also disclosed some newcomers with plenty of pep, such as Chin Up, Sing Song, Prince Vonian, Belladale, and Caesar.

Racing now begins at 8:30 p. m. daylight saving time. There are now nine races nightly, this quota having started Wednesday. There will be ten more racing nights.

The John A. Vickers Trophy Race will be the feature race Saturday night. The trophy, given by John A. Vickers, general contractor, Salisbury and Seaford, is a metal statue of a harness horse and driver. It is on exhibition at Community Restaurant, Harrington. Mr. Vickers sponsors a harness racing program on WBOC every Tuesday night at 7:15 o'clock. Fred Mears, trainer and horseman, and C. H. Burgess were on the program Tuesday night.

Canterbury Home Demonstration Club Hears Mrs. Goodwill

A review of work accomplished during the year was made at the Friday evening, May 5, meeting of the Canterbury Home Demonstration Club held in the lodge hall.

The club sponsored a cancer drive, held an auction sale in April to provide funds for the scholarship fund, gave to the Red Cross, donated canned fruits and vegetables, soap, etc. to the Kent General Hospital, Dover, and members made stools.

Mrs. Violet N. Goodwill, home demonstration agent for Kent County, gave a demonstration on the removal of spots and stains from fabrics. She stressed the importance of removing spots and stains when they are fresh, the use of pouring boiling water over coffee and tea stains, the importance of a kit of chemicals, how hot water sets meat juices, egg and blood and suds set fruit juices, tea and coffee.

Mrs. E. H. Richter, president, presided over the business meeting. Mrs. Richter, Mrs. James Kates and Mrs. Lee Smith were hostesses for the evening.

The club will meet again June 2, when the topic for discussion will be picnic lunches. Hostesses will be Mrs. William D. Hammond, Mrs. Gordon Maris and Miss Jean Maris.

Letter to the Editor

To the People of Harrington: The question is—Will Harrington ever change?

For years gone by the City of Harrington has been in a rut and it looks as though it is going to stay in one, right along side Route No. 13. It has had as many or more opportunities than most of the growing towns around it. What has it done? Let them go by. Why? We think you know. It is because of a few people who want things to go their way: It isn't a City—it is a Kingdom for those who can get the power by any method.

We know who is to blame—we all are for not voting and protecting our rights. The only way there can be any changes is for us to exercise these rights. We think it is time for the new generation to have a hand in it. But how? They are blocked in most every way they turn. Today, politics are even in our churches. If the preacher doesn't like what's going on, he includes it in his sermon on Sunday. "And please sign the petition on your way out." Brother, can that put you on the spot!

Next Saturday, we vote for two new members of the School Board. Should our churches try to influence their congregations as for whom they should vote? Yet they wonder why their congregations aren't larger. (We wonder too).

We know of preachers who like their baseball through the week as well as anyone. Yet don't condemn those who work hard all week and enjoy a little sport on Sunday.

Last year a baseball team was organized in this city and won the championship in their league with no help from the city as a whole. This team might bring home a cup this year, we hope. But if they do, they'll have to do it on their own. Last year they bought and paid for new suits and equipment and they had the best, but only through their own efforts. That's alright—they love baseball the biggest sport in the world. They can go out and practice two nights a week after a hard day's work so that they can come home triumphant and so that we can say, "We Won. Brother Are We Good!" These accomplishments are brought about by persistent hard work and co-operation from all the members. If the present generation can work together like this in sports, it gives us some hope that given the opportunity, they could work together the same in other fields.

All other teams they play on Sunday have the right to play on their school grounds but Harrington has to raise money for a diamond of its own which will cost up in the hundreds of dollars just because they can't play on their own school grounds. Where this money is coming from they don't know, but we bet they get it. If they go to H... for playing ball on Sunday, they'll be so busy shaking hands with friends they won't notice the heat.

New Starting Gate At Harrington

Fans are in for a rare treat when Dale Fetrow, starting judge at the current harness meet at the Kent & Sussex Raceway here, introduces his new starting barrier. From all reports, this is the most modern piece of equipment of its kind. Custom built at a cost of \$35,000, it is mounted on a special Cadillac chassis and designed by one of the country's best known engineers.

This barrier has every conceivable safety device and was designed with the drivers and horses who follow it in mind. The wings are made of four-inch in diameter chrom-molybdenum steel with a total wing spread of 75 feet. The gates are operated hydraulically and have a 14,500-pound thrust that folds the arms in three seconds. It is so constructed that if, for any reason, the hydraulic system should fail, a mechanical device automatically takes over the operation.

The chassis has a 175-inch wheel-base and is powered by a Cadillac supercharged motor with special gear ratios in the rear end and hydramatic transmission. The unit has its own watering system for dust control and cinder tanks for use on muddy tracks. The public system is installed so that the starter talks to the drivers without the sound blasting in the ears of the horses.

The arms are so strong that they will take a thousand thrust at the extreme outside ends and they can be controlled to stop or start at any position in their 90-degree radius. It is painted enamel white and finished and trimmed with red leather.

Film and Projector Offered For Club Use The Army and Air Force Recruiting Station in Dover has released news that may be of interest to the different clubs and organizations throughout the area. They have an unlimited number of film available to them through the Headquarters of the 2nd Army in Baltimore. These films are to be shown to any club or organization who requests them.

The type of film vary from educational film for Boy Scouts to the old "Blood & Guts" type usually requested by service organizations such as American Legion and Veterans of Foreign Wars. Educational film for shop classes in high school are numerous on the list available.

THE BANKER'S TRIBUTE TO MOTHER There can be no deeper, more ennobling sentiment in any man's heart, than his abiding love and reverence for his mother. No songs or poems ever composed, no statues ever carved, no medals or ribbons of honor ever bestowed, can overpraise Mother... But, as bankers, we know that on the practical side, as home manager and Director of the Household Budget, she handles one of the world's hardest jobs in a way that few men could equal... ### Hoof Beats

Lord Steward, Ralph Kroening's Hambletonian hopeful from Milwaukee, Wis., is off to a flying start in his three-year-old campaign at Santa Anita, Calif.

With the 1950 trotting season scarcely two weeks old, the gelded son of Darnley already has turned in two quick triumphs, clipping off a 2:05 4/5 mile in his latest effort for Trainer Guy Crippen.

The Wisconsin contender was originally quoted as a 20-to-1 shot in the winter book odds for the \$85,000 Hambletonian to be raced at Goshen, N. Y., Aug. 9. He will make his Eastern debut at Laurel Raceway, Laurel, Md., June 17-July 10.

Lord Steward's performance, in addition to indicating an early revision in his Hambletonian odds, is a strong boost for the youthful Walnut Hall sire, Darnley, who sent him to the market with his first crop of yearlings in 1948.

H. M. (Doc) Parshall, long one of the foremost trainers and drivers in harness racing, has resigned as head of the Hayes Fair Acres racing stable, DuQuoin, Ill., and has been replaced by Foy Funderburk, Taylorville, O.

The change will result in a new handler for the sensational Hambletonian favorite, Lusty Song, who turned in a world record 2:02 1/5 race mile for Parshall as a two-year-old last year.

Funderburk is a stranger to most of the major Eastern raceways, but has been a Midwestern and Grand Circuit sulky star for 30 years. He started Easterners last year by "just missing" in the \$50,000 Nassau Two-Mile Pace at Roosevelt Raceway with the overlooked Brother Harmony.

Parshall, youngest driver ever to win the Hambletonian when he triumphed with Lord Jim in 1934 at the age of 35, suffered a heart attack last winter, but had hoped to be able to return to the races this year. "Doc" scored a second win in the Hambletonian in 1939 with Peter Astra and failed to finish in the money only twice in eight starts in the big race.

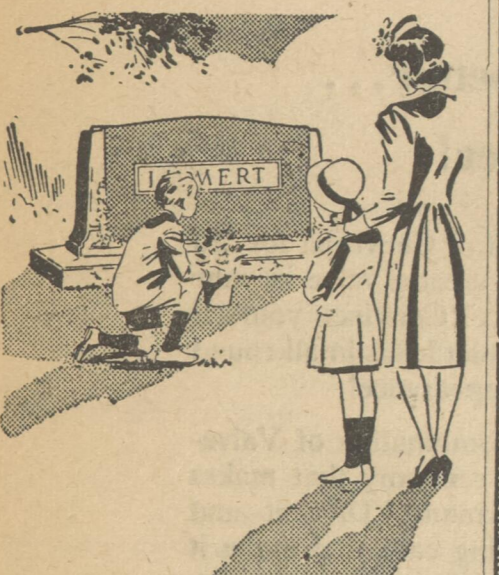

Lusty Song is rated as a 5-to-2 favorite in the 1950 classic. Youth is having its fling in the sulky at Yonkers Raceway which reopened for trotting after a 45-year lapse last week with a record track-opening turnout of 21,181 fans.

The driving darling of the Yonkers patrons promises to be 23-year-old Stanley Dancer of New Egypt, N. J. Stanley emerged as the only two-time winner on opening night, scoring with Shooting Star in the third, and Brave Song in the seventh.

He came back on the second night to cop the daily double with Flying Gal and Schuyler Hall, and took down a couple of seconds with Don Pronto and Pulie Castle. But Stan is not the only "youngster" making his mark with the Westchester fans. The first winner at Yonkers was piloted home by 26-year-old Frank Darish of Trenton.

Billy Maughton, the 26-year-old Fonda, N. Y., star grabbed a first and two seconds on opening night, and a first and second the following evening. And California's Lynn Traveller, at 21, copped the second night feature with Guy Paula. With the youth movement showing such progress, the railbirds are keeping a sharp eye on Ed Wheeler, who finished second to Dancer in his only start during the early operations. Ed is a promising 17.

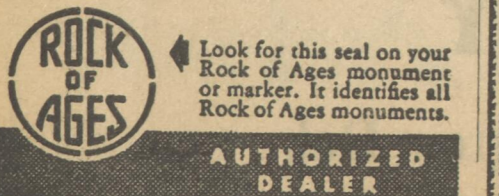

Arthur N. Nardin, New York socialite who paid \$12,500 for the three-year-old pacer, Harrow, at Harrisburg last fall, has renamed

Marliou O'Connor, popular 17-year-old miss from Warwick Downs, R. I., will campaign her stable of trotters at Freehold, N. J. during that track's 1950 meeting, Aug. 10-Sept. 9. Blonde Marliou, who trains and drives her own horses, held forth last year at Saratoga Raceway.

### Delaware Rural Ministers Invited To Short Course

An agricultural short course for rural ministers will be held May 29, in Brown Hall, on the University of Delaware Campus, it was announced today by W. C. Skoglund, agricultural short course director.

"It is recognized fact that the health and stability of our national life are largely dependent upon an economically sound and wholesome agricultural foundation," says Skoglund, "various agencies are demonstrating their interest in the welfare of the people who live close to the soil and are seeking to raise the level of life in rural areas. The rural church has a real responsibility in this venture."

The short course is designed to bring to ministers and interested laymen the latest information concerning farmers' problems and means of solving them. The program, which begins at 10 a. m. and continues until 8 p. m., features talks by specialists in various phases of modern farming, a tour of the experimental farm, a luncheon and dinner. Speaker at the dinner will be Dr. E. J. Niederfrank, extension rural sociologist of the U. S. Department of Agriculture, who will discuss, "Understanding Rural People."

While this course is primarily for ministers in rural areas, all interested clergy and laymen are cordially invited. The entire program will be of a non-demonstrational nature and no expenses are involved, with the exception of meals. Persons interested in attending may get a program by writing the Agricultural Short Course Office, Box 150, Newark, Del.

Which size eggs give the best hatchability? W. C. Skoglund, poultry researcher at the University of Delaware, recently ran experiments to find the answer to this question. Of all sizes tested, the 24-ounce size was best, with 81.3% hatchability. Skoglund found that all sizes from 23 through 27 ounces gave excellent results, and 22-ounce eggs were almost as good. However, smaller and larger eggs than those in the 22-27 ounce range gave poor results. Size of baby chicks was in direct proportion of egg size. This varied from 6.3 lbs. per 100 chicks from the 18-ounce eggs to 10.3 lbs. per 100 chicks from the 30-ounce eggs. This tended to taper off as the chicks reached 12 weeks of age, and weight at that time did not vary much between chicks from eggs weighing 22 ounces or more per dozen.

Feed consumption, feed efficiency and mortality showed no particular relationship to the egg size.

### Cucumber Growing Outlined In Leaflet

Cucumbers have long been an important industry in lower Delaware. The bulk of market cucumbers are grown in the Laurel area, and cucumbers for processing are grown throughout Sussex County and to a somewhat less extent in Kent County. In response to demand by cu-

cumber growers a leaflet, "Let's Grow Cucumbers," has been prepared by Robert F. Stevens, horticulturist for the Delaware agricultural extension service. Beginning with a description of varieties suitable to this area the leaflet covers all steps of cucumber raising, from soil preparation, planting, pollination, harvesting, and disease and insect control.

Of special importance to growers is the section on harvesting, for here are outlined specifically the recommended practices that put the pickles in the top grades for processors.

Copies of the leaflet, "Let's Grow Cucumbers," are available from the Delaware Agricultural Extension Service, Newark, Del., and from County extension offices at Newark, Dover and Georgetown.

### HOW TO "MAKE A HIT" with your Party-Line Neighbors

1. When you start to make a telephone call and find your party line in use, hang up gently and give the other person a few minutes to finish his call.
2. When, while talking, you realize that your neighbor is waiting to make a call, hang up reasonably soon and free the line.

These little courtesies are returned again and again... with dividends for all in good telephone service. When party-line neighbors cooperate, everybody benefits!

### Chicken Cooking Contest Rules

Two hundred and fifty dollars and a new kitchen range will be among the prizes awarded to the winner of the National Chicken Contest at the Delmarva Chicken Festival at Dover Thurs., June 15.

Hundreds of homemakers from all over the country are expected to compete for the 25 cash and merchandise awards and the honor of becoming the nation's chicken cooking champion. They'll cook over 500 young Delmarva chickens using 80 stoves at a time, and working in three shifts.

According to Mrs. Florence Y.

Smith, of Dover, general chairman of the contest, the recipes used must feature chicken, but may employ other ingredients in combination. Best recipes will be published in a special chicken cook book. State Chairmen for the event are Miss Nell Grim, Maryland; Miss M. Gertrude Holloway, Delaware, and Miss Doris Walker, Virginia.

The contest will be open to all persons 19 years or older, of either sex. Professional cooks and chefs are not eligible. There will be a junior chicken cooking contest on June 14 for persons under 19 years.

The contest is sponsored jointly by the Delmarva Chicken Festival and the Poultry and Egg National Board. Entry blanks are available at the headquarters of the Delmarva Chicken Festival, American Legion Building, Dover.

Clean Up Corn For Corn Borer Control

The European corn borer, a highly destructive insect, can be effectively controlled, according to William E. Tarbell, county agricultural agent. One of the important ways to cut down the numbers of these pests, he says, is to clean up all corn stalks in feeding lots.

In addition, he points out, large stemmed weeds should be cleaned out of corn fields and fence rows. Less borers will be found where last year's corn stalks and trash are plowed under.

"Do a clean job of covering all 'Then plant as late as you can, stalks completely," says Tarbell. Corn borer moths lay eggs on early corn."

The borer and corn ear worm can be controlled by spraying and dusting, but these methods are not as effective as those above. It is difficult to apply insecticides at exactly the proper time.

Country Farmers Plant Tomatoes

Farmers throughout Kent County are now planting tomatoes, according to County Agricultural Agent, William E. Tarbell. He suggests that growers will do well to grade their plants and use starter solution.

"Throw out spindly, weak, and diseased plants," he advises. "Starter solution is easily prepared and worthwhile even if you plant by hand. Commercial plant starters are readily available. Mix

with water according to directions. If you are planting by hand use 1 cup of solution in each hole immediately before you put in the plant."

Plant dip is another important practice for tomato farmers, says Tarbell. It will protect the plants during the first few weeks from transplanting from flea beetle and potato bugs. Tomato plant dip kits are available from commercial companies and canners. Follow directions on the package, since tops of plants must not be dipped.

### Houston

Sunday School at 10 o'clock a. m. At 10:30 the Junior department will put on a Mother's Day program, which will be presented in the main auditorium of the church. Please make it a duty to attend these services and see and hear how well these children perform.

At a recent meeting of the Sunday School board. The following officers were elected. Supt., Howard R. Moore; assistant supt., Mrs. Wm. Biggs; secretary, Charles Hayes; assistant secretary, James Simpler; treasurer, Dukes Ross; supt. of Juniors, Mrs. Pearl Messick; pianist, Mrs. William Coulbourne; musical director, Robert Yerkes; and librarian, Donald Armour.

Three of the young folks returned home Saturday after a three day trip to New York City with the Senior Class of Milford High School. They were Miss Jean Sapp, Donald Clifton, and William Eisenbrey. Unfortunately Miss Violet Minter, the fourth to graduate from Houston, was unable to make the trip due to illness. They reported a wonderful time.

Everybody, please remember and attend the Mother's Day program which is to be given by the pupils of the public school tonight beginning at 8 p. m., at the school house. Proceeds for the benefit of the new educational annex to the church.

Mr. and Mrs. O. F. Sapp, Wesley Deford and daughter, Miss Myrtle Deford, visited with friends in Chestertown and Church Hill, Md., Sunday.

Mr. and Mrs. Paul Vause and family, of Mt. Holly, N. J., and Mr. and Mrs. Wm. Blessing Jr. and children, spent Sunday at the home of Mr. and Mrs. William Blessing, Sr. Also Mrs. George Morgan and son, of Greensboro, were visitors of the Blessings on Thursday.

Mr. and Mrs. Edward Maxwell and son, Stephen Wayne, of Wilmington, spent the weekend with her parents, Mr. and Mrs. Harvey Marvel.

Mrs. Edward Williams, Sr., Milford, and Mrs. Sarah Hollowell, Dover, were Wednesday guests of Mrs. G. A. Morgan.

Mr. and Mrs. Hummel Sapp, of Wilmington, visited his parents, Mr. and Mrs. O. F. Sapp Saturday.

Mr. and Mrs. Francis Simpson entertained the Marshall Harts, of Magnolia, Sunday.

Mr. and Mrs. C. Emory Webb and Eileen, visited Riverdale Sunday afternoon.

Mr. and Mrs. Merrill Thistlewood, Mr. and Mrs. George Thistlewood and daughters, Mrs. L. Paul Greenlee and son, Thomas Merrill, called on friends in Baltimore and Ellicot City, Sunday. The weather was fine and they had a most enjoyable trip.

The Home Demonstration Club will meet Thursday night, May 18, at the home of Mrs. Eva Wilson. This will be an open meeting. Mrs. Violet Goodwill will be present and will demonstrate how to remove spots and stains from fabrics.

Mr. and Mrs. Samuel Gott entertained friends from Chester, Pa. Sunday.

### Marvels

With such drastic changes in temperature as the past weekend, what will the result be to our fruit crops? Our orchardists put so much time, money and work in their orchards during the year then one night the temperature goes to freezing and a whole year's work has gone. The trees have to be taken care of for another year before its crop can be harvested. Strawberries are in the same category. Who can but admire the courage of these growers? Could it be that the atomic bomb explosions at Bikini has jarred the earth from its orbit? (As I have read and heard discussed on the radio.) The new book, "Worlds in Collision" can be the source of wonder on this subject. Study of a globe of the earth will show how easily this could happen with the slightest change in its rotation.

The Laws Home Demonstration Club met Tuesday at the home of Mrs. Earl Holleger and everyone enjoyed learning how to make lamp shades. Instructions were given by Mrs. Violet Goodwill.

On Sunday afternoon little Miss Nancy Lee Taylor and her sister, Christine, were christened at the home of their parents, Mr. and Mrs. William Taylor, by the Rev. J. Harry Wright, of Harrington. Among the guests were: Mr. and Mrs. Arthur Taylor, Miss Sara Taylor, Mr. and Mrs. Ernest Dean, Mr. and Mrs. W. W. Sharp and Mrs. J. Harry Wright. After the christening ceremony they were dinner guests.

### Dick Powell and June Allyson in New Comedy "The Reformer and the Redhead" At Reese Theatre, May 14-15-16

The question of the day is, "Does the Reformer reform the Redhead, or does the Redhead reform the Reformer?" The all important question will be answered when Metro Goldwyn Meyers rollicking romantic comedy, "The Reformer and the Redhead," with Dick Powell and June Allyson plays the Reese Theatre, located at Harrington, this coming Sunday, Monday and Tuesday, May 14, 15 and 16.

"Skip the phone calls, the candy and the flowers," says the Redhead, "Let's start kissing now!" From there on, it's a riot. If it's laughter you're after... you'll find the answer in this rowdy, romantic comedy of the zoo-keepers daughter and the guy who hated pets, but liked to pet. To miss this Reese Theatre presentation, is to miss one of top comedies of the new season, and you know Movies are Better than Ever.

### Henry Busse Band Coming to New Milford in Person Sunday

The hackneyed phrase "coast-to-coast favorite" applies to Henry Busse, who will appear in person with his famous orchestra at the New Milford, Theatre, Milford, Sunday.

Starting with the West coast, his band holds all records at the Palace Hotel in San Francisco. He has made several motion pictures including Warner Bros. "Rhapsody in Blue" and "Lady Lets Dance." In Chicago, he has played season after season at the Chez Paree. In New York recent-

### Ellendale

Mr. Thomas (Uncle Tom) Fleming, of Ellendale accompanied by Sam Millman and Clarence Meredith, of Lincoln, enjoyed (?) a clamming trip Sunday, with "Uncle Tom" again returning home unbeaten in number, having caught 500 clams. Mr. Fleming is known as Ellendale's Champion clam catcher.

They lost the motor of the boat while investigating an object swimming in the water, which was first thought to be an otter. It turned out to be a duck with a clam closed up on his bill. They removed the clam and set the duck free. The motor was found sometime later.

Mr. Fleming resides on Main Street in Ellendale with his son, John L. Fleming.

### Farmington

Sunday School at 10:00 A. M. Mother's Day program at 11:00 A. M.

Worship Services at 8:00 P. M. All are invited to attend. The Farmington folks are very proud of their baseball team. It seems like they have a wonderful start this season, when they played Leipsic Sunday. The score was 12 to 6 in favor of Farmington. The line up was as follows: Louis Welch, lf; Harry Bowman, 1st base; Tiny Messick, ss; Buck Thompson, 3rd base; Paul Legates who took Wallace Smith's place, rf; Henry White, 2nd base; Major Hurd, cf; Sammy Welch, catcher; Bobby Algiers, who was the winning pitcher, taking Dicky Sapp's place in the 6th inning.

Mrs. David Grant, Mrs. Clara Hall and Mrs. Biddle have gone back to New York after spending one week in their summer home in Farmington. Edwin East has returned to work after a two week's vacation from Duponts. The newlyweds, Mr. and Mrs. Robert Messick, have returned home after a weeks honeymoon in Washington, D. C. and West Virginia.

We notice that the farmers are very busy at work planting their corn, tomatoes and peppers. We hope they have a very successful year.

Several of the Farmington boys and girls went on a trip to Rehoboth Saturday night. They reported a very pleasant evening. Mrs. Walter Hughes is spending the week in Virginia with her daughter.

Judging For Pastures Set For May 18, 19

Judging of the Sussex County pastures entered in the Delaware Greener Pastures program will be done May 18, 19, according to William H. Henderson, county agricultural agent.

The schedule as arranged, calls for the judges to visit the farms in the Greenwood area on the morning of the 18th and in the Seaford area in the afternoon. On Friday morning, judging will be done in the Lewes community and in the afternoon in the Milton section.

One farm in each area will be selected as a demonstration farm and all farmers interested will be invited to visit the one nearest them to view the judging and hear the comments of the judges regarding pasture improvement suggestions. A complete schedule of the names of the demonstration farmers, their location and the time of judging will appear in next weeks paper.

### Delaware State Poultry Commission Holds Special Meeting

At a special meeting of the Delaware State Poultry Commission, on Saturday, April 29, members of the Commission agreed that in this, the normal chicken buying season, it would be in the interests of the Delaware poultry industry to put on a special educational campaign to acquaint housewives with the fact that today Delaware chickens are of exceptionally fine quality. Chickens in the market now are younger—10 to 11 weeks—and therefore more tender and "buy-worthy" than at any time in recent months.

In order to spread the information widely to consumers in the Eastern area, the Commission has instructed its publicity director, Marion B. Allen, to intensify her work on consumer education through editorial material to press and radio. In addition, they have authorized the immediate buying of radio time for special station breaks on the four major New York stations, four times a week for three consecutive weeks. These radio announcements will stress the quality, nutritive value and economy of Delaware chickens in the markets today.

### Fertilizer, Weed Control Recommended For Lima Beans

Two ways of insuring top yields of lima beans, according to William E. Tarbell, county agricultural agent, are the use of fertilizer in bands at planting time, and keeping the weeds under control during the growing season.

May years results, he points out, have shown the value of putting at least part of the fertilizer in bands at planting time. Two hundred-fifty pounds of fertilizer in bands and the rest broadcast before planting seems to give best results. The band should be about 3 inches deep and about 3 inches on either side of the row.

Weed control in lima beans is still in the experimental stage. The best results in tests at the Delaware Agricultural Experiment Station last year were obtained with the dinitro weed killers. These materials were applied at the rate of 2 gallons per acre mixed with 25 gallons of water.

BROILER PRODUCERS MUST HAVE THEIR OWN MARKETING AGENCIES

From time to time one hears the laments and woes of the broiler producer, longing for the halcyon profits of the war years. Some are having a hard time making both ends meet and most, in our opinion, will "hit the dust" unless they wake up.

Producing a batch of broilers and taking what some market manipulator wants to pay, "is something for the birds." It is said that processors flood the market with dressed birds when live ones show a tendency to advance, thus forcing the market down. Actually, the only speculator is the broiler manufacturer, who must raise his birds, paying fixed prices for chicks, fuel, and feed, and then take "What the kind-hearted processor" wants to give him.

Without the benevolent support of Santa Claus, broiler producers will be hard put to survive unless... they form their own marketing agency. We have never been too enthusiastic about co-operatives but now we realize, that as far as the broiler man is concerned, it's a case of co-operate or else.

Livestock producers saw the light many years ago when they organized the Producers' Livestock Co-operative Commission Company. Handling more receipts than the old line companies, the salesmen for the co-op were in an excellent position to dicker with packer buyers.

A Delmarva broiler co-operative marketing agency, formed by the producers, would make the buyers step. Federal support could be gained for such a project. Furthermore, the agency might go as far as to process and sell its own dressed birds.

While we are at it, chicken must get off the luxury list for ultimate success. Even when the prices of dressed broilers is low, say 33c at stores, restaurants still have to charge a luxury price. The diner's reaction to this maneuver, for the most part, has been such that many restaurants in the broiler area do not serve fried chicken, or serve it infrequently.

WE NEED AN AMBULANCE

This vicinity needs an ambulance. The Harrington Volunteer Fire Company, with YOUR help, has begun a campaign to raise funds for this need. YOU should help. The fact that an ambulance is handy may save YOUR life.

Oftentimes minutes saved in getting to a hospital mean the difference between life and death. WE KNOW OF ONE CASE WHEN THE LACK OF TRANSPORTATION RESULTED IN DEATH.

It CAN happen here. Remember, the lack of an ambulance, may mean YOUR death. Please address contributions to the HARRINGTON VOLUNTEER FIRE COMPANY.

SPEAK NOW OR FOREVER HOLD YOUR PEACE

We have been hearing, for some time, yapping about the antics of the Harrington School Board and the use of School property for outside activities. There will be an election of two board members Saturday afternoon. How many of you will have ambition enough to go to the polls and make yourself heard? We prophesy it will be but a handful. We will define "handful" as less than 500. During the last election, the candidate was unopposed. This time there will be opposition and that is a healthful sign.

KAPITAL KOMENT

Dear Folks:

Well I didn't git down ter the vandue with Anernias Friday countin Emmy wuz a razin so much kane bout plantin our beans an some mor later I jest had to git em in now its so cold recon them beansil rot en I'll hav ter plant em agin.

Bein as how my naybor gits off ter town most ever Friday I went over to his place Sunday ter git wized up on sum politikel news caus I noed he'd heer sumpin durin the day.

Anernias ketchid up with sum fellers what had bin over to Hartlee tother evenin an they wuz atellin him bout sumpin Bob sed over ther.

Seems sum Democratic frend of his'n wuz axing Bob bout them Carvel partments in the New State House an ef it wuz tru they wuz fixed?

Them fellers sed Bob sed he hadn't seed em butt sum others had soz he guessed it wuz so. Then the frend axed Bob how much it costed the folks an ef his money helped pay fer em an Bob tole him he guessed it did caus they got payed fer outen the tax money that cum from everybody.

Bob sed the feller went off ashakin in his head an a mumblin sumpin bout next November an still bein a Democrat.

Then fellers sed Cal tole em a site of news from down ter the Kapital but they couldn't recollect it well nough to tell it an they woodn't spile it fer Cal caus he had the hul thing strate and rite.

Cordin to the news Anernias brung home bout the doins here in the countee cum time fer the convenshun politiks will be hotter en a hay field on the north side of a pine woods when the winds south an no breeze.

He sez thers 4 or 5 of our boys

wants to be Senator an everone thinks he's bettern the other. Coars he heer mor bout Berkholder counten him bein in the State Commissiun of Skules or sumpin an he's ashootin the breez all over Delaware an sum times in New Jersee, Maryland an even back home in Penn sumpin. I can't do nuthin with that big word.

Anernias sez he reminds him of a lone fie at a Sunday dinner kan't tell wher the pickin the best an the folks shure no he's heer. All this bein over in the fust Senators deestrect.

He sez we don't vote fer a Senator this fall countin our man's a holdover an wer goin to be powerful busie this lection any way caus we got to lect 8 of em to hold the fort.

He sez the boys air perty much upset bout that womans doins an she ain't sayin a word so fer. Coars shes bin kinder upset fer a long spell countin Mr. Franks had feelins and then him dying an all soz shes bin to busie to do much talkin.

We heerd Ike wuz down to pay his reespces an a lot of frends sent flours atter the buryn an a hul paecl of her frends from Wilmington wuz down ter say a kind word an all.

Butt Anernias sed he heerd the boys atalkin bout her runnin fer the Senate agin but he heerd to bout Cowgill Barnarde bein the man what Hays an Jim an Web an the boys wants ter run countin it shud cum from the seventh deestrect. Then to be heerd bout a 3 ticket job but so fer no one nos what shes goin to do. Anernias sez he still putts his money on er strate across the bord.

I bin tryin ter heer sum news from Sussix bout our boys doins butt kaint ketch up with any body yit. Soon ez I do will rite yer.

As ever Old Joe

Letter to the Editor

An open letter to the Editor of The Harrington Journal, the citizens of the City of Harrington, and the residents of the Harrington Special School District:

This letter is written to serve the same purpose that a string tied around the finger serves. It is to remind the people to whom it is addressed that on Saturday, May 13, the qualified voters of this school district have the opportunity to express themselves, by their vote, on whether they approve or disapprove of the present handling of school affairs by their school board. On the above mentioned date, two of the four members of that school board are being presented to you voters for re-election.

In the past twelve months, there has been much criticism of the board and of some of its members in particular. Whether this is justified criticism or merely that which attaches itself to any person or group in public office is not for this writer to say. It is however the question to be answered by you voters on this coming Saturday.

Because we feel that the general public desires a change, we are placing our names on the ballot in this election so that there will be some one for whom you, as voters, can cast your vote if you are not in agreement with the present school board and its policies. We are, as you know, H. Hayward Quillen and Herman Cubbage Brown.

Generally, we are known personally to most of the residents of this district. To those of you to whom we are not personally known, we say this: We are both young and our opposition is using this as a strong argument against us. It is true that with youth goes comparative inexperience but also let me remind you that vitality, energy, an absence of entangling interests, and a very sincere desire to do a conscientious job are also the companions of youth. Those factors are vitally needed if you, as voters, desire a change in the membership of your school board. We think that you will find that they weigh the scale heavily toward our side.

Because we are relatively young men, we are still possessed of open minds; more important, if elected, we still believe that our task, will be to give expression to the desires of the majority of the residents of this school district. At this time it is our desire to make no rash promises for the sole purpose of winning an election. We promise you only that each decision made by us will be considered in the light of the desires of the majority and will be made with an open mind in the most sincere manner possible.

The power of the spoken word uttered by the hushed voice on the street corner is of great magnitude. Conversations which start out, "Now just between us..." or "I wouldn't want it known that I said this but..." these are perhaps the greatest weapon that persons who do not desire our election have at their disposal. They are using it well. They are people who know how to use this weapon. In short, they are politicians. They have, in this manner, started a series of rumors in an effort to belittle our honest efforts. I should like to take this opportunity to "spike" some of those rumors. Neither of us are sponsored by the local American Legion Post or by the Harrington Baseball Club. Neither

of us, in fact, necessarily endorses the policies of either organization. As a cold matter of fact, we do not even know what those policies are for we have not been approached by either of these organizations. Most assuredly we are not "yes-men."

I should like to stress that this election is an important thing. It is not just another school board election. As taxpayers and property owners you people are paying in excess of Three Hundred Thousand Dollars for a new school building. The school board of this District will have a great deal to do with the administration of that money and the spending of it. Consequently, you who are paying the bill and you younger people who will be paying it for many years to come have a duty. You must exercise your right to vote. If you are satisfied with the present board then come out and vote for them. Show them your confidence in them and that you are behind them in what they are doing. Let them know that you appreciate their efforts. If, however, you desire a change, if you want to see some "new blood" on your school board then come out and cast your ballot for Herman Cubbage Brown and H. Hayward Quillen. We will appreciate that vote and in return for it will pledge ourselves to work for you in the most sincere and honest fashion of which we are capable.

The important thing however, is that you vote. This is your chance to express yourselves. This is a far better chance than all the street corner and drug store speeches you have made during the year afford you. This is not just talk. This is for keeps and each and every vote counts. Let's have the largest vote in this election that was ever polled in any school board election. Back up those complaints you have made this past year with your vote and we will make this a real school in a great school district and well worthy of you, the fine people who live in it and are its life blood.

Herman C. Brown
H. Hayward Quillen

Letter to the Editor

There has recently been shown in the Reese Theatre a picture of the Delmarva Peninsula free. There was no charge to this picture by the theatre or the sponsor at all, and there were less than 200 present.

Ones that witnessed this picture stated that it was a wonderful picture well taken in the most wonderful land in our country. It was in technicolor of our wonderful industries, our farming, our sports, duck hunting, quail hunting, boating, and fishing.

This picture was taken to show to the rest of our states and our own people of the Peninsula that we do have something to offer to them in the way of industry, farming, sports, the same as any other state of our United States have.

This was started by the Salisbury Exchange Club some time last year and a solicitation of funds was asked for, from the service clubs, chamber's of commerce, and various other organizations and Harrington was asked to raise only \$500 and we have only been able so far to raise \$345. If we can get the rest of the amount that we are short we can have a whole page in the encyclopedia that is to be printed soon and we then can be in line to get our share of industries that will seek building sites in our

peninsula.

This was a picture that was worth while, yet there were only a few to see it. What is the matter with the residents of our city? Don't they want to have the chance to see our city grow such as some of our neighboring cities are now doing? Folks, we had better wake up and get on the bandwagon or we will be left behind and while the other cities are growing we will be getting smaller.

This picture will be shown in the Milford's new Schine Theatre soon and when it is, this writer asks you to take the time to see it for it is worth all the time you spend to see it for your own benefit and your community.

MESSAGE TO OUR CITIZENS

On Monday, May 15, the U. S. Savings Bonds Independence Drive opens throughout the nation, continuing through the Fourth of July. Its symbol is the Liberty Bell, encircled by the campaign theme: Save for Your Independence—Buy U. S. Savings Bonds.

The year-round Savings Bonds program of which this annual campaign is an important part, fosters the spirit of self-reliance and the urge for self-betterment that, along with individual enterprise, inventiveness, productivity and thrift, have carried us steadily forward since the first settlers braved the wilderness to build a free America.

Through regular savings we build up reserves against misfortune and provide income for our later years, thus lessening the burden upon others. We accumulate funds for worthwhile purchases and investments. The buying power we store up (individual savings in E Bonds alone exceed \$34,000,000,000 in cash value today) helps to stabilize business and employment through the years.

As your mayor, I urge all who are able to help the volunteer Savings Bonds Committee of this city reach every possible Bond buyer during the campaign. The more we exceed our Independence Drive quota and the more we

spread the habit of regular saving, through the Payroll Savings Plan or purchase of Bonds at banks and post offices, the more we shall have done for ourselves, our community and our nation.

In honor of the Liberty Bell, hallowed symbol of the American principles by which we live and grow and prosper, I call upon our citizens to signal the opening of this Independence Drive by the ringing of bells throughout the city at noon and the displaying of our nation's flag on Monday, May 15.

E. B. Rash Mayor

WHEELER RADIO STORE NEWS

If you are one of the many lucky ones who picked the winning horse and came home with more money than you took with you, put it to a good use and think of the whole family.

It is getting time to think of making your home as comfortable as you can during this summer.

Of all the things that can help is a fan whether it be the best or the cheapest.

Come in and get your news before that hot spell hits.

I want to thank you all who heeded my call to wall paper as I must say that the week just passed has exceeded in sales any week since I have been selling wall paper.

It goes to show that we are trying to satisfy you or you wouldn't come back.

We not only try to help you with your selection but we try to get the best paper for the money that can be had anywhere.

Of course buying it in large quantities helps in the cost and this is gladly passed on to you.

Come in and see what we have only don't let so many patterns get you down.

Several of you have bought your new refrigerators and several of you have not.

If you are one of the latter, may I suggest you drop around to the store and look them over and see how easy one can be bought.

You know Philco or Westinghouse knows so well that you will be satisfied and like them more and more that they have given with each refrigerator a guarantee on the life of the refrigerator (the sealed unit) not just a year or two but for 5 full years.

Just think of it 5 years. They really know that they will stand up to their names.

This is the time of the year that you can start putting those low price vegetables and fruits away in that new Freezer for a time when prices are way, way up.

Put this difference away and presto, change there is the price of a freezer at no cost to you.

We have some that look just like a regular refrigerator or the ones with the lift top. Come in and let's make a deal.

You know the prices are not high, considering a sealed unit and guaranteed for 5 years. Hope you get one as I know you'll like it.

We have been rather busy the last few weeks installing gas ranges and hot water heaters.

I was wondering if you have noticed your neighbor has one and that you are still hoping for one.

Well if that is all, let us take away that worry and install a new range that will give you a cooler and much brighter kitchen.

Promise your husband better pies, cakes and even better steaks when cooked in those wonderful ovens or broilers.

We have them for you and just waiting for you to say bring us a gas range and install either bottled or metered gas as you desire.

The bottled gas is bought by the tank and the metered gas is paid for each month as it passes through the meter the same as your electric.

Last Sunday Trinity Church commenced the observance of National Family Week, in line with Protestants, Catholics and Jewish groups throughout the nation. The Rev. Diehl preached appropriately on the theme "The Christian Home."

The program culminates with the observance of Mother's Day, May 14, when the sermon will be "God Works Through The Home." This future America will be Christian or Pagan as the family dictates.

Last evening the pastor devoted his discussion at the Prayer Fellowship Hour, to the attendance of family groups at the mid-week service.

The pastor is desirous that those who wish memorials read from the pulpit, advise him in advance so that those wishing to honor loved ones may do so.

The payment of all conference obligations, including the camp fund, have been reported. The church financial thermometer stands at \$150.

Mrs. Arthur M. Melvin, Sr. had an enjoyable birthday celebration when her son and daughter-in-law, Mr. and Mrs. A. M. Melvin, Jr., of Denton, joined her and Mr. Melvin Sr. for dinner.

Mrs. Mary L. Derrickson and Mrs. Mary D. Burton were hostesses to the W. S. C. S. Friday evening.

Presiding was Mrs. Edith B. Melvin, who was assisted by Mrs. Jean Rogers, leading the devotional exercises. Mrs. John Diehl gave a talk on missions. Pursuant to the business meeting Mrs. Helen S. and Lizzie Lank gave a fine piano duet.

Having been installed as state regent of the D. A. R., at its recent congress in Washington, D. C., Mrs. George R. Miller Jr., has brought additional honor to our small town. Mrs. Miller is not only well qualified through organization experience to perform the duties of this office but she has the charm and pleasant disposition so necessary and the sincerity of purpose which are so admirable. Thus it is that the enthusiastic state officials will have as their leader an enthusiastic co-partner.

Tonight the W. S. C. S. of Barratt's Chapel will meet with Mrs. Mary Remick.

Mr. and Mrs. T. Burris Spurry had as their weekend guest Miss Eleanor G. Hammond, of Wilmington.

Sunday guests of Mrs. Lida Stevenson were Mr. and Mrs. Harlan Dillon, of Wilmington.

The score was 15-8 when Frederica played Lewes last Sunday. Lewes was the victorious ball team.

Mr. and Mrs. Benjamin Matlack, and Mr. and Mrs. Earl Ryon attended a wedding in Washington, D. C., Saturday. The Ryons had guests at their home during the weekend. They were Mr. and Mrs. Robert Ryon and family, of New Jersey.

Mrs. Ezekiel Dill had Mrs. W. Dill and daughter, Mrs. Nettie Carter, of Canterbury, as her Thursday guests.

The eight members of the graduating class took part in the May Day exercises held at Frederica Public School Wednesday afternoon.

Mrs. Emma Taylor returned to her home in Philadelphia Sunday after a lengthy stay at the McQueen Rest Home here.

Clarence Jester and Elmer Clendaniel are on shore leave with their families.

Trinity Church bulletins were in memory of Capt. James H. Boone and Mrs. Mary H. Boone.

Mrs. Minnie Fowler left last week to spend some time in Philadelphia.

Dr. C. Carpenter and Mrs. Carpenter, of Winston-Salem, N. C., will sail for Europe on June 1. They expect to cross on the Queen Elizabeth. Mrs. Carpenter is a former local resident and the daughter of the late Mr. and Mrs. Harry F. Mitten.

Ralph Gray, U. S. N., spent the weekend with his wife.

Mrs. Burton Robinson and son, Burton, Jr., of Centreville, Md., were with Mrs. Robinson's parents, Mr. and Mrs. Ralph Jester, over the weekend.

Wednesday guests of Mr. and Mrs. C. Hoey Gross were Mr. and Mrs. Walter Gray, of Newark.

Last week Mrs. Jane Cook and son, Donald, of Wilmington, were visitors of Mrs. Cook's son, Samuel.

**28 Laid Off As Rail Strike Gets Underway**

Some 28 employees of the Pennsylvania Railroad were scheduled to be laid off Thursday (May 11) night at the end of their tour of duty, the aftermath of a strike.

Eight employees are on the track and signal gang, with the remainder on construction gangs.

The strike was ordered into effect Wednesday by the Brotherhood of Locomotive Firemen and Enginemen and is applicable to all territory of the railroad, one of four involved, west of Harrisburg.

Because of the strike, an embargo has been declared on all freight and regular passenger service west of Harrisburg. This measure, consequently, will cancel business from the west for the Delmarva division and will result, ultimately, in further lay-offs here.

Operating crews will also suffer. While they will not be laid off, they will be relegated to the extra gang, which is approximately the equivalent as far as income is concerned.

The strike, affecting also the Southern, the New York Central, and the Santa Fe railroads, was put into effect because of demands of firemen for an additional fireman on multiple diesel-electric locomotives. Two presidential fact-finding boards, created under the Railway Labor Act, investigated similar demands in 1943 and 1949 and found them to have no merit from the standpoint of safety and efficiency of operation. Diesel-electric locomotives have an engineer and fireman.

**Copper in War**  
 From the time copper was first discovered by prehistoric man on down through the flight of centuries it has been used as implements of war. Perhaps its first use was for spearheads attached to long poles to serve as lances. Later it was used for ammunition, guns and for armor.

**Pacific Isle Drink**  
 In many Pacific islands a choice native drink is the sap of the coconut palm, called toddy. Some travelers claim it has a clean, sweet taste, somewhat reminiscent of crystallized pears. However, it must be consumed fresh, for after a week it will ferment into a concentrated alcoholic poison.

**Governor Urges Rent Controls Be Extended**

Lifting of rent control in the lower part of the state has "caused much consternation among the low income groups," Gov. Elbert N. Carvel said Tuesday, urging that federal rent control be extended.

His comments on rent control were in a letter to Senator B. R. Maybank (D-SC) made public by the Governor's staff in Dover. He said in part:

"The effect of decontrol has caused much consternation among the low income groups, and while I have had few complaints made to me directly, I am satisfied that there has been abuse during the short period of decontrol."

"I strongly recommend the extension of rent control legislation for a period of 12 months beyond the present expiration date, June 30, 1950."

**Steamboat Race**  
 In early steamboat days, history was made in the race between the ornate, palatial Natchez and the Robert E. Lee. The rivals started puffing up the Mississippi from New Orleans on June 30, 1870. The Robert E. Lee was the first to make the goal, at St. Louis, on the 4th of July.

President Roosevelt's Board said— **NO!**  
 President Truman's Board said— **NO!**  
 Still the leaders of the Railroad Firemen's Union say— **"STRIKE!"**

This ridiculous strike is an affront to every citizen of the nation. It's not for more money. It's not because of hours. It's only for soft feather-bedding spots for additional unnecessary firemen to go along in diesel locomotives just for the ride. A leading liberal newspaper calls the demands of the union leaders "horse-feathers!"

The reckless leaders of the firemen's union want to force down the throats of the railroads and the public a ridiculous "make-work" proposal which has been twice ruled out by Presidential Fact Finding Boards duly appointed under the provisions of the Railway Labor Act.

This demand of union leaders for additional and unnecessary firemen to ride in diesel locomotives was rejected—after months of hearings—by a Board appointed by President Roosevelt in 1943.

It was again rejected in 1949 by a Board appointed by President Truman.

Recent meetings with the National Mediation Board have brought no change in the attitude of the union dictators.

"feather-bedding" by leading the members of their union out on strike and threatening paralysis to large areas of the nation, they are defying the spirit and intent of the very law which they helped to create.

This strike is not for higher wages. It is a strike to force the railroads to employ many more thousands of firemen who are not needed! It would be indefensible waste. The railroads have refused to place this additional and unnecessary burden on the public.

But more important than any other consideration, is the action of these few irresponsible union leaders in seeking to force a crippling strike upon the

This strike is one of the silliest strikes in history!

What are these reckless union leaders trying to do? They seek to cause thousands of their members to strike, and throw hundreds of thousands of other employes on and off the railroads out of employment, with loss of pay to them and their families, plus a severe blow to industry and the citizens of the nation.

What's the strike all about? If the union has its way—what happens? The present members of the union won't get one cent more pay. They will merely have been assessed for a costly and indefensible drive in an attempt to provide more dues-paying members for the union by creating "feather-bedding" jobs for additional and unnecessary firemen.

This is certainly one of the silliest strikes in history!

nation for their own selfish purposes.

There is no other possible answer to such a demand but "No!"

The railroads in making such a reply believe they have the whole-hearted support of the people in whose interest they are willing to fight this out, despite the loss and inconvenience that all will suffer.

It is time to put an end to such un-American demands.
