The 10 awards are in addition to approximately 30 which already are held by students of the School of Education who received the scholarships a year ago. Since the scholarships are intended to help increase the state's supply of teachers and to maintain the quality of the state's teaching personnel in both elementary and secondary schools, all recipients will be required to declare their intention of preparing to teach in the public schools of Delaware, and to agree to make themselves available for teaching in the state for at least one year after graduation. The scholarship holders were required to be residents of Delaware, to present evidence of ability to do college work, and to show suitable personality characteristics for teaching. Financial need was considered only after applicants had met all other standards.

Directors of Sussex Unit D. A. B. C. to Meet

Directors of the Sussex unit of the Delaware Artificial Breeders Co-operative will meet in Georgetown Tuesday evening at 8 according to Raymond M. Lank, president of the association.

Plans will be developed for an exhibit at the Kent-Sussex Fair in July and the association's annual calf show, which will be held Aug. 9 at the Delaware Agricultural experimental station farm near Georgetown.

Lank pointed out that interest in the artificial breeding program as a means of dairy herd improvement was steadily growing in the county. As a result of this inter est, the directors felt that an exhibit designed to better acquaint dairymen with details of the program was in order.

FAMILY TREAT. They'll all have fun in this roomy 4-door Sedan with generous luggage space for trips. Shown here is the SPECIAL. Same body type available also in the SUPER series

Look at the FUN you're missing!

SURE, we know—a car is a "necessity" these days. A modern family "couldn't get along without one." Or so you tell yourself.

Come, come, sir! We know, and so do you, the real reason you got the new-car fever-and the kind of car you are hankering for.

You want a car with some fun in it, don't you?

A car you'll get a big bang out of every time you see it parked in front of your house-every time you slip into its front seat—every sweet and easy mile you travel

Well, come see what this beauty does for you.

How the doors swing open in warm welcome at a thumb touch on a button. How the broad seats invite you to take it easy. How the big straight-eight under the

bonnet snaps into purring life at your toe-touch.

And then note—

How smoothly you slip away from the curb-especially when Dynaflow* is handling the power transmission.

How firm and steady the whole car feels. How it holds on curves, free of "heel-over" and sway. How each coil-sprung wheel quicksteps over bumps and rough spots that mean jounce and jiggle on most cars-how buoyantly road-free a

"How Softly Runs the Afternoon."-Charles Hanson Towne

This passage typified last Sunday afternoon. Neither This fine way of thinking, too, too hot nor too cool, the weather was such as to induce man to commune with nature. In doing so, we ran into news. Sometimes readers wonder how "we fill up the paper." Hold

About the middle of the afternoon we headed for Fairview Inn at Bowers, driving slowly along the road looking To The for wild strawberries and smelling the sweet scent of the Correspondents magnolia, or bay tree, where the road passed through low woodland.

At Carpenter's Bridge we noticed a Pennsylvania car or two and wondered why the natives did not also take advantage of our local streams and ponds for fishing.

At the inn, we had fried chicken, trout, clam fritters, IN A LETTER, CALL US COLboiled potatoes, string beans, sliced tomatoes, gravy, home- LECT AND WE WILL GET THE daughters, Elizabeth and Rebecca, made ice cream for \$1.25. That's news.
