In midsummer she finally broke the all-time money winning record for harness horses that had stood for 73 years when another fabulous mare, Goldsmith Maid, ended her career, with a total win figure of \$206,462. Proximity's all time money winning record now stands at \$247,379.

During the past season the new Harness Horse of the Year is credited with breaking four world's records, setting new marks in the mile and sixteenth, mile and one eighth, mile and a quarter and the mile record over a half mile track.

Proximity was driven in most of her races this past season by Clint Hodgins, the Clandeboye, Ontario reinsman, who is credited by her owners with developing the golden hoofed mare from a "misfit" to the champion she is today.

here's been a lot of talk in recent weeks about "the buying power of the dollar" - past, present and future.

We can't foretell the future - but we can tell you this right now:

You'll look a long way before you'll find a car that offers as much for the money as you can get in a 1950 Buick.

Close to half a million of these cars have been built and sold this year.

Close to half a million people have checked their features and prices against the field-and decided they'd better buy Buick.

As to prices-they start down below some sixes. And whether you price the SPECIAL, the SUPER or the ROADMASTER, you'll find, on a cents-per-

And this is for sure! When it comes to performance-ride-the way they handle and hold the road-and thrifty use of fuel and oil-Buicks have never been finer.

That's another way of saying that coil springs on all four wheels-Dynaflow*-torque-tube drive -and Buick's high-compression, high-economy Fireball power produce an out-of-this-world combination.

So if you want your dollars to do extra dutythe time to act is now.
