## Stokley and Mont; Mont and Stokley

J. W. Stokley, well known trainer and driver at the Kent & Sussex Raceway here, is quite proud of Mont, his 8 year old trotter, and expects great things of him when the 20 night pari-mutuel harness meet opens here Thurs., May 3.

Stokley has good grounds for his belief, for the bay gelding made his mark, 2:07.3, here last fall and came back to defeat such outstanding trotters as Job Stuart and Belina Hanover. The latter once negotiated the half-mile track here in 2:05.2.

"The biggest thrill I have ever had in racing was when Mont defeated these good trotters," beamed Stokley, a Harrington resident who was born near Henderson, Md. "He went the last half in a minute and the last quarter in 29.2 seconds," he added.

The reinsman says that Mont now looks "very, very, nice and that he was just as fat as a butter-ball."

The gelding was sired by Martinique and is owned by T. J. Tipton, of Marionville, Va.

In the Stokley stable of 14 performers, the local reinsman has another favorite candidate in Victory Cash, bg, 10, pacer by Short O' Cash out of Lady Lucy. The sidewheeler, owned by Mrs. Stokley, was in the money 24 times out of 25 races last year.

Other seasoned numbers, handled by Stokley are: Neal Abbe, bg, 13 p, 2:08; owned by Stokley & Thomas, Harrington; Doc Gilbert, 5 bh, p, 2:09.1 owned by Mr. and Mrs. Samuel Phillips, Laurel, Del.; True Peggy, bh, 4, p, 2:15 owned by Charles Warrington, Milton; A Dean Hanover colt, Maurice Hanover, p, bh, 3 will race some at the coming meet. He is owned by William Hopkins of Laurel, and looks "very, very handsome," Stokley said.

The Harrington driver-trainer also has some green stuff, all of which looks good and all of which he hopes to race here. This includes a 3-year-old filly, Lil York, a pacer owned by Ray and Frank Holloway, of Selbyville; Trixie Tass, bf, 2, p, owned by Sam Phillips, Laurel; Glendale Calumet, blf, 3, p, also owned by Mr. Tipton and Starlight Princess, sm, 5, p, owned by Layton & Carey, also of Laurel.

## Richard Brandt Guest Speaker at Harrington P. T. A. Meeting

Richard Brandt, P. T. A. consultant at the University of Delaware, was the guest speaker at the March meeting of the Harrington P. T. A. held Tuesday evening at the high school library. Mr. Brandt's topic was on the value of the P. T. A. in the school. He very interestingly presented the value of such an organization in the school and told of ways to get parents interested in such a meeting. It was suggested that class room mothers make calls notifying parents of the meeting dates, and set up a definite program each month so as to bring interest forth. It is very important that parents know what is being taught in schools. It was stated that progressive education had been tried and failed and now a new system is needed and it is up to us to let schools know what is needed.

A six minute open discussion was held.

Calvin Simpson, president, presided over the small group present, and he urged all parents to try and bring others at the April meeting.

Col. Hoffman served in both World Wars and rose from private through the ranks by "on-the-field" promotion for gallantry until he became a captain of combat infantry at 21.

Besides being New Jersey's youngest governor at 38, Mr. Hoffman has been twice a member of Congress, member of New Jersey legislature and a most able State Motor Vehicle Commissioner.

## Legion Auxiliary Collects Clothing

The March meeting of the Callaway-Kemp-Raughley-Tee Auxiliary Unit No. 7, was held at the Legion Home Tuesday evening, March 20, with Mrs. Frank O'Neal, Jr., presiding. A report was made of the collecting of clothing for Needy Children which Mrs. Sidney Burtman has been conducting recently. The response from the members has been very good, and the clothing was turned over to Mrs. Farrow, the nurse at the Harrington School, for distribution as she sees fit.

The members voted to have the kitchen of the Legion Home painted if the cost is not too great. A committee will contact a painter to see about the price. The Legion is responsible for having the cabinets painted, and the Auxiliary is most pleased with the job.

The meeting in April will be rather a special occasion in that Mrs. Betty O. Neal of Wilmington, will be the guest speaker. Her topic will be "The Child—Who Is He?" Also at the next meeting the state officers and state chairman of committees will be invited to be present. A good attendance from the Auxiliary Unit is desired.

A Resolution for the support of House Bill No. 67, which concerns an appropriation for money to be used for Crippled Children's Education and Care was read, adopted and signed by the unit. It was sent along with letters to the co-ordinators of the bill and to the local representatives in the Legislature to signify our support of the measure.

A special request from the unit was sent to all members urging them to buy and use the Easter Seals which are being sent out now.

Announcement was made of the dates for Girl's State which will be held for five days this year, from June 18 to 22. This is the 9th Annual Girls' State which has been held under the auspices of the American Legion Auxiliary. In view of the longer period that the Girl's State will be in session, a larger amount of money from the unit will be required to pay their tuition. To raise this money, a bake has been scheduled to be held on April 23. More details will be published at a later date.

## Sulky Slants

By Mrs. Dave (Pat) Smith

Sixteen trotting horses were burned to death Tuesday in a fire which destroyed a large frame and concrete barn at the Trenton State Fair Grounds on Nottingham Way. One of their handlers, Charles Miller, 50, of Spring City, Pa., was trampled and burned severely in helping to lead the other frightened horses to safety. The blaze was caused by an over-heated oil stove in one end of the barn. Of the horses destroyed, 10 were owned by Lester M. Page, of Belfast, Me., the six others belonged to Ernest Roediger, of Norristown, Pa. Six others, belonging to Thomas Dunn, of Philadelphia, were saved.

It was rumored that Judith Hanover and Banner, both of whom had raced here, were two of the victims.

The cost of operation of most of the devices will be 5c for one hour, or 1c for 12 minutes. However, four meters in front of the Post Office are geared to operate only 12 minutes for 1c, with a similar device in front of the Peoples Bank and the First National Bank.

The meters have been or will be installed in the following places:

Both sides of Commerce Street from Mechanic to Mispillion Street; north side of Mechanic Street; the east side of Fleming Street; south side of Gaines (Cain's) Alley; west side of Dorman Street; north side of Clark Street to the Acme Super Market, and on the south side of Clark Street to Ward Streets.

Though the official operation of the meters will not begin until tomorrow, some local citizens have already been putting money into them just "to see how they work."

The meters were ordered from a Chicago firm for \$72.50 each, installed. The company will take 50 per cent of the proceeds until the devices are paid for, with a trial period of one year.

## Railroad News

Supt. Goodfellow and staff were on north end of the division Tuesday and Wednesday. While in Harrington they presented Norman Smith with a gold 50 year service button and called on Ted Angus who was visiting with Les Rogers.

The heavy shipment of stone coming into Greenwood now for highway construction is helping us financially.

Army equipment is in and out of Selbyville also adds to our revenue.

To illustrate the advantages of not being too hasty when someone offends us; a cow eating grass, swallowed a bee. The little bee was angry and to get even, decided to sting the cow but the inside of the cow's stomach was so nice and warm, the little bee fell asleep and when it woke up the cow was gone.

Harrington railroad unit is proud of the service record established by Norman Smith and wish him many happy years of retirement here among his many friends.

We are endeavoring to compile his record which will be in this column soon.

First John Wanamaker came to Wilmington and now Strawbridge & Clothier is preparing to build an enormous store in Wilmington's outskirts. Little by little, or big by big, Philadelphia is becoming a mere suburb of Wilmington.

A Yale University scientist, according to the papers, posed as a psychiatric patient for two months in a mental hospital in Detroit. People acquainted with the queer actions of many scientists in recent years will wonder—was he posing?

MEN DO NOT BECOME CROOKS OVERNIGHT

People shudder as they read from day to day of the corruption in high places. They watch the proceedings of the Kefauver Committee over the television—20,000,000 watch this show according to a survey—and then throw up their hands in holy horror and give expression to the time-honored ejaculation: "Goodness gracious! What's this world coming to, anyway?"

Need they be surprised? They helped elect the crooks to office and at the time they voted for them they knew their favorite candidates were not on the level. We can show you any number of candidates who were involved in many scandals and yet were elected time after time. You do not have to go very far to find incidents of this type, but we'll play safe, for fear of losing a subscriber or two, and cite instances far away:

Jim Curley, up in Boston, served time for crookedness on more than one occasion. On other flagrant violations of the laws of the land, his acts were ignored, and yet the Commonwealth of Massachusetts elected him to its highest offices year after year.

We recall a lecture delivered at the Swarthmore Chautauqua here in Harrington years ago. "Corruption begins on a small scale," said Judge Alden. "When a man reaches high office, great temptations are put in his way, and he may succumb to those temptations, but most of those who do fall were corrupt in a smaller way before they were elected to office." Then the speaker paused, pointed an accusing finger at the crowd and continued: "You old farmers—up in Maine, New Hampshire and Vermont—I don't know anything about your farmers here, because I've never been here before—why do you water your milk at the pump before daylight and then scream about corruption in other places? Why do you eople chisel and misrepresent in your daily dealings, swindle and lie to your fellowmen and then expect the rest of the world to be on the level—you people up there in Maine, New Hampshire and Vermont?"

The learned judge was speaking in facetious terms when he mentioned the three New England States, wisely omitting mention of his own state. He knew that honest men do not go astray—but many of us overlook the matter of honesty when the candidate happens to be on our side.

WHY SOME TOWNS NEVER GROW

Prof. F. Clifford Weigle, of Leland Stanford University, said in an address before the Lions Club of Stockton, California, several years ago: "After a survey of three years in which newspapers from all over the United States were examined, we have determined that the most insignificant weekly newspaper in the United States donates to its community more than \$6,600 yearly in free advertising."

Our paper is not the most insignificant weekly in the United States. We donate more than twice that much to Harrington and adjacent territory in space year after year. And always, members of the Journal staff have contributed to the limit of their abilities to the affairs of the town. At the same time, quite a few of our citizens, when they can save on a printing bill, rush out of town and give the business to some fellow who does not donate \$12,000 in services to your community—who does not contribute one cent to your town. The Journal's business is prosperous, but two-thirds of our revenue comes from out of town.

Harrington, ideally located, has gained a little more than 300 in population in forty years. You know the reason.

Letters To The Editor

Korea
March 19, 1951
Dear Sir:

Your card dated February 13, 1951 was received by me today stating that my subscription to your paper was more than a year due and for me to call on you at my earliest convenience. Under present conditions here, I do not believe that my earliest convenience would be satisfactory to you. However, I will write my family to handle this matter for me so that I may continue to receive The Harrington Journal. I would like to add that I get quite a laugh in reading the HADACOL advertisement which appears quite frequently in your paper. Does your paper ever mention the situation here and its various problems? How does the rotation policy, if the States are thinking of one, fare with you? With the above I will close with deep regret for not being able to call on you.

Yours truly
Morton A. Melvin

Social Security Queries Answered

Questions relating to Federal Old-Age and Survivors Insurance will be answered in this paper or by mail. Address all queries to Social Security Administration, Old Customs House Building, 6th & King Sts., Wilmington, Del.

Q. If a person who is receiving social security benefits dies, what becomes of his social security payments? Does his wife who survives him collect said payments in addition to her half?

A. In the situation above, the widow would not collect the deceased's payments in addition to her half. Her benefit would increase from one-half of the amount the deceased was receiving to three-quarters of that amount.

Q. I am a single person and support my parents. If I were to die would my parents be entitled to monthly benefits?

A. If your parents were chiefly dependent upon you for support and you were to die fully insured, your parents may be entitled to monthly survivors' benefits.

Q. I am married. My wife is three years older than I. Is she entitled to social security benefits before I reach age 65?

A. Wife's benefits under old-age and survivors insurance are payable to the wife of an individual who is himself entitled to receive benefits. It would not be possible for a wife to collect until the husband had become eligible.

## Old Copy of "The Delawarean" Tells of When "Politics Were in Flower"

"Democracy Triumphs in Kent County; Maloney Elected Sheriff By 401 Majority; The Levy Court Will Be Democratic by a Majority of One Vote—Thus Insuring Good Government," reads a headline in "The Delawarean," a former Dover weekly newspaper, of Sat., Nov. 7, 1908.

This newspaper flourished in a period when the Delaware press took its politics seriously, and was one of four Dover weeklies, the others being the "Index," "The Delaware State News," and "The State Sentinel." "The Delawarean" was headed by William and Willard Salsbury.

The issue of 1908 was found in a drawer last week by John B. Hutton, prominent Dover attorney, who was chairman of the Kent County Democratic Committee in those years. It divulged the following information:

Two Democratic senators, J. Herman Anderson, of Cheswold, and John W. Sheldrake, were elected. Seven Democratic representatives elected were: Harvey P. Hall, Smyrna; James F. Laferty, Leipsic; Franklin Brockson, Clayton; Charles Hopkins, Hazlettville; William M. Minner, Masten's Corner; Francis M. Soper, Magnolia, and Clinton L. Williams, Adamsville.

William M. Hughes, Masten's Corner, was one of the five Levy Court members elected.

The Dover newspaper gave much credit to J. Frank Allee, former United States senator, for the Democratic victory.

Sweet Peppers

Sweet peppers may be either green or red. They change from a deep green to a red color as they become more mature. The hot peppers, either green or red, are used mostly in pickles and relishes. There is one thing about eating peppers, they are rich in vitamin C, the vitamin you need every day, and they also have liberal amounts of vitamin A.

# FARM NEWS AND REVIEW

## Blackleg Attacks Delaware Cattle

Because of blackleg and malignant edema have already been reported in Delaware this year, Dr. E. F. Waller, of the University of Delaware animal industry department, and E. S. Biddle, Delaware State Board of Agriculture, are warning livestock owners to be on the alert for the disease.

Blackleg is chiefly a disease of six months to two-year-old cattle, but it can occur in older or younger animals. Both diseases are most prevalent in spring and fall. Outbreaks are often associated with cuts, bruises and wounds.

These diseases are easily recognized by veterinarians. There is usually loss of appetite, lameness, high fever, fast breathing, and swelling. Gas-filled, tumor-like swellings, that make a crackling sound when pressed, appear in the muscles, under the skin of the neck, shoulders, chest, or flanks. In cattle, death usually comes 12-36 hours after the disease is first noticed. Dead animals should be completely buried or buried deeply in quicklime.

All susceptible animals, especially calves, in areas where blackleg is known to occur, should be vaccinated. A second, or "booster" dose will increase the immunity of previously vaccinated animals. Animals found dead in the pasture from unknown causes should be examined by a veterinarian.

## Delaware Farmers Enter Corn Yield Contest

Farmers in all three Delaware counties are already signing up for the 1951 Corn Yield Contest. According to William H. Mitchell, assistant extension agronomist at the University of Delaware, last year's contest results offer many tips to corn growers.

"For one thing," says Mitchell, "yields were usually higher when a legume cover crop had been plowed under before the corn was planted. When there was no legume cover crop, yields were lower. Farmers who plant their corn early enough this spring will have plenty of time next fall to plant a cover crop."

Four keys to more bushels of corn per acre are: Apply enough plant food, plant thick enough, use good hybrid, and plant early.

County agricultural agents have summary information on last year's contest, and entry information for the 1951 Corn Yield Contest.

## 4-H's Offered Pheasants

4-H boys and girls with a "little red hen" can put her to work hatching "something wild" this spring!

"The 'something wild' will be ring-necked pheasants from settings of wild pheasant hatching eggs which Samuel Martin, a state of Washington game farmer, will give to 4-H boys and girls throughout the nation. There will be 12 eggs a setting. (Youngsters are asked to pay only the cost of packing and mailing—30c).

Martin is a game farmer who raises over 10,000 wild pheasants yearly, and sends them in canned form throughout the United States, as well as exporting to the Orient and South America.

In the "spring flush," he has a surplus of hatching eggs which he sold to other game farmers at 25c.

This spring, however, he has decided to give away the eggs to boys and girls who are interested in the outdoors.

"I've reached my sunset years," he says, "and I feel I can indulge in 'pheasant' whims. Also, I sincerely believe that every boy and girl should have a chance to hunt and enjoy the outdoors as I have enjoyed it all of my life. I hope the young pheasant growers will raise the birds to maturity, and enjoy them."

Martin sends a sheet of instructions on how to set and raise the wild pheasants. Settings of eggs will start going out April 15, continuing through June, and will be sent in the order that letters from boys and girls are received. Only one setting to a boy or girl he says, and he asks that each request be counter-signed by the 4-H leader. Address Samuel Martin, Game Farm, Freedom, Whidbey Island, Wash., and enclose 30c in stamps to cover cost of packing and mailing.

## Houston

Sunday School at 10 a. m. Subject, "How Can We Find God Through His Creations." This date being World Service Sunday, Mrs. Russell Hayes will have the devotions, as she is missionary superintendent and as this will be the last world service Sunday in the conference year, if anyone hasn't contributed toward this worthy cause and wishes so to do please bring it Sunday morning for the Lord loveth the cheerful giver.

Preaching at 11 by the pastor, Rev. W. Stanley Grant. Evening services at 7:30.

Please remember the W. S. C. S. is sponsoring a collection of clothing for Korea. Donations of used clothing from anyone will be greatly appreciated. The boxes will be packed in the Fire House Thursday evening, April 5.

The services Sunday morning were largely attended, there being 134 present in Sunday School. The morning hour of worship was inspiring, there being a baptismal service when four children were baptized and two members Mr. and Mrs. James Simpler were taken into the church. The Easter sermon was helpful and we feel sure those who heard it was greatly benefited. The music by both choirs was uplifting. The Senior Choir's anthem, "Now Is Christ Risen" and the Junior Choir's selection "Did You Seek Him" and the juniors looked very wonderful in their new choir robes.

The evening entertainment was sponsored by Mrs. Biggs and members of her class and was a drama called, "The Way of Life." Mrs. Sara Webb, Mrs. Katherine Simpler and Andrew Simpson had the leading roles, others who took part were Lydia Williams, Junior Williams, Mrs. and Mrs. Alvin Brown, Mrs. Thelma Warren, Mrs. Pauline Hayes and Walter Studd. Maynard Grunstra had a leading part but was ill so Andrew Simpson substituted. The music was fine, the juniors sang "Hear The Bells" and the seniors sang "Through the Evening. It was a wonderful Easter, the Resurrection day.

We were very grieved when we heard that death had taken William Vinyard Sunday evening just at the closing of the Easter Day. Mr. Vinyard had been a life long resident of our community until about two years ago, when his wife died, then he went to live with his only child, Mrs. Francis Cavanaugh, in Silview.

We were sorry to learn that Harvey Watkins had suffered a paralytic stroke and we do hope he makes a speedy recovery.

Mr. and Mrs. G. A. Houston School News  
 On Wednesday, March 21 there

was a spelling match in the Milford School to determine who should represent the county in the semi-finals at Salisbury April 12. There were three spellers from Lincoln, three from Houston and 11 from Milford. Milford won the first honors and Houston won second. Houston was represented by Maynard Grunstra, Elizabeth Hayes and Cloyd Bushey. Cloyd Bushey was next to the last to go down. Therefore he is the alternate in the Salisbury contest. The winner from Salisbury will go to Washington, D. C. We think Cloyd is to be congratulated because he stood for two hours and spelled without missing a word.

## Correction

An item in this paper last week on the Kent County D. H. I. A. Annual Meeting, omitted the name of Robert Schreiner of Kenton from those dairymen whose average butterfat production per cow for 1950 was over 400 lbs. and Robert Sanderson's name substituted.

Mr. Schreiner's herd of Holsteins produced 404 lbs. of butterfat and 993 lbs. of milk.

William E. Tarbell, county agent, wishes to express his regret that this mistake was made.

From where I sit... by Joe Marsh Slim And His "Ali Species" Slim Baker, who's always doing something crazy, had a lot of people smiling last week because his entry won a ribbon in the Women's Club Annual Pet Show. Seems as though Slim saw a strange-colored alley cat with no tail over at Central City and brought it home. He washed, combed, and brushed it and put a collar on it with a card reading "Ali Species." Then he enters it in the show. Hanged if the ladies didn't think it was some rare kind of cat and gave it a special award! When one of them asked Slim where she could get one like it, he said, "It's all yours, M'am—I can get an 'Alley Cat' anytime I want!" From where I sit, some of us are pretty easily "taken in" just because someone else says it's so. STORE NEWS WHEELER RADIO

I was changing our TV aerial this past week and did we miss it. Oh Boy and how. You know I didn't think a person could enjoy such a thing night after night but it is true never the less. Oh! yes, of course you may not have a television well let me say this get one and enjoy yourself as you have never enjoyed before. Of course I mean a true focus without a smear and that of course is Philco known for quality the world over. Whether it is a table model, console or combination we have them. Just waiting for you to say the word install mine now. Several have told us this the last few days and of course they are now enjoying their Philco. Do you remember around fair time and several different times it was so hot that an electric fan seemed hot. Well believe me I can take all those troubles away and make it so nice and cool for you on the hottest days. Let us install a Philco air conditioner now and laugh at hot weather when it comes but be sure it is a Philco. Did you know that Philco electric ranges are built so well and strong that you can open the oven door and stand on it while open without the least damaging effect? Name another range besides Philco that this can be done. Well no wonder because if you just take a few minutes of your time and come in our store and see for yourself how strong and sturdy built these ranges are. The oven door is opened many thousand times that is the reason I stress the oven. If you don't want to buy a new refrigerator or trade your old one for one of the most modern up to date refrigerators made, better stay away. When your eyes fall on the new Philco, yes, I said Philco refrigerators no woman can say

anything but my, my what a beauty. It is not only a beauty but so practical and not only that the best of all is a price that will justify you in buying NOW. Don't wait as waiting isn't wise these days. I just received a small shipment of Philco table model radios. We do not get many now so while they are available it is a good time to buy. We also have those marvelous combination radio and record players. Yes they play all records automatic and why not when you hear the name Philco. What they do for the public in the way of entertainment is really wonderful. Don't forget your old radio as a trade in is worth money, so come in and just say Philco is what I want and Philco is what you will get. Mrs. Bertha E. Moore, 53, died at her home near Cheswold early Sunday morning, March 25, after a few weeks illness. Sulky Slants

(Continued from page 1) flu. I think they have had their share this winter. Polly Sipe again off for chicken and dumplings. And where to. You Guess. I'm off to the same place. Felton, of course. Now here is a funny way to spend Easter. Mr. and Mrs. Workman, Mr. and Mrs. Wishard, Curley and Anne Rathwell all spent Sunday at Ocean Downs. And here is what happened, so Mickey said—The boys played cards, and the girls strolled down the boardwalk. Eat hot dogs and popcorn. What an Easter parade that must of made. I know one thing, if Rita Dumont's sister wasn't coming down (and she didn't) because she was ill, she to would have been in that parade. Harry Littleton, I promise I wasn't you know what, when I ran over the big drag. Honest I didn't see it. And it is pretty big. Now isn't it? It was news I was after and I had to catch that car. That's my story any way. Here is one for the books. Jackie Cotter called me and said, "I have news for you, Pat." So over I went to their stable. And when I walked in she said, "I have a horse and I want you to tell me what you think of it." I was expecting to see a trotter or pacer. And what did I see? Well the tiniest little Shetland pony I ever saw. Jackie's brother from Batavia, N. Y., brought it to her for Easter. What a present. I would like to wrap him up and carry him home. Jackie has named him "Silver Niki." I know every child would love to see him. They, too, would fall in love with him as I did. Last time I saw Carl Goslin was on his way to get Jimmy and Patty, his grandchildren, to see the pony.

He really isn't much larger than Harry Craig's goat. Joe Eyerer spending the day watching Pete train his horses. And doing a little training himself. Mrs. Carl Goslin has made her last trip to Philadelphia. She is so happy to get her glasses. She had quite a time with her eyes in the past. Fred Greenly and daughter, and Fred Jr. out to the track watching Paul training his horses. From the looks of stock, I would say, Paul you really have it this year. Buck, Irene Wechtenhiser, Alton and yours truly, oh, yes, Doc, all talking how soon it will be till races start. Cokes always taste better that way. Drink a little and talk a little. Teen and Archie are certainly glad to have Sippy, their fox terrier, home after the call of the wild. Guess it comes to all in the spring. Sippy, you shouldn't go so far from Marshall's next time. Don't you know what good eats you will miss. Carrington Burgess told me this: A 5-year-old was standing in the Hollywood Shop, watching the train pass. All at once he said, "Mother" why was the caboose in the middle and not on the end? Who says a child doesn't notice things. Harry Craig would like to remind all the horsemen about the dance Saturday night. If you don't have your ticket, better hurry. Have you noticed the new section going up at the Wonder Bar? There wasn't a prouder little fellow out to the track than little Billy Carter Easter Sunday. Oh, yes, I peeped, when I was in our general manager's office today and it really looks good. As I saw all the passes being put away. Do you know I mark each day, just waiting. I asked Virginia Holloway, what she did exciting Easter. And all she did was go to church and take it easy the rest of the day. After her busy days, she needs it. Mrs. Earl Thomas in and out of the office working. You know this is one office at a raceway where they don't get too busy to be nice to any one that goes in there. Oh well, is there another raceway? Quote — Mr. and Mrs. Gordon Smith spent the weekend in Bermuda. Mrs. Reese Harrington is spending the weekend in New York City. I hope she has a nice time. As I know I would, and to think I was invited and couldn't go as I take care of my own two horses, Anna Day and Roustabout. But my time is coming this summer. E. K. Fry was a visitor to the Solly Swartz stable this past week. Charley Sutton had as his guests this week, Mr. Scott and

Mr. Smith, of Washington, D. C. Charley's horses are training very nice and he is rather proud of them. Look out Westbury. Well Jake the 2nd is out on a farm again. These horses are too much for Old Jake. He thinks he can go as fast as the horses. He's a pretty mean goose to everyone but me. J. H. Burgess strolling down town enjoying the sunshine. And chatting with friends. Don't forget Ernest Callaway. I've to get that baby squirrel. I've even arranged with the game warden for what ever it takes to keep him. The last one I had Mrs. Rockefeller and I gave a small boy \$2.50 a piece to get us one while we were wintering in Pinehurst. I had a card from her last summer saying she still has hers. But I turned mine out in Saratoga Springs. Mine just got mean. I just go for crazy pets. If you should stroll in Harrington Hardware store and peek

in the back, it would really remind you of real old times (How far back can you remember?), the stove and all the gentlemen sitting around talking over old times. Any way it looks so friendly. How long before we get the meters? Wonder if everyone will be like me always out of a nickle? I really feel sorry for the merchants around town. Won't we all be hunting nickles. We will be dashing in some store for change. But maybe that will help. Might see something to buy. Genie hurrying around town. Out to the track and gone again. Genie it won't be long about 5 weeks. I'm glad to see the races start but a little sorry to see the winter season come to an end. I leave you to figure this out. Answers to draft board questions: Quote—Question: "Where were you born?" Answer: "At my sister's house." Question: "How do you get your mail?" Answer: "I just look in the mailbox, and there it is." How dumb can you be?
