

Tall Cedars Band Wins 1st Prize At Atlantic City

With 30 bands participating in a two and a half mile parade on Atlantic City Boardwalk, the judges stationed in front of Convention Hall awarded Evergreen Forest No. 49 first prize for their magnificent band. Such bands as Hagerstown, Md.; Spring City, Pa.; Baltimore, Md.; Atlantic City, N. J., and Washington, D. C. were a part of the contestants which made the boys of Evergreen very proud.

At the very moment the award was announced, Grand Tall Cedar Ernest M. Jefferson, Sr. Deputy Elliott Evans, Jr. Deputy Samuel M. Williams, Past Grand Tall Cedar Theodore H. Harrington and band leader, Walter Wells, were invited to approach the Convention Hall platform together with the band and rangers to receive the trophy, after which the entire group were given permission to parade around the well decorated and lighted hall with thousands of Tall Cedars and their wives present, with professional photographers taking pictures provided a thrill that will never be forgotten.

As Pro. Walter Wells says, his boys were really at their best, says he never heard them play more beautifully. Mr. Wells received many congratulations from his own boys as well as hundreds of others and to a man who has devoted much of his time towards advancing the bands activities to a number one position this paper extends congratulations.

Carl March, Milford, is the business manager for the band.

The 49th Annual Convention of the Tall Cedars of Lebanon was held in Atlantic City, N. J., May 25, 26 and 27. Those from Harrington representing Evergreen Forest No. 49 were: Mr. and Mrs. J. C. Messner, Mr. and Mrs. S. M. Williams, Mr. and Mrs. Theodore H. Harrington, Mr. and Mrs. Randall H. Knox, Jr., Mr. and Mrs. Fred B. Greenly, Jr., Mr. and Mrs. Claude N. Cahall, Mr. and Mrs. Frank O'Neal, Mr. and Mrs. Calvin Wells and Mr. and Mrs. Bill Ready.

Evergreen Forest Band under the leadership of Walter Wells captured high honors and brought home first prize.

Houston

Church School at 10 a. m. Room for all classes, as this date is World Service, Mrs. Russell Hayes, who is world service director, will have charge of the devotions.

Preaching at 11 o'clock by the new pastor, Rev. Charles Louhoff.

The evening services as usual 7:30. Song service and the hour of worship.

The Sunday morning services were largely attended, although the number at Sunday School, especially the lower grades, fell short due to measles. There was quite a large attendance during the hour of worship. Rev. Charles Louhoff read 10 verses of the 16th chapter of Galatians for the scripture lesson and chose his text from Daniel 5th chapter and 27th verse. The Senior Choir sang a beautiful number entitled "A Song In My Heart" and the Junior Choir also sang a lovely selection. As we are beginning a new conference year lets try to make it the best for Christ and the church.

We were sorry to learn death had claimed Mrs. William Armour Saturday night. Mrs. Armour lived in Chester, Pa., but was a frequent visitor in and near Houston, with relatives and she was always such a lovely person. Her funeral services were held Tuesday afternoon in Chester, and most of her relatives in this section attended.

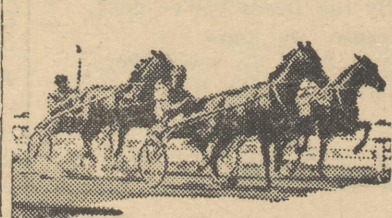

We were also sorry to learn that Samuel Stevenson is quite ill at the home of his son, Walter, and we hope he makes a speedy recovery. Mr. Stevenson, when his wife was living, was a resident of our town and a close neighbor and we thought a lot of the Stevensons.

Friday evening Mrs. Billie Kuerner and Mrs. Martha Stevenson, of Philadelphia, were dinner guests of Mr. and Mrs. Josiah M. Parvis and children. Saturday Mr. and Mrs. Thomas Parvis, of Mt. Rainier, near Washington, D. C., and Mr. and Mrs. Charles Parvis and son, of Millington, Md., were guests at the Parvis home.

Thomas Parvis has just returned from overseas where he has been since last summer.

Mrs. Clarence Minner, Mrs. Samuel Harrington and Miss Lizzy Sapp, of Harrington, were recent visitors at the home of Mrs. Lila Markland. Mrs. Markland's

Sulky Slants

We understand Fred and Louis Floyd and Les Simpson have taken their stables to Hilliards, O., near Columbus.

Doc White, "the wizard of the turf," and Kelley are now selling dope sheets at Rosecroft.

We have been getting race programs from Toledo Ft. Miami Raceway and have been amazed at the accuracy of "Woody" J. Arbuckle, the handicapper, in picking the winners. He has been consistently good. On the 11th night of the meet Woody picked the winners of the first five races, lost the sixth; placed in the seventh; won the eighth, and showed in the ninth. The winners are paying good, too. On the tenth night, for example, the odds were \$16.80, \$23.84, \$15.80, \$24.40, \$25, \$5.40, \$24, \$6.40, and \$13.40. We do not know how the handicapper fared this night, but we imagine he must have had a setback.

In the name of Hamburg. Anyone that hasn't been to Hamburg, here is a little history that might be interesting to read.

In 1811 Daniel Smith, with his brother, Richards, sons of Deacon Ezekiel Smith, built a brick grist mill at the site of Hamburg village on Eighteen Mile Creek just west of the present bridge, and the location became known as Smith's Mills. About 1820 Thomas T. White bought the brick building which housed Smith's mill, and moved it from its site on the creek bank up to the southeast corner of Main and Buffalo Sts.

At this time the name Smith's Mill began to disappear and the community began to be known as White's Corners. This prevailed till the end of the Civil War. With the boom times following Gen. Grant's election, new railroads were run to White's Corners and on May 9, 1874, the town was incorporated as Hamburg.

FAIRGROUNDS—Following the Civil War, the establishment of the Hamburg Driving Park Ass'n with a large park and racetrack was a natural outcome of the horse's popularity and business importance. This track, cut from the virgin woods, was the scene of frequent horse races, fairs and political gatherings. In 1868 Erie County Agricultural Society inaugurated "the Fair" at the "Fairgrounds," the event becoming an annual business and social feature of the community.

Now for little news regarding my trip.

To begin with thanks Mayor Rash for the breakfast in the Peoples Restaurant. The ole saying, a full tummy sends you on your way.

What a funny feeling to leave Harrington with friends like I have there.

But I rolled right along all by myself with my little trailer. I left Harrington at 9:15 a. m. and arrived and set up at 10:10 p. m. Not bad for 448 miles. And no ticket.

When I arrived Sunday evening Dave said, what you doing in so soon. But that's me, do it all in a hurry.

Indeed the weather is terrible, cold and rainy. Not warm like Harrington.

Bobby Hobbs came up on the Earl Thomas truck that brought our horses, Course Jimmy Creed driving.

Carl Goslin arrived ok with his 3 head and stabled behind us in big barn.

Mr. Rosencrants' horses arrived over in Batavia ok.

Mr. and Mrs. Peacock also are stabled close to us in double barn.

Garland Garnsey, who is head director of the trotting club, called the north county including the states that border on the Canadian border has 35 head of horses here.

He is thinking of racing some of his horses in Harrington next fall. If he does he is one swell fellow. Very good friend of ours. Here is a good one, Carrington Burgess asked Dave if he ever read my column, Dave said no, because he had to spell all the words. I wonder if I am really that dumb?

Gooden Callaway, please eat one of Irene's big dishes of strawberry short cakes for me.

Mr. and Mrs. Ralph Bowers certainly having good luck up here. They have won three races last week. We brought up a colt that was sold to someone up here.

Dates Granted Racing Association For Fall Meet

The Delaware Harness Racing Commission has granted the Kent & Sussex Racing Association permission to hold a fall meet, it was revealed during the closing nights of the spring meet here last week. The fall meet, an annual event, will open Thurs., Sept. 6, and continue for 20 nights.

Man Accused Of Battering Wife to Death

A 42-year-old inmate of the Delaware State Hospital, home on a weekend leave, bludgeoned his wife to death and slashed his own throat in a suicide attempt in their Claymont home Sunday morning, according to police.

The dead woman, found by state troopers in a blood splattered living room, was Mrs. Catherine Perry, about 42, formerly of Harrington, who had compound fractures of the skull and practically all of the muscles, nerves and blood vessels in her neck severed by a butcher knife.

In a critical condition is Carlton Perry, her husband, who slashed his throat with the knife and then went into a bedroom and lay down on a bed, apparently expecting to die, police said.

He was transferred from the Delaware Hospital to the State Hospital Sunday night.

The murder and attempted suicide occurred in the couple's home at 16 Third Avenue in Overlook Colony, a small development in Claymont, police said. State police placed the time of occurrence at about 9:30 a. m.

Domestic Quarrel

It was the result of a domestic quarrel on the part of the husband—a repetition of previous arguments which resulted in his commitment to the State Hospital. With his throat and wrists slashed and bleeding profusely, Perry walked down the stairs on the call of state troopers, the knife wrapped in a towel and still clutched in his hand. He walked from the home to the Claymont Fire Company's rescue wagon outside and later walked from the rescue wagon into the hospital, where he underwent an emergency operation.

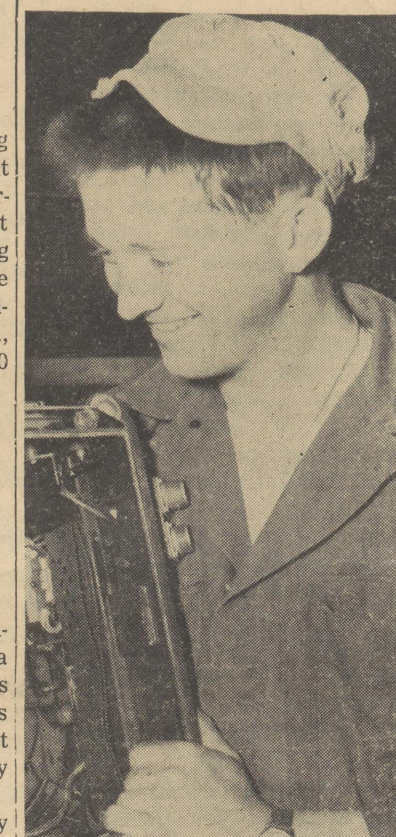

The murder happened while the couple's young children, Grace, 11 and Robert, 8, were attending Sunday school class.

Funeral Services For Mrs. C. Perry Held Here

Funeral services for Mrs. Catherine Hamilton Perry, 41, who died at her home, 16 Third Ave., Claymont, Sunday morning, will be held at the Boyer Funeral Home, Harrington, Wednesday afternoon, at 2 o'clock in charge of the Rev. James F. Langrell, of Gumboro, Md., a former pastor of Farmington Charge. Interment will be in Hollywood Cemetery.

She was the daughter of William F. Hamilton and the late Mercedes Roe Hamilton, and was born in Harrington. She is survived by her husband, Carlton I. Perry, of Claymont, and a son by a former marriage, Powell McCracken, Jr., of Claymont, and two other children, Grace Ann Perry and Robert Carlton Perry, residing at home; her father, William F. Hamilton, of Delmar; 5 sisters, Mrs. Jessie Anderson, of Delmar; Mrs. Lillian Moore and Mrs. Thelma Mauloni, of Chester, Pa.; Mrs. Doris Dodd, of Garden City, Pa., and Mrs. Marian Burton, of Millsboro; two brothers, Rev. William W. Hamilton, of Roxanna, and Joseph Hamilton, of Marcus Hook, Pa.

IT'S DUCK SOUP

AN AIR BASE IN KOREA—Aerial cameras used by Far East Air Forces reconnaissance planes in Korea look complicated to some folks but not to Cpl. Donald W. Eliason of the 67th Tactical Recon Wing. Cpl. Eliason is the son of William Eliason, now of Richardson Park, formerly of Felton. His friends at this advanced air base call him "Duck" and he says keeping the aerial cameras in repair is duck soup for him.

Railroad News

A farewell party for Supt. and Mrs. Goodfellow was held Tuesday evening at the Eastville Inn by the staff officers, supervisors and their wives. They presented him with a Hamilton watch.

The slate in which Mr. Goodfellow, Mr. Greigg and Ed Zacharias received promotions, is effective today and is one of the largest in many years. Time and space does not permit recording all of these here. Watch this column for complete report next week as many former Delmarva boys are involved.

Bowers

Mrs. Della Link, of Salem, N. J., called on friends Saturday.

Mrs. Mabel Dean and son, Donnell, and granddaughter, of Harrington, called on Mrs. Bertha Williams Saturday.

Mrs. Carrie Faulkner and son, Charles, of Wilmington, called on Mr. and Mrs. Willis Wyatt Wednesday.

Mrs. Mae Scheaffer and Paul Brummer, of Bay View Heights, visited friends in Milford Saturday.

Mrs. William Faulkner and daughters, of Wilmington, spent the weekend with Capt. Faulkner at their cottage on the river front.

All the party boats were out Sunday but due to weather conditions did not have much luck.

Mr. and Mrs. Ernest Adams and Mrs. E. R. Williams enjoyed a turkey dinner at Derrickson's Restaurant in Milford Sunday, after which they motored to Lewes and Rehoboth.

Miss Buelah Banks spent the weekend with Mrs. Gladys French, near Milford.

Ernest Caudright Jr. spent the weekend with his mother, Mrs. Mae Caudright.

The Fair View Inn and the lodging houses were very well filled with guests over the weekend.

Mrs. Mae Caudright spent Tuesday in Wilmington.

Phantom Wins

When Phantom won a race recently at Kent & Sussex Raceway, Driver P. Garey, of Masten's Corner, took off his cap and waved "at the boys in the rear." The sulky on which he is riding is an old-timer and is much higher than those used nowadays.

Memorial Day Exercises Here Well Attended

Memorial Day exercises at Hollywood Cemetery were attended by one of the largest crowds ever to witness the event, according to observers.

Callaway-Kemp-Raughley-Tee Post No. 7 of the American Legion, the Boy Scouts, and the Harrington High School band participated.

The program was as follows: 10:00 A. M. Invocation — The Rev. Daniel T. Pritchard, Trinity Methodist Church; flag raising, "National Anthem," band; placing of memorial wreath at base of flag pole, American Legion Auxiliary, C.-K.-R.-T. Post No. 7; honor salute, A. L. firing squad; the band furnished march music and two buglers; selection, band; "Lincoln's Gettysburg Address," Joyce O'Neal; "In Flanders Field," Jean Smith; "Decoration Day," Marie Hopkins; selection, band; Memorial Day Address, The Rev. H. Newton Hudson, pastor of Presbyterian Church, Dover; Benediction, The Rev. Robert E. Van Cleef, Asbury Methodist Church.

Blue Cross Sponsors Letter Campaign

Who is your "good neighbor?" Blue Cross hospitalization plan is looking for the good neighbor in your community. Write a letter about a good neighbor in your vicinity and win one of the weekly prizes. Every week, for three months, one outstanding neighbor, introduced by the prize winning letterwriter, will be invited to the studio at WDOV. Both you and your "good neighbor" will receive a gift. At the end of this time, one "good neighbor" from each county and one from the state, will be honored.

We believe it just as important to honor our good neighbors as the nationally celebrated Mother's and Father's Days. Good neighbors make a good community.

Write to the Blue Cross at Shawnee Road, Milford, Seaford, or Wilmington, or Radio Station WDOV.

New Kent Treasurer To Take Over June 5

A change in Kent County officers will take place June 5 when Grier H. Minner, a Democrat, of Woodside, succeeds Webster Phillips, Republican, of West Dover, as receiver of taxes and county treasurer.

Although Mr. Minner was elected at the general election last November, under the existing law his term of office does not start until the first Tuesday in June.

Mr. Phillips, who was defeated for reelection last fall by Mr. Minner, will be completing his second term and a total of eight years in the office. Mr. Minner will not be new to the courthouse since he served as sheriff in 1939 and 1940. He has been active in Democratic affairs in Kent County for many years.

Sophomores Hold Bake

The bake held by the sophomores, Saturday proved to be very successful. There was a profit of \$45.75. Pies, cakes, strawberries, eggs, cookies, milk and butter were sold.

F. F. A. Steer Moved to Palmatory Farm

The steer which is being fed by Felton F. F. A. chapter was moved from the Friedel Farm to the Palmatory Farm. This steer was given to the chapter by R. W. Bennett, the Felton Purina dealer. He also furnishes all the feed.

Harrington Meet Ends With \$961,331 Handle

Total handle for the spring harness racing meet at the Kent & Sussex Fairgrounds, which closed Saturday night, was \$961,331. A crowd of approximately 8000 saw the final program, with the night's handle reaching \$81,276.

Both heats of the \$1,000 pace were won by Royal Sue. Homer Kelley was the driver.

John Belote Heads Leading Drivers

John Belote was the leading driver at the spring meet of the Kent & Sussex Raceway which ended Saturday night. Belote had 85 points, with Ellis Myer having 70 points and Louis Floyd, 58.

Ashes of Buddha

Gautama Buddha, at his death about 438 B. C., was cremated with great ceremony. Tradition says that his ashes were divided in eight parts and distributed as sacred relics, thus giving the founder of Buddhism many monumental mounds.

Noted Lawyer To Speak at Rotary Club's Ladies' Night

John W. Stagers, an internationally known lawyer, of Washington, D. C., will be the featured speaker at the annual Ladies' Night of the Harrington Rotary Club at the Firehouse Tuesday at 7 p. m. Members of the Harrington Lions Club and the Milford Rotary Club and their ladies, and members of the graduating class of Harrington High School have been invited.

Mr. Stagers is an expert on Korean affairs, having represented that government since 1919. This past winter he visited Korea at the invitation of the president, Syngman Rhee.

William Wix Appointed to West Point

William Wix, member of this year's graduation class at Harrington High School, has qualified for entrance at West Point.

Billy spent a week at the Army Medical Center, Washington, D. C., in March when he underwent examinations. He was notified Saturday of his appointment.

Billy is active in sports, participating in soccer, basketball and baseball and has been an honor student all through high school.

He will be the first boy in the history of Harrington to receive such an appointment. His studies commence July 3.

Billy is the son of Mr. and Mrs. Robert Wix, of Harrington.

Felton School News

Baccalaureate services for the class of 1951 will be held Sun. June 10, at 2:30 p. m. in the Felton Methodist Church. The Rev. William Hitchens, the pastor of the church, will deliver the baccalaureate address.

Commencement exercises will be held Mon., June 11, at 8 p. m. in the school auditorium. Dr. William O. Penrose, Dean of School of Education at the University of Delaware, will be the guest speaker.

The Felton seniors are leaving by bus for their senior trip Wednesday evening, June 6. They are staying at the Hotel Victoria. Some of their highlights will be the Empire State Building, Statue of Liberty, Chinatown, Coney Island, Radio City, RCA Buildings, a television program, a baseball game, shopping, and a boating trip. They are planning to return to Felton Saturday evening.

A gay May Pole setting provided a spring-like atmosphere for the annual Senior Prom. The couples enjoyed dancing to the musical strains of Frank Davis' orchestra.

Doresey Hammond and Norma Jean Walls were elected representatives to the 1950-51 Student Council. They will be in grade seven next year.

Washington Danced Here
In the ballroom of Gadsby's Tavern at Alexandria, Washington attended many "birthright balls" in his honor. When this beautiful Colonial ballroom was moved from Alexandria and installed in the American Wing of the Metropolitan Museum, its original color scheme was brought to light. The woodwork was done over in its original light grayish-green. The walls were painted cream color.

Nearing Millionth
The fast pace towards the millionth traffic death since 1900 was speeded up last year by increases in fatalities in 43 states and the District of Columbia—the largest number to report an upward trend since 1946—while only five states held street and highway deaths below their 1946 tolls, a survey by the Association of Casualty and Surety Companies disclosed today.

Handling Milk
Milk is a finicky food, and you must observe the three C's to insure your family of complete safety. Keep the milk cool, covered, and clean. Milk, you know, is a good disease carrier, and unless careful storage conditions are observed the results can be somewhat undesirable.

Portable Fence for Ball Games
A portable fence is a unique device used in Cameron Park, South Orange, N. J., to keep crowds at a proper distance as they watch baseball games of the South Orange Community Little League. The players are aged 8 to 12. The fence is set around the outfield before each game and removed at the close.

Magnolia

Mr. and Mrs. Calvin Lewis, of Lewes Crossroads, visited Mr. and Mrs. Paul Wooten and family Sunday.

Newlin Wooten, a student of Goldey College, spent the weekend with his parents.

Aubrey Whealton underwent a back operation at the Maryland General Hospital, Baltimore, on Thursday. He was visited by Mrs. Whealton Sunday and she reports that his condition is very satisfactory.

Dr. Elderdices' sermon subject Sunday was "The Essential Spirit," with his text being taken from Zech. 4:6. A group of girls sang from the junior choir, "Riches of Grace." This seemed to be appreciated to the extent that they have been asked to sing another number next Sunday. Mrs. Marion Lott, who for a number of years before moving to Magnolia, was a member of the Asbury Church choir in Wilmington, has joined the Senior Choir here.

A lovely basket of gladioli was placed in the foyer of the church by Mr. and Mrs. Leonard Maloney in memory of their son, Charles. The flowers in the church auditorium were placed there as a memorial to other soldiers of this community who lost their lives.

Dr. and Mrs. A. H. Locke and two children, Patty and Tommy, left during the week for Eufaula, Ala., where they will spend two weeks visiting the former's parents.

Mrs. Vira Steinburg, of Camden; Mrs. Nora Stubbs, of Canterbury, and her granddaughter, Jean Stubbs, have been recent guests of Mr. and Mrs. Marshall Stubbs and Patty. Mr. and Mrs. William Steinburg, of Philadelphia, are spending some time at the Stubbs home.

Mrs. Carrier Muncy, of Wyoming, spent Tuesday and Wednesday with her father, William Miner.

Magnolia residents would no doubt be interested in knowing that Mrs. Steve Townsend, the former Rose Ann Reed, will graduate from the University of Delaware Sunday and had been given the second grade at the Dover School for the coming year.

George Reed, Jr. will finish Thursday at Riders College where he has been studying accounting.

Mrs. Susie Wilcutts, accompanied by Mrs. Miller, who lives in the Wilcutts apartment, and Mrs. Elizabeth Boone visited Mrs. John Knowles, in Georgetown, Wednesday.

Thursday Mrs. Boone was visited by Mrs. Charles Conner, of Dover; Mrs. Paula Seymour Haven and two daughters, Helen and Penny, of California, and Mrs. Edward Seymour, of Philadelphia. The latter Mrs. Seymour expects to move to Camden to make her home there.

The Women's Society of Christian Service will hold its June meeting in the Sunday School room at the church with the installation of officers taking place around the altar. This meeting

will be Wednesday evening at 8 o'clock. The officers to be installed are: President, Ruth Davis; vice-president, Bessie Wright; recording secretary, Dorothy Dill; promotion secretary, Ethel Collins; treasurer, Esther Moore; chairman Christian social relations and local church activities, Margaret Farrow; church missions, Blanche Richards; church spiritual life, Edna Davis; church supply work, Kathryn Knight.

Dr. and Mrs. Elderdices left Wednesday to spend several days with their children, Mr. and Mrs. Lloyd Elderdices and family, in Westminster, Md.

Virgil H. Dukes, owner of Magnolia Furniture Store, is sailing tomorrow from New York on the Queen of Bermuda for Bermuda. Mr. Dukes won this trip in competition with all Philco dealers on the Del-Mar-Va Peninsula, this being quite an achievement as only 17 Philco dealers were eligible for this trip, which is sponsored by the Philco Corp. and Garrett Miller Co., of Wilmington. The ship will leave the pier at New York City at 3 p. m. and will return to New York Fri., June 8.

Upon leaving the pier bound for Bermuda entertainment will start with the latest feature movies from Hollywood in the Grand Ball Room of the ship. Following dinner there will be boxing bouts put on by the outstanding Golden Gloves contenders, not just an exhibition, but regulation bouts which will be entered on the fighters AAU

standings. After the fights there will be a midnight snack. Sunday will be church service in the morning then a day of sunbathing and swimming and a great variety of deck sports with beautiful prizes awarded the winner of the contest. Skeet shooters will show their powers on after deck, tennis and horse racing will also be the order of the day.

The ship will dock Monday morning which will be greeted by the Bermuda Band and the Mayor of Hamilton. From then on there will be sights to see. While he is away the store will be managed by Mrs. Dukes and William Bloom.

Hobbs

We had a very good attendance at Church last Sunday morning. Our pastor, Rev. T. J. Turkington, gave us an interesting sermon, subject, "Memory."

Mrs. Cleveland Henry entertained the W. S. C. S. at her home Wednesday afternoon. After business transaction and at literary program, delicious refreshments were served.

The regular monthly meeting of the Andersontown-Hobbs Home-makers Club was held at Concord Church House last Friday afternoon, with the vice-president, Mrs. Mildred Scott, presiding. Miss Spafford, our H. D. A., was present and demonstrated curtains and draperies. The hostesses Mrs. L. N. Murphy and Mrs. J. L. Stevens, served delicious refreshments.

Mrs. Lewis Butler spent a part

of last week with Mr. and Mrs. Marvin Butler, of Tuckahoe Neck.

Mrs. F. L. Stafford was a guest of Mr. and Mrs. Roy Adams, Oil City, a couple days last week.

Dawson Fountain motored to Baltimore last Saturday. Mrs. Fountain and daughters, Wanda and Stella Marie, who had been spending a week with relatives there, returned home with him.

Mr. and Mrs. L. H. Thomas called on Mr. and Mrs. B. B. Lawless last Sunday afternoon. Our best wishes are with Mrs. Lawless, who is under the care of a physician.

Mrs. L. N. Murphy and grandson, Dawson Fountain, were invited dinner guests of Mr. and Mrs. Harry Willis, of nearby Andersonstown, last Friday evening.

Mrs. Culver Smith and daughters, of New Castle, visited the Smith home last Sunday. The father, Thos. C. Smith, who has been in poor health for a year, is in a hospital again. He has our best wishes.

Dawson Fountain was an invited dinner guest of Mr. and Mrs. Roland Towers last Thursday evening.

Mrs. Ida Snowberger, having spent sometime with Wilmington relatives, is visiting her sister, Mrs. F. E. Adams.

Machinery Belts
Too much tension strains belts and causes rapid wear on pulley shaft bearings. On the other hand, too little tension produces a floppy, unsteady motion which results in excessive slippage, loss of power, and much belt wear.

HE DIED! TO SAVE OTHERS (THAT WE MIGHT LIVE)

By: Samuel A. Short, Jr.

There lies a Soldier, In his lonely grave, Who died for his country, He fought to save, Whose soul is gone to the far beyond.

He died! to save others That! We might live.

He was a Hero, In his humble way, Taking his place, On that eventful day.

He gave his all He Died! To save others That! We might live.

To this soldier so brave, We give great Honor. We Salute Him.

At this lonely grave, We greet Him, that! He Died! To save others That! We might live.

We know his days, Were lonely and weary Out there, but not alone.

He has done his deed, With bravery he's shone. He Died! To save others That! We might live.

Wars have come, And Wars have gone. But his time has come. To fight no more.

Taking his place, He Died! To save others That! We might live.

Wars have come, And Wars have gone. But his time has come. To fight no more. Taking his place, He Died! To save others That! We might live.

To You, Great son, We give you respect. Your day did come. We'll never forget, The sufferings you've done You Died! To save others That! We might live.

Safeguard for Milk
Pasteurization is the most important single protective measure that can be taken against disease germs in milk. Without pasteurization, there is danger of such milk-borne diseases as undulant fever, typhoid fever, scarlet fever, and septic sore throat. Over one-half of the milk consumed by persons living in communities under 10,000 population was not pasteurized, but was raw milk.

Real Estate Board Changes Meeting Dates

A meeting of the Kent County Real Estate Board was held in Dover Tuesday evening, May 15. Andy J. Cough, newly elected president, presided. The board decided to have its regular monthly meetings on the fourth Thursday of each month, next meeting to be held Thurs., June 28. Any one desiring to become a member of the board or desiring to refer any matter of business should contact the secretary, Ernest V. Keith, and make arrangements to attend one of these meetings.

It was urged that the public become conscious of the advantages of exclusive and multiple listings. A lot of confusion and misunderstanding could be avoided if the public would co-operate with the realtors in connection with this suggestion. An exclusive listing enables a broker to advertise the property and at the same time re-list it with other brokers in the community on a multiple listing basis so that the property owner has the benefit of the services of all the brokers belonging to the board, rather than just one.

Arthur G. Livingston, of the firm of Andy J. Cough, and Mrs. Adell Newnam, connected with the firm of G. Leslie Gooden, were admitted as associate members. Others attending the meeting were as follows: Andy Cough, Ollie D. Loose, J. M. Bennett, Harvey G. Marvel, G. Leslie Gooden, Lulu P. Wilkins, Ernest V. Keith, and Fannie D. Harrington.

Cancer Clinic To Return June 7

A cancer clinic will return to Harrington Thurs., June 7, for a free examination of women over 35 years of age. The examination will take place at the firehouse from 10 to 12 a. m. and 1 to 3 p. m. Appointments may be made by phoning Harrington 530. The detection centers are operated by the Delaware division, American Cancer Society.

cost less than ordinary fencing. (Might be well worth your while looking into.) From where I sit, there's no sense in looking down on something just because it's different from what we like. For instance, some people think ice-cold lemonade's the best "cooler-offer" on a hot day. Some of us would rather have a glass of beer. The important thing is not to "hedge ourselves in" against other people's ideas and preferences.

Experience Teaches Valuable Lessons

Mrs. Lula Nelsoni, 1702 E. 63rd St., Los Angeles, Calif., is the very young mother of seven children. The youngest child is two years old and the oldest is 11. The two youngest children are pictured here with Mrs. Nelsoni, Murlean, the two-year-old, and Richard, who is three years of age. Now, there is probably very little about raising children that Mrs. Nelsoni doesn't know. Experience has taught her how to safeguard the well-being of her youngsters. And her experience with today's great family formula, HADACOL, has also taught her something valuable, for Mrs. Nelsoni had been having annoying aches and pains, didn't rest well and felt run-down. She heard how HADACOL was helping other folks who were suffering from a deficiency of Vitamins B₁, B₂, Iron and Niacin and began taking it. HADACOL helped her so much that now all the Nelsoni children are taking their HADACOL regularly, too.

Richard, Murlean, and Mrs. Nelsoni

Here is what Mrs. Nelsoni says about HADACOL: "I was run-down, couldn't sleep at night, had aches and pains and with seven children to care for I couldn't get my work done. After three bottles of HADACOL I felt so much better I could do more work than ever before. I've been taking HADACOL ever since and feel so good. I now give it to my children and it has helped them, too."

Give HADACOL a Chance to help you. If your system lacks these essential elements, you, too, will be amazed at the wonderful results HADACOL can bring you. As it has to thousands of other fine folks who suffered a deficiency of Vitamins B₁, B₂, Niacin and Iron, which HADACOL contains. HADACOL helps build up the hemoglobin content of your blood (when Iron is needed) to carry these precious Vitamins and Minerals to every organ, and every part of your body.

HADACOL is that wonderful new preparation promising blessed relief for your indigestion, stomach disturbances (gas, heartburn, sour "risings" after meals), as well as that general run-down condition, and annoying aches and pains, if due to a lack of Vitamins B₁, B₂, Iron and Niacin in your system.

HADACOL is so amazingly successful because if your system lacks Vitamins B₁, B₂, Iron and Niacin it acts directly to relieve this deficiency—the real cause of your trouble. That's the kind of product you want—the kind you should buy—the kind you should start taking immediately.

Only One Genuine HADACOL. Don't go through life suffering the miseries caused by such deficiencies when relief may be as close at hand as the nearest drug-store for sufferers from these deficiencies. Buy HADACOL today. HADACOL costs only \$1.19 for a trial size bottle. Large family economy size, \$3.39. There is only one true and genuine HADACOL.

There's a \$50,000 trotter at Saratoga Raceway. His name is Lew Hanover, he's four years old and he's never won a race, yet his owner has put a price on him for fifty grand. The owner, Arleigh Wilkins of Marion, Ill., already has turned down an offer of \$40,000, according to Trainer Bi Shively.

The rather mysterious trotter arrived at the raceway Monday night and he's already had more visitors to his stall than Proximity had when she was at Saratoga for Grand Circuit weeks last summer.

Despite his lack of victories, Lew Hanover does have his points. For one thing, he went a mile against time at Lexington, Ky., last fall and stopped the watches in a remarkable 2:01.4. For another, he is royally bred, and for a third, his merger bank account of \$337.50 makes him eligible to a number of slow-class stakes.

Horsemen and fans of the raceway environs won't have to wait long to pass judgement on Lew Hanover, for he's entered in a stake event on opening night, June 4.

The son of Dean Hanover and Lady Pamela has a total of seven stake engagements at the Spa and his progress will be watched with national interest. Horsemen have been wondering about him ever since they first saw him advertised for \$50,000 in the turf press last winter. Relatively few persons have seen Lew Hanover in competition, for he never raced at two and started in only five heats as a three-year-old.

Shively, the wise, 73-year-old sulky veteran, says there is no questioning Lew Hanover's speed. Declares the man who brought out the great trotter, Rodney: "I saw him earn his record with his owner driving last fall and he certainly went at a two-minute clip because the track was about two seconds off. He did all I asked him to in Florida during the winter and he trained in 2:09 and a fraction just before we left Lexington, Ky., last week. He can trot, but I have no idea how he'll act when he gets in

there with other horses." Saratoga Raceway's opening night may provide the answer to a \$50,000 question.

Fred Welsh still remains critically ill at his home here. We join in wishing them an early recovery.

Little Nancy Blades, of Harrington, spent the weekend with her grandparents, Mr. and Mrs. Harlan Blades.

Dawson Ellwanger had the misfortune to get caught in the digger machine in a dirt pit out near Garland Lake and his leg was mangled so bad it was necessary to remove it below the hip. Dawson was born and raised near our little village and we all join in wishing him a speedy and permanent recovery.

Rev. and Mrs. Emanuel Baraque and family will be moving in about two weeks to his new charge at Crumpton, Md. We are very sorry to lose them from our little village, but wish them every success in their new charge.

We were very sorry to hear of the sudden death of Mrs. Lulu Carroll, of near Milford, being a brush demonstrator, she had made many friends through the community. We all extend our heart felt sympathy to her family and friends.

Houston

Mrs. Richard Yost, who has been in Milford Memorial Hospital for the past three weeks, returned home Monday. Her condition is greatly improved, but she is not supposed to do any work or be up very much of the time and we do hope her recovery will be a speedy one. She will be remembered as the former Peggy Slaughter.

Little Miss Irene Gurley, of Harrington, was the weekend guest of Nancy Thistlewood.

Mr. and Mrs. Franklin Slaughter and children, Gene Lois and Sandra, of Ridgely, were Sunday guests of Mr. and Mrs. Emory Webb and daughter, Eileen.

Miss Bertha Wilson, of Lewes, spent the weekend with her par-

ents, Mr. and Mrs. G. A. Wilson. Saturday, May 19 John W. Johnson, our grand old man, observed his 94th birthday. He received several useful gifts and a big shower of cards. Uncle Johnnie does not get out around very much but he does so enjoy having his neighbors and friends go in to sit and chat with him. He stays at the home of his only living son, George L. Johnson. His wife, two sons and three daughters passed to the great beyond several years ago. May he live to enjoy several years of happiness.

Your City

Your City Council operates on a budget system. The paying of the old local bank debt is our major outlay for the year. It will leave very little money for new work. Balance on Sewer Bonds is \$57,000.

We need a better water system and this will probably be our next major expense. Harrington needs a more even pressure and some Cities soften their water. It would be very helpful if people would not use City water on vegetable gardens during a dry spell.

On May 16th we received a letter from William J. Storey, Mayor of Dover, congratulating us on the financial status of the City of Harrington. He wrote, I congratulate you on your financial condition and I wish that we were in as good condition in Dover.

Parking Meters

We have opened a separate bank account for the parking meter money. We call it our "CASH CROP" and this money is not being used for City expenses.

Some people of dull wit try to play pranks on the police and a few try tricks of a destructive nature on the meters. These people are simply working against the good of Harrington.

Red and yellow on the curbing means no parking. Weak excuses crop up about this violation.

Police

City Council establishes the police policy of the City. Chief Myers, Mr. Voss and Mr. Foraker have instructions to enforce the laws and play no favoritism.

We aim to be fair to all but realize that none are infallible in their judgment. A good system is the heart of our City economy. We have made some mistakes and will probably make more. The Mayor and Councilmen serve without pay in their administrative work.

THE HARRINGTON JOURNAL
Office of Publication, 207 Commerce Street, Harrington, Delaware
Entered as second-class matter August 16, 1946, at the Post Office at Harrington, Delaware, under the Act of March 3, 1879.

SUPREME COURT BILL TENDS TO STREAMLINE STATE COURT SYSTEM

The General Assembly recently approved the constitutional amendment creating a separate Supreme Court for Delaware. It became law immediately. Some of the points in the Court's favor are as follows:

1. Many corporations incorporate in Delaware because of the integrity of our courts and the liberality of our corporation laws. Heretofore, it took these corporations longer to take their cases through the previous Supreme Court which was composed of those judges of the court below who did not hear the case in the lower court. Under the continuance of this system, corporations might have well been inclined to incorporate elsewhere, with a consequent loss in taxes to Delaware.

2. Under the old system, appeals to the Supreme Court often took a year or more to be heard. Presume that an individual was involved in an automobile accident and that he had a valid claim for damages. This civil suit would be tried in Superior Court and if the Court decided against the litigant, an appeal to the previous and non-separate Supreme Court might have taken a year, with such inconvenience and additional expense to the litigant that he might be compelled to settle the case for a far lesser amount than he had originally claimed.

Forty-seven other states have separate Supreme Courts, including Wyoming and Nevada which have less population and less actual, if not less potential wealth, than Delaware.

3. The separate Supreme Court will hear appeals only from the Court of Chancery and the Superior Court. An important plank in the past two Democratic platforms, the approval of the constitutional amendment also means that functions of the Court of Oyer and Terminer and the Court of General Sessions will be transferred to Superior Court.

The Court of Oyer and Terminer and the Court of General Sessions are known as courts of first instance, or of greater and lesser criminal offenses. The former handled such cases as those involving first degree murder and rape, while the latter handled minor criminal cases such as robbery, grand larceny, and embezzlement.

With the combining of these courts with the Superior Court, the state judicial system will tend to become more streamlined and efficient.

Under the new law, there will be five judges in the Superior Court, two in the Court of Chancery, and three in the Supreme Court.

The new court set-up brought about changes in the duties of the office of the clerk of the peace, for instance, the office of Henry Hazel, clerk of the peace of Kent County, with this office being shorn of all its major duties. It will have some miscellaneous chores, however, such as election law duties, acting as clerk of the Levy Court; issuance of marriage licenses; certain duties in reference to filing returns for vacating public roads.

The Orphans' Court, formerly handled by the Court of Chancery, will now come under the Superior Court judges, although the duties in the office of Grafton Heather, Register in Chancery and clerk of the Orphans' Court, remain unchanged.

In commenting on the Supreme Court bill, Governor Carvel said: "This action by the General Assembly is a very constructive one, and will fill a need in the judiciary that has long been felt. The work of the judges had become so heavy that it became increasingly difficult to arrange hearings for appeals.

"This condition has now been corrected, and the people of the state have been provided with more adequate judicial attention."

Eminent members of the Delaware bar have spoken very highly of the amendment creating a separate Supreme Court. George Burton Pearson Jr., president of the Delaware Bar Association, says:

"The amendment makes an important change in our State judicial system, one that is designed to bring about a better administration of justice. A separate, independent Supreme Court has been recognized by all other states as preferable to a Court composed of judges who sit in the Trial Courts as well. The change in our system will remove some of the inevitable causes of delay in the determination of cases. The advantages will inure to the benefit not only of persons in and outside the State who have large property or corporate interests here; but more important, it is of potential benefit to every citizen of Delaware, regardless of his property interests, for all of us are subject to be affected by the operation of our judicial system."

STATES SHOW GAINS IN DEFENSE LAWS, MUTUAL AID PACTS

Forty-seven states and the District of Columbia have legislation which would protect their citizens in the event of atomic attack. Funds are also available in these areas for civil defense administrative or emergency purposes or for matching federal grants for civil defense purposes. New Laws Enacted

Twenty-seven states have enacted new legislation fashioned after FCDA's model act. Others are temporarily using existing civil defense or disaster laws pending final passage of new legislation.

Mutual aid pacts affecting 16 states have been concluded or are pending. Almost all state legislatures which have met this year have given their governors permission to ratify mutual aid agreements with surrounding states.

Some agreements provide for the evacuation of wounded from one state to another. One state has a plan for civil defense workers to meet evacuation convoys at its border, and to direct them to centers where they will receive medical aid and food and be assigned housing facilities.

In most instances, states bordering Canada also have authority to discuss mutual aid arrangements with Canadian provinces now that the federal government has approved an exchange of notes with Canada authorizing such agreements.

Legislatures in some states have set up 5- to 12-member defense councils to handle all civil defense problems. Other legislative acts provide that the state civil defense director shall operate under the adjutant general of the state. In some cases, the adjutant general himself serves as state civil defense director.

Mrs. George Potter Has Copy of Harrington Journal for 1914

Mrs. George B. Potter has a copy of "Harrington Journal" for Fri., Nov. 13, 1914. The newspaper was Vol. 2, No. 27; consequently, it was one of the earlier issues of this publication (now entitled "The Harrington Journal"), founded by F. T. Fleming in 1913.

Mrs. Potter, formerly Miss Lula B. Holmes, kept the newspaper primarily because it printed the account of her wedding, which took place Wed., Nov. 11. The account, in part, read:

"The M. P. Church presented a scene of unusual beauty, on Wednesday, p. m., Nov. 11th, when Miss Lula B. Holmes, daughter of Rev. J. M. Holmes, became the bride of Mr. George B. Potter.

"Promptly at the appointed hour, to the strains of 'Lohengrin,' played by Mr. Nevell S. Greenaway, of Alexandria, Va., the bridal party approached the altar, where the bride and groom were united in marriage by the bride's father.

"The bride was becomingly attired in a gown of blue broadcloth, with trimmings of silver and pearl, and a large picture hat of blue velvet. She had white chrysanthemums and carried a gray muff.

"Her attendants were: Mrs. Irlands H. Kirk, of Braddock Heights, Va., as matron of honor, attired in mahogany poplin, wearing white chrysanthemums and carrying a black muff. The Misses Emma and Ruth Audouin, of Baltimore, as brides' maids, attired in taupe crepe meteor trimmed with gold lace, wearing yellow chrysanthemums and carrying black muffs.

"The bride and groom left on the afternoon express for an extended trip through the south." The Harrington Journal of yesteryears had six columns per page, with the columns being 1 1/2 of an inch wider than columns of today. The newspaper had eight pages, of which four were printed elsewhere. These were known as "patented insides" and consisted of world news, recipes, stories, etc.

Editor of the newspaper, then located in Cain's Alley in a building on the present site of Harrington Bakery, was F. T. Fleming. The names of Mr. Fleming's printers are not known, but when Mr. Fleming sold the newspaper in January, 1917, to J. H. Burgess, father of the present owners, the printers were one Clarkie and Vincent Fitzpatrick and son. These men were experts and later worked on Wilmington and Philadelphia newspapers. We can see these printers today in our mind's eye. Clarkie was lame. When we loafed around the front of Dickerson's theatre, in the old Harrington House building, Clarkie would pay our way into the movies. The

of her daughter, Mrs. Elva Rockville, in Philadelphia.

William Palmer returned home last Monday from a successful gunning trip in New York State.

Mr. and Mrs. Wesley Harrington, Miss Ina Anderson and David Harrington were out of town visitors Sunday.

While on a business trip to Philadelphia last week, Mr. George Tucker, proprietor of The Harrington Pool Parlors, purchased a touring car, returning home with his purchase.

Lydia Simpson, daughter of Mrs. David Donaldson, and Thomas Grant, son of Mr. and Mrs. Cyrus Grant, were married last Sunday night at the M. E. Parsonage by the Rev. V. P. Northrup.

Miss Laura Fleming returned home last Saturday from a week's visit in Philadelphia. She was accompanied by Mr. and Mrs. Harry Kuerner and daughter, Mrs. Messick, of Philadelphia. The party came by auto.

HOW TO BE A "GOOD EGG" On Party-Line Telephones

WHEN YOU PLAY FAIR with your party-line neighbors... it pays dividends! They'll return your courtesies, and everybody on the line will get better service.

Here are two suggestions

On finding the line in use, hang up gently and give the other person a few minutes to finish his call. And when, while talking, you realize that your neighbor is waiting to make a call, hang up in a few minutes and free the line.

Easy, isn't it? Yet these little courtesies mark you as a "good egg" on the party line... one who deserves fair treatment in return.

OPS News

With new exemptions substantially reducing its list of those affected, the Office of Price Stabilization this week made its final deadline drive to obtain pricing charts under Regulation 7 and Amendment 2 from retailers of apparel, furniture, appliances and similar items.

Joseph J. McBryan, acting OPS director for Pennsylvania and Delaware, reminded the thousands of retailers coming under the regulation that if they have not filed their pricing charts with their district OPS office by May 30 they become subject to penalties. The most important penalty is that they may not lawfully sell any items covered by the regulation after May 30 if they have not filed.

He pointed out, however, that as a result of changes announced last Friday many retailers who formerly were required to file under the regulation now have the option of remaining under the General Ceiling Price Regulation which currently controls their pricing.

Last week's changes make it possible for small retailers selling housewares, notions, sporting goods, silverware, china, glassware, jewelry, watches and clocks to stay under the General Ceiling Price Regulation of their wish, and not file any pricing charts.

A new supplement to GPCR permits them to price under that regulation if their total sales in their entire store are under \$100,000 a year, or if their sales of those particular items total no more than \$60,000 a year.

If their sales of other items covered by Regulation 7 are under \$20,000 a year, their right to come under that regulation or remain under the general ceiling remains unchanged.

The general effect of the changes is to relieve many small retailers of the paper work involved in filing and following pricing charts under Regulation 7, to permit them to price such items as housewares and notions under the General Ceiling Price Regulation if they choose, but to keep larger retailers of furniture, electric appliances, radios, television sets, musical instruments, luggage, apparel and similar items, under Regulation 7. Technically, it gives greater latitude with respect to items which were added on April 5 to the basic list of articles covered when the regulation was originally issued in February.

Those who have not filed pricing charts and elect to remain under GPCR are not required to file charts. Those who have filed charts but wish to take advantage of the new changes and remain under GPCR, have until July 2 to request return of their charts; otherwise they must price in accordance with the charts. OPS estimates that about one-third of the stores originally required to come under Regulation 7 will now have the option under the revised rules to remain under GPCR.

Rev. E. C. Thomas Jr. graduated from the Westminster Theological Seminary, Westminster, Md., Tuesday, May 22. There were a total of 20 in the graduating class. Rev. Thomas was awarded the degree of Bachelor of Sacred Theology. The Saturday before, he was ordained an elder in the Methodist Church by Bishop Charles Wesley Flint at Barratt's Chapel. This week he began his duties as the full time pastor of Greenwood Grace and Cannon Charge.

Last week Rev. Thomas toured a portion of Virginia with the Westminster Seminary Singers, a choir of some 30 theological students, who presented sacred concerts in Forrestville, Stuart's Draft, Richmond, Williamsburg, and Portsmouth, Va.

Monday evening the official board of Grace Methodist Church held its first meeting of the new conference year. Oswald Mai was elected chairman, W. J. Mills, vice-chairman, and Mrs. Pearl Mills, recording secretary. The board authorized the tuning of the piano in the sanctuary, the purchase of 75 copies of the official communion ritual of the Methodist Church, and discussed ways and means of improving our worship services. Earle DeFord was appointed as a committee of one to be responsible for the ushers. Mrs. Mary Uhler and Mrs. Clara Coulter were appointed as a committee to be responsible for the official greeters. The board also adopted the first Monday of every month as the stated meeting date.

Rev. E. C. Thomas Jr. held a short worship service for the Boy Scouts of Greenwood while they were at camp last Sunday morning.

Trinity Methodist Church Notes

Once again graduating time is here. The Union Service at 11 o'clock in the morning will be conducted by the Rev. Robert E. Van Cleef and the pastor. We welcome all who will worship with us, and extend special greetings to the graduating class, other students and faculty members of the Harrington High School; the Board of Education, parents and friends of the graduates. Our Senior Choir will sing in this service; the pastor will preach the Baccalaureate sermon; using the theme "Ask, Seek, and Knock."

The Sunday School session will be at the usual hour, namely 9:45 a. m., and the evening worship at 8 p. m.

Monday Evening: The regular monthly meeting of the Loyal Workers' Bible Class.

Tuesday Evening: The regular monthly meeting of the Women's Society of Christian Service.

Thursday Evening: Rehearsal of the choir.

Next Sunday Evening, June 10: Children's Day exercises.

Teacher Says 21 Most Dangerous Age for Drivers

CHICAGO—Prof. A. R. Lauer, director of a driving laboratory at Iowa State College, told the National Safety Council meeting in Chicago recently that men can drive better than women but they don't. The male is more skillful at the wheel of an automobile but the female seems to have more sense, and the man has more police tickets and more accidents.

Professor Lauer said his research project found that the most dangerous age for drivers is 21, and not the teen years. His study, aimed at finding better driver educational methods, was devoted as much to the differences of age groups as it was to the sexes as automobile operators.

Men Drive More
The difference in accident susceptibility between men and women was statistically small when considered in relation to miles driven, he said. About 75 per cent of all licensed drivers are men. They drive 90 per cent of total mileage and have 91 per cent of the accidents.

Professor Lauer found that women were better drivers than men in the ages 16 to 33, the men were better drivers than women from 33 to 40, and the women were better drivers from 41 to 53. Over the age of 53 the men have fewer accidents in a mileage basis.

The professor obtained his information by a sampling of 7,692 cases drawn from the Iowa drivers license files and subsequently polling by mail.

Conclusions Revealed

Here are some of his conclusions:
1. Women have better attitudes toward traffic ordinances than men.
2. Potential skill alone does not necessarily mean safe driving. In general men have more skill than women, but women between 17 and 28 have one-fourth fewer accidents for a given mileage than men of the same age group.

3. From the standpoint of safety and from an actuarial point of view, the male group from 20 to 24 comprises the worst offenders. Women drivers have fewer accidents than expected in this group.
4. Aggressiveness and lack of judgment on driving hazards seem to stand high as the cause of automobile accidents.

5. The index of accidents per 100,000 miles for men is highest at the age when they should be most skillful.
6. The incidence of accidents among men have more significantly above the age of 65. Among women the dangerous age arrives about five years earlier.

Professor Lauer found that although, on a mileage basis, accidents experienced by men were only slightly more numerous than those experienced by women drivers, the severity of the accidents may be more important than the number.

Human Hair Plays Important Part In Crime Detection

NEW BRUNSWICK, N. J.—Dr. Leon A. Hausman, professor of zoology at New Jersey College for Women, has become a leading figure in criminology through his knowledge of human hair.

In 1928 Dr. Hausman's testimony in a hit and run case set a precedent in American criminal jurisprudence. It marked the first time a court ever had allowed the identification of a human being to be based completely on the evidence of a single particle of hair.

Dr. Hausman explained that the hair fragment in question, found on the fender of a hit and run automobile, possessed a peculiar structural design under the microscope which made identification certain. In another case, Dr. Hausman's research helped to right a miscarriage of justice in Oklahoma. His microscopic studies of hair found in the room of a murdered woman proved the man accused of the crime was innocent. He was freed after spending two years in prison.

Dr. Hausman's testimony isn't always a matter of life and death. Once he proved that a woman was underestimating the value of a fur coat to evade payment of an inheritance tax. Under the professor's microscope, the garment turned out to be a \$6,500 dyed mink instead of the \$1,000 dyed mink its owner claimed it to be.

Dr. Hausman, who has devoted more than 30 years to the study of human and animal hair structure, has solved problems for government agencies, individuals, industries and museums as well as police. He says hair is not as definite an identification as fingerprints, but "sometimes criminals who don't leave prints around leave hair."

Pennsylvania Discovers Draft Records of 1777

HARRISBURG, Pa.—Records of what is believed to be the nation's first draft were found recently by state officials digging into old state records. Auditor General Weldon B. Heyburn said the records are contained in a book entitled "Appeals," dated July 2, 1777, covering mostly Philadelphia draft cases.

The book, of handmade paper and bound in cardboard, contains, in the original handwriting of the appeal agents, the action taken on men who were drafted into the Pennsylvania militia during the Revolutionary War. Heyburn said draft exemptions in those days were for much the same reasons as today. He said, however, there was one notable exception in draft policy. Men called up for duty could hire substitutes.

Professor Lauer found that although, on a mileage basis, accidents experienced by men were only slightly more numerous than those experienced by women drivers, the severity of the accidents may be more important than the number.

Soviet Medical Paper Says 26 Million Americans Ill

MOSCOW, USSR—The Soviet newspaper Medical Worker reports Americans are in a bad way. According to the newspaper 26 million Americans are chronically ill. The newspaper also reports that eight million Americans are insane; that each year two million Americans lose their ability to work because of accidents; that 18 million are partly or completely unemployed, and that the ordinary farmer or worker rarely is able to undertake treatment to cure a disease because of the expense of medical assistance and medicines.

About 260,000 families are homeless in New York alone, the newspaper said, and claimed the cost of a week stay in the average American hospital exceeds by two or three times the average monthly wage of the average American worker. On top of this, the newspaper charged hospital treatment is seldom possible for the average American. To top its fantastic claims, the paper said that only a small percentage of those ill with diabetes in the United States are able to procure insulin. The drug, the newspaper explained, is in the hands of monopolies which intentionally restrict production to small proportions to get an exorbitant price for the product.

The article concludes: "The exclusively low level of public health in the United States is an expression of the general fate of capitalism, under which even poverty and illness are a source of enrichment of a small group of capitalists."

Arrested 'Graduate' Tells Of Safe-Cracker's School

CADILLAC, Mich.—Dale Line, 22, of Ewart, Mich., recently arrested for cracking a safe containing \$800 in cash and bonds, told police a school for safe-crackers, complete with tuition and movies on how to blow safes, is operated in Chicago. The ill-starred "graduate" said pupils paid \$2.50 a lecture, illustrated with moving pictures. He refused, however, to tell who operated the school or where it was located.

Chicago police said Line told them that whenever anyone in Chicago can't open a certain type of safe, there is a telephone number to call and an expert will take the job for half the proceeds.

Line said he met his "professor" in a Chicago bar, and after telling the man that he was an ex-convict, the safe expert invited him to become a pupil.

Medical School
An average in premedical college work is not required for admission to medical schools, Dr. Donald G. Anderson of Chicago, secretary of the American Medical Association's council on medical education and hospitals, says. According to a recent report to the council, 10 per cent of students admitted to medical schools in the United States during the academic year 1949-1950 had no better than a C-plus scholastic average in premedical college work. Many others, Dr. Anderson pointed out, had B averages.

This was a short work week for highway employees and all enjoyed having a holiday.

HOMEMAKER'S GUIDE TO BEEF CUTS

PRIMAL (WHOLESALE) BEEF CUTS AND THE RETAIL CUTS MADE FROM EACH
Mrs. Delaware Housewife: This chart shows you by name and shape each of the standard cuts of beef made to be sold at retail from the wholesale cuts in the center of the chart. Each of these beef cuts is subject to dollars-and-cents price ceilings at your retail meat shop. Your retailer has been provided with the dollars-and-cents ceiling prices for the pricing zone in which you live. You can ask to see these prices. Starting June 4, your butcher must have these ceilings posted at his meat counter. Lower beef prices will be effective on August 1, under regulations of the Office of Price Stabilization.

re-dyeing fabrics
Is it possible to re-dye printed fabrics? Yes, and the result often creates a highly desirable color effect. The print design, however, cannot be removed and will show through even when dyed black. Darker dye-colors are recommended by the bureau, therefore, so as to subordinate the original print pattern as much as possible.

Hospital Bed Need
Authorities agree that at least 45 general hospital beds per 1,000 population are required to meet the health needs of the country. There were only 3.5 beds per 1,000 civilian population in the United States in 1943, and not many more today. These beds tend to be concentrated in areas which have wealth and large population.

New Weed Control Saves Labor in Seeded Asparagus

A new weed-control technique cuts hand-labor in seeded asparagus to as much as one-fourth of what it used to be.

E. M. Rahn, associate horticulturist at the Delaware Agricultural Experiment Station, worked out the new method in 1950 on a 12-acre field at Bridgeville. This spring growers used this method on over 100 acres of seeded asparagus.

The asparagus acreage in Delaware is increasing, said Rahn, and there is more demand for asparagus crowns. In the past most growers did not grow their own crowns from seed because of the serious weed control problem.

The method consists of spraying an oil-water emulsion containing pentachlorophenol at 75 gallons per acre just before asparagus emergence. Weeds come up before the asparagus and are killed. It is important, said Rahn, not to cultivate after seeding, until about four weeks after the weed-killer is applied. Otherwise fresh seeds would be brought to the surface, and these would quickly germinate.

Clayton Youth Excels in Tractor Upkeep

Ernst Zippe, 20, of Clayton, found that plenty of hard work and diligent study helped him to reach the top in the 4-H Tractor Maintenance program. Acquiring the know-how to care for and operate the family tractor meant considerable savings in time and money, too.

Ernst has been a club member for five years. He has applied his knowledge to other farm machinery and equipment, thus keeping them in good working order. Ernst has given five tractor maintenance demonstrations, and has won noteworthy honors on his exhibits. He serves his local club as junior leader.

Last fall he was one of Delaware's 4-H champs who was awarded an all-expense trip to the National 4-H Club Congress in Chicago. American Oil Company furnished the funds for Ernst's trips.

Millsboro	0	3	.000
Frederica	0	3	.000

Results:
Milton 2, Hickman 1
Wyoming 7, Frederica 4
Clayton 6, Millsboro 1

Next Sunday's Schedule:
Milton at Wyoming
Clayton at Hickman
Frederica at Millsboro

Milton took over first place in the Mar-Del Circuit last Sunday with Hickman, Clayton and Wyoming deadlocked for the runner-up position. This Sunday's schedule will result in quite a shuffling of the current standings. Milton will carry their three game winning streak into Wyoming, who are currently on a two game spree. Hickman and Clayton will battle at Hickman to see who is to stay in second or have a chance to advance to a first place deadlock if Wyoming turns back Milton. A three game losing streak will come to an end at Millsboro as they are hosts to Frederica. Both teams showed much improvement last week and should join in the race from here on out.

Barrett, Milton's mainstay, will be facing many of his old teammates at Wyoming as he opened the 1950 season with them. Ray Richards or Freddie Clemence will work for Wyoming. Richards looked sharp against Frederica. A pitcher's battle will be in the offering at Hickman as Bill Newman faces Clayton's righthander Bob Knight, who has a 2-1 record. Kemp or Moore will toe the slab for Frederica while Freddie Atkins looms as the Millsboro nominee.

Last Sunday Barrett pitched and batted Milton to a 2 to 1 victory over Hickman in one of the season's best games. Joe Scuto's single in the 8th was the first safety off Barrett as he let them down with two hits and fanned 144. Bill Newman also

hurled brilliant ball and continually pitched himself out of several holes until Milton pushed over a tally in the 7th. In the 9th Jess Millman led off with a single, went to second on Harold Betts' sacrifice and score on Barrett's single that wrapped up the game. Jim Reed's triple was the only extra base rap of the contest.

Freddie Atkins, Millsboro's southpaw, held a 1-0 edge over Clayton until he fell apart in the 6th and walked six men as the Clayton nine rallied for 4 runs and added 2 more in the 8th to win 6 to 1.

Bob Knight pitched scoreless ball for the winners after giving up the single tally in the 3rd. Knight allowed 4 hits, fanned 12 and walked 1. Atkins was solved for 3 bingles, sent 10 back to the bench via strikeouts but 10 free passes proved costly. Garey, Handsberry and Gottorf accounted for the Clayton hits while Georgian, Hudson, Windsor and Atkins hit safely for Millsboro.

Ray Richards hurled 6 hit ball to give Wyoming a 7 to 4 win over Frederica. Richards set down 7 on strikes and had good control as he gave up one walk. Jack Moore started for Frederica and stayed until the 7th with the veteran Jim Postles working the final two frames. Moore allowed all the runs as he was touched for 10 hits. Control again proved damaging as he walked 7 men. Reds Minner with 3 for 4 and Bill Rash with 3 for 5 paced the 12 hit attack of Wyoming while Gene Moore with a double and single and Johnny Johnson with two singles were effective for Frederica. Delbert Brown also lined out a two base knock for Frederica.

All the teams were greatly encouraged by the attendance last Sunday and with a top attraction this week it is expected to be even better.

SHORT STORY

Fixation On Father

By Richard H. Wilkinson

Mr. Harlow sat bolt upright in his chair. The psychology lecturer was saying: "And in the normal family, when the daughter reaches the age of 12 or 13 it is quite likely that her fixation will shift from her mother to her father. They will become great friends. Often this fixation on father will remain until the daughter transfers her affections to a mate. However, if father does not respond to daughter's fixation, the child will, unconsciously, shift back to mother, who, in many cases has resented the original transfer—"

3 Minute Fiction

Mr. Harlow rose. He made his way down the long aisle, paying no heed to the annoyed glances of other listeners, gained the outside lobby and paused there, dabbing at a moist brow with his handkerchief.

So that was it! he told himself. So that was the cause of his wife's indignation and wrath and resentment. In his mind's eye the pieces of the puzzle that had troubled him for the past month fell into place. He understood now what had happened; he could see it taking place, step by step, Virginia, his only child had attained the age of 13. She was nearing maturity. Gradually, unconsciously, her fixation had transferred from mother to father. The two had become great friends. Mr. Harlow had been tremendously proud and happy.

Not so Mrs. Harlow. Mrs. Harlow was annoyed. She hadn't understood and presently her annoyance changed to resentment against her husband.

Mr. Harlow returned late that night. It was not his habit to return home late, but tonight there was a definite purpose. Mrs. Harlow had retired, and 10 minutes after he entered the house his daughter Virginia came in. Virginia had been to a party.

Seeing a light in the living room, Virginia came to the door. At sight of her father sitting there alone she uttered a little cry of delight and bounced upon his knee, with the full intention of providing him with details concerning her evening's activities. Something about the expression on her parent's face, however, restrained her.

Mr. Harlow smiled at her in a manner that bespoke faint embarrassment. He attempted to brush something from his coat but failed. Thus having had her attention attracted to the something, Virginia investigated and found it to be a dab of powder. She looked at it and frowned. Looking further she discovered a long strand of blond hair.

Horror filled her eyes, a hurt look, an expression of awe and wonder and incredulity, gradually giving way to something bordering

on accusation and scorn. She drew away.

"Why, Daddy! Whatever—who—?" Mr. Harlow interrupted, gesturing airily, saying something about an apology, presently lapsing into a lengthy but rather stupid discourse and ending by stating that it would not be wise or necessary to mention the matter to her mother.

Virginia stared. Abruptly she flung her arms about her father's neck and promised him that no matter what happened she would keep his secret. It would be their secret. Poor mother. She must never know. But he must promise—

Yes, yes. Of course he'd promise. It was all very silly anyway. Just one of those regretful things that would never be repeated.

After awhile Virginia rose and left him. Her attitude brought a lump into Mr. Harlow's throat. But when she had gone he sighed in vast relief. Beginning tomorrow, he knew, his daughter's fixation would be transferred back to her mother. Mrs. Harlow would cease to be irritable and resentful. Harmony would reign once more in the household. And sometime, Mr. Harlow told himself, when Virginia was safely married and away, he would explain it all—and hope that she would understand.

Lincoln Myths
Many myths cling to Abraham Lincoln, the chief among them being that his monument-tomb at Springfield, Illinois, is empty. A plot to rob the tomb was uncovered in 1876.

Physician Says Mentally Sick Cause of Wars

DETROIT, Mich.—Dr. Robert S. Drews, a Detroit psychiatrist who has just completed a three-month study of mental health in Europe, contends all the world's presidents, dictators, and kings should be stretched out on a couch and psychoanalyzed before being allowed to take office.

He said the hostility, aggression, and mental instability of existing leaders in many countries has spread like a contagion to the mental make-up of people all over the world.

Remedies Suggested
He suggested these remedies for wars and dangers of war that are caused by the instability of political leaders:

1. All persons in political life should be subjected to "rigorous examinations in the structures of their personalities before being entrusted with the destinies of nations."
2. Mental hygiene must be taught in schools all over the world—as it is being taught already to some extent in the United States.
3. A universal "auxiliary language," such as Esperanto, must be adopted to make international and personal meetings easier.
4. More "interpersonal relationships" must be arranged to bring people together across national frontiers on a "me-and-you basis," instead of formal international conferences.

Research for Book
Dr. Drews called attention to Napoleon, Caesar, Hitler, Mussolini, and "as far as we know, Stalin, too—all of them were neurotic, mentally sick people."

He said such leaders came to power in Europe "in a history of essentially single individuals sincerely striving for conquest and supremacy. They were often very powerful, but immature, and very often neurotic in their leadership."

Woman Finds Old Bonds, Asks \$250,000 From State
RICHMOND, Va.—Mrs. Bonny Walker, 76, of Vinton, Va., recently found in her attic two \$1,000 bonds issued more than 75 years ago by the commonwealth of Virginia. She wants the state to redeem them for the \$250,000 she figures they're worth—calculated at six per cent compound interest.

The commonwealth is flabbergasted—but not contemptuous. If it legally owes Mrs. Walker anything, it intends to pay.

Mrs. Walker says the bonds were issued in 1861. The date isn't very legible—it might be 1864. If the bonds were issued in 1864, they aren't worth the paper they're printed on—the 14th amendment to the U. S. constitution says southern states may not make good any obligations incurred to finance the civil war.

"All I know," Mrs. Walker wrote Gov. John S. Battle, "is that the bonds say 'Be it known that there is due from the commonwealth of Virginia unto the bearer the sum of \$1,000, redeemable after January 1, 1899, with interest at 6 per cent per annum.'"

Koreans Send \$50 to Girls Whose GI Dad Died in War
COLLINGDALE, Pa.—The two little girls whose father wrote the now famous "Dear Joannie and Rosemarie" letter, have received a letter of sympathy and \$50 contributed by nine Koreans.

In September nine Koreans appeared at the Tokyo office of Newsweek magazine and said they wanted to let Mrs. McCormick know "there are good and decent people in Korea as well as bad ones."

Explaining that they wished the \$50 to go toward the children's education, the Koreans wrote to Mrs. John McCormick:

Need Special Finish
Because the power tubes in television sets cause wide changes in the temperature of wood, cabinet manufacturers were faced with special problems. Ordinary cabinet finishes checked and cracked. Special television lacquers and sealers that are extremely tough and flexible have been developed. They are now used on both light and dark woods and are also employed on any furniture where the highest durability and quality of finish is desired.

SHORT STORY

Romance In An Elevator

By Shirley Sargent

THE professor had been elevator starter in the six story Brent building ever since Tod Davis could remember. He clicked his castanets, guiding people into one or another elevator. Sometimes he said, "Car going up."

3 Minute Fiction

"Step in, please," but usually he just clicked his castanets and motioned.

Today sidestepped the crowd going into the second car. Valerie operated elevator number three part time, helping to put herself through college. The professor winked and let Tod go in, but it wasn't any good. He was shoved into the corner opposite Valerie by eager shoppers.

Romance in an elevator, Tod thought wryly. Personal conversation, interrupted by calls of "Three, miss," and "Second, please," was nearly impossible, but Valerie managed it.

"Good morning, Mr. Davis," she said now, formally. "Why aren't you at college?"

"Too nice a morning to be cooped up," he said, watching her but conscious that every eye was on him. Everybody streamed out by the time they reached the top floor and only two nurses got in for the down ride. Quickly, he said, "I'm quitting school."

Valerie's expressions—anger chasing disappointment—told him how she felt. As people got on at the fourth floor level, all she could say was, "I'm afraid you're making a mistake."

Tod had known Valerie would be stubborn. First floor and everybody just enough confused time for Tod to step beside her. "It's that job," he said urgently, "I'll be making enough for us to be married on. Steady work."

"So's running an elevator," she reported. "Why don't you talk to the professor?"

Tod leaned against the wall, watching the professor direct traffic. He couldn't see college for the \$2.70 an hour he'd get working for a construction company. Balance the promise of an underpaid white collar job after two more years of college against that kind of money, and you didn't give a darn for education.

The castanets clicked, the professor's arm moved, people shuffled just enough confused time for Tod to step beside her. Her father, a carpenter, had built his home; her devoted aunt's husband, a ship's captain, had brought tales of far-away places. Those scenes are lost. There remains the memory of friends.

Rev. John R. Diehl conducted funeral services from the Trinity Methodist Church. Miss Lizzie Lank, an intimate friend, played background music throughout the services, directed by Berry Funeral Parlors.

The WSCS will hold its last meeting of the season this evening in Trinity Church.

Rev. Roy Jones occupied the pulpit Sunday. Although having initially accepted this pastorate Sunday, Rev. Jones had preached here before, at evangelistic services, and was thus known to some of the parishioners. Mrs.

As the elevator zoomed past the fourth floor he took her in his arms and proposed.

"I'm quitting for a job at \$2.70 an hour."

Top Railroad Span
What's the longest railroad bridge in the world? Diligent search into the records reveals that the Lower Zambesi bridge is 12,084 feet long. This bridge cost \$10,000,000 to construct, at a time when a dollar bought a dollar's worth. It took three-and-a-half years to build.

son, Elmer, also spent the weekend with her.

Mr. and Mrs. Walter Warnick and daughters, Ann and Jean, of Greenwood, were Sunday guests at the home of Mr. and Mrs. Ralph Pearson.

We very much regret that Mr. and Mrs. William Degnates and son, Billy, have moved from our midst and have gone to Felton to reside.

Miss Florence Messick, of Wilmington, spent the weekend with her mother, Mrs. Pearl Messick, and sister, Roseanna.

Mr. and Mrs. Richard Yost moved into the house Saturday that was made vacant when Mr. and Mrs. Albert Sapp moved to Lewes.

William Henry Sapp had a birthday last Wednesday and his children presented him a comfortable chair lounge for him to recline upon in his old age, when it comes.

Mrs. Lloyd Armour also celebrated her birthday Sunday when her children and grandchildren were home.

Tuesday Master Thomas Parvis son of Mr. and Mrs. J. M. Parvis, observed his 4th birthday. Tommy received several gifts including baseball, paraphernalia and perhaps he will be a great ball player some day, who knows?

Rev. and Mrs. W. Stanley Grant are leaving Wednesday for their new home and work in Salisbury. We hate to see them leave, but we wish them great success and happiness in their new surroundings.

Thursday Rev. and Mrs. Charles Louthoff, of Nassau, expect to move into the parsonage left vacant by the Grants, and we welcome them into our midst and we will endeavor to do all we can to help them in any way we can to help make their labors in Houston successful.

continued to use the private telephone she had by her bedside.

This lady, who died last week and was buried last Saturday, never lost her home town. Her people had laid it out; her father, a carpenter, had built its homes; her devoted aunt's husband, a ship's captain, had brought tales of far-away places. Those scenes are lost. There remains the memory of friends.

They'd close our churches

Stalin and his communistic cohorts are out to destroy our way of life. The Reds would close our Houses of Worship and bring our religious freedom to an end.

They'd substitute state-regimented funerals for the religious services conducted by our clergymen.

As the free nations prepare to meet aggression's threat we continue to pray for world peace.

Stair Hazards

Basement stairs will be less hazardous if they are covered with a non-skid material. A durable covering for this purpose is Masonite quarter-inch tempered hardboard, nailed with its screen side up. This is the flooring that withstood the millions of footsteps of Chicago World Fair visitors.
