

## National Guard Unit To Move to Harrington Recruiting Starts Saturday

### Location Here Has Not Been Determined, Says Capt. Shannon, C/O

Battery C-193 AAA AW Battalion, Delaware National Guard, will move from Milford to Harrington, said Capt. C. R. Shannon, commanding officer of the battery, Wednesday. A recruiting drive will start immediately. Capt. Shannon, accompanied by Warrant Officer William J. Watson, told The Journal that the move was made because the Milford area had been recruited thoroughly and that, with three units in the neighboring town, it was necessary to seek new quarters for his unit.

The quarters of Battery C in Harrington have not been determined but something definite will probably be known next week.

Recruiting for the unit, which already includes a number of Milford men, will begin tomorrow afternoon when the battery will give a display and demonstration of equipment at 2:30 o'clock in front of the firehouse. A recruiting officer will be at the City Hall every Wednesday, Friday, and Saturday afternoon.

In reviewing the opportunities in the National Guard, Capt. Shannon and W/O Watson said that members of the organization are not subject to draft. However, in the event the unit is called to service, the enlistees will be among their townsmen. Furthermore, enlistees will have the opportunity to attend army schools and to secure a rating before going into active service.

### Frederica Man Leaving Jail Is Rearrested

William M. Holmes, Frederica, was released from the Kent County Jail Tuesday afternoon upon completion of a nine-month sentence only to be delivered into the hands of New Jersey authorities.

Holmes, who had been jailed at Dover for breaking and entering with intent to commit larceny, waived extradition when arraigned before Magistrate C. R. Dempsey and was turned over to Deputy Sheriff Elmer M. Urdike and John B. Richford from Trenton.

Holmes is under indictment in Mercer County, N. J., for allegedly breaking and entering a dwelling in West Windsor Township the latter part of 1947.

## Andrewville-Greenwood Road Bid One of Two For Kent County

The State Highway Department will receive bids Sept. 12 on two contracts for improving existing highways in Kent County, one project being the resurfacing of a section of Route 13 and the other for a stabilized and surface treated road.

The resurfacing project is along Route 13 from Camden to a point about one mile south of Woodside where it will join the existing resurfaced portion of Route 13. The project provides for resurfacing the road, which is 22 feet wide, for a distance of 3.585 miles.

R. A. Haber, chief engineer of the department, explained that this resurfacing on the project is necessary in order to preserve the roadway which has become badly cracked in many places because of the large amount of traffic passing over it.

## Bobby Brewer Races Tonight

The last of the big \$2500 stake events which have been high lighting the record-smashing harness meet at Ocean Downs Raceway, at Ocean City, will take place this evening at the seashore oval.

A mile pace for 2-year-olds, the early closing event will bring into action such crack side-wheelers as Bobby Brewer, who has defeated two of the greatest two-year-olds of the season, Royal Mist and Sally Fingo.

Owned by L. A. Workman of Workman, Bobby Brewer won re-Seaford, and driven by Jimmy cently at the ocean-oval in 2:08.1.

Other crack 2-year-olds in the rich event will be Alan Myer's Kalida, Johnny Goodnough's Easter Dawn, Warren Holmes' Stubby Brooke, and Bill Tingle's Widower Wig.

The Ocean Downs track, which is currently breaking betting and attendance records right and left, last Saturday overflowed with the largest crowd in its history, with a paid attendance of 8843 persons who wagered a record handle of \$183,530.

Going into its third week, the meeting, which is due to close September 1 (depending on whether there are any more rainouts), boasted a 28 per cent increase in betting over last year, with an average nightly handle of \$123,359 as compared with \$96,247 in 1950.

The two fastest times of the current meet are the 2:05.3 which Tom Lewis drove Belina Hanover to hit last week, and the 2:05.4 which Rosemary Brooke chalked up in the course of her current winning spree.

Rosemary Brooke (2:00.2) turned out to be the star of the meet, winning three victories in a row in swift times, and is being handled by the expert Bill Fleming, driver-trainer for the Franklin Hastings stable of Berlin, Md.

Rosemary Brooke, who is owned by Mrs. Virginia McDonald of Washington, D. C., will try to beat Grattan Bars' world record of 59½ for the half mile in a race against time next Tuesday or Wednesday's program.

Mr. and Mrs. Clayton Layton and daughters, Louise and Esther, and grandson, Richard, spent the weekend in Hamburg, Pa., visiting friends and relatives.

Mr. and Mrs. Clayton Layton and daughters, Louise and Esther, and Mrs. and Mrs. Silas Layton, of Dover, were also members present at the Voss reunion at Garland Lake Aug. 12.

Pfc. William S. Bradley, who has completed his basic training at Sampson Airbase, Geneva, N. Y., has been transferred to Camp Gordon, Ga.

## Wilcuts Freed On \$2500 Bail In Downes Case

Burton Wilcuts, of Frederica, who was arrested last week and lodged in the Kent County jail at Dover charged with murder as the result of the death of Ira Downes, Harrington druggist, was ordered released on \$2500 bail in the Superior Court Thursday morning, Aug. 16, and held on an open charge for grand jury action.

The action was taken following the presentation of a petition to Judge Charles L. Terry, Jr., by Frederick P. Whitney, Georgetown attorney, requesting that the defendant be admitted to bail.

Deputy Attorney-General Henry J. Ridgely informed the court that the state was not in possession of any facts that would warrant their opposition to the petition. Mr. Whitney is serving as defense counsel in the case.

The petition sets forth that Wilcuts was charged before Magistrate L. Gooden Callaway, at Harrington, "with the offense of murder of Ira Downes, in that your petitioner struck the said deceased with his fist and the deceased fell, and subsequently it was ascertained that he had a fractured skull, from the effects of which he died."

"That your petitioner was not represented by counsel at said hearing before the said Justice of the Peace on the Thirteenth day of August, 1951; that at said hearing before said Justice of the Peace he was not advised of his rights in the premises."

"That your petitioner is innocent of said charge of murder of Ira Downes; that there are sufficient grounds to doubt the truth of the accusation; that there was not sufficient evidence to warrant the charge of murder of the first degree or murder of the second degree pursuant to Chapter 149, Revised Code of Delaware, 1935."

Wilcuts was not in court during the proceedings but as soon as the court authorized the defendant to be released on bail, the amount of bail being fixed at the suggestion of Mrs. Ridgely, Mr. and Mrs. Homer T. Hopkins, of Frederica, appeared in court and were accepted as surety for the bond and a few minutes later Wilcuts was released from jail.

The fight which Wilcuts admits striking Downes, took place at the Downes home in Harrington Sunday evening, Aug. 11, and Downes died in the Milford Memorial Hospital Monday from the effects of a fractured skull believed to have been received when he fell and his head struck the concrete pavement after being struck by Wilcuts.

## Welfare Board Seeks Director

A four-member personnel committee to consider applicants for a director was appointed Tuesday at the organization meeting of the new State Board of Welfare in Dover at which Molloy C. Vaughn of Milton was elected board chairman.

In one of his first official acts, Mr. Vaughn named George J. Weiner, 503 West Thirty-ninth Street, Montgomery R. Budd, 718 Greenhill Avenue, Wilmington; Mrs. Emma Hazzard of Roselle, and Edward Kelly of Rising Sun, as the personnel committee.

The committee will report at a meeting in Dover Sept. 7.

The director will be the administrative executive of the new department which consolidates the functions of the former State Board of Welfare and those of the Old Age Welfare Commission.

The director is authorized to appoint all department employees and set their salaries, subject to any general compensation plan adopted by the board.

Applications for the position of director should be sent to Mr. Weiner at 359 Delaware Trust Building, Wilmington.

Gov. Elbert N. Carvel addressed the board at the organization meeting in his office, pointing out that it will be responsible for the distribution of approximately \$3,000,000 a year in funds coming from the state, the counties, and the federal government.

## Felton Native Named Bank Commissioner

Randolph Hughes, of Dover, has been appointed state bank commissioner.

The nephew of former U. S. Senator James H. Hughes will succeed John C. Darby of Frederica whose term as bank commissioner expires tomorrow.

At the same time, Governor Carvel announced that J. Alton O'Day of Seaford will be chief deputy bank commissioner.

Mr. Hughes was appointed to a four-year term. The salary is \$7000 a year.

The appointee has been an official of various Delaware banks since 1941, and has been associated with the Federal Deposit Insurance Corporation in Washington since 1946. He is at present director of personnel for that agency.

Mr. Hughes was graduated from Felton High School in 1925 and from Wesley College Institute in 1928. He also attended University of Maryland Law School and the National University Law School, and worked for a time with the DuPont Company before he entered the banking business.

## Funeral For John T. Hastings

John T. Hastings, 84, died at the home of his son-in-law and daughter, Mr. and Mrs. Marion Tull, Reliance, near Seaford, Friday following a heart attack. He has been visiting at the Tull home for several weeks.

He was born near Laurel, son of Gillis and Annie Callaway Hastings, and had lived near Federalsburg, Md., for more than 50 years. Following a paralytic stroke last year, he moved to the home of another son-in-law and daughter, Mr. and Mrs. George Johnson, of Norristown, Pa.

His wife, Mrs. Annie Truitt Hastings, died 14 years ago. He is survived by two sons, Comdr. Charles H. Hastings, of Pass-A-Grille, Fla., and Oliver W. Hastings, of St. Petersburg, Fla.; two daughters, Mrs. Tull and Mrs. Johnson; 12 grandchildren and 11 great-grandchildren; a sister, Mrs. V. L. Russell, of Greenwood.

Funeral services were held at the Boyer Funeral Home, Harrington, Monday afternoon with the Rev. Thomas C. Jones, of Tighman, Md., a former pastor of Reliance Church, officiating. Interment was in Hillcrest Cemetery, Federalsburg.

## Harrington Wins 3rd in Row

### Farmington Halts Harrington Shutouts

By R. McCreedy

Harrington set a new record by consecutive shutout innings which added up to 24 2/3 innings. Farmington ruined this streak by scoring a run in the seventh with two out.

B. Johnson led the way for Harrington as he picked up 3 for 4 and two triples. Thompson for Farmington had a field day. He had two well placed hits for two times at bat.

While Barrett has been with us he has put in a wonderful pitching performance. His record stands: I.P. H. R. W. SO. Won Lost Pct. 27 11 1 15 33 3 0 1000

## The Floyd Collins Story Coming to Reese Theatre

### Sensational "Trapped in Cave" Story, Sun., Mon., Tue., Aug. 26, 27, and 28

It has only been a few years ago, when newspapers headlined and blared forth, telling the world, about the misfortune of Floyd Collins being trapped in a cave and the race against time, to save this man from a terrible death.

In "The Big Carnival" with the Champion, Kirk Douglas, playing his most dramatic role, Paramount brings to the screen, this powerful story of the so-called man-made plight of Floyd Collins.

Few knew the true story, the inside story, where thousands came from far and near to witness the rescue.

"The Big Carnival" which plays the Reese Theatre, located at Harrington, Sun., Mon. and Tues., Aug. 26, 27 and 28, gives to you that story, that intrigued a nation, and today, affords to the screen, an outstanding epic of unusual entertainment.

## 3 Instructors Appointed by State Board

Three positions made possible under a measure passed by the last General Assembly for additional educational aid to handicapped children were filled by the State Board of Education Friday afternoon.

James I. Lore, Jr., speech correctionist for the public schools of Columbia, Mo., was named as state supervisor for the education of exceptional children.

Russell A. Plumpton of the psychological department of the Children's Village, Dobb's Ferry, N. Y., was appointed as school psychologist.

Miss Nancy Kalter, Maplewood, N. J., a teacher at the Carteret Nursery, West Orange, N. J., becomes psychological examiner.

The board also appointed State Senator Walter A. Handsberry, Leipsic, as assistant supervisor of school transportation because of the increased work of the transportation division, which necessitated the creation of the post. Preston G. Eisenbrey, Dover, is the supervisor.

## Foxcatcher National Steeplechase to Take Place Sept. 8

The 12th running of the internationally famous Foxcatcher National Cup Steeplechase will be held Sat., Sept. 8, at Fair Hill, Md., it has been announced by William duPont, Jr., who sponsors the event in conjunction with the Cecil County Breeders Fair, Inc.

Past renewals of this race has attracted hunt club followers from Boston to Virginia and the coming renewal, judging from the many requests already received for boxes and reservations from all over the Atlantic seaboard, gives promise of perhaps surpassing all other renewals in popularity. This event is annually the largest hunt club affair held anywhere in the country.

The Foxcatcher is but one of the attractions of the Cecil County Breeders Fair, under whose auspices it is run. In addition there are cattle and horse shows preceding the racing program, in which exhibitors from Virginia, Maryland, Delaware and Pennsylvania participate.

This year the racing program will consist of five races, including the Foxcatcher. The supporting attractions, J. H. Tyler McConnell, chairman of the executive committee, said will be the Cecil County Steeplechase, at three miles over a fair hunting country; the Fair Hill Steeplechase, two miles over brush; the Big Elk Flat Race, which, at a mile and seven furlongs, is the longest such race of its kind in America, and the Lewisville Flat Race, also on the turf, at seven furlongs.

The Foxcatcher is considered by many to be the greatest spectacle in American racing. Often called the American counterpart of the English Grand National, the race is run over a three-mile Grand National brush course, and jumping experts say it is perhaps the most difficult course in the world. There are 19 jumps in all, with the biggest known as the "Chinese Wall," which measures six feet, four inches in height. Strictly by coincidence, it is the thirteenth jump on the course, and is believed to be the highest steeplechasing obstacle on any recognized course in the world.

Mr. duPont is chairman of the race committee, and assisting him in addition to Mr. McConnell, are J. K. Johnston, chairman of the Delaware Racing Commission, and Russell D. Ketcha, Alfred E. Bissell, Bayard Sharp and George T. Weymouth, all directors of Delaware Park. Mr. Sharp and Mr. Weymouth also are well known as steeplechasing owners.

## Help Needed on Moose Diamond

All members of the Moose, the Harrington Baseball Club and friends of both organizations are requested to be at the Moose Home at 8 a. m. Sat., Aug. 25, to fix the Moose ball ground, as the ball team wishes to use same for the play-off's in the Mid-Del League, which start in September.

Anyone having tractors, mowers, trucks, graders and rakes are requested to bring same.

This project was in charge of L. E. McVey, deceased, and now is in charge of Benjamin Moore. Please contact him and let us know what equipment you can bring, or just bring it out Saturday morning.

## Public Schools to Open Wed., Sept. 5, with Three Faculty Changes

### Mrs. Jeanne Miller and Mrs. Earle Nelson Will Be New Instructors, Marian Kaul and Marie Grant Resign

## Sulky Slants

Another week has rolled by and it seems each week brings joy and grief.

We certainly were sorry to hear of Mr. Downes' death. It just don't seem like that could happen.

Our sympathy goes to the whole family.

Hope the weather down there is more cheerful than here. Rain and cold. Seems it rains every day.

But the crowd is holding on very good. According to the papers this gambling probe that's going on up here is helping everything but the night clubs.

The daily double Saturday night paid all of the sum of \$501.20, largest of the season.

Mr. Wisnall gave me this number of the crowd, 7,777, and through the mutuels was wagered \$208,767.90, the third largest handle this summer.

Dunbar Bostwick's colt, Glider, won the trophy and driven by Grand Circuit driver Harry Whitney.

The motion picture starlet Marion Marshall, who has the leading role in "That's My Boy," presented it to the winner.

I had the pleasure of meeting Marion also Burgess Meredith, now playing at summer Spar Theatre.

I certainly took some razing the other night. For once a beautiful full moon was coming over the mountain.

Dave was driving Anna Day, 8th position, very hard track, has scrapped all the sand off from rain. Mr. Wisnall sitting next to me in drivers lounge said, believe Dave and Anna Day have decided to go for a moonlight ride, another Garland Garney yelled, heh, Pat I think Anna Day went out the gate. Where was she? Dead last.

They know she is my pride and joy. Win, lose or draw. Lamplighter certainly is some horse. Driven by Leon Tolhurst, of Canada, lowered his record twice in one evening.

The first race of The Congressional Pacing Stake for \$2400, he was first in 2:04.

Then he came back for second trip to lower it to 2:03½. At no time was he in any danger of not winning. Mr. Tolhurst raced with us past two years in Hamburg.

The races up here are really going fast. Well for the runners. You can have them. I can't see anything to them. Put them in a gate turn them out every dog for yourself.

Harrington public schools will open Wed., Sept. 5. Doors will open at 8:30 a. m., with classes beginning at 8:50 a. m., and, after running the official 6-hour day, closing at 3:20 p. m.

Faculty members will meet the previous Tuesday afternoon for preliminary planning and orientation.

The administration has finally made good its promise and has furnished six rooms, the fourth, fifth, and sixth grades, as well as the school for Negroes, with individual tables and chairs.

There will be two new faculty members. Mrs. Earle Nelson will teach the fifth grade and Mrs. Ruth M. Grant will take over the first grade, filling the vacancy created by the resignation of Mrs. Marie Grant. Mrs. Jeanne Miller, of Spring Hill, Milford, a graduate of Ursinus College, will succeed Miss Marian Kaul as instructor in physical education and human relations. Mrs. Miller has taught four years in the Media (Pa.) High School.

The school directory is as follows:

J. C. Messner, superintendent; Archie A. Feagan, principal and mathematics; Melvin L. Brobst, music; Phyllis M. Conner, High School English and French; Leona Dickrager, mathematics and science; Mrs. Mary H. Dolby, Junior and High School social science; Mrs. Violet N. Goodwill, home economics; Mrs. Anne Heinbach, librarian; Jeanne Miller, physical education and human relations; Louis Kish, manual arts and general science; Harold J. McDonald, commercial; William E. Miller, High School English and Latin; Jennie L. Morris, Junior and High School mathematics; Loretta I. Paskey, history and biology; Mrs. Kathleen A. Pollitt, Junior and High School English; Charles J. Powell, physical education; George K. Vapaa, agriculture; Hiram D. Williams, art.

Mrs. Alma R. Hess and Lucille Tharp, grade 6; Mrs. Earle Nelson and Mrs. Amanda R. Quillen, grade 5; Florence Long and Mrs. Minnie P. Slaughter, grade 4; Oda Baker and Mrs. Ethel Wright, grade 3; Mrs. Mary L. Brown and Edith E. Smith, grade 2; Mrs. Ruth M. Grant, Mrs. Emma M. Hopkins, and Mrs. Grace B. Howard, grade 1; Mrs. Lagatha Farrow, school nurse; Mrs. Nixie B. Currey, school secretary.

Pierre S. duPont School — Joseph Bedford, grades 6, 7, and 8; Mrs. Margaret Thorpe, grades 3, 4 and 5, and Mrs. Verdella Johnson, grades 1 and 2.

## Mrs. Bessie Betts Dies at Dover

Mrs. Bessie O'Rourke Betts, 75, died at the Kent General Hospital, Dover, Monday night where she had been a patient for the past twelve days.

She was the daughter of Barney and Rhoda Anderson O'Rourke, born in Philadelphia, but moved to Harrington many years ago. Sixteen years ago she moved to Dover where she resided with her daughter, Mrs. Millard Biddle.

She married Frank Hands who died many years ago. She was the widow of Joseph B. Betts, who died eight months ago.

She was a practical nurse which occupation she followed until failing health and the loss of her sight.

Besides her daughter, she is survived by two grandsons, Grover and Larry Biddle, of Dover.

Funeral services will be held at the Boyer Funeral Home, Harrington, Friday afternoon at 2 o'clock in charge of the Rev. William F. Edge, pastor of the Peoples Congregational Church, Dover. Interment will be in Hollywood Cemetery, near Harrington.

Friends may call at the funeral home Thursday evening.

SHORT STORY A Case For The Kids By O. F. Lethrop

SAM BROMLEY replaced the telephone in its cradle with a slam and reached for his broad-brimmed felt.

"I'm going out on this case myself," he told the office girl. "That's the third call in an hour about these explosions and the deputies don't seem to be doing a thing. The pavement just blew up over a culvert and broke five windows in the Wright Hatcher near Sunville."

He had an uneasy feeling about these blasts and a very personal reason for investigating them himself. People in little towns all over the county had been calling for the last twenty-four hours. And his son, Tommy, was missing.

"I thought the Rooshians had bombed us," old Ben Grubbs in Claremont had said. "Busted the sidewalk over the crack like eggshells."

Sam drove to all the spots reported and inspected the damage. Sidewalks heaved up, windows shattered, but not a clue. At the Sunville Hatcher he met his deputies.

"What do you make of it, Sheriff? Could be Red sabotage, eh?" Sam shook his head. "Hoodlums, probably. Not any real damage done." But he didn't say what was in his mind—that it could even be kids' pranks.

He thought uneasily again of his own son, Tommy, and that crazy gang of his. Still, it didn't seem as if kids would go that far.

All day he drove around and at supper-time he went wearily home. Somehow the baked potatoes and ham didn't appeal to him.

"Where's Tommy?" he demanded of his wife. "He'll be coming later," Ida assured him. "He's all excited about these explosions. The fellows have been kidding him about his dad not stopping them. I'm sorry, Sam," she said, as he jumped up.

"Where was he last night?" he persisted. "Out all hours!" "Oh, just around, as he says. Studying at Ted's and they stopped for a hamburger at Joe's place. I believe him, Sam."

BUT Sam put on his hat and went out. He had to know. At Joe's place he got out of the car and went in.

"Tommy in here last night for a hamburger, Joe?" he asked. "Yep, he was, Sam," Joe answered. Just then there was another low boom and a thud. Sam made for the door. He tracked the sound by the crowd. And there he found Tommy and his gang hovering over a hole in the bridge.

As he came into the light, Sam saw dark rings around his son's eyes and smudges among the freckles.

"I saw 'em, Dad. We've followed that old jolopy to where we saw them stop by this creek, and we slipped up and watched. It was that wild bunch from Millville High. They had a great stunt—balloons filled with gas. They light the kerosene-soaked string and then beat it. And by the time the string burns up to the balloon they can be miles away."

Sam scratched his head sheepishly. "As simple as that, eh? But we'll soon have them in jail if you've got the proof."

Tommy looked thoughtful. "Oh, I have. But what those kids need is something to do—not jail. There's nothing for kids to do around these little towns but think up devilry for excitement. People ought to help plan something for them to do instead. I might have been one of them myself."

Sam grinned. "I guess you're right at that. In fact, I thought that you might be in on it."

"Me? Huh! I've been trailing them down because the fellow said my dad was a no-good sheriff, and I knew better. I had to help."

Sam smiled again. "Guess I better put you on as deputy. You had me worried. Maybe we've been going at this whole business wrong-end-to. I'll try your angle and see what we can do."

Saccharin Usage In preparing recipes with saccharin—always add the tablets (or saccharin solution) to the liquid ingredients, preferably at room temperature or lukewarm. Saccharin dissolves almost instantly. It is stable at all cooking temperatures.

Repairing Fishing Rod A split fishing rod need not be discarded if it is firmly secured with a binding of cellophane tape. Lacquer over the tape for permanent protection. Golfers may apply the same treatment to hold golf club windings in place.

Selling Wheat Approximately 75 per cent of all wheat raised is sold directly, the balance being kept on the farm for feed and seed.

Frederica

Mr. and Mrs. Charles Bishop Sr. have been entertaining Mr. and Mrs. Charles Bishop Jr., their sons, Larry and Wayne, of Goldsboro, Md. Sunday all were the dinner guests of Mrs. Bishop Sr.'s son-in-law and daughter, Mr. and Mrs. Kenneth Grant, of Newport. The Bishop Jrs. will spend a part of their vacation at Rehoboth.

Mrs. T. E. Tatman has returned home after spending several days with Mr. and Mrs. Daniel Tatman, of Wilmington and Crystal Beach.

Mrs. Andrew Jensen fell last week, while hurrying from the factory at lunch time. Although she returned to work following her lunch, her knees were badly skinned by the roadbed at the corner of Front and Market Sts.

Mrs. Eva Brigman, sister of Mr. and Mrs. Joseph T. Flanagan, has returned from the Kent General Hospital, where she gave birth to a son. Mrs. Brigman is from North Carolina, and she has been spending the winter at the Flanagans.

It was fun, lots of fun. The combination of events included a bingo game preceding a donkey baseball game, a cool evening, few mosquitoes, enthusiastic, happy married men, cheerful, single men, refreshments, by the field, good humored spectators, plenty of floodlight, helped along with a full moon. Good attendance is not unusual at contests between married and single men, when the contests are in a small town and the folk know all the players on both teams.

The evening the married men beat the single men by a 5-6 score, the spectators numbered more than at any previous sports event held at the school grounds. Approximately 500 witnessed the clever antics of the donkeys, urged on by their referee and trainer. They cantered, jumped or stood immovable just at the right time. People became so enthusiastic that they cheered their favorite donkeys as well as their favorite team hoping that the animals would reach with proper physical fortitude to delay or increase the score. Frederica had a really good night out and the Frederica Volunteer Fire Company cleared more than \$150.

Mrs. Helen Barr, of Westmont, N. J., and Mrs. Pearl Hoops, of Landsdowne, Pa., were guests of Mrs. Katie Boone last week. While here they entertained Mrs. Boone and another aunt, Mrs. Sadie Moore, at a Rehoboth dinner party. When her nieces returned to New Jersey, Mrs. Boone motored with them for an overnight visit. She was thus one of the first Fredericans to cross the Delaware Memorial Bridge.

Mrs. Sallie Williams returned this week from a two week's visit with her daughter, Mrs. T. Walter White, of Stevensville, Md.

Mrs. Howard Jester and son are at Columbia, S. C., where they were called due to the illness of Mrs. Jester's mother.

Mrs. Zora Tatman and family attended the reunion of the Hughes family at Manship Church last Sunday.

Harvey Jester remains critically ill at the Marine Hospital, Baltimore.

Mr. and Mrs. Joseph M. Flanagan and Mr. and Mrs. Joseph T. Flanagan have new cars.

Mrs. Jeannette B. Dodd attended a business luncheon last week at the Hotel DuPont.

Mrs. Farrell and Mr. Arty, of Philadelphia, were the weekend guests of Mr. and Mrs. Howard Davidson.

Robert Betts Sr. is in the Milford Memorial Hospital, where he is suffering from a leg injury of long duration. It is expected that an amputation will be necessary if no improvement is shown.

Mr. and Mrs. Benjamin O. Matlack and several friends are on a motor trip through the New England States and into Canada.

Mr. and Mrs. Vaughn Warren, of Houston, were Sunday dinner guests of Mr. and Mrs. T. Burris Spurry.

Mr. and Mrs. Wilbur Knotts, of Milford, were callers of Mrs. Hettie Palmer last week.

Mrs. Lida Stevenson is improving at the Memorial Hospital, Wilmington, where she is convalescing from an operation. Her daughters, Mrs. Dorothy Holliday, of town, and Mrs. Mary Passwaters, of Milford, have been frequent callers of their mother.

WHEELER RADIO STORE NEWS

It will soon be time to think about that papering job but I have beat you to it. We have opened a new supply for your choosing, something I am sure you have been looking for and just couldn't find. I would like very much if you dropped in and looked over the new patterns we are showing.

If there is something particular you would like to have that we do not stock on account of price we are in a position to get it from our distributor on short notice. We have several books to select from as high as \$6.00 per double roll but very very good.

The warm weather still holds on but if you have plenty of good cold beverages on hand it helps a lot, not only helps you but when your friends drop in, mighty nice to know you can go to that refrigerator and know you have something good and cold.

There are many refrigerators today that are on borrowed time and maybe yours is one of them. May I say we are making some wonderful allowances on your old refrigerator in fact you don't even pay any money down in lots of cases and then about seventy-five weeks to pay for it. Isn't that just like picking plums off a pine tree?

School time will soon be here and I know you want your children to learn just as fast as your neighbors, but did you ever stop to think of the advantages they probably have that you don't?

One of those things is television. More is learned on a television from sight and is grasped quicker than through any other medium. Why do all the children like Hopalong Cassidy? Simply because they see him on the screen. Not only is a television instructive for your children, but may I ask you whom we have installed televisions why do you stay up so long at nights? You can answer that for yourselves but let me install a television in your home and be on top of the world in most every thing.

Of course it costs money, what is it that don't? But remember you don't eat it or burn it up like gasoline or drink it up, but you are making an investment not for 6 months or a year but how long well I just couldn't say as the ones I sold 4 years ago are still performing as they did in the beginning. Of course they are Philcos, known for quality the world over. Be one of the inhabitants of this world while circle and you'll say why in the world did I wait so long?

Did you say you wanted your gas range installed with a meter? Well we will take care of it promptly if requested.

If you buy from us, or elsewhere we are always glad to give you service by installing any make stove or water heater. Of course we carry a line of Westinghouse and Philco electric ranges for those who prefer electric.

We have several gas and electric ranges that we have traded in or new ones and some in mighty good condition.

Woman Finds Old Bonds, Asks \$250,000 From State

RICHMOND, Va.—Mrs. Bonny Walker, 76, of Vinton, Va., recently found in her attic two \$1,000 bonds issued more than 75 years ago by the commonwealth of Virginia. She wants the state to redeem them for the \$250,000 she figures they're worth—calculated at six per cent compound interest.

The commonwealth is flabbergasted—but not contemptuous. If it legally owes Mrs. Walker anything, it intends to pay.

Mrs. Walker says the bonds were issued in 1861. The date isn't very legible—it might be 1864. If the bonds were issued in 1864, they aren't worth the paper they're printed on—the 14th amendment to the U. S. constitution says southern states may not make good any obligations incurred to finance the civil war.

"All I know," Mrs. Walker wrote Gov. John S. Battle, "is that the bonds say 'Be it known that there is due from the commonwealth of Virginia unto the bearer the sum of \$1,000, redeemable after January 1, 1899, with interest at 6 per cent per annum.'"

"Now, it's after 1899, and I'm the bearer."

Koreans Send \$50 to Girls Whose GI Dad Died in War

COLLINGDALE, Pa.—The two little girls, whose father wrote the now famous "Dear Joannie and Rosemarie" letter, have received a letter of sympathy and \$50 contributed by nine Koreans.

In September nine Koreans appeared at the Tokyo office of Newsweek magazine and said they wanted to let Mrs. McCormick know "there are good and decent people in Korea as well as bad ones."

Explaining that they wished the \$50 to go toward the children's education, the Koreans wrote to Mrs. John McCormick:

"As your brave husband said in that letter there are many bad people who bring misery and destruction to humanity. However, we should like to tell you that there are a great many good and courageous people, of which Mr. McCormick was certainly an outstanding example. It is the effect of these good people and under his guidance that keeps the world going in spite of the evil done by bad people. This is the reason for our being here."

Railroad News

Tomorrow is picnic day. Special train leaving Wilmington at 6:30 a. m. will stop at Harrington at 8:06 a. m. railroad time, 9:06 city time. On the return trip will arrive back in Harrington at 8:30 p. m. railroad time.

This will be the fourth year for this picnic, but the first to be held on Saturday. The reason for the change is due to numerous requests from employes who no longer work on Saturdays and would like to be in church on Sunday.

The affair has gained popularity and each year was better than the previous one.

The mountain of stone ballast stored at Greenwood is starting to diminish as construction on the new dual highway and Bridgeville cut-off progresses. This pile of stone gave us a lot of revenue and provided work for crews that might otherwise have been idle.

A similar project will be functioning soon on the D. M. & V. at Quenonco where about 400 cars of stone will be unloaded for two major highway construction jobs.

The Eastern Shore Construction Company have been awarded the contracts for hard surfacing seven miles of highway between Berlin and Pocomoke river on Route 374 and for straightening out curves on Route 113 between Quenonco and Snow Hill. They propose to unload 16 to 18 cars each day at Quenonco. Their mixing plant will be midway between Berlin and Quenonco.

The management has impressed upon every railroad official the importance of salvaging every bit of steel possible to meet government requirements.

As we observe the many thousands of tons of scrap iron and steel in automobile grave yards along the main highways we wonder why pressure has not been brought to bear to get it back in circulation during present crisis.

### Asbury Methodist Church Notes

This community was saddened by the death of Ira Downes, of Harrington, and Norman Masten, of Penns Grove, N. J. Each of these men grew up and attended the school and church here until they were married, when they sought homes elsewhere. Mr. Downes became a district and church member, when they were married. "What force of evil in society," is the best defense against potential Christian character offers the church.

SUBSCRIPTION RATES . . . . . \$2.00 PER YEAR  
OUT OF STATE . . . . . \$2.50 PER YEAR

One feature of the Delaware-New Jersey Bridge may not have entered the minds of the sponsors—and then again, it may. It will now be much easier to shunt voters back and forth from one state to another on election days.

We doff our hat to the person who can respond to the occasion, especially with a sense of humor. At a seaside resort last week we frequently passed a place where they had a number of used cars near the highway. The sign read: "Better Used Cars for Sale." We saw a crazy driver come speeding around a curve and crash into two or three of the used cars. No one was hurt, but three or four of the cars were damaged. The next day the sign read: "Battered Used Cars for Sale."

"From The Mouths of Babies"—and this really happened: A little girl was born and reared in Washington and she and her parents passed through Baltimore on their way to Cape May. Looking at the teeming thousands in the Maryland metropolis, the little girl exclaimed: "I don't see how all these people can live, because they ain't got any government."

We were waiting for the elevator to take us to the third floor when a boy of four and a girl of six approached. "Is that an alligator?" the little fellow asked. Before we could answer, his scornful little sister replied: "No, that's not an alligator—an alligator is something alive!" Although we had been pressing the buzzer of the elevator five minutes without any response, we do not believe that the little girl intended her remark as a pun.

**WE'LL MISS BILL METTEN**

With people all over the East, we deeply regret the passing of William F. Metten, long-time newspaper man of Wilmington.

He was the first newspaper man we met in Delaware when we came here thirty-four years ago and we were friends from that day till the day of his death. He was publisher of Every Evening at the time of our meeting and continued with the paper after it was merged with the Evening Journal. As a newspaper man and a Rotarian, we met him many times, and always with pleasure.

Wilmington and Delaware have lost a valued citizen and we have lost a friend.

**GIVE CREDIT TO THE RAT**

We believe that people are far too cynical today. Certainly there are many bad people, but there are many more good people. The papers play up the bad people and give but scant attention to the good ones because they take it for granted that goodness is not news. But, if you insist that everything is bad, maybe we can find encouragement in the so-called lower orders of life.

If you think there is no such thing as love and loyalty in the world, then you've never owned a dog.

If you become disgusted in reading of Reno and its many divorces, study the lives of certain species of birds and fowls, who marry once and when the mate dies, never does its survivor look at another of the opposite sex.

The rat is supposed to be about one of the lowest creatures in the world, but there is an exception. When you think of so many grafters these days trying to get something for nothing, consider the trader rat. He is honest, for he never takes anything without leaving something in return.

**MIDDLE AGE TIME TO RESUME PROCESS OF BECOMING EDUCATED**

This editorial is addressed to middle-aged individuals, who feel that their educational opportunities have not been as complete as they would have liked.

Conscious of this lack of training, some people bemoan the lost days and sink into a state of semi-ignorance, without making any effort to become better informed. We call their attention to the fact that there are only two requisites to a good education—reading and thinking.

There is no person of any age, who cannot become well-informed in a year or two of intelligent reading, supplemented by a little thinking. Stop the habit of taking opinions from any and everybody and begin trying to study some problems for the purpose of making up your own mind.

To the individual who does not know where to start, we would suggest beginning on a subject in which you are interested. If it is the general state of the world, involving the contest between Communism and the free nations, read about it and then read some more. If it is a technical subject which entrances your imagination, ask advice from some person who knows something about it. Get a book on the subject and, if it takes six months, read it until you understand it.

There is really little excuse for a man or woman going into old age without making the effort to become more intelligent. Even if you have only a half hour a day, take advantage of it and begin to acquire new information. Never mind about the better educated; make it your business to improve your own mental outlook.

We know many excellent individuals who have failed to take advantage of their own leisure time to read and learn but who constantly lament that they are not as well "educated" as somebody else. The matter of becoming well informed does not hinge upon a college degree, it is a matter of reading and thinking.

This is a matter for your decision and determination.  
Farmville (Va.) Herald

**ONE KNEW HOW TO LIVE**

Seven cities claimed Homer when dead—and sixty people claimed relationship with Charles Hoffman of New York when it was discovered that he had left a fortune of \$500,000. The shabbily-dressed Hoffman, 73, had lived in a cheap \$7.00-per-week room and existed on an old-age pension and unemployment compensation.

Harry Hebenthal of Cape May, New Jersey, is three years older than Hoffman, and in perfect health.

When he was a young man a friend of his, an official of the Yale-Towne Lock Co., offered him a salary of \$5,000 per year to go to work for the company at Stamford, Conn. Harry didn't accept the generous offer—and has never regretted his choice. Long years ago he set aside a sum of money for hospitalization, and as he explains, "Thank God, I've never needed it—but it's there if I should need it."

He sleeps every night in the room he was born in seventy-six years ago, drives a taxicab for the Keeler Taxicab Company, eats good food at home three times daily during the week and dines out on Sunday, always taking a companion.

"I enjoy sound sleep every night," says Harry, "because I am in good health and have no worries. Henry Ford can't say as much. He has heaps of troubles."

**HE MADE A NAME FOR HIMSELF— BUT WHAT A NAME!**

When William Randolph Hearst died last week in California, one of the strangest figures in the annals of American history died.

Much of his success was founded on a principle long employed by other successful men—hire abler men than yourself. Hearst was able to do this because he inherited \$25,000,000—and he hired far greater men than himself in Arthur Brisbane and Richard Harding Davis.

Embittered because he was defeated for the presidential nomination on the Democratic ticket, twice defeated for Mayor of New York City and also defeated for Governor of New York, he became a one-man mob against practically all successful office seekers. Many blame him for starting the Spanish-American War and it was known that he was in favor of warring against Mexico.

Many people still believe that he may have indirectly incited the assassination of President McKinley. Many of his writers, (and the same may be said of many of the Hearst writers of today) didn't give a hang what they said just so long as they said something to create a sensation. One of these, Ambrose Bierce, wrote a verse soon after Governor William Goebel of Kentucky had been assassinated:

"The bullet that pierced Goebel's breast  
Cannot be found in all the West.  
Good reason, it is speeding here  
To stretch McKinley on his bier."

That verse, many believe, may have lodged in the brain of the crazed Leon Czolgosz and prompted him to fire the shot that made McKinley a martyr.

At one time he owned twenty papers and many magazines and news syndicates. His wealth at that time was reckoned at \$200,000,000. Brutal and benevolent, vengeful and valorous, gluttonous and generous, it is doubtful that more conflicting emotions were ever wrapped in any one man.

His impact upon the world was more pronounced than that of any other private citizen. One of his greatest disservices to the American people is that he made them a nation of headline readers instead of newspaper readers.

**Have You Seen These Communists?**

Henry Winston, 40

Robert George Thompson, 36

The FBI has requested alert citizens and law enforcement agencies to assist in locating Henry Winston, National Organizational Secretary of the Communist Party, U. S. A., who has been convicted of conspiracy to advocate the violent overthrow of the government and who has gone in hiding to avoid being committed to prison. A description of Winston is as follows:

Age, 40, born April 2, 1911, at Hattiesburg, Mississippi; height, 5' 11 1/2"; weight, 200 pounds; eyes, brown; hair black, kinky; complexion, dark; build, stocky; race, Negro; nationality, American; scars and marks, face pockmarked.

Winston resided in Kansas City, Missouri, prior to 1932, and worked at miscellaneous jobs in the Kansas City area. Since that time he has lived in New York City.

He likes baseball and other sports; dresses fairly well and does not speak with an accent. He has worked as a writer, organizer and lecturer.

Winston was convicted on October 14, 1949, for violation of the Smith Act and was sentenced to five years imprisonment and \$10,000 fine. A warrant for his arrest was issued by the U. S. District Court, New York City, July 2, 1951, when he failed to appear in the court for commitment to prison.

Any person having information which may assist in locating Winston is requested to immediately notify the nearest FBI office. The phone number appears on the first page of the telephone directory.

Alert citizens and law enforcement agencies throughout the nation have been requested by the FBI to assist in locating Robert George Thompson, one of the convicted Communist Party leaders who are now fugitives from justice. A description of Thompson is as follows:

Age, 36; born 1915, at Grants Pass, Oregon; height, 5' 9"; weight 170 pounds; eyes, dark brown; hair, brown, thick, straight; complexion, light; build, muscular; race, white; nationality, American; scars and marks, bullet wound left knee, appendectomy.

His complexion is sallow and he walks with a slight hop or limp from the wound in his left knee. In the past he has driven a 1948 green Chrysler four door sedan, New York license 4C5674.

He has worked as a machine operator in a linoleum factory in California and as a laborer in a cannery. He has also worked at wheat harvesting and lumbering in Oregon. He speaks slowly and usually carries a briefcase.

Thompson was convicted on October 14, 1949, for violation of the Smith Act and was sentenced to three years imprisonment and a \$10,000 fine. A bench warrant was issued for his arrest on July 2, 1951, when he failed to appear in Federal Court for commitment to prison.

Any person having information which may assist in locating Thompson is requested to immediately notify the nearest FBI office. The phone number will appear on the first page of the phone book.

**The Things You Are**

By Samuel A. Short, Jr.  
Harrington, Del.

It's not the things you do in life, That counts the most for you. It's how you do them, if done right; That gives others the most delight.

When you meet your fellow man, Let him see your inner self. Give him preference when you can, He'll appreciate this, if nothing else.

If you read Books and Literature, What good do they do you? When you let them go unanswered, By wondering just what to do.

Remember there's others watching you, With the proof of living you do. So what are you waiting for? In this life, It's! The Things You Are.

on party-line telephones, too

Little courtesies, like sharing the road, help to make life happier.

Consideration for the other fellow is the basis of good party-line telephone service, too. If you are always courteous on the telephone, you're sure to find your party-line neighbors the same. Remember the three R's of party-line courtesy—Relinquish the line as soon as possible when you hear others try to use it; Replace the receiver gently when you find the line in use; Regulate your calls so that others may use the line in-between.

**THE DIAMOND STATE TELEPHONE COMPANY**

Mar-Del Baseball League

Standings table with columns for team name, wins, losses, and games played. Includes teams like Clayton, Wyoming, Hickman, Millsboro, and Frederica.

Results: Hickman 7, Frederica 4; Wyoming 12, Millsboro 8. Sunday's Schedule: Clayton at Frederica; Wyoming at Hickman.

Although only one more weekend remains after this Sunday's play-off positions are far from decided and may go down to the last game. This Sunday's play offers several opportunities that can even tighten the race.

Clayton will invade Frederica while Wyoming will be the attraction at Hickman. Both of the host teams are on the spot and must win to better their chances.

With so much at stake all four teams will go into action with their peak line-ups. Bob Knight or Lew Wright will be set to do the firing for the front-running Clayton nine, while Frederica will counter with either Dick Kuehne, Roy Kemp or Jack Moore. Lee Everett or Johnny Sutton will be on the receiving end for Clayton with Gene Moore handling the slants of the Frederica hurler.

A real scrap looms at Hickman. In the last meeting between the two clubs they split a twin bill. Freddie Clemence, veteran right-hander, who is boosting a 410 record, will take the rubber for Wyoming, with Bill Rash as his battery mate.

Last Wednesday evening Wyoming tripped Millsboro 12 to 8. Allen Beebe was on the mound for the losers. Hiram Godwin started for Wyoming but was relieved by Ray Richards, who gained credit for the win.

Millsboro's hard-hitting shortstop, Howard Mitchell, is setting quite a pace at the plate for batting honors, with a lofty 516. Alvin Brown, Frederica, is next in line with 419, while Clayton's Gene Handsberry is pasting the rocket at a 418 clip.

Melvin (Clayton), Del Brown (Frederica), Cannon (Hickman), Howlett (Hickman), Bennett (Wyoming), and Ellingsworth (Millsboro) are tied for doubles with three each. Bill Carson and Bill Melvin, Clayton, have each lined out three triples while Howard Mitchell, Millsboro, is leading the home-run parade with three. Carson, Clayton, has been successful in five sacrifices attempts to lead in that department while Alvin Brown, Frederica, has shown the most speed on the bases with 5 stolen bases to his credit.

a 40 record on the mound, while Bill Howlett, Hickman, has 2-0. Lew Wright, Clayton lefthander, has won the most games and boosts a 7-1 record. Bob Knight has set down 82 on strikes while Bill Newman, Hickman, has worked in the highest number of games, 13. He has a record of 6-6 to show for his efforts.

Army Shortens Enlistment Period

According to word received by M/Sgt. Carl T. Killmon, recruiting sergeant for this area, the Army has authorized, in addition to the 3, 4, 5 or 6 year enlistment periods now in effect, a 24-month term for applicants of draft age.

To be eligible for enlistment under this new policy, the sergeant said, the applicant must be within the draft age of 18 1/2 to 26 years, must meet the minimum mental and physical requirements for army duty, and must enlist in the regular army unassigned.

The new short term enlistment period is to allow men who are within the age limits of the "Universal Military Training and Service Act" to enlist in the regular Army before they would normally be called for duty by their local draft board.

The recruiter pointed out that anyone taking advantage of this new policy would be eligible to attend one of the many Army technical schools and, upon meeting the special requirements, to apply for the Army Officers Candidate School.

Those interested may get full particulars at their U. S. Army and U. S. Air Force recruiting station located at 109 1/2 Lockerman Street, Dover.

Oliver Hurd Enlists In Air Corps

Oliver J. Hurd, of Harrington RFD, has enlisted in the Air Corps for four years, according to the Dover recruiting station. He was sent to Bolling Field, Washington, D. C. Hurd served in World War II in the 90th Infantry Division in the European Theatre of Operations.

Paris Kirby Heads REA

Paris Kirby, of Milford, was re-elected president of the Delaware Electric Cooperative at its annual meeting held on the Kent & Sussex Fair Grounds Wednesday. Other officers re-elected were:

C. Arthur Taylor, of Harrington, vice-president; E. Laird Kratz, of Greenwood, secretary and treasurer; Alden Sharp, of Georgetown, assistant secretary and treasurer.

Kenneth Meredith, of Dover, was elected director of district No. 2; E. Laird Kratz, district No. 5, and Henry P. Johnson, Jr., of Selbyville, of district No. 8.

Clyde T. Ellis, of Washington, D. C., executive manager of the National Rural Electric Cooperative Association, addressed the group. Mr. Ellis very ably explained the reasons for establishing a national association explaining the work of the association and the benefits to the individual co-ops, and the insurance and retirement plan.

As a result of his address the Delaware Cooperative suggested that the group vote at its 1952 meeting on joining the national association.

Over 1500 people present enjoyed music furnished by the Harrington High School Band. Forty electrical appliances, donated by the distributors and cooperatives, were given to members.

Newest electrical appliances were displayed and demonstrated including radiant heat for homes. A luncheon was served to all members.

# FARM NEWS AND REVIEW

There has been a wonderful growth in the beef cattle industry in Delaware the past few years and John A. Forest, of Church Hill Village, between Harrington and Milford, has been its prophet. This prominent Angus breeder, who can recite the pedigrees of his sleek, black animals like a high-school boy can name big league baseball players, furnished the foundation stock for no less than 18 herds in Delaware last year.

Forest, a Journal subscriber incidentally, has been a breeder about ten years. He has 36 registered Angus headed by a two-year-old bull which is the brother to Ever Bardolier of Fair Promise, the grand champion Angus bull at the Kent & Sussex Fair in 1950. The herd head is a low, blocky animal, Black Bardolier, whose sire is King Bardolier J. R. 2. Already, Forest has a number of calves by this bull.

The Forest herd runs on a permanent pasture of Kentucky

bluegrass, orchard grass, ryegrass, and Ladino clover.

Blackcap, Blackbird, and Burgess are some of the prominent bloodlines in the Forest herd. New for a partial rundown of some of the cattle. There is a heifer, May Day's Bab, sired by Ensign of Page, a famous bull; a heifer, Fair Hope Mayflower; a cow, Escort's Princess by Andelot Edictor out of Burgess Eston 2nd; a cow, Erain's Beauty by Erain B 7th out of Escort's Beauty; cow, Cowpen's Kelpic by Blue Ribbon Boy of Page out of Kelpic of Valley Mound; cow, Blackbird Glencarnock by General of Ada; cow, Silver Run Empress, out of Blackcap Empress of Bella Vista by General Ada of Cremona.

Forest also has some animals sired by Andelot's Queen's Escort. He, too, has a lot of offspring from the famous bull, Andelot Edictor. The breeding of the lot goes back to Revolution 7 to Blackcap Bess Glencarnock and Evergreen Marshall 3rd.

## Southern States Members to Meet At Greenwood

Patrons of Mills Supply Company, the Southern States Agency in the Greenwood area will hold its annual membership meeting Wednesday at 8 p. m., EDST, at the Mills Supply Warehouse, Greenwood. Chairman of the meeting will be Carl Tucker, of Greenwood.

Highlights of the meeting will include the report of the local agency operations by Alvin Mills; the presentation of the Southern States annual report in film slide form by District Manager Dan Brame of Morehead, Ky.; the election of the local advisory board and farm home advisory committee; and the Ko-Op Kwiz Kontest, in which all farm people of the Greenwood area will compete for prizes by answering questions concerning the cooperative. Local prizes will be awarded winners and they will then be eligible to compete for the top master prize in the contest, a 1951 Ford farm truck, at the Southern States annual meeting in Richmond in November.

Nominated for the Greenwood Advisory Board are Elmer Hamstead, Harry Speicher, Fred Zott and Roy Barwick, all of Greenwood.

Nominated for the Greenwood Farm Home Advisory Committee are Mrs. Carl Tucker, Mrs. Arthur Tatman, and Mrs. Charles Dearman, all of Greenwood; Mrs. Harry Selders, of Farmington.

## Cantaloupe Crop Is Curtailed, Says Knapp

Winslow Knapp, a grower at Paradise Alley, says his crop of cantaloupes has been curtailed this year because the blossoms didn't set well. He believes heavy rains at blossom time was the cause.

Knapp has three acres of Hearts of Gold and two acres of White-seeded Pinks. The yield has been fair, Knapp said, but he added that size was nice and prices good.

The Paradise Alley grower has been selling melons to buyers from Bloomsburg, Philadelphia, Pittsburgh, York, and Lancaster.

## Alfalfa Planting Time In Diamond State

Alfalfa is an important Delaware hay crop, says agronomists at the University of Delaware. When fall planting time comes, questions on seed quality and variety come up.

A few pointers in getting a good, long-lived stand are:

1. Use Buffalo, the new will resistant variety, or common alfalfa seed grown in Utah, Idaho, Montana, Kansas, or other states with equally severe winters. Grimm and Canadian varieties will grow well, but usually are not worth the difference in price.
2. Do not use Arizona common, or other non-hardy strains from southern states.
3. Do not use alfalfa seed imported from southern countries. It will not live over Delaware winters satisfactorily. You can tell such seed by the 10 per cent of red or red-orange dyed seed required by law.

C. E. Phillips, agronomist with the agricultural extension service, says to insist on knowing where your alfalfa seed comes from, and what variety it is. Buying good seed is the most important part of raising a good crop.

## Food Costs Not Up Compared to Wages

The retail cost of the family food supply is not as high as it was ten years ago, compared to wages. So said Director George M. Worrlow of the University of Delaware agricultural experiment station and extension service, in a recent talk to a group of farmers and wage earners. He went on to point out that the food bill now takes a smaller part of the average wage than it did before the last war.

"The average weekly earnings of workers in manufacturing industries was \$22.42 from 1935 to 1938. By 1950, it had jumped to \$58.45. At the same time, the retail cost of farm food products for the average family of three for a whole year went from \$341 to \$645. Wages have gone up more than two and a half times," said Worrlow, "while the cost of food is up not quite two times."

He also pointed out that the farmer's profits have gone down considerably in recent years. "Since 1947," he said, "average farmers' costs have gone up, and their net income has gone down. It has resulted in a loss of purchasing power of 30 per cent for the American farmer."

"The farmer," Worrlow concluded, "is not to blame for the high cost of living. He too is paying bigger bills than he ever did before. At the same time, however, he's producing more food, of higher quality, and he's doing it at a lower comparative cost to the consumer than ever before."

## Frederica

(Too late for last week)

At the directors meeting of the Lions Club last week, it was decided to hold ladies night early in September. The place selected is the Savage Inn, Bowers.

Mr. and Mrs. Elwood Cahall and two daughters, of Philadelphia, were the weekend guests of Mr. Cahall's mother, Mrs. Howard Davidson, and Mr. Davidson.

Mr. and Mrs. John R. Rogers Jr. are the parents of a son, born last week. The infant has been named Perry Wilson. The Rogers have two other children, the older is Diana and the younger is J. R. Rogers III, known as "Jackie." Mr. Rogers, owner of the Rogers Funeral Home served two terms as Kent County Coroner and last year sought the office of clerk of the peace of Kent County. He is a past president of the Delaware State Funeral Directors Association and active in the Active Young Republicans. Last year he directed the first professional flower show held on the Delmarva Peninsula.

Mrs. Rogers, the former Jean Reynolds, is a registered nurse. The paternal grandmother is Mrs. Bertha Rogers, of town, and the maternal grandparents, are Mr. and Mrs. Wilson Reynolds, of town.

Howard Wix, of Ohio, with his sister, Mary, and daughter, of Wyoming, were Saturday callers of Mrs. John Palmer.

Mrs. Lida Stevenson was operated on last week at the Memorial Hospital, Wilmington. She is reported to be gaining steadily

in health during convalescence. Draper Bothers Cannery has been working overtime evenings this past week and making up for some of the time lost on the several days when the wet weather threw the bean crop off schedule. During the rainy weeks the crops did not mature properly and the pickers found sections of the fields where the beans had been ruined by the heavy continuing rains. The hot, dry weather has reversed that picture and the factory is running full time.

The town folk are sorry to hear of the death of Ira Downes, who was a Frederica resident for many years, before moving to Harrington, where he conducted a drug store. While here Mr. Downes was in business with his mother under the store name of R. A. Downes & Son. They had their prescription and drug-cosmetics business where the used furniture store is situated. Mr. Downes always considered Frederica as "home town" and he was here frequently to call on friends. Besides his wife he leaves a son, Alton, and grandchildren.

State Bank Commissioner John C. Darby and Mrs. Darby had Sunday dinner with friends at the Rehoboth Country Club.

Miss Elizabeth Jane Gerow is visiting a college friend in Greenwich, Conn.

Frederica Girl Scouts, Troops 1 and 2, had an enjoyable outing Tuesday when they hiked to the farm home of one of their leaders, Mrs. Woodrow, at Thompsonville.

Harvey Jacobs spent Monday in Baltimore.

Miss Emily Morris is a stenographer in the offices of Judge Ernest V. Keith, Dover. She is the daughter of Mr. and Mrs. James H. Morris, Sr. and a 1951 graduate of the Caesar Rodney High School.

Mr. and Mrs. Marvin Smith, of Greensboro, were the weekend guests of Mr. and Mrs. Joseph M. Flanagan.

Mr. and Mrs. Edgar Russell, of New Castle, were Saturday visitors and dinner guests of Mr. and Mrs. Howard Jester.

Harvey Jester is a patient at the Marine Hospital, Baltimore. Jester is a World War I veteran and he has had intermittently poor health for the past ten years.

Howard Wix, Sr., who has lived in and near Frederica for many years, is making his home with his son and daughter-in-law, Mr. and Mrs. Reynolds Wix, of Wil-

Trinity Methodist Church has concluded its Sunday and mid-week services until further announcement.

Mr. and Mrs. Herbert J. Dodd are spending two weeks with Mrs. I. W. Betts, Sr., their mother.

Mr. and Mrs. Howard Moore's young daughter is recovering from a fall which caused an injury to her left cheek and eye. The child was playing with her brother when she fell and in skidding on the cement sidewalk badly scraped the side of her face.

Sundays guests of Mrs. Hettie Palmer were her grandson and granddaughter, Mr. and Mrs. William Smith, their small son and their nephew, Timothy Fuller, of Holmes, Pa.

Mrs. Lester L. Carlisle Sr. has returned from a several week's visit to Boston, Mass., where she was the guest of her son and daughter-in-law, Mr. and Mrs. L. L. Carlisle Jr., and their small son.

Mrs. T. Burris Spurry was confined to her home with a severe cold for several days last week.

## Harrington Merrymakers Home Demonstration Club Notes

Mrs. Charles Harrington Heisler, of Milford, delighted the members of the Harrington Merrymakers Home Demonstration Club at their August meeting when she talked on "Flower Arrangements." The meeting was held at the home of Mrs. Edgar Dill, with Mrs. Charles Peck, Jr., serving as cohostess.

Mrs. Heisler was introduced to the group by Mrs. William Minner, president of the club.

Showing three lovely arrangements of flowers, Mrs. Heisler spoke on the use of balance and color in flowers, the importance of a container that will give good support to the flowers, and the use of needlepoint flower holders. Catching the eye of the club members was the lovely arrangement of red blossoms in a

In order to show the group the adaptability of arrangement, Mrs. Heisler changed the table centerpiece to one suitable for a mantle.

A question period followed Mrs. Heisler's talk and the members of the club asked about their own flower problems.

Refreshments were served and in the social period following Mrs. Heisler told of her years as the wife of a member of the U. S. Consular Service.

Mrs. Eric V. Torquist, of Stockholm, Sweden, sister-in-law of Mrs. Heisler, was also a guest for the meeting.

From "somewhere in Japan" comes a letter written Aug. 12, 1951, from one of our own Marydel boys, Pvt. Harry Starky, which he sent to all his friends, hereabouts. It reads:

Hello All: Just a few lines to tell you how I'd like to be able to explain this new home of ours. It is very interesting. I feel very much as tho' we were at home, for the people here treat us well, and are very courteous. If it would be like this always I wouldn't mind being here for a few months to tour the whole country. But as you all know, what will come next—that is what we are not so anxious about! But we are praying that it will be all over soon, so that

we can return home in a few months. We are all praying that this cruel war will soon be over. I can now understand how the men of World War I and II strived and worked to save us all at home from this kind of unaccounted for "honorable duty" of our country. Now we have to "take over" and try to save you all and our loved ones from it again. We feel really honored, and pray after we are able to clear this up that we will again be able to live in a peaceful land and return home to our loved ones. If we can ever get to the roof of this and overpower it we'll all look up toward Heaven and say "a job well done" is ours. Will sign off now, wishing you all the best of luck, health and happiness.

180 Horsepower!
Until you drive it you'll never know what
Chrysler FirePower V-8 does for you!
YOU'VE HEARD THE TALK about Chrysler's revolutionary new V-8 FirePower engine... with its 180 horsepower, its amazing smoothness and acceleration...
NOW COME DRIVE THE REASON for all this excitement. Here is the most revolutionary advance in American motor car engine design in 27 years...
HERE'S 180 HORSEPOWER... a full 20 horsepower more than that of the next most powerful American passenger car engine!...
A NEW KIND OF HIGH COMPRESSION... the first Hemispherical Combustion Chamber in an American car engine actually puts to work more of the energy contained in the fuel than other engines.
HERE'S EXCITING PERFORMANCE... responsiveness, acceleration, smoothness, which no other passenger car engine built in this country can equal today. And you can have it with FirePower even on non-premium grade gasoline.
HERE'S THE SAFETY OF POWER-IN-RESERVE greater than you've ever had at your command—a new high in the instant responsiveness which is the very essence of safety on today's highways!
YOU'LL LIKE CHRYSLER'S POWER BRAKING, TOO... smoother, gentler, swifter stops at any speed than you've ever known. At the touch of your toe, power from the engine helps put on the brakes... reduces foot pressure by as much as two-thirds!
AND HYDRAGUIDE... THE NEW POWER STEERING! It makes driving a car a brand new experience. At your touch on the wheel, hydraulic power provides four-fifths of the steering energy. Even at a standstill, you can turn the wheels with your thumb and one finger! A great safety feature.
COME DRIVE IT... ONLY A RIDE CAN SHOW YOU WHAT ONLY A CHRYSLER GIVES!
