

Auto Accidents Kill Five In Lower Kent County Saturday Evening

Three Milford Residents Fatally Injured North of Milford, With Two Killed Near Town

Death rode Delaware highways over the past weekend, taking the lives of five persons and nearly doubling the 1952 highway fatality toll. The road death-count soared from six to 11 with the weekend crashes which also brought injury to 12 persons.

Three of those who met violent death were killed in a three-car accident late Saturday night during a blinding rain storm near Milford. Two Philadelphia residents were killed instantly in a crash north of Harrington a short time before.

The dead are: Henry L. Vinyard, 42, of Milford.

Mrs. Velma Vinyard, 41, of Milford, his wife. Albert Lyons, 17, of Milford. Henry G. Lawrence, 24, Philadelphia.

Miss Catherine E. Sampson, 21, Philadelphia.

The three Milford residents were killed in a three-car collision on Route 113, about four miles north of Milford.

In the same accident, two other persons were critically injured.

They are Henry L. Vinyard Jr., 6, son of the dead couple, and William W. Hall, 16, of near Bowers Beach. Both are in the Milford Memorial Hospital.

The child suffered a possible fractured skull, fractured right leg and ribs. Hall sustained a possible fractured skull, fractured right thigh and possible internal injuries.

State police said Mr. Vinyard and his family were returning from Frederica when an automobile, believed to have been driven by Hall, and traveling in the opposite direction, swerved into Vinyard's machine. Lyons was a passenger in Hall's car.

Struck in Rear
Police said the force of the crash stopped his car so suddenly that it was struck from the rear by an automobile operated by Miss Ruth E. Kimble, 24, of Laurel.

Mr. and Mrs. Vinyard were pinned in the wreckage of their car, police said. It was not until nearly half an hour later that troopers were able to free them.

All five persons were taken to the Milford Memorial Hospital in the Milford ambulance. Mr. and Mrs. Vinyard and Lyons were pronounced dead on arrival.

Police said Mr. and Mrs. Vinyard suffered crushed chests and internal injuries. Lyons suffered (See ACCIDENTS back page)

Holloways Tour the South And Visit Training Colonies For Horses

Mr. and Mrs. T. Brinton Holloway returned Saturday from a two-weeks' tour of the South during which they visited several winter-training colonies for harness horses. Mr. Holloway is general manager of the Kent & Sussex Racing Association.

At the outset of the tour they spent four days with Lt. Col. and Mrs. William Coeyman at Ft. McPherson, at Atlanta, Ga. Mrs. Coeyman is the former Mildred Wheeler, of Harrington. During their stay, Mr. and Mrs. Holloway stayed on the fort and visited Atlanta.

Then they visited a winter-training colony at Macon, Ga., where they saw Bennie Michaels and Jack Brown, both of whom have trained and raced here.

The next Georgia stop was at a track at Cordele where they saw Mr. and Mrs. Joe Hylan. Mr. Hylan, recently married, will live at Westbury. He is well-known here, having raced many times at the local track.

The Holloways' tour then took them to Jacksonville, Fla., and to Miami where they encountered, at Hialeah Race Track, Joe and Wilbur Kirby, of Milford, and Foster Greenwood, of Morris & Greenwood, concessionaires at the local track.

"When we drove up in front of our door," Mr. Holloway said, "the speedometer turned to 3500 miles for the trip."

Virginia Minner Honored by Party

Mr. and Mrs. Chipman Minner gave a party Friday night in honor of the 13th birthday of their daughter, Virginia Lee.

Those helping her to celebrate were the following: Kay Bowdle, Jean Outten, Dorothy Messick, Norma Lee Rook, Lena Voss, Sandra and Marlene Raughley, Shirley Kates, Irene Brown, Betty Moore, Janice Minner, Barbara Edwards, Mary Jo Pitlick, Phyllis Curtis, Joyce Austin, Joyce Porter, Carolyn Tibbitt, Allan Needles, Edward Paskey, Alvin Jarrell, Leroy Betts, Ronnie Link, Rose Marie Bonniwell, Janet Parris, Gladys Welsh, Elmer Riggin, Faye Spicer, Jean Home-wood, Eleanor Wagner, and Mrs. Dorothy Parris.

A. Decktor Will Open Kent Shoe Store Here

Dealing exclusively in famous, makes of shoes, for all members of the family, the Kent Shoe Store will open for business here about March 1 in the quarters on Commerce Street recently vacated by William Ruze.

The new enterprise will be under the ownership of a Harringtonian, A. Decktor, who also operates the Kent Shoe Store and Kent Dry Goods Store at Milford, and a shoe store at Seaford.

Mr. Decktor said Wednesday the store would handle the same goods and brands as the Milford store and that all merchandise would be guaranteed. He added

Scottish Rite To Hear Byrd

A meeting of the Kent and Sussex Scottish Rite Club will be held at Selbyville Wednesday.

Arthur R. Hudson has arranged for the dinner to be served in the social hall of the Salem Methodist Church at 7 p. m.

The toastmaster, Urah W. Long, 33 degree, will introduce the principal speaker, Dr. Harry "Curly" Byrd, president of the University of Maryland.

Harrington Century Club Notes

The Harrington New Century Club was most hospitable Tuesday afternoon with its arrangement of lovely bouquets of red and white carnations and the tables of old glass and china which were arranged by Mrs. William Shaw and her program committee consisting of Mrs. W. T. Sneath, Mrs. J. C. Messner, Mrs. R. H. Quillen, Mrs. H. W. Smith and Mrs. F. B. Greenly.

Mrs. Ernest Raughley is chairman of art. Harrington is very fortunate with such a wealth of interesting art objects.

The subject of the afternoon was, "Education." Clarence Keyes, who is connected with the Office of Price Stabilization in Wilmington on inflation and its effect on our communities.

Billy Shaw rendered two baritone solos, "The Carnival of Venice," and "Donkey Serenade." The Misses Imogene Welch and Barbara Smith sang "Oh, What a Beautiful Morning" and "Great Day." All were accompanied by Melvin Brobst.

The meeting was presided over by Mrs. A. C. Ford, president. Mrs. Granville Hill and Mrs. Lester Rogers were given rising vote of thanks for having turned in a full quota of money for their team. The group voted to contribute to the Dorothy Houghton's Scholarship Fund.

Special mention was given the bookmobile which is found in front of Jack Pitlick's garage every other Tuesday afternoon. Unless it is patronized, Harrington may not be visited by this very worthwhile project.

Plans for the special luncheon were voted upon and club members are invited to attend a combined meeting of the New Century Club and Home Demonstration Club at Smyrna tonight.

Lasting Saw
Because so much sound lumber can be remanufactured from the scrapings of many of the Pacific Northwest's elder buildings, a saw has been developed which, it is claimed, imbedded nails will not materially damage.

Kent County Fire Report For January

G. C. Lord, fire recorder of Harrington submits the following Kent County Fire Recorder's report for the month of January:

There were a total of 65 alarms of which 20 were in town; 43 rural, 2 false alarms, and 5 alarms from other towns. There was a loss of \$5125 of which \$1000 was covered by insurance, or a net loss of \$4125.

There were 1220 men in service with 88 hours and 18 minutes in service traveling 646 miles.

Hose used included 4374 feet of 1-inch; 2475 of 1½-inch; 600 feet 2¼-inch and 150 feet of 2-inch. 645 feet of ladders was raised. Five 2½ gallons foam were used.

There was 1 mercantile fire, 11 dwellings, 27 chimney, 3 auto, 8 grass, 1 woods, 2 chicken houses and 7 miscellaneous fires. One man burned to death at Houston.

There were 26 ambulance trips made with 60 men in service working 51 hours, travelling 1324 miles.

Railroad News

"Not by Chance," was the name of the railroad safety film shown last Friday evening in the Fire Hall.

Every maintenance of way employe in the Harrington district saw the picture at 4 p. m. and those in the Clayton district at 7 p. m.

The division could only secure the film for one day and it was shown at Cape Charles at 8 a. m., Parkley at 10 a. m., Delmar at 1 p. m., Harrington, 4 p. m., and Clayton, 7 p. m.

The three main topics of discussion among railroad men today on the Delmarva division are the oyster party on March 8, the safety picture and diesels.

The diesel picture gets brighter every day and since the Wilmington News last Monday quoted the management on the subject, we are in better position to discuss the many questions coming to us from inside and out of railroad circles. Some of them are:

How many engines will it take? When will they be here? How will it affect Harrington? Will it result in force reduction? How do other divisions like them?

There will be 21 freight engines and seven passenger assigned to the division.

They are to start coming to us in April and be completed before the first of September.

The passenger engines are being built by the American Locomotive Works and the freight engines by the Baldwin Company.

As to the effect on Harrington; this will be the same throughout the division, the absence of smoke, cinders, grass fires that often endanger buildings and timberland, is bound to have good effect on property and increase valuation of same.

As to force reduction, the servicing, maintenance, repairs and monthly inspections will be made at Wilmington. This of course will take away the pit servicing crews and will result in some force reductions. However, the chances are that a much heavier reduction might be affected among the laundry and dry cleaning establishments along the right-of-way. There should also be a big drop in the merchant's sale of soap and scouring powders.

On the question of how employes feel on other divisions where they have been dieselized for some time. The operating supervisory on some of those divisions say their biggest problems, before they were completely dieselized, was crews marking off sick if they learned they were going to have a steam engine.

We continue to receive heavy shipments of farm machinery, eight flat car loads were at the unloading platform last Monday. This makes 12 cars so far this month, most of which are for Andrews at Greenwood, Stafford at Burrsville, and our own Warrington Farm Center and Taylor & Messick.

Martin Dill, furloughed two years ago from the T & S department for Army service, is still following T & S work in far off (See PRR NEWS back page)

O'REILLY-KINSEY
The engagement of Miss Elizabeth M. O'Reilly, of Felton, to Charles R. Kinsey, son of Mr. and Mrs. Harry L. Kinsey Sr., of Smyrna, has been announced by Mr. and Mrs. Norman Gill, of Philadelphia.

Miss O'Reilly is a graduate of Felton High School and of the Allentown Bible Institute. She is employed at the Kent County Courthouse.

Mr. Kinsey attended Smyrna High School and is engaged in farming near Smyrna.

No date has been set for the wedding.

Taylor Describes Frigidaire Electric Range Line For '52

The 1952 Frigidaire electric range line will include a deluxe two-oven model, two "Wonder-Oven" models, and other 40, 30, and 21-inch models, according to Edward Taylor, of Taylor Hardware Store, who recently returned from a Frigidaire sales meeting in Baltimore. The line will retain its same general overall appearance of Raymond Loewy styling and design features.

Top model of the line is the deluxe 40-inch RO-70 with two separate Even-Heat ovens with adjustable shelves and two, high-speed broilers, providing a combined oven capacity of 10,200

cubic inches. Other important features include: a Triple-Duty Thermizer cooker with the Thriftomatic switch, cook-master clock control, Simplicitone oven control and Radiant tube surface units. The "Wonder-Oven" models, the deluxe RO-60 and the RO-50, take the limelight with the revolutionary oven that will bake and roast or bake and broil at the same time in the same oven at different temperatures. Other models include three 40-inch sizes and two 21-inch sizes, plus the two popular "Thrifty-30" models with the biggest oven of any household range.

Legionnaires To End League Schedule Mon.

With only one more game remaining in the Eastern Shore Basketball League schedule, the local Legionnaires can do no worse than tie for the lead. As it is, since the final game is scheduled with Seaford, which is almost in the cellar, it looks as though the Legionnaires will continue on top.

The local five, weakened by the loss of three players, lost to Seaford last week. However, the players, Griffith, Martin, and Snowden were back Monday night when Harrington defeated Laurel, 105-89. The local quintet then defeated the cellar-dwelling Dover five Tuesday night, 60-43.

Harrington plays Seaford here Monday night to end the season. The Legionnaires also play at Dover tomorrow night in the YMCA tournament. See story elsewhere in this newspaper for details.

Camper Announces Aim To Run For State Senator

The fact that this is an election year was brought sharply to mind this week when Jehu F. Camper, former state representative, of Harrington, threw his hat into the ring and announced he would be willing to run for state senator on the Democratic ticket in the November election.

At the behest of friends, Mr. Camper said he would campaign for the office in the Fourth Senatorial District, subject to the approval of the Democratic committee of the Sixth and Ninth Representative Districts, which comprise the senatorial district.

Mr. Camper has resided in and around Harrington all of his 54 years where he has farmed, operated a restaurant, service station, garage, and miniature golf course. He also served six years as a rural mail carrier.

He graduated from Harrington High School and attended Goldey Business College in Wilmington. He has taken a prominent part in civic activities and is past president of Harrington Lions and past president of Harrington Fire Company. He is a member of the executive board of the Kent & Sussex County Fair, Inc., and is chief block warden for Civil Defense. He is also a member of Asbury Methodist Church.

The senatorial candidate served in the Legislature in 1949 and 1950 when he introduced many bills, all of which passed.

Gerald Bowman At Camp Drum

Pfc. Gerald P. Bowman, son of Mr. and Mrs. Paul Bowman, 107 Railroad Ave., Harrington, is learning Arctic warfare at Exercise Snow Fall, the Army-Air Force winter maneuver at Camp Drum, N. Y.

He is a member of the 188th Airborne Regiment, a part of the 11th Airborne Division. His unit also took part in the much-publicized Exercise Desert Rock in Nevada during Oct., 1951, in which atom bombs were exploded.

Exercise Snow Fall has a dual purpose. The 33,000 soldiers and airmen participating not only learn how to survive and win battles in ice and snow but are testing winter equipment.

A messenger in Company H, 2d Battalion, Bowman entered the Army in Aug., 1950. He graduated from parachute school in Feb., 1951 at Fort Benning, Ga. Bowman formerly attended Greenwood High School.

Greenwood Aircraft Factory Auctioned Off for \$314,000

The plant and equipment of the Delaware Aircraft Industries, Inc., at Greenwood went under the auctioneer's hammer last week and was knocked down for a bulk bid of \$314,000.

Michael Bove of Red Bank, N. J., millionaire warehouse man, was the purchaser. Mr. Bove indicated to associates that he plans to sell the machinery and remodel the building so that it can be used for warehouse purposes.

Larry Knowles, of New York and Washington conducted the auction last Monday.

Runs Late at Night

The plant and more than 540 articles of machinery, tools, etc. went under the hammer separately. The auction lasted until late Monday night and finally Mr. Bove's bulk bid, the highest, was accepted.

Conferences at which the deal was completed were held in private rooms at the Hotel DuPont, and ended last Wednesday.

Escaped Tax Sale

The Delaware Aircraft Industries, Inc., operated entirely during World War II with war contracts in making parts for bombing planes, airplane engines, and heavy machinery for the U. S. Army.

In 1950 the district internal revenue collector had scheduled a tax sale for the property but this was postponed after the firm made a substantial payment of Social Security and withholding tax accounts.

Sulky Slants

By Mrs. Dave (Pat) Smith

Who says a horse can't get on TV. Governor Gore, hoppers, sulky with Stan Lomax, sports commentator and trainer, Dick Thomas, made one of the nightly WOR-TV sports shows. Stan, a fan from way back, gave viewers a short lesson in games fine sport. They say Gov. Gore had no trouble at all in New York except the iron gate over ditches he didn't like them too well. Outside that getting on the TV stage was just another race track to him. With the lights and all, except he was expecting them to say, "They're off!"

Hear Harry Stout will be home by the time this goes to press. Not well, but able to be around. Mr. Jewett also back at the track able to watch the horses.

Another TV was added to a trailer out here.

Want to correct a statement for last week. Pop Heller, who has the clubhouse, has three horses instead of two, Moppet, Linda's Girl and Illustrious.

Bobby Hobbs and Doug spent Sunday in Wilmington. Bobby, did someone try to sell you a horse?

Well, Mayor Rash, since I've seen you in the post office, guess you are among the living. Hadn't seen you since last spring when I enjoyed the breakfast you and I had that started me on my way to Hamburg.

Earl Thomas on a selling trip to Virginia.

Mr. and Mrs. Brit Holloway back from their extended trip to visit the southern training camps. Mrs. Thomas, who had charge of the office while he was away, was well. She is so pleasant anyway. Great to go in just to say hello.

Ben (Money Bags) Wilson has sold his mare and Benny Michael at Macon has her now.

Edmund Harrington, a visitor out to the track. By the way, he took one of our kitties.

About the cutest thing out here at the track is Harry Craig's goat. We have a little two year old that goes for him in a big way. They will play for hours over the door. Heh! Harry, do you know he likes sweet feed?

My Jake, the goose, can't stand anything on wheels, and he seemed to pick on Harry, our track man.

Had a wonderful evening with Betty Cain and her mother. I enjoyed their telling me about their trip last summer.

Junior Morgan was a visitor out here seeing his old friends. He tells me he leaves last of the week for California and then to Korea. Sure makes you feel funny when they tell you they are going away and you know to war.

Mrs. Pal Peacock spent three days here last week.

I had a letter from the sports writer, Al Gardner who writes for Harness News in Washington, D. C. Mr. Gardner says he will be here around Feb. 25.

Mabel and Jack Walters had as their guest, Mrs. Thompson, over the weekend.

Carl Goslin a daily visitor out to see ole Symbol Lewis. Wonder what's in the old fellow's mind? All the horses out jogging but not him. Guess he too can't understand that he's past age limit.

Benny Moore tells me that the Ladies Auxiliary took in \$70 on their cake bake. They also have a complete new kitchen out at the Moose Hall.

Helen and her sister, Agatha, strolling down town. Always in a hurry. My gosh, you looked like twins.

Ken Tatman, good luck to you in your new position. I'm sure all the girls will like you. At least you're pleasant.

Say, they tell me you should lose pounds taking care of a horse. Oh no, not me. I've gained three.

Micky, how's Fuzzy Tail coming along? Puddles certainly is a popular dog out here. Looks like Maggie and Jiggs' dog. And where did he get that name?

Libby Has New Plant Superintendent

Chester C. Benson, a Libby employe for more than six years, has been named plant superintendent of Libby, McNeil & Libby, at Houston, according to the February issue of "The Scanner," company publication.

All of Benson's Libby service has been at the Houston plant. He first went to work there in Jan., 1946, as plant engineer.

The Scanner also carries a series of pictures on the procrastination of "George Putitoff," as portrayed by Robert Leiser. The pictures are entitled, "Wait and get ulcers." George Putitoff gets up late and has to swallow a cup of coffee and start to work. He finds his car frozen because he put off buying anti-freeze.

At the office he receives a phone call from his wife, saying they are out of coal. George had put off ordering it. George also put off buying flowers for his wife's birthday until the floral shop had closed. He had put off mailing an urgent letter for his wife.

The Hartly P.T. A. will hold its February meeting Wednesday evening at 8 o'clock at the Hartly School. At this time F. J. Jamison, assistant manager of the Delaware Safety Council, and Sgt. John P. Ferguson, will be present to award badges and belts to the Hartly school bus monitors. The public, especially the parents of the school children, are most cordially invited to attend this meeting. The monitor system which is being adopted by the Hartly School buses under the auspices of the P.T. A. will go into effect immediately after the investment of badges by the visiting members of Delaware Safety Council. Mrs. Julius Meyer, president of the P.T. A., will preside. W. C. Jones has been serving as chairman of the bus committee which has made a careful study of the school bus situation during the past month.

Mrs. Catherine Teat has been confined to her home due to illness during the past three weeks.

Mrs. Richard Ubleman has been visiting in Philadelphia with her mother who has been seriously ill for the last few weeks.

Mrs. Owen T. Hughes recently lost a brother, by death, who was a resident of London, England.

Mr. and Mrs. Lee Leslie and daughter, Jean, have returned home after touring the State of Florida for the past two weeks.

During their visit they were the guests of Mr. and Mrs. Michael Pivarnik at Lake Worth, Fla. Accompanying them on the trip was Mrs. Hugh Hamilton, of Wilmington.

The Hartly P.T. A. will hold its February meeting Wednesday evening at 8 o'clock at the Hartly School. At this time F. J. Jamison, assistant manager of the Delaware Safety Council, and Sgt. John P. Ferguson, will be present to award badges and belts to the Hartly school bus monitors. The public, especially the parents of the school children, are most cordially invited to attend this meeting. The monitor system which is being adopted by the Hartly School buses under the auspices of the P.T. A. will go into effect immediately after the investment of badges by the visiting members of Delaware Safety Council. Mrs. Julius Meyer, president of the P.T. A., will preside. W. C. Jones has been serving as chairman of the bus committee which has made a careful study of the school bus situation during the past month.

Birth of Nickel Recently displayed by International Nickel at the National Metals Exposition in Detroit was a scale model of the laboratory in which 200 years ago the Swedish scientist Cronstedt discovered the element nickel. Although the face of the model measured only 22" by 7", it contained hundreds of authenticated items of the time in miniature.

Sunday at the Webbs Nursing Home.

Our community was saddened Sunday morning when the news was reported of the death of one of our boys and his wife, Mr. and Mrs. Henry Vineyard, in an auto accident near Frederica. Our sympathy goes to his father, Herman Vineyard.

Miss Alma Case, formerly of Frederica, now a patient of Jarvis Nursing Home, condition is very poor.

Edward Hutson has returned home from a vacation in Florida.

Mrs. Mary Boone entertained at cards Monday night, guests from Dover, Mr. and Mrs. S. H. Gottoz, Mr. and Mrs. Geo. Man-

love, and Mr. and Mrs. Micky Guttari, it being the birthday of Mr. Gottoz and Mrs. Guttari. Other guests were from Ellendale.

Muskrat season will soon come to a close. Trappers report a good catch over the weekend.

Onion sets in market makes one feel that spring is just around the corner.

John Woodrow has accepted the job of our new Sunday School superintendent. We all sincerely wish him lots of luck and hope that the boys and girls will endeavor to attend and that very soon we will have a junior choir.

Eggs seem plentiful in market and are selling for 43c doz.

Houston

(Last Week)

Mrs. Ira Scott, accompanied by Mr. and Mrs. George Kirkby, visited Mr. Scott in the Veterans Hospital, Elsmere, Sunday afternoon and found him doing fairly well, though not allowed to climb steps. Mr. Scott was able to come downstairs in the elevator and show his visitors around this wonderful hospital. It being such a beautiful day, relatives and friends of the veterans really turned out. Mrs. Scott said she had never seen so many visitors there before.

Mr. and Mrs. Leroy Bayard, of Salisbury, visited his aunt, Mrs. Amanda Lofland, Sunday.

We were very sorry to learn of the death of Willard Sapp Monday morning at his home in Frederica. Mr. Sapp had been ill for a long time. While not a resident of our town, he was quite well-known, being an uncle of the Sapp boys, Roy, Oley and Henry, also Emory and Whitey Webb. (See article elsewhere in this paper.)

The program which was put on last Thursday for the March of Dimes by several organizations of Houston was more than successful. It netted \$101.04 with no expenses whatever. We are thankful for so much to help combat this most dreaded disease and let us pray and hope that Houston may never need to use any of this fund.

School News

The membership drive for the P.T. A. is doing very well. To date 201 members have been solicited and the drive will continue until February 29.

The Pearls are 19 members ahead of the Diamonds. It will not be too late to enroll before the 29th, so if you are an adult and are really interested in your public school, you may still join the P.T. A. by giving your name and enrollment fee to any child solicitor. All members are invited to attend the regular P.T. A. meeting tonight at 7:30, in the school house. Bear in mind the date of our annual auction Feb. 29 at the school house at 8 p. m. Solicitors for contributions to the auction will call upon you before then. We hope everyone will give liberally to and attend the auction.

Valentine parties will be given in each of the school rooms this week. The rooms are decorated with Valentine art productions of the pupils.

3 Years in Prison Face 'Phantom Burglar'

Dover's "phantom burglar" of last spring and summer last Thursday was sentenced to three years' imprisonment by Judge Daniel L. Herrmann in Superior Court on a charge of breaking and entering the Capitol Cleaners Stores on June 21.

Three other similar indictments were retired by the state. Some 15 business places reported entries during the period the "phantom burglar" was said by the police to have been operating.

Wilbur Bernard McKethan, found guilty of a charge of assault and battery upon Warden Norris B. Garrison, was paroled for one year by Judge Herrmann, who explained the prisoner was suffering from a deep-seated illness. McKethan is accused of striking the jail warden with a hedge cutter while on outside the jail employment.

Eugene Woodrow Morris, convicted in court last Thursday on a drunken driving charge, was given the choice of a \$100 fine or 30 days in jail. His case was heard on an appeal from magistrate's court.

Mrs. Albert Humphreys and Johnny motored to Wilmington Sunday and joined Ray and Barbara Humphreys and Mr. and Mrs. Hugh Powell, of Boston, for a family party. Mr. Humphreys returned from a southern trip Monday night of this week.

Mr. and Mrs. James Farrell entertained Mrs. Whittall Laramore, of Greensboro, and Mrs. Lawrence Crowl, of Wilmington, Saturday.

Mr. and Mrs. M. T. Uhler, Mr. and Mrs. C. E. Ocheltree, Mr. and Mrs. Vernon Metzner and Eddie were Sunday dinner guests of Mr. and Mrs. John W. Elliott. Miss Jean Meredith and friend, Don Lynch, of Selbyville, were dinner guests of Mr. and Mrs. N. W. Meredith Sunday.

Victory Home Demonstration Club

The February meeting of the Victory Home Demonstration Club met at the home of Mrs. Frances Penny with Mrs. Angie Potter as cohostess.

The topic, "Cake Icings and Decorations," was presented by Mrs. Potter who had previously baked two cakes and iced them to demonstrate her talk. Later they were served to the group with ice cream and coffee.

A contribution was presented to the March of Dimes.

A new member, Mrs. Charlotte Hutson, was welcomed into the club.

A social hour followed.

The March meeting will be held at the home of Mrs. Etta Tharp March 6 assisted by Mrs. Catherine Carson. The topic for discussion will be "Help Your Kitchen Help You."

Hoof Beats

The United States Trotting Association mailed harness racing driver license number one to John F. Simpson of Chester, S. C. and Hanover, Pa. for the second straight year.

Simpson gained the right to retain the coveted number one license by scoring more victories than any other driver in 1951. The 32-year-old reinsman posted 118 wins. In 1950 he led the pack with 111.

The achievement award was instituted a year ago when the USTA announced it would reserve licenses numbered one through 50 each year for the top race winners of the preceding campaign. Only a small percentage of the nation's more than 3000 active drivers make the annual honor roll.

Simpson, now general manager of The Hanover Shoe Farms, Hanover, Pa., raced a public stable last season. In addition to leading the race winners, he also established a new all-time money-winning record by earning \$333,136.25. He is currently training the Hanover horses at Orlando, Fla.

License number two will be carried this year by W. N. (Doc) McMillen, veteran London, O., reinsman. McMillen, the nation's leading percentage driver in 1951, racked up 98 wins during the campaign. He was sixth in 1950 with 92 victories.

William R. Haughton, Fulton-

ville, N. Y., youngster, earned license number three by virtue of his 97 winning rides in 1951. He had the number seven license last year.

Harry Burrig, of Mendota, Ill., will carry the same number four license he had in 1951. Burrig was fourth with 95 wins in 1950 and fourth again last year with 90 victories. Levi Harner, Bloomsburg, Pa., likewise won 90

licenses and will be given license number five for the 1952 campaign.

THE HEART DRIVE

The March of Dimes campaign has officially ended, though contributions will be received up to March 1, and more attention can be given the Heart Drive.

Last year this community did not participate in the Heart Drive, but this year Harrington Grange is sparking a campaign. Mr. and Mrs. Willis Laughery, grange members of Farmington, distributed plastic hearts, in business houses here, to serve as receptacles for donations.

It is especially gratifying to see that the grange, an agricultural organization, is interested enough in the welfare of the community, as a whole, to undertake this important project. Heart disease is the nation's No. 1 killer.

ENJOY THE BENEFITS OF THE BOOKMOBILE

The Library Commission of the State of Delaware is sending a bookmobile to Harrington every other Tuesday afternoon, with the next visit scheduled for Feb. 26. The vehicle, a peripatetic library, will be stationed from 2 to 4 p. m., at the corner of Fleming and Mechanic Streets.

Whether or not this valuable aid to civic culture will continue to visit here depends upon community response, according to Mrs. Bernice Hammond, librarian for the library commission. If the citizens patronize the bookmobile (there is no cost), it will continue to come here. If the citizens do not patronize it, it will not come here. It is as simple as that.

The bookmobile has visited Harrington twice. The number of patrons borrowing books has only been fair, but then it will take some time for the public to find out about it.

The vehicle was a gift to the commission from Walter S. Carpenter Jr., of Wilmington, who recently presented a library building to Laurel. Specially built, the truck carries 2000 volumes composed of a wide selection. Cost of the truck and special body was nearly \$9000.

FIVE MORE KILLED IN HIGHWAY CRASHES

Well, five more were killed near Harrington and Milford Saturday night in highway crashes. That made 11 fatalities as of Saturday for Delaware. We knew one of the victims, Henry L. Vinyard, of Milford. He was a member of Cook & Vinyard, the Frederica furniture establishment. We have been in the store on many occasions. Mr. Vinyard was a man who had a host of friends.

The toll will not stop at 11 for 1952. We just do not have enough highway partolmen. Additional policemen mean lives saved.

Get out on the highway—anytime. Notice the speeding cars, especially the trucks. Notice the blinding lights and the hot rods.

Preaching is not enough—we need police action if lives are to be saved.

DELAWARE'S MOTHER OF 1952

The quest for Delaware's Mother of 1952 is well under way, according to Mrs. Joseph W. Ennis, Smyrna, chairman of the selection committee. Closing date for entries has been set for February 29.

Mrs. Ennis says she hopes to have entries from all three counties this year. Many women in these counties are eligible as contestants, she declares. Mrs. Ennis urges clubs and organizations to secure entry blanks from members of her committee in their area and submit an entry at once.

"New Castle and Sussex counties failed to return nominations blanks for 1951," Mrs. Ennis continued. "There are many women in these counties who are eligible and we should like to have them considered."

Members of the selection committee for 1952 are: Mrs. Milton Manlove, Seaford; Mrs. George W. Till, 125 Lake Drive, Rehoboth Beach; Mrs. Wilson Vinyard, Milford; Mrs. E. W. Bieberman, Dover; Mrs. Jessie Loven, Odessa; Mrs. William N. Cann, 1508 Pennsylvania Ave., Wilmington, and Mrs. Paul Mitchell, Hockessin.

Entries should be submitted to Mrs. Ennie by members of the committee in time for full consideration, she said. After the state mother is selected, her name with information concerning her is sent to the national headquarters of the American Mothers' Committee, New York City. There, a board of judges considers all state entries and selects the American Mother of the Year.

The highlight each year is the annual tribute to Motherhood on the Friday preceding Mother's Day. At this time the American Mother of the year is especially honored at fitting ceremonies. Presentation of awards takes place that day at a luncheon at the Waldorf-Astoria Hotel, New York City. A full week of action has been arranged in connection with this event. The state mother will be invited to attend and she will participate in radio and television appearances.

Last year the Delaware winner was Mrs. W. Reidy Brown, of Wyoming, who attended the re-

WASTED MOMENTS

By Samuel A. Short Jr.

Wasted Moments is time idly spent, By ones that can see nothing to do. Some goes into hours and are never meant, To be put to use they don't care who. Wasted Moments sometimes are but a memory, By others without any care at all. Some running into hours every day, While some run into even years we recall. This was never meant for any one, To be selfish while treading the sod. To fool around, and howl and whine like some, But what to do is to never shirk a job. And stop wasting their time and relent, For their time will come with a voice to seek. Their wasted moments they so idly spent That have run into hours every week.

Electric lights will be installed in Manship's Church and the adjacent church house building this week.

Chief Arthur Swartz and Officer Paul Porter have been assigned to look-out duty on Commerce and Clark Streets in the event of an air raid and its attendant incendiary bombs. Chief Swartz has assigned several auxiliary policemen: Woodrow Legates, Alton Downes, Wilson Bradley, Arlie Derrickson, Oliver Smith, Howard Spicer, Harry Plummer, Oscar Minner, Harry Morris, John Lingo, Howard Benson, Buss Parker, Randolph Sparks and Roy Parker.

Several fires have occurred in and near Harrington the past week or so. The home of Samuel Tharp, one of the landmarks of the community, was destroyed at Prospect. The home of Willard Brown, southwest of town, was destroyed, although most of the furniture was saved. This week's fire caused a loss estimated to be \$3,000 to the home of John Parks on Weiner Ave.

The Harrington High School Swing Orchestra, under the direction of Melvin Brobst, furnished the music for the Boy Scout county meeting at Dover Friday evening. The members of the orchestra were Lila Chasen, Gertrude Harris, Jeanette Von Goeres, Bobby Jester and Matthew Eckrich.

Leonard Voss, 79, was found dead sitting in a chair at his farm home near Burrsville by his cook. A bachelor, Mr. Voss was the last of a family of 11 children.

Billy Davis has been chosen for the All-State High School Band.

Senator Wilbur E. Jacobs, chairman of the commission to arrange for the statues of the two Delawareans to be placed in the States' Hall of Fame, in Washington, with the other members of the commission, spent a day or two in New York this week with the sculptor, Bryant Baker. John M. Clayton and Caesar Rodney are the two selected for the Hall of Fame.

Twelve hundred people packed the Reese Theatre, many of them standing, to hear the address of former Governor Charles Hillman Brough, of Arkansas, Wednesday evening, under the auspices of the Democratic Booster Club of Kent County. Hundreds of people were unable to gain entrance, and it is safe to say that at least sixteen hundred people were here for the purpose of attending the meeting. Vituperation and abuse, billingsgate and vilification, played no part in the address of Governor Brough. His was a gentlemanly, scholarly address, thoughtful and considerate, appealing to the unbiased, dealing with facts, and embellished with flashes of humor. At the conclusion of the address, he received an ovation. Hundreds came forward to extend congratulations. It was the biggest Democratic meeting held in Delaware in decades. Brief addresses were also made by Hon. James Tunnell, of Georgetown; Zach Wells, of Wilmington; Dr. "Buck" Wharton, of the University of Delaware; Herman Taylor, of Dover, and Clarence E. Keyes, of Harrington. Howard E. Lynch, of Dover, president of the Kent Democratic Club, presided.

Miss Mildred V. Parker, daughter of Mr. and Mrs. Fred Parker, and Herman J. Minner, son of Mr. and Mrs. George Minner, were married at the Methodist Episcopal parsonage Saturday, Rev. E. H. Collins performing the ceremony.

Walter J. Paskey, of Harrington, former Speaker of the Delaware Legislature, has been known as the J. Hamilton Lewis of Delaware for 15 years. In physical make-up he resembles Ham, but when it comes to whiskers, the similarity is startling. Governor Brough, of Arkansas, on being introduced to Mr. Paskey last week, said: "Mr. Paskey, you resemble Ham Lewis. Return to Washington with me tomorrow and I will make you acquainted with him." Mr. Paskey accepted the invitation, and on the following day, Gov. Brough repeated his office of the day before presenting the Delaware contingent to the famous of Washington. Calling the famous J. Hamilton Lewis from the Senate, the Arkansas governor said: "Ham, here is Delawarean, Mr. Paskey; they say he resembles you." Ham and Walter grinned at each other, shook hands, and then, backing off a pace or two, each inspected the other from head to foot. Ham turned to Governor Brough, as Walter turned to Clarence Morris. In the same breath, both said: "H—!! Do I look like that?"

Caesar Rodney School Notes

A movie shown Saturday evening, Feb. 15, added approximately \$80 to a fund to purchase additional library books for use by elementary grade pupils. Miss Ann Coffin's section of the fifth grade was the highest in ticket sales with Miss Fay Sale's section of the sixth grade being a close second. Both rooms will receive a new library book as a prize. Mrs. Mary W. Cool, librarian, sponsored the project. According to Mrs. Cool, an unusual increase in interest in reading books by elementary school pupils has created a high book need in that area which she is attempting to meet by securing additional books by gifts and additional purchases.

W. B. A. Review No. 4 Celebrates 28th Birthday

The W. B. A. Review No. 4, of Harrington, celebrated its 28th birthday with a turkey dinner at the Bridle Bit Restaurant Wednesday evening, Feb. 13, with 53 members present and six guests.

The guests were: Mrs. Willie Lee Deleka, managing deputy of Delaware and Maryland; Mrs. West and Mrs. Dunnock, all of Baltimore; Mrs. Lina Rickenbach, our state deputy; Mrs. Martin and Mrs. Anna Wyatt, all of Wilmington.

After the dinner Mrs. Martin explained and discussed the tri-state rally to be held in Wilmington, May 10, with the Harrington Review doing the drill work. Names were drawn for the contest, which will start at our next meeting Feb. 27. Captains for the two sides are Mrs. Lillian Wheeler and Mrs. Evelyn Porter. All members are urged to attend each meeting.

Entertainment for the evening was furnished by the members of the review with each one participating.

Can "Take It," Too. Both the tractor on the truck farm and the bulldozer leveling a military airstrip are built to be able to "take it." The specially designed finishes that protect them are also tough and durable.

Trinity Methodist Church Notes

Once a year in the Methodist Church the laymen have charge of the religious services. This affords them an opportunity to make known what the Christian religion means to and what it has done for them. This is Laymen's Sunday. Randall H. Knox Jr., our lay leader, will have charge of the morning worship at 11 o'clock. Prof. J. C. Messner, superintendent of the Harrington Public Schools, will be the speaker; and the Senior Choir will sing.

Elwood Gruwell, our conference lay member, will be in charge of the evening worship at 7:30. Paul Powell, former chairman of the Church School Superintendents' Convention, will be the speaker; and the Men's Chorus will sing.

Patsy Minner will be the leader in the Youth Meeting at 6:30 p. m. in the Church Annex. We have a class of your age group for you in our Sunday School, which convenes at 9:45 every Sunday morning.

Monday Evening: The regular monthly meeting of the Official Board.

Tuesday Evening: The regular monthly meeting of the W. C. T. U.

Thursday Evening: Rehearsal of choirs.

Friday Evening, 7:30 P. M.: The annual Day of Prayer Service.

Next Sunday: First Sunday in Lent; Communion breakfast for men; and Commitment Day.

Wed., March 5: Spring meeting of Dover District W. S. C. S. in Milford.

Asbury Methodist Church Notes

"How Can We Follow Christ in Our Friendships?" will be studied at the Sunday School, which begins at 10 a. m. with devotions by Fulton Downing. Classes for all age groups.

Morning Worship begins at 11 o'clock. Officers and members of the Loyal Order of Moose will attend this service as special guests of the church. Special speaker at this service will be a missionary from Sumatra, the Rev. Ragnar Alm, who is a district superintendent of Methodist work on that island. Mr. Alm is a native of Sweden and spent part of his furlough in that country before coming to the United States.

The Methodist Youth Fellowship will meet in the Collins Building at 6:30. Devotions will be held by Guy Winebrenner.

Laymen's Day will be celebrated at the evening service, which begins at 7:30. The lay leader, Fulton Downing, will speak. Plans are being made for an interesting program. The Chancel Choir will sing.

On Thursday the choir will meet as follows: Junior Choir at 3:30 in the Collins Building, Chancel Choir at 6:45 in the Collins Building, and the Cathedral Choir at 8 in the sanctuary.

On Friday evening, Feb. 29, at 8 o'clock the Pathfinders Class will meet at the home of Mr. and Mrs. Lester Smith. Cohost and hostess will be Mr. and Mrs. Robert Masten.

From where I sit... by Joe Marsh

Jiggs Gets Four "Hot-Foots"

Cappy Miller's bought himself a new car. We won't be seeing his old jalopy bouncing over the back roads any more. I'm going to miss it, too. Many a morning Cappy and I drove off in that rattletap for a day's hunting or fishing. We'd pile rods or guns in back, and prop open the trunk compartment—so Jiggs, Cappy's pointer, could jump in and go along. They say when Cappy brought the new car home he opened up the hood to show off the engine—and poor old Jiggs hopped right in! Figured it was the trunk. He hopped right out in a hurry, too. That cylinder head was mighty hot. From where I sit, old habits are hard to shake, once they get a hold. Like, for instance, too many people are still in the habit of trying to run their neighbors' lives—telling them how to act, what to wear, whether or not to enjoy a refreshing glass of beer. I say that kind of thinking's out-moded... ought to be turned in for a new model!

FARM NEWS AND REVIEW

Dinner Held For Growers Of Lima Beans

More than 200 attended a turkey dinner given by the H. P. Cannon and Son, Inc., for lima bean growers of this section in the Seaford Fire Hall last week. Joseph Eckhart, Cannon's field manager, was master of ceremonies.

Dr. John Heuberger of the University of Delaware spoke of the agriculture problems of the state. Henry P. Cannon II, president of the company, told of circumstances affecting the lima growers and also the canner.

Others giving brief addresses were William Henderson, Sussex County agriculture agent; Lester Lichtenberger, and Albert Humphreys, both of Bridgeville.

In citing the number of acres of lima means planted, special mention was made of State Senator H. H. Dickerson who was the champion grower with 144 bushels planted in 1951.

Cecil Messick, of Bridgeville, won top honors for the division of those planting 30 bushels or over; Ernest Argo, Harrington, for the second division planting from 20 to 30 bushels; Joseph Williamson for the third division of 10 to 20 bushels; Francis Needles for the fourth division, five to 10 bushels and Frank Beauchamp in the fifth division, two to five bushels.

Francis Needles, Harrington, was named number one grower in gross yield per bushel. He grossed \$348.06 for each bushel of seed planted. Frank Beauchamp of Harrington was second; Zehr and Evans of Bridgeville, third; Joseph Williamson of Bridgeville, fourth, and Clinton Hastings of Bridgeville placed fifth.

The average for the high grower for the past five years was \$281.70 gross return for each bushel planted.

Prescription For Profitable Pork Production

"B-2-4-6-8-10-180." Sounds like a new vitamin or a football signal, but it's really a prescription for profitable pork production.

Malcolm Kerr, University of Maryland swine specialist, told farmers at extension service meetings last week that this is the key to efficient hog raising. He explained it this way:

"B-be there when needed at farrowing time.
2-at 2 weeks start creep feeding.
4-at 4 weeks castrate the young boar pigs.
6-at 6 weeks vaccinate all pigs for cholera.
8-at 8 weeks wean the pigs.
10-at 10 weeks worm the pigs if necessary.
180-in 180 days or less proudly take the pigs to market."

Actually, it isn't quite that simple, but each of these practices will result in more and better pigs.

Mr. Kerr emphasized the importance of careful management: "Of each 100 pigs born, only 65 live to be weaned, and 56 live to be sold." Almost half the pigs that die before weaning time at 8 weeks of age die from being mashed by the sow. Farmers used to blame the sow for this, but Mr. Kerr put forth a new concept of the cause. "The young pigs never had the vitality to get out of the way," he said.

Greater vitality of the young pigs can be achieved by proper feeding of the sow before farrowing time. Mr. Kerr said, "Heavier birthweight means heavier weight at weaning—each extra pound at birth means 6 or 7 pounds at 8 weeks—and a greater percentage of pigs weaned."

Even some of these larger pigs will die. Mr. Kerr admitted, but these losses can be kept at a minimum by using farrowing pens, pig brooders, and guard rails.

Sidedressing Corn Pays

Want to grow more corn to the acre? You can do it by putting on a nitrogen sidedressing.

Tests at the University of Delaware Agricultural Experiment Station show that corn yields can be almost doubled by sidedressing with either ammonium nitrate or anhydrous ammonia. The anhydrous material is relatively new, and shows promise as a time and money saver.

The experiments were conducted at the Georgetown sub-station, under the supervision of Richard Lindsey and Burton Collins, soil scientists. In the research plots, soybeans were plowed under in the summer of 1950, and a barley cover crop in the spring of 1951. Then 200 pounds per acre of 0-20-20 fertilizer were drilled into the field just before planting, and another 200 pounds of 4-12-8 were applied in the planter.

The yield on plots with no additional fertilizer was almost 50 bushels per acre. Where 30 pounds of fertilizer were sidedressed on, the yield was about 70 bushels per acre; and where 60 pounds were applied, the yields were over 80 bushels per acre. Sidedressing with 90 pounds to the acre was also tested, but the increase in yield was not great enough to make it pay.

According to Lindsey, a man with over 50 acres of corn, who can do some custom work, can afford the equipment needed for using anhydrous ammonia. The saving in time with this material is pointed up by the fact that one rig applying it can cover about 25 acres in a day.

Canners' School At U. of Md., March 19, 20

The annual Canners, Freezers and Fieldmen's Short Course will be held in the University of Maryland's Department of Horticulture, College Park, Md., March 19 and 20. The course will focus attention on production and economic factors that influence growing and marketing vegetable crops.

The school is sponsored by the University of Maryland department of Horticulture, Rutgers University, University of Delaware and the Tri-State Packers' Association. The Tri-State Packers will meet in the Lord Baltimore Hotel, Baltimore, the following day, March 21.

Special emphasis will be placed on sweet corn and tomato processing, but other crops to be discussed will be: sweet potatoes, peas, asparagus, broccoli, lima and snap beans. Students at the course will do laboratory work on quality control, grading and judging canned and frozen products.

Winners of the 10 Ton Tomato Club contest will be announced at the short course.

Merrymakers Home Demonstration Club

The February meeting of the Merrymakers Home Demonstration Club was held at the home of Mrs. Fred Martin with Mrs. Russell Blades assisting. Mrs. B. Norman Hopkins, president, presided.

Contributions were made to the March of Dimes and to the Youth Exchange.

Mrs. Blades and Mrs. Martin gave a demonstration of cake icings.

The next meeting will be held March 12 at the home of Mrs. Lester Smith assisted by Mrs. B. Norman Hopkins.

Farmers Report Good Results in Chickweed Control

Six Maryland farmers who cooperated with the University of Maryland extension service in a demonstration project for controlling chickweed in alfalfa fields report good results, according to Stanley Stabler, extension agronomist. Chickweed is an annual weed which flourishes in cool weather reducing or smothering alfalfa meadows.

In Baltimore County the farms were owned by: Cletus Armacost, near Upperco; Frank Lupo, Cockeysville; John Gontrum, on the Mt. Vista road, and Cloverland Dairy Farm, on the Dulany Valley road. Baltimore County extension agents H. B. Derrick, F. R. McFarland Jr., and W. M. Buckel worked with the extension agronomist in the demonstrations.

Co-operating with Mr. Stabler and Howard County extension workers W. G. Myers and R. D. Martin were: Fred Kaiser and H. J. Baker Jr., both near Ellicott City.

The farms participating in the project had problems with chickweed in alfalfa fields. In fields sprayed at the rate of one gallon of dinitro sprays per acre during the first week of December, 1951, good control was obtained, Mr. Stabler says. In areas with a heavy infestation of chickweed, two gallons per acre gave best results.

Some heavily infested plots received a split application of two gallons of spray. That is, one gallon was applied in December, and another gallon applied the first week in February. Mr. Stabler feels that better control of heavy infestations of chickweed can be obtained with the split application.

The dinitro sprays can be applied with conventional low pressure, low gallonage weed sprayers, anytime after the first fall frosts, and before March 15. When applied while the alfalfa is dormant, the sprays did not damage the alfalfa.

For complete details and recommendations consult your county agent, and ask him for Agronomy Mimeo No. 65, "Control Chickweed in Alfalfa."

Sheep Field Day At U. of Md., Feb. 23

The University of Maryland will hold a Sheep Field Day, Feb. 23, at the Animal Husbandry Department barns on the campus at College Park. M. E. Gannon, extension livestock specialist, who is chairman of the event lists a program covering major phases of sheep production.

The field day will begin at 9:30 a. m. with inspection of the facilities of the Animal Husbandry Department for sheep, swine and beef production and research.

Extension specialists from the University of Maryland, prominent sheepmen and marketing experts will participate in the program.

Topics to be covered are: sheep buildings and equipment, management and health problems, breeding and selection, marketing and the flock improvement program sponsored by the Maryland Sheepbreeders' Association.

Other livestock field days slated for the near future are swine, March 8, and beef, April 5.

Colonial Charm
A charming Early American dining room has walls painted a deep, dull blue, a beamed ceiling and random-width planks for the floor. The pine trestle-table is placed beneath a wide window which overlooks the garden. Pewter plates and tankards gleam on the shelves of a Welsh cupboard. Draperies are russet in tone. The russet hue is repeated in the hand-hooked rugs on the floor.

Precious Optical Illusion
Palladium, one of the precious platinum metals, is the newest of the rare metals used in jewelry today. The majority of the engagement rings sold in 1950 contained diamonds weighing between one-sixth and one-third of a carat. Buyers of these diamonds frequently prefer to have them set in special settings that make the gems appear larger. It is important that these special settings be made of a white precious metal. Palladium is preferred because the diamond is held securely by this white metal of high strength.

On Finish Line

The mechanical equipment for a complete finishing job in a bicycle factory has been designed to produce the finest finish obtainable at the lowest possible unit cost. It occupies a minimum of floor space within the plant and provides continuous conveyORIZED processing from metal cleaning and rust proofing through dry-off, flow-coating and finish baking operations.

The program was turned over to Felton Grange and their lecturer, Miss Gow. They presented the program of entertainment which ended with a skit, "What America Means to Me."

The granges attending were Dover, Smyrna, Fruitland, Felton, Harrington with two visitors from Ridgely Grange.

The next meeting of the group will be March 3.

Give It Time
It is advisable to allow three or four days' drying time between exterior paint coats. Paint dries more rapidly in summer and fall, more slowly in spring and winter.

Testing facilities for the study of sea water corrosion are being added to the Harbor Island Station of the Kure Beach corrosion project, near Wilmington, North Carolina. Included in the new facilities will be a full-size salt water evaporator and distillation unit to study the effects of water treatment and design on corrosion and scaling of such units—especially as used on board ship.

It's in the Tips

The bristles in nylon brushes must have long, fine tips. By holding the brush up to the light, fanning out the nylon and looking closely at the tips, you can observe these. The way a brush will pick up paint and release it is affected by the tips of the bristles. In other words, they govern the smoothness with which paint can be applied. Because of the wearing qualities of nylon, it is not necessary to obtain a long brush. A good 4-inch brush should not have more than 3/4" of bristle extending out of the ferrule.

Dover YMCA Basketball Tournament

Despite the inclement weather the fifth annual Dover YMCA Invitational Basketball Tournament got off to a great start at the Dover Field House last Saturday evening with three games holding the interest of the largest opening night crowd throughout.

This Saturday evening three more opening round games are on tap that promise an interesting evening of cage pastime. In the opening game at 7 p. m. St. Joseph's, Wilmington Major CYO League leaders, will meet the Dover Interceptors, local Air Force five. St. Joseph's is loaded with standout talent, several of which have starred on college courts. Dover Interceptors have three sharpshooting cagers in Bobby Brown, Paul Archer and Harvey Troutman. The Interceptors reached the finals in the Air Force Cage Tournament held at Ft. Dix last week being nosed out by a Washington, D. C. combination.

In the second game two Eastern Shore fives, Harrington Legionnaires and Cambridge K-Dets, will scrap. Harrington has been pacing the Eastern Shore League since the season's outbreak. A shortage of key player personnel during the past week bogged down the Harrington quintet but beginning this week they expect to be at full strength with Bob Snowden, Joe Griffith, Paul Martin, Jack Dill, and Bob Roberts set for duty. Cambridge made a runaway race of the Central Shore League and expect to make a strong showing against the Harrington combine.

In the third game Playtex, strong Dover industrial five, battles the New Castle Air Force Minutemen, a smooth clicking aggregation that can be troublesome all the way. Playtex has been going great all season with a 21-5 record against most of the top teams in the state. Kirk Gallagher, a 23 point man at F & M last season, Johnny Schauberg, ex-Bucknell dribbler, and Rick Colling, former Lehigh passer, are big guns in the Playtex attack while the work of Tom Shalley, Dick Hetsko and Ted Sylvester has been steady, offensively and defensively.

Laurel held off a strong threat by Claymont AA to win 65 to 62 in one of the night's closest games. Laurel led in the first three periods but Claymont closed strong and paced the scoring in the final period 23 to 16, Tommy Whaley carried the hot hand for the Laurel Owls with 25 points, with Dick Cooper having 10 and Phillips, 11. Cooper's

Saturday night's clashes will complete the first round except for the clash between Delaware Steel and Chicoteague Rangers, which will be played as the opening game on March 1. On that same evening the quarter-rounds will get underway as Denton battles Rocco's and the victors of the Playtex-New Castle game play Newark AA.

In the opening game Saturday evening every game was toss-up. In the opening game Newark AA finished with a rush to top a young Shanahan's AC five 51 to 47. A 26 point outburst in the third period put the Newark five ahead for the first time. Shanahan led the scoring in all other periods. Lee Challenger with 16 points and Cliff Lee with 11 led the victors while Buddy Cataldi hoped 10. Jack Jones copped game honors as he led the defeated five with 19.

In the second game Rehoboth AA ran out of gas in the late stage and the strong Rocco's quintet pulled away in the third period to win 66 to 54. They played on even terms in the first quarter 12-12, while at halftime Rehoboth was out in front 32-30. Ken Lingo and Phil Cunningham were hot for the resort five in the opening half but failed to hit in the final quarter. Earl Burns sparked the Rocco's cagers with 18 points with 8 coming from the foul line. Gene Schaeen was runner-up with 15, with the usual high scoring Lee Marshall being checked with 12. Ken Lingo had 16 for Rehoboth with Cunningham being a shade behind with 15.

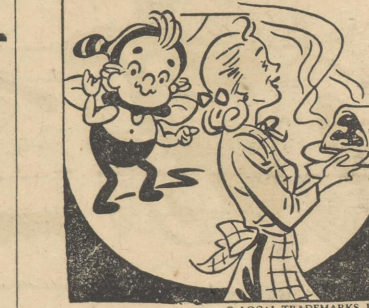

Laurel held off a strong threat by Claymont AA to win 65 to 62 in one of the night's closest games. Laurel led in the first three periods but Claymont closed strong and paced the scoring in the final period 23 to 16, Tommy Whaley carried the hot hand for the Laurel Owls with 25 points, with Dick Cooper having 10 and Phillips, 11. It looks like a POWER YEAR

New Horsepower — new Brake Power — and new Power Steering blossom on Buick's ROADMASTER for 1952

MAYBE you've heard—horsepower has hit a new high on the ROADMASTER. Brake power has done the same. But today, we'd like to concentrate on the third member of the power trio—Buick's own version of Power Steering, available on ROADMASTERS at a moderate extra cost. What is this Power Steering like? It's something like a helping hand, something like a "hydraulic slave"—that relieves you of all steering strain, but lets you keep command. What we mean is this: Power Steering is handled by a special hydraulic unit—and engineers can design this unit to take over any amount of steering effort—even to a point where the wheel seems to float in your hand. But in that case, you'd surrender all control to that hydraulic unit—get no steering "feel" from the wheel. Now suppose you're telling two agile tons of automobile what to do in traffic. We think you'd like to have it know that you're in command. And—out on the straightaway—we believe that a part of the joy you get from owning a Buick is the sensation of having something alive and eagerly willing beneath your hands. So we're glad to announce that Buick engineers didn't spoil this thrill. They've kept the fun of driving, and simply eased the effort. When you're rolling along smooth and straight, it takes almost no effort to keep any Buick on course. It almost steers itself, as every Buick owner knows. But—when you want to get away from a curb

—back into a parking spot—make a turn—Buick's Power Steering comes into action, saves four-fifths of the effort required with ordinary steering. Power Steering does the extra work.

And—in case you wonder what happens if Power Steering gets out of kilter, the answer is nothing. Your Buick steers just as it always has.

That's why we've been saying, "This is Power Steering as it ought to be."

Come in. Try it out. We think you'll agree.

Equipment, accessories, trim and models are subject to change without notice.

Sure is true for '52

State Election Department Fills New Information Post

The appointment of Robert J. McFann, former program director of Radio Station WILM, as director of the new state department of election information in the office of the Secretary of State, has been announced by Harris B. McDowell, Jr., Secretary of State of Delaware.

Funds for the establishment of the department were made available to the office of the Secretary of State by an appropriation of the 116th General Assembly. The new department, according to McDowell, will be charged with the responsibility of disseminating information on registration and voting laws of Delaware to all eligible voters throughout the state. This will include the establishment of a program to answer all requests pertaining to election and registration laws, as well as the utilization of existing facilities for imparting such information to the general voting public. The department will be modeled along lines of similar departments in other states.

The department will also handle requests for absentee ballots from Delaware members of the armed forces, as well as requests for information about Delaware registration and election laws from a variety of sources outside the state. At the present time a large volume of such requests is being handled.

It is planned that in the near future, advisory committees will be named for each of the three counties in the state. The membership of these committees will include business, professional and civic leaders of the state and will be bipartisan in nature. The committees will advise and assist in setting up the program of information for voters throughout the state. One project now under consideration is the printing and distribution of a pamphlet containing a condensation of Delaware's registration and election laws. Such a pamphlet would be available to all groups in the state interested in putting this information in the hands of its members.

Man and Woman to Guide Destinies of Ocean Downs

The unique managerial combination of a man and a woman will guide the destinies of Ocean Downs Raceway, the picturesque resort harness track overlooking the sea at Ocean City, Md., during the 20-night meet from Aug. 5 through Aug. 30, it was announced by Earl E. Conley, track president.

S. Rudy Brittingham, well known Ocean City, Md., sportsman, civic leader and businessman, has been appointed general manager of the seashore oval.

Brittingham has been a sturdy pillar of the Ocean Downs organization since its inception in 1949, serving on the Board of Directors as assistant treasurer and then as treasurer.

Miss Mary Blackburn and Willis Kimbal were married in the church here Friday evening, by the Rev. J. J. Von Hagel, of Wyoming. The couple were attended by Mr. and Mrs. Donald Kimbal, brother and sister of the bride and groom. After a short wedding trip they will reside at the home of the bride's parents.

He will continue as treasurer in addition to taking over his new post.

The feminine half of the unusual managerial team will be Paula Jablon, one of the rare lady executives in the harness sport, Conley announced.

Paula has been associated with the booming sulky sport for the past 15 years, and has proved herself one of the most efficient and popular officials in the field.

She has served as assistant to the general manager at Rosecroft Raceway, Ovon Hill, Md., since its establishment in 1949, gaining fame for her ability at handling the countless details connected with the planning and successful operation of a harness meet. Her new job at Ocean Downs will in no way conflict with her duties at Rosecroft, since she does not move to the seashore oval until July 1.

Paula, who lives at Glassmanor, Md., has also served for the past six years as assistant program manager at Bay State Raceway, Foxboro, Mass.

Grease Fires
Grease fires on or near kitchen ranges are ever-present dangers to homemakers, so fire prevention officials advise caution in handling and storing food grease and fats. The experts warn against using water on grease fires. To fight such fires, they recommend using galvanized pails filled with sand or portable fire extinguishers filled with appropriate chemicals.

WHEELER RADIO STORE NEWS

I have been pondering over in my mind just what to write about this week and what comes to my mind is television. Folks who own one know what I mean because you are often thinking of the many, many grand and entertaining programs there are on the air. I don't mean just for one day but for 7 days a week and 52 weeks in the year.

Only last week I attended the funeral of King George III and I didn't even leave my home. I was sitting back comfortable and sorrowful as well. I don't mean to say this was a pleasure, but it shows how the many, many things not only in this good old U. S. but all over the world are doing and taking place.

We are installing them almost daily and if you haven't as yet made up your mind to get one, you are really passing up many things that you and your family enjoy. There is such a variety of things that some of it suits all. I have heard that some people didn't want any because they advertise beer. Well that is a very narrow way to look at it because there are so many religious programs also on the television. Then again if you want your children to grasp many new ideas as the world is changing, get a television and help them to reveal the greatness of this invention.

You notice I haven't mentioned what kind of television to buy. Well folks I would like to tell you what is best. That I cannot do. I sell what I think is the best, such as Philco, Admiral and Westinghouse. If I thought there were any better ones then I would try to sell them.

Don't delay think of work also a little play. The Zebra Kid lost his mask Tuesday night with Lord Carlton. What am I talking about? Ask anyone who has a television they will give you the answer. You see there are so many things today that you are just lost unless you have the required material and one of the most outstanding is television.

Come in my store and make your selection from at least ten to 12 different models right on the floor for you to see. Lo and behold before you leave you will be mighty pleased.

I notice that Kiddies Day has been announced for a day at Wheeler's Community Park in July. That is just fine and hope it goes over with a bang.

Wheeler's Community Park is only a name and has been possible by the profit derived from your dealing at my store and turning part of this back into a way of showing my appreciation of your business. Of course you are free and welcome to use it whenever you desire.

Last year was my best year in business financially since I opened a little shop about 30 years ago, and I feel there are many times when you desire something we sell that you stop and consider those things. I would appreciate it at least.

This past week has been cool and disagreeable most of the time. No matter how cold or how bad there is some good old summer time coming. Then look out for that old refrigerator that has had a cold for some years and now has the gout which means somebody is coming to take it out.

I would like to be that someone. We handle Philco and Westinghouse refrigerators, freezers and air coolers. Any better you name it.

Folks I know I have told you time and time again that we sell bottled or metered gas and stoves to burn it. You can get a mighty good meal on a Maytag, Perfection, Estate or Chels Pride gas range. Let us fix you up just as we did your neighbor. Your worry over cooking will be over. Or if you prefer an electric range good, we have them and boy are they beautiful! Your kitchen will light up like nobodys business when one of those Philco or Westinghouse ranges are put where they belong in the best of homes.

As I said before home decorators are hard to get a little later on. Bear this in mind and select your wall paper now. We have plenty of it and prices are within reach of all.

Talk Peace Not War. We are ready, but remember Joe for all. Wheeler's Television Center Phone 541 Harrington Adv.

Cellophane Tape Uses A torn paper dress pattern can be restored by applying strips of cellophane tape over the tears. Use cellophane tape to mend your worn out driver's license case where the imitation leather has been scuffed or torn. Crayons and colored chalks so popular with children won't break off so easily if wound around with cellophane tape. It will mend the broken ones. A cracked window pane can be restored to usefulness sealed with a strip of transparent tape.

a fractured skull and internal injuries.

Miss Kimble, who teaches at the Dunbar School in Laurel, was uninjured as were two other passengers in the car. State police arrested Miss Kimble on a technical charge of manslaughter.

Funeral services for Mr. and Mrs. Vinyard were held yesterday afternoon at the W. A. Berry Funeral Home, Milford. The Rev. R. L. Tawes, pastor of the Milford Avenue Methodist Church, and the Rev. W. H. Savelle, pastor of Lincoln Methodist Church, officiated. Interment was in Barratt's Chapel at Frederica.

Mr. Vinyard is survived in addition to his son, by his father, a brother, Joseph B. Vinyard, of Chestertown, Md. Mrs. Vinyard is also survived by a sister, Mrs. Riley Bennett, of Milford, and three brothers, Lloyd, Melvin and William Argoe, all of Middletown.

Funeral services for the youth were held from the same funeral home Wednesday afternoon. The Rev. Kenneth M. Cepler, pastor of the First Presbyterian Church of Milford, officiated. Interment was in Odd Fellows Cemetery at Milford.

He is survived by his parents, Mr. and Mrs. Vernon Lee Lyons; three sisters, Mrs. Doris Foskey of Wilmington; Mrs. Marie Lambke of Mount Storm, Pa., and Mrs. Ida Mae Shen, Milford, and five brothers, Ralph, of Georgetown; Sgt. Edgar Lyons, in Germany; Pvt. Norman Lyons, serving with the Army in Korea, and Vernon Lee Lyons Jr., and William Lyons, of Milford.

Two Killed Instantly Lawrence and Miss Sampson were killed instantly when the car in which they were riding and another automobile collided on Route 13, two and one-half miles north of Harrington. Both were pronounced dead at the scene by Dr. Godfrey Metzler of Bridgeville.

Troopers said Lawrence attempted to make a U-turn on the highway and drove into the path of an automobile driven by Michael Ehnott, 39, of East New Market, Md. The force of the impact hurled Lawrence out of the machine and onto the pavement. Miss Sampson, however, was pinned in the wreckage, and state police had to tear off a door before they could get to her.

Also injured in the accident were Mrs. Martha Ehnott, 35, and her daughter, Mary Lou, 11. Mr. Ehnott was uninjured.

The injured were taken to the Milford Memorial Hospital, where Mrs. Ehnott was admitted with a fractured right leg, lacerations of the face, and a fractured jaw. The child sustained a fractured nose.

Korea. His folks at Felton received a letter from him saying he had a gang building telephone lines.

Two more crossing gates are under way on the division. Fred Bailey's gang is installing them at Jimtown crossing and at Clayton, while Roland Talton's camp train is quartered at Parkside, Va., installing automatic gates at a new highway construction project near Onley, Va.

This makes the 19th and 20th on the division since 1947 at points where 18 fatal accidents have occurred in a period of less than six years.

No accidents of any type have occurred at crossings since gates were installed.

Engineman Cleve West, who has been involved in ten grade crossing accidents, says the gates give him a feeling of security as he approaches the crossings at high speeds.

Ever Ready Class Notes

The Ever Ready Class of Asbury Church School held its regular meeting Monday evening with Mrs. William H. Wheeler, president, presiding.

Matters of great importance concerning the building fund were discussed in detail and pledges received.

Mrs. Martie Stubbs, chairman of sunshine work, made a splendid report of sunshine work done in the past two months.

Mrs. P. C. Harrington and Mrs. Clarence Kemp, with their committees, gave an interesting program after which refreshments were served.

The next meeting will be March 17.

Houston

We are glad to report Henry Sapp returned to his home Saturday from Milford Memorial Hospital, while his condition is greatly improved, he will not be able to be up and around for some time yet.

James Kentz, the boy who had the misfortune to break his arm while playing ball, has also returned to his home with his arm in a cast.

Eugene, the small son of Mr. and Mrs. Eugene Sharp, has also been confined to his home with a cold, but we are glad to say he is improving.

Mr. and Mrs. Henry S. Griffith and son, Henry, entertained the following guests at dinner Sunday, Mr. and Mrs. Charles L. Allen, Mr. and Mrs. George Lilly and son, Martin, of Salem, N. J., also Mr. and Mrs. Leonard Stayton and son, Leonard Carroll, of Milford.

Joseph Hayes suffered a severe attack of acute indigestion Thursday afternoon of last week and we are glad to report him much better at this time.

Mr. Kentz, our new resident, had a very severe attack of asthma early Thursday morning of last week but was relieved by use of oxygen.

Mr. and Mrs. Herbert Koeneke, of Ridgely, were dinner guests Sunday at the home of his brother, Mr. and Mrs. Charles Koeneke.

School News

We deeply regret that the condition of Mrs. Ruth Sapp's health has made it imperative that she take a long rest. Mrs. Sapp therefore has taken leave of absence for two months. Mrs. Catherine Dill, of Felton, is now substituting for Mrs. Sapp and while it is a decided loss to lose the services of Mrs. Sapp as teacher of first and second grades, the school has been fortunate in acquiring the services of Mrs. Dill. We wish for Mrs. Sapp a speedy recovery and everyone concerned will do all they can to assist Mrs. Dill in her work.

At a meeting of the P.T. A. Friday evening in the school house, preparations for the coming auction at the Fire Hall Feb. 29, were continued. In the absence of the president, Robert Yerkes, who had been called to New York on business, John R. Brittingham, principal, served as chairman. It seems preparations are ahead rapidly and effectively. Nothing that could make the auction more successful has been omitted. Total members enrolled as of Monday is 229. We would like to make it at least 250.

Those from our town to attend the last of a series of concerts held in the auditorium of Milford High School Sunday afternoon were Mrs. Wilbur Jump, Mrs. Ralph Jump Sr., Miss Stella Wright, Mrs. Amanda Lofland, Mrs. George Kirby, Mrs. William Johnson and Mrs. W. J. Dufendach.

Why Window Panes Crack

Lack of putty and paint on the frames of windows may cause cracked glass. Moisture absorbed by unprotected frames during heavy rainfalls causes swelling of the wood. The resulting pressure on the glass often cracks it.

Forest Region In addition to logs and poles and piling, the forest region of the West Coast furnishes much of the greenery used by florists of the nation, buris used by furniture and fine cabinet makers, cascara bark much in demand by druggists, honey, digitals, a very important heart stimulant, wild blackberries and huckle-berries, and of course, Christmas trees and greens.

"Pumpkin Pine" As a furniture wood, pine has been gaining increasing favor. Many pine pieces are being finished to simulate antique or Early American furniture. One of these finishes, known as "pumpkin pine" is a mellow yellow color. One way of obtaining this finish is to apply a blend of orange shellac and light mahogany spirit stain. A final coat of straight orange shellac is applied before the finished surface is rubbed with 4/0 steel wool and waxed to a dull lustre.

Protection Two different methods of application are employed in protecting equipment with strippable coatings - contour application and package application. In one method of package application, the equipment is placed inside a waterproof paper or canvas bag. The protective film is then sprayed over the entire outside surface of the paper or canvas covering to seal all seams and pores through which moisture might enter. In contour application, the material is sprayed directly on all metal surfaces of the equipment. It can be easily peeled off at the proper time.
