

## Sulky Slants

By Mrs. Dave (Pat) Smith

What we wait for all winter is just around the corner. By the time this goes to press, the grandstand will come back to life with thousands of people. The mutual board will again be fun to some, brief to others, but don't a little bet now and then make the races more fun, say just a two dollar bet, that's my speed, and if I lose, I wouldn't dare say what's on my mind.

Say, just try and get around our general manager's office, Mr. Holloway's, or Mr. Enslens's, our race secretary. Just a constant stream in and out. Mr. Holloway greeting new comers that stop in to either say hello or enter their horses for a race.

Just a darn good office force. Madalyn Dyer again will be in the race secretary's office this year.

Here and there you will see a car with a horse trailer coming in, or a big truck full of horses, loud speaker calling John Schlegel to come to the office to place them. Where there were only a few trucks or maybe a horse trailer or two, you can hardly get through.

Testing the loud speaker, trying out the lights, even Booty's concession stands have taken on an air of all's ready with him. Booty and Greenwood have the large restaurant together out here at the track.

I want to correct an error of last week. Why I always put Jimmie's name wrong, I don't know. But it should have been Jimmy Creed. He's Earl Thomas' right hand man on the beautiful horse trucks. I promise, Jimmy, to get your name right.

Well, the horse sheets are out at the track, you can tell the season is really open as the horsemen are standing around looking over these sheets to see which horses are entered with their horses.

Now and then you will hear this, why I can't race my horse there, he's in over his head, or why didn't I get in. Now for me, when we have a horse in a race, I get out the horse year book, look up their records and go through old programs. So I'm as bad as the rest. To me it's loads of fun looking them up.

And another pet expression for me to say to Dave's driving is, don't get pickled in. Around Hamburg it got to be the by-word.

I guess you wonder why I said that. Well, when a driver looks like he might win the race, and can't get out to come home, so you will hear, "Oh that guy got pickled in." Guess that happens to the best of drivers now and then.

Mr. and Mrs. Dickson arrived with five head from Pinehurst and will race the season out here.

I certainly want to thank the Greenly family for the wonderful card they sent us. Dave and I really appreciate it. Seems my grief as the races draw near grows greater.

Chalmers Bell here with his horses, a friend of ours that races in Hamburg, Saratoga and Batavia. He is loads of fun. First thing as usual for him when he gets in is to turn out his banty rooster and spend the next week hunting him. Chalmers, he'd better not go up to John Schlegel for John's rooster will clean him out.

Bob Pierce from Freehold, has his two horses here for spring meet.

Bobby Hobbs, do you get any sleep just waiting till your Dudley Spencer goes to the post?

Eddie and Doris Myer dashing here and there with their truck.

George and Retia Dumont have a new son. Retia and little Paul are doing fine. George, you know for a son, you pass out one cigar. Little Ellis Jr. thinks it's a doll, but that's cute. See Ellis Jr. has another puppy.

Fred Floyd and his wife in the kitchen chatting with Irene.

Eleanor Smith enjoying her coffee, and who is more friendly and always a smile for everyone. Gladys Melvin helping Irene for a couple weeks. Say, Gladys, aren't you taking on a little weight?

Mr. Thompson, who owns the horses Jack Walters trains, was a visitor over the weekend.

Emil, where did you and Jack Walters get that cap?

Winnie, who has been working for Dupee all winter, has taken a trip up to Boston, on then to

## Shower Given Mrs. Winebrenner

A stork shower was given in honor of Mrs. Guy Winebrenner Friday evening at the home of Mrs. Thomas Peck by Mrs. Peck, Mrs. Charles Peck and Miss Emma Richards.

Those present were: Mrs. Norris Adams, Mrs. Ernest Raughley, Mrs. Ethel Hunter, Mrs. E. W. Dean, Mrs. Jack Pittick, Mrs. Howard Wagner, Mrs. Mark Willey, Mrs. Harold Fry, Mrs. Charles Greenhaugh, Mrs. Lester Smith, Mrs. Woodrow Holloway, Mrs. Bill Taylor, Mrs. Elbert Hackett, Mrs. Robert Masten, Mrs. Francis McKee, Mrs. Arnold Gilstad, Mrs. Dick Richards, Mrs. Ralph Draper, Mrs. Randall Knox, Mrs. Jefferson Larimore, Mrs. Charles Hopkins, Mrs. Emil Adams, Mrs. Reese Harrington, Mrs. Luther Hatfield, Mrs. Fred Marvel, Mrs. Dewitt Tatman, Mrs. Catherine Conoway and Mrs. Millard Cooper.

Cookies, punch, nuts, and mints were served.

## Farmers Bank Moves To Temporary Sites

William K. Paton, president of the Farmers Bank of the State of Delaware, announces the removal of their tellers and loan offices from their location in Dover to temporary quarters at 27 Lookerman Street as of Monday.

The safe deposit boxes, trust department, investment office and night deposit will remain at the bank's present building, where provisions have been made for the proper care of customers needing these services.

Offices of the president, cashier, auditor and other facilities will be located at 15 The Plaza. All arrangements for the safety of customers property, as well as the bank's property, cash, records, have been completed for the duration of the extensive building alterations.

## W. S. C. S. To Meet Tuesday

The Women's Society of Christian Service of Asbury Church will meet Tuesday evening at 7:30 in Collins Hall. The subject will be "What Is In Thine Hand?" The hostesses will be the Lydia Circle, Mrs. William H. Wheeler, chairman.

## Officers Club of W. B. A. Review Notes

The Officers Club of W. B. A. Review met at the home of Mrs. Evelyn Porter Monday evening with the president, Mrs. Laura Belle Wilson, presiding.

Under unfinished business the rally was discussed and a donation given for same. No further business, meeting adjourned after which delicious refreshments were served and games enjoyed by all. Mrs. Edith Shockley won the door prize.

## Fruitland Grange Notes

Mrs. Mabel Cooper, lecturer, has announced that the Fruitland Grange program Monday will be in charge of Herbert A. Richardson, chairman of the youth committee. Mr. Richardson will present a combination Mothers Day and music program. A covered dish supper at 6:30 will precede the meeting.

The Kent County Pomona Grange will present a program in the Fruitland Grange Hall, in Camden, Wednesday. All the granges in the county will participate and a silver offering will be taken.

Maine to visit her people. She will be back Saturday.

Mildred and Harold Cain paid us a visit this week. I gave her two of my kittens. Mildred lost a beautiful cat this week, was hit by a car right in front of her restaurant. Lucky certainly lost a good home. Everyone up in Felton that went in their place knew him. I always say it could have been a child as well as a pet. Some just don't care.

Well I'll be going to the pad-dock tonight, nervous as the rest wondering how Regal Comet will finish. Any other time I'd have more fun than anyone. But having to pass where Rousty was put to sleep, I know I'll relive it all over again. Anyway I'm always a little on the nervous side until the race is over and Dave is through.

I just want to say Congratulations from Sulky Slants to Kent & Sussex Racing Association on its Spring Harness Meet.

## Asbury Methodist Church Notes

"What is Profane Living?" a study of the third commandment, is the subject for discussion in the Church School which begins Sunday morning at 10 o'clock. Classes for all age groups. We have a class for you.

Morning Worship begins at 11 o'clock. Third Sunday after Easter. Sermon by the minister. At 6:30 the Youth Fellowship will meet in the Collins Building. Leader of devotions will be Eleanor Wagner. The first of a series of studies of the Christian Church will be presented.

Evening worship will begin at 7:30. Favorite hymns are sung. Special music by the Chancel Choir.

There will be a meeting of the Official Board of the church following the evening worship.

On Tuesday the W. S. C. S. will meet in the Collins Building at 7:30 p. m.

The choir meet Thursday as follows: Junior Choir at 3:30 in the Collins Building, the Chancel Choir at 6:45 in the Collins Building, and the Cathedral Choir at 8 in the sanctuary.

Mother's Day will be celebrated on May 11. At the morning worship two baskets, provided by the Ever Ready Class, will be presented to the oldest mother and the youngest mother present at the service.

Plans are being made to hold the Community Vacation Bible School from June 16 to June 27. Contact minister if you can help with this worthy project.

## Harrington Boy Scout News

Harrington Troop No. 76 camped at the scout cabin over the weekend.

The committee of Troop 76 is made up of the following: Walter Meyer, chairman; John G. Parks, V. Bernard Siems Jr., Melvin L. Brobst and Harold McDonald.

Their activities included cooking out-doors, boating, night games, individual competition, Sunday School and story telling. The following Scouts attended from the Fox Patrol: Bill Cluley, patrol leader; Bobby Taylor, assistant patrol leader; Bob Wilson and Charles Pearson.

These from the Eagle Patrol were Gary Harrington, assistant patrol leader; Richard Brown, Lee Messick, Richard Seely, Myron Skinner and Elmer Riggs. Junior leaders attending were William Shaw Jr., acting assistant Scout Master, and Jackie Minner, senior patrol leader. New members are invited.

## Trinity Methodist Church Notes

"Isn't it strange that Princesses and Kings, and clowns that caper in sawdust rings, and common folks like you and me help to make up eternity. To each is given a bag of tools, a shapeless mass and a book of rules, and each must make ere life has flown, a stumbling block or a stepping stone."

9:45 A. M. Sunday School. 11 A. M. Morning Worship. The Senior Choir will sing; and the pastor will preach on "Salvation By Faith"; using Ephesians 2:8.

7 P. M. M. Y. F. Shirley Kates will be the leader.

8 P. M. Evening Worship. The Mens' Chorus will sing; and the pastor will preach on "The Witness of The Spirit," from Romans 8:16.

Monday Evening: The regular monthly meeting of the Loyal Workers Bible Class.

Tuesday Evening: The regular monthly meeting of the Woman's Society of Christian Service.

Next Sunday: Mothers Day. At a business meeting of the MYF held last Wednesday evening in the Annex, the following named officers were elected for a year:

President, Martha Jean Sneath; vice-president, Doris Black; secretary, Mary Ann Barlow; treasurer, Virginia Black; commission of worship, Rhea Lee Clendaniel; commission of missions, Joyce Gruwell; commission of recreation, Louise Minner and Patsy Minner; commission of community service, Doris Black; publicity chairman, Barbara Minner; librarian, Adrianna Potter; pianist, Joyce Gruwell; assistant pianist, Martha Jean Sneath. Those having perfect attendance for the four months of this year were: Martha Jean Sneath, Rhea Lee Clendaniel, Mary Ann Barlow, Doris Black, Virginia Lee Black.

## Cancer Clinic To Meet May 16

Whenever a cancer is cured (and most cancers can be cured, if treated early), it is usually because the patient or his doctor detected it in time.

The patient may have noticed one of the more obvious danger signals and have gone straight to the doctor immediately, or the doctor may have detected some hidden clue while checking him over, even before the patient had the slightest suspicion that anything was wrong.

That's why it is so important for you to be checked at frequent regular periods, particularly if you are over 40. Then, if there is any reason whatsoever to suspect that you might have cancer or a pre-cancerous condition, you can have a more detailed examination.

There are various ways in which your doctor may detect cancer as he checks you over. He will ask you a number of questions to find out whether or not you yourself have noticed any one of the signs or symptoms that may mean cancer.

"Have you any sores, particularly around the tongue, mouth or lips that have refused to heal?" "Have you noticed any painless lumps or thickening especially in the breast, lip or tongue?" "Have you at any time noticed unusual bleeding from any natural body opening or from the nipples?"

"Are your bowel habits regular? Have you noticed any change?"

"Have you any warts or moles? Has there been any change in any of these?"

"Are you bothered with persistent indigestion or difficulty in swallowing?"

"Have you experienced any persistent hoarseness or unexplained cough?"

"Have you gained or lost weight recently? How is your appetite?"

The State Board of Health has scheduled a Cancer Detection Clinic for women 35 years of age and over at the Fire Hall in Harrington Fri., May 16 from 10-12 a. m. and 1-3 p. m. For appointments, call Harrington 530.

## Pathfinders Class Has 7th Birthday

The Pathfinders Sunday School Class of Asbury Methodist Church held its seventh birthday party with a covered dish supper in Collins Hall Friday evening, with 36 present.

The tables were decorated with spring flowers. Rev. Robert E. VanCleaf led in prayer preceding the dinner. Tom Peck, outgoing president, installed the following officers to serve for a year: Harold Fry, president; Francis McKee, vice-president; Doris Fry, secretary; Alfred Mack, treasurer; Ruth Peck, sunshine; Kate Peck, class historian; Mildred Wagner, publicity.

Jay Black, young magician, of Milford, mystified the members with many of his magical tricks. Because the regularly scheduled meeting day in May falls on Decoration day, the class will meet Fri., May 23, at the home of Mr. and Mrs. Mark Willey, with Mr. and Mrs. Howard Wagner assisting.

Fred Greenly went to North Carolina this week after a load of strawberries. J. C. Messner attended a meeting of the Rotary Club at Boyertown, Pa., Tuesday.

John T. White, one of Harrington's oldest and best citizens, died this week, after a week's illness of pneumonia. He is survived by his wife and one daughter, Mrs. Frank Rifenburg.

Miss Elva Reese is spending the week with her sister, Mrs. James Welch, at South Bridge, Me.

Mr. and Mrs. Jesse D. Ward and sons, Jesse C. and Joseph, are in Philadelphia to attend the graduation exercises at the Hahnemann Medical College School of Nursing. Miss Ruth L. Ward, daughter of Mr. and Mrs. Ward, was among the graduates.

Mrs. Bertha Jobs, who was called here by the death of her father, R. F. Thomas, has returned to her home at Palmyra, N. J. Mr. and Mrs. D. B. Tharp visited their daughter, Miss Jeanette, who is attending William and Mary College, Williamsburg.

John T. White, one of Harrington's oldest and best citizens, died this week, after a week's illness of pneumonia. He is survived by his wife and one daughter, Mrs. Frank Rifenburg.

Mr. and Mrs. George Draper spent Sunday with Mr. and Mrs. Bennie Sapp, of Allen, Md.

Master Kenneth Outten spent Wednesday of last week with Alan Draper.

Mrs. Ralph Draper left Thursday to join her husband who is stationed at Ft. Bliss, Tex.

Mrs. Zella Hopkins entertained at a birthday party last Thursday evening in honor of her granddaughter, Esther Eller's, 16th birthday.

## Ten Years Ago

The first of an estimated 100,000 gasoline rationing cards for Delaware were received in Kent County.

Preparations for a post-war highway construction program for a dual highway from Dover to Delmar and from Little Heaven, north of Frederica, to Five Points, near Lewes, were initiated by the State Highway Department.

Pvt. James Blades, of Ft. Stark, N. H., has been spending a few days with his parents, Mr. and Mrs. Howard Blades.

Donald Langrell, Harry Faulkner, Drexel Coverdale, Charles Mitten and Thomas Betts, of Frederica, of the Glenn Martin Airplane Factory, Baltimore, spent the weekend with their families.

Dr. William Waple Day, 77, thought to be the oldest practicing physician in the state, died in the Milford Memorial Hospital.

Rev. and Mrs. Robert E. Green, Mrs. Regina McKnatt and son, Donald, spent Monday in Wilmington.

Mrs. R. K. Jones, who spent the winter in Florida, has returned home.

About 60 members and guests of the Harrington Gun Club were served at the annual banquet in the fire house Friday night by members of the Ladies Auxiliary of the Harrington Fire Company.

Among the speakers were the Messrs. Henry Winchester and Norman Wright, of Wilmington; Warren T. Moore and Clarence S. Morris, of Harrington. E. S. Richards ("Hittin' Strenth") was the toastmaster.

## Twenty Years Ago

Howard T. Ennis, of Stockley, was re-elected president of the State Parent-Teacher Association for two years at the annual session of the association held at Dover.

Greenwood won the Sussex County track and field meet at the Kent & Sussex Fairgrounds here Saturday. This is the ninth time that Greenwood has carried off the honors for Sussex County.

Rev. E. H. Jones, M. P. minister, who for many years occupied pulpits on the Eastern Shore, died at his home in Baltimore. His wife is the former Miss Anna Barker, of Harrington.

Harvey Legates, who last week signed a contract with the Allentown, Pa., club of the Eastern League, has been sent to Stroudsburg team, of a newly organized league.

Brinton Holloway and Edgar Legates, who are attending Fishburne Military Academy at Waynesboro, Va., spent the weekend at home.

Miss Elva Reese is spending the week with her sister, Mrs. James Welch, at South Bridge, Me.

Mr. and Mrs. Jesse D. Ward and sons, Jesse C. and Joseph, are in Philadelphia to attend the graduation exercises at the Hahnemann Medical College School of Nursing. Miss Ruth L. Ward, daughter of Mr. and Mrs. Ward, was among the graduates.

Mrs. Bertha Jobs, who was called here by the death of her father, R. F. Thomas, has returned to her home at Palmyra, N. J. Mr. and Mrs. D. B. Tharp visited their daughter, Miss Jeanette, who is attending William and Mary College, Williamsburg.

## Friendly Echoes

By Mrs. Mary E. Bailey

Harrington: — Pre-school examination at P. S. duPont School May 15, at 1 p. m.

Physical examination and immunization against diphtheria and small pox will be offered to children of the Reeves Crossing and Harrington areas.

Parents are urged to have the children at school on time.

At the parent's consent the smaller children may accompany the larger children to and from school on the above date in order to take advantage of this opportunity to protect their health.

Visitors at the parsonage with Rev. and Mrs. Thaddeus Hackett Monday were Mr. and Mrs. Sylvester Harmon and Linford Norwood, of Millsboro.

Thought for the day: If we have enough to live for, we shall always have enough to live on.

Greenwood: — Mr. and Mrs. Wm. Price and daughter of Philadelphia, were recent dinner guests of her mother, Mrs. Harriett Hughes.

Mrs. Nellie Johnson and George Coleman, of Hurlock, were recent house guests of Mr. and Mrs. Ike Smith.

Annual Ladies' Night, which is strictly a formal affair, was held at the Armory Hall, Dover, April 25, under the auspices of Corinthian Consistory No. 5, A. A. S. R. M. and was well attended. In attendance were Mr. and Mrs. George Heath and their guests, Mr. and Mrs. Charles Jacobs, of Camden.

P. T. A. convention held at Booker T. Washington School, Dover, last Saturday, was attended by Mrs. John Foreman, Mrs. Beulah Watson, Mrs. Georgiana Hobbs, Marion Coverdale and Mrs. Lucille Smith.

Mrs. Frances Till, of Queens-town, Md., was a weekend guest of the Rev. and Mrs. Morris Harmon.

Mr. and Mrs. Kenneth Wilson, of Philadelphia, and her parents, Mr. and Mrs. Thomas Pettyjohn, of Ellendale, were weekend guests of Mr. and Mrs. Robert Trader and family.

Mr. and Mrs. Wilson Coverdale and children, Marilee, Geraldine and Lawrence, motored to Pennsylvania, N. J., last Sunday to visit Mrs. Coverdale's aunt, Nancy J. Fisher, who has been ill, but much improved.

While in Pennsylvania the Coverdales attended church services at the A. U. M. P. Church, of which her aunt is a member.

Mr. and Mrs. Charles Haines and family, of Morristown, N. J., were Sunday visitors of his parents, Mr. and Mrs. John Haines.

The Rev. M. E. Harmon and Mrs. Bertha Hughes are on the sick list. We wish for them a satisfactory recovery.

Mrs. Alice Jones, of Wilmington, spent Sunday with her father, Charles Duker. Accompanying her were her son-in-law and daughter, Mr. and Mrs. Earl Deaton, also of Wilmington.

Recent guests at the home of Mr. and Mrs. Booker T. Belle was his uncle, James Jones, of Jamaica, N. Y.

Robert Collins, of Bayonne, N. J., was a weekend guest of his uncle and aunt, Mr. and Mrs. Lewis Smith.

Mrs. Beulah Watson attended Men's Day service held at Bridgeville Sunday.

Birthday celebration was held last Saturday night for William Thomas Fisher at his home when the same old familiar gang from Harrington, Greenwood and Bridgeville, entered his home at midnight and interrupted what would have been a peaceful night's rest.

After trying to resist his intruders, "Buster" as he is called, reluctantly arose and joined the party. He made it known that he and John Foreman would no longer be pals.

## WHEELER RADIO STORE NEWS

Did you know that your television set uses about one half cents worth of electricity while you're watching a one-hour program, but what does the show itself cost?

A number of shows now on the air run over \$100,000 for that hour or \$5,200,000 per year.

I am telling you this because when you pay around three hundred fifty to five hundred dollars for a television with antenna, booster and all you need, it is just a drop in the bucket, but you are one of the millions buying the product they advertise. For instance Philco puts on a whole hour show and this is paid by the products they sell. You might say well they must sell (See Wheeler's back page, col. 1)

## Sewer Retiling Starts In Town

A wide-scale street improvement program got under way this week with the installation of concrete sewer pipe on Mechanic Street from Railroad Avenue to Fleming Street.

The 10-inch pipe replaced broken terra cotta pipe.

The drainage-improvement part of the program calls for retiling and location of catch basins at strategic points, as follows:

On Hanley Street from No. 4 to Clark Street, and Mills and Ward Streets.

The improvement program, estimated to cost some \$14,000, also included resurfacing of various streets, as follows:

Weiner Avenue, Fleming Street, Mechanic Street, Gaines Alley, Reese Avenue, two blocks of Shaw Avenue, and extensions of Calvin Street, Dickerson Street, Simpson Street, Harrington Avenue and Simmons Street.

## Chosen Friends Lodge No. 35

I. O. O. F.

Past Noble Grand Joe Penny, acted as Noble Grand in the absence of Noble Grand Morris Skinner. Randall Smith was acting vice-grand.

Robert Nelson, financial secretary, presented a past Noble Grand jewel to Joseph Penny for his services rendered to the lodge while he was in office.

Plans were completed for members to help Felton Lodge form the initiatory degree. They will meet with us at the next meeting.

Members will collect newspapers and magazines Wed., May 7.

## Rotary Plans Beauty Contest

The Harrington Rotary Club will hold its third annual beauty contest Fri., May 23, at Reese Theatre. A spokesman for the club said the contest is expected to be "bigger and better than ever." Rules for the contest will be announced next week.

Winner of the contest will represent Harrington in the broiler festival at Pocomoke City, Md.

## Farmington

Mr. and Mrs. Robert Messick, Mr. and Mrs. Raymond McCready and Miss Shirley Nichols attended the alumni banquet Saturday at Greenwood School.

Mrs. Mae Swegan was in Dover Tuesday.

Mr. and Mrs. Edwin East and mother, Mrs. Hughes, and Mr. and Mrs. Harold Alexander, of Linwood, Pa., attended the auction held in Kingston's Galleries at Rehoboth Beach Saturday evening.

Mrs. H. H. Bonban and grand-daughter, of Newark, were guests of Mrs. D. T. Booth Friday.

Mrs. William Willey was in Wilmington Saturday.

The Ladies Aid met in the church last Friday evening. Mrs. William Bradley was hostess.

Daniel J. Smith is in the veterans hospital for treatment.

Mrs. Ellis Myer and son were guests of her sister, Mrs. Lester Hatfield Tuesday evening.

Mrs. S. P. Satterfield and sister, Mrs. J. Downes, visited their sister, Mrs. D. T. Booth, Sunday.

Mrs. Ellis Myer and son were guests of her sister, Mrs. Lester Hatfield Tuesday evening.

Mrs. S. P. Satterfield and sister, Mrs. J. Downes, visited their sister, Mrs. D. T. Booth, Sunday.

Mrs. Ellis Myer and son were guests of her sister, Mrs. Lester Hatfield Tuesday evening.

Mrs. S. P. Satterfield and sister, Mrs. J. Downes, visited their sister, Mrs.

**THE HARRINGTON JOURNAL**

**SUCCESSFUL CIVIC CLUB SOLICITS PAINLESSLY**

It takes two important things to make a community grow; ideas, and the money to carry them through. Of the two, the money is the most difficult to obtain.

In Wynne, we have an organization, the Hundred Club, which has the potential power to solve the problems of obtaining money for community improvement on almost any scale without working hardship on any one person.

The Hundred Club is simply a group of public spirited citizens who pledged to give one dollar a month to a fund to be used for building or obtaining things which will benefit the community as a whole. Members simply authorize the club secretary, Miss Mollye Weeden, to draw a draft of \$1 a month or \$12 a year on their bank account and are never "bothered" by the collections.

The Hundred Club was originally organized by W. N. Killough with the idea of recruiting one hundred members. However, the club roll has never reached that number, usually staying at between 60 and 70 members.

Even though the membership is small, the club has been able to accomplish many things for the community good, including purchase of land for the National Guard Armory, supplying of material for walks at the new high school and many others. In addition, the club now has \$3,246 in the treasury ready to be put to use.

If such a small group can accomplish so much, think of the power for building Wynne if the club could be increased to 500 members. The 500 members would give the club \$6000 a year. In five years the fund would reach \$30,000, which could build a fine industrial building, a municipal building, fire station, park, etc. The possibilities are limitless.

Instead of hoping vaguely for an industry, we could go to work and build one. Unless we do help ourselves Wynne will continue to lose the best of our young people to other localities which can give them employment.

One dollar a month is no burden to anyone who has an account at the bank. It would give your town a fortune. Think it over.

The Wynne (Ark.) Progress

**DOGWOOD**

J. Harry Wright

Come with me to see the shining forests,  
The dogwood trees are gleaming white as snow.  
Not only on the fringes can you see them,  
But also deep in woodland do they show.

The maples, oaks, the sycamores and willows,  
Magnolias, lindens, elms—are dressed in green;  
But dogwood trees are radiant in their beauty,  
As lovely a vision as ever I have seen.

Though dogwood trees seem not so firm and strong  
As oaks, and others of the forest glade,  
A legend is—though there was other timber—  
Of dogwood was the cross of Jesus made.

Their blossoms have two long and two short petals,  
Each petal shows the mark of nail-prints grim—  
All brown with rust, and stained with red—in center  
A crown of thorns, like those they thrust on Him.

Come, let's away to see the snowy dogwood,  
And ponder o'er the legend of the tree;  
Rejoice to have such loveliness remind us,  
That Jesus died to save and set men free.

**THE LITTLE GUY**

By Samuel A. Short Jr.

The little guy takes the raps,  
Has to take them all the while.  
He never complains and never yaps,  
But goes on with a smile.

The little guy takes the raps,  
But chooses the right road to go.  
He knows what to do at every tap,  
Because he is never to slow.

The little guy takes the raps,  
Just rising early every morn.  
He does his work but does it well,  
And never does his fellow man harm.

The little guy takes the raps,  
Thinking he's not as big as he should.  
But all in all he's just as big,  
By doing as much as any man could.

General Pierce  
Franklin Pierce, 14th U.S. president, was a general in the Mexican war.

celebrated their wedding anniversary April 23.

"Sonny" Cartos was among the members of the junior class of Caesar Rodney High School who visited Washington, D. C., last Friday.

Mr. and Mrs. H. R. Butts and Mr. and Mrs. H. B. Logan enjoyed Easter weekend visiting with Mr. and Mrs. Sterling Nesbit, at Colora, Md. While there they attended the Easter morning service at Bainbridge Naval Station.

Master Andrew Collison entertained a number of school mates Tuesday at a dinner party at his home. The occasion was his 7th birthday.

Stewart Michael Logan, infant son of Mr. and Mrs. Stewart Logan, was christened at the morning service of the Calvary Methodist Church by the Rev. C. H. Atkins last Sunday.

House guests over last weekend at the home of Mr. and Mrs. H. B. Logan were Mr. and Mrs. Walter Burkins and son, Clarke, of Carney's Point, N. J.; Mr. and Mrs. Stewart Logan and children, of Penn Grove, N. J.; Mr. and Mrs. William Bowen, Sterling Bowen and Miss Olie Jones, of Conowingo, Md.

The W. S. C. S. of Marydel Methodist Church will meet at the home of Mrs. James Scotten, with Mrs. Kennard Shultz, Monday evening at 8 o'clock, instead of Tuesday, the regular meeting night.

The Methodist men of the Marydel charge held a fellowship dinner at the Marydel Community Hall Thursday evening with all of the four churches represented. Guest speaker for the occasion was Horace Morgan, of Queen Anne, eastern district layman leader, who spoke of self-sacrifice and service to the church. A moving picture, "The Wonderful Life" was shown. Invocation was offered by the pastor of the charge, Rev. C. H. Atkins.

**TAYLOR-WILKENS**

On Sunday evening John F. Wilkens, son of Mr. and Mrs. Henry Wilkens, of near Marydel, was united in marriage to Miss Edith M. Taylor, daughter of Mr. and Mrs. Leslie Taylor, of Tacoma Park, Md., by Elder M. L. Hale in the Sanitorium Chapel, Tacoma Park. The bride as attended by her sister, Mrs. Helen Hammond, of Tacoma Park, as matron of honor. Miss Louise Wilkens, sister of the groom, served as a bridesmaid. Best man was Charles Euch, of Kenton, while Helmut Lears Jr., of Tacoma Park; Louis Jackson, of Perryville, Md., and Gerald Hubble, of Tacoma Park, served as ushers. Little David Wilkens, cousin of the groom, was Bible bearer, and with him little Irene Hammond, niece of the bride, served as flower girl

carrying a basket of rose petals.

The bride was gowned in white satin, with finger tip veil, carried a bouquet of orchids and white roses. The matron of honor, dressed in orchid taffeta, carried yellow roses as her corsage, and the bridesmaid was dressed in aqua carrying a corsage of blue iris. The little flower girl wore an orchid taffeta dress.

Mrs. Wilkens, before her marriage, was employed in the offices of the Washington, D. C., Chamber of Commerce, as secretary. Both the bride and groom attended Washington Missionary College, in Tacoma Park. Following a wedding trip to Niagara Falls the newlyweds will be at home after May 4 to their friends in their newly furnished home near Marydel where Mr. Wilkens is engaged in agricultural work with his father.

Marydel guests attending the wedding were Mrs. Elizabeth Cobb, Paul West and Mr. and Mrs. John Wilkens and children, all of Marydel; Mrs. Lois Ruch and daughter, of Kenton, and Mr. and Mrs. Robert Knox, of Harrington.

**Initiation Exercises Held By Women of Moose**

Mrs. Frances Conner, of Milford, and Mrs. Emma Vanderwende, of Harrington, were initiated at the recent meeting of the Harrington Women of the Moose held in the Moose Home on Route 13.

Visitors from Salisbury Lodge and from Easton, Md., were present as well as the following men of Harrington Moose Lodge No. 534: Governor Benjamin Moore Jr., Mr. Tucker, Ralph Lynn, Albert Hunnicut, Richard Wilson, Merrill Vanderwende, John Ryan, Max Fineman, Norman Hopkins, William Barlow, John Seaman and Joe Robinson.

All officers wore white gowns and the escorts were in colored gowns.

Refreshments were served by Mrs. Kaye Craig, Mrs. Virginia Tucker, Mrs. Elsie Mae Fineman, Mrs. Lillian Lynn and Mrs. Emma Vanderwende.

### Fry's Intersection Service Station Wins Trade Via Expert Auto Repairs

In a highly competitive field of endeavor, the Intersection Service Station, intersection of Route 13 and Harrington-Frederica Road, Harrington, has only been under the guidance of Orville "Pat" Fry for the last three years, but it has already won public favor with many motorists for expert and reliable workmanship.

Offering a complete general repair service on all makes of cars and trucks, Intersection Service features famous Amoco gas, oil, tires and accessories, in addition to genuine Ford factory parts. The place is open daily from 7 a. m. until 9 p. m. and maintains adequate equipment to handle anything from a "tune-up" to a complete overhaul. "Pat," as he

is known to his many friends and patrons, has had many years' experience in this specialized line and has built up a reputation for reliability with car-owners in the Harrington area.

In addition to the capable assistance of his wife, Mrs. Irene Fry, there are four skilled mechanics on hand to help keep detailed phases of the roster moving with precision.

Call Fry's Intersection Service Station now by dialing Harrington 700! You'll be assured of guaranteed workmanship on any job, large or small, for the owner's many years' practical experience plus accumulated knowledge of automotive requisites forms an effective background for the finest results.

### Get The Best At Wollter's In Milford; Dry Cleaning Methods Will Satisfy You!

Utilizing modern methods and approved measures to assure satisfaction to many satisfied customers throughout the Milford-Harrington areas, Wollter's well-equipped dry cleaning plant, Front and Church Streets, Milford, has long been favored as one of the most modern enterprises of its type in this area. It was founded 13 years ago and today enjoys an enviable reputation.

Six years ago William P. Dellinger and John H. McPherson purchased the business from Robert G. Wollter and have augmented the program ideally to serve and help housewives and individuals with a comprehensive dry cleaning service on wearing apparel, slip covers, draperies, blankets, curtains and other

household items. Specializing in alterations and repair, Wollter's is also a popular center for nationally-advertised Berlou moth-proofing, famous for its five-year iron-bound guarantee.

Dellinger and McPherson, formerly associated in the dry cleaning business in Norfolk, Va., possess many years' experience in catering to the discriminating. They capably direct a courteous staff of 13 workers and offer prompt pick-up and delivery service throughout the Milford-Harrington area.

Both partners belong to the Chamber of Commerce and Delmarva Cleaning and Laundering Association. Two trucks are operated for quick service in response to all Harrington residents who call Wollter's over Milford 5316.

### E. L. Jones & Co., Inc., Has Served Area Well For Past 70 Years

Recognized as one of Dover's oldest enterprises, E. L. Jones and Company, Inc., Railroad Avenue, is known to handle expert heating, plumbing, lighting and machine shop work, stressing reliable satisfaction in every detail of the complete roster. Founded 70 years ago, and incorporated under its present name since 1913, this firm has long provided an outstanding program of service on behalf of many residents throughout the area.

Residential, commercial and industrial needs are met in the entirety, with expert workmanship accomplished by a staff of fifteen competent workers. New work, installations, repairs and

servicing of oil burners are given careful, excellent coverage, with each job being given the correct completion, the best materials and methods utilized always.

Some of the popular products handled by the Jones firm include Century oil burners, Hershey automatic stokers, a modern selection of attractive lighting fixtures, plus a complete line of electrical equipment for contractors and individuals.

W. R. Jones, manager of the firm, is a well-known and popular figure in Dover. He is a recognized leader in his chosen line and has the praise of many satisfied customers. The business was founded by his uncle, the late E. L. Jones.

### The Village Inn, Little Creek, Is Best Spot In Area For Seafood

Always pervaded by a friendly atmosphere—on which the success of the business has been built—the Village Inn, just south of Little Creek Bridge, Little Creek, near Dover, is a popular spot for delicious seafood platters prepared and served in style. Palatable wines, liquors and beer are stocked.

The Village Inn has changed hands many times, but under the guidance of Mrs. Mary Locke has won a new pinnacle of success and popularity as a spot where nice people have a grand time always.

Specializing in chicken fried shrimp, this place also serves tempting lobster platters, crab cakes, scallops, oysters, clams,

fish and combination platters. There are courteous workers employed for prompt and proper service always.

Open 6 days a week from 11 a. m. to midnight (closed Sundays) the Village Inn assures its patrons of a good time amid a home-like atmosphere. Folks from Harrington and vicinity are always welcomed and served in a manner that inspires satisfaction.

Mrs. Locke has put forth every effort to serve her patrons well since taking over the ownership-management of the place four years ago.

For the best in seafood, and especially chicken fried shrimp, visit the Village Inn in Little Creek!

### Tru-Val Sales, Inc., Sells Packard Cars In Dover and Thru Associates

During its eight-year-history, Tru-Val Sales, Inc., Packard dealer, has made many advances in its field of service. But it remained for the agency to come under its present ownership-management October, 1949, before attaining the present reputation for handling expert and exacting requirements in auto agency work.

"Capt." Smith Hand, president, of Little Creek, and Stephen McInerney, secretary-treasurer, of Lincoln, are the directing heads, both being capable in this line and directing a skilled staff of eight employees. McInerney, with practically a lifetime's experience in auto work, guides the roster along modern channels and is competent in the field. Loyal cooperation, too, is extended to both patrons and employees.

In addition to Packard sales and service, the Tru-Val agency is also a dealer for English Austin cars.

Packard associate dealers. These include Coverdale's Service on Rehoboth Highway, Milford, and Massey's Service Center, on Route 13, Seaford.

Fully equipped for handling expert and reliable service on your car, Tru-Val Sales, Inc., offers you a complete roster of major or minor tasks—"from a tune-up to a complete overhaul." Genuine Packard parts are stocked in full assortment. Service is available daily from 7 a. m. to 6 p. m. Showrooms, displaying the '52 Packard models, are open evenings to 9:30. Ultramatic, the latest in automatic shifting, is an exclusive Packard feature.

Members of the Del. Auto Trades Assn., NADA, and AAA, Tru-Val Sales is represented on the state and Dover Chambers of Commerce. Mr. McInerney belongs to the Milford-Kiwanis Club; Mr. Smith is a member of the Dover Rotary.

### U. S. Aeroplane Carriers, Inc., Dover, Recognized As Largest In Field

Recognized near and far as the largest transporter of aircraft in the entire country, U. S. Aeroplane Carriers, Inc., DuPont Highway, Dover, enjoys a national reputation as a leader in its specialized field. Operating a huge fleet of some 200 units for prompt and dependable nationwide coverage, this organization has steadily grown and maintained an impressive schedule ever since its inception back in 1937. Today it handles practically 90% of the government's needs and serves every major airline and aircraft manufacturer in the nation.

Contributing immeasurably to the general growth, stability and progress of the state by giving employment to local inhabitants under ideal working conditions, U. S. Aeroplane Carriers, Inc., operates the largest Esso Service station in the state, the Dover

Air Park, and is also a sales agent for the new, attractive "Quonset" buildings, prefabricated structures for warehouse, store, farm building or garage use.

The station features Standard Oil products exclusively—stocked by innumerable accessories such as Atlas tires, tubes, batteries, plus a complete line of truck equipment—and has repair facilities for any make car or truck.

Dover Air Park offers chartered planes for flights anywhere, and has private, commercial and flight instruction courses daily.

Officials are: T. W. Murray, president and treasurer; W. J. Cavanaugh, vice-president; and Mrs. Mary E. Hill, secretary. All are qualified, efficient and lend loyal cooperation to the needs of the employees, many of whom are veterans. Membership is held in the Chamber of Commerce and American Trucking Association.

### Drive-In Facilities Make It Easy For You To Deal With Dover Cleaners

Ready to serve you with a most comprehensive cleaning and laundry service, Dover Laundry & Dry Cleaners, Inc., 411 S. Governors Ave., Dover, is winning a new pinnacle of success and popularity.

Through the merger of Clements & Courtright, Smyrna Cleaners and the purchase of the old-established Dover Laundry, this enterprise operates a new plant with drive-in facilities, has adequate parking space for 65 cars and is undoubtedly the largest and most modern plant on the entire Peninsula. The machinery, too, is a revelation in modern-day cleaning and laundry service.

Andy B. Clements, vice-president, treasurer, and general manager, is known to a host of residents for his many years' affiliation in the field; Clifford Ott,

plant manager, is likewise competent in this work.

Some sixty or more workers are employed, most of whom are experienced in turning out A-1 work. The full roster of cleaning on clothing, fineries, and household items are included, plus a laundry service that commands trade from miles around. The rug cleaning service, too, is a point to consider when calling on this firm.

The name of Dover Laundry & Dry Cleaners, Inc., means a sure, dependable service, whether it is laundry, dry cleaning or rug cleaning you need.

Harrington residents! Your request for the best will be met promptly when you call Dover Laundry & Dry Cleaners. So just phone Dover 5521 or 5511 today and see why!

### For Chevrolet Sales, Service You'll Find Townsend Agency Tops In Field

Founded over twenty years ago, and trading under the same name ever since, Townsend Brothers, South Governors Ave., in Dover, is a reliable spot for sales and service functions on famous Chevrolet motor cars and trucks. Now displaying the new, beautiful '52 models, this popular establishment is owned and operated by partners Ebe S. and Fred A. Townsend, both of whom are qualified and competent in auto agency requisites.

Townsend's maintains complete repair and service facilities for any make car, too! There are 15 experienced workers employed, including the services of three veterans. This Dover spot also operates a used car exchange, offers the highest prices for any make or model, and is open daily from 8 a. m. until 5:30. All types of brake, ignition, carburetor and overhaul jobs are competently handled. Famous Gulf products, U. S. Royal tires, Delco and Exide batteries are also stocked.

Members of the Chamber of Commerce and Delaware Trades Association, the Townsend brothers always take a sincere interest in treating Harrington motorists right. Their many years' of practical experience, plus accumulated knowledge of auto sales and service, forms an effective background for the finest results in modern auto agency service.

### Johnny's Dry Cleaning Features 8-Hour Cash and Carry Plan

Newly installed facilities enabling it to provide a dry cleaning service that is second to none has brought recognition on an even wider scale to Johnny's Dry Cleaning, 145 S. Governors Avenue, in Dover.

John Boyer, with 23 years' experience in cleaning and dyeing work, started his growing venture five years ago and has since come through a modern era of dry cleaning equipped to provide an unusual aspect of endeavor.

Originally on Lookerman Street, Boyer's new plant is a model of efficiency—modern methods are in force to provide a daily cleaning for clothing, drapes, curtains, slip covers and other household goods. Alterations and repairs, too, are additional services rendered at Johnny's, where a 24-hour service is available.

Local residents are offered a special 8-hour service on the cash and carry plan. A call to Dover 4473 will bring immediate response as the management is particular in stressing promptness to all who call.

Born and raised in Dover, Johnny has made a host of friends in Harrington and Dover—since starting his successful enterprise. He always takes active part in community welfare drives.

Seven persons are gainfully employed. Two trucks and service car assure dependable coverage through the area.

### Workers Find Gainful Employment Under Ideal Aspects At Sherwin's

Of utmost importance to Harrington is the presence of manufacturing enterprises which invariably tends to aid the growth, progress and prestige of the area by giving gainful employment constantly to local inhabitants under ideal working conditions. Such circumstances surround the program at George Sherwin, Inc., operating in Harrington since 1935.

George Sherwin, directing head of the organization which employs well over 250 here, started his profitable venture back in 1929 with a small manufacturing plant in Allentown, Pa. He has always done a commendable job to promote the schedule on detailed efficiencies and has served his clientele in a faithful, effective and valued manner ever since coming to Harrington. A leading manufacturer of men's and boys' sportswear and shirts, the Sherwin organization distributes nationally known "Modern Boy" and "Delmarva" brands, which range in size from 4 to 18 and from 14 to 17, respectively. Plant No. 1 is located on Commerce Street; No. 2 on State Highway 13, and No. 3 near the P. R. R.

Mr. Sherwin possesses a valuable background of over 40 years' experience in manufacturing, and holds esteem in the community for his civic spirited contributions to local welfare groups. He is a member of the Vol. Fire Company and the Shirt Mfgs. Association.

Record of the Sherwin organization is excellent and testifies adequately to the many advantages provided over a two-decade span of service in Harrington.

### Cleaning Work A-1 At New "Atomic" Cleaners

Faithful to the general and specific requirements of local customers, the New "Atomic" Cleaners, Ward Street, Harrington, handles the full roster of cleaning, dyeing and pressing and maintains a steady year-round plan of action to benefit scores of local residents.

George A. Thorpe, proprietor, has made a success of the business since starting the Harrington enterprise four years ago. His methods have gained the acclaim of residents and visitors alike for fulfilling the requirements of everyone to the letter. Perhaps that is why so many patronize this popular home-owned and operated establishment.

Mrs. Edna V. Thorpe and one employee lend courteous assistance at the modern store, which is open daily from 7:30 a. m. to 5:30 p. m. Free delivery is available. The name of "Atomic" Cleaners means a sure, dependable service to all who call Harrington 712.

### Car Troubles? Then Call Steward's Garage Now!

For the last 24 years, when G. J. Steward made his entrance into the auto service field, Steward's Garage, on Route 13, Felton, has won a merited reputation for outstanding endeavors.

In addition to a complete service on all make cars or trucks at this popular garage, Steward also offers the complete "Bear" wheel alignment service, sells famous Amoco gas, oil, tires, Willard batteries, and accessories. Steward's Garage is open for business daily and operates a truck for response to calls from stranded motorists at night over Felton 2921.

Yes, it's happy motoring for customers of Steward's Garage, where facilities are adequate for expert repairs on your car, no matter what make. So, stop in today and let Steward and his expert staff of mechanics solve your motoring problems!

### Greenwood Trust Co. Valued Since 1911

Standing as a pillar of financial security during its many years of dependable operation, the Greenwood Trust Company, Greenwood, has built up an inestimable measure of public confidence by its superior record of service. Charted back in 1911, this bank well deserves the esteem and reputation it holds in the area today.

The institution offers a complete banking service, welcoming both small and large checking accounts, saving accounts, safe deposit boxes and caters to the needs of its clientele in a competent manner.

Officials are: William S. Lord, president; Richard O. Mai, cashier; Wm. H. Mervine, vice-president; and N. W. Meredith, sec't-treasurer.

Membership is held in the American, Delaware and Sussex Bankers Associations and Federal Deposit Insurance Corp. Having sold its share of war bonds, Greenwood Trust is now featuring the sale of security bonds.

### Known Values At Bata Shoe Store

Harrington residents will find it well worth their time to inspect the values at the Bata Shoe Store, 209 Lookerman Street, in Dover, a center for famous brands for the entire family. This store has been established for over ten years. Many patronize the center and attest to the satisfaction received.

Among the notable brands are included Fashion Built for women, Belcamp for men, children and infants, plus a complete selection of Belcamp sport shoes, made by Bata's own factory near Baltimore, Md.

"Herb" Williams, better known to his friends as "Rooster" through his 14-year affiliation at DuPont's, is manager. He possesses 15 years' experience and performs the art of correctly fitting shoes to the individual requirements.

The store is open daily from 9 to 5:30 and Friday to 9:30 p. m. and is represented on the Chamber of Commerce.

### Fine Foods Any Time At Starr Restaurant

It is not at all surprising that Harrington residents favor the Starr Restaurant, 411 Lookerman Street, Dover, where fine foods are served seven days a week. Clean, neat and attractive, with seating capacity for 50 persons, this spot caters to residents and transients alike.

Abel A. Winder and Miss Ida Rosh, manager, operate the place and hold it open daily from 8 a. m. until 3 a. m. Delicious steak and chop platters are served any time, plus a wide selection of tasty sandwiches and Southern Dairies ice cream. Two courteous employees assist the management, who has made many friends since opening December, 1947.

Mr. Winder, no newcomer to Dover, also operates Winder's Tonsorial Parlor, located right next to the restaurant.

So stop in to the Starr Restaurant. You'll appease those hearty appetites when you bring them there for satisfaction.

### Farm Implements, Auction Sales At B. Carroll & Sons Attract Trade

The ultimate success of any business depends largely on the good will engendered through cooperation with local activity and other enterprises, and it is the recognition of these progressive principles which has led to the marked success of B. Carroll and Sons, in Dover.

Founded in 1920 by the late Brainard Carroll, the business has furthered its prestige under the capable guidance of the founder's two sons, Anthony B. and George B. Carroll, who have proven themselves to be worthy successors.

B. Carroll and Sons, dealer for famous McCormick-Deering farm machinery and equipment, handles sales on tractors, harnesses, belt-

ing, hardware, and practically every farmer need. There are 35 full and part-time workers employed to keep satisfaction paramount at the center, likewise popular for its weekly auction sales held every Friday. Carroll's auctions feature all kinds of live stock and attract patrons from the entire eastern shore and adjoining states. Hours for the sale are usually from 10 a. m. until 7 p. m.

Active in civic affairs, Anthony is a director of the Delaware Trust Company, while George is a member of the Rotary and president of the Central Farm Dealers Assn. Both belong to the Chamber of Commerce and Delmarva Implement Dealers Assn.

### See Richardson If You Seek A-1 Awning, Upholstery Work

Conveniently located on Cowgill's Corner Road (also known as White Oak Road) just about one-and-a-half miles from State and Lookerman Streets, in Dover, George G. Richardson, Inc., has merited esteem and praise for reliable endeavors in upholstery, awning, canvas goods, and cabinet work. A demand for A-1 workmanship won public favor for this enterprise.

Operating from his 35-acre farm-home, Mr. Richardson established his business more than twenty years ago, and possesses a valuable background of experience in this work. Awnings are custombuilt and made to order,

with careful attention being given to any upholstery job, too! No job is deemed too large or too small to be handled just right. Richardson welcomes your inquiry and will gladly furnish estimates, suggestions and advice on any problem.

Harrington patrons attest to the splendid advantages of dealing with George G. Richardson, Inc. In a beautiful country spot location, this enterprise offers you plenty of free parking space amid beautiful, inviting surroundings. There are two courteous, efficient workers employed at the shop and all work is turned out with an iron-bound guarantee.

### Spreader Service Now At Milford Fertilizer

Extending its services throughout the entire state, Milford Fertilizer Co., E. Front Street, Milford, offers dependable deliveries of "Sure-Crop" fertilizers for your "insured production goals." This firm, established 15 years ago, occupies the site of a 90-year-old Milford landmark.

The firm is now offering spreader truck service to farmers for as little as 50c an acre. Robert A. Fischer, manager, guides the daily roster in an effective manner and directs a staff of 18 workers under ideal, pleasant working conditions.

Milford Fertilizer belongs to the National Fertilizer Ass'n., Delmarva Peninsula Fertilizer Ass'n., and Milford Chamber of Commerce. Mr. Fischer is a member of the Kiwanis and Odd Fellows.

Harrington residents may call

local agent Norris Graham at Harrington 345 for prompt and efficient service. Each order will be given careful attention to assure maximum satisfaction.

### Brownsville

Mr. and Mrs. Ray Collison called on Mr. and Mrs. Charles Messick Sunday evening. Other guests were Mr. and Mrs. Earl Messick and daughters, of Milford.

Mr. and Mrs. William Bullock and sons spent Sunday evening with Mr. and Mrs. Ray Cox. Sunday dinner guests of Mr. and Mrs. Robert Collins were Mr. and Mrs. Elmer Collins, of Cordova, Md.; Mrs. Catherine Fox, Mr. and Mrs. Ed Dayton and family, of Cambridge, Md. In the evening Mr. and Mrs. James Scott and daughters called.

Joanne Cornish celebrated her ninth birthday with a party. Although the day was stormy they had a nice time with plenty of

ice cream, cake and candy to eat. She received many nice gifts.

David Coverdale spent Saturday with Roger Brown.

Norma Jean Brown, Eloise Brown and Billy Ray Collison went with their class to the Franklin Institute in Philadelphia, Wednesday.

Mrs. Rachel Laramore and family were dinner guests of Mr. and Mrs. Virgil Slaughter, of Milford, Sunday.

Little Barbara Lynn Cox has been spending a few days with Mr. and Mrs. Olin Dill, of Bowers.

Mr. and Mrs. Robert Collins and family spent Saturday evening with Mr. and Mrs. Hubert Cannon, of near Andrewsville.

Mr. and Mrs. William Seeders, of East New Market, called at the home of Mr. and Mrs. Elmer Bullock Saturday.

Robert Wix Sr. and Robert Wix Jr. visited with Mr. and Mrs. Norman Wix Sunday afternoon. Mr. and Mrs. Norman S. Wix and sons were their guests Saturday evening.

Mr. and Mrs. Ray Cox and family called on Mr. and Mrs. John Kelley and Mr. and Mrs. Wm. Moore, of Felton, Sunday.

Mr. and Mrs. Clayton Brown and family, of Pennsgrove, N. J., spent Sunday with their parents, Mr. and Mrs. Elmer Brown.

The rainy weather will make the corn planting and tomatoes late.

## Cobs Play Important Role In Steer-Feeding Project

The lowly corn cob has come into its own!

Nearly a thousand head of beef cattle are being fattened on a mixture of corn cobs, ear corn, urea, molasses and several other ingredients on Maryland Farms, located in Queen Anne's County about two miles from Chestertown and owned by P. R. Markley, Inc.

Philip W. Markley, president and principal owner of the corporation, states that they are not only putting weight on the cattle as quickly as farmers using conventional feeds, but most importantly are doing the job for about 75 per cent of the usual cost.

**"Beef Factory"**

A revolutionary idea, the "beef industry," as he calls it, is probably the only one of its kind in the East. He has experimented for the past two and a half years on dairy and beef cattle in Indiana and has been here for about a year. On his farm, near the Chester River, he is working with Hereford and Angus cattle.

Phil Markley explains it like this, "I am trying to make more beef with less money and use up a product which has heretofore been waste."

So far, he has been doing just that. The steers are weighed once a month, a tough two-day job, and close check kept on the weights as they arrive and by the month. The cattle have averaged from two to two and three quarters pounds gain per day, which is considered very satisfactory in the feeding industry. The only difference is that Mark-

### Not A New Process

The feeding of corn cob mixture is not actually a new process, and energetic, 38-year-old Phil Markley is doing it for quite a bit less than the average farmer. He is quick to tell you that he didn't cook up the idea. In fact, the late infamous Adolph Hitler might be called responsible.

"I remembered reading about Hitler feeding wood pulp to cows, goats and other animals in Germany during the war. They put on weight and apparently thrived. I decided that there should be some way to utilize waste products here and put weight on cattle," said Markley.

He followed it up by writing to a German scientist. The answers were rather inconclusive, but he did learn that cobs were being fed in Iowa by a large seed corn producer. Several visits back and forth resulted in some feeding experiments by Markley in Indiana about 2 1/2 years ago.

### Central Theme

The central theme of this method of feeding, which seems to be adaptable only to multiple stomach mammals known as ruminants, is to put together ingredients in a feed which will create a favorable environment in the rumen, or main stomach of a cow or steer so that the very small organisms known as "microflora" will thrive unusually well and in so doing will break down the cellulose contained in a corn-cob in such a way that its nutritional value will be realized. This is a rather new concept in cattle feeding.

It seems that corn cobs like rice

hulls, cotton and a number of other plants are filled with cellulose, a carbohydrate, forming an essential part of wood, cotton, paper, hemp, etc.

Now if the corn cobs can be mixed with the other ingredients, such as Phil Markley is doing, in just the right proportions, then you can get cheaper gains and also use up that which was formerly waste.

Although he is not mixing it on a commercial scale at present, farmers have been coming on a first-come, first-served basis to try the feed, but Markley emphasizes that he doesn't intend to compete with established feed mills with respect to packaging, delivery service or credit arrangements.

### Corn Is Main Ingredient

The average dairy or beef cattle farmer here uses corn as a main ingredient in his ration, balancing it with such ingredients as oats, barley and protein supplement. This feed costs anywhere up to \$88 a ton. Markley's main ingredient however, is not corn, but bare cobs.

Markley says, "I'm in the business of finding out how to make beef from the cheapest cost per pound. Rate of gain doesn't mean nearly as much to me as cost of grain."

Not interested in the breeding or showing of cattle, Phil Markley would rather "do something on a commercial basis."

The "beef factory," as he likes to call it, is ideally situated in the heart of the Eastern Shore which is producing more and more corn each year. Farmers on the Del-Mar-Va peninsula are proving that they can grow big yields of good corn at a lower per bushel cost than the so-called Corn Belt of the Middle West.

### More Cattle For Less Money

Just as more corn means more cattle and hogs, the fattening process is being aided by the Markley experiment which will allow farmers to raise more cattle for less money.

In an area of small farms, the vast reaches of the Markley outfit and the beehive of building and work going on is attracting considerable attention.

A continuous mix feed mill is going up which will be used to store and grind the corn cobs, etc., and carry it directly to the 140-foot long automatic self-feeder, which is probably one of the longest self-feeder units in the country. Other small self-feeders are spotted around the farm for cattle which are in lots of 80 to 200 head.

At present, the grinding is being carried on with a portable mixer in a huge shed which also houses a mountain of corn cobs which constantly pour into the gaping mouth of the mixer and come out ready for the cattle.

All year long the animals get nothing but this corn-cob mixture, no hay, or other feed, and they are thriving.

"Plenty To Learn"

"We have plenty to learn," says Phil Markley, "but we have

definitely proven to our own satisfaction that we can put weight on cattle cheaper in comparison with today's price levels than can be done by any other known method. We are also finding that dairy cattle seem to do as well as the beef breeds, so I suppose what makes meat will make milk; however, the process of storing, grinding and properly mixing the ingredients of a rather complicated formula will prove to be a barrier to the widespread manufacture of this type of feed at the farm level."

Arthur MacArthur, who has been associated with the beef breeding industry all his lifetime, is farm superintendent and Jim Hartman, formerly of Markley's office in Lancaster, Pa., is the business and feed production manager. Including these two, six men in all take care of the whole operation and Markley flies down from Philadelphia in his own private plane every week or so to see how things are going. He sets the Beechcraft down in a pasture just back of the main farm house.

He is vitally interested in this project. "If I had my way," he says, "I would stay right here all the time."

### In Feed Business 20 Years

A Pennsylvania Dutchman, Phil Markley has been in the grain and feed business for nearly 20 years. His father, Philip R. Markley, started the grain business in 1901, but Phil founded the P. R. Markley corporation. A domestic and export firm, they have grain elevators and corn shellers in five states.

He attended Pre-Medical School at the University of North Carolina, but soon decided it was not for him and entered the grain business to stay.

Besides the Queen Anne's County farm, they have a controlling interest in an Indiana grain elevator, feed mill and feed lot.

Another interesting, if somewhat disconnected venture, is a gold mine in Cripple Creek, Col., known as the Mollie Kathleen, located on the main highway. It has become quite a tourist attraction in the last five years and had over 18,000 visitors in 1951. The mine is also actively producing gold ore.

Markley, his wife and two children, live in Bucks County, near Philadelphia.

### Korean People Interested

Just recently, the Korean Embassy in Washington sent the chief of their purchasing mission and several Korean students studying in this country, to the farm to see how the work is being carried on. They expressed a great amount of interest in the utilization of roughage, and Markley is ready to lend assistance toward the end of stretching their meat and milk supply by feeding waste products.

"We have only scratched the surface," he concludes. "There will be improvements made rapidly in the efficiency of beef production through learning how to convert corn cobs into a highly efficient growing and fattening ration. We are doing research of our own, and lately two nationally known corporations have expressed a desire to have us run some extensive feeding experiments for them. This is a business of continuous exploration, learning and practice."

Markley concluded that the Eastern Shore seems well adapted climatically and geographically towards favoring a growing cattle

industry and that he had considerable faith in a sound future for this endeavor.—Queen Anne's Record-Observer

### Egg Production Needs Plain Good Sense

Good egg production is just plain good sense.

That's what Carroll W. Mumford, manager of the poultry plant at the University of Delaware, says. Here are "plain good sense" management practices that pay off at the university farm research poultry plant.

One-hundred laying birds will drink about six gallons of water a day, when laying 60 to 70 eggs. They will drink water most readily if it is at a medium temperature (neither extremely cold or warm), and is easily accessible. A liberal supply of clean, fresh water is necessary for best results.

According to results at the university, a minimum of 48 linear feet of hopper space must be maintained for every 100 birds, says Mumford. An eight foot hopper gives 16 feet of feeding space. Hoppers should be placed so that both sides are well lighted. Provide an extra hopper if

you have timid birds in the pen. Mumford recommends metal nests to minimize lice and mites, and suggests at least one nest for every five birds. Clean nests often, he advises.

Lights should be used to give a 14 hour day. The university uses two 40-watt filament bulbs in each 20 by 20 foot pens. Accessible grit and oyster shell are also important, and enough space. The 20 by 20 foot pen size is considered good. Sanitation is one of the most important parts in good poultry husbandry.

"Remember," says Mumford, "that the hen is a female animal. As with any other femininity, what you get from her will depend upon your manner and your methods."

### University Plans Big, New Sub-Station Field Day

Something new in the way of field days for Delaware is being planned by the University Agricultural Experiment Station.

The annual August Georgetown Sub-station Field Day is being enlarged to an all-day event, with four big new features. The new field day is a special feature of the sub-station's 10th anniversary year.

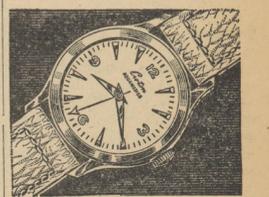

The field day has been an annual event of the departments of horticulture, agronomy, plant pathology, and entomology for seven years. The 80 and more acres of its experimental plots are opened to the public, and research explained by staff members.

This year, for the first time, the large poultry research plant at the station will be included. The new state poultry diagnostic laboratory will also be open for inspection. The Sussex County Artificial Breeders' Association will hold their annual calf show in conjunction with the field day. There will also be dairy exhibits, and the agricultural extension service staff will join with the experiment station to plan other events.

Prof. Eugene P. Brasher, of the horticulture department, heads the planning committee. Says Brasher, "The extension and experiment station staffs are joining together to show how the university serves its state through agricultural research and teaching. The field day will give us another chance to talk with farm-

ers about new farm developments and how our research can help them. We hope to make this enlarged field day an annual event from now on."

# FARM NEWS - REVIEW - FORECAST

## Volunteer Leaders Make State Home Demonstration Program Possible

"Without the help of the 985 volunteer home demonstration leaders, we could not have the successful state educational program that now exists. Much credit is due these women who devote their time and skills to spreading home economics information through home demonstration work."

So spoke Mrs. John S. Farrow, Magnolia, president of the State Home Demonstration Council. Herself a volunteer leader, Mrs. Farrow and the elected state council members guide the state program. Mrs. Farrow's praise of local leaders comes during National Home Demonstration Week, April 27-May 3.

Quoting M. L. Wilson, director of extension, U. S. Department of Agriculture, Mrs. Farrow said, "I am proud that through organized planning and action you are making a lasting contribution to better community living in Delaware. Your groups are preparing to better meet your responsibilities as citizens, not only of your community, but of your state, nation, and the world."

"Nation-wide, 500,000 local leaders like those in Delaware, carry the home demonstration program to more than three million homes. Your service to neighbor and community is in the finest American tradition."

## Bonus Plans For Farm Help

Bonus plans for farm help are valuable in attracting and keeping good farm labor.

Bonus plans should be simple enough for anyone to understand, fair to both parties, should supplement wages rather than making the worker dependent on the bonus, and should be paid several times a year rather than in one lump sum annually. They should also be in reach of fairly good farm management.

W. T. McAllister, agricultural economist of the Delaware agricultural extension service, gives the following bonus suggestions for Delaware farmers:

1. Three to six per cent of the milk check, paid from each check.
  2. Fifty cents to a dollar on each 100 pounds of milk above an agreed amount.
  3. Four to seven per cent of hog enterprise gross income.
  4. Five to eight per cent of egg sales, or five to 10 cents per dozen eggs.
  5. Two to four cents per bushel of grain, or a higher amount for each bushel above a given yield.
  6. Broiler growers could base bonuses on feed conversion below a certain standard, or a low mortality rate, etc.
- There are many other workable bonus plans, too, says McAllister. Get a pencil, and base your plan on what you can expect in the way of farm production in 1952.

## Fertilize Pastures If Legumes Are Low

Reports from over the state indicate that on several farms the stands of Ladino clover were almost completely killed out last winter, Stanley Stabler, extension agronomist at the University of Maryland says. It is not readily apparent what caused this loss of clover plants.

Regardless of cause, in many of the fields where the stands of clover have been lost a critical pasture shortage can develop unless the farmer takes some steps to replace this loss of clover with high nitrogen fertilization. In a

good mixture of orchard grass and Ladino clover, the clover will furnish enough nitrogen to enable the combination of grass and legume to make high yields. When the legume is lacking, grass yields may be seriously limited by lack of nitrogen.

Fertilizing straight stands of grass with high nitrogen fertilizer will tend greatly to increase the grass yield and also will improve the quality of the grass by giving it a higher protein content. On these fields where the clover stand has been lost, Stabler suggests that the farmer apply immediately after the first grazing or immediately after cutting the first crop as silage or hay, a high nitrogen fertilizer. This fertilizer application should contain from 30 to 50 pounds of actual nitrogen. This amount of nitrogen may be obtained by using from 100 to 150 pounds of ammonium nitrate, from 200 to 300 pounds of nitrate of soda or from 300 to 500 pounds of 10-10-10 or 10-6-4 fertilizer.

If the pasture area has not received phosphorous or potash within the last year, the 10-10-10 or similar analysis, should be used. If the pasture has received an application of 0-12-12 or similar fertilizer, then the addition of straight nitrogen fertilizer is all that is needed the extension agronomist points out. While this fertilizer application could be applied at any time, probably the best time to put it on is right after the first clipping or grazing period.

Some of the fields which have lost their stands of Ladino clover may have to be reseeded before a satisfactory mixture can again be obtained. In other fields there may be enough scattered clover plants left so that they will pick them up and make a good mix-

ture under careful management. There also may be some volunteer plants coming in from Ladino seed which was dropped in these fields in previous years. In any case, good rotational grazing will tend to increase the chances of re-establishment of a desirable mixture. In the meantime high production can be obtained from the straight grass stand if sufficient nitrogen is applied.

## Raw Bone Meal Suspected As Anthrax Carrier

Bone meals used in feeds are under suspicion as carriers of anthrax germs in several states in the central area of the country where outbreaks of anthrax have been reported. In many of these states orders have been issued prohibiting the distribution of bone meal in feeds and, in some instances, in fertilizers.

The Maryland Live Stock Sanitary Service has received several inquiries concerning action contemplated here. The following statements from representatives of the Live Stock Sanitary Service and the State Inspection Service express the present attitude.

Dr. Arthur L. Brueckner, director, Live Stock Sanitary Service, said, "We are aware of the reported outbreaks of anthrax and the information that raw bone meal is the suspected carrier."

"Maryland, in so far as is known here, has had no outbreak of this disease for several years. It is known that the causative germs can exist almost indefinitely in spore form in the soil."

"In the absence of evidence incriminating mixed feeds and bone meal available in Maryland, there appears no cause for alarm nor reason for drastic regulatory

action. Feed manufacturers are alerted to the danger of incorporating raw bone meal in animal feeds."

L. E. Bopst, state chemist, State Inspection and Regulatory Service, stated, "In recognition of the possibility of spreading anthrax through the use of infected raw bone meal, this department will permit the substitution of calcium and phosphorus ingredient supplies without change of ingredients on analysis tags or the change of ingredients on registration with this department. However, it will be necessary for notification to be sent to this office immediately when changes are made."

## Spring Fertilization of Strawberries in Heavy Soils Cuts Yields

Research shows that spring fertilization of strawberries in heavy soils reduces yields. Fertilizer causes increased growth and vigor, more and larger leaves, but this in turn results in a greater demand for moisture, poor circulation of air among the plants and more shading of fruits. On light soils, some spring fertilization may be desirable or necessary, according to A. F. Vierheller, extension fruit specialist at the University of Maryland.

Vierheller says that it is not advisable to fertilize in the spring of the fruiting year if strawberries are in heavy soil.

The best time to fertilize the proposed strawberry planting is before the plants are set, Vierheller points out. After preparing the soil, fertilize with a good mixture such as 5-10-5 and work it into the soil. Well-rotted manure is also very desirable. After the plants are set, it may be

necessary to apply a little nitrogen fertilizer within about two weeks, if the plants need a little "lift." Apply when the foliage is dry, and sweep the foliage after applying the fertilizer, using a dry burlap bag, or an old broom, or a pine branch, to remove the fertilizer from the leaves and prevent chemical burn. The fruit specialist says that fertilizer practices should be varied with the soil fertility and the vigor of the plants.

In late August or early September, apply a good top-dressing of some nitrogen fertilizer such as nitrate of soda, ammonium nitrate or sulfate of ammonia. This strengthens the fruit buds for the next year's crop. After picking the fruit, the first fruiting year, Vierheller advises that fertilization and renovation should be done, using a complete fertilizer mixture. Later, the fall fertilization should also be given, using nitrogen fertilizer alone. Usually, after the second crop is harvested, the planting is plowed under.

Another cause of reduced crop has been traced to late removal of the mulching material from the plant rows, which resulted in shading of the plants during favorable weather in early spring.

## Lawrence Porter Heads 9th District Republican Group

Lawrence Porter was elected committeeman for the Ninth District by an overwhelming majority Saturday afternoon in the Republican primary.

Porter, an inspector for the State Liquor Commission, received 110 ballots, against 39 for George Tatman, 14 for Ridgely Vane, with 3 spoiled. Porter takes the position occupied by Charles Moore, who has moved from the state.

Mrs. William Shaw was re-elected committeewoman. H. C. Brown and William Wechtenhiser Jr., were elected delegates to the "Little Convention" in Dover Wednesday, with caucuses on Tuesday. Ridgely Vane and Mrs. Mary Kemp are alternates to the convention.

Mrs. John S. Farrow

Mrs. John S. Farrow, Magnolia, state home demonstration council president, this week praised the 985 volunteer local leaders in the Delaware Home Demonstration program. Her praise comes during National Home Demonstration Week observances, April 27-May 3.

## Farm Prices At Dover

The following is a weekly roundup of livestock prices and miscellaneous commodities prevailing last week. This report shows average prices received by Delaware farmers for commodities that were marketed throughout this week.

LIVESTOCK	
Vealers - Choice	\$4.00 to \$4.00
Medium to Good	\$3.00 to \$3.50
Common	\$2.00 to \$2.50
Monkeys	\$1.50 to \$2.00
Lambs - Medium	\$3.00 to \$3.50
Common	\$2.00 to \$2.50
Cows - Slaughter - Medium to Good	\$15.00 to \$20.00
Rough and Cutters	\$10.00 to \$15.00
Dairy Type - 2000 to 4100 lbs.	\$20.00 to \$25.00
Over 1000 lbs.	\$15.00 to \$20.00
Medium to Good	\$20.00 to \$25.00
500 to 1000 lbs.	\$15.00 to \$20.00
Medium to Good	\$20.00 to \$25.00
200 to 400 lbs.	\$15.00 to \$20.00
Good Quality	\$20.00 to \$25.00
175 to 200 lbs.	\$15.00 to \$20.00
150 to 175 lbs.	\$10.00 to \$15.00
125 to 150 lbs.	\$7.50 to \$10.00
100 to 125 lbs.	\$5.00 to \$7.50
75 to 100 lbs.	\$2.50 to \$5.00
50 to 75 lbs.	\$1.25 to \$2.50
Boars (Good Quality)	Under \$50

10.00 to 11.50 mostly 11.00	1.30 to 1.55 mostly 1.30 each
per cwt. Over 350 lbs. — 7.75 to 10.00 mostly 9.50 per cwt.	Ducks — Muscovy Ducks — 90c
Shoats — Medium to Good — 10.00 to 16.00 mostly 14.00 per cwt.	to 1.50 mostly 1.25 each. Muscovy
Feeder Pigs (6 to 12 wks old) — 8.00 to 12.00 mostly 10.00 each.	Drakes — 1.80 to 2.10 mostly 2.10
Medium to Good — 5.00 to 7.50 mostly 7.00 each. Common — 3.00 to 5.00 mostly 5.00 each.	each. Rabbits — Large Breeds — 1.40 to 2.70 mostly 2.00 each. Eggs — 40.00 to 73.00 mostly 61.00 each.
Horses and Mules — Work Type — 26.00 to 32.00 mostly 32.00 each.	Butcher Type — 26.00 to 33.00 mostly 32.00 each.

PRODUCE	
Country Butter — 50c per lb.	Asparagus — 55c per bunch. Sweet
Potatoes — 1.60 to 2.25 per 1/2 bu.	White Potatoes — 1.00 per 1/2 bu.
Lard — 5.50 per 50 lb. can.

### Felton School News

**Pre-School Registration**  
On April 24, 35 pupils were registered for the Felton first grade next year and eight pupils for the Frederica first grade. Dr. Knight, assisted by two county nurses, administered diphtheria inoculations and vaccinations for small pox. The registration was under the supervision of Mrs. Marjorie Minner, school nurse. Mrs. Miller was assisted by Miss Elsie Schreiber and Miss Barbara Hurd, senior students of Felton High School. Pupils who will enter either of the two schools next September, who were not registered, will be examined and registered next term.

**Election of Board Members**  
The annual election of the Board of School Trustees will be held Sat., May 10, from 1 p. m. to 5 p. m. One Purnal Friedel, whose term expires June 30, has been nominated to succeed himself.

**Student Council Elections**  
Campaign speeches by candidate for next year's student council and court will be delivered May 7 at the regular assembly meeting, with the elections being held the following day. The entire election program is conducted in the same manner as state and national elections, thus providing valuable training in political procedures in the United States.

**Pupils Write About Spring**  
Mr. Bennett's seventh grade English classes were asked to write a poem or essay about spring. The following poem was handed in by Evelyn Good:

**Springtime On The Farm**  
Spring on the farm is a beautiful time  
When the bees are all a-hum,  
And the flowers stand out in all their glory  
Against the blazing sun.

The buds on the trees change into leaves,  
And the flowers blossom anew,  
While the clover blooms a crimson red,  
That sparkles in the morning dew.

At the break of dawn the whole world begins to come alive,  
Like busy little honey bees  
In the world which is their hive.

The morning is filled with lots of tasks  
For there are gardens to be made ready;  
For the seeds that drop will make the crops  
That will keep the food supply steady.

### The noon sun finds the farmer

Storing a hearty meal  
To build the strength he greatly needs  
To till his many fields.  
Then it's back to work to slave and toil  
To plant the corn which later he must husk.  
It's work, work, work from dawn till noon  
And right on into dusk.

**Elementary Activity**  
The elementary school pupils will make a trip to Philadelphia today. They will leave school at 8:45 a. m. They will visit the zoo, the Museum of Natural History, and Independence Hall. Four teachers, the school nurse, principal, and seven parents will accompany the pupils.

The fifth grade was very proud to win the P. T. A. attendance banner this month. Thanks to the parents! Come out to our last meeting in May.

**Business Education**  
Sarah Shultz, a second-year stenographic student, was awarded a certificate and pin for passing a theory test in shorthand.  
On Wed., April 23, four students, Marie Brittingham, Mildred Simpson, Janet Sylvester and Sarah Shultz, accompanied by their instructor, Mr. Meier, attended a business machine demonstration at International Latex in Dover.

**Fashion Show**  
The girls of the home economics classes presented their annual fashion show during last Monday's assembly.

Garments modeled were printed cotton skirts by the seventh grade, skirts and two-piece dresses of cotton by the eighth and skirts, pedal pushers, slacks and pajamas by the ninth grade.

The tenth grade girls modeled dresses of rayon and wool combinations.  
Grades eleven and twelve worked with a variety of fabrics. Dresses were made for evening wear. Several of the girls added skirts and weskits of corduroy or wool to their wardrobe.

The program was later presented for the Felton P. T. A. and for the students of Harrington School as an exchange program.

**Modern Methods**  
With typical American initiative and mechanization, United States rice growers have replaced the primitive, laborious rice cultivation methods of the Orient with tractor farming, seed-planting by airplane, modern irrigation systems, power-combine harvesting, modern drying and milling methods.

### Felton

The theme of Rev. William Hitchen's sermon Sunday morning was "Faith." The anthem of the Senior Choir was "Beside Still Waters." The Junior Choir had as their anthem, "Lead Us O Father." Mr. and Mrs. Richard Adams were received into the church as members. The church was decorated with spring flower arrangements.

The spring luncheon of the Felton Avon Club was held last Wednesday in the Community Hall. Officers of the State Federation of Women's Clubs and club presidents were guests. The state officers were Mrs. Peter Whaley, state president; Miss Elizabeth Peach, New Castle County vice-president; Mrs. Milton Yerkes, vice-president of Sussex County, and Mrs. Joseph Ennis, vice-president of Kent County. Mrs. William Hitchens gave the invocation. Mrs. Russell Torbert, president, gave the welcome. Mrs. W. W. Wood, music chairman of the club, presented the program. Vocal duets were given by Lenora Hughes and Betty Stator, accompanied by Miss Jean Maris at the piano. Piano selections were given by Richard Turochy, of Wesley College, and Donald Bleeke, instructor in music, at Wesley, gave violin selections. An overture "Special Town Meeting" was given by fifth grade pupils of the Felton school, under the direction of Mrs. Corinne Timmons and John Bunnell. The luncheon was served by the W. S. C. S. and members of the home economics department assisted. The club will hold a bake and food sale tomorrow. At the meeting of the club, May 7, new officers will be installed and delegates elected for the convention to be held in Rehoboth, June 12 and 13.

Mrs. Maude Reynolds, Miss Elsie Clark, Mrs. Marion McGinnis, Mrs. Gladys Mack, Mrs. Elmer O' Day, Miss Dorothy Heyd and Robert Callahan attended the P. T. A. State Convention at P. S. DuPont High School, Wilmington, Saturday.

The annual election of the members of the Board of School Trustees will be held Sat., May 10. One board member is to be elected for a term of four years.

Mr. and Mrs. B. T. East were dinner guests Thursday evening of Mr. and Mrs. Kenneth East and sons, of Seaford. The dinner was in honor of Mrs. B. T. East's birthday.

Mr. and Mrs. John Pizzadili celebrated their 25th wedding anniversary Saturday with open

### Greenwood

The Greenwood Volunteer Fire Company will hold its regular monthly meeting in the fire building tonight at 8 o'clock.  
Miss Jean Meredith, of Selbyville, was a weekend guest of her parents, Mr. and Mrs. N. W. Meredith. Miss Ann Meredith, of Wilmington, is their guest this week.  
Ronnie Case was a dinner guest of Bobby Jester Sunday.  
Mr. and Mrs. Burton Carter, of Wilmington, were Sunday guests of Mr. and Mrs. J. L. Hatfield.  
Miss Grace Porter, of Upper Darby, was a guest of her parents Sunday.

The Firemen Ladies Auxiliary held its regular monthly meeting in the fire hall Friday evening with 15 members present. The president, Mrs. Elaine Jones, presided. Delegates appointed for the Delmarva Convention in Dover, May 13-14, were Mrs. Elaine Jones, Mrs. M. T. Uhler, Mrs. Marie Dickerson, Mrs. Marie Draper and Mrs. Edna Conaway; alternates are Mrs. Loraine Torbert, Mrs. Geneva Spence, Mrs. Vernon Metzner, Mrs. Margaret Johnson and Mrs. Ruby Chalmers.  
Mrs. Florence Humphreys was unanimously voted in as a new member. Welcome, Florence.

Sussex County Firemen will meet in Greenwood May 27. Mrs. M. T. Uhler was appointed chairman of the dinner. All auxiliary members will be called upon to help. The refreshment committee for May is Mrs. Clara Coulter, Mrs. Betty Cobby, Mrs. Marie Dickerson, and Mrs. Loretta Draper. The entertainment committee is Mrs. M. T. Uhler.  
Winner in the Miscellaneous Club of the auxiliary last week was George Todd.  
Mr. and Mrs. John Elliott entertained Mrs. Bertha Elliott and daughters, Mrs. Clara Hastings and Mrs. Della Busell, of Delmar, Sunday.

During National Home Demonstration Week the Greenwood club members had a citizenship dinner Wednesday evening. At Cahall's Store a window display of club exhibits by members will be seen until May 5. Several members attended the state meeting at Dover yesterday. The club members are planning to attend

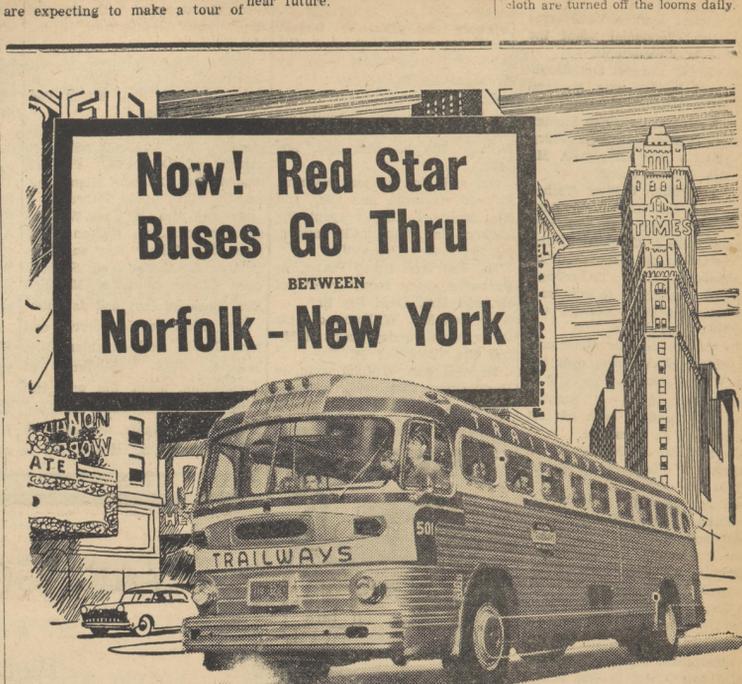

house. About 100 persons attended the occasion.  
Mr. and Mrs. John Bunnell, Betty Stanton and Billy Mack were in Philadelphia Saturday.  
Mr. and Mrs. Jimmie Steward and son, David, of Pocomoke City, Md., were Sunday guests of Mrs. Steward's parents, Mr. and Mrs. J. A. Jester.  
Vernon Meier was a Sunday dinner guest of Mr. and Mrs. Lotte Ludlow and family.  
Mr. and Mrs. Charles Hatfield attended the annual alumni banquet and dance at Greenwood High School Saturday evening.  
Mrs. Russell Torbert was a guest at the Rising Sun Community Club banquet last Tuesday evening.  
Miss Valeta Case has returned to her home in Onley, Va., after spending several weeks with her sister, Mrs. L. D. Morrow.  
Mr. and Mrs. Walter Moore and son, Walter, and Billy Delong visited Ann Moore, at the University of Delaware Sunday.  
Mrs. Ethel Case and Mrs. Clifford Cabbage, of Rehoboth, attended the Felton Avon Club luncheon Wednesday.

**Lowest Point**  
Helium, which is a gas present in small proportions in the atmosphere, has the lowest melting point of any substance. It melts at about 458 degrees below zero. F.

### Grace Methodist Church in a body

The Seaford DuPont plant in the near future.  
More than 17,600 miles of cotton cloth are turned off the looms daily.

## ★ RED STAR COACHES

Chrysler V-8 Saratoga Sedan, gasoline economy winner in Class "F". Entered and driven in the 1952 Mobil Gas Economy Run by Chrysler Dealer Mel Alsbury, Hollywood. It was one of three Chrysler FirePower V-8's to win in their respective classes.

## 180 HP CHRYSLER V-8 FIRST IN 3 CLASSES IN ECONOMY RUN!

Here is truly dramatic proof that Chrysler's great new FirePower 180 HP V-8 engine design sets an entirely new standard of efficiency among American passenger car engines!

In this annual economy test, rigidly supervised, and limited strictly to stock car entrants, cars competing are divided, by price and size, into 11 standard classes. The route, from Los Angeles to Sun Valley, covered 1,415 miles of every possible kind of driving. Average speed for all cars was just under 41 miles per hour.

And in 3 of the 11 classes, the Chrysler V-8 engine was best for gasoline mileage.

In Class "F", this magnificent new engine won first place for a Saratoga 6-passenger sedan (125 1/2-inch wheelbase, 4010 pounds). In Class "H", it won first honors for a Saratoga model 8-passenger sedan (139 1/2-inch wheelbase, 4510 pounds). And in the top price and size, Class "I", it was again first, in a Chrysler Crown Imperial Sedan (145 1/2-inch wheelbase, 5360 pounds).

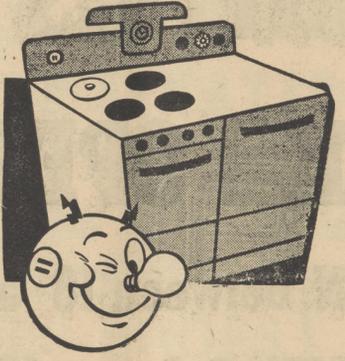

To travel these substantial cars at this speed under these conditions gives additional proof, we believe, that here in the FirePower V-8 engine is the finest and most efficient engine ever put into an American passenger car!

**WE INVITE YOU TO DRIVE THIS ENGINE, YOURSELF . . .**

The same engine which has just scored these remarkable accomplishments is no farther from you than your own Chrysler Dealer. He will welcome the chance to let you take the wheel and feel for yourself what Chrysler has done . . . not only in engine performance, but in power steering, power brakes, new shock absorbers, passenger comfort . . . to deserve the title: "Finest Car America Has Yet Produced!"

**CHRYSLER** the finest car America has yet produced

**NEW '52 HENRY J NOW \$1349**

Delivered at Willow Run, Federal Taxes paid

Hundreds of dollars lower than any other full size car and it's engineered to save you many hundreds of dollars more!

<p><b>you save up to \$81 on gas!</b></p> <p>With its amazing economy of up to 30 miles on a gallon—your Henry J can save you more than 300 gallons of gas over the average car—every year. That's real penny-a-mile economy—and the sparkling Supersonic performance you enjoy is just as outstanding, too!</p>	<p><b>you save up to \$20 on tires!</b></p> <p>Tires can cost you plenty—but not with the new Henry J! You save \$8 on the price of your Henry J tire—a 5:90 vs. a 6:70! And because your Henry J is weight-engineered to give you up to 20% more tire mileage you save another \$12 yearly!</p>	<p><b>you save up to \$50 on service!</b></p> <p>Your Henry J is designed with fewer, less expensive parts—for quick and low-cost service! Up to \$50 less per year! No wonder it has scores of thousands of satisfied owners! P.S. No need to buy seat covers—Henry J's interior is washable vinyl!</p>	<p><b>you save up to \$60 on fees!</b></p> <p>Federal, state and local taxes, plus interest charges and insurance costs, play a big part in the price of every new car the first year—but you'll find there's far less to pay the Henry J way! Another good reason why 80,000 new Henry J owners are mighty satisfied!</p>
--	--	--	--

**low as \$949 a week!**  
Little more than \$1 a day—low as \$9.49 a week—if your trade-in car is an average postwar model in good condition! Your Kaiser-Frazer dealer is ready to offer you an "extra-special" generous trade-in, too! So see your Kaiser-Frazer dealer about your new Henry J now!

Henry J Vagabond, shown below, \$1349, delivered at Willow Run, with Federal Taxes paid. White sidewall tires, local tax (if any) additional.

Other new '52 Henry J models:  
The Henry J Corsair \$1649  
The Henry J Vagabond Deluxe \$1694  
The Henry J Corsair Deluxe \$1594

**Flash! Henry J wins in actual mileage in 1952 Mobilgas Economy Run with 30.85 miles-per-gallon!**

**See your Kaiser-Frazer dealer for equally generous trade-in savings, too.**

Mr. and Mrs. Ferris Wright and son, Dickie, and Bobbie Morris, and Mr. and Mrs. Robert Knight, all of Little Creek, were Sunday dinner guests of Mr. and Mrs. John Knight.

**Willow Grove**

Mrs. Herbert Clough and children were visitors of relatives in town Sunday.

Miss Joyce E. Taylor has accepted a position with the Bell Telephone Company in their Dover office.

Some of our folks were present at the Jefferson-Jackson Day dinner in Wilmington April 19. They report a very nice dinner and an enjoyable evening.

We are much concerned about the condition of Edgar Bell, whose left hand was severely bruised about a week ago by being mashed between the tractor seat and the adjustment lever on the plows. At last report inflammation had extended up the arm and extra efforts were being employed to prevent severe complications.

At this writing there is more water in evidence on our farm land than has been since the storm of Sept., 1935. The conditions are growing hourly worse and until the rain ceases we have little chance of having seen the worst.

Some interesting news came into press from both Delaware City and New Castle last week. Signs appeared in both towns, "Shad For Sale," said signs being displayed by local shad fishermen, of around two or more decades ago. The catch was not as of former years but the fish are coming back. If they are here now we can be very hopeful the hook and line sport will be available considerably north of the Capes.

Both sides of the river and bay should really feel proud of those citizens of the states of New York, New Jersey, Pennsylvania and Delaware, who have worked so hard and unceasingly to bring about the organization and operation of IncoDel and let us all

do, each our little bit to clean up the Delaware to something of its former condition.

**REESE THEATRE BUILDING**  
HARRINGTON, DEL.

Open Friday & Saturday  
Nights Until 9  
All Day Wednesday

**THE HOLLYWOOD SHOP**

WHEELER'S (Continued from page 1) an awful lot. Folks you are right they do and that has come about by treating the public the way they should. Good merchandise, good values, fair profit and things that bear the Philco trade name that people want to have in their home.

This is just the time to be thinking about that new refrigerator. Surely you know it by now or you will very shortly as you are having mailed to you a colorful circular which shows the most beautiful and wanted refrigerator today. There is no need to tell you the name as Philco is the refrigerator that stands out today.

If you don't need one or just don't want to spend a few dollars for the best then don't come in or look them over because if you do, your pocketbook will open itself and tell you that is the one I was holding back my money for. Philco in the new color and what—yes a dairy bar. Philco has all the features that any refrigerator would like to have and you get them all at a cost that will surely let your dollars jingle.

You can save quite a bit if you act now and trade in your old refrigerator.

We are giving away with every refrigerator a genuine set of stainless steel cutlery set or kitchen tool set and will be sent to you direct by Don McNeill and Salesman Sam of the Philco "Breakfast Club" program.

You know the old refrigerator will act as your down payment and 78 weeks to pay the balance when you buy a Philco.

Strawberries, asparagus and many early vegetables will soon be here and will soon be gone, but there is now a way to keep them for you so all the year these can be had just like you pick them from your garden.

Here again Philco has a freezer just built for the thrifty family whose budget is squeezing a little and whose don't squeeze this day and time. All the more for saving and I mean save when you own a Philco freezer. As I have said before it pays you a high rate of interest as well as keeping food safe.

I don't want to forget to tell you about the wonderful electric ranges we have on display. Philco is the name and built so sturdy and strong that you can stand on the oven door when it is open and will not sag or hurt it in the least. Try this on another make of range. No don't as you will be sorry as the only range that can take such treatment is a Philco. Why? Well simply to show you how well their products are constructed.

The Employment Agency for these contracts shall be the Delaware State Employment Service whose offices are located at 603 Shipley Street, Wilmington, 307 S. State Street, Dover, and the Wag-

mon Building, The Circle, Georgetown. Attention is called to the Special Provisions in the proposals, specifications and contract agreement. Performance of contract shall commence within ten (10) days after execution of the contract and be completed as specified. Monthly payments will be made for ninety (90) per cent of the construction completed each month. Bidders must submit proposals upon forms provided by the Department. Each proposal must be accompanied by a surety bond, certified check, or money to the amount of at least ten (10) per centum of the total amount of the proposal. The envelope containing the

proposal must be marked "Proposal for the construction of State Highway Contract No. 1182". The contract will be awarded or rejected within twenty (20) days from the date of opening proposals. The right is reserved to reject any or all bids. Complete sets of plans and specifications may be obtained after May 8, 1952, upon receipt of five dollars (\$5.00) for each set which amount will not be refunded. Make checks payable to the State Highway Department. STATE HIGHWAY DEPARTMENT, Chairman: B. J. Gordon Smith, Richard A. Haber, Chief Engineer April 30, 1952 Dover Delaware
