Symon Jacobs has been attending a convention in Cleveland, O.

Our Heritage
The first national election was held in the U.S. in 1789.

New Jet Fuel?
One of the least-known uses of boron compounds and minerals is in connection with jet aircraft engines. Boron powders have been studied by the national advisory committee for aeronautics as possible non-liquid jet fuel for several years. And boron is, of course, eyewash, being the basic element in boric acid.

Removing Chewing Gum
Don't panic when you find chewing gum stuck to your clothes. You can get it off easily by placing the smudged article face down on a newspaper and pressing it with a hot iron.

Phew!
The least popular smell, experiments show, is a skunk-and-rubber combination.

Farmington

Mr. and Mrs. Harvey Kenton celebrated their 43rd wedding anniversary and also Mr. Kenton's birthday Sunday afternoon. Believe It or Not

Two Harringtonians have this story to tell. Their car broke down Tuesday afternoon on Kingshighway, Lewes, in front of the home of Floyd Little, a native of Tennessee, who is employed by the Passy Hosiery Mills. The damage was a broken U-bolt holding up a spring in the rear.

Little came out of his house and rode the local boys around Lewes looking for a bolt. In Moore's Chevrolet garage, two mechanics spent about a half hour checking the car and, since they had no suitable bolt, they made no charge.

The trio then went to Earl Ritter's garage, in Little's car. Ritter gave them a couple Plymouth U-bolts and said that if they fitted there would be no charge. The trio then went to the hosiery mills and ground down the housing to point where it would accommodate the bolts. All this time, Little's jack was being used. At no time was any charge made.

We discovered a new way this week to beat the squawk box. An automobile was parked in front of a local tavern while its occupants were inside. The radio of the automobile was going at full blast, broadcasting hog-calling tunes.

A Zoning Law Would Benefit Dover Air Base

A county zoning law would benefit Kent County, as a whole, and Dover Air Base, in particular.

With expansion getting rapidly under way, the increased personnel is sure to attract unsightly business establishments to the vicinity of the base. Call the area occupied by such places what you will—"skidrow," "Hooverville," and "Whiskey Chute"—it's all the same.

The garish neon signs, the flimsy buildings, the raucous squawk boxes that so often mark the confines of military installations should not "grace" the outlines of Dover Air Base. The area surrounding the base should be a thing of beauty and that will depend upon a zoning law.

DEFENDERS OF FREEDOM

Cpl. Robert L. Wingate, of Bridgeville, is serving as rifleman with the 28th Infantry Division in Germany. Cpl. Wingate entered the Army in Feb., 51, and Pfc. Charles L. Stevens, son of Dr. and Mrs. Paris Stevens, arrived overseas in last July. Route 2, Milford, is on security duty with the 1st Cavalry Division in Japan. His unit, one of the first to fight in Korea, is currently undergoing extensive aerial movement and amphibious training on the northernmost Japanese island of Hokkaido. It was transferred to Japan last December after 17 months of combat.

Pfc. Robert H. Flamer, whose wife, Mary, lives at 400 Whitaker St., Chapel Hill, N. C., is serving with the 28th Infantry Division in Germany. His brother, Lemuel Flamer, lives in Harrington.

Pvt. George E. Pepper, whose wife, Louise, lives on Route 1, Magnolia, is on security duty with the 1st Cavalry Division in Japan. He is the son of Mr. and Mrs. Granville W. Pepper, Route 2, Dover.

Pvt. Grover Brown, whose wife, Minnie, lives at 16 S. Queen St., Dover, recently graduated from the combat truck drivers' school operated by the Eighth Army in Korea.

C-K-R-T. Auxiliary President Names Committees

Mrs. William Outten, incoming president for the Callaway-Kemp-Raughley-Tee Auxiliary Unit No. 7 of Harrington has selected her committee chairmen for the year of 1953. Officers who will serve with Mrs. Outten are, vice-president, Mrs. James O'Neal; corresponding secretary, Mrs. William A. Minner; treasurer, Mrs. Clyde Tucker; historian, Mrs. Gooden Callaway; chaplain, Mrs. Eugene Anderson, and Sgt at arms, Mrs. Norman Brown. The

position of recording secretary has not been filled yet. Mrs. Sidney Burtman, who was elected to the position, has submitted her resignation in view of the fact that she will be moving out of town.

Committee Chairmen are. Americanism-Mrs. Clarence Black; child welfare, Mrs. Reynolds French; community service, Mrs. Elma Price; constitution and by-laws, Mrs. O. T. Roberts, Jr.; education of orphans of veterans, Mrs. Tharp Harrington; Junior Activities, Mrs. Charles Peck, Jr.; legislative, Mrs. Frank O'Neal, Jr.

Treating Clothespins
If your clothespins have a tendency to give away long before their time, treat the pins, while new, to make them last longer. Place in a basin of boiling water and washing soda for 30 minutes, rinse in cold water and let them dry in the sun before using.

Flowers
Flowers form the inspiration for many of the casual full-skirted cottons for warm weather. The shades are delicate and are further accentuated with a touch of velvet at the waist.

Worshipped Trees
The 15 tribes of Indians who inhabited what is now the Mexican state of Oaxaca believed at the time of the Spanish conquest that they were descended from trees. As a result many trees, particularly large or old ones, were held in veneration.

Heavy Evidence
In Salt Lake City a suspected shoplifter seized by police switched from howls of protest to howls of pain when a flatiron he had stolen slid down the inside of his trouser leg and bounced off his toe.

New Economy in OIL HEATER OPERATION

Roving Eyes
A "roving eye" doesn't actually move out of position unless, that is, you're a flounder. A fully grown flounder has two eyes on one side of his head and none on the other. When he was a baby, he had an eye on each side, like any normal fish, but he took to lying on one side in the sand until one eye slowly traveled around the back of his head and took up a permanent place next to its brother eye.

Weekend guests of Mr. and Mrs. John Dill and Miss Janet Dill, were their grandparents, Mr. and Mrs. C. E. Abbott, of Snow Hill, Md. Sunday they were joined by Mr. Dill's daughter, Mrs. Betty Matthews and two children, of Harrington, and Mr. and Mrs. Harry Shockley and Clara, of Woodside.

Little Miss Patricia Kenton, of Harrington, has been spending several days with her grandparents, Mr. and Mrs. Ule Kenton, while her parents, Mr. and Mrs. Ule Kenton, Jr., have been vacationing in Atlantic City.

Mrs. Kenton Sr., spent the weekend with Mr. and Mrs. Bradley King at their cottage in Little Hummock.

Mrs. H. D. Roe, of Wilmington, spent the weekend with her niece Mrs. Elizabeth Schwartz. Mr. William Roe was also a guest at dinner Sunday.

Mr. and Mrs. Ralph Failing, and sons, Carlton and Boyce, have returned from a trip to Niagara Falls and Canada.

Mr. and Mrs. Edward Richards spent the holiday weekend in Rehoboth.

Mrs. Katie Knight left Monday with the Rev. and Mrs. Norman Nicklas, and Joey, to be their guest for two weeks at their home in Sharptown, Md.

Remember the meeting of the Womans' Society of Christian Service in the Intermediate Sunday school room Wed. evening, Sept. 10th, at 8 o'clock.

Mr. and Mrs. John Knight had as guests Sunday, Mr. and Mrs. Ferris Wright, and son, Dicky. Mrs. Ferris Wright Jr., and Mr. and Mrs. Robert Knight, of Little Creek and Mrs. James M. Satterfield, and son, Kimmy, of Dover. Later in the afternoon they went to Selbyville to visit Mrs. Julia Williams.

Mr. Collins Davis left Monday for Baltimore where he has accepted a position as civil engineer with the Baltimore Ohio Railroad.

Mr. and Mrs. James Muncey, of Camden, N. J., spent the weekend with Mr. William Paradee and Mr. and Mrs. James McVaine. Mrs. Muncey is a sister of the late Mrs. Paradee.

Mr. and Mrs. William Kebe, of Woodbury, N. J., and Mrs. and Mrs. Arthur Reach, of Collingswood, spent Sunday with their mother, Mrs. Curtis Carey and Mr. Carey.

Mr. and Mrs. Aubrey Whealton, and Eugene Whealton, spent Labor Day with the former's sister, Mrs. Lola Justice, in New Church, Va.

Mr. and Mrs. Marshall Hart and family had as dinner guests Sunday, Mr. and Mrs. J. M. Parvis and children, Connie and Tommy, and Mrs. Edna Sapp and daughter, Miss Jean Sapp, all of Houston.

Mr. and Mrs. James Kenton have sold their farm near town to Mr. and Mrs. Appenzeller and have bought the Atlantic service station and the adjoining home which is on the corner of the main highway and the Bowers Beach road.

Mr. and Mrs. Walter McDonald spent the holiday weekend with Mr. and Mrs. William Powell, in Glen Burnie, Md. They were accompanied home by her nephews, Harry and George Gottwals.

Felton

Sunday School and church services will be resumed Sunday morning, Sept. 7, at the usual hours.

The first meeting of the fall of the W. S. C. S. will be held in the community hall Monday afternoon at 2 o'clock. Mrs. Paul Layfield will be in charge of the worship service, and Mrs. Ida Hughes is program chairman. Hostesses for the afternoon will be Mrs. Cora Hughes and Mrs. Ella Melvin.

Mrs. Elizabeth Bringham was luncheon guest last Friday of Mr. and Mrs. Burt Gildden, at Rehoboth.

Mr. and Mrs. Clarence Abernathy, of Harrisonburg, Va., were guests of Mr. and Mrs. Albert

Warren and daughter, Patty, over Labor Day weekend.

Mrs. James Steward and son, David, of Pocomoke, Md., spent several days last week with her parents, Mr. and Mrs. J. A. Jester.

Mr. and Mrs. W. W. Wood and sons, Billy, Bobby, and David, have returned from a trip in the New England States.

Mrs. Russell Torbert, daughter, Nancy, and son, Jimmie, have been visiting Mrs. Torbert's mother, Mrs. Mary Young, at Ocean City, N. J.

Mrs. Joseph Everett is visiting her daughter, Mrs. Calvin Turner, in Wilmington.

Mr. and Mrs. William Hammond spent the weekend in Rehoboth with Mr. and Mrs. Clifford Cabbage.

Mr. and Mrs. Calvin Warrington and son, Russell, moved to their new home in Cordova, Md., last Saturday. Mr. Warrington is with Eskay Poultry Company, at Cordova. Mr. and Mrs. Ralph Barwick will occupy the apartment vacated by the Warringtons.

Miss Elsie Clark returned to her home here Monday after spending a month in Downingtown, Pa., with her mother, Mrs. Nelson Clark.

Gladys Ann Wilson, of Den-

ton, spent the weekend with her grandparents, Mr. and Mrs. W. A. Wilson.

Mr. and Mrs. Wilbert Sherwood Jr., and Mr. and Mrs. George Springer took a trip to Boulder, Colo. They met their brother, Cpl. Ralph Mike Sherwood, from New Mexico. They attended the commencement exercises at the University of Colorado Wed., Aug. 27, of Calvin Berge. Calvin is the son of Mr. and Mrs. Springer, and he returned with them to spend a few days.

Mrs. Mildred Fielding, of Wilmington, has been visiting her parents, Mr. and Mrs. Harry Gruwell.

Mr. and Mrs. Charles Sharp entertained at dinner Sunday. The guests were Mr. and Mrs. Frank Casini and son, Frankie, of Hershey, Pa., Mrs. Lulu Rote, of Harrisburg, Pa., Miss Bertha Heim and Mr. and Mrs. Harry Kolb, of Wilmington. Mrs. Harry Kelley was a Sunday evening guest.

Mr. and Mrs. C. N. Warren and son, Russell, of Richmond, Va., were guests of Mr. and Mrs. Clifford Milbourn over Labor Day weekend.

Miss Elsie Clark returned to her home here Monday after spending a month in Downingtown, Pa., with her mother, Mrs. Nelson Clark.

Gladys Ann Wilson, of Den-

ton, spent the weekend with her grandparents, Mr. and Mrs. W. A. Wilson.

Mr. and Mrs. Harry VanderBorgh, of Clifton, N. J., spent the weekend with their son-in-law and daughter, Mr. and Mrs. Max Stopter and daughters.

Mrs. W. H. Moore and daughter, Ann, spent last Wednesday

in Philadelphia. Mr. Moore and son, Walter, and Wayne Creadick attended the A's-Cleveland baseball game.

Mr. and Mrs. Barratt Simpler spent last Friday in Atlantic City.

Mrs. Mildred Fielding, of Wilmington, has been visiting her parents, Mr. and Mrs. Harry Gruwell.

Mr. and Mrs. Charles Sharp entertained at dinner Sunday. The guests were Mr. and Mrs. Frank Casini and son, Frankie, of Hershey, Pa., Mrs. Lulu Rote, of Harrisburg, Pa., Miss Bertha Heim and Mr. and Mrs. Harry Kolb, of Wilmington. Mrs. Harry Kelley was a Sunday evening guest.

Farm Front News

Entomologists Find Control of Spittlebugs has Advantages

Applying DDT to forage crops damage next year, is a new and perhaps preferable approach to control of this serious grassland pest of north central and north eastern states. These tiny insects suck juices from forage plants, particularly clover and alfalfa. Named from masses of froth formed on stems of plants, they have become a menacing pest to forage crops in the past 10 years. Spraying new seedlings of alfalfa and red clover during the first 10 days of September with 1.5 lbs. actual DDT an acre in 11 widely scattered test areas of Ohio, gave best fall spittlebug control. Methoxychlor sprays should be used if treated forage is to be used for fall pasture. Springtime applications of BHC and toxaphene sprays are currently recommended methods of spittlebug control in some States. This provides nearly 100 per cent kills, but it adds to heavy spring work, and increases insecticide residue problem. BHC residues may also contaminate root crops grown on the treated ground the following year.

Agreements in Four States To Start Eradication Of Vesicular Exanthema

Georgia, North Carolina, Iowa, and Washington, are first to reach agreements to co-operate with USDA in making payments to producers of infected or exposed hogs which must be slaughtered and processed and, in some cases destroyed on the premises. USDA can offer indemnities to owners only if the state agrees to match funds provided by the federal government, and USDA can pay no more than 50 per cent of cost. Object of the plan is to wipe out the disease as quickly as possible with the least economic loss to producers. Animals will be appraised by Federal and State representatives on the farms of origin. If appraisal is based on breeding value, payment shall not be more than three times the meat value of the animal.

Corn Price Support Program

Although defense requirements served to bolster the prices farmers received for their 1950 and 1951 corn crops, the same pattern of rise and fall held in marketings and prices.

A big corn crop with high yields in surplus-producing areas

is indicated for this year. The crop is expected to mature early and to be generally of top quality. This is good. Corn is our main feed crop, it stores well, and large reserves are needed for our increased livestock numbers.

Orderly marketing of this big crop, however, will be especially important to protect the interests of farmers, consumers, and the whole nation. The corn price supports can help farmers build needed reserve stocks and at the same time stabilize the market.

The CCC corn price support program offers farmers

1. Ready cash in the form of loans on corn stored in approved bins or cribs. The farmer may redeem his crop by paying off the loan, or he may deliver the corn to CCC when the loan matures.

2. Price protection under purchase agreements for farmers do not want a loan. Under this plan, CCC agrees to buy from the farmer toward the end of the marketing year a specific amount of corn of a specified grade at the support price.

Under either loans or purchase agreements, the farm price is protected at the price support rate. And the producer may feed his corn or sell at the market loan, instead of dumping too much at harvest time.

CCC loans and purchase agreements on the 1952 corn crops are available from time of harvest through May 31, 1953, unless an earlier closing date is established by the state committee to permit damage by angoumois moths. For early delivery because of possible 1951 crop corn the final date for obtaining a loan was established at March 31, 1952.

Good storage is necessary under either plan. If you need additional storage, a CCC storage facility loan payable over 4 years, at 4 per cent interest will be made for as much as 80 per cent of the cost or 45 cents per bushels of the rated storage capacity, whichever is less. Loans are also available for drying and ventilating equipment to condition corn for long-time storage. The loans may be obtained, with the approval of the County PMA Committee, through approved local lending agencies or direct from CCC through the committee. See your County PMA Committee for further details.

Cherry Blossoms
At cherry-blossom time in ancient Japan as many as 10,000 persons would come at once to the hills of Yoshino to see the lovely pink flowers in bloom.

Pictures of the Moon

Samuel Dwight Humphrey secured a series of exposures of the moon at Canadagua, New York, in 1840. He used an ordinary portrait camera. As the moon traveled across the heavens, he made several exposures on one daguerreotype plate. The images were hardly more than a quarter of an inch in diameter, but Humphrey demonstrated that it was possible to record with a camera the moon's disk.

It's in the Tips

The bristles in nylon brushes must have long, fine tips. By holding the brush up to the light, fanning out the nylon and looking closely at the tips, you can observe these. The way a brush will pick up paint and release it is affected by the tips of the bristles. In other words, they govern the smoothness with which paint can be applied. Because of the wearing qualities of nylon, it is not necessary to obtain a long brush. A good 4-inch brush should not have more than 4 1/2" of bristles extending out of the ferrule.

New Sandals

Smooth, almost glove-soft leathers are being used in some of the newest sandals being shown currently. They're light and flexible, and their effect on the feet can be easily imagined. Made of such colors as red, oat and gold, they lend a fashionable touch to the casual wardrobe.

"Pumpkin Pine"

As a furniture wood, pine has been gaining increasing favor. Many pine pieces are being finished to simulate antique or Early American furniture. One of these finishes, known as "pumpkin pine" is a mellow yellow color. One way of obtaining this finish is to apply a blend of orange shellac and light mahogany spirit stain. A final coat of straight orange shellac is applied before the finished surface is rubbed with 4/0 steel wool and waxed to a dull lustre.

Takes Room from Doldrums

A bright color—vermillion, for instance—draws your eye when it's used in the decoration of a room. A dull one, such as a deep tone of red, stays quietly in its place. The brilliant colors which provide positive accents of color are sometimes needed to give life to an otherwise dull room.

PUBLIC SALE

OF

Farm Implements

As my farm, Long Point Farm, situated one mile beyond the village of Neavitt in Talbot County, Md., on Route 579, on Broad Creek Neck, is being sold off in building parcels, I have decided to stop all farming operations and will sell the following farm implements, on

Saturday, Sept. 6, 1952

at 10:30 A. M.

Tractor M '47, 1 tractor H '49, set 2 gang 14-in. plows; 1 3-section spring tooth harrow; 1 2-section spike tooth harrow; 1 heavy 9-ft. disc; 2-row corn planter with checkers; 1 set hydraulic cultivators; 1 weeder-mulcher; 1 7-ft. tractor mower; 1 13-tine grain drill with grass seeder attachment; 1 plow packer; 1 2-row mounted corn picker No. 24; 1 powercorn sheller; 1 No. 62 combine with tank and engine; 1 1/2 ton KB-5 farm truck, 16,000 miles.

All of the above is International Harvester Equipment. ALSO—1 AC 2 gang 14-in. plows on rubber; 1 Mt. Vernon lime and fertilizer spreader; 1 Martin heavy duty grade-ditcher; 4 Lanz coolers; 1 corn wagon on rubber; 1 corn wagon on rubber with hay racks; 1 set platform scales; 1 stock loading ramp; 2 stainless steel 80 gal. double tank heated hog waterers; 5 USDA 8ft.x3ft. sow farrowing houses; 2 USDA 10-ft.x12-ft. hog colony houses, 1 10-hole Jamesway steel hog feeder; 4 wood feeders; various sizes; several hog troughs; 4 hog crates; 1 hoist winch; 1 Belsaw saw mill; 1 Corbitt 3 1/2 ton truck with steel body; 1 Alemitic grease outfit; 1 oil barrel with pump; 1-1500 watt DC Kohler automatic generator plant needs some work; 1 21-cu. ft. deep freeze unit; 1 12-ft.x22-ft. corn crib with center partition; miscellaneous lot of hand trucks, carts; electric fence charger; cream separator; milk strainer; scoops; oyster forks; hay forks; cow stanchions, and many other items.

All of the major items listed above are in excellent condition, on original rubber, little worn, most good as new. All these items were purchased new since 1947, and used on a small farm. The government during the week of August 4th announced that because of the steel strike and because of the increased demands of our defense program, steel for civilian use would be sharply curtailed and, as a consequence, farm equipment would be in short supply next year. This is your opportunity to buy your farm equipment needs now and beat the shortage.

TERMS—Cash before removal of property.

Lunch will be served by the WSCS of the Neavitt Methodist Church

"Easy On the Ears"

HERE'S WHY!

Gentle Snapping—Extra long non-aggressive snapping rolls and a rotary snapping bar are exclusive features of the Dearborn-Wood Bros. Corn Picker. They work gently to get more corn... with practically no butt shelling.

Clean Husking—The big husking bed on this picker does a thorough job of cleaning corn for the crib. The exclusive flexible fingered husking bed feed spreads the ears evenly over the entire bed. Then three steel and three rubber husking rolls whisk away husks and silk... with a minimum of shelling.

Come in soon and ask for a demonstration. You'll be glad you did. Convenient terms available.

FARM NEWS - REVIEW - FORECAST

Hay Standards Reflect Feeding Quality

The U. S. hay standards do reflect differences in actual feeding value, reports Delmar J. Young.

Young, dairyman of the Delaware agricultural extension service, says that the higher the grade of hay farmers put up or buy, the more feeding value that hay has. Young quotes studies made at the U. S. Department of Agriculture research at Beltsville, Md.

For example, one test compared the feeding value of No. 2 alfalfa light grass mixed hay and No. 3 alfalfa hay. Heifers fed the No. 2 ate 17.8 pounds of dry matter, and gained one and three-quarters pounds a day. The heifers fed the No. 3 ate a pound and a half less per day (16.3) and gained one and four-tenths pounds per day, a third of a pound less than the heifers fed on No. 2.

Another test compared No. 3 leafy green lespedeza with sample grade green extra leafy lespedeza. The main difference is the amount of foreign material. Results showed that four tons of the No. 3 lespedeza was equal to five tons of the sample grade lespedeza in feeding value.

"This indicates," says Young "that it isn't saving money to buy cheaper hay with more foreign material. You lose in feeding value what you save in money. And, "Young suggests, since the quality has so much to do with actual feeding value, perhaps we should learn more about our hay standards and what they mean."

Second Set of Indian Chiefs At 4-H Camp

Eight 4-H boys and girls helped govern the second week session of Delaware State 4-H Camp last week. These boys and girls were selected at the first official Council Circle of the camp, to rule Indian Chiefs and their Sagamore helpers.

At the head of the 4-Hers in the Susquehanna tribe was Marie Woerner, Glasgow. Her Sagamore helper was Donald Pepper, of Georgetown.

Alvin Huey, Milford, was Chief of the Delaware tribe, with Dorothy Kendall, Dover, as his helper.

Milmo Fox, Newark, as Chief, and Jack Warrington, Harbeson, as Sagamore, were responsible for the Cherokee 4-H Indian tribe.

John Field, Newark, was chosen to lead the Seneca tribe for the week Sandra Hufnal, Dover, helped him as Seneca Sagamore.

"Being a Chief or a Sagamore at 4-H Camp helps boys and girls develop self-confidence in leadership," says Samuel Gwinn, state 4-H Club leader. "These two tribal leaders are responsible for tribal organization, carrying out of tribal duties, and maintaining good camp spirit. They are chosen by the state 4-H staff on the basis of their 4-H records. Training future rural leaders is an important part of 4-H Club work, and we're sure that 4-H Camp helps do just that."

Cover Crops Check Splash Erosion

"An inch of rain falling on an acre of land contains enough energy to plow that acre 10 times, or the equivalent of some 100 horsepower."

That fact, measured by the U. S. Navy Department, should be enough to scare most farmers into keeping their soil covered with a good legume or grass. Cover crops check this splash erosion which is common to most types of soils, says the Delaware agricultural extension service. Splash erosion causes losses in soil and fertility, damages soil structure, and can actually injure plants and animals. In certain sections of Tennessee, cattle are believed to have been poisoned by grazing on plants which had been splashed with soils containing fluorine.

To check such erosion, and to improve soil fertility and soil structure, the extension service recommends growing adapted varieties of cover crops. You won't get startling results in one year, but cover crops plowed under can build up a soil that produces 40 bushels of corn per acre, to one that consistently produces 90 bushels or higher.

See your county agricultural agent for recommended cover crops in Delaware. Offices are in Georgetown, Dover, and Newark.

Links, Honorary 4-H Group Elect State Officers

Mrs. Franklin Melson, a leader of the Dublin Hill 4-H Club, is the new state president of the Order of the Links in the 4-H Chain of Delaware.

Mrs. Edwin Williams, Seaford, a leader of the Wesley-Cannon 4-H Club, is the new secretary and treasurer. David Elliott, Laurel, was re-elected as historian. David is junior leader of the Laurel Sycamore 4-H Club.

The election of state officers was part of weekend activities for 4-H Leaders and Links at Camp Barnes, Frankford, recently. This was the 4th annual Leaders and Links weekend. All three counties were represented. The "campers" took part in crafts, a tour of the Assawoman Bay Site, square dancing, council circles, and a discussion of the 1953 4-H Club program. The Links held their state meeting and election and the traditional 4-H candle-lighting ceremony at the close of the weekend camp.

Turkey Crop For 1952

The estimated 186,000 turkeys raised in 1952 sets a record high for Delaware, being 30 per cent greater than in 1951 when there were 143,000. This is more of an increase than growers had intended last January, for at that time the expected to raise only 15 per cent more than last year.

The greatest increase was in Beltsville Whites which in 1952 made up 49 per cent of all turkeys, while a year ago they were 26 per cent of the total. This increase has resulted from rapid growth of the turkey broiler business.

There has been a pronounced shift to earlier marketings this year, with growers expecting to market nearly 45 per cent of their birds before Nov. 1, while a year ago only about 10 per cent had been sold by that date. Sales in November, and the remainder in January or later.

USDA Announces Turkey Purchase Program

USDA will purchase frozen, ready-to-cook 1952 crop turkeys to provide an outlet for temporary surpluses of turkeys. August's estimated crop is nearly 59 million turkeys, 13 per cent more than last year. Turkeys purchased will be distributed to non-profit school lunch programs and other eligible outlets. Purchases will be limited to frozen, ready-to-cook, box-packed turkeys of U. S. grade B or better not slaughtered before September 1 and inspected by USDA inspectors. Further information regarding details of the purchase operations can be obtained from the Production and Marketing Administration, poultry branch in Washington.

MD. Turkey Numbers Hit All-Time High

There should be plenty of turkeys available this Thanksgiving. Maryland turkey growers are raising more this year than ever before, 529,000 birds, or 15 per cent more than last year, according to the Maryland-Delaware Chop and Livestock Reporting

The reporting service, which is a branch of the U. S. Department of Agriculture, said that this of Agriculture's Bureau of Agriculture even more turkeys than growers planned to raise earlier in the year, despite a period of low turkey prices.

Farmers in the rest of the nation are also raising a record crop of turkeys, nearly 59 million, or 13 per cent more than last year.

Raising of lightweight turkeys has increased, too. The smaller birds, such as Beltsville Whites, now make up 26 per cent of the total, compared with 23 per cent last year.

Turtles' Whistle

Although the voices of most turtles are at best a slight squeak or sigh, the wood turtle which ranges from Maine to West Virginia makes a whistling call audible 30 or 40 feet away.

1953 ACP Is For All Farmers
Every farmer in Delaware will be visited this fall by his community committee to discuss conservation plans for his farm.

The objective of the 1953 ACP as projected by Congress when authorizing the appropriation for and at the same time to conserve the program is two-fold; namely, to increase our farm production on our soil. In order to achieve this objective, each community committee will visit the farms in his community and discuss with each farmer the conservation practices which will be most effective on his farm. Before starting to visit the farmers in his community, the committee man will receive thorough training which will enable him to assist the farmer deciding which practices should be selected to meet the conservation needs of his farm. The committee man and the farmer then agree on which of these practices it is most important to carry out under the 1953 conservation program in order to conserve the soil on the farm and to increase production.

This kind of program has been carried out under the 1952 conservation program in one trial county in each of the 48 states, and has resulted in those counties in a much greater participation by the farmers and more efficient use of the conservation funds made available by Congress. In Delaware this type of program has been carried out in 1952 in New Castle County and has resulted in 70 per cent participation by the farmers of that county as compared to 61 per cent participation in 1951.

1953 Acreage And Production Goals
Acreage and production goals for 1953 fall-seeded grains to meet all known requirements and provide adequate reserve stocks were announced recently by USDA.

Delaware's acreage and production goals are as follows:
Wheat, 55,000 acres, 974,000; Barley, 13,000 acres, 339,000 bushels; Rye, 20,000 acres, 284,000 bushels.

The national wheat goal for 1953 is 72 million acres, about 8 per cent below the acreage planted for harvest this year. With normal yields, the 1953

goal acreage would result in a crop of about 1,080,000,000 bushels, about 170 million bushels below this year's production. This amount of wheat would meet all anticipated requirements for the marketing years, both domestic and export, and add some to reserves.

An increase of 39 per cent over this year's barley acreage is been set at 12 million acres or set for next year. The goal has 282 million bushels.

Rye acreage, totaling 1,700,000 acres, is expected to produce 21 million bushels, 5 million bushels more than estimated for 1952.

Navigation

Ship captains are advised to hug the Gulf Stream, paralleling the coast along carefully charted seasonal tracks, on their way north from the Gulf. Returning, the best course—except in stormy weather—is a straight line far out to sea that avoids the breasting current, the navy says.

Comfy Bed for Boxer

A three-side dog bed for a boxer can be made by cutting the sides and back from pine boards one inch thick and 10 inches wide. Sides should be curved at the opening. To the lumber nail a piece of tempered hardboard, three-sixteenths inch thick, for a splinter-free, smooth bottom. Bevel all edges of this bed, which is two feet by three feet, and paint it.

BEEF CATTLE FOR SALE
Have sold out of all cattle on hand and expect a new lot of over 300 head to arrive this week, either Herefords and Angus heifers and steers, which will consist of over 100 head of calves weighing from 300 to 400 pounds. Just right to start now and make 1,000 pound cattle next year.
Also will have over 150 cattle weighing from 400 to 600 pounds. They are just right to keep for breeders or fatten for market in the early winter.
Balance will be cattle weighing from 600 to 900 pounds that will do for the feed lot this fall.
Anyone interested in good beef cattle to make money on should come and look these cattle over.
I have sold over 3,000 head of these kind of cattle since January 1st, to over 300 satisfied customers, and expect to sell more than that many the balance of this year. So if you have pasture, why not buy a few of these good cattle and watch them grow and make money for you? It looks like cattle will be high for a long time to come.
All cattle I handle are treated for shipping fever and delivered free of charge within 100 miles. Will take your dairy and fat cattle in trade and allow you a good price for them.
Also can arrange to pasture at a small cost to you any number you wish to buy.
I have rented the Normandy Farms at Norristown, and have over 400 acres of the finest pastures. They have a four-rail fence and plenty of water and shade. I'm sure your cattle will do good there. Also have over 300 acres pasture to rent here in Chadds Ford. So why wait? Why not come and see some real good cattle that are priced lower than any other cattle of the same quality in the state of Pennsylvania?
There must be a reason why I have sold over 48,000 beef cattle in the last 12 years and last year was the biggest year I ever had.
I expect to receive over 200 cattle each week for the balance of this year and I expect to price them so they will move out in that order.

Up to 2 Doz. More Eggs from Birds with Large Body Capacity
According to experiments of the famous Beacon Poultry Research Farm (published in the official journal "Poultry Science"), birds with large body capacity, well sprung ribs, big crops, big gizzards and big intestines produce as high as two dozen eggs more per bird per year than birds with smaller bodies grown on all-mash feed.
The Beacon 70/30 Feeding Plan helps you produce birds capable of maintaining high egg production. This plan uses the maximum amount of scratch grain with a minimum amount of high powered Beacon "18" Growing Mash. Fed from the 12th week until birds are housed, it makes great savings.

Marydel

Major Robert Traub and family of Alexandria, Va., were visitors in the home of Dr. and Mrs. Robert Miller during the past week.

Mrs. Martin Cleonan recently returned from a month's visit to Maine, her native state.

Miss Elizabeth Hughes, of Yorkers, spent several days visiting with her cousin Mrs. Margaret Williams, at the Hughes residence.

Mr. and Mrs. Wm. Oxley and children were visitors in Washington, D. C., for several days during the past week.

Mr. and Mrs. Herbert Butts spent several days visiting in Cape Charles, Va.

Mr. and Mrs. Don Holder of Tallahassee, Fla., visited with her parents Mr. and Mrs. C. C. Smith, of near Marydel during the past week.

Mr. Helder recently returned from Helsinki, Finland, where he was a member of the Olympic marathon team.

Over the weekend Mr. and Mrs. Fred Menz and Carol, of Union, N. J., were guests of her mother, Mrs. Anna Wolenter.

Mr. and Mrs. Jule Poznanski and son, Franklin, of Jersey City, N. J., were weekend visitors of her parents, Mr. and Mrs. Chester Smith.

Rev. and Mrs. Charles Covington returned from a two week visit to Ky. where they visited their parents.

Marydel Methodist Circuit will again resume its regular services each Sunday morning. In Marydel the Sunday School begins at 10 a. m., and the church service at 11 a. m. every Sunday.

Thomas' Chapel will hold its church service Sunday at 3 p. m. and S. S. at 2 p. m. Henderson and S. S. at 10 a. m. and Templeville church service will be held Church service will be at 9 p. m. at 10 a. m., with S. S. at 11 a. m.

Recently Mr. and Mrs. Isaac Thomas and family spent several days visiting Atlantic City, Coney Island, Pocono Mts., and Delaware Water Gap in Pennsylvania.

They also visited with her brother and family, Mr. and Mrs. Joseph Link, in Pompton Lakes, N. J.

The September meeting of the W. S. C. S. of Marydel will meet Tues. Sept. 9th, at the home of Mrs. Olen Ford.

Mrs. Herbert Butts and Mrs. U. L. Harman will serve as hostesses at the Sept. meeting of the Marydel Civic Club to be held the third Thursday of the month, the 18th.

The Marydel Lion's Club will hold its first dinner meeting of the Fall season at the Community Hall Mon., Sept. 8.

Hobbs

A recent letter from Charles E. Meluney, for the past fifty years connected with Coulbourn and Noble, Philadelphia Commission merchants, stated that he sold 12 lambs for a Maryland farmer. They weighed 1190 lbs., sold for .33 1/4 per lbs. which equalled \$395.68, almost \$33 each. Used to be farmers were glad to receive \$5 for a lamb.

Mr. and Mrs. Esley Stafford, Franklin Ronney, and Dale, and Mr. and Mrs. Harold Scott spent a recent Sunday at Tolchester.

Mr. and Mrs. Daniel Glenn and Mrs. Lewis Butler visited Rehoboth prior to the Glenns leaving for their New Jersey home.

Mr. and Mrs. Cleveland Henry were recent Sunday evening guests of Mr. and Mrs. Johnny Collison, rural Denton.

Mr. and Mrs. W. G. Holbrock entertained at a buffet luncheon Mr. and Mrs. G. L. Wilson, Ridge-

ly; Mr. and Mrs. J. Roland Chafin and Dr. and Mrs. M. A. Brackett, Denton, and Harry Cade, of Muncie, Ind.

Glenn and Wyane Wise, rural Denton, spent Monday of last week with their grandparents, Mr. and Mrs. Cleveland Henry.

Mrs. Lewis Butler and Mrs. Dawson Fountain spent Tuesday of last week at the home of the former's son, Marvin Butler, Tuckahoe Neck.

Mrs. B. B. Allen and Miss Louise Gray entertained Mrs. Kate Johnson, Mrs. Harry Knotts, Mrs. T. Alan Goldsborough, Mrs. Della Deakne, and Miss Edna Hobbs Wednesday evening of last week.

Mrs. Roland Towers and children, Billy and Tommy, spent Wednesday of last week with the former's parents, Mr. and Mrs. Orville Morgan, of Federalsburg.

A miscellaneous shower was given for Mr. and Mrs. Merle Lister at the home of the former's parents, Mr. and Mrs. Jock Lister, near here, last Monday evening.

Mr. and Mrs. Elmer Butler entertained New Jersey relatives Monday of last week.

Wallace Hammond, of Camden, N. J., recently visited his sister, Mrs. Amos Scott.

Mrs. Clara Stafford spent Wednesday of last week at the home of her son, Wesley Stafford and family.

Mr. and Mrs. W. G. Holbrock entertained at TV last Wednesday evening Mr. and Mrs. L. H. Thomas, Mrs. B. B. Allen and Miss Louise Gray.

Mrs. Annie Pearson, of Laurel, has been visiting her sister, Mrs. Lottie Satterfield.

Anthony Musso and family, who have been living here for several weeks, left for their home in Scranton, Pa., last Thursday.

Mr. Musso is a partner in the Denton Canning Co. here. He is also a partner in the Musso Funeral Service, Scranton, Pa.

They live at 2102 S. Webster Ave. Scranton. Mr. Musso is supervisor of languages, at the Scranton Public Schools. He was a teacher for 13 years prior to his appointment as supervisor. He married Miss Diane A. Nesta, of Scranton. They have five children, Sandra, Fedele, Anthony Jr., Eugene, and Barbara Ann. Mr. Renzo Neta, a brother to Mrs. Musso, and partner in the Denton Canning Co., and wife will remain here until the canning season is over.

Kent Welfare To Have Two Dover Officers

The Kent County office of the State Department of Public Welfare finds it necessary to maintain two separate offices for its work in the county because of the lack of sufficient space in the building at the corner of Lookerman Street Plaza and Legislative Street. Effective Monday, all of the programs of the Public Assistance Division will be conducted on The Green where located in the basement of the general relief and old age assistance offices have been located in these same offices. Anyone wishing to apply for public assistance of any kind should make application at that office in order to speak with the proper worker.

The child welfare division will carry on its work from the building at Lookerman and Legislative Streets as at present and the office of the county supervisor, Miss E. Kathryn Pennypacker, will continue to be located in the same building.

Telephone connections for all offices will be through Dover 5711, which means that the sep-

arate telephone numbers for general relief (4657) and for old age assistance (2020) will be discontinued. Inquiries of a general nature can always be directed to the county supervisor's office, but specific requests for financial assistance to an individual or a family should be directed to the courthouse or through 5711. The public assistance division at the mailing address for all department workers in the county is P. O. Box 649, Dover.

Asbury Methodist Church Notes

Sunday School will begin at the usual time, 10:00 o'clock, on Sunday morning, with devotions conducted by the superintendent, Fulton Downing. "What Does God Want" will be the lesson for discussion and study. Materials suited to groups of all ages are available. You are welcome. We have a class for you.

Morning Worship will begin at 11:00 o'clock. Second Sunday in Kingdome. Sermon by the minister.

The Evening Worship begins at 7:30. Close the Lord's Day in the Sermon by the minister.

spirit of praise and thanksgiving On Tuesday evening the W. S. C. S. will meet in the Collins Building, beginning at 7:30. Every member should make a special effort to attend this important meeting of the society.

The Annual Flower show will be held in the Collins Building on Friday September 12th. Plan to attend this event.

Vacation is now over. The various activities of the church and community are now beginning. Give the church your hearty support as a new season of activity begins.

Mrs. Claude Cahall Injured In Fall

Mrs. Claude Cahall is in Kent General Hospital, Dover, with several injured vertebrae, suffered in a fall on concrete cellar steps at her home at Camden Wednesday morning, Aug. 27.

Mr. Cahall said Saturday her injuries were quite painful.

WHEN I THINK OF IT
by See Aitch Bee
Byron Burgess tells this one: There is a sign in a watermelon patch near Houston, with the following inscription: "I'm sitting in the woods with my shotgun."

And the Journal's advertising saleswoman, Margaret Satterfield, had this experience last week. street last week, she heard this While she walking on a Dover plea, "Can you change a diaper?" In a parked car was a 11-year-old boy holding a two-weeks-old baby while the mother was shopping.

Margaret changed her first diaper in 11 years.

Bob Ching, who formerly ran the Lotus Garden, north of Dover, is clicking with a restaurant and bar in the basement of the LeGrande Hotel, at Ocean City, Md.

From time to time we are in need of emergency labor in our printing plant. Despite the fact that this labor is highly skilled, we have been able to find it in this community. For example, Paul Porter, former chief of police, and Charles Price Sr., laundry foreman for George Sherwin Inc., have been helping us with the stereotyping. Porter gained his experience on a Chester (Pa.) newspaper, while Price gained his on Cincinnati newspaper. Byron Burgess, railroad conductor, feeds our Miehle cylinder press, at times.

SPORTS

Mar-Del League

Wyoming	14	0	1.006
Frederica	10	4	.715
Felton	9	5	.643
Harrington	8	6	.571
Farmington	5	9	.357
Viola	4	10	.286
Ellendale	4	10	.286

Sunday's Schedule

Semi-Final Play-offs
Harrington at Frederica 2:30 P.M.
Felton at Wyoming 2:30 P.M.

Freddie Clemence's pennant winning Wyoming tossers set a new record in the Mar-Del Circuit when they notched their 14th straight win on Sunday to make a clean sweep of the 1952 campaign. As they walked off the field a 123 winner over Harrington it was the first time in 13 years of operation by the veteran Mar-Del Circuit that any team had went through a regular season unbeaten. The setback to Harrington eliminated any chance they had of moving up and they end the season in 4th place. Frederica rallied in the 6th to offset a Viola 7-6 lead and went on to win 9 to 7 to nail down the runner-up berth. Frederica's win and Harrington's loss gave Felton sole possession of 3rd place. Farmington shaded Ellendale in the season's finale 5 to 4 in a well played game. Although idle in League play Felton pushed over a single tally in the 9th to nip Lewes Seahawks in an exhibition game 3 to 2.

With the regular season now ended and the play-off position all settle attention will now turn to the coming Semi-Final Play-offs that will get underway this Sunday. Wyoming will be at home with 3rd place Felton while Frederica will entertain Harrington, all Kent County attractions.

Interest is running high among all the teams and the attendance is expected to be the largest of the season. All the teams are natural and neighboring rivals. Wyoming will be out to get the lead in their opening round with Felton but the visitors have been playing gilt-edge ball and could easily surprise. Manager Freddie Clemence will call on his mainstay, Aub Berry, to start while he will be set for relief if needed. Berry posted a 7 and 0 record for the season. He has hurled steady ball but brilliant support on the part of his teammates has pulled him through several close shaves. Al O'Neal will be behind the plate with Slat Laramore in reserve. Charley Rodriguez, Reds Minner, Gene Zartma and Harold Bennett will be spread around the Wyoming infield with Moore and Cooper as understudies. Drex Cox, Johnny Williams and Bill Rash will patrol the outfield for the pennant winners while Bobby Bell will be ready if needed. Harold Rothermel, one of the Circuit's workhorses, looms as the Felton mound choice although Manager Johnny Bunnell is a possibility. If Rothermel opens Bunnell will be behind the plate. Harry Sipple will be at 1st, Les Killen at 2nd, Bobby Voshell, short and Johnny Godwin at the hot corner. Lou Palmatary, Tom Minner and Carlisle will roam the outfield.

Frederica will call on the same line-up that has sparked them to a 2nd place position as they meet Harrington in the opener of their Semi-Final Series. Buddy Kimmel, Ken McClamrock, and Roy Kemp will be set for mound work while veteran Jim Postles will be ready to go as a starter or in relief, a job he has done to perfect throughout the season. Del Brown and Charley Postles will handle the work behind the plate. Teke Gottorf, League leading batter, will be at the initial sack for Frederica. Teddy Evans at 2nd, George Manlove short and Jim Bradford, at 3rd. Al Brown will be stationed in left with Bobby Gibson in center and Jay Widdoes in right. Harrington's mound starter is in question but Harry Barrett is a strong possibility although Charley Riley or Jim Cabbage could get the nod. Leon Will call the Harrington pitches behind the plate. Jack Swain, Bill Melvin, Bill Morris and Sam Matthews will line up from 1st to 3rd for Harrington. Dickie Brown, Jim Cabbage and Charley Riley loom as the starting outfield if Barrett is on the mound. Wayne Brown may also see a starting role in the outfield with Russ McCready breaking in the infield.

The Semi-Final Series looms as a toss-up with anyone of the four teams dangerous. All the teams are looking for a break that could pull them through. In the final games last Sunday Berry posted his 7th win without a setback as he kept Harrington's 7 hits behind gilt edge support well scattered to give Wyoming a 12 to 3 win over Harrington. The score became one sided

LEGAL NOTICES

OFFICE OF SECRETARY OF STATE

CERTIFICATE OF DISSOLUTION
To All Whom These Presents May Come, Greeting:
Whereas, it appears to my satisfaction by duly authenticated record of the proceedings of the voluntary dissolution thereof, by the consent of all the stockholders deposited in my office, the

PEGGIE HALE OF TUSCALOOSA, INC.
a corporation of this State whose principal office is situated at No. 17-25 South State Street in the city of Dover County of Kent State of Delaware,
being agent therein, and in charge thereof, upon whom process may be served, has complied with the requirements of the Corporation Laws of the State of Delaware, as contained in 202E, Section 1, 224E, Section 214, Chapter 65, of the Revised Code of 1951, as amended, preliminary to the issuing of this

CERTIFICATE OF DISSOLUTION
Now, therefore, I, HARRIS B. McDOWELL, JR., Secretary of State of the State of Delaware, do hereby certify that the said corporation did on the twenty-eighth day of August in the year one thousand nine hundred and fifty-two, execute and attest consent, in writing, to the dissolution of said Corporation, executed by all the stockholders thereof, which said consent and the records of the proceedings aforesaid, are now on file in my office as provided by law.

In Testimony Whereof, I have hereunto set my hand and official seal, at Dover this twenty-eighth day of August in the year one thousand nine hundred and fifty-two.
HARRIS B. McDOWELL, JR.,
Secretary of State
NELLIE W. NORBET
Asst. Secretary of State

PUBLIC SALE

OF DAIRY CATTLE AND DAIRY EQUIPMENT

Due to illness, I will sell on the farm known as "Hansman's Farm" located on the Odessa-Taylor's Bridge road, 2 1/2 miles Southeast of Odessa, Delaware, on

Saturday, Sept. 13, 1952
at 12:30 o'clock p. m. DST
Rain or Shine
the following described Personal Property:

REGISTERED HOLSTEIN AND GRADE GUERNSEY COWS and HEIFERS
Consisting of 18 milk Cows, and 18 Heifers, 3 Cows with calves by their side, 6 close springers and the balance in full flow of milk. These include 9 registered Holstein, 4 grade Holstein, and 5 grade Guernsey Cows. All these Cows are under 5 years of age. 3 Heifers due to freshen in October, 2 others bred to freshen in February, and 15 open Heifers. Six of these Heifers are registered Holsteins. All the Cows and Heifers are T. B. Accredited and are all vaccinated. I will have them blood tested prior to sale time, making them eligible to go into any state. These Cows and Heifers are bred to a Winter Star Bull, who is a double grand-son of Fubus Wierher's Zeus. His dam made a record as a 2-year old of 628 lbs. fat, and 17,975 lbs. of milk on twice-a-day milking. Anyone in need of high-producing and well bred cows shouldn't miss this sale. The bacterin count on this herd for the past two years averaged below 7,000. Every Cow in the herd has a D. H. I. A. record.

DAIRY EQUIPMENT
One 10-cup Esco electric milk box, one 3-yr.-old 2-unit surge milker (complete), hot water heater, 1 single wash tub, strainer, buckets, and 16 milk cans.

Friendly Echoes

by Mrs. Mary E. Bailey Greenwood

So rare is genuine reliability that people who have it, get ahead, even though they may lack other attributes.

Mr. and Mrs. Clarence Harper, of Middleford, spent the weekend with the former's sister, Mrs. Lettie Heath.

Little Betty Brewington has returned after spending her vacation in Philadelphia visiting her sister, Mrs. Thelma Price.

Mrs. Beulah Watson visited Mr. and Mrs. Edward Russ, in Wilmington, Sunday.

Weekend visitors at the home of Mr. and Mrs. Roosevelt Haines were Mr. and Mrs. George Gross and Wanda, the Misses Olivia and Mildred Haines, Mr. and Mrs. Noble Sims, of Federalsburg, and Mr. and Mrs. Preston Hayes.

Callers at the home of Mr. and Mrs. Ike Smith Sunday and Labor Day included James Jackson, of Vienna, Md.

The Rev. and Mrs. A. W. Rothwell are spending a few days in New York visiting their sons and daughters.

Mr. and Walter Johnson and family were recent visitors of Mrs. Evelyn Killet and children at Hurlock, Md.

Mr. and Mrs. William Fisher entertained the former's uncle and aunt, Mr. and Mrs. Nelson Collard, of Philadelphia, the past few days. Monday night they called on Mr. and Mrs. William Bailey, of Harrington.

A birthday dinner was given Sunday at the home of Mr. and Mrs. Clarence Dixon, of Houston, in honor of their daughter, Miss Rose Anna Dixon. Guests included Mr. and Mrs. Arthur Vann and nephew, Mr. and Mrs. Joshua Dixon and nephew, James Eaton, and Miss Lettie Dixon, Miss Beatrice Stevenson, John Harris, Martin Dixon, and Miss Hilda Fields, of Salisbury.

Labor day guests at the Dixon home were Clarence and Harvey Dixon, of Philadelphia; Joseph Cooper, of Houston; Waretta Dixon and Mrs. Ann Thompson, of Philadelphia.

Forest Region

In addition to logs and poles and piling, the forest region of the West Coast furnishes much of the greenery used by florists of the nation, burlis used by furniture and fine cabinet makers, cascara bark much in demand by druggists, honey, digitals, a very important heart stimulant, wild blackberries and huckleberries, and of course, Christmas trees and greens.

Different Color Treatment

A distinctive and different effect can be obtained for the exterior of a white-painted house by using shutters on the windows of the upper floor, but not downstairs. The shutters may be white, trimmed with maroon, with the window sash painted white. The lower floor windows—with no shutters—can echo the color by having the sash painted the same maroon.

In Hospital Longer

A physician of Stenborg, Denmark, reported that hospitalized fat people stay there an average of five days longer per visit than hospitalized normal-weight or thin people.

Better Than Hospital

A man arrested for arson in Live Oak, Calif., told the police he didn't mind being caught, because he had rheumatism and knew he would get the proper medical treatment for it in jail.

Vitamin A

One serving of carrots, either raw or cooked, will furnish a day's requirement of vitamin A, plus moderate amounts of thiamin, riboflavin, and niacin.

Sulphur

On a Mississippi river barge one is likely to see sulphur in bright yellow brimstone form. Salt-dome caprocks under marshlands of the Gulf Coast of Texas and Louisiana hold deposits of pure sulphur recoverable at low cost.

First Time

The United States in 1948 became the first nation in history to sweep all Olympic men's swimming and diving events.

Saving Eggs

Eggs with clean shells keep best. Wipe off soiled spots with a damp cloth, but don't wash eggs until just before you use them. When eggs are first laid, the shells have a "film," known as the "bloom" which seals the pores and helps keep out bacteria and odors. Washing removes this protective film.

No Faith

"Brethren and sisters, we are gathered together here today to pray for rain," said the preacher. He looked his congregation over a little sadly and went on: "But before we begin I'd like to ask you just one question—where are your umbrellas?"

Biggest Bass Drum

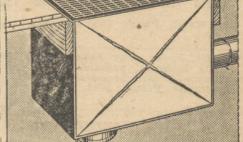

Harvard University has the biggest bass drum on any campus in the U.S. It is eight feet high and travels on a four-wheeled carriage.
