

## Two Fires In Sussex County

Two Sussex County fires Friday night and early Saturday destroyed a 40-room hotel in Seaford, and leveled the main warehouse of Laurel's largest industry.

The cause of both fires are still undetermined.

Incomplete estimates of the total damage run as high as \$450,000. Only favorable winds in both instances kept the flames from spreading to nearby buildings and causing much higher damage.

The Seaford fire, which destroyed the Hotel Sussex and damaged a tap room and night club in the basement, caused damage estimated by firemen at between \$75,000 and \$100,000.

No one was injured, although about eight or 10 guests were on the second floor and had to flee.

The Laurel fire burned out the main warehouse of the Marvil Package Company plant, the town's largest industry, William Klinck, plant manager, estimated the loss at \$350,000.

Nine volunteer fire companies from lower Delaware and nearby Maryland responded to each fire. Eight of them fought blazes.

The warehouse fire was discovered about 4:30 p. m. The hotel fire, caused by an explosion of unknown cause, broke out at 3:15 a. m. Saturday.

### Two Floors Destroyed

Horace W. Jones, owner of the Sussex Hotel, was on night desk duty when the blast shook the center of the Seaford business district. The hotel is on Market Street between High and Front Streets.

He said he first heard a rumbling in the cellar, and when he went down to investigate, heard the blast on the third floor. He hurried upstairs and aroused the eight or 10 guests, who escaped safely.

Mr. Jones said he could not explain the explosion, and added that the hotel's oil burner had been checked the day before.

The explosion occurred in an attic area used as a laundry, and according to observers, "blew a flash of fire" through the roof.

The second and third floors of the three-story brick building were completely destroyed. In addition, there was extensive smoke and water damage in the basement, which houses a taproom and night club. A liquor store on the first floor was not damaged.

Built in 1894  
The hotel was built in 1894 at a cost of \$20,000 on the site of the Old Union Hotel, which also burned early on a Saturday morning in that year. The hotel had been remodeled several times.

Filled with Lumber  
The flames raged unchecked for more than four hours through the big three-story building, which was filled with lumber and other items used in making plywood doors.

The third floor of the 100 by 250-foot structure contained large quantities of fruit baskets and other packaging materials manufactured at the Sharptown, Md., plant of the company and stored in Laurel.

### Wind Saved Plant

Fire officials said the wind "was just right," carrying the flames away from the main plant area. The adjacent auxiliary electric plant of the Delaware Power and Light Company and the Marvil company's power plant escaped damage although the intense heat turned on the sprinkler systems.

Mr. Klinck said he noticed smoke in the the warehouse as he left his office about 4:30 p. m. Investigating, he found the first floor ablaze and turned in the alarm. The warehouse was closed at 4:30 p. m. for the day Mr. Klinck said.

It was not until 7:30 p. m. that Fire Chief Andrew J. Ellis reported the blaze under control but fire crews remained on duty throughout the night in case of new outbreaks.

Tentative Loss  
Plant officials divided the tentative \$350,000 loss as follows: \$60,000 to the buildings; \$150,000, representing large stocks of plywood; \$100,000, fruit packages and covers, and \$40,000 machinery and other equipment stored in the structure. However it was pointed out that a complete checkup may cause the figures to be revised upward.

## "It's Time For A Change, Really!"

PRISON, HOT DOGS AND BEER—On December 7, 1949, General Eisenhower said in a speech in Galveston, Texas, that "if all that Americans want is security, they can go to prison." On September 27, 1949, the General told a group of Columbia University students in New York City, "I should think that the best example [of security] would be a man serving a lifetime in a Federal prison." On November 30, 1949, the General said in an address in New York City that "Maybe we like caviar and champagne when we ought to be out working on hot dogs and beer."

## George Vapaa Named to Farm Post

George K. Vapaa, vocational agriculture teacher at Harrington since 1938, has been appointed associate county agent for Kent county. The announcement was made yesterday by George M. Worriolow, director of the University of Delaware Agricultural Extension Service.

Vapaa will take up his new duties on November first, or as soon after as he can be adequately replaced at Harrington High School. His work will supplement that of county agent William E. Tarbell. Tarbell will continue his leadership of the Kent county extension program, although serving only on a part-time basis.

As associate county agent, Vapaa will share the responsibility of representing the University of Delaware and the Agricultural Extension Service in Kent county.

According to Director Worriolow, he will work with the rest of the Kent county extension staff in helping farmers help themselves by encouraging better farm practices. He will visit farmers, set up farm demonstrations, arrange meetings, tours, and exhibits, and work with radio and newspapers to help farmers learn new methods in agriculture.

Born and reared in Delaware, George Vapaa spent his youth on a poultry farm. He received his B. S. degree from the University of Delaware in 1937, and was employed by Swift and Co. as a hatchery operator and salesman before going to Harrington.

Vapaa received his M. S. degree in education from the University of Delaware in 1951, and attended summer sessions at Cornell University Graduate School in 1939 and 1946.

In farm affairs, Vapaa is past Overseer of the Harrington Grange, superintendent of the Farm Produce, Fruits, and Garden Vegetables Department at the Kent-Sussex Fair, and a member of the Delaware Ten Tomatoes Club Committee. He is also a member of Northeast Regional Adult Committee of the National Junior Vegetable Growers' Association and Phi Delta Kappa educational fraternity.

His teaching career was interrupted for five years during World War II, when he served in the Army Air Force as an armament-ordnance officer. He saw duty in England, North Africa, and Italy, with the 154th Fighter Reconnaissance Squadron. Vapaa is past president of the Harrington Rotary Club and the Delaware Vocational Association. He is a Harrington City Councilman, and an associate member of the Harrington Fire Company.

Mrs. Eliza A. Baker Dies  
Mrs. Eliza Ann Baker, 82 died at her home, 218, Harrington Ave., Harrington, Saturday night, Oct. 4, after several months illness.

He was born in Toronto, Canada, the daughter of the late Smith and Sophia Leadley Good, but came to this community about 60 years ago. Her husband, Charles H. Baker, died about 5 1/2 years ago.

Funeral services were held at her late residence Wednesday afternoon in charge of the Rev. Milton Elliott, pastor of Trinity Church. Interment was in Hollywood Cemetery.

She is survived by a daughter, Miss Nellie Baker, and a son, Willard Baker, both of Harrington.

Dark Gingerbread  
Light colored molasses can be darkened to make dark gingerbread by adding a teaspoon of melted chocolate for each cup of molasses.

Sawdust Useful  
Sawdust and other wood wastes are useful for mulching or soil improvement with the addition of nitrogen.

Milk Production  
The total milk production in the United States has increased from 20,841,000,000 quarts in 1889 to 56,072,000,000 quarts in 1950.

## Milford to Celebrate 165th Anniversary

Milford will celebrate its 165th anniversary the weekend of Oct. 24, with appropriate ceremonies. The opening event will be a community dinner, when it is hoped that former residents will return to participate. The Rev. Joseph B. Dickerson, of Wilmington, will be the speaker and Clarence M. Welch will be the toastmaster.

Tours to the old parts of the town will take place on Saturday and church services on Sunday will be dedicated to the homecoming. The last event of the weekend program will be the memorial service at four o'clock in Church with the Rev. Joseph S. Hinks officiating. A tea for all will follow in the Parish House nearby. The Captain Johnathan Caldwell Chapter, Daughters of the American Revolution, is sponsoring this project and will be joined by several other organizations. Members in Harrington include Mrs. Clyde Miller, Mrs. William Sneath, Mrs. William Simmons, Mrs. Wilbur Jacobs and Mrs. O. T. Roberts; Mrs. R. Edmund Harrington, Mrs. E. Edmund Gruwell, and Mrs. A. T. Slaughter, of Felton, are also members of the organization.

Overalls  
Overalls are good news for those who like warm comfort as well as mix-match apparel. The overalls can top a blouse and skirt or it can tuck into the skirt for wear alone.

Grazing Land  
There are one billion acres of grazing land in the United States.

Too Many Belts  
Do you ever tire of too many belts? This season, try picking one which is reversible. You may choose one side red, one side black and a snap-on buckle which is striking enough to be a conversation piece.

New Disease  
Watch for watery blisters on the snout, lips, gums, tongue or feet of your pigs as signs of the new disease, exanthema.

## Felton Avon Club Meets

The first fall meeting of the Felton Avon Club was held Wednesday in the community hall. Mrs. Leland Price, new president presided.

A covered dish luncheon preceded the meeting. Reports from the State Federation Convention held at Rehoboth in June, and the first state meeting of the new administration held in Smyrna Sept. 20, were given.

The topic for the next meeting, Oct. 15, is Defense. Mrs. Nelson Hammond is chairman. This is open meeting and the public is cordially invited.

# Long and Successful Harness Meet Will End Tomorrow Night; Records Made in Pay-offs

## Railroad News

On December 7th 1941 there was a lot of smoke at Pearl Harbor.

Oct. 7th 1952 can be remembered as the last of the smoke a Harrington engine pit.

Last Sunday two little diesel engines moved quietly in to Harrington and four steam engines moved out, the last one leaving on Tuesday and with it, went a lot of smoke, noise and headaches.

The rearrangement of course, trains and starting times also created a complete upset and re-advertising of all runs operating out of Harrington.

This arrangement however is still in the experimental stage and will not be made final for a few days.

Trainmaster George Sargent spent three days this week with the crews and was high in his praise for the co-operation they gave him.

By this time next week we will have a better picture of the new setup.

Watch this column for further details.

Track Supervisor Bernie Siems, recently transferred to Altoona is in town for a testimonial dinner in his behalf at the Wonder Bar at 7 o'clock this evening.

Ass't Gen. Manager Jack Morris passed through town Wednesday on business at Delmar. His business car "Harrisburg" was on the rear of the evening train north. Jack has seen a lot of railroad and made a lot of friends on many divisions since he was here as track supervisor but says the Delmar division is still "home" to him.

A preacher wrote on a sign board: "I pray for all."

A lawyer wrote underneath: "I plead for all."

A doctor added: "I prescribe for all."

A poor plain citizen wrote: "I pay for all."

Last July we heard a lady say at the Veterans Club at Rehoboth: "I find the railroad men on the Delmar division to be real gentlemen." Which brings up the question: "What is a gentleman?" According to Norman Hudson's sheet on Marine Dept. happenings: "a gentleman is a man who holds the door open while his wife carries in a load of groceries."

We are not so sure about this but we do know that "a lady is a woman who makes a man want to be a gentleman." Billy Southworth, manager of the St. Louis Cardinals when they won four pennants, said "the best indication of a successful team was to hear one member boast about another."

The same applies in our railroading teams and results speak for themselves. It was really gratifying to hear "Scotty" (conductor on D 31 & 32) lauding the members of his crew and the efficiency of engineerman Walt Leites in handling the diesel engine.

The diesel shifting engines have only been here five days but have already demonstrated they are a tool for reducing rough handling of freight and can be a big factor in this very important drive. October being "NO ROUGH HANDLING" month, it is coincidental that Harrington received their quota of engines at this time.

Watch this column for more Diesel-Dope.

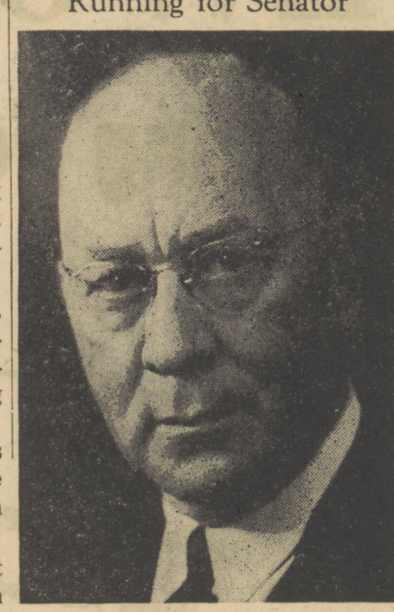

More Milk  
Delaware County is the leading dairy county in New York state, producing more milk than any other county in the state, according to the New York state department of commerce.

Sponge Cake  
A rich, brown crust on sponge cake is easy to get if powdered sugar is sprinkled over the top before baking.

There are three million tractors in use on American farms.

## Middletown to Summit Bridge Road To Be Improved; State To Open Bids October 29

### Running for Senator

Dr. W. T. Chipman

## Chipman Seeks Senatorial Post

Dr. William T. Chipman, Harrington physician, is seeking re-election to the Delaware legislature, where a few years ago he served as Speaker of the House. This time, the physician is seeking election to the State Senate as Republican candidate from Kent County's Fourth Senatorial District.

Dr. Chipman, who has practiced medicine in the Harrington-Felton section for 39 years, first entered the political arena in 1946, when he was prevailed upon to become the G. O. P. candidate for representative from Kent County's Ninth Representative District. Elected to this office, he was subsequently chosen speaker of the House of Representatives. In 1949-50, he served as a member of the Delaware Industrial Accident Board.

From 1942 until the time of his election to the legislature, Dr. Chipman was a member of the State Board of Medical Examiners and the State Board of Health. Married and the father of three children, the busy Harrington physician still manages to find time to take an active role in the civic, political and business activities of his community and state; he is president of the Harrington Building & Loan Association, surgeon for the Pennsylvania Railroad, a member of the board of directors of the First National Bank, Harrington, and a member of the Republican State Central Committee.

Some Travel!  
Today's vehicles, driven by more than 63 million licensed drivers, traveled an estimated 488 billion vehicle miles during 1951—an increase of 32 billion vehicle miles over 1950!

Tractor Use  
There are three million tractors in use on American farms.

The State Highway Department will receive bids on October 29th for the improvement of the existing highway from Middletown to Summit Bridge as a continuation of the program of improving roads that may be used by traffic from the Delaware Memorial Bridge to the Chesapeake Bay Bridge.

Work is now in progress on Tybout's Corner where it inter-improving the existing highway leading from Summit Bridge to sects with Route 13.

The Middletown to Summit Bridge project will start at Lockwood Street in Middletown and generally follow with existing route. However, several turns along the existing highway will be removed by building the highway through new locations.

At Mt. Pleasant the highway will be west of the present route to eliminate a curve and a Summit Bridge the highway will be east of the present route to eliminate the present sharp curve at the bridge approach. New highway will be built to eliminate curves at several other points.

This route originally was a county road and was one of the first roads in New Castle County to be given a hard surface since before the construction of Route 13 through its present location, the Middletown to Summit Bridge route was one of the main traffic arteries to Wilmington.

Included in the project will be the improvement of the road that by-passes Middletown for traffic going west to Maryland points. This road starts at the railroad crossing, north of Middletown, and joins the highway leading from Middletown to Warwick at a point just west of Middletown.

The entire project is 7.3888 miles in length and the roadway will be widened to 24 feet. The present black top roadway, with concrete widening strips at the side, will be repaired and resurfaced with hot mix asphalt. The roadway through the new locations, which will be built to eliminate curves, will be of reinforced cement concrete.

In announcing this project, R. A. Haber, Chief Engineer of the State Highway Department, explained that this improvement has been designed to provide for the expected increase in traffic between the two bridges as it will handle traffic for the new highway being built in Maryland leading from the Chesapeake Bay Bridge to the north when that highway is completed. A spur will be constructed from the highway leading from Middletown to Warwick to the Maryland State Line which will connect with the new Maryland highway when it is constructed at that point.

Mr. Haber pointed out that previously the existing highway from Middletown to Odessa was improved to also provide an artery for this traffic while in the central part of Delaware main highways leading to the Maryland Line have been improved to provide for the increased traffic anticipated in that area.

Place For Cotton  
Even in cold weather cotton has a place in the wardrobe, say Michigan State College home economists.

Dark cotton dresses or cotton blouses with suits are wise buys for business girls who work in over-heated offices.

Two In One  
Double-quilted cotton has been used for short housecoats, and they are still in fashion. This season the news is even better: worn decollete, they make a nice hostess gown; with a dicker, they're a demure housecoat.

College and Career  
College and career girls will like the new blouses which come with dicker. Jersey is a favorite fabric and it may be teamed with snowy pique bibs, punctuated with pearl buttons to keep in place when worn with the blouse, or striped dicker that snap on.

## Daily Double Hits \$432.80 Saturday; Boy Bohemia Returns \$231.20

Harness racing ends here tomorrow night, with the Kent & Sussex Racing Association winding up its longest meet in its history. T. Brinton Holloway, general manager of the association, said Wednesday the meet was also the most successful one.

If the meet continues from Thursday to Saturday without interruption, its course will be 28 days.

Races start this evening at 8 o'clock. There will be the daily double windows closing and will follow a similar procedure usual nine races.

Looking over some of the highlights of the meet, one discovers that Lord Clinton, a perennial favorite and always a good performer on the local track, had the best time of the meet, hanging up 2:06 on the pace, with Pepper's Express chalking up 2:06.4 for the best time on the trot.

The best daily double was \$432.80, made Saturday night on the performances of Alibi Bill and Highway Express.

The highest return for win in the history of the meet was garnered Tuesday night when Boy Bohemia cashed \$231.20, bettering the previous mark by \$100, more or less.

As of Wednesday, Eddie Kelley was the leading driver, with Tom Walters, always a contender, in the runner-up position. But, Mr. Holloway Wednesday said the contest was very close and that the following also could win the title: Jack Walters, Ellis Myer, Charlie Carter, and Wallace Stockley.

Incidentally, Mr. Holloway said Wednesday that E. A. Leatherman, an associate judge and an official here for many years, was at his home in Philadelphia with sciatic rheumatism.

## City Will Pay Half of Costs Of Curbs

The City of Harrington will pay half of the costs of building a curb on Weiner Avenue, will follow a similar procedure where curbs are desired on other streets, it was decided at the October meeting of the City Council Monday night. The other portion of the costs would be borne by the owner of the property bounded by the curb.

In other business of the evening, John Parks made a complaint on the burning of leaves on Weiner Avenue, whereupon the Council ordered inserted in The Harrington Journal an ordinance prohibiting the burning of leaves, trash, lumber, etc., in the city limits.

Upon a complaint by Parks about limbs on Reese Avenue, the Council ordered that property owners be contacted for permission to trim trees.

Samuel Short Jr., president of the Harrington Better Business Association, told the Council that a metal fabrication plant had expressed interest in locating on East Street on the property of Norris Adams.

Beef Tongue  
Simmer beef tongue in water until tender, allowing about one hour per pound. When cool enough to handle, skin and trim tongue. Slice and serve hot with raisin, barbecue, horseradish, or mustard sauce.

Cooking Frankers  
Five to eight minutes of simmering is all that is necessary for cooking frankfurters. Boiling water often splits the frankfurter casings and lets much of the fine flavor escape.

**IS FOOTBALL IN THE OFFING AT H. H. S.?**

Whether or not football is in the offing at Harrington High School may depend upon the parents of the boys attending the school, according to a letter received by the parents recently from the Board of Education of Harrington Special School District.

Before bringing out the highlights of the letter, let us give a little of the background. For years, soccer has been the fall sport at Harrington High School. It is a rough and ready game, but one which lacks the glamour and the gate accorded football. For the most part, the fall sport in Delaware high schools is football, as far as boys are concerned.

An athletic program requires money and usually more money than many schools can afford. In many colleges, for example, the return from football defrays most of the expenses of other sports.

Getting back to the letter, signed by J. G. Messner, secretary of the board of education and superintendent of Harrington schools, the missive states, "The question of football in the Harrington schools must and should be decided by the parents of the boys in attendance in our school. It is the purpose of this letter to learn the attitudes and wishes of the community."

Continuing, the letter stated that, if football were to be a part of the sports program, a team must be properly financed, with funds to equip, train and transport the players and with the responsibility for the same fixed.

The director of physical education of the State Department of Public Instruction recommends no school be eligible to engage in interscholastic football unless 25 players are available. These players, states the letter, must pass a physical examination, have passing grades, insurance (present rate for all sports, including football, is \$2.75 per year. All sports excluding football is \$1.25 per year).

Continuing the letter: "If popular sentiment is in favor of participating in interscholastic football, we should begin preliminary training at once. A number of years are necessary to develop a team." It added that it cost about \$100 to equip a player and that a field house, now being considered at Harrington, was a necessity. If games are to be played at night, cost of lighting the field must also be met.

The letter asked the parents to check and return answers to the following questions:

"Would you allow your son to play on the school football team?"

"Would you be willing to contribute to the support of the team?"

"Would you be willing to pay for the insurance?"

"Should the School Board assume full financial responsibility and pay for the expenses from current tax funds?"

George K. Vapaa

A series of articles will appear in the Journal for the next few weeks dealing with the project work of students of Vocational Agriculture at the Harrington School. Each student prepares his own story as to how he has carried out a project activity.

Harry Morgan

My project for the last school year was about 1/2 acre of potatoes. I started my project in early May and finished it up the last July. I made the same mistake again this year that I did last year; I didn't put enough fertilizer on and did not spray the potatoes enough. I attribute part of my loss to these factors. I think I had put just a little more of each on the potatoes and cultivated them just a little more, I would have a good yield.

Edward Hobbs

This summer after I got out of school I built a fence around the pasture and turned my Angus out in the lot. She is now

about 18 months old and will have a calf in one month. I am hoping it will be a heifer calf, and I would very much like to develop a herd of them. In time I might buy more Angus calves to put with my other one.

Charles Baker

For an Agriculture project this year I raised an acre of tomatoes.

These tomatoes, 2000 plants, were planted May 13 on fairly low ground. They were set out using a spade and a sticker. About the only reason why I planted them is because the usually pay very good. One thing certain is that I sure don't like to pick them.

I think I had reasonable luck with these considering the very dry July weather and then the heavy downpour of August rains. I think the main reason for my good crop was that I had them on mostly loamy ground which held the moisture a little better than does high ground.

My crop yielded about 8 1/4 tons this year.

Frank Voss

This summer I planted about 1 acre of tomatoes. They grew slowly because of the weather. When we started to get a lot of rain, the weeds started to grow and became very hard to control. When we started to cultivate we tried to use a mule which was very stubborn and didn't want to work right. My patch was located out by the Delaware Power & Light plant where the ground is very fertile. I started my project because I thought it would be a good experience in farming and it would provide an income. The land was worked by tractor before planting.

Elementary News

A pet show was given by the fifth grades on Friday, September 26. All the elementary grades were guests. At the pet show were dogs (rat terrier, rocker spaniels), a parrot, cats (white black, etc.) a hamster, banty hen chicks, and turtles. A would-be high-jump suicide turtle owned by Joe Dennis was discovered by a first grader. We have heard that the turtle is recovering from the fall.

Kenny Joe MacKinnon is back in school after being out a few days.

The second grade is beginning to enjoy their reading and writing again. Some of them have their second grade books already.

Mrs. Howard's first grade has been telling interesting new stories. They have made pictures of their family and also of the character in their reading book. They have card drills and count different things in their room. Now they are all one big happy family.

Mrs. Tharp's sixth grade gave an assembly on Friday September 26. They had a play called "Visitors From Space." They had many solos by the children in the sixth grade and also group singing.

The 8-1 homeroom has elected the following as officers:

President - Jackie Sapp  
Vice - President - Jean Outter  
Secretary - Kay Bowdle  
Treasurer - Virginia Lee Minner

Barbara Edwards is the Student Council representative with Doris Wright serving as alternate. Lunch room monitors are Myrtle Annette and James Coady. The class is trying to increase the number of depositors in the school saving fund. Over 40 per cent are banking now.

**Letter to the Editor**

I feel that my experience in your town today should be of interest to the citizens of your town, especially the business people.

I arrived in town with no change, no money of any kind, on my way to the Peoples Bank a parking place directly across. Fortunately I thought there was from the bank. I cashed a check, got some money, but it was in ten dollar bills, so I went into the National 5 & 10c to make a small purchase in order to have change. Immediately I crossed the street and was poised over the meter, penny in hand, when I discovered "the ticket."

I inquired in the uptown area the way to City Hall. Apparently I do not follow directions well, for I had to put a penny in another parking meter and inquire again before I arrived at City Hall. A place so much in demand should be more clearly marked out for prospective customers.

Another item that should be mentioned is that I live about halfway between Harrington and Milford, out Williamsville way. I left home at two o'clock today. I stopped at my brothers on the way. I also made another stop to readjust a bobby pin. These stops were in addition to obeying highway stop signs. Despite these stops, your policeman, according to the ticket, found me

**Rent Control in County Lasts Until April, 1953**

Since there has been some misunderstanding as to the status of rent control in Kent County and Milford, Ralph Lord, associate area rent director of the Dover office, issued the following statement today: "There is absolutely no foundation to the report that rent control would end in Kent County on September 30, 1952. Kent County and the city of Milford have been declared a critical area and rent control will continue until April 30, 1953."

violating the parking laws of your town at 2 p. m.

I am an ardent believer in enforcing safety rules, but when Harrington customers are given such a cool reception, they are likely to spend their money where the reception is warmer.

Respectfully submitted by Sarah S. Webb  
Houston, Del.

**Ellendale**

Mr. and Mrs. John Green, Mr. and Mrs. Crocherson, of Maryland, and Mr. and Mrs. R. Corrigan, of Lewes, spent Sunday afternoon with Mrs. Joseph Short and Miss Millie Short.

**FREE ENTERPRISE AND PROFIT SYSTEM**

The Business and Professional Citizens Committee of Kent County, Mr. and Mrs. Voter, would like to discuss some facts with you concerning some of our State and National Problems.

Dou you believe in the free enterprise system where the individual has a right to manufacture and sell goods, services and labor?

Dou you believe that the so called "profit motive" should be continued, or should we abandon it and pool our energies and resources and become the wards of the State and Nation?

Listen to Mr. Berle, assistant secretary of State—"The government will gradually come to own most of the production plants of the United States."

Porter of the War Labor Board declares—"All owners of stocks, bonds, mortgages, land, buildings, or equipment shall be required to surrender them in return for commonwealth bonds."

Durr, Federal Trade Commission—"The government will provide the market and say what and how much is to be produced."

The three above quotations are from men who are at the head and directing the work being done in their departments in Washington. They were appointed to this important post by our Chief Executive, the President of the United States.

We do not, we cannot agree with their theory—their plan is entirely foreign to our way of thinking. Our children must not inherit from us such a controlled government. It is to them that we pledge our best effort to stop this attempt to alter and change the form and structure of our government.

All right thinking people believe in "Freedom," the most important element of which is "freedom of enterprise."

Anyone with the desire, initiative and wherewithal may buy and operate a business, a grocery store, a gas station, a barber shop, or any professional business rendering services. Success or failure in operating any business depends on how well it is managed in competing with other similar types of business. We believe that competition and the profit or gain from these various businesses should be the motivating power urging us on to greater production of better services.

The backbone of our democratic system and our American way of life is our private enterprise system with its profit motive. This is what has made America a great Nation. With 6% of the world's population, we produce 12% of the world's food and over 50% of the total industrial goods.

We must not allow a "Greeping Socialism" to thwart our American energy. The army of State and National employees are threatening our freedom. The aggregate number of Federal, State and local employees as of July 1951, not including their armed forces, is estimated at around 6,356,000. How much of our time and energy is taken up in making reports to this great army assigned to "controls," "Price Controls," and price go ever higher. "Inflation Controls," and we have more inflation. "Monetary Controls," and the value of the dollar continue to decline.

This has been and is a great tragedy. We are young in comparison with nations of history. We refuse to believe that America has "arrived." We believe the work of making America greater can be done even better than it has ever been done. Let Capital and labor, farmer, business and professional men all agree that we want to play on the same team. Let's elect that great organizer General Eisenhower captain. Give him a Congress to assist him and see what happens.

Will be back next week in this column.

### Donald Vane Enters Senior Year at W. of D.

Donald W. Vane, son of Mr. and Mrs. R. W. Vane of 313 Weiner Avenue, Harrington, has entered his senior year at the University of Delaware, where he is majoring in poultry pathology and nutrition. Don graduated from Harrington High School in 1949 where he participated in basketball, baseball and soccer. At the University he has been active as track and cross-country man and is the captain-elect of this year's track team. Don is also a member of the Scabbard and Blade, honorary military fraternity; the Agriculture Club, and the Varsity Club. He is also active in the Sigma Nu Fraternity.

After graduation next June, Don expects to serve two years with the U. S. Army as a second lieutenant in the Chemical Corps.

### Moving Day For The Electric Company

"We are used to moving heavy pieces of equipment in our business, but a few days ago we really had a big job," Ned Mortimer, Manager of Operations for Delaware Power & Light Company, referred to the task of moving a 30,000 KVA, 69,000 volt step-voltage regulator all the way from Harrington Substation to its new location on the outskirts of Wilmington.

"The massive regulator weighing 52 tons was loaded on our big low-bed tractor trailer and hauled over the road for 60 miles. Jack Parker was at the wheel and, I might say, it was no joy ride for him.

"It may sound easy to do, but there were some problems to lick. For instance, getting that load up the ramp and safely over the crest of St. George's Bridge which crosses the Chesapeake and Delaware Canal. There were a few breath-taking minutes when the wheels barely kept turning as the engine labored almost to its last gasp! But it made the grade."

There was much more to moving the huge step-voltage regulator than that, however. Permission had to be got from Delaware State Highway Department, the Chesapeake and Delaware Canal authorities and the Army Corps of Engineers before such a weight could be taken over the highways and St. George's Bridge.

Accompanying the tractor trailer was a veritable caravan. First there was a tank truck carrying the 2,000 gallons of transformer oil that had been drained from the regulator to reduce its weight. Then there was the electric company's line truck and crew, and a trouble man with truck, both rigs ready for any emergency arising out of the trip.

There was also a Diamond State Telephone Company trouble man and truck in case any telephone wires were damaged. Since the regulator towered seventeen and one-half feet above the roadway it might catch an overhead wire somewhere along the route. And, finally a passenger car with mechanic and engineers guarded traffic from the rear, and with its radio-telephone kept in constant communication with H. W. Lank, line foreman in charge of the job.

Delaware State Police patrolled the entire route and kept all other traffic off St. George's Bridge during the 25 minute crossing. The whole trip was made without mishap in four hours and fifty minutes, due to the careful planning of the move and the co-operation of the Delaware State Highway and Police Departments.

Relocation of the big voltage regulator outside of Wilmington increases the reliability of service to the area served by Delaware Power & Light Company and its affiliates. A second transmission tie line, recently completed, connects the Wilmington power source and the Vienna steam plant. Completion of the tie line projects also benefits the interchange of power between Delaware Power & Light Company and the power pool of the Central Atlantic States.

### Mrs. Violet Reese Installed As Noble Grand Of Rebekahs.

Mrs. Violet Reese was installed as Noble Grand of the Rachel Lodge No. 7, Friday evening, in Odd Fellows Hall. Other officers installed by the president of the Rebekah Assembly, Mrs. Almina Lewis and her staff, were as follows:

Mrs. Martie Stubbs, past Noble Grand; Miss Charlotte Huston, vice-grand; Mrs. Lillie Sullivan, treasurer; Mrs. Josephine Wecheniser, financial secretary; Mrs. Irene Wecheniser, recording secretary; Mrs. Zita Hatfield, assistant recording secretary; Mrs. Frances Penney, chaplain; Mrs. Marion Callaway, warden; Mrs. Orie Hobbs, conductor; Mrs. Virginia Clarkson, color bearer; Mrs. Lelia Hopkins, inside guardian; Mrs. Elsie Barlow, outside guardian; Mrs. Mary Clarkson, R. S. N. G.; Mrs. Elsie Tatman, L. S. N. G.; Mrs. Angle Potter, R. S. V. G.; Mrs. Lola Porter, L. S. V. G.; Mrs. Evelyn Porter, right altar bearer; Mrs. Eva Morris, left altar bearer; Mrs. Laura Belle Wilson, musician.

After the closing of the meeting gifts were presented to Mrs. Lewis and her staff by the lodge. Past Noble Grand Martie Stubbs presented her officers with gifts, after which cold platters and coffee was served.

### Milford Presbyterians To Hold Fall Conference

One of the most unusual opportunities in its 100 years of history is offered to, and by the Presbyterians of Milford at a fall Bible and missionary conference to be held at the church in October. One of the best known Bible teachers on the continent has consented to come, while several outstanding missionaries, will speak each evening. Dr. L. K. Anderson known for his missionary work in Africa and South America, will speak on Africa. Dr. A. Campbell, president of the largest Presbyterian theological seminary in the world, in Korea, will tell of the work in that land. There will be other speakers, on South America, on work among alcoholics, on leprosy missions. The public is cordially invited and welcomed, and urged to save the dates of Oct. 20 to 24, inclusive.

**Easy To Use**

### Mosse Lodge Initiates 15

Harrington Lodge No. 534, Loyal Order of Moose held initiation Sunday afternoon of a class of 15. Salisbury, (Md.), L. O. O. M. Lodge No. 654 degree team performed the beautiful and impressive initiation. Barry M. Wolfe, of Norfolk, Va., lodge, was guest speaker. Mr. Wolfe's topic was "Mooseheart and Mooseheaven." Mr. Wolfe is a member of the Foundation Board at Mooseheart, Ill. He stated that at the present Mooseheart, "The Child City", consisting of 1200 acres, is housing, educating and training 937 fatherless children. Moosehave, Fla., "The City of Contentment", now houses and cares for 363 retired members. These are supported by 1700 Moose Lodges

in United States. "Dinks" Purnell, of Salisbury degree team, gave a short talk on his visit to Mooseheart in August.

The following were initiated: Curtis Rash, Kenneth Webber, Wilburn Meeks, John Zimmerman, and Thomas Lindale of Dover; Howard Killen Smyrna; LeRoy Robinson and W. Moore, Milford; James Jones, Frederica; Leonard Taylor, Rehoboth; Harold Melvin, Curtis Melvin, Edward Feyerabend, Harvey Passwaters, and Kenneth Aiken of Harrington.

Visitors were present from Cambridge, Md., and Ohio lodges.

# Farm Front News

## Spray Chickweed If It's Getting Ahead Of Alfalfa

If chickweed seems to be taking the upper hand in alfalfa—particularly new seedings—it's going to pay to spray with a dinitro compound to control it. That's the advice of Stanley Stabler, extension agronomist at the University of Maryland.

Chickweed does its damage in fall and early winter and may choke out or shade the alfalfa. It can form a heavy blanket that will trap moisture and harbor alfalfa diseases. Controlling the chickweed will result in better stands and higher yields of alfalfa.

Soon after the first killing frost is the safest time to spray, since the dinitro may sometimes cause slight burning of growing alfalfa leaves. However, if the chickweed infestation is severe it is best to spray before frost even at the risk of burning the alfalfa slightly, Stabler says.

The dinitro material should be used in a quantity to supply 1 pound per acre of the active DNOSBP ingredient. This amount would be obtained from 1 gallon of the most generally available commercial material or from one-third of a gallon of some of the more concentrated forms. Use 30 to 50 gallons of water per acre. The best pressure is 30 to 40 pounds. Most any farm sprayer that will deliver this gallonage and pressure will do but Stabler cautions farmers to carefully clean weed or brush killer out of the sprayer with ammonia.

Winter or spring applications can be used if the chickweed has not been controlled earlier.

County agents can give full details on chickweed control.

## Nation Needs Better Forage Crops, Soil Husbandry

"The future of America's agriculture depends on better soil husbandry, larger yields per acre, and better forage crops and grasslands."

That fact is no "scare" advice, says George M. Wirrillow, director of the University of Delaware Agricultural Extension Service. America's agricultural economy has undergone a marked change in the last ten years. The difference between production and the demand for food, feed, and fiber is smaller than at any other period in our lifetime.

"That doesn't mean we're outgrowing our soil resources, it means we should start taking better care of them, for our own sakes and that of future generations. Our generation must assume its full responsibility for assuring continuing high production."

Forage crops and better grasslands are on place where American agriculture can greatly increase production per acre and rebuild the soil. During the past few years feed grain stocks have been reduced and livestock numbers have increased. We're going to have to depend more on forage crops to keep on increasing the red meat production.

Farmers all over the nation are being asked to make better forage production their most important goal for 1953, says Director Wirrillow. Farmers are being asked to make the most of the soil they have and rebuild it at the same time through better farming, more forage crops and grassland in the rotations, and better management practices.

## Chickweed Prospects Call For Control

"Prospects for too much chickweed in legume seedings are good this fall, especially in alfalfa," comments Claude E. Phillips.

Phillips, agronomist of the Delaware Agricultural Extension Service, recommends that farmers check their seedings. If there is chickweed, they should try chemical control between October 15 and November 15.

Chickweed can be effectively controlled with dinitro sprays. There are two types of dinitro available on the market. One type has one pound of the active ingredient per gallon. The other type is more concentrated, with three pounds of the active ingredient per gallon. They have research at the Agricultural Experiment Station.

Phillips recommends using a spray with one pound of the active ingredient per acre, in 40 to 50 gallons of water. It should be applied with at least 50 to 60 pounds pressure.

County agricultural agents in Newark, Dover, and Georgetown will have fact sheets on controlling chickweed by early October. Check with them for further details, Phillips suggests.

**Pork Steaks**  
Pork shoulder steaks should be sprinkled with salt and pepper, dredged with flour, and skillet-browned in a small quantity of hot fat. If desired, season with a bit of chopped onion, or a little bay leaf. Add a small quantity of water, milk, or tomato juice. Cover skillet. Let steaks cook over low heat until very tender, about 45 minutes.

**Unfair Test**  
The typical American school tests eyesight only with a chart read at 20 feet, but the child does most of his school work at 15 inches and requires many visual skills that no chart alone can test.

## Friendly Echoes

by Mrs. Mary E. Bailey  
Harrington:

Weekend guests at the parsonage were Mrs. Hackett's sisters, Mrs. Pauline Gaines, of Wilmington, and Mrs. Hazel Pinkett, of St. Michaels, Md., an aunt, Mrs. Nettie Bolden, of Federalsburg, and Mr. and Mrs. Fred Hall, of Millsboro. Andrew Pailey, who has been suffering with the shingles, is much improved.

Oct. 17th Mrs. Mary Lake is sponsoring a supper at her home 117 West St., for the benefit of Metropolitan Church where the Rev. Thaddeus Hackett is pastor. Mrs. Mary Jane Postles and Mrs. Blanche Morris have reported to their place of employment after a leave of absence due to illness.

Mrs. Myrtle Shockley was a weekend visitor of her mother, Mrs. Lillus Harmon and her son, Alfred.

Charles Haines and family, of Moorstown, N. J., accompanied by his mother-in-law, Mrs. Elizabeth Morgan, and Betty Morgan, were Sunday visitors of his parents, Mr. and Mrs. John Haines.

Mrs. Evelyn Killett and William Jackson, of Hurlock, Md., were Sunday visitors of his parents, Mr. and Mrs. John Haines. Mrs. Evelyn Killett and William Jackson, of Hurlock, Md., were Sunday visitors of her brother-in-law and sister, Mr. and Mrs. Ike Smith.

Mr. and Mrs. Sylvester Higgins, of Philadelphia, spent the weekend with his parents, Mr. and Mrs. Edmund Higgins.

Little Demerris Benson and Clifford Hughes Jr., who were recent patients at Milford Memorial Hospital, are convalescing at their homes.

Maralee Coverdale entered the Delaware Hospital for observation last Friday.

The Dredden family, of Baltimore, which included Mrs. Dredden and children, Joseph, Beulah, Mildred, Margaret, and four grandchildren, accompanied by Mr. and Mrs. A. Scott, visited relatives in Bridgeville Sunday.

**MISCELLANEOUS PRODUCE**

Need Vision Care  
Surveys of representative communities indicate that more than 12 million American children need vision care to perform their school tasks adequately.

## Highest Tides

Along Bay of Fundy shores in Canada's Maritime Provinces occur some of the greatest tides on earth. Sometimes there is a difference of more than 40 feet between high and low tide at Windsor, Nova Scotia, as the waters rush in from Minas Basin. When the tide goes out, ships are left in natural drydock beside the wharves, resting on the harbor bottom. Cables and hawsers prevent them from tipping over.

## Balanced Diet

Trees on a balanced diet are less inclined to get too thirsty during a dry spell. Deep watering your shade trees is good. But watering them and feeding them with special fertilizer high in nitrogen content is even better.

American Steel  
America uses as much steel—which depends on coal—as all the rest of the world.

DEARBORN-WOOD BROS.  
**CORN PICKER**

"Easy On the Ears"  
HERE'S WHY!

**Gentle Snapping**—Extra long non-aggressive snapping rolls and a rotary snapping bar are exclusive features of the Dearborn-Wood Bros. Corn Picker. They work gently to get more corn... with practically no butt shelling.

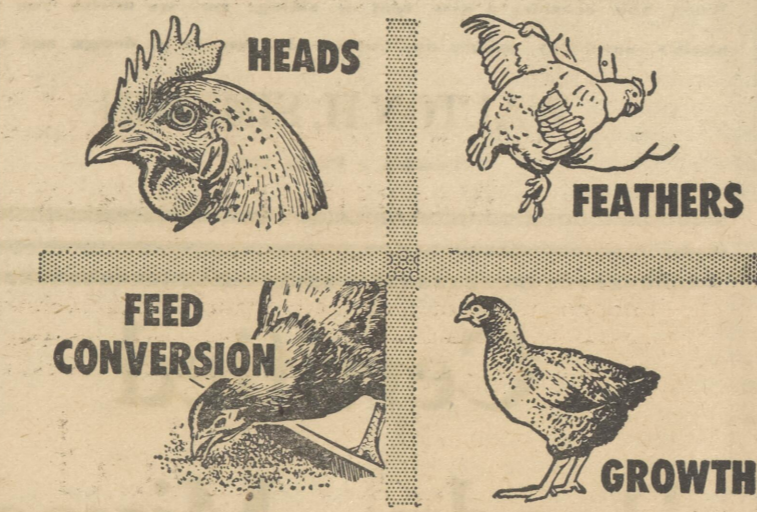

**Clean Husking**—The big husking bed on this picker does a thorough job of cleaning corn for the crib. The exclusive flexible fingered spiral husking bed feed spreads the ears evenly over the entire bed. Then three steel and three rubber husking rolls whisk away husks and silk... with a minimum of shelling.

Come in soon and ask for a demonstration. You'll be glad you did. Convenient terms available.

## 4 improvements in 1952 PURINA BROILER CHOW make a big difference in...

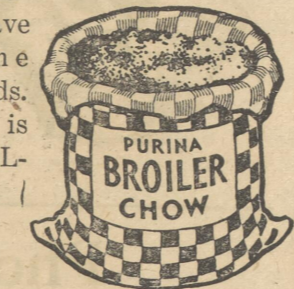

Four formula improvements are stepping up the profit-making potential of Purina Broiler Chow. These improvements increase salability of your birds as well as growth and feed conversion. They mean better feathering, more fire in the head, an appearance that makes buyers sit up and look.

MORE Growers feed Purina than any other broiler ration!

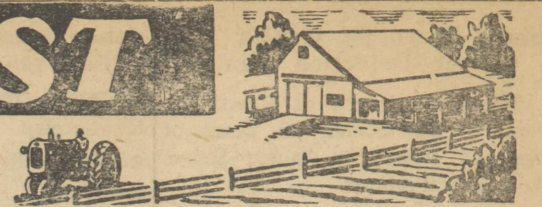

Over the years steady improvements like these have made Broiler Chow the favorite of all broiler feeds. The reason, of course, is PROFIT per 1,000 BROILERS!

## Of Local Interest

Miss Bessie Stansbury, of Baltimore, Md., is spending the week with her sister and husband, Mr. and Mrs. Herman Longfellow. Mrs. Longfellow's brother, John Stansbury, Mr. and Mrs. Harry Bleakley, and Mr. and Mrs. Junior Bleakley and daughter, and Mr. and Mrs. Oliver Reed, of Clayton, spent Sunday with the Longfellos.

Mr. and Mrs. Charles Tolson of Baltimore, were recent guests of Mrs. Oris Hobbs.

Miss Elizabeth Jones, of Wilmington, returned after spending

a couple of weeks in Harrington. Mr. and Mrs. Nelson Faulkner and Mrs. Bessie Stevenson, of New Castle, spent Sunday with Mr. and Mrs. Earl Thomas.

Mr. and Mrs. George Toppin visited relatives in Snow Hill, Md., Sunday.

Mr. and Mrs. Stanley Cahall and son, Butch, of Greenwood, spent Sunday with Mr. and Mrs. Abner Hickman.

Mr. and Mrs. Paul Stuart, of Philadelphia, are spending a few days with Mr. and Mrs. Clarence Minner.

Mr. and Mrs. Benjamin Emory Jr., Mr. and Mrs. Reynolds French and son, spent Sunday with Mr. and Mrs. Edward Johnson, of Salisbury, Md.

Mr. and Mrs. Thomas Emory, of Dover, visited Benjamin Emory Sr. Sunday.

Mrs. Donald Wilson and Mrs. Melvin Wyatt spent Thursday in Salisbury.

Mr. and Mrs. Warren Swain and two daughters, of Dover and Mr. and Mrs. Lloyd Wilcutts and daughter, and Jack Swain were Sunday guests of Mr. and Mrs. George Swain.

Mr. Jack Swain and two daughters are visiting her parents in New York.

Sgt. Robert Quillen, Pfc. Cecil Wilson, and Pfc. Allan Callaway, all from Germany, arrived in New York Friday night, and spent the weekend with their respective parents, Mr. and Mrs. R. Harry Quillen, Mrs. Elizabeth Wilson, and Mrs. Callaway. They reported to Camp Kilmer Monday and then later in the week they will report to Ft. Meade, Md.

Mrs. R. W. Vane spent the weekend with her sister, Miss Ruth Wainwright, Wilmington.

Mr. and Mrs. Tommy Parsons, of Laurel, spent the weekend with Mr. and Mrs. Hayward Quillen.

Mr. and Mrs. William Riley and son, of New York, are spending a few days with E. B. Rash and daughter, Miss Elva Rae Rash.

Mr. and Mrs. R. Harry Quillen, Miss Grace Wanda Quillen and Sgt. Robert Quillen called on relatives in Ocean View Sunday. Miss Elva Rash spent the weekend with Mrs. Howard Hitchens, Wilmington.

Mrs. Clara Starkey, who had been spending some time with her daughter and son-in-law, Mr. and Mrs. Thomas Brown, returned to her home near Bridgeville Sunday. Mrs. Starkey spent a couple days with her sister, Mrs. Wallace Redden and Mr. Redden, near town, before leaving.

Mr. and Mrs. Francis McKee attended the Harvest Ball held in Dover Friday evening. Sundays dinner guests of Mr. and Mrs. William Clark were Mr. and Mrs. Frank Clotti, Mrs. James Sculley and son, Jimmie, Miss Donna Lee Clark, all of Wilmington; Mr. and Mrs. Nelson Jerred and daughter, Mr. and Mrs. Joseph Callaway and family; Mr. and Mrs. Clarence Clark and family, of Greenwood; Mr. and Mrs. James Godwin, of Dover; Walter Moore, of Milford; Mr. and Mrs. Edward Lore and son, and Gordon Clark-son and friend, of Milford.

Miss Roxanna Taylor, David King, Miss Lois Harrington, and Dr. William Flanagan, and Mr. and Mrs. William Manter, of Dover, were dinner guests Saturday evening of Dr. and Mrs. William McCoy, of Dover.

## Prayers for Rains Answered in Texas

WACO, Texas—Prayers for rain were answered here by a thunderstorm and showers which ended a drought damaging to grazing and farm lands in central Texas.

The prayer meetings were held in Waco's First Baptist church after professional rain-makers had been sending clouds for several weeks in an effort to coax some precipitation out of them. Except for a few weak showers, the professionals didn't have much luck.

Then the church group took over. For the first time in the memory of most Waco residents, citizens went to formal rain-prayer sessions. The Rev. Dr. Forrest C. Pezor, pastor of First Baptist church and first vice-president of the Southern Baptist Convention, conducted the interdenominational services. Farmers attended afternoon prayer meetings, city-dwellers participated in evening services. One woman at the night session carried a rain-coat. A man prayed: "Help us to remember that the rain-makers can't make rain unless it be Thy will."

The storm which hit Waco after the prayer sessions lasted for an hour. In North Waco, residents reported, rain rain in the streets and gutters.

### New Grains

In the past 25 years, federal-state research has produced and released to farmers 293 new varieties of small grains.

### No Sticking

Portions of meringue pies will look much better if cut with a knife that has been dipped in cold water.

## Asbury Methodist Church Notes

Church School session will begin this Sunday at 10:00 A. M. with devotions under the direction of the superintendent, Fulton Downing. "What Makes a Man Happy?" is the second of a unit of lessons in the International Lesson Series entitled "Qualities of the Christians." All study materials are group graded. Classes for all ages. Welcome.

Morning Worship will begin at 11:00 o'clock. Seventh Sunday in Kingdome. Sermon by the minister, Music by the Cathedral and Junior Choirs.

Evening worship will begin at 7:30 o'clock. Sermon by the minister. Music by the Chancel Choir. Last Sunday there were 80 present for the evening service. Let us strive for a larger attendance.

Sunday School Board will meet after the evening worship.

On Tuesday evening, October 14th., at 8 o'clock, the Mothers Auxiliary will meet at the home of Mr. and Mrs. Jack Pitlick. All members are urged to attend.

Choirs of the church meet on Thursdays as follows:

Junior Choir at 3:30 in the Collins Building, Chancel Choir at 6:45 in the Collins Building, and the Cathedral Choir at 8 in the church sanctuary.

Harvest Home will be celebrated on Sunday October 19th. We will observe our custom of bringing gifts of canned foods to be sent to the church institutions which we help support. Bring gifts on Saturday so that they may be arranged attractively in the chancel of the church.

Laymen's Day will also be observed on Sunday October 19th. A special program is being arranged.

### Molasses Cake

Molasses cake should be cooked in thick loaves as it burns easily and may scorch if laid out too thin. Tins should be lined with greased paper for such cakes.

**BEACON 70/30  
FEEDING PLAN**

High record hen 337 eggs in 365 days made on Beacon.

This 70/30 feeding is the most effective, most economical plan that Beacon Research has ever discovered for developing pullets capable of high feed intake—essential for heavy egg production.

It's a real economy plan because 70% of inexpensive scratch grain is balanced with only 30% of Beacon "18" Growing Mash. Feed it from the 12th week until birds are housed.

### Musicians' Glasses

Musicians who must read music at a distance of 30 inches or more often find their reading glasses, focussed for about 13 inches, do not provide the necessary seeing ability. Slip-over lenses, hooked to the ordinary glasses, are sometimes used, but bifocal or trifocal lenses are coming into wider use.

### No Eye Injuries

By installing a comprehensive system of eye protection for workers, the Naval ordnance plant at Alexandria Va., completely eliminated eye injuries during a period of 14 months. Previously, there had been 14 to 17 eye accidents per month.

### Oldest Story Book

"The Shipwrecked Sailor" is the oldest known story book in the world. It is a tale of adventure about sea-faring Egyptians of the Twelfth Dynasty who traveled to the far-off, mysterious land of Punt. It is an ancient combination of Robinson Crusoe and Sinbad the Sailor, recorded on papyrus.

### Baking Hint

For women who bake their own bread: if the oven is too hot and the loaves brown on top before the bread is baked, place a pan of boiling water on the top grate. The steam will keep the bread from scorching while the heat thoroughly bakes the rest of the loaf.

## BEEF CATTLE FOR SALE

Have sold out of all cattle on hand and expect a new lot of over 300 head to arrive this week, either Herefords and Angus heifers and steers, which will consist of over 100 head of calves weighing from 300 to 400 pounds. Just right to start now and make 1,000 pound cattle next year.

Also will have over 150 cattle weighing from 400 to 600 pounds. They are just right to keep for breeders or fatten for market in the early winter.

Balance will be cattle weighing from 600 to 900 pounds that will do for the feed lot this fall.

Anyone interested in good beef cattle to make money on should come and look these cattle over.

I have sold over 3,000 head of these kind of cattle since January 1st, to over 300 satisfied customers, and expect to sell more than that many the balance of this year. So if you have pasture, why not buy a few of these good cattle and watch them grow and make money for you? It looks like cattle will be high for a long time to come.

All cattle I handle are treated for shipping fever and delivered free of charge within 100 miles. Will take your dairy and fat cattle in trade and allow you a good price for them.

Also can arrange to pasture at a small cost to you any number you wish to buy.

I have rented the Normandy Farms at Norristown, and have over 400 acres of the finest pastures. They have a four-rail fence and plenty of water and shade. I'm sure your cattle will do good there. Also have over 300 acres pasture to rent here in Chadds Ford. So why wait? Why not come and see some real good cattle that are priced lower than any other cattle of the same quality in the state of Pennsylvania?

There must be a reason why I have sold over 48,000 beef cattle in the last 12 years and last year was the biggest year I ever had.

I expect to receive over 200 cattle each week for the balance of this year and I expect to price them so they will move out in that order.

**State Board Of Health  
Cancer Detection Clinics**

The State Board of Health offers, to all women 25 years of age and over, free Cancer Detection examinations.

Cancer has been known to develop at any age, but the incidence occurs more often after the age of 25. Most cancers can be cured if they are treated early. Regular examinations make possible early diagnosis.

The clinics are operated by three persons—a doctor, a nurse and a clerk. The clerk takes a medical history of each patient; the nurse assists the doctor; the doctor examines the five most prevalent locations where cancerous conditions are found. He looks for any abnormal conditions around the head, including the tongue and tonsils; he examines the breasts for evidence of bleeding and presence of lumps; he checks the pelvis and takes a vaginal smear which will be processed and read according to the recognized Papanicolaou method; he examines the skin for any scaly or bleeding sores, black moles or unhealed scars; and, lastly, he makes the important rectal examination.

When a questionable condition is found, the Cancer Division of the State Board of Health reports the findings to the patients doctor. No treatment is provided. The service is for detection only, and it is extremely important for your own protection that you follow up advice promptly.

Bathing and douching before examination are undesirable since they make detection more difficult.

The cancer detection clinic services are free to all women 25 years of age or older. Take advantage of the opportunity to have an examination. If you notice any of the signs and symptoms that may mean cancer, see your doctor without delay.

Signs or symptoms that may mean cancer:

"Have you any sores, particularly around the tongue, mouth or lips that have refused to heal?"

"Have you noticed any painless lumps or thickening especially in the breast, lip or tongue?"

"Have you at any time noticed unusual bleeding from any natural body opening or from the nipples?"

"Are your bowel habits regular?"

"Have you noticed any change?"

"Have you any warts or moles? Has there been any change in any of these?"

"Are you bothered with persistent indigestion or difficulty in swallowing?"

"Have you experienced any persistent hoarseness or unexplained cough?"

"Have you gained or lost weight recently? How is your appetite?"

**Joseph D. Phillippi Dies In Ohio**

Joseph D. Phillippi, age 34, a former resident of rural Harrington, died at his home in Barber-ton, Ohio, Sept. 30. He had been ill for quite a while.  
He was born in Mountain City, Tenn., the son of J. R. Phillippi and the late Mrs. Phillippi.

He is survived by his wife, Mrs. Rosetta Stuttler Phillippi and four small children, 3 daughters and 1 son: his father, J. R. Phillippi, of Harrington; six brothers, Justin Phillippi, of Akron, Ohio; Dale, Ephraim, and Jimmy, and Richard, of Harrington; Ray Phillippi, in the Marines, of Albany, Ga., and two sisters, Maxine Phillippi and Mrs. Alvin Donovan, of Harrington; his grandmother, Mrs. A. G. Wilson, of Mountain City, Tenn.  
He was buried in Creston, W. Va.

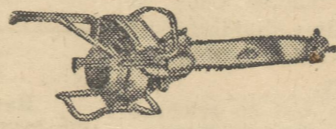

**Delaware Homemakers Back Pennies For World Friendship**

Delaware Home Demonstration Clubs backed their "Pennies for Friendship" drive with record response this year.  
There was 100 percent participation in the drive for the first time announced Mrs. Joseph McLivaine, Lewes. Mrs. McLivaine is international relations and citizenship chairman for the State Home Demonstration Council.  
"Pennies for Friendship" is a nationwide project among Home Demonstration Clubs, Mrs. McLivaine explains. The money goes to defray expenses of the Associated Country Women of the World, an organization of rural women's groups of the free world, The Delaware State Council is a

member this international organization.  
"Through the ACWW we feel that we can work towards world peace. We learn about, and get to know homemakers from abroad through letters. We find we aren't so different after all, and become better friends," Mrs. McLivaine says.  
The appeal for pennies is made each spring. This is the third year Delaware has taken part in the drive.

**DISTANCE  
makes the Heart grow Fonder**

You'll discover this about a Buick:  
The more you drive it, the more you like it; the longer your trip, the louder your praise.  
That's what people tell us. And we'll tell you why.  
You can drive a Buick three, four, five hundred miles in a single day, and feel fresh enough to keep right on going.  
You can romp up high hills, cruise straightaways, ease through traffic-tangled towns, clock off hour after hour of relaxed and pleasurable driving—and be no more tired than a neighborhood jaunt would make you.  
How come this comfort-rich ground-covering ability in a Buick?

There's the ease of deep, soft seats for one thing—and plenty of move-about room for arms, legs, shoulders.  
There's Dynaflo Drive\* taking all the chore out of driving, and giving your whole ride a satiny smoothness without trace of jerkiness or driving tension.  
There's a hoodful of thrilling, tireless power from a high-compression, valve-in-head Fireball 8 Engine that whips out miles like a tarpon reels off line.  
There's the soft, steady, solid, swerve-free going of a coil-spring-cushioned ride that's well worth the million-plus dollars it cost to engineer.

There's all this and more—much more—that makes your heart grow fonder of this trim and thrifty traveler.  
But words can't do justice to a Buick in motion. Only you can.  
When will you come sample this experience yourself?  
Equipment, accessories, trim and models are subject to change without notice. \*Standard on Roadmaster, optional at extra cost on other Series. †Optional at extra cost.

**From where I sit ... by Joe Marsh**

**Our Town Wouldn't Take a "Back Seat"**

Well, the "battle of the buses" has been settled! Our town is again friendly with Balesville. Everything started when buses began going through our town with a big sign on them saying SHOP IN BALESVILLE. The bus line is owned in Balesville and operates over here on a franchise. Windy Taylor was all for putting up barricades—he kept calling up the police and the bus company. Finally Judge Cunningham invited the Balesville Chamber of Commerce to meet with ours at Andy's Garden Tavern.

Over a good meal and glass of beer we all reached a compromise without any trouble. Those signs now read SHOP HERE IN TOWN. Everyone's happy. From where I sit, it shows how problems disappear once both sides get together and try to work things out. Naturally we're all a little different. Some like soda pop, for instance, and some like beer. So what? We all have to ride along through life together. Why not make it a pleasant trip?

Joe Marsh

## Wyoming Wins Third Game of Mar-Del League Finals

**Standings**

Wyoming	2	1	.667
Frederica	1	2	.333

### Sunday's Schedule

Wyoming at Frederica

It took very little effort on the part of Wyoming last Sunday to gain the upper hand in the Mar-Del League Finals 2-1 as they edged the third game of the five best out of five Finals 10-9 with lots of help from their opponents, Frederica. The losers outthit the victors 15-5 but several costly errors, pass balls and a wild pitch helped to put the game on the winning side for the pennant winners.

Wyoming took a 4 to 0 lead in the 3rd and after Frederica had added 2 in the top of the 4th came back to make it 6-2 with 2 more tallies in the bottom of the same frame. The victors scored to make the score read Wyoming 10 and Frederica 6. Throughout the game Wyoming had only two runs batted in while the other 8 came mostly as the result of miscues on the part of the visitors. Frederica began to find the range in the 8th as Bill Bair's pinch double and Roy Kemp's pinch single helped to get three runs to make the score close. Starter Aub Berry gave way to pilot Freddie Clemence, veteran minor league hurler, who came in to put the fire out and hurl his team to victory. Ken McClamrock starter for Frederica and gave up all their hits and runs with veteran Jim Postles coming in to work the last frame and turn in his usual good performance by pitching hitless ball Berry who was tabbed for 14 hits was credited with the win, his 10th of the season against 1 loss, while McClamrock was the victim.

In addition to the pinch double by Bill Bair, which drove in two runs in the 8th, Bobby Gibson, former Milford Highlet, laced out a double and two singles. Buddy Kimmel had three singles and

Teddy Evans a home run to pace the 15 hit attack of Frederica. Reds Minner had a double and Drex Cox a triple for Wyoming while Freddie Clemence lined out two one base raps. The other Wyoming bingle was by Nolan Cooper. The Wyoming fielding pulled Berry out of several tight pinches as Frederica had 12 men stranded on the bases.

This Sunday the scene will shift back to Frederica for the 4th game. A victory for Wyoming will give them the championship and wind up the 1952 Mar-Del League play. A win for the Frederica tossers will send the series back to Wyoming for the 5th game on the following Sunday. This Sunday's tilt promises to be the hardest fought of the Series. Frederica fighting with their backs to the wall will be out to extend the Series to the limit while on the otherhand the Wyoming nine will be making a bid to bring the play to an end. Buddy Kimmel or Jim Postles is a strong mound possibility for Frederica after serving up a southpaw-McClamrock for the past two games. Wyoming will probably still go along with Berry with Clemence set to do the relief work if needed.

Another record crowd is anticipated. Despite the World Series on Sunday Wyoming had one of their best crowds in several years. The attendance even bettered that of the opener. Both teams are keyed up for the meeting and it should be a scorcher.

Pat Knight

**Salt Water Lines**  
Salt water lines are made of linen, nylon and cotton. Linen is best for big game angling and for general purpose fishing, though nylon has found favor with surf casters because it casts easier. The cottons are used for inexpensive lines such as are used by kids and cane-pole fishermen.

**Tibetan Evolution**  
Tibetans anticipated Darwin by long ago claiming descent from a monkey. This legendary forebear, say Tibetan chroniclers, was actually an incarnation of the Compassionate Spirit. He fed his six offspring on sacred grain, with the result that gradually their tails become shorter and they turned into men—the first Tibetans.

**Worsted Jerseys**  
Striped worsted jersey in a beautiful basic style with a softly gathered skirt, slender top with buttons to the waist and three-quarter sleeves is frosted with white collar and cuffs. Favored colors include gray and black, brown and beige or navy and gray.

**Forest Receipts**  
National forest receipts during fiscal 1951 totaled \$56,147,341, of which \$51,098,565 was from the sale of timber and forest products. The remainder was from grazing fees, mineral leases, resorts, summer home sites and water power.

**Warming Over**  
For warming over and freshening muffins, biscuits and rolls, sprinkle them lightly with water, place them in one pan and put that into another pan containing water. Heat in the oven for a few minutes and they will be as fresh as when first baked.

## Brownsville

Mr. and Mrs. William Jarrell and Mrs. Case, of Wilmington, spent Thursday evening with Mr. and Mrs. Raymond Welch. Edward Brown and daughter Bernice, of Bethany, Okla., and Mr. and Mrs. Dewitt Tatman were recent diner guests of Mr. and Mrs. Ralph Tatman.

Mr. and Mrs. Ray Cox are spending the week at her father's home, near Felton.

Callers at the home of Mr. and Mrs. Norman Wix this weekend were Mr. and Mrs. Clويد Fry, Mrs. Blanche McKnatt, Mrs. Effie Raughley, and Robert Wix.

Mrs. Lester Gooden and daughter, Mrs. Lester Morris, of Dover and Mr. and Mrs. James Kates, of Felton, visited Mr. and Mrs. Raymond Welch Sunday.

Mr. and Mrs. Elmer Brown called on Mr. and Mrs. Harvey Donophan Sunday.

Mr. and Mrs. Ray Collison and Mr. and Mrs. Ray Cox were on a trip in Pennsylvania and northern Maryland returning home over the new Bay Bridge.

George Wright and son, Mr. and Mrs. Elmer Collins visited at the home of Mr. and Mrs. Robert Collins Sunday.

The farmers are busy picking corn and combining soy beans. Mrs. Mabel Bullock is spending some time with her daughter, Mrs. William Seeders, of East

New Market, Md. We are sorry to hear of the death of Mr. Seeders. Our sympathy is extended to the family.

### Coming Events

Oct. 10 - There will be a fried chicken supper served at the community hall for the benefit of the stewards. Solomon Daniels and Preston Miller are in charge of arrangements.

Oct. 12 - 3:30 p. m. Mrs. Harriett Hughes is sponsoring the famous Monroe Gospel Singers, of Chicago, Ill.

Oct. 19 - 3:30 p. m. The Washington Gospel Singers at 8 p. m. The Blind Heavenly Echoes, of Wilmington, sponsored by Mrs. Beulah Watson, The Rev. A. W. Rothwell, pastor.

Oct. 26 - Family Rally Day, Mrs. Estella Higgins, sponsor.

# SCHOOL NEWS

## Math Club

The following officers were elected during club period:  
 Vice-President - Sandra Raughley  
 Secretary and Treasurer - Virginia Lee Minner.

The first project is to learn how to handle the tools used in Mathematical drawing. Then a border will be made and colored for the bulletin board on which will be displayed the sketches made during the semester.

## The Book Corner

Reviewed by  
 Eleanor Baker  
 Janice; Air-line Hostess  
 By Alice Rogers Hager

Janice Hartley had been an air-line hostess during the war and was just finishing her terminal leave. She was eager to get back on duty, so she went to see about an assignment. She received one immediately to Tokyo. There she had to train overseas girls to be air-line hostesses.

When she returned she met Candy March, a sister of a close friend who was killed during the war in an airplane crash, and they became intimate friends. Janice was also a heroine, because she and Colonel Bill Landsdowne had helped wounded soldiers evacuate their ship, for getting themselves until last. They went to Washington to have the president pin medals upon them after pinning them upon a group of wounded soldiers.

Bill Landsdowne was picked to test the first jet plane ever to be tested. It was not perfect in some ways, it was found out later, but Bill somehow managed to land it in on a mountainside. Two of them were injured slightly. Bill was hurt very badly and his life was in danger for many weeks.

Finally he recovered; and had Janice promise to marry him after his recuperation.

I recommend this book as good reading for the Junior High School group.

## Brobst's Bull

Gladys Mae Hill

The F. F. A. students are raising a young bull for experiments. The students keep the bull in a shed on the school property.

The bull succeeds in getting out on the street occasionally. Mr. Brobst and Miss Dickraeger are victims of the bull. Unfortunately the bull escaped one dark night, coming into Mr. Brobst's yard, sharpening his horns upon a tree. Disturbed by Ladies' barking, Mr. Brobst came out into the yard, just in time to see the bull charging Miss Dickraeger out on the street.

After listening to Mr. Brobst's story, a couple of Juniors went to investigate. To our astonishment the bull was nothing but a harmless calf, his horns just popping out of his head.

No matter what we say to Mr. Brobst and Miss Dickraeger they still say the bull is "dangerous" and "huge" and "hard on new lawns."

## News From Mr. Feagan

Archie A. Feagan principal, Leon Donovan and H. Draper Williams attended a delegates meeting of the Delaware State Education at Dover on Sept. 23.

An extension course from the University of Delaware in Sociology is being given every Tuesday evening in the Harrington School Library. This course is open to anyone who is interested.

The State Department of Education is conducting a workshop in the Harrington School every Monday afternoon for interested teachers.

The teachers were very happy to have a number of parents call at school on Sept. 18. They were pleased that the parents were interested to come out to the school, become acquainted with the teachers and look over our school facilities. Refreshments were served by a committee under the director of Mrs. Mary Dolby and music was played by Melvin L. Brobst at the organ. Elwood B. Gruwell, President of the School Board, J. C. Messner, Superintendent of Schools, and Archie A. Feagan, Principal, attended a meeting of the Delaware Administrators at Milford, Sept. 24.

**Sacred Volcano**  
 Mount Fuji, Japan's sacred volcano, has not erupted in nearly 250 years. Its last explosion was in 1707. 8. Tokyo (then called Edo), though 80 miles away, was covered with six inches of ash.

**Pork Hocks**  
 Cover pork hocks with hot water and cook slowly until tender, about two hours. Add vegetables, such as carrots, onions, and potatoes, near the end of the cooking time, or serve hocks with hot sauerkraut.

## Student Council Dance

The Student Council of Harrington High School presented their dance Friday evening, October 3 in the Harrington High School auditorium.

The class sold pretzels, soft drinks, and other refreshments donated to them by the represented classes.

It was the first dance held this year and it was a distinct success.

## Faculty Glimpses

Mr. Miller was born at Carlisle, Pennsylvania in 1910. He attended West Chester High School. After graduation from high school attended Haverford College, where he received his B. A. He then did graduate work at Princeton University. After Princeton, he attended West Chester State Teachers College for 1 year. He later attended the University of Pennsylvania where he received his M. S. in Ed. & M. A. At present, Mr. Miller is working on his Ph. D. in English at the University of Pennsylvania.

During the last war, Mr. Miller spent four years in the Air Force where he rose from the rank of Private to Captain.

Mr. Miller also taught at Atglen, Pennsylvania, for 2 1/2 years before coming here. He has traveled through Europe and the Orient. He lived in Japan for one year and Italy two years. His hobby is stamp collecting. Mr. Miller's customary summer work is taking charge of a swimming pool in an amusement park near West Chester.

## Hockey Game

Harrington's first hockey game of the season was played at Harrington on Sept. 26 with the Felton team as opponents.

The positions were played by the following:  
 Center - forward - Louisa Howard  
 Inners - Jeanette Sapp, Jo Ann Brown  
 Halfbacks - Joyce Hopkins, Mary Lord, Imogene Welch.  
 Wings - Janet Smith, Mary Evelyn Harrington  
 Fullbacks - Jeanne Lander  
 Goalie - Pauline Makovec

It was a very close game all the way with Harrington scoring twice but the first was called for advancing and the second was outside the striking circle.

The game ended with the score 0-0.

## Roman Banquets

The Latin classes of the ninth and tenth grades are planning Roman Banquets at which food will be served in Roman fashion. The diners will wear togas and recline on the cafeteria benches to eat.

On Thursday, October 2, Mrs. Florence Gibson of Milford spoke to the high school assembly in an effort to accumulate membership to the Milford Columbia Community Concert season this year.

She also introduced the New York representative, Mrs. Atwood. After having spoken, she showed movies artists and compositions which have appeared and been played on the stage. Then, under the leadership of Mr. Brobst, the band played "Blue Tango" and Jerome Kerns' "You".

## Tilghman Real Estate Auctioned at \$117,000

Bids totalling \$117,000 received for 2 operating farms, 5 acreage tracts and 28 building plots at Tilghman, Maryland, at the recent auction sale held by Joseph P. Day, Inc., of New York, were officially approved yesterday by George T. Harrison, president of the Tilghman Packing Company.

The sale which was held under a tent on the property by Stephen A. McDonald, Vice President, comprised surplus real estate owned by the Tilghman Packing Company, one of the largest seafoods packing concerns in the United States and who operate a large plant adjacent to the property sold. W. H. Oakley & Co. of Easton, Md., acted with the Day company in the sale. The parcels sold are located along both sides of Highway 451 in the center of the peninsula jutting into Chesapeake Bay, along the Eastern Shore of Maryland, 25 miles from Easton.

The highest price paid at the sale was \$35,000 by Jonathan Eddy of Queen Anne County, Md. for 179 acre operating farm and the adjacent 24 acre parcel on Chesapeake Bay. The next highest price was \$27,500 for an adjoining 182 acre operating farm bought by Walter B. Freeman, Sr. of River Georges County, Md. A 95 acre tract on the Choptank River was bought by Allison Stout of Philadelphia for \$20,000. Three parcels totalling 128 acres extending from Highway 451 to Chesapeake Bay were taken for \$12,000 by James Kelly, Jr. of Tilghman.

## DEFENDERS OF FREEDOM

With U. S. Forces in Japan— Army PFC Gorge C. Blake, whose wife, Edwina, lives on Route 3, Denton, Md., recently spent a five-day vacation from Korea on a rest and recuperation leave in Japan.

He stayed at Camp Nara, one of Japan's most famous resort cities, where the Army has set up an extensive recreational center for combat soldiers enjoying a respite from battle. He has since returned to his unit in Korea, a field wireman in the 2nd Infantry Division's 9th Regiment, arrived in the Far East last March.

He entered the Army in September 1951 and received his basic training at Indiantown Gap, Pa.

On Friday, September 26, replacing the annual assembly given by Louis Kish, manual training instructor, Sergeant Cullen of the Bridgeville State Police spoke to the high school group about safe driving on the highways and also explained many laws listed in the policeman's manual that are often misunderstood by many drivers of today.

Langrell, and Mrs. Clyde Perry, the sale of clothing netted \$123.81 turned over to the band for necessary running expenses.

Many thanks are extended to all persons, particularly the parents of children who are either in the band or are studying a musical instrument, who helped by donating articles for sale, together to all those who bought articles. The money thus obtained will be used to pay for second-hand musical instruments used for rental purposes to children who are just beginning musical instruction, and for new music used in the band.

The next activity of the band game Sat., Nov. 15, in Newark, at will be to play at the football the new stadium of the University of Delaware.

Blake is the son of Mr. and Mrs. Cornelius Blake of Queen Anne, Md.

Army Pvt. Fred W. Kemp, son of Mr. and Mrs. Herbert J. Kemp of Magnolia, recently arrived in Europe and is now serving with the 43rd Infantry Division in Germany.

This Division, now stationed in the southern part of the country, is receiving constant field training as part of the North Atlantic Treaty Organization (NATO) Army.

Kemp is serving as a mechanic in Company B of the 143d Tank Battalion.

Before entering the Army in April 1951, he was employed in a service station, in Magnolia.

Felton

Worldwide Communion was observed at the Felton Methodist Church Sunday. The Sacrament of Holy Communion was administered to the congregation by the Rev. William Hitchens.

W. S. C. S. members of Asbury Methodist Church, Harrington, were guests of the Felton W. S. C. S. at its October meeting last Wednesday.

Mrs. John Bunnell spent last week with her parents, Mr. and N. J. Mrs. Bunnell was accompanied home Saturday by her parents, and her grandmother, Mrs. Henry, also of Maplewood, who remained for a visit with the Bunnells.

Mrs. Fred Ludlow has returned to her home in Springlake, N. J., after spending the past few weeks with her son and daughter-in-law, Mr. and Mrs. Lott Ludlow and children.

Word has been received here that Sgt. Charles Layton Farrow is in Japan. Sgt. Farrow is in the Medical Division.

Teddy Hughes, of the University of Delaware, Newark, spent the weekend with his parents, Mr. and Mrs. Paul Hughes.

Mr. and Mrs. Lawrence Cain Jr., and daughter, Cheryl, of Llangollen Estates, New Castle, spent the weekend with Mr. and Mrs. L. E. Cain Sr.

Mr. and Mrs. George Bringhurst were weekend guests of Dr. and Mrs. Lewis Bringhurst, in West Chester, Pa.

Mr. and Mrs. A. C. Dill were dinner guests Sunday of Mr. and Mrs. William Parsons, in Seaford.

Mrs. Mildred Fielding, of Wilmington, spent Saturday with her parents, Mr. and Mrs. Gruwell. Miss Rebecca Dunn and Miss Fannie Marvel, of Camden, called on Mrs. Sadie Speal Sunday afternoon.

Mr. and Mrs. Ralph Barwick had as their guests Thursday and Friday, Mrs. Barwick's parents, Mr. and Mrs. R. W. McKelvey, of Montclair, N. J.

Sunday guests of Mr. and Mrs. James Cahall were Mrs. Mary Greenly and daughter, Miss Elizabeth Ann.

Mr. and Mrs. Harry Gruwell with Mr. and Mrs. Alvin Melvin and son, Kenneth, of Harrington, were Sunday dinner guests of Mr. and Mrs. John Berry, in Wyoming.

Mr. and Mrs. Marion McGinnis and son, Jay, spent Sunday in Wilmington with Mr. and Mrs. Harry Lingo.

Master Sgt. Thomas Melvin, of Fort Meade, Md., spent Thursday with his mother, Mrs. Ella Melvin. He recently returned from a tour in Europe with the U. S. Army Field Band.

Smyrna Man Held on Charge of Killing Wife

William David Jolly, 35-year old laborer of near Smyrna, is under state police guard at Kent General Hospital, Dover, following his unsuccessful attempt to take his own life Saturday after his allegedly fatal stabbing of his wife, Hazel Marie, 34.

According to troopers, the man used an ice pick to stab Mrs. Jolly, mother of seven children. The stabbing took place in the couple's home on Brick Store Landing Road, a mile of east Smyrna.

Police added that Jolly made an unsuccessful attempt to commit suicide by slashing his throat and stabbing himself in the chest with a paring knife. Hospital officials said he is being treated for loss of blood and that his condition is not serious.

According to state police, Jolly attacked his wife during the continuance of a long-standing quarrel over Jolly's habit of being away from home frequently while drinking.

Mrs. Jolly was pronounced dead on arrival at Kent General, where she was taken in the Smyrna ambulance. An autopsy performed under direction of Kent County Coroner William Fleischaer, Farmington, showed death was due to internal hemorrhages from stab wounds.

Three of the children were present during the quarrel in the living room and kitchen, police detectives said William, 15, ran to the home of William S. Daniels, on whose property the tenant house in which the Jollys lived is located. State police and the Smyrna ambulance were called.

The other children in the living room were Sylvia Marie, 11, and Theodore Ballard, 13. Dolores, 6, Donald, 14 and Robert Eugene, 5, were upstairs in bed. Richard, 10, is a patient at the Governor Bacon Health Center.

Troopers at Dover said a charge of murder will be placed against Jolly. According to police his last regular occupation was as a laborer for a Dover contracting firm.

At present the six Jolly children are staying at the home of Mr. and Mrs. Daniels. State police said that Jolly first stabbed his wife in the chest in the living room, followed her to the kitchen where he stabbed her again, and when she fell, continued to beat her.

Mrs. Jolly was born near Hickman, the daughter of Herbert Green Sr. and the late Hazel Smith Green, and had lived near Smyrna for several years.

Funeral services were held from the Boyer Funeral Home, Harrington, Thursday afternoon at 2 o'clock in charge of the Rev. Milton Elliott, pastor of Trinity Methodist Church, Harrington. Interment was beside her mother in Wesley Cemetery, Burrsville.

Besides her husband and children, Mrs. Jolly is survived by her father, Herbert Green, Sr., and step-mother, Mrs. Herbert Green of Chester, Pa., a brother, Herbert Green, Jr., of Dover, and her maternal grandmother, Mrs. Goldia Smith, of Harrington.

Laws of the State of Delaware, as contained in 2033, Section 1, to 2246, Section 214, Chapter 65, of the Revised Code of 1935, as amended, preliminary to the issuing of this CERTIFICATE OF DISSOLUTION

Now, therefore, I, HARRIS B. McDOWELL, JR., Secretary of State of the State of Delaware, do hereby certify that the said corporation did on the eighth day of October, A. D. 1952 file in the office a duly executed and attested consent, in writing, to the dissolution of said Corporation

Executed in my office at Dover this 10th day of October in the year of our Lord one thousand nine hundred and fifty-two.

HARRIS B. McDOWELL, JR., Secretary of State, NELLIE W. NORBET, Asst. Secretary of State

STATE OF DELAWARE Office of Secretary of State CERTIFICATE OF DISSOLUTION To All Whom These Presents May Come, Greeting: Whereas, It appears to my satisfaction by duly authenticated record of the proceedings of the voluntary dissolution thereof, by the consent of all the stockholders deposited in my office.

Of Local Interest

Saturday, Mr. and Mrs. Frank DeLong, Margaret Satterfield, Don Conway and Miss Frances Lane of Dover, attended the Devon dog show at Devon, Pa. Miss Lane's Boston Terrier Pup Diplomatic Ace High handled by Mrs. DeLong, won a blue ribbon.

C. H. Burgess and Margaret Satterfield attended the Sesqui-Centennial celebration at Laurel Sunday afternoon and evening. They enjoyed the mass musical, the old fashioned song fest, and the dress rehearsal of the pageant very much.

After the dress rehearsal they toured the town looking over the wonderful antique displays in various shop windows, while having dinner at the Dutch Kitchen they saw Mr. and Mrs. Albert Price, Paul Neeman, Kathleen Montague and daughter, Mr. and Mrs. Fred Wilson, Mr. and Mrs. Brown Smith, and Miss Elva Reese also dining.

Mrs. W. C. Burgess and Margaret Satterfield, attended a Fashion show Wednesday evening at Grace Fellowship Hall Dover, sponsored by Emanuel's for the benefit of the Century Club.

Mrs. Frank DeLong has her Boston Terrier Pup, Emilie's Little Diplomat, entered in the South Jersey Kennel Club Show, to be held at Vineland, N. J., Sat. Oct. 18th.

C. H. Burgess and Margaret Satterfield attended a dress parade and a cocktail party at Strawbridge & Clothier in Wilmington.

Mrs. Cora Powell accompanied Margaret Satterfield and her mother, Mrs. Homer T. Hopkins of Frederica, to Wilmington Wednesday week where they attended the opening of the Strawbridge & Clothier Store. They enjoyed luncheon in the Green Room, after which they saw a display of the Equitable Trust.

A chicken salad, ham, and oyster supper will be held at the Frederica Fire Hall Wednesday and Thursday, Oct. 22 and 23, for the benefit of the Frederica Volunteer Fire Company.

S. N. G.; Mrs. Elsie Tatman, L. S. N. G.; Mrs. Angie Potter, R. S. V. G.; Mrs. Lola Porter, L. S. V. G.; Mrs. Eva Morris, left altar bearer; Mrs. Eva Morris, left altar bearer; Mrs. Laura Belle Wilson, musician.

Lewis and her staff by the lodge. Gifts were presented to Mrs. Past Noble Grand Martie Stubbs presented her officers with gifts, after which cold platters and coffee was served.

W. S. C. S. Holds Oct. Meeting

The W. S. C. S. of Asbury Methodist Church held its October meeting in Collins Hall Tuesday evening—Mrs. Charles Greenhaugh, the president, presiding. Mrs. Greenhaugh made a report of the tea given by the Felton W. S. C. S. at the Asbury W. S. C. S. Monday.

Announcement was made of a conference-wide invitation to a tea and open house, Oct. 15, at the Riddle Memorial Deaconess Home, 304 West St. Wilmington. It is hoped that many of the members will avail themselves of this opportunity to see the Deaconess Home and the work that is done there.

Announcement was also made of the fall meeting of Dover District W. S. C. S., Oct. 29, at 10:30 a. m., in Mt. Olivet Church, Seaford.

Mrs. Theodore Harrington, chairman of local church activities, sent an announcement of a rummage sale and bake Oct. 24. Further details will be announced later.

Members stood for a moment of silent meditation as a tribute to the memory of Mrs. L. T. Jones, a charter member of this society. Mrs. C. Fred Wilson, chairman of spiritual life, lead the worship service, the subject of which was "Every God and Perfect Gift."

Mrs. A. B. Parsons, secretary of missionary education, presented a very interesting program on "Home Missions Winning Human Rights."

Mrs. O. T. Roberts talked on "The Right to Physical Well-being and the Right to an Education." Mrs. George Vapaa talked on "The Right to Social Acceptance." Mrs. Elmer A. Smith, "The Right to Worship Freely." Mrs. Parsons gave a general report of various missionary activities in the homeland and the program was concluded by a song by a group of primary children.

Refreshments were served by the Ruth Circle, Mrs. Lester Smith, chairman.

Farmington Cpl. William S. Bradley, of Poke Field, Fort Bragg, N. C., spent a few days this week with his parents.

Mrs. Anna Salmons is on the sick list. Her daughter, Mrs. Roy Cannon, is with her. Mrs. John Fisher is out again after being confined to her home. Roy Wyatt is in Milford Hospital for treatment.

Mr. and Mrs. Jackie Bradley and father had a seafood dinner Monday evening at Little Creek. Mrs. Blanche Baker spent the weekend with Miss Ella Bradshaw. Robert Vincent is improving in the Peninsula General Hospital, Salisbury.

Mr. and Mrs. Ollie Johnson, and Mrs. Johnson's mother, Mrs. Palmer, are visiting relatives in Ohio. This is a trip that Mr. and Mrs. Johnson make each year.

Mr. and Mrs. Charles Sutton, of Arlington, Va., were overnight guests of Mr. and Mrs. L. J. Roe, and family, Friday. Saturday William Roe and Mrs. Elizabeth Schwartz joined them as dinner guests.

Sunday Mrs. Schwartz had as guests, her children, Mr. and Mrs. Edgar Graybeal and son, Ronnie, of Port Deposit, Md., and Mr. William Roe.

Mrs. Evelyn Cabbage has been a patient at the Delaware Hospital in Wilmington, undergoing treatment for the past week.

Mr. and Mrs. Lloyd Elderdice and son, of Westminster, Md., spent the weekend with his parents, Dr. and Mrs. Elderdice, at the parsonage.

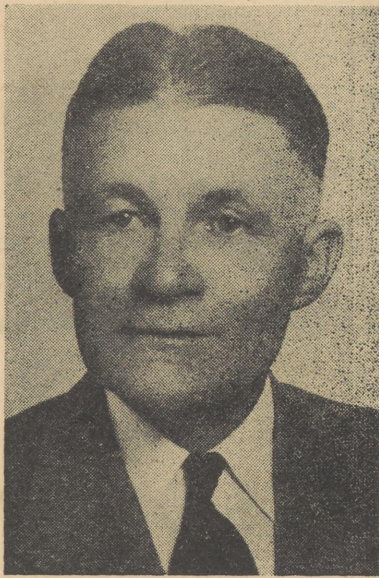

Marion Lotty, who has been a patient at the Veterans Hospital, in Brack-Ex, for several weeks, was able to come home for a week. He has to return for further treatment.

Mr. and Mrs. Elwood Knight and son, Donald, left Thursday for Chanute Air Base to visit their son, Grover, who is stationed there.

Major and Mrs. F. A. Anderson, of Arlington, Va., are spending a week with her mother, Mrs. Bessie Hart. Major Anderson is leaving the states Nov. 1st, for assignment in the Far East.
