## Santa Claus Greets The Mayor

Mayor E. B. Rash greets Santa Claus on his arrival in Harrington Saturday afternoon. The beauties looking on are, left to right: Shirley Harrington, Miss Harrington in 1950, and Barbara Smith, runner-up in beauty contest this year. Santa took part in a parade, headed by the Harrington High School Band, Saturday afternoon.

## Only 11 Shopping Days Remain Until Christmas

While Harrington merchants have not gotten together on their store hours for Christmas shopping, a number of stores have announced they will remain open until 9 a. m., beginning tonight.

Only 11 shopping days remain until Christmas.

Following his appearance here last Saturday, Santa Claus will visit Harrington every Saturday, from now until Christmas, appearing in the stores from 6 to 8 p. m. and on Christmas Eve, He will give the children fruit, candy, and nuts Christmas Eve at 2 p. m. at the Santa Claus House at the corner of Commerce and Fleming Streets.

Prizes will again be given for the best-decorated homes this year, with an award also for the most attractive window. City Manager Grace Wanda Quillen will be chairman of the committee judging the homes.

## H. H. S. to Hold Carol Service Friday, Dec. 19

The annual Christmas Carol and Candlelight Service by the Harrington Special School District will be held in the school auditorium on next Friday evening, December 19, beginning at 8:00 o'clock.

According to custom, the program will be ushered in by the playing of carols from the roof of the elementary school by a brass ensemble, which will welcome the town to the service. The musical program will then commence with the candlelight procession by the girls of the high school glee club.

Soloists this year will include Miss Eileen Harris, who will be assisted by a chorus from the elementary school, and Miss Imogene Welch, who will sing the "Cantique de Noel." Accompanists will be Ruth Moore, who will do all the piano accompanying for the glee club, and Imogene Welch and Joyce Gruwell.

William Miller and Mrs. Kathleen Pollitt, of the high school English faculty, will coach and direct the one-act Christmas play, the climax of the evening's program.

Another feature of this year's service which was a high light of last year's program, will be the singing by an ensemble of a 17th Century German Carol, "My Sheep Were Grazing" and "Gloria to God in the Highest, by Pergolesi."

There is no charge of admission made for this program, and the public is cordially invited to attend.

## BULL GORES KILLEN

Clayton "Clutch" Killen was gored by a bull last Friday at the home of Ira Killen. The bull came at Killen from the rear, smashing him against a board fence, from which he managed to crawl out of the bull's reach. He was treated by a doctor and is able to be out again.

## Garment Workers Union Hold Christmas Party

A Christmas party was given by Union Local 403 for the Ace Manufacturing Co. employees at the Legion Home Saturday evening. The ladies auxiliary of the Legion served a turkey dinner with all the "fixins." The home was beautifully decorated with Christmas decorations and a tree, around which many pictures were taken. A gift was presented to Mrs. Ruth Murray of Baltimore, the business agent for the upper south department. Mrs. Frances Ougeltree, of Viola, played the piano. About 110 guests attended.

## Felton Soldier Wounded in Korea

Pvt. Albert F. Killen, whose wife, Mrs. Beulah Killen, and parents, Mr. and Mrs. Lester C. Killen, live in Felton, is in a hospital in Japan. He suffered shrapnel wounds on both sides and on the back of his knee Nov. 20.

Pvt. Killen, 23, attended Felton public school and had been employed by the Latex plant at Dover for six years prior to his induction last February. He was married in January, 1949. He went overseas in October and had been at the front since Nov. 3. He wrote to his family Nov. 3 that it was cold on the firing lines. While in Japan he had met a Smyrna soldier named McNab, whom he knew by his nickname, "Lightning."

A letter telling of his injury was written by Lt. Helen Ingram, a nurse from Delaware. By coincidence, she was attending the wounded men in the plane in which they were flown from the battle zone to a hospital 60 miles from Seoul.

Killen had thought the nurse's face was familiar, but it was only when an officer, telling the wounded men not to be afraid of the trip, said that "Lieutenant Ingram will look after you," that Killen recognized her as a former Felton neighbor.

## BIRTHS AT MILFORD MEMORIAL HOSPITAL

Mr. and Mrs. Alfred Love, Ellendale, a girl.  
Mr. and Mrs. Roland Hitchens, Harrington, a boy.  
Mr. and Mrs. Noah Banks, Jr., Bridgeville, a boy.  
Mr. and Mrs. Andrew Chupp, Greenwood, a girl.  
Mr. and Mrs. Marvel McWilliams, Seaford, a girl.  
Mr. and Mrs. John Passwaters, Greenwood, a boy.  
Mr. and Mrs. Merland Felton, Milford, a girl.  
Mr. and Mrs. John Robinson, Milford, a boy.

## Railroad News

Bernie Siems moved to Altoona Tuesday and rented his nice new home to Joseph Callis, sales manager for the George Cochran Co.

Ernie Homewood and Slim Ryan are doing the decorating at the station. Jack Swain held the ladder.

Wilfred Fletcher and his gang will be making the long needed repairs to crossings at Center and Liberty Streets next week. This work will require closing the crossings for a day or two. A complete renewal of the entire roadbed will be necessary. The crossing gates will be down. Lights will be burning while the crossing is out of service. When this feature was explained to our worthy mayor, he said, "O. K., we are glad they are getting the crossings fixed and I do believe the public is familiar with the gates being down."

Now we don't know whether we have been complimented or criticized. He always says things with a genial expression and we go away happy and eager to do the right things.

Nathan Hobbs, carpenter foreman, has had his camp-train crew quartered in Harrington the past two weeks while making repairs to bridges on the D. M. & V. branch. This gang, together with Ernie Homewood's signal crew, which was in town last Monday, swelled the attendance at the district safety meeting in the fire hall.

At the conclusion of this meeting, Superintendent Lingenfelter complimented the Harrington district for their good safety performance and wished everyone a happy Christmas and New Year.

## 14 Divorce Cases Slated for Court

Col. John P. Lefevre, Kent County prothonotary, has listed 14 divorce actions for hearing in Superior Court, Dec. 19, as follows:

Francis Bell v. Rosa Bell, Ellen M. Bell v. Robert S. Bell, James A. Leyanna v. Delilah C. Leyanna, Ruth M. Elliott v. Howard Francis Elliott, Jr., Isaac H. Masten v. Ida M. Harvey Masten, also known as Ada M. Harvey Masten; Robert C. Wilson v. Elizabeth C. Wilson, Mildred C. Urban v. Stephen J. Urban.

Fred H. Latter v. Margaret H. Myers Latter, Morris Thompson v. Elizabeth M. Thompson, Lottie Johnson v. Enoch Henry Johnson, Jean Rebecca Emery v. Robert M. Emery, Charlotte Myrtle Patterson v. Frank Carl Patterson, Lester Gustave Berghorn v. Helen Cox Berghorn, Samuel T. Hughes, Jr. v. Norma Jean Cohee Hughes.

## WET POULTRY HOUSE LITTER PREVENTABLE

Wet litter in the laying house not only helps spread disease but results in an excessive number of dirty eggs.

The flock owner can do three things that will do much to solve the wet-litter problem, says Dr. Morley A. Jull, head of the poultry department of the University of Maryland.

The first thing to do, says Dr. Jull, is to locate the droppings pit in the center of the laying pen rather than on one side. Sufficient space should be allowed between each end of the droppings pit and the ends of the laying house to allow the attendant to go around the ends of the pit.

Such an arrangement will make more floor space available for the layers. Windows and artificial lights should be arranged so that birds will utilize the entire floor area around the pit.

Dr. Jull says that roosting perches arranged in tiers over the droppings pit require a smaller-sized pit than normally. Two tiers of perches are satisfactory for general-purpose birds and three tiers of perches can be used for Leghorns.

By placing the feeders and waterers over the wire on top of the droppings pit, much less manure is deposited in the litter. They should be placed so that they will not collect droppings. By doing these three things, the wet-litter problem is practically solved, especially if the litter is stirred thoroughly at regular intervals.

# Helena, Prominent Brood Mare in Harness Field, Dies

## Helena of Helena Acres

Helena, famous brood mare of Helena Acres, who died Monday morning, is shown here with Express Direct. Helena was also the dam of the late Direct Express, 1:59 1-4.

## Was Dam of 12 Colts Including Direct Express

Helena, dam of the late Direct Express, famous pacer, was found dead early Monday morning in her stall at Helena Acres, just south of town.

She was buried the same day on the outside of the white board fence enclosing the pasture adjacent to the modern horse barn she, through her famous progeny, built. Helena had had 12 colts, several of which sold in the higher brackets, and was in foal at the time of her death to Jay Herbert, 2:04.1.

Exact cause of her demise was not known, but her owners, Mr. and Mrs. Harvey Griffith, said she had been rather stiff since taking a romp in the pasture more than a week ago. Furthermore, the Griffiths added, she had a heart ailment.

Monday was a day of tragedy for the Griffiths: on arising, Mr. Griffith found his black cat, Ginger, dead on the highway in front of his home, and immediately afterwards, at 6 a. m., found Helena dead when he went to feed her. He had fed her the previous midnight.

The story of Helena might be called one of "rags to riches" in the harness horse world.

She had a mark of 2:13 1-4, as a three-year-old, but sustained a broken leg and was given by her owner, Jake Brock, Burlington, N. J., to Harvey Griffith's brother, Arthur, also of Burlington. Mr. Brock had intended to destroy her but had listened to the pleas of Mr. Griffith he could cure her.

Mr. Griffith mended the broken leg and sold the mare to Mr. and Mrs. Harvey Griffith the next year for \$125.

The famous mare, by Peter Volo, out of Primrose Helen, who survives at Walnut Hall Horse Farm, Lexington, Ky., came into the limelight through her famous colt, the late Direct Express, 1:59 1-4, the only harness horse bred and raised in Delaware with a record better than 2:00. The famous pacer, owned by the late Fred Greenly, of Harrington, died at Del Mar Racetrack in California Mar. 1, 1947.

The Griffiths bred Helena to Billy Direct, 1:55, world's champion pacer, in 1942 for only \$300 and sold the colt, Direct Express, to Mr. Greenly for \$1500 and another horse. The new owner later refused \$50,000 for the horse that put Harrington on the harness racing map.

The Griffiths, Tuesday morning, recalled that five of Helena's 12 colts had brought a total of \$30,500 and a horse. The list of Helena's colts is as follows: Helena Majesty, sold to F. S. Bailey, Harrington; Nilon, Riverton Farms, Macy, N. Y.; Direct Express; Mr. Griff, 2:06; Fred Greenly, \$2000; Volo Napoleon, 2:07; Richard Wilson, Milford; Royalena, G. L. Griffith, Dover; Direct Spangler, Fred Greenly, \$15,500; Express Direct, Helena Acres; Nibelena, 2:10, Helena Acres; Nibble Express, \$3500, L. Nottingham, Eastville, Va.; Knight Express, \$8000, to Henry Lyons, Harrington, and Chief Express, Helena Acres.

Mr. and Mrs. Griffith said Nibelena would be retained as a brood mare.

## LIONS SEEK FOOD FOR CHRISTMAS BASKETS

The Harrington Lions Club is soliciting food to put into baskets to go to needy persons at Christmas time. Persons desiring to make contributions can leave them at Taylor's Hardware Store or at the store of Samuel Short, Jr., on Center Street. Jehu F. Camper, Francis McKee, and J. Reynolds Kates comprise the committee handling the project.

Approximately 130,701 vehicles used the Chesapeake Bay Bridge last month in contrast to preconstruction estimate of 91,667 each month averaged from a yearly prediction of 1,100,000 vehicles.

## CAESAR RODNEY SCHOOL NOTES

Herbert D. Cluley, president of the Caesar Rodney Parent-Teacher Association, has released a list of the room-mothers who are serving during the current school year in grades one through six. The room-mothers were appointed by Mr. Cluley on the recommendation of the Executive Committee and the chairman of room-mothers, Mrs. Kenneth Stockinger.

This is the first year that room-mothers have functioned in the Caesar Rodney Association. The group recently held a get-acquainted meeting with the teachers in the grades included. The following are serving: Grade 1, Mrs. Stokes; Mrs. Kline Ling and Mrs. Samuel Walker; Grade 2, Mrs. Bickling; Mrs. Alan Hunt and Mrs. Charley Hutchins; Grade 3, Mrs. Jerred; Mrs. J. Harm, and Mrs. James Camper; Mrs. Marker, Grade 4, Mrs. John Whiteside and Mrs. Ed Nelson; Mrs. Appley, Grade 5, Mrs. J. Laramore and Mrs. Karl Hock; Mrs. Wright, Grade 6, Mrs. Fred Pifer and Mrs. Leroy Weik; Grade 2, Mrs. Dewey; Mrs. Palmer Chappelle and Mrs. Herbert Cluley; Mrs. Vinyard, Grade 3, Mrs. John Branner and Mrs. Lindale Stokes; Miss Moore, Grade 3, Mrs. Michael Kozis, and Mrs. Charles Rebar; Mrs. Hanson, Grade 3, Mrs. Daniel Short and Mrs. Raymond Johnson; Mrs. Melvin, Grade 4, Mrs. James Richardson and Mrs. Alfred Joseph; Mrs. Clymer, Grade 4, Mrs. James Bennett and Mrs. Henry Ridgely; Mrs. Raughley, Grade 4, Mrs. James J. VonHagel and Mrs. Robert Forbes; Miss More, Grade 5, Mrs. A. Bradford Carter and Mrs. Mervin Kersey; Mrs. Reynolds, Grade 5, Mrs. William Lawrence and Mrs. Mel-Luff; Mrs. Miller, Grade 5, Mrs. Glen Cool and Mrs. Richard McFadden; Miss Sale, Grade 6, Mrs. Wayne Brubaker and Mrs. John Hutchins; Mr. Williams, Grade 6, Mrs. William B. Simpson and Mrs. John Parker; Mrs. Crawford, Grade 6, Mrs. Eugene Ore and Mrs. George Papan.

## Farm Families Face Brucellosis Threat

Brucellosis (Bang's disease) in livestock represents more than a threat to profits. Farm families themselves can pick up the disease in the form of undulant fever. They can get it from direct contact with animals or from unpasteurized milk, warns Bill Tarbell, Kent County Agricultural Agent.

In a case reported recently, a farmer had his herd tested annually for brucellosis, with no reactors found for 10 years. But he bought some bred heifers to add to the herd. In a few months the farmer and three of his children had the disease, and it had spread through the whole herd of cattle.

## LATIN STUDENTS HOLD ROMAN BANQUET

The annual Roman Banquet was held in the Caesar Rodney cafeteria on December 8th, sponsored by Miss Rita Donahoe's Latin II class.

The committees were: Food—Becky Marker, chairman, Stephanie Clute, Joyce Ross; entertainment—Phyllis Jarrell, chairman—Marion Case, Marilyn Freese, Jackie Holt; decorations, Jackie Holt, chairman—Connie Hart, Doris Wild, Eugene Thomas, Thomas Wild; invitations and program, Edith Dill, chairman—Phyllis Jarrell, Bruce Stokes.

The menu in accordance with the Roman custom, was egg salad, oysters, chicken, beets, peas, grape juice, cheese bread, pumpkin pie and milk.

## BEST BULL DOESN'T SOLVE ALL PROBLEMS

While artificial breeding will usually provide a better bull than a farmer can secure on his "own", it will not solve all dairy problems, John P. Dietrich of the University of Maryland dairy department, pointed out. The program has been of greatest value to the small dairyman.

## HEAVIER CLOTHING FOR KOREA

Heavier clothing should make the sub-zero winter more comfortable this year for American soldiers in Korea.

Cpl. Thomas E. Pierce of Milford, Del., has been issued these additional items for the winter months:

Quilted mountain sleeping bag, pile jacket, parka, pile field cap, woolen undergarments, sweater, gloves, mittens and special below-zero shoe-pacs.

His division, the 7th Infantry, is beginning its third winter in Korea.

**THE COLONEL'S LADY AND JUDITH O'GRADY  
 AND A ROSE BY ANOTHER NAME**

Maybe Kipling—and Shakespeare—had something! We're not thinking of flowers—or ladies—just wondering about names, and we've come to the conclusion that they mean nothing.

In our callow days, we knew a kid by the surprising name of Reginald Percival Montmorency. Perce was a frail looking kid, but he licked the stuffin' out of Butch McClutch and Gorilla Gronicky, both of whom would have lived on the other side of the tracks—if there had been any railroad in our village.

The necromancy of names! Real estate men know this value, and promoters of residential developments. Forest Brook Glen—what an alluring name. Several years ago we had been trying for weeks—even months—to find a residence in Wilmington, and we read of a residence in Forest Brook Glen. We never went out there, for by that time we had become plumb discouraged. We'd seen so many houses advertised, houses located on "crests" and "heights"—and investigation disclosed that the crests were merely the crests of swamps and the "heights" were inverted. Forest Brook Glen—judging by the name, it could have been the habitat of Peter Pan—we keep wondering if it is as lovely as the name suggests.

Names! Evening Shade, Arkansas! The name intrigued us, but when we arrived there on a sultry day in August, we found that the shade didn't appear until after dark.

Right out of the imagery of old Omar, there are several towns in America named "Wake Robin." We visited one of them, but didn't see a single robin. The only bird we saw was a buzzard, and we wouldn't have seen it if it hadn't followed us into the town.

Rocky Comfort! That's the name of a little town in Missouri. We were afraid we'd have a rough time in a place with a name like that—but found it a village of Utopian demeanor.

Attracted by the name, we visited a town by the name of Mt. Gilead—and fell into a swamp. There was no mount and we were the only bum in Gilead.

Crestline, Ohio! Whoever says there's a crest there, its last syllable symbolizes the character of the critter who named it.

Rocky Mount, N. C. A beautiful town—and goodness knows how beautiful it would be if it had a rock or a mount.

A stranger in these parts years ago, one hot, humid day we decided to escape the blistering heat by climbing up to the refreshing coolness of a town bearing the heaven-kissing name of Snow Hill, Maryland—and an oyster bit us, while a fiddler crab came sauntering by, "tuned up" his cornstalk fiddle and began playing "The Dead March from Saul."

When we first came to Delaware, because we had only one celluloid collar to our name, we kept our distance from Slaughter Neck.

There's only one honestly-named town in the United States—Tombstone, Arizona.

**"WHO IS YOUR HERO?"**

Thomas Brooks Fletcher, topflight lecturer of the great Redpath-Vawter Chautauqua, was recognized thirty-five years ago as the greatest dramatic orator on the American platform. One of his outstanding lectures was "Who Is Your Hero?"

"If Napoleon is your hero," said the lecturer, "then I know you are selfish, ambitious, ruthless. Name your hero—whether it be Gladstone, Jefferson, Burbank, Thoreau, Lincoln, Emerson—and I can tell you the kind of man you are, for we seek to emulate our heroes."

George Bernard Shaw had one of the finest brains of modern times, and yet at times he made some of the most ridiculous utterances ever heard, like that time during the war when he said that Hitler should be given a magnificent estate in Ireland. A friend professed his inability to understand many of the foolish things Shaw said, and we tried to explain it in this way: "Shaw doesn't believe that. He is a master of publicity and will say anything if it will be given broad coverage in the newspapers. In that way, he keeps his name before the public all the time."

Following Brooks Fletcher's line of thought, Cyril Joad is one of the most widely known of British writers and lecturers—and his forte—jeering and insulting people and nations. Everything he says is controversial, and this attracts attention. His creed: "I've always wanted to be famous. Not wealth, or power, or even happiness, but fame was my desire—fame, so that people knew who I was."

His hero—he shouts it to the world—George Bernard Shaw!

**More Physicians**  
 There were 6,135 physicians graduated in 1951 as compared with 5,553 the year before and the highest for any year except 1947 when with the termination of an accelerated program several schools graduated more than one class, bringing the year's total to 6,389. In the seven years before World War II, the annual graduations from approved schools ranged from 5,089 to 5,377.

**Tighten Windows**  
 It the wind makes your windows shake and rattle, screw a faucet washer to the casing so it presses against the sash. Use a screw of a size to permit the washer to rotate freely when the window is lowered or raised, but one which will provide enough pressure to prevent the sash from vibrating in the wind.

**GREENSBORO FIREMEN  
 EXTINGUISH TWO BLAZES**

Shortly before midnight Saturday, Greensboro firemen were called to the farm home of Philamon Dill near Cedar Grove Church, where a defective chimney caused the weatherboarding of the residence to ignite. The blaze was extinguished before serious damage was done.

Sunday morning the firemen were summoned to the home of Daniel Perry in east Greensboro where they extinguished a chimney fire.

**1953 FORD ON DISPLAY  
 AT WHARTON'S**

The 1953 Ford—marking the 50th anniversary of the Ford Motor Company—will go on display today at Bayard V. Wharton's Agency at Milford. The new models will be introduced without any increase in present prices.

A massive new grille with a center spinner characteristic of recent Ford design, and a low road-hugging look, advance the modern Ford styling. And an outstanding improvement in suspension termed the "miracle ride," heads a list of mechanical improvements.

L. D. Crusoe, vice president of Ford Motor Company and general manager of Ford Division, said: "The 1953 Ford is a worthy successor to all the millions of cars this company has built since the late Henry Ford organized it in 1903.

"The swing to Ford this past year is the result of only one thing—the great public appeal of our product. And the 1953 Ford has all the features of the current model plus new beauty, comfort, performance and quality throughout."

To designate the 1953 Ford as the 50th Anniversary car, a medallion has been placed on the top of the steering column in combination with a new half-circle horn ring. Around the Ford crest in the center of the emblem are the words: "50th Anniversary—1903-1953."

L. W. Smead, general sales manager of Ford Division, said that Ford's "new miracle ride

brings to the high volume field for the first time the smooth-riding characteristics of much heavier, costlier cars. It is smoother, softer and permits the car to hug the road at high speeds and low, on rough roads as well as on smooth pavement. It is a ride which must be experienced to be appreciated fully."

Ford again in 1953 leads in its field in offering the widest variety and choice of power combinations, safety features and color selections, Mr. Smead said. Only Ford in the high volume class offers V-8 and 6 cylinder engines with three transmissions—conventional, overdrive and Fordomatic.

Emphasizing the longer look in the 1953 Ford is a new chrome molding through the center of the rear fenderline and new jet-tube tail lights with a larger signal area more easily seen from the side or rear. A decorative chrome desk lid handle, mounted below the Ford crest, with a concealed, weather-protected key-opening and key spring return, has been added to the new model. The new hub caps feature the Ford name in embossed letters.

The 1953 Fords are available in the following models:

Mainline: Tudor and Fordor sedans, business coupe and two-door Ranchwagon; Customline: Tudor and Fordor sedans, club coupe and four-door Country Sedan; Crestline: Victoria, Sunliner convertible and Country Squire four-door station wagon.

Included in the three lines are 12 single-tone and 14 two-tone exterior colors. Interior fabrics and trim are new and color-harmonized interiors blend perfectly with the new body colors of all 1953 Fords. The instrument panel has been redesigned with a satin-chrome finish on the mask surrounding the gauge indicators and chrome yokes around the control knobs.

**Toast Every Day**  
 Toast is an every day affair, so make it deluxe every once in awhile. Spread toast slices with blended butter and brown sugar, then top with chopped pecans and place under broiler for about five minutes.

**Seal His Fate**

**Pocket Gadget**  
 The silver nutmeg grater is a standard pocket piece of gentlemen two centuries ago. Apparently it was roughly a parallel of the cigarette lighter of today.

**Fingernail Protection**  
 If you like glamorous, long fingernails and hate wearing a thimble when sewing, protect your nails by putting a little wax in the top of the thimble.

# FARM NEWS - REVIEW - FORECAST

## Delaware Chicken . . . On Land, Sea, and Air

JOSEPHINE MCCARTHY, STAR OF WNBT-TV'S morning "Cooking Show", stops past the Delaware State Poultry Commission Booth at the 37th National Hotel Exposition, held recently in Grand Central Palace, New York, to serve her fans some delicious Delaware chicken, as served aboard ships of the Great White Fleet.

THAT Delaware chicken gets around—both near and far—was effectively demonstrated by the Delaware State Poultry Commission with this exhibit which included recipes served on the high seas aboard luxury liners, in the air "Somewhere between Prestwick and Copenhagen", in famous hotel dining rooms—wherever fine food is appreciated. Many thousands took away these recipes offered at the Delaware Booth, and many more left names and addresses for further information about Delaware chicken. Visitors to the Booth came from Maine, Massachusetts—even Venezuela. Chicken dishes especially prepared by famous chefs for this annual event were on display daily.

## Farm Prices At Dover

The following is a weekly roundup of Livestock Prices and Miscellaneous Commodities prevailing that were marketed throughout last week. This report shows average prices received by Delaware Farmers for Commodities

### LIVESTOCK PRICES

**Vealers Choice**, 33.00 to 40.00, mostly 35.50.  
**Medium to good**, 25.00 to 32.50, mostly 30.00.  
**Rough and Common**, 17.00 to 24.00, mostly 19.00.  
**Monkeys**, 10.00 to 20.50. Mostly 15.50.

**Choice**, 20.00 to 21.75. Mostly 21 per cwt.  
 Mostly 14.57 per cwt.  
**Medium to Good**, 25.00 to 15.50.  
**Common**, 11.50 to 13.00. Mostly 12.00 per cwt.  
**Canners and Cutters**, 6.75 to 11.25. Mostly 11.00 per cwt.

### STEERS

**Light Steers**, 17.00 to 23.00. Mostly 22.50 per cwt.  
**FEEDER HEIFERS**  
**Dairy Type**, 10.00 to 19.50. Mostly 14.75.  
**BULLS**  
**Over 1,000 Lbs.**  
**Medium to Good**, 16.25 to 19.00. Mostly 18.50 per cwt.  
**500 to 1,000 Lbs.**  
**Medium to Good**, 12.50 to 17.00. Mostly 15.50.

### STRAIGHT HOGS

**(Good Quality)**  
**120 to 170 lbs.**, 15.50 to 16.25. Mostly 16.00 per cwt.  
**170 to 240 lbs.**, 17.00 to 17.50. Mostly 17.00 per cwt.  
**240 to 350 lbs.**, 14.00 to 16.25. Mostly 16.00 per cwt.

### SOWS

**(Good Quality)**  
**200 to 300 lbs.**, 14.00 to 16.50. Mostly 15.00 per cwt.  
**300 to 400 lbs.**, 11.50 to 16.00. Mostly 14.25 per cwt.  
**Over 400 lbs.**, 12.00 to 15.75. Mostly 15.00 per cwt.

### BOARS

**(Good Quality)**

Under 350 lbs., 6.50 to 8.50, mostly 6.50 per cwt.  
 Over 350 lbs., 6.00 to 7.00, mostly 6.50 per cwt.

### SHOATS

**Medium to Good**, 6.00 to 12.00. Mostly 8.50.

### FEEDER PIGS

**(6 to 12 weeks old)**  
**Choice**, 7.00 to 8.50. Mostly 7.50 per cwt.  
**Medium to Good**, 4.50 to 6.50. Mostly 5.50 per cwt.  
**Common**, 2.00 to 4.00. Mostly 3.50 per cwt.

### HORSES AND MULES

**Work type**, 40.00 to 80.00. Most 55.00 per cwt.

### BUTCHER TYPE

**21.00 to 37.00. Mostly 28.00 per cwt.**

### LIVE POULTRY

#### Heavy Breeds

**Fowl**, 1.10 to 1.60. Mostly 1.43.  
**Roosters**, 1.10 to 2.00. Mostly 1.40.

#### Light Breeds

**Bantam Chickens**, .30 to .75. Mostly .35.  
**Guineas**, .85 to 1.05. Mostly 1.05.  
**Geese**, 4.00.

#### Ducks

**Muscovy Ducks**, .75 to 1.30. Mostly 1.10.  
**Muscovy Drakes**, 1.50 to 2.05. Mostly 1.75.

#### Turkeys

**Toms**, 6.50 to 8.25. Mostly 7.50

#### Rabbits

**Large Breeds**, 1.00 to .40. Mostly 1.10.

#### Eggs

**Ungraded, Mixed**, 65 to 80 per dozen.

#### MISCELLANEOUS PRODUCE

**Sweet Potatoes**, 1.40 to 2.50 per 5-8 bu.  
**Black Walnuts**, 1.30 to 1.6 per bu.  
**Cabbage**, 1.30 to 1.40 per bu.  
**Turnips**, .10 to .40 per 5-8 bu.  
**Lard**, 2.75 to 4.00 per 50-lb. can.

## NEW HOLSTEIN BULL IN ARTIFICIAL BREEDING STUD

A new proven Holstein bull has been added to the Delaware Artificial Breeding Cooperative stud at the University of Delaware farm, Newark.

A Dairy Herd Improvement Association proven sire, Osborne-dale Commander Ormsby May, has been leased from Alden Short, of Georgetown. Commander's record shows that his first 15 daughters average 13.1, 141 pounds of milk, 491 pounds of fat, and a 3.8 per cent butterfat test on twice a day, 305 day milking. Commander's daughters average a 583 pound milk increase and a 32 pound fat increase over their dams.

The bull was brought to the ABC bull stud last week and his services are now available to all members of the county units. His service number is H-21.

## AIR SAC INFECTION IN TURKEYS

Dr. E. F. Waller, head of the animal and poultry industry department at the University of Delaware, says the control of respiratory diseases in turkeys is as complicated and as unknown at the present as it is in chickens. He gives the following summary of knowledge and controls of respiratory diseases today:

Air sac infection of turkeys, now considered identical with sinusitis or swelling in the region of the cheeks, is one of the oldest known diseases of turkeys.

Two important respiratory diseases of chickens can be transmitted to turkeys, New Castle disease and chronic respiratory disease. The germ which causes chronic respiratory disease in chickens can be injected into the sinus of turkeys causing a typical turkey sinusitis. This points to the danger of mixing poultry species on the same premises.

Treatment of turkey sinusitis can be achieved by direct injection of streptomycin into the affected sinuses, but is not effective against the internal air sac form. The high cost of chloromycetin has stopped this use in feed, where it has been said to be effective. Where turkey sinusitis has been a major problem, the exclusion of affected turkey stock from breeding has proved the most effective preventive measure to date.

## CROSSBRED AND HYBRID POULTRY

Hybrid vigor is much wanted by modern breeders of poultry and livestock. There are three main ways of crossing poultry, as listed by the Bureau of Animal Industry, U. S. Department of Agriculture. (1) The crossing of different species (chickens with turkeys). This usually results in a lower rate of reproduction and doesn't increase egg production. (2) Crossbreeding two or more chicken breeds or varieties, such as Leghorns and R. I. Reds. (3) Hybridizing or crossing inbred lines from two or more breeds or varieties.

Trials at the USDA's Beltsville research farm show that increased egg production can result from both crossbreeding and hybridizing. This doesn't mean that crossing any birds from any two breeds or varieties will re-

sult in greater egg production. It takes careful selection of the parent strains to get the best results.

In some of the USDA tests, the regular outbred control flocks of White Leghorns averaged 208 eggs per year and R. I. Reds laid 212 eggs. White Leghorn and R. I. Red when crossed bred laid 246 eggs a year. Hybrid pullets from inbred lines of the same breeds averaged 249 eggs annually. Research work at Land-Grant Colleges often show the same small difference in production between crossbreds and hybrids, which is not enough to justify the extra expense.

## ACP ENCOURAGES BALANCED FARMING

By assisting farmers to carry out approved soil and water conserving practices, the Agricultural Conservation Program has encouraged balanced farming.

Back in 1936 when ACP started, the emphasis was on shifting from soil-depleting to soil-conserving crops. This started many farmers working grass and legumes into the crop rotation. This in turn led to the introduction of livestock production on many farms.

With the completion of the 1952 program, farmers will be finishing up 17 years of conservation work. During these years the farmers who have cooperated in the program have been building toward a more productive and more permanent agriculture.

The conservation practices carried out by many Delaware farmers under the 1952 program added to and strengthened the conservation work of previous years. As a result their farms are in condition to continue to help meet the needs for increased production in the future.

## MAINTENANCE OF ACP PRACTICES REQUIRED

Assistance provided under the Agricultural Conservation Program to aid farmers in carrying out soil and water conservation practices carries with it a responsibility to protect and maintain such practices.

The assistance is provided as a means of protecting the interests of all. For that reason, the 1953 ACP requires that any payment for the performance of approved conservation practices will be subject to the condition that the person to whom the payment is made will maintain such practices in accordance with good farming practices.

Conservation is essential to assuring adequate production of food and fiber. The assistance provided under ACP is a means to stimulate the needed conservation. To assure the desired results, the policy is to use available assistance only for the conservation that would not be carried out in time and in sufficient volume without this assistance. Where good conservation practices have been adopted as a part of the regular farming operations, assistance is shifted to stimulate other needed practices.

1953 ACP  
 Every farmer who has applied for participation in the 1953 ACP plan should receive a notice by January 1 telling him to what extent his proposed practices had been approved for assistance payments.

## Baking A Cake?

Have nothing else in the oven when you bake a cake and place the cake as near the center as possible to prevent any one side from becoming too well done before it has risen enough to turn over.

before serving  
 your favorite  
 apple and  
 cherry puddings  
 Save some of the juice from your  
 over-roasted  
 cherries and  
 apples for  
 Cherry Juice

## Monk Makes Paint

During the tenth century the medieval monk, Brother Theophilus Presbyter, created a kind of paint from finely powdered burned copper, combined with bits of glass and mixed with wine.

## Removing Chewing Gum

Don't panic when you find chewing gum stuck to your clothes. You can get it off easily by placing the smudged article face down on a newspaper and pressing it with a hot iron.

## French Hurdler

George Andre, member of the French Olympic team, placed 1st in the hurdles events in the 1908 Games in London, and also in the 1924 Games at Paris.

## Richest Fruit

Field and tree-ripened fruit have the richest color and flavor for frozen storage. Make sure the fruit is firm, ripe and freshly picked.

## Keep Batteries Cool

It is not necessary to refrigerate dry batteries, but it is advisable to keep them away from excessive heat.

## Exciting When Fluffy

Hard sauce is exciting when it's fluffy. Just make the hard sauce in the usual manner and then fold in one stiffly beaten egg white.

**IMPORTANT ANNOUNCEMENT To Farmers And Livestock Dealers**

All calves consigned to our Sale will be weighed as they are unloaded, instead of at the time of auction as has been our practice in the past. This will give the consigner the advantage of extra poundage on each calf. It has been proven in the past that calves bring from \$2.00 to \$3.00 per hundred more at our auction than at other markets.

**FEEDER CATTLE**

We have a large number of feeder heifers and steers at our barn at all times. The market is considerably lower than a few months ago, so if you have excess feed it would be profitable to keep a few through the winter months.

**SPECIAL OFFER**

4000 gallons high-grade outside paint, in five gallon cans. This comes in light gray and powder blue. These colors may be seen on our sale barns. **SPECIAL PRICE \$1.50 Gal.**

We Are Open All Week For The Purchase And Sale Of All Types Of Livestock

Maintain the Body and you'll get....

## LOWER EGG COST

The new Purina Body & Egg Plan proved to a lot of poultrymen last year that they could lower the cost of producing eggs by keeping up body condition. They fed Purina Layena or Purina Lay Chow and scratch grain. Then, once a day, they fed just 6 lbs. per 100 pullets of Purina Booster Checkers. These revolutionary, high protein, high vitamin, high mineral Checkers help pullets put on added body growth while laying at their peak - thus helping to sustain high egg production.

Ask us about results your neighbors got on the PURINA Body and Egg Plan

## BE-CO-LASS

This bulky, low protein, laxative feed has increased in popularity the most rapidly of all Beacon Dairy Feeds during the past few years. It is designed to be used as follows:

1. Just before and after calving time to prevent caked udders and get cows back on feed easily.
2. As effective supplement for poor roughages or poor pasture.
3. As an occasional feeding to sharpen the appetites of high producing cows being heavily fed.
4. As a mild laxative, particularly useful during the first week of stabling cows in the Fall.
5. To replace beet pulp for show cattle or cows on test.

Let us tell you more about the usefulness of this popular feed.

GOOD SERVICE... COSTS LESS

Good Service is really a double economy. First, because it means fewer trips to the auto repair shop. Second, because this better quality service costs you nothing extra, at our station. Drive in today!

**The PRACTICAL and PERFECT GIFT**

THERE ISN'T A HOME ON YOUR GIFT LIST that couldn't use at least one of these versatile tables in modern or traditional designs.

**DRUM TABLE** in your favorite Duncan Phyfe style, and in deep toned mahogany.

**MODERN CORNER TABLE**, just right for that sectional sofa, with plenty of room for your lamp.

**END TABLE**... the perfect gift. In maple, oak, mahogany.

**LAMP TABLES**... just one of an interesting group... modern or traditional.

**COCKTAIL TABLES** that blend into ANY decorative scheme, in light or dark tones.

**STEP TABLE**... of unusual quality for that important gift. In mahogany, oak, and maple.

**WHO'S EXCITED?... EVERYBODY!**

**COME SEE the car that's causing more excited talk than any new car has done in years... and for the best of all possible reasons!**

Here's new beauty, new glamor, new Highway Fashion... plus 180 H.P. FirePower: the engine that outperforms all others regardless of horsepower claims! Here's real Full-Time Power Steering... to do 4/5 of the work for you... to give you 5 times greater car control in every conceivable situation! Here's Power Brakes... new, curved one-piece windshield... Safety-Rim Wheels... and America's smoothest ride. All in one supremely beautiful car. Come drive it today!

America's First Family of fine cars... **CHRYSLER for '53**

WINDSOR • NEW YORKER • IMPERIAL

See it... drive it... judge it... at your Chrysler-Plymouth Dealer's!

**Warrington's Service Center**  
Phone 203 Open Evenings Until 9:00 Harrington, Del.

CLASSIFIED ADS

All ads in this column must be paid for in advance. This is the only way in which orders will be accepted for want ads. No ad order accepted for less than 75 cents. If you have an ad which you want inserted, count the words (name and address included), and multiply by the number of times you want the ad to run. Send that amount with the advertisement. Costs: Three cents per word per insertion; Black type and capital letters, 4c per word. Accounts of bakes, dinners, rummage sales, entertainments are considered as advertisements. If you charge, Classified display, 75c per column inch. Cards of Thanks—Memorials ten cents a line minimum, 1c. Legal advertising, \$1.40 per column inch.

**Houston**

The Junior Christmas Program, directed by Hazel Marie Sapp, will be given Sunday evening, December 21, and promises to be one of the best ever held. Watch for a special announcement in this paper next week. You will not want to miss this service.

A unique service will be given by a number of ladies of the church and will also include the Senior Choir Sunday evening, December 23. This is not to be compared to any other service. Further notice will be given.

There were close to a hundred members of Temple Lodge No. 9, A. F. & A. M., who attended the Divine Worship Service in Houston Church Sunday morning. They came from everywhere. Rev. Louhoff delivered a wonderful sermon and the special music was grand. The Senior Choir of 14 members sang "My Task" as their contribution. Mrs. Agnes Webb sang the beautiful number, "The Stranger of Galilee," as a solo, and the Junior Choir gave a lovely selection entitled "The Holy Night."

We are glad to report Charles Webb is getting a lot better and we hope he will be able to be out before long. He is staying at the home of his son, Emory. Mrs. Wesley DeFord is still in Milford Memorial Hospital and her condition hasn't changed very much. We hope she will be on the mend before very long.

Mrs. Lydia Morris' condition does not improve and she has to be under watchful care all the time.

Mr. and Mrs. Harvey Lee, Jr., and family, of Milton; Mr. and Mrs. Joseph Radcliffe, of Bel Haven, N. C., and Mr. and Mrs. Robert Mustard, of Georgetown, were Sunday visitors at the home of Mr. and Mrs. Clinton Marvel and Mrs. Lydia Marvel.

Mr. and Mrs. Merrill Thistlewood and Mrs. Cora Satterfield visited the Jack Kennedys on Old Porter Road Sunday afternoon.

Mrs. W. J. Dufendach, Mrs. Richard Bennett and Mrs. O. F. Sapp attended the D. A. R. in the Parish House, Milford, Saturday afternoon. Senator John J. Williams was the guest speaker.

Mr. and Mrs. Oley Sapp visited their son, Hummel, and family at the home of Mrs. Sapp's parents, Mr. and Mrs. Arthur Jones, at Ellendale Sunday afternoon.

The P. T. A. will meet December 19. All persons are requested to be present.

Mrs. Sapp and Mrs. Harrington attended a reading clinic in Dover on December 4, directed by Miss Kathleen Wise, co-author of "Lyons and Carnahan."

Mr. and Mrs. Oley Sapp visited their son, Hummel, and family at the home of Mrs. Sapp's parents, Mr. and Mrs. Arthur Jones, at Ellendale Sunday afternoon.

Mrs. Sapp and Mrs. Harrington attended a reading clinic in Dover on December 4, directed by Miss Kathleen Wise, co-author of "Lyons and Carnahan."

Mr. and Mrs. Oley Sapp visited their son, Hummel, and family at the home of Mrs. Sapp's parents, Mr. and Mrs. Arthur Jones, at Ellendale Sunday afternoon.

Mrs. Sapp and Mrs. Harrington attended a reading clinic in Dover on December 4, directed by Miss Kathleen Wise, co-author of "Lyons and Carnahan."

Mr. and Mrs. Oley Sapp visited their son, Hummel, and family at the home of Mrs. Sapp's parents, Mr. and Mrs. Arthur Jones, at Ellendale Sunday afternoon.

Mrs. Sapp and Mrs. Harrington attended a reading clinic in Dover on December 4, directed by Miss Kathleen Wise, co-author of "Lyons and Carnahan."

Mr. and Mrs. Oley Sapp visited their son, Hummel, and family at the home of Mrs. Sapp's parents, Mr. and Mrs. Arthur Jones, at Ellendale Sunday afternoon.

Mrs. Sapp and Mrs. Harrington attended a reading clinic in Dover on December 4, directed by Miss Kathleen Wise, co-author of "Lyons and Carnahan."

Mr. and Mrs. Oley Sapp visited their son, Hummel, and family at the home of Mrs. Sapp's parents, Mr. and Mrs. Arthur Jones, at Ellendale Sunday afternoon.

Mrs. Sapp and Mrs. Harrington attended a reading clinic in Dover on December 4, directed by Miss Kathleen Wise, co-author of "Lyons and Carnahan."

Mrs. Sapp and Mrs. Harrington attended a reading clinic in Dover on December 4, directed by Miss Kathleen Wise, co-author of "Lyons and Carnahan."

Friday evening dinner guests of Mr. and Mrs. A. C. Dill were Mr. and Mrs. Gilbert L. Smith of Hamilton, N. Y. Sunday guests of the Dills were Mr. and Mrs. Herman McMullen, Wilmington.

Mr. and Mrs. Lee Harrington have been spending a few days with their son, Jay Harrington, and family in Trenton, N. J.

Mrs. Lynn Torbert, Mrs. Russell Torbert and daughter, Nancy, and son, Jimmie, spent Saturday in Wilmington.

Weekend guests of Mr. and Mrs. W. A. Wilson were Mr. and Mrs. William Wilson, Jr., of Wyoming, and Gladys Ann Ison, of Denton.

Mr. and Mrs. Edward Hodgson of Rising Sun were Saturday visitors of Samuel Hodgson and daughter, Helen.

The Cancer Detection Center will be held in the Community Hall Friday, Jan. 16, 1953. Call Mrs. Russell Torbert for appointment.

Felton Calendar of Events for December:  
Dec. 15—P. T. A. Christmas Program.

Dec. 18—Rebekah Lodge Christmas Party.

Dec. 19—Basketball, Felton High School vs. Milford High School (home).

Dec. 20—Felton Community Christmas Party.

Dec. 21—Candlelight Service at Methodist Church.  
Dec. 22—Christmas Program at Methodist Church.  
Dec. 23—Band Concert at school.

**Woodside**

Mrs. Charles Dutton of Milton spent Thursday with Mrs. Walter Killen. Saturday Mrs. Killen had as her guests Mrs. Ola Brittingham, Sr., and Mrs. John Monroe of Felton.

Mrs. Midge Tucker spent Sunday with relatives in Reading, Pa.

Mr. and Mrs. Elmer Cohee attended the McClements-O'Neil wedding held in Peoples Church, Dover, Sunday afternoon.

Maurice Jarrell of Dover visited Nat Jarrell and Miss Eva Jarrell Sunday.

Mrs. Sam Bradley has been on the sick list, but is much improved.

Mr. and Mrs. Thomas Rash, Jr., visited Mr. and Mrs. Cortland Rash and children, near Harrington, Sunday.

Mr. and Mrs. Thomas Kennedy spent Sunday with Mr. and Mrs. Bernard Darling.

Mr. and Mrs. John Dill of Magnolia were guests of Mr. and Mrs. Harry Shockley and family Sunday. The W. S. C. S. held their

December meeting and Christmas party Wednesday evening at the home of Mrs. William Lawrence. Mrs. Charles Rash and Mrs. C. K. Rash will be hostesses in January.

**Preserving Linoleum**

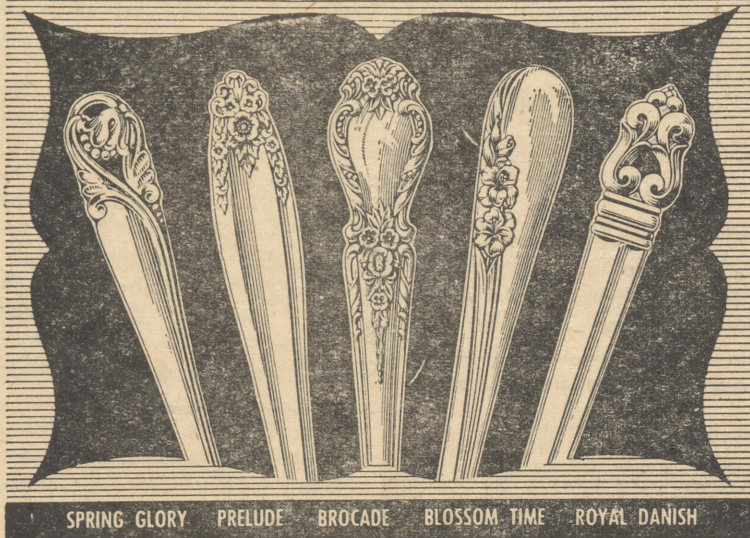

A torn section of linoleum will last longer if scotch tape is applied to cover the tear and a coat or two of fresh, white shellac is used over the tape.

**EVERREADY CLASS TO HOLD CHRISTMAS PARTY**

The Christmas party of the Ever Ready Class of Asbury Church School will be held in Collins Hall Monday evening.

There will be an exchange of gifts and a program suitable for the season will be arranged by Mrs. Elmer Smith and her committee.

**Here Today! The '53 FORD**

**The new Standard of the American Road**

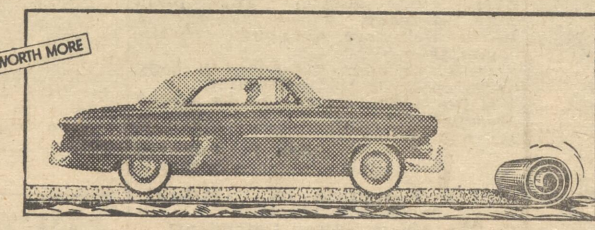

With 41 "Worth More" features, it's worth more when you buy it...worth more when you sell it!

Search no more: the car that exceeds your every driving need is making its bow at your Ford Dealer's!

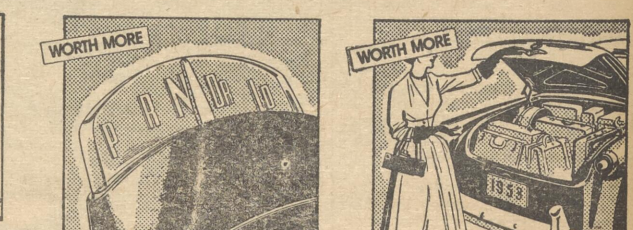

Those of you who have owned Fords in recent years have a hint of the many ways in which this new 1953 Ford sets an entirely new standard for the American Road.

In this new Ford you'll find a new Miracle Ride that sets a new standard of smooth, quiet comfort on level highways or roughest byways. You'll find the easy handling and great visibility you need for today's fast-moving traffic... the "Go" to master today's long-distance driving.

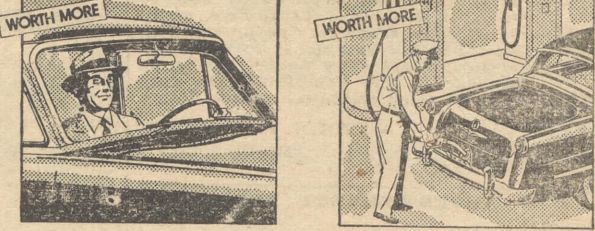

See this Ford... Value Check its 41 "Worth More" features... and Test Drive it. You'll see why this new standard-setting car is worth more when you buy it... worth more when you sell it.

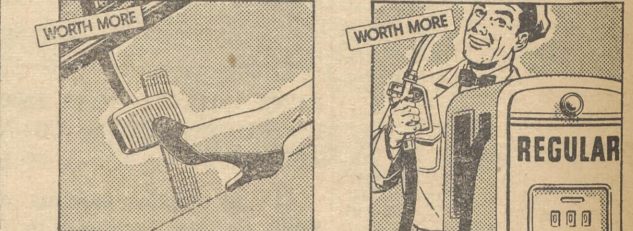

**New Miracle Ride** brings you riding comfort at its level best! Not just softer springs and new shock absorber action, but a smoothly coordinated system of ride control elements that adjusts instantly and automatically to changing road conditions. It's a completely balanced ride... a ride that will give you an entirely new concept of driving comfort on level parkways or rough, rutted byways.

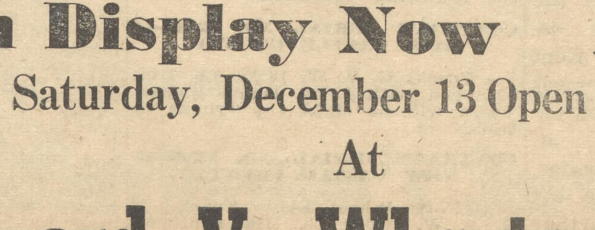

**Shift to Fordomatic**... and you'll never shift again. It's the finest, most versatile automatic drive ever. Ford also offers the smooth, thrifty Overdrive.

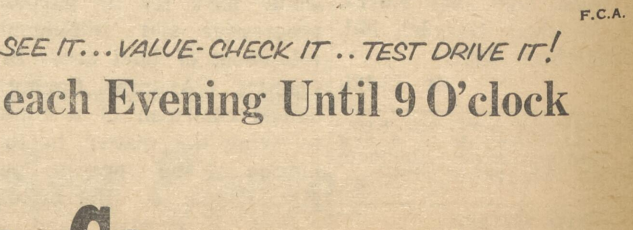

**Full-Circle Visibility** gives you an unobstructed view of the road... and all the scenery. I-REST tinted safety glass makes driving easier on your eyes.

**Center-Fill Fueling** prevents hose marks on the finish of your car. No gas spill on fenders. Short gas filler pipe gives you trunk space for an extra suitcase.

**Power-Pivot Pedals**, suspended from above, operate more easily, eliminate dusty, drafty floor holes, make foot space of the entire floor space.

**Automatic Power Pilot** saves you money because it gives you high-compression "Go" with regular gas. An economy feature on both V-8 and Six.

**Holiday Home Hints**

With so many extra things to do coming up in December, I'm sure that you want to save as much time as you can from your homemaking duties for holiday specials.

Here are some timesavers and some timely food hints, too:

To meet the day-to-day needs of school children, make up a supply of box lunches and freeze them.

To freshen shredded coconut, soak in fresh milk with a dash of sugar a few minutes before using.

Meat stains may be removed by soaking the cloth in cold water and then washing it in soap and cold water.

Do you have some hints you would like to pass on to other Kent County Homemakers? Send them to me, and I'll be glad to include them in this column. My address is Post Office Building, Dover, Delaware.

**Eye Care Cost**

Americans spend approximately 300 million dollars per year for eye care and spectacles. Dental bills are nearly five times as much, while 10 times as much is spent for tobacco.

**Chosen Friends Lodge No. 35**

**I. O. O. F.**

After a short session of the meeting of the lodge last Thursday evening a group of the Rebecca's came up and played Dart ball with the members of our lodge. A good time was had by all and two games of darts was

865 Pounds of Pork

This crossbred hog, belonging to Mr. and Mrs. Edgar Stubbs, of Harrington, will furnish a lot of pork. The animal, a stag, was killed and dressed on the farm of Byron Kemp, recently. In the picture, taken by J. C. Messner, are (left to right): Clayton Killen, Nelson Stubbs, Byron Kemp, and Roosevelt Vincent.

## Outlook for Domestic Demand Looks Good For Farm Products

In a brief summary, the outlook for farm products in 1953 reads like this: Domestic demand is expected to continue high; exports, which are down from the record levels a year ago, will probably continue at reduced levels; production, if growing conditions are favorable, will be maintained around the 1952 level; and some further easing in prices seems likely, particularly for meat animals and vegetables. This, in a nutshell, is the forecast made by the Bureau of Agricultural Economics at the Annual Agricultural Outlook Conference.

### 1953 WHITE AND SWEET POTATO PRODUCTION AND ACREAGE GOALS

The Dept. of Agriculture has announced 1953 national production goals of 359 million bushels of white potatoes and 40,670,000 bushels of sweet potatoes. These compare with the 1952 crop of 349 million bushels of white potatoes and 29,400,000 bushels of sweet potatoes. The Dept. also announced 1953 acreage goals by States amounting to a national total of 1,443,000 acres of white potatoes and 417,700 acres of sweet potatoes. The white potato acreage sought is greater by 5,000 acres than the total planted in 1952, while the sweet potato acreage is about 25 per cent or 84,900 acres larger than the 1952 planted acreage. With average yields the goal acreage should produce 359 million bushels of white potatoes and 40,670,000 bushels of sweet potatoes—a supply sufficient to meet all known requirements. This would provide an increase of about 3 percent in 1953 white potato production and 39 percent in sweet potato production as compared with the 1952 output.

The 1935 acreage goal for Delaware is: White potatoes, 4,900 acres. Sweet Potatoes, 1,000 acres. **FARM AND HOME WEEK FEBRUARY 9 TO 12**

The ninth annual Farm and Home Week at the University of Delaware has been set for February 9 to 12, 1953. The announcement was made by George M. Worrlow, director of the Agricultural Experiment Station and Extension Service, and George L. Schuster, dean of the School of Agriculture.

This "college week for farm families" will feature the latest information on agriculture and home economics. Demonstrations, exhibits, discussions, and talks will provide information on every kind of farming in Delaware, and ideas for a richer home and community life.

"The program this year is being built according to recommendations of Delaware farmers and homemakers," said Director Worrlow. "I would like to invite every Delawarean to join the University staff in this annual activity."

**FISCAL OFFICER ATTENDS NEW YORK CONFERENCE**  
E. W. Bazzel, Fiscal Officer, returned Friday from a three-day trip to New York City where

he attended a "County Office Auditor's Workshop." The purpose of the conference was to discuss responsibilities of the county office auditors, working problems, and methods.

The greatest joy of living is in being able to render assistance to others. Yet we find the majority seeking this joy in every other channel of life, to the exclusion of lending a helping hand.

We develop by action. The more we do, the more we can do. The busier we are, the more leisure we have.

### 1952 REPORTS

All approved practices carried out in 1952 must be reported by January 15, 1953. Reports must be supported by sales slips or invoices covering the purchase of seeds or materials used in performing the practices.

### SUPPORT PRICE ON 1952 CORN AND SOYBEANS

The support price on 1952 crop is \$1.76 per bushel. Corn must be grade No. 3 or better or No. 4 on test weight only and contain not over 20.5 per cent moisture. Yellow soybeans are supported at \$2.50 per bushel and black beans at \$2.25 per bushel. For further information, contact your County PMA office.

### ICC RULING ON TRUCKING BEING REVIEWED BY SUPREME COURT

By act of Congress, the Department is authorized and directed to intercede with ICC, the Courts and others in obtaining solution to farmers' transporta-

tion problems. The Department is interested in an ICC action now being reviewed by the U. S. Supreme Court. The Department believes that the ruling, if sustained, would result in higher costs to farmers.

In the past it has been the practice of farmers and truckers to haul farm commodities to the market and lease the trucks to carriers operating under ICC certificates for the return haul. ICC ruled on May 8, 1951, that certificated carriers may not lease trucks from others for less than a 30-day period.

On the urging of PMA, the Department is seeking to have this rule set aside. USDA contends that the rule restricts the distribution of farm commodities both in volume and in area and would also restrict the delivery to farmers of many production materials, such as fertilizer, machinery, insecticides, containers and twine.

### NO CORN QUOTAS OR ALLOTMENTS IN 1953

The supply of corn is below the quantity which would require marketing quotas under provisions of the Agricultural Adjustment Act of 1938, as amended. In order to proclaim marketing quotas the supply would have to total 4,244,000,000 bushels. The actual supply for 1952-53 has been established at only 3,793,000,000 bushels, which is 451,000,000 less than the amount required for quotas. During the past two years, the reserve supplies of corn in the United States have been reduced slightly more than 350,000,000 bushels. On October 1, 1952, the reserve stocks were down to 489,000,000 bushels, as compared with 739,000,000 on October 1, 1951, and 845,000,000 on October 1, 1950.

### ACP-WIDE WEDGE WITH SHARP EDGE

The ACP program embraces a diversity of practices—for example, improving humus content of the soil on one farm, stopping soil erosion on another, and improving pastures on a third. It combats water erosion in one area, wind erosion in another, and wasteful run-off of scarce water in a third.

The greatest need of the farm gets first attention. But a rule binds them all to a common purpose: All authorized ACP practices must make the acres produce more, for the Nation is growing and has little good new land to turn to.

### USDA PURCHASES TURKEYS

The U. S. Department of Agriculture has announced acceptance of sales offers for 3,210,000 lbs. of frozen ready-to-cook 1952 crop turkeys under the surplus removal program announced August 26. Total purchases now amount to 44,377,578 lbs. after adjustment for unconfirmed acceptances. The program is a means of providing an outlet for temporary surpluses of turkeys which are resulting in unfavorable prices for producers. The turkeys purchased will be delivered during February and March for distribution to non-profit school lunch programs. The purchases are being made with

"Section 32" funds provided by Congress to encourage consumption of agricultural commodities by diverting surplus quantities from normal channels of trade. Further offers will be received each Tuesday through Jan. 27, 1953, for delivery during February, March, and April. Dealers and others may submit their bids to the Poultry Branch, Production and Marketing Administration, U. S. Department of Agriculture, Washington 25, D. C.

Whether you are interested in grain crops, marketing, or landscape gardening, you will find a class to meet your needs at the University of Delaware Farm Short Course.

Sam Gwinn, associate short course director, announced that registration and assembly will be January 26. Classes start January 27 and end February 26. There will be no Saturday classes. The five weeks course offers practical farm training. Some of the courses are farming today, fruits and vegetable growing in the home garden, rural community leadership, and soil management. Courses will be given on pest and disease control in poultry, livestock, dairy cattle, in the home, and in the home garden. Poultry growers will benefit from care and management of the home laying flock. For dairy farmers there will be classes in raising dairy cattle, placements, pastures, and production and management of beef cattle.

There are no entrance requirements and no tuition for the course. Meals and housing will be available on the campus. Eleven scholarships are offered to Short Course students. You can get information and your application blank from any county agent or by writing to Sam Gwinn, Assistant Director, Farm Short Course, University of Delaware, Newark, Delaware.

### Too Many Belts

Do you ever tire of too many belts? This season, try picking one which is reversible. You may choose one side red, one side black and a snap-on buckle which is striking enough to be a conversation piece.

## Highway Department Seeks \$212,000 For Mosquito Control

When the State Highway Department placed the sum of \$212,000 in their budget to cover the cost of mosquito control work for the two years of the next biennium, they were seeking an amount only slightly in excess of the expenditures for that purpose for the past two years.

According to the Department's fiscal records, a total of \$210,924.58 was expended during the two previous fiscal years, \$105,386.79 for the period ending on June 30, 1951 and \$105,537.79 for the period ending last June 30th.

Judging from past experiences, it is not thought that the amount placed in the budget for the next biennium will permit any more work along this line than has been accomplished during the past two years.

The slight increase in the amount is fixed to allow for possible increases in the cost of materials used in this work, a difficulty experienced in handling the mosquito control program during the past summer.

The main activities in connection with mosquito control work consists of rebuilding existing ditches through the thousands of acres of marshlands in the State and spraying the marshland with a chemical formula designed to eradicate mosquito larvae.

Although there are about ten million feet of ditches through the marshland, because of the fund limitations and even with modern machines, it has only been possible to treat about a half million feet of these ditches each year.

A total of 18,000 acres of marshland have been sprayed from the air an average of five times each season, but if funds would permit, this service would cover 5,000 additional acres of marshland and the treatment could be applied more frequently.

In some sections of the State Marshland is flooded at times as

a result of high tides in those areas and usually this flooding results in numerous small pools of water remaining on the marshland after the tide recedes, creating additional mosquito breeding points that should be treated.

In the operation of the Mosquito Control Division, the State Highway Department has maintained contact with, and has had the assistance of, numerous other State Departments. The Board of Game and Fish Commissioners advises the division concerning wildlife in the marshes and fish.

The Department of Entomology of the Delaware Agricultural Experiment Station at the University of Delaware has constantly worked closely with State Highway Department concerning mosquito control work by making numerous investigations, conducting experiments and preparing formulas for mosquito control spraying.

Although it has been claimed at times that spraying of marshland in connection with mosquito control work has had an adverse effect on wildlife, particularly muskrats, the Department of Entomology in a published report stated the following:

"Neither DDT (at rates of 0.1 and 0.2 pounds per acre) nor parathion (at rates of 2 and 4 pounds per acre), as applied with a power sprayer to control mosquito-breeding on a Delaware River marsh, affected adversely muskrats which fed on the treated vegetation. No effect was observed which could be attributed to the insecticides themselves."

In recent years the State Highway Department has observed that some of the cities and towns in the State have undertaken a

program within their areas for mosquito control with reports indicating that some of this work at least has been successful. The mosquito control program of the State Highway Department has operated on a basis of rendering the best possible service with the funds made available by the Legislature for that purpose. The program is carried out at a cost of approximately thirty cents per acre sprayed.

**Blanks?**  
In Stambaugh, Mich., Mrs. Mayme Hall was only slightly injured when the .22 pistol she carried in her brassiere went off.

**My Son, My Son!**  
In Forest Lake, Pa., during an election to decide whether or not the community should ban liquor sales, the drowsy had a one-vote margin until an absentee ballot arrived from soldier Andrew Kvergas, son of the township's only tavern owner.

Mr. and Mrs. Paul Geisel are being congratulated on the birth of a son, in Easton General Hospital on Friday, Dec. 5.

Mr. and Mrs. Leonard Blades are the parents of a son, born Sunday, Dec. 7, in the Easton Hospital.

Wilson Mowbry is an observation patient in the University Hospital in Baltimore.

Mrs. George Cain of Harrington visited her mother, Mrs. Grace Willis, on Monday.

Mr. and Mrs. John Mowbry and family are moving to a farm near Star, Md. We wish them the best of luck.

Walton Willis is a patient in the Milford Hospital.

Mr. and Mrs. Robert Garrett and Mr. and Mrs. Theodore P. Warren butchered hogs Monday.

**Woodside**

Mr. and Mrs. Curtis Carey, of Milford, were visitors of Mr. and Mrs. William Orvis Sunday.

Joyce Wooten, who is attending a Naval Machinist School in Philadelphia for four months training, spent the weekend with his parents, Mr. and Mrs. Paul Wooten.

A final reminder to all Auxiliary members, the Christmas party will be held in the Community Hall on Friday evening, December 12, at 7:30. Remember to bring your gifts.

Thirty-eight members and one visitor attended the December meeting, and Christmas party held at the home of Mrs. Elva Melvaine on Wednesday evening of the past week. An enjoyable evening of opening and exchanging gifts was had and a number of packages were taken by the members to later be delivered by Mr. and Mrs. Fred Neimeyer to the Mary Todd Gambrill Home in Wilmington.

Mr. and Mrs. Benjamin Hart spent Saturday in Wilmington and were accompanied home by her mother, Mrs. Tilden Storey, who had been visiting in Wilmington.

Mrs. Roy Anderson and granddaughter, Dorene, spent Friday in Wilmington.

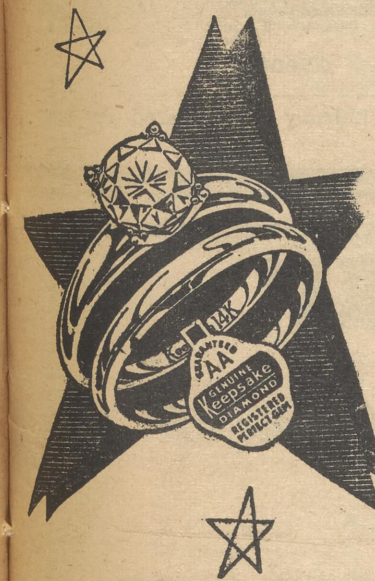

Mr. and Mrs. Frank Wilson, of Philadelphia, and Mr. and Mrs. Harry Wilson, of Dover, were dinner guests on Friday evening of Mrs. Ethel Collins and P. S. Collins. The former Mr. and Mrs. Wilson remained over night.

Level State  
Illinois is almost uniformly level, the result of a glacial moraine.

DOVER, DEL.

**DON'T BE MISLED BY HYBRID ADVERTISING**

Don't be misled by the word "hybrid" when it is used in agriculture advertising. George Vapaa, Associate Kent County Agent, says the word "hybrid" does not always mean higher production in plants and animals.

Commenting on hybrid hogs, Mr. Vapaa points out that they are still in the experimental state but results are encouraging. The same goes for other animal hybrids. Hybrids are actually a cross between two breeds, when speaking of animals. The best example is the mule. The best known hybrid farm product is hybrid corn.

Back to hogs, there is a difference between crossbred hogs and crossing inbred lines, Mr. Vapaa points out. Some producers may capitalize on the word hybrid and call everything by that name.

Because hogs are more expensive to raise, and take longer, the animal cross-breeding programs take much longer. Many crosses may be eliminated before a good offspring is obtained. Some hybrid hogs are successful, but it does not mean that purebreds will go out of style. For now, rely on buying animals from hog breeders with a reliable reputation. Check on the ancestry of breeding stock before you buy, don't just accept "hybrids" or "crossbreds" as being a good thing.

**Moving Tips**

Before you move: Notify your electric, gas, water, and telephone companies, so they can shut off service at the time you wish. Ask your postman or post office for a change-of-address card. Notify your life-insurance companies, newspaper office, magazine companies, and the stores where you have charge accounts, of your change of address. Ask your physician and dentist to recommend doctors in the community which is your destination.

**Color Conveys Cleanliness**

Fastidiousness and cleanliness in a store is often conveyed to the public by its color scheme. One baker does it by painting his establishment all white. Another pastry shop has a blue front and a large white area above the show window. A similar air has been given to a drug store by painting the front of the store, as well as the door and trim, in white. The firm's name is lettered in magenta.

**Takes Room from Doldrums**

A bright color—vermillion, for instance—draws your eye when it's used in the decoration of a room. A dull one, such as a deep tone of red, stays quietly in its place. The brilliant colors which provide the live accents of color are sometimes needed to give life to an otherwise dull room.

**Too Thick**

Why are sauces and gravies thicker after they've stood for a day or so? Some of the liquid in them evaporates. For this reason they should not be overcooked either. Water evaporation in them causes them to be thick and pasty.

**Malaria Eliminated**

Malaria mosquitoes scourged the beautiful Mediterranean island of Cyprus from the dawn of history, but modern insecticides in the years since World War II have completely eliminated the disease.

**Few Deficiencies**

The Illinois College of Agriculture soil testing laboratory has not found any marked deficiency of trace elements in Illinois soils except occasionally in boron and magnesium.

**Filament Wire**

The elements of vacuum tubes in the latest models of hearing aids are of nickel filament wire, only one-tenth as thick as human hair.

**First Carol**

"Jesus Atonethia" was America's first Christmas carol. It was written about 1640 in the pure Indian tongue.

**Three Kinds of Polio**

Recent discoveries by scientists at four universities, Utah, Southern California, Kansas and Pittsburgh, have enabled doctors to state with virtual certainty that there are only three types of polio virus, each of which has been isolated and identified by science. Thus medicine has taken a tremendous step toward finally defeating polio by determining exactly the nature of this crippling enemy.

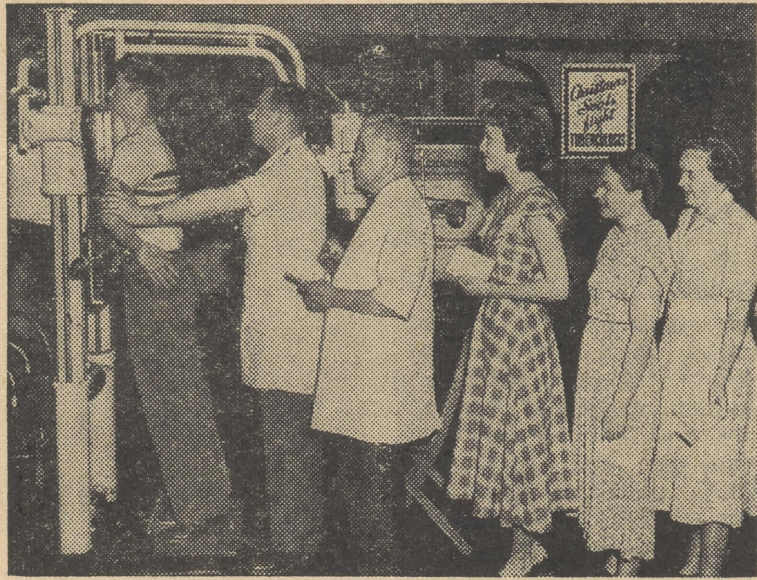

**Cleaning Towels**

To clean tea towels which have become dingy and gray, boil in water to which a few drops of commercial bleaching agent have been added. For a clean, sweet freshness, add a few pieces of lemon peel to the water.

**Agile Burglar**

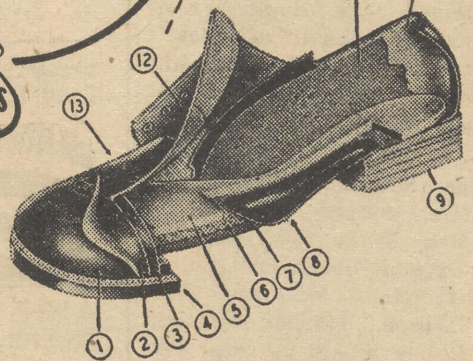

In Yonkers, N.Y., police were looking for a burglar who climbed over a tin roof, broke into a second-story window of a pickle factory, passed up more valuable merchandise, made off with only 3 small jars of pickles valued at 35 cents.

**TB Detective at Work**

The line forms on the right for chest X-rays, the easy way to make sure you don't have tuberculosis. Proceeds from the Christmas Seal Sale being conducted from Nov. 17 to Dec. 25 throughout the United States by the voluntary tuberculosis associations affiliated with the National Tuberculosis Association help pay for X-ray programs to detect the estimated 150,000 hidden cases of TB in this country. Every adult should have a chest X-ray every year to make sure he doesn't have TB.

**We are Corrective Detectives**

There's no mystery about our methods. We simply help parents select SCIENTIFICALLY MADE orthopedic shoes. High on our list is FOOT-TRAITS, to insure normal foot development or to correct toeing-in or bowing. There are 13 reasons why FOOT-TRAITS are right for your child's growing feet. Come in and let us tell you about them.

WHEELER RADIO STORE NEWS

What is the topic today in the line of shopping? Money, of course. That is one thing that gives us all a lot of worry at times, especially at Christmas time.

Surely when you go to the city or other out-of-town places to shop, you better have your pocketbook along or a darn good credit. Did you ever stop to think of the merchants in your home town who carry exactly the same style, makes and quality of merchandise? Well, those merchants as well as myself have stocked up heavily to protect your shopping.

May I ask, do the merchants in Wilmington come to Harrington and do their shopping? I might say any shopping? Do those merchants help to keep our schools, churches, roads—in fact, many things that your Community must keep up?

I have had several in my store who have just shopped here, there and almost everywhere, and have said that never again, as things in Harrington can be bought as reasonable or cheaper than away from home.

It may be that you want to spend your money for gas or maybe a tire, or a dollar and a quarter to look at a dinner, personally, folks, I am not saying this for myself, as business is getting larger all the time. I am saying this for the other business men of your town. Think this over. Harrington merchants welcome you and they are the ones with whom you live.

I started this off about money and now to ease it all, may I say that your credit is good where people know you and you pay dearly for credit when they don't.

Our store will be open every night until nine from the 12th to the 24th and what you select you can say charge until next year.

Let's talk a little about Christmas. We have some of the most beautiful scenes of Christmas pictures, even candy canes, which light up with small Christmas tree lights. They can be used in many different places during Christmas and will last for several years. The price is \$3.95.

They are entirely new this year and speaking of things new, we have a small portable electric heater thermostatically controlled. This means you can put it in any room and when that bath room or any room for that matter will maintain whatever temperature you desire. It shuts off when desired temperature is reached, mighty, mighty convenient.

I stated last week we had the largest display of Television south of Wilmington and I might say several of these are now gone. But we still have a wonderful selection to choose from. Think of a large screen TV starting at \$189.95.

We carry a complete line of antennas, boosters or tel-rotators. So if you are thinking of installing your own antenna, we carry all the parts.

If you need any of the following items, we have them in stock: Electric refrigerators, ranges, washers, water heaters, roasters, toasters, irons, sandwich toasters, deep fryers, lamps, clocks, radios, egg poachers, mixers, sweepers, polishers, blankets, sheets, comforters, bottle warmers, coffee makers, warming pads, waffle bakers, razors, liquidizers, mixers, ironers, clothes dryers, record players, door chimes and still other electrical appliances.

Space heaters, dish washers, garbage disposals, ironing boards, juicers, batteries of all types. Gas ranges, water heaters, clothes dryers, refrigerators. In fact, gas itself for cooking, heating and many other uses. We serve it in tanks or metered, which ever you prefer.

I know this seems like a little late to be papering your room for Christmas, but it will pay. A home looks very nice with newly papered walls any time. We have it waiting for you.

Wheeler's Television Center Phone 541, Harrington

If Local Interest

Mrs. Amy Stone is ill at her home.

Capt. Thomas Clarke has been stationed at Fort Richardson, Alaska. Mrs. Clarke and children will remain with her parents, Mr. and Mrs. Cliff Miller until spring, when she plans to join her husband.

Mr. and Mrs. Fulton Downing and Mrs. Cora Harrington attended the recent wedding of Miss Ruth Ann Webb, daughter of Dr. and Mrs. Edward Webb of Avondale, Pa., to Lt. Dale Harrison, son of Mr. and Mrs. Frank Harrison, Millsboro. Lt. Harrison is a nephew of Mrs. Downing and the grandson of Mrs. Cora Harrington. The wedding ceremony was in the Longgrove Friends Meeting House, Avondale, and was attended by 218 friends and relatives.

Mrs. Nora Coulbourn has returned home after spending several days with relatives in Washington.

Mrs. Anna Betts, who has been residing at Mrs. Edith Hammond's, is spending the winter in Miami, Fla.

Mrs. Blanche Cahall, who suffered a broken ankle, has been removed from the Milford Memorial Hospital to the Wilmington General Hospital.

Mrs. Pearl Gregory, of Arlington, Va., spent Tuesday with Mrs. Alice Quick.

Mr. and Mrs. Walter Ratledge entertained at a dinner Friday evening in honor of Bernie Siems and Walter Ratledge, who received the third degree in the Masonic Lodge. Their guests were:

Wade Mitchell, Frederica; Mr. and Mrs. Howard Williams, Mr. and Mrs. George Rapp, Mr. and Mrs. Dave McKibbin and son, all of Harrington; Mr. and Mrs. John Wilson, Houston; Mr. and Mrs. Bernie Siems, Altoona, Pa.; George VonGoerres, Harrington; E. E. Zacharias, Philadelphia.

Mrs. Wm. Cain, of West St., underwent an operation at Milford Memorial Hospital this week.
