Harness Races at Fair To Have High Purses

at the Kent & Sussex Fair here
July 27 - Aug. 1, after an experiat the Kent & Sussex Fair here ment with rodeo last year, it will have the most liberal purses in the fair's 34-year history, T. Brinton Injuredin Wreck Holloway, general manager of the fair association, said this week. Purses would total \$12,000 for 12

Explaining that the association wishes to encourage the sport by establishing events in all classes, Mr. Holloway commented that purses would range from \$600, for the slower classes, to \$1500, for the faster divisions.

He added there would be no entry fee to enter the classes, and that entries would close July 15. A starting fee of 2 per cent would be charged and all starting fees would be added to the purse money, thus making it the most liberal in the

Harness racing will be conducted each afternoon from Tuesday through Friday. A Governor's Day pace is scheduled for Thurs., July for a purse of \$1500. On this day, a traditional event, Gov. Caleb Boggs and his staff will be guests of the fair association. Many top pacers have already been offered in the pace.

> However, in some areas it has proved embarassing to the holders of these licenses with an expired date when they have been stopped outside of Delaware.

To overcome this condition the Motor Vehicle Department is now issuing a special identification card for the holders of these lic-

lauded by U. S. Senator J. Allen Frear Friday afternoon at ceremonies for laying the cornerstone of Harrington's new \$552,-500 elementary-school building. Dedication for the structure is scheduled to take place in the fall, though work on it has been stopped because of the building trades.

The new building will house the elementary grades, a cafeteria, school offices and the school

"No other nation in the history of mankind has developed any institution that compares with the American school in the extent to which it enables boys and girls, regardless of their stage in life, to develop their inherent potentialities for worth-Senator Frear said. The senator added that children. buildings, parents and teachers added up to eduction, the backbone of the nation, and that it was educaion that gave us freedom.

Previous to Senator Frear's speech, the High School Band performed; the Rev. Robert Van-Cleaf pastor of Asbury Methodist Church, gave the invocation; the crowd, comprised principally of school children, sang 'America" and "America, The Beautiful," and addresses were made by Dr. George R. Miller, state superintendent of public instruction, and N, Maxson Terry, president of the State Board of Education.

Dr. Miller said that Delaware was unusually favored in that the United States senator and the president of the state board of Educaion, both busy men, were usually available at the opening of new schools. The only basis for justifying the expenses for these buildings, Dr. Miller explained, was what went on inside them. He hoped that the students therein would come

Poultry Demonstrations Planned by 4-Her's

Whether it's growing or eating poultry, Delaware 4-H members are planning demonstrations for the Kent-Sussex Fair.

Sam Guinn, state 4-H Club the poultry production and consumption demonstration contests will be held again this year. Winners in each division will receive a trip to the Northeastern Poultry Prodecers' Council (NEP of Maryland extension plant PCO) Exposition, in Syracuse, N. Y., in September. There they prevent later damage to fruit, he will represent Delaware in regional competion.

Entrants in the contest must be 4-H members, at least 14 years Evidence of brown rot can be of age by January 1, 1953, who seen on dead blossoms, glued to are carrying a 4-H poultry or the limb or spur by droplets of food project. Demonstrators can gum, he said. In these cases, be team or individual, but must blossoms were probably killed not be more than 15 minutes

> The production demonstrations can be on any phase of breeding, growing, feeding, fitting and

Do you know what this car

It can set you atingle with thrill. It can move from zero to legal speed quicker and quieter than any Buick before it—and with the utter smoothness of a gull in glide—because this is a 1953 Buick with the spectacular getaway of Twin-Turbine Dynaflow.*

It can loaf easily up a long steep hill -swoop instantly ahead when there's safe passing to be done-or whisper along at highway pace with throttle barely open - because this is the Buick powered with the world's most advanced V8 engine, with recordhigh compression of 8.5 to 1.

It can surround you with comfort, luxury, restful ease.

It can velvet a rough road with its even softer all-coil-spring cushioning -track true on curves with its solid

torque-tube steadiness - handle like a flyrod with its Power Steering* gentle to a precise halt with its Power Brakes.+

And it can seat you in the superb comfort of true spaciousness - because this big and brawny beauty is the Buick SUPER Riviera Sedan - roomiest six-passenger sedan made in

Above all, this car can give you supreme value-more room, comfort, power and thrill for the money than you can find elsewhere.

Why not come in and see it, drive it, compare it? We'll be happy to arrange matters.

*Standard on Roadmaster, optional at extra cost on other Series. + Available at additional cost on Super and Roadmaster models only.

We're GROWING with Kent County!

Never before has Kent County grown so fast . . . in the number of new homes, of new industrial plants. In Kent County alone, since 1940, the number of telephones in service has increased from 3600 to 11,800. The number of telephone calls per day has jumped from 21,000 to 50,000.

To keep up with fast-expanding requirements for telephone service, we've made big and important additions to buildings, equipment and "outside plant". . . poles, wire and cable . . . in practically every central office in Delaware.

Other additions are under way now ... or on the drawing board . . . or earmarked to serve communities of tomorrow! Our job is a continuing job; it's our responsibility to provide ever better service for more and more people.

THE DIAMOND STATE TELEPHONE COMPANY

(above) New addition to the Dover Central Office building will help us serve new homes, new industries, and growing military installations.

(above) This addition to the Smyrna Central Office building, completed four years ago, helps provide more service for this growing area.

************************************* Parents... This is the gift that will help your graduate plan for a happy "someday" home of her own! AS ADVERTISED Your Choice! INLIFE Her eyes will sparkle when she sees this smart addition to her room. All her most personal treasures will find safe-keeping in a Lane and someday it will become a beautiful, useful part of her own home

GRANDMA NEVER DREAMED OF SUCH CONVENIENCE!

If grandma could have drawn from a magic cabinet all sorts of fresh foods any day in the year, she'd have been certain it was only a wonderful dream.

Today you can own a home freezer full of fresh-flavored food, ready to cook, quick to cook. You'll enjoy the most wonderful meals you've ever eaten right out of your own home freezer.

Yes, an electric home freezer means dollars and cents to you because you can buy in quantity when prices are right.

Begin to enjoy the benefits of a freezer with this year's harvest. Your electrical appliance dealer will tell you about convenient payment terms.

6% Greater Feed Efficiency—2.5 Cents Lower Production Costs Per Bird 12% Greater Market Weight In Broiler Flocks Protected With

SULFAQUINOXALINE

Results like the above have been seen after continuous feeding of mashes containing Sulfaquinoxaline to prevent coccidiosis outbreaks. See what Sulfaquinoxaline at preventive levels can do to increase

your returns. Remember these advantages of SQ: • In over four years of commercial use, poultry coccidia have shown no resistance to SQ.

> · SQ is the only drug which combats all five dangerous types of poultry coccidia. • It's the safest coccidiosis drug available—can be fed right

> up to marketing. · Cuts mortality from coccidiosis to 2 per cent or lesssharply reduces stunting.

· Birds protected by SQ show earlier feathering, better shank

color, finer finish. Insist on feeds containing Sulfaquinoxaline to prevent coccidiosis outbreaks. Every dealer has, or can get, SQ feeds.

Talking to Walter Coverdale, of

Ellendale, the other day and while

walking around the farm he point-

ed out his rabbit operation. Wal-

ter has at present time more than

100 New Zealand Whites and Chin-

chillas. The largest of these are

about ready to go to market as

they are nearing four pounds, the

most popular market weight. It

appears that rabbits average about

eight to the litter and have a

litter every two months. It cost

per doe per month. He tells me
