

## City Manager Applicants Must Apply by Monday

The City Council will receive applications for the post of city manager until Mon., Jan. 25, and will fill the post at its regular meeting, Mon., Feb. 1.

The new Council, at an organizational meeting Wed., Jan. 13, separated the post of city manager from that of city clerk, with the latter post being retained by Grace Wanda Quillen at a salary of \$51 per week. Miss Quillen had formerly held the combined posts.

The duties of the new post will include those of street superintendent, formerly held by Councilman Leonard Harrington. The City Charter, in defining the qualifications and duties of city manager, states neither the mayor nor a council member can hold the post. The manager could collect any or all taxes, bills, liens, etc. He was to perform duties delegated by the Council and to recommend city employees. He was to make a monthly report of monies received. He must be bonded, with the City to pay the bonding fee, the Charter read, and must oversee the City's employees and have managerial ability. He does not have to be a resident of Harrington, at the time of making an application for the position, but must reside here if he secures the position.

### MARCH OF DIMES

Press reports indicate that the March of Dimes Campaign for Harrington, Farmington and vicinity is lagging, but the local Legion Committee was greatly encouraged by an announcement by Mrs. Irene Outten, president, that Auxiliary of the C.-K.-R.-T Post No. 27 American Legion, will sponsor a Mothers' March on Polio to start at 7 p. m. Tues., Jan. 26, and, in the event of unfavorable weather conditions, would be held the first clear night.

While similar efforts have been very successful in all parts of the nation, this is the first time that such an event has been tried in Harrington. Briefly, the plan is to divide the city in districts and promptly at 7 p. m. each committee will start soliciting its particular district. The turning on of your porch light will be an invitation for a solicitor to come to your front door to accept a contribution.

The Harrington Volunteer Fire Company is co-operating by having its equipment on the streets and the Harrington High School Band will also co-operate by marching and playing.

It is expected that the collection this night will greatly aid in enabling Harrington to meet its quota of \$2000. It is significant that this is the exact amount that Kent County Chapter for Infantile Paralysis has budgeted to complete the rehabilitation of a thirty-six-year-old polio victim in Kent County, to enable him to earn his living.

This Chapter also contributed \$5000 to the National Foundation last year to aid in epidemic localities. Two additional members of the local committee were appointed last week, viz. L. Gooden Callaway for theatre collections, and J. Edward Taylor for rural collections. This campaign is a continuous effort on the part of Harrington, Farmington and vicinity, as they have been aiding since the first President Roosevelt Ball was held in 1934. We were in the first front Polio Research; the second front Polio Patient Aid; the third front Professional Education; and now the fourth front, Polio Prevention.

Late contributors are: Satterfield & Ryan, Mrs. Edna Adams, Mr. and Mrs. W. A. Wheeler, Mr. and Mrs. Jehu F. Camper, Miss Ellen A. Steward, Mr. and Mrs. Wilbur E. Jacobs, Mr. and Mrs. Harry F. Murphy, Mr. and Mrs. Ray Cannon, Thomas Cannon, Dr. and Mrs. Hewitt Smith, Cahall's Gas Service, Mr. and Mrs. Philemon C. Harrington, Mr. and Mrs. H. M. Black, Mr. and Mrs. George F. Rapp, Mrs. Hilda Peterson, Kessler M. Farrow, Mr. and Mrs. David Harrington, Mr. and Mrs. Harry Greenberg, Mr. and Mrs. Archie Marshall, First National Bank of Harrington, Roland H. Stayton, Mr. and Mrs. James D. Simpson, Mr. and Mrs. E. M. Pruett, William H. Davis, Jr., Miss Elizabeth Hopkins, C. A. Taylor, Mr. and Mrs. John F. Abbott, Jr. and family, Mr. and Mrs. E. L. Cain, K & H Provision Co., F. B. Wright, Harvest Home Demonstration Club

## Legion Auxiliary To Take Part in March of Dimes

Mrs. Jessie Lovan, director of Women's Activities in Delaware for the current Polio Campaign was the guest speaker at the regular monthly meeting of the Callaway-Kemp-Raughley-Tea Auxiliary Unit of Harrington Tuesday evening. Mrs. William Outten, president, introduced Mrs. Lovan who spoke to the members about the Mother's March for Polio. The Unit will conduct the Mother's March in Harrington Tuesday evening, January 26, starting at 7 p. m.

Earl Sylvester, local chairman for the March of Dimes was also present at the meeting and informed the group that the fire siren will signal the beginning of the march. Every house in Harrington will be visited. Residents are asked to turn on their front lights to signify their welcome to the solicitors.

Mrs. Lovan told the group of the extreme importance of the March of Dimes campaign this year. Part of the 75 million dollar quota will be used for the trial Polio vaccine which will be given to 500,000 to 1,000,000 second grade children in over 200 counties in the United States. The unit voted to send \$5 to the March of Dimes. A petition to "The Committee for One Million" expressing opposition to the admission of Red China to the United Nations was read but no action was taken.

A donation of \$25 to the organ fund of the chapel at the Brack-Ex Veterans Hospital was made. Members were also asked to contribute sweaters and dolls to the American Relief for Korea. Help for American-related children of the Philippines in the form of summer clothing, shoes, yard goods, pencils, scrap paper, school books, comic books, and anything for children between the ages of 7 and 10 was also requested. The unit decided to try to send a box for each of these programs.

Mrs. Kenneth Aiken, secretary of the unit, announced that the 1954 quota of 54 members had been reached. Mrs. William Humes is a new member.

The refreshment committee for February will be Mrs. Benjamin Hughes Jr., chairman, Mrs. William Shaw, Mrs. William Smith, Mrs. Earl Sylvester, Mrs. Leonard A. Taylor and Mrs. Mae Taylor.

## Legionnaires Win From Cambridge

Harrington took fourth place in the Eastern Shore League basketball race here Monday night when the Legionnaires walloped Cambridge, 92-69. The game was one which had been postponed the previous Monday because of stormy weather.

Don Rowe garnered 23 points, to pace the victors, with six other local boys also netting double figures. Ed Wilkerson took in 20 points for the losers. Harrington played at Georgetown Wednesday evening. Harrington defeated Georgetown, 76 to 69.

The Legionnaires will play at Salisbury Sunday, and are scheduled to entertain Dover Monday. Lewes has dropped out of the league.

## Democratic Clubs Form State Federation

Robert H. Reed, of Dover, president of the Kent County Democratic Club and 1952 Democratic candidate for State Treasurer Friday night was elected acting president of the newly formed State Federation of Democratic Clubs at a meeting in Smyrna of the heads of more than a dozen of the state's Democratic clubs.

At the same time that the new organization was being formed, the group selected the first week in April as the time for the holding of a convention of the group, the exact date to be announced later. However, the convention will be held in Dover, it was announced, and at that time a permanent organization will be formed.

Other temporary officers selected at the meeting included four vice-presidents: Mrs. Virginia Burns, Women's Democratic Club, Wilmington; Ronald Nowland, Young Democrats of Blackbird Hundred, New Castle County; Mrs. Claudia Jenkins of Little Creek, Kent County; and Harry S. Smith of Georgetown, representing Sussex County.

State Rep. Thomas C. Rowan of Middletown was elected acting treasurer, and the acting president will name a secretary.

Mr. Reed said the Federation will secure several prominent national and local speakers for the April convention. He added that at the convention, a constitution will be adopted and permanent officers selected and that panel discussions will be held on such subjects as the use of voting machines, radio and television programs, among others.

At Friday's organizational meeting, the general purpose of the Federation was along the lines of bringing together Democrats from all parts of the state to discuss public affairs and problems facing the Democratic Party.

It will work with the Democratic State Committee and the county committees of the Democratic party in pretty much the same way that the various individual clubs now operate.

Mr. Reed said that the Federation will endeavor to promote the formation of new clubs and also will aid existing clubs in their various educational, political and social activities.

He emphasized that all Democratic clubs in the state—whether Young Democratic or women's clubs or others—are eligible for membership in the state Federation and are urged to join.

He indicated that the Federation hopes to weld into a cohesive, state-wide organization the numerous Democratic clubs which have come into existence since the last election.

Through the Federation, Mr. Reed said, it is hoped that a larger number of citizens will be brought into the active sphere of politics and in becoming candidates for public offices. He said one of the chief concerns of the organization would be to encourage qualified persons to take a more active part in politics.

Friday's meeting was held at the home of Charles Haas, president of the Lower New Castle County Women's Democratic Club.

### Harvey Heller Dies Near Felton

Harvey Sprunce Heller, 63, died at the home of his brother-in-law and sister, Mr. and Mrs. Gilbert Scott, near Felton, Wednesday night, Jan. 13, after an illness of several months.

He was born in Wilmington, the son of the late Abner and Ida Swan Heller, but had made his home with his sister for the past eight years. He never married.

He was a veteran of World War I having entered the Army May 22, 1917 and served in Company L, 34th Infantry. He was made sergeant July 14, 1918. He left the United States for France Aug. 1918, and arrived back in the United States July 15, 1919, and received his honorable discharge from Camp Dix, N. J., July 22, 1919. He was awarded a victory medal with defensive sector, before entering the service he was a brakeman for the Pennsylvania Railroad.

Funeral services were held from the Boyer Funeral Home, Harrington, Sunday afternoon in charge of Elder D. B. Myers, pastor of the S.D.A. Church of Harrington, assisted by a former pastor, the Elder Vernon Rees, now serving the SDA Church at Blythe, Md. The casket was draped with the American flag, but there were no military services by request. Interment was in Hopkins Cemetery, near Felton.

He is survived by three sisters, Mrs. Annie Johnson, of Wilmington; Mrs. Robert Wynn, of Donaldsonville, Ga., and Mrs. Scott; two brothers, Ralph Heller, of National City, Cal. and Paul Heller Sr., of Wilmington, and several nieces and nephews.

### HAROLD T. JOHNSON

### FORMER HARRINGTON RESIDENT DIES IN BUFFALO, N. Y.

Phillips S. Cannon, Sr., son of the late J. Frank Cannon and Minnie Morris Cannon, died at Deaconess Hospital, in Buffalo, N. Y., Jan. 9.

Mr. Cannon was born Nov. 21, 1903, at Bridgeville. He is survived by his widow, the former Anna Tausig, of Lancaster, Pa.; two daughters, Mrs. Phyllis O'Connell, of VanNuys, Cal., and Mrs. Shirley Dickerson, of Town Line, N. Y.; a son, Phillips Cannon, Jr., at home; two grandchildren; two sisters, Mrs. Jessie Brown, of Milford, and Mrs. Catherine Tee, of Wilmington; a brother, T. Edward Cannon, of Flint, Mich.

The funeral was held in Buffalo Jan. 14. His remains were cremated and will be brought to Harrington and interred in Hollywood Cemetery.

The deceased was past master and present secretary of Northeast Lodge No. 995 IAM, member of Zuleika Grotto.

### Century Club Notes

Mrs. Fulton Downing, president of the Harrington New Century Club, presided at the business meeting Tuesday afternoon. She spoke of a meeting which had been called at her home last Tuesday to make plans for the Friendship Dinner which will be held Friday evening, Feb. 19, at the Fire House. Those who met with her were the program chairman, Mrs. J. Messner and two of her committee, Mrs. Ernest Raughley and Mrs. Theodore Harrington; the hospitality chairman, Mrs. Earl Sylvester; decorating committee, Mrs. R. W. Vane, and Mrs. Tharp Harrington, treasurer who will have charge of the purchase of tickets.

The club voted to sponsor the Cancer Crusade in March. The chairman for the drive will be Mrs. Annie Laurie Clark, assisted by Mrs. George Toppin, Mrs. Jos. Konesey, Mrs. Ellwood Gruwell, and Mrs. A. B. Gilstad.

The Round Table Club of Camden has extended an invitation to attend their club April 2 which was accepted.

It was voted to contribute to the March of Dimes, to the Harrington Fire Company, and to pay the State Federation dues and foreign student loan, as well as a contribution to the restoration of Independence Hall in Philadelphia.

Mrs. T. B. Holloway was chairman for the afternoon program which was "Drama." Her committee was composed of Mrs. Konesey, Mrs. W. W. Shaw, Mrs. Harley Waller, Mrs. F. B. Greenly Jr., and Mrs. Milton Elliott. Mrs. Holloway introduced E. S. Hawk, director of the Del-Mar-Va Chicken Festival, and he entertained the club members by showing moving pictures of the Chicken Festival that was held here in June.

The art table was lovely with winter flowers. One arrangement was a group of three green blown glass swans containing phillidondron and in the group was a miniature green glass horse. Another arrangement was bitter sweet in an antique brown pitcher. On the table also was jasmine and fern in beautiful yellow containers, a green water plant in a pink vase and two green potted plants.

A beautiful tea table was arranged by the committee and sandwiches, tea and coffee, nuts and candy were enjoyed.

It was voted that there would be no meeting February 16 as the Friendship Banquet will be Feb. 19.

Mrs. Francis Winkler was voted to membership.

The Louis Holden home, and its contents, near Hughes Cross roads, were destroyed by fire Monday afternoon when an oil stove exploded. The structure carried some insurance.

The outbuildings and a new home under construction nearby were saved by the Harrington and Felton fire companies. A frozen water system and the lack of a telephone gave the fire a head start.

Since the family lost most of its clothing in the fire, several Harrington families have come to its rescue in this department. Included were Dr. and Mrs. Hewitt Smith, Mr. and Mrs. Melvin Brobst, Mr. and Mrs. Cabbage Brown, Mr. and Mrs. Ben Emory, and Mr. and Mrs. Reynolds French.

The American Legion Auxiliary gave \$15 and it is reported that other civic organizations are planning to help. The employees of George Sherwin Inc., are also planning assistance.

## Radar Effective Rotarians Told

"Radar is very effective in curbing speedsters on the highway, but its greatest value is the psychological angle," said Sergeant McCauley, of the Delaware Police, in an address before the Harrington Rotary Club Tuesday evening.

"Radar is accurate," continued the officer, "and its accuracy is no longer questioned by the majority of violators. Occasionally, there is a proverbial lone dissenter who pretends to question its accuracy—but practically all of the drivers thus far know that radar is accurate—and its legality has been established."

While radar is effective in curbing reckless driving, said Sergeant McCauley, it cannot eliminate it—nothing can do that. A particular problem is the local hot-rod driver, who can smell a police car a mile away.

The usual routine of operation is a radar-equipped car by the side of the road—and down the road, not very far away—the police have one or two spot cars. When the radar indicates that a driver has exceeded the speed limit, a signal is flashed to the stop cars—and one menace to human life ceases to be a menace—at least temporarily.

Radar has been accepted in many states, and its acceptance is spreading over many parts of the world. This is attested by the many inquiries the Delaware State Police have received from many far-away places. One such inquiry came recently from Australia.

The officer had radar equipment with him—and demonstrated its use—and Rotarians left the meeting, creeping along at 8 miles per hour.

Tuesday night the Rev. Restrict of Blades, will be the speaker.  
Wednesday night, the Rev. Baker, of Salisbury, will be the speaker.

Thursday night, the Rev. Reedy of Smyrna, will speak.

Friday night, the Rev. Taylor, of Laurel, will be the speaker.

The Harrington Special School District will hold a special election Sat., Feb. 6, on a bond issue to finance the construction of a field house.

This election will supersede one held Sat., Oct. 2, 1953, which was declared invalid when it was discovered in only one county newspaper, instead of two as prescribed by law. In the October referendum, the measure carried 133 to 13.

To finance the project, a part of the School Building Program, bonds in the aggregate of \$200,000 will be issued by the State of Delaware and the Harrington Special School District. The portion of the estimated cost of the sum of not less than \$120,000 will be paid by the State of Delaware in accordance with the School Building Program Act of 1953. The share which must be borne by the local district is not less than \$80,000.

Previous to the election last October, J. C. Messner, superintendent of Harrington Schools, said passing of the bond issue would not involve increased taxation because the assessment had risen, giving the district increased revenue.

The election will be from 1 to 8 p. m., at Harrington High School. Every citizen of the school district, who would be entitled to register and vote at a general election, if such election were held at the time of the school election, shall be deemed entitled to vote in the school election, regardless of whether he or she is a registered voter.

The field house will consist of a playing floor, two offices for athletic and health program coaches, two locker rooms for girls and two for boys, a heating room and heating plant, a drying room, and an equipment storage room, all of which are to be properly and adequately equipped with a plan approved by the State Board of Education.

All are necessary in order that the School District may provide adequate school athletic training and health facilities.

## Bill Barlow Receives Award

Walter Moore, Greenwood, and William Barlow, Harrington, were awarded pins last week in recognition of 25 years of service with Delaware Power & Light Company.

W. S. Moore, Jr., vice-president of the company, presented the pins and commented that it was indeed gratifying when loyal employees were apparently happy to work with the electric company over a long period of years.

Moore has been a trouble and service man in Harrington since 1944. Prior to that he was trouble and service man in Denton and Rehoboth.

Barlow is a winch truck operator. At the same meeting, A. B. Parsons, division manager of the electric company in Kent and Sussex counties, presented 5-year pins to these men: Frank L. Rothermell, lineman in Harrington; Clarence Raughley, lineman in Harrington; Frank C. O'Neal, Jr., lineman in Harrington; and Harold G. Lindale, lineman in Harrington.

### Kent Home Doings

By Charlotte L. Swanson  
Kent County Home  
Demonstration Agent

Adding variety to everyday meals seems to be an ever-present problem for many home-makers. Sometimes we neglect foods which can easily be used and which will add a different flavor to a favorite dish. One of these foods is honey.

A new bulletin has been issued by the United States Department of Agriculture: "Honey—Some Ways to Use It." As well as information about choosing honey, grades of honey, and keeping honey, there are many recipes. There are several different desserts, cookies, cakes and pastries. Unexpectedly by many people are recipes for sandwich fillings, salad dressings, and punch.

Try this new recipe for your old favorite: "Honey Apple Crisp."

- 2 cups pared and sliced apples
- 2 tablespoons sugar
- 1-2 teaspoons lemon juice
- 1-4 cup liquid honey
- 1-4 cup all purpose flour
- 2 tablespoons brown sugar
- 1-2 teaspoon salt
- 2 tablespoons butter or margarine.

Place apples in a shallow baking dish. Combine, the sugar, lemon juice, and honey. Spread over apples.

Mix the flour, brown sugar, and salt; cut or work in the butter or margarine until mixture is crumbly.

Cover apples with flour mixture and bake at 375 degrees F. (moderate oven) for 30 to 40 minutes or until the apples are tender and the crust is brown.

Good served with whipped cream and a dash of cinnamon on top.

4 servings, about 1-2 cup each.

**For Your Sewing Box**  
When you equip a sewing box or basket, be sure to have needles of different sizes and types, to match your thread and fabric. Sharps, size 7 and 8, are for hand sewing. Crewels, assorted sizes 5 to 10, are used for embroidery and fine darning. They have a long eye that holds several strands of thread, and many people use them for general sewing because they are much easier to thread. Yarn darners, assorted sizes 14 to 18, are extra coarse darning needles.

### SINK DISPOSAL OF KITCHEN WASTES CALLS FOR LARGER SEPTIC TANK

Should sink-type garbage disposal units be installed in suburban and farm homes equipped with septic tanks? County Agent George K. Vapaa says this is a frequent question now that disposal of kitchen wastes through the kitchen drain sink is becoming a more established practice.

Ordinary kitchen wastes can be disposed of successfully through septic tank if the septic tank has sufficient capacity to handle the extra load. This "if"

is stressed by Byron Bondurant, extension agricultural engineer at the University of Delaware.

In ordinary usage Bondurant recommends a septic tank with a liquid capacity of approximately 100 gallons for each person living in the house, with a minimum of 500 gallons capacity for 4 or fewer persons. If a garbage disposal unit is connected to the system, the liquid capacity should amount to at least 150 gallons per person, or a minimum capacity of 750 gallons. Many houses are already equipped with large enough tanks to provide this recommended capacity.

The sludge depth in the tank should be checked about once a year, say the USDA experts, especially if there is any question about the capacity of the tank in relation to the demands of the household it serves. Sludge or solid deposit should be cleaned out when it accumulates to a third or half of the tank's total liquid capacity.

### Greenwood

The Rev. Harry H. Conner, pastor of the Greenwood Methodist Church, calls attention to the guest speaker, the Rev. Robert S. Womer, general secretary of the Sunday League and an ordained minister, also editor of the Sunday Guardian, who will speak at Trinity Church at the eleven o'clock service and at St. Johnstown Church at the 2 o'clock service. His topic will be "Sunday Observance."

There will be a Temperance Seminar for the churches of the Dover District at Greenwood Methodist Church on the evening of Jan. 27, at 7:30.

The Friendship Bible Class meets in the Educational Building Jan. 27 at 8:00.

Junior Choir Rehearsal will be after school at 3:30 Thursday afternoon, Jan. 28. The Senior Choir will rehearse on the evening of Jan. 28 at 8:00.

The J. Burton Carters joined the Jacob Hatfields Thursday evening for an Italian spaghetti feast. On Friday evening, the Carters were dinner guests of Mr. and Mrs. Winder Massey, of Harrington.

Mr. and Mrs. Ray Tatman entertained on Saturday evening, Mr. and Mrs. R. Lee Coulter, Mr. and Mrs. Mart Uhler and Mrs. John Elliott.

The Willing Workers Class met on Wednesday, 13th, at the home of Mr. and Mrs. Clarence Ocheltree. They elected the following officers for the coming

year: President, Mrs. Lee Coulter; vice-president, Walter Mills; secretary and treasurer, Mrs. Clarence Ocheltree; flower committee, Mrs. Mabel Farrow and Mrs. Roy Barwick.

The W. S. C. S. of Grace Church will meet with Mrs. J. Burton Carter Jan. 26.

The Official Board of Grace Church will meet on Jan. 25. Mrs. John Elliott is spending a few days with Mrs. Clifton Cohee in Denton.

Mr. and Mrs. Jacob Hatfield and Ellen enjoyed Sunday night supper with the Wilson Hatfields, with plenty of good conversation and some excellent music to finish the evening. This will be Ellen's last public appearance, since she awoke Monday morning to find she had the chicken pox.

Once again the citizens of Greenwood are asked to dip into their hearts and pockets to help the town reach its quota for the 1954 March of Dimes. Our quota this year, as last, is \$400.00, although \$600 was collected in 1953. This year our dollars will have a dual purpose—to help bear the expense of patients who have contracted polio, and also for the expense of mass testing the Gamma Globulin vaccine, which may in the very near future be the answer for the prevention of this dreadful disease. So when solicitors come to your door asking for donations, please don't turn them away; and, if you possibly can, just give a little more than you gave last year. Remember this donation is deductible from your income tax.

Mrs. Geraldine Canson, chairman for the drive, has announced that there will be a square dance on February 12 at 8:00 p. m. in the Fire Hall for the benefit of the March of Dimes. Please help her make this a great success. Donation only 50 cents. Refreshments will be served. So mark this date on your calendar. Tickets may be purchased from Mrs. Cannon, call Greenwood 4424.

Harold Johnson, husband of Mrs. Rose Lord Johnson, passed away in the Fairholme Nursing home in Seaford on Monday morning. He had been a patient there for some time.

### Magnolia

Our W. S. C. S. will meet with Mrs. Walter Holbrook at her home next Wednesday afternoon. The president, Mrs. L. H. Thomas, urges the full attendance of members, hoping to

Magnolia Church since the resignation of the former janitor, Thomas Kennedy.

Remember the date of the Magnolia Firemen's supper is January 28. This the oyster and chicken salad supper originally planned for January 14. They will start servings at 4:30 and tables will be seated at 45 minute intervals for the remainder of the evening. The firemen have recently purchased a new tank truck and the proceeds from this supper will be applied toward this debt.

Guests of the Magnolia Saguache Council of Pocahontas at their meeting Monday evening were Baynard Smith, Milton Montague and Mr. Gabriel, of Wilmington, and Mr. and Mrs. Ernest McGee, of Rehoboth.

Mrs. Laura Faulkner has returned to her home from two weeks in the Kent General Hospital where it was at first thought an operation would be necessary. However, she responded to treatment and an operation was not necessary.

Bertie Smith has also returned to his home recovering from an operation at the Dover hospital. The Ladies Auxiliary met in the Firemen's Hall for their January meeting and election of officers took place, with the same

officers that are now in office, being re-elected for the coming year.

**SHORT COURSE SET FOR POTATO GROWERS**

Potatoes are one of Delaware's important agricultural crops—about 6000 acres were grown here last year.

To give commercial potato growers a chance to talk shop and hear some of the new developments in this industry, a meeting has been set for Jan. 27, in the Capitol Grange Hall, Dover, at 7:30 p. m.

"This is another in the series of short courses offered by the University of Delaware's School of Agriculture," announces George M. Worrilow, director of the agricultural extension service and Experiment Station.

Heading the program is Arthur Hawkins, potato specialist at the University of Connecticut. He will describe "Fertilizing White Potatoes"—covering soil management, rotation, cover crops and other practices.

Also speaking will be two University of Delaware horticulture members: E. P. Brasher, on new and old varieties of potatoes; and E. M. Rahn, on chemical weed control.

Chairman of the session is Bernard W. Rowhel, president of the Kent County Potato Growers Association. The meeting is sponsored by the Kent County potato group in co-operation with the University's School of Agriculture.

A second meeting is planned for Feb. 10, at the same hour and place, with the topics of diseases, insects and marketing of potatoes.

**4-H CLUBS, HOMEMAKERS CAMPAIGN AGAINST HOME FALLS**

An active campaign to remove causes of falls in the home will be undertaken by Delaware 4-H and home demonstration clubs, starting Feb. 1.

"Since a home-accident survey completed by the clubs last year showed falls as a leading cause of accidents, this campaign is a natural follow-up," declares Miss Louise Whitcomb, extension home management specialist at the University of Delaware.

Typical of danger spots are slippery floors, loose rugs, poorly lighted and cluttered stairways and halls, broken steps and loose window screens.

The 4-H campaign will be a contest to determine the most safety-minded boy or girl in each county. Four-Hers writing the best story of their progress in removing causes of falls will receive scholarships to the 4-H short course or state 4-H camp. The Delaware Safety Council is offering these awards, and the contest will end May 30.

Home demonstration club women will concentrate on a room at a time. Each month, February through June, the club's safety chairmen will outline danger spots in one particular area—such as kitchen, living room or stairway. Members will keep records of hazards they have corrected.

**POULTRY GROWERS INVITED TO FARM AND HOME WEEK**

Hatching eggs, broilers and turkeys will be highlighted during poultry sessions of Farm and Home Week, Feb. 25, at the University of Delaware.

Two poultry programs will be offered during this annual get-together for farm families, in Agricultural Hall on the campus.

Hatching egg producers will meet Mon., Feb. 22, to hear the latest on market opportunities for Delaware eggs, the outlook for 1954, infectious bronchitis control, and the value of random tests for egg producers. Other talks will concern housing for layers, what's new in egg processing and marketing, and the effect of supplemental hatches on a hatching egg program.

The meeting for broiler and turkey growers takes place Feb. 23. Among topics poultrymen will find applicable to their present needs are "Producing Broilers that Processors Can Buy and Sell," and "Facts We are Learning About the Broiler Market." Other talks of interest are on feeding broilers for greatest profit, developing meat-type strains of white-feathered birds, and using furoxone for control of fowl typhoid and blackhead. "How I Developed My Retail Turkey Trade" will be described by two local growers.

Nursery is conducted every Sunday during the period of morning worship in the Beginners Department of the Collins Building.

Evening worship begins at 7:30. Special music by the Chancel Choir. Sermon by the pastor. Support this service by your presence and prayers.

On Tuesday at 8:15 p. m., the Booster Class will meet in its class room in the Collins Building. Members and friends are invited to attend.

The Pathfinders Class will meet on Wednesday evening at 8:00 o'clock.

Choirs will meet on Thursday at the usual times: Junior Choir at 3:30, Chancel Choir at 6:45, and Cathedral Choir at 8:00 p. m. All choirs now meet in the sanctuary.

On Friday the W. S. C. S. will serve a public dinner in the Collins Building. Serving will begin at 5:00 p. m. Menu: turkey and all trimmings.

Rebekah Circle of the W. S. C. S. will be entertained at the home of Mrs. J. W. Mitchell on Tuesday evening, Jan. 26, at 7:30 by Mrs. Mitchell and Mrs. John Dayton. Leader of the circle is Mrs. W. W. Sharp.

### O HENRY

Monday's Journal-Every Evening carries this story: "Henry J. Ridgely, president of the Delaware Federation of Young Republicans, said today that the reception for Gov. J. Caleb Boggs tomorrow night in the social hall of the Dover High School is not 'a political rally' but 'an opportunity for all citizens of Delaware to meet and see and hear their Governor on the first anniversary of his term as chief executive.'"

On another page in the same paper, we discover this story: "The Kent County Republican Committee will open headquarters tomorrow afternoon at 203 Lockerman Street, Robert H. Yerkes, committee chairman, has announced.

"The opening hour will be 2 p. m. The date was fixed to coincide with the reception to be given for Gov. J. Caleb Boggs tomorrow night, MARKETING the first anniversary of his inauguration."

Trying to sell something?

### GET 'EM FRESH—IF YOU CAN

In 1952, 44 percent of the eggs sold in the Baltimore market were shipped in from Minnesota, and it is presumed that a large percentage of the rest came from faraway places, inasmuch as, of the past year, only 11 percent of the eggs sold in that city were produced in Maryland. This is a strange condition, yet we wonder if there isn't a parallel case here in Delaware.

About twenty years ago, the Harrington Journal printed thousands upon thousands of shipping tags for local egg shippers. Almost every merchant shipped eggs. It was a tremendous volume of business for this and other down-state communities. Now, like potatoes, cabbages, onions, beans, turnips, and many other items, we have to eat, for the most part, "foreign" eggs, some of them with a history.

### THE WHIPPING POST DON'T SCARE 'EM ANY MORE

When we came to Delaware in 1917, we wanted to see historic Dover, the State Capital. We went up there—and the very first thing we saw was the whipping post. We had always associated this instrument with early New England, so we asked a citizen: "What's that thing doing here?" "Well," he responded, "it keeps the robbers and safe-crackers out of our state. They are scared away by the whipping post."

We made no answer, but we knew that if the threat of the penitentiary or the gallows would not curb criminals, the whipping post would not. We attributed the scarcity of safe-crackers and the like to the fact that the Delmarva Peninsula was a pocket. You had to cross the ferry or go almost to Wilmington to get away. Automobiles were few and the roads almost impassable. An alarm all over the state, and the criminal had scant chance of escape.

We have an excellent road system now, we have automobiles—we have bridges across the Delaware and the Chesapeake—and, we venture to say, we have as many safe-crackers as any area of comparable size in the country, probably because of our proximity to the great cities, the breeding places of the professional criminals—although we seem to be developing some pretty good amateurs right around home just now.

### REFINED RACKETEERING?

We wonder if there is such a thing as refined racketeering. We are prompted to wonder by an article written by Norman Vincent Peale. He is the only writer we know who continually brags about himself—and gets paid for it! He has been instrumental in healing many people—and as a result, is pretty well "heeled" himself. Listen to this modest man:

In a Southwestern city Peale met a successful man who told him that he came to that city a down-and-out bum. He had tramped all over the country, sleeping in haystacks, barn and hobo jungles—of course Peale never gave the name of this successful man—he never does that. One day this disreputable-looking bum knocked at a back door, hoping for a sandwich or something like that. Peale forgot to mention whether the housewife gave the tramp anything to eat or not—but she gazed at the poor broken "Weary Willie" and, realizing his inner worth, gave him a book written by NORMAN VINCENT PEALE! The hobo stuffed this gem into his ragged coat pocket, later read and re-read it, and behold the chrysalis emerged as a successful man!

To ye, gentle housewives, if a broken-down bum, fugitive from the skid row, unwashed, bleary eyed, who cannot be sharp, feel sharp, look sharp, because he's never known the blandishments of a blue blade, or succumbed to the serenade of a Schick—should come knocking at your door, look beyond superficial things, realize his inner worth, and give him a book written by NORMAN VINCENT PEALE—and he, too, may become a successful man in a Southwestern city.

### THORNTON—A TRADITION

Something like twenty-five years ago we were in Baltimore and happened to learn that Thornton W. Burgess, the naturalist, author of the widely syndicated "Bedtime Stories," was to lecture at the Academy of Music. We rushed around to the Academy to try to rake up kinship with the celebrated Thornton W., but he, firmly, though graciously, defended himself against such a heinous charge.

"I'm not a lecturer," he explained in the course of the conversation. "I am a writer, but I receive so many requests to lecture—I fill them all, if possible—and they certainly pay me enough."

They did pay him enough. There must have been two thousand children and mothers in the audience that day, and the American Magazine of that era said he had fifteen thousand listeners in Swope Park, Kansas City.

Thornton did a lot of good. He made ardent natural-

ists of hundreds of thousands of children, and taught their parents much they had missed in childhood. Many children reared in our great cities had never seen a rabbit, a squirrel, a tortoise, or a fox, and yet, when he began to show the pictures on the screen, practically every kid in the room began to yell: "Danny Meadow Mouse, Peter Rabbit, Frisky the Squirrel!" He had slides of various kinds of birds, and the children identified all of them.

He told them of the Green Meadows and of the wisdom of Old Mother Nature, who seemed to them a real person. It's our guess that some of those children did become naturalists. Anyway, they learned to know and love their friends of the woods and fields who, after all, in a way, are just little people, trying to get along the best they can in the plan of things, with almost every hand raised against them.

We never hear of Thornton any more these days and not often do we see his Bedtime Stories in the newspapers. According to the tempo set by the brash youngsters of today—we have very few real children any more—those beloved Bedtime Stories were sissy stuff. We can tell Thornton how to regain their favor—and the only way:

Have Tommy Tortoise appear as an armored tank, an instrument of death, guns spouting flame from that armor; have Frisky the Squirrel come hurtling through the air as a flying saucer, closely pursued by three space ships; have Danny the Meadow Mouse emerge from a thicket with a dagger in his hand and a dirk between his teeth—and have Peter Rabbit, from the blackness of a shadow of a stump, blazing away with two six-guns. The only true-to-life animal that might interest the kids is the most bloodthirsty of all animals, the weasel.

Children don't learn tenderness these days—they learn terrorism.

"Buddy, can you spare a dime—for a five-cent cup of coffee?"

### OLD-FASHIONED

By J. Harvey Burgess

(During the cold weather of the past two weeks, we have had requests for the poem published in this paper several years ago. Here it is.)

I reckon I'm old-fashioned and, perhaps "sot" in my ways, But sartin as I'm livin', I am dog-gone shore it pays. Invent your new contraptions and enjoy them for a while; Old-fashion livin' comfort's got 'em beaten by a mile.

My neighbors all bought autos on all sides to beat the band; Some mortgaged corn and fodder, and some others lost their land. It started some to drinkin' to recuperate their loss— But I didn't buy no auto—I kept my mule and hoss.

Some scientific fellers made a stove to heat with oil— It done away with ashes and, they said, reduced the toil. I've never seen a welkin, but that made the welkin ring— Just promise them less toilin' and they'll buy most anything!

Some fellers had good heaters that had kept them warm for years; "Let's modernize," they shouted, then they went and stripped their gears. And thinkin' of that sayin' 'bout eliminatin' toil, They had their stoves converted, and they started burnin' oil.

Around here we got woodlands, and each one has got a patch; By 'swappin' choppin labor and by startin' from the scratch, By helpin' one another, why, within a day or two There's wood enough for burnin' and to last the winter through!

And then there comes this winter, it's the wust I can recall, With snowdrifts high as houses, and no fuel oil at all. Somebody starts to callin' ever' time I set to chaw: The party line is ringin'—and they want to talk to Paw!

I'm leavin' all my vittles on the table, as I should, For freezin' folks are callin'— callin' me to bring them wood. I'm hungry as the dickens, but my conscience is my goad— I can't stand folks a-freezin'— when I git ten bucks a load.

I'm puttin' on my mittens, and my overshoes and hood; The telephone keeps ringin' and they're cryin' for more wood! From oil they've reconverted; all along the country side The chunk-stove is a-rockin', and the fireplace open wide.

My sleepin's sort of spotty, for each time I start to doze The party line is ringin' and I here more tales of woes, Of snow-bound cars. "Samaritan," they call. "Please see us through," Like someone in the Bible—and for fifteen bucks I do!

Said one mule-pulled out feller who was sort of full of juice, "Your mule's an ugly varmint, but I guess he has his use." The mule looked at that feller and he never brayed "hee-haw;" He looked straight at that feller, Then he up and hollered, "Paw!"

The moral of this story is it doesn't pay to shirk: There ain't no way of coastin' through without a little work. You may get by without it, but I've sort of noticed when All labor's 'liminated, then you 'liminate all MEN!

Just countin' mule-made money

that I've got here; I've got more Than I ever dreamed of makin' in three years—or in four. I got hit from them modern with their high-falutin' ways— I reckon I'm old-fashioned, and I guess, by gosh, it pays!

With all this hunk of money now a new thought comes to me: Should I still be a-livin' back in eighteen-ninety three? Must I keep on a-workin' when nobody else will toil? Come spring I'll buy an auto—and convert to fuel oil!

One look settles it -

## Buy of the year is BUICK

WE knew them for great automobiles the moment we saw them.

But it turns out we have a far bigger hit on our hands in the new 1954 Buicks than we ever figured.

Folks in a steady stream come into our showroom, look over these glamorous new beauties, and tell us—with signed orders—that Buick's really the beautiful buy, hands down.

It's the biggest new-car excitement in a long, long time—and you ought to take a look at it, firsthand.

Because one look at the sensational new styling of these breath-taking Buicks shows them to be the freshest new automobiles in years.

One look into the modern interiors—and through that spectacular new back-swept windshield—firms the conviction.

One look at the new V8 power story, the new ride story, the new handling-ease story—practically wraps up the sale.

And then, one look at the prices—one eye-opening experience with the

### CAESAR RODNEY SCHOOL NOTES

In order to finance the local district's share of the proposed school additions at Caesar Rodney School, the Board of Education has estimated that the tax increase will not exceed ten cents per hundred dollars of assessed valuation on real estate, with no change in the capitation tax.

The present tax rate is twenty cents per hundred dollars of assessed valuation of real estate with a five-dollar capitation tax. The 1953 assessed valuation of the district was \$6,500,000 and the bonded debt on Jan. 1, 1954, was \$242,000.

The proposed plan would bond the district for \$100,000 with the State furnishing \$150,000 to construct the following:

- 4 Elementary classrooms.
- 1 Farm Shop.
- 1 Home Economics room above shop.

- 1 Auto Mechanic storage building.
- 1 Cafeteria storage room.
- 1 public toilet on cafeteria level.

Improvements to storm water drainage system.

Fencing, grading, and development of new playgrounds.

The Board of Education has requested the State Board of Education to set a date in March for a referendum when the voters of the district will have an opportunity to decide whether

or not the bond issue will be authorized.

It is felt that all new facilities will be needed for the present school age population of the district before they can be constructed.

### STATE DEPARTMENT OF PUBLIC WELFARE

Miss E. Kathryn Pennypacker, county supervisor of the State Department of Public Welfare in Dover, announced today that the Child Welfare Division is in immediate need of a home for a sixteen-year-old white boy.

Harry is an attractive, well built adolescent, particularly interested in sports, but at the age when it is necessary for him to begin to take more responsibility for himself than he has been able to take in the past. He is hoping that it will be possible for him to have a home in town, and that he will be able to find light employment after school hours or on Saturdays. A farm home will not do for Harry.

Harry is now at the Governor Bacon Health Center, merely because it has not been possible for the agency to locate a private home in which he might receive the individual understanding and guidance which can be given only through family life.

If you are in good health and would like to share your home with this boy, the Department of Public Welfare in Dover would be glad to arrange an appointment to talk further with you.

The agency has a program in which they place neglected children in private homes for foster care. At present there are 152 children in such homes in Kent County.

The agency provides board payments, a clothing allowance, medical and dental care, and also shares in the responsibility.

### To th: Person who is DEAF and is Tired of Straining to HEAR

Now, the latest triumph of electronics research enables thousands to hear again with unbelievable clarity and ease. Long lost sounds—music—even low-voiced conversations are heard with startling realism through the sensational new extra-tiny Beltone quality hearing aids.

### Forest Region

In addition to logs and poles and piling, the forest region of the West Coast furnishes much of the greenery used by florists of the nation, burls used by furniture and fine cabinet makers, cascara bark much in demand by druggists, honey, digitals, a very important heart stimulant, wild blackberries and huckleberries, and of course, Christmas trees and greens.

### Big Job

In Mandan, N. Dak., a local radio announcer offered, personally, to do the laundry of any listener who could identify the author of the phrase, "So much to do with so little time," gulped when the correct answer (African pioneer, Cecil Rhodes) came from a woman who turned out to be laundress for 300 inmates at the Mandan State Training School.

## ARTHRITIS

I have been wonderfully blessed in being restored to active life after being crippled in nearly every joint in my body and with muscular soreness from head to foot. I had Rheumatoid Arthritis and other forms of Rheumatism, hands deformed and my ankles were set.

Limited space prohibits telling you more here, but if you will write me I will reply at once and tell you how I received this wonderful relief.

**FELTON SCHOOL NOTES**

Parents of Felton pupils in a recent survey concurred with parents of Frederica pupils in approving curtailment of the Easter vacation to permit earlier dismissal next June. In accordance with the expressed wishes of the overwhelming majority of parents, the school calendar has been changed to provide for an Easter vacation beginning at the close of school on April 15 and ending at 8:40 a. m. April 20. The vote was 114 to 2. Commencement Exercises have been rescheduled for Tuesday, June 8, and Baccalaureate Services on Sunday, June 6.

The unfavorable weather conditions of the past week have delayed progress on the school building construction, however, reinforced Ripple Glass windows have been installed in the clerestory of the new elementary wing. This feature will carry diffused light to the interior walls of the class rooms so that uniform light will be provided for all areas of the rooms. Permanent heating equipment for the new locker and shower rooms can not be installed until next month, and temporary heating facilities will be installed to permit use of these rooms in

**Needlecraft News**

National Crochet Week, recognized this year as January 23-30, means different things to many people. To the store owner, it means re-stocking his needlework counters and shelves with a new and varied selection of crochet materials in preparation for the big event. To the crocheter it means the time for the gathering of new ideas for future needlework projects and getting the best pick of the needlework crop. The contest-minded, prize-minded crocheter looks forward to National Crochet Week because it means the official beginning of the 1954 National Crochet Contest.

**1954 NATIONAL WIDE CROCHET CHALLENGE**  
Everyone has a chance to win a share of the cash prizes offered in the exciting Nationwide Crochet Contest whether a beginner or an experienced crocheter, whether an entrant in previous years' contests or not. Over \$2500 will be distributed among the many winning contestants in the 1954 competition. From the thousands of pieces awarded Nationwide Crochet Contest blue ribbons at state, county and local fairs this year, three champions will be selected—Grand National Champion, Men's Champion and Teen-Age Champion. Each will receive a free trip to New York City with all expenses paid in addition to cash prizes and gold loving cups. The Grand National Champion will be awarded \$500, and \$100 each will go to the Men's Champion and Teen-Ager. No crocheter can afford to miss the opportunity of competing for these appealing prizes.

**A PRIZED POSSESSION**  
This luncheon cloth is of championship caliber no matter what way you look at it. Prepare yourself to win many compliments when you place it on your table. It's a good item to enter in the Nationwide Crochet Contest, too. Each square motif measures 1 1/2 inches; the entire cloth measures 68 inches square. The motif design is equally charming when used in making a chair set or runner. For the crocheting instructions and a Contest Rules Leaflet, send a stamped, self-addressed envelope to the Needlework Department of this paper. Ask for NAN-TUCKET, Leaflet No. S-378.

**Felton Winning Streak Halted by Greenwood**

On Tuesday evening Felton traveled to Greenwood for the basketball game which resulted in a defeat for the Green Devils. From the time Walter Moore scored the two points to the very last whistle, it was an action-packed game.

The Green Devil star, Creadick, was held to 22 points. At half-time the score was 16-19 in favor of Felton. At the end, Greenwood and Felton were tied 42-42. In three minutes of overtime Greenwood rallied and won 48-46.

**Girls Lose to Greenwood**

Felton girls have now a record of one and three, as Greenwood outscored them 77-36.

The Felton team showed plenty of pep and spirit with high scorer, Phyllis Jones.

**Sophomores Will Hold Skating Party**

The Sophomores will have their first get-together Monday, Jan. 25, at the Steele's Roller Rink. Costs only fifty cents for an evening of fun and frolic and a couple of falls.

**Girls' Basketball**

**Team Improves**  
The Felton sextet was beaten 35-30 Friday night by Caesar Rodney on the Felton floor. At the half Caesar Rodney was leading 24-17. The high scorer for Felton was Leah Schanding, with 16 points.

Considering Felton's inexperienced team, made up of ninth and tenth graders, the narrow margin of the score indicates the progressive improvement of the girls.

Grace Warrington

Her all-around outstanding record in home economics has brought a high honor to Grace Warrington, 17, of Georgetown. She has been named state winner in the 1953 4-H Girls' Record program. Her reward of a trip to the National Congress was provided by Montgomery Ward.

During her 8 years in 4H Club work, she has had cooking, clothing, and home improvement projects. She has given eight individual demonstrations before about 660 people, written 50 news stories, and given 19 talks, including 11 over the radio. She received valuable suggestions and encouragement from her parents, Mr. and Mrs. F. Thaddeus Warrington, in all her 4-H projects.

Grace has been active in church and school projects and has received many awards for her 4-H Club work.

**Hogs and All Classes of Cattle HIGHER AT RUDNICK'S**

As forecast last week, last Friday's market at RUDNICK'S LIVESTOCK SALES COMPANY, Dover, was an exceptionally good, strong one.

Storm markets and the close of the holiday season, when poultry consumption is unusually high were invigorating influences. Top hogs notched \$27.75, with choice vealers at \$40. In fact, all types of cattle were stronger at RUDNICK'S.

We expect the market to be a little higher this Friday, with this trend also on feeder cattle now on hand.

6 the members started 500 Delaware Cross Chicks in the chapter brooder house located on the school grounds. Each week different members have an opportunity to feed and care for their project, and periodically the entire group is given organized instruction as the project progresses.

As soon as the weight of three pounds is reached, the chapter will begin retailing dressed broilers. They plan to retail the entire flock except for about fifty birds which will be used as a part of the menu for the annual F. F. A. Parent and Son Banquet in March.

Two members of the Chapter, Allen Cox and Eugene Metheny, feed the chicks over week-ends and will be given a trip with all expenses paid for three days during the summer when the chapter takes its annual educational tour.

The poultry committee consists of members from each grade enrolled in the F. F. A. They are Donald Gehrman, chairman; Eugene Thomas, Samuel MacFaddin, Ronald Daisey and Paul Cataldi. The work is under the direction of Horace E. Short, chapter adviser.

The vacancy created by the resignation has been filled by the appointment of Miss Roxie Brown, 1953 graduate of Caesar Rodney School.

From where I sit... by Joe Marsh

Open Even When He's Closed

Must have been daydreaming on my way to a meeting down in Centerville the other night. My car ran dry before I thought to look at the gas gauge, but I managed to coast into a gas station—and found it closed!

Well, I thought my plans were ruined for sure until I noticed a gasoline can with a sign: "This is emergency gas. Just help yourself and leave the can with \$1.00. Thanks."

Got started, made the meeting on time, and had enough gas to get back home again—thanks to a trusting friend.

From where I sit, folks who trust their neighbors make the world a better place to live in. For instance, letting a friend express his personal preferences, is one way of trusting your neighbor. Sometimes I prefer a temperate glass of beer in the evening but I'll always ask what you'd like before I pour yours.

## Junior Bake

Tomorrow the Junior Class will have its class bake. It will be held in front of Taylor's Hardware. They will have cakes, salads, candy and many other delicious foods. We hope you can be with us.  
**Home Room Meeting of 11D**  
 The 11D Section of the Junior Class opened their meeting with discussion of their play. They have selected the play and have sent for copies of it. The play will be held March 26 at the Harrington High School.

The next topic to be decided upon was the bake. Each member of the class is to bring five articles and more, if possible. Various committees were chosen to help with the bake.

We nominated Seniors and voted for the "Valentine Queen" for the Valentine Dance.

Louise Hopkins, Sec. 11D

## F. H. A. News

The Harrington Chapter of the Future Homemakers of America met on Wed., Jan. 6, with Janice Holloway, president, presiding.

Some members of the group are ordering official FHA pins; many have ordered the official emblem which is octagonal shape and has the frame of a house in the center with the national motto: "Toward New Horizons." This emblem is made of cloth and can be stitched on pockets or sleeves of jackets and sweaters.

Preliminary plans were made for a bake to be held Sat., Feb. 20.

## F. F. A. Trip to Harrisburg

On Thurs., Jan. 14, the Agriculture boys of Harrington went to the Harrisburg Farm Show.

In the morning they split into two groups, one led by Tom Peck and the other by Mr. Myer. The boys visited the main exposition floor where they saw the newest farm and home implements. On this floor, they saw chickens and cows also.

In the afternoon the boys were on their own. Some looked over the machinery again, while others watched the judging of the beef cattle, and saw other animals on display.

Many fine F. F. A. and F. H. exhibits were also seen. The group left Harrisburg at about four o'clock and started home, arriving in Harrington about 11:30. The twenty-seven persons who took the trip had a wonderful, educational experience.

Clifford Outten, Reporter.

## Student Council

The student council asked each class to pick four girls from the senior class to vote on for queen of the Valentine Dance. Each class was to write down the number of votes each girl received and take them to Mr. Wolfe's room on Wed., Jan. 13, where they would be counted. The girl receiving the most votes was Jeanne Lander. She will represent Harrington at the dance. Even though the runners up will not be able to be queen, we think they should be given honorable mention, since it was a close vote. Second place goes to Betty Lou Layton and third to Martha Jean Sneath.

## Senior Class News

The Senior Class held a meeting, Wed., Jan. 13, during homeroom period. They voted on a queen for the Valentine Dance. Jeanne Lander was elected and the runners up were Martha Jean Sneath, Doris Black and Ruth Moore.

They took measurements for the caps and gowns to be worn at commencement. The boys decided to wear maroon and the girls will wear white.

They also voted on three girls from which one girl is to be selected for the Citizenship Award to be given at commencement. The three girls nominated are Doris Black, Ruth Moore, and Joyce Gruewell. The meeting was then adjourned by the vice-president, Gary Homewood.

## Library Club News

A very attractive bulletin board has been arranged outside the library door. The central theme concerns the writing of term papers. Since

the seniors are making preparation to write their senior term papers, such a bulletin board is very timely. It illustrates materials found in the Library, which may be used in conjunction with the writing of the required papers. This display was made by the Art Club.

The Library Club girls scrubbed the tops of the Library tables Thursday. Good housekeeping and good citizenship are a part of our club work.

The Library Club girls enjoyed reading stories to the first grade pupils in the first grade rooms.

## Junior Assembly

On Friday, January 15th, the pupils of the eleventh grade under the guidance of Miss Loretta Paskey, presented a talent show. Jackie Minner was the master of ceremonies. The show began with a commercial by a quartette of girls from the Junior Class. The girls advertised "Cracky Smacky Gum."

The program began as follows: Bonita Porter tap danced for the audience.

Jimmy Stayton sang "Bimbo." David Myer rendered two violin solos.

Next came a pause and another commercial. David Peterson, a Junior, was given a treatment of "Dixie Peach Hair Grease," before everyone by Carole Ann Tharp, who posed as a beautician.

Now on with the show: Shirley Larimore sang, "Tennessee Wigwalk," and was accompanied on the piano by Lelia Eilers.

Ruth Moore played "Maple Leaf Rag," on the piano.

Paul Garey sang, "Hot Rod Race."

Shirley Kates sang, "Heart of My Heart."

Nancy Nelson played a solo on her trumpet.

Jimmy Walsh sang, "Changing Partners."

While awaiting the decisions of the judges, who were teachers, four students from the Junior class—Patti Wolfe, Grace Graham, Robert Larimore, and Billy Cluley—pantomimed a record. These students, dressed as colored children, called themselves the Marinettes and were not competing for a prize.

The results of the judges' decisions were: 1st. prize, Ruth Moore; 2nd. prize, Shirley Kates. The winners were awarded tickets to the basketball games and everyone participating in the show was given a piece of "Cracky Smacky Bubble Gum."

## Senior Personality

Mary Marie Fry

Mary Marie Fry was born in Harrington September 23, 1933. She has always attended Harrington Special School District. Mary is taking the Commercial Course and also belongs to the Commercial Club. In the 8th and 9th grades, Mary held the office of President of her class.

In school her favorite sports are basketball, baseball and hockey. For recreation outside of school, she likes to go dancing, roller skating, and read. Her pet peeve is gossiping among classmates. Mary's favorite song is "I'm Walking Behind You."

After graduating, Mary plans to become a secretary.

## Grade 4—Mrs. Quillen

5. Wild Horse Roundup—by Bill and Bernard Martin.  
 I like my book because it is about horses.—Edgar Wheeler.

6. Golden Arrow—by Bill and Bernard Martin.  
 I like to read about Indians.—Billy Parker.

**Grade 2—Mrs. Irwin**  
 We have been having lots of fun sliding on the ice during recesses. We have been learning our days of the week and months of the year. We know how to spell, too.

**Grade 1 and 2—Mrs. West**  
 Snow has been on the ground for a long, long time. We have fun playing on the ice and snow.

We run, slide and fall. Sharon fell and sprained her arm.

Walter had a birthday Saturday, and got a lot of presents. We are glad Wayne is back. In art, we made a little magic with finger paints. We have made snow pictures and snow stories.

**Snow Scenes:**  
 Red Boots all in a row, Cars that go so very slow! All wrapped up from head to toe.

Hear the wind whistle and Old buildings dressed in snow.

People go with heads down low.

Those we see from the window.

**Grade 6—Mrs. Hess**  
 The boys had a hobby show on Wednesday during the club period. Ronald Swain has stamp collecting as his hobby. Barry Wix has a hobby of making little cars. Lee Messick makes large model airplanes. The hobbies were judged and first prize was awarded to Lee Messick.

The following people were judges: Anne Perry, Kitty Lou Smith, Bettie Lee Fry, Kenneth Konesy, Donald Porter, Leroy Baker, Keith Boyer, Betty Jean Bradley.

The new banker for the next six weeks is Betty Lee Fry.

For Club, the following people are on the entertainment committee: Jean Grant, Barry Wix, Faye Meloney, Betty Jean Bradley.

## SPORTS
