

## Senator Frear Addresses District Scout Meeting At Local High School

Scouters and friends of Scouting throughout the Dover District, Del-Mar-Va Council, met here on Thursday evening, March 11, at the high school cafeteria to conduct the annual dinner and meeting. The Dover District includes all of Kent and New Castle Counties from the Chesapeake Canal south.

Senator J. Allen Frear of the State of Delaware, presented an inspiring talk on "Scouting—An American Asset" to a combined gathering of Scouting friends of the Dover District.

According to Harold McDonald, the annual dinner chairman, the meeting included the annual election of officers to run Scouting throughout the Dover District for the coming year.

Ellis K. Lecrone, past district chairman, and who also conducted the proceedings for the annual election of officers, announced that John G. Parks, of Harrington, has again been appointed district chairman, and Lawrence Foard, of Dover, as district vice-chairman. Those elected to the district executive committee who are responsible for the overall administration of Scouting throughout the Dover District are: John G. Parks, district chairman, Lawrence Foard, vice-chairman; Millard Biddle, John S. Charlton, J. Irvin Bowman, George Ehringer, David Green, Dr. H. V. Holloway, A. E. Humes, George Macklin, Samuel B. Kendall, Ellis K. Lecrone, Arthur Livingstone, Dr. Floyd Moore, Thomas R. Newnam, Dr. C. J. Pickett, F. Kenneth Tuller and W. W. Wood.

Those selected from this group to serve as chairman of the various operating committees are: F. Kenneth Tuller, organization of new units; H. Kirk Schminsky, advancement; John S. Charlton, leadership training; Samuel B. Kendall, camping and activities; Dr. C. J. Pickett, health and safety; Dr. H. V. Holloway and George T. Macklin, finance, and Dale L. Nolen, district executive.

Dr. H. V. Holloway, district finance chairman, presented the Order of Merit, a Del-Mar-Va Award, the highest award to be presented through the district for outstanding service to boys throughout at least a five-year period, was presented to Daniel W. Dohring, Scoutmaster of Troop 100 of Milford and Samuel B. Kendall, Scoutmaster of Troop 122 of Dover.

J. Irvin Bowman, district commissioner, expressed on behalf of the citizens of the Dover District thanks to the Scoutmasters, cubmasters, and Scout troops and explorer posts.

The invocation was pronounced by the Rev. Robert VanCleaf. Music of the evening was under the direction of J. C. Messner and Melvin Brobst.

Ceremonies for the evening were presented by Troop 76 of Harrington under the leadership of James Rayne.

## Legion to Play Georgetown Mon.

The Legionnaires will play Georgetown here Monday night in the third game of a playoff to determine one of the finalists in the playoffs of the Eastern Shore Basketball League.

The Legionnaires have won one and lost one to Georgetown. The winner of Monday night's game, which will be played at the high school at 8:30 o'clock, will play Dover in the finals.

## Harrington to Play Dover Saturday in Y Tourney

Saturday Night's results  
Walnut St. YMCA 100 —PRR 55  
Dover "Y" Bulldogs 78 —Brandywine YMCA 61

Harrington Legionnaires 66 —Rising Sun Legion 64  
Saturday Night's Schedule: Mar. 20.

Semi-Finals  
Walnut St. Y — Daniels Oilers vs. Laurel — Atlas Winner 7:30  
Dover "Y" Bulldogs vs. Harrington Legionnaires 9:00 p. m.

7th annual Dover "Y" Invitational Cage Tournament is heading down the home stretch with the semi-finals on tap for tomorrow evening at the Dover Field House.

In the opener the winner of Tuesday's Atlas-Laurel Owl and the Daniels Oilers-Walnut St. YMCA game will meet at 7:30 p. m. In the second game of the semi-finals at 9 p. m., Dover "Y" Bulldogs will take on the Harrington Legionnaires.

This two games shape up as two real thrillers.

Regardless of who meets in the first game, Laurel or Atlas against Daniels Oilers or Walnut St. YMCA the fans can be assured of a top-notch attraction as all four of these teams have some of the best talent in the state.

Dover "Y" Bulldogs vs. Harrington Legion is a natural. Although Dover had the edge over Harrington during the Shore League race this means little in a tournament. Harrington has given Dover keen competition throughout the season and the odds are getting in their favor. Every game they have played has been keenly contested from the opening whistle.

Don Rowe has been a standout in the tournament while the deadly shooting of Eldon Evers and Hal Terhune has kept Harrington in the running. Tom Shalley, Jack Dill and Don King have given stellar performances. Dover's Doug Tilley has been playing a great game for the Bulldogs while the shooting of Paul Archer, Steve Skabla, Ed Athey, and Bill Kaye has rated with the best. Down-state interest is running high and if Laurel comes through with a win over Atlas Powder, the Shore League will have three teams bidding for berths in the finals.

Daniels Oilers and Walnut St. YMCA proved favorites in their first round play. Oilers have most of last year's Rocco combine such as Boots Reed, Earl Burns, Paul McCulling, Frank Alberia with Bob Yurke being a strong addition. Laurel Owls loom as a strong favorite to reach the finals as they carry a heavy hitting array. Atlas has speed and a sharp shooting combine, but lack the height of the Owls. This could prove the difference.

Coach Dick Cooper scouted the Atlas five in their first round appearance.  
Saturday evening Newell Ruffin and Jim Robinson hit for 30 points each to lead Walnut St. YMCA to a 100 to 55 win over PRR. John Andreoli and Charles Bowen had 16 each for PRR. In the second game Dover "Y" Bulldogs moved to the semi-finals as they downed Brandywine YMCA 78 to 61. This was a nip and tuck game with Dover getting their lead in the third period as they outdied Brandywine 23-9. Paul Archer had 22 and Doug Tilley 19 to lead Dover while Ed Athey dropped 11. Bob Hart had 17 for the losers.

Harrington eked out a hard-earned 66 to 64 win over Rising Sun Legion. Harrington led until midway period when Gene Schaen and Stan Kazarowski got hot for Rising Sun quintet and knotted the score 49-49. From then until the finish it was a point for point contest. Tom Shalley put Harrington in the lead 62-60 as he broke through for a lay-up. Don Rowe had a two pointer and Don King converted two fouls to give Harrington a 66-60 lead with a minute to go. Jack Loomis and Stan Kazarowski scored two fast goals for the Rising Sun five as they fought to the last second.  
Don Rowe had 21 points and Hal Terhune 18 for Harrington, while Gene Schaen rimmed 23 for Rising Sun.  
Finals of the tournament will be played Saturday, March 27.

Officers of the Delaware Bankers Association, in addition to president Lynch, of the Equitable Security Trust Co., Dover, are: first vice-president, Edward B. Green, Georgetown Trust Company, Georgetown; second vice-president, Gilbert B. Moyer, Wilmington Trust Company, and secretary, Bryan S. Colbourn, Delaware Trust Company, Wilmington.

Other features of the program are luncheon and a tour of the dairy barns. The meeting will begin at 10:15 a. m.

Topics to be discussed include: "Financial Farm Machinery," by Fred L. O'Hair, president of Central National Bank, Greencastle, Md.; "Agricultural Loan Policy for 1954," a panel discussion; "Farm Horizons Beyond the Line Fence," by Earl L. Butz, agricultural economist at Purdue University; and "Bulk Tank Handling of Milk," a demonstration at the University farm.

**CANCER CLINIC TO BE HELD MONDAY & TUESDAY**  
For cancer clinic appointments, call Harrington 530. The clinic will be held here Monday and Tuesday, March 22 and 23.

## Industry Group Pleases Boggs

Governor J. Caleb Boggs said today that he is most appreciative of the response by representatives of chambers of commerce in Delaware to his invitation to have members serve as a liaison group with his recently appointed Industrial Development Committee.

Twenty-one prominent state citizens were named to the committee with Lt. Governor John W. Rollins Sr. as chairman. The liaison group is expected to furnish the committee with specific information regarding their various communities which may be evaluated with respect to bring industry within their boundaries. Governor Boggs said that while there was not one hundred percent response, fifteen organizations had designated representatives and he believes the few remaining will name members shortly.

A meeting of the Industrial Committee and Liaison Group, which will assist the Delaware State Development Department in planning publicity and promotion of the state's assets, will be called at an early date, the chief executive indicated.

Names forwarded to Governor Boggs by local organizations to serve on the liaison group are: William G. Davis, Dover Chamber of Commerce; Fulton J. Downing, Harrington Better Business Association; John C. Roman, New Castle Board of Trade; Robert E. Hickman, Wilmington, Delaware State Chamber of Commerce; T. A. Foster, plant manager, National Vulcanizing Fibre Company, Newark Chamber of Commerce.

Harold Smith, Laurel Chamber of Commerce; Edward Wooten, Smyrna Junior Chamber of Commerce; Vern V. Murray, president, Frankford Chamber of Commerce; Clifford W. Simpler, Felton Chamber of Commerce; David S. Hugg, Milford Chamber of Commerce; Sanders L. Darden Jr., Millsboro Chamber of Commerce; Walter Howard, president, Lewes Chamber of Commerce; James E. Goslee Jr., Georgetown Chamber of Commerce; Nelson W. Meredith, Greenwood Chamber of Commerce, and Sam Shapiro, president, Milton Business Men's Association.

The committee and liaison group the outcome of a meeting called last fall by Governor Boggs through the State Development Department, which was attended by some 50 representatives of business, utility, real estate, transportation, chambers of commerce and other interests.

## Easter Seal Push Is Underway

Delaware's Easter Seal Campaign to aid the state's handicapped children and adults begins today was the outcome of a meeting called last fall by Governor Boggs day with a goal of \$30,000. It will continue until April 18.

The funds received from the sale of Easter Seals will be used again to support the four point program of the Delaware Society for Crippled Children and Adults throughout the state. Special committees have been established in Kent, Sussex, and New Castle Counties to assist in the drive. More than 90,000 letters containing sheets of Easter Seals have been mailed, and the coin containers have been distributed to cities and towns throughout Delaware.

The Easter Seal Campaign chairman this year is John G. Leach, vice-president of Goldkey-Beacom College in Wilmington. He will be assisted by chairmen in each of the three counties.

The emphasis during this year's Easter Seal Campaign will be placed on the Society's summer and resident camp program, being developed at the Fairlee Manor Estate near Chestertown, Md., donated to the Society last month by Mrs. Louisa Carpenter. The 262-acre estate, with a residence of 14 rooms, an outdoor swimming pool, and several farm buildings, is now being prepared for the annual eight-week day camping period sponsored by the Society for the handicapped children of the state, not eligible for admission to other camps. The entire program is operated on funds received from the sale of Easter Seals.

It is hoped by Society officials that returns from the Easter Seals will justify eventual establishment of a resident, year-round camp at Fairlee Manor. The other services of the Society supported by Easter Seal sales include: direct services to the homebound; an adult education program designed primarily for parents of handicapped children and also professionals working in the field; a lending pool of equipment for the handicapped; and a referral service in connection with the State Rehabilitation Division.

Contributions to the Easter Seal Fund should be sent to the Delaware Society for Crippled Children and Adults, 1002 Washington Street, Wilmington, Del.

## Charles S. Archer

Charles S. Archer, 65, a Townsend horse trainer, was found dead Sunday in his trailer at the Chestertown, Md., race track.

Authorities said Mr. Archer apparently died of accidental asphyxiation, being overcome by coal gas fumes issuing from a stove.

Long known as a farmer of the Middletown area, is survived by four children, Mrs. Fletcher Hurd, of Dover; Mrs. Manron Robinson, of Warwick, Md.; Charles B. and Webster C. Archer, of Townsend; two brothers and two sisters, Alfred Archer, of Clayton; William Archer, of Georgetown; Mrs. Ida Bittman, of Clayton; and Mrs. Edith Tucker, of Smyrna, and four grandchildren.

Services were conducted from the Daniels Funeral Home in Townsend Wednesday, with burial in Glenwood Cemetery, Smyrna.

Mr. Archer was well known at the local track where he had participated on many occasions.

## THOMAS HENRY LORD

Thomas Henry Lord, 82, died at his home, 8 Simpson Street, Harrington, Sunday afternoon after an illness of several weeks. He was born near Greenwood, Md., the son of Thomas H. and Sarah Hurd Lord, but had lived in this community for the past 60 years, where he was engaged in farming until his retirement several years ago, after which he moved to Harrington. He had been employed by The Harrington Ice Company.

Funeral services were held at the Boyer Funeral Home, Harrington yesterday with the Rev. John B. Abshire, pastor of the Church of the Nazarene, officiating. Interment was in Hollywood Cemetery.

His wife, Eliza Jane Lord, preceded him in death by six days. He is survived by two sons, John W. Lord, of Wilmington, and William T. Lord, of Harrington; two brothers, Howard Lord, of Philadelphia, and Frank Lord, of Milford.

## SEVENTH-DAY ADVENTIST Church Notes

57 Clark St., Harrington  
D. B. Myers, Pastor  
Friday night, March 19, at 7:45, a special religious liberty rally. Sermon topic, "Quest for Liberty."  
Sabbath School (Saturday) 9:30  
Morning Worship 11 a. m.  
Communion Service  
Prayer Meeting Wednesday, 8:00.

Elder A. H. Rulkoetter, secretary to the religious liberty department of the General Conference of Seventh-day Adventist in Washington, D. C., will be the special guest speaker in a religious liberty rally at Harrington Seventh-day Adventist Church on Friday night at 7:45. His sermon topic will be "Quest for Liberty."

Seventh-day adventists have always stood for complete separation of church and state. With the proponents of the calendar revision determined to make these changes beginning with January 1, 1956 which will add an extra day to each year which will not be included in the calendar, and two extra days in leap year, thus bringing a hardship to those who conscientiously keep the first day of each week, and likewise to those who observe the seventh day of the week, because these days will drift down through the week. Then Sunday Blue Laws are being enforced in some states, religion is being taught in some public schools, Green River laws are coming to the forefront you will be benefited by attending this meeting Friday night. A welcome is extended to all.

Mr. Archer was well known at the local track where he had participated on many occasions.

## Century Club Notes

Tuesday afternoon Mrs. Fulton J. Downing, president of the Harrington New Century Club, discussed the communication concerning the Freedom Scroll and signers were asked for the American Crusade for freedom.

Mrs. John Marshall, organizer and leader of the Girl Scouts, spoke on what it means to girls and to parents when your daughter joins this organization.

Invitations to attend the Round Table Club of Camden and Wyoming Fri., Apr. 2, were extended and any member wishing a way to attend, should contact Mrs. Downing.

Mrs. Downing announced that tickets for the Easter luncheon are available from Mrs. C. Tharp Harrington. Each member is urged to attend and may take one out-of-town guest. The luncheon will be April 20 at one o'clock.

Mrs. Arnold Gilstad with her committee, H. H. J. Ramsdell, Mrs. Charles Peck Jr., Mrs. William Taylor, Mrs. Ethel Hunter, Mrs. L. B. Harrington, and Mrs. Wade Mitchell, were in charge of the program and the social hour which followed.

The topic was "Children's Books." Every age has its books and from the wealth of books displayed at the art table and on the stage, the kiddies of today may have their imaginations filled from an attractive world.

Mrs. William Taylor gave a reading, "Little Boy Blue," accompanied by Mrs. Robert VanCleaf at the piano.

Mrs. Gilstad stressed the fact that the most popular books today are those most highly illustrated. The best known illustrator of children's books at the present time is Walt Disney.

## No Faith

"Brethren and sisters, we are gathered together here today to pray for rain," said the preacher. He looked his congregation over a little sadly and went on: "But before we begin I'd like to ask you just one question—where are your umbrellas?"

**THERE CAN BE HUMOR  
 EVEN IN A HOSPITAL**

(Written Monday of This Week)

Even the wisest men make mistakes, and Julius Caesar was no exception. "All Gaul is divided into three parts," said the great Julius, but a thorough examination at Delaware Hospital last week revealed mine to be a single unit. "Which comes first, the chicken or the egg?" You've heard that trick question so often it has become trite. By observing my room-mate in the hospital, that question was answered. Harry McLachlan, being a Scotsman, counted the eggs they served him. Twenty-two eggs, two at a time, graced the McLachlan tray — and this answered the question: The egg comes first — at 8 o'clock in the morning — the chicken doesn't come until noon.

Harry is widely traveled, an avid reader, with a fine sense of humor. He was a congenial companion, and as he was leaving the hospital, I told him I hoped my next room-mate would be able to read and write — you often wonder, you know.

Within a few minutes he arrived — an old friend, Arthur Doody, captain of the Wilmington Police Department. During the O.P.A. days I had an office in the Pennsylvania Building for a little more than four years, and Doody and "Shaggy" Sharp were the policemen around the Pennsylvania Station. This, you will recall, was during the war, and that Barbary Coast section of Wilmington had an average of about 8 drunks per city block — and the jails of Wilmington could not accommodate all of them on particularly lush nights. I could identify most of the down-state Humid Horaces, and these officers and I loaded many of them on the train and sent them on their happy way down home.

Doody, like McLachlan, had traveled, had read, and had a fine sense of humor, and, likewise, like McLachlan, he was the recipient of a steady flow of eggs. When we asked a nurse for a couple of Kansas City T-Bone Steaks, she answered, "If we had anything like that, I'd eat both of them myself."

Frequently the nurses would come into the room and needle Doody for a blood sample. He claimed they were trying to build up a blood bank at his expense, and was positive that the needle was so heavy the nurse couldn't carry it in her hand and had to carry it under her arm. He said they attacked him with lances and spears, and once, when he opened his eyes after a short sleep, I told him he was very fortunate, because two nurses had come into the room, with an old-fashioned grass-mowing scythe and a grindstone, but left when they discovered he was asleep.

My most painful ordeal was when the Aorta Assassins got me. A vampire with the face of an angel glided into the room, pumped some dope into my arm and said, "We'll call for you in fifteen minutes." After the elapsed time, I was wheeled downstairs on a stretcher. There was a babel of voices and someone, evidently the pusher of the stretcher, said: "He hasn't stopped talking since he left his room." Then I heard a woman's voice: "He certainly knows his poets. He has been reciting Lord Byron's 'Prisoner of Chillon,' his 'Apostrophe to The Ocean,' and Eugene Fields' 'Lovers Lane, Saint Joe,' along with James Whitcomb Riley's 'Out to Old Aunt Mary's.'" Another voice, faint and far away, answered: "He'll be asleep in sixty seconds." At the end of that sixty seconds, I was on the second verse of Riley's "An Old Sweetheart of Mine." Then they pumped dye into my varicose veins. In semi-delirium, I thought I saw a placard: "This dye manufactured by the DuPont Company." Then I was satisfied — DuPont produces only the best.

To our room came at frequent intervals a very welcome patient from a nearby room, Dorsey Kinnamon, of the insurance firm of Pippin, Kinnamon, Taylor & Dawes, Inc., (adv.). Kinnamon is Hamlet — Hamlet with a chuckle, if you can imagine such a thing. One morning when they hadn't brought him as much toast as he wanted, he wrote a poem and traded it to me for a crust of my toast — which, by the way, is more than I've ever received for one of my own poems. Here's Dorsey's verse:

I'm bound to make this observation,  
 That folks who seem robust and strong  
 Are prone to the same agitation  
 As I, when their systems go wrong.

Now, take, for example, a copper (Doody Rm. 517)  
 I met in a hospital room;  
 In size and physique he's a whopper,  
 But, like me, his pains bring him gloom.

And there there's Sir Burgess from Sussex,  
 A sage with preception so rare,  
 And even as I, this man fusses  
 When confusion reigns in his fare.

But isn't it just that we're human?  
 We're peevish when sick and unsure  
 So I say, with modest acumen,  
 Our griping is part of the cure.

During my two-weeks' stay, sixteen doctors, by actual count, came to see me. Four came in at one time, which leads me to believe that someone out in the corridor was selling tickets of admission, although I have not, as yet, received any percentage.

The officials, the doctors, the nurses, the entire personnel of Delaware Hospital were graciousness and efficiency personified.

I am to report to the University of Pennsylvania Hospital tomorrow morning for post-graduate work in probing. As one who has had only two degrees attached to his name, R. F. D. and C. O. D., I hope to add one with more lustre.

But the irony of it! One with a bit of Irish blood in his veins, although that blood is slightly diluted by DuPont dye, undergoing an operation on St. Patrick's Day! The scalpel replaces the shillalagh!

If the operation is a success, I'll tell you about it in a later issue of this paper; if it isn't a success —

**Grizzly Bear**

Outside the areas in which they are deliberately protected it is doubtful if anyone these days can get much experience from a free, wild Grizzly Bear inside the limits of the United States. True, they may be seen in our National Parks and in our zoos but this is a far cry from the days when Grizzlies were more or less the dominating animal in much of the western half of the United States and the western third of Canada. On the whole, this is probably an improvement but it seems unfortunate that somehow a more mutually satisfactory arrangement could not have been worked out. Human nature and bear nature being what they were, it was hard to reach a natural reconciliation and as is usual the bear paid the price.

Many of us have had plenty of opportunity to see free Grizzlies in our National Parks, particularly at the points where they are fed for the entertainment of visiting tourists. Those of us fortunate to have visited these parks before the present enormous numbers went to them had more intimate and sometimes more startling experiences with them. To probably many persons, however, a Grizzly Bear is an enormous animal interested primarily in chasing and killing hunters of live stock. To those who have read Seton's story of Wab, the animal is one to be admired and pitied. Probably none of these accounts give us the true story of the animal.

An adult male Grizzly Bear may be over 8 feet long and stand 4 feet high at the shoulder, which is higher than one finds in the related Black Bear. Grizzly males may attain a weight of 1,150 pounds. The females are smaller in size and weight than their mates. Both sexes are colored a yellowish brown with a gray or "grizzley" wash. The Alaskan Brown Bear is larger than the typical Grizzly, reaching a weight of over 1600 pounds and is probably the largest carnivorous mammal on earth. There is much difference of opinion as to the proper classification of the Grizzly Bear Group. Some give the Alaskan Brown Bear rank as a subspecies, while others recognize it as a distinct species. Some 86 forms have been recognized as being distinct by the zoologists.

Grizzly Bears mate for the season. The 2 to 4 young are born 236 days after the breeding takes place and each weighs about 1½ pounds and has a length of about 8 inches. At 3 months, the young Grizzly weighs about 12 pounds. At 3 years, it reaches breeding age and usually by 25 years has completed its normal life span. The food of Grizzlies includes not only larger animals like deer, cattle and horses, but sheep,

Miss Donna Taylor was a weekend guest of her grandparents, Mr. and Mrs. Jesse Sharp and son, Clark, of Milford.

Mr. and Mrs. Jesse Sharp and son, Clark, of Milford, were Sunday dinner guests of their parents, Mr. and Mrs. M. A. Robinson.

Mr. and Mrs. Paul Faulk, Mrs. John Lloyd, and Mr. and Mrs. Wesley Everline and family were guests of Mr. and Mrs. Wade Elliott Thursday evening.

Mr. and Mrs. Lowell Taylor and daughters, Dona and Bonnie, spent Sunday evening with their snakes, birds and even ants. They may also eat fruits and other plant foods when necessary.

Generally Grizzlies mind their own business but when crossed by another animal they can put up a prodigious fight. The track of a Grizzly shows the hind foot reaching a length of 11 inches as against a corresponding length of 6 inches in a Black Bear.

It is hoped that these magnificent creatures may never become extinct. The National Wildlife Federation is interested in reasonable protection of animals in danger of becoming extinct.

many others think of the program as it operated prior to the 1950 amendments. They fail to realize that ever since 1950 benefits have substantially increased, eligibility requirements have been greatly modified, and new types of benefits are provided.

"A strange thing about peoples knowledge of social security," Milbourn added, "is that those who seem to know the least about it, are those who have been under it longest. The newly covered groups, on the other hand, seem to be much more aware of their status under social security and the protection it provides even though they have only recently begun making contributions."

All workers are urged to get up-to-date information about

The place to get this information, according to Mr. Milbourn, is at the Wilmington Social Security Office, 813 West Street. The staff of this office will be glad to answer questions and discuss social security as it applies to individual situations.

means to them and their families. They should know what the security program means to them and their families. They should know what the program provides for a man's family in the event of his death as well as something about what they can expect as payments upon retiring after age 65.

The place to get this information, according to Mr. Milbourn, is at the Wilmington Social Security Office, 813 West Street. The staff of this office will be glad to answer questions and discuss social security as it applies to individual situations.

## Builds Up Your Dry Cows For More Milk - Better Calves!

If you want your dry cows to build healthier, stronger calves and produce more milk during their next lactation, try this: (1) Give them a 2-months vacation... a dry cow needs a good rest to build her calf, regain lost weight and build up her body reserve for the next lactation. (2) Feed them Southern States Fitting Ration.

Containing 13% protein and fortified with all the necessary vitamins and minerals, Fitting Ration supplies over 1400-lbs. of TDN (Total Digestible Nutrients) per ton. It will help your cows produce better calves, make more milk and stay in production longer. Southern States "All Purpose" Fitting Ration is also recommended for bulls... and for growing out husky, full-bodied heifers. Order a supply today.

## School News STUDENT COUNCIL

The suggestion box, which has been in Miss Paskey's room, has been brought down into the library. We would like everyone to bring his opinions and place them in the box so the student council would know some of the likes and dislikes of the students.

Other business discussed was the election of the student council officers next month. It was decided that in order to get more information on a two party campaign election, we should write to Felton and ask them to give us some details on this subject.

### Mrs. Hopkins' First Grade

Monday our room was visited by Miss Joyce Pritchard, reading consultant, who is working with Clyde C. Gurley, of Row, Peterson and Company who publish our "Alice and Jerry" readers. This is a new reading program introduced into our elementary grades this year. She gave a very interesting demonstration on the presentation of a new reader, "The Wishing Well." Mrs. Grant and Mrs. Howard came into our room for the demonstration.

We are glad to welcome Johnny Phillips who entered our grade Monday from Greenwood School. We hope he will be happy with us.

Do you wish to understand your teachers better? Then, here is a clue in their choices of popular records.

Mr. Messner, Keep It A Secret, Mr. Feagan, Ave Maria, Mrs. Curry, Winter Wonderland, Mrs. Cahall, Rags to Riches, Mr. Myer, Begin the Beguine, Miss Paskey, The Bells of St. Mary's; Mrs. Pollitt, Moonlight and Roses; Mr. Hart and Miss Gordy both favor "Oh," while Mr. Cotter and Mr. McDonald like Ebb Tide.

Mrs. Farrow, Tennessee Waltz; Mrs. Goodwill, Dragnet; Miss Morris, Tea For Two; Miss Dickrager, Humoresque; Mr. Kish, Merry Widow Waltz; Mrs. Birnbrauer, Stranger in Paradise; Mrs. Dolby, Night and Day; Mr. Brobst, Hi-Lieli-Hi-Lo; Mr. Wolfe, Blue Danube, and Mrs. Malek, Monotonous from New Faces.

### Grade 1 — Mrs. Grant

After reading the "Wishing Well", Mrs. Grant's first grade children decided they wanted to make a wishing well. This they did with the help of Mrs. Malek. Also in the well scene are Old Captain Mac, Captain Jerry, Alice May, Peter Lee and Billy Bump. We had a lot of fun making it. If you have a chance to come see it, look on the table by the cafeteria entrance.

### Grade 5 — Mr. Donovan

Mrs. Thompson, our homeroom mother, and some of our other mothers are planning a tea for our parents. It will be held at 3:45 p. m. today. All parents are invited to come to meet the other parents. Refreshments will be served.

### DINNER FOR TEAM

Wednesday Miss Hazel Johnson and the girls' coach, Miss Mary Gordy, held a dinner in honor of the girls' basketball team. The cheerleaders and the team and time keepers were also invited. Fried chicken with mashed potatoes, lima beans, and buttered carrots were served.

The following girls attended the dinner: Eleanor Walls, co-captain; Jeanne Lander, co-captain; Joan Shaw, Joyce Hopkins, Mary Evelyn Harrington, Louisa Howard, Barbara Edwards, Jo Ann Brown, Alwilda Smith, Lelia Wilson, Rhea Lee Clendaniel, Viola Vanderwende, Catherine Rayne, Ann Howard, Doris Porter, Joyce Gruwell, Bettylee Wix, Janet Smith, Eleanor Wagner, Mary E. Simpson, Sandra Raughley, Jean Collins, and Jean Outten.

### NEWS FILM

A film, "The World News," was shown Tuesday in the auditorium by Mr. Feagan. In the regular club period the junior and senior high school enjoyed it.

The film was a News Journal release in which were shown miniature carvings, innovations in airplanes, model ships, the presentation of the Nobel Prize to General George Marshall for his outstanding achievement in world peace, and pictures showing President Eisenhower attending the

### Prizes Awarded in Magazine Campaign

The prizes to the highest sellers in the Harrington Band Magazine campaign are to be given today in an assembly. Some of the prizes include watches and cameras. If \$30 worth of subscriptions were sold, the salesman receives a certificate of salesmanship. If \$50 in subscriptions were sold, an Oscar is awarded.

This year the campaign was thrown open to the Junior Band in hopes of raising more money. The two bands were more or less in competition with each other, and much to the embarrassment of the Senior Band, the Junior Band beat them.

### Have You Noticed?

The members of the Press Club have received gold press club pins in token of their untiring services as news reporters. The pins are shaped like a

shield with a torch, symbolic of learning, attached.

This semester the Press Club has a new member, Cathy Rayne, of Miss Dickrager's Junior Class homeroom.

### Senior Personality

Marie Ratledge Davis is usually called "Davis" by her classmates.

She was born December 14, 1934 in Harrington, and has always attended Harrington School until the beginning of the school year when she attended the Richmond Academy in Augusta, Ga., for two months.

She is taking the commercial course in order to receive training to become a secretary.

The things she likes most to do are: to write letters, skate, and laugh.

You may find her at any of these places: Reese Theatre where she works, at the home of her in-laws, or at the skating rink.

Her favorite expression is "auh."

### Bands Have Roller Skating Party

Last week the bands of our school held roller skating parties and a pleasant time was enjoyed at each one. Monday evening the Junior Band held its party, and on Wednesday, the Senior Party conducted their skating.

There was a profit at each one, even though members of both bands were admitted free. The money earned will go toward caps for the Junior Band.

Both bands are rehearsing for a joined concert Friday evening, April 23.

### Roman Banquet

March 31, at 5:30 p. m., the 9th grade Latin class will hold a Roman banquet in the new cafeteria, for the 10th grade Latin class. Wear your togas, Sophomores!

Barbara Edwards, Secretary.

### LIBRARY NEWS

The meeting was called to order by the president. The minutes were read and approved. It was suggested that we ask Mrs. Hammond to stop at our school with the bookmobile and tell us about rural library service in Delaware.

Mrs. Slaughter's fourth grade talked about the books they have been reading. Some of the children gave interesting book reviews.

Four Boy Scouts started working for the books binding merit badge. Instruction and practice work was given them by members of the library squad. Additional instruction will be given them by the librarian at a later date.

Joyce Austin, reporter

### Felton School News

Parent Medal Company of Philadelphia was the low bidder for furnishing 240 individual wire baskets and racks and has been

awarded the contract for supplying this locker room equipment. Each high school pupil will have his own wire basket for storing athletic clothing and secured by a combination padlock. This type of locker provides maximum ventilation and fastest drying.

Specifications for the vocational agriculture shop equipment are being completed and requests for bids will go out to dealers in the near future. Melvin Luff, vocational instructor, is directing this phase of the contract program. He has received valuable assistance from Lyle Mowlds, state supervisor of agriculture, and Paul M. Hodgson, assistant supervisor of agriculture, in charge of teacher training.

Bids for exterior and interior painting of the Felton School Building were received March 5 in the offices of the Delaware School Auxiliary at Wilmington. The contract was awarded to Al Nero & Company of Laurel which offered the lowest bid of \$4980. All classrooms and offices will be completely refinished.

Woodwork in corridors and auditorium and all exterior woodwork will be painted. This project is financed by a special maintenance and improvement appropriation made by the last legislature to schools following careful surveys of needs. Exterior painting is scheduled to begin shortly, but interior painting will be delayed until the end of school.

A group of enthusiastic boosters of the FHS basketball teams provided a steak dinner at LePore's Restaurant for members of the boys and girls teams and the cheer leaders. Additional guests were Coach and Mrs. Kerns, Coach Margaret L. Taylor, Robert J. Callahan, Lott

Ludlow, and Mr. and Mrs. Howard E. Henry. Mrs. Norma Lee Rash headed the move to honor the 1953 Green Devils.

School will be closed Thurs., March 25, so the teachers may attend the annual meeting of the Kent County Education Association to be held at Smyrna.

Members of the senior class, as a project in Problems in Democracy, are planning to visit Washington. The principle objective is to observe Congress in action.

The Felton Music Department is proudly displaying a new banner to be carried by majorettes preceding the marching band and to be displayed at concerts by the music department. The emblem is 12 feet long and 2 feet wide, suspended from a polished oak rod with bronze lacquer tips. The background is kelly green with white border, letters and insignia. The banner was purchased from funds earned by the band in past public demonstrations.

Wednesday the Industrial Arts Department will present the assembly program under the direction of Lott Ludlow.

### Student Council News

Twenty dollars has been collected for CARE. It will be used to buy food packages for Korea.

### Diamond State Telephone Puts On Assembly

Women can best express their personality by using a natural tone of voice over the telephone. Mrs. Mary B. Jones, chief operator of the Diamond State Telephone Company, said Wednesday, March 10, in speaking before the high school at the weekly assembly program.

Discussing types of voices, she explained the telephone company trains its women employees to use a "pleasant natural voice, for we have found it is just as easy to develop such a voice as it is to speak harshly or indistinctly."

"If we can change the natural appearance of our hair or our complexion, why can't we change our voice — if it needs changing?" she asked. "If your natural speaking voice tends to be shrill, harsh or indistinct, why not change it as you might change your complexion or hair-style." The speaker suggested several

exercises which have proven helpful in proper speaking and concluded with the advice that women whisper when they feel their

voices becoming shrill or excited. "Whispering tends to return your voice to its natural tone," she said.

### AMERICAN LEGION

FROM — to MIDNIGHT

Refreshments — Club Members and Guests

The Look of Tomorrow is in every '54 BUICK Today. With completely new "years-away" styling —keynoted by the dream-car design of the panoramic sweep-back windshield.

## Take it Easy

you don't have to prove a thing!

LET'S be sensible about this subject of horsepower.

An all-American tackle doesn't go around tackling people in everyday life.

A world-record sprinter doesn't have to demonstrate his prowess on city sidewalks.

The better you are, the less you have to prove it.

And that's how it is with a Buick CENTURY.

Of course it's a spectacular performer—a car with instantly responsive action.

It has to be, for this one combines a

high-compression 200-horsepower V8 engine with a nimble weight of only 3866 pounds as it comes off the assembly line.

That's a power-to-weight ratio that chalks up a new record—a ratio that no other Buick has ever reached before.

It can spin your wheels on a dry pavement if you give it the gun, but why waste rubber?

If some show-off wants to get the jump on you at a traffic light, why not let him have fun? He isn't kidding anyone but himself, when the name on your car is CENTURY.

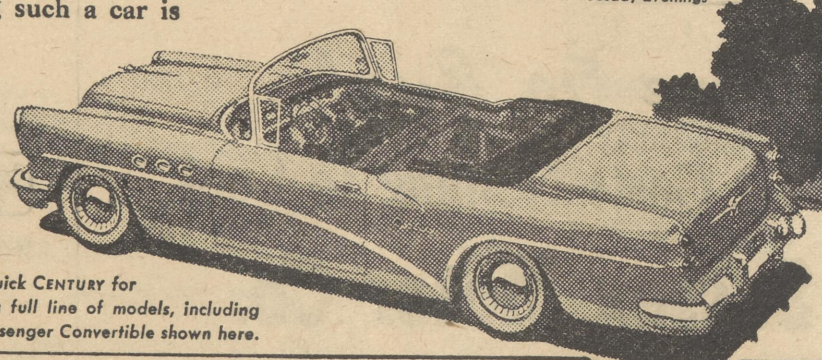

The real pride of owning such a car is

simply this: You know so well what it can do that you never have to prove it.

That lets you enjoy the tireless ease of its gait in ordinary driving, when only a fraction of its eager power is working. It gives you a quick reserve for breasting a hill—and the happy knowledge that there's still more to come in a sudden emergency.

Sure, this is more power than most people really have to have. But you can hardly call it extravagant, when you are buying more horsepower per dollar in a CENTURY than you get in any other car in America.

## SULFAQUINOXALINE

Improves Broiler-Finish and Profits

Coccidiosis is a constant threat to broiler and poultry profits. Feeds containing preventive levels of SULFAQUINOXALINE give your flocks the strongest protection against outbreaks.

1. SULFAQUINOXALINE reduces mortality from coccidiosis to 2 per cent or less, sharply reduces stunting. You save up to 2.5 cents per bird on production costs.
2. Exposed birds protected with SQ feather uniformly, without delay, and have better shank color. Market weights as high as 12 per cent above those of unprotected birds have been reported.
3. SQ-protected birds have shown an average of 6 per cent greater feed efficiency.

It all adds up to finer finished broilers and greater profit for you. Used successfully with hundreds of millions of birds, SQ is the only product effective against all dangerous poultry coccidia. Tell your dealer you want feeds containing SULFAQUINOXALINE—the coccidiostat with the widest margin of safety.

## Kent Home Doings

By Charlotte L. Swanson  
Kent County Home  
Demonstration Agent

"Seafood Dishes" was the main topic of interest at a leader training meeting held in Viola Community Hall Wed., Mar. 10. Miss Gertrude Holloway, nutrition specialist, demonstrated several methods of preparing seafood, including broiling and pan-fried fish, deviled crabs, scalloped oysters, and fish chowder.

The leaders who attended this meeting will talk about seafood to their own home demonstration clubs in June. In addition to demonstrating, they will discuss buying seafood, cleaning, and care of seafood.

These leaders are:  
Blanche E. Faulk, Jessie E. Williamson, Todd's Club; Hattie Smith, Catherine Carson, Victory; Della Harrington, Ruth F. Jarrell, Catherine Hickman, Mrs. J. F. Camper, Harrington Club; Mrs. Alvin Brown, Mrs. William Palmatory, and Mrs. A. T. Slaughter, Laws Club; Edith Hill, Dorothy Pearson, Elizabeth Daugherty, Mary Sipple, Mrs. H. S. Griffith, Houston Club; Mrs. John H. Biggs, Mrs. D. L. Kinney, Viola Club; Mrs. Francis Thomas, Mrs. George W. Pippin, Mrs. Charles Hanson, Fraziers Club; Mrs. Leonard French, Mrs. Calvin White, Happy Homemakers Club; Miss Helen Comstock, Reba A. Harrington, Bernice Warren, Christine Meyer, Oak Grove Club; Mrs. Harry C. Johnson, Mrs. Fred Harris, Mrs. William George, Smyrna Club; Margaret S. Evens, Viola Club; Anna C. Knotts, Kathryn Short.

Ruth Rusby, Leipsic Club; Ann Hurd, Margaret Kennedy, Helen H. Warner, Chestnut Grove Club; Ruth Lichtenberger, Dorothy Cannon, Andrews Club; Ruth Blechman, Margaret King, Hartly Club; Mrs. Beatrice Rumer, Mrs. Anne Hynson, Mrs. William Rowe, Friendly Homemakers Club; Mrs. Leonard A. Taylor, Mrs. Harold Fry, Merry-makers Club; Mrs. Fred Fifer, Mrs. Elmer Dunn Jr., Mrs. Harvey Porter, Cee-W-Dee Club.

One of the favorite recipes was for fish chowder - try it for your family.

**Fish Chowder**  
1 lb. fillets  
2 tablespoons bacon, diced  
1-2 cup onion, chopped  
2 cups hot water  
1 cup potatoes, diced  
2 cups milk, 3-4 teaspoon salt, dash pepper  
chopped parsley

Cut fillet into one-inch pieces. Fry bacon until crisp and brown. Add onions and cook until slightly brown. Add water and potatoes; cook 10 minutes or until potatoes are partially tender. Add fish and simmer 10 minutes or until fish flakes easily when tested with a fork. Add milk and seasonings; heat. Serve immediately with chopped parsley sprinkled over the top. Serves 6.

\*One pint chopped clams may be substituted for the fish.

### Diverted Acres Mean More Profits

"Make Diverted Acres Work for You!" Thousands of our farmers will be hearing and reading this slogan as they prepare for the 1954 planting season, states George Vapaa, county agent.

Diverted acres in this case means a shift from overabundant crops to those which will make more profit for farmers, Vapaa asserts.

Corn and wheat are the most important local crops that come under the head of surplus. The 1954 acreage reduction for corn is a voluntary program in this

state, but farmers who do not observe the acreage allotment assigned to their farms will not be eligible for price supports on the 1954 crop.

Wheat acreage allotments for this year, backed up with a marketing quota program have been approved by farmers' vote.

The county agent points out that as a whole our whole economy adjusts to a more normal peace-time situation, adjustment in agriculture must be made too. The production of food and fibre must be kept in balance with the market demand for farm commodities. At the same time, farmers must not be penalized for having adopted improved management practices which increased their production efficiency.

Sometimes in the future our rapidly increasing population will need all the food and feed we can grow. To supply these needs the yields of most crops must be increased, and this means we must pay more attention to soil fertility—particularly in starting a regular program for replacing soil fertility.

What crops can be grown instead of corn and wheat? There are several others that will make a good profit, Vapaa assures farmers. Dairy farmers could well increase permanent pasture. Other diverted land could be planted to grass, alfalfa hay and soybeans. If a definite market is assured, there is profit in growing hay for the mushroom industry, grass and legume for seed, popcorn, blueberries, strawberries and canning crops. Forest and Christmas trees are a good long time investment.

Specific recommendations are listed in a folder, "Diverted Acres Their Use and Conservation," prepared by the Agricultural Extension Service and the Agricultural Stabilization and Conservation Committee. The folder is being mailed to Delaware farmers this week.

John L. Tarbuton, chairman of the county ASC committee, urges Kent County farm people to consider the practical suggestions in this folder. He says, "With the wheat bins and corn bins overflowing, we owe it to ourselves to act wisely and help solve the situation of over-abundance. Perhaps by so doing we can help stop a price crash or more rigid government control. Let's try and cooperate to help bring our markets in balance."

Any farmer who would like help in planning his diverted acres will find county agent Vapaa eager to assist you. For financial help in establishing soil improvement practices such as seeding, fertilizing and liming of legumes, see County ASC Manager R. Harry Wilson.

### Get Equipment Ready For Spring Planting

There is not much time left to condition field equipment for the spring planting season, warns George Vapaa, county agent. Hundreds of tractors, plows, cultivators, discs and planters will soon be working in fields across the county.

Start with a thorough inspection of all field equipment to be used, advises Vapaa. Check hitches, seats, clutches, brakes, and other controls, as well as unguarded revolving parts such as gears, chains or shafts. Check your fuel line and wiring systems. Leaky fuel lines or hazardous wiring can easily lead to a bad fire. It is also important to remove dirt, trash and grease from platforms, pedals, foot rests or steps if safety footing is to be assured when operating equipment. Repair or replace all defective parts.

Careful operators will also take time to equip tractors with fire extinguisher and secure holders for grease guns or other servicing tools carried on the tractor. Loose accessories may lead to

falls or other casualties. A good step or grab bar will also provide security in getting on or off the tractor.

Special care should be taken in checking home-made labor saving equipment for accident hazards. The operator's safety is often overlooked with this type of equipment. Accidents can easily offset all the other advantages that might be derived from homemade labor saving equipment. And remember—the best protection if not used.

### 4-H CLUB NEWS

During National 4-H Club Week March 6 - 14, 12 Kent County 4-H clubs participated in the window display contest.

The Houson Cardinals were chosen the winners for their excellent display. Mr. 4-H Clover in the background showed the projects that are carried by 4-H'ers. An interesting feature in the display is the garden which has carrots, peas, onions and corn growing. The members take turn watering it each day.

Honorable mention goes to the Clayton Clodhoppers for their display — the theme being the International Farm Youth Exchange; Woodland Beach Sea Gulls — Who's Who in 4-H Club Work and Andrewsville Speedies — projects carried by 4-H'ers.

The other clubs participating and location of their displays is as follows:  
Smyrna Bucking Bronco's, Smyrna; Willing Workers, Smyrna; Oak Grove Blue Hens, Dover; Chestnut Grove, Dover; Westville, Sandtown; Milford Milwood, Milford; Harrington Sunshine, Harrington; and Vernon Honey Bees, Harrington.

## Greenwood Boy Wins 4-H Annual Award

Roland Rogers

The State award for all-around accomplishment in the 4-H Meat Animal program in 1953 went to Roland Rogers, 16, of Greenwood.

Learning the best methods of feeding and management, he has won recognition in exhibiting swine and poultry. He has given many demonstrations and talks on these two projects.

Roland has served as vice-president of the Greenwood Hi-Flyers 4-H Club. He is the son of Gardner Rogers, who farms 60 acres on R. F. D. No. 2.

In recognition of his accomplishments, Thomas E. Wilson provided the 17-jewel pocket watch award.

Q — I started training as an accountant under the Korean GI Bill, but I'm afraid I'm in the wrong field. I know I'll have to make my one-and-only change of course, but I want to be seasonably sure it'll be the right change. Could I get VA vocational counseling to help me?

A — Yes. You may apply for counseling on the same application form you use for requesting a change of course.

Q — I want to go to college under the Korean GI Bill to take courses in a variety of fields. They wouldn't lead to a degree or to any sort of objective; they're just courses I've always wanted to study. Would I be permitted to do this under the GI program?

A — No. Under the law, your training program must lead to a single, identifiable educational, professional or vocational objective. You would not be permitted to take courses that do not lead to such an objective.

Q — My wife and I both are World War II veterans. May we buy a business together, with a GI business loan, and thereby increase the amount which may be guaranteed? It would not be a real estate loan.

A — Yes. However, the guaranty may not exceed 50 percent of the loan, up to \$4,000, which is the maximum for your combined business loan guaranties.

Q — May a seller charge me more for a house than it has been appraised for the VA, if I buy it with a GI loan?

A — No. Under the law, the purchase price may not exceed the reasonable value determined by VA appraisal. It is illegal to pay more.

**Aztecs Loved Flowers**

Despite the cruel and warlike characters of the Aztecs, they loved flowers and wove them into chaplets which they wore in tribute to their gods. Statue of Xochipilli, ancient Aztec god of beautiful, fragrant flowers, was adorned with floral carvings. And the apartments of Montezuma, mighty emperor of the Aztecs, were filled with exquisite cut flowers.
