

DEMOCRATS AHEAD, 2 TO 1, IN YEAR'S FIRST REGISTRATION

The number of voters in the Ninth Representative District who had their names enrolled on the registration books Saturday was 585.

Party affiliations by the persons registering in Kent County, to be eligible to vote in the general election in November, gave the Democrats a two-to-one victory. There were 2474 voters who expressed affiliations with the Democratic party and 1295 who chose the Republican party, with 467 expressing no preference.

Slightly more than 34,000 voters in Delaware registered Saturday, the first of six such days this year. All voters desiring to vote must register this year, whether or not they have been registered. The registration will be permanent except in cases where the voter has not voted in the previous two general elections. Then, he or she must register.

Registration Saturday in the First of the Ninth was 375, of which 238 were Democrats and 72 Republicans; no affiliation, 15. In the Second of the Ninth figures were as follows — Democrats, 170; Republicans, 35; nonaffiliated, 5. First of the Sixth — Democrats, 86; Republicans, 26; nonaffiliated, 9; Second of Sixth — Democrats, 88; Republicans, 21; nonaffiliated, 7. First of the Eighth — Democrats, 139; Republicans, 42; nonaffiliated, 25. Second of Eighth — Democrats, 122; Republicans, 111; nonaffiliated, 57. First of Tenth — Democrats, 74; Republicans, 49; nonaffiliated, 7. Second of Tenth — Democrats, 62; Republicans, 42; nonaffiliated, 23. Third of Tenth — Democrats, 69; Republicans, 73, and nonaffiliated, 15.

Warehouse In Milford Burns

Fire early last Friday destroyed a large warehouse on the Torsch Packing Company plant on the Mispillion River at Milford.

No estimate of the loss was available, but some sources said it could top \$100,000.

The warehouse was filled with canned string beans, lima beans, and tomatoes—stored since the plant was operating last summer.

Firemen from Milford's Carlisle Fire Company were reluctant to estimate the loss because they did not know the value of the canned goods destroyed. One said there was "truck load after truck load" stored in the warehouse.

The warehouse, about 100 by 80 feet, was of frame and corrugated construction. Firemen said the flames appeared to have started in the middle of the building.

The fire was discovered about 3 a.m. by two Milford policemen, Edward Kielbasa and Everett Jones. They said the blaze was well under way and flames were shooting through the roof.

Police said there is a night watchman at the plant during the summer when it is in operation, but none at this time of the year.

Firemen were able to keep the roaring flames from spreading to the plant's main building only 100 feet away. They remained on duty for four and a half hours.

The blaze was the second in recent years to hit the firm's property. On Sept. 8, 1952, fire in its transient labor camp destroyed six buildings for an estimated loss of \$5,000.

Delaware's Fishing Report

Shad have now begun their annual run up the Delaware and Nanticoke rivers. Fisherman can have a lot of fun with these fish if a few simple procedures are followed. A fly rod or spinning gear with streamers, bucktails, small spoons or spinners will usually produce especially if you use a red glass bead immediately in front of the lure. Play these fish carefully, as they have delicate mouths which tear very easily. The fish when they are on their way upstream are in good condition, and at this time the females are full of roe.

Pond fishing is getting into full swing with milder weather. Crappies are being taken from many ponds in the state. Pike are beginning to take plugs. Fishermen are preparing for trout season which will open April 14. Three streams will be stocked with legal fish just before the season opens.

Four values of Falkland Islands Dependencies stamps will be overprinted "Trans-Arctic Expedition 1955-58" in honor of the venture. Port Stanley learns. Ceylon will exploit its ilmenite sands.

Mrs. Rhoda Kenton Dies at 96

Mrs. C. Rhoda Kenton, 96, died at her home in Milford Tuesday afternoon after a short illness.

She was born at Bridgetown, Md., the daughter of Mr. and Mrs. Thomas McGuire Pritchett, but had resided in and near Farmington most of her life.

Her husband, William Henry Kenton, died in 1932. In recent years Mrs. Kenton has been spending her winters with her daughters in Milford and her summers at her home in Farmington.

Funeral services will be held at the Boyer Funeral Home tomorrow at 2 p. m., in charge of the Rev. M. T. Hankins, pastor of Salem Methodist Church, Farmington, assisted by the Rev. William Tull, pastor of the Church of God, of Milford.

Interment will be in Hollywood Cemetery.

Mrs. Kenton is survived by four daughters, Mrs. Mary C. Sockrider, Mrs. Harry T. Walls, Mrs. Burton Masten, and Mrs. Raymond Newnam, all of Milford; two sons, William B. Kenton, Houston, and Elwood H. Kenton, of Ellendale; 25 grandchildren, 44 great-grandchildren, and six great-great-grandchildren.

Friends may call at the funeral home Friday evening.

CUB SCOUT NEWS

Songs opened the pack meeting Friday evening of the Cub Scout Pack 76 of Harrington in the Harrington School.

The following badges were presented by assistant Cub Master Robert Masten: Marvin Smith, lion badge; Ronnie Hughes, silver arrow badge; Frank Cain, bear badge, and Doug Moore, assistant denner.

Den 4, under the direction of Mrs. Robert Masten, presented a underwater skit, along with interesting displays made by the other dens in keeping with the theme, Bottom of the Sea.

Ending the meeting with games and refreshments, it was announced that the Cub Scouts will have a soap selling campaign.

The pack committee met at the home of Mr. and Mrs. Randall Knox, Jr., Saturday evening.

The committee for the following year will be: Chairman, Randall Knox, Jr.; Cub Master, Robert Masten; Assistant Cub Masters, Harold Fry and Howard Dill; Secretary, Harry Darby; Treasurer, Leonard Taylor; Games Clarence Black, and handicraft, Leon Porter.

Of Local Interest

Mrs. Lester Minner is in the Milford Memorial Hospital with an attack of pneumonia.

Mr. and Mrs. Raymond Wilson and Miss Letha Wilson of Wilmington, and Sgt. Frank Lobes of the Dover Air Base were weekend guests of Mrs. O. C. Passmore and Mrs. Hilda Meredith.

Mr. and Mrs. H. D. Walker of Milford and Mr. and Mrs. Charles Killen of Felton were Friday evening dinner guests of Mr. and Mrs. W. R. Massey.

Walter Moore of Milford and William Clarkson of Wilmington were Sunday guests of Mr. and Joseph Callaway and family. Later in the day they all visited Mr. and Mrs. Clarence Clarkson in Greenwood.

Mrs. Joshua Bunting of Berlin Mr. and Mrs. Howard Whaley and son, Howard of Salisbury, and Mr. and Mrs. Walter Baker of Gumboro were guests of Mr. and Mrs. Howard Williams Sunday.

W. A. Wheeler suffered a fall Monday, but, luckily escaped with only bruises. He was working at the park.

Mr. and Mrs. Melvin L. Brobst and son, David, are spending the Easter holidays with relatives in Allentown, Pa.

Asbury Methodist W.S.C.S. Notes

The Woman's Society of Christian Service of Asbury Methodist Church will meet Thursday at 7:30 p. m. in the Collins Building.

Topic will be "Christian Discipleship Today," led by Mrs. Fulton J. Downing. The hostess circle will be the Dorcas Circle.

Venezuela's crude oil output has hit another high at around 2,241,500 barrels daily.

Pilgrim Holiness Church To Be Dedicated Sunday

Extensive plans have been made to formally dedicate the recently completed Pilgrim Holiness Church this Sunday, April 1, at 2:30 p. m. The public is cordially invited to attend.

Dr. Paul F. Elliott, general secretary of Sunday School and youth work of the Pilgrim Holiness Church will deliver the dedication address. The Rev. J. D. Abbott, district superintendent of the Pilgrim Holiness Church, will deliver the charge to the local trustees and congregation.

This service marks the end of ten months of diligent effort on the part of the local congregation, building committee and contractors.

The present pastor, the Rev. William H. Miller, came to the church in August, 1952. In January, 1954, a building fund

was started and in the summer of 1954 the property on which the church is built was purchased from Fulton J. Downing. Construction began on the church in June, 1955.

The church is of brick construction with stained glass windows. The seating capacity is approximately 250 in the sanctuary. There is a full basement which is divided into eight Sunday School rooms. Future plans call for the parking area along side of the church to be paved.

Evangelistic services will be in progress March 29 through April 3. The Rev. Elliott will be preaching through April 1, and night April 2 through April 3. There will also be special singing in every service. We wish to use this means to give the entire community an invitation to attend these services.

Rotary Plans Beauty Contest

The Harrington Rotary Club Beauty Contest Committee met on Tuesday night and decided to hold the Seventh Annual Beauty Contest at Reese Theater Thursday night, May 3.

It was agreed to have a feature picture, the beauty contest, and finally a "This is Your Life" honoring some outstanding citizen of this community. It was left to the committee of three to pick this person, making sure that there is absolute secrecy and that even the party picked does not know it.

The person picked can be of either sex, old or young, can be a former beauty contestant or a student in Harrington High School. From among the people of this community there are many who can qualify for this honor.

Further details will be in The Harrington Journal next week.

Service Station Robbed Near Canterbury

What has been described as a bold robbery took place at the service station of Albert Steel, along the south bound lane of the dual highway, about two miles north of Felton, sometime early Sunday morning.

According to an investigation made by state police, the intruders broke a glass in the door of the service station building, reached inside and turned a lock on the door to gain entrance.

The intruders rifled the cash register of about \$50 in silver money, but the investigation revealed that apparently nothing else was taken from the building.

The investigation revealed that the robbery took place sometime between midnight Saturday and early Sunday morning, when it was discovered.

The robbers were working in full view of the traffic along the dual highway which is described as almost constant throughout the night.

Delaware Memorial Bridge Final Check

Additions, corrections or deletions to the names of the World War II and Korea dead, which appeared in an advertisement in this newspaper recently and which will be inscribed on the Delaware Memorial Bridge plaza monument, will be accepted until midnight March 30, 1956, it was announced today.

Following that date it will be impossible to make changes and the names will be forwarded to the contractor for casting. Anyone who may have further corrections should write immediately to Richard A. Haber, Chief Engineer, Delaware Interstate Highway Division, Box 71, New Castle, Delaware.

Britain now has 13,000,000 TV viewers.

Sulky Slants

By MRS. DAVE (PAT) SMITH

I promised to get some history about Harrington from Mr. Holloway, Sr., but I've been so busy while we had nice weather. Every minute counts at this time of the year, but lots of brave hearts are shipping out anyway.

All you hear now out here is "Where are you going to race this year?" Jake Merskey sent all his horses out to Chicago for the spring meet. Bet he catches a lot of bad weather.

There is a little bit of sadness out here among the horsemen as the news of the passing of Mr. Cane, president of Yonkers Raceway, and owner of Goshen Mile Track. He will be greatly missed as he was for the horsemen all the way. We have a picture of him taken back in 1941 when he and Frank Wiswal presented Lee Smith with the trophy he won with Bill Gallon. How young he looked!

While I am sitting here writing this I see Earl Thomas' big beautiful red truck coming in. Another stable will be on the way. Gosh, I hate to see winter training break up, but that comes with this business - Here today and gone tomorrow.

Mr. and Mrs. Wilcox of Maine visited quite a few of their friends on their return from a trip of the southern training camps. I asked them how they found the weather down there. Mrs. Wilcox said, "Gosh, it was real cold most of the time." They, at one time, trained across from our stable.

Mr. Derrickson and his two sons, Allen and Mike were visitors out to the track this past week. I don't think any youngsters had any more fun than these two.

Mr. Collins out dashing around. Bet he is getting ready for the Easter rush. Mr. Black loading up his car with packages at the post office. I'll be watching your windows.

And what goes with Mr. Price, Sr. doing tree surgery? I believe you are a jack of all trades.

Our post master dashing a round town. Very busy man. But he is very pleasant with it all. That's our Mr. Dill.

Oh, yes, what gives with the nice orchids you are passing out, Sam? Dave was over to his store and he came home with a beautiful orchid. Maybe some of your songs just happened to go over big. If you listen to the Milford station you will hear quite a few of Sam Short's records being played. Well, Sam, I'll try and hold on to Mr. Orchid until Easter, and thanks.

If any of you happen to be going along, just take a gander in Mrs. Warrington's furniture store at the beautiful Azaleas she has all around in the windows.

Speaking of Easter, I don't think the weather is ever real nice 'til the day is over. As for the weatherman, that's a joke any more. Guess we will spend the day, or part of it, in Wilmington as usual, unless the roads are bad.

Mr. "Dummy" Ellison who runs the clubhouse has been very ill at his trailer the past week. Hurry and get well as the horsemen all miss you, Dummy.

Mrs. Walter Ratledge shopping over in Milford. Grace, as usual, was in a hurry.

Mr. and Mrs. Reese Harrington out to see their horses, and I bet they brought out a bag of sugar and carrots.

I wonder if any of you ever watch the program "Today." If you do, aren't the new spring hats terrible? Why go back to the horse and buggy days for styles? I bet they don't last. I, for one, hope not.

But today there is more accent on clothes than in the old days when at old Easter thoughts were more about church and the Easter services. Course we all had a new outfit.

I would love to be able to visit all the churches as they really have such beautiful services, and all the flowers that fill the pulpits are just beautiful.

May I wish each and everyone a Happy Easter.

South Africa has banned export of horse, mule or donkey meat. Last year the carcasses of 9,332 horses and donkeys were exported, Cape Town reports.

To September 30, 1955, Portugal had 22,000 U.S. tourists, up 17 per cent over 1954.

Trash Collection Postponed Until Saturday

The municipal trash collection, normally performed on Fridays, will be held tomorrow because of the observance of Good Friday.

Egypt is buying 36 locomotives in the United States and coaches in Hungary, and expects 1956 to be a turning point in its railway development, Cairo learns.

Iraq's new Daura oil refinery, with capacity for 3,760,000 barrels of crude a year, now is operating under American key personnel, employing Iraqi labor.

Bloemfontein, South Africa, hopes to be the site of the largest observatory in the southern hemisphere, to be built by Western European astronomers.

RED CROSS DRIVE ENDS THIS WEEK

Harry E. Darby, chairman of the 1956 Red Cross Drive for the Harrington area, said Wednesday that the campaign should be completed according to plan by the end of the week.

The reports of the captains will not be completed, however, for another week or so and the special gifts are to be tabulated. The local goal is \$800.

Darby reports that support this year has been very encouraging and apparently ahead of last year's drive. The outstanding work done by the Red Cross during the recent East Coast and California floods has earned the praise and support of new and old friends.

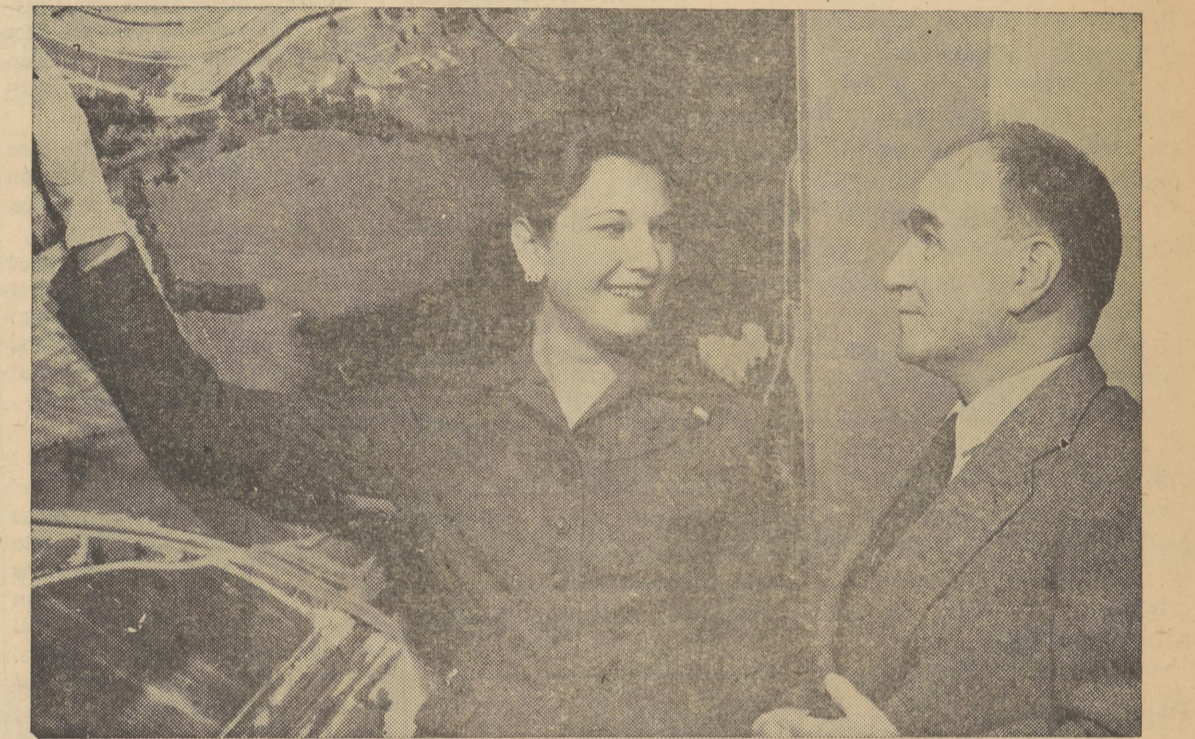

The Red Cross has given first-

aid training to 1632 pupils in Delaware, including the local school. It has also taught home nursing.

Local captains are Mrs. William Shaw, Mrs. Arnold Gilstad, Mrs. Fulton Downing, and Mrs. Joseph Konesey.

Anyone wishing to make a contribution by mid-April, please contact the above or Mr. Darby at Harrington 8306. For use of Red Cross services contact Mrs. George Baynun, Milford 4235, for home service, or Mrs. Charles Swain, Milford 8473, for other Red Cross services. A complete list of workers in this area will be made at the close of the drive next week when the results are announced.

Janice Olson Gets Ready For Cherry Blossom Festival

Miss Janice Olson, who is about to leave for Washington, D. C., next Tuesday to be Delaware's Cherry Blossom Princess, discusses another of her many forthcoming assignments in her new role of Miss Delaware with Bryan Field, vice president of Delaware Steeplechase & Race Association. Miss Olson is pointing to a photograph of the new parking area at Delaware Park which will be ready for patrons opening day, May 28, a day when she will be on hand to greet visitors.

Delaware State Development Department

Highway Officials Reorganize In Top Grades

A reorganization of the officials in the top grades of the State Highway Department has been announced by R. A. Haber, Chief Engineer of the Department, to be effective on April 1st.

All but one have had long service with the department.

William J. Miller, Jr., who has been Traffic and Planning Engineer for the department, has been advanced to the office of Deputy Chief Engineer.

Ernest A. Davidson, who has been Division Engineer in New Castle County, will succeed Mr. Miller as Traffic and Planning Engineer, and Leslie L. Maxwell will return as Division Engineer for New Castle County, a position he filled a few years ago.

Wallace F. McFaul will succeed Paul Scotten as Division Engineer for Kent County, and George H. Tunison will succeed Edward V. Rose as Division Engineer for Sussex County.

Lester W. Novinger, Plans and

Design Engineer, will become Construction Engineer and will be succeeded in his former office by Gordon Massey, who was formerly Chief of the Drafting Room.

John B. Carson, at present Construction Engineer, will become Suburban Development Engineer, succeeding Chauncey O. Simpson, who will become Research Engineer, with additional duties as Federal Aid Engineer upon the retirement of Robert C. Densten.

Mr. Haber also announced the following appointments, which were effective as of March 16th, James B. Bice, Jr., to be Equipment and Maintenance Engineer.

H. Fleming Hart to be Chief Right of Way Engineer and to have right of way jurisdiction for the area from the Delaware and Chesapeake Canal south.

Herbert L. Keene to be Metropolitan Right of Way Agent with jurisdiction from the Delaware and Chesapeake Canal north.

In the announcement issued by Mr. Haber concerning changes, he also again reminded the division heads about service to the public, saying in part, as follows: "I fully expect that those in-

olved in this reorganization will proceed with the necessary transfer of their work and duties in an orderly manner, and that the changes will result in a new enthusiasm and vigor in attacking our old problems and a different approach to our new ones.

"I reiterate my previous statement that our purpose is working for the State Highway Department is to provide service, and I expect your full cooperation and support in fulfilling that duty."

Local Woman Hurt in Crash

Joan Avis Gray, 20, of Harrington suffered bruises of the chest and left leg Monday when the car she was operating was involved in a collision with another automobile at the intersection of Route 13 and 28, six-tenths miles east of Laurel.

She was treated by Dr. Charles Moyer of Laurel. State police said the operator of the other car was Betty R. Evans, 21, of near Seaford.

Police said the latter had stopped for a stop-sign at the intersection but came onto the highway before it was safe to move across. She was arrested on the charge and fined \$10 and costs by Magistrate J. Alton Knowles of Laurel.

Fred M. Williams Seeks Nomination For Levy Court

Fred M. Williams, former sheriff of Kent County and former acting postmaster of Hartly, has tossed his hat into the ring for the Democratic nomination for commissioner from the Second Levy Court District.

The district comprises the Third, Fourth, Sixth, and Ninth Representative Districts, with Harrington covered by the last-named two.

The Democratic Primaries will be in August.

Mr. Williams, a farmer and a native of Kent County, served as sheriff in 1956 and 1946. He served as acting postmaster of Hartly in 1949 and 1950 when that office as a first-class one. He is a member of Hartly Lions Club and a former member of the Hartly School Board.

A New Delhi survey shows that the average annual all-India income of a farm labor family now is 447 rupees (about \$93.87).

New M. P.'s

Pvt. Wayne Brown

Pvt. Richard Gordon

Pvt. Wayne Brown, 19, son of Odeth Brown, Harrington, recently was graduated from the Military Police Training Center at Camp Gordon, Ga. Brown, a 1955 graduate of Harrington High School, entered the Army last October and completed basic training at Ft. Jackson, S. C.

Army Pvt. Richard B. Gordon, 19, son of Mrs. Sara B. Gordon, Frederica, recently was graduated from the Military Police Training Center at Camp Gordon, Ga. Gordon, a 1954 graduate of Caesar Rodney High School, in Camden, entered the Army in October 1955 and completed basic training at Ft. Jackson, S. C.

C. H. BURGESS Editor
W. C. BURGESS Associate Editor

YOU FIGURE IT OUT

Several persons who pled guilty to a safe robbery here, were tried in Dover and left off with three years probation and no fine. Pete Fink of Sockum, wants to know, "how come?" He adds, "If I try out my hot-rod four on the drag strip paralleling the railroad in Farmington, I am fined." Verily, verily, how come?

The full moon this week has given us a better understanding of the first stanza of Lord Byron's poem, "She Walks in Beauty".

She walks in beauty, like the night
Of cloudless climes and starry skies;
And all that's best of dark and bright
Meet in her aspect and her eyes;

AT LAST, AT LAST

At last, at last a movie theatre has come along which will put the hoodlums in their place. Manor Theatre, on the DuPont Highway, near Wilmington, has been advertising thusly in the Wilmington newspapers: "Due to the amount of noise and mischief, no children or 'teen-agers will be permitted to attend our performances unless accompanied by parents."

Breathes there a soul so dead, ne'er to himself has said: "I'd like to take a ball bat and crack the shins of every punk who, at the movies, persists in parking his feet on the back of my seat?"

We have been noticing this example of ill-bred behavior for some years now in theatres all over the country. And not all the culprits are under age, neither.

Probably nothing has nurtured the growth of the drive-in theatre so much as the actions of the ill-bred nincompoops in the regular movie houses.

We have persistently seen them — feet on the back of a seat. Feet draped over the unoccupied seat. Persistent talking when their idiotic minds cannot follow the plot of a class B picture. Popping of gum which will soon be stuck under the seat.

And now a theatre has come forward and told them what to do or else. O, what a beautiful morning, O, what a beautiful day.

Houston

The Resurrection will be the theme of Easter Sunday morning. At the evening services at 7:30 the annual Easter program, under the direction of Mrs. Vaughn, will be presented. A drama of the cross, "Are Ye Able," will be presented by members of the MYF.

Today, Good Friday, services will be held in the Calvary Methodist Church in Milford.

The Methodist men of Houston Church will hold their meeting Wednesday evening in the church.

Church hostesses for April will be Mrs. Ella Simpson and Mrs. Frances Parvis. Mrs. Lida Marvel and Mrs. Harvey Marvel will be on the flower committee. The ushers will be Edward Mulholland, Russell Hayes, Houston Twilley, and Palmer Austine. Carl Prentice is the chief usher.

William Hayes is quite ill at the home of his daughter, Mrs. Dennis Minter. Mrs. Jennie Hendricks is ill, and Mrs. Thomas Stayton from Williamsville is very ill.

Mr. and Mrs. Jenkins of Kingston, Pa., arrived in Houston on Friday evening of last week and will be spending some time at the home of their son-in-law and daughter, Mr. and Mrs. Byron Phillips and children. The Phillips have moved into their new home recently purchased from Mr. and Mrs. Carl Smith.

Miss Sylvianne Daugherty, a student nurse at the Philadelphia Hospital, spent last weekend with her parents, Mr. and Mrs. W. Shockley Daugherty. On Sunday they took her back to the hospital. Edward Vaughn, son of the Rev. and Mrs. Joseph Vaughn, and a student at Wesley Junior College in Dover is now home for the Easter vacation.

The children of G. A. Morgan gave him a surprise party on Friday night in honor of his birthday anniversary. Those present were Mrs. Edna Sapp, Mrs. Anna T. Hawkins, Mr. and Mrs. Francis Simpson and family, and Mr. and Mrs. Marshall Hart and family of Magnolia, and Mr. and Mrs. Franklin Morgan.

Mr. and Mrs. Franklin Roe of Norfolk, Va., are receiving congratulations on the birth of a son in Portsmouth Naval Hospital. He weighed over seven pounds and has been named Franklin Paul. The Roe's expect to come home this weekend.

James Nelson had the misfortune to mash his thumb very badly while repairing a cob crusher.

Russia hopes to send a plowing team to Northern Ireland for the championships at Antrim this year, Moscow reports.

Tea still is Ceylon's most important source of revenue, Colombo reports.

Felton

Palm Sunday services were observed at the Felton Methodist Church on Sunday morning. There was special music by the Senior and Junior Choirs. The Rev. Carl Henn had for his Palm Sunday sermon, "The Temporary Triumph of Jesus." The white Easter lilies of the altar were presented by the Howard Henry family in memory of Mr. Henry's mother. The Lenten offering folders are to be brought in on Easter Sunday morning and given to an usher as you enter the sanctuary.

The Woman's Society of Christian Service meeting for Monday, April 2, has been postponed until Monday, April 9. This meeting will be a joint meeting of the afternoon and evening circles and will be held in the evening in the Community Hall.

Mr. and Mrs. Francis Holden are receiving congratulations on the birth of a daughter, Helen Holiday "Holly" at the Milford Memorial Hospital, on March 21. Mrs. Lott Ludlow was hostess to her bridge club last Thursday evening.

Mr. and Mrs. Lee Harrington spent last Friday in Baltimore. Mrs. William Haldeman, son, Allen, and daughter, Karen, were visitors in Wilmington last Wednesday.

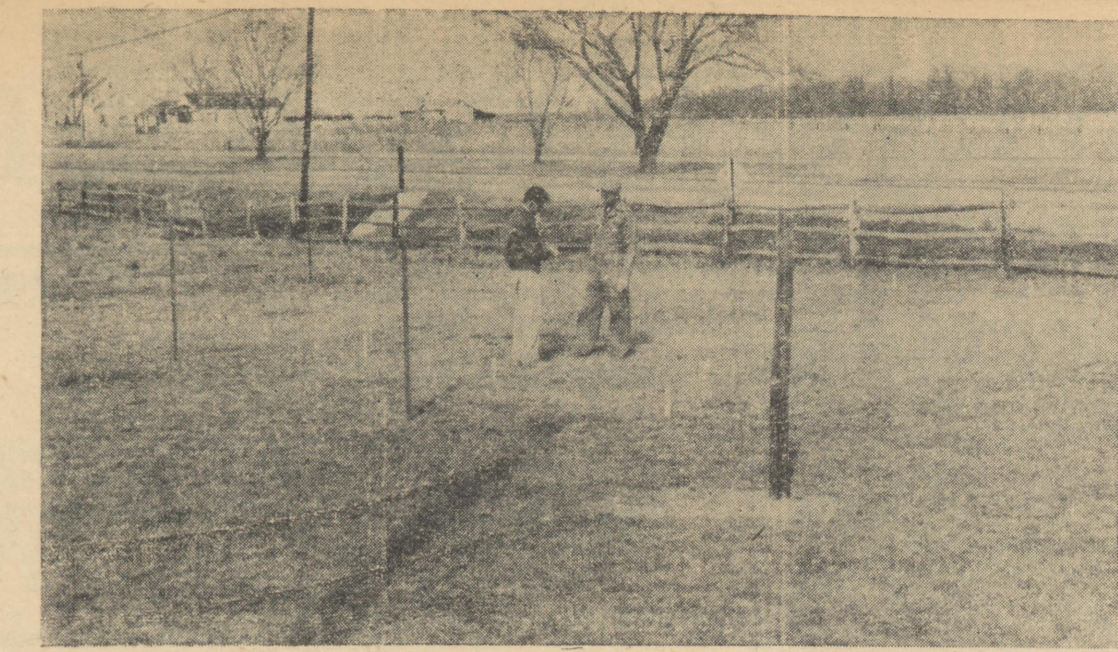

Mr. and Mrs. Barrett Simpler and Mr. and Mrs. C. M. Simpler attended the funeral of Barrett Connor last Friday. Mrs. Mintie Coverdale of Dover spent last Saturday with her sister, Mrs. B. W. Coverdale.

Merrett McMullen and Miss Jennie Heckel of Perryville, Md., were dinner guests on Saturday of Mr. McMullen's grandmother, Mrs. Linda C. Taylor, in honor of her 83rd birthday. Miss Hazel Tinley of Wilmington was the weekend guest of her uncle and aunt, Mr. and Mrs. Ira DeLong and family.

Mr. and Mrs. Lott Ludlow and family were Sunday visitors of Mr. and Mrs. Ralph Warwick and son, Jimmy, in Newark. Mr. and Mrs. Benjamin Rash have received word that their son, Russell, has arrived at Fort Lewis, Washington. Another Felton boy at Fort Lewis is Elbert Harrington, Jr., son of Mr. and Mrs. Elbert Harrington.

Mr. and Mrs. Wade Schaub and Mrs. Maude Reynolds were Sunday afternoon visitors of Miss Alberta Cornelius and Mr. and Mrs. Allan Woodring in Smyrna. The Felton Girl Scout Troop have made Easter tray favors for the Jarvis and Fletcher Nursing Homes.

Mr. and Mrs. Al Muffley of Williamsport, Pa., spent several days last week with Mrs. Anne Sharp.

William Mitchell, assistant agronomist at the University of Delaware, and Wesley Webb, former assistant agricultural agent in Kent County are shown recording data on one of six pasture fertilization trials in Kent County. This pasture trial is located on the farm of Chas Ewing, south of Smyrna and just to the right of his lane as you drive in. Another trial has been set up on the dual highway at the Delaware State College. The four others are on the farm of Charles Blendt, east of Smyrna on the road to Leipsic; Stanley Stachecki, just east of Denney's Corner; G. Wallace Caulk, west of Woodside; Merrill Jones, west of Felton. The pasture plots are supposed to demonstrate the value of liming and fertilizing in increasing the amount of plant food for animals during the growing season. The research people will clip and weigh the amount of forage produced on each of these trials so that a comparison will be obtained as to the value of each trial. It is hoped also that the results will give a check on the recommendations furnished by the Experimental Station in the soil testing program.

Mr. and Mrs. Charles Evans of Wilmington were Sunday guests of Mr. and Mrs. Lee Harrington. Sunday evening guests of Mr. and Mrs. A. C. Dill were Mr. and Mrs. W. H. Parsons and Mrs. Kenneth East of Seaford.

Students home from the University of Delaware, Newark, for spring vacation are Nancy Torbert, Morris Turner, Doris Greenley and Art Henry.

Mrs. Edgar Killen, who has been ill at the home of her son and daughter-in-law, Mr. and Mrs. Meadford, is much improved.

Walter W. Moore, who has been home for a ten-day leave after his graduation at Naval Submarine School, New London, Conn., reported for submarine duty at Norfolk, Va., on Wednesday.

Avon Club of Felton Notes

Miss Alice Ulmer, Civil Defense chairman of the Delaware State Federation of Women's Clubs was the guest speaker at the Avon Club, Felton Community Fire Hall last Wednesday afternoon. Mrs. Nelson Hammond, chairman of Civil Defense, and her committee, Mrs. Albert Warren, Mrs. Maude Reynolds, Mrs. Barrett Simpler, and Mrs. W. W. Wood, were in charge.

The club will sponsor the cancer drive, starting April 1, with Mrs. Nelson Hammond as chairman. The club has also voted to sponsor the Red Cross Drive. On April 4, the club will entertain the Senior Class at a tea in the Vo-Ag Room in the Felton School at 2 p. m.

Felton School News

Forty-three members of the junior and senior classes, along with seven parents and teachers, will visit the nation's Capitol Wednesday, April 11. The group will travel by bus. Points of interest to be toured include the White House, Washington Monument, Lincoln Memorial, The United States Mint, The Federal Bureau of Investigation, The Tomb of the Unknown Soldier, and the new monument commemorating the raising of the flag on Mt. Surabachi in World War II. At the Capitol the students will meet Senator Frear, Senator Williams, and Congressman McDowell. They hope to observe both the Senate and The House of Representatives in session. In preparation for the trip the students have seen two excellent films on the attractions of the city of Washington, and the operation of the various branches of the Federal Government. Accompanying the group will be Mrs. W. D. Hammond, Mrs. John Wilkins, Joseph M. Kerns, Robert Callahan, Robert Herbert, and Mr. and Mrs. Howard E. Henry.

Bond Issue
The Felton Board of School Trustees received bids on the 1956 School Bond Issue last Friday. The issue was awarded to the Peoples Bank of Harrington on a low bid of 3% interest with no premium. Francis I. duPont Company of Wilmington bid 3 1/2% for the issue with a premium of \$125. The Farmers Bank of Dover bid 3 1/4% for the issue with no premium.

Junior Play
The class of 1957 presented their first dramatic production, "The Whole Truth", to appreciative audiences on Wednesday and Thursday of this week. Members of the cast included the following: Mr. Joseph Martin, Dorsey Hammond; Mrs. Mildred Martin, Louise Henry; Johnny Martin, Franklin Dill; Elizabeth Martin, Evelyn Good; Helen Martin, Mary Ann Jackson; The Rev. Jacob Teasle, Wayne Dill; G. Whitford Munder, Roy Dill; Aunt Mat Worth, Janet Sherwood; Tom De North, Richard Rosengren; Lucille Armitage, Maureen Hoffner, John, Gene Carlisle; Harriet, Theresa Hrupsa; Messenger, Joe Green.

The play was directed by Miss Mary Pizzadili of the High School Faculty.

Elementary
On April 4, the Elementary grades will have their assembly and will see two movies entitled "Animal All-Stars" and "Quebec Zoological Garden."

Mrs. Dill - Second Grade
The second grade welcomed a new student, Jo Ann Sullivan, from the Caesar Rodney district.

Menu
The menu for the week of April 3, is as follows:
TUESDAY - Creamed Beef gravy on toast, chopped turnip greens, milk, peaches.

WEDNESDAY - Hot pork sandwich, candied sweet potatoes, milk, pineapple.

THURSDAY - Spaghetti with meat sauce, cut green beans, milk, apple sauce.

FRIDAY - Baked ham, baked beans, milk, fruit jello.

First & Second Grade Assembly
On Wednesday, March 28, the first and second grades presented an assembly for the rest of the elementary school and their parents. The program was as follows:
Mrs. Catherine Dill's first grade presented an Easter Fashion Parade with the following cast: Sandra Faulkner, Linda Price, Beverly Granner, Charlene Woikoski, Sharon Wisk, Kerry Vesco, Rosalie Tribbett, Sharon Thomas, Charlotte Robinson, Jean Poynter, Joanne Pierman, Connie Moore, Jane Killen, Linda Kersey, Dora Crane, Wayne Glanden, Douglas Magrath, David Miller, Edmund Kemp, Wayne Sculsbury, Irving Tatmen, Edward Wyatt, and Alan McClements.

The also presented a play entitled "Benny Bunny and the Easter Eggs". Characters are as follows: Charles Kinnamon, Jay Robbins, Joan Wright and Janet McDowell. Recitation - "The Real Meaning", Bruce Kimball. White House, Washington Monument, Lincoln Memorial, The United States Mint, The Federal Bureau of Investigation, The Tomb of the Unknown Soldier, and the new monument commemorating the raising of the flag on Mt. Surabachi in World War II. At the Capitol the students will meet Senator Frear, Senator Williams, and Congressman McDowell. They hope to observe both the Senate and The House of Representatives in session. In preparation for the trip the students have seen two excellent films on the attractions of the city of Washington, and the operation of the various branches of the Federal Government. Accompanying the group will be Mrs. W. D. Hammond, Mrs. John Wilkins, Joseph M. Kerns, Robert Callahan, Robert Herbert, and Mr. and Mrs. Howard E. Henry.

Jo Ann Green; Other Rabbits, Carolyn Smith, Joan Walls, David Hoffner; Mr. McGregor, Robert French; Mouse, Patsy Killen; Cat, Donnie Ross; Stage Manager, William Dill; Scenery, Lee Brown, Donald Brown, Frank Shahan, Marie Cameron, Kenneth Williamson, Kenny Steele, Billy McGee, Charles Hayes, Steve Swanson, William Sharpneck, Larry Vesco, Evan Cooper, Eddie Pennington, Dicky Degnats.

The second grade in Miss Marvel's room presented a musical playlet entitled "The Easter Lily". All members of the class participated. Girls with singing and speaking parts were Marian Markowitz, Fay Hayes, Dolores Griffith, Helen Faye Killen, Susan VanNess, and girls with speaking parts were Emma Lee Killen, Ruth Ann Hendrix, and Cynthia Melvin. Boys with speaking parts were Ronald Walters, Ronald Ross, John Sheets and Roy Dill. Members of the Flower Chorus were Sandra Brittingham, Linda Melvin, Elaine Thompson, Christine Hutson, Scott Handy, Wright Saulsbury, Robert DeLong, and Dorothy Longfellow.

The devotional exercises for the entire assembly were led by Thomas Bouchard of the second grade and Robert French of the second grade. Program opened with a song entitled "At Easter Time".

FELTON PTA NOTES

The March meeting of the Felton Parent-Teacher Association was held on March 26 instead of the earlier date because of bad driving conditions. Charles Sheets, advisor, presided in the absence of the president, Mrs. Benjamin Markowitz. Corporal Ferguson of Troop No. 6, Dover Barracks, spoke on safety.

Officers elected for the coming year are: President, John T. French; vice-president, Mrs. Helen W. Evans; secretary, Mrs. Kathryn McGinnis, and treasurer, Mrs. Myrtle Brittingham.

The attendance banner was awarded to Mrs. Ina Hughes.

fourth grade and Richard Randall's eighth grade on the basis of number of parents present. The next meeting will be April 16 when the new officers will be installed and classrooms open for visitation.

BREAKS UP JAIL GETS HEAVY FINE

A Harrington man arrested for being intoxicated on the streets of Frederica wound up with 75 days in jail and a big bill from the brig facing him when he gets out.

Charles F. Harris of Harrington was arrested and locked up Saturday afternoon by Frederica Chief of Police Lawrence Betts for being intoxicated.

Harris used an iron pipe from the plumbing to smash the locks of the jail which is located in the Fire House, and then kicked out the wooden door. He was caught by Betts about a block away and brought before Magistrate Maurice Carrow who judged him too intoxicated to talk in his defense.

Monday morning Carrow fined him \$20 and in default 15 days in jail for intoxication on the streets and \$50 and in default 60 days for malicious mischief. Carrow also ordered Harris to make restitution to the jail.

Col. Coady Goes To Washington

A Harrington resident has been called to active duty to study and make recommendations on the Marine Corps' reserve program.

He's Marine Reserve Lt.-Col. James F. Coady of Route 3, an agent for the Prudential Insurance Company.

Coady and other reserve officers are meeting for three days at the 5th Marine Corps Reserve and Recruitment District headquarters in Washington, D. C. Their recommendations on the reserve program will go to the commandant of the Marine Corps.

Coady commands a Marine volunteer training unit which meets in Salisbury.

Cambridge, England, scientists have found a virus which destroys the caterpillar of the white cabbage butterfly.

Asbury Methodist Church Notes

"The Meaning of the Resurrection" will be the lesson for study in the Church School session, which will begin on Sunday morning at 10:00 o'clock. This is a study of Luke 13: 28-34, 44-53. It is the record of the experience of two travelers who had left Jerusalem soon after the death and burial of Jesus. Come and study with us the application of the resurrection to our own lives. Classes for all age groups.

Morning Worship will begin at 11:00 o'clock. Easter Day. Sermon by the pastor. Special anthem will be sung by all three choirs of the church. Reception of members on Confession of Faith and on Transfer. You are invited to bring your Easter flowers to the church on Saturday afternoon or evening.

The Ever Ready Sunday School Class will celebrate the 33rd Anniversary of their organization by attending Morning Worship in a body on Easter Sunday. All members and former members are invited to be present and join the class in their celebration.

Evening services will not be held. Regular services will be resumed next Sunday.

Tuesday evening the WSCS will meet at 7:30 in the Collins Building. "Christian Discipleship Today" will be presented by the program leader Mrs. Fulton J. Downing. Hostess Circle is Dorcas Circle.

Choirs will rehearse on Thursday at the regular times.

Booster Class invites all men to come and help them with their clean up campaign at the church Saturday at 1:00 p.m.

Pakistan will name, in Karachi, a committee to survey the country's atomic raw materials. Minister of Commerce Habib Rahimtoola announced.

Britain has issued its five millionth TV license.

Man Faces Third Drunken Driving Charge in Crash

A 49-year-old Harrington motorist faces his third charge of driving an automobile while under the influence of liquor as the result of an accident Saturday night near Dover.

State police at Dover said that the driving record of Ernest Hill shows two previous convictions on the charge and he is now in the Kent County Jail at Dover in default of \$4,000 bond.

The bond was set by Magistrate George K. Shockley of Dover following the crash on the Dover-Hartly Road, about two miles west of Dover. Six persons were injured in the accident.

State police said that a conviction on a third offense of driving while under the influence provides a minimum fine of \$500 and a 60-day jail sentence. Injured in the head-on collision were:

Hill, abrasions of the forehead; Henry Dunning, 80, of near Henderson, Md., a passenger in his car, fractured left leg, lacerations of the left hand and abrasions of the nose; Eugene V. Nolan, 31, an airman attached to the 1607th Food Service Squadron at the Dover Air Force Base, driver of the other car, rib injuries and nose abrasions, and the following passengers in his car—Nancy Pryor, 18, of Smyrna, injured left ankle; Lorraine Blades, 26, of Dover, abrasions of both legs; Staff Sgt. John Coombs, 23, also a member of the food service squadron, abrasions of the right leg.

State police said Nolan was traveling west and Hill was going east when the latter crashed into the airman's automobile. The injured were removed to the Kent General Hospital in the Cheswold ambulance. The bail was set by Magistrate Shockley pending the outcome of Dunning's injuries.

Women in the printing trade in Dublin, Eire, are demanding a wage increase.

U. of D. Substation To Build Model Fruit-Packing Plant

Construction is scheduled to commence this week on a model produce-grading and packing building on the grounds of the agricultural research sub-station near Georgetown, it was announced today by Dr. Chester Hitz, of the University of Delaware horticultural department.

The building is to be a two-story, concrete block structure, 42 feet by 64 feet, and will be equipped with the latest fruit packaging equipment when it is completed in June. The second floor will be a storage. In one corner of the first floor will be a laboratory where soil tests and leaf analysis tests will be made and where special fertilizer mixes and spray materials for research tests will be prepared.

Purpose of the building is two-fold, according to Dr. Hitz. Primarily, it is for packing fruit picked from the research station's 30 acres of apples and 15 acres of peaches. However, it is also being set up as a model small packing operation for baskets, boxes and cartons. Building design and packing machinery will be set up to do an efficient, low-cost packing operation. It is anticipated that capacity will be about 100 bushels of fruit an hour.

E. M. Turner, farm manager at the Georgetown Experiment Station, will be in charge of the packing operations. The new building will be located along the Laurel-Georgetown road about 6 miles from Georgetown.

Packers Want Delaware Lambs

Meat packers have expressed considerable interest in buying Delaware lambs weighing 85 to 90 lbs. if they can be obtained in truck-load lots of from 180 to 200 at a time. Mr. Robert Bull, Extension Marketing expert, told the members of the Delaware Sheep and Wool Association at the meeting on March 20.

Mr. Bull, who had met with the association earlier, was reporting on his investigation of methods of marketing lambs so the producer could obtain prices for lambs that would be based on their grade. His discussion included how lamb pool facilities can be organized so sheep growers can see their lambs graded and weighed; arrangements other lamb pools make with buyers; how grading services can be obtained; buyers of small and large lots of lambs and other information which will be used by the association's lamb pool committee. John H. McQuail of Smyrna is chairman of this committee.

Paul W. Mitchell, Administrator of the Delaware Agricultural Stabilization and Conservation Committee explained the changes that have been made in the incentive payment program covering the sale of woolled lambs. Contrary to 1955 when payments were made only if lambs were sold for slaughter, the producer who sells lambs after April 1, 1956, may apply for incentive payments for all woolled lambs regardless of the use the purchaser makes of them. In order to obtain payments for the wool on the lambs, the seller must provide a record of their weight and proof of sale. Purchasers of woolled lambs who keep them 30 days or longer before the lambs are shorn may apply for payments also for the difference between the wool weights at the time of purchase and shearing. This difference is based on the weight gained by the lambs between purchase and shearing.

Incentive payments on shorn wool will remain at .62 per pound for 1956. Payments on the 1955 clip will be made about July this year. Mr. Mitchell emphasized that March 31 is the deadline for filing applications for incentive payments on wool marketed in 1955, and that many sheep raisers have not yet applied, as total applications to date equal only 2/3 of the amount of the wool sold through the Delaware pool, which handled only part of the wool grown in Delaware last year. Incentive payment applications must be made in the year the wool is sold. However, wool does not have to be sold in the year it is shorn. It may be held and combined with the next year's clip—both being sold together.

Mr. Mitchell explained that cost sharing up to 50% on renovating pastures was now available which represents a liberalization of the earlier program.

Wool shearing teams were set up among sheep graziers all over Australia after union shearers spurned the new wage rates offered, Brisbane reports.

Herring driven ashore by huge schools of porpoises were gathered in buckets by people on the Fylde coast of Lancashire, England, Fleetwood reports.

Of every nine Australians, one is an immigrant who has arrived since the war, Sydney reports. About 250,000 are from the United Kingdom.

U. of D. to Erect Broiler House

Work has begun on a new 6000-bird broiler house at the agricultural research station near Georgetown, it was announced today by Dr. Ernest F. Waller, head of the poultry and animal industry department at the University of Delaware.

He said that construction should be finished by May 1. The house will be 20 feet wide by 320 feet long. It will be a one-story structure except for a two-story feed room in the center.

There will be 30 pens, 10 by 15 feet each and a 5-foot alley will run the whole length of the house in back of the pens to make it easier to carry on experimental work. The house has a 3-inch concrete slab floor and will be equipped with infra-red brooders.

Exterior-type plywood is being used for the walls and the roof will have plywood covered with roofing paper laid on top of the rafters.

Waller said that this would be the first house at the station which has been built facing due south to catch the slanting rays of the winter sun. A two-foot roof overhang will shade the front windows from the direct overhead rays of the summer sun.

The new house replaces one blown down in the last hurricane, Waller says. As soon as it is completed, it will be put to use housing birds for broiler breeding strain tests underway at the Georgetown research station.

"Foster mothers" are being sought to watch out for school children in Johannesburg, South Africa, in a drive to reduce juvenile delinquency.

Kent Home Doings

by Charlotte L. Swanson, Home Demonstration Agent

A flower arrangement using skunk cabbage and the screw willow. Sounds fantastic? That is exactly what Mrs. Herbert Greger of Rockville, Maryland, used to illustrate how one can use very ordinary materials to create a beautiful effect at the short course for home gardeners in Dover last Thursday. She also created some six or eight other arrangements which provided a basic story on the art of arranging flowers. Mrs. Greger is a nationally known flower grower who conducts garden tours all over the world. She has two tours to Europe scheduled for the spring and early summer.

Visitors saw commercial exhibits which ranged over area of gardeners interests. There were landscaped plots, house plants exhibits, power machinery, home irrigation equipment, seeds, fertilizers, sprays, dusts, etc.

Prizes were awarded for the best questions asked at the meeting. Mrs. Melvin Blechman of Hartly won a planter of succulent plants as did Mrs. Susie Knotts of Kenton. Mr. DeYoung won a garden sprayer at the evening session for a question asking about the possibilities of parasitic insects for the control of mosquitoes (the Japanese beetle has been brought under control by the introduction of parasites). The answer given by Professor Darsie, of the University of Delaware staff, was that research is being conducted at the present time by civilian entomologists working for the army. A number of approaches are being employed, but the most likely controls will be

those which attack the insect in the larval stages. He also indicated that since the mosquito is such a wide traveler, and has been with us in such profuse numbers in recent years, the problem would seem to require community controls, rather than individual working more or less alone. Mrs. Kathryn Cole of Dover won the charcoal burner as the door prize. About 350 people were present at the sessions during the day.

Five new oil wells drilled in Uruguay's San Jacinto area have proved failures.

In five years, India will have a \$50,000,000 plant making heavy electrical goods.

Norway expects to sell a million tons of iron ore yearly to Western Europe.

A new 26-story hotel in Hong Kong will stimulate the already big tourist traffic.

The town of Suez, Egypt, will be converted into a tourist resort, Cairo learns.

Quiz
for beer drinkers

Q Why was "longer filtering" developed by Gunther?
A Brewing experts have always known that if a way could be found to remove every last trace of harshness, they would have a beer that was cleaner, clearer, and smoother tasting than any ever brewed.

Q Does Gunther's "longer filtering" do this for beer?
A Yes, it does. Through this special longer filtering process, Gunther's master brewers have found the way to remove the last trace of harshness from beer... and filter Gunther to a degree of clear, clean smoothness never found in any beer before.

Q Can you tell the difference in longer filtered Gunther?
A Yes. It not only looks smoother and brighter; it tastes smoother and brighter, too. Every swallow is much more enjoyable. Cooler tasting. Clearer. More refreshing.

Q Does longer filtering take out anything else but harshness?
A No. Only harshness—caused by unfermented solids—is removed. And since harshness often hides true beer flavor, Gunther's longer filtering allows the true mellow flavor of Gunther Beer to emerge more fully than ever.

Q Does longer filtering make beer "less filling"?
A Yes, definitely so. "Fillingness" usually comes from unfermented solids not removed by ordinary filtering

methods; and Gunther's longer filtering removes these solids. That's why you can continue to enjoy Gunther in the evening after supper, just as heartily as you do in the afternoon.

Q Do you have to "get used" to the taste of longer filtered beer?
A No. If you like beer, you'll like Gunther even better because its real beer flavor comes through to you—thanks to longer filtering. It's smoother going down. More quenching. Cooler.

Q Does longer filtering make a glass of Gunther taste more satisfying?
A Yes, it does. Longer filtering "brings out" and improves all the refreshing qualities of beer. Gunther's longer filtering actually makes you like the taste of beer better, too.

Q Will you like longer filtered Gunther better than any other beer?
A Yes, we think you surely will. It's the kind of beer every beer drinker's always dreamed about—and every brewer's tried to brew. You can enjoy it now—thanks to longer filtering. If beer's your drink—you owe it to yourself to taste longer filtered Gunther Beer tonight! Try it on tap—take some home!

Gunther
Premium Dry Beer

Get in the Golden Mood with Gunther... longer filtered for smoother, brighter taste

To Demonstrate Meat Cookery at Delaware State

A meat cookery demonstration which has been especially planned to bring information about the selection, preparation and serving of meat will be conducted at Delaware State College on Thursday, April 5th. This presentation will dwell on facts about meat that every homemaker should know. Under the auspices of Home Demonstration clubs during their one-day short course, this novel program will be in charge of Mrs. Hattie McSwain, a field home economist of the National Live Stock and Meat Board, who is an authority on all phases of food, its selection, preparation and serving.

Over ninety percent of the family's meat is bought by homemakers. Further, they have the job of planning billions of meals each year and are charged with the high responsibility of keeping the family well fed. The proper selection, correct preparation and attractive serving of meat dishes adds much to the meal whether it be breakfast, lunch or dinner.

The Board is in position through its extensive program of research to give the most modern way for the proper cooking of each meat cut. Says Mrs. McSwain, "Meat is an accommodating food — there is a cut for every occasion and every purse." Of interest is the fact that every meat cut can be made tender if properly cooked. Those in attendance will be given an interesting lesson in "it's fun to cook."

Not only will attention be called to the wide variety of meat cuts available on the market, but help will be given on how to spend the food dollar most wisely.

The Home Demonstration clubs are very fortunate in being able to have the services of Mrs. McSwain for this program.

Other highlights of the program include greetings from Dr. Holland, Mr. George M. Worriow, Dean of School of Agriculture and Director of Agricultural Extension Service, University of Delaware, will be speaking on "A Look To The Future", and Mrs. Harriet W. Douglas, Home Lighting Advisor of the Delaware Power & Light Company, Wilmington, will be giving information on good quality and quantity of lighting. The program will close with a social period.

Zwaanendael Museum Adds Exhibits

Several new exhibits have been added to the Zwaanendael Museum at Lewes. Among them is an iron peel, c. 1800, the shovel-like tool used to remove hot food from the chimney ovens. This is lent by Mrs. Frank S. Carter, Jr., Lewes Beach. Of interest also is the gold coin, a rose guinea, dated 1775, found on Coin Beach during January by Albert Walizer of Lewes. It is in perfect condition after being buried in sand and water so many years.

Visitors will appreciate the alcove arrangement of cases which has been developed to display period and related groupings of exhibits. Directly opposite is the alcove of Dutch gifts and exhibits. Other alcoves feature Indian artifacts, local history, and household exhibits case, previously in the center of the room, is now at the far end and will be used for displays of special interest.

Following general museum procedure the Zwaanendael Museum will be closed Easter Sunday. The regular museum hours are: Tuesdays through Saturdays, 10 a.m. to 5:30 p.m.; Sundays, 12:30 to 5:30 p.m.; closed Mondays.

Rehoboth Prepares For Easter

Plans are being completed for the annual Easter boardwalk festivities at Rehoboth Beach, it was revealed this week by Ralph Watson, Jr., president of the Rehoboth Beach Chamber of Commerce.

The usual Easter weekend visitors from a wide area and particularly from Washington, D. C., are expected to jam the boards if the weather proves right for Easter promenading, Mr. Watson declared.

The 6:00 a.m. Sunrise Easter Service, of which Mrs. Mae Hall McCabe is chairman, will be held on the boardwalk at Rehoboth Avenue, with all denominations participating, he said. By one o'clock the gaily attired throngs are expected to pass before a reviewing stand where judges will have their eyes open for prize winners.

A feature this year will be the appearance of Miss Janice Marilyn Olson, the Miss Delaware of 1956, who will be interviewed by Miles L. Frederick, director of the State Development Department, master of ceremonies for the afternoon's exercises. Miss Olson will be leaving the following day for Washington, D. C., where she will represent the state as its Cherry Blossom Princess.

Mrs. Caroline Flatt is serving as chairman for the boardwalk promenade and says that cash awards will be made this year in the following categories:

Best dressed lady, best dressed man, best dressed couple, best groomed pet, most unusual hat, best dressed family group, best dressed girl, teenager, best dressed boy, teenager, best dressed girl under 12, best dressed boy under 12 and the best dressed baby.

The promenade by the judges stand will take place from one to three p.m. after which the judges, Mrs. John J. Williams, Millsboro, wife of Delaware's senior United States Senator; Miss Eleanor Parrish, food and fashion editor, News-Journal papers; and Harold M. Berg, production manager for the same organization, will announce their decisions and winners will be presented to the crowd over the loudspeakers. It is also expected that some of the program will be broadcast via radio.

"We do extend a cordial invitation to all of our friends in Delaware, Maryland, New Jersey and the District of Columbia to join us on this day, which we hope will make Easter Sunday an outstanding occasion for all of us," Mr. Watson and Mrs. Flatt said this week.

For those who stay over with their children for Easter Monday, there will be a bunny hunt at 1 p.m., in Silver Lake Park, it has been officially announced.

Driver Of Car In Fatal Wreck Held For Manslaughter

Stuart Pinkham, 30, of Memphis, Tenn., operator of the car that struck the small truck of Thomas L. Phillips, of Felton, R.D. 1, causing injuries that proved fatal to Phillips, was arrested by State Police, Thur., March 22, on a charge of manslaughter.

Pinkham was arraigned before Magistrate Maurice W. Carrow, at Camden, and was held under \$5,000 bail for the action of the Superior Court. In default of bail Pinkham was lodged in the Kent County Jail.

The fatal accident took place along the northbound lane of U.S. Route 13, about a mile north of Woodside at 6:40 a.m. Thursday when the car operated by Pinkham attempted to pass the truck operated by Phillips and struck the rear of the truck causing both vehicles to go out of control, hit a guard rail and rolled down a bank.

Pinkham informed State Police that just as he attempted to go by the truck he fell asleep and did not revive in time to avoid hitting the truck. He served as manager of a musical group of four other persons who were in the car at the time and all were injured.

Pinkham revealed that they had been sleeping in the car ever since they left Memphis during the past week-end. He said they had appeared in a television show in Norfolk on Wednesday night and were driving to New York City to appear on the Perry Como television show when the accident happened.

Pinkham and two other members of the group were released at the Kent General Hospital following treatment for their injuries. Carl Perkins, 23, another member of the group, was admitted to the hospital suffering from a fractured vertebrae, a fractured shoulder and other injuries.

Another member of the group James Perkins, 25, was removed to the Delaware Hospital after it was found that he was suffering from a fracture of the neck, numerous abrasions and possible internal injuries. Both of the Perkins brothers resided at Jackson, Tenn.

Harrington Men Put on Probation

Five Harrington men were given three-year suspended sentences, during which time they will be on probation, by Judge Charles L. Terry, Jr., in Superior Court Thurs., March 22, on charges growing out of the theft of a safe from the Killen Feed Service, Harrington, Nov. 25.

They are: James C. Anderson, 33; Joe Leë Williams, 27, and Foster A. Brown, 27, who were charged with breaking and entering the place, and Frank Flamer, 38, and Daniel V. Powell, Jr., 28, charged with grand larceny of money from the safe two days after it had been stolen and carried to an out-of-the-way spot.

The men pleaded guilty to the charges last Dec. 23 through their counsel, Herman C. Brown. Two other alleged principals in the case have not yet been apprehended but are under indictment. They are Larry Anderson, alleged to have participated in the breaking and entering, and Herbert Flamer, accused of being involved in the subsequent theft of \$550 from the safe.

Veterans News

Q—I am going to school under the World War II GI Bill. I know that my termination deadline is July 25, 1956. At that time, I figure I will have some unused entitlement left over. Must I lose this entitlement?

A—Yes. Even though you may have unused entitlement, the law provides that you may not train beyond the termination date of July 25, 1956.

Q—I am drawing a VA pension. I have recently received a small inheritance of several shares of stock. Must I include these shares as income, for pension purposes?

A—Your shares of stock need not be considered as income until they are converted into cash. Dividends you receive from the stocks, however, are considered as income.

Q—I applied for disability compensation from VA and my claim was disallowed. I've been told I have one year to appeal, if I wish to do so. Are there any circumstances under which that one-year limit could be limited?

A—No. The law allows veterans only one year to appeal VA decisions.

Q—I am a disabled Korean veteran, eligible for permanent plans of Korean GI insurance. Will I get dividends from this permanent insurance?

A—No. Under the law, dividends may not be paid on Korean GI insurance, regardless of whether it's term or permanent.

Armed Forces

Pvt. Donald R. Black, 23, son of Mr. and Mrs. Alvin J. Black, Harrington, is receiving advanced armor training in the 4th Armored Division at Fort Hood, Tex.

Black, assigned to Company D of the division's 37th Tank Battalion, entered the Army in December, 1955, and was last stationed at Fort Jackson, S. C.

He was a graduate in 1951 from Milford High School.

Pvt. Lawrence W. Wallace, 21, whose wife, Martina, lives at Milford, recently was graduated from the I Corps' Artillery Survey School in Korea.

Wallace, son of Mrs. Pearl M. Adams, Bridgeville, is a survey specialist in Headquarters Battery of the 24th Infantry Division's 13th Field Artillery Battalion.

He entered the Army in June 1955, completed basic training at Fort Jackson, S. C., and arrived overseas last December. He was graduated from Bridgeville High School in 1952.

5 big reasons why the really new Plymouth gives you more for your money than any other low-price car

- 1** You get exclusive Push-Button Driving
- 2** You get the biggest car in the low-price three
- 3** You get the only really new styling of the year
- 4** You get the greatest array of safety features
- 5** You get the biggest deals around

Touch a button—off you go! This positive mechanical control is the safest, easiest ever. Only Plymouth has it among low-price cars.

Inside and out, Plymouth is the "big boy" in its field. 17 feet long. Outmeasures the others in every important way. More room for all!

Don't let other low-price cars fool you with warmed-over '53, '54 and '55 models. Get the really new car—the all-new '56 Plymouth.

The "other 2" can't match Plymouth for safety. Only Plymouth offers Safety-Rim wheels, electric windshield wipers, 2-cylinder brakes.

Plymouth's value lead has sent sales soaring, enabling dealers to give you amazing deals. Come see how easy it is to own a big Plymouth.

PLYMOUTH costs less

From the day you buy it... through all the years you own it... you'll spend less on a Plymouth. That's one reason more Plymouths are used as taxis than all other cars combined.

Social Security News

Myron Milbouer, district manager of the Wilmington social security office, has some news of importance for people who have worked at least five years under social security and who, because of a disability, have not been able to work for six months or more, according to an announcement made today.

"The Social Security Act now permits us to keep the benefit rights intact of a person who is disabled before age 65 and who is unable to work because of his disability," Milbouer explained. "To qualify for this so-called 'disability freeze,' a person must have worked under social security for at least five years out of the ten years before disabled and one and a half years out of the three years before he became disabled. The disability must have existed for more than six months and a person must be disabled at the time he files his application for the 'disability freeze'."

"Anyone now receiving a social security payment on his own earnings record may have his benefit refigured to exclude a period of disability, if he is now disabled and the disability was in existence for more than six months before he reached age 65," Mr. Milbouer continued. "Of course, he must meet the work requirements of five years out of ten years and one and a half years out of three years as set out above."

"People who are now disabled and unable to work or anyone who becomes disabled in the future should contact the social security office in order to learn how the 'disability freeze' may protect him," Mr. Milbouer said. "If you are unable to contact us yourself, a friend or relative may do it for you. A period of disability cannot be established unless an application is filed with the social security office."

Mass of Flames

Carlisle firemen said the "whole building was a solid mass of flames" when they arrived. They called in volunteer firemen from Houston and Ellendale. The Houston company brought three trucks, Ellendale brought two.

Some 25 feet of the outer courtyard wall of India's Taj Mahal have collapsed.

Drugs Inconsistent In Poultry Use

"Don't count on the antibiotics or other drugs to take care of your chronic respiratory disease problems," is the advice Dr. M. S. Cover, University of Delaware poultry pathologist has for poultrymen as the result of six months of tests at the agricultural experiment station there.

He had tried out five of the more promising ones in three series of tests that started last October. Two of these were so new they had not even been named yet. The others were already familiar to farmers in the treatment of poultry ailments but their value in treating or preventing CRD was not known accurately.

"The tests showed that there are too many strains of the agent causing CRD to justify recommending any of our present drugs as a treatment or preventive," Cover explained. Over 30 different strains of the disease have been discovered so far and the only way you can tell them apart is to make a complicated diagnosis in a laboratory."

"Our tests showed that one or two of the drugs had some effect on the strain of CRD infecting one group of birds. But the same kind of birds in another group showed no results at all from the drug. The kind of CRD agent infecting them apparently was immune to the drug."

Main ray of hope that the tests offered, said Cover, was that some of the antibiotics tried were effective against serious secondary infections that often accompany a CRD outbreak.

Norway's new rail line to Saltal is the first important extension since 1947.

A new oil well in Egypt drilled by the National Petroleum Co. on the Suez Gulf coast southwest of the Sinai Desert, is said to be producing "well over 100 tons a day", Cairo learns.

After 17 people in Northern Rhodesia were killed in one month in road accidents, one insurance company in Ndola raised its rates and others were expected to follow.

A plaque will be placed on the Chester, England, house where William Friese-Greene, in 1890, gave what is thought to be the first public performance of a moving film.

9 Farmers Start Pasture Project

Nine of the high-placing farms in last year's Delaware Greener Pastures contest have started a special series of high-yield fertilizer tests this month, reports University of Delaware agronomist William Mitchell.

On each farm, the owner, with the help of Mitchell, and county Extension agents George Vapaa, of Dover, and William Henderson, of Georgetown, has fenced off a 40-by-60-foot pasture area. In each of these enclosures, plots have been laid out so the owner can try six different fertilizer treatments and compare results.

Idea, says Mitchell, is to experiment on a farm-by-farm basis with some of the fertilizer recommendations that have given very high grass yields at the College research station at Newark. Each farm plot will be harvested three times this summer to measure yields.

Farms and farmers taking part in the experiments are Allison Davis of Greenwood, Delaware State College at Dover, Stanley Stachecki, Dover; Pat Caulk, Woodside; Merrill Jones, Felton; Victor Rust, Rehoboth; Robert Short, Ellendale; Charles Blent, Smyrna; and, Charles Ewing, also of Smyrna.

DRAMA AND LIBRARY CLUB TRIP

The Drama and Library Clubs attended the Fourteenth Delaware Play Festival sponsored by the University Dramatic Center of the University of Delaware in cooperation with the Delaware Dramatic Association held in Mitchell Hall at the University on March 21, 1956.

The chaperones were Mrs. Russell Bowdle and Mrs. Franklin Swain. The teachers who attended were Mrs. Cahall and Mrs. Pollitt. About fifty students made the trip.

In the morning we saw three plays. The first was "Two Crooks and a Lady" presented by The Sock and Buskin Club of H. C. Conrad High School. The second was "Sky-Fodder" presented by Brown Vocational Drama Club. The third was "The Day After Tomorrow" which was presented by the William Penn Dramatic Club. In the afternoon four more plays were presented. The first being "The Storm" given by the

Drama Club of Smyrna High School. The second "My Last Duchess" presented by Ocean City, New Jersey High School, the third, "A Marriage Proposal" given by William Henry High School, and the last "Possession" presented by The Royal Masque of P. S. Du Pont High School.

After the first three plays we heard the critic judge, Dr. Delwin B. Dusenberry, Director of Radio and Television Drama for Temple University and Director of Theatre at the University of Florida. He was heard again in the afternoon.

All members of both clubs who made the trip enjoyed seeing the plays and learned some helpful hints on Drama.

A Performance Sensation... A Fashion First!

There's an all-new way to measure automobile performance—and that's to measure it against Pontiac!

For Pontiac performance outstrips in a breeze any other on the road. And it didn't just happen! Pontiac engineers started from scratch with a brand-new Strato-Streak V-8 engine.

Then they added another triumph, the all-new Strato-Flight Hydra-Matic* especially engineered to work as a super-efficient team with Strato-Streak power!

And what a team it is! There's the blazing "go" of 227 h.p. in the most modern, high-compression, high-torque engine you can buy!

There's the incredible smoothness of Strato-Flight Hydra-Matic's liquid coupling and the instant, positive action of its gears.

No wonder they're calling Pontiac America's No. 1 spine-tingler! You will, too, when you see how it tames traffic and shrinks the miles.

Just as forward looking as the engineers, Pontiac designers set an equally new trend in styling . . . obviously branded with the stamp of the future.

Surprisingly, all this one-of-a-kind performance and style is priced well within the reach of any new-car buyer. We invite you to come in soon for the facts.

Harrington School Notes

EASTER HOLIDAYS
Our school holidays began Wednesday, March 28 and ended with the beginning of school, Tuesday, April 3. We hope the weather is suitable for everyone to wear new Easter clothes.
Happy Vacation!
Janet Cluley, Reporter
0 0 0
GRADE 6 — Mrs. Mann
Our class gave Mrs. Mann a surprise birthday party. We gave her a milk glass pitcher. Refreshments were served and many games were played. We all enjoyed ourselves.
On Friday, March 16, we had an election of officers for the next six weeks. They are as follows: President, Billy Hopkins; Vice President, Nancy Derrickson; Treasurer, Bonita Porter; Secretary, Kenna Jo McKnatt.
We also elected monitors for the next two weeks.
0 0 0
JUNIOR CLASS
The two Junior homerooms sponsored by Mrs. Birnbrauer and Mr. Rutledge will start practice for their play Tuesday, April 3. Everyone will be expected to know his or her part by that time.
The play is entitled "THE GROOM SAID NO", and will be held April 27.
The following Juniors have been chosen as a result of try-outs: Mrs. Inez Cameron, Betty Ann Moore; Patty Cameron, Gladys Welch; Virgie Cameron, Thelma Draper; Clara Curtis, Irene Brown; Mary Alice Smith, Mable Jean Outten; Lt. Shirley Anderson, Barbara Jean Edwards; Ed Smith, Jackie Sapp; Willie Williams, LeRoy Betts; Steve Cameron, Elliott Darby; Mr. Will, Cameron, Alvin Jarrell; Mrs. Sorenson, Mary Jo Pitlick.
Other important collaborators in the play are the following: Stage managers: Jim Coady, Allen Needles, Owain Gruwell; Programs: Dorothy Messick, Janice Minner; Ushers: Elmer Riggins, Eugene Wright, Eleanor Wagner, Phyllis Curtis; Prompters: Lena Voss, Freda Kemp, Mabel Carpenter; Curtain: Ronald Lane; Money: Rose M. Bonniwell; Tickets and Programs: Sandra Raughley, Eugene Wright, Mary E. Harrington. Student Directors is Kaye Bowdle.
Everyone can look forward to an enjoyable evening of laughter and fun.
Dorothy Messick, Secretary
0 0 0
STUDENT COUNCIL NOTES
The Student Council has been discussing the school dances in particular. It was brought up that too many people have been attending the dances. You will not be allowed to come to a dance after ten o'clock, and you will not be allowed to leave until the dance is over. As a project for next year, the Student Council is thinking of selling membership cards for dances to members of the student body and the alumni.
The Student Council is thinking strongly of purchasing a record player over which the Student Council will have control. Any club that wishes to use it must first ask permission from the Student Council. The next Kent County meeting will be at Harrington, on April 9, 1956.
Tony Perrone, Reporter
0 0 0
COMMERCIAL CLUB DANCE
The Commercial Club presented a St. Patrick's Dance on March 16, in the Harrington High School Auditorium. A prize was given to the best-dressed person in green which was Beatrice Ann Collins of Harrington. The receipts of the dance, about \$60, are being used to buy Typing and Short-hand Pins.
Dorothy Messick, Secretary
0 0 0
PRESS CLUB
The Press Club is planning a trip to Washington, D. C., April 6. We intend to visit all the memorials and also the Pentagon. Our main interest is to see the cherry blossoms and some of the activities going on at that time. Before leaving Washington, we have planned a guided tour through the Washington Post and Times-Herald which will be in connection with the work we do in our club.
Our sponsor for this trip is Mrs. Mary Birnbrauer and the chaperons are Mrs. Nathan Pearson and Mrs. Kenneth Teed.

SENIOR PERSONALITIES
Clifford Larrimore
Clifford was born in the year 1938, January 31, at 6 p. m. He has always attended Harrington School.
Clifford excels in art. He has been a valuable member of the art club for three years. His favorite subjects are art, book-keeping and typing.
His favorite pastimes! You name it, he's got them! They are: fishing, taxidermy, listening to records, dancing, eating, and sleeping.

His future plans are to join a man's outfit, the army.
0 0 0
Eloise Brown
Eloise was born on September 6, 1938, in Harrington. She has attended Harrington School all 12 years.
She has been Secretary and President of the Honey Bee 4-H Club. In her Sophomore year, she took Driver's Course, in the Junior year she was treasurer of her class. She also played the part of Ann in the Junior play. Eloise is now representing the Senior Class in the Student Council.
She intends to work as a secretary and get married after graduation. We all wish her good luck.
0 0 0
THE F.H.A. CLUB
The F.H.A. Club held their meeting on Wed., March 7.
Buff Joey asked questions about Teenagers' Problems. The panel included Betty Wix, Iris Warrington, Patsy Bonniwell, and Norma Evans to discuss the problems fully.
Phyllis Brown is in charge of the program next week.
Iris Warrington is in charge of the refreshments next week.
We served refreshments at the end of the period.
Iris Warrington, Reporter

Delaware Food Market News

You will have no trouble finding a good ham for Easter dinner. Hams are in good supply, and you can rest assured that you are buying an economical meat when you purchase ham this year.
Armed with some basic knowledge, the lady of the house can make just the right choice in size, style and cut of ham most suitable for Easter Sunday dinner.
The hams we usually purchase have been processed in some way, such as curing and smoking. The most commonly used methods are:
1. Sweet pickle, quick cured, tender, or ready-to-eat. Quick cured hams are usually tender and mild flavored and must be kept under refrigeration. Tendered hams have been partially cooked in processing; they require a shorter cooking time than long-cured hams; and do not have to be soaked or pre-cooked before baking. Some ready-to-eat hams are more thoroughly cooked than others; but all may safely be eaten without further cooking, if prepared under Federal inspection.
2. Sweet pickled, long cured, hams are more salty than the quick cured, they require soaking before cooking. These hams are usually cooked in water before being baked. Long-cured hams can usually be kept for sometime without refrigeration.
3. Smithfield or Smithfield type hams, are saltiest of all. They under-go special curing and smoking processes, and are aged for varying periods up to 18 months. The surface of the ham is frequently rubbed with black pepper before smoking and the ham has a distinctive flavor and texture. These hams must be soaked, boiled and baked, when they are served it's a real taste thrill.
In purchasing your ham, you can decide on the most suitable size and how far it will go by figuring on the serving per pound. Fresh or smoked, with the bone in, will yield 2 to 3 servings a pound. Those without the bone serve 3 to 4 to a pound. A fully cooked smoked ham with bone will serve 3 to 4, while a cooked ham without bone will make 4 to 8 servings a pound, depending on the thickness of the slice.
An ideal Easter menu might be Baked ham, fresh asparagus, candied sweet potatoes, home made hot rolls, jelly, pickles, cake, congealed pineapple, cottage cheese salad, ice cream balls.

Greenwood

F.F.A. Highlights
Our farm shop has taken on the look of spring for this season already. Our projects for the past two months have been the repairing and repainting of farm machinery.
Two of our F.F.A. boys have applied for the Diamond State Farmers' Degree, which is the highest F.F.A. honor a boy can receive at the state level. The two boys are James McDowell and Richard Revel. There are fifteen boys as candidates for this degree. The Diamond State Farmers' Degree is a one hundred dollar check. These two boys are also eligible for the Star Farmers' Degree which is the second highest degree. We would like to say good luck to the boys and hope they continue in the good work. Both boys are seniors and are officers of our local F.F.A.
4-H Highlights
At our last meeting which was held in the Fire Hall we had eleven members present. Miss Patterson was present and many projects were discussed. At the Delaware Crop Improvement Association 4-H Crop Judging Contest held at Newark, Lee Whitmore was Sussex County winner. Lee will receive a 4-H scholarship to either Short Course or Camp. Lee is the third boy from Greenwood to receive a scholarship this year. Jim McDowell and Richard Revel also received one for winning the State Demonstration Contest. Other winners from Greenwood were Jim McDowell, second Raymond Everline, third and Richard Revel, fourth. Dicky Finkbner, Billy Finkbner, and Ronnie Webb were also within the top ten. Since National 4-H week was this month, our 4-H Club had a display in the Fire Hall window.
Dicky and Billy Finkbner, Ronnie Webb and Lee Whitmore are contestants in the Junior Chicken of Tomorrow Contest. On March 7, at 12:15, on the Georgetown Radio Station, James McDowell, Jean McDowell, Ronnie Webb and Richard Revel, with the help of Miss Patterson, sponsored the 4-H Review Program. The purpose of this program was to get more boys and girls interested in 4-H work. All members received their 1956 project books at this meeting.
Events to take place during the next month which we have possible candidates for, are County Demonstration Contest, Public Speaking Contest, 4-H Dress Review and Talent Contest.
On Friday evening Mr. and Mrs. Emmett Whitmore entertained the Jacob Hatfields and the Lawrence Wilsons in honor of their house guests, Mr. and Mrs. Donald Whitmore and children, Ann, Nylla, Gail and Emmett David, from Tuttle, North Dakota. A delightful evening was spent in getting better acquainted with their respective states. Due to our unusual storms the Whitmores arrived in just the kind of weather they had left back home. Sorry we couldn't show them how very nice spring sometimes is in Delaware!
On Saturday evening Mr. and Mrs. Jacob Hatfield and Ellen attended a lovely bridal shower given by Mr. and Mrs. J. B. Case in Harrington in honor of Mr. and Mrs. Robert Hauley who were recently married in Miami, Florida. Mrs. Hauley is the former Miss Martha Case, and a large crowd of brothers and sisters, aunts and cousins, gathered to welcome the bridal couple. Many beautiful gifts were received. One especially unique gift was a white "bridal bouquet" of white ribbon and lace with posies of crisp, new dollar bills. This was a gift from Martha's two aunts, Mrs. Virginia Morrow and Miss Volita Case. The whole affair was a real family reunion of love and good fellowship. A buf-

Of Local Interest
Mrs. Clarence Jarrell and Mr. and Mrs. Melvin Brobst were among those who attended the All-State Chorus at the University of Delaware Friday evening.
Mr. and Mrs. Reynolds French and son spent Saturday and Sunday visiting relatives in Elsmere.
Janet Darby has been in the Milford Memorial Hospital.
Wayne Cooper, Patsy A. Billings, Carole A. Tharp, Larry Harrington, Richard Brown, David Peterson, Millie A. Minner, Jackie Minner, Gary Homewood, Bobby Cain, Billy Bowdye, Imogene Welch are home on spring vacation from the University of Delaware.
Mrs. Margaret Homewood spent the weekend with her cousin, Mrs. R. C. Porter in Elsmere. Friday evening they attended the All-State Chorus Concert at Mitchell Hall of the University of Delaware.
Mrs. James Goodwill and son, Jimmy, and Mrs. W. C. Burgess and daughters spent Sunday in Rehoboth. Mr. and Mrs. Charles Jerred and son, Mr. and Mrs. Clyde Tucker and daughter and Mr. and Mrs. Hildray Banning and daughter were also in Rehoboth.
Dr. and Mrs. Hewitt Smith left Sunday for Washington and Florida.
Mr. and Mrs. Calvin Minner and daughter, Janice, left Wednesday to visit their daughter and family in Florida.
Mr. and Mrs. Howard Perdue spent Saturday in Wilmington.
Mrs. Elizabeth Holt spent Monday in Wilmington.
Mrs. George W. Hanson is entertaining her brother and his wife, Mr. and Mrs. Charles Wingate.
Mrs. Alice Wix has returned from a visit with her daughter, Mrs. Bernard DuRoff in Clayton.
Mrs. George Toppin and Mrs. Fred Bailey spent Monday in New York.
George Hobbs left to serve with the armed forces last Wednesday.
Jackie Jones, who hurt his arm at school Monday, is improving.
Jackie Minner is spending his spring vacation in Florida. He was accompanied by four of his college classmates.
Mr. and Mrs. Wilbur Hynson and son, of Greenwood, and Miss Millie Minner were Saturday night dinner guests of Mr. and Mrs. Everett Warrington, Sr.
Eva Raughley, president of the Ladies Auxiliary of Kent County, Angie Potter, State Delmarva Association and Katie Austin, representative of Greenwood Auxiliary attended the Sussex County meeting at Lewes.
Mrs. Eva Raughley and Mrs. Gladys Hill attended 1 day garden short course which was held in the Grange Hall at Dover.
A native South African who speaks 11 languages, Andrew Smith Tsewu, has retired as secretary of a Location Advisory Board in Port Elizabeth after 14 years' service.
New labor accident laws have been promoted by Argentina's Provisional President, extending the law to cover more workmen and increasing benefits, Buenos Aires reports.
In South Africa, 30,000 men and 15,000 women have flocked back to the bowling greens for another season of "the friendliest game on earth," Johannesburg reports.
New Zealand's seaport, Napier, is to have a new cathedral. It will replace one destroyed by the great earthquake of February, 1931, when several worshippers were killed.
An activated Atoms for Peace exhibit featured American participation in the International Fair for Peace and Progress at Ciudad Trujillo, Dominican Republic, late in 1955.
United States firms will bid on a project to build a huge rock chamber in Norway costing around \$1,190,000 and two in Holland to cost \$759,000, Oslo reports.
The biggest project ever undertaken in Brunei, British protectorate in Borneo, will be construction of a modern port at Mura, to cost an estimated \$25,000,000.
A rumor that the Syrian Government was to ban imports of cars and refrigerators kept business lively in Damascus last fall. But the Government issued no ban.
Since British authorities started in 1948 to issue Christmas paroles enabling prisoners to visit their homes, not one man has broken his bond, Belfast reports.
Australia may test the new British high altitude rocket, Sydney learns. It is designed to probe secrets of the outer atmosphere at heights up to 120 miles.
Crime books and violent films are blamed by social workers in Durban, South Africa, for juvenile delinquency among young Indians and other non-Europeans.
"Unemployment now is a profession—you can make a career out of it," said George McSpadden, chairman of the Down County Council in Northern Ireland.

Panel Discussion To Be Held By D.W.O.D.

A panel discussion and workshop, sponsored by Democratic Women of Delaware, will be held Saturday, April 7, at the new South Dover School, Dover, with Kent County Women's Democratic Clubs serving as hostesses.
The program, patterned after the theme "Politics in Every Woman's Business" of the recent and highly successful Democratic regional conference in Atlantic City, is designed to bring together women from the entire State to pool vote-getting techniques, exchange ideas and discuss plans in support of the 1956 Democratic campaign.
Arrangements for the workshop were discussed informally at Atlantic City by the presidents of the Delaware Women's Democratic Clubs and an organizational meeting was held later at the home of Mrs. J. Allen Frear, Jr., wife of Delaware's Democratic senator.
Women who participated in the panels at Atlantic City will serve as moderators on the panels in Dover, and, in turn, choose representatives from each county in Delaware as members. Topics to be covered include "Year Around Political Participation", "Vote Getting Techniques", "Registration and Precinct Work", "Working with Press, Radio and TV", and "Fund Raising Techniques".
The session will open at 10 a.m. with registration. Coffee and doughnuts will be served to early arrivals. Five panel discussions, a skit, a luncheon, where Garrett Lyons, State Democratic chairman and Elisha Dukes, State Vice-Democratic chairman, will address the ladies are scheduled features of the day.
A contest will be held for a Delaware Democratic Convention song. Each county is being given the opportunity to present a trio, or a quartet, and prizes will be awarded to the winning group.
The meeting will adjourn at 1:30 p.m. so that the ladies may attend the third annual meeting of the Delaware Federation of Democratic Clubs at Dover High School.
To stop jitters at wedding ceremonies, bridegrooms now are dosing themselves with "confidence pills," says Canon E. W. Brown, Vicar of St. Michael's at Mt. Coldfield, England.
The "horror comic" has been ousted from Eirie, Dublin reports.
Tourist spending in Haiti last year hit \$5,900,000 by 55,007 visitors.

Panel Discussion To Be Held By D.W.O.D.

There are 80,000 more people employed now in Northern Ireland than before the war, said Brian Faulkner, Member of Parliament, in Belfast, but many more jobs are needed.
The new Constitution ordered or Ethiopia in Addis Ababa, guarantees elections by secret ballot, freedom of speech and no racial or religious discrimination.
There had been many arguments as to whether to preserve an old windmill at Ash, near Sandwich, England. Nature has settled the question. The old mill blew down in a recent gale.
Teenage Peeping Toms have been plaguing nurses at the hospital in Germiston, South Africa. Besides peeping they have whistled, jeered, shouted, sworn, and destroyed gardens in the hospital grounds.
New all-metal two-seated HT 2 trainer aircraft, built in the government plant at Bangalore, India, will be sold to neighboring Asian countries. They are designed to do aerial acrobatics and to cost \$14,700.
At Port Louis, on the British Island of Mauritius, some 700 students applied for the Cambridge Overseas Certificate examination. Of 400 who took it, only 12 passed; 79 did not turn up and 217 failed in all five subjects.

Make Your MOLDBOARD PLOW CUT AND COVER TRASH with the LANTZ KUTTER-KOLTER REG. U. S. PAT. OFF. HELPS FIGHT CORN BORER. Corn Borers spend the winter as a caterpillar in the stubble and root crown of corn. The most successful method of fighting them is to plow under all stubble and straw. The Kutter-Kolter does a "clean job" of it. The Kutter-Kolter is easily adapted to any American-made tractor-drawn moldboard plow. Thousands in use prove their value. New York Chef Prepares Delmarva Chicken

Shirt sleeves and tie instead of the traditional chef's hats and white uniform, but nevertheless that's famed chef Salvatore Cucinotta of "Teddy's" restaurant on New York's great white way (Broadway) shown preparing his popular Delmarva Chicken Salvatore. With him is featured TV cook and food expert, Susan Adams.

Recipe for Delmarva Chicken Salvatore, as reported by the Delmarva Poultry Industries, Inc. to Joan Allen, nutrition specialist for the School of Agriculture at the University of Delaware, is:

- 3-1/2 pound DELMARVA frying chicken
4 tablespoons butter
1 whole shallot
1 clove garlic
3 ounces Port wine
2 tablespoons pure current jelly
Salt and pepper
1 doz. large black Bing cherries
Cut chicken into serving pieces;

REPUBLICAN DELAGATE ELECTION NOTICE

Pursuant to a call by the Republican State Committee for a state convention of the Republican Party to be held at Dover, Delaware at 11:00 o'clock A.M., E.S.T. on Wednesday, April 25, 1956 for the purpose of electing 12 delegates-at-large and 12 alternates-at-large to be representatives of those persons who are in accord with the principles of the Republican Party, at a national convention of the said party to be held at San Francisco, California, in August 1956, for the purpose of nominating candidates for the President and Vice-President of the United States to be voted for at the General Election to be held on Tuesday, November 6th, 1956.

A primary election will be held at the usual polling places in Kent County on Saturday, April 21, 1956, between the hours of 1:30 and 3:30 p.m. in the afternoon to elect two members of the Kent County Republican Committee from each district, one of whom shall be a woman and also to elect delegates and alternates to attend the said convention.

Two delegates and two alternates will be elected from each election district except the 2nd representative district where one delegate and one alternate shall be elected from each of the 4 election districts and the 4th representative district which shall elect 4 delegates and 4 alternates and the first and second election districts of the 5th, 7th and 10th representative districts which shall each elect one delegate and one alternate.

The inspector to serve the said primary election shall be the person who will be the judge of the Republican Party at the last General Election.

Any Republican desiring of having his or her name placed on the official primary ballot must file his or her name with Henry J. Ridgely, Secretary of the Committee at No. 2 The Green, Dover, Delaware, on or before 12:00 noon on Friday, April 6, 1956.

Upon closing the polls, the election officers shall publicly count the votes cast and make out Certificates of Election of the delegates and alternates elected in triplicate and one certificate shall be given to each delegate and each alternate elected and a duplicate certificate for each delegate and each alternate shall be mailed forthwith to Robert H. Yerkes, the Chairman of the Kent County Republican Committee, Wilmington, Delaware, and a duplicate certificate for each delegate and each alternate elected shall be mailed forthwith to January Grove, Secretary of the Republican State Committee, Hotel Rodney, Wilmington, Delaware.

The qualified voters of Kent County who believe that the constitution of the United States is the safeguard and guaranty of this land of liberty and opportunity and are in sympathy with the aim and purpose of the Republican Party to preserve its integrity are eligible to participate in the selection of said delegates and alternates.

ROBERT H. YERKES, Chairman, Kent County Republican Committee.

HENRY J. RIDGELY, Secretary, Kent County Republican Committee.

Dated at Dover, Delaware this 23rd day of March 1956.

Too Late To Classify

WANTED Delivery and service man for furniture and bottled gas. Steady employment, good working conditions, Blue Cross coverage.

Tourists visiting Mexico through September, 1955, were up 15,500 from a year before.

State Highway Department

The State Highway Department is not giving up the matter of having some mosquito control work in operation before the start of the next fiscal year on July 1st, it was indicated by R. A. Haber Chief Engineer of the department.

Because of the lack of funds in the payroll account of the Mosquito Control Division, it will be necessary to reduce the personnel in that division as of April 1st until the close of the present fiscal year on June 30.

To overcome the lack of this work during the early summer months, when it can be very effective in mosquito control work, Mr. Haber has indicated that the department is considering a plan that will have the mosquito control work handled as projects rather than by regularly employ-

ed personnel. In this manner it would be possible to have the work continued without involving the depleted payroll condition facing the Mosquito Control Division.

On April 1st it has been indicated that the payroll account of the Mosquito Control Division will have a balance of slightly more than \$3,000 and a normal monthly payroll for April would exceed \$4,000, so adjustments are necessary to meet these conditions, Mr. Haber pointed out.

There is a measure pending before the Legislature that would have granted authority for the Highway Department to transfer funds into the payroll account of the Mosquito Control Division, but these measures did not receive approval during the session thus far.

In commenting on the measure, a spokesman for the Joint Legislature Finance Committee explained that their Committee did not feel that they could approve the measure providing for the transfer of funds into the payroll account of the Mosquito Control Division because of what they considered the improper handling of the original appropriation contained in the budget.

Since all of this transpired before Mr. Haber resumed his duties as chief engineer of the Highway Department, he could not comment on it.

However, Mr. Haber pointed out that action in mosquito control work would be important during the next several months and since existing statutes prohibit the transfer by any department of funds appropriated for other purposes into the payroll account, and since the payroll account of this Division was in such condition as to not permit further work, the Highway Department would speed their study of a manner in which the work could be continued.

GUERNSEY BREEDERS ELECT OFFICERS

The Maryland Cooperative Guernsey Breeders Association elected John D. Worthington, 3rd of Bel Air president at the association's annual meeting at Frederick, Md., recently.

J. Herbert Snyder of Unionbride and Steve W. Close of Aberdeen were lectured vice president and secretary-treasurer. The main speaker for the meeting was Wilson H. Elkins, president of the University of Maryland. Other speakers included Dr. Gordon M. Cairns, dean of the university's college of agriculture, Dr. Arthur L. Brueckner, director of the Maryland Live Stock Sanitary Service, and A. M. MacKay, field man for the American Guernsey Cattle Association.

Production awards in the form of certificates were presented to 52 Guernsey owners, and four Maryland 4-H club members were honored. Jarrett Everett of Church Hill, Queen Anne's county was named state champion 4-H member for his work with Guernsey cattle. Vivian Wolfe, Myersville, Frederick County, Dorothy Roche, Glencoe, Baltimore county and Ralph Adkins, Salisbury, Wicomico county were also cited for their 4-H dairy work.

MEAT SUBSTITUTE POPULAR ALL YEAR

Fish may not be "brain food" as was once believed, but smart homemakers know its other advantages. It has been one of the most important items during some of the Lenten meatless meals, and its popularity continues the year around.

"This aristocrat of the canned fish world is available in many forms and sizes," asserts Mrs. Judith A. Pheil, extension nutrition specialist at the University of Maryland. Homemakers may find canned tuna on their market shelves - solid, chunk, flaked or grated.

"No tricky cooking is involved as tuna is ready to use right from the can, the nutritionist continues. It adds much to casseroles, sandwiches, creamed dishes, salads and left-overs. Fish is rich in protein and minerals.

Another inviting fact about this popular canned fish is its moderate to low cost. Mrs. Pheil offers this quickie lunch or late snack idea:

Broiled Tuna Sandwich with Cheese 4 bread slices or bun halves 1 seven-ounce can tuna fish 2 tablespoons horse-radish 2 tablespoons mayonnaise salt pepper Chili sauce 1/2 cup grated cheese Method: Combine tuna, horse-radish, mayonnaise, salt and pepper. Toast bread on one side. Then spread tuna mixture on untoasted side. Sprinkle top of each sandwich with two tablespoons grated cheese, and add one teaspoon of chili sauce in center of each. Place three inches from broiler heat, and broil until thoroughly heated and cheese is melted. Serve hot.

Argentina's new Minister of Agriculture has pleaded with rural workers to stay on the job and not be "dazzled or ruined" by the bright lights of cities. Police went on strike in East Pakistan.

WHEELER'S TELEVISION NEWS

March is the beginning of spring as you well know and with it comes a lot of enjoyment as well as headaches. The enjoyment, of course, can be had in so many ways out of doors. The headaches are caused by waiting so long to get the necessary face lifting for your home.

When it comes to face lifting, there is nothing that costs so little and changes appearance as wall paper. Do it yourself is a good slogan as you save more than the cost of your paper. It is now easy to put on, especially the kind that comes ready pasted.

That we have, and the price cannot be duplicated. Check and compare. We have thousands and thousands of rolls and are just waiting for you to come and make your selection.

Company will soon be rolling in and wouldn't it be awful to have that nice home of yours looking like a Seven-Years-Itch! When you paper, get good paper and the replacements will be much farther apart.

Remember, when you want wall paper, Wheeler has it, and at prices that will suit your pocket-book. Just think, white ceiling, double roll, for 35 cents; same price as we charged for it ten years ago.

That is just an example; also border, two cents a yard. Match it if you can!

Philco Products

Folks, I have been telling you about the bubble about to burst and it has bursted and left me with a carload of Philco refrigerators, ranges and freezers. If you need one or want to save a hundred dollars or more, my advice is come in and look the beautiful 1956 models over, and you will say, "I never thought I would have such a good trade. Try us."

Philco is building merchandise for quality and is known the world over.

WHEELER'S TELEVISION CENTER Harrington Phone 3541 We are here today! Smile! Smile! Smile!

Caesar Rodney School Notes

Spring vacation for Caesar Rodney School students began at the close of school at 3:00 p. m. on Thursday and will end on Monday, April 9, at 9:00 a. m. when classes will resume.

The day missed on March 19 due to the snow storm was an extra day on the school calendar and will not be made up. The Caesar Rodney commencement date is Monday, June 13.

School custodians will use most of the student vacation period to clean and wax the floors in the school plant, which during the recent rainy weather have received especially hard usage.

Boy's State Election Held

Elections for the annual Boys' State were held at C. R. on March 22 following a high school assembly at which five candidates from the Junior Class presented their platforms. They spoke as follows: John Barrett - A Way to Curb Juvenile Delinquency; Paul Cataldi - Capital Punishment Should be Maintained; Douglas Cox - Strict Enforcement of Dope Laws in Delaware; Richard Fox - Bingo Should be Legalized; Bobby Will - Eighteen Year Olds Should Have the Right to Vote.

Preceding the speeches Charles Joseph told of his experiences as a representative from Delaware to Boys' Nation last summer. As a result of the election Paul Cataldi will serve as Representative and Bobby Will as attaché.

Senior FHA Work For Award of Merit

The Caesar Rodney Senior F. H. A. Chapter is working hard to earn the coveted state award of merit which is given each year to the chapters showing the greatest progress and achievements. Now the chapter is working on the National Project, Home, School and Community Beautification. To achieve this requirement the girls are sponsoring a school clean-up week. Slogans emphasizing spring clean-up have been posted throughout the school.

Another requirement is for each girl to earn fifty cents by donating her time at home or school. The money goes toward the expenses of delegates sent to the yearly national convention which is being held in Chicago this year. Some of the girls are earning their "slave day" money by serving at community banquets.

Ruth Steffens is chairman of the clean-up drive. Other members of her committee are Iona Weber, Margaret Cannizzo, Nancy Hart, Sandra Betts, and Norma Jean Robb.

Mary Papan is president of the Senior F. H. A. Other officers are: Vice president, Joanne Lissy; secretary, Patsy Saunders; treasurer, Freida Bryant; reporter, Sandra Betts; historian, Blanche Webb; parliamentarian, Sue James. Mrs. Elizabeth D. Woodrow is chapter advisor.

B.B.C. in London was flooded with complaints after tap-dancer Ray Johnson appeared on TV. She wore brief clothing - too brief said many viewers. Liberia now has 196 vessels registered under its flag, Monrovia reports.
