

## Committees Appointed For C. of C.; Group to Strive For Industries

President Charles Peck, Jr. announced the appointment of seven committees Monday evening at the June meeting of the Chamber of Commerce, in The First National Bank Building.

They were as follows: Retail Merchants—Claude Cahall, chairman, Samuel A. Short, Jr., Thomas Clending, Roland Stayton, and Evva Warrington; Membership and Attendance—Carrington H. Burgess, chairman, Clarence Collins, James Rash, Earl Quillen and Madelyn Tharp; Legislative—Mayor Ernest Killen, chairman, H. E. Quillen, Fulton J. Downing, William Taylor, and William Humes; Industrial—William W. Shaw, chairman, Arnold Gilstad, Kesler M. Farrow, Dr. Hewitt Smith, W. Cliff Miller, and William Simpson; Agriculture—Ellwood Gruwell, Fred Bailey, Howard Wagner, Theodore Harrington, and Thomas Peck; Christmas—William Shaw, chairman; J. Edward Taylor, Kenneth Aiken, Paul Neeman, Earl Quillen, and William F. Smith; Community Betterment—Dr. Hewitt Smith, Walter Messick, Charles Jerread, J. C. Messner, and Millard Cooper.

William Shaw, of the Retail Merchants Committee, reported \$899.75 collected for the Christmas program, with \$965.06 expended, leaving a balance of \$34.69, which was transferred to the general fund.

The cost of toys was taken from the general fund. Expenditures were larger because of additional wiring and bulbs.

W. Cliff Miller exhibited a map showing proposed changes in curbs at Clark and Hanley Streets and Clark Street and Railroad Avenue. The curbs would be moved back, thus permitting an easier flow of traffic to and from the Clark Street railroad crossing.

Mr. Miller also said that highway signs, identifying the community, would be available by the Fair time.

It was mentioned that the Center Street railroad crossing was unduly rough. The Chamber went on record as feeling it should be repaired.

The Chamber agreed with the plan of the Industrial Committee to advertise in The Wall Street Journal, Harrington's advantages as a site for industrial development. The Committee also decided to see Col. C. B. Shaffer, head of the Industrial section of the Delaware State Development Department to get a list of industries which had expressed an interest in the state the past year.

A member said there was a problem of getting change and cashing checks on Saturday, and expressed the hope the banks might be able to do something about it. The matter was referred to the Retail Merchants Committee.

It was decided to change the meeting hour from 8 p.m. to 9 p.m., with the meeting day, Monday to remain unchanged. The Community Betterment Committee was authorized to study traffic conditions on Dorman and Fleming Streets, and to study the feasibility of making one-way thoroughfares of these arteries.

### KROUSE - FRY WEDDING

### Hosts Wanted For Fresh-Air Children

Would you be interested in taking one or two "Fresh Air" children between the ages of five and twelve for a period of two weeks this summer?

The Herald Tribune Fresh Air Fund wants to place 7,000 children this summer; five times that number have applied, but cannot be placed unless invitations are received. No money can buy the health, the joy and the friendship we can offer these cooped-up undernourished youngsters. Two weeks in the country would mean a great deal to them.

The children will arrive in Harrington July 6 for two weeks. The Fund pays railroad fare, escorting expenses and medical bills. The hosts' only expense is that of food. You may designate age and sex.

This deserving project is being sponsored in Harrington by the American Legion Auxiliary. Invitations should be made by June 19. For further information, please contact Mrs. Harriett O'Neal, phone Harrington 8855.

**Oldsmobile's Rocket delivers high torque at low RPMs ... plus high horsepower in every driving range!**

The famous Rocket delivers its high, 340 ft.-lbs.\* of torque and high 9.25-to-1 compression horsepower at normal cruising speeds—the kind you use for nearly all of your daily driving. At a safe and moderate highway speed of 50 miles per hour, the Rocket's ready with more than 175 horsepower in reserve! Touch the throttle—response is instantaneous!

It's this ready reserve of Rocket power that puts you on the safe side of any situation—gives you a new power control that's every bit as important as your brakes.

**Greenwood**

Greenwood Methodist Church was the scene of a very beautiful wedding ceremony on Saturday afternoon at three o'clock when Miss Mary Frances Omwake, daughter of Mr. and Mrs. H. G. Omwake, became the bride of Mr. James Albert Meek of Cuyahoga Falls, Ohio. Mrs. Elnora Anthony played the wedding marches and the ceremony was performed by the Rev. George H. Moore of Federalburg, formerly of Greenwood, a personal friend of the family. The bride's gown was of white nylon lace with tiered skirt and bolero jacket over strapless bodice. She wore a white, shoulder-length veil from a heart-shaped crown of pleated net, and white net mitts. She carried a nosegay of white carnations centered with a white orchid.

The attendant was her sister, Miss Nellie Ann Omwake, who wore a ballerina-length dress of white tulle over blue satin with boleda jacket edged in lace. Her hat was a tiny crown of ruffled blue satin with rosebuds. She carried a nosegay of pink carnations and yellow pompoms.

The bride's mother wore iridescent green organza with white accessories and corsage of yellow rosebuds. The groom's mother wore black and white lace print with white accessories and red rosebuds. The groom chose as his best man, his brother, Mr. Robert Meek. The church was beautifully decorated with lighted candles and baskets of mixed flowers. The groom's father, Mr. Mil-

ton Meek, sang "The Lord's Prayer."

The ushers were Mr. Henri Omwake, brother of the bride, Mr. Robert Whitten of Chadds Ford, Pa., and Mr. William Wise of Greenwood of Greenwood.

The out-of-town guest list included the bride's grandmother, Mrs. Howard Omwake of Salisbury, N. C., the groom's maternal grandmother, Mrs. Bishop, and paternal grandmother, Mrs. Meek of Cuyahoga, Ohio, the Misses Catherine and Elizabeth Meek of Bucyrus, Ohio, Mr. and Mrs. Milton Meek and son, Robert, Mr. and Mrs. Joseph E. Rogers and son, Joseph, Jr., of Moorestown, N. J., Mrs. John Wilkinson of Philadelphia, Captain and Mrs. David Roderick and son, David of Washington, D. C., and Greenville, C. S., Mrs. Sidney Linderman and family of Bethesda, Md., Mr. and Mrs. J. Wright Rowland and daughter, Margaret of Lewes, Larry Knapp of Lewes, Mrs. Shaw and daughter, Patricia, of Silver Spring, Md. Others included friends of the bride and groom from Rehoboth, Wilmington, and Akron, and many local friends.

The reception was held immediately after the ceremony and took place in the Educational Building of the church with the traditional greetings and pictures for the bride's album. Mrs. Frances Hatfield and Miss Marlene Hawk poured. Mrs. Delena Outten served the wedding cake. Miss Marlene Hawk was the lucky young lady who caught the bride's bouquet!

After the reception the out-of-town guests, together with the close personal friends of the Omwake family here in Greenwood, moved over to the Omwake residence and were served a buffet supper of delicious food, with much laughter and good fellowship. The buffet table and food was prepared and served by Julia Davis, Ruth Carroll Mary Meredith, Ann Hawk, Roberta Smith, Helen Wise, Mary Cook and Pat Hatfield as a very special party for Mary Frances—an expression of their love for her and family.

Mr. and Mrs. George Eskridge of Lincoln were Sunday dinner guests of Mr. and Mrs. George Eskridge, Jr. Evening guests were Mr. and Mrs. Edward Justice of Seaford.

**4-H DELEGATES ATTEND NATIONAL CAMP**

Four outstanding Delaware 4-Hers took the train from Newark yesterday to represent their state at the 26th National 4-H Camp in Washington, D. C., June 13 to 20. Chosen for this honor because of achievements in club work are Jane Walton, Newark; Eugene Thomas, Maryland; Ronald Stevens, Smyrna; and Grace Elliott, Laurel, whose pictures appear above in that order.

The camp's purpose is to help prepare boys and girls for responsibilities of citizenship through a better understanding of our national government of other states, territories and countries. The outstanding event of the week will be a tour to the White House and a meeting with President Eisenhower.

Jane Walton, Newark, Junior Leader of the White Oak 4-H Club and vice-president of the Campus 4-H Club has completed seven years of club work. During this time she has completed 16 home economics and agriculture projects.

Last year she was state dress revue winner and represented Delaware in the national contest in Chicago. She was state dairy foods demonstration winner in 1952. Jane has been quite active in local, county and state 4-H activities. She served as secretary of the County Junior Council and worked on various committees. The daughter of Mr. and Mrs. Roy T. Walton, Jane will be a junior at the University of Delaware in the fall.

Eugene Thomas, Maryland, member of the Westville Club, received a trip to National Junior Vegetable Growers Convention in Ohio in 1954 for his vegetable judging ability. During his 4-H career of six years, gardening has been his main project. He has attended short course and camp on the scholarships he received from judging vegetables. He placed third in the state in the Ten Ton Tomato Club contest. Eugene has been active in the Future Farmers of America, Grange and church activities. The son of Mr. and Mrs. Francis Thomas, he will be a sophomore at the University of Delaware this fall and will be secretary of the Campus 4-H there.

Ronald Stevens, Smyrna, Junior leader of the County Line 4-H Club, has been quite active in all phases of the 4-H program and was county leadership winner this year. During his six years of club work, he has held almost every office of his club, attended short course and camp at which he served as chief of his tribe, and has worked on many committees on the local and county level. Ronald, founder and editor of the local club paper, The County Line News, has worked on newspaper staffs at school, short course and camp. He was taken into the New Castle County Chapter of Links last year. The son of Mr. and Mrs. Homer Stevens, Ronald will be a sophomore at the University of Delaware this fall.

Grace Elliott, Laurel, Junior Leader and a ninth year member of the Delmar Little Oaks 4-H Club, has completed 25 projects in home economics, health and recreation. Grace has been state winner in the bread demonstration and in the dairy foods demonstration, and she received

a trip to National Club Congress for her achievements in the room room improvement project. She has taken part in judging contest and has won scholarships to course and camp where she was chief of her tribe. Grace was county girls leadership winner this year. She is the daughter of Mr. and Mrs. Joseph Elliott.

According to Sam Gwinn, state 4-H Club Leader, being a delegate to National 4-H Camp is the highest honor a 4-H'er can receive. Mr. Gwinn will accompany the delegates to camp, and attend the State 4-H Leaders Conference.

Grandma won fame with her tasty cakes and pies, but with today's packaged mixes, this is no longer an art reserved for expert cooks. Today's homemaker must build her reputation as a wonderful cook in some other way. Salads can be the answer to this problem.

Anytime is salad time, but especially in the spring and summer we welcome these crisp accompaniments to our meals. Salads add eye appeal, flavor interest and texture contrast as well as food value to a meal.

Salads are simple to make but first you must learn the secrets that make a good salad really good.

Greens can make a salad. They are the main ingredient of a tossed vegetable salad, and almost all other salads are served on greens.

When using salad greens, remember they should be clean, cold crisp and colorful.

To make salads top-notch family pleasers,

1. Use pleasing-flavor combinations
2. Always use contrasting textures, crisp foods with soft.
3. Vary the colors - be really creative and build your own color scheme to please the eyes as well as the taste of the family.
4. Salad ingredients should be fresh as a daisy. Wash drain and chill thoroughly before using.
5. Arrange the salad attractively on the plate. Choose a bowl or plate that shows off

your salad to best advantage. Never overcrowd plates or bowl.

6. The dressing often makes a good salad really special. Learn to make several good dressings and don't forget the hundreds of ways you can vary plain french dressings and mayonnaise. Experiment till you've developed your own special way with a salad and you'll really be queen of the kitchen!

**HOMEMAKERS' SHORT COURSE**

June 19-21 will be homemakers' Short Course at the University of Delaware. For information about the program, call Dover 2621 or write - Home Demonstration Agent, Post Office building, Dover, Delaware.

**Sulky Slants**

By MRS. DAVE (PAT) SMITH

Another week has rolled around, and little by little the grand circuit crowd is moving in. At first you could put all the horses in you had and still they would call for more. But now it's different - a good time to get going somewhere else.

Mr. Nelson who has Irene Gallon, was over to visit with Dave and me, and said he was going to stay here for just a while, then go back to Westbury or Yonkers. We certainly do have several from Harrington up here for this meet.

By the time this goes to press we will be on our way to Foxboro until the season ends up there. I, for one, will be glad to stay put for a while. Going is all right when you don't have so much to do.

This is one place where you can really enjoy yourself without so many cars running around

your barns. When you have company that have no state pass they call you and tell you to report to the main gate. Sure keeps the traffic down.

They also have a very good place to eat here on the grounds. Mary, who runs the cook house down in Pinehurst, N. C., is here in the kitchen. She is a wonderful cook. All the officials eat in there, so it must be good.

We were cruising around the little town of Vernon, and it has the most quaint old homes and churches. I noticed one church that was built in 1831, and it looks all of it. I was laughing about one of the grocery stores I happened to go into. The old fellow was eating cheese and crackers behind the counter, and wasn't in any hurry to wait on me. I asked him if he had any hamburger, and here's the answer I received: "Well, let me see, guess I can get you some." All this time he was standing on one elbow. But the old mill is what I love to stop and see. The building with the old loading platforms, the large weeping willow tree that seems to stand guard over all the old buildings.

Then there's the children's old swimming hole. I bet the old plank is over a hundred years. That's what the old timers say.

The old walk over the iron bridge have so many names of youngsters of long ago. Across from the mill stands the old homestead; the flower beds in all their glory just like when the Pilgrims lived there. Certainly it is really a show place. Most any time you happen to pass you will see a crowd taking pictures. There is a waterfall they say that hasn't changed in all these years. This is right down town in the heart of this little historical town. So much for the town of Vernon!

Did you know that most mother-in-laws have a bad name because they haven't been trained for the role? When a son or a daughter is married, Mama is fired. She has never been given a fair notice, but she must say to herself while still young, I must think now what I'm going to do then. But how many

mothers-in-law think about that? There will be that kind of trouble as long as the world stands. What would we do without all those jokes that go along with them? This is just a little item I picked up from a Canadian paper.

From where I sit... by Joe Marsh

**Just the Facts, Ma'am!**

Having a red-hot crime wave in town. Specs McGuire and Buck Hanson were caught taking money out of parking meters - again. I was at Police Headquarters when a nice old lady rushed in to report them.

"It was dark but I saw their faces in the flashlight beam," she said breathlessly. "You can't trust anybody these days!"

She got flustered when Chief Benson explained that Specs and Buck are authorized collectors—working nights after their regular jobs. "Have to get 'em uni-

forms," said Benson. "Third time they've been turned in!"

From where I sit, we ought to guard against accusing anyone of being "wrong" just because that's the way it looks to us. For instance, I've heard people talk against a neighbor because they didn't approve of his choice of beverage! (They liked tea, or something, while he preferred a glass of beer.) Be sure you have a case before you lay down the law

**100 POULTRY SCIENTISTS TO MEET AT U. OF DEL. CONFERENCE NEXT WEEK**

The East's annual meeting of laboratory specialists in poultry disease, largest of its kind in the country, will be held June 19 and 20 in Agricultural Hall on the University of Delaware campus. According to Dr. M. S. Cover, University of Delaware pathologist who is chairman of the local arrangement committee for the event, it will bring to Newark about 100 of the nation's outstanding poultry pathologists. Representatives from New Brunswick and Guelph, Canada and a visitor from Egypt are expected to attend. Officially called "The North-

eastern Conference of Laboratory Workers on Pullorum Disease Control", this 28th annual conference will not limit itself to pullorum disease but will also hear the latest findings from experts in the field of such other poultry diseases as bronchitis, Newcastle, chronic respiratory, synovitis paratyphoid and erysipelas.

Besides the Delaware representatives who are on the program, there will be 38 speakers from other states, Cover reports. Although many of the papers to be presented will deal with intricate laboratory techniques designed to advance our basic knowledge of poultry disease and its control, some of them are studies which will be of immediate practical value to poultrymen when

they are completed.

**22 KENT AND SUSSEX 4-H DAIRY PRINCESSES TO VIE FOR COUNTY HONORS THIS WEEK**

As part of Delaware's celebration of June Dairy month, County Dairy Princesses will be chosen in New Castle county tonight and in Kent County Saturday night.

A total of 11 4-H clubs in New Castle county have selected 5 club princesses to represent them in the county finals at the district dinner meeting of the Interstate Milk Producers Cooperative in the Middletown Methodist Church tonight. Saturday, at Houston, no less than 17 princesses from 6 Kent county 4-H clubs will vie for the Kent title at the annual Houston 4-H Dairy Festival in the Houston Fire Hall.

New Castle county entrants are Esther George of Newark, representing the Blue Hen Club; Joyce Price of Middletown, the Ever Ready Club; Joanne Davis of Middletown, the Stronghold Club; and Janet Pierson of Newark, the

White Oak Club. Fifth entrant is Glenda Appar of Townsend, representing the 4-H Clover Planners Council which consists of the Blackbird, County Line, Friendship, Stump Corners, Willing Workers and Woodland Beach 4-H Clubs.

At the dinner, each of these girls will be quizzed on their knowledge of dairying. Their answers to this quiz will count for up to 40 per cent of the score in determining the county princess. Poise, personality and appearance will be included in the other 60 per cent of the scoring.

The contest at the Houston Fire Hall Saturday will run a little differently. There, each of the 17 contestants will take part in a milking contest with each girl required to milk a cow for a minute. The amount of milk each girl gets in the pail in the minute will count up to 50 per cent in determining who is to be adjudged the Kent county dairy princess. Poise, personality and appearance will make up the other 50 of the score.

Entrants chosen for the Kent county finals include Betty Alexander and Barbara Van Pelt of Kenton, representing the Kenton Clubbers; Mary Jane Faries' Dawn Faries and Jean McFadden of Smyrna, representing the Woodland Beach Seagulls; Joane Bush, Joyce Auston and Judy Weinburg of Felton representing the Paradise Club; Betty Ann Hurd, Rachael Simpson and Sarah Helm of Clayton and Phyllis Gardner of Smyrna, representing the Clayton Clod Hoppers; Joyce Davis of Milford, representing the Millwood Club; Doris Pflumm and Francis Hertz of Wyoming, representing the Wild Cat Club.

All contestants in both counties are 4-H clubbers, farm girls, and between the ages of 14 and 20.

The DHIA records on each cow also show her pedigree, breeding dates, dry periods, and the record of the calves she produces.

In effect, the DHIA records give each dairyman a "cost-accounting" system for him to check up on the feeding, breeding and management program he has set up for his herd.

**NEW OFFICERS ELECTED FOR STATE DHIA GROUP**

New president of the Delaware Associations is dairyman Charles Blendt of Smyrna. He was elected at the annual meeting in Dover on Wednesday, June 6. Blendt owns a registered Hol-

stein herd of 38 milking cows that produce an average of 9800 lbs. milk per cow during the past 12 months on dairy herd improvement association test.

Other officers elected were Howard Wilkens of Lincoln, vice-president; and, B. Irvin Armstrong of Middletown, secretary-treasurer.

At the present time, 116 dairymen are members of dairy herd improvement associations. They have 3546 cows which are tested regularly by a visiting professional tester as a check on their production.

The DHIA herd-improvement testing program provides a herd record for each dairyman who is a member. Besides giving him an accurate test of each cow's production of milk and butterfat, it lets him be sure of the amount and cost of feed for each cow in the herd.

**DELAWARE WOOL POOL PLANS COMPLETED**

Final arrangements for the Third Annual Wool Pool on June 16 at the Kent-Sussex Fairgrounds, Harrington, were made at a recent meeting of the Wool Pool Committee at the home of the chairman Floyd K. Blessing

near Houston.

Prices for the various grades of wool will be fine and one-half blood tied 46 cents, untied 44 cents; medium, which includes three-eighths and one quarter blood, tied 47 cents, untied 45 cents; rejects 37 cents; and tags 16 cents. A nominal handling fee based on expenses and the amount of wool will be charged as in previous years.

Mr. Fred Monaghan of Philadelphia will again be the grader. The Pool will be open from 7:00 A.M. to 3:00 P.M. No grading will be done between 11:00 and 12:30. All wool on the Fair-

grounds by 3:00 P.M. will be accepted.

Membership in The Delaware Sheep and Wool Association will not be required again this year. Wool need not be tied.

Sherpa Tenzing, who climbed Mt. Everest with Sir Edmund Hillary, plans a world tour.

A School of Architecture & Community Planning will be started in Ankara, Turkey.

Crime in London was less in 1954 than in any other year since the war, Scotland Yard says.

youth, beauty,  
Chevrolet,  
action!

The new Bel Air Convertible—one of 20 sassy-styled new Chevrolets.

Want to take the wheel of one of America's few great road cars? Want to send pleasant little tingles up and down your spine? Then hustle on in and try out a new Chevrolet V8!

Now showing—the happiest "double feature" of the year! One part is bold, new Motoramic styling. The other is record-breaking V8 action. Hollywood has a heap of words that describe it: colossal, stupendous, magnificent. We'll settle for just the name—Chevrolet.

Because once you've driven this sweet-handling showboat, the ad-

jectives will take care of themselves. Horsepower that ranges up to 225 makes hills flatter and saves precious seconds for safer passing. And the way this Chevrolet wheels around tight turns would gladden the heart of a dyed-in-the-wool sports car fan.

Stop in sometime soon and highway-test this new Chevrolet.

AIR CONDITIONING—TEMPERATURES MADE TO ORDER—AT NEW LOW COST. LET US DEMONSTRATE.

**Year after year... Blue Sunoco  
First with Auto Engineers**

Again and again surveys show:

**Blue Sunoco  
used by more auto engineers  
than all other premiums combined**

The only gasoline that meets new higher premium octane standards and sells at regular gas price

We recently invited a large group of auto engineers to try New Blue Sunoco, boosted in octane, in their own cars and give their reactions. The survey results, compiled by an independent firm of certified public accountants, make Blue Sunoco the favorite.

**43% already are users of Blue Sunoco**

Of the 1,166 engineers who reported on '56 Blue Sunoco, 43% told us they were already users of our gasoline. This was a far greater number than reported using all other premium gasolines combined—perhaps the greatest testimonial any gasoline ever had!

Blue Sunoco is recommended for the newest high-compression cars when owners' manuals specify a premium gasoline.

**Premium octane at regular gas price**

Blue Sunoco is premium in every way, sells at regular gas price, gives many more miles per dollar. Follow the lead of auto engineers. Make your own 10-gallon test today.

**COMPARISON CHART**

This is what automotive engineers reported after comparing New '56 Blue Sunoco with premium-priced gasolines in their own cars

93% say Blue Sunoco matches or excels premium-priced brands for overall performance	91% say Blue Sunoco matches or excels premium-priced brands for power and pick-up
85% say Blue Sunoco matches or excels premium-priced brands for anti-knock performance	86% say Blue Sunoco matches or excels premium-priced brands for miles per gallon

**Veterans News and Answers To Questions**

Q—I have been taking on the job training under the Korean GI Bill for one year, and my GI allowance has been reduced three times at four-month intervals. I'm planning to change to a new job training course in a different field. Will I get the full rate of GI allowance paid to beginners, or will I be paid the reduced rate that I'm getting in my present course?

A—If your change to a new program of GI on-the-job training, you will receive the full allowance paid to veterans beginning their courses. Your periodic reductions will begin four months after you start your new

course.  
 Q—I am planning to sell the home I bought with a GI loan. Are there any disadvantages in allowing the buyer to take over my GI mortgage and continue making payments on it?  
 A—The disadvantage is that under present law you remain personally liable for payment of your GI loan, even though the buyer who takes over your mortgage agrees to make the payments. You will be relieved of liability if the buyer pays all cash or get his own loan.  
 Q—I hold a special \$10,000 Korean GI term insurance policy. May I convert this to permanent insurance? I am not disabled.  
 A—No. Under the law, special Korean term insurance for the nondisabled may not be converted to permanent forms of insurance. Service-disabled Korea veterans, however, do have the right to obtain convertible term policies. They also may take out permanent plans of insurance from the beginning if they wish.  
 Q—I want to appeal VA's decision regarding my application. Where do I send my appeal—to my Regional Office or to the VA Board of Veterans Appeals in Washington, D. C.?  
 A—You should submit your appeal to the VA Regional Office having your records.
