

Harrington School News

Senior Personality
Mable Jean Outten, better known as Jean, was born near Harrington, Sept. 21, 1939. She is the daughter of Mrs. Edna Outten and the late Clifford N. Outten, Sr.

Problems of Democracy
The Senior Class had the pleasant opportunity of having Rev. J. Symonds speak to them on the problem of juvenile delinquency.

He studied pastoral counseling at the Church of the Epiphany in Washington, D. C. He was graduated from Yale School of Alcohol Studies.

He has done much in the field of alcoholism and crime. At the present time, he is pastor of the Episcopal Church in Harrington.

He spoke of many incidents where he had helped boys in the prison at Illinois.

He has started a Hot Rod Club for boys here, and we hope he profits from all his patience and understanding with teenagers.

We enjoyed his talk very much, and hope some of the classes in the future have the privilege of hearing him.

F.F.A.
Tuesday the F.F.A. of Harrington School arranged to harvest the soybean crop of their teacher, Mr. Curtis, who was recently in an accident.

Five of the boys Alvin Jarrell, Ronald Link, Owain Gruwell, Richard Sapp, and Roger Eilers furnished tractors and combines to do the necessary harvesting.

Tractors and trucks for hauling the beans were furnished by Roger Hendricks and Taylor and Messick Machinery Dealers. All of the necessary labor was furnished by the rest of the 11 and 12 grade agriculture boys.

Library Club
The meeting was called to order by our president, Norma Lee Rook. The secretary read the minutes of the last meeting.

We then discussed our Christmas party which will be held Dec. 19. Ray Hawkins will bring a Christmas tree. Each person will bring two bulbs for the tree, and something for the party.

The meeting was then adjourned.
Chess Club
Dec. 5, Mr. Cotter played ten members of the Chess Club at one time, defeating them all.

The Chess Club is hoping to have the United States Champion to visit us from Dover very soon.
Math Club
The meeting of the Math Club was called to order by our president, David Martin.

We decided to have a Christmas party. We also drew names and decided to spend between \$5 and \$1 for our gifts. We also decided to send a request into Grady & Hurst. The meeting was adjourned.

Chemistry
The chemistry class wishes to thank William Wechtenhiser for giving us a large collection of chemicals. These have been re-bottled and filed in our stockroom for future use.

At one time William was interested in Chemistry as a hobby.
FIRST GRADES
Mrs. Hopkins
We are very glad to have Gary Smith back after having had his collar bone broken.

He told us that he had a baby brother, too. Last week Gordon Jarrell told us about his baby brother.

Several boys and girls have been absent because of illness. Some are back and will be glad when the others return.

Many of us are reading our fourth book "High on a Hill."
Mrs. Grant
We are having our assembly program Thursday. It is a Christmas program. Everyone is in it.

We have a new boy. His name is Harry Alexander. He came from Seaford. Now we have 26 students.
We are happy because Christmas is so near. Most of us saw

Santa last Saturday.
5th Grade Intramurals
Mrs. Brobst's room had a score of 2 and Mrs. Long a score of 10. The total for Mrs. Brobst's room is 6 and Mrs. Long's room 8.

SECOND GRADE
Mrs. West
We have finished our Indian books, and we are getting ready for Christmas.

We made church windows for the window. We have our new calendar for December. We have made a Christmas bulletin board. It is a mural that tells about the Christmas tree.

We have made tree trimmings and cards. We are learning lots of Christmas songs and carols. A Happy Christmas and New Year to you.
THIRD GRADE
Mrs. O'Neal
We are getting ready for Christmas.

We have decorated our room. Chuck McNally's daddy gave us a Christmas tree and we will make our own trimmings.
SEVENTH GRADE
Mrs. Dolby
We have decorated our room with bells, stars, and snow flakes for Christmas.

We had our assembly Friday morning, Dec. 7. Our theme was "Delaware Bay". We showed a movie which was donated to us by the Diamond State Telephone Company. We sang the Star Spangled Banner, Our Delaware, and Jingle Bells.

HARRINGTON - GREENWOOD DUAL U. S. 13 TO BE OPENED TODAY

A northbound lane of U.S. 13 dual highway, from Greenwood to Harrington, will be opened this morning.

Delaware now has a dual highway from the Pennsylvania line to the Maryland line. The project started in 1929 but was interrupted by World War II. Since the conflict, U.S. 13 has been dualized from Dover to the Maryland line.

Today's opening will be attended by a ceremony for the dedication of the final section on U.S. 13 thru Delaware. It will begin at 11 a.m. on U.S. 13 at a point on the Kent-Sussex County line just south of Greenwood.

After the dedication, to be attended by prominent state and highway officials, a dinner will be held at The Wonder R.

Felton High School

St. Bernadette's CYO
Presents Play
Sunday evening the ninth annual radio play contest sponsored by the Catholic Youth Organization of the diocese of Wilmington was held in St. Peter's Cathedral auditorium in Wilmington.

From this area two high school groups competed. One was from St. Bernadette's and the other from St. John's in Milford. The other groups that took part were from the city of Wilmington and from Middletown.

St. Bernadette's play was entitled "Baa - Baa, Black Sheep" and was directed by Robert J. Nelson. Those taking part in the dramatization featured Tony Perrone as Ensign Robert Baker; Joe Kliment as Father Joe; Helen Dobraski as Saint Therese; Iva Freeman as the Receptionist; Jimmy Schiff as Commander Wilson; Dave Coady as Captain Seward; Nancy Whittington acted as the announcer. Sound effects were handled by Edgar Wroten.

St. Bernadette's group took third place honors but did not receive a trophy as only the two top winners were awarded trophies. St. John's group was fortunate enough to take home an attractive trophy for second place honors.

A midjet racing car with fiberglass body—first of its kind in New Zealand—was built in three weeks by a New Plymouth racing enthusiast in his spare time.

C. OF C. DISCUSSES CHRISTMAS PROGRAM AND CREDIT BUREAU

The judging for the best-decorated homes will be held Christmas Eve, beginning at 7 p.m., City Manager William F. Smith, a member of the Christmas Program Committee, told the Chamber of Commerce at its December meeting Monday night in the The First National Bank Building.

It was brought out at the meeting that a new system was being inaugurated in the awarding of prizes. There will be a city-wide award of \$25, with the winner not being eligible for prizes of \$10 and \$5 to be awarded in the City by section, as follows: All east of the railroad; between the railroad and Dorman and Commerce Street, and west of Dorman and Commerce Streets.

Kenneth Aiken, a member of the Christmas Committee, asked for assistance in maintaining the line of children who are given fruit Saturday afternoons at the Firehouse by Santa Claus, assisted by Benjamin Emory, Jr., President Charles Peck, Jr., Thomas Clendening, and Thomas Peck.

It was brought out at the meeting that a Nativity Scene, or creche, had been erected on Pennsylvania Railroad property at the Clark Street crossing. Railroad personnel did the work, with Marion Brown and his son erecting the creche, and Harman Ryan installing the lighting.

The Chamber gave the go-ahead signal on the erection of two signs on U. S. 13 to identify the community. W. Cliff Miller, in charge of the project, which had been delayed pending the opening of the dual highway, said the signs would be of plywood, 6 x 10 feet, with the metal emblems of the Rotary Club and the Lions Club attached. The sign will have the name of Harrington, the Chamber of Commerce, a hub, denoting the "hub of Delaware, and the meeting hours and place of meeting of the Rotary and Lions Club, cosponsors of the project with the Shambler.

Mayor Ernest Killen was elected nominee as the Kent County member of the Board of Directors of the Delaware State Chamber of Commerce.

President Peck appointed a new committee to co-ordinate solicitation of funds from civic clubs, business firms, and individuals to pay for the site of the armory under construction of Liberty Street. The committee is as follows: Arnold Gilstad, chairman; J. Edward Taylor, Thomas Clendening, and W. Cliff Miller.

Sulky Slants

By MRS. DAVE (PAT) SMITH

Another week has rolled around and the horses are coming in fast and furious as I, around right now there are two large vans from Westbury, on O'Dare and one A. I. Scott. I'm sure glad for we were the first ones here this year. We wanted to miss the bad weather. Now I'm wishing for a little rain for a rest. That's the way it goes.

I took Ralph Ayou's Wayne Burris' and Dave's pictures last Sunday and going to send them to Carrington so maybe he will put them in the Journal soon. Poor Wayne sure misses Billy Meyers. Sits and talks about Harrington all the time. We've been looking for him to pull out.

Another thing so many of the big stables that race around Hamburg, and Buffe also are right around us. This past Sunday was like old home week under our awnings. There were 14 from over to Ben Whites in chairs and on the trunks. Some telling when they raced here at Seminole Raceway or when they stabled here. There was an article in the "Orlando Star", morning paper stating "Ben White Arrives at the Track with String of Fine Horses, 25 Years Ago." And still this is a beautiful piece of ground.

Eddie Havens also showed us where he had his stable 18 years ago. And it still bears the name of some of his horses inside of the stalls where some groom had printed the name of the horse and the date. Fred Egan says he still has a warm spot in his heart for this place. He also was a visitor here this past Sunday.

Harry Greenly came by to say hello to Dave and asked when we were last in Harrington. There is a fellow that worked for Pat Hubbard, but I forgot to ask his name. That's me. Will get it next week. I Pat's sister still has the track restaurant. I sure wish she was here. At least you could get a good meal instead of running down town. Joe has a clean place here, but he don't know how to season things.

Well, I went fishing again and what did I get? "NOTHING", but a big turtle which I was afraid to take off the hook, but I put him back.

Here is something I picked out which I thought was real cute. Knowing this town like I do it sounds just like some of those bellyboos. So here goes.

A story told in "bone dry" Mississippi about an ardent temperance leader who registered at a Jackson Hotel the night before a legislative session.

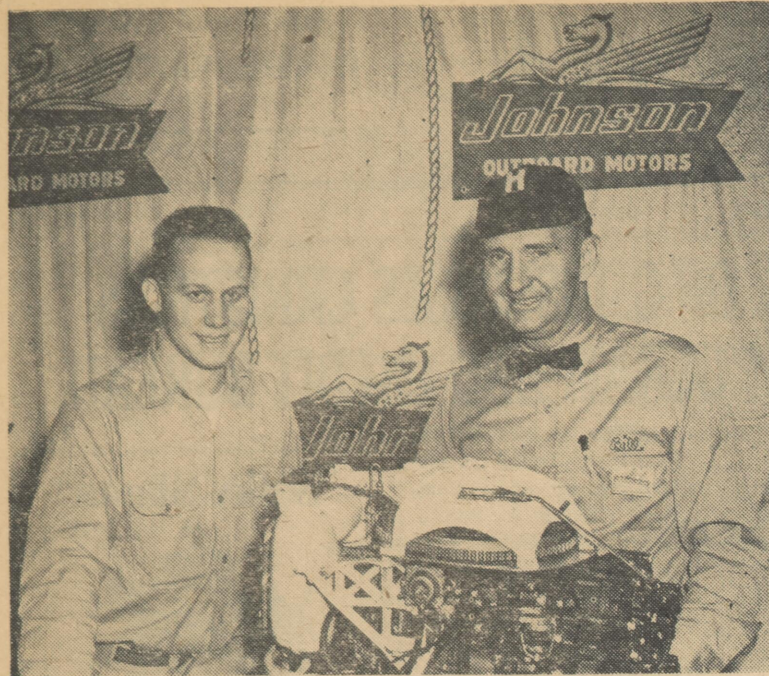

Being an exacting man, he cautioned a veteran bellhop, "Be careful with the suit case." "Senator," beamed the bellhop, "I've been totin' 'em in for you legislators 20 years an' I ain't broke a bottle yet."

SCHOOL CHRISTMAS PROGRAM TONIGHT
The annual Christmas program by the local schools will be offered tonight in the school auditorium beginning at 8 p.m. The program this year will be a joint concert by the Senior Band and the High School Chorus, assisted by a special Children's Christmas Chorus from grades five and six, and a vocal ensemble from the high school.

Besides the regular marches appropriate for any concert by the band, a special number will feature the trumpet section by John Kinyon entitled Carnival for Trumpets, as well as two suites for band that include familiar tunes and melodies, appropriate to the Christmas season.

Numbers by the chorus will include "One Little Candle" from the Fred Waring Choral Series, as well as "O Holy Night" by Adam. Soloists will be Miss Betty Ann Moore and Philip Holson. Accompanists will be the Misses Anne Perry at the piano and Barbara Edwards at the organ.

The Children's Chorus will sing two French carols and will feature Cheryl Clark, Bobette DeVroy, Lois Larimore and Franklin Hendricks, as soloists. The vocal ensemble from the high school will sing two French carols also, with Leonard Masten as soloist.

Trinity Methodist Church Notes

Sunday, Dec. 9, was observed as the 75th anniversary of Trinity Methodist Church. About 130 were present at the morning services to hear Dr. O. A. Bartley of Dover, District Superintendent, discuss the "Three R's of Anniversary; Remembrance, Revelation, and Re-dedication." Ell-

wood Gruwell gave tokens to all present: a bookmark and a pencil, suitably printed. In the evening the pastor continued the anniversary note with "Notes on the History of Trinity," though time prevented his finishing. He plans to conclude the history of Trinity Church on the evening of Dec. 30. The Vesper Choir and trombonists Randall Knox, Jr. and Edward Wilcox, Jr., supplied a number of musical selections for last Sunday's evening services.

Following the morning service coffee was served by several of the ladies of the church, in the annex. This gave an opportunity to all who desired to meet and socialize with Dr. Bartley, who was accompanied by his wife. From there the Bartleys went to dinner at the parsonage.

The choir will rehearse each Thursday evening as follows: at 6:45, Junior Choir and at 7:15, Vesper (young people's) choir; both under direction of Mrs. Wil-

liam Smith; at 8 Mr. Brobst meets the Senior Choir for practice.

Sunday evening we plan to show, as part of our worship service, a short motion picture (20 minutes) entitled "Moses and the Ten Commandments." The film is made available by the O.U.R. Class, which also has charge of the program for the evening services, and the Harrington Public Schools which enable us to show it through their projector.

Monday evening, the Commission on Finance is to meet at 8. On this evening also, the MYF subdistrict assemblies for a banquet at Trinity Church. Trinity MYF is acting as hosts for this affair, which begins with a covered dish supper. This is the annual Christmas banquet of the subdistrict.

Greenwood

Mr. and Mrs. Allison Davis, Mr. and Mrs. Jacob Hatfield and Ellen and Mr. and Mrs. J. Burton Carter were among the guests attending the open house, celebrating the 50th wedding anniversary of Mr. and Mrs. Huey Jackson of Seaford, Sunday afternoon. The affair was planned for them by their children, Mr. and Mrs. George Sevier of Delmar and Mr. and Mrs. Brenon Jackson of Seaford, and was held in the Blades Community House. The table was beautifully decorated by their very talented and artistic daughter, Mrs. Sevier. In the center was a large tiered wedding cake, white decorated in gold with appropriate lettering. On either side a horn of plenty poured gold baubles upon the cloth, and in front of the cake a pile of fifty bright new pennies from the six grandchildren. The guest had remembered the color scheme and the many lovely gifts in white and gold added to the beauty of the table.

The program included an opening prayer by the minister who united them, a duet by the two Carroll children from Dover accompanied by their mother, musical selections on the piano by Mrs. Castle of Seaford and some

original rhymes composed for the occasion by Mrs. Jacob Hatfield who is a cousin of the Jacksons.

From where I sit... by Joe Marsh

Just Call Me Cupid

The counter down at Pete's was full yesterday, except for three seats near the end, so I plunked myself down on the middle one.

As I took my first sip of coffee a cute young couple came in—a girl in her early twenties followed by a fellow perhaps a year or two older. Without saying a word, they took the only two seats left on either side of me.

Remembering my younger days, I insisted the young man take my seat so's they could be together. He I sat at first, then finally he shrugged, grinned

and said to the girl, "Well, let's make him happy. My name's 'Ricky'. What's yours?"

From where I sit, there was no harm done that time, but jumping to conclusions can be embarrassing. In fact, it's sometimes mean and intolerant—like the way some folks jump to the conclusion a man's "wrong" to prefer a glass of beer over another beverage. Lack of facts coupled with lack of judgment introduces trouble.

GROUP HOSPITAL SERVICE, INC.
The Delaware Blue Cross-Blue Shield Plan

908 WEST STREET • WILMINGTON 99, DELAWARE • OLYMPIA 4-9991

November 27, 1956

To All Blue Cross-Blue Shield Subscribers:

Effective February 1, 1957, your Delaware Blue Cross-Blue Shield Plan will make adjustments in its rate schedule and expand some benefits. These revisions in the Plan must be made to meet the higher charges for hospitalization and to give you necessary expansion of maternity and out-of-area benefits.

Hospital costs have gone up sharply; higher rates are in effect in half the hospitals in Delaware. Since October 1, five major hospitals have increased their rates and a sixth hospital has announced an increase to be effective December 1, 1956.

The Plan absorbed the sudden impact of these higher hospital rates for Blue Cross members by dipping into the reserve fund which is intended for emergency use, such as for epidemics. And the Plan will continue to pay the increased hospital charges at the present subscription rate for all Blue Cross members, until February 1, 1957.

In this folder are our new rates and a detailed description of your benefits, which will give you the most protection, for the money, ever provided by your Delaware Blue Cross-Blue Shield Plan. Our new contract represents our best thinking about what you want, and reflects our most careful efforts to provide the fullest possible protection for you at rates which are the very lowest the Plan is able to make with safety for its members.

Very truly yours,
GROUP HOSPITAL SERVICE, INC.
H. V. Maybee
Managing Director

Here are the new standard contract Blue Cross-Blue Shield monthly rates for the semi-private plan. Only Hospital Plan rates have been increased. Surgical-Medical Plan rates remain the same.

Along with the necessary rate increase come important benefit changes

Comparable benefit changes apply to members of the ward plan, beginning February 1, 1957

BLUE CROSS HOSPITAL PLAN MATERNITY BENEFITS INCREASED

A minimum of \$80 per pregnancy or a maximum of \$10 per day for up to 10 days, whichever is greater, but not to exceed the hospital's charges, is to be provided in all normal deliveries.

Retrospective to November 1, 1956, and continuing to February 1, 1957, when the new maternity benefits are effective, eligible semi-private plan members, in cases of normal delivery, will receive up to \$60 per pregnancy or \$10 per day for up to 10 days, whichever is greater, but not to exceed the hospital's charges.

ROOM, BOARD ALLOWANCE INCREASED

In approved general hospitals not members of any Blue Cross Plan, in non-maternity cases, maximum room and board allowance is to be increased to \$16 per day. For other contract services, semi-private plan members will continue to receive up to \$200.

CHANGED ALLOWANCES, MEMBER HOSPITALS

In hospitals which offer semi-private accommodations at varying rates, Blue Cross will provide coverage up to the most frequent charge for such accommodations in the hospital selected by semi-private plan members.

HERE IS A RESUME OF SEMI-PRIVATE PLAN BENEFITS UNDER THE STANDARD BLUE CROSS PLAN AS OF FEBRUARY 1, 1957

As a bed patient in a Plan hospital in non-maternity cases, a semi-private plan member receives:

- 70 days of hospital service of maximum contract benefit in semi-private accommodations for each hospital confinement plus 295 days coverage of a rate not exceeding \$10 per day. Readmission to the hospital within 90 days of discharge will be considered to be the same hospital confinement.

These additional benefits are provided during maximum contract days:

- General Nursing Care
- Basal Metabolism Tests
- Use of operating room
- Medicines, dressings, and oxygen
- Routine Laboratory Examinations
- 50% of x-ray when considered with the condition for which you were admitted

In Maternity Cases eligible members receive:

- In normal deliveries, per pregnancy, semi-private plan member up to \$80 per pregnancy or \$10 per day for up to 10 days, whichever is greater, but not to exceed the hospital's charges.
- In cases of Caesarian delivery or premature termination of pregnancy not resulting in stillbirth Blue Cross provides regular contract benefits for up to 10 days per pregnancy.
- In cases of ectopic pregnancy Blue Cross provides regular contract benefits for up to 70 days.

For Emergency Out-Patient Care within 8 hours of accident:

- Up to \$6 credit

Coverage in Nursing Homes:

- For approved admission to a nursing home immediately following discharge from a general hospital, semi-private plan members receive an amount up to \$8 per day of care for any remaining maximum benefit days to which the patient is entitled.

Hospital Benefits Outside of Delaware:

- In member hospitals of 85 other Blue Cross Plans a member will receive the benefits provided by the contract this Plan has with the other Plan.
- If hospitalized in a foreign country or in an approved general hospital which is not a member of any Blue Cross Plan, in non-maternity cases, semi-private plan members will receive a credit up to \$16 per day for room and board plus up to \$200 additional for other contract services.

SURGICAL-MEDICAL PLAN

The surgical-medical plan includes payment by Blue Shield for:

- surgery, treatment of fractures or dislocations, hospitalized dental surgery (up to \$225 according to the schedule of benefits)
- diagnostic x-ray yearly maximum payment \$25. Up to, but not in excess of, 50% of the charges will be paid by Plan to the x-ray specialist according to the x-ray benefit schedule.
- up to \$40 for anesthesia in any one admission according to the schedule of benefits.
- up to \$3 a day for 90 days for doctor's visits to you in the hospital for medical care (other than surgical or maternity cases) beginning on third day of confinement*
- \$10 per specialist consultation for up to 2 consultations during each confinement*

*Readmission to the hospital within 90 days of discharge will be considered to be the same hospital confinement. A specific description of both Blue Cross and Blue Shield benefits is contained in the Subscriber Certificate.

PERFECT ENDINGS
Speaking of finishing touches. . . In crochet, they are just as important as any stitch or design you put into your work. A well-turned piece of needlework is as neat in the back as in the front; a well-groomed woman is as particular about her lingerie as she is about her frock. To keep a crocheted article neat from start to finish, all thread ends should be concealed. Upon completing the piece, cut the thread about four inches from the last loop. Thread this end in a needle and darn it securely through the solid part of the crocheted cut off the remaining thread close to the work. Starting threads should be treated in the same manner.

CAPTIVATING CLIP-ON HAT
Crochet goes to your head with this hint of a hat. It's perfect for the theater or dancing, because it's tiny and so comfortable to wear. Wouldn't this be charming as a bridesmaid's headpiece as well? Simple crochet stitches cover a plastic head clip that fits securely over your curls. Winged Performance and a Floating Ride make The Big M the road-hungriest car ever built

BIGGEST SIZE INCREASE IN THE INDUSTRY—Mercury is now over 17½ feet long, more than 6½ feet wide. Wheelbase is a big 122 inches. Inside there are inches more headroom, leg room—as much shoulder room, for example, as in many of the most expensive cars.

3-WAY POWER CHOICE
New 290-hp Turnpike Cruiser V-8—Wait till you feel its silk-and-dynamite performance! Optional on all Montclairs and Monterays.
New 255-hp Safety-Surge V-8 with Power-Booster Fan—A Mercury "first" in the Montclair Series. The engine fan coasts when not needed for cooling. You save horsepower other cars waste, enjoy a far quieter ride.
New 255-hp Safety-Surge V-8—Dream-car performance in the Monterey Series—Mercury's lowest priced line! Features another Mercury "first" which you get at no extra cost on all big M engines for '57—a Thermomatic Carburetor. It automatically controls the temperature of the air the engine breathes—helps keep it uniform summer and winter. Engine starting is easier, usable power and economy are increased.

YEAR'S MOST IMPORTANT RIDE IMPROVEMENTS
Exclusive Full-Cushion Shock Absorbers—One of Mercury's great Floating Ride features. The first shock absorbers in the industry to give such amazing bump-smothering control on rough roads without sacrificing a soft, satin-smooth ride on average roads.
New Swept-back Ball-Joint Front Suspension—Mercury introduces a new improved version of its famous suspension system. Because of the new swept-back design, the front wheels are now, in effect, pulled gently over bumps, rather than pushed into them.
New balanced weight distribution greatly reduces nose dipping on sudden stops and lurching on fast starts.
New road-hugging center of gravity—Everything is lower. Car height, passenger compartment, frame, and rear axle. You enjoy an amazing sense of "nailed-down" stability on curves.
You've got to feel Mercury's new Floating Ride to believe it. We invite you to do just that, today, at our showroom.

Kemp and Greenleaf

The tragic death of Clarence Kemp, who died from a fire in his home in Milford last week, recalls the only time we saw him play pocket billiards. A former resident of Harrington, Kemp was known as an expert at pool.

Sometime in the late '30s, when we were visiting here from Illinois, Ralph Greenleaf, world's champion in pocket billiards, or pool, gave an exhibition match here. His opponent was Kemp.

There was an admission charge and Greenleaf believed in giving the onlookers their money's worth. He was also a good actor.

During the first part of the match, Greenleaf appeared to miss frequently and great was his consternation. Kemp, meanwhile, was a little ahead. But, before it was too late, Greenleaf found his eye and clicked off frame after

The business district of Harrington has the best Christmas lighting of any community around here, in our opinion. More than one person has been heard to comment, unsolicited, favorably on the decorations. And the Christmas tree, at the corner of the Post Office, is the best ever. It was brought in by J. Edward Taylor.

The Chamber of Commerce heads the drive for the annual Christmas program, of which the street decorations are a part. However, in the final analysis the businessmen, other civic-minded individuals, the Lions and the American Legion take a prominent part in the program since it is their donations of time and money that make the project possible.

The Christmas Program Committee of the Chamber of Commerce is as follows: William W. Shaw, chairman; J. Edward Taylor, Kenneth Aiken, Paul Neeman, Earl Quillen, and City Manager William F. Smith.

Minimum Wage Rates on State Contracts

Where work is paid for entirely by state funds, we need no reason for legislation in the 119th General Assembly to regulate wages on state contracts.

It is the duty of the State to have the work done, by responsible bidders, at the lowest cost.

However, according to a release from the Delaware State Chamber of Commerce, these are the planks in the platforms:

Democratic—"Enactment of a law providing a minimum wage, comparable to those established by collective bargaining in all work made by the State or its sub-divi-

sion." Republican—"A state law requiring that all contracts for public works include a clause to provide that the minimum wage on such jobs' share be the minimum negotiated wage in that locality."

We do not favor the stand taken by the Democrats. Collective bargaining is nothing more than organized labor. It is a scheme to force firms to use union labor on state work. It says "a minimum wage, comparable to those established by collective bargaining." Who gave the unions the right to say what employers shall pay, regardless of whether their employees belong to a union? Enactment of the Democratic legislation would mean higher costs to the state, higher costs to the taxpayer, and elimination of contractors who pay taxes to the state but can't get any business from it.

The Republican stand requires "that the minimum wage on such jobs (public works) be the minimum negotiated wage in that locality." This is also a lot of federal. What are public works? Would that include state printing? Who will do the negotiating on wages?

Labor is high enough now. Craftsmen are hard to find at any price. When we go to them to repair the roof, the motors, and the plumbers, we say: "Please," and talk very sweetly. "If it is not too much trouble. Whenever you find time to do it, etc." There is no argument over costs; in fact, that price is not even mentioned.

With one exception, we have heard several contractors tell of a labor shortage.

In our own case, we do state printing, a great part of which come from bids. We pay our help as much as any other printing plant in this vicinity. In fact, the rate is equivalent to what a union would demand down here, and this fact CAN BE PROVEN.

When Joe Blow comes in here and orders a thousand letterheads, he doesn't tell us what we must pay our help, and we do not believe the State should have the right to do so. The public's money should be expended justly.

Veterans News QUESTIONS AND ANSWERS

Q—I know a young man who is eligible for War Orphans schooling. He is a Korea veteran and has had some training under the Korean GI Bill. Does that mean he has forfeited his rights to War Orphans education?

A—Not necessarily. He must deduct the amount of Korean GI training he has had from 36 months—the maximum under the War Orphans program. The difference represents the length of time he may attend school under the War Orphans education program.

Q—Is there any deadline for applying for disability compensation?

A—No. You may apply at any

time during your life. However, if you file your application payments may be back-dated to the day after you got out of service. If you wait longer than one year, payments may be made effective as of the date of application only. Q—I sold my house and let the buyer take over my GI loan. But VA relieved me of all liability. Since I am no longer liable for the loan, would I be eligible for another GI loan? A—No. Relief from liability does not necessarily entitle you to another GI loan. Q—I am getting my master's degree under the Korean GI Bill. What is considered full-time training, for purposes of computing my GI allowance? A—Your school determines the number of hours considered to be full-time. VA accepts the

word of your school. For graduate training, there are no minimum of hours specified in VA regulations, as there are for other types of training.

Beach Erosion Will Be Vital Subject In Next Legislature

The need for quick action, and the allocation of funds, to provide for the protection of the beaches along the Delaware shore line is a subject that will be receiving much public attention when the 119th General Assembly convenes in January.

While the storm of a few weeks ago served to invite attention to the dangerous conditions that presently exist, it was not subject to the present administration of the State Highway Department.

Last spring State Highway Department officials became aware that the ocean was washing away the sand dunes on the ocean side along the beaches. Department engineers examined the situation and studied possible remedies, but the Department at that time was, and still is, without adequate funds to undertake a project of that magnitude.

However, when that storm struck the beach area a few weeks ago, the Highway Department gave no consideration to the availability of funds but instead swung into action to halt the complete destruction of the beach at Lewes and later the rebuilding of protection for the roadway of State Route 14, which parallels the ocean for some distance. Since that storm and the devastating effect on the beaches, it might very properly be said that the saving and restoration of this beach front has been a permanent matter before the members of the State Highway Department.

The storm waters had hardly subsided before J. Gordon Smith, chairman of the department, appointed a committee of department members to go into beach situations and have it studied from every angle. Named to that committee were Benjamin F. Ableman and Hugh R. Sharp, Jr., of Wilmington, William P. Richardson of Dover and Robert D. Thompson of Rehoboth.

At the same time the department made all of their engineering facilities available for the work and the committee has made numerous on the scene examinations of the area and studied the situation with department engineers.

All of the members of the Department's committee have donated many hours to the beach situation, particularly Mr. Ableman, who has discussed the matter with many persons and has endeavored to arouse interest on the urgent need for action to save these beaches. Mr. Ableman has pointed out repeatedly that many thousands of persons derive pleasure from these beaches, as well as action being imperative to protect property having a value in the millions and which is threatened under existing conditions.

Just what can or will be done in the matter will, in the final analysis, depend upon the amount of funds provided by the 119th General Assembly for this emergency work.

DRIVER FINED \$20

FOLLOWING ACCIDENT

Walter Salisbury Clendaniel, 67, Harrington, arrested by state police as an aftermath of an automobile accident which resulted in injuries to five persons Friday was fined \$20 and costs by Magistrate George K. Shockley on a charge of failing to yield the right of way.

Investigation by the police showed that Clendaniel drove from a private driveway into U. S. 113-A, 1.2 miles south of Magnolia and struck the side of an automobile operated by Blanche Hammond King, 58, Camden, who suffered cuts of the face and possible chest and rib injuries.

Four passengers in the King car were also injured: Doris Carter, 33, Camden, sprained right ankle; Mable Staats, 46, Smyrna, chin lacerations; Florence Kenton, 65, Magnolia, sprained leg, and Minnie Wheelton, 63, Magnolia, abrasions of chin and legs.

Caesar Rodney School Notes

300 Attend P.T.A.
 With approximately 300 in attendance two numbers by a group of 21 beginning violinists almost "stole the show" at the recent Caesar Rodney P.T.A. meeting. The group is directed by Mrs. Dorothy Jan Call, elementary school music instructor.

The Vocal Ensemble, directed by Charles E. Hughes, sang three numbers and the high school Symphonic Band Ensemble, directed by Edwin F. Englehart, rendered three numbers and then played for the group singing, also led by Mr. Englehart.

The first part of the program featured the school library with a skit by the Library Club and a talk by the school librarian, Mrs. Mary W. Cool.

The program was introduced by program chairman, Alfred W. Joseph.

R. Sudler Emerson, president, presided during the business session.

The banner for the most parents present was won by Miss Catherine Melvin's section of the fourth grade with Miss Maude Jester's section of the second grade in second place.

Refreshments were served by the second grade room mothers with Mrs. Janet Williams, room mother chairman, in charge.

Romans Dine
 Over 100 Latin students and their guests attended the annual Roman Banquet held recently at Caesar Rodney School.

The Latin 11 class was in charge of the program and of preparing the dinner of fried chicken, oysters, lima beans, beets, celery and carrots, grape juice, tuna fish salad, bread, cheese, olives, grapes, apples, nuts and pastry.

Besides preparing and serving the banquet, the Latin 11 class presented a program which included a Roman style show—describing Roman dress, a short play on the use of Latin today,

a few songs sung in Latin, and a quiz game between the former Latin students and the Latin 11 students.

All of the Latin students attending the banquet came in Roman clothing—stolas and togas.

Eugene Grace was host at the dinner and Peggy Dill hostess.

The following students were dinner committee chairmen: Jack Parker, Jean Clarke, Marjie Pappen and Phyllis Cox.

The Latin 11 students also displayed a special exhibit of Roman customs and cultural background. Clem Noble was chairman of the exhibit committee.

Mrs. Rita D. Ryan is the Latin instructor at Caesar Rodney.

Archery Season Closes
 Delaware archery-hunting season with two deer being shot in the last few hours after the season closed. William Fibelkorn, of Harrington, brought down a 100-pound button buck on the Bombay Hook Wildlife Refuge near Smyrna. James Faulkner killed the second deer, a bit heavier than Fibelkorn's animal near Hartly on the opening day of the season.

Although no other kills were reported many of the estimated 350-500 archers afield during the season were in, and several of them were successful. In addition to the two deer, Fibelkorn killed, unofficially, three as being killed. At least one of the deer was only slightly wounded, being hit in the lower leg. Little blood was found, and the deer was not seen again although the hunting party searched for it several hours.

Game and Fish Nursery Stock Lifted
 Last week wildlife management crews completed the annual task of lifting and storing lespedeza plants from the commission's nursery located on the Petersburg Wildlife area. Some 50,000 plants were placed in cold storage for use early next spring. They will then be replanted throughout the state as one feature of the commission's program of food and cover development for wildlife.

Landowners are urged to request planting stock early if they are interested in improving their farms for wildlife. Fish and Game managers Roberts Beck; Port Penn; Anthony Florio, Smyrna; Henry Cofer, Lincoln; and Robert Graham, Milford; are available to assist landowners in the planning and establishing of either upland or wetland game covers.

Under a commission grant to the University of Delaware, an extensive study was started in 1952 to select a strain of shrub lespedeza more suited to Delaware conditions. The first seed developed from these experiments has been harvested this fall. This seed, along with a selective strain brought from North Carolina, will be sown in the nursery next spring.

Three lespedeza have been put to work for wildlife conservation. They are: big shrub lespedeza, middle-sized sericea lespedeza and Korean lespedeza. These three plants, when used properly, can make good feeding and cover areas for rabbits, quail, pheasants and many songbirds. The big lespedeza is especially liked by quail and the other two by rabbits and birds.

Planted on woodland edges, in odd corners, along ditch banks, in gullies and on gravel banks, they improve conditions for wildlife at little cost and trouble.

Since 1949 the Delaware Game and Fish Commission has furnished seed and helped plant the three lespedezas on more than 1000 farms throughout the state. However, maintaining and improving food and cover for wildlife is an endless job and one vital to the continuing need of both wildlife and those who enjoy hunting.

Asbury Methodist Church Notes

The turkey supper held last week was very fine and was a big success. The net profit from the supper was \$577.42, and we wish to thank everyone for making it a success.

We received \$415 last Sunday in the Church School "mark-up" for the building fund. Our indebtedness is getting smaller and smaller each month and will soon be wiped out if we "don't grow weary" as well doing.

The MYF sub-district Christmas banquet will be held at Trinity Church Monday evening at 6:30 o'clock. Young people from Bridgeville, Greenwood, Houston, Milford, Lincoln, Ellendale and Harrington will participate in this annual banquet. The speaker of the evening will be John R. Rogers, Jr., of Milford.

The Ever-Ready Class will meet Monday evening at 7:30 o'clock in the Collins Building. This will be their Christmas meeting. The Pathfinders Class will meet

Tuesday evening with a covered dish supper in conjunction with their December meeting and Christmas party. The supper will begin at 6:30 o'clock in the Collins Building. Following the dinner there will be a business meeting then a program of entertainment will be presented. Mrs. Ada Pitlick and the Rev. Gibson are in charge of the program.

The choirs will rehearse Thursday in preparation for the Carol and Candle lighting service Dec. 23. Rehearsal will be as follows: Junior Choir at 3:30, Chancel Choir at 6:30 and the Cathedral choir at 7:30. Each year the combined choirs present a very impressive program and this year will be no exception.

The Methodist Youth Fellowship of Asbury Church will present a Christmas play next Friday evening at 8 o'clock and the New Century Club Chorus will present a Christmas Cantata on the same program. There will be no admission charge, but a free offering will be taken.

Church School will meet at 10 o'clock and morning worship will be at 11 o'clock. "My Soul Doth Magnify the Lord" will be the title of the pastor's sermon.

The MYF will meet at 6:30 in the Chapel. The program will be in charge of Clara Tatman. At 7 o'clock the Christmas program and party for the Church School will be held. The program will be presented by the Beginners and Primary departments. The children will each receive a treat from Santa Claus in person. So parents don't forget to bring your children. This program will take the place of the regular evening service.

St. Stephen's Episcopal Church

Thurs., Dec. 6, members of St. Stephen's and their guests gathered at the Parish House for a covered dish supper. It was a delightful occasion in many ways and everyone felt the fellowship and good will that prevailed the group. Tables were decorated with Christmas candles and holly, and the centerpiece was a most attractive arrangement of Christmas tree ornaments. Everyone heartily endorsed having another such affair after Christmas. Mrs. Granville Hill was chairman of the supper committee.

The evening service last Sunday included the service of the Administration of Holy Baptism. Two young men were admitted into the Church by the initiatory rite ordained by our Lord - Albert Lee Ralledge and Ronald Joseph Porter. Albert Lee's sponsors were Mr. and Mrs. Clar-

ence Reed, Richard and Benjamin Ralledge. Ronald's sponsors were Mrs. Lillian Rice, Robert McNally, and William George Thompson. After the service, our Vicar invited all those present to gather at the Parish House where cookies and hot chocolate were served by Mrs. Clarence Reed in honor of the two newly baptized boys. Everyone extended congratulations to Albert Lee and Ronnie, who are now members of Christ's flock and an important addition to St. Stephen's.

The Women's Auxiliary met Tuesday of this week instead of Thursday. The ladies gathered first at the church for a prayer session, then adjourned to the Parish House for a business meeting. Mrs. Robert McNally presided. After the reading of the minutes and a report by the treasurer, a check-up was made on the sale of Christmas cards and wrapping paper. Members of the Auxiliary put the final touches on Christmas boxes prepared for the children of needy families in the Harrington area. Plans were completed for the Christmas party to be given in honor of the Church School pupils. There also came before the group the question of the Auxiliary undertaking a share of the rent being paid for the Parish House. Before the meeting adjourned, volunteers pledged to supplement the Church School's Christmas tree decorations, to insure an attractive tree for our younger people.

Mrs. Robert E. Baynard and Mrs. Thelma Raughley are in charge of altar work for the month of December.

The December Vestry meeting will be held next Wednesday, in the Parish House at 7:30 p.m.

Preparations are being made for our Festival Christmas Eve service. The Rev. Brewster Beach, Diocesan Director of Christian Education, and the Rev. John R. Symonds, Jr., will share the service, with Mr. Beach celebrating Holy Communion and Mr. Symonds offering a brief Christmas greeting. The service which will begin at 10:45 p.m. with an organ prelude, followed by a candle-light procession, will be held in the light of candles until the time of the Communion. Choir rehearsals continue each Friday night at eight o'clock.

Brazil now has 350,000 trucks and expects to have a fleet of 640,000 by 1964.

His majesty, Mohammed Zahir Shah, made the first telecast in Afghanistan's history on the closed TV circuit shown by the United States at the recent Kabul Trade Fair.

Kirby & Holloway Again Sponsor Christmas Treat for the Underprivileged Children of Dover

Saturday, Dec. 22, 25 boys and girls ranging in age from 6 to 12 will be picked up at their homes and taken to the Kirby & Holloway Drive In. Here they will be feted to a turkey dinner with all the trimmings. Mrs. Anne McWilliams is in charge and employees are donating their time in the preparation and serving of this meal. This year there have been many things given by business houses and stores. The cash donations from interested people are being used for gifts, to include clothing, candy, fruit and toys.

Magnolia

Mr. and Mrs. Jay Keller and children left Sunday morning for Paintsville, Ky., where they will spend several days with friends.

Mr. and Mrs. J. D. Keller returned home on Tuesday from a week's visit with relatives in State College and other sections of Pennsylvania.

The Methodist Youth Fellowship held its devotional program at the home of Marilyn and Lorna Frase on Sunday evening and a social hour of games and refreshments followed. They are gathering clothing among their group which will be boxed and mailed to the Navajo Methodist Mission School in New Mexico in time for Christmas. They are also making a \$25.00 contribution to this school. This was chosen as their project as they have been studying about the Navajo Indians.

Mr. and Mrs. John Dill have bought a home west of Felton where they are planning to move the latter part of this month. The home being vacated by the Dills is to be occupied by Mr. and Mrs. Albert Griffith who will be moving from Penns Grove, N.J. Mr. Griffith has been staying for some time at the home of Mr. and Mrs. William Hinsley until living quarters for his family were available here.

Foster Jones is recovering slowly at his home and the cards and other kindnesses of friends while he was hospitalized have meant so much to Mr. Jones and he is very grateful for these remembrances.

Sunday dinner guests of Mr. and Mrs. Edward Richards were their children, Mrs. George Richards, of Dover; Mr. and Mrs. Franklin Richards, of Milford, and Mr. and Mrs. Wilbur Piet and son, Billy.

Mrs. Minnie Wheaton and Mrs. Florence Kenton were involved in an accident just south of Magnolia Friday. Mrs. Blanche King, with whom they were riding, was hospitalized but both Mrs. Wheaton and Mrs. Kenton were discharged following observation at the Kent General Hospital having only minor but none the less painful injuries.

Elwood Knight has returned from a several days hunting trip in Pennsylvania. This trip was made in company with several other sportsmen from Camden and Dover.

C is for the contest of crocheters
R is for the ribbons bright and blue
O is for the offer of cash prizes
C is for the cups of golden hues
H is for the hands that rate the honors
E is for the entries that will win
T is for the thousands of contestants
that range from femme to masculine

Pardon the rhyme, but the exciting news of the 1956 Nationwide Crochet Contest is enough to make any needleworker wax poetic. Over \$3,000 in cash prizes are being offered to crocheters in this 15th annual Contest for just doing what they enjoy. We crochet because it's fun, and to win prizes for it makes it a double treat. Just imagine being named a Grand National Champion and winning \$500 plus a free trip to New York City! Free trips and \$100 awards will also be presented to a Teen-Age Girl Champion and a Men's Champion. And that's not all; hundreds of cash prizes and trophies will be awarded to worthy contestants.

CONTEST CLASSIFICATIONS
Contestants have 16 crochet classifications to choose from when entering the competition through their nearest state, county or local fair. So, look over the list, take your pick, and crochet your entry of fun, and to win prizes for it makes it a double treat. Just imagine being named a Grand National Champion and winning \$500 plus a free trip to New York City! Free trips and \$100 awards will also be presented to a Teen-Age Girl Champion and a Men's Champion. And that's not all; hundreds of cash prizes and trophies will be awarded to worthy contestants.

A CIRCLE OF REFINEMENT
Crochet moves in the best circles. Like a member of high society, this elegant design has richness, charm and dignity. The lacy wheel is done in fine, white cotton as are the solid crochet leaves and flowers that are stitched in place along the edge. Because it measures 14 inches in diameter, it can be entered in the Centerpiece classification of the 1956 Nationwide Crochet Contest. (Pieces that are under 14 inches are eligible for the Dolly classification.) If you would like to receive more information about the Contest and the instructions for crocheting this ROSE WREATH, Leaflet No. S-757, just send your request to the Needlework Department of this paper with a stamped, self-addressed envelope.

The exciting Ford Fairlane 500 Club Victoria (above)—over 17 feet long—is one of two new, bigger Ford sizes this year.

If you think it looks new...
wait till you drive it!

...For there's where Ford's newness really pays off
...in melting mountains...in smoothing the bumps
...in straightening the curves

You can see that Ford's longer, lower Sculptured Look makes other cars look downright old-fashioned. But the part you can't see—the new "Inner Ford"—is what shows its stuff when you drive a Ford. It's revolutionary from the wheels up! And it feels it.

Ford's wider frame lets you sit sweet and low. It lets Ford hug the roads because of its lower center of gravity. And Ford's new front suspension, rear springs and new easy handling are part of the scheme to make you think every road is cloud-smooth.

The magic touch of the new Ford power plants makes mountains disappear. What looks like uphill feels like downhill. You get this surging power in a wide choice of new Silver Anniversary V-8 engines. Or you can choose Ford's new, more economical Mileage Maker Six, the most powerful Six ever offered in the low-price field.

There's magic in Ford's price tag, too! You won't believe this big new Ford is still priced Ford-low. But it is. Come in and test the magic of the new kind of Ford. It's a real "Wizard of Ah-h-h-h's!"

Bridgeville Lass Wins State 4-H Garden Honors

It took more than a green thumb for Barbara Messick, of Bridgeville, to win state honors in the 4-H Garden program. She not only learned to make her garden grow, but also how to market the products. A club member four years, this industrious 16-year-old sets a fine example of all-around 4-H Club activities.

Barbara's special project was raising strawberries. From 10 rows she picked and sold 97 quarts. She realized a profit of \$136 this year from her garden produce. On 16 county-fair exhibits, she won six blue ribbons. Her local leader is Mrs. Virginia Melson.

Because of her achievements, Barbara was a winner of a trip to the National 4-H Club Congress in Chicago Nov. 25-29.

DELAWARE STATE HIGHWAY DEPARTMENT

By: J. Gordon Smith, Chairman R. A. Haber, Chief Engineer 2t b 12-21

DELAWARE STATE DEVELOPMENT DEPT. PUBLISHES BOOK

The Delaware State Development Department announces the publishing of a new book, "The Government and Administration of Delaware," by Dr. Paul Dolan, University of Delaware political science instructor. It is now available in book stores throughout the State.

According to the Development

Department the volume is well documented with factual information—only one or two flaws have been found—and its easy style in presenting its message should make it a popular tool with which to study the First State.

The flaws were found as follows: Dr. Dolan states that "the state provides the governor with an automobile and chauffeur, generally a state policeman" and Delaware's population ranks forty-sixth in the nation."

Actually the state does not furnish its chief executive with a car, and the March of Time caught up with Dr. Dolan on population. During 1955-56, Delaware passed Vermont in the number of its residents and now ranks forty-fifth. This error, however, cannot be blamed on the author. His facts were correct at the time he penned that portion of the volume.

Dr. Dolan's book, which is part of the American Commonwealth Series edited by W. Brooks Graves and published by Thomas Y. Crowell Company, New York, contains 26 chapters and an appendix. There are charts and tables relating to population, state financing and other matters which are extremely handy for comparative purposes. As it says in the frontispiece, the book is

designed to be used by everyone who takes an active or even only a casual interest in the government of the state.

Dr. Dolan, who is presently on sabbatical leave from the University of Delaware to teach a year in Germany, is meticulous in gathering his facts and details and he marshals them well into easily understandable phraseology. One will have a much better understanding of the state, how it is managed and administered through its various official bodies on all levels of government, by reading this book.

Delaware Food Market Report

This week's best food shopping tip—pork and potatoes. Pork roast, rib end pork chops and fresh hams will be featured in many markets this week. Since some pork cuts are plentiful and prices are low now would be a good time to freeze some pork for future use. You can freeze pork cooked as well as raw, so why not cook part of a ham and have it ready for snacks at Christmas time.

Beef prices are beginning to show a slight decline. Look for weekend specials on such things as chuck roast, ground beef, round steak and perhaps sirloin and porterhouse steak. However, you will have to shop around to get the best prices.

Vegetables this week look a

little better than last—prices are about the same but quality is better. Cabbage is still the best buy, selling around 6c a lb. Lettuce has come down 2 to 3c a head this week, but it still "has room" to improve in quality.

Irish potatoes are also a good buy selling as low as 3c a lb. for the Eastern grown ones. When shopping for potatoes this week look at the grades offered for sale. There are No. 1 and 2 grades in this vegetable and it is a good idea to compare the prices on these two. Even though the No. 2 grade potatoes costs less, the No. 1 potatoes may be the best buy for more potatoes to the pound can be used. The standard for No. 1 potatoes permits six out of every hundred potatoes to carry defects. To the consumer that means 5% waste in peeling. From the No. 2 grade, she can expect a 10% waste, due to such defects as growth cracks, cuts and bruises. Compare the cost per pound with the waste expected and choose accordingly.

Odd Facts

In ten years the Sneeburg Vermin Club of Graaf-Reinet, South Africa, has killed 200 lynx and jackals but the area covered has by no means been cleaned up, members admit.

WHEELER'S Television News

Well, here we are again, right on the verge of Christmas. Are you ready? If not you better be shaking yourself and get on the move. When it comes to electrical appliances I don't think you will find a greater variety than you will find at Wheeler's. Of course, as you know, Philco is the backbone of our merchandise and if you know it or not, Philco is known for quality the world over.

When shopping around and I mean shopping because that means you are looking for bargains.

Sure we have them as Philco makes merchandise at bargain prices that people are satisfied with. Drop in as we are heavily stocked in major appliances such as freezers, refrigerators, electric ranges, automatic washers, wringer-type washers and all made by Philco.

When you come in to get your wall paper look at the refrigerators on display and see how much your old one is worth on a trade.

If you don't watch yourself, you will be owning a Philco before Christmas. They must move and your money, is what we want so don't bring it along unless you want a refrigerator. When selecting your Christmas decorations which we have on display take a look at our portable Philco television. Also the other models 21 and 24 inch screens. The only place that you can buy Miss America made by Philco is at your Philco dealer and that I am. So hurry along not waggle and you too will own the finest television made and just in time for Christmas.

We have 24 hour service on all the televisions we sell. We carry in stock picture tubes as well as smaller ones just in case they are needed in a hurry and believe you me when that Philco needs a little enticing a jet bomber cannot be quick enough for you to get it back in action. Do you want a color television? Say no, as they are not satisfactory to us, this far away from the broadcasting stations. You will do me a favor as well as yourself.

Bear this in mind as always when a color television comes out that is worth what you pay for it, then I will tell you Philco is now making the one that you have been waiting for.

If you have someone special that you would like to give a portable one that you can fling around and take it like a wrestler then Philco is letting us sell just such a one.

I also want to mention Clock radios. They are out of this world when it comes to waking you up in the morning. In fact your wife will see such a difference in you that even your breakfast will taste better as grouchy people can be unbearable.

Is \$19.95 too much for a good table radio? I should say not, when everything else is going higher and higher. In fact people are now trying to get so high that it takes rockets to leave the earth.

Well Philco has made this radio and the price is way way down. Just think of getting all the news, weather, Arthur Godfrey and many many more for the little sum of \$19.95.

Drop in and look them over if you don't buy one that is your loss as well as mine.

This is it—so to save and get your money's worth, shop at Wheeler's and have some money left to help pay your income taxes.
