out rust a word from our sponsor. Under the previous law, brandywine kaceway, Wilmington, could race its allotted 20 days, and purchase ten days from the Delmarva Raceway, which has no track, at Georgetown. Kent & Sussex Kaceway here could race its 20 allotted days and ten days received from Delmarva. However, it had not been using the additional ten days.

Under the present bill, which has to be signed by the governor, Kent & Sussex Kaceway will permit Delmarva to present Brandywine the ten days Harrington didn't use, making 40 days in all for the New Castle County track.

It is not known exactly when Brandywine will start racing, but it will end by Sept. 15 when the races begin here except when the

racing. Delmarva should be pleased because it has ten more days to sell to Brandywine. Harrington should be pleased because it has no competition. Ocean Downs should be pleased because the nearest competing track will be around 110 miles distant, instead of 60 Contest Franchise miles in the case of K&S.

The Maryland Race Commission had better think twice before it again schedules harness racing dates conflicting with those of The Delmarva Poultry Indus-Delaware tracks. Delaware, which stands to gain increase taxes from try, Inc. has announced that the tracks under the new bill, is in much better position to manipulate the dates than is Maryland with four. Kent County Dairy Herd Improvement Association to Hold

The Kent County Dairy Herd Improvement Association will hold its annual banquet Thurs., Feb. 28, according to an announcement by Jack Webb, Jr., president. It will be held this year at the Capital Grange Hall in Dover starting at 7 p.m. Reservations can be made by seeing any officer, or the county agent, George Vapaa.

The association is sponsoring a new Weigh-a-Day-a-Month record keeping plan that is adapted for the small or starting dairyman. As the name indicates, the dairyman weighs the milk and records the figures on production of each cow on a special form which is then calculated so that he has an indication of his progress and profits. Costs can be kept low because all transactions

are handled by mail. Joseph Moore of Dover and L.

Eats like a hummingbird!

Like all the new '57 Fords, that sleek Sunliner up there lives on a mighty lean diet of gasoline. Big reason? Look underneath the new fronthinged hood of this over 17-foot long dreamboat. There you'll find a magnificent V-8 engine . . . an all-new, easier "breathing" power plant that

measures fuel and air more efficiently than ever before to give you fuller combustion, greater economy. There you'll find a completely new brand of Ford TNT that's the proud result of Ford's many years of V-8 leadership. Yes, "Six" or "Eight" . . . the going's never been so great!

Goes like a Thunderbird!

For a car that "eats" like a bird... just watch this new kind of Ford devour the miles! That's its new Thunderbird V-8 power* for you. It's the same kind of mile-melting power that sparks the mighty Thunderbird itself . . . the same staying power that hurried a '57 Ford over 50,000 salt-encrusted

miles at Bonneville in less than 20 days . . . at an average speed of more than 108 miles per hour! But Action Test the new kind of Ford. Feel the new solid, silent ride that stems from the all-new Inner Ford, Discover all the other reasons why Ford makes "luxury" a low-priced word!

*Ford offers V-8 engines in a wide range of horsepower — including a Thunderbird 312 Supercharged V-8 that delivers 300 hp and a 270-hp Thunderbird 312 Super V-8

The solons estimated that Illinois' welfare costs would increase 80 million dollars in the next two years and that it might be necessary to increase the state's sales tax.

This racket is being practiced in Delaware too, if we are to believe the reports. We believe the Delaware Legislature should make an investigation and start with Harrington.
