

CREDIT BUREAU CLEARS DECKS FOR ACTION, C. OF C. HEARS

Harrington's first credit bureau is clearing the decks for action, it was revealed Tuesday afternoon at a dinner meeting of the Chamber of Commerce at the Wonder R, when Magistrate L. Gooden Callaway, a member of the bureau outlined its aims and purposes.

The Tuesday meeting, held because many of the Chamber's members attended a ladies' night dinner of the local Lions Club in Dover the previous evening, the usual meeting day, also saw all officers re-elected without opposition.

Nominated by a committee, they were as follows: President, Charles L. Peck, Jr.; vice president, William W. Shaw; treasurer, Arnold Gilstad, and secretary, Carrington H. Burgess.

Getting back to the credit agency, Callaway who, with Mrs. William Humes, formed the Credit Security Bureau, Inc., said the agency would solicit subscribers in Harrington and within a radius of 25 miles, though it would give service beyond this range.

By June 1, he said, he believed he would have sufficient records to give a fair report on anyone within 25 miles. The bureau's goal, he continued, is 100 members.

O. U. R. Notes

April 9 the O.U.R. Class held its regular monthly meeting at the home of Mr. and Mrs. Charles Lare. President Bailey Minner, presided.

New officers were nominated and will be elected at our next meeting. The officers are: vice president, Mrs. George Johnson; president, Charles Lare; secretary, Mrs. Charlie Lare; treasurer, John Minner.

A committee was appointed and the money appropriated to buy five new records.

Tentative plans were made for a rummage sale to be held Friday and Saturday, May 17 and 18.

The class will be responsible for the altar flowers during May. The men and women are holding a contest of attendance.

The next meeting will be held May 14 at the home of Mr. and Mrs. Ray Cox.

Chosen Friends I. O. O. F. Notes

With 13 lodge members last Wednesday evening, Noble Grand Maurice Skinner opened the meeting by calling the lodge to order and called for the reading of the minutes of the last meeting by the secretary.

After the old business was taken care of, the noble grand called for new business and the following brothers were elected from the floor for six months: Noble Grand, Robert Price; vice grand, Willard Butler; assistant to the recording secretary, Wayne Rawding; treasurer, R. L. Nelson, and financial secretary, Joseph Penny.

These brothers will be installed next meeting by the installing district deputy grand master and his staff.

The outgoing noble grand, Maurice Skinner, will be presented with a past-noble grand jewel.

D.P.I.A. to Meet Thursday, April 18 At Camden

What is the poultry industry doing promotion wise to resolve its over-production problems? Kent County poultrymen and others can hear and see a full array of talent at the regular monthly meeting of their Delaware Poultry Improvement Association Thurs., April 18, starting at 8 p.m. in the Caesar Rodney School.

The annual Delmarva Poultry Industry Banquet being held at Salisbury on April 22 makes the local meeting more meaningful, since the banquet is the culmination of poultry industry promotional benefits each year in the peninsula.

DPI, DPPIA, NEPPCO, NIF, PENB, are simply the initials of poultry groups working in Delaware and or nationally. Their work will be described by leaders who help make them effective.

Harrington Good Friday Service

A community Good Friday service sponsored by the Harrington Ministerial Association will be held at Trinity Methodist Church from 12 noon to 3 p.m. This service is being presented as a cooperative effort by all the churches of Harrington and vicinity.

This kind of service is a traditional affair in many communities and it is hoped that it may become so in Harrington. The "Seven Words of the Cross" will be the basis for meditations presented by the various pastors. The service will consist of congregational singing of the traditional hymns of the church for this season, congregational prayers, meditations and prayers by the participating pastors etc. The order of speakers will be as follows: The First Word, the Rev. J. B. Vaughn, Houston Methodist Church; the second word, the Rev. Lorraine Ottinger, Church of the Nazarene, Harrington; the third word, the Rev. Richard S. Gibson, Asbury Methodist Church; the fourth word, Elder David Miller, Seventh-Day Adventist Church, Harrington; the fifth word, the Rev. William H. Miller, Pilgrim Holiness Church, Harrington; the sixth word, the Rev. John R. Symonds, Jr., St. Stephen's Episcopal Church, Harrington; the seventh word, the Rev. Chester E. Wilcox, Trinity Methodist Church.

Also participating in the service as emcee for the first half of the service will be the Rev. Larry S. Renner, Felton Methodist Church and emcee for the second half will be the Rev. Richard D. Bailey, Farmington Methodist Church. The service will close with the singing of a solo, "Were You There?"

If you are unable to attend the entire service, you may come for a part of it. The people will come and go during the singing of the congregational hymns. It is hoped that every person will make it a point to attend at least part of this service.

The Ministerial Association would appreciate the cooperation of the business places in Harrington in making it possible for their employees to attend this service by closing their places of business for this three hour period.

The Crucifixion of Christ was one of the most far-reaching events ever to take place on this earth. It is our hope that this service will make more relevant to the people of Harrington.

Poultry Group Proposes Building At Fairgrounds

A group representing the poultry industry and the Extension Service at the University of Delaware met with the fair board Friday, April 5th, and proposed the construction of a building to serve the needs for live poultry exhibits, allied industry exhibits, educational exhibits, conference rooms for all groups interested in promoting the welfare of a major industry in our state.

Sam Sloan, poultry supt. for the fair exhibits, acted as spokesman for the group which included Frank Gordy, Poultry Specialist at the University of Delaware, and secretary of (D.P.I.A.) Delaware Poultry Improvement Association, and Edward McElvaine, past president of the D.P.I.A. Mr. Sloan outlined the need for such a building and pointed out the various ways in which it could be used.

The building would be constructed by the Fair Association and its size would be approximately 48'x120'. The building would house a conference room, exhibit room, heat, water and toilets.

President Williams appointed T. B. Holloway and George Simpson as a committee to secure plans for such a building and prices for construction from at least three contractors and present them at the next director's meeting in May.

Mr. Gordy stated that the Agriculture Engineering Department of the University would be happy to submit a construction plan for the use of the committee and the board's consideration.

St. Bernadette's Church Notes

Sunday will be Palm Sunday. The special blessing of the palms will take place before Mass, beginning at 9:30 a. m. Confessions will be heard before Mass.

High school student instruction will be given Monday evening at 7 o'clock at the parish house. Because of Holy Week, there will be no classes for grade school children on Thursday. There will be no devotions at St. Bernadette's Friday evening. Mass and special services will be held both Holy Thursday and Good Friday beginning at 7:30 p. m. in St. John's in Milford.

At the devotions last Friday evening Tony Perrone was Cross-bearer and the Acolytes were Edgar and Tyson Wroten. Serving at Mass Saturday morning were Tommy Lord and Tony Perrone. The altar boys on Sunday were Tony Perrone and Emil Girardi.

Father Corrigan administered the Sacrament of Baptism to three infants on Sunday afternoon. The daughter of Mr. and Mrs. Harold Calvert was baptized Lisa Dianne, her Godparents were Mr. and Mrs. Ule Kenton of Magnolia; son of Mr. and Mrs. Frank Hrupsa was baptized David Patrick, Mrs. Louise Chalmers of Greenwood was Godmother and Emil Girardi was Godfather. The son of Mr. and Mrs. James M. Murphy was baptized Patrick James. Mr. and Mrs. Frank Murphy acted as proxy Godparents in place of Miss Sheila Murphy as Godmother and Richard Murphy, Godfather, both of Wisconsin.

Palm Sunday
The ceremonies of Palm Sunday begin on a triumphant note immediately evident as the celebrant and ministers appear in vestments of red for the brief blessing of the palms. While the palms are being distributed, psalms and antiphons are chanted which remind us of our Lord's triumphant entry into Jerusalem. After the blessing, all the participants march out of the church in procession, carrying palms in their hands. After the procession, the Mass for the day is sung.

A portion of the blessed palm is kept and burned to supply the ashes used on Ash Wednesday. The rest of the palm is distributed to the faithful as a sacramental memento. These palm leaves should be reverently preserved in the home, being most fittingly used to adorn, shrines, crucifixes, etc. When new leaves are received on Palm Sunday of the following year, the old ones should be burned.

Holy Thursday
Christ made of Himself the perfect gift for the expiation of man's sins. This is the theme of the liturgy of Holy Thursday. On this day we are called to respond to Christ's love by making a new pledge of love and faith. The Mass of Holy Thursday commemorates the Last Supper of Our Lord when He gathered His apostles about Him to eat the paschal meal.

The liturgy of Holy Thursday includes the following rites: (1) the Mass (2) the Consecration of the Holy Oils, (3) the Stripping of the altars, (4) the washing of the feet.

The spirit of Holy Thursday is one of great joy because of Christ's institution of the Holy Eucharist and the Holy Priesthood, to perpetuate the Sacrifice and Sacrament of the Eucharist until the end of time. At the same time, a great sadness and grief over the passion and death of Christ modifies and tempers the church's joy on this day.

Good Friday
Good Friday is the day upon which the church marks the Passion of our Lord and His Death on the Cross. It is the most sad and solemn of all the days of Holy Week. The Good Friday ceremony is climaxed by the unveiling of the Crucifix which is kissed by the clergy and the people. On this day there is no real Mass, the Mass of the Presanctified being chiefly a Communion service. Nor is Communion given to anyone but the celebrating priest that day, except in the case of viaticum for those in danger of death.

Correction
Mr. Bullock did not complain about walks on Mispillion and High Streets. It was on Short Street adjoining his residence, at last council meeting.

Post Office To Close On Saturdays
Postal service throughout the nation will be sharply curtailed, beginning tomorrow, a bulletin from the Post Office Department said this week.

While the report did not go into details, as to the reason for its proposed action, the press services quote Postmaster General Summerfield as contending that unexpectedly big mail volume and other factors have created a need for another 47 million dollars beyond what Congress gave his Department last year.

Rep. Cannon (D-Mo.), chairman of the House Appropriations Committee, says the postal service has spent too fast that money already appropriated for it.

In Harrington, Postmaster Howard Dill said the local office would be closed to the public on Saturdays, with all city and rural route service being discontinued on these days. No third-class mail would be accepted, except medical items, after April 29.

Further curtailment, Dill explained, would be as follows: Window service would be only eight and a half hours daily, Monday thru Friday, beginning Monday. Windows would be open from 8 a.m. to 5 p.m.

Money-order window would be open from 9 a.m. to 5 p.m., with the issuance of money orders being suspended entirely April 29. The local office, Dill continued, will have to operate with its current inventory of supplies and equipment. Substitute hours would be cut to a minimum. Post Office box patrons must bring their keys to receive mail from the boxes. No extensions in city or rural delivery will be authorized for the remainder of the fiscal year, the postmaster concluded.

Quillens Return
Mr. and Mrs. Horace Quillen returned Sunday evening, after a months stay in Florida. Previous to going to Florida the Quillens spent a month in the Dominican Republic at Trujillo the capital and home of Trujillo the dictator of the republic. They found Trujillo most delightful. The climate was perfect; sunny and warm every day.

On their return from Florida they visited Jamestown, Yorktown and Williamsburg. Elaborate planning has been made in all this area for the commemorating of the 350th anniversary of the settlement of Jamestown. They highly recommend a visit to these places in the next six months while the celebration is in progress.

POLIO VACCINATION CLINIC POSTPONED BY SHORTAGE

The clinic for second polio vaccinations, scheduled for adults this evening at Harrington High School, has been postponed because of unavailability of the vaccine, according to a letter from the Medical Society of Delaware, one of the sponsors.

Lawrence C. Morris, Jr., executive secretary, wrote: "Please disregard the letter and schedules sent you for polio vaccination clinics after April 8. Friday evening, April 5, the Board of Health learned that supplies of Salk Vaccine, ordered several weeks ago, will not be delivered this weekend as the manufacturer had led us to believe. This is a nation-wide situation. No supplier has stocks of the vaccine available. To the best of our knowledge, no orders are being filled anywhere in the country."

"The Board of Health estimates that clinics to be held Mon., April 8, will exhaust the supply on hand. This means that the remaining part of the second injection schedule must be temporarily postponed."

Morris went on to explain that delay in the administration of the second injection would not destroy its effectiveness. He added: "We are negotiating with three manufacturers for additional vaccine, and will reinstitute the free clinics as soon as it can be had."

GOOD FRIDAY

Good Friday is the Friday before Easter and is observed as the anniversary of the Crucifixion of Jesus Christ. The English name "Good Friday" probably comes from "God's Friday." It was certainly not "Good" Friday for the followers of Jesus Christ when He was put to death.

But just as all events are judged by their results, the Crucifixion, which seemed utter tragedy, became a great blessing to those who call themselves Christians. The cross on which he died has become the symbol, not of defeat—but of victory. Victory for Christ and victory for all those who believe in it.

Just when the observance of the Crucifixion became a custom is not known. The annual observance of this event, like that of Easter, probably grew up among the Jewish Christians to take the place of the Passover which was observed each year on the 14th of Nisan and the observance of "days of unleavened bread" from the 15 to the 21 day of that month. However in Gentile Christian circles there seems not to have been an annual observance of the event.

From the earliest observance of Good Friday, it seems to have been a day of fasting. The Altar was draped in black and the officiating clergy were dressed in black as a symbol of the darkness which covered the earth from noon until 3 p. m. and the darkness and gloom which filled the Disciples.

There are minor differences in the Gospels concerning the time and the day. Generally the Gospel of John is preferred and is the Gospel from which the Roman Catholic lesson for the day is read. Mark indicates that the crucifixion took place at 9 a. m. and that there was a darkness from noon until 3 p. m. The Synoptic Gospels, (Matthew, Mark and Luke) indicate that the Crucifixion took place on the day of the Passover, but John indicates that it was the day of "preparation," and that the next day was the Passover and the Sabbath both. Also the reporters do not all report the same words from the cross. In order to get the "seven words" or sayings, we take all the different sayings from all four of the Gospels. However, it is not the differences that are important, but the likenesses. They all report the Crucifixion and interpret it as God's supreme sacrifice for a sinful world and that there issues from the Cross the salvation of the world.

The Anglo-Saxons called this day "Long Friday" probably an allusion to the length of service held on that day. Just when the custom of a "three hour" service began, is not known. But it has been widely practiced and has become acceptable among many Nonconformist groups.

Legion Auxiliary Conducts Campaign For Easter Seals

This month marks the annual Easter Seal Fund appeal, and that means once again we have the opportunity to help crippled children live a happier life.

The American Legion Auxiliary is sponsoring the solicitation of funds in our community, and containers have been placed in numerous business establishments in Felton, Farmington and Harrington. Easter seals have been mailed to residents of the State with an accompanying request from Governor Boggs that donations be sent in the return envelope.

With the care and treatment which Easter seals provide, boys and girls can learn to walk, talk, feed and dress themselves, learn a vocation, and grow into adult years capable of earning their own living. That's rehabilitation! This is what the dollars do when we give to our local Society for Crippled Children and Adults.

In Delaware there are hundreds of persons who need assistance in overcoming their handicaps, and in 1957 the Society hopes to make a creditable showing in its service.

Mrs. William Humes, president of the Auxiliary, has appointed Mrs. Frank O'Neal, Jr., to serve as chairman of this 24th annual campaign in behalf of crippled children.

Felton Grange Entertains Pomona Grange

Trophy Grange was host to the Kent County Pomona Grange Thursday night, Apr. 4. The welcome was given by Winfred Gruwell, master, and the response by Harry C. Johnson, Smyrna, past state master. Dinner was followed by a business meeting with Francis Raughley, Pomona Master, presiding.

Wallace Caulk, chairman of the Kent County agricultural committee, reported on the meeting of the state group, and Mrs. Charles Dukes, state home economics chairman, gave a report. Also speaking briefly were Ernest Cool, member of State Grange executive committee; Austin Hufnal, Kent County deputy; and Mrs. Harry C. Johnson, state youth chairman.

CROPS NEED FERTILIZER; AMOUNTS, MIXTURES VARY

All crops need fertilizer, but the amounts to apply and the ratios of nitrogen, phosphorus, and potash to use will vary with different crops, according to George Vapaa, county agricultural agent.

The soil type, the amount of manure put on the land, and whether a regume cover crop was planted also determine how much and what mixture of fertilizer to use. The agent emphasized that it's best to have soil tested free at the University of Delaware soil testing laboratory

before making any fertilizer applications.

All vegetable crops need a complete fertilizer, the county agent said, while field and forage crops might grow better with only one or two fertilizer elements.

Before planting vegetable crops, plow down or drill in some fer-

tilizer, he said. While planting vegetables put the fertilizer on in bands. Side dressing during the growing season will help to keep the crops producing longer. A starter solution of fertilizer will work fine with transplants.

He pointed out that time and methods of applying fertilizer on

soybeans, corn, small grains, and forage crops also vary.

To get specific recommendations, Vapaa urges farmers and home gardeners to contact him at the county extension office. Or, write to the office for Extension Folder No. 37, Fertilizers for Delaware.

St. Stephen's Episcopal Church

Events of our church Lenten program are rising to a climax with Palm Sunday and Easter Day soon to be celebrated. April 7, the fifth Sunday in Lent, commonly called Passiontide, we were especially aware of the significance of approaching events in our church calendar by our vicar's sermon on Judas Iscariot and by the appropriate prayers and hymns used in the order of morning prayer and evening prayer. "In the Cross of Christ I Glory," "O Lamb of God, Still Keep Me Near to Thy Wounded Side," and "My Faith Looks up to Thee, Thou Lamb of Calvary" were the hymns selected for Passion Sunday.

The women of St. Stephen's who wished to make a presentation to the United Thank offering, last Sunday, went forward after the offertory sentences and placed their blue boxes directly on the altar. Then they retired outside the altar rail where they repeated together prayers,—one for the Women's Auxiliary and one for the United Thank Offering.

Wednesday a conference was held in Harrington to determine the need for establishing a branch of the Episcopal Youth Consecration Service in the diocese of Delaware. The executive director of this group, Miss Edith Balford, traveled from New York City to Delaware to confer with clerical and lay representatives of Kent and Sussex Counties. Judge Marion Stevenson of the Juvenile Court, William Bush, chief probation officer of Kent County, and other persons dealing with juvenile problems were on hand to yield their wisdom and counsel to the session. If this service is established, it will provide some full time workers to deal with those highly involved youth problems which require more time, and, in some cases, more ability than our local clergy and lay people throughout the diocese can offer.

The conference was centered at St. Stephen's Parish House. It began with the service of Holy Communion at 10 a.m. with the Rev. Joseph Hinks, of Milford, as celebrant. A luncheon was served the visitors by the women of St. Stephen's. At the close of the conference, a representative group toured communities and places in Kent and Sussex Counties for an on the spot examination of youth recreational and service facilities, or the lack thereof.

Mrs. Archie Ford and Mrs. Robert Baynard were hostess at the Sunday coffee hour. Charles McNally, Robert Greer, and Bill Thompson were acolytes at the service of morning prayer.

Added to the short get together after evening prayer, by our vicar, a new feature that will prove helpful to many church people is the Question Box. At the close of the seven o'clock service Sunday evening, the members of the congregation are invited to submit questions about the church, the Bible, the prayer book, morality, in general, or any religious idea, custom, or teaching to our vicar, who answers the questions and discusses the implication of any query in a clear-cut, helpful manner. It is an opportunity for any of us who wish to air out whatever subject we wish to know more about, or to clear up any confusion that exists in our minds. Typical of the questions submitted so far are these: "Is it theoretically the sponsor's duty to actually present their godchild to the Bishop to be confirmed by him, when the baptised person has come to a competent age and can say and understand the Creed, the Lord's Prayer, the Ten Commandments, and is sufficiently instructed in the first and second office of instruction? Is it customary in some Episcopal Churches not to use flowers on the altar during Lent, except on Sundays? Are Sundays included in the forty-day season known as Lent? What do our articles of religion state about the sacraments?"

Services for this week remaining and for next week include: Friday, 4 p.m., Confirmation Class; Palm Sunday, 9 a.m., Holy Communion with the Rev. Joseph S. Hinks of Milford celebrating; 9:45 a.m., Church School; 11 a.m., the ministrations of Holy Baptism by the Rev. John R. Symonds, Jr., and the order of Confirmation by the Rt. Rev. J. Brooke Mosley, Bishop of the Diocese of Delaware; reception for members of the confirmation class, for the newly baptised, and for the Bishop at the Parish House; 7 p.m., evening prayer; Monday, 7:45 p.m., Adult Inquirer's Class; Wednesday, 9 a.m., Holy Communion; Maundy Thursday, Holy Communion at 7 p.m., Good Friday, a corporate service, 12 noon to 3 p.m. at Trinity Methodist Church, Easter Sunday, 8 a.m., Festival Choral Eucharist; Acolyte Breakfast at the Parish House; 9:30 a.m., church school; 11 a.m. morning prayer, and evening prayer with children's Lenten Mite Box preservation at 7 p.m.

Asbury Methodist Church Notes

Church School 10 o'clock, Fulton J. Downing, supt. The pastor's membership class will meet during the church school class period. The class is going to visit Barratt's Chapel Sunday afternoon as part of their study of the history of the Methodist Church.

Morning worship 11 o'clock, "Jesus our King" will be the title of the pastor's sermon. There will be a service of Baptism of children and others and reception of new members into the membership of the church. Women of the church are planning a "coffee hour" following the services at which time members of the congregation will have an opportunity to greet the new members and get acquainted with them.

The M. Y. F. will meet at 6:30 in the chapel with Joan Welch in charge of the devotions.

At the Evening worship hour the chancel choir will present a special Palm Sunday musical program:

Prelude, "With Waving Palms" by Nordman. Anthems, "Open the Gates of the Temple" by Knapp; "How Long Wilt Thou Forget Me" by Pfeuffer. Soprano solo by Miss Barbara Edwards, "Adore and be Still" by Gounod. Instrumental quartet: "Jesus Let Me Near the Cross" by Doane. 1st trumpet, Leonard Masten; french horn, Billy Manship; 2nd trumpet, Donald Rothermel; Trombone, Philip Holson. Organ solo by Mr. Brobst will be "The Coming of Spring" by Boalt.

Duet by Philip Holson and Alvin Jarrell "So Thou Lifest Thy Divine Petition" by J. Stainer. Soprano solo, Miss Betty Moore, "The Palms", by Faure.

Anthems: chancel choir, "The Holy City" by Adams; "Unfold Ye Portals" by C. Gounod. Postlude: "Allegro" by Asford.

The Ever Ready Class will meet Monday evening at 7:30 o'clock in the Collins Building. The subdistrict MYF will meet at Avenue Church, Milford, Monday evening at 7:30.

The W.S.C.S. study course Youth in a Responsible Society-A Christian's Concern will meet Tuesday evening at 7:30 o'clock in the junior department room.

The choir will rehearse Thursday as follows: junior choir at 3:30, chancel choir 6:30, and cathedral choir at 7:45.

A Holy Thursday Communion service will be held Thursday evening beginning at 7:30 in cooperation with Trinity church. Members of both congregations are urged to attend this service at Asbury Church.

Following the service of Holy Communion a "Watch with Me" service will be held from then until 12 noon on Good Friday. When Jesus and the Disciples left the Upper Room, they went into the garden and He told them to "Wait here and pray" but when He returned after an hour He found them asleep and said, "Could you not watch with me one hour?" In this watch service we will be reliving the last hours of Christ's life. Through the Scripture narratives we will go with Him into the garden, the arrest, the trial before the Sanhedrin, Pilate, Herod, the scourging and finally to the Cross. You may volunteer to watch for one hour between 9 o'clock p.m. Thursday and 1 noon Friday, by calling the pastor.

Asbury pastor and congregation will be participating in the three hour Good Friday service sponsored by all Protestant churches of Harrington and vicinity. The service will be held at Trinity Methodist Church.

The Altar flowers this Sunday are presented by Mr. and Mrs. Reynolds French in honor of their wedding anniversary.

The welcoming committee will be Mrs. Roy Porter and Mrs. Evelyn Thompson.

FARMERS CAN FIGURE OWN BORER POPULATION
Kent County corn growers can use simple arithmetic to figure the live corn borer population on their land, according to George Vapaa, county agricultural agent. Here's how it's done.

Multiply the estimated number of live borers per acre in last year's stalks by the number of acres of corn planted last year. This will give the estimated total number of surviving borers which should be plowed under before May.

Dr. L. A. Stearns and Donald MacCreary, entomologists at the University of Delaware, have estimated that there are 10,892 borers per acre in stalks in Kent County. For example, if a corn grower grew 10 acres of corn last year, he should multiply 10,892 by 10, meaning there are about 108,920 borers now living in stalks on his farm.

HOME GARDNERS QUESTIONS AND ANSWERS

Questions directed to the county agent or garden or farm problems in the public interest will be answered regularly in these columns.

Q—What is the best ground cover for a wooded plot around the home?

A—Periwinkle or vinca is one of the best and cheapest locally. Transplants are readily available around Dover. Virginia Creeper, some ivy, and winter creeper are also suggested.

Q—What is the best analysis of fertilizer to apply to your lawn from the standpoint of economy of nutrients that you want to apply NPK and or minor elements?

A—For a general recommendation, a 5-10-10 commercial fertilizer or similar ratio is probably the best buy. We rarely need to worry about minor elements in lawn feeding.

Q—What is the best type of lime to use?

A—For the money and over a period of time, ground limestone. Hydrated or burnt lime gives faster results, but usually costs twice as much.

Q—How can you keep wire grass under control? Since the State Highway seeded a steep bank in front of our house, the wire grass, is creeping in my flower beds.

A—The chemical Dalapon used according to directions will kill wire grass - and other plants. Perhaps a metal guard around your beds will help. They are being made of Aluminum and are fairly cheap for small plots.

Q—Is it right that clover dies out in about two years?

A—Some clovers are biennials. It depends on the species. Many die out due to grass competition or for other reasons, however.

Q—Would Lespedeza planted with the lawn seed add to the nitrogen content of the soil?

A—Lespedeza make a poor lawn seed although it is in the clover family and will add nitrogen to the soil. It makes but little growth until July, and goes to seed by early September. It does seem to work well along road banks.

Q—How do you control the

weed seeds in compost to keep from planting weeds all over the place?

A—You must be careful not to put noxious weeds which have gone to seed in the compost pile. Rather burn them. Turning the compost pile occasionally helps the decomposition process so that fewer weeds will sprout.

Q—How does Zoysia grass work in this area? Does it spread like Bermuda grass into the gardens?

A—Zoysia grass will grow well enough in this area. It is expensive to start, tends to be a coarse grass, and turns brown with the first frost. It does spread by the roots, but not as fast as Bermuda grass.

Q—What kind of grass seed should be planted to have a green lawn in the wintertime? What are the hazards to this grass in the summer?

A—Kentucky blue grass stays green as well as anything. But, it does burn badly in the summer.

Delaware Fish & Game

Fish and Game Hearing

The Delaware Game and Fish Commission announced today that the annual game and fish hearing will be held Thursday evening, April 18, at 8 p.m., in the Dover Grange Hall, South Gov- ernor's Avenue, Dover.

After considering the ideas ex- pressed at the hearing, the Com- mission will set the 1957-58 shot gun and archery seasons for deer and present to the Fish and Wild- life Service preferred dates for the 1957-58 migratory bird sea- sons. The agenda for the hear- ing will also include discussion of upland games, muskrat and freshwater fish regulations.

Over 100 Delaware sportsmen attended the hearing last year and another large turnout is an- ticipated this year. Rodney M. Layton, president of the Com- mission will preside along with fellow commissioners M. Hayes Wilson, Jr. and C. Parker Wheat- ley.

Trout Season Opens Saturday

It's time to get out the bamboo and give it a few trial flips and brush away the dust that has accumulated since last trout sea- son. The 1957 trout season opens April 13 at one-half hour before sunrise. Trout fishing in White Clay, Pike and Mill Creek is go- ing to be better than ever before in Delaware. Of the fish stocked most of them will be brookies with a few browns and rainbows. It is felt that there is a pretty good possibility that some of the browns and rainbows will furnish some good fly fishing in June and July. Fly will be stocked immediately prior to the season and twice during the season which closes the second Saturday in August.

Favorite lure for April fishing will be worms behind a good flashy spinner. For the fly fish- ermen it's mostly a case of trial and error, however these hatch- ery trout will take quite a var- iety of lures very early in the year so don't feel that you have to wait for hot weather. Trout prefer to feed on flies when they are available.

A fishing license costing \$1.25 for residents, \$7.50 for non-res- idents is necessary in addition to the \$2.10 trout stamp for the 1957 trout season. Current fish- ing licenses expire June 30, how- ever the trout stamps purchased now is for the entire trout sea- son. The revenue from these stamps will be used for the pur- chase of trout and the program in the future will, to a great ex- tent, be determined by the quan- tity of sale of trout stamps.

There are always certain prob- lems and difficulties encountered when trying to provide fishing for a great number of people on a small area. This is especial- ly true in Delaware as the fishing is done on privately owned areas. All fishermen can be of great as- sistance in this matter by abid- ing by certain rules of good sportsmanship. Watch your park- ing and do not destroy private property. Show some respect for your fellow fisherman and do not disturb the spot he is fish- ing in. Be sure you have your trout stamp and your Delaware fishing license in your possession. Four trout is the legal limit.

So get out early and try to get one of the big ones before they're all gone.

Here's what makes it a new kind of Ford

The frame is wider... wheels are lower
(Lets you ride sweet and low)

Never before has a low-priced car hugged the road so well. Partly, it's because the frame is sturdier. Partly, it's because the wheels are smaller. Partly, it's the way front and rear suspensions take tilt out of turns. Mostly, it's because there's a whole new smoother-riding quieter-going "Inner Ford."

The power is bigger
(Most power in Ford's 25 years of V-8 leadership)

And what a V-8 engine! You can have the kind of Thunderbird power that smashed records at Daytona... set a new stock car mark at Indianapolis... traveled 50,000 miles in just 20 days at Bonneville, Utah!

The comfort is greater
(You've never had it so plush)

You sit in the lap of luxury. There's head room, hip room, leg room galore. And wait till you get a load of those new upholsterys and color schemes!

The body is "beefier"
(Up to 9 inches longer, 4 inches lower, with full head room, full road clearance)

From top to floor, front to rear, this body is built like a "battleship." You ride surrounded by new strength.

...and best of all it's the lowest priced of the low-price three!*

Do's and Don'ts For Beginners In African Violets

Mrs. William A. Muller of Dover has very kindly contributed some "Do's and Don'ts" for the beginner with African Violets. She was one of the panelists at the recent Home Gardeners' Short Course, and has agreed to answer specific questions which will be discussed in a later article.

Here are a dozen Do's and Don'ts for the beginner with African Violets:

1. Do get your plants from a reputable florist, greenhouse or successful hobbyist.
2. Don't buy a plant on a very cold day, or a very hot one unless it can be packaged well. Bring it home immediately.
3. Do remove the pretty-foil from the outside of the pot so that your plant can have fresh air in the soil through the porous pot.
4. Do place the pot on a layer of pebbles in a saucer, bowl or jardiniere which is not too close fitting.
5. Don't push the pot down into the pebbles but allow it to sit on top.
6. Do water your plant with warm water through the top of the soil. Gently hold the leaves aside to keep them from getting wet. Allow the excess to drain out among the pebbles; 1/2 cup to every 2 inches of flower pot is about right.
7. Do water your plants whenever the soil is dry on the surface. Place your finger on the soil. If you feel any moisture, wait, don't water. Usually every other day watering is necessary in the wintertime. However, during the summer, during damp weather, three days may go before your plant needs water. Remember tiny pots dry out a lot quicker than larger ones. It may be well to group several small pots together in a baking dish or casserole lined with a layer of pebbles at the bottom. Thus more moisture is kept close to your young plants.
8. Do feed your plants one a month with a plant food such as Hyponex mixed in with the warm water. Feed your plants and water them at the same time.
7. Do keep your plants out of cold drafts. They must never be placed by a window which is left open. A cold draft will set back their blooming.
10. Do place plants near a

bright window but not close enough to touch the glass. Plants will thrive in a bright sunny window of east or west exposure but during the summer, there should be a thin curtain to diffuse the sunshine. During the year plants will do well in north windows without curtains.

11. Do keep your plants clean. The beginner should dust the leaves by brushing gently from the leaf stalk toward the leaf tip with a soft new paint brush. Hold the hand under the leaves as you brush them.

12. Do remember that African Violets are house plants. It takes an expert to manage them outside, and to get rid of the insects which will attack them there.

Two questions were given which require immediate attention:

1. I read so many conflicting methods of growing African Violets. What is the best way for a beginner to grow them?

2. Are there any easy-to-follow rules for beginners in growing African Violets?

Always remember that a plant is a living individual. In the case of house plants, a daily check is necessary. They cannot be put on a shelf and forgotten.

The African Violet is a very rewarding plant to grow. With a small amount of care each day, it repays you with its beauty.

How to make more money with Corn

USE THE BEST HYBRID SEED

From the standpoint of quality and price, there is none better than Southern States.

Here's Why:

1. Bred Right
2. Produced Right
3. Harvested Right
4. Dried Right
5. Graded Right
6. Treated Right (chemically protected against disease and soil insects)
7. Laboratory Tested Right (double tested—the "regular" and "cold test" for germination and vitality)
8. Field Tested Right

USE THE BEST CULTURE PRACTICES

Southern States Hybrid Seed Corn will help you get more plants, more corn per acre—especially if you use good culture practices.

Here's How:

1. Don't plant too early (soil should be 65° F or warmer).
2. Don't plant too deep (usually not over 1 1/2 inches).
3. Provide sufficient plant food.
4. Apply high analysis fertilizer properly (not too close to seed).
5. Plant enough kernels per acre (for example, if you want 12,000 plants, plant 14,000 kernels).
6. Check planter plate drop (before and after starting to plant).
7. Don't plant too fast (hold tractor to 3 1/2 miles per hour).
8. Cultivate with care and control weeds.

PLUS-

GUARANTEE REPLANT AGREEMENT

Southern States Hybrid Corn is guaranteed to the full extent of the purchase price to be as represented in variety, purity and germination. Patrons may return any seed corn that is not thoroughly satisfactory. After the corn is planted if there is any definite evidence the seed was not as represented, Cooperative Seed and Farm Supply Service will refund the purchase price, but will in no case be liable for more than the purchase price of the seed.

Should a patron find it necessary to prepare the seed bed a second time because he failed to obtain a satisfactory stand from the use of Southern States hybrid seed corn, Cooperative Seed and Farm Supply Service will supply at no cost to the patron, sufficient Southern States hybrid seed corn for one replanting of the acreage involved; but in no case will Cooperative Seed and Farm Supply Service be liable for loss resulting from flood or high water or for any loss occurring after a satisfactory stand has once been obtained.

When you start with Southern States Hybrid Seed Corn, you are on your way to a Bumper Harvest. Remember, "Good Seeds Don't Cost, They Pay."

Delaware Food Notes

The spotlight is on veal this week—prices are beginning to drop. Veal cutlets have dropped 3 to 5 cents a pound, but look for even better prices this weekend when many stores will feature veal. Other weekend specials will be veal cuts such as, rump roast, chops, and even ground veal for making meat loaves and patties. A wonderful dinner would be roast veal, plenty of that mouth watering veal gravy, Spanish rice and fresh broccoli. All of these foods are in good to fair supply this week.

For those of you with fish on your shopping list, look for fresh butter fish, clams (in the shell), Maine lobsters, fillet of flounder, king mackerel and fresh scallops. There is a wide range in price on these fish, but the quality is excellent and they will range in price on these fish, but the quality is excellent and they will do much to make the meatless days ahead look very bright.

April is the season when more beef is brought to the markets. This year there will be more marketed than last, so - look for good buys on most beef in the weeks to come. This beef comes from grain fed cattle, the kind that yields high quality beef and is most pleasing to eat.

The vegetable stalls look very much as they did last week, with the best buys being on carrots, white potatoes, and many fresh greens. Snaps are still dropping a little in price, but the quality bears watching.

On the fruit counter, bananas, grapefruit, and oranges are again the best buys. More good quality eating apples are appearing, but prices are high. Fresh pineapples from Cuba are more plentiful and prices are fairly reasonable. Strawberries are still arriving, but the prices are remaining high. With the heavy rains in the South there may be a decline in the shipments of many fresh fruits and big as well.

Recently, Purina research workers asked poultry staff men in 9 leading poultry states to estimate the total amount of feed required—on the average—to grow a pullet in their states. Shown here is the average of the figures they supplied, compared with Purina feed requirements based on records of thousands of pullets raised at the Purina Research Farms.

Table with 3 columns: Feed Required to Grow Out Pullets, Light Breeds, Heavy Breeds. Rows include 9-state average, Purina Program average, Saving per pullet on Purina, Saving per 1000.

*From day-old to laying

here's how to grow 1000 sturdy, big-framed Purina pullets on 2500 pounds less feed

Most poultry raisers recognize that Purina Growing Chows have the quality and ingredients to grow sturdy, big-framed pullets. But not all realize that Purina Chow efficiency often makes it much lower in feeding cost than feeds with cheaper price tags.

The comparison in the table above shows the important difference in number of pounds of feed needed to grow out Purina pullets, compared with the average in 9 leading poultry states. Rather than to claim the full amount of saving shown in this comparison, the Purina Research staff rounded off the figures to 2500 pounds less Purina Chow for light breeds, and 4000 for heavy breeds.

This saving of feed increases the feeding value of Purina complete Growing Chow by 60% to 80% per bag (100 lbs.)... or \$1.20 to \$1.60 a bag extra value for Growing Chow fed with scratch grain.

Thousands of poultrymen have found that they can use high-quality feed... and make money doing it. We know this, and we're anxious to show you how you may cut feed cost with your pullets.

Pullet Health Hint—Now, with Purina Liquid Poultry Wormer, you can worm each 100 pullets for less than 25¢! Best time is when they are 10 to 12 weeks old, with a second treatment just before housing if your ranges are used heavily. It takes only one dose in the drinking water. Order Purina Liquid Poultry Wormer right here at the Store with the red-and-white Checkerboard sign.

Mrs. James H. Johnson, Of Farmington, Dies

Mrs. Laura Viola Johnson, 73, of near Farmington, formerly of Jersey City, N. J., died Sunday afternoon at the Milford Memorial Hospital.

Mrs. Johnson moved to her Delaware home with her husband, James H. Johnson, in 1953 from Jersey City. In addition to her husband, she is survived by her son, Elisha H. Johnson, Jersey City, and several nieces and nephews.

Funeral services were held Wednesday at 2 p.m. at the Fleischauer Funeral Home, Greenwood. Interment was in St. Johnstown Cemetery, Greenwood.

MRS. LAURA B. SCOTT

Funeral services for Mrs. Laura B. Scott, 73, were held Wednesday afternoon at two o'clock from the J. Millard Cooper Funeral Home, 110 E. Center St., Harrington. The Rev. Richard S. Gibson, pastor of Asbury Methodist Church, officiated. Interment was in Hollywood Cemetery.

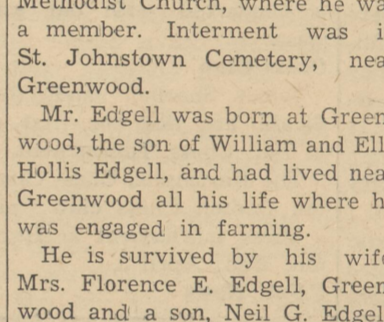

Mrs. Scott, widow of Zeb Scott, formerly of Atlantic City, N. J., died at the home of a friend, Mrs. Pearl Brittingham, Vernon, Sunday afternoon after three weeks illness.

She leaves no immediate survivors.

here's how to grow 1000 sturdy, big-framed Purina pullets on 2500 pounds less feed

Most poultry raisers recognize that Purina Growing Chows have the quality and ingredients to grow sturdy, big-framed pullets. But not all realize that Purina Chow efficiency often makes it much lower in feeding cost than feeds with cheaper price tags.

The comparison in the table above shows the important difference in number of pounds of feed needed to grow out Purina pullets, compared with the average in 9 leading poultry states. Rather than to claim the full amount of saving shown in this comparison, the Purina Research staff rounded off the figures to 2500 pounds less Purina Chow for light breeds, and 4000 for heavy breeds.

This saving of feed increases the feeding value of Purina complete Growing Chow by 60% to 80% per bag (100 lbs.)... or \$1.20 to \$1.60 a bag extra value for Growing Chow fed with scratch grain.

Thousands of poultrymen have found that they can use high-quality feed... and make money doing it. We know this, and we're anxious to show you how you may cut feed cost with your pullets.

Pullet Health Hint—Now, with Purina Liquid Poultry Wormer, you can worm each 100 pullets for less than 25¢! Best time is when they are 10 to 12 weeks old, with a second treatment just before housing if your ranges are used heavily. It takes only one dose in the drinking water. Order Purina Liquid Poultry Wormer right here at the Store with the red-and-white Checkerboard sign.

Library Conference

Four delegates and Mrs. Cahall attended the annual Library Assistant's Conference at the Dover High School Sat., April 6.

Dora Sherer, a member of Dover Library club, presided. Group singing was led by Mr. Street, music instructor of Dover. Greetings were extended by Mr. Green, superintendent of Dover Schools.

Joan Collins represented Harrington High School on a panel. The subject assigned to her was "What part does our library play as a reference center in our school?"

Bertha McMillen, Leonna Becker, and Jean Martin attended a session on "Art in the Library." The central theme was on decorations, displays, and bulletin boards.

Skits were given depicting the various types of librarianship. This was a part of the State Recruitment program.

One of the most interesting parts of the program was the introduction of the Foreign Exchange students in the state. Students were present from Spain, Pakistan, Turkey, England, Finland and Norway.

The school libraries in Spain are for teachers. Students use the public libraries. Boys and girls go to separate schools. They never see each other during school hours.

Pupils cannot choose their courses of study, but must follow a set course of study. The school day is from 9 to 1 and from 3:30 to 7:30. Everyone goes home for lunch. Students are to bed about midnight.

There are no extra-curricular activities. English schools do have libraries. Students go to a general public school until they are 11 years old. Then they take an examination to determine where they shall go next.

If they follow academic education, they stay in school until they are 18. The technical school is from 11 to 18 years of age. If they are sent to a general school, they may quit when they are 16.

Norway has no school libraries but the students use the town library. Education is compulsory until seven grades have been completed. After that it is specialized.

The form of education in Norway is toward the academic. There are no study periods and no extra-curricular activities.

Lunch was served to the delegation in the cafeteria. Dr. George Henry of the University of Delaware gave a talk on the growth of school libraries.

The meeting adjourned at 1:30. Eleanor Anne Wagner, daughter of Mr. and Mrs. Howard Wagner, was born Nov. 22, 1939, at Harrington.

Her friends call her El and she has attended Harrington School for twelve years. Eleanor has been a member of the Junior and Chancel choirs of Asbury Methodist Church for nine years.

She has had eleven years of perfect attendance in Sunday School. She is president of the Asbury M.Y.F. and president of the subdistrict M.Y.F. Also, she has been a member of the high school band for five years and a member of the Student Council for four years.

holding offices of the latter as secretary and vice-president. Eleanor portrayed Mabel in the senior play this year.

She has attended Delaware Vocational camp for two years, been a member of the glee club for four years and has been in the Kent County band for two years. Eleanor is taking the commercial course and plans to enter Goldey Beacom in June.

Her favorite subjects are bookkeeping and English. Eleanor's pet peeves are people who gossip and others who are conceited.

Her hobbies are skating, sewing, and cooking. Ronald Ernest Lane, born March 15, 1938, Ronald Ernest Lane, better known as Laney is the son of Mr. and Mrs. Ashton B. Lane.

Ronald has lived in Harrington all his life, and has attended Harrington School for twelve years. He has been a member of the F.F.A. for four years, and is enrolled as a vocational student.

He also has been on the basketball, soccer, and baseball teams. His hobby is working on cars. Ronald's pet peeve is show-offs.

Upon graduation Ronald plans to work in the summer and finally join the Navy.

Richard has no future plans. Mrs. West's Room

We had a nice spring vacation last week. Many of us went to different places on our vacation. We had lots of fun, and we are glad it is as long, but were glad to get back.

We are making things for Easter. We made large eggs. It was fun to decorate them. We made a flower garden on one bulletin board.

We are sorry Barbara stuck a nail in her foot. One reading group has its last second grade reader. It is a hard book.

We fooled many people on April Fool's day. Grade-6 Mrs. Mann

We have been working with decimals in arithmetic. We have been studying about Spain and Portugal. Carol McNally brought in dolls from different countries.

We are now studying the British Isles and have learned from which countries our ancestors came. It has been fun drawing maps of the British Isles.

Grade 1-Mrs. Hopkins

We wish to thank Mr. Brobst and the band members for the music, which they played for our assembly, April 4.

All our pupils were present and we enjoyed performing for the first, second, and third grades. We were happy to have so many parents present.

Cookies were served to the visitors in our room. We had our party during our last recess.

Grade 3-Mrs. Greenhaugh

We are very busy these days rehearsing for our assembly which will take place May 2. Grade 4-Mrs. Quillen

We have an exhibit of soap carvings we did in relation with a reading story "The Whittler." We are trying our green thumbs by starting an early garden.

Our plot of land is a milk carton. Each child has one. This study is connected with our science class.

Chess Club James Sheehan and Ronnie Swain are tied for first place in our Chess Tournament.

The Harrington Chess club and the Denton Chess club played a chess tournament at Harrington, Wed., April 3.

F.F.A. News Kenneth Outten was awarded first prize in Kent County at the Delaware Poultry Improvement Association banquet held at Caesar Rodney High School.

Kenneth raised two flocks of broilers of 5000 each for which he received 10% of the profits.

The members of the F.F.A. class are now training for the state F.F.A. judging contest to be held at the University of Delaware April 24.

Grade 8-Miss Morris

Both sections of the eighth grade met Wed., March 20. We met together to decide where we would go on our class trip.

We decided to go to the Franklin Institute and the International Airport at Philadelphia. We are going May 3, and everyone is looking forward to the trip.

Ninth Grade News Fri., April 5, the ninth grade presented an assembly program. Mr. Evans performed in the role of a hypnotist for us.

Volunteers from the audience were his subjects. Included were: Rosalie Wix, Janet Cluley, Jane Hughes, Joan Welch, Ronnie Collison, Jimmy Temple, Billy Parker, Harry Knotts, Neal Kimmey, Donnie Rothermel, Richard Layton, George Bolderson.

Fourth Grade Trip Fri., April 5, the fourth grades went on a trip. We visited the Dover Museum. We saw an old log cabin, and old fashioned gristmill, an old fire engine, and many other historical items.

As we passed the jail, we saw the whipping post. Library Club News The meeting was called to order at 9:55 by our president, Norma Lee Rook.

ed Forces to explore opportunities for careers in armed services and to learn ways of fulfilling obligation to same.

Junior Play The junior play will be presented Friday night. The title is "Growing Pains." Math Club News

The math club had its meeting today and started on a scrapbook. We also decided to have a picnic at the end of the school year on the school grounds.
