

HARRINGTON WILL BENEFIT FROM MUNICIPAL STREET AID BILL; BOGGS EXPECTED TO SIGN IT.

Gov. J. Caleb Boggs is expected to sign the Municipal Street Aid Bill this week, allocating one-fifth of the state gasoline tax—up to \$1,200,000 a year—to incorporated cities and towns for street maintenance. The tax is 5c per gallon.

The bill, formerly called the Newport Plan, will include giving to the City of Harrington an undisclosed sum. James Deputy, secretary of the State Highway Department, said the funds could be used for almost anything, including building of streets, maintenance of streets, lighting, and police. He added the approximate amount Harrington would receive might be known next week.

The bill cleared its last legislative hurdle Monday when the House approved without objection a Senate amendment that advanced the effective date by a year.

As passed by the House on March 19, the bill would have started distribution of benefits July 1, 1958, from taxes collected in the 1957-58 fiscal year. The Senate passed it Friday with an amendment moving up the starting date to July of this year. Benefits to be distributed will be based on motor fuel taxes collected since last July 1.

The amendment was by Senator Eugene Lamont, Wilmington's Democratic mayor-elect. The original bill (HB 157) was sponsored by Speaker Harry E. Mayhew (D-Milford) and Rep. Harvey B. Spicer (R-Georgetown).

Wreck Averted When Train Kicks Ties From Track

An attempt to wreck a train Thurs., April 11, was thwarted when a freight knocked two pieces of burned ties from the rails a mile north of town. The train did not stop. There was no damage.

Train D-2 was going north when, at 11:20 a. m. Engineer A. C. Dickson and Fireman F. N. Jerard, both of Wilmington, saw the ties but not in time to avoid striking them.

They informed Operator Rudy Trepasso on the trainphone and local officials and railroad police got on the case at once. They discovered that the two pieces of partly-burned ties had been taken from a pile of burned ties nearby.

A fire, in woods belonging to John Curtis, broke out in the morning, with a more distant fire breaking out in the same woods in the afternoon. Curtis' barn was burned last year.

FBI men have been called into the railroad case.

Farm Bureau Meets With The Robert Collins

The April meeting of the Andreville Farm Bureau Discussion Group was held at the home of Mr. and Mrs. Robert Collins. Twelve families were represented making this the best attended meeting for some time.

John Curtis, local teacher of agriculture was our guest. He told about the latest recommendations for control of the corn borer. He spoke of teaching the boys to produce more and then, on the other hand, advising the boys on suggesting how their parents vote on various controls. He brought to our attention that many acres of farm land in Delaware are being lost to production by highways, air bases and building sites.

Out of 228 boys who took agriculture in our local school, 125 engaged in farming and about another 50 in related fields.

He told about the number of town boys taking agriculture in preference to some other subject who would probably never be engaged in farming; but that it does give them a chance to understand how farm operations work.

He mentioned that the Farm Bureau preferred the natural law of supply and demand and less government controls, whereas the Grange favors government regulations.

Hubert Cannon reported that the "Right to Work" bill is still in the Revised Statutes Committee at the present time.

The group was invited to meet at the home of Mr. and Mrs. J. Edward Taylor Wednesday evening, May 8 at 8 p. m.

Home made ice cream and cake were served by the hostess.

Episcopalians Meet To Consider Youth Service

A conference was held last Wednesday in Harrington, at St. Stephen's parish house, to determine the need for establishing a branch of the Episcopal Youth Consultation Service in Delaware. The Rev. Miss Edith Balmford, of New York City, executive director of this branch of church work, was here for two days. She presided at the conference Wednesday morning.

The following clergymen and persons holding important positions in the field of juvenile delinquency were present: the Rev. Paul A. Kellogg, Christ Church, Dover; the Rev. McKinstry, chairman of the committee on morals of the Department of Christian Social Relations; William G. Bush, Sr., chief probation officer of the Juvenile Court in Kent and Sussex Counties; Robert Baynard, a member of St. Stephen's vestry.

Miss Balmford also held conference in Dover with Oliver Smith, Y.M.C.A. director; with George H. Muller, Kent County supervisor of the Department of Welfare; with Mrs. Dorothy Palmer, head of the Mental Health Clinic in Kent County. Thursday, Miss Balmford conferred with Judge W. Marion Stevenson, of the Juvenile Court in Kent and Sussex Counties at Georgetown and with Charles Sigler at the Department of Welfare, Georgetown.

She will send a report of this two-day conference with clerical and lay representatives and other persons involved in delinquency problems, to the bishop of the diocese of Delaware. If this service is established in the state, it will provide a full-time skilled worker to deal with youth problems.

Matinee Harness Tomorrow

Many harness drivers are anxiously awaiting the opportunity to start their horses in the matinee program schedule for April 20 and 27 at the Fairgrounds.

The races, sponsored by the Harrington Legion Post, will be conducted under actual racing condition, with officials, starting gate and many well known racing officials presiding in the judges stand.

Johnny Malileau one of the oldest harness drivers on the shore, now retired and living with his son in Dover has let it be known that he will be on hand to serve in the stand and present some prizes to the winners.

Collision

A station wagon, driven by Mrs. Reese Harrington, collided with a car driven by Eleanor Taylor, Negro, Wednesday afternoon, damaging both vehicles but inflicting no injuries.

The Taylor car, which belonged to William Scott, came out of a Clark Street filling station into the path of the Harrington vehicle. The impact caused the station wagon to knock down a "2-Hr." parking sign from in front of the residence of Dr. W. T. Chipman.

Mrs. Taylor was fined \$15 and costs by Magistrate L. Gooden Callaway on a charge of proceeding when it was unsafe to do so.

BROWN WILLING FOR CITY TO RAZE BUILDING AT ITS EXPENSE

The outcome of a campaign to raze the Brown property, 47 Commerce St., condemnation of which, with an adjoining property, had been requested of the City Council by the Chamber of Commerce, appeared favorable last week.

Thurman Brown, owner of the property, of Penns Grove, N. J., wrote City Manager William F. Smith he would be happy for the City to tear down the building at its expense.

Smith said Friday he was searching for companies to do the work for the salvage. Meanwhile, he added, he had asked N. Maxson Terry, city solicitor, to draw up an agreement with Brown for the razing.

The Chamber of Commerce had asked the City Council to condemn the store building of Brown and an adjoining dwelling, owned by W. E. Townsend, Townsend, who underwent an operation last fall, is with his son, Dr. Charles Townsend, at Ft. Eustis, Va., and has not been heard from.

At Ft. Campbell

Mrs. William Muller of Dover has again kindly provided answers for the following three questions. We are grateful for her specialized experiences and knowledge of African Violets.

Q—Which varieties of African Violets are the easiest for a beginner to grow?
A—I have found that the varieties of African Violets with the plain leaves seem to be easier to keep in bloom. However, so many of the newer varieties are with ruffled and wavy leaves. Some of these may be much better than the first of these sorts which were developed.

Montague Free, in his book, "All About African Violets," gives a list of those which he calls: Beginners Dozen. They are: Admiral, Bicolor, Blue Boy, Blue Eyes, Blue Warrior, Commodore, Orchid Beauty, Pink Beauty, Purple Prince, Red Head, Snow White, Violet Beauty.

These varieties were selected on the basis of beauty, ease of culture and distinctiveness from each other.

Q—I have heard that one must boil the clay flower pots before using them. It is so and why?
A—Yes. Clay pots are made of clay earth, shaped and fired at high temperatures. During the firing some of the mineral salts are released from the clay particles and form chemical compounds, some of which are soluble in hot water. The process of boiling clears the pores of the pots and makes them better for your violets to grow in.

I usually boil all my new and well scrubbed old flower pots by covering them with cold water and allowing them to come to a boil and boil for 20 minutes. Then allow to cool somewhat and remove. They are then ready for use.

Q—How should compost be applied? Should it be strained?
A—Compost can, but need not be sieved in order to use it. The finer particles simply make it easier to handle. It is best "worked into" the soil to loosen it up. The quantity depends on the supply, the half soil and compost gives a good plant bed.

Equade announced, in Quito, three new taxes on imports to finance various enterprises.

FIRE ALARMS

The Harrington Fire Company attended a woods fire, on the land of John Curtis, near Moore's Crossing, Thursday morning, April 11, and went back in the afternoon.

The company extinguished a chimney fire Friday morning at the home of Donald Dean on Wolcott Street.

Shack Catches Fire

An end of a shack, in the rear of Gaines Alley, was burned Sunday afternoon by a fire of undetermined origin. Firemen were called by James Evins who resides nearby.

Parking Prohibited On Some Sections of Hanley Street and Railroad Avenue

The City has banned parking on Hanley Street, from Clark Street to Gains Alley, and on Railroad Avenue from Clark Street to Mechanic Street.

Postoffice Service Almost Normal

Service at the local postoffice has resumed normal operations, with one exception, Postmaster Howard Dill said yesterday.

The announcement was made after Congress had granted the postoffice department most of an appropriation the lack of which, had caused curtailment of service in the first place.

However, Dill said, window service would be available from 8:30 a. m. to 5 p. m., Monday thru Friday, and from 8:30 a. m. to 12 p. m. Saturday. The Post Office lobby will be open until 6 p. m.

Many were asked at the short course a short time ago, but additional questions are welcome at any time. Just call Dover-2621 by telephone, or drop a card addressed to the County Agent, P. O. St. Stephen's Episcopal Church

Palm Sunday there took place at St. Stephen's the ministration of holy baptism and the order of confirmation or laying on of hands upon those that were baptized, and come to years of discretion. This was a most significant service, meanwhile to us all, for in the early days of the church, many persons were confirmed immediately after baptism.

The Rev. John R. Symonds, Jr., baptized Donald Frank Bullard, a student at the University of Delaware and son of Mr. and Mrs. Donald Kirkland Bullard of Harrington. The sponsoring witnesses were Mrs. William P. Cluley and Archie Feagan.

During the singing of the hymn, "O for a Closer Walk with God," the members of the confirmation class walked forward to the altar rail and stood before the Rt. Rev. J. Brooke Mosley, D. D., bishop of the Episcopal Diocese of Delaware. Our vicar presented the candidates to the bishop. Then the vicar read the words of the Evangelist St. Luke in the eighth chapter of the Acts of the Apostles, an account of the early laying on of hands.

The following persons became confirmed members of St. Stephen's Episcopal Church: Richard Bland Seely, Lillian Rice, Virginia Carter Harrington, Lois Ann Keim, June Hammond Thompson, Viva Alena Reed, James Carlos Hoffman, Ronnie Lee Correll, Robert Alvin Greer, Ralph Elwood Wooters, Evelyn Cora Wooters, Richard Allen Ratledge, Donald Frank Bullard.

During this service, the choir sang, with the bishop, for the first time at St. Stephen's, the beautiful old plainsong, "Veni Creator Spiritus," which will also be sung again when our vicar is ordained to the priesthood, June 1. Flowers on the altar were red and white. The white was for the baptism and red for confirmation, white signifying purity and red signifying the flame of the Holy Spirit that descends upon the confirmed. The flowers were given by Mr. and Mrs. Granville Hill in memory of Mr. Hill's mother.

The acolytes, members of the choir, our vicar, and the bishop marched into the church singing the processional, "All glory, land and honor," and carrying branches of palms.

The altar cross and processional cross were draped in purple for the passiontide. Two new torches, or processional candlesticks, were used for the first time Palm Sunday. The following boys took part in the Palm Sunday services as acolytes, crucifers, and torch bearers: Billy McColley, David Brobst, Charles McNally, Bobby Greer, Alen Hopkins, Ronnie Correll, Ralph Dennis, Bill Thompson. Mrs. Walter Winkler was organist for all three services Palm Sunday.

Following the service, a reception was held for the bishop and the members of the confirmation class at the parish house. The table was arranged attractively with flowers and candles. Members of the Women's Auxiliary assisted Mrs. W. W. Welch and Mrs. Augustus Raughley, Jr., the coffee hour hostesses who made arrangements for the reception. Mr. and Mrs. Archie Ford and Irene Ford entertained Bishop J. Brooke Mosley at dinner at their home on Commerce Street Sunday afternoon. The Rev. John R. Symonds, Jr., and Archie Feagan were also guests of the Fords.

The order of services and church events for this week remaining and for next week include: Maundy Thursday, 7, Holy Communion; Good Friday, 12 noon to 3 p.m., corporate service at Trinity Methodist Church; Friday, 7:30 p.m., choir rehearsal; Easter Sunday, 8 a.m., festival choral Eucharist; 9:30 acolyte breakfast at the parish house; no church school in the morning; 11 a.m., morning prayer; 5:45 p.m., Easter egg hunt for the church school members; 7 p.m., evening prayer and Mite Box presentation by the young people; Wednesday, April 24, 8 p.m., vestry meeting; Friday, 7:30 p.m. choir rehearsal.

The Woman's Auxiliary met at the Parish House Thurs., April 11, 8 p.m. After an opening devotional session, the secretary's report and treasurer's statement were given. Volunteers asked

what supplies they could furnish for the acolyte breakfast Easter morning, and other volunteers asked to be put on the list of those serving the breakfast. A ballot was prepared and voted upon, to signify St. Stephen's choice in the election of officers and delegates to the synod, annual diocese meeting of the Woman's Auxiliary. The synod will be held this year at the Cathedral of St. John, Wilmington, May 8.

The following officers of St. Stephen's Woman's Auxiliary were elected for the 1957-58 session: president, Mrs. Robert McNally; vice president, Mrs. Granville Hill; secretary, Mrs. George A. Thompson; treasurer, Mrs. Granville Hill; Christian social relations secretaries, Mrs. Edward Brown, Sr. and Mrs. Robert Nelson; United Thank offering custodian, Mrs. Melvin Brobst; supply secretary, Mrs. Augustus Raughley, Jr.; church periodical club secretary, Mrs. Lillian Rice; devotional chairman, Mrs. Walter Winkler; altar guild directress, Mrs. Granville Hill.

St. Stephen's Supper Club met at the Parish House, Sunday at 5 p.m. After refreshments, the group held a short business session. The skating party to be sponsored by the Supper Club was set for Tuesday at the Dover Skating Rink and it was announced that the date had been already reserved for our young people. Janet Cluley and Rosalie Wix volunteered to take charge of the tickets. Several plans were discussed for having an open house one night each week, during the summer months for all interested young people.

Felton School News

Elmer O'Day
 Of medium stature and with brown eyes and hair, Elmer isn't choicy about the company he keeps as long as it is female. This is plainly shown in his hobbies which include sports, hunting, and collecting old money and young ladies.

Elmer's favorites run as follows: car; Chevy, Oldsmobile; subjects: plane geometry, agriculture; foods: submarines, seafood, pizza, and just any kind of food.

After graduation on June 6, Elmer hopes to attend the University of Delaware for 4 years and then plans to join the United States Air Force for 4 years. Upon discharge form the Air Force, Elmer will take up work in the agricultural field. At present, he is reporter in the F.F.A. Chapter and State reporter for the Delaware Association of the F.F.A.

Elmer's main problem right at the moment is trying to persuade Billy-boy to keep silent about Elmer's frequent trips in the direction of Frederica.

Doris Legates
 Sparkling blue eyes and witty sense of humor endear this senior girl to her classmates. Doris is a commercial student and plans to make her career for three years in the United States Air Force, using her commercial background as her career pin-point.

Doirs' favorite subjects at F. H.S. are typing, shorthand, and mathematics. Her two main hobbies fall under dancing to the newest pop records and burning the midnight oil-reading her favorite fictional novel. And what would her dream car be?

A big M-(stands for Mercury you know.) Doris has one favorite food, as all her classmates are well aware, for her mouth positively drools when someone mentions submarines.

Charlotte Ludlow
 Standing 5 ft. 7 inches in her stocking feet, and with shining blonde hair and pretty blue eyes, this senior girl is quickly noticeable in a crowd. Quiet and retiring, Charlotte dwells in such hobbies as reading, arts and crafts, gardening, and camping with her family in the summers.

Favorite subjects come under the heading of general science, French and Home Economics. Extra-curricular activities and outside activities include chorus

and the local M.Y.F., of which she is the secretary.

Charlotte's pet peeve is typical of the type of person she is. She takes a very dim view of dishonest people, and believes in dealing honestly with her friends.

Lawrence Morris
 Short and blonde and with a wry sense of humor, this senior boy has a constant companion, a short, dark-haired senior girl. His line of hobbies include hunting, fishing, baseball, and basketball. When Lawrence lists his favorites on the food agenda, his listener's mouth positively drools. Whose wouldn't when such delectables as steaks, mashed potatoes with gravy, and chocolate ice cream are mentioned.

The word car is always singular with Larry since his pet car is a Ford. His pet peeve falls in line with his favorite car, cops, of course.

At present, Larry's most liked subjects in F.H.S. are agriculture, and P.O.D. He now holds the position of treasurer in the Felton chapter of F.F.A. In the future he plans to work in the agriculture line and will hold a position in the A.S.C. office in Dover.

Report Cards
 The fifth marking period will end April 24 and report cards will be issued Friday, April 26. The honor roll will be published at a later date.

Elementary Parties
 The elementary grades will have their Easter parties this week. The homeroom mothers will have charge of the parties.

F.F.A.
 Members of the 9th and 10th grade agriculture classes were given instructions in dairy cattle judging Tuesday at the farm of P. F. Freidel, at Viola.

Three classes of Holsteins were judged: one class of 2 year-olds, a class of 3 year-olds, and a class of aged cows.

This is part of the course of instruction in live-stock productions which is given in alternate years to the 9th and 10th grade vo-ag students.

Softball
 The girls softball team played at Caesar Rodney Tuesday afternoon at 3.

The starting team was as follows: Marlene Hughes, pitcher; Jean Reed, catcher; Jean Everett, 1st base; Joyce Wyatt, 2nd base; Shirley Hurd, 3rd base; Carol Wright, left field; Mary Lou Lander, center field; Barbara Hoffner, right field; Evelyn Walters, shortstop.

Baseball
 The possibilities -for positions on the baseball team are as follows: catcher, Robert Draper, John Kates, James Stayton, George Nabbs, Bobby Edwards. Pitcher, Clinton Dernberger, Nelson Wyatt, Jack Smith, Ronnie McCloskey, Dale Hammond. 1st base, Jack Smith, Dorsey Hammond; 2nd base, Wayne Dill, Earl Walters; 3rd base, William Wood; shortstop, William Wood, Bobby Wood; left field, Robert Jester; center field, Dorsey Hammond, Al Greenwalt; right field, Clinton Dernberger, Nelson Wyatt.

The boys team played Caesar Rodney Tuesday.

Playing catcher was John Kates; 1st base, Jack Smith; 2nd base, Wayne Dill; 3rd base, William Wood; shortstop, William Wood; left field, Robert Jester; center field, Dorsey Hammond; right field, Clinton Dernberger. These boys played as the starting team. This was the first game of the season.

Musie
 The final profit made by the band was \$71.75 which will go into the band uniform fund. The band spent all day Friday at the Delaware All State Band Festival held at the University of Delaware.

The chorus is planning to attend the Kent County Festival which will be held at Smyrna, April 24.

Social Security

The year 1957 is an important one for those who are disabled or those who might become disabled.

(1) If you are disabled and are 50 years of age and older, you may be eligible for cash disability insurance payments beginning with a payment for the month of July 1957.

(2) If you are disabled and your disability began while you are under 18 years of age, you may be eligible as of January 1957 to receive child's insurance benefits even after reaching age 18 if either your father or your mother is receiving old-age insurance payments or if you have lost the support through death of a parent who was insured for benefits.

(3) If you are disabled and have not yet reached 50 years of age, you may be eligible to have your social security earnings record "frozen" to protect your own or your family's rights to future benefit payments because of old-age, disability, or death.

If you, or someone in your family believe you may qualify under one of these provisions, see your social security office for further information about these new disability provisions of the social security law.

It is important for those already disabled that applications for disability payments be filed no later than December 1957. For some persons now disabled, moreover, it is important that application be made sooner.

A disabled person who has not worked after September 1954, will not be able to meet the work requirements if he delays filing a claim until after June 29 of this year.

As a result, he would not be eligible to have his social security record frozen, nor to receive disability insurance benefits at age 50.

He would have to wait until regular retirement age to receive any benefits, and those benefits would be reduced because of the time when he was unable to work and keep up his social security record.

For many a younger disabled worker, it may also mean the complete loss of all benefit rights. The social security office at 504 W. 10th St., Wilmington, Delaware, will be glad to provide additional information.

QUESTIONS AND ANSWERS

Q—I understand that four-year Korean GI night courses in law do not count for more than three quarters time training, for purposes of computing month GI allowances. Does this three-quarters rule also apply to four-year night courses approved by the American Bar Association?

A—No. Four-year night courses approved by the American Bar Association are the exceptions to the rule. The count as full-time training, in computing GI allowances.

Q—I have to sell my GI house for reasons of health. If I allow the buyer to take over my GI loan payments, would I still be eligible to have my GI loan restored?

A—In order for your loan rights to be restored, VA must be released from liability on its guaranty. This can be accomplished only if the GI loan is repaid in full. It cannot be accomplished if the buyer takes over your GI payments. The release of a veteran from liability does not change the fact that VA continues to be liable on the guaranty.

Q—I plan to add the total disability income provision to my World War II GI term insurance policy. Will the amount I have to pay be based in my current age?

A—Not necessarily. The amount will be based in the age that determines your regular term insurance premiums the last time you renewed your policy. This may not be your present age.

Q—I am a young man of 21, eligible for War Orphans schooling benefits. May I file my own application, or must my mother file for me?

A—Since you are of age, you may file yourself. In the case of young men or women under 21, applications must be filed by their living parent or guardian.

Home Demonstration Agent

Spring Activities

April 28 to May 4, is National Home Demonstration Week. Kent County clubs are planning various activities to tell friends and neighbors about their clubs and what they do. Window displays will be arranged, visitors will be invited to open house programs, and clubs will attend church as a group.

The State Home Demonstration Day program will be held Thursday, May 2, from 10 to 3 in the Capital Grange Hall, Dover. A feature of the program will be a speech by Mrs. Homer Rensberg, president of the National Home Demonstration Council. She will discuss the importance of the Home Demonstration Club member in the national organization.

Luncheon will be served by the Capital Grange, and will cost one dollar. Reservations should be made through your club president.

Spring Recipe

Here is a suggestion for serving left-over ham after your Easter dinner. Asparagus is coming on markets now, and combines well with other flavors. Asparagus De Luxe—4 slices baked ham, 1/4 inch thick, 2 tablespoons fat, 32 stalks cooked asparagus, 1 pound soft processed cheese.

Cut each slice of ham in to light brown on both sides. Place slices of ham in pans, put 4 stalks cooked asparagus on each piece of ham and cover each with a slice of cheese. Bake in a preheated oven at 350 degrees F. for 5 minutes. Serve hot. Yield: 8 servings.

The telephone expansion program creates jobs and paychecks for thousands of Delaware people

It takes a lot of telephone facilities to keep pace with rapid, statewide growth here in Delaware. Look at the record. We spent \$9 million for expansion in 1956 alone—an average of more than \$38,000 per working day. We have spent a total of \$19 million during the past three years. And we know it will take \$39 million more in the next five years to keep pace with Delaware's requirements.

Expansion like this means employment for thousands of Delaware people

Such an expansion program contributes a great deal to Delaware's prosperity in terms of jobs and spendable income. It means regular employment for more and more Delaware men and

women in the telephone company itself—as well as for bricklayers, carpenters, steelworkers, plasterers, and people in many other trades who work for our contractors and suppliers. As an employer, the telephone company ranks among the largest in the state. Our 1956 payroll was \$7,150,000, representing an increase of \$1 1/2 million in just the past three years. Since 1953, a total of \$18,78
