

## More Than \$25,000 To Be Gotten by City Under New State Law

The City of Harrington is scheduled to receive \$25,747.16 as its share of the Municipal Street Aid Fund, which becomes effective June 30, according to the State Highway Department.

Under the terms of the law, passed by the present session of the Legislature, and which becomes effective following the close of the present fiscal year, an allocation of the funds is made on the basis of population and street mileage maintained by the municipality.

On the basis of the 1950 census of 2241 population, Harrington will receive \$6018.30. On the basis of miles of city-maintained streets, the allotment is \$19,728.86. The two allotments, thus, total, \$25,747.16.

The total allotments for some other municipalities is listed by the highway report in round figures, as listed as follows: Bowers Beach, \$2346; Farmington, \$647; Felton, \$5835; Frederica, \$4188; Greenwood, \$8717; Houston, \$3,405; Milford \$61,750; Viola, \$1065; Woodside, \$1058; Wyoming, \$7,043; Camden, \$4640; Dover, \$59,130; Hartly \$459; Ellendale, \$6,439; Bridgeville, \$15,523; Magnolia, \$779.

The new law provides that a sum equal to one cent of the proceeds of the motor fuel tax receipts for the fiscal year, but not to exceed \$1,200,000 in any one fiscal year, shall be transferred to the Municipal Street Aid Fund by the state treasurer.

The State Highway Department is directed to compute annually on June 30 of each year, or at the end of the fiscal year, the amount due to each municipality with the computation to be based as follows: 40 per cent on the basis of population and 60 per cent on the basis of useable streets within the municipality, exclusive of any streets that are maintained by the state.

The law limits the use of the Municipal Street Aid Fund as follows: The amount allocated on the basis of population can be used for street improvements, purchase of cars for law enforcement, and the purchase of right of way. The amount allocated on the basis of street mileage can be used for street improvements, including maintenance, payment of debt service incurred for street improvement and purchase of equipment for street work.

Each municipality shall furnish evidence to the state treasurer that the municipal treasurer is bonded, submit annual reports to the state treasurer showing expenditures of the Municipal Street Aid Fund money and award contracts for street improvements that conform to specifications of the State Highway Department.

No portion of the Municipal Street Aid Fund shall be expended for any purpose except those specified in the law and any official, or employee, of any municipality violating these provisions shall be held personally liable to the extent of the unauthorized expenditures.

R. A. Haber, chief engineer of the State Highway Department, has forwarded to each municipality a copy of the law and a tabulation of the fund showing the amounts due to each municipality.

In his letter to the municipalities, Mr. Haber sets forth that the compilation for the present year was prepared from population figures and street mileage now available to the Highway Department.

He said, "In future years expanded surveys may be made by the municipality, or the Highway Department, to determine changes in population or the street mileage of any municipality in the state."

Mr. Haber added in his letter that details of the plan of distribution was worked out with a committee of the Delaware Association of Mayors, appointed for that purpose, and it is expected this association will have a general meeting within the next few days to discuss in detail the provisions of this plan.

## Tractor-Trailer Overturns

A tractor-trailer, loaded with steel joists, overturned Wednesday afternoon on the Greensboro road, about one-half mile west of town, receiving some damage but injuring no one. No charges were preferred.

The eastbound vehicle passed a tractor on the dirt portion of the 18-foot road, nine feet of which are concrete. When the truck turned back on the concrete, the trailer skidded on the dirt portion and overturned.

The truck was damaged severely, but not enough to put it out of commission. The vehicle belonged to American Steel, Inc., of Baltimore. It was destined for Milford with steel for the Milford Stitching Company.

## Armed Forces

M/Sgt. Thomas R. Melvin, son of Mrs. Ella Melvin, Felton, is scheduled to arrive in Germany May 16, with the U. S. Army Field Band for a nine-week concert tour of twelve European countries.

Sergeant Melvin is regularly stationed with the band at Fort George G. Meade, Md. He entered the Army in 1935 and holds the Combat Infantryman Badge.

## Dry Weather Is Troubling Maturing Crops

Hot, dry weather is causing considerable trouble with maturing crops and holding up plowing and the planting of tomato and other plants. Asparagus, strawberries, and peas are all feeling the effects of the dry spell. Asparagus is putting out thin, sinewy stalks with a relatively small percentage being of sufficient quality to pack as spears. Pea vines are stunted and in some areas the set is very poor. Berries are not sizing up before turning color. The ground is so hard and dry that it is impossible in many sections to prepare it for corn planting. Tomato plants are slow in starting to grow. Intensive use of irrigation by growers is employed in the potato fields. Some pea fields are also under irrigation.

**Delaware Migrant Committee**  
Subcommittees of the Delaware Migrant Committee have been appointed by Mrs. Pearl Herlihy, chairman. Sub-committee chairmen are: housing, Stanley Stacheci; health and welfare, Miss E. Kathryn Pennypacker; crew leader system, Harry Bonk; education, Mrs. King; leisure time needs, chairman to be appointed. Most of these subcommittees plan to hold meetings before the June meeting of the full committee.

**Crew Movements**  
Crews are now moving out of Florida to states to the north. If you have not been assured of your crew for the coming harvest we suggest that you contact one of our offices so we can locate crews before they move. This is important.

**Current Employment**  
Seasonal farm workers are being employed in increasing numbers as the crops mature. The largest number of those now employed are working in asparagus either harvesting it or packing it. Peas will start next week when more workers will be needed. Currently 2256 seasonal workers are employed in the state. 1261 are local workers, 384 are southern migrants and 611 are Spanish speaking harvest hands. 1876 seasonal workers were employed in this period last year.

**Housing**  
Owners of camps and growers quarters are receiving excellent cooperation from the State Board of Health covering the inspection of their housing. Over 125 camps have been inspected and owners informed of the necessary improvements to be made to have them meet minimum qualifications. The sanitation engineer of the Board of Health is doing all

(Continued on back page)

## Holly Wreath Bill Introduced In Washington

A bill to exempt Delaware's holly wreath industry from the provisions of the Fair Labor Standards Act will be pending before Congress soon, under sponsorship of Delaware Congressional Delegation. The measure, if enacted, would permit the State's holly-wreath making activities to be carried on without regard for the requirements of the Wage-Hour law.

In his weekly statement, Senator Frear discussed the proposed bill as some length pointing out that the Congressional Delegation endeavored to secure administrative relief for the holly wreath industry last fall but these efforts were unsuccessful.

"Now," said Senator Frear, "the three-man delegation hopes to convince Congress of the worthiness of the proposal and to secure its approval of their legislation."

## HITCHENS WINS SCHOOL BOARD RACE IN 4-WAY CONTEST

### Asbury Members Honor Sharp And Downing

The Official Board of Asbury Methodist Church gave a dinner Saturday evening at Holland's Restaurant in Milford honoring two of its members who have recently resigned after a long period of service - William W. Sharp who served as president of the Board for thirty years, and Fulton J. Downing who has just completed eleven years as superintendent of the Church School. It was a complete surprise to both men, for each thought it was to honor the other. Both were presented with leather wallets as a token of appreciation. C. Fred Wilson succeeds Mr. Sharp as president of the Board, and Howard S. Wagner succeeds Mr. Downing as superintendent of the Church School.

Roland Hitchens came in under the wire with plenty to spare Saturday in Harrington's four-entry race for a single post on the Board of Education.

The Boy Scout leader and telephone company employe tallied 223 votes, with Kenneth Aikens, petroleum dealer, placing with 150; James O'Neal, showing with 59. James Coady was out of the money with 41 in this harness racing town. Six votes were thrown out.

Hitchens will be installed at the July meeting, filling the post of Ellwood Gruwell, now president of the board.

In the other Kent County contest, at Frederica, Herbert Robbins won with 70 votes. Others were: Phillip Tuthill, 22, and John F. Moyer, 10.

## St. Bernadette's Church Notes

Mass Sunday morning will be at 9:30. Confessions will be heard before Mass. This week will conclude the religious instruction classes for children. Instructions for high school students will be given Monday evening at 7 o'clock at the parish house. Classes for the other children of the parish will be held Thursday afternoon at 3:45. A catechism class for adults is held each Thursday evening at the parish house. The monthly parish meeting will be held this Thursday beginning at 8 o'clock.

Last Sunday was a very impressive day at St. Bernadette's as eleven children received their first Holy Communion. The very beautiful May procession followed after Mass.

The first Communicants were: Susan Fair, Donna Shea, Joyce Ann Girardi, James Gonzales, Raymond Dodenhoff, Edward Zvolenek, James Cain, Leon Kulkula, Jacob Wroten, Heinz Rutzlaff, Patrick Coady.

Father Corrigan led the procession and was followed by the altar boys in white shirts and pastel dresses and veils and carrying baskets of flowers. The congregation then joined the procession as the choir sang "Raise Your Voices," "On This Day Oh Beautiful Mother," and "Bring Flowers of the Rarest."

Crowning the Blessed Mother was Marie Hrupsa. The attendants were June and Joan Wroten. John Calvert was crown bearer. Edgar Wroten, on behalf of all the children of the parish, read an Act of Consecration.

The first Communicants all enjoyed breakfast at the parish house with Father Corrigan. The ladies of the parish prepared and served the breakfast. The parents of the communicants were served coffee and donuts.

Father Corrigan was deacon at Solemn Benediction Sunday at Our Lady of Lourdes parish in Seaford. The celebrant was Bishop Hubert J. Cartwright. Bishop Cartwright also administered the sacrament of confirmation.

**Milton Allows Locals One Hit**  
Ron Mitchell and Gene Millman combined to hurl a one-hitter for Milton High School nine in a 6-2 triumph over Harrington at Milton Tuesday.

**Other New Bills**  
Reps. George Ehinger (R-Dover) and Paul E. Shockey (D-Wilmington)—to increase the salary of the director of the Development Department from \$5,000 to \$7,500 a year (HB-329).  
Reps. Ehinger, Richards, Walls and English—to make the law permitting members of the General Assembly who are state pensioners to receive both compensations retroactive to 1951 (HB-328).

Among the new Senate proposals was one (SB-277) which would change the name of the Unemployment Compensation Commission — apparently for reasons of semantic delicacy—to the "Employment Security Commission." It came from Senators Thomas L. Johnson (R-Rehoboth Beach) and Lemuel H. Hickman (D-Frankford).

Another new measure (SB 276) would add a new chapter to the Delaware Code, making the trustees of Delaware State Hospital the state's agency for surplus government property. This is an assignment which is already handled by the trustees of Milford. It now is operated by his daughter, Miss Elva Davis

**Cub Scouts Pack 76 Meets Friday Evening**  
The Committee of the Cub Scouts Pack 76 will hold a planning meeting at the home of Mr. and Mrs. Harold Melvin this evening. Plans will be completed for the May Pack meeting.

**Democrats to Meet**  
The Ninth District Democratic Club will meet at the American Legion Home at 8 p. m. today to elect officers.

Salisbury, Southern Rhodesia, is getting bids on a 22-mile water pipeline.

## Tax Cutting Bill Submitted

Rep. Henry H. Wolf (R-Newark) Tuesday introduced a bill that would permit non-resident taxpayers to write off 35 percent of their Delaware income tax.

The proposal (HB 333) is based on the theory that non-residents are at least entitled to rid themselves of the burden of supporting Delaware schools. It applies to individuals who work in Delaware, but live and pay taxes in neighboring states.

Commenting on the bill Tuesday, Mr. Wolf said it tries to strike a balance between the views of non-residents who claim they are taxed without representation and Delawareans who point to the governmental protection and service these individuals enjoy at state expense.

"It operates on the assumption that the non-resident is getting no direct benefit from educational costs in Delaware, and that he is supporting educational programs elsewhere," Mr. Wolf said. He noted that educational expenses account for "about 45 percent" of Delaware operational budget.

The sponsor added that he is not wedded to the 35 per cent figure, but settled on it as one which approximates the share of a non-resident's tax payments which would go to education.

He said the State Tax Department has no figures available to estimate how much revenue loss his bill would mean, but is classifying 1956 returns in such a way that figures on the non-resident tax should be available soon.

The proposal applies only to non-resident taxpayers who do not exercise tax-reducing options that are available under the existing law, Mr. Wolf said.

**For New Park**  
Another new house bill (HB-334) would appropriate \$40,000 to the State Highway Department for development of a public park and recreation area at Ingram Pond.

Co-sponsors of this item are Reps. Joseph P. West (D-Gumboro) and Joseph B. Walls (D-Lewes).

Another new bill (HB-331) would siphon funds received by the Board of Game and Fish Commissioners from the rental of facilities into a special account to be used by the commission for the maintenance of recreational sites—or for other special projects.

This document, sent up by Mr. Walls and Rep. Edgar T. English (D-Greenwood), would involve monies received from the rental or sale of commission publications, equipment or products, as well as facilities.

The same co-sponsors threw in a measure (HB-332) which would tighten the laws regulating rabbit hunting. Artificial light while chasing the hare would be banned. Fines of imprisonment are provided.

Rep. Harvey B. Spicer (R-Georgetown) introduced a bill (HB-330) which would make major revisions in the charter of the community of which he is mayor. The town council, for instance, would have increased authority to award contracts without competitive bidding; municipal property could be mortgaged; taxes could be assessed and collected on telephone, telephone and power poles equipment.

**Smith-Rifenburg Betrothal Noted**  
Mr. and Mrs. Angus T. Smith, of Boston, announce the engagement of the former's daughter, Mary Catherine, to Robert L. Rifenburg.

Mr. Rifenburg is the son of Mr. and Mrs. John Rifenburg, of Harrington. He is stationed in the Navy in Boston.

No date has been set for the wedding.

**Fourth District Peoples Democratic Club Elects Officers**  
A new Fourth District Peoples Democratic Club was organized recently, the following officers being elected: President, Herbert Williams; vice-president, Charles Hanson; treasurer, Ann Pearson; corresponding secretary, Evelyn Webb; refreshment committee, Hilda Janicka; club chaplain, Byron G. Hurd.

The board of directors consists of the following: Eugene Ore, John Vatiek, Charles Ford, Paul Janicka, John Hartnett, George Seward, Herbert Hutchins, Albert Hintz, Edgar Brandt, George Nicholson, Norval Bose, William Fibelkorn.

**Service Station Brings \$26,000**

The service station of Benjamin Moore, on U. S. 13 north of town, sold Tuesday morning at a sheriff's sale for \$26,000 to Woodrow Marsh, of Georgetown.

## IMPROPER MUFFLERS ARE HEADED BY POLICE IN BUSY WEEK

### Engaged

Doris E. Clark

### Clark-Gahagen

Mr. and Mrs. John A. Clark, of Harrington, announce the engagement of their daughter, Doris E. Clark, to Howard G. Gahagen, son of Mr. and Mrs. Charles Gahagen, of New Bethlehem, Pa.

The date of the wedding is August 31.

## Chosen Friends Lodge I. O. O. F.

Four persons—Willard Butler, Robert Price, Phillip Asfalk, and Preston Moore—who have been received in membership by Chosen Friends Lodge, were taken to Milford by Samuel A. Short Jr., and George Tatman Monday evening where Crystal Font Lodge conferred the initiatory degree on them.

This lodge would like to thank the members of the host lodge for the courtesy and friendship extended.

Chosen Friends will again have its snowball machine at the same stand this year at the Kent & Sussex Fair, with soft drinks and other items added for sale.

Solicitations for Kiddies Day from the merchants will soon be made by the lodge members. The date will be some time soon.

Kiddies Day is a day this lodge has adopted for the children of this community, up to 16 years, to be held annually at Wheeler's Park where they can spend a day of enjoyment and fun and partake of various games the lodge selects to be played. Prizes will again be given for the best performers.

Brother Joe Penny is on the sick list. All the brothers wish him a speedy recovery.

## Crop-Duster Pilot Hurt Seriously In Crash

A 24-year-old pilot was injured seriously Wednesday when his small monoplane crashed into a pea field while it was dusting crops in a farm three miles northeast of Milford.

Bernard Ermel, who comes from Pennsylvania but has been flying from the Milford Airport, sustained back and other injuries when the plane crashed at 8:40 a.m., apparently while he was making a turn at the end of a field on the late Orle W. Davis farm on Milford Neck Road.

Ermel was taken to the Milford Memorial Hospital in the Milford ambulance. He is being X-rayed for a possible fracture of the vertebrae.

When the plane crashed, the front end and undercarriage were damaged. There was no fire.

State police at Dover said Ermel had apparently piloted the plane across the field in his crop dusting work and was banking for a turn when the plane hit the ground. It is not known what caused the plane to crash in the field.

When the plane struck, Mrs. Amelia Whit, a nurse who lives on an adjacent farm, went to the scene immediately and gave Ermel first aid.

Ermel could not move and it is feared he may have suffered a serious back injury.

The plane, state police said, a Piper J-3, is owned by Willard Jackson, owner and operator of the Milford Airport.

The farm was owned by the late Orle W. Davis who operated a feed and fertilizer business at a sheriff's sale for \$26,000 to Woodrow Marsh, of Georgetown.

### St. Stephen's Episcopal Church

The Rev. John R. Symonds, Jr., vicar, and George A. Thompson, warden, represented St. Stephen's at the 172nd annual convention of the Diocese of Delaware, held May 7 and 8, in Wilmington. Highlights of the two day session were the Bishop's annual address at the Convention Banquet, Tuesday evening, in the Gold Ballroom of the Hotel DuPont and the adoption of a \$234,000 operating budget for 1957-58. In addition, it was reported that the sum of \$750,000 had been previously approved as a Diocesan Advance-Development Fund, of which \$710,000 has been pledged to date. Another high spot during the proceedings was the announcement that St. Stephen's, Harrington, will receive top priority in the disbursement of funds for a new church building. At this 172nd convention, also, the diocese of Delaware took constructive steps toward entering into an alliance with the missionary district of Puerto Rico.

George A. Thompson was one of a committee of five appointed to decide on a meeting place for the next convention.

The budget also included an item to meet the expenses of sending delegates to the next general convention to be held at Miami in 1958.

Robert E. Baynard Jr., left his studies at the University of Delaware for a short time Wednesday in order to take part in the corporate communion held at the Cathedral Church.

Mesdames Walter Winkler, Augustus Raughley, Jr., Robert McNally, Edward C. Brown, Sr., Gilbert Keim, Robert Nelson, and George A. Thompson, represented St. Stephen's at the 1957 annual Diocesan Woman's Auxiliary Meeting, at the Cathedral Church of St. John's, Wilmington, May 8. The sequence of events included Corporate Communion at 9 a.m., for official convention delegates, men and women, and auxiliary representatives, with the presentation of the United Thank Offering by the women of the church. The opening session of the Auxiliary was held at 10:30 a.m., with Mrs. Paul A. Kellogg, presiding. There followed reports from chairmen, election of officers, convention pledges and roll call by each mission and parish in Delaware. Lunch was served at noon, each branch having been sent luncheon tickets by the Cathedral committee.

The second session convened at 1:15 p.m. The group was privileged to have as speakers two prominent guests of the convention—Mrs. Robert Ervine Swift, wife of the Bishop of Puerto Rico and Mrs. Lorenzo Alvarez, president of Woman's Auxiliary of Puerto Rico. The offering at the afternoon session was given to Mrs. Swift for use in the missionary district of Puerto Rico.

It should be interesting to other Delawareans as well as Episcopalians, that this year marked the realization of the first steps of what has been a diocesan hope and aspiration for Delaware these many years. It is the impending opening of "Ingleside," a home for the aged, and the first such unit sponsored by the Episcopal Church Home Foundation. The property, at 1010 Broom Street, Wilmington, includes a large home with extensive grounds and beautiful gardens.

We representatives from Harrington were happy to present our United Thank Offering check, showing a substantial increase over 1956 contribution. We were also glad to know that our convention pledge, made from the floor, at the second session, will be used, along with that of other parishes and missions, for the assistance of "Ingleside," in its first year.

Our vicar had a prominent part in the afternoon session of the auxiliary. As a member of the Diocesan Department of Christian Social Relations, he spoke to the ladies on this phase of church work, particularly in its application to the situation at Harrington. The budget adopted at this meeting included an item of \$350 a gift to St. Stephen's, Harrington, as a 1957 "Special" to be used for recreational purposes. Mr. Symonds thanked the Woman's Auxiliary for their generous gift to our church, and, in his talk, outlined some of the phases of a recreational program that the money will help carry out.

The young people of St. Stephen's are pleased to announce that the president of their group, Ronnie Correll, has also been elected president of the Kent County Episcopal Youth Organization for the next session, 1957-58. It is a great honor for Ronnie and for St. Stephen's. Besides the Harrington group, the Kent County Convocation includes Christ Church, Milford; St. Peter's Church, Smyrna; St. Paul's Church, Camden; and

Christ Church, Dover.

For the third Sunday after Easter, flowers on the altar were given to the glory of God and in loving memory of Viva Morris Reed by Alena Reed, Frank and Clarence Milton Reed. The flowers were white carnations and white snapdragons.

Acolytes, crucifers, servers, and torch bearers for last Sunday's service were Allen Draper, David Andrews, Frank Welch, Robert McNally, Charles McNally, Ronny Porter, William McColely, Robert Greer, Ronnie Correll, William Thompson.

Last Thursday evening the Woman's Auxiliary of St. Stephen's met at the Parish House. Two distinguished guests were with us at this May session—Mrs. Paul A. Kellogg, of Dover, newly re-elected president of the Delaware Diocesan Woman's Auxiliary, and Mrs. Carl A. Colell of Milford, Kent County Christian Social Relations chairman. After the devotional period, our president, Helen McNally, opened the business session. It was moved that the minutes and the treasurer's report be dispensed with, for the time being. Immediately, the group began discussing and planning the reception and luncheon to be given for our vicar by the congregation of St. Stephen's following his ordination on the morning of June 1. The reception and luncheon will be held at the Parish House of Christ Church, Dover. A number of members volunteered to be on various committees designated to handle the purchasing, preparing, serving of items on the menu. Others volunteered to help with table arrangements, decorations, etc. Another, not regularly scheduled meeting of the auxiliary is called for Thursday, May 23, 8:30 p.m. in the Parish House.

The schedule of services and events for this week and next is as follows: Thursday, 7, choir practice; Sunday, 9:30, Church School; 11 a.m., morning prayer and sermon; Coffee Hour; 4 p.m., presentation service of the children's Lenten offering at the Cathedral Church of St. John's, Wilmington; 7 p.m., Evening prayer; Wednesday, vestry meeting; Thursday, 8:30, Auxiliary meeting.

The schedule of services and events for this week and next is as follows: Thursday, 7, choir practice; Sunday, 9:30, Church School; 11 a.m., morning prayer and sermon; Coffee Hour; 4 p.m., presentation service of the children's Lenten offering at the Cathedral Church of St. John's, Wilmington; 7 p.m., Evening prayer; Wednesday, vestry meeting; Thursday, 8:30, Auxiliary meeting.

**VIRGIE WYATT BROWN**

Funeral services for Mrs. Virgie Wyatt Brown, 62, who died in Smyrna Thursday, May 9, after an illness of about two weeks, were held at the Boyer Funeral Home, Harrington, Monday afternoon with services in charge of the Rev. Lawrence S. Renner, of Felton, pastor of Manship Methodist Church. Interment was in Hopkins Cemetery, near Felton.

She was born in Masten's Corner, the daughter of Andrew and Emma Scott Wyatt, and had lived in this community all her life. Her husband, William Wesley Brown, died Feb. 27, 1956. She is survived by six children; Mrs. Irene V. Wyatt of Harrington; Mrs. Thelma L. Outten of Wilmington; Mrs. Rebecca J. Weltz and Walter Andrew Brown, both of Hobbs, N. Mex.; Mrs. Wilmina H. Lewis of Harrington, and Mrs. Bernice A. Hurd of Wyoming; 13 grandchildren and two great-grandchildren.

in the community building Wednesday evening after the business meeting. They were served refreshments by the hostesses, Mrs. Laura Torbert and Mrs. Ella Breeding.

Our pastor is currently conducting evangelistic services at the Pilgrim Church in Laurel. They will come to a close this Sunday evening.

The building fund offering this past week amounted to \$197.27.

Our W.S.C.S. of Hickman Methodist Church was entertained

FEED SAVINGS  
For You With  
Southern States  
BULK FEEDS**

\$20 or more per 1,000 birds

Southern States top quality broiler feeds are now available in bulk at even greater savings to you than ever before. Bulk feeding saves you about \$5 a ton (\$20 per 1000 birds) on feed costs... eliminates back-breaking labor... gives you more time to handle larger flocks. Fast, easy, year-round delivery—feed piped into your bin at rate of a ton every 4 minutes.

You get fresher feeds and better sanitation—deliveryman never enters your poultry feed house. Bulk feeding stops losses from rats and mice. Guaranteed accurate weights printed on your tickets by electric Printomatic scales.

Save time, money, labor with Southern States modern bulk feeding system. Your local agency will make recommendations for installing a bulk feed bin on your farm. 5 and 6.7 ton sizes—each built into a split compartment. Switch to bulk feeding now. Bulk service is available on all Southern States feeds.

**Social Security**

Rules covering farm workers under social security changed beginning Jan. 1957, Myron Milbouer, manager of the Wilmington social security office, reminded employers today. Changes were included in recent amendments to the Social Security Act.

"If a farm employer pays a farm worker \$150 or more in cash during 1957, the cash pay is covered by the law," Milbouer said. "Also, even if the worker fails to earn as much as \$150 cash pay from a farm employer but works for that employer on 20 or more days in 1957 for cash pay figured on a time basis rather than on a piece-rate basis, the pay is covered."

The total number of days worked and the manner of figuring the pay do not count if the worker meets the \$150-a-year test.

Farm employers are required to keep accurate records of the amounts paid to farm workers who will meet either the wage or time test during the year. Their cash pay for 1957 must be reported next January.

Blackmarketing in cement and steel is reported rife in Calcutta.

**Veterans News**

**QUESTIONS AND ANSWERS**

Q—Under the Survivors Benefits Act, I understand that the eligibility of parents of deceased veterans is based on the amount of annual income. How does VA determine whether a parent's income exceeds the limit set by law?

A—At the beginning of the year, VA will send all parents on the rolls income questionnaires dealing with income received during the past year and anticipated income during the year ahead. Determinations of eligibility, as well as amount of VA payment, will in most cases be based on the questionnaires.

Q—I am planning to convert my World War II GI term insurance to a permanent plan. Do I have to convert the entire amount of my insurance, or can I convert just a part of it?

A—You may convert a part of your GI term insurance, if you wish. The amount converted must be in multiples of \$500, but not less than \$1,000.

Q—I was in military service both in World War II and the Korean conflict. I never have used my GI loan benefit. Which deadline am I bound by—the one for World War II veterans or the one for Korea veterans?

A—The deadline for Korea veterans applies in your case. You have until January 31, 1965, to obtain your GI loan.

Q—May I take on-the-job training under the War Orphans Education program?

A—No. The law limits War Orphans education to classroom training in school. Job training is prohibited.

Italian businessman Francis Sbrojavacca wants to market a new system to mark poultry and other animals with a conventional marking in plastic material, Rome reports. It can indicate the Genealogical character of the subject, he says.

**4-H Short Course**

**To Be Held June 26-29**

A short course for 14 to 21-year-old Delaware 4-H club members will be held at the University of Delaware June 26 to 29, Wayne Bath acting state 4-H club leader, announced today.

Highlights of the course will be a dress revue, public speaking contest, and talent show—all with state-wide participation, an international program with students from other countries taking part, and safety demonstrations.

Instruction in several different 4-H projects is planned, along with classes in swimming, public speaking, news writing, dancing, photography, and modeling. Recreation such as swimming, volleyball, softball, and a state-wide skating party at the Merryland Roller Rink near Newark will be on the program. A chicken barbecue will be held at Agricultural Hall.

Living accommodations will be provided in University dormitories, with meals served in Kent Dining Hall. Bath set the cost for attending the four-day session at \$12.

Four-Hers should contact their 4-H agent at the county extension for information on enrolling in the course.

**MONUMENTS FOR MEMORIAL DAY**

The telephone expansion program creates jobs and paychecks for thousands of Delaware people

It takes a lot of telephone facilities to keep pace with rapid, statewide growth here in Delaware. Look at the record. We spent \$9 million for expansion in 1956 alone—an average of more than \$38,000 per working day. We have spent a total of \$19 million during the past three years. And we know it will take \$39 million more in the next five years to continue to keep pace with Delaware's requirements.

**Expansion like this means employment for thousands of Delaware people**

Such an expansion program contributes a great deal to Delaware's prosperity in terms of jobs and spendable income. It means regular employment for more and more Delaware men and women in the telephone company itself—as well as for bricklayers, carpenters, steelworkers, plasterers, and people in many other trades who work for our contractors and suppliers.

As an employer, the telephone company ranks among the largest in the state. Our 1956 payroll was \$7,150,000, representing an increase of \$2,194,000 since 1953. During that 3-year period, a total of \$18,788,000 was paid to telephone men and women. And most of this money was spent or saved right in the Delaware communities where it was earned.

Clearly telephone expansion, and the jobs and income it makes possible, means a lot to the economy of Delaware and to the welfare of Delaware people.

**THE DIAMOND STATE TELEPHONE COMPANY**

## Farm and Home News Notes

### Aerial Gypsy Moth Spraying Started

The largest aerial spraying program ever undertaken in the U. S. is underway in several northeastern states in an effort to wipe out the gypsy moth.

A large part of \$5,000,000 raised by state and federal control agencies will be used to spray about 3,000,000 acres of forest land in Pennsylvania, New Jersey, and New York with a light oil solution of DDT. This will push the pest back from the border areas of its infestation and pave the way for eventual eradication.

If allowed to spread, the insect could damage forest trees all the way from Maine to the Ozarks.

Spraying started about April 15 when the moth eggs began to hatch and will continue until late June, depending on weather conditions. Both large and small planes are being used, all piloted by experienced private operators under government contract. Except for mop-up operations, spraying next year is expected to move north and east to further reduce the infested zone.

The pest has caused several million dollars damage each year over a 38-million-acre area in nine northeastern states. In its caterpillar stage of development, the moth devours the leaves of a wide variety of trees, mainly oak, poplar, willow, birch and apple. To a lesser degree, the pest damages cherry, hickory, gum, and evergreen trees. The gypsy moth is capable of defoliating entire forests, killing many trees and creating conditions favorable to further damage by fires and floods.

The gypsy moth got its start in Massachusetts in 1869 when it escaped from an experimental laboratory where it was being used for crossbreeding with silkworms. For about 80 years it was confined to a relatively small area in New England and eastern New York. Hurricanes then carried caterpillars to many new areas. Wind is a principle means of spreading the insects. The pest has spread with alarming speed—even appearing in a small area in Michigan in 1954. This infestation has been almost eradicated.

Federal and state quarantines regulate transportation from infested areas of materials that may carry eggs or larvae of the moth.

### Junior Broiler Winners to Be Named, Receive Prizes

Winners among 140 boys and girls competing in the Junior Broiler Program will be announced at an awards banquet May 23 at Caesar Rodney School in Wyoming.

More than 300 contestants, cooperating hatcherymen, and guests are expected to attend the banquet. Birds will be on display at 6 p. m., and the banquet will start at 7.

Silas L. McHenry, extension poultryman at the University of Delaware, today said that prizes to be awarded by the Delaware Poultry Improvement Association Extension Service, will be: first place, \$25 and a trophy; second, \$20; third, \$15; fourth, \$10; fifth through 10th, \$7.50; and 11th through 20th, \$5.

Each contestant who completes the project will receive a complimentary banquet ticket for his parents and himself.

Reminding contestants on selecting best birds for the contest finals, McHenry said the birds must be the largest, healthiest cockerels. They must be weighed, of uniform size, and checked for body conformation, fleshing, and feathering. Contestants should label the crate for the birds, and enclose records.

Contestants should deliver the crated six best cockerels to the Swift and Co. processing plant in Felton between 3 and 8 p. m. May 22. The birds will be dressed and judged May 23.

Four-H Club members taking part in the program are being supervised by county 4-H Club agents Maurice B. Field, New Castle; Mrs. Marion MacDonald, Kent; Mrs. Bernadine Coleman, Sussex; and Miss May Woods, youth agent from Dover.

Vocational agriculture instructors from the following schools have students participating in the program: Horace Short, Caesar Rodney; William Kent, Newark; M. M. Price, Laurel; George Rhoads, Middletown; Melvin Luff, Felton; Raymond Swadley, Ocean View; Samuel Simmons, A. I. Dupont;

John Curtis, Harrington; William Jenkins, Millsboro; Robert Young, William Henry; Aubrey Jeter, L. L. Redding; George Matthews, William Jason; William Simpson, H. C. Conrad; Leonard Hitch, Smyrna; William Howlett, Bridgeville; Frank Elliott, Georgetown; and Jack Clinch, Selbyville.

### Agent Offers Timely Insect Control Tips

Several insect pests of ornamentals to control between May 15 and June 1 have been listed by George Vapaa, Kent County agricultural agent.

These insects are known to do much damage to homeground plantings, he said, but can be killed with DDT and malathion. When DDT is suggested, mix one to two tablespoons of 50 percent wettable powder per gallon of water. Four tablespoons of 25 percent wettable malathion powder should be mixed in each gallon of water. The insects, some plants they attack, and the recommended sprays include:

**Mites**—attack evergreens such as arborvitae, juniper and firethorn. They are very small to see, so you may need a magnifying glass. Use malathion on these tiny sap-suckers. Repeat spray in ten days.

**Lace bugs**—damage azalea and rhododendron. Usually found on underside of leaves, where they feed. Control with DDT.

**Aphids**—injure rose, azalea, and other perennials. Usually found on new growing plant tips. Pests may be red or green. Use malathion.

**Leaf miners**—found on boxwood and holly. Insect tunnels into leaves. Kill pests with two applications of DDT, ten days to two weeks apart.

**Elm leaf beetles**—kill these leaf eaters with DDT.

**Pine shoot moths**—pests destroy tips of shoots. Requires six to nine sprays, during May, June, and July. Spray DDT every ten to fourteen days.

**Hay and Pasture Tour June 4th**

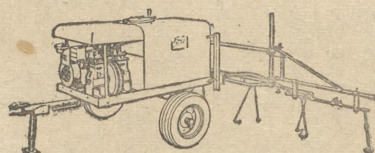

Hay and pasture management will be the features of a tour for Delaware farmers June 4 with rain dates June 5 or 6. George Simpson of near Houston will demonstrate how he uses his hay dryer and more important, how he saves cost in handling hay. Robbins Webb of Milford will show his pasture management practices, the most timely of which will be a spray program for forage crops.

Artificial hay drying is attracting considerable interest in this normally humid area. Most farmers like to cut a large part of their hay needs in late May or June while the growth is lush. But unfortunately, the conditions which provide for lush growth, also make for difficult curing conditions. Hay driers today are designed to cure a crop ready for storing within two days from time of cutting. Mr. Simpson says: "I'm amazed at the improved feeding quality of quickly cured hay. Labor in handling has been our biggest problem to date, but we've worked out some solutions, and we can expect to do the job even better as we gain experience."

Robbins Webb has been looking for a sprayer that can be readily used and stored. He finds that: "We're just going to have to expect to spray alfalfa each spring for alfalfa weevil, spittlebugs and perhaps aphids. A quickly attached sprayer, perhaps pull-type unit, will let a farmer get the job done, so that he can return to his other spring tillage jobs."

Both of these farmers are in the Dairy Herd Improvement Association, and keep records on feed and milk production. They have both graduated in the Greener Pastures program, which means that they are utilizing the latest and best practices developed for raising livestock on their farms. The program June 4 will be jointly sponsored by the Delaware Crop Improvement Association and the Delaware Agricultural Extension Service. For further information on de-

### THERE'S A JOHN BEAN SPRAYER FOR EVERY NEED

JOHN BEAN offers the newest line of farm sprayers on the market today. Choose one of three booms for effective weed control and row crop spraying. Add a hose and hand gun for spraying livestock, poultry houses, shade and fruit trees and many other uses. You have your choice of rugged pumps, barrel mounts or sturdy trailers.

tails, see or call your county agent. The program is free and everyone is welcome to attend.

### Poultry Synovitis, Treatment Discussed

Synovitis, Delaware's second most important poultry disease, is costing producers money that can be saved, according to George Vapaa, Kent County agricultural agent.

Discussing signs of the disease and treatment, the agent points out that losses from synovitis come from extra medicine costs, production of cull and unsalable birds, reduced weight gain and feed efficiency, and the necessary removal of infected birds from the processing line.

Synovitis is seen most frequently when birds are seven to ten weeks of age. The disease usually attacks about 20 per cent of a flock, but the death rate is low. Birds with the disease often are lame, listless, lose weight and seem to dry out. Sick birds will refuse to move, become pale, and have ruffled feathers. The bird also has swollen joints—particularly the keel, hock, foot pad, and wing joints. Droppings are blue-green. A positive diagnosis can be made free of charge as poultry laboratories located in each county.

Synovitis can be treated with 200 grams of aureomycin per ton of feed for five to seven days, the county agent suggests. He warns that the disease may reappear after the medicine is removed. Although treatment is of no value to the birds already lame and crippled, 100 grams of aureomycin per ton of feed will prevent the disease.

Other tetracycline antibiotics—such as terramycin—can also be used to control synovitis, Vapaa adds.

### State Leader Reports on Home Demonstration Work

Total 1956 attendance of 12,525 homemakers at Delaware home demonstration meetings has been reported by Mrs. Alice M. King, state home demonstration leader.

The total was accumulated by some 2,500 members of 91 local home demonstration clubs meeting each month. For the year, Mrs. King listed 716 meetings, conducted by 1,172 local leaders. Reporting on work with individual families, she said 630 families received educational help in financial planning, 950 in housekeeping methods, 2,400 in selecting and buying clothing, 4,000 in meal planning, and 1,180 in child development and guidance.

Demonstrations, discussions, and lectures held by state and county home demonstration agents totaled 355, Mrs. King said, with an attendance of 7,744.

Pointing out that state and county home demonstration services are intended for the benefit of all homemakers, she urged

homemakers not now taking part to contact their home demonstration agent at the county extension office for information on local club activities.

### DDT Spray Recommended For Tent Caterpillars

A University of Delaware entomologist recommends a DDT spray to kill eastern tent caterpillars abundant in the state.

Dr. Herbert E. Milliron said the pests will be found now mostly on wild cherry trees. They also infest unsprayed apple trees, various ornamental crabs, and cherry trees on home grounds.

Most of the insects are now full-grown caterpillars, or in the pupal or resting stage, he said. Small to full-grown worms are the ones that do the damage, Dr. Milliron said, when the larvae leave nests to feed during the night. There are some still feeding, he pointed out. After reaching full growth, caterpillars stop feeding and are more a nuisance, because they crawl about in search of a place to go into the resting stage. Most damage will have been done by late May, because the pests will be full-grown.

He suggests using a knapsack sprayer to apply one tablespoon of 50 percent wettable DDT powder per gallon of water. The job can best be done by spraying each nest—and for a reasonable distance—the foliage around each nest.

When the insects are not very abundant, they can be eliminated from any tree, if the nests and larvae are removed and the pests are destroyed, the entomologist said. He warns against burning nests in place, unless it is done cautiously, since branches might be damaged.

## NOTICE

On and after the first day of June A. D. 1957 all State license fees for the year 1957 are due and payable to the State Tax Department at Old State House, Dover, Kent County, Delaware, and if not paid on or before the 30th day of June 1957, a penalty of five per centum will be added. On all licenses not paid in July an additional penalty of ten per centum will be added, and on all licenses not paid during the month of August a further penalty of ten per centum will be added, making a total of twenty-five per centum on all licenses paid after the month of August, in accordance with the Delaware Code of 1953.

C. DOUGLASS BUCK,  
State Tax Commissioner.

## Trinity Methodist Church Notes

Since the annual conference of the Methodist Church will be in session at Wilmington Sunday, worship services are to be omitted on this date. However, Sunday School will be held at its usual time, and the Methodist Youth Fellowship will meet at 7 p. m.

Altar flowers for May 12 were the gift of Mr. and Mrs. George Johnson. The flowers on the organ were placed there by Ralph Tatman and Mrs. Louise Love in memory of their mother, Mrs. Mary D. Tatman, who passed away Jan. 8, 1947.

For Mother's Day there were three potted flowers: one, from the Loyal Workers Class, was presented to the mother present at the morning worship who was oldest; a second, from the O.U.R. Class, presented to the youngest mother present; and the third, from the Men's Class, to the mother present with the most children.

Our lay delegate to the Peninsula Annual Conference, in session now, is Albert Thistlewood; Randall Knox, Jr., is reserve.

The Sunday School recently acquired 50 Cokesbury hymnals, for use in Sunday morning opening and closing exercises, and for Sunday evening.

Monday, the W.S.C.S. prayer meeting is led by Mrs. John Walls, at 10:30 in the church.

Regular choir rehearsals are scheduled for Thursday. The Junior choir is to meet at 6:45, the Vesper Choir practices at 7:15, and the Senior Choir sings at 8 p. m.

Two of the officers of the Peninsula Conference Women's Society of Christian Service are members of Trinity: Mrs. Earl Sylvester, conference president; and Mrs. Ethel Raughley, conference secretary. Mrs. Sylvester has an interesting report for the conference this week. She describes her year's work under the image of a voyage. She and the crew traveled to Camp Pe-Co-Meth, then to a mission school at Dover, up to Wilmington, and

Your dollars never looked so big as they do right now on the new kind of FORD

### 1. What a car!

It's the new kind of Ford for 1957, with Sculptured Styling and the Mark of Tomorrow. It's the only car in the low-price field to offer two new big-car sizes, and solid "Inner Ford" construction.

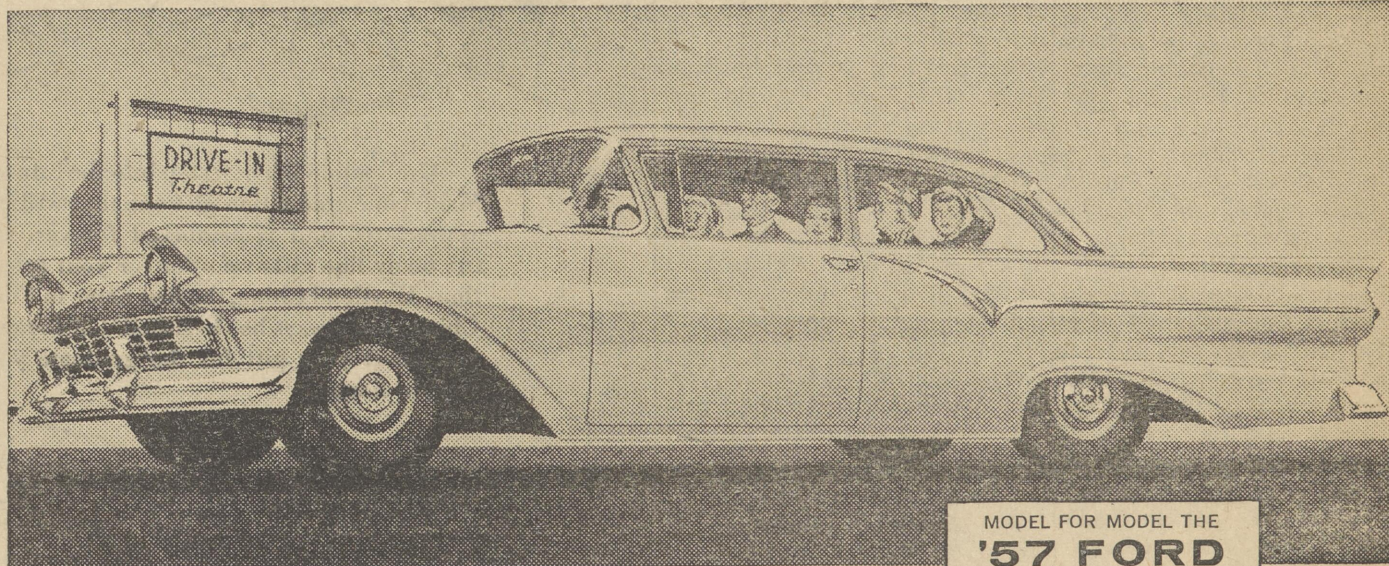

### 2. What a deal!

Because we are outselling all competitors, we can outdeal them, too. And our payment plans are tailor-made to suit your budget. So you can stop "ooohing" and start owning a Ford today!

### 3. What a return!

Why not start living that new-kind-of-Ford life today! You'll be getting the car that's worth more when you buy it, traditionally worth more when you sell it, too. Get a great deal . . . now!

MODEL FOR MODEL THE '57 FORD IS THE LOWEST PRICED\* OF THE LOW-PRICE THREE!

\*Based on comparison of manufacturers' suggested retail delivered prices

FORD makes Big a low-price word

**THERE'S A LIMIT**

Well, the Hungarian refugees are raising Cain in Austria again. This time, 2400 of them went on a hunger strike which was ended after Mrs. F.D.R. visited them.

Said she: "I am opposed to the present American government's views. I believe you have attracted the world's attention to your plight by your hunger strike."

A spokesman for the refugees said they would resume the hunger strike unless they got promises soon that the United States will again accept refugees on a broad scale.

We have accepted a large number of these refugees, but there is a limit. It's time to call a halt. There's plenty of room for them in Brazil, South Africa, Australia, Canada, but they INSIST on coming here. For our part, those striking refugees in Austria do not belong here. When they start demanding, it's time to call a halt.

Most of the 34,488 Hungarian refugees still in Austria want to come to the United States. We do not hold that against them. If we admitted them, however, what an inducement it would be for other refugees to pour into Austria from Hungary. Yes, there is a limit and it has been reached.

**IMPROPER MUFFLERS**

One arrest for improper mufflers on automobiles, of course, was made last week, and 14 warnings were issued. We are glad the local police are doing something about this most prominent of traffic violations.

These mufflers do not come with the car, but are installed afterwards. The idea is to make all the noise one can, to attract attention, to show off, as it were. Furthermore, we wonder if something cannot be done about noisy motorcycles.

After the police eradicate this source of disturbance, we would like to see them get after the boys with the screechy tires. In warm weather, some tires screech even at low speeds, but most of the nuisances of this kind are deliberately created. See what a fine car I am driving; see what a good driver I am, say the smart alecks. And, oh yes, they are still driving down the sidewalk in front of Pensupreme.

**Asbury Methodist Church Notes**

Church School 10 o'clock, Howard Wagner, superintendent. "Praying in an Evil World" will be the title of the lesson in the adult department.

Morning worship 11 o'clock. In the absence of the pastor, who will be at annual conference, the service will be in charge of Guy Whitebrenner, certified Lay Speaker and the speaker will be a representative from the Gideons Society. The guest organist for the morning will be Miss Anne Perry.

The MYF will meet at 6:40 in Christ Chapel with Miss Ann Brown in charge of the devotions. Evening worship at 7:30 with the pastor in charge. There will be an Installation Service for the officers of the W.S.C.S. for the new year. The Chancel choir will sing "Great is the Lord" as their anthem.

The Ever Ready Class will hold its May meeting Monday evening at 7 o'clock with a covered dish dinner in the Collins Building. Mrs. P. C. Harrington and Mrs. W. W. Sharp are chairmen. This will be the last meeting of the class until September, so all members are urged to attend.

The MYF subdistrict meeting will be held at Houston Methodist Church Monday evening at 7:30 with the youth of the host church conducting the devotions. The program will include the installation of the new officers for this year.

The Harrington Ministerial Association will meet Tuesday morning at 10 o'clock at St. Stephen's Episcopal Parish House.

The joint memorial service of Trinity and Asbury Churches will be held next Sunday morning, May 26 at 11 o'clock at Asbury Church with the congregations and ministers of both churches participating.

The choirs will rehearse Thursday as follows: Junior choir, 3:30; Chancel choir at 6:30 and the Cathedral choir at 7:45.

The Peninsula Annual Conference of the Methodist Church, convened at Grace Church, Wilmington yesterday morning at 9 a.m. with Bishop G. Browley Oxnam presiding. The conference began with the service of Holy Communion. Saturday is Youth Laymen's Day with services for the youth at St. Paul's Church. Bishop Oxnam will deliver the sermon at the 11 o'clock service Sunday morning. Sunday afternoon session will begin at 3 p.m. with the ordination service. The conference will conclude with the reading of the appointments.

There will be a meeting of the Commission on Education, following the evening services this Sunday evening. Altar flowers for this Sunday will be by Elmer Cain and family in memory of wife and mother.

**Burrsville**

Wesley Sunday School 10 o'clock. Norman Outten superintendent. There will be no worship service as the minister, the Rev. John H. Anderson will attend a conference.

Union Sunday School 10 o'clock with Robert Collins Superintendent.

The W.S.C.S. of Wesley church will hold its monthly meeting next Thursday evening with Mrs. Lola Blades as hostess.

Pat Baker, student nurse at Milford Memorial Hospital spent last week at the nurses convention held in Chicago. Pat went as a delegate from Milford School of Nursing. She is now spending two week's vacation at home with her parents, Mr. and Mrs. Francis D. Baker.

Mr. and Mrs. Carroll Williams of near Crumpton and Mr. and Mrs. Lawrence Collison, Ronnie and Darlene, were dinner guests of Mr. and Mrs. Edwin Baker Sunday.

Mrs. Manuel Buarque of Vienna, Md., visited Mr. and Mrs. Charley Welch Wednesday morning.

Mrs. Alfred Hopkins and Shron and Mrs. Walter Voss and Connie Sue visited their parents, Mr. and Mrs. Clifford Baker, Sunday.

A National Association of Young Farmers' Clubs is to be formed in Kumasi, Ghana (Gold Coast).

ing the evening services this Sunday evening.

**Delaware Food Market Report**

Food shoppers looking for low price tags this weekend will find ground beef the thrifty meat buy at an average of 37c a pound.

Good quality ground beef will have some fat distributed through it, but beware of any that is very bright in color and contains lots of fat. Good ground beef can be glamorized and be as pretty and festive as any high priced meat. For instance, how about a stuffed meat loaf for a change. The ground beef, to which bread crumbs, salt, pepper, onions, eggs, and milk have been added is rolled out in a rectangular shape. On this mixture, spread a savory bread stuffing with mushrooms in it, roll up the meat and stuffing like you roll a jelly roll, and bake at 350 degrees for 1 1/2 hours. Put three slices of bacon on top so it will be self basting and you don't need to watch it at all.

Ground beef, incidentally, should be used within a day or two after buying. When stored in the coldest part of a refrigerator it should be removed from the paper tray it comes in and stored in a pan lightly wrapped. Failure to do this often results in off flavor.

When freezing ground meat, the best practice is to season it after defrosting, not before freezing. Seasonings tend to intensify in flavor during freezing.

On special sales this weekend are rib roast of beef, veal, round steak, ground beef and some steaks.

Eggs are still called a good buy and will continue so for the next few weeks.

Florida sweet corn is coming to market in large volumes now as the season is near its peak there. Peppers, tomatoes and yellow onions are all higher in price than this time last year and do not rate the good buy label. The best buys price wise are: green cabbage, carrots, spinach, green onions, radishes and all kinds of potatoes.

Strawberries are furnishing most the news at the fruit counter, with bananas as runner-up. Start looking for good strawberries to appear on road side stands from now on.

A native stock raiser, Joseph Kangile, got the highest price for an ox - \$126 - at a stock sale held in Bannamango, South Africa.

India expected about half of its 193,000,000 voters to cast ballots at the election which started early this year.

**Sulky Slants**

By MRS. DAVE (PAT) SMITH

After so long a time here comes a little news. A wonderful trip from Florida only I hated to leave the nice climate down there. It's a little on the rainy and chilly side up here.

From the look of the crowds the people don't seem to mind. This past Saturday night rain, and pea fog, where you could hardly see the horses, didn't stop the people up here.

As usual we had our own horse Flashy Fellow in for first race. Don't think the track was fair, it was so heavy you would lose your shoes. We had never raced him in the mud, so before time to warm up Dave said he wished he could scratch him. But we didn't, so what happens? He wins two lengths ahead of field.

Gosh, its good to see so many from Harrington. Ran into Harry Adams in the paddock. Harry really looks good. Emil said Harry was still head man at his Ford Hotel.

Also Clukey's big yellow and red truck looked good. Just a hello to Ned and his wife. After this week will get around and visit our crowd from Harrington.

Leon Canten told me he sure liked it down there. Also the people were grand.

Say, Gooden, I made the last mile just like I used to say about Gaines Alley. I was halted just across from Harrisburg when I blew the horn for a car to move, and my gosh, it was a State Trooper. Said I was on 73. But he was nice and warned me to slow down. I was so excited about two miles down the road to Selingsgrove, I ran a red light and for sure I made that mile and paid \$10. Dave said that he had better take over so we would make Hamburg.

But now I know how it feels to plead guilty or not. So it was guilty. I had just told Dave how glad I was that I had made it so good without seeing a State Trooper. As the saying goes, "Don't count you're chickens before they hatch."

Mrs. Maud Holmes, 85-year-old farmer, has become one of South Africa's few Justices of the Peace, at Waschbank.

**Greenwood**

Mr. and Mrs. Robert Shortall and sons of New Castle were Mother's Day guests of Mr. and Mrs. Edgar English.

We are glad to hear that Mrs. Myrtle Calhoun has returned to her home following her accident. George Pittman, Jr., of the University of Delaware spent the weekend with his parents.

Mr. and Mrs. Joe Dennis and sons were Sunday dinner guests of their parents, Mr. and Mrs. Allison Davis. In the evening they visited the Dennis home where ice cream and cake were served for Gary Lee's birthday.

Mr. and Mrs. Thomas Whittle of Chester, Pa., spent Sunday with their parents, Mr. and Mrs. Harry Swain.

Sympathy is extended to the family of George Conaway, who passed away last week in the Milford Memorial Hospital following a short illness.

Recent guests at the home of Mr. and Mrs. Horace Maloney were Captain and Mrs. William Maloney from Aberdeen, Md. and Mrs. Matilda Furman of New York City. While there, the guests attended the Confirmation of Horace Maloney Jr., Sunday in St. Bernadette's Church in Harrington.

Mr. and Mrs. Robert Bergman and children were Sunday evening guests of Mr. and Mrs. H. Geiger Omwake of Delaware City.

Mr. and Mrs. Jacob Hatfield and Ellen had as their Sunday guests Mrs. Byron Wise and daughter, Lora Lynn. The group motored to Wilmington for dinner, then made calls at the home of Mr. and Mrs. Ronald Case, where they were joined by the Arthur Laugherys. Later in the evening they called upon Mr. and Mrs. Henri Omwake and daughter, Sabra Lee.

**Farmington**

Ruth Ann Hatfield, Leon Rust, Carol Van Garder, Darwin Draper, Joan Scott of Farmington, left early Tuesday on their class trip to New York.

William Messick entertained the Year Round Riding Club Sunday morning. They all enjoyed a ride through the country and the lunch afterward.

Billy Draper celebrated his second birthday Saturday.

Mr. and Mrs. Sam Satterfield were in town Sunday.

Mr. and Mrs. David Grant returned from New York Monday.

Mr. and Mrs. Dave Messick and family have moved in their home they bought from Elmer Legates. Thomas Foskey is on his vacation from DuPonts.

Mr. and Mrs. Homer Brown visited her sister, Mrs. Mattie Ross Sunday. Also M. and Mrs. William Ross visited his mother on Mother's Day.

Folkloric dolls are being offered for export by a Brussels, Belgium, firm.

Brazil is starting work on a five year (1956-60) federal highway plan.

Norway will buy United States uranium for reactor fuel, Oslo reports.

New Zealand's lamb crop reached a new high of 25,400,000 head in 1956.

**with Southern States NEW UNICO ESTATE KIT**

The new Unico Estate kit revolutionizes the control of lawn and garden insects and diseases. Now, instead of using a variety of insecticides, fungicides and milcides, you can do the entire job effectively with this one handy package. Even if you don't know what is attacking your plants, you still can't go wrong. Each kit contains a 1-pound can of insecticide, fungicide and milcide, giving you a selection of chemicals that are highly effective against most insect and plant diseases that attack vegetables, fruits, flowers and ornamentals. Not just one chemical, but a combination of insecticides, fungicides and milcides. If in doubt, just use material from all three cans.

Easy to use—simply follow directions on the label. One application usually does the job. Completely safe to plants.

Kill insects and fungi the quick, easy, fool-proof way. Get this new Unico Estate Kit today!

Magnolia

Lorena Frese, Gloria Dukes, Honora Newhall, Alice Jarrell, Ginger Davis and Bill Carle made the trip with the junior class of Caesar Rodney School to Washington on a sightseeing trip Friday.

Mrs. Cora Wright has returned to Derry, Pa., from a visit with Mrs. Ethel Collins. She came for the funeral of Peter S. Collins.

The Boy Scout of the Magnolia troop, accompanied by their scout master, Herschel Callaway, and the assistant Mr. Alberts, have spent the past two weekends on a camping trip. Both weekends were spent at Trappe Pond.

Barratt Jackson, of Lancaster, Pa., spent the weekend with his mother, Mrs. William Jackson, and Mildred.

Mr. and Mrs. Edgar Graybeal, and son, Ronnie, of Port Deposit, Md., spent Sunday with her mother, Mrs. Elizabeth Schwartz.

During the morning worship Sunday, the recently elected officers of the W.S.C.S. were installed by the minister, the Rev. Leroy Jones. Following is the names of the officers—president, Margaret Farrow; vice president, Blanche Richards; rec. secretary, Mary Shockley; assistant secretary, Dorothy Schrepper; treasurer, Amy Reed; assistant, Francis Hart; promotion secretary, Ethel Collins; spiritual life, Florence Letty; children work, Sara Case; youth work, Myra McVaine; assistant, Cora Reed; student work, Barbara Jones; supply, Lydia Hill; Christian social relations chairman, Anna Orvis; secretary, C. A. Margaret Appenzeller, and literature, Edna Davis.

Rev. Jones announced that due to the Peninsula Conference, which both he and Mrs. Jones will be attending, the pulpit will be filled Sunday by a student from Wesley Junior College Albert Snow.

Mrs. Carrie Conner died at the Scott Nursing Home in Smyrna, Thursday, where she had been a patient for several years.

Mr. and Mrs. Ben Hart, and Connie, were Sunday dinner guests of her mother, Mrs. Tilden Storey, in Church Hill, Md.

Dinner guests of Sgt. and Mrs. Charles Robertson Sunday were Sgt. J. B. French, Mrs. French and family of Milford.

Andrewville

Mr. and Mrs. Leander Thomas of Hobbs, Md., the Rev. Etta Clond of Greenwood and the Rev. Richard Bailey, were recently callers of Mr. and Mrs. Norman Butler.

Mr. and Mrs. Russ Scarborough of Milford were dinner guests of their parents, Mr. and Mrs. Elver Ryan, Mother's Day.

Mrs. Dorday of Ohio is spending some time with her nephew and niece, Mr. and Mrs. Ernest Deem.

Visitors at the home of Mr. and Mrs. Fred Walls Mother's Day were Mr. and Mrs. Kenneth Walls, Mrs. Leah Thomas of Wilmington, Mrs. Alton Breeding and son, Ronnie and Robin and Mr. and Mrs. Elver Ryan.

Mr. and Mrs. Earl Griffith visited Mr. and Mrs. Ebe Reynolds and son Mother's Day.

Mr. and Mrs. Franklin Butler and grandson went to Slaughter Beach Sunday afternoon.

Mr. and Mrs. Albert Simpson, Mr. and Mrs. Kenneth Prettyman were dinner guests of their parents, Mr. and Mrs. Edwin Prettyman Mother's Day.

Sylvia Jean Vincent spent the weekend with her aunt and uncle, Mr. and Mrs. Raymond McCready and family of Harrington.

Mr. and Mrs. Harvey Simpson of Seaford visited their parents, Mr. and Mrs. Louder Vincent on Saturday evening.

Mr. and Mrs. Larry King of Dode City, Fla., and Mrs. Ethel Quick of Barryville, N. Y., were over night guests of Mr. and Mrs. Norman Butler. They were enroute to New York.

Mr. and Mrs. Samuel Trotta and children of Baltimore were weekend guests of his brother

Armed Forces

Army Pvt. Tonnie Keepler, son of Mrs. Catherine Smith, Bridgeville, recently was assigned to the 79th Engineer Construction Group at Fort Belvoir, Va.

Keepler, a camouflage helper in Headquarters Detachment of the group's 603d Battalion, entered the Army last December. He received basic combat training at Fort Jackson, S. C.

He is a former employee of Frozen Foods, Inc.

Six Sudanese pilots now are being trained for Sudan Airways, in Britain.

Wharf laborers in Rabaul, New Guinea, are getting civilized, observers say sourly. Importers complain that it is difficult to get a case of whisky ashore intact—there are often three or four bottles missing.

### Harrington School News

Mrs. Malek helped us make pretty Mother's Day cards. We are sorry Gary Smith has a broken arm. John Carter is back after having had the measles. Sharon Outten made up this story:

**My Pet Dogs**  
I feed and water my dogs. Cindy is black and white, Blackie is black and white. Brownie is brown and white. They live in their dog house. Three black and four white dogs. They all are nice, too.

**MRS. MANN**  
Mrs. Mann's Rabbits met in room 6 Friday at three o'clock for a business meeting and election of officers. The following were elected: president, Penny Caserta; vice president, David Harcum; secretary, Betty Dobraski; treasurer, Teddy Johnson. We didn't have time to elect new monitors, so we adjourned the meeting at three thirty. On Monday morning at 9 o'clock, we elected new monitors. We decided to have a party on the 5th of June. The meeting was adjourned at 9:30.

Monday morning during second period we had gym. Mrs. Mann's room played soft ball against Mrs. Purse's room. Mrs. Mann's room won 3-1.

**JUNIOR PROM**  
The Prom is just around the corner! May 24 at 9 p.m. the Junior Class will give the Senior Class a wonderful dance. The plans are all in the bag. We are all very anxious for that glorious night.

We aren't selling our bids this year as some have been doing in previous years. Each member of the Junior Class will have one bid to give away, and one for himself and his guest.

It is assumed that there will be a breakfast after the dance for juniors, seniors, and guests, given by interested organizations of Harrington.

**SENIOR TRIP HIGHLIGHTS**  
The seniors left for New York at 5:30 Wednesday morning and arrived at 9:35 a.m.

Our hotel rooms were extremely nice. Room furnishings consisted of a private bath, double bed, writing desk and television. We had a downtown tour scheduled at 1 o'clock that afternoon. Among other interesting sights we saw the Bowery, Statue of Liberty, and Chinatown.

Wednesday night we visited Radio City Music Hall. This was really something wonderful to see. The entertainment was singing and dancing by the Rockettes.

Thursday, at 9 a.m. we went on an uptown tour. We toured St. John's Cathedral. This was a beautiful church. It is one of the largest in the world.

Thursday afternoon we shopped at Macy's. What a department store.

Friday we toured the U.N. Building. Our guide was from the United States. Later that night a group went to see the baseball game.

Saturday, at 12:30, we went to Coney Island. It was rainy; therefore, we didn't go on many rides.

Packed but tired, we boarded the bus Saturday at 10 p.m. on our trip back home.

All in all, we had a wonderful trip, and we know the juniors are looking forward to next year's trip.

**THE ROCKET'S RED GLARE**  
The use of rockets as military weapons by the British in attacking Fort Mchenry during the War of 1812, inspired an American prisoner of war on one of the attacking ships to write of the "dawn's early light" and the rocket's red glare" phrases now immortal and which can mean only one thing to every patriotic American - our National Anthem, Albert L. Barnes, supervisor Customer Information of the Diamond State Telephone Company said in speaking at a meeting of Harrington High School at a special assembly program, May 13.

Today, the "rocket's red glare" lives again in one of the mightiest weapons in America's arsenal of defense - the guided missile, Nike, Barnes continued. Nike installations now ring our major cities and no enemy plane can fly so high, so fast or so evasively as to escape an intercepting Nike missile. Barnes said.

If you're wondering why the telephone company should be interested in guiding such missiles when its logical interest lies in guiding telephone calls, Barnes added, the two jobs are not so dissimilar as you might think.

Here, Mr. Barnes described briefly one of the latest advances in the telephone art known as Customer Direct Dialing which, when it become nation-wide, will make it possible for anyone to dial out-of-town calls straight to the called telephone anywhere in the United States and Canada without the aid of an operator.

Then, with the aid of several interesting exhibits, Barnes developed that essentially the same skills and techniques and, in many instances, the same electrical components used in selecting automatically out of the 58 million telephones in service in the United States and Canada the one telephone being called on an out-of-town call, now make it possible for Nike missiles to seek out and destroy hostile aircraft high in the sky above us. Using small scale models of a typical Nike battery, Barnes explained how this was done.

Designed and developed by a service-industry team comprised of Army Ordnance Corps Engineers, the Bell Telephone Laboratory, the Western Electric Company and the Douglas Aircraft Company, a decade of guided missile research, development, engineering and manufacturing effort has gone into making Nike an effective weapon, Barnes said.

Dedicated in peace to the never ending task of providing for people of America the finest telephone service in the world, the Bell System has been engaged in literally hundreds of national defense projects including war communications equipment, radar submarine warfare, rocket and guided missile design, electronic tubes Barnes concluded.

### Felton School News

**P.T.A.**  
The final meeting of the Felton P.T.A. will be held May 20 at 8 p.m. in the Felton Community Hall.

The program for the evening will be the annual style show presented by the pupils enrolled in the home economics courses under the direction of Mildred E. Wells.

Approximately 100 girls will be modeling in the show. The garments to be modeled will consist of aprons, blouses, dusters, summer cottons, party dresses, faille and wool suits.

The fashion show is planned by the junior class but the theme is kept secret until the night of the show. The script was written by Jean Reed and Shirley Hurd.

Prizes for the fashion show are being presented by Dannemann's Fabric Shop of Dover, Felton P.T.A. and the Home Shop of Felton.

This year's program promises to be as beautiful as it has been in the previous years.

**MUSIC**  
The Felton School Music Department will hold its annual Spring concert Friday at 8:15 at the Felton Fire Hall. This year's concert will include selections by the junior band, mixed chorus, high school band, and soloists.

**F.F.A.**  
Tuesday, the State F.F.A. Convention was held in Milford High School beginning at 3:30 p.m.

The delegates attending the convention were: Wayne Dill, Wallace Caulk, and M. C. Luff, the advisor of the local chapter. Also, attending was Elmer O'Day the state reporter.

During the convention Wayne Dill received the Diamond State Farmer award in the F.F.A. Wayne also received the medal for winning the first place in the State Tractor Driving Contest, and accepted second prize in the State Parliamentary Procedure in the F.F.A. Chapter.

Harry Morris received a medal for placing second in the State Dairy Judging Contest.

Following the business meeting all those present were invited to a banquet in the Milford High School cafeteria.

**C.A.P.**  
The Felton C.A.P. is now sponsoring a candy selling campaign which will help to carry on flying activities. The planes which are used for flights are rented to the local squadron on a cost basis by the Delaware Wing C.A.P.

**TONY PIZZADILI**  
Although John Anthony Pizzadili has been with the senior class and in America for just one year, he has endeared himself to his classmates and his community. Speaking little English has proved a small handicap with Tony for he finds that a smile comes in just as handy. He converses in French with some of the students, but his shrug and his smile are his handiest communicators with most.

Tony's two favorite hobbies are cooking and reading technical books. His most-liked subjects in school are chemistry and mathematics. When asked what foods he likes best, Tony merely shrugs and says, "all foods."

At some future date Tony hopes to go on to electronics school. This is something in which Tony is most interested. Immediately after graduating though, Tony expects to continue working.

The seniors don't know what Tony's pet peeve is, but as a

personal guess, I have the tendency to believe it would be people who ask too many questions.

**BETTY JO WALTERS**  
Light brown hair, sparkling eyes, and continual laughter just about sums up this senior girl's outer appearance. However, to really get to know her you must know that she likes all kinds of sports and is always ready to go out on a fling. Truly, Betty Jo is not one to sit still except in typing, shorthand, and P.O.D. classes and only then does she consent to such an ordeal because she happens to like these classes. When Betty Jo decides to really hit the road she prefers to do it in a Buick or a Chevy.

Now when it comes to the opposite sex, To Jo stands firm in her belief that all boys should have black hair, blue eyes, and a nice personality. In the food line, she rates pizza, submarines, and french fries high on the list. For future plans she chooses secretarial work to fall in the commercial course she has been taking for the past four years.

All of Betty Jo's classmates know what her pet peeve is: annoying people, especially those who follow a body around like an unwanted pup in a snow storm.

### Of Local Interest

Mr. and Mrs. Norris Adams had Mother's Day dinner with their daughter and family, Mr. and Mrs. Julian Massey and children of Dover.

John Hendricks is seriously ill in the Milford Memorial Hospital.

Howard Gannon celebrated his birthday Monday with Mr. and Mrs. William Blades and son of Denton as dinner guests. Evening guests were Mr. and Mrs. Edwin Hopkins and daughter, Evelyn.

Weekend guests of Mr. and Mrs. Cliff Miller were their son and family, Mr. and Mrs. C. L. Miller and sons of Highland Park, N. J.

Mrs. Frank Boil and children of Queen Anne, Md., were Sunday evening guests of Mr. and Mrs. Howard Gannon and children.

Mr. and Mrs. John Case entertained twenty five guests at a family dinner at their home Sunday.

Martha Wisneski of Philadelphia was the weekend guest of Mr. and Mrs. Leon Kukulka and children.

Mr. and Mrs. Alva Hendricks of San Diego are spending some time with Mr. and Mrs. John Hendricks.

Mr. and Mrs. Howard Gannon and children were Sunday dinner guests of Mr. and Mrs. Emory Talley of Trappe Pond, Md.

Mrs. Joseph Konesey and Mrs. Norman Oliver have spent a few days this week visiting in Maplewood, N. J. While there, they attended a Mother's Day dinner given by their sorority.

Mr. and Mrs. Lester Smith have returned from a ten day motor trip. They visited Hot Springs, Arkansas, Texas, Louisiana, Alabama, Mississippi and other southern states.

Mr. and Mrs. Howard Derrickson of Baltic, Conn., spent a part of last week with Mr. and Mrs. W. W. Sharp.

Mr. and Mrs. Charles Peck Jr. and son, Chuck, visited Mrs. Peck's mother, Mrs. J. C. McIntyre, and sister Bess McIntyre, at Wingate, N. C., over the weekend. They also visited Mrs. Peck's brother, Raymond, at Badin, N. C. Peck reported an inch of rain in North Carolina Saturday.

Mr. and Mrs. Charles Peck Jr. and Chuck spent several days visiting in Wingate, N. C.

Mrs. Wm. Johnson and Mr. and Mrs. Ronald Mascarini of Irvington, N. J., were guests of Mrs. Johnson's sister-in-law, Mrs. Fred Greenly, Saturday.

Mr. and Mrs. Roderick Holland and J. Miley of Baltimore visited Mr. and Mrs. Oscar Gillette on Wednesday of this week.

Bernadette and Mary Rose Nelson, daughters of Mr. and Mrs. Robert J. Nelson, have had a tonsilectomy on Monday. They are both doing fine.

Mrs. George Graham and Penny visited Mrs. Grace Tinley of Delmar on Sunday.

George Osborne, Mrs. Helen Maude Harper and Miss Dorothy Osborne of Hurlock, Md., visited Mr. and Mrs. Oscar Gillette last Sunday.

The Mothers Auxiliary of Asbury Methodist Church held a party in Collins Hall Thursday evening for the members of the Chancel Choir and their guests.

Mr. and Mrs. Tharp Harrington entertained at bridge at their home Tuesday evening.

Sandra Jory, daughter of Mr. and Mrs. Robert Jory, celebrated her sixth birthday with a lawn party with all of her little friends.

### Brownie News

We have all had fun growing salt plants at home and making them for gifts. We would like to thank Mrs. Ted Layton's troop for showing us how and Woodrow W. Welch for donating all the coal.

We are looking forward to our day of fun at the fair grounds, May 25. We hope all our families and friends will find time to stop out and visit us.

We are going to take a trip to Valley Forge June 18, in Mr. Annett's new bus. Most of us have never visited there before.

### HDC News

The Merry-makers Home Demonstration Club held its regular meeting at the home of Mrs. Charles Greenhaugh, Wed., May 8. Co-hostess was Mrs. Norman Brown. The meeting was called to order by the president, Mrs. Harold Fry. There were 17 members present plus 2 new members, Mrs. Mary Tucker and Mrs. Leon Kukulka.

Trends for consideration in planning 1958 program was discussed and presented by Mrs. Mary Martin. A demonstration on children's clothing was given by Mrs. Ida Dickerson. Much was accomplished by this because we learned what to look for in buying clothes. Some of the things we learned were: wearing qualities, care and upkeep, style and appearance, labeling.

If you take all these into consideration when buying, you will get a garment that will not only look better longer but also wear better.

A trip was made to Wintertur by the club Wednesday.

Mrs. Lois Konslund sat in on the meeting. Refreshments were served by the host and hostess. Next meeting to be held at the home of Mrs. Charles Peck.

on a less formal basis. The bill is sponsored by Senators Eugene Lamont (D-Wilmington), Earle M. Tull (D-Seaford), Williams and Melson.

From Senator Tull came the final new proposal, a measure (SB 278) to remove the statutory limit on the number of employees and the amount paid them in the insurance commissioner's office. The law now permits the commissioner to appoint a chief clerk (at \$3,000 a year) and a clerk (at \$2,500).

Senator Tull's bill would permit the appointment of a chief clerk and as many other clerks as the commissioner deems necessary and would permit the commissioner to establish salaries.

### READ AND HEED LABELS

Whether you buy yard goods or ready made garments, you want to know that you are getting good value for the money you spend.

According to Lavonia Hilbert, clothing specialist at the University of Maryland, a wise shopper makes it a habit to keep up with the new and improved finishes in textiles as well as to use and care for various fabrics properly.

A bargain is rarely a bargain, unless you can obtain information and facts which will help you to know what you are getting.

Check the label—only in this way will you be able to learn about fibers used, about colorfastness, shrinkage, special finishes and care recommended.

Choose fabrics which are colorfast to sunlight, washing, and perspiration.

Look for fabrics that are pre-shrunk. Do not run the risk of buying garments or fabrics that may shrink when washed or cleaned.

Check on any special finishes used on the fabric. Crease-resistant finishes are now applied to much of the cotton, linen and rayon fabrics today.

Probably the most widely appreciated by homemakers in summer is the minimum-care finish, used for cottons and rayons, often described as drip-dry finish. It's great advantage in hot weather is that it saves time on the hot job of ironing. It also helps the fabrics resist wrinkles and soil.

A good label will give—the fiber content, the performance qualities of the fabric or garment, and suggestions for care. It will tell why certain fibers and finishes are used for such qualities as beauty, absorbency or crease-resistance.

Remember-facts and information can aid you in making wise selections which lead to more service, less care, and greater satisfaction from fabrics.

possible to get camps in good order before the arrival of workers. If you have not notified the Board that you will operate a camp this year, we urge you to do so at once.

The price squeeze on the farm continues, according to the latest farm price report of the Maryland Crop Reporting Service. Although prices received by Maryland farmers, as of mid-April were about 3 percent higher than a year ago, the things the farmers have to buy went up to about 4 percent for the same period. All in all, the purchasing power of Maryland farmers is down a little, compared with this time last year.

Farmers and poultrymen were being paid 32 1/2 cents a dozen for eggs in mid-April, 2 cents less than the month before and 6 1/2 cents less than a year ago. The U.S. average price was 31 cents, against 38 1/2 cents a year ago.

Broilers brought 19 1/2 cents a pound, compared to 20 1/2 cents a year ago.

Corn and small grains varied with corn down about 11 cents and wheat up 12 cents per bushel. Other small grains as usual followed the slightly upward trend of wheat. But the U.S. average for wheat was up only 2 cents.

April soybean prices were off 13 cents, compared to a year ago, whereas the U. S. average was down 40 cents. The Maryland price was 23 cents under the national average a year ago, but 3 cents above the U. S. average this spring.

Hogs, cattle, and milk were all up a little. At \$17.40 per hundredweight, in April, the Maryland average price for pigs was \$2.20 higher than a year ago. Cattle were up 90 cents, and calves \$2 higher. Milk in April sold for \$4.50 per hundred-15 cents higher than last year, and approximately the same increase as for the country generally.

Tobacco for the first two weeks of auction sales averaged 51.2 cents per pound, which was about 3.6 cents less than for the same two weeks last year.

The Crop Reporting Service maintains large lists of farmers, merchants, dealers and processors to collect information for

this monthly price report. Questionnaires go out about the 12th of each month, and the recipients send back replies on prices of various commodities farmers sell and buy.

### Odd Facts

Middle East tension has been a bitter blow to tourism in Israel recently.

Brazil will divide a subsidy of \$7,000,000 a year among its airlines for new equipment.

Some 44,000 visitors to the Dominican Republic spent \$7,259,700 last year.

American tourists, up 25 percent to 69,251, boosted Denmark's 1956 total.
