

## ASBURY METHODIST TO NOTE 100TH ANNIVERSARY SUNDAY

Asbury Methodist Church will celebrate its 100th anniversary this Sunday. Palm Sunday will mark a hundred years to the day since the first deed was granted. The history of the church goes back before 1838 when services were held in an engine house owned by the Pennsylvania Railroad and located directly across the railroad from the present educational building.

Members and friends of Asbury are invited to participate in the day-long celebration which will begin with a communion breakfast at 7 o'clock a. m., sponsored by the men for the women of Asbury and Trinity Churches. All women of both churches will be the guests of the men who will prepare and serve the breakfast.

The 11 o'clock morning worship service will mark another milestone in the musical program of Asbury Church. A 38-voice Cherub Choir made up of children ages 6-9, under the direction of Mrs. R. S. Gibson will make its debut. Its first anthem will be "Hosanna, the Little Children Sing." New members will be received into the fellowship of the church also.

The Anniversary Service will get under way at 2 o'clock in the afternoon when the new educational building will be dedicated and the mortgages will be burned. The Anniversary Sermon will be preached by the Rev. Roy L. Tawes, District Superintendent, of Dover District. The dedication will be in charge of the pastor, Rev. Richard S. Gibson assisted by the Rev. Robert E. VanCleaf.

A sixteen-page history of Asbury Church is being prepared and a copy will be presented to those attending the afternoon service. There are many interesting incidents in the history of Asbury Church. The church has witnessed tremendous growth making necessary four building programs in 1870, 1890, 1929 and 1953.

The climax of the day's activities will come at 7:30 o'clock when the Chancel Choir, under the direction of Mr. Melvin Brobst, will present a Palm Sunday musical program. Some of the anthems they will sing are: The Palms, Crucifix, O Lord, Most Holy, Open the Gates to the Temple, The Holy City and Hosanna to the King.

The sanctuary of the church has just been redecorated in preparation for this important day. You are invited to attend any or all of these services on this joyous occasion.

## BUYER OF INDUSTRIAL SITE DID RECORD BUSINESS LAST YEAR

"Within the foreseeable future—the next five to seven years—the residential air conditioning market is going to change considerably. It will then be standard practice to air condition new homes."

That point was made recently by D. C. Minard, Trane president, speaking before the Los Angeles Security Analysis, according to an extract from Los Angeles Examiner, sent to us by John S. Harrington, Harrington native and Journal reader.

The Trane Company recently completed the purchase of land from Norris Adams, and others, for a plant site, with no announced time for construction to begin.

Harrington said the tract was part of the land known as the Shady Baker farm when he was in Harrington.

Minard continued, says the Examiner: "We think the market, already big, is due to increase substantially. We have a million residential-starts-a-year market to serve—first mainly for heating and a little later for both heating and cooling."

"Then there is the existing home market. We expect to have equipment which will provide cooling for an existing home, regardless of whether it is now heated with a warm air plant or a steam or hot water plant."

Even without residential air conditioning equipment, Trane continued to move forward sale and profit-wise last year. Sales of air conditioning, heating, ventilating, and special heat equipment amounted to a record \$80,648,000, an increase of 8.3 per cent over 1956. Profit, too, set a record at \$6,244,000, an increase of 8.8 per cent over 1956, wrote the Examiner.

Continuing, the article declared that for 1958, the firm looks for another sales increase, Minard said, "in markets which will be about the same or a little greater than 1957." Better coverage through a larger sales force and new products will help achieve this goal, he stated.

The Trane Company recently completed a plant in Clarksville, Tenn., and expect production to start next month.

## Tax to Help Schools Eyed

Rep. Horace W. Mills (D-Laurel) said Wednesday he is thinking of changing his sales tax proposal so that all the proceeds would go for education.

Mills also expressed delight at the Delaware State Chamber of Commerce's announcement Tuesday that it endorses a sales and use tax to replace Delaware's retroactive income tax increase and—in two years—the new corporate income tax.

"That sounds pretty good to me," said Mr. Mills. He added that his mail, almost all of it from New Castle County, indicates public opinion upstate is divided "about 50-50" on the sales tax issue. He said he has yet to hear any opposition downstate.

Mr. Mills said his bill, which runs longer than 100 pages, is still being touched up by lawyers but should be ready for introduction by the end of the week.

He estimated that it would net about \$5,500,000 a year, even under current depressed business conditions. During a business boom, he said, it should bring in about \$7,000,000 a year.

Mr. Mills said the Chamber of Commerce differ on the rate. He proposes a 3 per cent rate, while the Chamber favors 2 per cent.

The Mills bill exempts food, medicine, and purchases of less than 25 cents. The rate would be one cent on purchases between 25 and 66 cents, and two cents between 67 and a dollar.

Mr. Mills said he is thinking of an amendment to reserve sales tax revenue for school purposes because schools take more than 50 per cent of all state spending.

## Jim Wright (D-Texas) To Be Speaker at Democratic Meeting

State insurance commissioner Harry S. Smith, this year's president of the Delaware Federation of Democratic Clubs, has invited Representative Jim Wright (D-Texas) to be the principal speaker at the evening session of the organization's convention on April 12 at the Dover High School field house.

Representative Wright has had an outstanding career in both Texas and Federal Legislatures. First elected to Congress in 1954 by a 15,000 vote margin, he became the first Congressman in half a century to defeat an incumbent in the twelfth district of Texas. Two years later, because of his excellent record in Washington, he was unopposed for reelection.

Representative Wright is a member of the House Public Works Committee, and let the floor fight in the House of Representatives against the Republican proposal to finance highways by selling thirty year interest bearing bonds. Simultaneously, he helped engineer the Democratic pay-as-we-go program which was passed by the House in 1956. Jim Wright has been prominent in the fight for more adequate soil and water conservation programs, both of which are of prime importance to the State of Delaware. A native of Fort Worth, Tex., the Representative is married and has three children, the oldest 13 and the youngest 6.

Gilbert Sloan, program chairman, and Bedford Berry, moderator of the afternoon session beginning at 1:30 p. m., have indicated that the recommendations made by the board of directors at a recent meeting will be presented to the federation for consideration. The principal recommendation concerns a change in the constitution pertaining to endorsement of candidates. Democrats throughout the state have voiced, on an apparently equal basis, either approval or disapproval of the proposed change. Those opposing the recommendation present as their main point the possibility that the party convention in August conceivably may not present the same candidates endorsed by the federation. Those favoring the resolution have stated that the federation, through its large membership and representation, should take positive steps in political pre-election activities such as definite recommendations for candidates for state and higher offices.

## Right to Work Forces Seek 18th Backer

Most of the action took place in caucus rooms and corridors Tuesday as the General Assembly put in a quiet but tense afternoon.

Cause of the tension was a new move to poke up the fiery right-to-work bill in the House of Representatives.

The Revised Statutes Committee, headed by Rep. Charles P. West (D-Gumboro), met in the afternoon to discuss the status of the bill. Sponsored by Mr. West, the right-to-work proposal (HB-55) is in a curious parliamentary pigeonhole; the Revised Statutes Committee has reported it, but the committee report was tabled by a majority vote of the full house.

Current strategy call for a petition that would get the committee report off the table. This would put the bill in position for a recall.

Right-to-work proponents have only 17 signatures on the petition—just one less than they need. The heat is on the Kent and Sussex delegations to get an extra name.

The busiest part of the Senate's afternoon came in a joint caucus on the "maximum security" amendment to the state's financial responsibility law.

Senator Calvin R. McCullough (D-Holloway Terrace) later asked for a vote on the proposal, but it was deferred at the request of Senator Wilmer F. Williams (R-Roselle).

Passed by the Senate was a House measure cutting back the time limit on appeals in Court of Chancery or Superior Court from the present six months to 60 days.

Sponsored by House Judiciary Chairman Sherman W. Tribbitt (D-Odessa), it was described as a Bar Association proposal by its Senate helmsman, Senator John E. Reily (D-Wilmington).

The vote was unanimous, with Senator Cook abstaining.

Senator Thomas L. Johnson (R-Rehoboth Beach) won approval for his bill to make Rehoboth Special School District, instead of Rehoboth School District No. 200, the beneficiary of a \$100,000 item in the School Building Program Act.

## Del. Travel Council To Hold Election Of Officers

The first annual dinner meeting and election of officers of the Delaware Travel Council will be held at 7 p. m., Thursday evening, April 17, in the new Dover Hotel, President James C. Stewart announced this week.

Mr. Stewart pointed out that inclement weather caused postponement of the annual meeting until the spring date, although the organization's by-laws call for a January meeting.

"We hope that by April 17 we will be able to rally on better weather and we anticipate a great number of our charter members and interested friends will be present to participate in the election and discuss plans for future activity," Mr. Stewart said.

The Delaware Travel Council was organized in June, 1956, after several preliminary meetings which had been held with the encouragement of Governor Caleb J. Boggs, and last year the organization began its first activity in a small way.

Current officers of the Council are: Mr. Stewart, president; Miss Dorothy Greer, Winterthur Museum, vice-president; Miles L. Frederick, Wilmington, secretary; and Jack Smyth, Dover, treasurer. Reservations for the April 17 dinner may be made by writing Mr. Frederick at 501 West Ninth Street, Wilmington.

To a recently issued brochure, the reasons for creating the Council were outlined as follows:

1. To make available to Delawareans information on their state so that they themselves and the many newcomers may enjoy more fully its varied attractions and facilities and in turn interpret Delaware to the out-of-state visitor.

2. To improve and publicize Delaware's accommodations, facilities and attractions so that the visitor will remain longer in the state.

3. To work cooperatively with accommodations, facilities, and attractions so that through joint efforts the State and its enterprises may benefit and grow.

4. To coordinate through the Council the promotional activities of private businesses with those of various departments of the state and federal governments, to broaden the travel industry.

Mr. Stewart stated further that a seven-point program has been adopted and it is his hope that it will become implemented during 1958.

The program outline states that the Travel Council should be an information-distributing agency; that its subject shall be Delaware; that its goal is to encourage the tourist to travel to north through—Delaware; that it works closely with the travel industry throughout the nation by supplying material on the State for distribution to potential visitors.

Also, that it encourage visits of key officials of the travel industry so that they may see at first hand the outstanding and diverse activities which may be enjoyed in a compact area; that it publicize Delaware at every opportunity and that the Travel Council work toward the coordination of all public and private advertising efforts so that they may be more effective.

Mr. Stewart said that Council membership should appeal to representatives of hotels, motels, restaurants, automobile clubs, commercial fishing and boating interests, Chambers of Commerce, Museums and historical sites, travel agencies, railroad and other transportation organizations.

Miss Rae Smith, daughter of Mr. and Mrs. William F. Smith of 102 Commerce St., Harrington, is a member of the Hiram (O.) College A Cappella Choir which presented its annual spring concert Fri., March 21, under the direction of Professor Francis Proctor.

Miss Smith, a sophomore at Hiram College, has been a member of the Hiram College Showboat for the 1957 season and is a member of Sigma Mu Sigma social club.

## Senator Frear Opposes Summit Conference

United States Senator J. Allen Frear has gone on record in opposition to another Summit Conference between the United States and Soviet Russia unless the Reds agree in advance on a specific agenda of items to be discussed.

In his weekly statement Mr. Frear said that this government is correct in resisting Soviet proposals for another international meeting until a low level conference has been held to establish a basis upon which the heads of state can meet.

The Delaware lawmaker declared that strong efforts are being put forth by various groups to arrange a Summit Conference as quickly as possible. Added the Senator, "Some of these proponents of such a meeting would even be very happy to see the Russian leaders come to Washington, forgetting what the significance of such recognition would mean to the millions of oppressed people behind the iron curtain."

The Delaware Senator said he recognized that many individuals are concerned less East-West differences lead to all-out atomic war. But he observed that the Kremlin seems hopeful of achieving major objectives without resorting to conflict. In this connection the Senator called attention to the new "glad-hand" approach adopted by Russian leaders on their visits to other countries as well as by the new Russian Ambassador to the United States.

In the course of his talks Senator Frear referred to the Geneva Conference of 1955 and said, "Despite its fanfare and hoped for success the Conference achieved virtually nothing except to afford the Russians added ammunition for their propaganda machines. Another Summit Conference this year might well bring the same results and for that reason I am glad to take every possible precautionary step before expressing any willingness to sit down with the Russian dictators."

## Firemen Answer 5 Minor Alarms

Within the past week, the Harrington Volunteer Fire Company answered five alarms, four of which were in the country. Three fires were caused by clogged chimneys.

The only damage was \$25, inflicted at the home of Ward Russ, near the fairgrounds, Friday evening when fire started from a broken flue.

Other blazes were reported as follows: Thursday evening, March 20, at the home of David Jones, near town, from an oil heater.

Sunday evening, at the home of Walter Paskey, Andrewville, a chimney fire.

Tuesday evening, at the home of Ralph Anthony, near Burrisville, a chimney fire.

Wednesday afternoon, at the home of Ernest Smith, Mispillion Street, a chimney fire.

## Man Acquitted In Entry Charge

Floyd Flamer, 28, Harrington, was acquitted by a jury of eight men and four women in Superior Court Monday afternoon on two charges of breaking and entering.

He was accused of breaking into the sporting goods store of Burton Smith in Harrington and the restaurant of Isaac Jarman along U. S. 13, near Harrington, Jan. 29.

Firearms valued at \$114 were stolen from the sporting goods store and \$21 in cigarettes and money was stolen from the restaurant.

Flamer, who was represented by Herman C. Brown, maintained that he had no part in the burglaries, denying testimony of William Polk, Harrington, and Willie Mitchell, Milford, who were state's witnesses.

Polk faces a charge of burglary and Mitchell had been held as a material witness in the case.

The case was prosecuted by Deputy Atty. Gen. James B. Messick. The jury deliberated about 25 minutes in arriving at its verdict of acquittal.

## Band Concert At School Tonight

The Harrington High School Band, under the direction of Melvin Brobst, will play its spring concert in the school auditorium beginning at 8 o'clock sharp.

Tony Perrone, Jr., a member of the Senior Class and making his final appearance in concerts by the school band, will be featured both as a soloist and conductor. As a soloist he will play Morrissey's "Soliloquy for Trumpet" to the bands accompaniment, and with Mr. Brobst at the piano he will play the ever popular trumpet solo, "The Carnival of Venice" as arranged by Weber. As conductor he will lead his fellow band members in Marcello's "Pavane."

Miss Jeanne Homewood, also a member of the senior class, will be making her final appearance with the band both as an instrumentalist, playing the bass clarinet, and as a vocal soloist, when she sings two seasonal numbers, "The Palms" by Faure, and Irving Berlin's "The Easter Parade."

The band will be using the newly purchased risers for the second time this season, and will perform as their observance of the Lenten Season, Leader's arrangement for band of Sullivan's "The Lost Chord."

## Art Exhibit Prizes Selected

Most attractive prizes were selected to be awarded to winners of the first Art Exhibit to be held as a part of the annual Delmarva Chicken Festival, when Mrs. T. Conover Crouse, in charge of prizes for the competition, met on March 14th with Mrs. Nance Hall Ashier, chairman of the Art Exhibit Committee.

The prizes to be awarded in the three divisions of the exhibit supply considerable incentive for professionals, amateurs, and children to submit entries to the show. Prizes for the children's division include an overnight trip to New York to visit the Metropolitan Museum of Art and overnight beach trips, as well as gifts of merchandise such as bicycles, clothes, portable radios, record players, and other valuable articles. Amateurs will complete for a week's lodging at Ocean City or Rehoboth, as well as merchandise items and attractive ribbons. Other prizes are: Best in show—\$100, professional oils—\$50, professional watercolor—\$50, professional graphic—\$50, and professional sculpture—\$50.

## Robert Stafford Injured in Crash

Robert H. Stafford, Jr., 41, Harrington, was treated at Milford Memorial Hospital Sunday for severe cuts of the scalp and contusions of the ribs.

Milford police said Stafford's car was struck in the rear by an automobile operated by William Burris, 57, of Lincoln on Route 14, at Milford.

Stafford's car was driven into the abutment of a drawbridge over the Mispillion River. Burris' car struck the abutment on the other side of the road. Both cars were damaged extensively.

## Richard Hayes, 33, Sentenced on Driving Charges

Richard P. Hayes, 33, of Greenwood, was convicted of two charges of driving while under the influence of liquor in two days this week.

He was arrested Monday night by Chief of Police George Hughes on one charge and fined \$200 and costs by Magistrate L. Gooden Callaway Tuesday morning.

Tuesday evening Hayes' car was demolished when it ran off Route 14, near Prospect Church, and hit an REA pole. Hayes was uninjured.

He appeared before Magistrate Callaway Wednesday afternoon and was fined \$500 and sentenced to 60 days in the Kent County jail on a second charge of driving while under the influence of liquor. He was also given 90 days in default of fine.

## 2 Kent Men Fined On Assault Charges

Ernest Waters of Dover and James Flamer of Harrington, who had been indicted by the grand jury on Mar. 3 on charges of assault, with intent to rape, had their cases disposed of in the Kent County Court of Common Pleas Wednesday.

The indictments against the two men were dropped and new charges of assault and battery were presented against them in the Court of Common Pleas by Deputy Atty. Gen. James B. Messick. Herman C. Brown served as defense counsel for the two men.

After the two men pleaded guilty to assault and battery, Judge Ernest V. Keith imposed a fine of \$50, plus costs on Waters and a fine of \$100 plus costs on Flamer.

The indictments returned by the grand jury charged that the two men took Mrs. Elsie Springer from her home, near Rising Sun, under pretext of going to the aid of an ill nephew, and then drove her to a house near Woodside, where, according to the information given to the police by Mrs. Springer, the two men attempted to criminally assault her.

**Magnolia**

Mr. and Mrs. Taylor Case, Dover, were dinner guests of her parents, Mr. and Mrs. Ray Ingram, Sunday.

Mrs. Lida Lindale is undergoing treatment at the Kent General Hospital, having been admitted there Friday. Her condition is not thought to be serious.

Mrs. Jennie Wooten was a dinner guest of Rev. and Mrs. John Wooten, in Bridgeville, Saturday evening.

Mr. and Mrs. Hazel Roe were among the guests of Mr. and Mrs. William Dawson when they entertained the members of the "500 Club" at a buffet luncheon at their home in Camden Saturday evening.

There will be services in the Magnolia church each evening during Holy Week with a guest minister each evening except Thursday and Friday evenings. Sunday evening the preacher will be Rev. Ray Kirwan of the Houston Church, Monday evening the Rev. Larry Renner, of Felton, and Wednesday the Rev. Charles Barton, of Federalsburg, will deliver the sermon, Holy Communion will be commemorated Thursday evening and the Rev. Leroy Jones will have charge of the services Thursday and Friday evenings.

Mrs. Cora Reed, chairman of the flower committee, will appreciate any flowers brought for any of these services and also for the Easter service. Much of the flowers have previously been furnished for the Easter service by Secret Pals of the Woman's Society but, since they have discontinued having secret pals, the need of other floral offering is greater. Please remember to notify Mrs. Reed if you would like to place a plant or cut flowers in the church as a memorial.

The primary department of the Sunday School will give their Easter program Sunday morning Apr. 6, at 10 o'clock and the preaching service will follow at the regular hour of eleven. Sunday evening, at 7:30, the Junior and Intermediate departments will give their Easter program.

The April meeting of the Woman's Society has been postponed from the regular meeting night to Wednesday evening, Apr. 9, due to the Holy Week services. Hostesses will be Mrs. Eva Ingram, Mrs. Helen Anderson, Mrs. Emma Moore and Mrs. Taylor Case and the meeting will be held at the home of Mrs. Ingram.

Plans are progressing for the supper April 12. This is to be an oyster, and chicken salad supper if the chickens can be found. At this time the committee has been unable to locate as many as will be needed but they have hopes of securing enough. If their efforts are fruitless, then they will have a ham and oyster supper in the Fire Hall Saturday evening, April 12.

The annual Delaware Play Festival will be held at the University of Delaware Mar. 27 - 28. The dramatic club of our school will participate in the program Thursday when a number of pupils from the dramatic and from the library groups will attend.

Spring vacation will be observed by Harrington High School April 2, 3, 4, and 7. School will open again April 8.

**Grade 5—Mrs. Brobst**  
We were very saddened by the death of our classmate, Hazel Rash. We will miss her. She was very sweet and kind. She did very nice fifth grade work.

**Grade 3—Mrs. Williamson**  
We have our new social studies book called "Working Together" and like it very much. We were to have our assembly today, but due to the snow storm we will have it later.

**Grade 4—Mrs. Tatman**  
Many pupils in our room were absent due to the inclement weather last week.

We are making health pictures and are collecting pictures to put in each food group.

Our room selected Michael Kohel and Carolyn Porter to be in the procession at the May Mart, and Kitty Lou Burgess and Vickie Hill to be in the dance. Jerry Garey's brother, Robert Garey, was our student teacher Wednesday of last week. It was a pleasant experience for all of us.

**Grade 6—Mrs. Mann**  
We had a party on Mrs. Mann's birthday. We gave her a bouquet of flowers. We all gave something for the flowers. Janet Anthony, Linda Smith, Nancy Harrington, and Susan McDonald brought in cupcakes; June Thompson gave some cookies; Lois Larimore brought in candy; David Brobst, potato chips, and Marilyn Jarrell, a cake for Mrs. Mann. We also invited Mr. Mann. The party was a great success.

We are now putting Easter pictures around the room. Thursday we had a half day off from school because of the snow which presented transportation problems.

**Grade 8—Miss Morris**  
Last Friday the Varsity Club held their dance. It was held in the school auditorium and everyone was invited.

Our activities in gym this week consisted of olympic sports. They were: broad jumping, shot put, javelin throw, and high jumping.

**Grade 8—Mrs. Goodwill**  
Many of our eighth grade students have caught cold from the change in the weather.

**Chemistry Club News**  
We decomposed hydrogen peroxide using yeast as a catalyst, to form water and free oxygen. We then tested the oxygen with a glowing splint and found it burst into flame. We thrust a small ball of heated steel wool into the oxygen and found it would burn in pure oxygen.

**Math Club News**  
The meeting was called to order by Bonita Porter. The minutes were read and were approved as read. Roll was call; there were three absent—Connie Bidle, Warren Bader, and Wayne

Melvin. Since there was no old or new business, the meeting was adjourned. We worked on our pictures.

**Press Club News**  
One of our members, Janet Evelyn Smith, was married Mar. 16, to Joseph Gerald Washburn by the Reverend Richard Gibson. The bridegroom is the son of Mrs. Mary J. Washburn of Eliasville, Tex.

**Library Club News**  
The meeting of the Library Club was called to order by our president, Brenda Banning.

The minutes were read by the secretary and were approved. The treasurer then called for the dues. We discussed our trip to Newark for the play festival. Belvia Morgan reported on the Sports Magazine.

Marie Hrupsa had a report on the scrapbook. Brenda Banning made a report on the Kent County Library Aides. Mrs. Cahall also made a comment on it. We discussed the officers running for vice president of Kent County. Brenda Banning was elected to run for the office.

The meeting was then adjourned.

The Crusader's and Cathedral Choirs will each sing an anthem also.

The 100th Anniversary of Asbury Church will be at 2 o'clock p. m. with the Rev. Roy L. Tawes, District Superintendent of Dover District, as the speaker. Dedication of the new educational building will be under the direction of the pastor, the Rev. Richard S. Gibson assisted by the Rev. Robert E. VanCleaf. A sixteen page history of the church is being prepared and one will be given to each person attending this service.

At 7:30 o'clock the Chancel Choir under the direction of Melvin Brobst will present a Lenten Musical Service. This 40 voice choir will sing many of the Palm Sunday favorites such as: "The Palms, O Lord Most Holy, The Holy City, Hosanna and To God on High."

Monday evening at 8 o'clock the combined Adult Choirs of Trinity and Asbury Churches and the Crusader's will present a Lenten Cantata "The Message of the Cross."

Tuesday evening the Woman's Society of Christian Service will meet at 7:30. "The March of Youth in Missions" will be the theme with Mrs. R. S. Gibson in charge of the program with the Dorcas Circle as hostess.

The Crusader's, Chancel and Cathedral Choirs will rehearse Thursday at 3:30, 6:30 and 7:45 o'clock.

The Cherub Choir will rehearse Friday afternoon at 3:30.

Altar Flowers for this Sunday will be by Mr. and Mrs. Norman Oliver in memory of her mother, Mrs. Bennett.

The Friendly Greeters for this Sunday will be Mr. and Mrs. Edward Taylor.

## Electric Company Moves To New All-Electric Building in Rehoboth

Delaware Power & Light Company at Rehoboth Beach is moving April 7 to a new building which features complete electric operation—heating, cooling, lighting, and water heating.

Located in the triangle at Rehoboth Avenue and State Road intersection, the modern building houses both the personnel and equipment necessary for serving electricity to customers in the Rehoboth area. A unique installation, is the heat pump, which will heat the building in winter and cool it in summer. The heat pump installation is part of the company's program to gather operating costs and other performance data. The information acquired will be available to customers who are considering heat pumps for their homes and offices.

At Ocean City, Md., the company has one heat pump installation which has been in operation for more than a year. It functions by extracting heat from well water during cold weather.

The heat pump at Rehoboth Beach works on an air-to-air basis. It uses no fuel other than electricity; it operates without a flames so that no flue nor chimney is necessary. There is no fuel storage, ash disposal or soot connected with its operation. The machine is a completely automatic electric unit, assembled

in one cabinet. The heat pump is actually a machine for pumping heat from one location to another. In cool weather, it extracts heat from the atmosphere and pumps it into the building. Though the temperature of the air is low during the winter, the heat pump refrigerants, by further reducing this temperature, can extract heat from it. The compressor boosts this heat to usable values for winter heating. When the temperature drops below 25 degrees, supplemental heat panels, operated electrically and built into the heat pump, are brought into action.

The operation is reversed in warm weather. Heat is removed from the interior of the building and pumped to the outside atmosphere. A window air conditioner typifies the action of the heat pump in this cycle.

Fluorescent lighting is used throughout to provide a working atmosphere free from glare and shadows. Light on work surfaces, designed to relieve eye strain and tension, measures 50 foot candles. Hot water is supplied by an electric heater.

James D. Farlow was general contractor for the building. Engineering Associates installed the heat pump, and Bank's Hardware of Frankford did the plumbing and electrical work.

## Plan Home Garden, Then Plant

When home garden space is limited, a carefully worked out plan will increase yields, according to George Vapaa, county agricultural agent. And you'll save labor, while providing a supply of vegetables all season in amounts needed by the family.

Perhaps most important in garden planning is to stretch the harvest season. After all, the agent adds, fresh vegetables from the garden can never be equalled in quality by preserved vegetables.

A rough sketch is the best way to plan a garden, he says. Do this on paper now. Outline the shape, put down the length and width, space between rows, names of vegetables to be planted in each row and the names of late vegetables to follow the early ones.

Mr. Vapaa suggests nine points to consider when drawing the plan:

1. Locate perennial crops such as asparagus, strawberries, and rhubarb at one side of the garden.
2. Keep tall-growing crops like lettuce, early cabbages, and scallions and carrots. This avoids shading.
3. Provide for succession crops, a fall garden, small fruits and overwintered crops to mature early in the spring.
4. Group early-planted, fast-growing, quick-maturing crops together. Examples are radishes, onions.
5. Provide plenty of vegetables for canning, freezing, and storing.
6. Do not overplant new varieties, vegetables not liked by the whole family, or too much of any one vegetable at one time.
7. In hilly areas, run rows across the slope—on the contour.
8. Make sure the plan provides the best spacing between rows for the method of cultivation you intend to use—whether hand, tractor or horse.
9. Run rows north and south if possible to prevent plants from shading one another.

To dress up the garden, plant a border of annual flowers on the sides, Mr. Vapaa suggests. Zinnias, calendulas, petunias, marigolds, gallardias or other fast growing annuals will make a colorful border.

## Blue Cross Office To Open in Milford On April 1

Group Hospital Service, Inc., the Delaware Blue Cross-Blue Shield Plan, will open a Blue Cross office in Milford March 31, it was announced yesterday by Robert C. Denzler, assistant managing director of the Plan.

The new office, which will be located at 44 North Walnut St., Milford, will supplement the Blue Cross representative in Seaford, Miss Mayme Richardson, and will replace the Dover office to be closed at the same time.

The need for the establishment of an office in the area was made necessary by the continued growth of Kent and Sussex areas. Milford was selected because of its central location.

The office will serve as a subscriber service for group subscribers and non-group subscribers in Kent and Sussex as well as a clearing house for enrollment functions.

Miss Sara Case, an employee of Group Hospital Service in the Wilmington office since 1947, will

## Cantata At Asbury Monday

One of the feature observances of Holy Week in Harrington next week will be the singing of the Lenten cantata "The Message of the Cross" with music by Sheldon Scott and sung by the combined Senior Choirs of Trinity and Asbury Methodist Churches. The cantata will be sung in the Asbury Church next Monday evening, March 31, beginning at 8 o'clock.

Readers of the liturgy will be the Rev. Richard Gibson and Mrs. Gloria Dill. Soloists will be Calvin Walls, Kenneth Aiken, Howard Wagner, Alvin Jarrell, Mrs. Bertha Belle Neeman, Mrs. Ruth Gilstad, Miss Jeanne Homewood, and Mrs. Bernice Shaw.

The choirs will be under the direction of Mrs. Richard Gibson, and Mr. Melvin Brobst will be at the console of the organ.

## "Female Animal" and "Farewell To Arms" At Reese Theatre

"Get more out of life—go out to the movies." Everybody is saying it and everybody is doing it. The program of coming attractions listed in this newspaper is mighty tempting to those who demand the best in entertainment. The Reese Theatre, according to the management is now offering the greatest array of entertainment in history.

Jeff Chandler and Lana Turner star together in Universal's positive hit, "The Lady Takes A Flyer," the top feature listed for Mar. 28 and 29, with Rex Reason in "The Rawhide Trail" for the action fans. Regular prices prevail.

Back to the screen come Heddy Lamarr in a featured role with Jane Powell and George Nader in "The Female Animal," this Sunday, Monday, and Tuesday, Mar. 30, 31, and April 1. To satisfy the action fans the Cinema-Scope hit "Man From God's Country" with George Montgomery is the giant added attraction. Regular prices prevail.

It's a night of excitement and jitters when one sees "I was a Teenage Frankenstein" and "Blood of Dracula," the two shock hits on Wed. and Thurs., Apr. 2 and 3.

It's big news when one sees on a theatre marquee the names, Rock Hudson and Jennifer Jones. It's still bigger news when one sees "Farewell to Arms" as the title of the great hit coming to the Reese Theatre April 4 thru April 8.

staff the Milford office. Her hours will be Monday through Friday from 8 a.m. through 4:45 p.m. The phone number is Milford 9570 and the post office number is P. O. Box 139.

Miss Case is a native of Felton. Following graduation from Felton High School, she moved with her family to Rehoboth. A graduate of the University of Maryland and Goldie-Beacom Business College, Miss Case operated a shoe store in Rehoboth and worked for the DuPont Company's Edge Moor Plant before joining the staff of the Delaware Blue Cross Shield Plan in 1947. Since then, she has worked several departments of Group Hospital Service.

## Lawn Grass Needs Food for Spring Growth

As soon as winter ends blue-grasses, fescues and other cool season lawn grasses start to grow fast—that is if enough food is available to stimulate growth.

That's why early spring is a good time to fertilize lawns, says George Vapaa, county agricultural agent. Application at other times, especially during hot weather, may only stimulate crabgrass and other weeds.

Grasses are heavy nitrogen feeders and some authorities recommend three to four pounds of actual nitrogen per 1,000 square feet for Kentucky bluegrass and red fescue, and six pounds for Merion bluegrass, he says. They also generally recommend application in a fertilizer such as 10-10-10 or a 10-6-4.

For the average homeowner this can lead to trouble, the agent warns. So much nitrogen in early spring will cause a very rapid growth of grass, meaning cutting at least twice a week for several weeks. A fertilizer containing 10 per cent nitrogen will also cause burning and discoloration of grass unless it is carefully applied and watered in.

Here it seems more satisfactory to use a 5-10-10 or 5-10-5 fertilizer at about 20 pounds per 1,000 square feet, Mr. Vapaa recommends. Apply this now and repeat in the fall about Sept. 1.

Many types of fertilizer are available, the county agent notes. These are made from animal and plant materials and from chemicals. All types are effective plant foods. In general, animal and plant fertilizers, which cost more per unit of actual nitrogen, release nutrients more slowly than chemical fertilizers. This gives more uniform stimulation over a longer period. Mr. Vapaa adds that some homeowners may be interested in trying a relatively new, high-nitrogen, urea-form fertilizer. Sold under several different trade names, it spreads easily and releases nitrogen slowly. It will not burn grass leaves, doesn't overstimulate plants, and is effective longer than some of the older-type fertilizers.

## Air Pollution Authority

A meeting of the Air Pollution Authority was held in Dover March 19 and regulations governing the discharge of air pollutants from new industries as well as regulations governing existing sources of air pollution were adopted. The effective date for these regulations is May 1, 1958.

The regulations provide for a report to be made regarding the character of the discharge and the abatement procedure to be followed for the new sources. Upon investigation of existing requirement will be made for abatement where air pollution is found. Copies of these regulations are being printed and will be distributed to all municipalities, institutions and industries in the State.

The need for zoning in Kent and Sussex Counties was also discussed. It is the unanimous opinion of the members of the authority that the lack of zoning in these two counties will be a considerable detriment to air pollution control activities.

Qantas, Australian round-the-world airline, has resumed calls at Cairo, Egypt.

## St. Stephen's Episcopal Church Notes

At the service of Morning Prayer last Sunday the following young men were baptized by our vicar: John Edward Porter, William Harry Porter, James Edward Porter, William Thomas Hopkins, Douglas Ray Beene. Sponsors for the newly baptized were Mrs. William F. Smith, Mrs. Granville Hill, Leon Porter, Robert McNally, George A. Thompson.

A sub-committee of the Diocesan Department of Missions visited St. Stephen's Sunday, to observe our worship and to note progress made in various departments of our mission here in Harrington. Our guests from out of town were Messrs. John M. Stewart, of Wilmington, secretary of the Department of Missions; Herbert J. Baylis, of Wilmington, chairman of the Department of Properties; J. Harry Nickle of Middletown; William T. Jones of Milton. Mrs. Baylis was also our guest at the morning service and at coffee hour.

Several members of St. Stephen's met with our visitors after coffee hour, for a round table discussion of different phases of our program at St. Stephen's. Our needs and future plans as well as our short-comings and our improvements were highlighted. Besides the four visitors and our vicar, the following local church people were included in the session: Messrs. Robert E. Baynard, Herbert L. Chamberlain, Granville Hill, James Hoffman, George R. Johnson, G. Robert Quillen, George A. Thompson; Mesdames Granville Hill and Walter Winkler.

Acolytes for Passion Sunday were Billy Carter, Wayne Porter, Ronnie Correll, Kenneth Correll, Frank Welch, Billy McCole, Bobby Greer.

Because of illness the Rev. Brewster Y. Beach of the Cathedral Church of St. John's Wilmington, was not able to be our guest preacher at evening prayer service last Sunday. We were sorry to miss this opportunity to hear Canon Beach and sorry to hear of his illness.

However, it was a pleasure to have the Rev. Richard S. Bailey, Rector of All Saints Church, Rehoboth, Vicar of St. Martin's, Bethany Beach, vicar of St. George's Chapel, Indian River and vicar of St. John's Chapel, Camp Arrowhead; come to St. Stephen's in the absence of our scheduled Lenten guest preacher.

Mr. Bailey arrived in Delaware seven years ago and has been a valuable addition to the diocese. Besides his many other duties, he has supervision of the Memorial House, Rehoboth, where many church conferences are held.

Mr. Wright Pearsall, a communicant of St. Stephen's and a resident of Harrington, died suddenly last Thursday, March 20, at his home near Vernon. He and Mrs. Pearsall had recently moved here from Long Island.

The burial service took place at St. Stephen's Monday morning, 8 a.m., with the Reverend John R. Symonds, Jr., officiating. Pall bearers were Messrs. Robert E. Baynard, Herbert Chamberlain, Granville Hill, George R. Johnson, Robert McNally, Robert Nelson, George A. Thompson. The committal was at Rockville Center, Long Island, with the Rev. Mr. Symonds and the Rev. Dominick Ciannella, officiating. The congregation extends its

sympathy to Mrs. Pearsall and other members of the family in their bereavement.

Ushers for last Sunday were Messrs. Robert E. Baynard and Granville Hill.

Next Sunday will be Palm Sunday. On this wonderful occasion at St. Stephen's a class of adults and young persons will receive the laying of hands and renew the vows made by their sponsors or themselves at baptism.

Our visiting preacher for the 11 o'clock service on Palm Sunday will be the Rt. Rev. J. Brooke Mosley, D. D., S.T.D., Bishop of Delaware.

There will also be blessing and distribution of the palms at the Sunday services.

Church School will be held as usual on Palm Sunday, 9:30 a. m. Easter Sunday there will be no morning Sunday School session. Instead, boys and girls of our church school will take their mite boxes to the seven o'clock evening service Easter and present them at the altar during evening prayer.

Mrs. Clyde Perry, and Mrs. Walter Winkler were coffee hour hostesses last Sunday.

"Behold we go up to Jerusalem, and all things that are written by the prophets concerning the Son of Man shall be accomplished." These words from St. Luke 18 will be the keynote of our thoughts on next Sunday. The whole core of redemption is contained in these same words. Each Lent offers an opportunity to go to Jerusalem with the Master in solemn spiritual reality. We at St. Stephen's will know that Lent is "a lengthening of the shadow of the Cross toward us."

Activities and services for this week and next are as follows: Thursday, 8 p.m., senior choir rehearsal; Palm Sunday, 8 a.m., Holy Communion; 9:30, church school; 11 a.m. morning prayer and confirmation; 12:15, coffee hour; 5 p.m. junior teens' group; 7 p.m. evening prayer; Monday, 7 p.m. junior choir rehearsal; Tuesday, 10 a.m. Holy Communion and Holy Unction; Wednesday, 8 p.m. Healing service at Seaford.

Sunday evening the Rev. Thomas Dix Bowers, rector of St. James Church, Accomac, Va., and rector of St. George's Church Pungoteague, Va., will be guest preacher at St. Stephen's. This service at 7 p.m. will be the last of the series of evening services with guest preachers. However, each week on Sunday the usual evening prayer service will be held at St. Stephen's.

## Trinity Methodist Church Notes

We plan for reception of members Palm Sunday at the 11 a.m. worship service. The pastor preaches on "Evening," the ministry of Christ in terms of one day. For special music, the combined Junior and Senior Choirs sing an anthem, "The Palms" by J. Faure. The Senior Choir sings another anthem, "Jerusalem" by Henry Parker. The organ prelude is by Nordman, "With Waving Palms;" and the Postlude by Faure, "Palm Trees."

The flowers on the altar and the likes are presented in memory of Sara L. Minner, by Mr. and Mrs. John Minner and daughters.

Church school at 10 and MYF

at 6:30 p.m. At the evening service, 7:30, the Woman's Society of Christian Service has charge of the worship and plans to present an original playlet. The pastor preaches on "Mark."

Tuesday, the Woman's Society of Christian Service holds its regular monthly meeting. The combined choirs of Trinity and Asbury Churches will sing the cantata "The Message of the Cross" by Scott Monday evening, Mar. 31, in the auditorium of Asbury Methodist Church, beginning at 7:30.

A Maundy Thursday Communion service is to be held in Trinity Church at 7:30 p.m., Apr. 3. Rev. Richard Gibson of Asbury is to assist the pastor of Trinity in administration of the sacrament and the people of Asbury are invited to attend.

The Good Friday service is to be held in Trinity Church April 4, from 12 noon until 3 p.m. Eight churches of Harrington and vicinity are co-operating in presenting the Seven Last Words of Christ.

Trinity Church's special fund drive closed last Sunday, Mar. 23. The chairman, William Shaw, reports that we went beyond our goal.

## "THE FOLKS THAT I HAVE KNOWN"

We have a small number of pamphlets of poems of the above title, written by the late J. Harvey Burgess, late owner of The Harrington Journal and self-styled "splitter of infinitives, mixer of metaphors, demon of the double negative, sorcerer of solecisms, perpetrator of the world's poorest poetry."

We presume he was also a dangler of participles. There have been several requests for this booklet, priced at 25c, but we were unable to comply with them. Fortunately, however, we uncovered a limited supply of this valuable booklet recently while looking the effects of the estate.

We also have a number of pamphlets, "Hosses, Hosses, Hosses" written by Mr. Burgess, and depicting Harrington's harness-racing life. The price is 25c.

When the above-named pamphlets have been sold there will be no reprints.

### Dairyman Doesn't Control Milk Price; Does Control Cost

A dairy farmer may have little control over the price he gets for milk, but he does control - to a large degree - the cost of producing milk. And profit is the difference between production costs and market prices, reminds George Vapaa, county agricultural agent.

The key to low-cost production in dairying is high production per cow. For instance, national records of the Dairy Herd Improvement Association for 1953 and 1954 show that feed costs alone for a cow producing only 4,000 pounds of milk per year amounted to about \$3.15 for every 100 pounds of milk produced. By contrast, a United States cow producing 10,000 in 1953-54 consumed feed costing an average of \$1.89 per 100 pounds of milk produced, even though this cow consumed more total feed.

Similar contrasts could be made between labor and housing costs for high and low producers. In every way the high producing cow is a more efficient animal.

Record keeping is essential to efficient dairy production, declares Mr. Vapaa. Time and again it has been shown, when cows are put on record, that observation is not reliable guide to an animal's production. Cows that are heavy producers early in the lactation period frequently drop down to a low daily record, while less impressive but regular producers may score much better by the end of a year.

A simplified, low-cost system known as the weigh-a-day-a-month plan has been developed to help dairymen who have previously found record keeping too expensive, too time-consuming, or too difficult. This system, which strips all but the bare essentials from record keeping, is suitable for any size herd—but is particularly useful to the dairyman with a herd of 14 cows or less. As the name implies, it calls for weighing the milk and feed of each cow on one day each month, recording this with other simple data about the animal on a form, and mailing the form to a county record center.

Computations are then made for the dairyman showing how his cows compare with local and national averages in feed consumption and production. On the basis of this information, he can cull low-producing, unprofitable animals, select the best ones for breeding higher-producing replacements, and do a better job of feeding each cow in accord-

ance with her ability to produce.

### Plant Trees to "Frame" House

Trees are probably the most important feature in providing an attractive setting for a house, reason why it's best to plan before you plant.

So says George Vapaa, county agent. If possible, limit the use of large shade trees to the back or sides of your house, he suggested. Thus positioned, they'll provide an attractive backdrop and side curtains—making the house the center attention from the street.

Large trees are especially useful behind rambling, modern houses to soften harsh roof lines. But for trees to be planted in front of the building line, great care should be taken to choose sizes and species that will complement and not hide the house, the agent adds in saying:

"A general rule of good landscaping is to plant trees that will frame the house, giving it an air of spaciousness and stability. When selecting trees for this purpose, consider the angle and place from which the house is most likely to be seen. Usually this is from the view of the approaching visitor or passerby. Then plan your trees so the area

in front of the house will be simple and uncluttered, and the surrounding trees will balance and frame the building."

For homeowners who would like to improve the appearance of an existing landscape, over-planted and cluttered effects can sometimes be overcome by removing some trees and large shrubs, or by removing lower branches of trees that obscure a view, Mr. Vapaa adds.

Robert F. Stevens, extension horticulturist at the University of Delaware, the county agent, or established nurseries will give advice about the best species to plant where you live, their ultimate size and shape, and the best positions on your property to gain the effect wanted.

### E. Wright Pearsall

Funeral services for E. Wright Pearsall, 69, was held from St. Stephen's Episcopal Church, Monday at 8 a.m. with Vicar John R. Symonds, Jr., officiating. Interment was in Rockville Cemetery, Long Island, N. Y.

The Millard Cooper Funeral Home, 110 East Center Street, handled the services.

Mr. Pearsall died Thursday morning, March 20, in his home west of here after a heart attack. He was a roofing salesman.

A native of New York, he lived practically his entire life there. After his retirement he came here about eight months ago.

He is survived by his wife, May J. Pearsall.

### Sulky Slants

By MRS. DAVE (PAT) SMITH

Some of the nation's top horses participated in the matinee program last Sunday. They sure do turn out for them up there. They had many more than the Ben White Raceway had for their matinee.

They put on more of a show than there. You should have heard the crowd when they led the mares with their foals. It made you feel good all over just to be there. The colts would lag along behind, and the mothers would stop and wait for them. There were pictures galore. But the public really likes that.

Talking about putting on a show Dave said just this past week, "wonder if Hamburg will start out just as tho they had raced the day before." That's the way it was last year. Just bring on the horses. No fanfare, not even a band. Nothing exciting about the first race of the year.

This is certainly a busy place this week. Now that the snow is down to where the trucks can go up to New York, couple of the stables that have been packed for the past week are pulling out. Glad we don't go till last of April.

And again here goes the weather, I think we had the highest wind I've ever seen down here. You know how the wind gets in Harrington sometimes? Well for once Orlando had it beat. When winds can bring large trees out

by the roots that's something. I'm sending Carrington some of the pictures. We had just been down to Morrison's Cafeteria and had to pass the street where it was. At the time I didn't know what all the crowd was about. But it was a terrible wind. You couldn't see for the dust and the sand would cut your face like a knife. Several things in sport was cancelled. Just a bad winter everywhere. This happened the first day of spring.

Donald Derrickson stopped by to visit with us on his way to visit some friends in Jacksonville. Always glad to have someone from Harrington. But I asked him five million questions about everyone around there. Donald said he had been taking in Florida in general. At least the sun was out when he came by. But I think the wind was really roaring while he was talking to Dave.

Dave and I are going down to Sebring, Fla., to watch the old time cars. All you do is just stand and think what funny cars they had in the past and how well some of them have been kept for so long. The exhibition of old cars really is most interesting part of the races. From what I can remember from last year that will take part are; 1917 Ford, with its brass lamps, coach lamps that are lit with kerosene; the ancient vintage Rolls Royce which looks the aristocrats that they were. Also the British Bentley a car made 30 years ago. Then there was the Mertz, also the Mercer, a Hupmobile, the Pierce Arrow, and the super charged Auburn. All shined up that when I saw them last year they looked like the new 1958 Cadillac's. There are more but I don't recall just what they were.

OCEAN TO OCEAN ACROSS SOUTH AMERICA—AND BACK—IN 41 HOURS!  
CHEVY'S NEW V8 LEVELS THE HIGHEST, HARDEST HIGHWAY OVER THE ANDES!

To prove the durability of Chevrolet's radical new Turbo-Thrust V8,\* the tremendous flexibility of the new Turboglide transmission,\* the incredible smoothness of Full Coil suspension, we tackled the most challenging transcontinental road in the world — the 1,000-mile General San Martin Highway. To make it harder, the Automobile Club of Argentina sealed the hood shut at Buenos Aires — no chance to add oil or water or adjust carburetors for high altitude.

So the run began — across the blazing Argentine pampas, into the ramparts of the forbidding Andes. Up and up the road climbed, almost 2½ miles in the sky! Drivers gasped for oxygen at 12,572 feet — but the Turbo-Thrust V8 never slackened its torrent of power, the Full Coil springs smothered every bump, the Turboglide transmission made play of grades up to 30 percent. Then a plunge to the Pacific at Valparaiso, Chile, a quick turn-around and back again. Time for the round trip: 41 hours 14 minutes — and the engine was never turned off!

QUESTIONS AND ANSWERS

Q—My GI term insurance policy has been lapsed about six months. Will I have to pay all back premiums in order to reinstate it?

A—No. You must pay two premiums: one covering the month your policy lapsed and one for the present month. Since your policy was lapsed more than three months, you will need a physical examination to reinstate it.

Q—If a school expels a veteran for misconduct, does he have the right to use his change-of-course privilege under the Korean GI Bill and enroll for another course in another school?

A—No. If Korean GI training is interrupted or discontinued for misconduct, and the school refuses to readmit the veteran, the law denies him all further GI training.

Q—I am a World War II veteran and I own a house purchased with a GI loan. If by some chance I have to sell it for a compelling reason after July 25, 1958, the deadline for applying for World War II GI loans, may I still get my entitlement reinstated?

A—Yes. Once VA reinstates your entitlement you would have until January 31, 1965, to obtain another GI loan even though the World War II GI loan deadline will have passed.

Q—I am over 18 and I plan to go to school under the War Orphans Education program. Would I be eligible to receive my educational allowances and death compensation payments at the same time?

A—No. Since you are over 18, the law prohibits both payments simultaneously. If you receive War Orphans payments your death compensation payments will have to stop.

**Social Security Notes**

Are you losing your social security protection by failing to file an application for a disability freeze? It isn't too late according to Myron Milbouer, District Manager of the Wilmington Social Security Office, if you act before July 1, 1958.

Severely disabled persons, who have been unable to work for a prolonged period, risk losing their future rights to disability benefits at 50, old age benefits, and benefits for their survivors. By filing promptly, Milbouer said, their social security records may be frozen as of the date they become unable to work. This will protect their rights to future payments and the amounts payable.

To qualify for this freeze a person must have worked under social security at least 5 years out of the 10 preceding his disability including at least one-and-a-half years out of the 3 year period before his disability began. Also, it must be established by medical evidence that his condition is so severe it prevents him from substantial gainful employment or self-employment and that it is expected to continue for an indefinite period. The disability may be of any nature but must have existed for six months or more.

If you are disabled, protect yourself and your family by immediately getting in touch with your social security office at 504 W. 10th Street, Wilmington, Delaware. A free pamphlet, OASI-29, is available which explains the disability provisions in the social security law.

**1000th Cooperator Signed**

Edward Rowehl of Cheswold has become the 1000th Kent County farmer to make an agreement with the Kent County Soil Conservation District in assisting with his conservation problems.

Four sighted Kent County farmers formed the Soil Conservation District in 1943 to assist land owners in the care and maintenance of their soil and other natural resources. C. Arthur Taylor of Harrington, one of the original organizers and now chairman of the district board of supervisors was the first Soil Conservation District co-operator.

Mr. Rowehl sought help from the Soil Conservation District shortly after he bought his farm near Garrison's Lake. He plans to raise potatoes and other vegetable crops. However, he is deeply concerned because of a number of growing gullies on the slopes of his rolling lands. Deep layers of top soil have moved into the bottom of the stream which surrounds his farm. Oddly enough this is one of the few serious examples of water and soil erosion from land slopes in Kent County. The biggest county soil conservation problems have related to drainage of the predominantly flat lands.

In order to farm his land the way he wants and to control the erosion at the same time, Mr. Rowehl is developing a complete conservation plan with the specialized help of the Soil Conservation Service technicians. Along with the gully control, he is planning a rotation system, cover crops, and a farm pond. A soils map of his farm made by the Conservation Service shows the capabilities of his soils and forms the basis of many decisions in his conservation planning.

When Mr. Rowehl completes his conservation plan, the Soil Conservation District will make heavy equipment available to help the improvements on the land. The large district machines will permit him to accomplish the job quicker, cheaper and more effectively than would be possible with ordinary farm equipment.

Others interested in learning more about land improvement should call or visit the district office at 313 S. Governors Avenue in Dover or call the county agent.

**Allotment Compliance Required Under Soil Bank**

Farmers should remember that they must comply with all acreage allotments established for their farms as well as with other program requirements in order to be eligible for Soil Bank payments in 1958, Joseph W. Ennis, chairman Kent County Agricultural Stabilization Conservation Committee, reminds growers.

The chairman points out that compliance requirements under the Soil Bank programs are broader than under previous national farm programs. For instance, under the acreage-allotment program, a farmer who exceeds his farm allotment for a "basic" crop such as corn or wheat, loses only his eligibility for the full available price support on that particular crop. If marketing quotas are also applicable to the crop, he may also be subject to a marketing quota penalty on his "excess" production.

Under both the Acreage Reserve and the Conservation Reserve program of the Soil Bank, however, a farmer must comply with all allotments established for all basic crops grown on his farm in order to be eligible for any Soil Bank payments. If the farmer does not comply with this requirement, he will forfeit all his Soil Bank payments.

If the farmer should willfully and knowingly harvest or graze land designated for the reserve program, he would also be subject to a further penalty of 50 per cent of the payment which he would have earned for complying with the soil bank program.

The purpose of the Soil Bank is to reduce surplus crop production, and anything which might tend to defeat this purpose should be avoided, concludes Mr. Ennis.

**H. H. S. Starts Baseball Practice**

Harrington High School has started baseball workouts under varsity coach Harold McDonald and Jayvee coach Norman Cotter. Last year's team had the first winning record in any varsity sport at the local high school in several years.

Prospects are good for this year as last year's team is returning except for Ron Link, a pitcher-outfielder, Leroy Betts an outfielder, and Jack Sapp, the catcher. The latter position will be the major hole to fill. Possibly a regular at another position may be shifted behind the plate.

Ken "Snooky" Collins, diminutive right-hander who throws surprisingly hard will likely bear most of the burden on the mound. Other returnees include John Taylor 1st base; K. P. Outten 2nd base; Jim Schiff, shortstop; Jack Porter, 3rd base; and Bob Wilson, center field. Several others with baseball backgrounds are Jim Temple, Dave Welch, Ralph Poore, Oscar Melvin, Don Garey, Jim Collins, Bill Manship, and Bill Gray. New faces are Tom McFarland, Ron Collison, George Balderson and Don Butler.

Jayvee Coach Norann Cotter is building a squad of 20 junior varsity aspirants. With the same number out for varsity births it seems the national pastime still finds plenty of support in Harrington.

**Hazel P. Rash**

Hazel Pauline Rash, 10-year-old daughter of Cortland L. and Cynthia Rash of near Harrington, died Thurs., March 20, in the Milford Memorial Hospital after a long illness.

Hazel was in the fifth grade of the Harrington School and attended Prospect Methodist Church and its Sunday school.

In addition to her parents, she is survived by three brothers, Lyman, Paul, and Ray, all at home; a sister, Lois, at home; her maternal grandparents, Mr. and Mrs. Warren Dean, Harrington, and her paternal grandparents, Mr. and Mrs. Thomas Rash, Wyoming.

Services were held Sunday at 1 p.m. in the Berry Funeral Home, Harrington. Interment was in Odd Fellows Cemetery, Camden.

**Apply by April 30 for Wool Payment**

If you've sold wool or unshorn lambs since April 1, 1957, chances are you've earned a payment under the federal wool incentive program, George C. Simpson, chairman of the Delaware Agricultural Stabilization and Conservation Committee, reminded farmers today.

To collect the payment, Mr. Simpson said, be sure to file an application at the county ASC office not later than April 30.

These applications, he explained, are to cover wool and unshorn lambs marketed not later than March 31, 1958. If there is any detail of a sale which is not completed until after that date, the transaction goes over into 1958 marketings and will be eligible for payment in 1959.

Wool incentive payments are made under the National Wool Act of 1954. Payments on shorn wool are a direct incentive to increase production. Payments on unshorn lambs are made to encourage normal marketing of lambs with the wool on and avoid unusual shearing to get the shorn wool payment. The goal of the program is to increase U. S. production to 300 million pounds of shorn wool—about a one-third increase over production in recent years.

The program for 1958, recently announced, will be similar to that during the past year, with the incentive price continuing at 62 cents a pound. To encourage the best possible job of marketing by wool growers, the farmer earns a higher incentive payment by getting a higher price for his wool.

Both sheep numbers and shorn wool production appear to be on the increase in this country, according to a March report on the

wool situation by the U. S. Department of Agriculture. The report also states that imports are on the decline, and that the government has disposed of the last of its wool holdings acquired under the 1952-54 price-support program.

**Billboard Plugs Song**

An Elkton billboard is plugging a song written by an Elkton composer, sung by a Bridgeville crooner, and recorded by the Blue Hen Record Company of Samuel A. Short Jr.

To our knowledge, this is the first time a billboard has been used to plug a song.

The billboard is on the north side of U.S. 40, between Delaware Avenue and Bridge Street. It plugs "Drop In", written by Hugh Lee Stevenson, furniture salesman, and is sung by Lannie Walker, of Bridgeville.

This recording is tops in its field and done up in a style that will appeal to all music lovers—rhythm, blues, pops, country, and western fans, its recorder says.

The other side of the record is one that was made famous by Pat Boone, "Why Baby Why?"

Walker has been in the C. & W. field since he was 15 and has appeared on radio stations and TV. He is backed by one of his Black Mountain Boys and has already cut four tunes for Blue Hen, namely, "Side Track Daddy," backed with "A Dream of By Gone Days," and "When You Meet Your Lord," backed with "Dad's Not Dead, He's Only Sleeping."

Walker wrote these tunes, with the last, in memory of his father, dedicated to all deceased fathers.

His latest record is on sale in Delaware stores, including Fisher's Appliances, Milford, and Pusey's and Son, Georgetown.

**COMMEMORATION DINNERS**

The outstanding success of the commemorative dinner for Dr. W. T. Chipman recently has inspired the thought of similar dinners.

John Walls, who brought up the idea of the Chipman dinner at a meeting of the Chamber of Commerce, suggested Saturday afternoon it might be a good thing to hold such dinners annually for a deserving. We think it would be a nice project.

A reason for the success of the Chipman dinner is the fact that several civic organizations participated in it. This co-operation would be needed to put the ball across the goal in other dinners.

This community-wide participation also suggests that it might be a good thing for the annual Friendship dinners we have held. As it is, some years the dinners have a good speaker and in other years, the speaker comes up short. It has been the custom for a different civic group to sponsor the dinner each year. It would probably be better if all groups backed it each year.

**WE HAVE A GOOD POLICE DEPARTMENT**

At times people are peeved with us when we mention lawbreaking, particularly in traffic cases. The inference deducted is that the police department is not on the ball.

Just to keep the record straight, we believe we have the best department we've had since the end of World War II. The three full-time men are all capable. When one is on duty, traffic violations are at a minimum. Of course, the force still needs another member to have around-the-clock protection. The members also have to testify in trials at Dover and the new man could pinch hit.

**Mispillion Ditch To Be Tiled**

The City Council, in a special meeting Monday night, voted to tie a ditch on Mispillion Street, from the entrance of the Pierre S. DuPont School to West Street.

The Council said the distance was about 285 feet and recommended 15-inch concrete tile be used. The city engineer will survey a grade for the tile, and city employees will assist the contractor.

A catch basin is being considered for the western end of the tile.

It was mentioned at the meeting that the Board of Education might provide financial assistance for that portion of tile in the ditch abutting school property. There is a privately owned lot between the school and West Street.

The work would include digging up tile at the entrance of the school which has been clogged up, among other things, tree roots. Filling up of the tile, and the ditch have been responsible for poor drainage from the schoolyard.

In other business, the Council approved the tax assessment list and attached a warrant to it empowering the city manager to begin collection of taxes April 1. It was also agreed to ask the city attorney, H. C. Brown, to report progress on a bill in the Legislature permitting Charter revisions. It was supposed to have been introduced this week.

**Offers Linen Laundering Short Cuts**

Here are some laundering short cuts to make the work part of changing and washing bed linen an easier than usual task.

Put two sheets in a batch, making up a washer load with smaller pieces including the pillowcases. Wash white sheets and pillowcases in the hottest water available, using somewhat cooler water for colored pieces. Suds five minutes, rinse well and spin or wring. When bleaching, dilute and add to the suds. Use bluing with the final rinse.

To dry, shake each sheet, throw it over the line, folding evenly from hem to hem and straightening edges. Place sheets over the line so that it will come off folded in quarters. If you use a dryer, fold in quarters as the sheet is removed. Dry and iron pillowcases in the usual way.

Unless you iron sheets, let them dry completely. To make ironing easier, take sheets in from the line or out of the dryer while still slightly damp. You'll do way with sprinkling. Then iron only the top one-fourth of each sheet. This is the part that shows, and the unironed portion will feel smooth enough for good sleeping.

When you're done, put fresh pieces on top of the linen pile, using first those on the bottom. Rotating this way adds to linen life.

**Delaware Food Market Report**

With the cost of living up again here's a look at the plentiful foods list for April as published by the United States Department of Agriculture. Careful shopping and buying "specials" will help to keep the food bill down.

During April broilers and fryers will be in big supply. Prices have increased some on this meat but not enough to take them off the best buy list.

Thirty thousand tons of prunes are ready, able and waiting to put a lot of vitamins and iron into spring meals. With such heavy supplies of prunes on hand, saving may be passed along to consumers in the form of reasonable prices.

The popular medium size prune is in heaviest supply - the size that gives the most fruit, pits excluded, for the money. They are tender enough to eat uncooked, out-of-hand, making wholesome between meal snacks for the children, and handy lunch box fillers.

There is plenty of corn, both canned and frozen. The same holds true for peas, so look for special sales on these two vegetables. Canned pears are plentiful also. This fruit is so easy to use for really satisfying salads and desserts.

Honey is a newcomer to the list of plentiful foods, but an old favorite with many of us. With so many kinds of honey on the market today, make it a point to try new ones. Serve honey at breakfast time, and don't forget honey goes well with sandwich fixings, especially with peanut butter (another plentiful) or as a topping for ice cream.

This weekend look for specials on many fresh pork cuts, turkeys in the popular 4 to 12 pound sizes, some steaks and frying chickens. The fish counter will feature pan ready butterfish, fresh shad, whiting and porgies.

**Farmington Boy Hurt in Crash**

A Farmington-area boy suffered severe face and neck cuts when thrown through the side window of his overturning car Friday night on Route 16 west of Milton.

State police at Georgetown said 22 stitches were taken in the face of Preston Lee Beebe, 16, who lost control of his car on a curve.

Troopers said the accident was not caused by weather conditions but they said Beebe apparently was speeding.

The youth's condition was listed as fair at Beebe Hospital in Lewes.

**AMERICA'S FAVORITE FAMILY WAGON...PLYMOUTH**

*Plymouth carries more . . . does more . . . provides more family fun than any other wagon in the low-price 3 because it's BIGGEST IN THE LOW-PRICE 3. You can't buy bigger at any price!*

Maybe you're a station wagon family right now. Americans are each day! But do you know all the really astonishing facts about the Plymouth wagon . . . how much more it gives you than other wagons, at a low budget price?

Size alone is only part of it! The Plymouth wagon is big as wagons in the high-price field that cost \$5500 and more . . . but, in addition to extra size, this glamorous beauty offers a wagonload of other features that are exclusively Plymouth in the low-price 3!

You simply can't get 'em anywhere else in the field. And once you try them . . . learn how little the years-ahead Plymouth wagon costs . . . you'll never settle for less! Why should you? Your Plymouth dealer has the money-saving story, and he's waiting for your visit.

**5 big reasons why your wagon should be a Plymouth:**

- 1 BIGGEST OF THE LOW-PRICE THREE:** Big as wagons costing thousands of dollars more. You can't buy bigger at any price! 122" wheelbase.
- 2 HOLDS SO MUCH MORE THAN THE "OTHER TWO":** Over 7 cu. ft. more passenger and cargo space. Extra "secret luggage" compartment in 6-passenger models.
- 3 REAR-FACING 3rd SEAT:** Folds flush into the floor; you don't have to store it outside when it's not in use. Easy to enter.
- 4 DISAPPEARING REAR WINDOW:** Rolls down into tailgate. Doesn't get in the way. Only Plymouth has it in the low-price field.
- 5 TORSION-AIRE RIDE—AT NO EXTRA COST:** Only on Plymouth in the low-price 3. Big-car luxury. No sideway on turns or nose-dive on stops.

*They don't come any bigger... Plymouth station wagons*

The post will hold a bake in Felton Sat., May 10 at 10 a.m. to help finance the Pony League Baseball Team.

"Old Dover Days" Sat.-Sun., May 3-4

Mrs. Oliver W. Farrow, general chairman for Old Dover Days which will be marked Saturday and Sunday, May 3 and 4, has named the committees which will assist her in the annual effort to attract visitors to Delaware's colonial capital.

Mrs. Farrow, who has served in this capacity for the past several years, said that Mrs. Henry Ridgely, president of the Public Archives Commission, has again been designated honorary chairman.

Both ladies are members of the Friends of Old Dover, Inc., sponsors of the annual event and each has a long and historic genealogical background.

Mrs. Farrow is a direct descendant of John M. Clayton, first elected Governor of Delaware, who served on the staff of Gen. George Washington during the Revolution. Mrs. Farrow is the daughter of Mrs. Thomas Clayton Frame and the late Colonel Dover attorney.

In announcing her committees, Mrs. Farrow stated that a special effort is being made this year to attract a record number of visitors to Dover for the two day affair. Every avenue of publicity is being explored and literature has been issued much earlier than in previous years in an effort to have the days become widely known.

Governor and Mrs. J. Caleb Boggs will again hold a reception in Legislative Hall Saturday, and Mayor W. Edward Haman and members of city council will receive guests in the Old State House Sunday afternoon.

The traditional and picturesque colonial horsemen will be in uniform; there will be dancing on

Dover Green and many fine old homes and gardens will be open to the public, Mrs. Farrow said.

Those appointed to serve on various committees are as follows: programs — Mrs. Henry Ridgely, Leon DeValinger Jr., Dr. John Shilling, who is also president of the Friends of Old Dover.

Correspondence — Mrs. William Price and Mrs. Irene Griffith of the Dover Chamber of Commerce. Publicity — Miles L. Frederick, chairman; William Hughes, Wesley Junior College; Jack Smyth, Delaware State News; Mrs. Virginia Bracken, radio station WDOV; and Dr. Shilling.

Music and Sound Effects — Harry Jackson, International Latex Corporation. Opening of Houses — Mrs. Henry Ridgely.

Governor's Reception — Mrs. George Fisher Jr., Mrs. J. Allen Frear, Mrs. Oliver W. Farrow, and Miss Clara Farrow. Dancing Instructor — Mrs. Jack Adlam.

Tickets and Information Booth — Mrs. W. Ross Jones, chairman; and Mrs. E. Harold Mercer.

Advance Ticket Sale — Mrs. E. Harold Mercer. Colonial Costumes — Mrs. John Hopkins, children; Mrs. Randolph Hughes, adults. Motels and Tea Houses — Vernon B. Derriekson, Towne Point Motel; Theodore Start, new Dover Hotel; Thomas Kramedas, The Hub Restaurant; Lockwood Emmert, Dinner Bell Inn; and representatives to be chosen by Mrs. Kirby and Holloway, Alexander's Restaurant and Howard Johnson, Dover.

Exhibits — Mrs. Oliver W. Farrow, Jr., and Mr. and Mrs. James H. Wood. Horses and Carriages — Mrs. Oakland Remus, chairman. Traffic — Chief of Police James Turner. Numbering Exhibit Home — Mrs. Victoria Worden. Road Directional Markers — Oliver W. Farrow.

Mayor's Reception — Miss Mary Scott, chairman; Mrs. Mary Van Sant. Century Club Luncheon — Mrs. Maurice Zurlow, chairman. American Association of University Women (snack bar) — Dr. Georgia Lightfoot, chairman.

Window Displays — Mrs. William Draper and William Draper Jr.

W. J. Swain Dies At Bridgeville

William James Swain, a former state treasurer and one-time Republican leader in Delaware, died Wednesday in his home at Bridgeville. He would have marked his 87th birthday yesterday.

Son of the late Robert and Annie M. Spicer Swain, the deceased also was a retired farmer. He was the husband of the former Ida Short who died in 1954.

His survivors include a daughter, Mrs. Walter H. Lee, wife of a Middletown physician, and three grandchildren, Mary Virginia Lee, William Swain Lee, and Walter H. Lee, Jr., and a sister, Mrs. Fred Jones, Dover.

During his long public career, Mr. Swain served at one time as state insurance commissioner; was a member of the Delaware Industrial Accident Board for more than 30 years, and served as chairman of the Sussex County Republican Committee.

A native of Bridgeville, he was appointed clerk of the lower house of the Legislature in 1907 and in 1914 was elected state treasurer for the first two-year term.

During the prohibition period, he was the federal agent for Delaware for eight months, but resigned to accept his appointment to the industrial accident unit.

He was appointed in 1922 as insurance commissioner to fill the term of the late Horace Sudler and in 1946 he won election to that post for a four-year term.

He was a 32nd degree Mason and a member of the Milford Forest, Tall Cedars of Lebanon. Funeral services will be held Saturday at 2 p.m. in his late residence with the Rev. A. Jason Brundon, pastor of Union Methodist Church, officiating. Interment will be in the Bridgeville Cemetery.

Friends may call at the home from 7 to 8 p.m. Friday. Mr. Swain, who entered politics at the age of 17, was compelled to quit because of failing health in April of 1954. At that time he had attained the longest service of any GOP committeeman in the state.

Chosen Friends Lodge I. O. O. F. Notes

Chosen Friends Lodge met Wednesday evening with N. G. Robert Price presiding with a good attendance.

Letters were read by the secretary stating that the Grand Master and his staff would visit our lodge April 9, to install the newly elected officers which are to be elected next meeting night.

Also a letter was received from the Grand Scribe, William E. Shaw, Jr., stating that he would visit our lodge April 23, which is

part of his program for the year. So, members, be sure to be on hand every meeting night from now on, or you will miss out on things that may be very important to you some time.

Jerseyite Charged With Obtaining Money Illegally

Arthur James McDonald, West Paterson, N. J., in default of a bond of \$1000, is in Kent County jail, Dover, on a charge of obtaining money under false pretense.

He will appear Monday here before Magistrate L. Gooden Callaway on the charge.

McDonald was arrested Monday morning by State Police after he had been apprehended at a bus station by Benjamin Kates, an employee of Stone's Hotel, after he had cashed two checks for \$75 each for him. The charge was made after one of the checks failed to clear a New Jersey bank.

An additional charge will be made if the second check fails to clear.

Doyle - Thatcher

John Thatcher and Miss Norma Doyle, both of Farmington, were married at 10 a.m. Tuesday in St. Bernadette's Church by Father John A. Corrigan, pastor of the church.

Mr. and Mrs. Thatcher were treated to a serenade Tuesday evening, a rare treat these days. This practice, in the South, is known as a chivaree.

Miss Satterfield is the daughter of Mr. and Mrs. Burton Satterfield.
