MORE TO COME

More of everything coming our way in the months ahead.

1. More people - The baby boom keeps booming at the rate of four million yearly. U. S. population has doubled in the last 50 years, and prosperity curves always follow population up-swings.
2. More jobs - There are 15 million more jobs than in 1939, despite the recent falling off. By 1975, there will be 22 million more jobs than today.
3. More income - Family take-home pay is at an all-time high of \$5,300. After-tax take home income is to pass \$7,000 by 1975.
4. More production - Production doubles every 20 years. Will need millions more people to make, sell and distribute products.
5. More savings - Individual bank accounts are at highest level-\$340 billion. That means more spending.
6. More research - \$10 billion on research each year will mean better jobs, better living, brand new industries.
7. More needs - In the next few years the nation will need more than \$500 billion worth of schools, highways, homes, durable equipment. Meeting these needs will create new opportunities.

8. Our community is in the path of progress. Will we let it by-pass us or will we prepare to carry on?

Vote for the Bond Issue on Saturday, November 8, 1958 1:00 to 8:00 P.M. Your \$400,000 will bring \$600,000 more to the community to make it more attractive. In the future you will be glad you did support the program.

Economical Feeding of Dairy Cows Will Increase Milk Profits

To increase milk profits, feed your cows all the good roughage they will eat, suggest George Vapaa, Kent County agricultural agent, because the feed values in roughage cost less than nutrients fed in other forms.

It's true that a cow on pasture will give more milk if she receives supplementary feed, he says. But the amount of supplement she needs depends on the quality of pasture she is grazing and the quality of other roughage she receives, such as hay or silage.

So for an economical dairy ration, begin with high quality pasture or other roughage and add concentrates which give the most protein value for the least money. This latter will change as available supplies of various types of concentrates increase or diminish in your locality, according to Mr. Vapaa.

Your county agent will be glad to help you choose the concentrates which, added to the roughage your cows receive, will make the most economical dairy ration in the feed bill adds to net milk profits.

To aid county agents and dairy farmers in selecting economical dairy feeds, the U. S. Department of Agriculture has a new publication showing the actual cost per 100 pounds of digestible nutrients contained in various concentrates at different prices per ton. A free copy of leaflet No. 433, "Selecting an Economical Dairy Ration," may be obtained from the Office of Information, U. S. Department of Agriculture, Washington 25, D. C.

The leaflet also gives estimates of the amount of hay, corn silage or concentrate required in addition to good and to average pasture to produce each additional five pounds of milk daily.

Tastier Turkeys—A Product of Research

Larding the turkey—rubbing it well with fat—before putting it into the oven helps to produce a well-browned exterior with plenty of juice and flavor inside.

County agricultural agent George Vapaa says U. S. Department of Agriculture home economics and poultry researchers have found that some of the larding can be done while the bird is still alive. Adding eight percent lard to turkey rations produces birds that cook to a rich, even brown and score high in all the characteristics that add up to high quality poultry meat.

In tests at the Beltsville, Mr., research center, Mr. Vapaa says larding fed turkeys gained weight faster on the same amount of feed and had a smoother plumper finish at marketing age than turkeys eating no added fat. After cooking, their meat was evaluated favorably for flavor, tenderness and juiciness by a panel of taste experts. Mechanical measurements also showed these birds to be just as tender and somewhat juicier than turkey fed no lard.

As with other turkeys, these birds roasted to equal tenderness in an uncovered pan at 325 degrees F., or at 450 degrees F. in a covered pan except for the last half hour of cooking.

Felton School News

PARENTS AND PATRONS
 Parents of Felton pupils are urged to visit their children's classes and to see the school action next week, in observation of American Education Week.

The faculty and administration will welcome such visits and be happy to answer questions regarding all matters pertaining to the welfare and progress of students. Parents are requested to report to the office for information and instructions.

SENIOR HARVEST BALL
 The annual Senior Harvest Ball will be held November 14 in the school auditorium. We will select from the 9th through 12th grade a king and queen. The dance is from 8 to 11. We hope the dance will be a big success.

PLAY NEWS
 "One of the most heart-warming and hilarious plays about the show business ever to create bedlam on both sides of the footlights—A few seconds after the rise of the curtain the laughs start, and are practically continuous until the final curtain falls."

This is what Billboard Magazine had to say about "Out of the Frying Pan," the three act comedy which will be presented by the Junior and Senior classes of Felton High School on November 20 and 21. What promises to be a superb cast is hard at work on rehearsals. Committees have been selected to carry out the all important job of staying and producing the play. Enthusiasm is the prevailing spirit.

HEALTH DEPARTMENT

During the month of September and October 326 pupils in elementary school and 255 students in junior and senior high school have been weighed, measured, and had their eyes examined. Some notices of eye defects have already been sent out to the parents. In the near future all parents of children with eye defects will be notified.

A physician will be at the school sometime during the month of November for the purpose of making physical examinations on children in the first, fourth, seventh and eleventh grades who have not already been examined by their family doctor. The purpose of these examinations is to promote the health and welfare of all school children. Many defects are found every year which have not appeared before, thus making it possible to take measures for correction before the condition becomes too serious. The cooperation of all parents is necessary to promote the welfare of the children.

STUDENT COUNCIL

The Student Council has purchased a new Stereophonic Record player with automatic record changer to be used in the program of noon hour dancing. High school students will be permitted to dance in socks or gym shoes, in the boys' gym, during the second half of the lunch period. A nominal fee is charged by Student Council for this privilege. With funds being used to purchase records. The project is directed and supervised by the Student Council.

F.H.S. ALUMNI IN COLLEGE

Twelve Felton graduates are enrolled in institutions of higher learning at the present time. Lewis Harrington, class of 1950, is a member of the staff and taking graduate work in law at the University of Michigan. He previously studied at the University of Delaware and George Washington University.

Morris Turner, class of 1954, is enrolled in the School of Arts and Science at the University of Delaware.

Arthur Henry, class of 1955, after completing 3 years at the University of Delaware is enrolled in the School of Dentistry at Temple University.

Abraham Schultz and Dorothy Lomicky, class of 1956, are attending the School of Engineering and The School of Home Economics, respectively, at the University of Delaware.

From the class of 1957, Louise

Henry and Gene Carlisle are studying in the School of Education and Charlotte Ludlow in the School of Home Economics at the University of Delaware. Dorsey Hammond is a student at Swarthmore College. Frank Dill is a student at Wesley College.

Mary Ann Jackson is a student at the Memorial Hospital School of Nursing in Wilmington.

Edmund Bak, class of 1958, is enrolled at Brigham Young University in Provo, Utah.

MENU—NOV. 10 to 14
 Monday—Ravioli with meat sauce, buttered peas, milk, peaches cobbler, bread and butter.

Tuesday—Turkey vegetable pie, cut green beans, milk, fruit jello, bread and butter.

Wednesday—Macaroni and cheese, stewed tomatoes, milk, apple sauce, bread and butter.

Thursday—Barbecue hamburger on roll, scalloped potatoes, milk, fruit or pie.

Friday—Baked fish fillets, tossed salad, milk, rice pudding, bread and butter.

Evergreen Forest To Hold Ceremonial

The regular ceremonial of Evergreen Forest No. 49, Tall Cedars of Lebanon, will be held in the Community Building, Milford, Wednesday evening, Nov. 12. This will be known as "33d Degree Night," at which time all 33 degree members of the Forest will be honored.

The Forest Band has prepared a musical program for the entertainment of the members.

Several delegations of visiting Cedars from neighboring Forests are expected to be on hand.

A well recommended professional show has been secured, and the evening of fun and fellowship will end with the usual refreshments.

At the October Ceremonial, Spring City, Pa., Forest No. 34 exemplified the Prologue and Royal Court Degree in costume and full regalia. The work was instructive as well as entertaining, and the visiting cast received many compliments on their proficiency.

Grand Tall Cedar Harry Dukes Jr., and his officers urge all members to be present early on Nov. 12.

Rites for Child

Private funeral for Richard Isaac McDowell, 1½, son of Mr. and Mrs. Jack McDowell, of Greenwood, was held Tuesday afternoon from the Fleischer Funeral Home, Greenwood.

There was no viewing. The child died Saturday at Milford Memorial Hospital.

In addition to his parents, the child is survived by five brothers and sisters: Mrs. Betty Kenton, Joe Pinder, Bonnie, Earl and Carol Ann McDowell, all of Greenwood; his paternal grandmother, Mrs. Minnie McDowell.

Trinity Church Women Plan Bazaar, Supper

Plans are complete for the annual Christmas bazaar and supper at Trinity Church, on November 14 beginning at 11:30 with a ham and potato salad luncheon to be served for 75c and a chicken salad and fried oyster supper with chicken dumplings to be served in the evening.

There will be 11 booths at the bazaar, displaying novel gifts for the coming holidays and goodies for immediate consumption. There will be pies, cakes, candies, jams, in wide variety sold under the direction of the ladies of the church. There will be many types of aprons for sale, fancy to plain, all hand made. Christmas cards,

too numerous to mention will be wrapping paper and other things available.

Mrs. Ora Hobbs is chairman of the supper, Mrs. Charlotte Harrington is chairman of the luncheon and Mrs. John Walls is chairman of the dining room and they have organized their assistants to insure prompt and efficient service at the luncheon and supper.

Preparations are being made to feed around 400 people. Tickets may be purchased from Virginia Black, Harry Boyer, Evelyn Lare or Harriett O'Neal.
