

Harrington Eleven Opens By Defeating Middletown

Friday night Harrington High's football team made a first-period touchdown spell a 6-0 victory over Middletown High's Cavaliers in Middletown in the season's opener for both schools.

The defeat, almost a repeat of last year's 6-2 setback by Harrington, marked the 23rd consecutive game the Cavaliers have failed to come off with a victory. A 12-12 tie with Delaware City at the end of the 1957 campaign was the Cavalier's nearest approach to a win.

Ronnie Collison capped a 40-yard drive by scurrying across on 4-yard off-tackle play. Jim Temple's attempted pass to Kenny Konesky for the extra point failed.

"Except for that incompletion, our passing game was adequate," said Harrington Coach Bill Smith Saturday. "Temple is a good tosser. He threw two passes that helped set up the touchdown and played a good all-around game in leading our offense that was particularly effective in the first half. In the second half we didn't do so good. Middletown tightened its pass defense and generally contained our attack."

Smith said he was greatly pleased with the defensive play of freshman end Kenny Hoffman and Ronnie Melvin, who backed the line.

"Both of those boys turned in bang-up jobs," Smith said. "We'll need just such all-out efforts by everyone if we are to make a good showing in our seven remaining games, six of which are in the Henlopen Conference."

Smith said that off Friday night's showing it was apparent there are some mistakes to be ironed out. "And fast, too, otherwise I'm afraid we will have a tough time in the conference."

H.H.S. Gridders to Meet Bridgeville

When the Harrington High Football team meets Bridgeville Saturday afternoon on their home grounds for its first home game of the season, they will be accompanied by all the bands of the Harrington Special School District.

Beginning with a pre-game parade around the track, the color guards will be followed by the Grade School Band, the Junior High School Band, and the Senior High School Band together with their majorettes.

At the halftime, each band will play a few short selections to be accompanied by performances of the school majorette corps under the direction of Geraldine Reed, a member of the Senior Class.

It is hoped that the community will be well represented at this first football game at home.

13 Women Attend Seminar

Thirteen women from Harrington, members of the Women's Society of Christian Service of Trinity and Asbury Methodist Churches, attended an informative and interesting meeting at Mt. Olivet Church in Seaford on Tuesday, Sept. 22. The all day meeting was the 1959-60 Educational Seminar of the Peninsula Conference, Dover District W.S.C.S. A number of women spoke on the work of the conference for the coming year, outlining the projects and the committees' duties for the local societies.

Those from Trinity Church were Mrs. Nelson Benjamin, Mrs. Arnold B. Gilstad, Mrs. Earl Sylvester, Mrs. Samuel M. Williams, and Mrs. Elwood B. Gruwell. From Asbury Church were Mrs. Fulton J. Downing, Mrs. Oscar Gillette, Mrs. Floyd N. Nasser, Mrs. Elmer A. Smith, Mrs. Mark Willey, Mrs. W. W. Sharp, Mrs. Ernest W. Dean and Mrs. Ethel Hopkins.

Century Club News

The first meeting of the Harrington New Century Club will be held on Tuesday afternoon, Oct. 13, with a covered dish luncheon at 1 o'clock. Members will bring their place setting and a covered dish. Mrs. William W. Shaw has asked that all members make a special effort to attend. Club work is most interesting and rewarding, and the programs this year have been planned to cover a great many fields.

For the first time in many years the club has changed its meeting day. This year the bi-monthly sessions will be held on the 2nd and 4th Tuesdays at the usual hour of two o'clock. The Ways and Means Committee have been busy this summer planning several projects to help raise money. The first will be a rummage sale to be held in Gaines' Alley on Friday, Oct. 9, from 9 a. m. to 9 p. m. A public card party is also being planned for the near future. It will be held in the evening at the Club House at a date to be announced in this paper. Mrs. Charles Peck Jr. and her committee have worked very hard to arrange for these various projects and it is hoped that all members will participate in these and other activities of the Ways and Means Committee during the coming year.

India will increase taxes of villagers.

GOLDEN WEDDING ANNIVERSARY — The 50th wedding anniversary of Mr. and Mrs. W. Cliff Miller was celebrated Sunday afternoon with a dinner in the Collins Educational Building of Asbury Methodist Church. Mr. and Mrs. Miller are seen at the head table, in the background. On the left are their daughters, Mrs. Eileen Black and Mrs. Thomas Clarke, and on the right, the son, C. L. Miller.

St. Stephen's New Church to Have First Services Sunday

St. Stephen's Episcopal Church will hold its first services, in its new church just northeast of the City limits, Sunday.

The Rev. John R. Symonds Jr., pastor of the church, said the services would start with Sunday School at 9:30 a.m.

Some small details remain to be completed, such as the installation of permanent locks, hanging kitchen cabinets, and attaching acoustical tile in the parish hall.

The cost of the building and equipment, as it will appear on Sunday, is approximately \$205,000.

Ample parking facilities are available and are accessible from Delaware Avenue via the Raughley-Hill Road.

Several services of dedication are planned to extend from November thru April, with the final service being held at the time of the diocesan convention in May.

Samuel and Victorie duPont Homsey are the architects. Robert Zook, Milford, was the contractor.

Traffic Increases On State Roads

Increases in traffic were recorded at all permanent traffic counting stations maintained by the State Highway Department during August, with one exception, according to a report of the Planning Division of the Department.

The lone decrease was recorded along Route 13, at a point north of Smyrna, where the percentage of decrease, as compared with August of last year, was 1.24 per cent and daily average of vehicles counted was 15,725, a decrease of 198, and the largest single day was August 2, when 21,928 vehicles were counted.

A 20 per cent increase was recorded along the Kirkwood Highway, at a point east of Newark, with the daily average of vehicles counted being 12,265, an increase of 2,044. The largest single day was August 7, when 14,165 vehicles were counted.

There were no comparative figures available for Route 113, at a point north of Milford, because the permanent counter is out of service because of highway construction.

H. H. S. Cross Country Team Opens Season Wednesday

By Keith S. Burgess
Coach Harold McDonald's Harrington High Cross Country team opens its second season with a match against Centreville, Md., on Wednesday afternoon.

The site is the local course at Killen's Pond. Starting time is approximately 4 p.m. The public is invited.

With the return of Dwight Hackett, all of last year's letter winners are back from the strong team which compiled a 5-1 record and finished fourth in the state meet.

This year's team should be even stronger as several new candidates are working out bringing the number of aspirants to 15. Most of these were named in last week's article. Charles Moore and Don Rothermel have reported this week with Barry Fry a possibility. Fry as a seventh grader last year was one of the best 660 yard runners in low-

Rate Increase To Be Advised For Blue Cross

A rate increase to meet increased hospital and surgical plan expenses will be recommended to the directors of Group Hospital Service at their meeting Monday, it was announced Wednesday by H. V. Maybee, managing director of the BlueCross-Blue Shield organization.

This recommendation on what to do about the financial losses experienced this year by Group Hospital Service resulted from a series of meetings held by Blue Cross officials with community and business leaders throughout the state. Area leaders from all three counties were invited to the meetings, held in Wilmington, Milford, Dover, Rehoboth and Seaford.

"Some upward adjustment of rates has become a necessity," Maybee said. "Since the hospitals increased their charges Jan. 1, Blue Cross has had to dip into reserves to the extent of \$241,319 to continue meeting bills of its members without changing membership rates. In the same period the Blue Shield Plan has had to use \$103,534 of reserve funds to meet surgical-medical bills of its members. After having held off making any change in Blue Cross-Blue Shield rates these many months, we have reached the point where some change can no longer be avoided."

Blue Cross rates for membership in the standard plan have not been changed for more than two and a half years, since Feb. 1, 1957. Blue Shield rates for the standard plan have not been changed since Feb. 1, 1955.

Millers Honored On 50th Wedding Anniversary

The 50th wedding anniversary of Mr. and Mrs. W. Cliff Miller was celebrated Sunday afternoon by a cold-turkey dinner, in the Collins Educational Building of Asbury Methodist Church, and an open house afterwards at the Millers' new home on Paradise Road. Seventy-five guests were present.

The dinner was served by the Woman's Society of Christian Service, of the church, under the direction of Mrs. Francis Winkler.

At the open house, there was group singing. Refreshments were served.

Mr. and Mrs. Miller, who married Sept. 22, 1909, at Blairsville, Pa., in the Methodist Church by the Rev. C. A. Hartung, received many gifts, including a TV set.

Mr. Miller came to Harrington in 1946, as supervisor of signals and communications of the Pennsylvania Railroad, after serving at 23 points on the PRR system. He retired in January of 1958 and said he decided to make his permanent home here because he liked the community and its people. He added he wished to thank the guests for making the Millers' golden wedding a memorable one.

He is a past president of the Harrington Rotary Club, a member of Asbury Methodist Church, the Chamber of Commerce, a 32nd degree Mason and a member of the Baltimore Scottish Rite Consistory, and the Tall Cedars of Lebanon.

Among the relatives were the following: a son, C. L. Miller, New York City; a daughter, Mrs. Eileen Black, Pittsburgh; a daughter, Mrs. Betty Clarke, also of Paradise Road; sisters, Mrs. G. J. Gelston and Mrs. Margaret Smith, both of Johnstown, Pa.; a granddaughter, Mrs. Donald Sacker, and Mr. Sacker and the Millers' great grandson, Louis Craig Sacker, all of Upton, L. I.; grandsons, Jay Black, Lehigh University, and Bill and Michael Miller, both of New Brunswick, N. J.; and sisters of Mrs. Miller, Mrs. C. L. Reighard and Mrs. Myrtle Sell, both of Johnstown, Pa.

Guests included Mr. and Mrs. Paul McCoy Simpson, Richmond, Va. Mr. Simpson is a boyhood friend of Mr. Miller. Also Mr. and Mrs. C. B. Darrah, Philadelphia; Mr. and Mrs. R. F. Raughley, Rehoboth; Mr. and Mrs. H. B. Miller and Mr. and Mrs. George Kauffman, all of Harrisburg, Pa.; Mr. and Mrs. Toots Mowrey, Derry, Pa.; Mr. and Mrs. Earl Sell, Portage, Pa.; Mr. and Mrs. Edgar Legates, Milford, and Mrs. Agnes Kleinfelter, Johnstown, Pa.

At the dinner music was furnished by the Musical Saboteurs and testimonials were given by the Rev. Richard Gibson, pastor of the church; Mrs. Clarke, Mr. Raughley, and Mr. Darrah.

GOP Still Cool To Bridge Bill

An indication of continued Republican opposition to the amended Delaware Memorial Bridge bond bill was given by Senator Reynolds duPont (R-Greenville) in a statement read to the Senate Wednesday. The senator said he was "still not satisfied with it."

It had been expected that Republicans might go along with the bill (HB-282) when they voted earlier in the week for an amendment which would authorize the sale of only \$2,500,000 in bonds rather than the originally requested \$6,000,000.

Quoting Section 3 of the bill Senator duPont said: "The Interstate Highway Division may enter into agreements with the State Highway Department, among others, to construct or reconstruct any addition or improvement to said bridge..."

He questioned the use of the words "may and among others" and defied Rep. E. Earle McGinnes Jr., (D-Forest Brook Glen) to find any language in the bill which indicated the money would ever go to any state agency. "We have only the word of the chairman (Garrett E. Lyons, democratic state chairman) of the Interstate Highway Division that this will happen," Senator duPont said, adding, "This agency is autonomous and reports to no one."

Citing Mr. McGinnes' recent criticism of his veto on the bill Senator duPont said he had some advice from a freshman senator to a freshman representative. "It is becoming obvious that bills should be read before they are discussed. A prominent Democrat recently made the mistake of speaking before reading, much to his surprise and embarrassment. This incident should be an example to Mr. McGinnes."

"In anticipation of Mr. McGinnes' next blast when he finds that I might have voted against the amended House Bill 282, I want to say that I am not satisfied with the bill as it stands and have several unanswered questions regarding it."

S. S. Delegates

Anthony Gerardi and Francis Winkler, both of Harrington will represent members of Southern State Co-operative, including local member co-operatives, of the Harrington areas at the Co-operative's district election meeting to be held Sept. 30 at Baltimore. Norman F. Butler and Charles L. Peck, Jr. managers of the local Southern States Co-operative Service Agencies in the above areas will also attend.

NIP SONG TROTS A MILE IN 2:05.4; WARM WEATHER AIDS RACING

Nip Song, 6-year-old bay gelding, owned by Kiki Stables, Albertson, N. Y., trained by J. Quinn, and driven by M. Pat Hubbard, set a record for the current meet Tuesday night of 2:05.4.

What is more, the trotter lowered his record from 2:07 and put his 1959 winnings over the \$7000 mark. What is unusual is that a trotter, instead of a pacer, has the best time of the meet.

The current Kent & Sussex harness meet here will be extended 10 days to make 30 days of racing, the longest running in the 14-year history of the track.

This was announced today by J. Gordon Smith, president of the Kent & Sussex Racing Association.

Main reason for the extension, he said, is the increasing spectator interest in the meet, attributed chiefly to the 60 per cent hike in this year's purses and the \$80,000 in grandstand improvements for the convenience of race viewers.

The season, which opened Sept. 15, now will run nightly to about Oct. 19, depending on the number of clear nights the weatherman provides.

The extension, made possible under a recently passed act of the Delaware legislature permitting up to 40 days of pari-mutuel racing in Kent County, has been approved by the Delaware Harness Racing Commission under Chairman Norman Lynch.

Ordinarily the Kent & Sussex meet has run 20 days each year and was so scheduled this year. The new law doubled the permissible number of racing days. But it was decided to run only 10 extra days this year because of the danger of running into cold weather.

The \$80,000 spent on new grandstand facilities provide an entirely new, 270-foot mezzanine floor, furnished with pari-mutuel windows, rest rooms and a snack bar. This means that grandstand occupants no longer have to walk down to ground level to place their bets and cash tickets. The new floor is equipped with 35 new betting windows, including 20 sellers and 15 cashiers. It also is furnished with its own tote board.

In addition, the 36 windows on the ground floor also remain in operation, making a total of 71 pari-mutuel windows. As previously, the grandstand has 3500 seats but up to 6500 spectators can be accommodated.

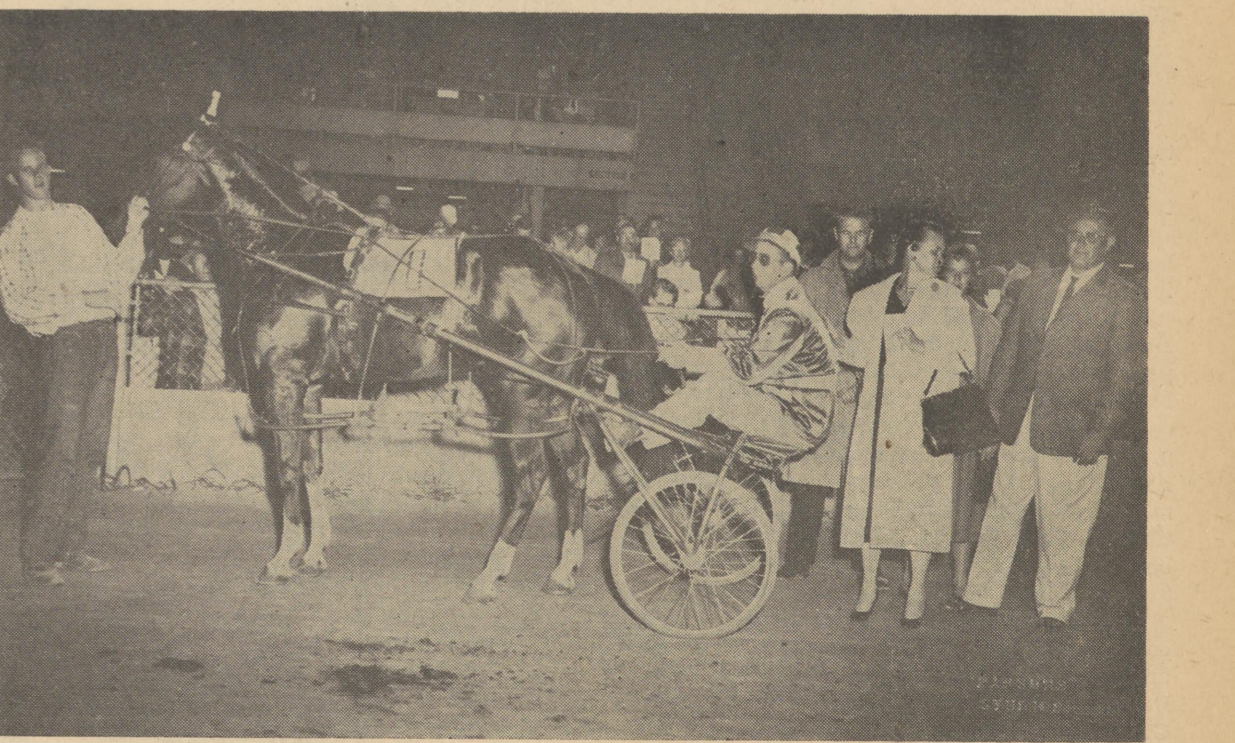

The 60 per cent increase in this year's purse figures means that the pacers and trotters race for a minimum of \$600. The top approved purse is \$1,500.

About 475 standard bred horses, many from local stables but some from as far as Minnesota, now are stabled at the Harrington oval.

MELVIN SUFFERS HEART ATTACK

Roland Melvin, of the Harrington Oil & Coal Company, was taken to Milford Memorial Hospital Monday following a heart attack.

Argentina will have a super-market chain.

JIMMY DEE—The Suffolk, Va., pacer went around the track here Monday night in 2:06.1, the best mark, for a sidewheeler, for the first eight nights of the Kent & Sussex Raceway's 30-night meet. The Class B pacer, the eighth race, was witnessed by Owner L. L. DeBerry. Driver and trainer was M. "Pat" Hubbard, of Harrington.

Vets, EX-Pennsylvania Residents Might Be Eligible for Bonus

Delaware World War II veterans, who were bonafide residents of the State of Pennsylvania at time of entry into the Armed Forces and who have not received any type of bonus for World War II service from Pennsylvania or any other state, have additional time in which to apply for the Pennsylvania World War II Bonus, advises the Delaware State Development Department.

David S. Hugg of the Development Department staff, who acts as liaison between Delaware veterans and the Veterans Affairs Departments of other states, has been notified by Pennsylvania

officials that P.L. 565, the World War II Veterans Compensation Act, has been amended to extend the deadline for filing for Pennsylvania's World War II bonus to Dec. 1, 1960.

The amending measure became effective Sept. 9 when Gov. David L. Lawrence affixed his signature to House Bill No. 1, previously passed by both houses of the Pennsylvania Legislature.

According to Hugg, further information and application forms may be obtained from State Service Officers of the American Legion, Veterans of Foreign and Disabled American Veterans at the Dravo Building, Wilmington.

Fish & Game News

The Delaware Board of Game and Fish Commission has announced hunting regulations for those waterfowl hunters wishing to hunt public lands under the jurisdiction of the Commission.

A. Woodland Beach Wildlife Area, 1. Central Portion—On the central portion of the area, hunting will be only from blinds built by the Commission. The procedure here will be as follows:

a. A registration will be held at the Area Headquarters from Mon., Oct. 5 through Sun., Oct. 11.

b. Blinds will be allocated to parties of 2 or 3 on a daily basis.

c. Each party may apply for as many as 5 days of shooting.

d. A representative of each party desiring to hunt will apply in person at the headquarters between 9 a.m. and 6 p.m. on any of the designated registration days. Hunters are advised that they will have equal chance of being assigned the days they desire regardless of which day they register. When more applications are received than there are blinds, space will be assigned by lot. Assignment will be mailed to all applicants.

e. This registration will cover the period Nov. 17 through Dec. 26, that is, the entire season.

f. Parties wishing to hunt geese prior to the duck season may do so on this portion from state blinds only. Merely select the blind of your choice.

2. North Portion—Sportsmen desiring to hunt the northern portion will have to build their own blinds and adhere to the following rules:

a. Hunting is to be from stake blinds or boat blinds only.

b. Stay well clear of private blinds along the West boundary of the area.

c. Maintain a reasonable distance between blinds within the area.

d. Observe area boundary signs.

3. South Portion — Rules for hunting the southern portion will be the same as those for the northern portion. In addition, no blinds will be built on Quarter Gut without special permission. Anyone wishing to build a blind on this stream will submit his name and address, in person, at the Woodland Beach Area Headquarters between 9 a.m. and 6 p.m. Mon., Oct. 5 through Sun., Oct. 11. Lots will be drawn to determine who will build and hunt the two blinds on this gut.

The Woodland Beach Wildlife Area consisting of 3200 acres of marsh land is located along the shore of Delaware Bay between the mouth of the Smyrna River on the north and the community of Woodland Beach on the south. Headquarters for the area may be reached by driving toward Woodland Beach from Smyrna on Route 6 for approximately five miles and then turning North towards Flemings Landing for one mile. Anthony Florio, District Wildlife Manager for the Commission, is stationed at the Headquarters.

Duck hunters are advised that the area is difficult to hunt. During part of each day the marsh goes almost completely dry for an hour or two hour period; also, during stormy weather portions of the marsh are exposed to strong winds and currents. All hunters who wish to hunt this area should arrange for seaworthy boats and outboard motors. Mr. Florio will assist persons to make such arrangements.

A public launching ramp adjacent to Roy James' boat livery, Woodland Beach, enables hunters direct and convenient access to the inner marshes and Duck Creek. This ramp is usable on all but the lowest tides.

B. Little Creek Wildlife Area Rules for hunting the Little Creek Wildlife Area will be as follows:

1. Hunters will select their own blind locations and build their own blinds.

2. Maintain a reasonable distance between blinds.

3. Do not build blinds on or two close to private lands.

4. Limited jump shooting will be allowed, only on those areas indicated on the map.

5. No blinds will be built on Herring Branch without special permission. Anyone wishing to build a blind on this stream will submit his name and address, in person, at the Woodland Beach Area Headquarters between 9 a.m. and 6 p.m. Mon., Oct. 5 through Sun., Oct. 11. Lots will be drawn to determine who will build and hunt these blinds.

The Little Creek Wildlife Area, consisting of 2251 acres of marsh and upland, is located on the Delaware Bay between Little Creek and Pickerings Beach. A small North Unit is located two miles North of Little Creek. Maps and information on the area may be obtained from the Dover office or the Woodland Beach Wildlife Area Headquarters.

ters. The Primehook Marsh Wildlife Area consisting of 635 acres of fresh water marsh and upland is located between Primehook Beach and Broadkill Beach approximately 12 miles southeast of Milford.

Waterfowl hunting on this area is permitted from state-constructed blinds on a "first-come, first-serve" basis. No reservation needed. Duck hunters are advised that this marsh is almost impossible to walk and difficult to travel by boat. All hunters who wish to hunt this area must have a boat and motor, preferably a small, narrow marsh-type boat. Although not a necessity, a push pole would facilitate traveling the marsh considerably. Shallow-draft boats may be launched from a public landing on the area.

D. Other state waterfowl lands and waters without special hunting regulations.

1. Assawoman Wildlife Area, 500 acres marshland. Southeast of Bethany Beach. Follow signs to Camp Barnes from Delaware 14.

2. Garrisons Pond Wildlife Area, 95 acres. On U. S. 13, five miles south of Smyrna.

3. Appoquinimink Wildlife Area, 35 acres. On Delaware River at the mouth of Appoquinimink Creek.

Tide tables and maps of the Woodland Beach hunting areas are available at the Woodland Beach headquarters office. From the central Game and Fish office at Dover maps of Little Creek Wildlife Area, Primehook Wildlife Area and Assawoman are available upon request.

All persons over 16 years of age must purchase a migratory bird stamp to hunt migratory waterfowl (brant, wild ducks, geese) costing \$3 in addition to regular Delaware hunting license.

Under the program as originally announced for 1960, a farm which was operated wholly or partially by a tenant or sharecropper in 1958 or 1959 could not be placed in the Conservation Reserve next year unless a tenant or sharecropper was designated to share in the annual rental payment. The purpose of this provision was to protect tenants against being forced off Soil Bank Farms.

The new provision permits a contract with a land owner where a tenant leaves the farm voluntarily and the owner finds it necessary to take over the operation. In such a case, a Conservation Reserve contract for non-tenant operation may be entered into for 1960 provided it can be established definitely that the tenant left the farm of

his own accord. This may be proved either through statements signed by three disinterested persons who know the situation.

The other newly announced change provides an exception to the general rule that land purchased since Dec. 31, 1956 is not eligible for the Conservation Reserve, subject to certain limitations.

Any farmer who was ineligible under former rules but is now eligible for a 1960 contract still has until Sept. 30 to request his county ASC office to set a basic annual rate for his farm.

Cover Crops Make Money

Delaware farmers can't afford not to seed cover crops after harvest this fall, says George K. Vapaa, county agricultural agent.

Cover crops keep soil in good condition by supplying organic matter that makes soil granular and easy to work, the agent says. Cover crops fertilize the soil, too.

A legume cover crop eight to 10 inches high in the spring, will add about 80 pounds of nitrogen per acre when it's plowed down. This will mean a fertilizer saving of about \$12 an acre, two or three times the usual cost of cover crop seed.

Cover crops also saved left-over fertilizer that would be washed away by rain. A cover crop will use left-over fertilizer and make the fertilizer available for the next spring planting.

Anything that will grow and make a green cover on the soil over winter is a good cover crop, Mr. Vapaa says.

Crimson clover is good and should be seeded at 20 to 25 pounds per acre. When mixed with ryegrass 12 to 15 pounds of crimson clover and 10 to 15 pounds of ryegrass makes a good mixture. Used alone, ryegrass

should be seeded at 15 to 20 pounds per acre.

Vetch is also a good legume cover crop and is usually seeded in combination with rye. The rate per acre is about 15 pounds of vetch and five pecks of rye.

Wheat, barley and winter oats are good cover crops and are often used when the farmer has his own seed, Mr. Vapaa says. Seeding should be one and one-half to two times that generally used for grain seedings.

One advantage of grains as cover crops is that they may also be used for late fall and early spring pasture.

One of the most popular seeding devices is the tractor mounted rotary seeder.

For the second time during the current year the monthly receipts from motor fuel taxes established a new record for those receipts, with the report on these taxes for the month of July.

According to a report compiled by James J. Deputy, Secretary of the State Highway Department and Administrator of the Motor Fuel Tax Division, the motor fuel taxes for July, which were received during August, amount to \$875,130.60.

The amount received for July is an increase of \$4,513.25 over the amount received for May of this year, which was \$370,616.35, and at that time established a new record for monthly collection of these taxes.

The amount of these taxes received for July of this year was an increase of \$70,586.25 over the amount received for July of last year, \$75,368.79 more than was received for July of 1957 and an increase of \$174,682.58 over the amount received during July of 1956.

The taxes for July of this year represented the sale of 17,502,612 gallons of motor fuel, an increase of 1,411,731 gallons over the amount sold during July of last year.

The report discloses that during July a total of 60 concerns were bonded as distributors of motor fuel in this state and of that number 11 concerns reported no sales for the month.

Four other concerns reported sales that amounted for \$440,616.09, or slightly more than 50 per cent of the taxes collected during July. These concerns, and the amount of tax reported by each one, were Atlantic Refining Co., \$106,287.01; Esso Standard Oil Co., \$164,674.69; Gulf Oil Corp., \$125,120.20 and Sinclair Refining Co., \$44,534.19.

What's the story on the new Ford Falcon?

HOW BIG WILL THE ALL-NEW FORD FALCON BE? HOW MANY PEOPLE WILL IT CARRY? HOW ABOUT POWER?

To start with, in the all-new, New-Size Ford—the Ford Falcon—you see, but never "do without!" You get modern, fine-car styling... six-people-big room and comfort... a car that's born and bred for the American road! And you get it from Dearborn, Michigan, automotive capital of the world.

LET'S TALK ABOUT STYLING FIRST!

You're going to be amazed by the Falcon's beauty. It has a low, sleek, European flair in new, beautifully proportioned style. It has safe, "wide open" visibility all around. Interior styling is fresh and new, with smart looking, durable upholstery. In a nutshell, the Falcon is Ford's way of proving that a true economy car doesn't need to look, ride or feel like one.

St. Stephen's Episcopal Church Notes

Members of the teaching staff of St. Stephen's Church School and other interested persons who attended the Christian Teaching Mission at St. Paul's Church, Georgetown, Sept. 8 through Sept. 11 were Mrs. Robert E. Baynard, director of Christian Education; Mesdames Robert McNally, Clarence Reed, George Johnson, William Hearn, Clyde Perry, Granville Hill, Lillian Rice, George Thompson and Misses Viva Reed and Carol Ann McNally.

The Mission was sponsored by the Diocesan Department of Christian Education, to provide opportunity for church school teachers and other adult leaders to further their understanding of work in this field and to grow in their ability to teach effectively in the church school.

Each night the program opened with a talk on basic Christian doctrine as related to the Christian year, by a clergy theologian. The leaders included Bishop J. Brooke Mosley, Dean Lloyd E. Gressie, the Rev. Richard Trelease, the Rev. Percy Rex, Canon Brewster Y. Beach, Mrs. Jesse Whitten, Miss Polly Telford, Miss Dolores Bennett, Miss Betty Hovencamp, and Mrs. Percy Rex. Bishop Mosley spoke on the Incarnation; Mr. Trelease, the Ministry of Christ; Dean Gressie, the Cross and the Resurrection; and Mr. Rex, the Holy Spirit and Trinity.

The opening addresses were followed by age-grade discussions of the meaning of the doctrine to particular ages. A final hour of workshops on lesson planning and special resources followed.

Workshop topics included audio-Visuals, storytelling, music, creative activities, dramatics, discussion methods, youth advising.

Canon Beach gave a summary presentation on "When Does Christian Education Happen?" Mesdames Robert McNally, Robert Nelson, Granville Hill, William Hearn, and George Thompson attended the Leader's Conference of the Episcopal Churchwomen of Delaware at Christ Church, Dover, Sept. 17.

The program opened with celebration of Holy Communion by the Rev. John R. Symonds Jr. of Harrington; the Rev. Samuel W. Syson, of Camden, and the Rev. G. P. Mellick Belshaw, of Dover. Mrs. Eldridge Y. Prettyman of Milford presided at the business session. Separate groups met to discuss the problems relative to their particular duties—presidents and vice-presidents met together, treasurers met in a group, secretaries, United Thank Offering custodians, supply secretaries, Christian Social Relations workers, education secretaries, Church Periodical Club representatives, Personnel secretaries, altar guild directors, etc.

Mrs. Robert McNally, Christian Social Relations secretary for Kent County, was speaker to the group in her department.

The Rev. John R. Symonds, Jr. addressed the altar guild directors concerning the duties in this field.

The regular fall meeting of the church women will be held at Immanuel-on-the-Green, New Castle, Oct. 15.

Recent out-of-town guests noted at St. Stephen's were Mrs. Stella Biles, Milford; Mrs. Elsie Everett, Felton; Mr. and Mrs. Preston Trice, Carney's Point, N. J.; Mrs. K. Z. Lord and Miss Kathy Lord, Washington, D. C.; Mrs. Bonnie Poynter, Felton; Mr. and Mrs. V. A. Russell and Vicki, N. Hollywood, Calif.; Mrs. George J. Symonds and Mrs. J. R. Symonds, Wilmington; Mrs. M. Cameron, Milford.

Flowers on the altar the 17th Sunday after Trinity were given to the Glory of God and in loving memory of Margaret L. Nelson by Mr. and Mrs. Robert L. Nelson.

Acolytes who served at the morning service last Sunday were William McColley, Roy Porter, Charles McNally, Robert Greer, William Thompson.

The following notice appeared in "Our Church Times" bulletin: "By the grace of God and with continued co-operation from our contractors and architect, our first service in the new church will be held Sun., Sept. 27. All services that day are expected to be held there, including Church School at 9:30 a.m."

The Women of St. Stephen's held their first meeting of the year on Tues., Sept. 15, 8 p.m. at the Parish House. Mrs. Robert Creadick presided.

Armed Forces Notes

Army Sgt. Paul N. Johnson, 31, son of Mr. and Mrs. Franklin Johnson, Route 1 Denton, is participating in a lengthy large-scale field training exercise with

the 3rd Armored Division in Grafenwohr, Germany. The exercise is scheduled to be concluded Oct. 17.

The training, which will be climaxed by a mock war pitting armored, artillery, aircraft and infantry units against realistic aggressor forces, is designed to test the combat readiness of the 3rd Armored Division, a major part of the NATO shield of defense in Europe.

Sergeant Johnson, who arrived overseas a year ago, is a cook in Company A of the division's 33rd Armor.

The 1944 Caroline High School graduate was engaged in farming before entering the Army in February 1947. His wife, Mary, is with him in Germany.

Conservation Res. Deadline Extended

Chairman William H. Hopkins, of the Delaware ASC Committee announced today that farmers who are interested in the Conservation Reserve still have time to take the first step in applying for the program. He said the deadline to request a basic annual rate per acre was extended from Sept. 10 to Sept. 30.

The principal reason for the extension, Mr. Hopkins said is to allow the Department of Agriculture time for a re-study of the method being used in establishing the rental value of land offered for the program. Also, there is new legislation pending on this subject.

The Agricultural Appropriations Act for 1960 contains the following provision: "In establishing annual rental rates for new contracts, no such rental rate shall be established in excess of the local fair rental value of the acreage offered, such fair rental value to be based upon the average annual crop production harvested from such acreage during the past five crop years."

Farmers who have already filed applications for basic rates need take no further action at this time, Mr. Hopkins said. Their applications will be held and will be acted upon after new instructions are received. Applications for contract, the second step in the 1960 Conservation Reserve procedure, will not be accepted until further notice.

Sept. 30 Last Day For Wool Ballot

Chairman R. Harry Wilson of the Kent ASC County Committee, at Dover, today reminded wool growers that all ballots in the wool and lamb market development referendum must be voted not later than Wed., Sept. 30.

The referendum has been conducted throughout the month of September to give all growers ample opportunity to vote. Ballots were mailed to all known wool and lamb producers. After the ballot is voted, it should be mailed or brought in person to the county office. If the ballot is mailed, it must be postmarked not later than Sept. 30.

In the referendum, farmers who produce wool have the opportunity to vote yes or no on approval of a new agreement between the Secretary of Agriculture and the American Sheep Producers Council for the advertising and sales promotion of lamb and wool. If the agreement is approved, deductions will be made from government wool and lamb payments for the 1959, 1960 and 1961 marketing years to finance the Council's activities.

Deductions for this promotion program have been made each year since the wool incentive program began in 1955. Deductions amount to 1 cent per pound for shorn wool and five cents per hundredweight for unshorn lambs and may be no higher than that if the agreement is extended.

Q—If a child eligible for training under the War Orphans Education program needs special re-educative training I understand he can get it. Does this include medical care?

A—No. It includes special courses—such as braille reading, language retraining and the like designed to help a person overcome his handicap so he can eventually take regular training at school, but does not include medical care as such.

Q—How much longer does a World War II veteran have in which to get a GI home loan?

A—World War II veterans have until July 25, 1960, to apply for a GI loan. The law allows up to a year after that to complete the deal.

If the agreement is approved, deductions will be made from government wool and lamb payments for the 1959, 1960 and 1961 marketing years to finance the Council's activities.

Deductions for this promotion program have been made each year since the wool incentive program began in 1955. Deductions amount to 1 cent per pound for shorn wool and five cents per hundredweight for unshorn lambs and may be no higher than that if the agreement is extended.

An eligible voter in the referendum is any individual, corpor-

ation, partnership or legal entity which had an interest as owner or partial owner in one or more sheep six months of age or older for any period of at least 30 days from January 1, 1959 until the day his ballot is cast. Any wool grower who believes he is entitled to vote and has not received his ballot should notify the county ASC office.

Extension of the agreement requires a favorable vote by growers having two-thirds of the volume of production represented in the referendum.

Sept. 30 Last Day For Wool Ballot

Chairman R. Harry Wilson of the Kent ASC County Committee, at Dover, today reminded wool growers that all ballots in the wool and lamb market development referendum must be voted not later than Wed., Sept. 30.

The referendum has been conducted throughout the month of September to give all growers ample opportunity to vote. Ballots were mailed to all known wool and lamb producers. After the ballot is voted, it should be mailed or brought in person to the county office. If the ballot is mailed, it must be postmarked not later than Sept. 30.

In the referendum, farmers who produce wool have the opportunity to vote yes or no on approval of a new agreement between the Secretary of Agriculture and the American Sheep Producers Council for the advertising and sales promotion of lamb and wool. If the agreement is approved, deductions will be made from government wool and lamb payments for the 1959, 1960 and 1961 marketing years to finance the Council's activities.

PLASTIC FILM IS A USEFUL AND VALUABLE SERVANT WHEN USED CORRECTLY IT IS NOT A PLAY THING

Careless handling of plastic film, particularly plastic bags such as are used by dry cleaners, is a new frightening child killer. The possibility of an increase in this type of accident is greater now during early fall than at any other time of the year. Many garments which were moth-proofed and packed away during the summer will be unpacked shortly. The plastic bags used for this purpose will be brought out and made more accessible to children. The plastic film is often misused as makeshift mattress covers on children's cribs.

Forty-nine children were killed by plastic film during the first six months of 1959, according to reports from 48 State Health Departments. Delaware has had two deaths for the same period.

Anyone who has removed dry cleaning from a plastic bag knows how the material works. It clings like tape to a child's face cutting off their breath. Your State Board of Health is aware that most parents have heard these warnings, in the past, but emphasizes that the potential danger is greater now than at any other time of the year.

When a garment is ready to be worn, tear off the film covering and discard it by placing it in a refuse container.

Just as children should never be permitted to play with medicines or potentially poisonous materials, so too, KEEP THIN PLASTIC AWAY FROM THEM.

Needlecraft News

by Nancy Baxter

There's a lot of footwork involved in last minute Christmas shopping — remember?? But the smart gal can skip the holiday mileage involved in the search for that "just right" gift and, from the comfortable depth of her living room chair, accomplish some pretty fancy footwork of her own.

GAY SLIPPERS
 What better way to do just that than by crocheting these festive "harem slippers"? Metallic yarn and extra-added pearls lend an appropriately exotic air to this holiday gift, but it's a safe bet the ladies of the house—from Sis to Grandmom—will really go for the welcome comfort. Don't forget, they've been pounding the pavements doing their Christmas shopping. Each slipper is made in two pieces, then seamed together in front and at the heel. Tiny pearls are sewn along the edges, with an extra generous portion reserved for the turned-up toes. Add heel tabs and, presto, another name can be crossed off the holiday gift list.

IN A HURRY

In selecting the design, I've kept in mind the beginner with lots of gifts to give. The stitch is single crochet, so, between now and then, there's no telling how many of these happy holiday items you'll be able to turn out.

Greenwood

The girls in the Ever-Welcome Class of Grace Church met on Tuesday evening at the home of their teacher, Mrs. Jacob Hatfield and spent the evening sewing on their quilt.

The Greenwood Lions Club is already planning for a big Halloween celebration for Oct. 31. The school children of our town and also the school children of our sister town of Farmington will be special guests. All children of any age are invited. More of the plans will be published in our column as the weeks go by.

Mr. J. J. Sasser and Jacob Hatfield of the Greenwood Lions Club attended the District Governor's Rally Day dinner held at Caesar Rodney Sunday afternoon.

Mr. and Mrs. Edward Turnberger and children of Newark spent Sunday with Mr. and Mrs. Walter Mills. Little Lynn Turnberger, who has been spending a week with her grandparents, returned with the family.

Mrs. Emmett Whitmore was a Saturday evening caller at the home of Mr. and Mrs. Gilbert Pippin.

Mr. and Mrs. Jacob Hatfield and Ellen were Salisbury shoppers on Saturday and Sunday evening they were callers at the home of Mr. and Mrs. Lawrence Meredith.

Mrs. Rose Johnson spent the weekend in Greenwood, bringing with her a girl friend of many years acquaintance.

Congratulations to a former Greenwood boy, Ralph P. Barwick, assistant extension poultryman with the University of Delaware, who has now been appointed assistant professor of agricultural education. Mr. Barwick will be responsible for the training of vocational agricultural

instructors and for in-service training programs for teachers in the state's high school vocational agriculture departments. After attending Greenwood High School he entered University of Delaware and received bachelor's and master's degrees in agricultural education.

Wheat Varieties Recommended

Delaware wheat growers started thinking about planting when the brisk cool air moved into the Diamond state a few days back. Some of the questions that county agricultural agent George K. Vapaa hears at this time of the year are these:

"What variety of wheat will yield best, Mr. Vapaa?"

He says the answer to that one is Tayland of Seneca. If scab is a problem, as it is in the Western area of Kent county, NuDel or Nittany are the best bet because of their resistance to scab.

Another one is: What's the fly-free time?"

In our county it's after October, and you should get it in by October.

"Is certified seed worth the money?"

"That's an easy one," Mr. Vapaa says. "The difference between certified and uncertified seed is pretty small compared to the total investment you put into planting your wheat. Now that little difference in price eliminates a few of the many things that can cause a crop loss. It guarantees high germination, disease resistance and freedom from weed seed. The best management and ideal weather conditions won't do you any good if you don't put good seed in the ground." and someone always asks this one: "How much and what kind of fertilizer should I use?"

"That depends on a lot of things that can only be answered accurately by a soil test. You can get a test made this fall and topdress a shot of fertilizer in the spring."

Harrington School Notes

Mrs. Grant—Grade 1 We have 31 boys and girls in our room. We have 18 boys and 13 girls. Billy Glavia came from Altoona, Pa., Wanda Roger came from Wilmington and Bobby Everline from Greenwood. We are reading charts and printing papers. We are doing very well. Joey Gray and Gail Melvin brought some pretty roses to school. Gloria Welch has a new puppy named Skipper. Mrs. O'Neal—Grade 3 Everyday we do something new. This week we went to art. We read in our science books and we learned how to write many more letters. When we finish the alphabet we will use our handwriting all the time. Mr. Donovan—Grade 5 We had our guests Friday afternoon Miss Long's room. We enjoyed singing some of our favorite songs. In science we are studying the solar system, which includes nine planets. Mrs. Brobst—Grade 5 We have ten boys and sixteen girls in our room. We like to have a locker to use each day, because it makes up feel grown up. Sally Pitlick is away for two weeks visiting in Kansas. We miss her and are anxious for her to get back to tell us about her new experiences. Miss Long—Grade 5 We have 26 pupils in our room including two new pupils. Their names are Pam Creasy and Larry Benavides. Pam came from Maryland and Larry came from Alabama. We are glad to have them in our school. We are studying about Christopher Columbus. It is a very interesting unit. Reporters, Barbara Edger and Peggy O'Neal Miss Morris—Grade 8 We voted for our class officers today, Sept. 16. We elected as class president, June Thompson; vice president, Nancy Blades; secretary, Wayne Carson; treasurer, Randy Knox; class reporter, William Martin; Student County Rep., Wayne Carson. The locker inspectors

are Linda Smith and Thomas Lord. The hall traffic patrolman is Walter Purdue. Lunchroom monitors are Pat Smith and Fred Wyatt. The meeting was adjourned at 9:50. Reporter, William Martin Mrs. Mann—Grade 6 We elected officers for a new club. They are: John Greenhaugh as president; Wayne Porter as vice president. We have not elected a secretary. He or she will be elected when we learn to write minutes of the meeting. We have not selected the name of our club. There is a new girl in our room. Her name is Pamela Glavin, and she has moved to Harrington from Altoona, Pa. Reporters, Kitty Lou Burgess and Doris Spicer. Mrs. Tatman—Grade 4 Susan Greenhaugh, Donnie Messick, and Howard Brown were absent Monday due to illness. All the boys and girls enjoyed the physical education class this week. Most of the children in our room have their lockers and new suits. Burton Vincent has a birthday this week. Tillie Kukulka-reporter

Red Hollowell with his Mustang X went to the front for three laps but was passed in the 11th lap by Spanky Vincent driving Clarence Welch's Micro 13. Spanky held the lead for the rest of the feature race even though Dickie Sapp driving 22 tried to overtake him several times. All the members of the Blue Hen Micro Midget Club wish to make the announcement that there will be racing Sunday afternoons at 2 p.m. from now on until further notice. Micro races every Sunday at 2 p.m. Blue Hen Speedway just south of the Harrington traffic light on U.S. Route 13. Now for the results of Saturday night's races. 1st Race—1/4 Middets—8 laps 1-Bobby Walls in 1B; 2-Buddy Matthews in 8B; 3-Bobby Reed in 22; 4-Bobby Sherwood in 101; 5-Billy Dill in 1. 2nd Race—Micro Middets—15 laps 1-Reds Hollowell in car X; 2-Smokey in car 7; 3-Harry Porter in car 8; 4-Gene Nintzeltzer in car 10; 5-Ralph Wilson in car 3A. 3rd Race—1/4 Middets—8 laps 1-Bobby Reed in car 22; 2-Bobby Sherwood in car 101; 3-Buddy Matthews in car 8B. 4th Race—Micro Middets—15 laps 1-Clarence Billings in car 3B; 2-Jack Sapp in car 14; 3-Mervin Shulties in car 17; 4-Spanky Vincent in car 13; 4-Pat Fry in car 101; 6-Dickie Sapp in car 2. 5th Race—Go Carts—15 laps—Ralph Rifenburg in car 2. 6th Race—Micro Midget-Consolation—15 laps—1-Dickie Sapp in car 22; 2-Spanky Vincent in car 13; 3-Pat Fry in car 1701; 4-Ralph Wilson in car 8A; 5-Gene Nintzeltzer in car 10. 7th Race—1/4 Midget Feature 20 laps—1-Bobby Reed in car 22; 2-Bobby Sherwood in car 101; 3-Buddy Matthews in car 8B; 4-Bobby Walls in car 1B. 8th Race—Micro Midget Feature—25 laps—1-Spanky Vincent in car 13; 2-Dickie Sapp in car 2; 3-Jack Sapp in car 14; 4-Mervin Shulties in car 17; 5-Pat Fry in car 101; 6-Gene Nintzeltzer in car 10; 7-Harry Porter in car 8; 8-Reds Hollowell in car X; 9-Ralph Wilson in car 3A; 10-Clarence Billings in car 3B; 11-Smokey in car 7.

Yes, there was Micro Midget racing Saturday evening, despite the cool weather. We had with us the little boys with their 1/4 midgets and the Capital Kart Klub with their Go Carts. The Micro Middets' main event of the evening was sure something. Smokey driving John Porter's car 7 took the lead for four laps then Clarence "Lover Boy" Billings with his Micro 3B took over for three laps, but to the disappointment of all, the steering broke on 3B, and then

Felton School News

Enrollment

For the tenth consecutive year the enrollment of Felton Schools shows an increase. The elementary grades now list 332 pupils while 296 students are enrolled in the high school. The total of 628 pupils is an increase of 39 students over the enrollment of last June. The faculty has likewise been increased by two teachers for a total of 27 instructors, a high school principal, and a supervising principal. Robert L. Mitchell has been elected to teach junior high school, social studies and junior business training. He has a B. S. degree from Virginia Polytechnic Institute.

Building

During the summer the high school building with the exception of the new auditorium was painted and the roof of the original building was resurfaced. Damaged flooring in the Home Economics laboratory was replaced and the Industrial Arts Shop was remodeled and painted. Additional lockers, new tables and chairs for the chemistry laboratory, and new upholstered chairs for the auditorium have been ordered. The stage chairs are the gift of the class of 1959 to the school. Six manually operated typewriters have been replaced in the business education department and an electric typewriter has been added.

Administration

Fri., and Sat., Howard E. Henry and Charles A. Hoff, supervising principal and high school principal, respectively, will attend the Admiral Administrators Convention at Camp Tockwagh near Still Pond, Md. Some 200 school administrators, supervisors, and state department officials will participate in the conference.

Student Council

At a special assembly on Tuesday, Sept. 22, the Student Council sponsored the McAleer Marionette, who presented the old favorite, "The Wizard of Ozz."

The entire student body including elementary school was present at this delightful performance. The student council has also booked two live performances which will be presented during the school year.

Seniors

During the first senior class meeting Joan Lockwood was elected president, Joseph Sherwood, vice-president, Marie Carlisle, secretary and Joyce Walls, treasurer.

Curriculum

Several new courses have been added to the high school curriculum. A practical course in medal shop is now available to the boys in the 11th and 12th grades. This course will include medal cutting, welding, soldering, and other aspects of working with metals. Mr. Melvin Luff is the instructor.

With the addition of Robert Mitchell to the business education teaching staff the students in the academic and vocational courses are permitted to elect business education subjects along with their regular course requirements.

Junior high school students are now required to take a full year of science and junior high school girls are required to take a full year of Home Economics. In accordance with the proposed state curriculum changes all high school students are required to carry five major subjects. General science in the 9th grades and Biology in the 10th grade have been made requirements.

MENU

Monday—Macaroni and cheese, stewed tomatoes, milk, peaches, bread and butter.

Tuesday—Hot veal sandwich, whipped potatoes, milk, apricots.

Wednesday — Vienna sausage, baked beans, milk, apple sauce, bread and butter.

Thursday—Barbecue hamburger on roll, green string beans, milk, fruit or pie.

Friday—Combination sandwich and butter peas, milk, apple rice crisp.

H.H.S. Girls Start Hockey Practice

Miss Shirley Cleaves, girls physical education instructor at Harrington High School, is drilling a squad of 40 aspirants in preparation for the coming hockey season. Miss Cleaves, a graduate of the University of Maryland, last taught at Dover High School.

Prior to the first call for candidates prospects were good for a strong team this year, due to the fact that there were many girls in school with extensive hockey experience. However, several of these girls with three or four years of play behind them have decided not to participate. Apparently the old school spirit is waning. Now it appears that local supporters will have only a fair team to cheer at best.

The following girls are on the team roster.

Nancy Blades, Susan Brown, Chris Coady, Fay Cornish, Joan Dean, Bobette DeVroy, Thomasine Doss, Bonnie Dickerson, Shirley Cox, Irene Ellers, Peggy Ferrelli, Nancy Harrington, Dawn Hopkins, Michele Jack, Patsy Jack, Barbara Jones, Mary Ann Jones, Lynn Layton, Jean Martin, Susan McDonald, Norma Lee Meredith, Mary Ann Messick, Claudia Neeman, Vera Petrow, Jacqueline Russum, Patricia Richardson, Carol Smith, Patricia Smith, Linda Smith, Kitty Lou Smith, Jean Thomas, Nancy Taylor, Norma Teed, Joan Welch, Sharon Walls, Iris Lee Warrington, Priscilla Neilson, Carol McNally, Bonnie Tucker.

Scorekeeper, Nancy Derrickson; timekeeper, Kenna Joe McKnatt; managers, Charlotte Rapp and Carol A. Moore.

Canteen Club Notes

The regular Canteen meeting was held Monday evening with ten present. David Brobst has taken over the duties of treasurer. We are glad to note Bill McColey and Dwight Hackett are back in school.

Mr. and Mrs. Kramedas, Mr. and Mrs. Smith, and Mr. and Mrs. Jeffers, the football coaches have been invited to attend this Saturday night's dance. Everyone is reminded that the H.H.S. Football team will play their first game on the home field this Saturday, Sept. 26 at 2 p.m.

The meeting was adjourned to meet next Monday evening at the home of Club president, Bonnie Satterfield, on Mechanic Street.

Don't forget the dance Saturday night, 8 to 11 p.m. with Russ Argo and his Jems furnishing the music. The senior officers will be in charge.

Delaware Food Market Report

Things look better all the way around at the grocery store this week. A big improvement in quality is already noticeable at the vegetable counter. While supplies of local produce are declining, out of state vegetables are coming in and quality is good. Growing areas have been having favorable weather. Most stores have now switched to distant sources of supply.

Both tomatoes and lettuce are up in price. Better buys though, for the salad bowl are red and green cabbage, both selling for about 9 cents a pound; green onions 10 to 13 cents a bunch; celery around 18 cents; and carrots at 2 cellophane bags for 19 cents.

Sweet potatoes dropped a penny per pound this week, and now average 9 cents a pound. Quality is improving also. Butter nut and acorn squash are reasonable in price and offer a change in the menu. Other fall and winter vegetables on local markets are: Brussels Sprouts, cauliflower, broccoli, pumpkins, parsnips and purple top turnips.

Cool weather has put "the blush" on many apples. The Delicious apple has definitely deepened its color since the cooler days are here and what could be better for the lunch box than a good apple! Average prices for these apples is 18 cents a pound. Cooking apples dropped another penny this week and are now averaging 10 cents a pound. Other fruit buys are: Western cantaloupes, white seedless grapes, red grapes, bananas, honeydew and oranges.

Despite the reports of big supplies of fresh pork on hand, fresh pork prices have advanced this week. Week-day prices are up on rib chops, loin chops, rib roast and liver. However, picnic shoulders are a penny cheaper; both grades of bacon have dropped a penny per pound.

Thriftiest meat buys this week are specials on beef and pork cuts. Veal and lamb are also on sale, in fact, the food shopper can find almost anything her heart desires, even imported frog legs, if she shops around a bit. Quite a pleasant over-all picture this week. However, it will take careful buying to save money.

Bible Presbyterian Church Notes

Meets in the New Century Club, Church Avenue, Milford. The Rev. Frank R. Mood, pastor.

This Sunday ends the first year of study in the "Through the Bible" lessons. The school has covered in that time the first five books of the Old Testament. This new do-it yourself, method of Bible Study has proved a real blessing to everyone. The school will continue with these Bible lessons with a year of study in the New Testament, studying the four Gospels, Matthew, Mark, Luke and John. Get in on the ground floor of these new studies. Rally Day has been announced for Sun., Oct. 4. The new lessons will begin on that date. The school welcomed Mrs. Edward M. Fox and her daughter, Pam, of Milford, as visitors this past week.

The Rev. Mood, pastor of the church, will direct the worship services at 11 a.m. and 7:30 p.m. During the morning service the Rev. Mood will bring a message, "Our Guarding God." The message for the evening service will be "Christ, the Stone." The Young Peoples Choir will sing at both services.

The Wednesday evening prayer meeting is held in the home of the pastor, 809 S. E. Front Street.

The young people of the church have been singing together every Thursday evening in preparation for their part in the Sunday worship services. They meet in the home of Mr. and Mrs. Coleman, 302 Richard Street for this time of fellowship.

New Song About Delaware Written

"... When you ask us where we're from, we're quick to tell you this, it is a little state, but one you should not miss!"

Thus goes the verse to a new song about Delaware, which has been adopted as the official song of the Blue Hen Chicks of Milford. Organized one year ago under the leadership of Mrs. David S. Hugg, the "Chicks" are junior girls sponsored by the Ladies Auxiliary to V.F.W. Post No. 6483 of Milford, known as the Blue Hen Post.

The song chosen by the girls, "We're From the State of Delaware," was composed by Mrs. John McFarland of Wilmington, herself an adopted Delawarean. Mrs. McFarland, mother of four, writes songs as a hobby and got the idea for the Delaware song when one of her youngsters became confused on a vacation trip and asked, "Which state are we from?" The proud answer, "We're from the State of Delaware!" took on the rhythm and tune which has a vitality and sparkle especially appealing to an enthusiastic group of youngsters like the Milford "Chicks."

This group of thirty-five girls plans to use the song on future visits to the Veterans Administration Hospital at Brack-Ex, the Milford Memorial Hospital, and the State Welfare Home at Smyrna. The "Chicks" will most likely make appearances at various V.F.W. functions including the 1960 State Convention at Rehoboth Beach.

On all such occasions, the Blue Hen Chicks, in the spirit of their fathers who served the First State will sing their song: "We're from the State of Delaware And we proudly bear her name No folks can boast from any-

White House Conference in Jan.

The State of Delaware now has \$12,000 for use in preparing for participation in The White House Conference for Aging, a check in that amount having been presented to Governor J. Caleb Boggs in ceremonies held recently in the Governor's Office at Dover.

In accepting the Federal grant, Governor Boggs stated that "Delaware is pleased to participate in this National effort to explore ways and means of utilizing the skills and wisdom of our senior citizens." He also expressed the state's appreciation of the grant, which he said would be "used to conduct studies of the aging within the state."

Tuesday evening, Sept. 22, the Harrington Moose Lodge No. 534 held its regular meeting.

During the meeting Brother Watson Shew of Milford was elected as Governor of the Lodge, replacing Brother Theodore Ivory of Greenwood, who sent in his resignation due to illness in his family.

The Maryland, Delaware and District of Columbia Moose Association will hold its next meeting Sun., Sept. 27 at Brunswick, Mr. Brother William J. Boyd of near Wyoming and Brother William Fleischauer Sr. of Farmington will attend the meeting.

There will also be an enrollment ceremony at the Harrington Moose Lodge No. 534 for new members next Tuesday evening, Sept. 29.

The present Governor elect, Brother Watson Shew, states that he would like to see as many members present at meetings as possible.

Meets in the New Century Club, Church Avenue, Milford. The Rev. Frank R. Mood, pastor.

This Sunday ends the first year of study in the "Through the Bible" lessons. The school has covered in that time the first five books of the Old Testament. This new do-it yourself, method of Bible Study has proved a real blessing to everyone. The school will continue with these Bible lessons with a year of study in the New Testament, studying the four Gospels, Matthew, Mark, Luke and John. Get in on the ground floor of these new studies. Rally Day has been announced for Sun., Oct. 4. The new lessons will begin on that date. The school welcomed Mrs. Edward M. Fox and her daughter, Pam, of Milford, as visitors this past week.

The Rev. Mood, pastor of the church, will direct the worship services at 11 a.m. and 7:30 p.m. During the morning service the Rev. Mood will bring a message, "Our Guarding God." The message for the evening service will be "Christ, the Stone." The Young Peoples Choir will sing at both services.

The Wednesday evening prayer meeting is held in the home of the pastor, 809 S. E. Front Street.

The young people of the church have been singing together every Thursday evening in preparation for their part in the Sunday worship services. They meet in the home of Mr. and Mrs. Coleman, 302 Richard Street for this time of fellowship.

White House Conference in Jan.

The State of Delaware now has \$12,000 for use in preparing for participation in The White House Conference for Aging, a check in that amount having been presented to Governor J. Caleb Boggs in ceremonies held recently in the Governor's Office at Dover.

In accepting the Federal grant, Governor Boggs stated that "Delaware is pleased to participate in this National effort to explore ways and means of utilizing the skills and wisdom of our senior citizens." He also expressed the state's appreciation of the grant, which he said would be "used to conduct studies of the aging within the state."

New Song About Delaware Written

"... When you ask us where we're from, we're quick to tell you this, it is a little state, but one you should not miss!"

Thus goes the verse to a new song about Delaware, which has been adopted as the official song of the Blue Hen Chicks of Milford. Organized one year ago under the leadership of Mrs. David S. Hugg, the "Chicks" are junior girls sponsored by the Ladies Auxiliary to V.F.W. Post No. 6483 of Milford, known as the Blue Hen Post.

The song chosen by the girls, "We're From the State of Delaware," was composed by Mrs. John McFarland of Wilmington, herself an adopted Delawarean. Mrs. McFarland, mother of four, writes songs as a hobby and got the idea for the Delaware song when one of her youngsters became confused on a vacation trip and asked, "Which state are we from?" The proud answer, "We're from the State of Delaware!" took on the rhythm and tune which has a vitality and sparkle especially appealing to an enthusiastic group of youngsters like the Milford "Chicks."

This group of thirty-five girls plans to use the song on future visits to the Veterans Administration Hospital at Brack-Ex, the Milford Memorial Hospital, and the State Welfare Home at Smyrna. The "Chicks" will most likely make appearances at various V.F.W. functions including the 1960 State Convention at Rehoboth Beach.

On all such occasions, the Blue Hen Chicks, in the spirit of their fathers who served the First State will sing their song: "We're from the State of Delaware And we proudly bear her name No folks can boast from any-

There were 180 ladies in attendance.

Leukosis Research Grant to U. of D.

A special grant of \$49,000 has been made to the University of Delaware to finance research on avian leukosis, a serious disease of poultry, according to an announcement by Dr. John A. Perkins, President of the University.

The grant, extending over a three year period, is from the U. S. Department of Health, Education and Welfare, through the National Institute of Health.

Dr. Morris S. Cover, chairman of the department of animal and poultry industry and Dr. William J. Benton, poultry pathologist and research associate in the agricultural experiment station, will conduct the research in co-operation with various segments of the poultry industry on the Delmarva peninsula.

They will try to discover how common the disease is and attempt to isolate the virus. Infected birds will be collected for study to determine what causes the disease and how it is transmitted.

The scientists will try to isolate cultures of the virus in the laboratory so that chickens can be artificially infected under laboratory conditions where the disease can be more closely studied.

Avian leukosis has been on the increase in poultry producing areas of the United States. Special research on leukosis was recommended by a committee representing the poultry industry on the peninsula and the University of Maryland and the University of Delaware.

"Anatomy of a Murder" At Reese Sept. 24-29

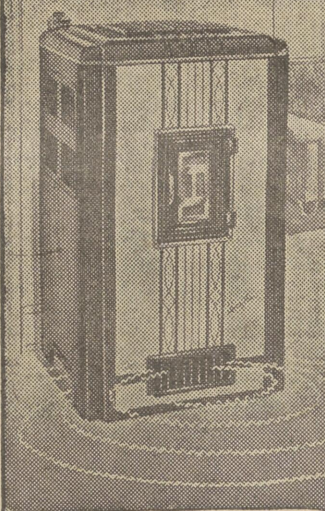

"More people than ever are going to the Movies", says the Sirdlinger Institute, national business analysis. It's merely a case of going where one is finding the best entertainment. From all over Maryland and Delaware, theatre fans are finding that extra enjoyment at the Reese Theatre.

It's the No. 1 book. Critics agree it's the No. 1 picture. Great enjoyment is in store for those who demand the best in entertainment, as the sensational "Anatomy of a Murder" plays the Reese Theatre for six glorious days—Thurs., Fri., Sat., Sun., Mon., and Tues., Sept. 24, 25, 26, 27, 28 and 29.

No picture in recent years has received such praise from press and public. With a gold bond cast including James Stewart, Lee Remick, Ben Gazzara, Arthur O'Connell, Eve Arden, Kathryn Grant, and Joseph N. Welch as Judge Weaver, "Anatomy of a Murder", is one great hit no movie fan can well afford to miss.

We suggest you glance at the Reese Theatre program for running time, etc., to be found in this newspaper.

Crops and Soils Program Planned

"Crop Improvement Through Better Fertilization" will be the theme of this year's crops and soils program, Nov. 23-24, put on each year by the Delaware Crop Improvement Association.

A planning meeting was held in the State Board of Agriculture Building, Dover, by officers and advisory committee members, Sept. 16.

The group agreed that the Farm-City Week banquet will be held Monday evening, Nov. 23. The short course on fertilizer will be held the following day, and the awards banquet Tuesday evening. The State Crops Show will be underway both days.

The affair will be held at the Capital Grange Hall, Dover.

The awards banquet is in honor of the Delaware farmers who topped the field this year in corn production in the five acre corn yield contest, the soybean contest and the alfalfa program.

This is the 10th year for the corn yield program and there will be a special table to honor the corn growing champions of the last nine years.

Subjects to be covered during the short course were decided upon and committees were appointed to arrange speakers for the two banquets.

Casher Evans, president of the Delaware Crop Improvement Association, conducted the meeting. Committee members are:

Crop Show Committee—Allison Davis, chairman, Greenwood; William Hudson, Georgetown; James Dickinson, Townsend; Donald Clark, Dover; M. S. Witoski, Viola; Edward L. Jones, Selbyville.

Short course—Carlton Blendt, chairman; Townsend; Edward Schabinger, Middletown; Jim Ford, Smyrna; Isaac Thomas, Maryland; A. Bailey Thomas, Camden; David Elliott, Laurel; Edward G. Hickman, Millsboro. Farm-City Banquet—George Fisher, chairman, Dover; George Vapaa, Dover; William H. Brady, Elkton; Frank Smith, Millsboro; Raymond Townsend, Frankford; Henry Shearer, Dover.

Do Your Children Eat Right?

Do the teenagers in your family eat right? Does your teenage son eat practically everything in sight while his sister seems to have no interest in food?

The kind and amount of food your children eat can influence their present and future health happiness, according to Mrs. Marjorie Whittaker, food and nutrition specialist at the University of Delaware.

Teenagers are growing rapidly. They need enough food and the right kind of food. This means a full quart of milk every day, either as whole milk, skim milk or buttermilk. If your youngsters don't want that much, good substitutes for each cup of milk less than a quart are 1 1/2 ounces of cheddar cheese, 1 1/4 cups cottage cheese, or 1 1/2 cups ice cream.

Teenagers require more protein than adults. A minimum of two servings of meat, poultry or fish, plus milk, eggs, and cheese is necessary to provide the required protein.

Teenagers need at least four servings of fruits or vegetables daily. It's important that one of these be rich in vitamin A and another in vitamin C.

Young people should have four servings of breads or cereals each day too.

When your teenager eats these foods daily, he or she is laying a good foundation for present and future health and happiness. Your "ever-hungry" son may eat additional foods as long as he doesn't gain too much weight. Your calorie conscious daughter can profit by this diet if she chooses foods she needs for radiant health.

See Delaware In The Autumn
The traveler will find much to see—and much to do—on a fall visit to Delaware, "The Diamond State", advises the Delaware State Development Department.
Noting that the "Diamond State is easily accessible by excellent highways, one of which—the dualized duPont Parkway (U. S. Route 13)—offers the most direct route from New England to Florida, the state information agency is urging the fall traveler to include scenic historic Delaware in his or her travel plans. Delawareans, too, are urged to use the state's unexcelled recreation facilities and to visit some of Delaware's many historic spots during the fall season.
Throughout rural Delaware, the fields and woods are particularly attractive in the fall as the former lush green foliage gradually gives way to the oranges, yellows, browns, and reds that make fall travel so pleasing to the eye.
The beaches of southeastern Sussex County, which just a short time ago lent their facilities to a record-establishing influx of summer vacationists, are no longer crowded, yet bathing and other forms of beach fun can still be enjoyed in the still mild waters and warm mid-day sunshine.
Fishing—in surf and from boatside—is particularly good during the fall months. Fresh water fishing in any one of the state's more than fifty ponds and lakes is rewarding. Clamming and trawbing actually improve during early fall in some areas.
Many of the motels, hotels and restaurants in or near the coastal areas extend their "season" well into October and some now remain open throughout the year. Reduced "off season" rates, providing worthwhile savings, are an added attraction to the fall visitor to Delaware's "Riviera Coast".
The state's many small cities and towns offer modern conveniences in scenic settings that emphasize the area's ties with a history-packed past. Well-shaded streets and roads extend past old buildings that once witnessed the making of history.
Picturesque and centrally located Dover is well worth a visit. Not only is it the capital of Delaware but the buildings surrounding historic Dover Green offer excellent examples of Georgian Style colonial architecture and are well maintained and in every day use. Notable among these is The Old State House, in continuous use since the Revolutionary War.
Downstate, near where the Delaware Bay and the mighty Atlantic meet, is Lewes, where, in 1631, the Dutch made the initial European attempt at establishing a settlement in what is now "Delaware Valley, U.S.A." While this first attempt at colonization was destroyed within a year by Indians, later attempts at settlement were successful, and Lewes, through the years, has had an important role in history.
Lewes residents, through countless generations, have piloted ships of all nations from the Atlantic through Delaware Bay and Delaware River to Philadelphia and other up-river ports.
During the War of 1812, the port successfully withstood bombardment by the British. Today, Lewes is recognized as one of the nation's greatest commercial fishing ports.
The first permanent European settlement in what is now Delaware was made in 1638 at "The Rocks", now a small state park that is part of present day Wilmington. The Dutch shortly thereafter made a permanent settlement on the site of present day New Castle.
New Castle, near the western approach to the Delaware Memorial Bridge, was the Colonial capital of the "Three Lower Counties" that became the new State of Delaware. Many of the buildings from this era are still standing and are open to the public.
While such special occasions as "Old Dover Days" and "New Castle Day" are observed in the spring when residents of these communities re-capture the color and atmosphere of colonial times by donning colonial garb, and opening historic homes and buildings for public viewing, the fall visitor finds the same hospitality prevalent with the welcome mat conspicuously displayed.
Odessa, picturesque 300-year-old village midway between Wil-

mington and Dover, opens its restored 17th and 18th century homes and gardens for public viewing on "Odessa Day," Sunday, Oct. 11.
Each section of the state has museums that are open during the fall season. In Wilmington, the Old Town Hall displays relics of Delaware's early history, and the Delaware Museum of Art offers art treasures including its famed Howard Pyle collection. Just a short drive from the city is the Eleutherian Mills-Hagley Foundation project (Hagley Museum and Yards) featuring restored early powder mills and relics and models of the area's early industry.
About six miles northwest of Wilmington, on Del. Rte. 52, is the Henry Francis duPont Winterthur Museum containing nearly 100 American period rooms from 1640 to 1840. In the fall season, reservations must be made in advance and there are no visiting hours on Sunday or Monday.
Southeast of Dover on Delaware Route No. 9 is the John Dickinson Mansion, the restored home of the "Penman of the Revolution." Dickinson is credited with authoring the Articles of Confederation in addition to
serving both Delaware and Pennsylvania as chief executive.
In addition to The Old State House and historic Dover Green, Dover offers such places of interest as the Delaware State Museum, the State Archives Building, Legislative Hall and other state buildings, Wesley College and the Dover Air Force Base.
At Newark, the University of Delaware in the fall consistently fields one of the best small college football teams in the country. Despite expansion brought on by record-establishing enrollment, the university campus retains scenic beauty that has to be seen to be fully appreciated.
Throughout the state are to be found restaurants and dining rooms offering a wide variety of well prepared and appetite-stimulating dishes. Attractive hotels and motels provide modern conveniences at reasonable rates.
Whether the traveler plans a quick or extended tour—an overnight stay or a lengthy visit—the State Development Department personnel are confident that he or she will find Delaware attractive and enjoyable in the fall.

Why we built two cars for 1960 . . .
as different as night and day
On October 2—for the first time in Chevrolet's 49-year history—you will be able to walk into your dealer's showroom and see two totally different kinds of cars. One is the conventional 1960 Chevrolet, brand new in appearance and more beautifully refined and luxurious than you can imagine. The other is unlike any car we or anybody else ever built—the revolutionary Corvair, with the engine in the rear where it belongs in a compact car. We'd like to tell you why we built two such different cars, how we built them—and for whom we built them.
Why two kinds of cars? Because America itself has been going through some big changes in the past few years. Our cities have been straining at their seams. Traffic is jam-packed. Parking space is at a premium.
And our suburbs have spread like wildfire. People are living farther from their work, driving more miles on crowded streets. There is new leisure time—but more things to do. There's a new standard of living—and more need for two cars in the family garage.
In short, America's automobile needs have become so complex that no one kind of car can satisfy them completely. That is why we at Chevrolet, keeping tab on these trends, have had a revolutionary compact car in the planning stages for more than nine years.
Thus, when we decided three years ago to prepare for production of such a car we were ready to build it the way it should be built. There was no need for a hasty "crash" program that would create only a sawed-off version of a conventional car.
That is why the two cars you will see in your dealer's showroom October 2 will be two entirely different kinds of cars. One is the conventional '60 Chevrolet—brand new in beauty, with new space inside, new spirit under the hood, a new feeling of smoothness and luxury never before attained by any car in its field. There is great V8 power linked with new thrust, plus Chevrolet's superb 6-cylinder engine. It is a traditional car that comes even closer to perfection—in silence, in room, in ease of control, in velvety ride—than any other car we have ever made.
The other is the Corvair, a compact car that is astonishingly different from anything ever built in this country. It has to be—because this is a six-passenger compact car, with a really remarkable performance . . . a car designed specifically to American standards of comfort, to American traffic needs.
The engine is in the rear. Among the basic advantages resulting from this engine location are better traction on a compact 108-inch wheelbase and a practically flat floor. But to be placed in the rear, the engine had to be ultra light and ultra short. So Corvair's engine is totally new—mostly aluminum and air cooled; it weighs about 40 per cent less than conventional engines. It is a "flat" horizontally opposed six—so it is only three cylinders long . . . and that leaves a lot more room for passengers.
Another weight saving: like modern airplanes, the Corvair has no frame; the body-shell supplies it great structural strength . . . it's a welded unit that is virtually rattle-free.
The ride is fantastic. But to get it we had to design independent suspension at every wheel; conventional springing would give a compact car a choppy ride. Right now we'll make one prediction: no other U.S. compact car will ride so comfortably, hold the road so firmly and handle so beautifully.
Now there are two kinds of cars from Chevrolet—because it takes two kinds of cars to serve America's needs today. If you love luxury—the utmost in luxury—and if you want generous interior space, breath-taking performance, automatic drives and power assists—then the conventional '60 Chevrolet may be your choice.
If easy parking, traffic agility and utmost economy are high on your list—then you should seriously consider the Corvair. But the best thing to do is to look these two new cars over at your Chevrolet dealer's . . . take them out for a drive. It may be that the only logical choice for your family between two cars like this is—both. They make a perfect pair.
