ELECTRIC **House Heat**

"Most comfortable heat we ever lived with" is one of the first comments you'll hear.

* * *

Naturally, we at the electric company are prejudiced in its favor. Many times we've told you that electric heat is clean as an electric light bulb; that it's gentle, even heat, free from drafts; that there is a thermostat in every room, allowing wide flexibility in temperature control.

BUT, as we say Don't take our word for it Ask some one who has it

If you plan extensive re-modeling you'll find a modern heat pump ideal for year round comfort. It heats in winter . . . cools in summer. It can be installed in a new or existing home.

Labor Standards Act.

Caesar Rodney

Publishers Ordered to comply L. H. BURGESS AND W. C. BURGESS \$3.00 Per Year Out of State

Editor With Wage Law C. H. BURGESS Associate Editor W. C. BURGESS Entered as second-class matter August 16, 1946, at the Post'Office at Harrington, Delaware, under the Act of March 3, 1879. Office of Publication, 207 Commerce Street, Harrington, Delaware \$2.50 Per Year Subscription Rates .

ALL THROUGH THE NIGHT

It is three o'clock in the morning. Over the radio of the parked car comes Brahm's Symphony No. 1 in C Minor.

The illumination from the colored light bulbs, a feature \$1 an hour, the keeping of ade- board from materials gathered at of the annual Christmas decorations in the business dis- quate records and prohibits un- the conference and will speak trict, has long been extinguished, but the tinseled stream- lawful shipment in interstate to the Driving Education class commerce. ers, over the street, still glisten as they work overtime.

The southbound passenger train pulls in, its diesel labor, was plaintiff in the action locomotive sending up a plume of steam. Otherwise, all is brought by acting solicitor of labor Harold C. Nystrom. quiet, save the sound of an occasional automobile.

But soon the police car rushes up. What is afoot? We soon see it is the policeman. He gets out of the car and starts down the main street, trying the doors of the business establishments . . . bank, restaurant, drugstore, variety the supervision of William Harstore, poolroom, furniture store, hardware store. He disap- gadine, Jr., reginal director, Chambersburg. pears from our view, but soon he comes in sight, trying doors on the other side of the street.

A routine chore, seldom witnessed by the bulk of the \$1600 in back wages to six preresidents but well known by the malefactor. How soon we sent or former employees. forget the routine chores of the police, particularly those of the small communities. One policeman to direct school children across the street, check the parking meters, check the pumping station, turn on the Christmas lights, and nanas which are shipped in interto combat evil. At three o'clock in the morning, we get the state commerce. proper perspective when we realize the immediate safety of the community depends on one man.

Which poses a question-How can rural communities, School News such as ours, obtain policemen for the comparatively small pay they receive?

Houston

Members of the social relations committee of the Women of St.

girls' home economics program, under direction of the Cooperative Extension Service, she attended the 38th National 4-H Club Congress in Chicago Nov. 29-Dec. 3. Her expensepaid trip was provided by Montgomery Ward. A member of the Houston Cardinal Club the last six

years, she has received many awards for excellence in home economics. She has designed and made 28 dresses and suits, in addition to many other articles of clothing.

Houston Girl Excels

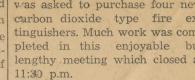

In Home Economics

The clothing project, she feels, has been most rewarding as well as the greatest award winner of her 4-H activities. Among her clothing awards are three blue ribbons from county shows and a scholarship to the short course in clothing judging.

Active in many 4-H projects, Saralee also holds the record for being chairman of more committees than any other local club member. She plans to attend the University of Delaware with a teaching career in view.

Milford Hospital **Employees to Receive** Christmas Gift

The employees of the Milford Memorial Hospital are being given a \$5 Christmas gift this year in line with previous practice. In an effort to demonstrate to the surrounding communities how the funds it pays for hospital bills constantly recirculates in the community, it was decided to make this \$5 presentation this year in the form of silver dollars. Since this \$5 award is a small percentage of the monthly payroll of the hospital, the impact ma ynot be too significant, but since use of silver dollars is extremely limited, most people will be very conscious that this money has come from a conscientous employee serving humanity.

CHARGE DISMISSED (Continued from page one)

nolia, charged with passing through a state police radar station near Magnolia on Oct. 2, at a speed of 82 miles an hour. The defendant, represented by Henry J. Ridgely, claimed another car was passing at the same time, and that he himself was not exceeding the speed limit. Mr. Trader prosecuted the case.

Walter K. Betts, Louis Joseph Ciccone, Albert L. Krupka, and Walter Louis Scott, pleaded innocent to charges of operating their automobiles while under the influence of liquor and will be tried later.

hi-quality cotton, they're a cinch to take care of

with ELECTRIC Heating Cable

Wrap it around pipes to supply heat which will prevent them from freezing and bursting. Thermostat should be used on insulated pipes to avoid overheating.

Heating cable can be used in connection with exposed water pumps to prevent costly freeze-ups.

Soil Heating ...

with low-temperature soil heating cable in hotbeds or greenhouse means protection from freezing plus faster earlier seed germination.

> Cable is available in kits with directions for installing. Ask at our district office for leader with information on electric heating cable.
