

Chamber of Commerce Sparks Move To Decorate Town For the Fair

The Chamber of Commerce, at its June meeting Tuesday at The Wondtr R, indicated the community would be well decorated for the Kent & Sussex Fair the last week in July.

The chamber, in co-operation with the fair association, has ordered four banners, denoting the fair, to be placed in the community. The group also voted to approve a decorating firm which will solicit individual merchants to decorate their establishments for the fair. The merchant is to pay the bill. The decorating firm has been doing similar work at the fairgrounds some 25 years.

Callaway-Kemp-Raughley-Tea Post No. 7, American Legion, will sponsor a swimming pool on its property, it was divulged in a letter which added that co-operation with other civic groups in the project was impractical. The letter was signed by L. Gooden Callaway, chairman of the swimming pool committee.

City Councilman Clarence Collins urged support of a change in the City Charter giving the City the power to raise the limit of its borrowing power from \$25,000 to \$40,000. A bill is now in the General Assembly to this effect.

T. Brinton Holloway, secretary and general manager of the Kent & Sussex Fair Association, told of events scheduled at the fairgrounds after the fair. These were as follows:

Stock car race, sponsored by the Harrington Volunteer Fire company, Sat., Aug. 6; stock car race sponsored by the Delaware State Police, for the benefit of Camp Barnes, Sat., Aug. 13; Rural Electrification Authority picnic, Aug. 17; circus, sponsored by the Rotary Club, Sept. 1. The Massey-Ferguson dealers on the Peninsula are considering a field day, date undetermined, with entertainment by Red Foley in the evening.

W. Cliff Miller, chairman of the sign committee, said that community identification signs, on U.S. 13 north and south of town, were being repainted. These signs were put up in co-operation with the Lions Club and Rotary Club. The chamber has also approved another sign on Vernon Road, Delaware 14, if these clubs agree to take part.

U. of D. Announces Summer School Concert Series

The summer school concert series at the University of Delaware was announced this week by J. Robert King, of the music department and chairman for the campus summer recreational program.

"Music for Two Pianos," featuring the artistry of Anthony Loudis and Mildred Gaddis, of the University Faculty, will lead off the series on Monday, June 27.

A chamber orchestra concert, under the direction of Mr. King and featuring the music of Vivaldi and Mozart, will be the July 11 headlight. Nina Dova soprano-guitarist, will present a recital of international songs on July 18.

Namburg Award-winning pianist of 1959, Howard Aibel, will be the attraction on July 25. Closing out the program will be Irene Bewley, monologist, on August 1.

All programs will be held in Mitchell Hall at 8:15 p. m. and are open to the public without charge.

Proposed Increase in Defense Money Reflects Concern, Says Frear

United States Senator J. Allen Frear says that the proposed increase in defense appropriations for the next fiscal year reflects the concern of Congress over the effectiveness of our over-all national defense program.

In his weekly statement, Mr. Frear called attention to the added funds approved late last week by the Senate Appropriations Committee in support of our so-called spy-in-the-sky satellite program. Mr. Frear pointed out that the suspension of U-2 flights over Russia prevents the United States from having access to vital weather information in that area as well as possible data on the location of Soviet missile sites from which a surprise attack could conceivably be launched.

The Senator also emphasized that the recent internal crises in Japan, Korea and Turkey point up the existence of instability and restlessness abroad in countries where United States bases or other military facilities are

All-Star Softball Game to Be Held Friday Night

The Denton Softball League All-Star team will meet the Harrington Community Softball All-Star team on Friday night, June 17, 1960. There will be two games between the two teams, and the first game will start at 7:00 p. m.

The managers of the teams picked two players for each position. The two players having the most votes will represent the league in the two games.

Before the balloting was started, the Bridgeville manager stated that a few of his players play for a team in the Denton league and would in all probability play for the Denton league.

Raymond Dennis, Greenwood manager, will manage the Harrington All-Stars, and William Lane, Bridgeville, will be a coach.

The voting was as follows: catchers, Larry Hammond, Moose, 4; 1st base, Dag Cannon, Greenwood, 6, and Cook, Stone's Hotel, 3; 2nd base, Voshell, Felton, 5, and Atwood, Outten, Moose, 2; 3rd base, Cliff Chambers, Felton, 4, George Lankford, Greenwood, 3; shortstop, Harry Fisher, Felton, 4, and Elwood Brown, Harrington Athletic Club, 3; left field, Fletcher, Felton, 5, and Marvin Brown, Harrington Athletic Club, 2; center field, Franklin Brown, Greenwood, 6, and Sheldon L. Hayman, Harrington Athletic Club, and Jack Swain, Stone's Hotel, 2 each; right field, Delfonso, Greenwood, 4, and Fountain, Bridgeville, 3 votes.

Five Graduated From University Of Delaware

Michael Glen Timko, RD 2, Harrington, was graduated Sunday from the University of Delaware with a degree of distinction in horticulture.

Students receiving the degree must have completed a research project and have a 3.5 in their major field of study.

Also receiving degrees were Dorothy Ann Lomicky, RD 2, Harrington, a B. S. in home economics; Richard Bland Seely, Harrington, a B. S. in agriculture; Abraham Schultz, Felton, a B. S. in arts and science, and Paul Eugene Williamson, Greenwood, a B. S. in agriculture.

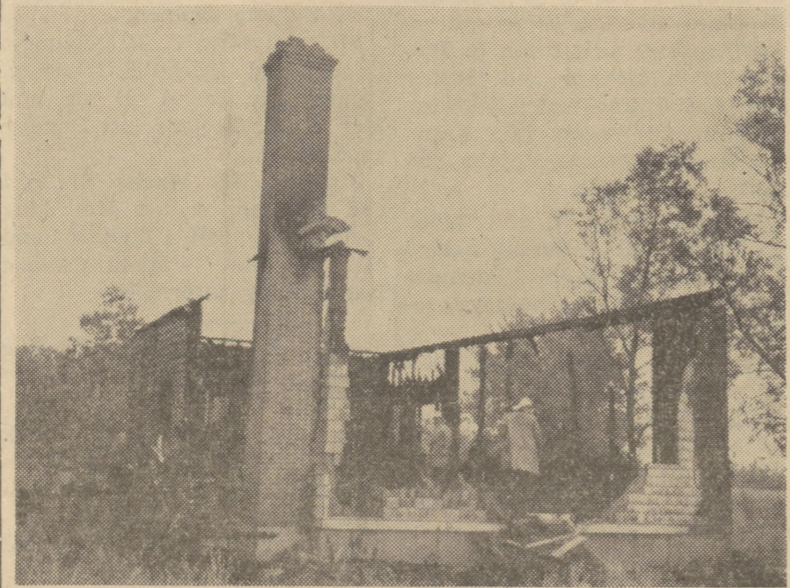

Jaycees to Sponsor Special Events Day Tomorrow

The Harrington Jaycees are sponsoring a special event day tomorrow at Williams Pure Oil Service Station, on U.S. 13 across from The Wonder R, from 8 a.m. to 6 p.m.

Tickets are on sale by Jaycee members, as well as by the service station, for \$1 each. They are redeemable by the holder for \$1 toward a gasoline purchase, oil change, wash or grease job, and will also make the purchaser eligible for numerous prizes to be awarded on that date.

All proceeds will be used for civic improvements.

Former Schoolhouse Burns

Fire Chief Doug Mills and Walt Messick inspect the ruins after a fire of unknown origin destroyed a former schoolhouse west of Vernon early Sunday morning. The structure, owned by Herbert Smith, had been rented by the Fountain Brothers, of Milford, for a rod and gun club, with alterations underway. Loss was estimated at \$4000. Houston Fire Company stood by while all three Harrington fire trucks were in service.—Curtis Melvin Photo.

K. T. Meredith, Kent Farmer, Dies in Hospital

Kenneth T. Meredith, 67, died Thursday, June 9, in the Kent General Hospital following a short illness. He operated his farm west of Dover, until his recent illness.

Mr. Meredith was a past master of Capital Grange, Dover; and executive member of the Delaware State Grange; was a national director of the Delaware Electric Co-operative; treasurer of Central Lodge No. 10, Knights of Pythias, Dover, and was a member of People's Church.

He served as a deputy sheriff of Kent County for eight years, completing his term two years ago, whereupon he resumed farming.

His wife, Margaret, survives, as do two daughters, Mrs. Raymond Pearson and Mrs. Charles Clendaniel, both of Dover, and four grandchildren.

Services were held Sunday at 2:30 p.m. from the Trader Funeral Home. The Rev. Richard E. Chartier, assistant pastor of the Peoples Church officiated. Interment was in Lakeside Cemetery, Dover.

Windrowers Cut Wide Swathe

Self-propelled windrowers which cut a wide swathe and place the hay right in the windrow, have been in use for hay-making in the Western United States. Recently they have been introduced in the East by Farm Equipment Manufacturing, often with a hay conditioner added to the unit.

University of Delaware agricultural engineer Ernest N. Scarborough reports that the good points of the self-propelled windrower lie in its maneuverability and time-saving features. However under Delaware's humid conditions, Scarborough said it does not appear practical to put hay into a windrow as it is cut. It slows the drying too much.

Tests at Pennsylvania State University show that hay does not cure as fast behind the windrower as it does with the regular mowing and raking system. In fact, the Pennsylvania tests showed that 24 hours after cutting, hay mowed and raked contained nine per cent less moisture than hay cut with the windrower.

When hay conditioners were used with both systems, the difference was still about nine per cent.

The self-propelled windrower should not be confused with the successful flail type hay harrower which is rapidly gaining popularity with hay producers.

Pony League News

The Harrington Pony League nine won two games after opening the season with four losses. Barry Fry pitched a good game against Laurel as the locals prevailed 3-2. Richard Brown drove in the winning tally. Laurel had a team which for the most part dwarfed the home outfit in the size department. The Sussex Countians' runs came as a result of a two-run homer by their giant center fielder.

Tuesday night Harrington defeated Bridgeville 10-6. Ted Johnson pitched the first four innings and was the winning pitcher although three other hurlers eventually saw action. Johnson had a triple while Brown and Fry also shone at the bat.

Felton High School Graduates 30

James M. Rosbrow, President of the Delaware Congress of Parents and Teachers, addressed the graduating class of the Felton High School in the school auditorium on Wednesday, June 8. The topic of his address was "The Sixties and Beyond—Fulfillment or Frustration."

The valedictory address, "The Danger of Lowered Moral Values" was delivered by Geraldine Barr. Edith Postles, the salutatorian, spoke on "The Dangers of Complacency." Scholarships were presented by Mr. Charles Hoff, the high school principal, as follows: The Avon Club \$100 scholarship was awarded to Nancy Ludlow. The Viola, Canterbury, Felton Ruritan Club \$100 was awarded to Edward Ross.

Mr. Howard Henry, supervising principal, delivered the farewell address to the graduates. Diplomats were presented to the graduates by Mr. Virgil N. Jarrrell, Chairman of the Board of School Trustees. The graduates are:

M. Geraldine Barr, Leona Bonne, D. Marie Carlisle, Diana L. Cooper, J. Clarence Dill, Lois E. Dill, Ruth A. Edwards, Francis Lowell Farrow, William R. Gray, R. Alan Haldeman, Donald Hubbard, L. John Kates, Robert R. Kemp, Dorothy M. Knox, John M. Lockwood, Nancy E. Ludlow, Ellen L. Maris, Ray C. Melvin, Harry J. Morris, Bessie L. Peterson, Claude H. Peterson, A. Maria Pizzadili, J. Pete Pizzadili, Edith A. Postles, Joanne E. Robbins, Edward Ross, Joseph R. Sherwood, Joseph Somy, Billy Stubbs and Joyce A. Walls.

Motor Fuel Taxes \$16.75 Per Person

Motor fuel taxes received by Delaware during the first nine months of the present fiscal year were equivalent to \$16.75 for every man, woman and child in this state, according to the motor fuel tax receipt records. It is further revealed that the amount of motor fuel taxes collected during this nine month period is just \$1,701.60 less than the entire amount allocated for the operation of Divisions of the State Highway Department for the next fiscal year.

The total amount of motor fuel taxes collected during the first three quarters of the present fiscal year totaled \$6,734,313.40, which is \$464,537.29 more than was received during the same period of last year.

The budget allocations for the operation of the Highway Department, Motor Vehicle Department, State Police, Construction Division, Safety Responsibility Division and Mosquito Control Division, totals \$6,739,015.00.

Motor fuel tax receipts for the first quarter of the present fiscal year, ending Sept. 30th, were \$2,011,983.82, an increase of \$48,068.94 over the previous year. For the second quarter, ending Dec. 31st, the receipts were \$2,570,292.07 an increase of \$286,896.89, while for the third quarter, ending March 31st, the receipts were \$2,152,127.51 an increase of \$129,571.46. There was a decrease in the receipts for the month of March because of heavy snow storms curtailing traffic during a part of that month.

Present indications are that the motor fuel tax receipts for the present fiscal year will have a sizable increase over the receipts from that source for the previous fiscal year.

Tournament of Thrills to Appear At K & S Fair

One of the top grandstand features of this year's Kent-Sussex Fair at Harrington will be the appearance of some of the nation's top auto stuntmen in a Tournament of Thrills to be staged on Friday afternoon, July 29, in what promises to be a spectacle of thrills, chills, spills, skills and fun.

The Thrill Tourney is geared to entertain both young and old with a fast moving pace leaving no dull spots in the program. From precision driving patterns to crashing and smashing automobiles and motorcycles, the audience will be held spellbound by the daredevil feats of the stunt men or the comedy antics of the daredevil clowns.

A fleet of new automobiles is used in the skilled driving exhibitions while worn-out cars ready for the junkyard are used in the crash events.

Performers in the thrill spectacle are mostly from the movie and television lots or from the speedway.

In the crash event, three cars will be parked across the race track directly in the path of a speeding stock model car which will race up an elevated ramp, roar into space, and crash head-on into the three cars blocking its way, finally coming to rest in a tangled mass of steel while the stunt driver remains at the wheel.

Among the other stunts to be included will be blazing barrier crashes, deliberate and controlled crash rolls of stock automobiles, hair-raising bumper to bumper precision driving patterns, the crash of a speeding automobile into parked cars and the catapult of a speeding open-topped convertible through eighty feet or more of space.

Friday afternoon only at the Kent-Sussex County Fair.

Norman Cotter Receives Award

Norman Cotter, who, with his French bride, is vacationing in Europe, has received a federal grant and will study French a year at Penn State University, starting this fall. He taught French and Spanish several years at Harrington High School.

Felton Firemen To Sponsor Water Carnival

A water carnival will be held at Killen's Pond Sunday from two to four, sponsored by the Felton Community Fire Company. The entertainment is presented by the Ski Bees.

There is no admission. Rain date will be June 26. Refreshments may be had at the pond.

Mrs. Naomi Hammond Heads Governor's Committee on Aging

The Governor's Committee on Aging met in the First National Bank Building Monday evening at 8 o'clock and elected Mrs. Naomi Hammond, temporary chairman, as permanent chairman. J. C. Messner was elected secretary.

The committee, consisting of Albert Price, William Humes, L. L. Swartzentruber, the Rev. Lorraine Ottinger, the Rev. T. Hackett, Dr. Hewitt Smith, William Shaw, Mrs. Hammond and Mr. Messner, as appointed by the state chairman, Dr. C. J. Prickett, determined to increase their number by adding Mrs. Frances Hatfield and the Rev. William H. Smith, both of Farmington, and Mrs. Leland Price, Mrs. Blanche Jarvis and Howard E. Henry, all of Felton.

In the absence of Mr. Swartzentruber, of Greenwood, he was empowered to appoint two or three more individuals from Greenwood.

The conditions of the aging was discussed in terms of financial, medical and housing adequacy. The hospitals and nursing homes in the immediate vicinity were considered adequate, and the number of physicians immediately available also sufficed. The major problem was that of keeping individuals of the group over 65 socially and mentally directed, and as a result, the development of facilities and conditions and the alerting of those in charge of these facilities to entertain and occupy those over 65 demands that the state organization, or the Governor's Committee on Aging encourage all agencies, such as churches, civic and other

DSEA to Fight State's Ruling

The Delaware State Education Association indicated last week it will act as soon as possible to correct inequities it claims will be created by the attorney general's opinion that holds there is no conflict between the state employees' retirement pension act and the fair dismissal act.

Charles R. Harris, executive secretary of the DSEA, said that "interest in the entire problem is extremely keen since the adverse opinion can affect more than 20 per cent of the teachers and administrators of the state."

The question came up when a school administrator in Kent County was asked to retire by the local board of education. He felt he was not ready to retire although eligible, and since he did not receive notice of termination of services before May 1, as called for in the teacher tenure act, he did not DSEA explained.

The administrator referred to is Jacob C. Messner, superintendent of the Harrington Special School District. Acting on behalf of the educator, the DSEA requested an opinion through the State Board of Education from the attorney general. His ruling was that no conflict exist and that "retirement under the state employees' pension plan is not a termination of services within the meaning of the so-called fair dismissal act for professional employees and, therefore, the laws are not in conflict."

In effect, the DSEA officials said, the ruling means that educators who are eligible to retire after having served 30 years as a state employee or who have reached 60 years of age can be retired by the local board of education.

Citing the act as unfair not only because it seems to be contrary to the intent of the fair dismissal law but it could create widespread dismissal among some experienced teachers, Harris said the DSEA attorney, John P. Sinclair, of the (Continued on Page 8)

Jay Black Graduates From Lehigh University

Jay Black, former Harrington resident, was graduated from Lehigh University, in Bethlehem, Pa., Monday with a Bachelor of Science degree in Industrial Engineering.

He attended grade school here and first-year high school at Milford. He will be remembered for his black magic performances at local church and civic functions.

Black will teach next year at the University of West Virginia. Mr. and Mrs. W. Cliff Miller attended the graduation of their grandson who will be remembered as the son of Mrs. Eileen Black.

DELMARVA CHICKEN FESTIVAL GETS UNDERWAY TODAY

Today the biggest show on the Delmarva Peninsula gets underway at the Selbyville School. Friday marks the opening of the two-day Delmarva Chicken Festival, the 13th of these annual affairs, and the first one to be cropped down to two days by the sponsoring organization, Delmarva Poultry Industry, Inc., of Georgetown.

The big show starts with a bit of historic significance when at 8:45 a.m. the traditional ribbon-cutting ceremony will be held at the Selbyville School, featuring descendants of the Wilmer Steele family. The late Mr. and Mrs. Wilmer Steele of this area have long been credited with starting the broiler industry some 37 years ago, in Ocean View. One of the Steele's daughters is coming all the way from Bryan, O., to participate. There will, of course, be the usual dignitaries including Webb Cassell, DPI President, the cochairmen of the festival, Donald Lynch and George Edward Gray, along with Mayor William R. Ringer and other local chairmen of the various festival committees.

Right after the ribbon-cutting ceremony the Junior Chicken Cooking Contest will get underway in the school. At 10 a.m. a miniature circus, also in the school, will open its doors to the children (adults, too, if they want), and at 11:30 the first of the fried Delmarvalous Chicken will be served from the Original World's Largest Frying Pan, located on the school grounds.

Other features of the first day will include the Little Miss Delmarva Beauty Pageant on the afternoon, with the 1960 Little Miss Delmarva being crowned by Gov. J. Caleb Boggs. Also in the afternoon, will be the awarding of prizes to the junior chicken cooking contest winners, and a foot race for children.

The afternoon will wind up with the mammoth Festival parade starting promptly at 4 p.m. and at 5 p.m. Delmarvalous fried chicken will again be served from the World's Largest Frying Pan.

Friday night will see one of the main features of the festival, the Miss Delmarva Beauty Pageant. This will get underway in the school's gymnasium at 8:45 p.m., winding up with the crowning of Miss Delmarva 13th by Governor Boggs.

Between the end of the parade and during the serving of the Delmarvalous fried chicken, there will be a concert given on the school grounds at 6:15 p.m., by the U. S. Air Force Headquarters Command Band of Boling Air Force Base, Washington, D. C. The concert will last for one hour.

Saturday, the featured highlight of the Delmarva Chicken Festival, the National Senior Chicken Cooking Contest, will get underway at 8:30 a.m. Be (Continued on Page 8)

Fleischauer Receives Highest Moose Degree

In a colorful and impressive ceremony held on Sat., June 11, William Fleischauer, Sr., R. D. 3, Harrington, was awarded the Pilgrim Degree of Merit, the highest degree of the Loyal Order of Moose, at Moosehead, Ill., the famed Moose Child City.

Fleischauer, a member of the local Moose Lodge for many years, was awarded this coveted degree for his continued devotion to the philanthropic work of his fraternity.

Eleven Enter Chicken Festival 3-Mile Footrace

The Delmarva Chicken Festival three mile race has drawn eleven entries to date. The runners will toe the mark at Selbyville at 3:30 p.m. today (Friday). Post entries will be accepted. Co-favorites are two of the three college distance runners in the field. John Creighton of East New Market, Md. and Wilmington is the first of these. Creighton, as a freshman last year at Swarthmore University, set cross-country records in distances up to four miles or more and was the No. 1 runner on the track team in the mile and two mile. Wes Stack of Seaford holds the University of Delaware freshman (Continued on Page 8)

Six Students At Vocal Camp

The Delaware Music Camp will be held at Wesley College, Dover, beginning next Monday, June 20 and continue until the following Sunday when a concert by the combined chorus and orchestra will be given in the new Dover School Auditorium beginning at 2:30 p.m. This concert is free of charge, and is open to the general public.

The camp is open to all high school students in grades 9 thru 12, and has as its officers Mr. Floyd T. Hart, Camp Director, assisted by Mr. H. Franklin Carrel for Chorus, and Mr. Allen L. Richardson for orchestra.

The guest directors this year will be the same as for last year's successful season—Mr. Ralph Hunter for the Chorus, and Mr. Jaroslav Holesovsky for the orchestra. Mr. Hunter is former choral director at Radio City Music Hall, New York City as well as a former member of the faculty at the Julliard School of Music and is presently a member of the Hunter College faculty and conductor of the Collegiate Chorus, the latter an organization of outstanding musical distinction. Mr. Holesovsky is former concertmaster of the Dayton Symphony Orchestra and is currently the Supervisor of the string instruction classes for the Philadelphia Public Schools.

Monday evening, June 20, at 8:45 p.m., the Ardensingers will present the one-act Gilbert and Sullivan operetta "Trial by Jury" in the Dover Auditorium for the entertainment of the members of (Continued on Page 8)

PENNSUPREME SUMMER FUN CONTEST WINNERS—Pictured are John L. Phillips (center) manager of Penn Dairies retail store here, presenting Mrs. Earl Anthony her prize of a golf gizmo, and Chester H. Short, winner of a badminton set.

Harrington Girl Wins Dairy Title

Jeanne Martin of Harrington was crowned 4-H Club Dairy Princess of Kent County on the basis of her poise, appearance, and ability to milk a cow at the fifth annual Dairy Festival in the Houston Fire Hall Saturday night.

Other winners among 21 contestants were Lillian Dixon of Dover, second; Carol Sinclair, Dover, third; Connie Vinyard, of Houston, fourth, and Florence Gillespie of Wyoming, fifth.

The Dairy Festival, attended by approximately 300 people, was a joint project of the Kent County 4-H Clubs and the Harrington-Felton Local of the Inter-State Milk Producers' Cooperative. Director Ellwood Gruwell of Felton presented U. S. Savings Bonds and cash prizes, donated by his Cooperative, to the winners.

The contestants were given one minute to extract as much milk as possible from Delshire Blanche, a record-setting Ayrshire cow owned by George two minutes to make an extemporaneous speech explaining some 4-H Club project. Judges were Senator Earl M. Tull of Seaford; Mrs. Mildred Wells, Felton home economics teacher; Earl Hawk, chairman of the Miss Delmarva pageant; and Dr. Wilbur Hesselstine, dairy specialist at the University of Delaware.

Miss Martin was crowned by Miss Delmarva, Nina Lou Ringer of Seaford, poultry queen of the Delmarva poultry industry. As Dairy Princess, she will lead the livestock parade at the Harrington Fair, with second and third place winners as her court.

Other contestants and the 4-H Clubs they represented were Helen Grapp of Dover, Oak Grove; Suzanne Jaywork and Norma Jean Davis of Milford, Milford Millwood; Linda Korschak, Sandy Taralla, and Marlene Korschak of Hartly, White Oaks; Lois Dill of Maryland and Jeanette Gillespie of Wyoming, Westville; Josephine Moore, Connie Moore, Eleanor Lee Hutchins, and Betty Dixon of Dover, Chestnut Grove; and Ruth Ann Yerkes, Rose Messick, Patsy Marvel and Bonnie Scott of Houston, representing the host club, the Houston Cardinals.

Bill Henderson, Sussex county agent, acted as master of ceremonies. Marion MacDonald, 4-H Club agent, and Ray Starkey, president of the Houston Cardinals, greeted the audience. Tommy Ainsworth of Houston served as "shovel man" or a clean-up crew of one.

1959 TB Statistics Show Decrease

Tuberculosis statistics for 1959 reveal a slight decrease in both the number of new cases uncovered and the number of deaths resulting from the disease, according to G. Taggart Evans, executive secretary of the Delaware Anti-Tuberculosis Society.

Figures compiled by the State Board of Health reveal that a total of 162 new cases of TB were found in Delaware last year. This compares to 172 uncovered the previous year, but is five more than the total for 1957.

Deaths from tuberculosis totaled 21 in 1959, a decrease from the 1958 total of 38.

At the present there are 572 cases of tuberculosis listed on the register. This represents a slight decrease from the number on file on March 31, 1959, when 588 cases were listed.

An estimated 150 cases of active tuberculosis exist undiscovered in Delaware.

The attack on tuberculosis in the state was led last year by the mobile unit teams which took a total of 59,575 small X-ray films. Of this number, 4,125 were taken in migrant labor camps.

The mobile X-ray units are jointly sponsored by the state Board of Health and the Delaware Anti-Tuberculosis Society. In the X-ray clinic maintained by the Society at 1308 Delaware Avenue, Wilmington, 6,366 small films were taken. A total of 2,836 larger films were taken for referral to physicians.

Screening units were operated at four general hospitals in the state—Delaware Memorial, Milford Memorial, and Kent General Hospital.

4-H Club Notes Farmington

The Farmington 4-H Club met at the Fire House last Wednesday evening with Mrs. Jane Vincent in charge. Mrs. MacDonald, our county agent, was with us. We have eighteen members now and invite anyone who would like to join. We have many interesting projects and plan to have many good times. We want to thank Faye Kenton and Jo Anne Messick for their nice refreshments.

Fishing Lines

Artificial Reefs

Will artificial structures placed on the bottom of our bays and oceans attract fish? The University of Delaware hopes to be able to answer this question within the next year. At the present time arrangements are being made to build two reefs in the Indian River area. This project is a pilot study to determine whether or not these structures are practical in attracting different species of fish and the type of materials that are best suited for their construction. Sunken ships and barges, etc. have already proved to be fish paradises. Artificial reefs are known to attract a natural growth of small organisms such as mussels, oysters, and other small invertebrates which, in turn, will lure the fish from the vast areas of open water and thus provide excellent fishing areas for numerous sportsmen. Two experimental reefs were designed for the Delaware Bay area, but as yet the Corp of Engineers and Coast Guard have not given their permission for construction.

Flounder in the Bay

For the past few weeks fishing in the Delaware Bay has been below par; many feel the cause is lack of continuous warm weather. However, flounder have started to bite now, and the catch should be on the increase. Flounder fishing has been improving steadily since the 1958 fishing season; before this time, these fish were relatively scarce in the bay. Soft sandy areas seem to be the habitat best suited for the flounder, and in the past few years expansion of areas of this type bottom might account for the increase in the number of fish.

Bait Minnows Taken With Hook and Line!

Many flounder fishermen use minnows exclusively for bait, and in most cases these minnows are taken by means of nets or small seines. Recently one angler was observed baiting a small barbell hook with tiny pieces of worm and then dropping it directly into a school of minnows too far away to reach with a net. The result—a couple dozen minnows in a short time and our fisherman was ready for larger game fish.

Rock Fish

Pan rock are plentiful at this time of the year in the Delaware River area. Small rock 10 to 12 inches long are considered an excellent food fish. Fishermen have been very successful at the rock jetties off Augustine Beach. The oyster rocks in the Broadkill River is another good spot for rock, and here there is always the possibility of hooking a "tackle buster."

Large trout are being taken from the Indian River area by night fishermen using bucktails. Blue fish also have been very plentiful in this area, and surf fishing activities are increasing daily. A very large school of blues was observed entering the Inlet and working its way into the bay. One weighing 15 pounds was caught from the bridge at the Inlet.

Truck Driver Entries Are Being Sought

Truck driver entries are now being sought in Delaware for the fifth annual Mid-Atlantic Regional Truck Rodeo to be held August 18-20 at Philadelphia, it was announced Monday by William E. Barnard, general manager of the Delaware Motor Transport Association.

Any working truck driver with a year or more accident-free record is eligible for the competition for state and rodeo championships.

Competing will be top-flight commercial drivers from Pennsylvania, New Jersey, Maryland and Delaware. The truck associations of the four states are joining as sponsors.

Drivers are entered by their companies, which pay their expenses. In Delaware, entries should be filed with Mr. Barnard at the association's Dover Headquarters, P. O. Box 343.

The rodeo is a test of driving skill, judgment and mastery of the vehicle. Both in written exams and driving trials over an obstacle course, the contestants will compete on a point basis for state championships in four classes: straight truck, single and tandem axle tractor-trailer and tank truck. An overall four-state rodeo winner will be named.

The written tests will be held at the Philadelphia Police Academy and the driving trials will be run on a course at the nearby Torresdale Filter Plant yards, 8501 State Road, Philadelphia.

The rodeo will be conducted under the official rules of the American Trucking Associations. State winners in the Mid-Atlantic contest will be eligible to enter the national rodeo to be held at St. Paul, Minn., later this fall.

Power Mower Is A Safe Tool

The power mower is a safe tool—if 11 simple rules for safe operation are followed—the Delaware Safety Council declared Wednesday in an appeal to householders to use mowers with care.

The 11 suggestions for safe operation of mowers are as follows: 1. Start Safely. Stand firmly. Make sure your feet are in a safe place.

2. Keep in step with your mower for perfect control. If you lag behind or let it pull you, you won't be in full command of the machine. Don't run.

3. Learn how to Disengage the Clutch or stop the motor quickly in case of any emergency. Stop the motor whenever you leave the mower.

4. Keep the way clear of little tots and pets. Don't let them play around the mower while it is in operation.

5. Always be sure of your footing and balance when mowing on inclines. The steeper the incline the more care required.

6. Inspect the lawn that is to be mowed before the mowing begins. Clear the lawn of all stones, wires and other debris.

When grass is wet or when it is raining, it is best not to use an electric power mower unless you are certain the entire mower and the cord are in perfect order.

Disconnect the spark plug wire whenever you want to work on the underside of a mower. Tip mower over by means of the handle. Don't reach under the deck, chain guards or belt guards of any mower. Keep hands, feet and clothing away from any moving parts.

Keep fuel stored in an approved tightly sealed container.

10. Respect your power mower and teach this respect to the younger members of the family who use it. Teach them, too, these simple safety suggestions.

11. Excessive cutting blade speed is dangerous—do not over-speed the engine by tampering with the governor.

These 11 suggestions, forming a "power lawn mower safety code" were extracted by the Council from a publication of the Lawn Mower Institute.

The Council has included the code in a packet of safety material being sent to Delaware Industrial firms co-operating in promoting off-the-job safety among their employees. The off-the-job safety program is emphasizing vacation safety this summer. The packet contains, in addition to the power mower code, material on highway safety, boating, other outdoor recreation, and vacation safety in general.

Copies of the power mower safety code or other safety material are available at the Council's offices in the duPont Building.

Caesar Rodney School News

The 1960 assessed real estate value of property in the Caesar Rodney Special School District increased by over three million dollars over the previous year according to a report recently made to Dr. John G. Parres, director of Research for the State Board of Education. This year's total is \$17,626,438 which is an increase of over 20 per cent. The capitation list remains almost constant with 4335 taxables listed.

There are approximately 225 taxable trailers listed on the school assessment.

The Board has continued the current tax rate of 35 cents per hundred dollars of assessed valuation plus a seven-dollar capitation tax in order to be able to meet, in part, the needs of new construction now pending.

William Pickering, who was president of the class of 1959, was elected president of the Caesar Rodney Alumni Association for a two-year term during the business meeting of the Association held in conjunction with the recent annual banquet and dance.

Other officers elected were: Joe Green '56, vice president; Carol Analore '60, secretary; and Nuniaz Cannizzo '54, treasurer.

Harold Bailey, retiring president, who served as toastmaster was presented with a pair of water skis by vice president Mrs. Norma LaVere on behalf of the Association.

The treasurer, Mrs. Sylvia Jean Ross Webb, reported total receipts of \$6,331.71 and expenditures of \$6,035.80 including \$660.58 for the new cafeteria public address system.

The following were speakers for the five, and multiples of five, year classes being given special recognition: Hobert Gehrmann, class of '55; George B. Simpson, class of '50; Byron Cooper, class of '40; William Richardson, class of '35; James Warren, class of '30; Arley G. Jackson, class of '25; U. S. Senator J. Allen Frear, class of '20.

The banquet was concluded with brief remarks by Dr. William B. Simpson to be followed by dancing to the music of Robert Wagner.

Joan Welch Given Surprise Party

On Saturday evening, June 4, Miss Joan Welch, daughter of Mr. and Mrs. Carroll Welch, Delaware Avenue, was a pleasantly surprised young lady as 100 guests assembled to honor her on her 18th birthday at St. Stephens recreation hall. Dancing, games, delicious refreshments were the order of the evening. Joan received many nice gifts.

Hobbs

DEFENSE WEAPON

*Your telephone neighbors are making
key contributions to our Nation's defense*

Many telephone skills are important to defense . . . and since Bell combines in one organization research, development, design, manufacture and operation, it can do things no other group could be expected to do.

Start with the telephone itself . . . the vast communications link which is vital to defense because it binds together every community in our land . . . with many different voice routes connecting major cities and with alternate routes bypassing critical target areas in Delaware and throughout the country.

Then turn to the products of telephone research which are constantly being used by Diamond State engineers to improve your telephone service . . . and you find them playing major roles in major defense projects.

Like the construction of the DEW Line, for example . . . the continent-wide chain of radar sta-

tions in the Arctic wilderness, some of them where no man had ever before set foot, designed to provide distant early warning of air attack . . .

Like the development and manufacture of the several Nike missile systems, including one that can electronically track down and destroy hostile aircraft and another that holds promise as a defense against ballistic missiles . . .

Like the discovery and application of the transistor, which is essential to accurate missile guidance and also helps relay information from man-placed satellites . . .

And like a wide array of other defense tasks, large and small, some so secret only a few people know of them.

Every day, in many different places and many different ways, telephone people of many skills are strengthening our Nation's defense . . . To protect your world.

THE DIAMOND STATE TELEPHONE COMPANY
Your neighbors enlarging your world through service and science

Felton

The theme of the Rev. Hugh G. Johnson's Sunday morning sermon was, "Finding God In Unlikely Places." The Children's Choir Anthem was "In the Temple."

The June Covered Dish Supper and meeting of the Adult Sunday School Class will be held in the Educational Building Wednesday evening, June 22 at 6:30 o'clock.

The second meeting to make further plans for the street fair and 100th anniversary celebration of the Felton Methodist Church will be held at the Church Monday evening, June 20th at 8 o'clock.

Rodney Fletcher, son of Mr. and Mrs. Ernest Fletcher and Sandra Jefferson, daughter of Mr. and Mrs. Alvin Jefferson of Laurel, placed second in Juvenile Dance at the 1960 Tidewater States Roller Skating Championships held at Merryland Roller Rink, Glasgow. There were 25 dance teams in all.

Recent guests of Mr. and Mrs. Richard Hardy and daughter, Patty were their daughter and sister, Mrs. Wilson Sturgis and her daughters, Leslie and Cathy, of Delmar.

Mr. and Mrs. Preston Dill of near Goldsboro, are receiving congratulations on the birth of a daughter, Karen, June 2nd, at Milford Memorial Hospital, Milford.

Mr. and Mrs. Wilfred Fletcher and Mr. and Mrs. Ernest Fletcher and sons, Rodney and Kevin were Saturday evening visitors of Mr. and Mrs. William Turner and family, Vicky Jo and Billy in Centreville.

Sunday visitors of Mr. and Mrs. Walter Moore and family were Mrs. Moore's cousin, Mr. Edgar Charles and Mrs. Charles, of Shippensburg, Pa.

Mr. and Mrs. Lott Ludlow and family, Charlott, Nancy and Sammy and their guests, Mr. and Mrs. Edward Crosta of Largo, Fla., attended the graduation of Mrs. Ludlow's and Mrs. Crosta's nephew, Henry Poole at St. An-

draws School, Middletown, Saturday. Henry and his parents, Mr. and Mrs. F. R. Poole of Caracas, Venezuela, were Monday guests of the Ludlow family.

Jackie Parker of Harrington spent a few days last week with his uncle and aunt, Mr. and Mrs. James Cahall.

Students home from University of Delaware, Newark, for summer vacation are, Charlott Ludlow, Judy Weinberg, Virginia Zec, Gene Carlisle and Robert Hughes. The past Sunday Abbie Schultz and Dorothy Lomicky were graduated from the University of Delaware.

Monday evening visitors of Mr. and Mrs. Reed Hughes were, Mrs. Clara Hughes and Mrs. James Conley and son, Jimmy of Frederica. Jimmy was a recent graduate of Southern Florida College in Lakeland, Fla.

Alan Haldeman left Tuesday of this week for basic training in the Navy, at Great Lakes Naval Training Center, Ill.

4-H'er Must Decide

Delaware 4-H Club members who will attend 4-H Short Course on the campus at the University of Delaware June 22-25 have some decisions to make.

Dr. Sam Gwinn, assistant director of the Agricultural Extension Service and state 4-H Club leader, said each 4-H'er will have to select which classes he or she wants to take from a list of 17.

Of course some of the 17 can be cut from the list easily. Boys probably won't take the dress revue class, for example. And not very many girls are likely to take the dairy course.

The courses are intended not only to help the 4-H'er with their project work but also to provide them with information and leadership training so that they will be able to help other club members in their local Clubs when they get home, Gwinn said.

Many of the older 4-H'ers will be interested in a course being taught by Mr. Ralph P. Barwick, assistant professor of agricultural education, with the title, "Is College for You?"

Miss Eleanor Echo, Simplicity Pattern Co., will teach two classes of interest to young ladies. One is "Clothing and Good Grooming" and the other is the "Dress Revue Class" which prepare contestants for the Dress Revue Contest Friday evening.

Some of the other courses open to the 4-H'ers include livestock, taught by Dr. John Shropshire, extension livestock specialist; Science in 4-H Work, taught by agricultural engineer Ernest Scarborough; Eat Right to Win, taught by Janet Coblenz, extension nutrition specialist; Vegetable Gardening, taught by Robert Stevens, extension horticultural specialist.

Dr. Gwinn added that everyone is invited to attend the dress revue contest and talent show in Mitchell Hall on the U. of D. campus June 24 beginning at 8 p.m.

Miss Carolyn Drummond spent the weekend with Miss Connie Mitchell of Ocean View.

Mr. and Mrs. George Brade of Denton spent Saturday evening with Mr. and Mrs. Clarence Breeding and Sunday visitors were their daughter and children, Mrs. Bill Tull, Wayne, Bobby and Debbie, of near Greenwood.

Two Girls Win AAUW Scholarship

The Dover Chapter of the American Association of University Women announces that the co-winners of this year's college scholarship are Geraldine L. Wall of Dover High School and Carol Ann Patlan of Caesar Rodney High School. The two girls had a remarkably equal record of high scholastic achievement and both ranked at the 99th percentile or in the top one percent of the National Merit Scholarship Qualifying Tests.

They had high scores on College Board Examinations. Both girls were members of the National Honor Society and Geraldine was President of the Dover Chapter. Each of them is a musician and both have participated extensively in school activities.

Ten girls competed for this scholarship. All candidates had such fine records that the committee found it very difficult to decide between them. Other girls applying for the scholarship were Jean Christner, Jean Crossley, from Dover High School; Marilyn Bickling, Marilyn Wild, Margaret Ann Borrer, Joan Bassiago from Caesar Rodney High School, and Sandra Lee Kates and Ruth Walls from Harrington High School. There were no applicants from Smyrna or Milford High Schools.

Asbury Methodist Church News

Church School 10 o'clock, Howard S. Wagner, superintendent. "Bearing Good Fruits" is the theme of the lesson in the Adult Department. The purpose of this lesson is to point out that the quality of a person's deeds not only provides a worthy basis for selecting church leaders but that it also gives to every Christian a redemptive challenge for growth and achievement.

The Morning Worship Service 11 o'clock conducted by the Rev. Shockley. The Sermon theme is "Daddy What Are You Doing With My World?" This service will be developed around the theme of Fatherhood and the responsibilities pertaining thereto. We especially invite all fathers to be present for this service. Our guest soloist, Miss Bonnie Lee Dickerson, will sing the beautiful hymn "Behold Tis Ev'ntide."

We cordially invite all people of Harrington that are without a Church home to come and worship with us and join our fellowship.

The friendly greeters that will welcome you to our services this week are the men of the Booster Class. The Booster Class will also present Altar Flowers this week in memory of deceased members.

The ushers for this month are: Fulton Downing, Martin Grier, Albert Price and William Simpson.

The evening services have been canceled for the summer until the Fall.

A special collection will be taken during Sunday School and church service this Sunday, for the people in the disaster area of Chile. In this stricken nation approximately 65% of the population in a 1000 mile long disaster

area is without shelter. It is mid-winter there. More than 5000 are dead and 100,000 are homeless. They are without food or clothing. Sickness and disease require large quantities of medical supplies. This is an emergency which claims our Christian compassion and summons the Methodist Church and every Christian to action. The offering will be free will.

Vacation Bible School for the community will begin Monday morning at 9 o'clock at the Asbury Methodist Church, under the direction of The Rev. Lorraine Ottinger. Classes will be available for all ages up to and including age 14. The sessions will run daily 9 to 11:30 a.m., June 20-30, with the exception of Saturday and Sunday. All youngsters are cordially invited.

L. O. O. M. News

The Loyal Order of Moose is holding their annual National Convention this year at Chicago, Ill. The convention began last Friday, June 10th and will end this Friday, June 17.

Brother William Fleischer Sr. of Farmington is attending this convention. Brother Fleischer is the president of the 7th District of the Maryland, Delaware and District of Columbia Moose Association and also the Secretary of Harrington Lodge No. 534.

The regular meetings of our

Lodge will be held every 1st and 3rd Tuesdays of each month at 8 p.m.

Every Wednesday night from June 15th thru July 20th there will be a Little League Minor League baseball game at the Harrington Moose Lodge softball diamond. These games will begin at 8 p.m.

W. O. T. M. Notes

Chapter No. 1220 of Harrington met on Thursday, June 9, to present the Academy of Friendship award to Mrs. Anne McWilliams as recognition that she had completed the necessary requirements for the year.

Mrs. Edna Carnahan, of Harrington and sponsored by Mrs. Doris Jenkins, was enrolled as a new candidate.

The selection of new officers

for next year resulted in the following people being chosen for installation by July 1.

Senior Regent, Mrs. Anne McWilliams; Junior Regent, Mrs. Ivy Banning; chaplain, Mrs. Gladys Hobbs; treasurer, Mrs. Agnes Spicer; recorder, Mrs. Lucretia Draper.

CHILDREN'S DAY SERVICE AT WILLIAMSVILLE SUNDAY

The annual Children's Day Service will be held in the Williamsville Methodist Church, Sunday, June 19th at 7:30 p.m. A cordial invitation is extended to everyone.

CHEVROLET OUT WHERE THE COUNTRY CAN TEAR A TRUCK TO PIECES— Chevy middleweights get 1/3 more work done in a day! Where they used to deliver 2,300 gallons of liquefied petroleum gas in other trucks, Petrolane Gas Service of Long Beach, California, can now deliver 3,500 gallons a day! That's 7 days a week usually, over back trails and up into high rock country with maximum GVW loads. And with Chevy's Torsion-Spring Ride paving every foot of the way! "You don't get any more jolting on washboard roads than you do in a passenger car, or any sideways on curves," says driver Bernie Stone. "I used to take some rough roads at from 5 to 8 miles an hour. Now I can go 30 over them." Petrolane has over 200 Chevrolets hauling for them. If you think we're excited about Chevy's independent front suspension, you ought to talk to the truck owners who are profiting by it. They'll tell you Chevy's torsion-spring design is the hottest thing to hit the industry since trucks began. Drive one—that's the proof, short and sweet. WORTH MORE BECAUSE THEY WORK MORE! Delaware State Museum News

Valentine Exhibit

As a welcome to Spring, a Valentine Exhibit was installed early in this quarter. The section ranged from early handmade ones of nearly one hundred years old to "penny dreadfuls" and the elaborate lack ones supplied by the stationers.

Easter Exhibit

Our Easter Exhibit this year was reminiscent of the greetings and presents given by Delaware families fifty to one hundred years ago. Included in the exhibit were a small wooden splint Easter basket filled with green shredded paper and a variety of Easter eggs.

The Easter basket and one of the hand painted milk glass eggs were given by Mrs. Edward Abbott, of Dover; the other milk glass egg was given by her son, Herbert E. Abbott. Other items in the collection were former gifts of Mr. and Mrs. Cecil C. Fulton, Jr., Miss Jacqueline Allen, Mrs. James F. Allee Jr., Dr. Frank S. Hall and Mrs. Mary Baker.

Hunting Exhibit Re-Installed

Over the years we have had many requests for an exhibit of firearms. While our collection is rather a small one at the present time, we have tried to comply with the numerous requests by installing a hunting exhibit which contains numerous articles collection by those interested in such objects.

Recent Accessions Exhibit

During this quarter our Recent Accessions Exhibit contained a dark blue Staffordshire plate, manufactured by E. Wood and Sons, Burslem. This depicted Commodore Thomas Macdonough's victory on Lake Champlain in the war of 1812.

received.

Harness Shop Tools Presented

During this quarter we were indeed fortunate to receive from LeRoy M. Haisch of 1404 Philadelphia Pike, Wilmington, a complete set of tools and fixtures of his father's shop. The shop was operated by Mr. Michael Haisch at 625 West 2nd Street in Wilmington for many years where he carried on the business of making and repairing all types of harness, saddlery and leather goods.

There are many kinds of knives, skivers, punches, burnishers and related tools of this now almost forgotten trade. This shop located in the busy industrial part of Wilmington in the horse drawn days, made sets of harness for Conly Brothers and many other noted firms engaged in the drayage and hauling business.

This collection is now being catalogued and arranged for installation in a new exhibit to be installed at the Museum in the near future. It will represent an important aspect of crafts-manship which has nearly disappeared since the advent of the automobile.

Recent Gifts

Through the courtesy of Mr. John Kurtz of Wilmington and Mr. Herbert L. Keene of the State Highway Department, we received from the Kurtz House in Wilmington a plaster medallion which was mounted on the hall ceiling as a decoration.

A sleigh-type wooden cradle, formerly owned by James Johnson of "Coo-Den" Farmington, Kent County, Delaware, was a recent gift of Mrs. J. Pilling Wright, Newark, Delaware. From the same donor we received several family photographs and portraits of members of the Johnson family.

The Estate of Mrs. Mary Martin Wharton Miller bequeathed two drop leaf tables, one with reeded legs; a marble topped Victorian table; and Empire table and a carved mahogany table style desk.

Through the courtesy of Messrs. George H. and Russell Bullock we received for our Milling Exhibit a wooden bag hoop, a toll stick and a wooden flour scoop. These objects had previously been used by the late Mr. William M. Hinkle in his flour and feed store, located in Dover.

Miss Julia Griffith presented five fans to be added to our collection of these romantic objects of a bygone era. One of these fans has carved sticks with black taffets covering; another is made of gilded carved wooden sticks covered with black satin.

To a most varied and useful collection, Hon. Harold W. T. Purnell has added several German Prisoner of War uniforms. These were obtained from the camp located near Georgetown

during World War II.

It is always gratifying to be able to add to the Museum's collections objects which had been used in early industries of Delaware. Such an item was a jug from the early Levy and Glosking Distillery of Dover, given by Mr. Alfred Joseph. From Mr. Corrine Hitchcock we have received a music prize card awarded by a music teacher to her pupils.

Museum Hours

The Museum, located at 316 South Governors Avenue, Dover, on U. S. Route 13, Alternate, is open Tuesdays through Saturdays from 11 a.m. to 5 p.m., and Sundays 2 to 5 p.m. It is closed Mondays. Free parking space is available to visitors at the rear of the museum.

Group Tours

Tours of the Museum by school classes, clubs and other groups are welcomed and may be arranged by communicating with the Curator in writing or telephoning REdfield 4-4297. Groups are requested to make appointments for such tours in advance whenever possible to be assured of guide service.

Veterans News

QUESTIONS AND ANSWERS

Q—I am the daughter of a veteran who died as a result of service-connected injuries and I am eligible to take training under the War Orphans Education Act. However, I am not interested in going to college. What other kinds of courses can I take?

A—In addition to classroom work leading to a college degree, the War Orphans Education Act provides opportunity for training in a wide variety of schools below the college level—technical

institutes, business schools, some vocational or trade schools, normal schools, institutions offering training in medical and related fields, and junior colleges. Q—I'm a Korea veteran and currently unemployed. Does the VA administer the unemployment pay program?

A—No. Unemployment benefits are administered by the U. S. Department of Labor through State agencies. Job-finding help, consisting of counseling and placement services, is offered by the U. S. Employment Service. Q—What are the deadlines for finishing vocational rehabilitation training? I am a disabled Korea veteran.

A—Disabled Korea veterans discharged before August 20, 1954 must finish training by August 20, 1963. Those discharged after August 20, 1954 have 9 years from separation or until January 31, 1964, whichever comes earlier, to complete training. Hardship cases may be permitted an additional 4 years. Q—Is a disabled veteran taking rehabilitation training allowed time off for day when he can't be in school or on the job?

A—Yes, that is permissible. However, trainees must report their classroom or other absences, using the special Certification of Training form for that purpose, and wherever possible, permission to be absent must be requested and approved.

Raymond A. Parsons

Raymond A. Parsons, 69, Farmington, a retired plumber, died Thursday, June 9, in Milford Memorial Hospital after a long illness. A native of Maryland, he was the son of Isaac S. and Prela Bowden Parsons.

Husband of the late Margaret Parsons, he is survived by two daughters, Mrs. Prella Minner, Houston, and Mrs. Marilyn Beaver, Baltimore; three sons, Raymond A. Jr., Milford; Dallas, Jamestown, N. Y., and Garley, of South Charleston, O.; 10 grand children and two sisters, Mrs. Wood Richardson, Salisbury, and Mrs. Nicholas Cimalli, Atlantic City.

Services were held Sunday at 2 p.m. in the Methodist Church Farmington, with the Rev. William H. Smith officiating. Interment was in Odd Fellows Cemetery, Seaford.

Delaware Food Market Report

It's cherry time in Delaware! The sour pie cherry is ripe and this means many a delicious fresh cherry pie can be served at very reasonable prices. (One quart of tart cherries, pitted, makes two cups). There are not too many large markets that sell this fruit, but check roadside stands and small family stores-you will find them there. June and July are the months when the large sweet cherries are plentiful. Right now Bing cherries are at most markets, selling from 49 to 59 cents a pound.

When storing cherries in the refrigerator, be sure to place them in a plastic bag - this way they will retain their quality better. Wash cherries just before using - this also helps them hold their quality.

Blackberries are beginning to appear here and there at the fruit counters, and prices are averaging 60 cents a quart. More blueberries are available now as the peak of the season draws near. Strawberries are about over in this area - prices are steady at 50 cents a quart. Both Georgia and South Carolina are picking peaches, priced around 40 cents a pound. These peaches are packed for shipment in cartons similar to the egg carton - an individual place for each peach. This

type of packing is designed for better quality peaches.

Other fruits that are plentiful this weekend are watermelons, at 75 cents each; cantaloupes, at 29 cents each; lemons 35 cents a dozen; bananas, 2 pounds for 25 cents and fresh pineapples at 35 cents each.

Pork prices have edged up again this week, with two to three cents increase on chops, loin roasts and whole smoked hams. Sausage has also gone up. Other meat prices are steady in price.

Weekend specials again offer the best opportunity to save on meat. Check the following for good buys: chuck roast, steaks, rib roasts, fryers, turkeys, a few smoked hams, lamb roasts and a few veal roasts.

Fresh vegetables continue to improve in quality and quantity. Summer squash is more plentiful and selling at reasonable prices. This is true of fresh peas, too. Cabbage dropped a bit in price, making this vegetable more reasonable also. Other vegetables in

good supply are: carrots, beets, spring onions, lettuce, leafy greens, carton tomatoes and green beans. Fresh butter beans are at the market this week with prices averaging 31 cents a pound.

State University, August 15 to 17 on the main campus. Topics to be covered in the courses include sawing techniques, problem logs, small mill equipment, layout of mill and yard, use of by-products in lumber manufacturing, seasoning, and marketing of mill products.

Small Sawmill Operators Short Course Aug. 15-17

Sawmill operators from Pennsylvania and adjoining states are invited to enroll in the Small Sawmill Operators Short Course, to be given by the Pennsylvania

Further information and application blanks can be secured by writing Director of Short Courses, College of Agriculture, The Pennsylvania State University, University Park, Pa.

Rehoboth Art League News

The 1960 Members Exhibition turned out to be as anticipated, a notable event in the League's history. With each artist member restricted to the showing of but one picture in any one medium, the exhibition gallery just escapes being crowded; and of consistently higher quality. Professionally well-hung by Howard Schroeder, it presents each item in the most favorable position yet in conformity with the rights of others.

All of this will be especially enjoyed Thursday, June 23, when the Members and Guests Picnic begins with supper at 6 p.m. Mr. Bruce St. John, curator of the Delaware Art Center, will then speak on "Independent Artists, 1910" and show colored slides of the work of those artists. This now viewed without ruffling a hair, at the time, there was outrage and explosion.

Following is a list of exhibiting artists from all over the Delaware Peninsula and surrounding states, many amateurs, others professionally arrived, from members of "Who's Who in American Art" to the housewife who has gifts and grows bored without creative study: From Wilmington, Gwen Allen, Jeanette Slouem Edwards, Alice Buckley, E. Jean Lanyon, and Betty Boyd.

Lewes: Howard Schroeder. Rehoboth Beach: Virginia Kirby, Betty Burton, Lylla Townsend Savoy, William R. Tubbs, III, Beulah W. Bonine, Florence R. Corning, and Teddie Tubbs. Seaford: Stella West. Smyrna: Eleanor Roe. Harrington: Ruth R. Gilstad. Dover: Elizabeth W. Livingston. Middletown: Ellen Combs Davis, Laurel; Henry Progar. Farnhurst: Mildred D. Fisk. Milford: Edward Kuhlmann, Marjorie R. Fry, Norma Austin, Rose H. Pack, Catherine Acko, Marilyn Nelson, and Katherine B. Griffith. Felton: Ida J. Remley.

From the State of Maryland: William C. Weber Jr., Anne Winstead Woody, Margaret D. Schiavone, and Tylden W. Streett, all of Baltimore; Rachel Hawks of Ruxton; John E. Landry of Rockville; James D. Iams of Lutherville; Lenore Smith of Salisbury; and Doris M. Cohn of Princess Anne.

From Pennsylvania: Judith A. Ingram of Wallingford; Mr. and Mrs. Charles M. Ross of West Grove; Mildred K. Conaway of Drexel Hill; Anne Tunis Summy of Lancaster, and Jon Smith of Potstow.

From Virginia: Dorothy Malland and Marlin E. Fenical, both of Arlington, and Ann Mallan Emmons of Charlottesville. Washington, D. C. is represented by Helen Kirtland Reagan, Margaret Clare, Evelyn Thomaides, Theodore Kane, Margaret Nash, Marian Newman, Wilda MacKenzie, Madaline H. Slye, and Loretta Hamann.

Attention is called to the Special Provisions in the proposals, the specifications and the Contract Agreement.

The employment agency for these contracts shall be the Delaware State Employment Service whose offices are located at 601 Shipley Street, Wilmington, 133 South Bradford Street, Dover, and North Race Street, Georgetown.

Performance of contract shall commence within ten (10) days after execution of the contract and be completed as specified.

Monthly payments will be made for ninety (90) percent of the construction completed each month.

Bidders must submit proposals upon complete five dollars (\$5.00) as provided by the Department for bidding purposes.

Each proposal must be accompanied by a surety bond, certified check or money to the amount of at least ten (10) percent of the total amount of the proposal.

The envelope containing the proposal must be marked "Proposal for the construction of State Highway Contract No."

The contract will be awarded or rejected within thirty (30) days from the date of opening proposals.

The right is reserved to reject any or all bids.

Prospective bidders who have been prequalified in accordance with the requirements of the Standard Specifications may obtain contract documents from the Highway Department office, Room 203, Arden Building, 11 E. North Street, upon payment of five dollars (\$5.00) for each set. Contract documents need not be returned and the above payment will not be refunded.

Make checks payable to the Delaware State Highway Department. DELAWARE STATE HIGHWAY DEPARTMENT BY: J. Gordon Smith, Chairman R. A. Haoper, Chief Engineer June 1, 1960 Dover, Delaware

Egg Producers Tour, June 27

Delaware egg producers will travel to Lancaster and Chester Counties in Pennsylvania June 27 on their annual tour, according to Mr. Ray Lloyd, Extension poultryman with the University of Delaware.

The tour will cover market egg producers using the latest labor saving devices, a breeding farm, a cage-layer plant and an electronic egg grading operation.

The first stop will be at George Weaver's, New Holland market egg producer. He has 14,000 layers, a 450 ton shelled corn storage building, a farm feed mill, three tier roosts, pit cleaner, automatic egg collecting and fan ventilation. It is a one man operation.

David Musselman's farm, New Holland, is the second stop. He has 12,500 layers, automatic nests, a push-out letter set-up, one and two story houses, and fan ventilation.

The next stop will be the Producers Co-operative Exchange at Coatesville which utilizes "the machine with the electronic memory", a completely automatic electronic egg grading system packaging 400,000 eggs daily.

The Harold G. Windle farm, Cochranville, is next. He has 8,000 Leghorn breeders to supply hatching eggs for his hatchery. The birds are kept on a slanted floor with roll away nests, automatic pit cleaner and a farm feed mixer.

Next is the cage operation at the Robert Hood farm, Cochranville. He has 3000 layers plus flock replacements.

Lloyd said the tour will cover about 110 miles from Newark and return. He suggested that anyone from Sussex and south Kent County meet at Marker's Hatchery, Dover, to consolidate transportation at 7 a.m. The tour will leave Agricultural Hall in Newark at 8 a.m. The group should be back in Newark by 4 p.m.

Egg producers, servicemen, feed dealers or anyone else who wishes to go on the tour is welcome, Lloyd said. For more information, contact your County Extension Agent.

Prune Shrubs After Blooming Prune your flowering shrubs immediately after they finish flowering because next year's flowering wood is produced after the flowering period, County Agent George Vapaa says.

Cut off one-fourth to one-third of the 1959 growth and remove completely one or several of the oldest canes. Don't make merely a straight cut two to three feet above the soil level, but rather maintain the natural habit of growth.

Mr. Vapaa makes these other suggestions: Privit hedges can be sheared for the second time in June. If shearing is not done periodically, the hedge becomes unmanageable and the plants may have to be cut down to ground level to allow new shoots to form a new hedge.

Evergreen hedges can be sheared in June, also, but refrain from severe pruning.

Everblooming roses are pruned by cutting off only the blooms. When making the cuts, leave at least two fine lobed leaves on the remaining portion of the stems.

Some annual seeds can still be sown in June for flowering later in the summer. Choose fast growing ones such as Zinnias, Marigolds, and petunias.

Biennials and perennials seeds sown in June will produce early flowering plants for next year. You might want to try some canterbury bells, sweet william, hollyhocks, and foxglove. Use a cold frame for the seedlings for winter protection. However, open seed beds can be used, and mulched over winter.

who is taking part in a carefully planned group study tour of marketing enterprises, outstanding farm operations, agri-businesses, successful extension service programs and research projects over a wide area of the country.

The program is planned to help county agents keep abreast of changes in our dynamic agriculture as well as to allow them to find new ideas for use in their own county programs.

Mr. Vapaa will prepare a series of slides for illustrated talks after he returns. He also plans a series of news stories which will feature unusual events and activities seen on the tour.

The group will travel west as far as Michigan and Indiana, south to Tennessee and back by way of Virginia. Several stops have been planned for the group in northern Delaware by Edward Schabinger, the New Castle county agent.

The most unusual stop on the tour should be the Atomic Energy Commission Agricultural Laboratory at Oak Ridge, Tennessee. Here is where the peaceful uses of nuclear energy are becoming adapted to the farm.

This tour is part of the professional improvement program of the National Association of County Agricultural Agents and is being conducted in co-operation with the Dow Chemical Company Agricultural Chemical Department.

Vapaa Makes Study Tour

Your county agricultural agent, George Vapaa has gone to a school on wheels for three weeks starting as of last Monday. He is one of twelve county agents from the northeastern United States

St. Stephen's Episcopal Church Notes

The closing session of St. Stephen's Church School will be held Sun., June 19. Classes will meet at 10:30 in the usual classrooms for roll call and final check on materials. At the 11 a.m. service awards for attendance and certificates of recognition for outstanding service will be presented by the Vicar.

It is hoped that all parents will be present for the service and remain for "punch on the patio." There will be samples of the work done in classrooms on display for those interested in seeing the projects completed by the young people.

Church School will reopen on September 18.

The Reverend Joseph S. Hinks, retired of Milford, officiated at the service of Holy Communion on St. Barnabas' Day, Monday, June 13, a.m.

Acolytes who served at Holy Communion and church school on Trinity Sunday were Terry Porter, Bobby Greer, Roy Porter, Billy McColley, Bill Thompson.

Ushers last Sunday were Messrs. Thomas Clendening, Frank Fowler, Robert Melson, Clyde Perry.

The Women of St. Stephen's will meet on Tuesday, June 21, 8 p.m. at the parish house to complete plans for the ice cream festival on Friday, June 24, and to formulate a program for the coming church year. Mrs. Clarence Reed is president of this organization.

Louis Bowden, a member of St. Stephen's Bowling Team, at the first annual banquet of the "late" scheduled church league, was presented a trophy for the highest score in a single game. Thomas Clendening is captain of St. Stephen's team.

Flowers on the altar Trinity Sunday were given to the glory of God and for the wedding anniversary of Mr. and Mrs. Robert L. Nelson.

A home is needed for a church-loving dog. He is black and tan, short-haired, quiet, has a good disposition and loves everybody. For information contact the vicar or the parish secretary.

Monday last the Vicar attended the ordination service of the Reverend Russell Blair Myers, Jr. in the Chapel of Christ the Consoler at Bellview Hospital, New York City. The Reverend Mr. Myers has assisted at services held in St. Stephen's prior to his graduation from the General Theological Seminary last year.

The Boy's State Vesper Services were conducted on Sunday through Wednesday evenings by Mr. Symonds, who is the chaplain, American Legion Department of Delaware. In this same capacity he will take part in the annual convention to be held in Laurel this weekend and will conduct the memorial service Sunday.

Alvin Jarrell Receives Arts Degree
Alvin O. Jarrell, of R. D. 1, Harrington, received the Associate in Arts degree from Wesley College, Dover, Sun., June 5. He is the son of Mr. and Mrs. Clarence Jarrell.

Andrewville

Mr. and Mrs. Hyland Webb and Donna, Mr. and Mrs. James Morgan visited Mr. J. W. Conway's antique shop at Lewes and also went to Lewes Beach.

Mrs. Florence Wright of Federalsburg and Mrs. Nellie Wheatley of Bridgeville, visited Mr. and Mrs. Harry Saulsbury last Sunday.

Mr. and Mrs. McKinley Anderson visited their daughter and family, Mr. and Mrs. Donald Jones and girls Sunday.

Lester Collison accompanied his parents, Mr. and Mrs. Charley Collison home Sunday after spending some time with their daughter and son-in-law at Fenwick Island.

Charley Cannon, and Willard Chew are on the sick list.

Mr. and Mrs. Willard Chew, Mr. and Mrs. James Morgan, Mr. and Mrs. Alton Breeding, and sons, Ronnie and Robin, Oliver Tibbitt and Kenneth Walls were recent visitors at the home of Mr. and Mrs. Fred Walls.

Mr. and Mrs. Walter Simpson Jr., Mr. and Mrs. Albert Simpson and son, David, Mr. and Mrs. Edwin Prettyman, Mr. and Mrs. Kenneth Prettyman and Cheryl went for a picnic at Oxford, Md.

Miss Ann Prettyman of Wilmington, Mrs. Alice Martin, Patsy Philippi and Ronnie Swain visited Mr. and Mrs. Edwin Prettyman Saturday evening.

Mrs. Lowder Vincent visited Mr. Clarence Rust at the Milford Memorial Hospital Monday afternoon.

Mr. and Mrs. Fritz Brenner of Florida visited Mrs. Brenner's sister and brother, Mr. and Mrs. Earl Griffith, and Mr. and Mrs. Lowder Vincent and daughter, Sylvia Jean on Monday.

Sunday, June 12, 46 children and grandchildren were present at the home of Mrs. Alice Thompson to help her celebrate her 87 birthday.

Mr. and Mrs. Frank Vincent Jr. and daughter, Mrs. Frank Vincent Sr. attended the exercise service of their daughter, Sandra, at Baltimore last week.

Mr. and Mrs. George Exley visited Mr. and Mrs. Jack Closser Friday evening.

Mr. and Mrs. Jack Closser are entertaining Mrs. Closser's mother from Ohio. She attended her granddaughter, Jackie's, graduation exercise Friday night at the Greenwood High School.

Sunday School at Bethel Church Sunday morning.

Senator Wilmer Williams To Speak at Dover

Senator Wilmer (Rudy) Williams, recently announced candidate for Delaware's U. S. Representative to Congress, will speak at the monthly meeting of the Kent County Republican Women's Club Monday at 8 p.m., in the Senate Lounge, Legislative Hall, Dover.

Houston

The usual schedule, Sunday School at 10 a.m. Robert H. Yerkes, Sr., general superintendent; Alvin O. Brown, supt. of the Junior department and Mrs. William Scott, supt. of the cradle roll.

A special Father's Day service, sponsored by the Methodist Men, will be held at 11 a.m. Lt. Governor David P. Buckson, Smyrna, will be the speaker. Gifts for the oldest and youngest fathers and for the father with the largest number of children present at the service, will be given.

A daily Vacation Bible School will be held in the Houston Methodist Church from 9 a.m. till 11:30 a.m. from Monday, June 13, through Friday, June 17. There will be a picnic at Wheeler's Park, Harrington on the last day of the Bible School.

The Chancel Choir will sing its last song before going off for the summer. The senior choir will finish out the month of June.

The Junior Choir made its last appearance until the autumn season, last Sunday. We are very grateful for the fine service they have rendered during the period they have been singing and will look forward to their return next fall. We must not over look the fact, that much credit is due their director, Mrs. Hazel Lemmon and their accompanist, Miss Saralee Webb.

At the reception for the Rev. and Mrs. Ray Kirwan at the close of the worship service in the Fellowship Hall, May 29th sponsored through the combined efforts of the W.S.C.S. and O.U.R. Class. The congregation presented the Rev. and Mrs. Kirwan with a beautiful silver pitcher.

There will be a softball game at 6:30 p.m. Tuesday and Thursday of this week at the Houston Public School ground.

Report of Houston Volunteer Fire Company for May. — 4 alarms, one town, three rural; 81 men in service; 2 1/2 hours in service; 45 men hours; 200 feet 1 inch hose; 500 feet 1 1/2 inch hose; 3200 gallons water used. Charles Hayes, fire recorder.

We are glad to report, Mrs. Stephen Shockley, who is in Wills Eye Hospital, where she had an eye operation for cataracts, the operation was successful and her condition is fine. She will be remembered as the former Miss Mabel Satterfield, once a resident of Houston.

Master Eugene Sharp spent Friday night and Saturday with Gary Thompson at Thompsonville.

Miss Nancy Thistlewood of Wilmington spent the weekend with her parents. She and Miss Joan Warner spent Sunday afternoon at Rehoboth.

The 5th annual Dairy Festival, held at Houston Fire Hall Saturday night, June 11, was quite successful. There were 6 4-H Clubs represented in the contests.

Mrs. Ralph Sharp of Norfolk, Va., stopped for a short visit with Mr. and Mrs. Eugene Sharp as she was on her way to visit her parents in Philadelphia.

Sills Receives Constructors Post

A. Nelson Sills, who for seven and one-half years was an engineer for the State Highway Department, has been appointed executive secretary of Highway Constructors of Delaware, Inc.

This was announced today by Howard P. Wilson, board chairman of the recently formed organization which has offices in the Dover Hotel, Dover.

Mr. Sills, who recently resigned his position as assistant construction engineer with the Highway Department, has already assumed his new duties, Mr. Wilson said.

A resident of Milford, Mr. Sills was graduated from the high school in that city in 1941. He attended the U. S. Naval Academy and was graduated with a degree in civil engineering from Virginia Polytechnic Institute in 1947. A registered professional engineer in Delaware, he has had 12 years of engineering experience including employment in Alaska and North Africa.

His first employment with the State Highway Department was from 1948 to 1950. For the next two years he was chief soils engineer for the Army Corps of Engineers in Alaska and during 1952 and 1953 was senior soils engineer for a large construction project in Casablanca. He returned to the State Highway Department in 1954 and remained there until his recent resignation.

Mr. Sills is a member of the American Society of Civil Engineers, the American Association of State Highway Officials and the National Society of Professional Engineers.

Married to the former Nancy Lee Jones, of Bridgeville, he resides with his wife and 16-months-old daughter at 505 Kings Highway, Milford.

According to Mr. Wilson the principal objective of Highway Constructors of Delaware is to assure the continuation of an adequate and uninterrupted highway program to meet the economic and public needs of a growing state.

"Killers of Kilimanjaro" at Reese June 19-20

A long line of Hollywood hits are in store for Movie Center patrons.

Another outstanding all-family treat is listed for presentation at the Reese Theatre for this Friday and Saturday, June 17-18, Edmund Purdom is the star of "The Cossacks" the grand Universal all color spectacle with everybody's favorite, Randolph Scott and "Comanche Station" Columbia's new action packed all color hit. Thrilling entertainment is the order of day.

More than ever, Delaware and Maryland Theatre fans are finding that the top hits are presented every Sunday and Monday at Movie Center.

An exceptional program is listed for this Sunday and Monday, June 19-20. Robert Taylor in the new Columbia hit "The Killers of Kilimanjaro" with Paramount's "A Touch of Larceny" with James Mason, George Saunders and Vera Miles, two top Hollywood hits heading the country's must see lists.

Nazarene Church Notes

At the Children's Day service last Sabbath sixty-two attendance pins were awarded. Those receiving the beginner pin were Eddie Gourley, Marie Gourley, Rita Griffith, Linda Stubbs, Lucille Stubbs and Ernest Crist.

Those receiving the first quarter pins were Barry, Rebecca, and Pauline Crist, and Mildred Welch.

Those receiving the second quarter pins were Connie Derrickson, Nancy Derrickson, Billy Stubbs, Roger Moore and Shirley Willey. A third quarter pin was awarded to Bonnie Welch.

Certificates and first year pins were given to Dennis, Charles, Kenneth, Rubin, David, Elwood and Grace Hughes, Tony Legates, Mary Sue Hopkins, Billy, Ida and Dallas Slater, Marshall Morgan, Mary Darling, and Mabel Dean.

Second year pins and seals were given to Donald B. Dean, Bonnie Dean, Rose Handloser,

George Jr. and Eunice Legates. Third year pins and seals were given to Sally and Robert Lord, Harold, Ann and Harold Jr., Jump, Connie and Bonnie Hopkins, Emma Dean and Geraldine Hawkins.

Fourth year pins were awarded to Virginia and Donna Dean, Betty Cain and Eddie Greenlee. Fifth year pins went to Joanna, John and Rev. Ottinger, Ilene Cain and Charles Day.

Sixth year pins were given to Anna and Fred Gustafson, Cecil and Mae Meredith, Mary Day and Mary Pitlick. Albert Ottinger received the fourteenth year pin.

The Rev. Mrs. Ottinger has been elected to the Local Citizens Council on Aging of the Felton, Greenwood and Harrington area. She attended the meeting Monday evening held at the First National Bank.

This evening the softball team of the Harrington and Milford churches will play the Laurel Church of the Nazarene at Laurel.

9:45 a.m. Sabbath School. "The Test of a Christian" is the topic

of the lesson this week. The true test of a christian is the fruit of his life—inner and outer christ-likeness proved by time. It is for this fruit our Lord looks in our lives. Classes for all ages. Robert Lord, supt., and Mrs. Eunice Legates, Children Department Supervisor.

11 a.m. This Sabbath is Father's Day. Our pastor will bring a message to the fathers of the congregation. The adult choir will sing.

6:45 p.m. Youth Services. Harold Jump is the leader. The topic is "Summer Take-Off."

7:30 p.m. Evangelistic service.

Wed. 7:30 p.m. prayer meeting. Bible study. Have you read your Bible today?

Vacation Bible School June 20 through June 30 at the Asbury Church 9 a.m. to 11:30 a.m. ages 3 through 14.

Seventh-day Adventist Church News

June 25th the children of the Primary and Kindergarten Division, of the Harrington Church of Seventh-Day Adventist will present their 13th Sabbath program to the Senior Department in the church. There are 13 children in the group and so far in the second quarter of 1960 they have given their weekly Sabbath offering to missions in the amount of \$25.00.

The division leader is Mrs. Virginia Dennison of Laurel.

The teachers are Mrs. Eloise Smith of rural Denton, and Mrs. Winona Swift of rural Greenwood. Mrs. Eloise Smith is also pianist for the children's classes. The theme of the program will be on nature.

Each child will carry either a life size flower cut out and in natural colors, mounted on a stick, or a natural colored life-sized bird cut out and mounted on a stick.

Each child will either sing or recite a poem appropriate to the flower or bird they are carrying.

At the end of the program each child will unfurl a medium size flag representing the Christian Churches and the leader will have a larger flag representing the Christian Churches while these banners are waved the congregation will rise and all will sing Onward Christian Soldiers.

June 18, for the first time the Churches of the Seventh-day Adventists will take up an offering especially for the blind.

The Harrington Church of the denomination will participate in this offering, which is called, "A Christian Record Offering. It will be sent to the headquarters of the Christian Record Benevolent Association in Lincoln, Neb.

There are 14,000,000 blind people in the world; 400,000 of whom are in these United States and Canada.

The Association has been in operation since 1896, and has furnished without charge more monthly Braille religious magazines and quarterly talking books than any other organization in North America. Last year it gave out 10,000,000 pages of Braille and 40,190 long playing records for those who cannot read Braille.

The minister said the topics dealt with by magazines of the association included, health, youth stories and inspirational messages as well as Bible correspondence courses. There are six monthly Braille publications for children, youth and adults and also a free lending library of Braille and recorded books.

Greenwood

Mr. and Mrs. Lawrence Wilson have as their house guest, Mrs. Myrtle Bethune, who has flown in from Mountain View, Calif., to visit relatives and to attend the graduation exercises of her niece, Miss Donna Kay Wilson.

Over the weekend Mr. and Mrs. Lawrence Wilson and daughter, Linda, are driving Mrs. Bethune to Norfolk, Va., and Aberdeen, N. C., to visit her husband's relatives.

James L. Farrell has been hospitalized for surgery on a broken hip. He is now recovering nicely and is a patient at the Messick Nursing Home in Harrington.

Miss Charlotte Miller of Seaford was a Sunday dinner guest at the home of Mr. and Mrs. Allison Davis.

Mrs. Gladys Yeako is home from Milford Memorial Hospital and recovering nicely from surgery.

Greenwood Cub Scout Troop No. 242 enjoyed a trip to the Philadelphia Zoo on Thursday, sponsored by the Greenwood Lions Club.

Vacation Bible School began Monday at Pilgrim Holiness Church and will continue on through next week from 9:30 to 12 daily. The annual picnic will be held Sat., June 25, at Wheeler's Park in Harrington.

Mr. and Mrs. Lester Workman were Philadelphia shoppers last week.

The Rev. Miss Muriel C. Smith was a Saturday dinner guest at the home of Mr. and Mrs. Lester Workman.

DARC Invites Public to Movie

All members of the Delaware Association for Retarded Children, parents, and other friends of the mentally reared are invited to attend a meeting at the American Legion Post No. 3 in Milford Tuesday evening, at 8 p.m.

The program will consist of a movie and slides showing activities that can be made available for retarded children. There will also be a progress report from the Steering Committee regarding progress that has been made in organizing a chapter of DARC for Kent and Sussex Counties.

A social hour and refreshments will follow.

Woman's Place in The World

Woman's Place in the World is the theme for next week's Homemaker's Short Course at the University of Delaware, June 20-22.

Mrs. Alice King, state home year's program will try to provide enriched experiences, wider interests and greater knowledge of cultural subjects.

Included in the program are sessions on state government, anthropology, and community leadership.

There will also be classes on arts and crafts, including one on bird lore which will see the homemakers out at 6 a.m. in the morning on a bird walk!

The public is invited to attend the general sessions. The first one will begin at 10:30 a.m. Monday, June 20, in Wolf Hall on the campus and will feature Miss Dorothy Emerson, associate state 4-H Club agent in Maryland. She will discuss community leadership and how to get ideas across. At one time Miss Emerson was 4-H agent in Sussex County.

Today's general session will begin at 9:30 a.m. and the speaker will be Mrs. Robert N. Manning, Marshallton, representative in the eighth district, speaking on Delaware's State government. She will explain some of Delaware's governmental problems and some possible answers.

The Wednesday general session, also at 9:30 a.m. in Wolf Hall, will feature Dr. Ethel Alpenfels, professor of Anthropology at New York University. She will speak on "Today's Many Cultures."

Dr. Alpenfels is an authority on anthropology and social behavior and has directed graduate workshops in anthropology in the Virgin Islands, Mexico and Scandinavia. She has also taught at the University of Innsbruck, Austria where she also directed research on racial origins of Europeans.

Summer Music Classes Begin

The annual summer music school sponsored by the Harrington Special School District began last Monday with a total enrollment of 125 students from grades 4 thru 12 registered for instruction in the playing of all musical instruments.

Classes will continue for six weeks, closing prior to the opening of the Kent-Sussex Fair with a big outdoor band concert sponsored by the Band Boosters Club that will feature the three bands of the schools.

Band rehearsals are held each Monday. The Grade School Band meets at 1:30 p.m., the Junior High School Band at 3 p.m., and the Senior High School Band rehearsing at 8 p.m.

Canteen Club Notes

The regular meeting of the Harrington Canteen was held Monday evening at the home of Mrs. Clyde Perry.

There will be a dance Friday evening 8 to 11 p.m. at the Century Club. Music will be furnished by Morty Marker. All those entering seventh grade in the fall are now eligible to attend these dances.

The meeting was adjourned to meet next Monday at the home of secretary, Dawn Hopkins on Center Street.

Wool Pool Here Tomorrow

The advantages of grading and pooling wool together will again be demonstrated this Saturday by Delaware sheep growers announces Floyd Blessing of Hous-ton, chairman of arrangements.

Farmers will be paid at the rate of 55 cents per pound for medium grade, 45 cent per pound for fine, 45 cents per pound for rejects and 11 cent per pound for tags. Should the fleeces not be tied (tied for easier handling) there will be a discount of 2 cents per pound. A nominal handling fee based on the actual expenses of pooling will be charged and should be less than 3 cents per pound if the usual 20,000 pounds are sold through the pool.

The Top Company, Inc., of Boston was named the successful bidder at the pool committee meeting last Thursday.

Mr. Fred Monaghan of Philadelphia will again be the grader for the seventh straight year. The wool will be brought together at the Kent-Sussex fairgrounds in Harrington from the hours of 7:30 a.m. to 3:30 p.m. Any sheep producer may sell through the pool, which is operated by the Delaware Sheep and Wool Association, a growers organization.

The above prices range 12 to 15 cents above the current local market for ungraded wool. This has been the pattern each year, and it demonstrated the value of farmers performing additional marketing steps such as assembling and grading.

Sixty or more farmers generally pool from 17,000 to 22,000 lbs. of wool each year at Harrington. The event takes on the aspects of an outing, and is well worth seeing. Visitors as well as poolers, will be welcome at the fairgrounds next Saturday, concludes Mr. Blessing.

New Castle Man Killed in Crash

Joseph L. Everett, 54, of New Castle died at 10:25 Sunday night in the Milford Memorial Hospital as the result of 10 p.m. Saturday head-on collision on U. S. 113, about a mile north of Ellendale.

Delaware state police say the oncoming car of Willis N. Butler, 20, of R.D. 3, Harrington, crossed the centerline and plowed into the Everett car.

The New Castle man was taken to the hospital with a puncture wound of the chest, deep facial and scalp cuts, and possible head and internal injuries. Butler was treated at the same hospital for minor injuries as were two of his passengers, Samuel Bradley, 24, and Wayne Col-lison, 17, both of Greenwood.

Free Emergency Service Program Announced By American Boating

A network of Emergency Service Dealers has been established along New Jersey's inland waterways and the Lower Delaware River by the American Boating Association's Mid-Atlantic Division.

This service, the first of its kind to be established anywhere in the United States or abroad, provides free towing and service calls on the water from May first to October 31 each year, exclusively to American Boating Association members with outboards, inboards, or sailboats.

Emergency Service facilities are available on a twenty-four hour, seven-day-a-week basis. Emergency Service Dealers

render assistance both on the water and at docksides. These dealers must possess adequate towing craft fully equipped for all emergencies to qualify for the program.

Additional information concerning this unique service can be obtained by writing the Association's regional office at 237 Lancaster Avenue, Devon, Pa.

The American Boating Association, "The Auto Club of the Water," is a national organization serving the pleasure boatman in much the same manner as the leading auto clubs. The Association maintains offices in fourteen states with the Mid-Atlantic Division comprising a network of South Charleston, O.; 10 grand and marine supply stores in New Jersey, Eastern Pennsylvania and Delaware.

State Agencies Combat Outbreak Of Encephalitis

A co-ordinated plan of action in case of possible outbreaks of Eastern Encephalitis in Delaware this summer has been developed by a special committee representing various state and municipal agencies.

The disease attracted widespread attention last year when it was identified as the cause of death of more than 20 persons in New Jersey. No humans died as a result of the disease in Delaware but several horse deaths were reported here as well as in New Jersey and Maryland.

The disease, sometimes referred to as "sleeping sickness" but which is not the same as African sleeping sickness, affects the central nervous system. Although it has not been determined how the virus reaches man, mosquitoes are suspected of carrying it. Scientists believe that wild birds are the natural reservoir of the disease and that mosquitoes carry it from infected birds to horses and man.

The mosquito, *Culiseta melanura*, a bird feeder that seldom bites man, is the only mosquito that commonly has the virus in nature. It has occasionally been found in other species of mosquitoes however.

The Delaware committee, representing the State Board of Health, the State Highway Department, State Game and Fish Commission, State Board of Agriculture, Wilmington Department of Health and the University of Delaware departments of entomology and animal and poultry science, will work in close co-operation if an outbreak should threaten or actually happen.

At a recent meeting held at the University of Delaware School of Agriculture, the agencies developed the following plan of action:

1. The State Board of Agriculture will perform autopsies on horses to determine whether or not death was due to encephalitis. At the same time, local veterinarians will be urged to submit blood samples from sick or suspect horses to speed up detection of the virus.

2. If the autopsies and blood tests show the virus to be present, the State Highway Department's mosquito control division will spray the area where the horse lived, giving special attention to nearby swamps and bogs.

3. In case of a suspected or positive human case, the victims' history of travel during the previous month will be obtained by the State Board of Health. Areas where the victim most likely would have been exposed to infection will be sprayed intensively by the mosquito control division.

4. While these detection and preventive steps are being taken, a constant watch will be made by the University's department of entomology and the mosquito control division on the population of the *Culiseta melanura*. At any sign of a rapid increase in numbers of this mosquito, sprays will be applied immediately in areas where the increases are noted.

In the meantime, the University of Delaware is conducting research on another mosquito — *Aedes sollicitans* — the common salt-marsh mosquito, to see if there is any way to improve its control. This is being done on the remote chance that there is a possible association between this insect and encephalitis. Dr. Dale F. Bray, chairman of the department of entomology, says the virus has been found in this mosquito on very rare occasions, but that not enough research has been conducted to give scientists an accurate appraisal of its potential connection with the disease.

Dr. Bray said that the committee will meet again in the summer to reappraise the situation. Representatives also will attend monthly meetings of the New Jersey Mosquito Commissioners to keep abreast of the situation in that state. In case of an impending or actual outbreak, technical assistance will be requested from the U. S. Department of Agriculture and the U. S. Public Health Service. Dr. Bray said commercial vaccines against the disease are available for horses and birds, but that none so have been developed for humans. Representatives of the various agencies on the study committee were: F. O. Hudson, State Board of Health; Norman G. Wilder, State Game and Fish Commission; Dr. W. R. Teeter, State Board of Agriculture; J. C. Strong and W. T. Sweeney, Wilmington Department of Health; C. D. Murphy Jr. and A. Warren Wheatley, Mosquito Control Division, State Highway Department; Dr. M. S. Cover, Department of Animal and Poultry Science, University of Delaware, and Dr. P. P. Burbulis, Dr. R. F. Darsie, Jr., Professor Donald MacCreary and Dr. Bray, all of the Department of entomology, University of Delaware.

Softball News

The Bridgeville entry in the Harrington Softball League regained first place by winning two games while Greenwood, the erstwhile leader, was dropping two games by the margin of one run in each. The host Moose nine continued its steady climb and reached second place.

An all-star team from this league will play a double-header with an all star team from the Denton League on the Moose grounds tonight (Friday) starting at 7 p.m.

Armed Forces Notes

Army PFC Thomas C. Moore, son of Mr. and Mrs. John C. Moore, Route 1, Wyoming, recently was graduated from the 101st Airborne Division Jump School at Fort Campbell, Ky. Moore received his paratrooper wings after completing three weeks of intensive ground and aerial training which included five parachute jumps. The 17-year-old soldier entered the Army last November and completed basic combat training at Fort Jackson, S. C. He is a 1959 graduate of Caesar Rodney High School, Camden.

Richard L. Hitchens, USN, son of Mr. and Mrs. Warren E. Hitchens of Greenwood, is scheduled to be promoted to hospital corpsman third class, June 16, while serving with the Naval Support Activity at Naples, Italy.

The major forms of support provided to American servicemen, are legal and housing assistance, medical and dental, communications, commissary, postal, transportation, and dependent's schooling.

DSEA TO FIGHT (Continued from page one) Berl, Potter, and Anderson law firm of Wilmington, will be requested to review the situation and decide whether to file a court suit or to seek passage of legislative amendments.

A point brought out in explanation is that a person who started teaching upon graduation from college at 22 or 23 years of age could be forced to retire, at the option of the employing agency, at 52 or 53 years of age.

New 4-H Auto Project To Turn Out Safer Teenage Drivers

A new 4-H Automotive program introduced nationally early this year has a potential membership of 400,000 boys and girls. Half this number reaches driving age each year, according to the Co-operative Extension Service which directs the program.

The project is a voluntary undertaking for older 4-H Club members to be carried out over a three-year period. Specialized training will supplement driver education courses given in many high schools, but in some instances will be only "supervised" instruction available to 4-Hers in their home communities.

The work assignments will be guided by experienced volunteer adult leaders assisted by state and county highway engineers, police, automotive experts and others qualified to help do the job.

One workbook will be used for each year. Unit I covers The Car and the Highway; Unit II Maintenance and Operation; Unit III Operating the Car Efficiently. More traffic deaths and injuries occurred last year than in 1958, and 28.7 per cent of the drivers involved in fatal accidents were under 25 years of age.

Raymond C. Firestone, president of the Firestone Tire & Rubber Company, which is sponsoring the program, stated "We are particularly hopeful that this program will help reduce the high incidence of fatal accidents among our young drivers."

Those engaged in the 4-H Automotive care and safety program contend that the more young people learn about the car they are driving, the less likely they are to take chances with that car.

For club members who fulfill the objectives of the automotive program, Firestone will provide a variety of awards including a week in Chicago as a delegate to the National 4-H Club Congress, plus \$400 college scholarships for six of the highest ranking 4-Hers in the nation.

Little Minor League News

Earl Yoder's high-flying Falcons continued to pace the Little League Minor League as they won their third game in three tries. Their victories were the Yellowjackets, which had been the only other unbeaten team in the loop.

Earlier the Yellowjackets had beaten the Yankees and the Wildcats had topped the Braves in a battle of winless teams.

Little League News

Jim O'Neal's Harrington entry in the Kent-Sussex Little League improved their record to 2-0 by defeating the Frederica team 6-1 at the Moose Home. Wednesday night the local's scheduled contest at Bridgeville was rained out.

Of Local Interest

Lt. and Mrs. William M. Wix and little daughters, of Boston, Mass., are visiting their parents, Mrs. Earl Thomas and Mr. and Mrs. Robert Wix.

3-MIL FOOTRACE

(Continued from page one) two-mile record and also runs on the cross-country team. Stack, who will be captain of the track team next year won the three mile race at the Kent-Sussex Fair last year.

Dick Green of Middletown was captain of the 1960 track team at the University of Delaware and last fall ran the marathon distance at Atlantic City, N. J. Green covered the 26 miles and 385 yards in slightly more than three hours.

Mike Lyon of Laurel will be one of three high school juniors in the race. Lyon set Delaware track circles in an uproar when he won the State Open half-mile run in one minute and 59 seconds at Baynard Stadium in Wilmington last week. No other high school runner in Delaware has ever broken two minutes. When one considers that Laurel had no track team last year, that Mike was working out usually by himself and was running the event for only the fifth time his performance becomes almost incredible.

John Prettyman of Mt. Pleasant High School, Wilmington, was second in the quarter mile run in both the high school and open state championships. Like most of the others in the race John has also done some distance running. Others from Mt. Pleasant are Fred Swanson and Herb Jervis.

Dwight Hackett of Harrington was downstate high school mile king in 1958 winning both the Seaford and Milford Invitational runs. Dwight has also finished high in state championship cross-country runs in Rockford Park, Wilmington. Clarence Hackett, a brother, was No. 3 runner on the H.H.S. cross-country team last fall and won the junior high half-mile run in the Milford Invitational.

Bill Baker of Millsboro was the half mile champion of the Henlopen Conference and Milford Invitational meets in 1959.

John Hollis of Seaford, a high school junior, won trophies for placing in the Kent and Sussex Fair and Delmar Centennial three mile runs last year.

Norman G. Burton

Norman Gaylord Burton, 33, son of Norman A. and Blanche Sipple Burton of Felton, died at the home of his parents Tuesday night after an illness of several weeks. He was a former employee of the Wilson Refrigerator Company of Smyrna.

He is survived, in addition to his parents, by a daughter, Diane Burton of Swarthmore, Pa. Services will be held at 2 p.m. Friday from the Berry Funeral Home, Felton, with the Rev. Robert Hodgson, retired Methodist minister, officiating. Interment will be in Hopkins Cemetery near Felton. There will be a viewing prior to the service Friday.

VOCAL CAMP

(Continued from page one) the camp and this program is open to the public free of charge. The program by full chorus, small choir, and full orchestra by the camp personnel will follow on the following Sunday.

Members of the Harrington High School attending this year are Iris Lee Warrington, Pat Hackett, Bonnie Dickerson, soprano; Beverly Larimore, alto; Dwight Hackett, tenor, and Clarence Hackett, bass.

Sponsoring local organizations that make half-scholarships possible for each of the Harrington students are the Mothers' Auxiliary of Asbury Methodist Church, the Harrington New Century Club, the Harrington Rotary Club, and the Harrington Lions' Club.

CHICKEN FESTIVAL

(Continued from page one) cause of the large number of entries it is expected that there will have to be three rounds on the 40 cooking stoves before a national champion can be declared at 3 p.m., when Gov. Millard Tawes of Maryland, or a representative of his, will crown the national chicken cooking champion.

The miniature circus will operate tomorrow too, for the entertainment of the small fry; and, at 11 a.m. the men will try their hand at the culinary art of barbecuing chicken. This chicken barbecuing contest is open to men only, although men may also enter the Senior National Cooking Contest.

A highlight of the Saturday program will be the Antique Auto Show and parade. The auto show will open on the school grounds at 11 a.m., with the parade of the antiquated gas buggies slated for 4 p.m. Miss Delmarva the 13th will make the awards to the winners in the antique auto show at 3:30 p.m., and will lead the oldtimers' parade.

Of course Delmarvalus chicken will be served from the chicken fry pan tomorrow the same hours as today and, from 5 to 6 p.m., another band concert will be put on by the 287th Army Band, Delaware Army National Guard.

And shortly after the end of the band concert, many broilermen will be heading for the \$100-a-plate dinner put on by DPI as a fund-raising event—and the 13th Delmarva Chicken Festival will have come to an end.

ROTARIANS

(Continued from page one) Elect J. Edd McLaughlin, said Miller. The Harrington delegate added that Florida went all out to make the visiting Rotarians welcome and that pertinent banners were observed throughout the state.

Continuing, he told his listeners that, in Miami, Rotary meetings were going on in 53 hotels at the same time, and that he attended one presided over by Reynolds Pratt, vice president of the region in which the local club is located.

Supplying additional data on the convention, Mr. Miller pointed out that 11,350 persons registered; there were 376 new Rotary clubs the past year; there are 10,629 Rotary Clubs in the nation; total membership is 490,000 persons.

The convention next year will be held in Tokyo.

The Blue Hen Speedway of Harrington on Sunday afternoon, June 12 offered a truly enthusiastic racing event. Smokey driving John Porter's new sleek designed black and red car 7 was a top-notch competitive entrant in the modified class. Smokey held the lead position for 13 laps then spinning in the third and fourth turn, with Dick Sapp driving car 22 taking the lead and winning the first 25 lap feature race of the day. This feature race completed a past scheduled event halted by rain.

RESULTS

1-Dick Sapp, car 22, Modified A Class (2 cycle); 2-Smokey, car 7, Modified A. Class (overhead); 3-Clarence Welch, car 13, Sportsman B Class (flathead); 4-Howard Brown, car 88, Modified A. Class (overhead); 5-Gene Jarrell, car 10, Sportsman B. Class, (flathead).

Again this week Dick Sapp piloting Betty Haye's modified car 22, won the 25-lap feature race sharing top honors with Clarence Welch maneuvering his sportsman car 13.

1-Dick Sapp, car 22, Modified A Class; 2-Howard Brown, car 88, Modified (overhead); 3-Smokey, car 7, Modified (overhead); 4-Clarence Welch, car 13, Sportsman (flathead); 5-Bill McKinney, car 126, Modified (overhead); 6-Gene Jarrell, car 10, Sportsman (flathead).

It does seem that all mechanical troubles do occur on the racing oval, when Curley Warren's 707 engine was sassy and could not participate. We are looking forward in seeing him Sunday with lots of luck.

There will be racing Sunday afternoon 2 p.m. with free admission to all. At the Blue Hen Speedway you will witness the talent of these drivers threading their way through traffic to the last lap and the checkered flag. To all racing enthusiasts of this sport there is true to expectations fast racing every weekend.

Quarter Midget Division

It is interesting to see these little midgeteers perform for you

on Sunday afternoon. These drivers with one season under their belts are true sportsmen in the finest sense. The Quarter Midgets can contribute much to the guidance and leadership of this organization. With everyone's help much can be gained for this youth building sport.

Results: Heat Race (10 laps)

1-Bobby Walls, car 100; 2-Billy Dill, car 1; 3-Roy Walls, car 00; 4-Buddy Matthews, car 88 Jr.

1-Roy Walls, car 00; 2-Billy Dill, car 1; 3-Buddy Matthews, car 88 Jr.; 4-Bobby Walls, car 100.

Feature Race (25 laps)—1-Roy Walls, car 00; 2-Billy Dill, car 1; 3-Bobby Walls, car 100; 4-Buddy Matthews, car 88 Jr.

Roy Walls age 11 of Dover piloted his black and white comet to victory winning the 25-lap feature the second official race of the season.

Linda E. Humes New Kent Court Clerk

Former Miss Universe contestant, Miss Linda E. Humes, 19, from Harrington, was sworn in as the new clerk of the court Wednesday by Court of Common Pleas Judge Ernest V. Keith.

The pert young blonde was escorted to the ceremonies by her fiancé, Trooper Richard M. Kleckner, Troop 3, Dover, Delaware State Police.

Miss Humes took up her new duties Thursday, when she replaced Mrs. Minnie B. Ross, Wyoming, who has served as clerk for the past three and a half years. Mrs. Ross also began a new job Thursday, when she started as the secretary to B. F. Cartwright, probation officer of Kent County.
