

VFW WILL BE HONORED MONDAY NIGHT AT RACES

Next Monday night has been designated as "Veterans of Foreign War Night" at the Kent and Sussex Raceway in Harrington. Admission tickets for the night's racing program have been donated to the state VFW organization by raceway officials and the proceeds from all sales will be retained by the veterans' organization for use as it sees fit.

The feature race of the evening will be called the Veterans of Foreign War Pace. A representative of the VFW will award a trophy to the winning driver of the event.

Cancellation of three nights of racing at Harrington because of rain so far will cause the current 30-night meet to be extended through Oct. 22, according to T. Brinton Holloway, general manager of the raceway. Any additional cancellations, he said, will cause the program to be extended beyond that date.

Cadillac Goldst, owned by Guy Lockerman of Middletown and driven by Guy Lockerman Jr., established the fastest time of the meet last week when the veteran pacer won the Mrs. Delaware Pace in 2:04 flat. This knocked 2/5 of a second off the previous best time of 2:04 2/5 set earlier in the meet.

GOP Headquarters To Open Today

Today will see the grand opening of the Harrington Republican headquarters on Commerce Street.

William "Pete" Shaw, candidate for state auditor and a prominent businessman of Harrington will perform the ribbon-cutting exercises at 11 a. m.

Some of the republican candidates are expected to be present. The new headquarters will be open from 11 a. m. to 8 p. m. for the grand opening. Refreshments will be served.

Phone Company Appoints District Sales Manager

Lee W. Jenkins has been appointed district sales manager, it was announced by the Diamond State Telephone Company and the Bell Telephone Company of Pennsylvania.

His sales district includes the entire state of Delaware and Chester, Coatesville, Media, Upper Darby and West Chester in Pennsylvania.

Jenkins started in the telephone industry as a salesman in Pittsburgh in 1935, and he later served there as a sales engineer in 1946, sales manager in 1947. He became commercial manager in Sewickley in 1950.

Jenkins was named commercial supervisor with the Bell Company's executive operations department in Philadelphia in 1957 and marketing supervisor there in 1959.

Democrats Grab Power, Says Rollins

John W. Rollins, Republican candidate for governor, Monday night accused Delaware Democrats of using a "power grab technique" to mess up the state's affairs.

Rollins, in one of his hardest-hitting speeches to date, charged the Democrats with a long list of executive blunders since that party took over control of the General Assembly.

Rollins charged that the Democrats forced out of the State Highway Department "loyal, capable, experienced employees" and replaced them with men "now charged with improper conduct in office."

In a speech titled "Corruption in Government," Rollins accused the Democrats of trying to extend their "power grab" to the Wilmington Park Board and the Board of Education.

Program for Able Students At U. of Del.

Eight outstanding students have been admitted to the University of Delaware in 1960 with advanced standing and credit or early admission.

According to Dr. William G. Fletcher, director of admissions and records, the university is expanding its program because it has proved unmistakably successful. It is designed to aid the superior student by enabling him to proceed at his own pace and realize the optimum advantages from his educational experience.

First of the test cases were three Delaware City high school students who were admitted in February after completing the first half of their senior year.

Thomas F. Crompton, Williams and Jefferson Sts., Delaware City, now has a 3.36 average in the school of arts and science after one semester and two summer school courses. Robert L. Smith, Adams St., Delaware City, has a 3.00 index after one semester in the school of education. Miss Zola Mae Shaulis, Wrangle Hill Rd., Bear, also was successful in her first semester, but has transferred to the Royal Conservatory of Music in Toronto, where she is specializing in musical studies.

Scottish Rite Club To Hear Chaplain

A meeting of the Kent-Sussex Scottish Rite Club will be held at Fellowship Hall of the Lewes Presbyterian Church, Kings Highway, Lewes, Wednesday at 7 p.m.

Capt. Clarke D. Brewer, chaplain of Dover Air Force Base, and a consistory member of Texas, will be the speaker of the evening.

There will be a nomination, election and installation of officers.

Roast turkey with all the trimmings is the menu.

The first Argentine-made machine tools have been sold abroad, to Italy.

Mrs. Lyndon Johnson To Visit Dover and Wilmington Wednesday

Mrs. Lyndon B. Johnson, wife of the Democratic candidate for vice president, will be honored by a women's caravan Wednesday from Dover to Wilmington.

Mrs. Johnson, known familiarly as "Ladybird," will arrive at Dover Air Base and will reach Legislative Hall, Dover, at 10:15 a.m.

The caravan will then proceed to the Scottish Rite Temple, Lea Boulevard, Wilmington, where Mrs. Johnson will be given a reception from 1 p.m. to 3 p.m.

Registration Tomorrow

The final registration day, enabling persons to vote in the November elections, will be held tomorrow from 7 a. m. to 8 p. m.

To vote in November, persons must have been a resident of Delaware one year; the county 60 days, and the voting district 30 days. Air-base personnel, living off the base, is eligible to vote if it assumes tax responsibility.

In the Sixth Representative District, which comprises part of Harrington, registration can take place at Harrington Public School, for the Second Election District, and at Seaman's Store, Willow Grove, for the First Election District of the Sixth.

For the First Election District of the Ninth Representative District, registration will take place at the Firehouse, and for the Second Election District, at Farmington School.

For other places of registration, see advertisement in this newspaper.

Same Wheat Program Continues For 1961

With winter wheat planting getting under way, Chairman R. Harry Wilson of the Kent County Agricultural Stabilization and Conservation Committee pointed out today that the wheat program for 1961 will be essentially the same as it has been in recent years.

As highlights of the program, Mr. Wilson listed the following: 1. Marketing quotas—As a result of an 87.4 affirmative vote of wheat growers who voted in a referendum July 21, marketing quotas will be in effect for the 1961 crop and the marketing of excess wheat will be subject to a penalty.

2. Price support — price support will be available on 1961 crop wheat at a minimum national average rate of \$1.78 per bushel, the same as the rate for the 1960 crop.

3. Average allotments —Each wheat-producing farm has an acreage allotment, representing the farm's share of the national allotment, which again in 1961 stands at 55 million acres, the minimum permitted by law.

Under the marketing quota system, any farmer who keeps within his wheat acreage allotment (or does not exceed 15 acres of wheat) may market his total wheat crop without penalty. Also exempt from penalty is any farmer who obtains approval to participate in the feed wheat program and produces 30 acres or less of wheat for use on his farm.

Other growers who exceed their allotments will generally be subject to a marketing quota penalty on the normal yield of the excess acres. The penalty rate for 1961 will continue at 45 per cent of parity, which for 1960 worked out to a dollar-and-cents penalty. (Continued on Page 8)

C. of C. Interested in Serving As Chicken Festival Host

The Harrington Chamber of Commerce is interested in serving as host to the 14th annual Delmarva Chicken Festival in June, it was decided at the October meeting of the group Tuesday at The Wonder R.

The motion was made after the reading of a letter from William H. Rodney, chairman of the 1961 Site Committee, seeking to ascertain which communities are interested in serving as host.

The event was held last year at Selbyville and was held here some years ago.

At the Tuesday meeting, it was also agreed that the Retail Merchants Committee, of which Charles Peck Jr., is chairman, promote the usual Christmas program here.

Kennedy to Visit State Sunday

Senator John F. Kennedy will come to Delaware Sunday afternoon at 2 p. m.

The visit of the Democratic nominee was confirmed to Senator J. Allen Frear in Dover early Tuesday evening.

It is expected that Elisha Dukes, director of the Delaware Democratic campaign, will announce details of the meeting shortly.

Senator Frear expressed pleasure that Mr. Kennedy has been able to include Delaware in his "tremendously crowded schedule."

Century Club Begins New Year

The first fall meeting of the Harrington New Century Club was held Tuesday afternoon when the members and their guests assembled to enjoy a covered dish luncheon at the club house. Mrs. Ridgley W. Vane and her decorating committee assured the women of a warm welcome with the beautiful fall flowers arranged in breath-taking bouquets. The fall theme was carried out in the table decorations also. Those on her committee were Mrs. John Pitlick, Jr. and Mrs. C. Tharp Harrington.

Mrs. Harry John Dill Jr. read the club Collect as a prayer before the luncheon. Following the meal, Mrs. Charles Peck Jr., in her first official act as president, welcomed the guests and conducted a short business meeting.

There are several special projects that are going to be held in the near future of interest to the women in Harrington. The first is the Cancer Clinic which is held every 4th Wednesday in the Club House. This is a very important service that is rendered to the women of the state by the Board of Health. Far too few women in Harrington take advantage of this opportunity. The mainstay against the scourge of cancer is early detection. The twice yearly visits to the clinic can be of invaluable help in diagnosing cancer in its early stages. The examination is of course painless and takes only a short time. The next clinic is on Oct. 26 and the one after that is Mon., Nov. 21. Mrs. Frank O'Neal Jr. is the person to call to make an appointment. Do it today if you have not had a physical examination in the last six months.

Mrs. Arnold Gilstad announced that Howard Schroeder of Lewes, well known Delaware artist, will be in Harrington Wednesday afternoons to give an art course to anyone who is interested. The class met for the first time on Wed., Oct. 12, but anyone who wishes to join now may do so by calling Mrs. Gilstad or Mrs. Floyd Nasser.

The ways and means committee has also announced the tentative date of Nov. 15 for a Maytag washer demonstration and fashion show to be given by Caball's in their store on that evening. All women in the Harrington area are cordially invited to attend. There will be no admission charge.

Mrs. Wallace Hanson, Mrs. Leroy Strohl and Mrs. Frances Strohl were all unanimously elected to membership. Mrs. Olin Shockley was introduced as a new associate member.

The program for the afternoon was a demonstration of toys from the C. and B. Toy Club, Inc. Mrs. Ruth Woodall as the club representative, gave the demonstration.

The luncheon and the program were the combined efforts of the decorating, program, hospitality and ways and means committees. Mrs. Thomas Clendening is chairman of the hospitality committee, and working with her were Mrs. Walter Winkler, Mrs. Kenneth Aiken, Mrs. Leon Kukulka and Mrs. Clyde Perry. The program committee is Mrs. Harry John Dill Jr., chairman; Mrs. Earl Sylvester, Mrs. A. B. Parsons, Mrs. Jesse Jones and Mrs. Charles Jerred. The ways and means committee is Mrs. Francis Winkler, Mrs. Luster Rogers, Mrs. O. T. Roberts, Mrs. Fred Bailey, Mrs. James Coady and Miss Evva Warrington.

The next meeting will be held Oct. 25 with Mrs. James Fair presenting the topic "Communications."

Sussex Bowlers To Help Heart Fund

Mrs. Frank Lynch of Milford, Sussex County chairman for the 1961 Heart Fund, announced today that the first Heart Fund Bowling tournament will be held for Sussex League bowlers during the week of Nov. 13 to 20 at Seaford, Milford and Rehoboth bowling alleys.

The tournament bowling will be based on the league score that each person rolls that week and scoring will be determined on the number of pins above their league average for each individual.

Participants in the event will contribute \$1 of which 70 percent will be given to the heart fund and 30 percent will be used for prize money. In addition to the prize money, merchants throughout Sussex County are contributing many merchandise prizes. "This way," Mrs. Lynch said, "both bowlers and merchants can help score a strike against our Number One health problem, heart disease."

In Milford, where the Rotary Club is going to conduct the annual Heart Fund Drive in 1961, Mrs. Garret Grier and Harvey Williams, cochairmen, have been advised that Mayor Roy Pettyjohn will be glad to throw the first ball in their program to help the Heart Fund.

Bowlers can enter as many times as they have leagues and the top winners from each alley will meet for a final roll-off for the county championship in Milford Nov. 27.

All league secretaries have received information on the tournament and entry blanks can be secured from them.

In addition to the cash and merchandise prizes, trophies will be awarded to the top man and woman bowler of Sussex County.

Del. Red Cross to Hold Branch Area Meeting Oct. 26

The Delaware Chapter, American Red Cross, has called a meeting of branch area chairmen and officers for Wednesday evening, Oct. 26, in Harley's Restaurant, Route 13, Seaford. A dinner starting at 6:30 p. m. will precede the session.

It will be the first meeting of the 1960-61 season for representatives of the 11 branch areas which constitute the state-wide network of the Red Cross.

Mrs. Frank R. Grier, newly-elected chapter vice chairman for branch areas, will preside.

Mrs. Ethel J. Myers, executive director of the Red Cross in Delaware, will outline activities for the new season. She said matters of importance to all services will be discussed.

Reservations for the meeting should be made with the Red Cross headquarters at the Chapter House, 910 Gilpin Avenue, Wilmington, by the date of Monday, Oct. 24.

FIRE DESTROYS BARN

The barn of Fred Dill, HOLLANDSVILLE, was destroyed by fire Friday. Loss included hay.

The Felton and Harrington fire companies attended.

FIREMEN TO SOLICIT DOOR TO DOOR

The Harrington Volunteer Fire Company's annual campaign for funds, which got under way Oct. 3, will be featured by a house-to-house solicitation Sunday. The beginning of the canvass will be announced by a long blast of the fire siren.

The fire company has purchased a new fire truck, costing approximately \$12,000, to be prepared better to protect the city and the rural area. The new vehicle is equipped to combat all types of rural and urban fires.

Make all donations payable to the Harrington Volunteer Fire Company, FUND Drive Chairman, or leave them at the office of Outten Insurance Agency.

Democrats to Have Two Caravans

Kent County Democrats plan two caravans soon, both emanating from Dover.

One will leave Legislative Hall at noon Sunday to meet U. S. Senator John Kennedy, candidate for president, at New Castle Air Base at 1:30 p.m.

The second caravan will leave Democratic headquarters, on Lockerman Street, Wednesday morning and visit every town in the county.

State, national and county candidates will accompany both caravans, said Vernon B. Derrickson, chairman of the Kent County Democratic Committee.

Derrickson added that a meeting of the committee would be held this evening in the Kent County Courthouse and that he would like for all interested persons to attend.

Veterans News

QUESTIONS AND ANSWERS

Q—Is it true that VA no longer writes any new GI insurance except to service-disabled Korea veterans?

A—No. VA is permitted by law to issue a special type of GI insurance to any service-disabled veteran discharged under other than dishonorable conditions on or after April 25, 1951. This could include Korea veterans, of course, but also peacetime veterans. Applications generally must be made within one year from the date VA finds the disability service-connected.

Q—I'm in school under the Korean GI Bill and not happy with the course I am taking, but my three-years from date of discharge deadlines for making a change has passed. Is there anything I can do about it?

A—Yes. If, through no fault of your own, you are not making good progress, and the course is plainly not right for you, you may change. Notify VA to schedule a session of counseling for (Continued on Page 8)

CLARENCE BLACK GETS COUNCIL POST FROM SIXTH WARD

Clarence Black was appointed councilman from the Sixth Ward at the October meeting of the City Council Monday evening. He is a salesman for a wholesale grocery firm.

Black will serve until the municipal elections in January when a councilman will be elected to serve the year remaining in the three-year term of Charles Hopkins who died Aug. 17.

Otherwise, the council's main business Monday evening had to do with street improvements. It accepted the bid of Walter Roach & Son, of Georgetown, for the following projects:

Cleaning, patching, and resurfacing Mispillion Street, \$376.80; the same work on South Street, \$144.40; patching on Mispillion Street from West to Short Street, \$20; Cleaning and patching Harrington Avenue, \$140; patching hole at Shaw and Dixon Streets, \$55.

A motion Monday night also asked City Manager George Graham to do any other small patchwork he saw fit.

The Council accepted a petition from property owners asking for the curbing of Calvin Street, with the property owners to pay half the cost, and black-topping. The petition was filed and will be considered in order of similar petitions.

Agreed to accept offer of Steve Draper, of Milford, to take down trees on Mechanic Street, at \$50 per tree, at his convenience in the winter. Draper will also fill the remaining holes.

Accepted corrections to tax list.

Approved installation of street-light at rear of new parking lot of Asbury Methodist Church.

Accepted bid of \$1850, of Dominion Tank & Iron Company, Petersburg, Va., to paint water tower.

Voted to get literature and prices on machines to address mail.

Millsboro Rolls Over H.H.S. 45-6

The Henlopen Conference leader, Millsboro, yielded the first score against them this season but had no trouble winning from Harrington in a game played Friday night at Millsboro. Harrington and Selbyville are both winless and share the cellar.

The local's usually reliable line had an off night and the Blue Devils' speedy backfield of Messick, Parker, Wooten and Baker capitalized on this weakness. The Lions pass defense and end play was adequate.

George Pfeiffer accounted for the Harrington tally on a double reverse. Leonard Masten did his part so well that half of the Blue Devils were chasing him thinking he had the ball. Pfeiffer faked the safety man out of position and cut inside him to score after a 94-yard run, the longest in the league this year.

Saturday, the Lions are host to Middletown in a non-conference game. Middletown is also winless but the Cavaliers have been campaigning against tougher opposition than the Lions have been playing.

John Farrow, their ace passer, gave H.H.S. trouble the last two seasons fighting for a losing cause. He is back again for another try this year.

Coach Bill Kramedras' Harrington Junior High team came from behind to edge the Delmar team 7-6. This brings their seasonal record to two wins in three starts.

Delmar halted a Harrington drive by recovering a fumble near the goal. The Lion forward wall jarred the ball loose from a Railroad back on the next play and Randy Knox recovered the oval in the end zone. Bill Adams hurred through center for the game-winning extra point.

Bridge Traffic Shows Increase

Traffic zoomed upward by more than 100,000 vehicles over Delaware Memorial Bridge during September compared to the same period in 1959. Frank J. Horty, general manager states in his monthly report.

The Delaware Interstate Highway Division, which operates the bridge, was informed that this is a jump of 11.6 per cent for the period, and brings the four month total for the 1960-61 fiscal year to 4,440,610 vehicles. This represents a 7.9 per cent advance over the June 1, through Sept. 30, 1959 period. During that time 4,116,004 vehicles were counted.

For the month of September there were 965,485 crossings as compared to 864,761 a year earlier, or an increase of 100,724 vehicles. Of that number, 84,534 represented an increase in passenger traffic; 15,931 were trucks in all categories and one-revenue vehicles increased by 239 because of extraordinary activities on the span in erecting new signal lights and other necessary work.

Revenue received in September amounted to \$363,071.70, as compared to \$522,791.05 in September, 1959, or a drop of 30.6 per cent. The two reductions in 1959-60 account for the differential. During the four month fiscal period collections have totaled \$1,617,679.80 compared to \$2,437,733.25, a decrease of \$820,053.55, of 33.7 per cent.

In the monthly efficiency contest among toll collectors, Emory Postles received the first award of a \$50 U. S. Savings Bond. Francis Riley, in second place, received a \$25 bond.

One dealer booked orders of \$112,000,000 at London's 1959 Motor Show.

GOP Offers Data on Registration

The Kent County Republican Party, recognizing the tremendous population growth in the county during the past ten years, this week announced an "all-out" drive to help new voters find proper registration places Oct. 15.

John Carson, chairman of the Kent County Party, said Wednesday that all three county Republican headquarters will be staffed from 7 a.m. until 8 p.m. Oct. 15, the final registration day, to answer phone calls from prospective voters.

"Transportation for those who may not have a ride to the registration places, will be provided," chairman Carson said.

The party, which has made history in two ways this year, is making every effort to woo support of Kent County voters. For the first time in several elections, the party has filled all spots on the ticket, bringing "many new faces into the political scene," Carson said. "Too," the chairman pointed out, "we've opened a headquarters in Kenton for the first time in history for this campaign."

"We have phones in three offices. The Dover office can be reached by calling REdfield 4-8654. Smyrna can be called at Olive 5-8460, our Kenton office can be reached at Olive 3-8389, while our Harrington number of EXeter 8-3443," Carson said. "We urge voters with any questions to call us at these numbers. People staffing these offices will be in a position to answer any questions."

Belle Everett Day to Honor State Treasurer, Committeewoman

The Kent County Democratic Women's Club will sponsor a "Belle Everett Day" Monday in honor of Mrs. Belle Everett, first president of the group. State and County candidates will participate.

Mrs. Everett is state treasurer and Democratic national committeewoman.

A reception will be held at the Kent County Democratic headquarters, on Lockerman

Greenwood Agency Offers Special Auto Insurance

Nelson Meredith Sr., owner of Meredith Insurance Agency, at Greenwood, has announced his appointment by the Glen Falls Insurance Company to handle its new preferred driver policy recently approved by the State Insurance Department.

Meredith says the new arrangement will make it possible for his agency to offer the above-average-driver in Delaware a policy at a substantial saving.

The Greenwood citizen, who has represented the New York company for several years, says his agency will begin an extensive advertising campaign to introduce the new policy.

World Wide Pictures Release

Billy Graham's historic 17,000 "Safari for Souls" across Africa is the theme of a new feature length motion picture. "Africa on the Bridge" will be held at the Union Methodist Church, Burrsville, on Friday evening, Oct. 21, at 7:30.

Photographed in authentic sound and natural color in seventeen principal cities across Africa from Monrovia, Liberia, to Cairo, Egypt, the document captures the spirit of Africa during the current crucial years. Frequently called "The Awakening Giant," Africa is depicted to be in a transition period — on a bridge—between ancient tribalism and the shining goal of independence from colonial rule. During this significant period, American Evangelist Billy Graham was accorded an unprecedented welcome by Africans ranging from Chiefs of State down to the general population of bush, desert and jungle. A total of 500,000 persons attended outdoor mass meetings with nearly 35,000 inquirers remaining for further help and instruction.

"Africa on the Bridge" has great pictorial scope, ranging from sequences depicting primitive village life to scenes of modern city and industrial activity. Exciting and colorful pagan rites and ceremonies are featured, together with some of the most remarkable big game footage ever filmed.

New Soybean Variety Shown to State Farmers

About 100 farmers took advantage of the soybean open house at the University of Delaware's agricultural substation, Georgetown, Oct. 6, to get the latest research information on soybean varieties, weed control chemicals, and some ideas on future markets.

Dr. William Crittenden, plant pathologist, and Frank B. Springer, agronomist, explained the results of the research plots at the substation.

Two new soybeans that have not been named as yet, were discussed. One is called C-1068 and the other is U-D 321. They will be named and released for planting next spring, Springer said. The C-1068 variety has yielded better than any bean now being grown in Delaware. It also suffers less from diseases than the varieties now being grown.

The U-D 321 has been developed because of the root-knot nematode problem vegetable farmers are having with such crops as cucumbers and cantaloupes. The U-D 321 is resistant to root knot nematode. By planting this soybean between crops of cucumbers or cantaloupes, farmers can reduce the nematode problem while still getting a crop from the land.

Research plots also showed the effective job weed control chemicals can do on soybeans. Springer said that farmers who have trouble with broadleaf weeds in soybeans can take care of them with a chemical called premerge. He said three pounds per acre does the job and he had clean soybeans to prove it.

Dr. Richard Cole, University of Delaware agronomist, said soybeans may soon be a common human food. In fact, there may be two different markets for soybeans and two different kinds of beans to meet these markets. The common market today is for beans high in oil content, but for human food a high protein bean is more desirable and also tastes better. People in Asia have been eating soybeans in a variety of forms for many years.

VFW to Sponsor Register and Vote Campaign

"Veterans have a real stake in elections at all levels of government and should fully exercise the right to vote and should do everything possible to encourage others to vote," said State Commander Edward W. Clarke this

week in urging Delaware's more than 4000 V.F.W. members to actively participate in a statewide effort aimed at getting out a record vote Nov. 8.

Commander Clarke pointed out that "veterans, in fighting this nation's battles, were fighting for the preservation of certain rights, among which is the right to select, through free elections, those who are to govern them."

"Countless generations of brave Americans have made the supreme sacrifice in order that the right to hold free elections might be preserved in this country and in other parts of the free world," continued the V.F.W. leader.

Commander Clarke urged veterans to not only vote themselves but to do everything possible to insure that members of their families and their friends and neighbors also exercise this privilege. He also urged each of the state's thirty-one posts and their ladies auxiliaries to make available, on a non-partisan basis, information concerning voting requirements and location of polling places; and to offer transportation on the next Registration Day, Oct. 15, and on Election Day, Nov. 8.

Trinity Methodist Church Notes

Your church is many things; to you one thing, to your neighbor another. Certainly to both of you it is a house of prayer. Your church should be a place where you can come with the assurance that here you can be strengthened by prayer and communion with God. Great personalities of all ages have been strengthened by prayer. Martin Luther, when faced with the gigantic tasks of his life, said, "I have so much to do that I cannot get along without three hours a day of praying." Sir Matthew Hale declared, "If I omit praying and reading God's word in the morning, nothing goes right all day." These men, as have all faithful Christians, found great comfort in prayer.

To be sure, we are living in a hurried age. Everything has been speeded up. The immediacy of things demands our time and attention. But because life is like that today, we need prayer all the more. It is a reservoir of strength and courage. It gives life a unity and a direction. Come worship with us this week and find in our common communion with God the strength for your life.

"Prayer is the rope up in the belfry; we pull it and it rings the bell up in heaven."

The building committee will meet Thurs., Oct. 13, at 9 o'clock p.m. The meeting will be held in the parsonage after the Senior Choir practice.

Sunday, Oct. 16, Layman's Sunday.

9:45 a.m. Church School. William Jester, general superintendent; Virginia Shultie, Primary superintendent. This Sunday our Sunday School will observe Promotion exercises. The attendance pins will be awarded during the program.

11 a.m. Worship program will be in charge of Randall H. Knox, Jr., Church layleader. The Methodist Church annually observes one Sunday as Layman's Sunday. On this day our church recognizes the importance of the laymen in our total church program.

Those participating in the Layman's Day program are: The Layman's prayer given by Manlove Bradley; the Responsive Reading, lead by William Jester; the scripture reading by Bailey Minner; the Layman's Day message will be given by William W. Shaw. The Senior Choir will sing under the direction of Melvin Brobst.

Our greeters for the day will be laymen of the church; Samuel Williams and John Minner.

The flowers will be placed in our altar vases to the glory of God by Mrs. Florence Fleming.

The Junior Choir will sing under the direction of Mrs. Samuel Mackert.

6:30 p.m.—The Methodist Youth Fellowship will meet with their counselor, Mrs. Lorraine Redden, in the chapel room.

7:30 p.m.—The evening prayer vesper service will be held in the sanctuary. The Intermediate Choir will sing under the direction of Mrs. Benjamin. The Rev. Benjamin will bring the message.

Wed., Oct. 19, the Rev. Dr. John N. Link, of Rehoboth, will begin the study course "Basic Christian Beliefs." The study course, a two church co-operation, will be held at Asbury Church, 7:30 o'clock p.m.

The choirs will practice at the usual time Thursday evening: The Intermediate Choir at 6:30 o'clock; Junior Choir at 7 o'clock, and Senior Choir at 8 o'clock.

The Building Committee will meet with the architect for a final meeting before the educational building is let out to the contractors for the bidding. This final meeting will be held next week, the time and place to be announced.

It has become necessary due to a conflict in dates to extend the date of our church anniversary and ground-breaking to Sunday, Nov. 20. The original date had been set at Nov. 13.

The 80th anniversary service will be held Nov. 20 at 11 o'clock and the ground-breaking will be held in the afternoon at 2:30 o'clock.

The O.U.R. Class wishes to thank all who helped in any way to make their annual fall supper such a success. We are especially appreciative of the Asbury Women's Society for changing the date of their roast beef supper when it was learned that the two supper dates conflicted.

State Department Defines 'Hundreds'

As the current political campaign progresses, newcomers to the "First State" will possibly be confused at times by the increasingly frequent reference to "hundreds", a somewhat unique Delaware geographical or political subdivision, notes the Delaware State Development Department. In order that new Delawareans and visitors may have a better understanding of the nature and origin of these subdivisions the state information agency offers this explanation: "Hundreds", as geographical or political divisions are assumed to

have resulted from an early custom of grouping approximately one hundred families for purpose of defense or for local administration.

It is known that "hundreds" were territorial units in England 600 years ago or earlier. Generally smaller than a shire or county but larger than a parish or town, they were mentioned in English literature as early as the thirteenth century.

Most likely hundreds were established in Delaware in the time of William Penn who took possession of Penn's Sylvania,

which included the "Three Lower Counties on the Delaware," in 1682.

Today, a hundred in Delaware is a subdivision of land, unincorporated and without elected or appointed officials. Each of the three counties in the state contains ten hundreds and each is a Representative District politically. Each of the thirty hundreds is represented in the legislature by an elected representative; these, plus five additional representatives from the City of Wilmington, comprise the Lower House of Delaware's General Assembly.

THE REPUBLICAN TEAM

Republican candidates for election this November are, left to right: seated, John Rollins for Governor, Cale Boggs for U. S. Senator, Jim McKinstry for U. S. Representative; standing, Bill Roth for Lieutenant Governor, Pete Shaw for Auditor, Jim Somerville for State Treasurer.

These candidates are dedicated to a common set of principles that assure strong representation to you and to all citizens of Delaware. They are determined to preserve the freedoms and opportunities you enjoy. This Republican team has absolute confidence in America's destiny—but clearly recognizes the challenges that must be boldly met to insure progress, prosperity and harmony.

HARNES RACING
by KENT SUSSEX

Harness horses, whether they're performing at a night pari-mutuel track or at an afternoon county fair meeting, are warmed up thoroughly before they are raced.

Individual warming up patterns vary according to the conditioning beliefs of trainers and the known habits of their horses. Sluggish horses, for instance, may need additional miles to get them tuned to racing pitch.

But in general, with variations allowed for trainers and horses, a trotter or pacer is prepared for his racing engagement in the following manner:

Even though prior notice may have been served through controlled feeding (big eaters may be deprived of their hay ration on race day) earlier in the day, actual preparation for the race begins about two hours before post time.

The horse is led from his stall at that hour and hitched to a jog cart. He wears nothing but the harness. The boots, poles, shadow rolls, hobbles, etc., that he will require when he races, are not yet in place.

Usually the groom does the driving honors on this first warmup trip which consists of the horse being jogged the wrong way (clockwise) of the track for 2 1/2-3 miles and then being turned and going the right way a leisurely mile that is usually timed at about 2:45.

The horse is then taken back to his stall—by this time he is usually being warmed up out of the paddock—sponged down and covered with a blanket that is called a cooler.

After a 20-30 minute wait, the horse is hitched to the jog cart

again and is ready for what is known as his second warmup mile. This time he is wearing most of his racing gear and usually the trainer, or his assistant, is in the cart. After two scores, the horse trots or paces his mile in about 2:30 and is returned to his paddock stall.

Once more he is sponged down and allowed to blow out. This time, because he has gone a faster warmup mile, he is allowed 30-40 minutes to cool out with his next and last warmup mile usually coming about 30-40 minutes before post time.

For the final warmup mile the horse is hitched to a sulky, the actual racing vehicle, for the first time. The regular driver is at the reins.

Speed of this final mile depends on the caliber of the horse and how fast his race is expected to go.

If the race is expected to go in about 2:10—and we are considering here races on half mile tracks—the horse probably will be warmed up in 2:18. If the race is for horses that can go at the 2:05 notch, the mile will probably be around 2:12.

And if the race is for the fastest of the trotting and pacing horses, the final mile will vary between 2:08 and 2:12 with a very fast half or quarter tacked on at the end of the mile.

The same sponging and blowing out procedure is repeated after this warmup trip and the horse is then ready to race

Like everything else we buy, the prices paid for harness horses varies a great deal. The highest price paid for a horse was \$125,000.

For all horses sold at auction in recent years the average price is between \$2,500 and \$3,000.

U. of D. Home Economics To Hold Open House

All eighth and ninth grade girls attending Delaware schools are invited to attend a home economics open house at the University of Delaware Saturday.

The program, under the direction of a faculty committee, will begin at 9:30 a.m. in the Morgan and Vallandigham Rooms of the student center with registration and refreshments.

The seminar is one of a number of difference activities that are being carried out by the Agricultural Extension Services of the two universities—Delaware and Maryland—in co-operation with Delmarva Poultry Industry, Inc., to increase the relative competitive position of the peninsula with respect to other commercial broiler producing areas.

Plans for the seminar were developed by J. Frank Gordy, director of the University of Delaware substation division at Georgetown, Webb Cassell, president of DPI, and Professor Willard T. McAllister, extension economist with the University's School of Agriculture.

Tours of the child development area and the nutrition laboratory will be conducted by student guides. Also planned are exhibits and demonstrations in the food, clothing and textiles laboratories and lecture-demonstrations on the use and care of home appliances.

In addition to the special demonstrations, there will be displays depicting the curricula and careers in five major areas of study offered by the school of home economics.

Miss Mary Lane, assistant professor of child development is chairman of the program committee which includes Mrs. Catherine Bieher, Miss Frances Jordan, Miss Sally Lanz and Miss Mary E. Wines.

Personnel Seminar Felton Next Week

A personnel seminar, tailored to meet the needs of plant foremen and supervisors working in various operations of the broiler industry in the Delmarva Peninsula, will be held in Salisbury, next Thursday, Oct. 20.

The seminar, sponsored cooperatively by the University of Delaware, the University of Maryland and the poultry industry's association, Delmarva Poultry Industry, Inc., will offer the participants training in personnel management, psychology and communications.

Supervisors and foremen in poultry processing plants, hatcheries, feed mills, and those in charge of vaccination services, trucking and shipping, are among the industry leaders who will attend the seminar.

Dr. Earl Brooks of the College of Business Administration, Cornell University, is the lead-off speaker. He will discuss plant facilities; organizational plans; company loyalty, objectives and goals; and the role of the foreman and the supervisor.

Speakers from industry include John P. Baird, manager of labor relations and production personnel, Balston Purina Company, St. Louis, Mo.; and Charles H. Leeds, personnel training supervisor with the Diamond State Telephone Company.

Mr. Baird will discuss factors, in addition to salary, that are important to employees in their total attitude toward their jobs. Mr. Leeds, in a talk, "Let's Look at You", will outline ways in which supervisors can evaluate their own performance in a leadership role and to work toward improvements where the individual decides these may be desirable.

Two University of Delaware speakers are on the seminar program. They are Dr. Gorham Lane of the department of psychology, and Professor John A. Murray of the department of rural communications. In a general discussion of human relationship problems encountered by foremen and supervisors, Dr. Lane will discuss basic principles of human behavior and discuss why people do the things they do. Mr. Murray will discuss the role of effective communication in maintaining good supervisor-employee relationships.

The seminar is one of a number of difference activities that are being carried out by the Agricultural Extension Services of the two universities—Delaware and Maryland—in co-operation with Delmarva Poultry Industry, Inc., to increase the relative competitive position of the peninsula with respect to other commercial broiler producing areas.

Band Plays at Football Game

When our boys meet Middletown's eleven in the football game on Harrington's home grounds tomorrow, they will be entertained at halftime by the high school band and a group of square dancers.

After the band has arrived in formation in the center of the field, three sets of square dancers will appear and dance to the accompaniment of the marching band.

The dancers from the fifth grade rooms of our school are as follows: from Mrs. Brobst's room: Bruce Beene, Nicky Morris, Wayne Reid, Gary Smith, Debby Aiken, Jack Creasy, Susan Greenhaugh, and Candace Peck.

From Miss Long's room—Howard Brown, James Calloway Gary Minner, Bruce Szajda, Donna Faye Dean, Anne Gilstad, Diane Harrington, and Susan Perry. From Mr. Donovan's room—Gordon Jarrell, David Murphy, James Simpler, William Smith, Charlyn Hoffman, Matilda Kukulka, Sharon Motter, and Linda Rogers.

The bonnets to be worn by the girls in the dance sets were made by Mrs. Leon Kukulka.

It is hoped that a large crowd will greet the boys as they play their second home game tomorrow, and enjoy the half-time show with us.

GRADE 1 — Mrs. Grant

We have made orange pumpkins, black cats and owls. Some are spooky looking.

Some of us have our pre-primers. Nine boys and girls are reading their second pre-primer, "Under the Sky."

We have a new little girl from California. Her name is Rita Dyerle. We are glad to have her. That makes us a total of twenty-four little people — twelve girls and twelve boys.

GRADE 3 — Mrs. Grant

The officers of Miss Morris' home room are: president, Glenn Smith; vice president, Barbara Nielsen; secretary, Joyce Kirwan; treasurer, Susan Brown; student council representative, Sylvia Outten; alternate, Gale Umphlett. Doug Mill takes care of the absentee slips each morning.

There is a committee each week to clean the erasers and to wash the blackboards.

GRADE 5 — Mrs. Brobst

Last Friday our parents were invited to a conference at school. The boys and girls played games in the field house during that hour.

We are studying sounds in science and the climatic zones in

social. We are having our six weeks reviews in some subjects.

GRADE 8 — Mrs. Dolby

Mrs. Dolby's eighth grade class room has been changed this year from the first floor to room number 210 on the second floor of the high school building.

The girls and boys tied in their percentage of attendance for September. It was 94.4%.

Charles Tribbett had the misfortune to injure his arm which caused him to be absent for five days. He has returned to school.

Class Debate to Be Held

Mr. Kramedas' and Mr. Rutledge's Senior Class are having a class debate which will be held in a few weeks. This debate is going to be about voting for Kennedy or Nixon. In Mr. Kramedas' homeroom Sammy Minner is for Kennedy and Grenda Banning for Nixon. In Mr. Rutledge's homeroom Maralee Kirwan for Kennedy and George Pfeiffer for Nixon.

SENIOR PERSONALITY

Joyce Ann Pearson

Joyce Ann was born Oct. 16, 1941, to Mr. and Mrs. William N. Pearson, near Greensboro, Md. She has always attended Harrington School. She is taking the commercial course and her favorite subjects are home economics, history, and bookkeeping.

Joyce was the secretary of the Nurses Club for one year. Her hobbies are cooking and photography.

Upon graduation she plans to attend a school of beauty and culture.

Friday the 14th, we had a club meeting. He voted on a name for our club. All of us decided that we should call it "The Eager Beavers Club."

Monday, Mrs. Mann was absent. Mrs. Leonard was our substitute teacher.

Reporter, Marsha Harrington

FIRST GRADE — Mrs. Marvel

October 10 was parent-teacher conference and we were happy to have fifteen parents in our room. They sat at our desks and looked at our number and reading workbooks.

There are 24 pupils in our room; ten boys and fourteen girls. We enjoy our work and play everyday. We are learning to share, take turns, be quiet when we should, and improve our social habits.

GRADE 3 — Mrs. O'Neal

We have learned to write all the small letters in the alphabet.

Our classroom and outside bulletin board is decorated for Halloween.

PERFECT ATTENDANCE

GRADE 8 — Mrs. Goodwill

Reese Theatre Notes

One might call this a 'bonanza' of entertainment. Two of the much heralded hits of Moviedom are coming to Reese Theatre, one following the other. To see them as presented by Movie Center makes it one of the most unusual entertainment treats of the season. Yes, it's go-go-go to Movie Center. Never let happy times pass you by. No picture or book in a decade created as much furore as John O'Hara's "From the Terrace".

H.H.S. Harriers Best Centreville And Milford

By Keith S. Burgess
Coach Harold McDonald's veteran cross-country squad scored its second victory in two starts by winning from Centreville, Md., and Milford.

The Marylanders have been represented in this sports for several years, while the Milford group was running in its first meet ever. The Buc unveiled a real prospect in Porter, who negotiated the tough 2.4 mile Harrington course in a fine 14:25.

Harrington again was minus two regulars as was the situation in the opening meet victory at Easton. If the locals are to make a strong run for the state title, Nov. 2, the best seven men must be on hand.

Harry Knotts, probably the No. 1 scholastic harrier on the peninsula, was an easy winner in Thursday's triangular meet. His time was 12:33 compared with his course record of 12:19 set in the finale last year. Knotts will probably set a new record before the season is over.

Clarence Hackett and Dwight Hackett, the Lions' brother act, coasted in easily in second and third places. Clarence negotiated the local course in 13:06, a new personal record.

Moore of Centreville, a distant fourth Thursday, on Monday was the first runner to finish when the Queen Anne County Seaters were beaten by North Carolina of Denton, Md. North Carolina is the only school in this area with even an outside chance against the locals.

George Pfeiffer, Harrington High's performer who letters in all five varsity sports, has not been able to run previously this year even in a practice session but was just 1 second behind Moore in fifth place.

Dennis Bradley, two-time letter winner, was the last Lion to figure in the scoring. Dennis, too, is more than 90 seconds faster than a year ago.

Jeff Adams, a sophomore newcomer, who had never seen the local course before finished full of run in a good 16:04. Had he been more familiar with the terrain he could have started his finish drive, sooner and would probably have finished two notches higher than his excellent 12th in a field of 24.

Other fine efforts were turned in by Tom Millspaw, Frank Cain, Dennis Rogers, Tom Simpler, Lester Minner, Erwin Rogers, and Jim Ralph. The latter trio set new personal records for the jaunt.

Greenwood comes to the Killen's Pond course today (Friday) at 4 p.m.

Baptist Church Notes

Sunday school begins at 10 o'clock with classes for all ages. The lesson for this Sunday will be "In God We Trust." Morning worship services begin at 11 o'clock. Visitors are always welcome.

Last Sunday our speaker was Allan J. Beck of Cumberland, Md. "Breath On Me" was sung by Fred Monroe.

St. Stephen's Episcopal Church Notes

Sun., Oct. 16, 3:30 to 8:30 p.m., there will be held, at St. Stephen's, a healing mission. The Rev. Osborn R. Littlewood, Rector of St. Michael and All Angels, Baltimore, will lecture at 4 p.m. At 5:15 p.m. Holy Communion will be celebrated, and the "Laying on of Hands." Following the service everyone is invited to have coffee and cake served by the host church.

At 7:30 p.m. there will be a question and answer session led by the Rev. Mr. Littleford. The public is cordially invited to attend all or part of this healing mission.

Acolytes at the 11 o'clock service on the 17th Sunday after Trinity were Walter Rogers, Dennis Bradley, Tim Strohl, Frank Welch, Robert Greer.

Ushers last Sunday were Messrs. Archie Feagan and Ernest Killen. Representing St. Stephen's, Robert Greer, Roy Porter, and Charles McNally attended the Kent County Youth Convocation held at St. Peter's Smyrna, last Sunday.

A movie highlighting events at the 1960 session of Camp Arrowhead was shown to the young men and women attending the convocation. Youth members of Smyrna, the host church, conducted a short evening prayer service at the conclusion of the program and supper.

Flowers on the altar last Sunday were given to the glory of God and for the wedding anniversary of Sergeant and Mrs. Alvin Donophon of Port Meade.

Messrs. Frank Elton and Earl

McColley are chairmen of a committee to beautify the grounds by planting shrubs and trees around St. Stephen's. Anyone who wishes to contribute a shrub may contact these two church people.

A weekend conference for 7th, 8th, and 9th graders will be held at the duPont Memorial House, Rehoboth Beach, Nov. 4th and 5th. The theme of the conference is "God goes to Junior High School." Anyone interested is asked to notify the vicar.

An interesting visitor at St. Stephen's last Sunday was Mrs. Eric J. Coady, bride of Lt. Eric J. Coady of Harrington and formerly of Pensacola, Fla. Mrs. Coady is from Mobile, Ala. The young couple will leave soon for El Toro, Calif., where he will be stationed with the Marine air wing.

The fall diocesan meeting of the Episcopal churchwomen will be held October 27 at Immanuel Church, Wilmington.

After the 10 a.m. Holy Communion there will be a forum on missions and an address by the Rt. Rev. J. Brooke Mosley, Bishop of Delaware on the theology of Missions.

Speakers on the afternoon program include Mrs. I. P. May, Mrs. Owen Ringwald, and Mrs. Paul A. Kellogg.

Sunday School at 10 a.m., Robert H. Yerkes, Sr., general superintendent, Alvin O. Brown, supt. of the junior department, Mrs. William Scott of the Cradle Roll and Carl Prentice, supt. of Missions. This being the third Sunday of the month the offering will go toward the Sunday School Building fund.

The worship service begin at 11 a.m., with the organ prelude, Mrs. Agnes Webb at the organ, assisted by John Clark at the piano.

Call to worship by the pastor, the Rev. Ray W. Kirwan. This being Laymen's Sunday, the speaker will be William Henderson from Georgetown. The Senior and Junior choirs will have special selections.

The M.Y.F. will hold its meeting at 6:45 p.m.

Last Sunday being Rally Day there were more than 180 in attendance in the Sunday School. There was also a good number present for the worship service at which the infant daughter of Mr. and Mrs. Samuel Johnson was baptized and the minister delivered a most wonderful sermon.

In the evening at 8 o'clock, members of the W.S.C.S. presented a special program. Mrs. Josiah Parvis was mistress of ceremonies, Mrs. Robert Yerkes gave the scripture reading and presided at the organ. The Rev. Kirwan gave the prayer, Mrs. John Lemmon and Mrs. Carl Prentice sang a duet, Mrs. Ralph Jump favored with a piano medley, Mrs. Jonathan Willis of Milford, was the guest speaker and her talk was most appropriate and very interesting.

The O.U.R. Class met last Wednesday evening in the Fellowship Hall. It was decided that Saturday, Oct. 29, would be the date for the annual house cleaning at the church, everyone, church members and friends of the church is asked to come out by 9 a.m. to help with the task. Remember, Nov. 13 is home coming and it would be very nice to be all shined up for the occasion.

Tuesday, Nov. 8, election day, the O.U.R. Class will serve lunch as in previous years. A tent will be set up between the fire house and Daugherty's store and hot soup and coffee and sandwiches, and pie will be for sale. Come out and vote and eat your lunch while there.

No Grazing On Conservation Reserve

Even though the growing season is over, land in the Conservation Reserve may not be used for grazing so long as the land retirement contract remains in effect. R. Harry Wilson of the Kent Agricultural Stabilization and Conservation County Committee at Dover.

For Conservation Reserve contracts which expire in 1960, the prohibition on grazing continues until December 31, Mr. Wilson said. For contracts with additional years to run, the farmer is obligated to withhold the land from crops or grazing and to refrain from breaking out new land until the contract expires.

Mr. Wilson said that 1960 annual payments are being made to Conservation Reserve participants now that performance has been checked to determine that contract requirements have been complied with during the past year. There are 105 contracts in effect in Kent County in 1960, covering a total of 6,475.0 acres of cropland.

Marshall Resigns Hospital Post

The Board of Trustees and the Medical Staff of the Milford Memorial Hospital recently accepted, with regret, the resignation of Dr. S. M. D. Marshall as Chief of the EENT Service at the Hospital. Dr. Marshall will continue to practice at the hospital, but felt he desired to step down as the chief of this department.

A native of this area, Dr. Marshall has served the medical profession and the community faithfully and with selfless devotion for many years. He was a graduate of Milford Public Schools and the University of Delaware in the class of 1905. He received his MD Degree from the University of Pennsylvania in 1909 and took post-graduate work at the Methodist Episcopal Hospital in Philadelphia in 1909 and 1910. In 1912 and 1913, he continued specializing at the Wills Eye Hospital in Philadelphia, Pa. He served as a first lieutenant in the Delaware National Guards from 1914 to 1912 and a captain in the U. S. Marine Corps in 1918 and 1919. He was on the staff of the Milford Emergency Hospital from 1914 to 1917 and with his brother, Dr. William Marshall Jr., opened the Marshall Hospital in 1923, closing it again in 1935 and subsequently re-joining the staff at the Milford Memorial Hospital. Since 1938, Dr. Marshall has taught eye, ear, nose and throat, to the student nurses at the Hospital School of Nursing. He is a member of the Sussex County and Delaware State Medical Association, the American Medical Association, the Wills Eye Hospital Society, and the Philadelphia Medical Club.

In appointing Dr. Vytautas Avizonis to fill the vacancy of chief of the EENT Service at the hospital, the Board of Trustees and Medical Staff were happy to have such an excellent successor to Dr. Sam Marshall.

Dr. Avizonis is a graduate of the university of Vytautas the Great in Lithuania receiving his MD degree in 1933. He continued his training in his specialty at the same hospital until 1940. Upon coming to the United States, he took a one-year internship at the St. Elizabeth Hospital in Elizabeth, N. J., and followed this with 25 months specialty residency in Ear, Nose and Throat at the Newark Eye and Ear Infirmary in Newark, N. J. He became a diplomate of the American Board of Ophthalmology in 1957. Prior to coming to Milford, he had his own practice in Bay Shore, Long Island, N. Y., as well as New York City. He was on the Staff at the Southside Hospi-

tal in Bay Shore and the Central Islip State Hospital, as well as the New York Eye and Ear Infirmary. He also had courtesy privilege at the Medical Art Center in New York City. He is a member of the Suffolk County, New York State, and American Medical Association, as well as the Delaware Medical Society. He also is a member of the Nassau Ophthalmological Society and of the Societe Francaise d'Ophthalmologie.

Wonder Which Wheat Variety to Plant?

Delaware wheat growers started thinking about planting wheat when the brisk cool air moved into the Diamond state a few days back.

Some of the questions that county agricultural agent George Vapaa hears at this time of year are these:

"What variety of wheat will yield best?"

Mr. Vapaa says the answer to that one is Tayland or Seneca. If scab is a problem, as it is in the most areas of Kent County, Nudel is the best bet because it is resistant to scab.

Another common one is: "What's the fly-free time?"

"That's an easy one," Mr. Vapaa said. "The fly-free date is already past, so go ahead and plant anytime after Oct. 8 is good for Kent County."

Another regular question is: "That's an easy one too," he says. "The price difference between certified and uncertified seed is pretty small compared to the total investment you put into planting your wheat. That little difference in price eliminates a few of the things that can cause a crop loss. It guarantees high germination, disease resistance and freedom from weed seed. The best management and ideal weather conditions won't do you any good if you don't put good seed in the ground."

And someone always asks this one: "How much and what kind of fertilizer should I use?"

"That depends on a lot of things that can only be answered accurately by a soil test. You can get a test made this fall and topdress a shot of fertilizer in the spring," Mr. Vapaa said.

"In the meantime, for detailed information on fertilizer, variety weed control, planting dates, amount to plant and other information on small grains, call me at Redfield 6-1448 or write in and ask for the leaflet on small grain," the agent said.

Seed Quality Means Seed Testing

Farmers should use only the highest quality seed available, County agricultural agent George Vapaa says. This means planting labeled seed of high purity, high rate of germination, free of noxious weeds and a variety recommended.

It is important to select an adapted high yielding variety and to take the necessary precautions to insure high quality, high germinating seed.

The actual cost of seed is only a fraction of the total cost of crop production. Using poor quality seed cancels out the benefits of carefully planned land preparation and seeding. Seed of low purity and low germination is not capable of producing high yielding crops.

If you use your own seed or seed grown by a neighbor, be sure it's properly cleaned to remove inert material, immature seeds and weed seed.

It should also be tested at the State Seed Laboratory. The testing is a free service to all Delaware farmers. Mr. Vapaa said seed samples should be sent to him at the Dover postoffice or directly to the State Seed Laboratory at Dover.

It's important to send a sample representative of the whole batch and enough to enable proper testing (two pounds: small grain one pound legumes), he added.

It is silly to risk possible crop loss or introduce undesirable weeds that may take years, time and money to eradicate. Poor quality and weed infested cover crop seed is a poor way to economize.

"Use certified seed whenever possible then you really know what you're getting," Mr. Vapaa said.

Adjust Your Corn Picker

With tangled cornfields from hurricane winds, picking corn is a larger problem than usual this fall, according to George Vapaa, County Agent.

Here are some things to consider, that will help pick more

corn and pick it safely, he says:

1. Loosen and retighten all slip clutches before you start picking.
2. Travel slow! Use first gear.
3. Keep on the row-go slow.
4. Make sure snapping rolls are adjusted to fit your corn-go slow.
5. Make certain snapping rolls are rough enough. Use plugs, cap screws, welded beads or wire; and see your dealer—he can help you.
6. Examine gathering chains for tightness and timing-go slow.
7. Check husking bed tension, as well as ear retarder mechanism.
8. Resolve to always shut the picker off before leaving the tractor seat-go slow.
9. Re-read your operator's manual.
10. Remember—many corn pickers lose 10 percent of the corn. A careful operator, even in down corn, can do better. Try for no more than a five per cent corn loss and no loss of fingers or hands or arms.

Delaware Food Market Report

Beef supplies continue to be plentiful and prices reasonable, as a result of the increased slaughter of beef animals in the first eight months of this year. This situation is likely to continue for a while.

To take full advantage of this pleasing abundance, why not make greater use of the less popular cuts such as brisket, plate, flank and neck meat. Actually, flavor wise and nutrition wise, all cuts of beef are about the same. The reason some cuts command higher price than others is that they are requested and bought more often.

As an all-around budget-wise meat, ground beef is a good choice. However, there are a few things you should think about before buying this meat, if it is to be truly tasty and economical. Ground beef should have about 80% lean and 20% fat for best flavor. To grind round steak, a much demanded cut which wears a high price tag, is not wise shopping. This is an almost fat-free cut of beef; thus will generally turn dry in cooking. In contrast to this, chuck, neck meat and

other less expensive cuts naturally have a lean-fat ratio that gives the juiciest and most delicious ground beef. If you like ground beef that is a little more chewy (a bit more like other meat) ask the butcher to grind it only once instead of twice as is the custom.

Broccoli, cauliflower, cabbage, squash and potatoes (sweet potatoes also) are in good supply and prices are very reasonable. October is the month of peak supply for cauliflower. When selecting this vegetable your eye is the best guide. Look for those heads that are heavy for their size, creamy-white in color, with the outer leaves fresh and green. The flowerets should be compact and tightly closed.

Best buys at the fruit counter this week are apples, grapes, California oranges, some bananas, pears and cranberries. The avocado crop in Florida suffered a severe loss during the hurricane and recent bad weather. Because of this we can expect this fruit will remain high in price. Ordinarily Florida supplies three quarters of the avocados found on the market during October, so you can see why there will be few avocados on the market this month.

Reminder on Price-Support Certificate

With fall crops going under prices support in volume, Chairman R. Harry Wilson of the Kent Agricultural Stabilization and Conservation County Committee reminds farmers that the certificate of interest received by the farmer for his loan is not income until it has been taken to a bank and exchanged for the loan proceeds.

In previous years, Mr. Wilson said, there was some confusion in cases where producers presented the certificate to the bank in the year following the year in which it was received from the county office.

The MILKMAKER FEEDING PROGRAM

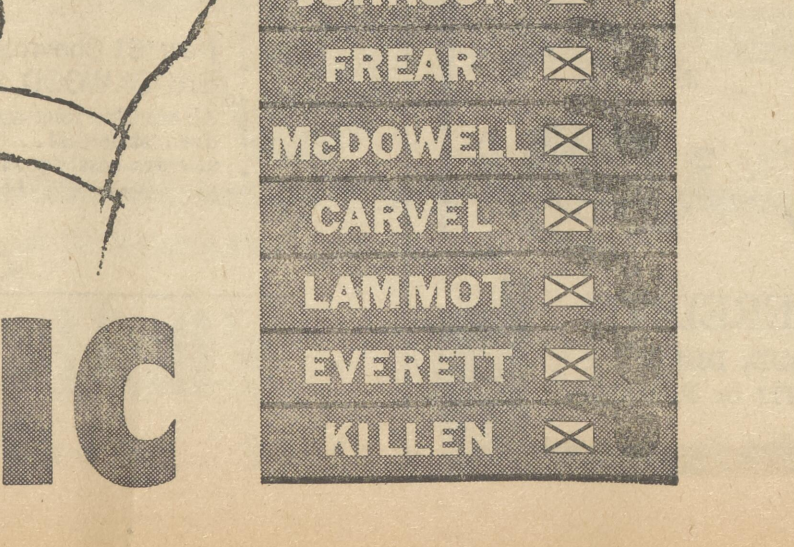

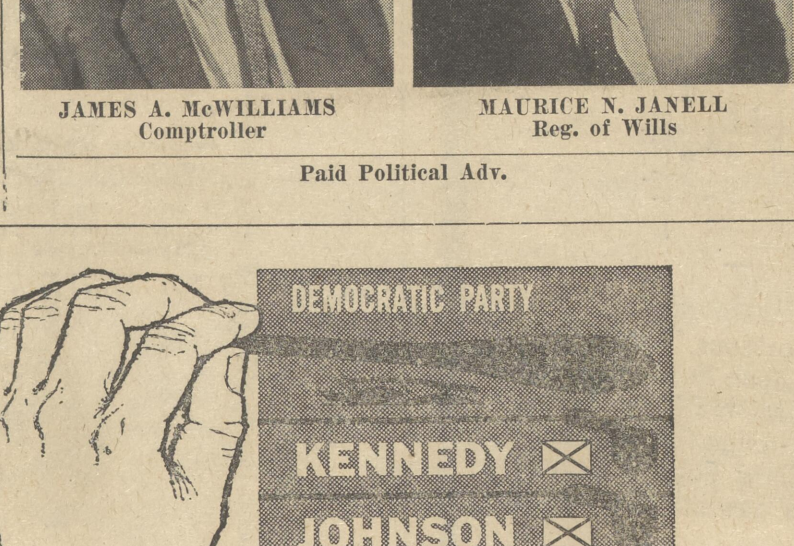

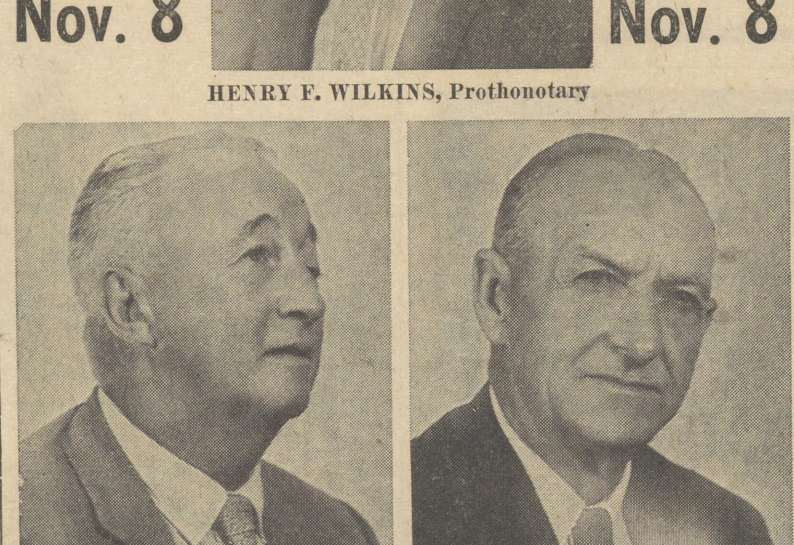

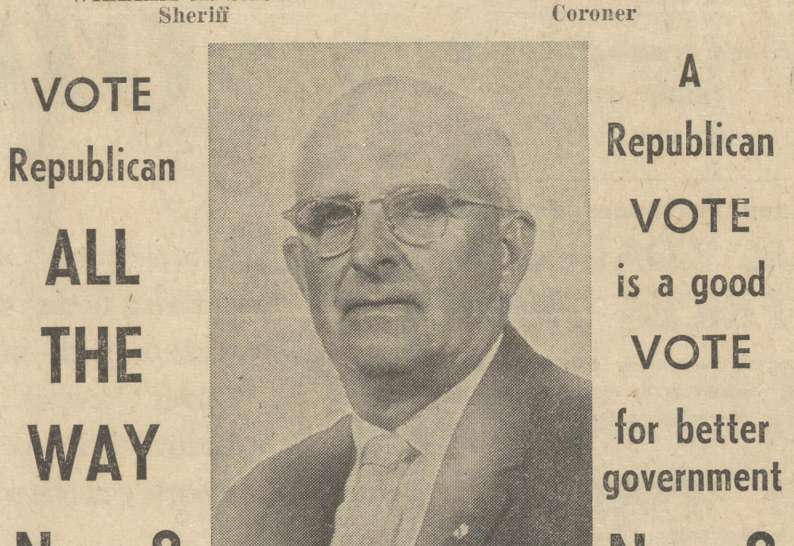

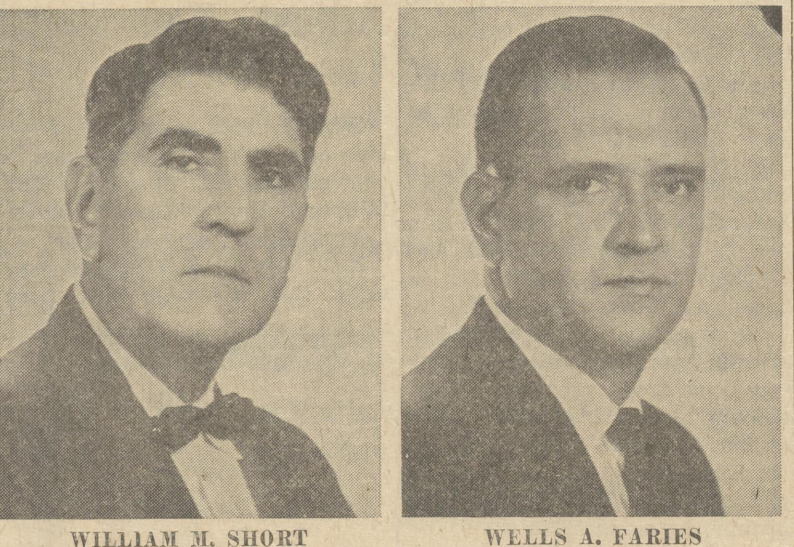

1 With Good Quality Roughage or Pasture ... Feed 16% MILKMAKER If you have plenty of green leafy legume hay like clover, alfalfa, soybeans, lespedeza, etc. ... or grass or corn silage, try Southern States 16% Milk Maker.

2 With Average Quality Roughage or Pasture ... Feed 20% MILKMAKER Mixed hay such as clover, timothy and other grasses, early-cut grass hay or corn silage call for 20% Milk Maker to make a high-producing ration.

3 With Lower Quality Roughage or Pasture ... Feed 24% MILKMAKER Late-cut, stemmy legume or grass hay is low in feeding value, so to make a balanced ration you need a high-protein feed like 24% Milk Maker.
