The Harrington Chamber of Commerce, at its November meeting at The Wonder R, voted to stage a Santa Claus parade Saturday afternoon, Dec. 3, and award prizes of \$15 and \$10 for the best-decorated floats. The meeting took the place of the one scheduled for the previous Tuesday, Election Day.

It was also agreed to build a Santa Claus house, 8 feet by 8 feet, to be placed in the business district. A previous house, not in use for several years, had become too dilapidated for use. W. Cliff Miller is in charge of the construction of the house.

Furthermore, it was decided to check on the condition of a creche, usually placed on railroad property at the Clark Street crossing, to see if it is in condition to be erected.

It was revealed also that Satterfield & Ryan had started to erect the Christmas lighting in the business district.

COUNCIL ALTERS PROCEDURE FOR CURBING STREETS

Property owners will be notified by letter when the City wants them to put in curb, it was decided Monday evening at the November meeting of the group.

Quoting the City Charter as its authority, the Council agreed that letters would be sent to those persons who had petitioned for curb. The motion Monday evening stated that if the recipient of the letter did not put in curbing in 60 days, the City would do it and bill the property owner for half.

At present, there are several petitions on hand requesting curb-

ing, with the City to pay half as it has been doing the past few years with municipal aid funds.

In other business in a short meeting, the Council authorized City Manager George Graham to have a chlorinator, and the building housing it, fixed at the sewage disposal plant.

Clarence Black, newly appointed councilman from the Sixth Ward, attended his first meeting. He was appointed to fill the vacancy created by the death of Charles Hopkins. Black will serve until January when a candidate will be elected to serve the year remaining in Hopkins' term.

Knotts, The Hacketts, Bonniwell, Pfeiffer Win Loop Cross-Country Title

By Keith S. Burgess
Coach Harold McDonald's crack Harrington High cross-country squad continued their domination of the harrier sport in the lower peninsula area as they won the Henlopen Conference title with a perfect score Wednesday afternoon. This was accomplished by taking the first five places in the race.

State champion Harry Knotts is now the Henlopen individual champion, also. Harry lowered his course record for the 2.4 miles Killen's Pond test to a brilliant 12 minutes and 12 seconds. The old mark was 12:19. The Hackett brothers, Clarence and Dwight, continued their fine running as they finished second and third.

Bob "Buddy" Bonniwell and George Pfeiffer completed the shutout by coming in fourth and fifth. Pfeiffer set a new personal mark for the distance.

Knotts, the Hacketts, Bonniwell and Pfeiffer all will receive engraved trophies for their fine efforts. Harrington High School receives an engraved plaque and a huge engraved trophy. The plaque is a permanent possession, but the large trophy retained only until next year. At that time it will be up for grabs again in the 1961 Henlopen title meet. Naturally, Coach McDonald hopes to win it again next year but only Clarence Hackett, Allen Wix and Jeff Adams will return of his best eight runners. The Henlopen Conference team track trophy is at H.H.S. also.

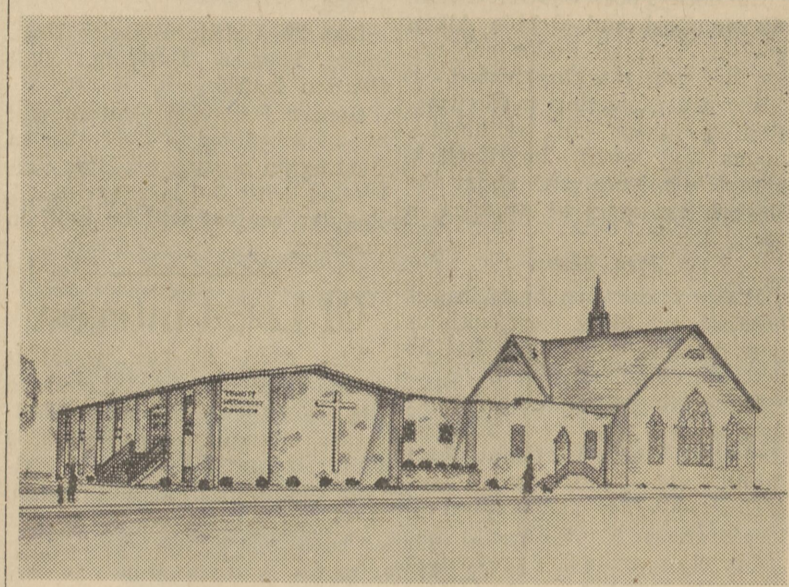

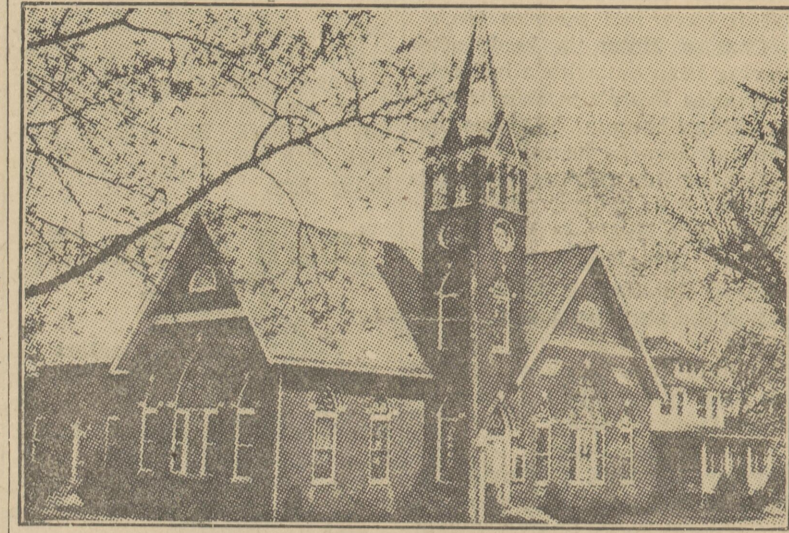

Greenwood was second in the meet and promise to possibly be

the team to dethrone Harrington next fall. They have several fine young runners led by Yoder, Woodall and Bowden. Yoder's 13:45 clocking was especially good considering his youth.

The crowds are getting larger at these endurance tests and it may soon be necessary to set up some kind of traffic control near the finish line on Thomas Chambers' farm. It is a simple matter to park on the dirt road and walk the 200 yards to where the race ends, yet many people in the last two or three meets have driven on the course in their cars, raising clouds of dust for the contestants to run through, blocking the finish line, getting in the runner's right of way and in general lending a sour note to the whole proceedings. If these finely conditioned young athletes can run almost 2 1/2 miles up hill and down dale, surely we adults can saunter 200 yards. After all, the Harrington course is on private property and Mr. Chambers has put up with us for three years now. He could hardly be blamed for withdrawing the privilege of using his land. This would be regrettable since veteran coaches have stated that the local course is one of the best around and would be next to impossible to duplicate in flat, lower Delaware. It is hoped that spectators will be good enough to park on the dirt road, outside the farm, in the future.

The season finale, the highlight of the lower Delaware cross-country season, will take place on the (Continued on Page 8)

Trinity Church to Break Ground For Educational Building Sunday

Trinity Methodist Church Architect's drawing of addition.

All day services will mark the 80th anniversary and ground-breaking celebration at Trinity Methodist Church, No. 63 Commerce St. Sunday.

Dr. Robert L. Parker, president of Wesley Junior College, Dover, will preach at the regular 11 o'clock worship hour which will mark the 80th anniversary of the church.

At 2:30 p.m. the ground-breaking ceremony will be held on the lot directly behind the church on Mispillion and Short Streets, the site of the new Educational Building, designed by R. Calvin Clendaniel, architect, of Lincoln.

Nimrod Minner, oldest member of the congregation will turn the first shovel of earth. The new addition is to house an auditorium, church school classrooms, a kitchen, pastor's study, and rest rooms.

In addition to the facilities provided for in the new building, the building program will provide for the present Primary Department space in the Sapp Memorial building to be converted into a church lounge, choir room and a hallway leading into the new wing.

The O.U.R. Class will sponsor a coffee hour to follow the groundbreaking ceremony. The evening service will be held at 7:30 o'clock with the Rev. Daniel T. Pritchard, a former pastor, bringing the message.

The church choir will bring special music throughout the day. The public is cordially invited to attend the services.

A kick-off dinner will be sponsored by the Women's Society of Christian Service for the purpose of fund raising for the new building, on Fri., Nov. 18, in the evening, at 6:30 o'clock. Members and friends are invited to attend the dinner.

Junior High Eleven Share Henlopen Title With John M. Clayton

Coach Bill Kramedas' Harrington Junior High Football team battled to a scoreless tie with the powerful John M. Clayton Junior High Bears Monday night under the lights, at Dagsboro.

The Sussex County team was unbeaten, unscored on and were averaging 30 points a game. Coach Kramedas had his boys steamed up for this one and their fine efforts earned them the tie against the favored foe.

As both schools finished the Henlopen schedule unbeaten, they will share the league title. The locals were beaten in outside play by Caesar Rodney in the season opener and then defeated Dover. Most of these lads are still too young and light to help the varsity much next year but look for an upsurge in H.H.S. football fortunes in 1962.

The awards were presented by the fire company in observance of Fire Prevention Week and were announced by Albert C. Price, the president.

Callaway-Kemp-Raughley-Tee Post No. 7, of the American Legion, held a dance Saturday evening commemorating Veterans Day, which older Legionnaires refer to as Armistice Day.

The World War I armistice took place at the 11th hour, the 11th day, and the 11th month of 1918.

The post held its first meeting, since the end of harness racing, Nov. 2. It was well attended. In reviewing the membership status of the legion, it was revealed the post had 50 members, 105 of which were paid up. The quota for 1960 is 165 members.

Harold Melvin, chairman of the Membership Committee, says this is an excellent year to join or rejoin the Legion. This organization has made the biggest showing this year and self-improvement, with civic betterment in view, is quite evident, say Legion officials.

Delaware's three-day observance of Veterans Day, which was climaxed by the now traditional statewide observance at Delaware Memorial Bridge Plaza Sunday, was, in the opinion of State Chairman David S. Hugg, the most extensive in recent years.

The ceremonies at the Bridge Plaza attracted about 1000 persons and featured an address by Major Claude Bond, Dover Air Force chaplain.

Major Bond warned the gathering that the nation must return to the fundamentals of Americanism.

"We must remember that those who died did not lose their lives but gave them to establish and preserve this nation," he declared.

Sunday's observance opened with a concert by the 287th U. S. Army Band, Delaware National Guard. A procession followed with color guards and officials of various organizations participating. After the military band played the national anthem, Ed- (Continued on Page 8)

LOUIS P. SHANNON

Do You Know Your Neighbor?

Part of Delaware's sixth annual Farm-City Week observance, Nov. 18-24, will be the Farm-City Banquet Nov. 21 at the Capital Grange Hall in Dover.

The main speaker will be Louis P. Shannon, manager of the duPont Company's Extension Division. His topic will be "Know Your Neighbor."

A program on lawns and shrubbery by members of the agricultural extension service of the University of Delaware will follow the banquet which starts at 6:30 p.m.

Extension agronomist William H. Mitchell will exhibit turf grass samples and will talk about lawn mixtures, care and management.

Extension horticulturist Robert F. Stevens will discuss the fine points of dressing up your lawn with shrubbery.

Both specialists will be available for questions following the program.

Mr. Shannon is a widely known speaker. He has addressed more than 1300 groups in the last 11 years, appearing before college

and university groups, educators, civic clubs, industrial conferences, and technical societies. His frequent meetings with these groups and his intimate association with the duPont Company give him a fine understanding of current American industry and its relationship with agriculture.

Mr. Shannon has been with duPont since 1942. Before joining the Extension Division, he was engaged in personnel training and industrial engineering work.

Before joining duPont, he gained broad experience as an educator and as a school administrator. He received a bachelor's degree from Southern Illinois University, a master's degree from the University of Florida and did further post-graduate work at the University of Illinois.

Dean George M. Worrlow of the school of agriculture, University of Delaware, will be toastmaster at the banquet.

The annual crops show, also held in the Grange Hall, will be open to the public the evening of Nov. 21 and all day Nov. 22. Some \$450 in premium awards will be awarded top exhibitors in hay, silage, soybeans, corn, small grains and clover seed divisions.

The menu will feature roast beef. Everyone is welcome according to the Delaware Crop Improvement Association and the Agricultural Extension Service which co-sponsor the event.

duPont To Have Layoff

A curtailment in production at the Seaford duPont plant will result in the layoff of approximately 80 people, Arthur J. McGinty, manager, announced.

Mr. McGinty said the move is necessary to bring production in line with a current dip in demand for textile products. Only employees with less than eight months' service will be affected out of the total plant payroll of approximately 2400 people.

H.H.S. Bows to Rehoboth 38-0

By Keith S. Burgess

Rehoboth's one-beaten Seahawks had too much power, finesse and reserve strength for Harrington High's football Lions an easily prevailed by a score of 38-0 Saturday afternoon on the local gridiron.

The visitors elected to receive the opening kickoff and then marched down the field of score with the game barely underway. Immediately after a Lion back fumbled and Rehoboth recovered. A pass was completed for another score and the die was cast.

On the next kickoff George Pfeiffer came straight up the middle to Rehoboth 48. Just when it appeared he might go all the way a giant Seahawk who must have been about 6 ft 4, made a long, diving, desperation lunge

that brought George down. That was the local's most serious threat although they did reach the Rehoboth 30 late in the contest.

The Lions made their best showing in the second quarter. Barry Fry and Jeff Adams each downed a Rehoboth back to save a touchdown. Wayne Collison recovered a Rehoboth fumble to stop one drive.

The Sussex Countains added three scores in the second half to win going away.

Pfeiffer again performed in a Herculean manner in defeat. Adams continued to please the Harrington fans with his eye-catching blocking. The writer was

standing near the Lewes coaching staff, who had come to scout Rehoboth, when they were overheard to remark that Pfeiffer was a real, fine football player. George would probably be All-Henlopen Conference if he was playing for one of the league's high ranking teams.

Harrington will close the season by tackling the Delmar Roaders at Delmar Friday night. The host nine bowed to Rehoboth by one touchdown so the Lions will probably be in for another rough evening.

Two Principles For Storing Chemical

Safe storage of agricultural chemicals embodies two cardinal principles for their safe use, warns County Agent George Vapaa.

One of the best ways of achieving safe storage is to create a chemical storage center.

- 1. Have an organized place for storage.
2. Use up or dispose of small amounts of left-over chemicals.
3. When chemicals of any kind are stored, be sure the label is intact.
4. Keep chemicals stored in a dry place away from fire or other source of ignition.
5. Keep the chemical storage place locked to keep out children and others who are not responsible.
6. Store highly toxic chemicals, those having skull and crossbones on label, high enough to be out of reach of children should they get into storage area.
7. Never stack one chemical on top of another.
8. Check label for instructions so that chemicals that should not be stored together are separated.

Delaware Food Market Report

As you shop this weekend it would be a good idea to place your order for your Thanksgiving turkey, especially if you want a particular size.

The economy-minded shopper who has a freezer can handle these large turkeys in several different ways.

Beef remains plentiful and prices are reasonable as seasonally heavier cattle marketings continue.

The vegetable picture remains much as it was last week with very few changes in prices.

Egg prices are up again. Grade A large eggs are selling around 75 cents a dozen.

Farowing Time Start Of Parasite In Pigs
Many of the internal parasite difficulties with hogs start when baby pigs take their first drink of milk.

If sows come into farrowing pens without being properly cleaned, the hog grower is in trouble because most worm damage to baby pigs occurs when they are quite young.

Scrubbing the sow with warm water and a mild soap or detergent will remove the majority of worm eggs from her udder, he said.

The sow usually picks up the worm eggs from the lot. This can be remedied by using a pasture rotation system for dry and pregnant sows.

Hooper Rust was the lucky deer hunter. Mr. and Mrs. Jack Bradley and daughter, Jewel, were in Wilmington Wednesday.

The community was saddened by the death of Robert Salmons Sunday evening.

Mrs. Ebe Hamilton, Ellen Vincent are among the sick.

Mr. and Mrs. Harold Minner are the proud parents of a baby girl.

Cindy Foskey is on the sick list. Wallace H. Smith has returned home from Baltimore after being in Marine Hospital for treatment for several weeks.

Mr. and Mrs. Daniel J. Smith were in Baltimore over the weekend.

Careers for Women Urged at U. of D.

Conscious of the need to utilize womanpower as well as manpower to the fullest, University of Delaware faculty and administrators are making greater efforts to encourage women students to seek careers after graduation.

To focus the attention of a growing number of women undergraduates on vocations other than housewife and mother, president John A. Perkins has appointed a committee to further the professional purpose of women students.

In Dr. Perkins' words, the function of the committee is that of "inspiring our women students to approach their higher education with a greater sense of professional purpose and to extend themselves in their education to the full extent of their ability, looking toward lifetime careers."

Plans of the committee, which has been organized under the chairmanship of Professor Elizabeth Dyer, call for a series of campus visitations by professional and career women, many of whom have successfully combined marriage and vocational responsibilities.

The committee will confine its work to college level student, although it recognizes the need for similar action at the high school level. It work will be aimed at interesting women in choosing careers and in encourag-

ing those who already have made their choices to broaden and deepen their educational development.

Suggested speakers include women of national reputation and others of distinction in local or regional activities. It is hoped that the quality of the campus program will result in the eventual publication of the lecture series on career opportunities for women.

Members of the committee are Dr. Dyer, chairman; Mrs. Geraldine M. Wyatt, director of placement; Dr. Irma Ayers, dean of the school of home economics; Miss Elizabeth F. Crook, assistant professor of music; Mrs. Alberta Trunck, lecturer in nursing; Miss Jane L. Gardner, associate professor of art; Miss Mary P. McPherson, part-time instructor in philosophy, and Mrs. Arnold M. Clark.

Student members are Miss Sandra Schwab, Lansdale, Pa.; Miss Annette S. Adams, 450 Highland Ave., Collingswood, N. J.; and

Miss Madeline J. Baker, 302 Capitol Trail, Newark.

Reese Theatre Notes

Thanksgiving holidays are coming, and the management of Movie Center is centering all efforts to make the next coming weeks one grand and glorious parade of superb entertainment. The Reese Theatre weekly program featured in this newspaper, lists some of the latest and greatest Hollywood hits. One of the biggest combination shows of the season is scheduled for this Friday and Saturday, Nov. 18 and 19. The management suggests special effort should be put forth to bring the entire family as 20th Century Fox presents "When Comedy Was King" with all the old time comedians, such as; Charlie Chaplin, the Keystone Cops, Laurel & Hardy, Buster Keaton, Harry Langdon, Mabel Normand plus a mass of old time slap stick favorites. Laughter is the word—"he who laughs the loudest lives the longest". Another star hit on the same bill is Alan Ladd and Don Murray in "One Boot in Hell." Whatever you do don't miss this. She is the greatest. The super symbol of sex. Talented, 'tis no wonder Marilyn Monroe has reached the top of the heap. Horse Sale At Saratoga

Area harness horsemen and others familiar to Saratoga Raceway are among those with products of the record-breaking Standardbred sale at Harrisburg, Pa. Leonard Fancher of Hensonsville, Harrison Hoyt of East Dorset, Vt., Mike Akoury of North Bennington, Vt., Ken Williams of Stillwater, Tony Ambo of Greenfield Center and Ed Coville, Jimmy Van Deusen and Ozzie Cole of Saratoga Springs all have two or more Harrisburg offerings, on which they were high bidders in the role of either owner, trainer, or both. Other with Harrisburg acquisitions include Howard Parker of Saratoga Springs, Pete Dailey of Gansevoort, Herman Picard of Voorheesville, the Robertson Brothers of Greenwich, Don Huff of Rochester and two father-son teams, William and Ronnie Chase of Schoharie and Nicholas and Don Kittle of Ghent. These horsemen were not among those who bought any of the 21 Harrisburg horses that brought prices ranging from \$25,000 up to \$65,000, but they still contributed to an auction that saw 874 head sell for \$3,365,850, a record total for the 22-year-old auction as it topped last year's \$3,225,100 for 922 head. Fancher bought five including the four-year-old pacer, Scotch Mercury, at \$3900, the yearling Bonny Sadie, purchased at \$2500 for his wife, and the yearling Easter Tag, one he landed at \$1,600 as agent for William Anderson of Albany. Hoyt was last bidder on four yearlings, three by his former star, Demon Hanover. He went to \$5000 for one of the Demons, Guy Demon. Akoury selected four yearlings for as many different ownerships, including Trotwood Chuck, at \$2,500, for Mr. and Mrs. Antonio R. Begin of Hoosick Falls and Bay

Broom at \$1400 for Robert Rein-er and Harris Metzner of Albany. Williams came home with three new charges, two for the Koval Brothers of Stillwater. One of the Koval horses is the finely bred four-year-old Prince Hoot, a failure as a trotter that might make it as a pacer. He cost \$1300. Coville, who trains for John Mullins, was high bidder on two yearlings for the Troy owner, including the \$7000 filly, Armbr Connie, a daughter of Tar Heel. Van Deusen, bidding for owner Dubar W. Bostick of Shelburne, Vt., made two final bids, one at \$3000 for the yearling, Colby's Way. Ambo, another trainer acting as agent, acquired the three-year-old trotter, Newport Jet, for \$2600 and the yearling, Ace Dares, for \$2500. Cole also made two agent bids, including the \$700 yearling Pleasant Echo. The Spa trainer, Aubrey Rodney, acquired a \$7000 pupil when Dr. D. G. McIvor of Concord, N. H., gave that figure for the yearling, Gusto, in a private transaction at the sale. Gusto is a son of the noted trotter named Rodney. In yearling purchases from the sale ring, Huff, acting for Mr. and Mrs. Ernest M. Bowen of East Corinth, Vt., obtained Cherry Point, by Gene Abe, for \$5000; Picard paid \$4000 for Meadow Audrey, by Tar Heel; Dailey, bidding for the Thunderbird Stable of Caroga Lake, bought Staley Hanover, by Knight Dream, for \$3700; the Robertson Brothers made a \$3600 investment in Targeteer, by Tar Heel, and Parker secured Frosty Charly (ca), by Dale Frost, for \$3500. William Chase bought the yearling, Pretty Lullwater, for \$1200 and he and Ronnie each made a \$400 purchase. Nick Kittle acquired the three-year-old pacer, Red Rice, for \$900 and Don picked up a yearling for \$350. Isaac Alkes of Glens Falls purchased the yearling, Haila Flashy, for \$500 and Wallace Mattison

of Bennington bought the yearling, Royal Majesty, for \$400. Lester Funk of Pine Plains, who drove at Saratoga during the past season, bid \$2100 for the two-year-old pacer, Amerb's Star. The Hall Stables of Watertown, which had the 1959 Spa Raceway Horse of the Year in Diller Hanover, bought a \$7000 yearling in Fifty Stars, a son of Dean Hanover. Others making final bids included Owner E. P. Gray of Bel-lows Falls, Vt., and trainers Charlie Shaver of Syracuse, Dick Webber of Churchville, Garland Garmsey of Canton and Len

O'Meara of Lexington, Mass. Gray bought four, topped by the \$3,500 Colby Hanover yearling, Jeanette Colby. 1961 Wool Support Prices Set A shorn wool incentive price of 62 cents per pound has been announced by the U. S. Department of Agriculture for the 1961 marketing year which begins April 1, 1961. The 1961 price for wool is the same as for the first six years of the program, running from 1955 through the 1960 marketing years. Payments to producers for the 1961 marketing year will follow the same methods employed for 1960, County Agent George Vapaa reports. Shorn wool payments will be equal to a percentage of each producer's cash returns from wool sales. The percentage will be that required to raise the national average price received by all producers for shorn wool up to the incentive price of 62 cents per pound. This is the seventh and last year of the program under present legislation.

A—No. The law says you must complete your GI education within eight years from your separation from the armed services. Better try to work in the courses you need before your deadline.

Q—I need the record of my discharge from the Army in order to apply for a VA benefit but can't find the one issued to me. Can VA provide me with another?

A—No. To get a replacement for your lost discharge you should write to the Department of Defense, Military Personnel Records Center, 9700 Page Boulevard, St. Louis, Mo.

Q—I have a GI insurance policy and am entitled to take out the total disability income rider pays policyholders must have been in existence six months before payments can be made. Payments would start with the seventh month after the disability occurred, but would continue during the time of the disability thereafter.

Treat Alfalfa For Weevil Now

"If you had trouble with alfalfa weevil last spring, now is the time to strike back," according to Dr. Dale F. Bray, extension entomologist with the University of Delaware.

"The best material authorized for alfalfa weevil control at this time is dieldrin," Bray says. However, you must apply dieldrin before Dec. 1 to avoid any risk of chemical residues in the hay.

The other reason is that the later the application the less effective the treatment will be.

"So get dieldrin on right away," Bray says. It can be applied mixed with granular fertilizer or by itself in a spray. The correct rate is one pound of actual dieldrin per acre.

Attractive, smooth-riding, durable. It's modern soil-cement.

MODERN soil-cement Money savings and long life for Delaware roads! Low-cost soil-cement pavement grows stronger year by year! Maintenance crews can all but forget about the roads paved with soil-cement. Soil-cement holds up like no other low-cost pavement ever laid, has a life expectancy of 20 years plus. Soil-cement pavement is strong right from the start. And it keeps getting stronger! Tests show it often doubles in strength after years of use, is stronger inch for inch than any other pavement short of concrete. No softening, no break-up after a hard winter. That's why maintenance costs stay low. Initial cost? That's low, too, because road builders work with native soils. Soil, cement and water are mixed on the roadway, rolled solid. Thin bituminous topping is added. Developed in 1935, soil-cement is now in service on more than 42,000 miles of roads. And street and highway officials everywhere are con- verting more mileage to soil-cement every year. Gets stronger with age Core cut from soil-cement highway showed strength had actually doubled in 14 years.

local course Tuesday afternoon at 4 p.m. Billed as the Harrington Invitational, it will feature a field of at least 50 lower Delaware and Maryland runners. Invitations have been sent to most of the high schools in Kent and Sussex Counties in Delaware and on the Eastern Shore of Maryland. Early entries are Harrington, Greenwood, Milton, Millsboro, Milford, North Caroline of Denton and Caesar Rodney. The C. R. Riders will be getting their collective feet wet for the first time. Other possible entries are Easton and South Dorchester, both of whom competed in this event last year. Federalsburg may appear, also.

Harry Knotts was the individual winner in the two previous Harrington Invitations and should have little trouble repeating as he has decisively beaten all of the top contenders earlier in the season. The local Lions should repeat as team champions since their chief rival, North Caroline, was defeated here on Oct. 24 at a time when Bob Bonniwell, third in the 1959 Invitational, was not with the squad. With Bob back in harness the victory margin should be even greater.

Elbert N. Carvel, Delaware's governor-elect, and Mayor-elect John E. Babiarz of Wilmington were among the platform guests introduced by Chairman Hugg.

Officials and heads of various veterans organizations then affixed a chrysanthemum to a V-shaped memorial wreath as Miss Mary Malloy, of the Spanish American War Veterans Auxiliary, called the roll of participating units.

The salute to departed comrades was given by Polish-American Post 3257, V.F.W., and Rabbi Jacob Kraft, spiritual leader of Temple Beth Shalom, offered the prayer for the dead.

Edward Okonowicz Jr., of Wilmington, sounded taps. The Rev. Andrew J. White, past national chaplain of the V.F.W., offered the benediction. The Blue Rock Drum and Bugle Corps participated in the retiring of the colors.

During the Bridge Plaza ceremonies, special recognition was accorded Delaware's Gold Star Mothers and the state's survivors of the Spanish-American War.

The three-day observance was brought to a close with a Veterans Day dinner at the Lord De-La-Warr Hotel which was attended by most of the participants at the Bridge Plaza exercises. Six Spanish-American War veterans were special guests at this latter affair.

The State's observance got underway on Friday with observances in various communities throughout the state. Later that day, a gift from the Statewide Committee was presented to each hospitalized veteran at the V. A. Hospital, Brack-Ex, and at other hospitals and institutions throughout the state.

According to chairman Hugg, additional observances were also staged at various locations Saturday.

State Officers Visit C.K.R.T. Unit 7

A very full and interesting meeting of the Callaway-Kemp-Raughley-Tee Auxiliary Unit No. 7 was held on Tuesday evening, with Mrs. Jarvis Hurd presiding.

This marked the annual visitation of officers and among those present were Mrs. Clyde Tucker, state president; Mrs. Howard Foster, legislative chairman; Mrs. Allen Beheler, community service chairman; Mrs. Henry Orkin, Kent County representative on the Ways and Means Committee; Mrs. Robert Gray VAVS representative at Brack-Ex and Mrs. John Powell, Jr. membership chairman.

Also guests for the evening

were Miss Mary Ann Fair and Miss Beatrice "Sizi" Collins, who were Harrington High School's representatives at Girl's State in June. They told of the work of Girl's State and thanked the Auxiliary for making their stay in Dover possible.

In the report of committee chairman, Mrs. Leonard, child welfare, reported that a gift had been sent to the adopted child at Stockley. The Juniors, under the guiding hand of Mrs. Don Dell are planning a Christmas party for the pupils at the Retarded Children's School. The next meeting for the Juniors will be on Saturday at 1 o'clock at the home of Pam Trepasso. The Christmas gift shops at Brack-Ex and the other veterans' hospitals will begin on Dec. 10. As

is the usual custom each member of Unit No. 7 is asked to buy two \$1 gifts to be used in the shops. These gifts will be taken to Clending's Pharmacy for display during the first week in December.

Mrs. Frank O'Neal Jr., introduced the state officers who spoke briefly to the group. Mrs. Tucker reported on the national convention held in Miami in September, and also told of the workshop to be held in Milton on Nov. 26 beginning at 9 a.m. All officers and chairmen of the unit are asked to attend.

Mrs. Powell, who is membership chairman, told the unit that she was very proud of their record. They have already reached their quota for the year. She also mentioned that Delaware was the

first in the nation last year to reach quota, with 105.7% of quota at the time of the convention. The magic number to be reached in membership this year is 1255, and she feels confident the units will exceed this goal. Mrs. Powell and Mrs. Tucker also reported on the Rehabilitation and Child Welfare Conference that they attended last week in Washington. This is an important meeting that covers many phases of the Legion and Auxiliary work with veterans and their families.

A social hour followed. The refreshment committee for December will be Mrs. Robert Jester, Mrs. William Jester, Mrs. George Price, Mrs. Albert Price and Mrs. John Swain.
