

## KENT APPROVES ZONING AND REAPPRAISAL STUDY

Kent County's Levy Court has formally endorsed zoning for the county and a study of reappraisal of property, it was announced Monday.

John G. Tarburton, who was defeated in his bid for reelection, proposed the motions Thursday at the Levy Court's meeting.

J. Noble Carroll, president of the board, voted for the motions. Charles W. Bostick, the third member, abstained. Bostick will be the only holdover in the new Levy Court which takes over Jan. 3. Carroll did not seek re-election. It was the first time the Levy Court has taken formal positions on the two questions, subject of comment and political statements for years.

Fred B. Carey Sr., the only Republican elected to county office Nov. 8, campaigned for a Levy Court seat on a platform which included reappraisal and zoning.

Tarburton's motion on zoning said "the members of the Levy Court of Kent County endorse the proposal of an adequate zoning bill for Kent County and hereby recommend that the general assembly enact the necessary constitutional amendment to permit zoning legislation in Kent County."

The Levy Court can proceed with reappraising the county without going to the Legislature for an enabling bill.

The motion calls for the Levy Court to "make a study of the feasibility and necessity of hiring expert appraisers to assist the Board of Assessment of Kent County."

It further provides that Bostick conduct the study. "This study would include the cost of hiring such expert appraisers and the financing of these costs and also include an examination of the administrative problems involved in the hiring of such expert appraisers."

Bostick is to report to members of the Levy Court when the study is completed, according to the motion.

Make-up of the new Levy Court will be two Democrats, Bostick and Walter Paskey Jr., and one Republican, Carey.

Kent's tax rate is 50 cents per \$100 evaluation. The 1961-62 tax rate will be set next spring and the reappraisal, if any, would not affect it.

## Haber Granted Leave From Highway Post

In a tightly closed five-hour session at Dover Monday the State Highway Commission gave Richard A. Haber, chief engineer, an indefinite leave of absence with full pay.

William J. Miller, Jr., of Dover deputy chief engineer, was named acting chief engineer. He automatically became acting engineer for the Delaware Memorial Bridge at the same time.

The leave with pay was approved unanimously by the four Republican and seven Democratic commissioners who stayed through the entire meeting.

Robert D. Thompson, Democrat of Rehoboth Beach, left early to confer with his attorney at Georgetown. He has been accused in the interim investigation report of Atty Gen. Januar D. Bove, Jr., of having a direct interest in a concession lease by the department in April, 1957.

As acting chief engineer, Miller will also serve as engineer for the Delaware Memorial Bridge.

The commissioner Monday created their own special six-man investigating committee to look into Gove's charges of mismanagement of funds and "moral laxity."

Gov.-elect Elbert N. Carvel announced Tuesday at Laurel that he would make public Wednesday the names of the eight-member committee he is appointing to investigate the Highway Department situation. Although it will consist of four Republicans and four Democrats, Carvel said the members are actually disassociated from politics.

The commission's six-member committee includes two from each county and three from each party. Its members are: Hugh R. Sharp, Jr., of Greenville, William P. Richardson of Dover, and Frank R. Grier of Milford, all Republicans, and Edward Kelly of Dover, Benjamin Abelman of Wilmington, and Dallas D. Culver of Seaford, Democrats.

Kelly was named chairman at a meeting following the commission meeting.

Haber and Miller will work with the committee. It is also expected that Haber will confer with Miller Tuesday at Dover. He will be available to assist Miller in any way Miller desires, during the leave of absence.

## Safety Around the Christmas Tree

By Miss Patricia Middleton

Thirteen children and 10 adults were killed around the Christmas tree two years ago in the United States, according to Maurice K. Clark, chief engineer of the Wilmington Bureau of Fire. Christmas accidents can be so easily prevented by following these simple safety tips.

Even fresh Christmas trees burn fiercely because of the tar and pitch they contain, so leave your tree outside until you are ready to set it up. Throw water over it occasionally to keep it moist and fresh.

When you're ready to bring the tree inside, make a diagonal cut across the base of the trunk to allow more surface to be exposed to the moisture in the container.

Fill the container with water or wet sand to help keep the tree needles moist. Don't leave your tree up longer than two weeks. By this time, the best-cared-for trees begin to dry out and become even more hazardous.

Place your tree away from fire place, radiators, stoves, candles, television sets and other electrical appliances but near an outlet fused for 15 amperes.

Be sure all tree-light cords, sockets and plugs are in good condition. Lights you purchase should have the Underwriter's Laboratory Label on them. Look for parallel wired strings of lights that have a fiber washer pressed against the bulb socket. This washer helps keep burnable materials out of the socket and lessens the chance of shock if you touch the metal part of the bulb while the lights are on. Parallel wiring means that all the properly working lights stay on if one bulb burns out.

Decorations and ornaments should be made of non-flammable or fire-treated materials. You can fireproof the decorations yourself by dipping them in a mixture of 9 ounces of borax, 4 ounces of boric acid, and 1 gallon of water. Gaze and cotton batting can be treated in the same way.

Lastly, turn off the lights any time you leave the house and when you go to bed.

## Miss Paskey Named Principal

Meeting on Dec. 21 rather than the scheduled date of Dec. 28 because of the Christmas vacation, the Board of Education of Harrington Special School District, after carefully considering of applicants, elected Miss Loretta Paskey of the school faculty, as principal of the Harrington Elementary School. The effective date of this employment will be Jan. 1. Although Miss Paskey will retain her present teaching assignment for the remainder of the school year, she will have additional duties in her new capacity of co-ordinator of the elementary school program.

In further business, the Board expressed appreciation to William Killen and Thomas Chambers for allowing the cross-country team to use sections of their farm for cross-country meets during the fall season.

The Board agreed to notify its architect, Buchart Associates of Lancaster, Pa., to change the specifications of the multi-purpose room in the elementary school to 40' x 60' in order to meet the requirements of the State Board of Education.

The superintendent reported that a check for \$4112 had been received by the Harrington School District as a part of its share for educating children of families who work at the air base.

The Board approved the use of the field house on Saturdays for Biddy basketball sponsored by the American Legion and of the Trinity Church youth group for basketball.

## Sportsmen's Banquet to Benefit Heart Fund

Delaware's 1961 Heart Fund will be the beneficiary of the Sportsmen's Banquet to be held Feb. 22 at the Cavaliers Country Club.

Clinton M. Kennedy, well-known Wilmington professional golfer, has been named general chairman for the event by Lloyd R. Leslie, Heart Fund Campaign Chairman.

Kennedy is considered one of Delaware's best golfers and one of the six leading golfers in the Philadelphia district.

He holds the hole-in-one record at Rehoboth Country Club for his 367 shot there, the only double eagle in Delaware. He also holds the course record at Rock Manor and in tournament play has finished third in both the Philly Open and the Wood Memorial.

Kennedy, a resident of Fairfax, is a member of St. Mary Magdalene Church, where he is active in the parish athletic association. He is also a member of the Elks, the St. Anthony Club and the duPont and Rock Manor Country Clubs.

"This banquet will be the first event of its kind held in Wilmington for the Heart Fund," Kennedy said, "and we have every hope of making it an annual affair. Some of the outstanding figures of the sports and entertainment world will be with us at the banquet to help make it a great success. We are going to make the banquet the kind that people will look forward to attending from year to year."

A committee of other local sportsmen is being assembled to assist Kennedy with arrangements, invitations and ticket sales. Tickets will go on sale in the near future at \$10 each.

## Pfeiffer on Pigskin All-Star Team

George Pfeiffer, who is rated as the most versatile athlete in Harrington High history, received additional honors recently when he was chosen on the Henlopen Conference All-Star football team. Pfeiffer, who won five varsity letters last year as a junior, was chosen for a backfield position.

It is a well-known fact in sports that it is very hard for a performer on a losing squad to make an "all" team. The Harrington lad, then, had to play even harder to win this recognition. George on several occasions racked up more than 200 yards running and passing in a game. He had the Henlopen Conference's longest run from scrimmage. This occurred when he raced 96 yards for a touchdown against Millsboro, the league co-champion. This was the only score yielded by the Blue Devils in their first six games.

Tommy the rook, an oldtime bird resident of Crows' Aviary in London zoo, escaped while being taken to the zoo's TV studio. He flew away and never came back.

## IDENTIFICATION SYSTEM, FOR HARNESS HORSES, STARTS HERE

The nation-wide program of lip tattoo identification instituted by the United States Trotting Association, got underway at the Kent and Sussex Fairgrounds, this week. Trained tattoo technicians put more than 20 horses through the operation on the first day of the program.

First horse in the nation to receive a brand was Harrington-owned Fanny Hi Le, a pacing mare owned by Mrs. James Stokley. The mare received the number 00100, which will remain with her throughout her racing career, and on into the broodmare ranks.

Officials of the trotting association were pleased with the results of the opening leg of a campaign that will send tattoo crews to every major training center in the nation. The choice of Harrington for the opening of the campaign was dictated by proximity to other eastern seaboard winter training centers.

The program represents culmination of more than a year of research and planning by the U.S. Trotting Association, and close co-operation with the Thoroughbred Racing Protective Bureau, which developed the lip tattoo system.

Before each horse receives its tattoo, it is positively identified through use of its registration certificate, on which is carried marking peculiar to the individual. Application of the tattoo itself takes only four or five minutes. The branded individual is able to feed immediately after the tattooing.

The new system provides a more rapid means of identification, than is afforded by the current method, a visual check of individual markings. The speed of the new system makes it ideal for raceway conditions.

In addition to raceway uses, the tattoo program is expected to be of prime value to breeding farm operators, for auction sales, and for insurance identifications.

## Best Chosen Minority Leader In House

The 15 Republican members of the House of Representatives Monday night elected William T. Best of Nassau minority floor leader. Harvey P. Fifer of Rising Sun was chosen GOP minority whip.

T. Lees Bartleson of Lindera was also a candidate for House floor leader. He and Best spoke briefly to the Republican representatives in the secret caucus. Then, on a secret ballot, Best was chosen for the top job.

The six Republican senators in the 121st General Assembly closeted themselves in the State Room of the Treadway Inn after a joint dinner with the representatives and other Republican leaders.

Senator Walton H. Simpson of Camden did not attend the dinner and turned up just after the other five went into the room.

The Senate contest appeared to be a standoff between Senator James H. Snowden of Wilmington and Harvey B. Spicer of Georgetown as the Senators began their deliberations.

Ellwood S. Leach, GOP state chairman, announced Monday night that the GOP will have a permanent headquarters in the Treadway Inn because there will be no place available for Republicans get-togethers in Legislative Hall.

This is the first time Republicans have decided to maintain a year-round office in the state capital.

Lt. Gov. David P. Buckson was also chosen for a new post Monday night.

By choice of the Republican members of the 121st General Assembly, he will serve as legal adviser for them.

Particular attention was focused on the choice of legislative leaders Monday night because for the first time in eight years Republicans will not be represented on the second floor of Legislative Hall, namely in the office of governor and secretary of state.

The legislative leaders will be the most prominent spokesmen for the Republican Party during the next two years.

Leach, U. S. Sen.-elect J. Caleb Boggs, and GOP National Committeeman Harry G. Haskell Jr., also emphasized the role Republican legislators will play in creating the image of the Republican Party.

Haskell said that what the legislators do will determine how voters regard the Republican Party and will influence their "ballots two years from now."

## School Christmas Vacation Changes

Two of the days missed by the recent snow storm will be made up by continuing school until noon Fri., Dec. 23, and by returning Jan. 2, rather than on the 3rd. Dismissal on that day will be at 12:30.

It was felt necessary to make up these days as soon as possible inasmuch as further loss of time in Jan., Feb. and March would cause scheduling difficulties, or would put graduation date late in June.

## VA Reminds Vets To Report Income Promptly

Approximately 1700 disabled veterans and dependents of some 1200 deceased veterans in Delaware who receive monthly pension payments, are being reminded by the Veterans Administration to report their annual income promptly and avoid the risk of having their payments stopped.

Leon Fields, manager of the VA regional office at Wilmington, said that VA is now mailing to all pension recipients a tabulating card upon which the income report may be made. Pensioners cease under the old pension law if the income of a single individual exceeds \$1400 or \$2700 if the recipient has dependents.

Under the new law, Mr. Fields pointed out, pensions will cease if the income of a single individual exceeds \$1800, or \$3000 if the recipient has dependents. The amount of pension may be reduced if the recipient's annual income rises from one of the lower brackets—\$600 and \$1200 for a single veteran or widow without dependents, and \$1000 and \$2000 for a veteran or widow with dependents.

Dependent parents who receive dependency and indemnity compensation also receive income questionnaires and their payments are similarly regulated by the amount of their income. Mr. Fields added. Regulations require payment to be stopped if the income report is not returned to the VA within 30 days.

No income questionnaire is sent to veterans or widows who are receiving service-connected benefits.

He also announced that Mrs. Hazel M. Clendaniel will continue as secretary in his office. She has been secretary under Sheriff J. Wesley Walls, Sr.

Mr. Raughley, formerly of Harrington, served several years with the Motor Vehicle Department in Dover.

Mr. James is deputy sheriff now.

The judging of home decorations will be held Wednesday evening.

The following prizes are offered: Best-decorated home, \$25; second, \$10. Most original home

decoration: First prize, \$10, second, \$5. Best-decorated window, \$10. Best-decorated door, \$10. Santa Claus will be in the Santa Claus House, at Commerce and Fleming Streets, with treats for kiddies, tomorrow at 1 p.m.

### Results of Band Supper

Saturday evening, Dec. 10, there was a fried chicken and dumpling supper given at the school cafeteria at which time better than eight hundred servings were given to that many hungry people. It was the first time that a public dinner was given in the school cafeteria, and from all reports, there was not a hungry person who left the school that night.

The success of this first endeavor to raise enough money to buy new uniforms for the high school band is largely due to the two co-chairwomen who headed the large committee, Mrs. Marion Moore and Mrs. Virginia Winkler, and all of the hard-working parents who assisted them in the week of planning and the two full days of hard work in getting this large supper ready by Saturday. Two others who also deserve a lot of credit for their part in the endeavor are Miss Hazel Johnson and her sister, Lydia, who made the cafeteria and all of its facilities available and who guided the efforts of all those who helped. To all of these people there must be a big "thank you."

The profits from this supper, now that all bills have been paid, are better than five hundred dollars, and will go into a fund for the start to the top toward new band uniforms for every member of the Senior Band. The uniforms that have been chosen by a committee will cost a total of four thousand dollars—a very goodly sum, but the start has been made, and other activities will be sponsored by the Band Booster Club until the total has been reached.

### Santa Goes To Rotary

Tuesday evening was ladies night for the Harrington Rotary Club at the Wonder R Restaurant where Santa presented each lady with a gift. Melvin Brobst entertained at the piano with an extet of young local singers who are a real credit to the community.

### Denneys Observe 50th Anniversary

Mr. and Mrs. Samuel Denney are celebrating their golden wedding anniversary.

They were married Christmas Eve, Dec. 24, 1910, in the parsonage of the new Calvary Methodist Church, Milford, by the Rev. L. A. Bennett. The Denneys were the first persons to be married in the parsonage.

Mr. Denney is the son of Mr. and Mrs. Henry P. Denney, Milford, while Mrs. Denney is the daughter of Mr. and Mrs. George A. Laramore, of Harrington.

The Denneys have lived in Harrington all their married life.

The judging of home decorations will be held Wednesday evening.

### Sulky Slants

By MRS. DAVE (PAT) SMITH

This being Christmas week all the boys at the track are either going home or have already gone. So there won't be very much horse news.

With the weather like it has been the past 10 days there's nothing exciting going on out at the track. People could hardly get around, so you see, horses certainly had to stay in.

But it hasn't bothered the Christmas spirit out at our track. You'll see different ones get out of their cars loaded down with Christmas packages.

You'll be sitting around at Lucy's restaurant where we all hang out, each in his way, asking have you got your Christmas shopping done? Sure a gay crowd. For sure, all the boys can do is just sit and look wondering when will it all end.

Was around to the "Two Sisters" bake shop and did they have something cute. Making little men out of marshmallows to put on Christmas cakes. I spent a whole hour watching them. Funny what you can do with little things.

Last Sunday I took trip down to Ocean City then out to Ocean Downs Raceway. The way the write up was I thought the track would be full of horses. I didn't see but very few horses, fact the barns were nearly all empty. Then Sunday evening I rode in all the small towns just to look at all the Christmas decorations. These small towns are where you really see the Christmas spirit. Even over to Denton people seemed to be in the Christmas spirit.

Down in Salisbury they really had the sound trucks out in the neighborhood caroling all the beautiful Christmas songs. I happened to run into Benny Walls in Seaford, so knowing all the homes that really go out for lighting and just where to go, I really enjoyed it. Just like my self there were plenty of other cars sightseeing also. So I ended up going to Milford, Lewes, Rehoboth, Ocean City, Salisbury, Bridgeville, Blades, Queen Anne, and Denton and then at 11:30 p.m. made Harrington. What a night.

So I'll take Harrington, about as nice as any.

They tell me they had a wonderful Christmas party out to the Moose Hall for the children.

George Paskey out at the Peoples Service Station certainly greets everyone with cheer. Guess lots go through his mind as the service boys exchange buses on their way home for Christmas. Sometimes the crowd is so happy and again I've seen them rather sad, and why?

Another good friend of mine I haven't seen since Dave and I were here four years ago was Mr. E. B. Rash. Gosh, I was so glad to sit and chat with him. Just like old times.

Booty Morris as usual out selling his Christmas trees and wreaths.

Little Eugene Stubbs wondering what Santa will bring him as Christmas nears.

After all with children you really can put your heart into it. Hope I get tickets to the Ice Follies.

Now I ask you Santa, is that too much of a wish?

Carrington do you think you'll make it to Christmas? When I talked to him up town he had a terrible cold. I would tell you something real good for that, or would you print it in the paper?

Oh yes, another thing I wish I had is the beautiful little "Mangus organ in Mr. Trotta's Store. You could just wrap that up and take it along everywhere.

at Christmas'ide. May the world rejoice again, in Peace on Earth Good-Will to Men. TROTTA'S APPLIANCES HARRINGTON, DEL.

Had a letter from Blue Bonnett's Raceway saying they are working horses to sleds or cutters as the frenchmen call it. Guess they lose no time with horses up there. Course they put cleats in the horses shoes and away they go.

Want to thank everyone who has said they are glad Sulkey Slants are back.

As I said last week this would be about people, places, and things. Merry Christmas and Happy New Year to all.

Asbury Methodist Church News

Christmas is many things. It is memories, bright and golden, which come singing up the highway of the years. It is joy that heals the heart with gladness. It is wisdom that makes commonplace duties glow in heaven's light. It is hope standing sturdy and shining amidst the shambles of our folly and despair. It is peace born of man's reconciliation with God and with his brothers. It is love that breaks the power of evil and makes goodness winsome.

Christmas is this and more than our little minds can grasp or find words to describe, because it comes to us as the greatest of all gifts—God's gift of himself in Jesus born of Mary. The meaning of the Incarnation is an ocean into which we can dip only a teacup of understanding. But let us bring our teacup and fill it to the brim. As we approach this holy and significant day let us not be blinded by the gaiety, festivity and brightly wrapped gifts, to the real and significant meaning of this day, for in spite of the effort of man to commercialize Christmas, the real message of Christmas still remains; that God so loved the world that He gave His only begotten Son, that whosoever believeth on Him, would not perish but have everlasting life. For God was in Christ reconciling the world unto Himself.

During this Holy season let us enter into the church to worship the Christ and yield to Him our

life. If you are without a church home we cordially invite you to the services of Asbury.

Church School 10 o'clock, Howard S. Wagner, superintendent. Classes and adequate supplies for all ages. The greatest gift, is the theme of the lesson in the Adult Department.

Morning Worship Service 11 o'clock, conducted by our pastor. The sermon theme is "The Wonder of Christmas." Special Christmas music will be presented by the Cathedral, Crusader and Cherub Choirs. This service will be broadcast.

Altar flowers will be presented to the glory of God and to the memory of her son by Mrs. Sarah Abbott.

The Friendly Greeters will be the officers of the M.Y.F.

The Christmas Eve Service will be held at the Trinity Methodist Church Saturday evening at 7:30. This will be a candlelight service.

The Asbury Methodist Church wishes to take this opportunity to thank all that have supported it in any way this year and to extend the Season's warmest greeting to all.

Delaware Food Market Report

Holiday prices on festive foods are definitely in effect. That difficult decision on what to eat between now and Christmas dinner is eased by sales on fresh pork roasts, cured hams, sausage, bacon, chickens and some beef, such as roast (rib, round and chuck), and a few steaks.

The recent blizzard complicates the forecast of what fresh fish will be abundant in the next few days and weeks. The fish affected are the ones from the cold waters of the North such as cod, butterfish, flounders and porgies. Other seasonal fish which come from warm southern waters are in good supply. These fish are bluefish, red snappers, Spanish mackerel. You can also find plenty of frozen halibut, salmon and sword fish. As far as the fresh shellfish are concerned, the weather has not affected their supply since these come from warm waters during this season of the year. So check the fish counter for some fairly good buys on shrimp, crab meat and soft or hard clams.

Prices are edging up on fresh vegetables, and this may send many a budget minded shopper to the canned goods shelves. Fresh broccoli picked up the 5 to 7 cents it lost last week and is now averaging 38 cents a bunch. Other vegetables which are up in price are cauliflower, cabbage, peppers, green beans and cucumbers.

Apples, cranberries, and grapefruit continue as abundant fresh fruits. Check special sales for bet-

ter prices on such fruits as pears, grapes, coconuts, oranges and tangerines.

Veterans News

An estimated 15,000 Delaware veterans who hold participating GI Life Insurance will receive \$800,000 in annual policy dividends during 1961, Leon Fields, manager of the Veterans Administration Regional Office in Wilmington, said.

This represents Delaware GI policyholders' share in a regular national 1961 dividend totaling \$258,500,000 Mr. Fields explained.

The dividends are a refund to policyholders of part of their The refunds are made because

the death rate among the GI policyholders continues to be lower than was estimated in the tables upon which the premium rates were established by law.

The manager assured policyholders that they will receive their dividends as always on the anniversary date of their policies. He urged them not to make inquiries in advance of their policy anniversary dates, since the answering of these inquiries will divert personnel from processing the dividends and delay the payments.

Mr. Fields said that dividends will be paid to holders of both term and permanent plan participating NSLI—World War II and USGLI—World War I insurance policies.

Fish & Game News

### What's the X In Xmas?

A riddle, lords and ladies, to keep Christmas bright: What is the one thing Christmas can't do without? What is the secret "X" ingredient in Christmas? Is it holly? Mistletoe? A twinkling tree? Plum pudding? Piles of presents? Carols in the street, or turkey in the oven? No, none of these. No shop

sells the indispensable ingredient of Christmas, yet anyone can have it without paying a penny. Of course, you've guessed it. The only indispensable ingredient of Christmas is a loving heart. Take away all the trimmings—the turkey and the tree, the glitter and the rustling of the gifts, the candlelight and cake. It would still be Christmas in the hearts of people gathered together out of good feeling for each other. If you want the best Christ-

mas of all this year, stretch the Christmas tree trimming to include someone who has no tree. Put two or three extra chairs around the Christmas dinner table for strangers who have none of their own. If there are no lonely ones in your neighborhood, try the hospitals, convalescent homes, children's shelters, veterans' organizations, or centers

for the blind, crippled or otherwise handicapped. This is the same spirit that invited the stranger and the wandering minstrel to the Christmas feast in medieval castles. It is "the Christmas spirit."

### Surplus Food Donations Increase

Donations of surplus foods by the U. S. Department of Agriculture at home and overseas amounted to 933 million pounds during the July-September 1960 period, or almost one-third larger than the 713.5 million pounds distributed in the same period a year ago, according to a report received at the Kent County Agricultural Stabilization and Conservation office at Dover.

The gain was accounted for mostly by increased shipments of rice and flour for foreign relief, and donations for dry beans and hard to domestic welfare outlets that were not receiving those two foods in the comparable period last year.

The donated commodities are acquired through the Department's price-support and surplus-removal operations. They are donated for use in school lunch program and charitable institutions in this county and by needy persons both here and abroad.

Dicks Atlantic take 3 from Libby Pies. D. Emory 555, Davidson 554, led the attack. Pies still engaged in the exciting battle for cellar.

In the battle for 5th place Hamilton Fund and Economy Auto, entered this match tied. When the evening was over they were still tied as a result of their 2-2 split. Strange as it may seem the position they are tied for is 6th. Hamilton's Neeman batters pins for 189-212-200-601. Kimmel rolls 225 game for Economy. Miller, 43, first worked on a survey party of the Highway Department after he was graduated from Wilmington High School 25 years ago.

He is not registered with either political party.

An expert on traffic and planning, he was promoted to deputy chief engineer by Haber in 1956. He has regularly attended meetings of the Highway Department. He is married and has four children.

The commissioners explained to Haber that one item in the Bove report in which they were particularly interested was the assertion that Delaware failed to obtain \$7,000,000 in federal funds. Haber had stated that the department has not lost a nickel.

Miller told the commission that he, Ernest A. Davidson and Joe S. Robinson, assistant chief engineers, had been consulting with Howard Baugh, Delaware repre-

### H.H.S. Cagers Drop Opener At Milford

By Keith S. Burgess

Coach Jim Hawpe's Harrington High basketball team bowed to Milford High 62-32 Tuesday night. The Lions had reached a fairly high level of performance early in December and then were hurt by a four-day respite from training caused by the recent snowstorm. The postponement of the Alumni game also helped the Lions lose their fine edge.

The Buccaneers have a tall and talented team featuring three starters back from last year. The locals were unable to get moving in the first quarter and made several errors such as traveling and wild passing. After the first quarter they settled down and played creditably for the rest of the game.

Sam Minner and Walt Lekites led the Lions in scoring with nine points each. Lekites also did a creditable job in the re-

### bound department against the taller rivals. One of the Bucs, Fitzgerald, is 6 feet 7 inches tall. Milford is the only non-Henlopen Conference foe on the H.H.S. schedule this year.

Harrington won the junior varsity contest 38-34. Jeff Adams and Leonard Masten did the bulk of the Lion scoring. George Balderson was impressive on defense.
