

## LEGISLATURE MEETS AUG. 8 ON TAX HIKE

The General Assembly will be called back to Dover Tuesday in an effort to enact a one-cent-a-gallon gasoline tax increase.

The return of the legislators Tuesday is to be preceded by county caucuses of the Democratic members and party leaders in an effort to prepare the way for the step.

The change in the gasoline tax from five cents a gallon to six would be made effective Sept. 1. In the remaining 10 months of the fiscal year, it would bring the state \$1,500,000 extra, it was estimated Monday at the meeting of Democratic leaders in the Governor's office at Dover.

According to reports from that meeting, Governor Carvel insists on the tax boost as the means of producing added revenue needed to permit enactment of \$1,300,000 worth of grants-in-aid and the signing of certain bills passed but not delivered to the Governor.

The bills involve funds for expansion of the State Police and for granting full credit on the Delaware salary schedule to teachers with out-of-state experience.

It was reported some of the Democrats at the meeting were concerned about having sufficient funds to meet next year's needs without raising taxes in 1962, an election year. They were told the experience of the last two fiscal years is that the state's revenue grows by about \$3,600,000 a year. This growth should be sufficient to meet next year's needs, without a further tax increase, it was said.

There was also discussion at the meeting about certain additional requests for appropriations. Two examples were money needed for repairs to school buildings, and for financing the new Sussex County Vocational Center. The Governor is reported to have told the legislators he will sign bills for those purposes—or other purposes—if they are accompanied by revenue-raising measures.

The most likely source for the extra money would be motor vehicle fees other than fees for registration.

The Governor is said to have made it clear he would not go along with a suggestion that money be diverted from the contingency funds set up in the budget bill as a means of financing certain projects.

State Democratic Chairman John M. Conway and Senator John E. Reilly, Sr. (D-Wilmington) did not attend the Dover meeting. Instead, they went to a meeting of seven members of the Wilmington Democrats' Policy Committee in the office of Mayor John E. Babiarz.

The major step at that meeting was decision to attend the meeting of the State Policy Committee Thursday evening at Rehoboth, at the invitation of Conway. The Governor, who originally called the Rehoboth meeting, did not comment on Conway's action in widening it.

The city meeting rebuffed the difference of opinion between the city policy group and the Governor over the filling of a job on the Unemployment Compensation Commission. The Mayor said later the committee seeks clarification on the use of normal pay.

**Augustus Morgan**  
Augustus Morgan, 78, of Houston, died Wednesday afternoon while visiting his fellow employees at the State Highway Yard in Harrington.

Mr. Morgan suffered a heart attack. He was born in Delaware son of the late Samuel and Sarah Hammond Morgan and was a retired State Highway employee. He was a charter member of the Houston Volunteer Fire Company.

Funeral services will be held from the J. Millard Cooper Funeral Home Saturday afternoon at 2 o'clock. The Rev. Ray W. Kirwan, pastor of Houston Methodist Church, will officiate at the services. Interment will be in Hollywood Cemetery. Friends may call at the funeral home Friday evening from 7 to 9 o'clock.

Surviving is his wife, Mrs. Emma Morgan; three daughters, Mrs. Edna Sapp of Houston, Mrs. Marshall Hart of Magnolia, and Mrs. Francis Simpson of Houston; a son, Franklin Morgan, of Houston; nine grandchildren; a brother, Edward Morgan of Farmington; two sisters, Mrs. Amanda Williams of Milford and Mrs. Norman Sullivan of Farmington.

## Trash Throwing On Highways Is Condemned

The practice of some persons in dumping their trash while riding along highways, is causing considerable difficulty for the maintenance forces of the State Highway Department, according to Raymond Johnson, Kent County Division Engineer.

Both the Highway Department staff and state police have been working on this matter, seeking the persons responsible for littering.

Examination of some of the trash has revealed names and addresses from discarded mail but each time the state police approach these persons, they receive a statement to the effect that the persons do not know how their material got to the spot along the road.

While most of the persons disposing of their trash along the roads will seek a spot with wood land along the sides of the road, some have tossed it out of their cars in front of homes and the wind would spread it over adjacent lawns, causing complaints to be made to the Highway Department.

Johnson said the Highway Department has provided dumping areas in all sections of the county, to provide for persons living in rural areas that have no trash collections at their homes.

The County Engineer further pointed out that trash can be located along most major highways, particularly at picnic areas, where residents of rural areas could deposit their trash.

Existing law prohibits the tossing of trash from cars along highways but state police are finding it difficult to find anyone who will report, and identify, a car violating this law, so that prosecution can take place.

## Ball to Benefit Children's Bureau Of Delaware

Mrs. Otis H. Smith, Lewes, general chairman for the third annual Blue Carriage Ball, for the benefit of the Children's Bureau of Delaware, to be held at the Rehoboth Beach Country Club on Fri., Aug. 25, with Howard Lanin (in person) and his society music, entertained the Ball Committee members at a coffee at her home last week.

Mrs. Smith takes pleasure in announcing the following Ball Committee chairman: Mrs. M. Hayes Wilson, Jr., Dover, and Dr. Roland Reed, Jr., Wilmington and Rehoboth Beach. Invitations and tickets; Mrs. Henry D. Sipple, Rehoboth, table reservations; Mrs. Charles Goodrich, Rehoboth, and Mrs. John O. Snyder, Milford, program; John J. McNeilly and James G. Horn, Rehoboth, properties; Miss Mary Hynson, special details; Mrs. J. Edward Schell, Wilmington and Lewes Beach, and Mrs. John W. Burris, Rehoboth Beach, hostesses and ushers; Mrs. Henry Allman, Rehoboth and Naples, Fla., and Mrs. Charles G. Engstrom, Rehoboth, decorations; Mrs. Joseph S. C. Mach, Seaford and Lewes Beach and Mrs. Stanley Shager, Wilmington, publicity.

The Blue Carriage Ball, well-established as a high-light of the social season in the resort area is a feature of the 1961 Kent-Sussex appeal for funds to provide adoption and temporary boarding care for the children of all three counties.

Invitations have been mailed for this gala to people who have indicated an interest in attending and are available by contacting Mrs. M. Hayes Wilson, Jr., Dover.

**Soil Conservation Heads at Parley**  
Six Caroline counties represented the Caroline Soil Conservation District at the summer conference of the Maryland Association of Soil Conservation Districts, just completed at Cumberland.

They included: H. H. Rieck, Preston, Caroline County, board chairman; H. Coursey Edwards, Ridgely board secretary; H. K. Shults, Maryland, board member; Francis M. Rogers, Denton, county agricultural agent; Charles P. Merrick, Denton, assistant drainage engineer; and Charles V. Layton, Denton, Work Unit Conservationist.

Reick made a report to the entire group as chairman of the Maryland Land Week Committee. Mr. Layton was a panel member in discussion of administrative problems.

Only 55 per cent of France's soaring aircraft output now goes to the military.

**Dual 113 Ok'd For Sussex**  
The State Highway Commission Wednesday approved in principle the dualization of U. S. Route 113 in Sussex County a project that would cost upwards of \$30,000,000.

The commission also took initial steps toward the construction of another Highway Department building, adjacent to the present headquarters of the department in Dover. The cost may go as high as \$1,500,000 but, according to N. Maxson Terry, commission chairman, it would save the state about \$113,000, a year in property rent, IBM machinery rentals and salaries of personnel.

## Dual 113 Ok'd For Sussex

The expansion of U. S. Route 113 from one-and-a-half miles south of Milford to Selbyville at the Delaware-Maryland line was proposed in a resolution presented by former State Senator Lemuel H. Hickman, a highway commissioner who lives about six miles east of Frankford, near Route 113.

The distance is about 33 miles. The entire Highway Commission approved Hickman's resolution, with the knowledge, however, that all highway projects must originate with the director of the Highway Department operations, William J. Miller, Jr.

After the meeting, Miller said he thought this would cost from \$20,000,000 to \$30,000,000. He didn't think the dualization could be completed by the date set in the Hickman resolution — the fall of 1963.

The adoption of the resolution, written out in pencil by Hickman, came at the tail end of a six-hour meeting of the Highway Commission, leaving little time for discussion. But Miller indicated he and his staff would begin giving the proposal a good hard look.

At present, the Highway Department has plans for dualizing U. S. Route 113 from Milford south for one-and-a-half miles. The same highway is already dualized north from Milford to near Frederica.

South of Milford, U. S. Route 113 goes through the Redden Forest, skirts Georgetown, Millsboro, Dagsboro, Frankford and Selbyville.

This highway is also one of the routes to Cape Charles. The Hickman resolution said the dualization of U. S. 113 in Sussex County would be of great benefit to the economic needs of Delaware, particularly eastern Sussex, and would be part of the route to the Chesapeake Bay Bridge-Tunnel.

Also in the closing period of Wednesday's Highway Commission meeting, Chairman Terry disclosed that he has Governor Carvel's approval to begin a project toward a new Highway Department building so as to bring under one roof three sections of the Highway Department that are now paying a total of \$46,113 a year in rent in privately owned quarters.

In these three sections, including the space in the Arden Building in Dover used by Comptroller James J. Deputy, are IBM machines rented for \$61,000 a year.

And because of this decentralization, Terry pointed out, additional personnel has to be employed. Terry estimated that the rentals of IBM machinery could be reduced by about \$25,000; \$42,000 in salaries could be saved, and the \$46,113 in rent for the present quarters could be eliminated.

The landlords who lease the properties to the Highway Department also furnish heat and air conditioning and Terry thought these could be furnished in a new Highway Department building and the department could still save money.

The matter was referred to the properties committee of the Highway Commission for study. An architect will probably be employed to come up with plans for a new building and estimated costs of operation.

**Bartender, 'Buyer' Freed On Charges**  
Trial Magistrate Allan M. Baird Wednesday dismissed a charge against a bartender at the D-D Bar and another charge against the receiver of packaged beer.

Willis Cleveland Windsor, bartender at the D-D Bar, was arrested July 16, bridge police and charged with selling beer on Sunday.

The man to whom the beer was sold or given was Leonard Robert Hubbard of Cambridge, charged with receiving the beer and also with disorderly conduct. Officer Schwarck testified that he did not see any money passed, nor did he see the beer passed to Hubbard.

**Harrington Fair Attendance Is Up**  
Attendance at the Kent-Sussex Fair was up 11,000 over last year but still fell 8,000 short of an expected turnout of 100,000 during the week-long period according to Mrs. Virginia Holmway, acting manager.

The fair was open through two weekends this year for the first time. Next year the event will get the name the Delaware State Fair.

Prizes and awards given away totaled more than \$20,000 at the 42nd renewal, a record. In the auto races Saturday, Johnny Dodd, of Wilmington, driving a Dodge, won the 10-mile feature race in 9 minutes, 17 and 24-100 seconds. In the consolation race, Bob Courtwright, of Berwick, N. J., won with a T. Bird.

2nd Grade 1929—1st. Row: Roy Harrington, Keith Burgess, Norman Parris, Jr., Gus Raughley, Jr., Marguerite Billing Nachod, Charlotte Cohen. 2nd Row: Marjorie Rose, Howard Long, Henry Moore, Claude Cain, Albert Curtis, Martin Smith, Bob Hill. 3rd Row: Ruth Porter Melvin, Elizabeth Abbott Tuil, Ethel Porter Melvin, Anna Goldinger Vadakin, Louise Williamson Abbott, Benny Kates, Paul Callaway, Louise Lyons Minner, Ralph Todd. Teacher—Mary Brown.

## Welch Participates In Marksmanship

Chief Warrant Officer Harold R. Welch, Jr., Harrington, a member of the Delaware Army National guard pistol team, has arrived at Camp Perry, O., to participate in the 1961 National Rifle and Pistol matches being conducted July 28 through August 27th.

He is one of more than 300 National Guardsmen competing in the National matches held annually at Camp Perry, Ohio. This small Ohio National Guard Post features the world's largest rifle range.

Welch lives at 203 Center St., and is a member of the 107 Ordinance Detachment of Harrington.

## Smyrna Area Man Fined In Assault

Roland Lake, of the Smyrna area, was fined \$50 and costs on an assault and battery charge by Judge Ernest V. Keith in Court of Common Pleas Wednesday.

Should he fail to pay the fine and costs, he will have to serve a 60-day jail sentence. He pleaded guilty to assaulting Mabel Ross.

William M. Wilson, 45, Dewey Beach, charged with passing a stop sign near Dover, and Charles Marion Banton, Camden, charged with driving while under the influence of liquor in Harrington, pleaded not guilty and will be tried later.

## Property Transfers

John E. Abbott, Dover, to Elmer A. Hollowell, etal, east side of New St., between Clara & Mary Sts., Lot No. 63, \$9,000. Tinley B. and Mabel V. Stevenson, Holyoak Acres, Rte. No. 1, Dover, to Hugh M. and Ruth L. Sheppard, Holyoak Acres, Rte. No. 1, Dover, Lot No. 26 in Holyoak Acres, \$10.00 consideration.

Eva Jarrell, Dover, to Maurice N. Jarrell, Dover, 51 acres on the north side of road leading from Woodside to Woodleytown, \$1.00 consideration. Thomas K. Carpenter, Jr., Aberdeen, Md., to George and Dorothy Graham, Harrington, 24,360 sq. ft. on west side of Calvin St., in Harrington, \$1100.

Thomas K. Carpenter, Aberdeen, Md., to Edgar I. and Lillie Belle Graef, Harrington, 14,400 sq. ft., on the east side of Weiner Ave., in Harrington, \$5500. Benjamin Moore, Jr., and Pauline G. Moore, Harrington, to George A. and Edna V. Thorpe, Harrington, on the north side of Division St., in Harrington, \$700.

Robert F. and Margia M. Stahl, to Robert G. and Betty K. Clark, Lot No. 48, Block B, of Dover Heights, \$9,900 stamps. Lawrence M. III, and Margaret H. Baker, Dover, to John G. and Sara R. Stowers, Dover, Lot No. 8 in Fairview in Dover, \$15,000.

Charles J. and Mary Korbel, 8309 25th Ave., Jackson Heights, 70, N. Y., to Mary J. Korbel, Harrington, 36 acres on the north side of the junction and Breakwater RR, \$1,000 consideration. Hartnett Realty Co., Dover, to Nehemiah and Victorine Durham, Kenton Hundred, 15,000 (Continued on Page 8)

## Terry Appoints Road Committees

In conformity with the provisions of the new law concerning the State Highway Department, N. Maxson Terry, chairman of the department, has appointed 12 standing committees to function within the department.

Following the naming of the committees by Mr. Terry, William J. Miller, Jr., Director of Operations for the Department, notified all section and Division heads of the Department concerning the appointments pointed out that the "committees are for various functions that will be considered by the Department.

Since their appointment by Mr. Terry, several of the committees have started functioning and have held conferences with various department officials concerning matters that will be presented at meetings of the department.

Benjamin Ableman, the hold-over member of the former Department, was named Chairman of 3 committees while Lemuel H. Hickman, the vice-chairman, and Thurman Adams, Jr., were each named chairman of two of the committees. The committee appointments follow:

Personnel, Lemuel H. Hickman, Chairman, Elmer Pratt, Benjamin Ableman, C. Warden Gass and Harry Bonk. Police, Thurman Adams, Jr., Chairman, Ableman, Pratt, Gass, Bonk, Anthony B. Carroll, Jr., and Frank H. Mackie.

Beach and Public Lands, Ableman, Chairman, Hickman, Bonk, Adams, Carroll, and Mackie. Mosquito Control, Albert Moor, Chairman, Pratt, Bonk and Carroll. Finance, Ableman, Chairman, William J. Hopkins, Moor, Hickman and Gass.

Freeway and toll roads, Ableman, Chairman, Mackie, Gass and Moor. Contract Administration, Mackie, Chairman, Hickman, Adams and Hopkins. Motor Vehicle, Pratt, Chairman, Carroll, Bonk, Moor and Gass.

Pension Fund, Adams, Road and Traffic Regulations, Hickman, Chairman, Ableman, Gass and Pratt. Properties, Bonk, Chairman, Moor, Pratt and Carroll.

Turkey's macaroni plant at Izmir is due for a major expansion.

## EMPLOYEES HIRED AT DOVER AIR FORCE BASE

### Caroline County Sheriff Dies

The funeral of William Elisha Andrew, 63, Caroline County sheriff, was held Wednesday afternoon in the Moore Funeral Home, Denton.

The Rev. Thomas Turkington, retired Methodist minister of Denton, officiated. Interment was in Concord Methodist Cemetery.

Sheriff Andrew was scheduled to cry a sale at Choptank Saturday. That morning, at his home in the jail at Denton, his wife heard a noise in the bathroom and found him on the floor. Dr. Dawson O. George, medical examiner for Caroline County, attributed death to a heart attack.

He was a native of near Concord and son of William Curtis and Elizabeth Poole Andrew. He was an auctioneer and farmer all his life. He was first elected sheriff of Caroline County in 1938 and served until his death.

His brother, Isaac, chief deputy will serve as acting sheriff until an appointment is made to serve the unexpired term.

Surviving are his wife, Lolita Chance Andrew; three sons, John W., of Federalsburg, Louis and A. Curtis, both of Denton; seven grandchildren; another brother, W. Carlton of Denton; and three sisters, Mrs. John Howard and Mrs. R. J. Warren of Denton, and Mrs. Carl Towers of Federalsburg.

## Milford Hospital Receives Donation

The Milford Memorial Hospital was recently the recipient of a donation from another civic minded organization. The Peninsula Council of Negro Women donated a check for \$100, to cover the cost of a pulsating mattress for use by the hospital patients. Each year several organizations of this equipment to the hospital, thus, type, contribute pieces of capital making a substantial contribution to its constant efforts to continually up-grade the standard of patient care.

## Al Youngman, Band Leader, Teacher, Has Busy All-Year Schedule

Al Youngman, Worcester, Mass., was here recently for his second year at the Kent & Sussex Fair. During off-season, he is a teacher of all the brass instruments in the Auburn, Mass., schools, of which there are eight. He plays and teaches trumpet, trombone, baritone, French horn and tuba. He also maintains a private studio, where he instructs pupils of Worcester. In addition, the Al Youngman Orchestra is featured at many private functions, proms and night club engagements in the Massachusetts area.

Over the period of 20 years, he has conducted for just about all the famous motion picture, recording and TV personalities. He recalls working with: The Four Leads, The Four Coins, The Fontaine Sisters, Pat Boone, Guy Mitchell, Les Paul and Mary Ford, The Four Freshmen, The Andrew Sisters, The Mills Brothers, Betty Johnson, Carmel Quinn, Julius Larosa, The Mariners and many others.

Also an arranger, all of his orchestra's music is a special arrangement, where he features solos, trios and vocals. This year, at the fair, The Manhattan Rockets were featured in a military gun drill routine and a Canadian winter routine. Music, for both of these productions, were written by Al Youngman.

His music will be heard at eleven of the greater fairs of the East this season. Then, Mr. Youngman will resume his teaching.

Harold "Ding" Melden—Drummer, also plays excellent trombone. An amazing man, with a wealth of talent and experience in any field of the musical world that can be named, lives in Worcester, Mass., and is a piano tuner during the off-season.

Alan B. Crossman—trumpet, also doubles on all the brass instruments. He has just graduated from Boston University Music School. Last year, he taught in the Worcester schools as a music supervisor. He will resume same in September.

George E. Roy—Trumpet, a graduate from the "Big Band" era. Has traveled all over the country until the so-called big name band business died out. Has a large family in Worcester, Mass., and is a salesman during off-season.

THE MAN WITH THE HORNS — This does not mean he is the devil but plays five horns. He was the leader of the band for the grandstand shows at the recent Kent & Sussex Fair here. This year was his second year here. He lives in Auburn, Mass., where he plays and teaches trumpet, trombone, baritone, French horn, and tuba in the city's eight schools in the off-season. He lives in Worcester, Mass.

Also an arranger, all of his orchestra's music is a special arrangement, where he features solos, trios and vocals. This year, at the fair, The Manhattan Rockets were featured in a military gun drill routine and a Canadian winter routine. Music, for both of these productions, were written by Al Youngman.

His music will be heard at eleven of the greater fairs of the East this season. Then, Mr. Youngman will resume his teaching.

George E. Roy—Trumpet, a graduate from the "Big Band" era. Has traveled all over the country until the so-called big name band business died out. Has a large family in Worcester, Mass., and is a salesman during off-season.

Officials of the Hayes Corporation, new contractors for maintenance of Dover Air Force Base cargo-planes, Monday said about 120 employees will be on the job by Friday.

An estimated 800 persons were reported without work when Hayes successfully outbid the former contractor, Air Mod Corporation, last month.

G. O. Peterson, director of operations for Hayes, said all but five of 375-450 job openings at Dover would be hired from local labor supplies.

An Air Force spokesman said the Hayes contract calls for eight less aircraft maintenance projects that were completed by Air Mod last year.

Peterson said the Hayes Corporation did not anticipate employing over 450 persons, although Air Mod said they used some 800 workers.

Hayes began operations July 7 and have one aircraft now being worked on, with a second expected later this week.

The Hayes contract is for one year with an option to renew for an additional two years.

## State Summary Farm Labor

Crew leaders are getting their workers in the fields as the potato harvest is at last getting under way. Digging is still light and scattered but there is more demand as Virginia and North Carolina crops are ending. Buyers are appearing in increasing numbers and it is expected that with an increase in demand the price offered will also advance. Crew leaders and workers put in a hectic week waiting for work to start. Many of them subsisted on surplus food distribution and welfare grants. All crews should be fully employed by weekend. Indications are that the potato crop will be slightly above average. Tomatoes are slow to ripen, holding up the operation of processing plants. Sweet corn for fresh market and processing is approaching the peak with practically all of the crop machine picked. The cucumber crop is nearing the end and several Puerto Rican workers engaged in this work will be returned to New Jersey. Cantaloupes and melons are reaching the market in limited volume, peppers are a little late. Sussex County's lima bean crop will be in heavy harvest next week.

This week is seeing the first real harvest of potatoes for the year with most growers doing some digging. Small grain harvest out of the way with some sweet corn being harvested. Farm placement representatives busy re-assigning crews which became disorganized during period of unemployment.

Kent County's important potato crop starting to move. The indicated crop for that state this year is 2,200,000 cwt., a slight increase over last year. With the start of the harvest idle crew members are being put to work. Growers expect the price to edge up somewhat and digging should move along faster. A few crews left the area because of unemployment and a number of individual workers left crews. However, replacements are being found and all crews should have enough workers to handle their jobs. Sweet corn harvest is at peak. Tomatoes are slow to ripen but (Continued on Page 8)

The stranger who asked a Dover resident how to get to Rehoboth was told to follow the litter of beer bottles, beer cans, and beer cartons by the roadside.

THE WRONG SLANT

We believe Delaware Park has the wrong slant, as far as the estimation of profits and taxes are concerned.

It mentions, however, that last year it had a record handle. Can one expect to have a record handle every year?

The fact is, with Delaware Park's runners operating in the afternoon, and the pacers and trotters operating in the evening, each track should help the other.

The running track mentioned a decrease, not too great, in the amount of taxes it would pay the state.

Also, there is an election coming up next year.

DOES YOUR COMMUNITY NEED ADDITIONAL JOBS?

If so, ask your representative to support Senate Bill 175.

Senate Substitution No. 1 for Senate Bill 175 an act creating and chartering the Delaware Industrial Building Commission is the most practical bill that has been brought before the legislature for sometime.

The purpose of this bill is to create more jobs in the State of Delaware by placing the state in a position to compete with other states for small and diversified industry.

Changes in the social security law, signed by President Kennedy June 30, took effect August 1st.

The Delaware Industrial Building Commission will consist of five directors to be appointed by the Governor and approved by the Senate.

The limitations on the Commission are clearly defined. No industrial project shall be guaranteed for an amount in excess of \$2,000,000.00.

In addition to allowing Delaware to compete with other states having similar legislation, this bill will have the additional advantages.

1. Provide jobs badly needed in some communities, thereby reducing our unemployment compensation payroll as well as our welfare expenditures.

6. Increase retail sales (for every 100 people employed retail sales will be increased by \$360,000.00 according to the Economic Research Department of the United States Chamber of Commerce).

One community in the depressed area in the State of Delaware has the opportunity, if this bill is passed by the House of Representatives, to secure the expansion of a present industry which would provide additional jobs for 400 to 500 people.

Social Security Notes

There was one recent change in the social security law that, while minor, directly or indirectly affects everybody under 72 receiving old-age or survivors insurance benefits.

Under the old law, a person could earn \$1200 and receive all of his monthly social security benefits. \$1 in benefits was withheld, however, for each \$2 he earned from \$1,200 to \$1,500, and \$1 for each \$1 earned over \$1,500.

This means that under the new law a person eligible for social security benefits may earn up to \$1,700 and receive more in total earnings and benefits than under the old law.

An important part of this change, too, is that it applies to earnings for this year. People who are receiving benefits and earning \$1,500 or more may get more information about this by inquiring at the Dover Social Security Office.

Included in the changes, which the President called "financially sound and socially responsible," are provisions:

1. Increasing the minimum benefit to \$40.
2. Increasing widows' benefits by 10 per cent.
3. Lowering the amount of work-credits needed to become eligible for benefits.

The House Committee on Ways and Means, reporting on the amendments to the social security law, had said, "The provision of benefits at age 62 for men will help to alleviate the hardships faced by that group of men who, because of ill health, technological unemployment, or other reasons, find it impossible to continue working until they reach 65."

### Concrete - Used And Misused

"If you are planning to build anything from a chicken house to a home, chances are you'll be using some concrete in it," declares Robert B. Williams, agricultural engineer, University of Delaware.

Why the popularity of concrete for farm and home construction? William says probably because the materials used in concrete are widely available, concrete is easily shaped and formed, and costs are comparatively low.

But he points out that while concrete is one of our most popular building materials, it is also one of the most misused. It is often improperly prepared and poorly handled.

Here are some pointers Williams gives on mixing and using concrete properly:

Use only clean and well-graded sand and gravel. Be sure that these materials are free of all organic matter. Sand for good concrete should never contain more than 5 per cent silt. A small amount of silt or organic matter can seriously weaken concrete.

Use only clean water to mix your concrete. In fact, it's a good idea to use only water clean enough to drink.

Measure the amount of water for your concrete mix very carefully—the strength of the concrete depends directly on the amount of water used. The less water, the stronger the concrete. Use only enough to make the mix workable and plastic.

When mixing concrete—whether by machine or by hand, he says—be sure that all the particles of aggregate are coated with cement.

Concrete must be cured properly for maximum strength. To do so, it must have moisture present for several days after it is poured or placed. If no moisture is present, the concrete will be weak and give poor service because it did not harden properly. Cover fresh concrete with burlap bags, polyethylene, or use a curing compound. Keep these materials damp for about a week, William adds.

### Turkeys Are Economical

If you are planning a picnic, patio party or outdoor barbecue, then plan to serve turkey. This is the advice of Miss Janet Coblenz, extension nutrition specialist at the University of Delaware. She says your family and guests will enjoy the delicious flavor of turkey meat hot from the barbecue grill. Right now you can buy turkey at a real saving too.

Turkey breeders, through many years of breeding and research, have developed a turkey that can be marketed at any age or weight. Birds going to market this year are smaller in weight, but have more meat per pound of turkey, according to Miss Coblenz. You can find turkeys ranging from 4 to 24 pounds in your food store. These birds are ready to cook, and they are low in fat and high in protein. This combination makes turkey an ideal meat for the hot summer days, she points out.

When barbecuing turkey, preparing the fire is half the secret of success. If you are a good fireman, chances are you will be a good barbecue man. Start the fire about 30 minutes before placing the turkey on the grill. Do not try to barbecue with too much fire; slow cooking is very important, explains Miss Coblenz. Normally turkeys are split down the back and breast and cooked in halves. Whole turkeys may be barbecued on an electric spit, however. The second step to success is frequent basting with your favorite barbecue sauce.

Another factor in favor of serving turkey is the lack of waste. If there is any left-over turkey after the meal, you can beat the heat by serving cold barbecue sandwiches the next day. Why not try turkey while its on the plentiful foods list and the price is so attractive, Miss Coblenz asks.

### Former Greenwood Teacher Marries Minister In Double Ceremony

Sunday, July 16, at 5:30 p.m. the Steelville Presbyterian Church, Steelville, Mo., was the scene of a double wedding when Miss Judith Aleen Palmer became the bride of the Rev. Lawrence C. Foard, Jr., and her sister, Miss Jill Karen Palmer became the bride of Edwin Horton McWilliams. The brides are the daughters of Mr. and Mrs. Ralph E. Palmer of Steelville.

Miss Judith Palmer taught social studies and physical education at Greenwood High School during the past school year.

### Changes In Your Social Security

By: Edward F. Sullivan, Manager  
In my last article on the 1961 amendments to the social security law, I described the increase in the social security benefits payable to aged widows and widowers and to certain aged dependent parents.

In this article, I would like to tell you about another group whose social security benefits are raised. They are the 2,175,000 persons who now receive social security benefits at or near the minimum level of \$33 a month. The change raises the minimum level to \$40 a month. Under the new law, the lowest benefit payable to a worker who retired at 65 or later will be \$40, beginning with the checks mailed early in September.

Dependents of these retired workers will also receive increases in their benefits if the increase will not raise the total family payment above \$60. Where there is only one person getting benefits based on the social security account of a worker who has died, the survivor will have his or her monthly payment increased to \$40.

There will also be a small increase in the payments to survivor-families who have been getting a total family payment of less than \$60.

These increases, amounting to an estimated \$255 million during the first 12 months they will be in effect, will be made automatically. There is no need for beneficiaries to apply for the increase.

### Thinking Man Waters Trees And Shrubs

Thoughtful homeowners will give their trees and shrubs plenty of water this summer during dry weather.

Trees and shrubs planted this spring especially need water, emphasizes Jerry Cole, acting Kent County extension agent. He suggests soaking the soil at least one foot deep every 10 days.

Ingenuous gardeners often use mulches to help conserve moisture. A 4-6 inch layer of ground corncobs keeps the soil mellow and in good condition to absorb moisture.

Mulches also help to control weeds that compete for moisture and nutrients. If, however, mulches do not prevent weeds, use a hoe to chop out the weeds. But do not chop too deeply. You might injure the small, fibrous feeder roots of the trees and shrubs, Mr. Cole says.

Insects and diseases will cause a lot of damage this summer. Red spider mites will especially damage evergreens. To control them, wash the evergreens down with a forceful jet of water once a week. Or better, use one of the sprays effective against mites such as Kelthane, aramite or thiomite or ovatran, according to Mr. Cole.

### Lock and Key Only Safe Place For Pesticides

The natural curiosity of a small boy is a wonderful thing. It leads him into many strange and wonderful places. It can also lead him into trouble says Miss Patricia A. Middleton, extension home management specialist at the University of Delaware.

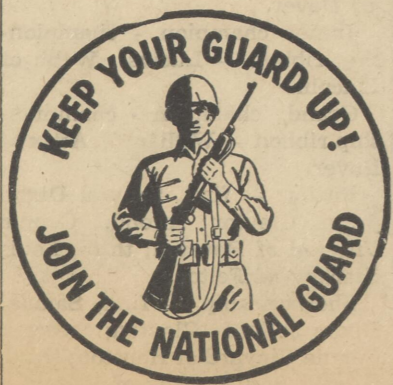

Be especially careful with farm and garden pesticides she warns. Regardless of how carefully you hide them, or how high a shelf you put them, the "little boy" curiosity is bound to track them down. The only safe place is a locked cabinet or store room.

Make sure the lock is secured each time you leave. Chances are that little boy is toddling along behind you somewhere and that storeroom could be his next stop.

Your reaction to this may be to say "it can't happen around my place." But it can. It's happening almost every day. Careless gardeners and farmers are leaving poisonous materials in easy reach of children, or throwing them in trash piles where little boys love to play.

Don't let it happen at your home. Treat those pesticides as the deadly killers they really are, Miss Middleton warns.

An ounce of prevention is worth all the cure in the world.

### Ants Common In Many Homes

Black ants, red ants, yellow ants, big ants, or small ants are often common pests in many homes. Dr. Dale Bray, chairman of the entomology department of the University of Delaware, warns they'll be active from now until cold weather next fall. Ants are social insects that live in colonies. Nests are usually located in the soil near the foundation of the house, under sidewalks or concrete slabs, or even in the lawn or garden.

To kill ants in the home, Dr. Bray suggests treating the baseboards, window sills, and other areas where ants are seen. Use a household-type spray containing 2 per cent chlordane. Apply the insecticide at weekly intervals until the ants disappear.

There are a number of ant baits that can be used in the home, he adds. Follow the directions on the container when using baits. Many of them contain poisonous materials that must be used with caution. Ant colonies in the lawn can be eliminated by sifting one teaspoon of 5 per cent chlordane or 1 per cent dieldrin dust over each nest, and then sprinkling it thoroughly with water, according to Dr. Bray.

### Cheap Seeds Costs More In The End

If you are trying to cut farm costs don't start with the seed. That's the advice of Jerry Cole, acting Kent County Extension Agent. Seed accounts are only a small part of the costs of farming, he says.

For example, it costs about \$75 an acre to establish alfalfa. Taxes, depreciation, labor and other fixed costs make up the bulk of the total.

The costs of seed of an adapted variety for an acre will run around \$10. "Bargain seed" might have a dollar an acre, according to Mr. Cole, but you might pay more in the end.

"Bargain seed is just that, he says, because it probably would not meet the lowest certification standards and the grower had to sell it at a loss.

It may contain weed seeds, have low germination, prove to be an unadapted variety or for some other reason cost you much more in the end. Look around now while you have time and get good certified seed if you plan to establish an alfalfa stand this August, he adds.

### Frozen Omlot Coming Up

Here's a money saving suggestion from Miss Janet Coblenz, extension nutrition specialist at the University of Delaware. If you have extra space in your freezer, why not use some of it for eggs? They are low in price at present.

It's easy after you follow these easy directions:  
—Select top quality eggs, freezing does not improve the quantity of any food.

—Break the eggs into a mixing bowl and mix them thoroughly with a fork or beater. She says if you use an electric mixer, keep it at low speed and avoid whipping in excess air.

—For each cup of the mixed air, add either 1 1/2 teaspoons of sugar or 1/2 teaspoon of salt, depending on how you plan to use the eggs. Stir until the sugar or salt is dissolved.

Miss Coblenz suggests you use moisture-vapor-proof containers and package the eggs so that each container holds only the amount that will be used at one time. Seal the container and freeze promptly at 0 degrees F. or lower.

Frozen whole eggs will keep from 6 to 8 months when stored properly, Miss Coblenz adds.

### Shrine Day at Rehoboth Beach

Everyone is invited to enjoy Shrine Day in Rehoboth Beach Sat., August 12. There will be a parade at 2 p.m. including an Honor Guard, Legion of Honor, Foot Patrol, Mounted Patrol, Nur Temple Band, Oriental and String Bands, Clowns and Wrecking Crew. The Foot Patrol, String Band and clowns, plus a band from Lulu Temple will perform after the parade and there will be concerts on the boardwalk in the evening. Starting at 8:30 p.m. there will be dancing for Shriners and their invited guests on the boardwalk to the music of Tim and the Trebles. An added attraction this year will be the inclusion in the parade of the Potentate and his Divan in ceremonial costume.

### Baptist Church News

Our pastor attended the Baptist Summer Assembly, held at Hood College in Frederick, Md., last week. While there he attended conferences on Sunday School work, training, union work, church music, and pastoral counseling. There were over 700 enrolled in the assembly this year. Clarence Hackett also attended the youth conference.

The Harrington Baptist Church will sponsor an old-fashioned tent revival in Bridgeville, beginning Aug. 21 and will continue through the first of September. The tent will be set up behind the Adams feed mill.

Revival in the Harrington Baptist Church will begin September 25 and will continue through October 4th. The Rev. Perry R. Ellis, pastor of the First Baptist Church of Pocomoke City, Md., will be the evangelist.

Baptists believe that when a soul responds to the influence of the Holy Spirit, there will be a three-fold manifestation—"Contraction, confession and supplication"—there will be contrition. The sense of sin will be actual. It will be more than a flippant admission of moral failure; the feeling of sorrow on account of sin will be real. It will be more acute because of the new view of Jesus Christ. When we find that we have sinned against him who is not only goodness and love, but one whose goodness and love have sought us by the only way of his self-sacrifice, contrition follows.

There will be confession. Contrition is not complete until it moves to confession. Refusal to confess our sins is proof that we have not honestly and completely repented of our sins.

There will be supplication. Forgiveness, grace to help in time of need—these, with all that they include of richest grace, are properly sought in fervent supplication.

tion by him who has been regenerated by the power of the Holy Spirit.

If you are looking for a home church with a gospel message, we invite you to worship with us.

### Asbury Methodist Church Notes

August 6, 1961  
10:00 A. M.—Church School, Howard S. Wagner, superintendent.

Landon. Sanding project—first, E. Bedwell; second, J. Williams. Armed Forces Notes Specialist Four Richard H. Shockley, 20, whose wife, Nona, lives on Main St., Smyrna, recently re-enlisted for six years in the regular Army while serving with the 83rd Artillery in Budingen, Germany. Specialist Shockley, a wireteam chief in the artillery's Headquarters Battery, has been overseas since April of this year. He worked for the Towne Cleaners in Smyrna before entering the Army. His parents, Mr. and Mrs. Chipman L. Shockley, live in Kenton. FARM LABOR (Continued from Page 1) this is not a major crop in Kent County any longer. Extended heat wave and scorching sun have dried out many fields. Some growers using irrigation. The bulk of the cucumber harvest should be over the end of this week. Tomato picking should start this midweek and green limas for processing will be in heavy harvest by weekend. One tomato grower expects his heavy yield to be in September. Sweet corn picking by machine for fresh market and processing under way. Labor in

balance. No additional workers should report to the area without job assignments. At the end of July there were 5032 seasonal workers in the area. This is about 1000 less than the same date last year, due mostly to the lack of activity in the potato harvest and late maturity of tomatoes. Of this total 3512 were employed in agriculture and 1520 in food processing. There were 1656 local, 2850 migratory and 526 Puerto Rican workers. LEGISLATURE (Continued from Page One) litical channels in sending recommendations to the Governor. Senator Reilly said he is going to "fight for the dignity of the Wilmington Democratic organization." Harman Oil Co., Inc., to Edward E. and Madlyn N. David, Dover, on the north side of the concrete hwy. leading from Dover to Hartly, vis., Pearson's Corner, \$800. Esther M. Black, Phila. Pa., to Dover Builders, Inc., 1.02 acres being a part of Lot No. C-31 in Shady Lane Development, \$2500. Edith M. Evans, 1724 67 Ave., Oak Lane, Phila., Pa., to Mary Agnes Wick, Smyrna, 580 sq. ft. on the northeast side of Main St., between Commerce and Vernon St., \$1200. Norman L. and Emily C. Ward, Dover, to Joshua and Rebecca B. Twilley, Dover, Lot No. 63 in aEstover Hills, \$19,000. Leo D. and Shirley Minson, Camden, to Ollie D. Loose, Smyrna, 0.749 acres on the north side of Stet Road No. 330A which leads from U. S. No. 13 to the Denney's Corner-Leipside Road, \$500.
