

TENTATIVE HIGHWAY PROGRAM INCLUDES LOCAL STREETS

A tentative highway-building program for 1962-63, includes improvements for two Harrington streets and a road west of town.

William J. Miller Jr., highway operations director, submitted a 29-million-dollar highway budget draft Friday, which would permit the work to the highway department. The budget, representing expenditure of more than twelve and nine-tenths million dollars in state money, will be studied before submission to the General Assembly.

The program includes \$250,000 for the improvement of Center Street and Delaware Avenue, in

Harrington, and \$375,000 for improvement of State Road 60 from west Harrington.

The program would also include, in Kent County, State Route 7, from Dover Air Force Base to Little Heaven, \$450,000; Houston to Milford Road, \$335,000; Bowers Beach Road, \$280,000; North Little Creek Road, \$106,000; Camden to Wyoming Road, \$540,000; Wyoming to Hazlettville Road, \$415,000, and Kitts Hummock Road, \$400,000.

Dover to Be Site of The Miss Delaware Pageant

The Dover Junior Chamber of Commerce is the host chapter this year for the Delaware Jaycees annual "Miss Delaware Pageant." This is the second time that the pageant, Delaware's only official preliminary Miss America Contest, has come to the capital city. The pageant is scheduled to be held Saturday evening, May 5, in the Dover Senior High School Auditorium at 8 p.m.

The Jaycee state chairman for the Miss Delaware Pageant this year is Mr. Eugene H. Mercer Jr., 113 S. State St., Dover. Mr. Mercer is employed by the International Latex Corp. The Jaycees are bringing this event to the capital city during the annual "Old Dover Days" celebration in hopes to fill a void in the evening of that observance. Because of the time, the central state location, and the large new auditorium it will be held in the Jaycees are anticipating one of the finest pageants ever held in the state.

A number of towns in Delaware are expected to submit a contestant after running a local contest of their own. Each of these entries will compete with each other for the coveted Miss Delaware Crown. The winner titled as "Miss Delaware" will then be our state's representative in the world famous "Miss America Pageant" held annually in Atlantic City, N. J. Some of the towns that have already committed are: Dover, Harrington, Delaware, Milford, Seaford, Middletown, Bridgeville. Other towns are expected to enter the competition before the deadline for entries of April 3.

To be eligible, a girl must be single, between the ages of 18 and 28, must be a high school graduate as of Sept. 1, 1962, possess talent, poise, personality, beauty of face and figure, and the desire to represent her city, state, and nation. And she must be willing to sacrifice her time to carry out the duties of that representative.

Chairman Mercer would like to urge every young lady in Delaware who meets these qualifications and would like a chance for this honor to please contact

(Continued on page 10)

William Outten Is Attending Training Program

Wm. H. Outten, representative of Nationwide Insurance in Harrington, is one of 30 agents attending the training program being conducted by his companies at the Carvel Hall, Annapolis.

Bill Outten has qualified to attend this program which is designed to help him render better service to his policyholders. This program, one of a series of training courses held periodically by the companies, began on Feb. 20, and will continue through Feb. 23.

Chicken Festival Committees to Meet Wednesday

Charles L. Peck Jr., general chairman of the Delmarva Chicken Festival, to be held here June 14-16, inclusive, announced the chairmen of some local committees this week and added a meeting would be held Wed., Feb. 23, at 7:30 p. m., in The First National Bank Building.

The committees are as follows: Budget director, Tom Clending; National Cooking Contest, Mrs. Berenice Shaw; programs, Chamber of Commerce, Jack Apt, chairman; art show, Business & Professional Women's Club, Viola Clendaniel, chairman; Beauty pageant, Rotary Club; world's largest frying pan, Lions Club, Alfred Mann, chairman; transportation, American Legion, Frank O'Neal, chairman; health and safety, Harrington Volunteer Fire Company; antique - auto show, Bob Feagan, and publicity, Carrington H. Burgess.

Still to be appointed are the following committees — special guests, general services, decorations, special exhibits, public address, and traffic and parking.

Greenwood School Principal Retiring

W. I. Tawes, supervising principal and administrative officer of the Greenwood School for six years, has told the school board he is going to retire.

Tawes has served the federal government and the state of Delaware for 43 years.

He will retire to his farm at Church Hill, Md., to "give more time to writing, painting, and other hobbies."

Tawes resigned his post as rehabilitation officer with the Veterans Administration regional office at Wilmington in July, 1956, to take up his post at Greenwood.

He was born in Crisfield, Md., Dec. 31, 1897, and has lived in Delaware since 1919 when he began teaching general science and industrial arts in Seaford.

He also taught eight years in Laurel and 13 at Claymont. He supervised a War Production Training Program before entering the armed forces Dec. 7, 1942. He was an ordnance officer.

In 1944, he was employed by the VA Philadelphia office as vocational adviser and two years later, became rehabilitation officer at Wilmington.

Tawes received his bachelor degree at West Virginia University, majoring in industrial education, and his master degree at the University of Pennsylvania, majoring in vocational education. He qualified for a principal's certificate in Delaware.

His successor has not been named.

Funeral Directors Hold Quarterly Meeting Here

The Delmarva Funeral Directors Association held its quarterly meeting Thursday night, Feb. 16, at The Wonder R, with the new officers, elected at the November meeting, exercising their functions for the first time.

Donald McKnatt, of McKnatt Funeral Home, was host.

The meeting was attended by 35 funeral directors and salesmen from the supply houses.

The new officers are as follows: President, Donald McKnatt, McKnatt Funeral Home, Harrington; vice president, George Hardesty, Bridgeville; secretary-treasurer, W. Glenn Matthews, Smyrna.

The officers are members of the board of directors to which three other persons were named: Mrs. Jean Prettyman, Babbage Funeral Home, Berlin, Md.; Walter Clark, Chicotteague, Va., and

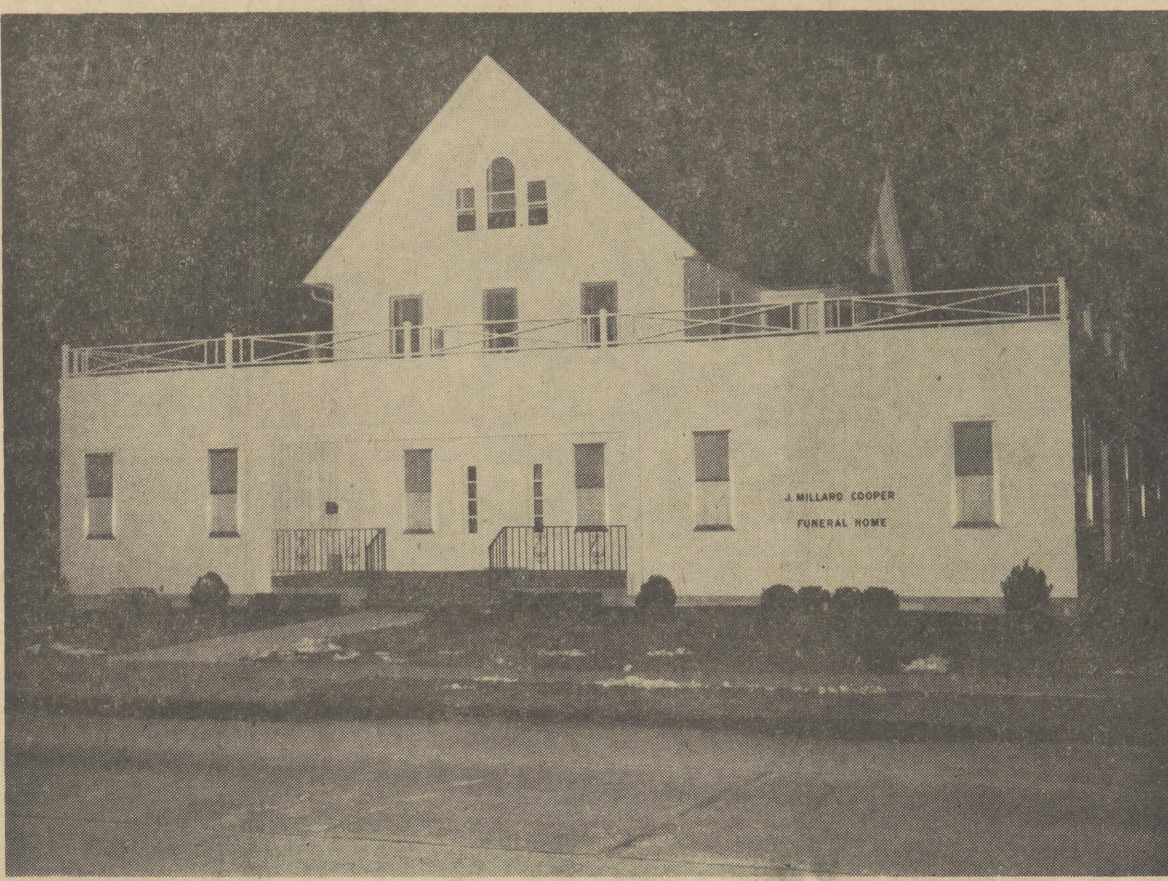

the outgoing president, Jack Boullais, Jr., of Greensboro, Md.

The practice of naming the outgoing president to the board of directors was voted Thursday night.

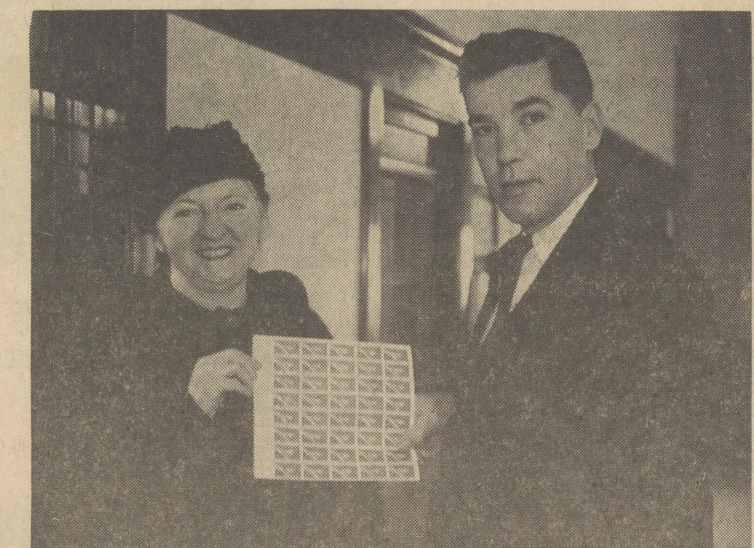

Two committees named, at the same time, were the entertainment committee, of William Berry, Milford, and Paynter Watson, Seaford, and William Fleischauer, Greenwood, and a membership committee, of Matthews, and William Short, of Milton.

The next meeting will be held May 17, at Denton, when Charles Moore will be host.

After the meeting, the Rev. Olin J. Shockley Jr., pastor of Asbury Methodist Church, showed slides of a trip to the Holy Land which he took last summer on the Dr. Norman Vincent Peale tour.

A FACE-LIFTING—The J. Millard Cooper Funeral Home has assumed a new look, a face-lifting, and an extensive remodeling program. Here, at Center Street and Second Avenue, is a beautiful and functional layout. Improvement was made by Simpson Lumber Company. — Photos by Curtis McVina

Mrs. Harry Greenberg purchases the first postage stamp commemorating the orbital flight of Astronaut John H. Glenn, Jr., pictured here with Postmaster Dill. Mr. Dill was unaware of the existence of the stamp until shortly after 3 p. m. Tuesday when Deputy Postmaster General H. W. Brawley presented Mrs. Glenn the first Project Mercury Commemorative 4c stamp at her home in Arlington, Va. This issue will be on sale at this office as long as supply exists.—Photo by Price

Two Del. Communications Experts Participated In Mercury Project

When the Mercury space-craft orbited earth, two Delaware men were among the communications experts participating in the project.

The men: Leroy J. Wolf Jr., of 126 Compass Drive, Wilmington, telephone company staff specialist, and Alfred S. Crisson, of 240 Delaware Avenue, Harrington, telephone company engineer.

Both men are currently on loan to the Western Electric Company's Project Mercury force.

Wolf is serving with Western Electric in New York and his responsibilities included establishing the Mercury training program and mission operations procedures, countdown procedures, and the policies used by the Mercury ground tracking stations.

Crisson is presently assigned to Western Electric as a training director at the Canary Island site of Project Mercury.

These men are part of the communications team recruited by the Western Electric Company from Bell System companies to take part in the space project.

The National Aeronautics and Space Administration has assigned the Bell System's manufacturing and supply unit the responsibility for building and testing a global communications and tracking network by which scientific data collected by the orbiting craft can be immediately transmitted to the processing center at Cape Canaveral.

Wolf, a native of Wilmington, served in the Army during World War II and started with

Marvel-Hynson

Ralph T. Hynson of Greenwood and Emma M. Marvel of Harrington were united in marriage by the Rev. Olin Shockley Feb. 9, in the Asbury Methodist Church Chapel. Mr. and Mrs. Walter Spence of Greenwood were best man and matron of honor.

A reception was given at the home of the bride's mother, Mrs. Ruth A. Minner.

Mr. and Mrs. Hynson will reside at the home of the bridegroom in Greenwood.

J. Millard Cooper Funeral Home Completes Renovations

Beauty and efficient functional layout are effectively combined in the newly enlarged J. Millard Cooper Funeral Home, Located at 110 E. Center St.

Rankin Appointed District Engineer At Harrington

Appointment of James M. Rankin as district engineer at Harrington, has been announced by C. R. Bergman, regional engineer of the Chesapeake Region here.

Mr. Rankin succeeds LeRoy S. Strohl who has been promoted in the Engineering Department of the railroad at Chicago.

Born in Sterling, Ill., Mr. Rankin graduated from the engineering school of Iowa State College. He entered the railroad's service in 1944 as an engineer apprentice at Toledo, O., and shortly thereafter was granted a furlough to enter the Armed Forces.

Mr. Rankin resumed his career in June, 1946, with the engineering department of the PRR at St. Louis. He progressed in that

SEAFORD MISS CROWNED DELAWARE'S JUNIOR MISS

Elaine Rank, daughter of Mr. and Mrs. Charles Rank, of Seaford, was crowned Delaware's 1962 Junior Miss, at the annual pageant in Harrington Saturday evening.

Miss Rank was presented a scholarship from the Coca-Cola Bottling Companies of Dover, Salisbury, and Wilmington by Julian Massey of the Dover-Coca-Cola Bottling Company.

A Kodak 8mm movie camera, with a flash snapshot camera were also awarded to Miss Rank by David G. Jones, for the Kodak Camera Company.

William Kramedas presented Miss Rank a dinner invitation for her and her escort to the Hub Restaurant in Dover. The Harrington Jaycees, host for this event, presented the winner with a dozen red roses.

Priscilla Aubrey, Camden, was selected as first runner-up and was presented with a certificate by Mrs. Laurabelle Layton from Bobbie Brooks, Inc., for a ten-piece wardrobe. A Kodak flash snapshot camera was also given Miss Aubrey.

Virginia Butler of Millsboro was chosen as second runner-up. Mrs. Laurabelle Layton presented Miss Butler with a certificate for a five-piece Bobbie Brooks wardrobe.

Dover's Ed Miller, master of ceremonies to this grand event, welcomed the nine contestants as they came on to the stage during the three phases of the contest. These girls were judged as they demonstrated their poise, charm and personality in their formal and sports attire, together with their talent.

Judges included: Mrs. Janet Scheidt, Dover; Mrs. Barbara Noble, Salisbury; Mrs. Anna Jane Wollaston, Seaford; Francis Downes, Clayton, and David Geisler, Seaford.

The judges had quite a chore to select one of the nine young ladies to represent the State of Delaware at the National Finals to be held in Mobile, Ala., in March. Prizes totaling approximately \$20,000 will be awarded to the winners at the national pageant.

Other contestants in this pageant were Patsy Moffitt, Smyrna; Becky Moore, Harrington; Connie Biddle, Harrington; Barbara Coverdale, Middletown; Nancy Pearson, Dover; Betty Lou Hagerty, Middletown.

David Jones was chairman of the pageant.

City Council Revises Taxes

The City Council, at a special meeting Wednesday night, revised the city's tax rates, effective immediately.

It had, at its regular February meeting, raised the assessment from 35 per cent to 60 per cent. Wednesday night, it lowered the tax rate from \$1.40 per hundred dollars to 90c per hundred dollars. This is subject to downward revision at a special meeting of the Council next Monday evening.

The capitation tax was raised from \$4.20 to \$4.50. This is also subject to review Monday night.

In other business, the Council voted that the assessors be notified that lands previously considered as farm land, and not assessed, be assessed and taxed in the same manner as other property.

The City Charter gives the Council the right to determine what is farm land. It had been assessed as a parcel of land, with taxes paid on a residence.

H. B. McDowell
Introduces Tax Bill

Congressman Harris B. McDowell, Jr., (D-Del.) has introduced and forwarded for comment to Mortimer M. Caplin, Internal Revenue Commissioner, a bill to amend the tax laws to replace existing retailers' excise taxes on jewelry, furs, toilet preparations, and luggage, etc., with equivalent manufacturers' excise taxes.

Congressman McDowell took this step after studying a suggestion made to him by two of Delaware's leading retail druggists, Messrs. G. J. (Jerry) McNaughton, and Aaron M. Lauter.

"Jerry" McNaughton is head of McNaughton's Liggett - Rexall Drug Store, in Middletown; Aaron M. Lauter is head of Lauter's Pharmacy, 3rd and Delaware Streets, New Castle.

(Continued on page 10)

From the brick entrance porch, a visitor passes through the front door into a colonial style reception room where stands a grandfather clock dated 1760 and several other antiques adorning the room. On the back wall is a mural depicting an old southern mansion lending a warm and inviting atmosphere to this room.

On the right, one passes the built-in register stand, thus entering the main chapel, a spacious room with a seating capacity for 150 persons. To the front of the chapel is the repose room separated by a modern fold door. To the rear is a built-in hat and coat closet with sliding doors for added personal convenience. Also in this location is found a Hammond organ, adding soft background music if the family so requests. This entire area has wall-to-wall carpeting and white fluorescent, indirect lighting, adding warmth and dignity.

Adjoining the main chapel is the family room, separated by an arrangement of planters. This room is for the private use of the immediate family if so desired.

Directly behind the reception room is the arrangements office, a comfortable room that is softly lighted and bears little resemblance to the conventional business office.

Leaving this room, one enters the casket display area where 15 units may be displayed. Also in one section there is a showcase with sliding glass doors, comprising of men's and women's complete burial garment outfits. This area also has indirect lighting.

Burglary Found

State Police reported the Peck Brothers Farm Supply Co. was burglarized Monday night, but the investigation was incomplete and they had not determined what was taken.

Mexico believes that oil deposits on its Gulf coast extend under water for miles.

Plans Completed For Moose Hearing Testing Program

All committeemen and personnel engaged in the Hearing Testing program sponsored by the Harrington Lodge of the Loyal Order of Moose are ready for the opening of the hearing program on March 5th.

The Hearing Testing station will be set up in the Harrington Fire Hall and will run from the 5th of March to 9th of March. The station will be open from 7:30 p. m. to 9:30 p. m.

The test, which is designed for all age groups will determine only that persons being tested hear normally or have a hearing problem. The personnel in charge of this hearing program does not make any diagnosis, but merely compares the capabilities with a known normal hearing level. Each person tested will receive a report card showing the hearing capabilities in each ear, and if there is a deficiency that person is

advised to contact his or her family physician for future examination.

The chairman in charge of this hearing screening program is Earl Lee Yoder, assisted by C. E. McWilliams, William Smith, Watson Shew, James Jopp, Thomas Carr and Harry Spicer. Parents are especially invited to bring their children for a hearing test inasmuch as many children have some slight hearing deficiency, which is not known to the parents or to the school authorities. According to the hearing specialists of the Zenith Electronics Corporation, the greater majority of such hearing deficiencies can be treated and cured during childhood without the use of any mechanical hearing aid appliances. The capability of normal hearing in students of all ages is equally important as good eyesight.

Heart Fund Bombardment Still Planned For Harrington As Heart Sunday Nears

Mrs. William Humes, Heart Fund Chairman for Harrington, and her colleagues, Lawrence Price, Reese B. Harrington and the Junior Auxiliary of the Callaway-Kemp-Raughley-Tee Post of the American Legion are still planning to drop balloons over the city on Saturday to further publicize their Heart fund raising drive.

More than 25 of the balloons will contain guest tickets for the Reese Theatre for children under 12 thanks to Reese B. Harrington, and will be dropped by local owner-pilot Lawrence Price from his aircraft.

L. Gooden Callaway, vice-president of the Delaware Heart Association, and 1962 Kent County campaign chairman announced that some of the balloons will contain tickets redeemable for plastic do-it-yourself life-sized heart models. These models are excellent visual aids for persons to study the way the heart is built.

The balloons will be inflated and the prizes inserted by the Junior Auxiliary members of the

Mrs. Humes said, "A meeting was held last Saturday for all the Heart Volunteers, and it looks like every home in the town and in the rural areas too, will be visited by a heart volunteer. I urge everyone to be ready when the volunteer calls, and remember, 'More will live, the more you give!'"

"Diseases of the heart and blood vessels are our country's number one health problem, and the heart fund, our number one defense," she added.

Dobraski-Porter

Norman E. Porter of Harrington and Helen R. Dobraski of Harrington were united in marriage at 7 p. m. on Feb. 9, by the Rev. Thomas J. Turkington at Denton. Miss Betty Jane Dobraski was maid of honor and Leroy Baker was best man.

A reception was given at the New Century Club in Harrington. Mr. and Mrs. Porter are residing at Warrington Manor.

THREE OF A KIND IS A GOOD HAND—It took the judges at least half an hour to determine the winner of the Delaware Junior Miss Pageant held here Saturday night. Elaine Rank (center) of Seaford took first, with Priscilla Aubrey, (left), Camden as first runner-up, and Virginia Butler, of Millsboro, as second runner-up. The local Jaycees sponsored the event.—Photo by Parsons

MILLARD COOPER

ing. The preparation room is located to the right of the casket area. The floor is covered with black and white tile with the walls and ceiling painted white enamel, providing the utmost sanitary conditions.

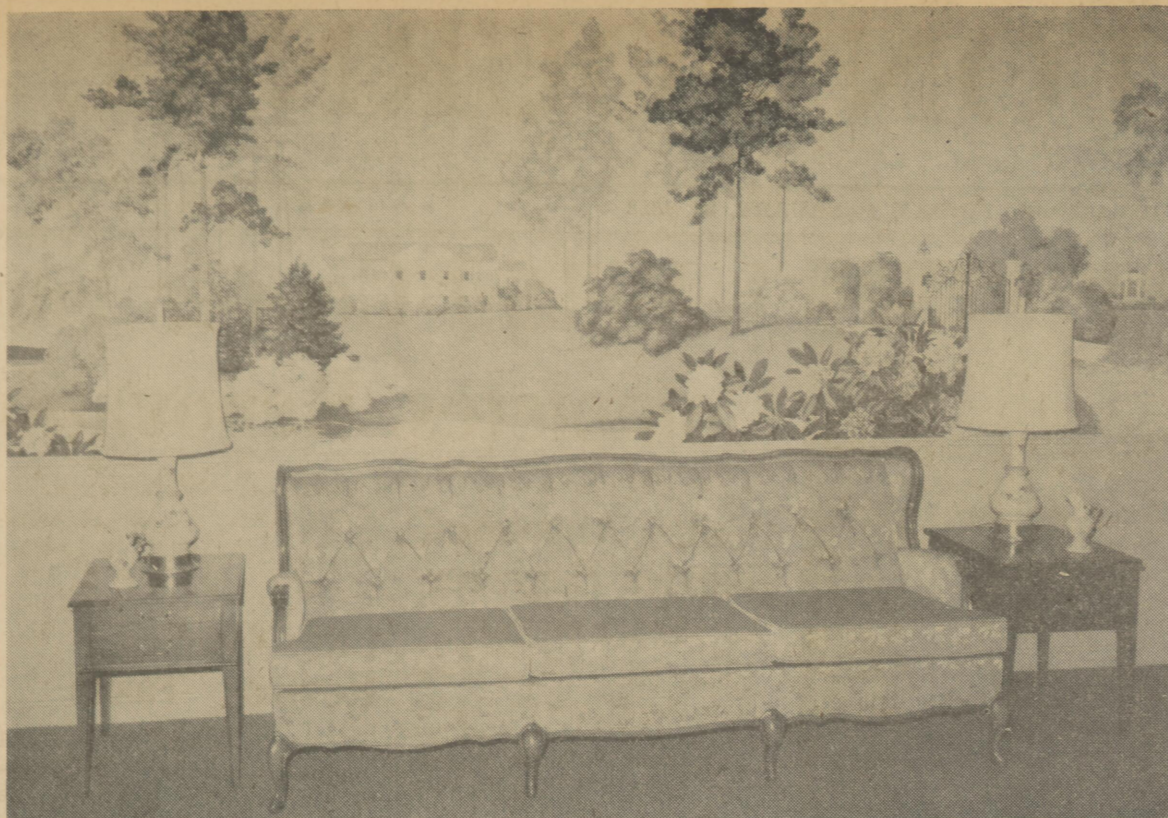

The rest room is conveniently located close to the office and family room.

Providing restful simplicity, Seamist Green is the color scheme used throughout the reception room, family room, chapel and repose room. The hues of the carpeting, walls and drapes are matched perfectly. The entire establishment is air-conditioned.

The funeral home is capable of conducting large or small, Protestant or Catholic funerals.

To the left of the reception room is the entrance to the private dwelling quarters.

The J. Millard Cooper Funeral Home is operated by Mr. and Mrs. J. Millard Cooper. They have one daughter, Mary Ann, one year old.

RECEPTION ROOM—From the brick entrance porch, a visitor passes through the front door into a colonial-style reception room containing several antiques. A mural depicts an old, southern mansion.

BURIAL GARMENTS—In one section of the display room is a showcase, with sliding doors, containing men's and women's complete burial garments.

Caesar Rodney Area Elementary School Boundaries Proposal

In order to accommodate the elementary students of the Caesar Rodney School District, the Caesar Rodney Board of Education plans to establish area elementary school boundaries.

Following are the proposals effective September 1963. C. R. Elementary—All students residing on the south side of Old North Road and within the corporate limits of Camden-Wyoming. In addition, students residing from the intersection of the corporate limits and Rt. No. 13 on the west side of the dual, south to Rt. No. 361, west on No. 361 (both sides) to No. 13A, north on 13A, (both sides) to 194, west on 194 (both sides) to 10, and north on 10 (both sides) to Camden-Wyoming.

W. B. Simpson School — All other students residing west of the dual highway, Rt. 13, except those described above which will attend the Caesar Rodney Elementary.

Allen Frear School—All students residing on the east side of the dual highway Rt. 13 to the Delaware Bay.

For the school year commencing September 1962, the students located within the Frear School Boundary will continue to attend the C.R. Elementary School.

In order to balance the pupil population, it will be necessary

for the pupils residing in the Kent Acres-Woods Manor areas to attend the new W.B. Simpson School for the year 1962-63 and be transferred to the new Frear School when it is opened in the year 1963-64. In addition, the Board wishes to announce that the school being built on the Frear plot has been officially named the Allen Frear School. The Frear School is similar to the W. B. Simpson School and is built to house 720 students. It was designed by Dollar, Bonner, Blake and Manning. Bids are expected to be received in the very near future.

Harrington Lions Club

The local Lions Club held a busy director's meeting Monday evening. President Curtis Melvin presiding.

It was announced by chairman William Taylor that the Home and Garden Show is almost complete as far as planning is concerned. Most of the spaces for this inaugural event for our community are contracted for. The show slated for March 16, 17, and 18 at the Harrington Armory is expected to attract several thousand people. Hon. Gov. Elbert N. Carvel has been invited for the ribbon cutting ceremony. William Outten, publicity chairman, announced that over 3000 personal invitations by postal cards will be mailed. He also stated that plenty of radio spots will be purchased here on Delmarva.

The magic word of this Home and Garden Show is that everything is FREE to the public. There is no admission charge and all prizes given away will be free. Simply register your name at the door and become eligible. There will also be free Coca-Cola for your enjoyment.

It was reported that the Club will again sponsor the Cub Scout pack this year. Charles Peck Jr. was named club representative. Our Explorer post will use the sale of light bulbs as a money raising project.

The Harrington Club has been asked to be responsible for frying the chicken at the Chicken Festival in June. President Melvin will appoint a chairman at a later date.

It was noted that Harrington Lions visited two other Clubs during the past month. More visitations are urged by the committee.

The club approved a \$5.00 donation to the Heart Fund, \$5.00 to the March of Dimes and \$50.00 to the Harrington Fire Company toward the purchase of a battery charging system for the trucks.

President Curtis Melvin announced that Saturday, March 3 will be proclaimed "Delaware

State Lions Day." It is the wish of our district governor that the public be enlightened on the work of Lions Clubs in Delaware.

Businessmen to Participate In Security Institute

Businessmen and other interested persons in Kent and Sussex Counties will participate in a Securities and Investments Institute Tuesday, Feb. 27, and continue each succeeding Tuesday through April 3. Each meeting will be held in the Dover Room of the Treadway Inn, Dover, from 7:30 p.m. to 9:45 p.m.

The primary purpose of this course is to offer specific information in the major areas of investments and securities.

This Institute is being co-sponsored by the Distributive Education Department, Vocational Division, State Department of Public Instruction; Laird, Bissell and Meeds; and the Dover Special School District.

The programs for each evening and the specialists who will speak on various topics are as follows:

Feb. 27: "Why Stocks and Bonds?", Harold J. Rau, co-manager, Laird, Bissell and Meeds. March 6, "Types of Securities, The Risks and Rewards", Edgar F. Isaacs Jr., co-manager, Laird, Bissell and Meeds and Charles W. Anderson, Regional Vice President, Delaware Fund.

March 13, "The New York Stock Exchange and Your Broker", Donald W. Vane, Registered Representative, Laird, Bissell and Meeds.

March 20, "Information Investors Should Have and Where to Get It"—"Trusts and Wills", Donald W. Vane and Lewis Kearns, Representative of Wellington Fund.

March 27, "How to Read and Interpret Financial Reports", Edgar F. Isaacs, Jr. and Leslie Stutts, Head of Research, Laird, Bissell and Meeds.

April 3, "Advanced and Speculative Investing Techniques", Harold J. Rau.

A nominal registration fee will be charged for the series to cover the cost of instruction and program materials. Certificates will be awarded by the State Department of Public Instruction to those who attend at least ninety per cent of the meetings. Those interested in attending should register in advance.

Additional information concerning the courses and the fee can be obtained from Earl J. Dorrill, Director of Distributive Education, by calling RE 4-5711, Ext. 234.

Pilgrim Holiness Church Notes

Sunday School, 10 a.m. "The Clean Life" will be the topic for study this Sunday. You are invited to study with us. Classes for all age levels, including a nursery.

Morning Worship, 11 a.m. "Superpatriots Are Needed" will be the sermon theme for this service. Our guests for this service will be the members of the Calloway-Kemp-Raughley-Tee American Legion Post of Harrington. The worship service will be a part of their observance of the "Back to God" program sponsored by American Legion Posts across America.

Pilgrim Youth Service, 7 p.m. "A Bunch of Bible Boxes" will be the topic for the young people's meeting this Sunday evening. Mrs. Regina Brown will be in charge, assisted by Patsy Bonniwell.

Evening Service, 7:45 p.m. An inspirational service with an evangelistic appeal. Always special singing, and good congregational singing of the familiar hymns and gospel songs. A message from the Bible will be delivered by the Rev. Miller.

The first phase of the building program got underway this week when a contract to build a new parsonage was awarded to Arthur Bradley Jr., of Milford. Building will begin immediately with completion date set for July.

Donald Pearson, son of Mr. and Mrs. Fred Pearson of Greenwood, is scheduled to leave this week for a six months tour of duty with the United States Army. He is a member of the local Pilgrim Holiness Church and has served in the local National Guard unit.

European Clover Not Suited to State Agent Warns

Beware of European red clover seed, warns George Vapaa, Kent County agent. With domestic red clover seed down and prices strong, a lot of foreign clover seed is being offered to farmers, he said. European seed is not well-adapted to Delaware conditions.

During the past ten years, the agricultural research service of the U. S. Department of Agriculture and Experiment Stations have conducted tests to compare clover seed from domestic and foreign sources. The European seed was inferior to domestic red clover seed in yield and overall performance, the agent says.

In twelve trials, in eight states, differences in hay yields exceeded 30 per cent in favor of American grown seed. At the Beltsville Experiment Station, Maryland, seed of U. S. Origin averaged 2.6 tons per acre while six European varieties tested produced from 1.6 to 1.7 tons per acre.

A buyer of red clover seed is protected by the federal seed act,

requires the 10 per cent of the European seed be stained so that it is readily identifiable. Mr. Vapaa says ten per cent of the seed in a bag of imported red clover seed will be stained red. In addition to the stained seed, you should consult the seed tag, as state law requires the origin to be given on the tag. If it says European or English origin, avoid the purchase regardless of the price differential.

Burrsville

Services for the Burrsville Churches Sunday, Feb. 25, the Rev. Donald Hurst, Pastor.

Union — Worship service 10 a.m., Sunday School 11 a.m., Anstine Stafford, supt.

Wesley — Sunday School 10 o'clock, Norman Outten, supt.

The Fourth Quarterly Conference of the Burrsville Charge will be held March 2 in Union Church.

The W.S.C.S. of Wesley and Union Churches will hold a supper in the community house on March 3. Services start at 3 o'clock. Ham and chicken salad, also dumplings and many more things will be had. All are welcome.

Amos Beauchamp returned according to the agent. This law

from the Hospital Saturday much improved.

Several here are quite sick with the flu. Mrs. Walter Cannon is critically ill in the Messick Nursing Home.

Mr. and Mrs. Roland Draper gave a family dinner Sunday in honor of their four grandchildren's birthdays.

Mrs. Ada Baker and Mrs. Lawrence Collision were in Milford Monday morning.

Wilson Butler and two boys of near Denton visited his brother and family, Paul Butler, on Saturday.

Mr. and Mrs. Anstine Stafford of Harrington spent the evening Saturday with Mrs. Mary Stafford.

Mr. and Mrs. James Larimore and Mr. and Mrs. James Thawley of near Milford are spending two weeks in Florida visiting relatives and sightseeing.

Mr. and Mrs. Frank Bradley and Frankie visited Mr. and Mrs. Elmer Brown Sunday afternoon.

Mr. and Mrs. Louis Brown and family, of New York, visited her mother, Mrs. Walter Cannon, on Sunday. They also called on his parents, Mr. and Mrs. Elmer Brown and family, for a short visit.

PROJECT MERCURY

(Continued from Page 1)

became a switchman in Georgetown, Delaware, in 1954, and an engineer in Philadelphia in 1957.

Communications experts with the Western Electric Company are part of the teams of specialists located at various world-wide points that comprise the tracking network.

The network of 18 stations was turned over to the National Aeronautics and Space Administration by the Western Electric Company, manufacturing and supply arm of the Bell System.

Fallout Shelter Publication Now Available

Copies of the latest publication on fallout shelter construction, published by the Office of Civil Defense, Department of Defense, are now available at all Civil Defense offices in Delaware. The booklets cannot be obtained at post offices.

The OCD is currently distributing 25,000,000 copies of

the illustrated booklet, which describes various types of family refuges that may be built at a minimum cost.

The pamphlet explores such aspects of construction as availability and cost of materials, the fallout protection factor, blast protection, ventilation, length of time required to build and structural life expectancy.

The booklet describes the basement shelter, the underground variety, the steel "igloo", and the above ground type. The shelters range in cost from \$70 to \$550.

Featured in the pamphlet is the below ground new construction clay-masonry type. (Continued on page 10)

CLENDENING PHARMACY
Harrington, Delaware

Concert Band to Make First Appearance

The University of Delaware Concert Band, under the direction of J. Robert King, will make its first appearance in the Student Center Concert Series on Sunday at 8:15 p.m.

Featured soloist for the concert, in the Dover Room, will be Charles Owen, first percussionist with the Philadelphia Orchestra. He will perform two groups of numbers for marimba and band.

The group of sixty bandmen was organized a year ago when it was found that well over 100 student instrumentalists were involved in music work. To effect expansion of activities both on and off the campus, the Concert Band and Symphonic Band were selected from the total number of players.

Under this plan, both units have their own rehearsal and concert schedule and make possible a wider service program for the university, according to King.

Owen was tympanist and featured marimba soloist with the United States Marine Band for 19 years. He is on the faculty of Temple University and Philadelphia Musical Academy, and has conducted percussion demonstrations and workshops at many major universities.

What size Chevrolet do you want to save money on?

CHEVROLET IMPALA Room, refinement and riding comfort. Foreground, the Impala Sport Sedan.

CORVAIR MONZA Sports Car, spice without a sports car price. At rear is the Monza Club Coupe.

CHEVY II NOVA The frisky family-sized Chevrolet with a low, low pricetag. Above right, Nova Sport Coupe.

Like your driving sporty, with quicksilver steering, flat-as-a-pancake cornering, sure-footed traction? Then a Corvaire Monza's for you.

Or maybe the new-size Chevy II is more to your liking. Built for big families and still slips neatly into small parking places. And, with this, the kind of ingenious engineering (new easy-riding Mono-Plate rear springs, for example) that

won this year's coveted Car Life Magazine Award for Engineering Excellence.

But say you want to go all out—to get the full treatment in space, spirit and splendor. Then there's nothing like a Jet-smooth Chevrolet. Makes paying more pointless.

So size 'em up—then save it up—at your Chevrolet dealer's.

See the new Chevrolet, new Chevy II and new Corvaire at your local authorized Chevrolet dealer's

Harrington School News

ELEMENTARY

Mrs. Brobst—5th Grade

We are taking the Iowa Tests of Basic Skills. We hope we do as well on them. Every boy and girl in the fifth grade in the United States take these same tests. It will be interesting to learn how we rank with other fifth grade students in the state of Delaware and also our rank among students from other states.

In Arithmetic we are changing improper fractions to whole and mixed numbers and are reducing proper fractions. In Social we are studying about our capital city, Washington. Barbara Callaway brought in a guide book that she got when she visited there. Virginia Dean brought in some nice pictures that her mother and daddy took when they went to Washington.

If our class had been awarded an academic letter as was done in Junior and Senior high school the following boys and girls would have earned one: Chuck Peck, John Swain, Gerald Legates, Barbara Callaway, Cheryl Holloway, Jeanne Reese, and Andrea Walls. These letters were given to students who averaged 90 or above in every subject the first semester.

Mrs. Long—Grade 5

We are studying the Declaration of Independence, First and Second Continental Congress, and our Constitution. We have read many stories about the Revolutionary War, and how the first thirteen colonies won their freedom from England. This was the beginning of the United States of America.

There are several people from our room ill. We hope they will soon be better and back in school.

Several people in our room are selling subscriptions for magazines for the Band Uniform Fund. We are keeping a card file of all the library books we read. It is interesting to see the number read by each pupil. Some of our read two or three more books every week.

Mrs. Hynson—Grade 1

Hal Blades showed us an airplane which he made from sticks, string, and rubber bands. He explained how it operated and said it was a U. S. Navy plane. We think he did a good job. We miss Carol Lekites and hope she will soon be well, because she has been absent so many days.

Billy Taylor, Debra Bright, Ricky Harvey, and Jack Wyatt, are absent too. We hope they will return soon.

Arthur Burns is our new pupil and we hope he will like our school.

Magazine Campaign

The annual magazine campaign sponsored by the bands of the school is almost at an end, with the completion scheduled for next Monday at noon. It is hoped that greater sales can be made than ever before since all profit from this endeavor will go into the fund for new uniforms for the Senior Band.

So far the following students have won prizes for being the high salesman and eligible for daily awards:

Judy Burgess, Brenda Neeman, Joan Smith, Stuart Greenberg, Hope Torbert, Artie Taylor, George "Buddy" Wyatt, Marshall Hatfield and Jackie Abbott.

The daily prizes consisted of a choice between a stuffed blue-and-gold dog mascot or a silver dollar.

Class News

The topics of study for Mr. Mock's 10M Geometry class are bisectors, medians, and altitudes. The students work problems by using the theorem.

Chords, arcs, and central angles will be the next assignment.

Class News

Mr. Horst's tenth grade Biology classes after studying the digestive system of the human body is now studying the circulatory system. When the students have completed the study of the circulatory system, they will study the bones and the muscles.

Explorer Scouts Plan Trip Explorer Post 76 of Harrington is planning a trip to George Washington National Park during the latter part of April. Cars pulling trailers to carry the gear will be the means of transportation for the boys. The trip, which will last three days, will include hikes into the mountains and overnight camping. The round-trip will be about 325 miles.

The Explorer Post has been meeting every Tuesday night at 7:00 in order to shoot for the Marxmanship Merit Badge. Mr. Welch, the instructor, says that the boys are doing very well after only about two months of shooting.

In order to get the merit badge, a boy must shoot six targets in the prone position

and score 40 out of a possible 50 points and then in a standing position he must shoot four targets scoring 30 out of a possible 50 points.

Students To Attend Health Fair

The Future Nurses' Club and the eighth grade health classes plan to attend the Health Fair, on Thursday, March 15. The fair will be held in Wilmington, Delaware. The students will go by bus and leave school 9:40 and return about 3:00.

Former Student Visits

Gloria Sue Shaper, a recent student of Harrington High School, visited her old school friends Friday, Feb. 16.

Gloria moved from Harrington to Onley, Va., when her father was transferred.

Sports — Girls Lose Two Games

Coach Harold McDonald's dropped a game to Greenwood, 38-35, Tuesday, February 13.

While still on a losing streak, the girls lost to Bridgeville, 34-42, Friday, Feb. 16.

The coach said that the girls played a good game, considering that Bridgeville had beaten their opponents by much more than eight points.

Twist Experts Perform

"Man! Look at that boy and girl twist!" This is an example of the exclamations uttered by the older couples at the dance following the Junior Miss Pageant on February 17.

If any of the adults thought that the teen-agers of today were softer and not as boisterous as the students of their own day such an exhibition of physical endurance may have changed their minds.

Sharon Walls and Frank Welch won the first dance contest while Joanne Murphy and Dawn Hopkins won the second one.

Winners received prizes of \$2.00 each.

High Students Honored

Students who maintained an average of 90 or more in major subjects during the first semester received recognition in the form of the school letter in gold and blue, awarded at a special assembly on February 14.

Senior High students thus honored were Carole Smith, Carole McNally, Jean Thomas, Janice Ralph, David Brobst, Harold Ellwanger, June Thompson and Susan McDonald.

From the Junior High School Donald Wells, Cheryl Cordray, Judy Burgess and Nancy Taylor received the scholastic honors letters.

Other features of the assembly were reports on Girls' State and Boys' State given by Kenna Jo McKnatt, Jane Phillips, Terry Johnson, and Eddie Layton. Carole Smith, who attended Science Day Camp last summer reported on her experiences there, and Stuart Greenberg told of the Social Science Camp which he had attended.

As a final attraction students viewed a film of a band festival in which bands from all parts of the United States participated.

Modern Dance Club Selects Arabian Theme for Concert

The Modern Dance Club of the University of Delaware has selected an Arabian theme for its annual concert in Mitchell Hall Friday and Saturday at 8:15 p.m. "A Thousand and One Nights" will feature dances telling "Arabian Nights" tales any modern Scheherazade might relate. According to legend, Scheherazade's sultan husband made a practice of killing his wives the morning after the wedding, but spared her because he enjoyed the stories she told.

Anita Cicotte, club president, a junior drama and speech major of 1506 West Eighth Street, Wilmington, is staging the production under the guidance of Miss Janet Pholerie, instructor in physical education and club advisor.

Assisting in the preparation and among the participants in the production are Sue Pratt, 617 West Thirty-eighth Street, and Judy Johnson, 100 Pierce Road, both of Wilmington; Sandy Kimball, 125 Myrtle Avenue, Pitman, N. J., and Stevie Hixson, 4700 Quebec Street, N. W., Washington, D. C.

Joining club members in the concert will be several members of the university's football team. The concert is open to the public.

Academic Failure Report Issued By U. of D.

A total of 230 undergraduate students were dropped from the University of Delaware at the close of the first semester of 1961-62 as a result of poor scholarship.

This report, released Wednesday by Robert Gebhardt, registrar and secretary of the Faculty Committee on the Academic Status of Undergraduates, indicates that 7.1% of the total undergraduate body failed. This figure is six-tenths of one percent higher than at the comparable period last year, but still well below the national collegiate average.

As expected, greatest losses occurred in the freshman and sophomore years, both classes being reduced by about 9%. Only two seniors failed to qualify for the completion of their final year of study.

Included in the report are all regularly enrolled undergraduates, transfer students, two-year degree candidates, special students and those admitted on a limited program or probationary basis.

C.K.R.T. Auxiliary Notes

In observance of the American Legion's Back to God program, the members of the Callaway-Kemp - Raughley-Tee American Legion and Auxiliary Unit will attend services at the Pilgrim Holiness Church Sunday morning, Feb. 25, at 11 a.m., the Rev. William Miller, pastor of the church will deliver the sermon.

At the regular monthly meeting of the Auxiliary Unit, Tuesday evening, Mrs. Jarvis Hurd presided. In addition to the notice about the joint church services she also announced the date of the National President's and commander's banquet to be held this year in Laurel on Friday evening, March 16. Tickets are \$3 per person and may be obtained from Mrs. Hurd or from Commander Frank O'Neal of the Post.

Donations of \$5 each were voted for the American Heart Association and the March of Dimes Campaign.

Mrs. Frank O'Neal Jr., Child Welfare chairman, spoke of the Kent County vice president's project for this year. Help, in the way of equipment and books for the several schools for the Mentally Retarded in the County has been announced as the project. The C.K.R.T. Unit will supply some of the needs of the school which is held in Harrington. Mrs. Nellie Luff, teacher of the class, will be contacted concerning this donation.

Mrs. William Humes, local heart fund chairman, told the members some of the work that is being done on the state and national level by the American Heart Association. In speaking of the beginning of the Association she mentioned the first donation of \$50,000 given by the American Legion and the American Legion Auxiliary which was really the spark needed to begin the work of this most wonderful group.

This week is Heart Week in Harrington, climaxed by Heart Sunday when special events will take place. In order to completely canvass the town, Mrs. Humes can still use a few more volunteers. Anyone who can do this work is asked to call her.

The refreshment committee for the monthly meeting in March will be Mrs. Eugene Anderson, Mrs. John Swain, Mrs. William Lord, Mrs. Sol Martin and Mrs. Paul Callahan.

Trinity Methodist Church News

The church calendar for Sunday, Feb. 25.

9:45—The Church at Study; William R. Jester, church school supt.

Mrs. Virginia Shultie, Primary Department, supt.

Classes of interest and spiritual help conducted for all age.

Everyone is welcome.

The Young Adult Class being taught by the Rev. Benjamin will teach this Sunday a series of lessons on, "Major Methodist Beliefs." This class should be of special interest to all young adults and young married couples.

Why not make this Sunday the Sunday you start back to church school?

11 o'clock — The Church at

worship: The music will be by the Senior Choir under the direction of Melvin Brobst and the Intermediate Choir under the direction of Mrs. Nancy Benjamin.

The Rev. Benjamin will preach the sermon. The greeters at the door will be Mrs. Ernest Raughley and Arnold Gilstad.

The flowers will be placed on the altar tables to the glory of God by Mr. and Mrs. Arnold Gilstad.

A nursery is now being provided during the worship hour for pre-school children. The nursery is being held in the Beginners Dept. of the Church School. Mrs. Bailey Minner will be in charge of the nursery this Sunday.

The Church Announcements:

The Kitchen Committee will meet at the church on Monday evening at 7 o'clock.

The Official Board will meet Monday, Feb. 26, at 7:30 o'clock.

The Board meeting will be held in the chapel room of the church.

The choir will practice at their usual time Thursday evening.

Friday evening the Commission on Education will sponsor a game-night to be held in the auditorium of the educational building. All of the young people of the church are invited to come out and fellowship together.

Games such as: table tennis, badminton, and shuffleboard will be available. Some parents will be in attendance for supervision during the evening.

The O.U.R. Class will hold a chicken salad sale on Saturday, March 3, at Taylor's Hardware Store.

The Loyal Workers Class will hold a fried chicken supper on Friday, April 6.

At their combined meeting of Wednesday evening the Commis-

sions on Membership and Finance set plans for a Lay-Visitation program to be carried out during Lent. The membership of the two commissions will make visits, giving two by two. The purpose of the planned Lay-Visitation program is to promote new interest in the church program and to secure new members.

The devotional magazine, The Upper Room, a daily devotional guide for March and April, will be on the table in the church vestibule Sunday morning. It is hoped that our people will take advantage of this good literature, especially during this coming season of Lent. Secure a copy and make good use of it during the next two months.

Sulky Slants

By MRS. DAVE (PAT) SMITH

Training out here at our fairgrounds is coming along as they say, down in Cape Canaveral, "OK". Also our count down isn't many weeks away till the man says, go.

This to me has been a very short winter. When you don't stop racing now till last of November the months slip by till spring.

Lucy certainly went all out for the Horsemen's Banquet. The dining room was decorated in the keeping of a Valentine Day party.

The tables were beautiful all in white, with the place cards, red ribbon for the long center piece. Her dining room was full. For eats there was certainly plenty of everything.

Mrs. Earl Thomas and Virginia Holloway were the official hostesses.

Course, our general manager, Mr. Simpson, was right there on the greeting line.

There is another banquet scheduled for March 3. Only this time there will be an orchestra and dancing. Wonder if they'll do the twist?

Our track restaurant is rather popular lately. Board of Directors meeting, also the Tomato Growers Association of Delaware.

I think we have one of the best cooks that includes all the big places around. If you like tasty food you'll like Lizzie's style.

Dummy Ellison, who up till time of his illness ran the "Club House" in Milford Hospital. But Mrs. Ellison says his condition is coming along very satisfactory and may be home by next week.

Mrs. Sam Kennedy was also taken to a Wilmington Hospital. Mrs. Kennedy has had trouble with her hip she broke some time ago.

Hurry on back, we will miss you, Mrs. Kennedy.

Tic Wilcutt was a visitor here last Sunday. He had quite a chat with several of his old friends over at the restaurant. I asked Tic how he liked it down in Wilmington, N. C. He seemed to have all praise for the southern training track.

I have been there but not to train. It's really a beautiful city, right on the ocean. I used to go fishing at Carolina Beach and also Wrights Beach.

Oh, we visited the track out there but it wasn't so well known then as now.

Paul Meyer from Bridgeville has moved his stable of horses to Harrington to finish his training.

Was so sorry to hear of the death of Mr. Kephart's mother. He happens to be one of our blacksmiths here at the track.

Asked Austin Turcotte what he had added again on his farm. "Oh," Austin said, "I'm giving them to a party that's starting a zoo out from Milford."

Little Terry Turcotte has taken to the new piano his mother received for Christmas. Terry now takes piano lessons. Janette says he is coming along fine. Only his little fingers have a time reaching the keys.

They say you'll know your friends when in trouble. That's for sure. My pipes froze this last real cold spell, coming in to my trailer. And on a Sunday at that, I happened to think of Harold, who works for Del Manges.

He can do anything from building a house on down. Gosh, Harold worked for two hours in very close quarters under the sink as copper pipe there had broke. I borrowed Harold's blow torch, which I didn't know how to use. But I tried.

Oh yes, Mr. Ernest Killen has promised to take me to top of his cement silo. Wonder if I'll get faint on top of them. As the saying goes, I've watched them grow from a pup.

Bob Frame and I rode down to Tom Wingate's farm Sunday. Guess again, I rode within hearing distance of Ocean City. Maybe the next time I'll find the right road.

Asked Mr. Vinyard how his horses were coming along. Oh, Pat, about as good as can be expected. That's Paul, you'll never hear him brag. It could be a champion, but to him it's just another horse.

Is it so Gloria Galloway that a horse really did bite you?

After me telling you how nice they really are.

They tell me Sam Short's Blue Hen Records are really going to town. And Betty, how's your twisting lessons coming along.

You should have seen Del Manges doing the twist to one of Chubby Checker's records over at the restaurant.

According to Del, all you have to do is pretend you are drying your back with a towel. You really have it down pat, Del.

Mr. and Mrs. Pat Hubbard hope to be ready to move into

their new home in another week. I've heard something about that color scheme Romona, for the bedrooms, but I wouldn't dare print what you said.

Jack Quinn was home over the weekend from Freehold.

Dorothy, Lucy's sister, must have a lot of enjoyment out of her grandchildren for little Jimmy is really all boy. For some of the things she tells me, he must be one step ahead of his Mom all the time.

I've been helping them over at the restaurant extra, and Dorothy is loads of fun to work with anyway.

Here is a cute saying one of the boys handed me the other day.

"At meal times a husband doesn't worry about what he stands for, as for what he sits down to."
"Oh, boy, this is all?"

Felton

The Rev. Wilmer E. Abbott's Sunday morning sermon was, "Things That Make Life Worthwhile." The Junior Choir sang "Keeping Step." The senior choir anthem was, "Holy, Holy, Holy."

The members of the Official Board will meet this Friday evening, Feb. 23 at 8 o'clock in the Fellowship Hall.

The Willing Workers Class will meet in the Fellowship Hall, Wednesday evening Feb. 28 at 6:30 o'clock for their monthly covered dish supper and meeting. The hostesses for the covered dish supper are Mrs. Gordon Maris, Mrs. Paul Woikoski Jr. and Mrs. Gladys Mack. Mrs. Johnny Dill, the new president of the class will preside at the meeting.

Quarterly Conference official forms have been given to the various presidents and chairmen of committees in preparation of our last Quarterly Conference for this year, 1961-62, which will be held in the church here Tuesday, March 6. The Felton Church will be host to the Manship and Viola Churches. The arrangements for the covered dish supper to be served at 6:30 p.m. will be in charge of the Woman's Society of Christian Service of the Felton Church. The business meeting will start at 7:30 p.m.

Mrs. C. M. Simpler spent last Thursday in Dover with Mr. and Mrs. Herbert Abbott and children, Earl, Dorothy and Kathy. The occasion was Kathy's birthday.

Mrs. Thelma Becker of Hagerstown, Md., recently spent the weekend with her parents, Mr. and Mrs. Dorsey Torbert and Sunday took her daughter, Janet, to Salisbury Teachers College for the second semester.

Mrs. Elizabeth Anderson has returned to Wilmington where she is now employed.

Mr. and Mrs. Johnny Dill, with Mr. and Mrs. Zora Tatman, of Frederica, attended the Firemen's Ladies night at Seaford, Friday evening and on Saturday evening they were guests at the Firemen's Ladies Night, at Holloway Terrace, Wilmington.

Mrs. Joseph Alcorn of Wilmington, was overnight guest Friday of her mother, Mrs. Lillie Blades. Mrs. Alcorn and Mrs. Blades were dinner guests Friday evening of Mr. and Mrs. Lynn Torbert in honor of Mrs. Blades' birthday.

Alan Haldeman, U. S. Navy, stationed on the U.S.S. Abbott, New Port, R. I., spent the weekend with his parents and family, Mr. and Mrs. William Haldeman, Karen, Billy and Lawrence.

Mr. and Mrs. Richard Delong spent Sunday with her parents, Mr. and Mrs. Allen Breeding, near Vernon.

Edwin Gruwell of near Wilmington was a Felton visitor Saturday.

Mr. and Mrs. Lawrence J. Kates entertained at a family dinner Sunday for M/Sgt. Robert

Sherwood stationed at Dover Air Force Base, who will be leaving for Labrador the end of this month. His wife and family will join him there in June. Present at the dinner were M/Sgt. and Mrs. Robert Sherwood and family, Cheryl and Bobby, Moores Lake, Dover; Mr. and Mrs. Thomas L. Kates and family, Peggy and Johnny.

Mrs. Johnny Cahall and Mr. and Mrs. William Duerr and daughter, Debbie, are visiting Mr. and Mrs. Harry Powers in New Port Rickey, Fla.

Mr. and Mrs. William D. Hammond, and Mr. and Mrs. Dale Hammond, of Canterbury, and Mr. and Mrs. Dorsey Hammond, of Dover, attended a family dinner given by the former Mrs. Hammond's mother, Mrs. Walter Cole, in Goldsboro, Md., Sunday. The dinner was in honor of the birthdays of William D. Hammond and other family members who had birthdays this month.

Mr. and Mrs. Leland Price have returned from a vacation in Florida.

Sunday afternoon visitors of Mrs. Anna Mae Gruwell and Mrs. Bess Cabbage were Mrs. Sadie Berry, Mr. and Mrs. Alvin Melvin of Harrington, Mr. and Mrs. Howard Shockley of Goldsboro, Md.; Mr. and Mrs. Thomas Cabbage, and Miss Ellen Chambers, of Viola.

Hickman

The Ruritan Club is sponsoring a supper Saturday, March 3, at the Burrsville Community house.

Mr. and Mrs. Jesse Fearins were Saturday evening visitors of their son and family, Mr. and Mrs. Dawson Fearins, of Denton, and were Sunday evening guests of Mrs. Minnie Nichols.

Mr. and Mrs. Carl Parker and Billy were Sunday dinner guests of Mr. and Mrs. Paul Scott and family.

Mr. and Mrs. Bill Tull and family of rural Greenwood were Sunday guests of her parents, Mr. and Mrs. Clarence Breeding.

Mr. and Mrs. Clarence Porter were Sunday evening guests of Mr. and Mrs. Johnnie MacDonald of rural Greenwood.

Mrs. Richard Wilson of Williston, and Mrs. Dawson Fearins and grandson, Keith, of Denton, were last Wednesday dinner guests of Mr. and Mrs. Jesse Fearins.

Mr. and Mrs. Floyd Messick were Saturday guests of their daughter and family, Mr. and Mrs. Jesse Trotta, of Harrington.

Mr. and Mrs. Jesse Fearins were entertained at a turkey dinner Sunday by their daughter and family, Mr. and Mrs. Richard Wilson of Williston. Other dinner guests were Mr. and Mrs. Dawson Fearins and family, of Denton, and Mr. and Mrs. Robert Stokes and family, of Woodbury, N. J.

Mrs. Velma Breeding and children, Carolyn and Blaine, of Greenwood spent the weekend with Mr. and Mrs. Isaac Noble. Other dinner guests Sunday were Woodrow Passwaters and Mrs. Bertha Ennis of Georgetown and afternoon visitors were Fred Coulbourn and Mrs. Manila Dukes of Federalburg.

Mr. and Mrs. George Breeding and family were last Tuesday evening visitors of Mr. and Mrs. August Breeding.

Mr. and Mrs. Alpheus Horney and Becky of New Haven, Conn., are visiting with Mr. and Mrs. Paul Messick and son. Sunday visitors of the Messicks were Mr. and Mrs. Douglas Algiers and family, Mr. and Mrs. Leroy Tull and family, Mr. and Mrs. Everett Outten and family, Mr. and Mrs. Donnie Friedell and family of Greenwood, Mr. and Mrs. Donald MacDonald and family of Denton and Mrs. Viola Breeding.

Paul Messick is on the sick list this week.

Magnolia

Mrs. Lydia Hill, who is spending the winter in Frederica with her daughter, Mrs. Roy Gourley, and family, spent the weekend with Mrs. Blanche Richards.

Funeral services were conducted at the Torbert Funeral Home Saturday for Henry Austin who died at the Kent General Hospital following a heart attack. Though the family was aware that Mr. Austin had a heart condition, his death was sudden and a shock to his family and friends.

Mrs. John Smoot died at the Milford Memorial Hospital and funeral services were conducted at the Lofland Funeral Home, in Milford, Sunday, Mrs. Smoot had been in ill health for several weeks and had undergone major surgery when it was determined that her condition was quite serious.

The Rev. Mac Hood was the presiding minister at both services.

Mrs. Ethel Collins has returned to the Methodist Country Home after a several day's visit with Mrs. Edna Davis and Miss Eleanor Davis. This also gave Mrs. Collins an opportunity to see again her many Magnolia friends.

Mrs. Frank A. Anderson, just recently returned from Munich, Germany, is visiting her mother, Mrs. Bessie Hart, and family.

Wednesday evening at the parsonage, Mrs. Mac Hood conducted the first two hour training session for Primary and kindergarten teachers in the Sunday School.

Sun., Feb. 25, is being observed as Join The Church Sunday and anyone desiring to join our church, or have their children christened, is asked to contact the minister.

You may soon be contacted by a member of the Methodist Youth Fellowship regarding the purchase of a lovely book of paintings of the Twelve Disciples or by a member of the W.S.C.S., who are selling cards. These are both projects to help reimburse the treasury of both organizations and they both need your help and support.

Deaf Man Perfects Midget Transistor Hearing Aid

If you can hear people talk and can't make out the words clearly then this will be your answer. An extremely small hearing aid using a tiny energized unit, has been perfected by a man who himself is hard of hearing and has been for over 30 years. With his new aid, even whispers are crystal clear and your closest friends will never know how you hear so perfectly. If interested it is suggested you write HEARING-Dept. E-1, P.O. Box 8302 Erie, Pa. you will receive full information at no cost or obligation whatsoever.

Asbury Methodist Church Notes

We invite you to begin this Sabbath by attending one of the Church School classes at Asbury. Closely graded material is used for all age levels and a class for all age levels is available. Howard S. Wagner, superintendent, in charge.

Morning worship service 11 a.m. conducted by our minister. Special anthems by the Crusader, Cathedral, and Cherub choirs will be sung. The message entitled "Living in Spite of Ourselves", will be given. A nursery for preschool children, conducted by Mrs. James Moore, will be available.

Asbury welcomes to its services all newcomers to the community. We covet the opportunity to share our ministry and fellowship with you.

M.Y.F. at 6:30 p.m. The topic of discussion, "Questions That Matter Most to Youth."

Family night service at 7:30 p.m. The anthem "Great is the Lord," by Wilson, will be sung by the Chancel Choir under the leadership of Melvin Brobst. The message will be given by Leslie Greenly. The ladies of the Esther Circle, headed by Mrs. Lester Smith, will be in charge of the refreshments at the conclusion of the service. Asbury cordially

welcomes the public to participate in this service.

Altar flowers this week will be presented by Mr. and Mrs. Kenneth McKnatt.

Friendly greeters this week will be Mr. and Mrs. Edgar Graef.

Announcements
Wed., Feb. 28—The Pathfinders will meet at the home of Mr. and Mrs. Edward Taylor with Mr. and Mrs. Lester Smith as co-hosts.

All choirs will rehearse at the regular appointed time.
New members will be received into membership next Sunday morning, March 4, at 11 a.m.

Quarterly conference for Asbury Church will be conducted March 8 at 7:30 p.m. by Dr. Roy Tawes.

Ushers for the month of February are: Dewitt Tatman, John Pitlick, Jr., Charles Peck Jr., and Luther Hatfield.

Baptist Church Notes

Sunday School begins at 9:45 a.m., with William Pritchitt, supt. Classes for all age groups. Our lesson this Sunday will be, "The Clean Life." Morning worship service 11 a.m. A nursery is provided.

Training Union is at 6:30 p.m., each Sunday evening; followed

by evening worship service at 7:30 p.m. The Rev. L. P. Barnett, associational missionary, for the Eastern Shore, will bring the message this Sunday evening.

Bible study and prayer each Wednesday evening at 7:30 p.m. Senior Choir practice Wednesday evening at 8:30 p.m.

An interesting report was given last Sunday by Mrs. William Pritchitt, Mrs. Alton King and the Rev. Garland on the Sunday School convention held last week

in Easton, Md.

This church will be conducting its spring revival beginning March 25 through April 4. The Rev. W. P. Watson will be the evangelist. The Rev. Watson is the pastor of Calvary Baptist Church in Bel Air, Md.

The Harrington Baptist Church is now sponsoring services in Bridgeville each Thursday evening, in the home of Mr. and Mrs. J. Harry McIlvain, 412 Walnut St.

Tips to Farmers

By Mortimer M. Caplin

Conclusion of Series

Farmers, like other persons, don't want to pay any more tax than they owe. How can they be sure they are not doing so?

Let me say that the Internal Revenue Service doesn't want any taxpayer to pay any more than they owe; we only want what is due under the law, no more and no less. Our audits often show that farmers have overpaid their taxes. In these cases we, of course, refund the amount overpaid. Many of the overpayments are caused by persons failing to claim allowable expenses, especially business expenses. The answer to this is to keep good records and to record the expenses currently. Other taxpayers pay more than necessary by failing to take advantage of certain provisions of the tax law which would benefit them. Everyone should try to become sufficiently acquainted with the law so as to at least be aware of the existence of these provisions.

What are some of these provisions that are applicable to farmers? We have already discussed some of them. For instance, capital gains treatment is allowed under certain circumstances for sales of livestock and timber. Also, some methods of computing depreciation result in a larger deduction in the year of purchase and years immediately following than would be allowable under other methods. I also mentioned previously that additional depreciation can be claimed on certain property in the year it is purchased. Those farmers who feel that it would be to their advantage to have a larger deduction when assets are first purchased should seek further information on this. Another provision which I didn't mention before allows farmers to claim as an expense certain expenditures for soil and water conservation which would normally be a capital expenditure and become an additional cost of the land. To be deductible, the expenditures must be for the treatment or moving of earth for the purpose of soil or water conservation or the prevention of erosion. The Farmer's Tax Guide has information on all the items I've mentioned here, and I'd suggest that any farmer having transactions of these types refer to it. Of course, there are a number of other things to be considered which apply to all taxpayers.

What are some of these other things? First of all, married persons should remember that normally they can file a joint tax return, even if the wife does not have any income. In most cases, the joint return is more advantageous than separate returns. This is almost always true if the wife has no income. If the wife has income, then make computations of the tax owed on a joint return and on separated returns, and file whichever way is most advantageous. A taxpayer must also determine whether deductions should be itemized or the 10 percent standard deduction claimed. The chief itemized deductions are contributions, taxes, interest and medical expenses. The standard deduction is an allowance which takes the place of the itemized deductions. The amount of the standard deduction is 10 percent of adjusted gross income but may not exceed \$1000. If married persons file separate returns, the standard deduction cannot exceed \$500 on each return. The total allowable itemized deductions should be compared with the standard deduction and whichever is highest should be claimed. I might add that when husband and wife file separate returns if one itemizes these deductions the other must do likewise.

Any hints on the itemized deductions? If charitable contributions are made through the donation of property, then the allowable deduction is the fair market value of the property donated, and not the cost of the property. For instance, if you donated to your church food which had been raised by you, the allowable deduction would be the fair market value of that food and not the costs of raising it. However, the costs of raising it ordinarily would not be deductible. Interest and taxes on your residence are deductible as itemized deductions. Remember, though, that interest and taxes on the farm and farm property are deductible as farm expenses on Schedule F. Often, if they are deducted there as they should be, the standard

deduction is larger than the itemized deductions and the tax owed would be less. Also, farmers must often travel substantial distances for doctors' visits and other medical care. The cost of transportation for medical care is deductible as a medical expense.

Any final words of advice? I might go over again some of the things I feel a farmer should do in regard to his taxes, which would benefit both him and his government. He should:

1. Devise a system for keeping his records if he doesn't already have one. Secure help on this if he needs it.

2. Keep these records currently, recording the transactions throughout the year as they occur. Be sure to keep good records of income as well as expenses.

3. Try to file his tax return as early as possible. But in any event, be sure it is filed by the date that it is due.

4. Double check his return for accuracy before it is filed. If there is doubt on any item, check the Farmer's Tax Guide or get help on it before the return is filed.

Veterans News

QUESTIONS AND ANSWERS

Q—Members of the armed forces on active duty may be protected from lapse of commercial insurance policies by the VA under terms of the Soldiers and Sailors Civil Relief Act. Just what does it mean?

A—Once your commercial insurance policy is protected by the VA under these terms, it will not lapse or terminate for nonpayment of premiums while you are on active duty and for two years after your discharge, unless you request withdrawal of the protective provisions. If you do not pay the premiums and interest to your insurance company during the protective period, the amount due will be treated by the VA as a loan. If the cash surrender value of your policy at the end of the protective period is less than the amount guaranteed, the policy will terminate and the government will pay your insurance company the difference. Any sum paid the company by the VA will become your debt to the United States.

Q—I am a World War II veteran. Since I designated the beneficiary for my GI insurance, I have married and have two sons. How can I change my beneficiary and perhaps the option for payment to my beneficiary?

A—Write your VA Regional Office for forms 9-336, "Change of Beneficiary and Election of Optional Settlement." Fill out the form and mail it to the insurance office to which you pay your GI insurance premiums.

Q—Will the VA guaranty a business loan whereby a veteran may purchase a boat to use in business, either fishing or the transportation of sightseeing tourists?

A—Yes, if a veteran can negotiate a loan to buy a boat as a business venture the VA is authorized to guaranty the lender against loss up to 50 percent of the loan with a maximum guaranty of \$2,000 on non-real estate loans.

Q—Why does the government pay dividends on GI life insurance?

A—The annual GI insurance dividends are primarily a return to the policyholders of part of the premiums they have paid since the death rate of veterans continues to be less than estimated in the mortality tables upon which the premium rates were set by law.

Delaware Food Market Report

All the time is chery time but this week it is a must to serve chery pie or tarts, since it is Washington's birthday. This is partially due to the legend we all know about Washington and the chery tree. However, cherries are plentiful now and prices are reasonable so what could be better than chery pie. Be sure to check the many canned chery products as well as the frozen chery pies, tarts, etc. available in the frozen food department.

On the fruit stalls, grapes, pears, apples and bananas are all wearing reasonable price tags and quality is good to excellent. Lemons, oranges and grapefruit continue to be the best buys and when bought during the time they are "specials", are excellent buys.

Potatoes are plentiful and the best buy in the produce department. Most other fresh vegetables are on the seasaw—up and down as far as price and quality goes. Lettuce, squash, loose tomatos, kale, cabbage, turnips and dried onions are all up a penny or so. Those showing a downward change are green peppers, green beans, celery, and rhubarb. If you cannot find the quality you desire at the fresh vegetable counter, don't overlook the many excellent vegetables at reasonable prices in the canned goods and frozen foods sections.

Frying chickens are continuing to advance in price, this has been so during the past month, but be sure to check specials for some stores are still selling them at rock-bottom low prices.

Whole hams are a leading meat special, both fresh as well as smoked. Beef roasts are also featured, particularly rib roast and a few chuck roasts. Leg-of-lamb and a few veal roasts will help add variety to your menu and specials make these meats economical, too.

Egg production is increasing and it is predicted that the supply will be above last years. Egg prices this week are lower than they were at this time last year and the large size egg is now the better buy.

Veterans News

Although most students enrolled under the War Orphans Education Assistance Program pursue college studies, eligible children may also take training in business and vocational schools, Leon Fields, manager of the Veterans Administration Regional Office, said this week.

Students who have completed their high school education but do not desire to attend college, and students who drop out of school when they pass the age of compulsory attendance, may enroll for business or vocational training approved by their vocational counselors, Mr. Fields explained.

Prospective students are eligible for enrollment under the program if the death of their veteran-parent was attributed to an injury or disability incurred in wartime service or in some cases of extra-hazardous peacetime service. The other parent may still be alive.

Generally between the ages of 18 and 23, these students may receive as much as \$110 a month for as many as 36 months of training when enrolled in full-time, approved courses, and smaller payments for less than full-time enrollment.

Individuals are advised on their course of training by educational or vocational counselors, Mr. Fields said. Guardians and prospective students in Delaware, who may be eligible, should apply to their Wilmington VA Regional Office.

B. & P. W. Club Notes

The Harrington Business & Professional Women held their regular monthly meeting Monday evening at the Wonder R Restaurant. Following dinner the club was addressed by John Gleason, who spoke to them on "Financial Securities." This was a very interesting and informative address. The program was arranged by Mrs. Jeanette Turcotte and Mrs. Laurabelle Layton.

At the business meeting which followed, the club voted to have the treasurer give Melvin Brobst a check for \$100 to be used for the Band Uniform Fund.

Several of the members who had attended a dinner at the Hotel DuPont on the day previous, at which the National President, Miss Katherine Peden, had been the speaker, brought back greetings from her and suggestions from the membership clinic, which she conducted.

The club voted to take charge of the art show at the coming Chicken Festival, as they had been asked to do.

Several other projects were discussed and voted upon but will be reported on as they are realized.

Houston

Church news for Sunday, Feb. 25. Sunday School at 10 a.m., with Robert H. Yerkes Sr., general superintendent presiding; Alvin O. Brown, supt., of the junior department; Carl Prentice, supt. of missions, and Mrs. William Scott, supt. of the cradle roll.

The service of worship begin at 11 a.m. with the prelude, Mrs. Agnes T. Webb at the organ.

Call to worship by the pastor, the Rev. Ray W. Kirwan, who will read the scripture lesson and deliver the gospel sermon.

The Senior and Junior Choirs will sing special numbers.

The M.Y.F. will meet as scheduled at 6:45 p.m.

Due to the illness of our pastor, the Rev. Ray Kirwan, last Sunday morning, our church lay leader, Hubbard Macklin, occupied the pulpit and gave us a wonderful sermon, despite his age. He was assisted by Cary Prentice, who led the responsive reading.

Let's not forget the annual Houston P.T.A. auction which is to be held in the fire hall Friday evening, Feb. 23, beginning at 8 p.m. The auctioneers are to be George Simpson, assisted by the P.T.A. president, Robert H. Yerkes, Sr.

Mr. and Mrs. Albert Sapp, of Levittown, Pa., takes the pleasure of announcing the marriage of their daughter, Yvonne Marie, to Russell Lovo, also of Levittown. The wedding took place in the Levittown Methodist Church, Sunday, Jan. 28. She was given in marriage by her father. A reception was held at her home, No. 6 South Kenwood Drive, Levittown, Pa. Mr. and Mrs. Sapp and family were residents of our town for a while. In fact, Albert was born near Houston and is the son of Mr. and Mrs. Roy Sapp.

Mrs. Charles Koeneman has been a patient in the hospital for quite a long time and her condition remains about the same.

Mrs. John Wagemaker returned to her home from the hospital last Wednesday.

George Armour returned to the home of his son, Lloyd Armour, from the hospital last Wednesday and his condition is good.

Mrs. John Clark has been staying with her parents, Mr. and Mrs. Emory Webb, due to the illness of her boys, Jackie and David. Jackie is much better but David is not so good at this time.

Little James Morris, who has been a patient in the hospital, Milford, has returned home and his condition is improved.

Jack Snyder has been quite ill but is better at this time.

George L. Johnson, who has been home due to illness, was able to go back to his job Tuesday.

Mrs. Walter Studte is visiting her sister, Mrs. Gladys Laird in Philadelphia.

Mr. and Mrs. Willis Voshell left Monday morning for Opoa-Cocka, Fla., where they expect to spend the next month with their son-in-law and daughter, Mr. and Mrs. John Penman and family.

Mrs. Florence Thistlewood, granddaughter and husband, Captain and Mrs. Conrad Luecke, of Dover were Sunday evening visitors of Mrs. Viola Thistlewood.

Walter Studte went back to his position in Wilmington after being on vacation for the past week.

Mr. and Mrs. Fred McCreary of Claymont spent the weekend with her parents, Mr. and Mrs. George B. Thistlewood and family.

Mrs. Edna Sapp and Mrs. Francis Simpson spent Sunday

Of Local Interest

Robert Quillen spent Tuesday and Wednesday in New York.

Mrs. Florence Melvin is visiting with her son in Delmar.

Mr. and Mrs. Roland Melvin had as their guests Sunday, Mr. and Mrs. George Sweeney and family, Billy Dodd of Lewes, Mr. and Mrs. Leon Porter, Mr. and Mrs. Raymond Brown and children, and Mr. and Mrs. Orville Smith.

Mr. and Mrs. Riley Melvin entertained at a dinner Wednesday, Mr. and Mrs. Joseph Evins and children, Sammy and Danny Evins were celebrating their 5th birthday.

Mr. and Mrs. Olin Massey and daughter, Eleanor, of Dagsboro, were guests of Mrs. W. R. Massey, Sunday.

Mrs. A. B. Parson entertained her bridge club at brunch and bridge Friday.

The Harrington WCTU will meet at the home of Mrs. Wolcott Dickerson on Clark Street Tuesday, Feb. 27 at 7:30.

Robert Quillen and Ronnie Bancroft spent the weekend in Virginia.

Among those from Harrington who attended the anniversary luncheon of the Milford Century Club held at Avenue Church were Mrs. Charles Peck, Jr. Mrs. W. W. Sharp, Mrs. O. T. Roberts, Mrs. Ridgely Vane, Mrs. W. A. Minner, and Mrs. Horace Quillen.

Mrs. Norman Oliver suffered the misfortune of falling and breaking her wrist, Monday evening.

Mr. and Mrs. Calvin Wells entertained the Tuesday bridge club last week.

Mr. and Mrs. Nelson Melvin celebrated their 33rd wedding anniversary, Monday.

Mr. and Mrs. Gary Homewood of Cape Charles, Va. were Harrington visitors last week.

Mr. and Mrs. Kenneth Schaper of 22 Clark St. have moved to Onanoch, Va.

Roland Melvin Jr. has taken over the Harrington Oil & Coal Co., which was formerly run by his father, Roland Melvin Sr. Mr. Melvin Sr. has retired from the business due to illness.

Mrs. Elizabeth Willin of Federalsburg was given a party in honor of her 87th birthday at the community house at Chambers Park Friday, Feb. 16. Several friends and relatives attended. Mrs. Willin is the mother of Mrs. H. C. Austin.

The Ladies Auxiliary of the Harrington Fire Company are sponsoring a card party on Feb. 24 starting 8 p.m. Refreshments will be served and a door prize given.

Wednesday — Spaghetti with meat sauce, tossed salad, milk, pineapple, bread and butter.

Thursday—Hamburg on roll, home style baked beans, milk, fruit or pie.

Friday—baked fish fillet, cole slaw, milk, fruit cup, bread and butter.

SHOP AND SWAP IN THE WANT ADS

Social Security Notes

Could you afford to pay your maid a pension for the rest of her life when she becomes too old or disabled to work for you any longer? Would you be willing to support her children if she were to die? Unfortunately, even many of us who can afford to hire household help could not afford the expense of trying to meet such obligations. But there is a way we can help.

Domestic workers who are paid as much as \$50 cash in a calendar quarter from a single employer can receive social security credit for their earnings. But to get the credit, their earnings must be reported. And that's where you come in. For employers must make a quarterly report to Internal Revenue Service when they pay a domestic worker as much as \$50 cash wages in the quarter. These reports should be filed after the close of each calendar quarter and are due by April 30, July 31, October 31 and January 31 every year.

Most household employers will make their reports on Form 942. This is a special simplified form printed on the inside of a re-

turn envelope. If you are a household employer who is already on the mailing list of the District Director of Internal Revenue, one of these forms will be mailed to you before the end of December.

If social security taxes are due from a household employer who is not now on the mailing list, the employer should ask the District Director for the form and give him her name and address to be added to the mailing list before the next quarterly return is due.

The amount of the social security tax is 6% (6 1/4% beginning with 1962) of the total cash wages paid to a household worker in a calendar quarter. The employee is expected to share this tax with the employer. However,

it is the obligation of the employer to report and send the total tax of 6% to the DDIR. The \$50 cash wage test applies separately to each household worker in your employ, and no report or social security tax is due on any household worker to whom you pay less than \$50 cash during the calendar quarter.

Vegetable News Letter

By George Vapaa, County Agent

Several new publications on the 1962 production practices are available from your extension office. These include:

Insect and Disease Control on Vegetables, Chemical Weed Control in Vegetable Crops, Pepper Production, The Delaware Belle Pepper, The Dealer Tomato, Agricultural Outlook for 1962.

Sweet Corn Varieties Here are some good sweet corn varieties to harvest during July for roadside markets. They are listed in their relative order of maturity.

Golden Beauty or North Star, N. J. 106 (available from New Jersey Crop Improvement Association, Allentown, N. J.), Carmelcross, Northern Belle (Harris), F. M. Cross (Ferry Morse), Gold Cup (Harris), N. K. 199 (Northrup King).

Grow Higher Quality Potatoes With the increased production and use of processed potatoes, the market demands higher quality potatoes. Here are some notes on results of some of the new varieties in Delaware as reported at Farm and Home Week.

Pungo, early, good quality, good yield, some scab resistance. Fundy, 2nd early, good quality, good yield and appearance.

Blanco, resistant to scab, good quality, only fair yield and appearance.

Onaway, 2nd early, most productive of all early white-skinned varieties, quality only equal to Katahdin.

Fertilizing the Pungo Potato

The Virginia Truck Experiment Station reports that the best control of seed piece rot is still obtained by planting seed soon after cutting. Seed treatments reduced the loss in fields planted too late, but did not prevent rotting entirely. In their tests it did pay to treat Pungo seed at the time of cutting with 1 1/2 per cent Captan dust at 1 to 1 1/2 pounds of dust per hundred pounds of seed.

Asparagus Cost in State of Wash.

A recent study in the Yakima Valley, Washington, shows that in 1960 the cost of production and harvesting was 11.2 cents per pound with an average yield of 3,063 pounds per acre. The life of the bed is estimated at 15 years.

1. Market and Supply Outlook for Processed Vegetables:

As a whole, both canned and frozen vegetables are in ample supply. Carryover stocks of frozen vegetables are higher than last year and the new pack is larger. The carry-over of canner vegetables is lower than last year, but the new pack is larger.

Tomatoes—The whole country will produce about 4 per cent above last year and highest since 1958. Carry-over stocks are somewhat larger. Delaware and Maryland produced more tomatoes than last year. Delaware's average yield of 17.8 tons per acre compares favorably with California at 15 tons per acre.

Sweet corn—The U. S. production was about 25% higher than last year. Increased government purchasing may help the price. Peas are also in short supply and this may increase the movement of corn. Delaware with an increase of 1,000 acres in 1961 increased total production of sweet corn, considerably.

Lima beans—A record crop of lima beans for the whole country does not help our situation. Although average increased in Delaware in 1961, yields and total production decreased. Average yields of 1300 pounds per acre are the lowest of the principle production areas in the country.

Peas—Supplies are expected to be the lowest in 7 years. Carry-over was much smaller and in spite of a larger pack in 1961, supplies are low. Delaware's average yield of 3470 pounds per acre was the highest on record.

Snap Beans — Production was at a record high for the U. S. Delaware production remained unchanged from last year

2. New Vegetable Varieties Worthy of Trial in 1962:

There are several new varieties which you might want to try on a small scale in 1962. Here are some suggestions:

Shipper Watermelon—This variety was developed in Mississippi. It appears to be a few days earlier than Charleston Grey and equal in quality. The size varied from 10 to 25 pounds with an average of 20-25 pounds. The melon is nearly round, like Black Diamond, with a dark skin. It may be worth trying on a limited basis.

Delaware Belle Pepper—This pepper, developed by E. P. Brasher of the University of Delaware, is high yielding and suitable for processing and market. Plants are small and compact. A limited amount of seed is available from E. P. Brasher and the H. P. Cannon & Son, Inc., Bridgeville.

Delsler Tomato—This new variety was also developed by E. P. Brasher at the University of Delaware. It is recommended for

processing, market, and home gardening. Maturing at about the same time as KC-146, this variety has yielded well, is crack resistant and resistant to fusarium wilt.

Snap Beans—XP 240 Bush Blue Lake—William Hollis of the University of Maryland says this variety is generally adapted to eastern conditions and possesses Blue Lake quality.

Harvester—As a canning bean, this variety is outstanding in general appearance.

3. Winter Care of Strawberries: Mulching really pays. Higher yields of better quality fruit result from mulching. Use straw, salt hay, pine chais, or similar materials. The mulch may be sprayed with CIPC at 1 1/2 pounds per acre to control the volunteer grain that comes from the straw. Contact your County Agent for more details.

5. Plan Your 1962 Vegetable Cropping System Now: Have soil tests made early. Apply dolomitic limestone now, so that it will have time to be of use for this coming season. Dolomitic limestone is the cheapest and easiest way of applying magnesium.

Decrease In Minor Accidents During January

During January there was a decrease in the number of accidents involving damages in excess of \$100, on Delaware streets and highways, as compared with the same month of last year, according to a report from the Financial Responsibility Division of the Motor Vehicle Department.

In January of 1961, there were several periods during which Delaware experienced severe winter storms, resulting in hazardous traffic conditions to the motorist.

During January of this year there were a total of 787 of these accidents reported to the Financial Responsibility Division. This is a decrease of 224 over the number reported during January of last year, which was 1,011.

Of the accidents reported for January of this year, 594 took place in Wilmington and New Castle; a decrease of 197 from last year; 104 of the accidents occurred in Kent County a decrease of 22 from the same period of 1961, and 89 were in Sussex County, a decrease from last year's figures of 5.

Of the operators involved in these accidents reported for January, 221 were from out-of-state, and 181 had no insurance. There were 268 persons injured in these accidents.

Damages amounting to \$325,705 were reported as a result of these accidents, a decrease of \$53,879 over the amount reported for the same month of last year.

During January, 96 motorists had their operational and registration privileges suspended in Delaware for failure to comply with the provision of the Financial Responsibility Laws.

"Antigone" Has Universal Theme

A play declaring France's rejection of the German "new order" will be the next major production of E 52 University Theatre at the University of Delaware.

Originally produced under the noses of Nazi censors during the German occupation of France during World War II, Jean Anouilh's "Antigone" will be presented in Mitchell Hall on the Newark campus March 8, 9 and 10 at 8:15 p.m.

Anouilh's theme is universal, depicting the plight, decision and fate of a country at any time where a dictator sets himself above both religion and the people. The author made Antigone a martyr who refused to say "yes" to the German promise of material prosperity.

Written and produced in Paris in 1943, the play had to receive the sanction of a German censor before it could be performed in the presence of the German state police. Ironically, both the Germans and the French thought it was a good piece of propaganda for their respective sides.

Both pictured Creon, the king, as the Germans, and Antigone as the French. The French considered Antigone as the symbol of purity against the state and Creon as the corrupt tyrant; but the Germans viewed the characters in reverse, and thus permitted the showing.

Typical of the French use of it was discontinued for a few days but resumed soon after the departure of the Germans.

It was first produced in New York in 1946, starring Katherine Cornell and Sir Cedric Hardwicke. In the local production, Katherine Salvatore, junior dramatic arts major from Trenton, N. J., will play the title role, and Mark Watts, member of the English department faculty, will guest star in the role of Creon.

The play will be directed by Turner W. Edge, of the department of dramatic arts and speech. Alan Billings will be technical director. Ticket reservations are being accepted with special rates available for theatre parties.

KEITH S. BURGESS — Sports Editor

H.H.S. Teams Shine Despite Losses

Coach Jim Hawpe's Harrington High School boys' varsity basketball team and Coach Harold McDonald's girls' varsity team took on Western Division of the Henlopen Conference leading teams Friday night in the local fieldhouse. The respective leaders are the Bridgeville Mustangs in both boys and girls competition.

Hawpe's lads fought hard all the way and displayed a snappy brand of basketball despite a 67-55 defeat. The Mustangs had a couple of tall, heavy players who could not be bridged underneath the bankboards. Control of rebounds was a key factor in the contest. The winners had only a 25-23 field goal advantage so their foul shooting had to be up to snuff also.

Foster Flint, son of the Bridgeville superintendent, led the victors with 20 points.

Jeff Adams, son of Harrington High superintendent Albert Adams, led the losers with 19 points.

Bill Porter, George Collins and Barry Fry aided the home cause with 26 points between them.

Bill Adams played a fine floor game, passed off for several baskets and still found time to throw in three of his own.

In the preliminary tilt the quarter girls took a 11-6 first quarter lead and were hard-pressed to add three more points to this margin by the end of the fray. The Sussex Counties win most of their games by margins quite a bit larger than Friday night's triumph.

Greenwood Bests Delmar

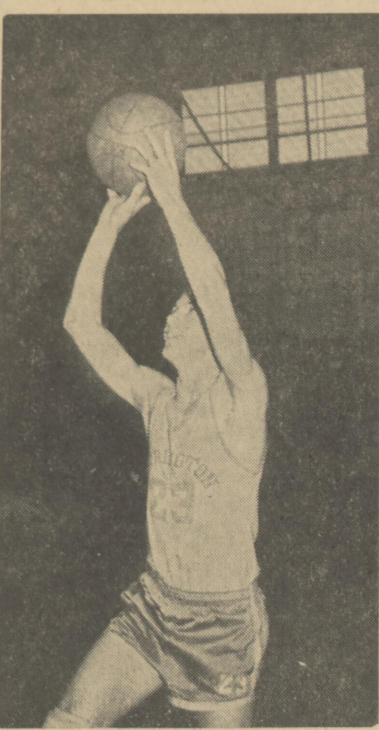

Carl Baker's Greenwood High Foresters remained half a game behind Bridgeville in the Western section of the Henlopen Conference as they down the Delmar Wildcats 43-35 at Delmar Friday night.

Bruce Henry led the winners with 16 points. The Wildcats held the Foresters even in the second and fourth quarters but the victors had four point advantages in the other two periods.

Jeff Adams, a Junior and one of the leading lower state scorers.

"Sports Odds And Ends"

Jeff Adams, Harrington High School cager, is tied for sixth place in the Western Division behind Bridgeville's Foster Flint. Flint and Adams are sons of the superintendents of the schools they represent. Adams has racked up 148 points in 12 games for an average of 12 plus per contest. Lion George Collins is tied for 16th in the conference scoring and is in 6th place in his own division. The diminutive senior has 108 points in 11 games averaging practically 10 tallies per outing.

Bruce Henry of Greenwood has 121 points in 11 games. Henry is 13th in the conference and is tied for fourth in the Western section.

Forester Julian Woodall has 96 points in 11 outings to also make the official league listings.

In girls' scoring Harrington's Jane Phillips has 57 points in five tilts for a yield of 11 points per contest.

McCloskey of Felton with 99 points in 5 games is averaging 20 points a game, is fourth in the league and first in the Western section.

Judy Astfalk of Greenwood was hitting for an average of 20 points also with 61 points for three games. Since we do not have her performance in the Greenwood-Bridgeville game at prestime we can't give her exact standing in the league this week.

David Jones, popular young Andrews merchant, sells the Harrington Journal in his store and is active in civic affairs. Dave broke his leg playing football at Greenwood last fall and says he is finally getting to the point where he can do the hop, step and jump once more, but that his football career is finished.

While we're on the subject, it has come to our attention that there are remarks being made around the community to the effect that any lad who does not play football is a "baby," a "sis-sy," is "tied to mother's apron strings," and other like statements too numerous to mention. The inference is that pigskin prowess is an automatic guarantee to success in life. This is a false premise. We have been one of football's staunchest supporters since it was introduced in our community five years ago. We would like to see it continue to grow in stature and scope. But if a lad does not want to play he should not be subjected to unnatural pressures from adults. We are sure that many brave, strong and great Americans have played this game. We are equally sure that many others with the same attributes did not play football.

A couple of freshmen prospects at Harrington High are compiling outstanding wrestling records. George Bonniwell, at 120 pounds, has one decision loss, two draws and seven victories in ten starts in dual meet competition. George has pinned three opponents.

watch De La Warr High, coached by former Lion coach Dick Jeffers. Unfortunately, Tom came down with an attack of lagrippe and had to leave early. De La Warr won the game.

Wittenberg College of Ohio, N.C.A.A. small college basketball champ last year, peeps up the team at home games by spotlighting a huge, wooden, tiger head. The team then emerges through the jaws while the band plays and the crowd cheers. The Tigers have won 53 straight home games. Maybe, H.H.S. should build a similar contraption using a Lion's head. A little enthusiasm sometimes will go a long way.

Felton Beats H.H.S., Moves Into Third

Felton High's Green Devil basketball team clipped Harrington High by a score of 50-37 Tuesday night and moved past Delmar into third place in the Western Division of the Henlopen Conference. The raggedly-played contest took place on the Felton High court.

The winners now have a 3-7 league record while Harrington is 2-10 in the loop.

Bill Young with 15 and Morris with 10 led the Felton scoring. George Collins paced the Lions with 13 points.

Felton outscored Harrington in every period in avenging an earlier defeat.

The locals have two games left on the schedule. Delmar comes here tonight (Friday) and Greenwood will be met on the downstate floor on March 2.

Delmar edged Harrington in overtime on Feb. 6. The Lions hope to get revenge in the return match.

Harrington's varsity girls' team has shown improvement of late and had high hopes of avenging a narrow defeat administered by Felton on February 2. Unfortunately the Green Devilettes received a seasons-best performance from McCloskey of 33 points which came close to equalling the output of the entire lineup. Harrington, led by Christy Coady and Linda Smith, played well and were not swamped but bowed by 47-37. Coady impresses the local fans with her spirited play as she always gives a 100 per cent effort.

Sue McDonald turned in her best performance of the year for Harrington.

MISS DEL PAGEANT

(Continued from Page 1)
their local Jaycee chapter and request that they be given this opportunity.

Those young ladies living in the town of Harrington that are interested may contact the following: Harrington Jaycees, Edwin W. Webster, Jr., Pres., 2 West Center St., Harrington, Del. Ph. EX 8-3678. The executive director of the world famous Miss America Pageant that is held annually in Atlantic City, N. J., Miss Lenora S. Slaughter, is due to arrive in Dover Wed., Feb. 21. At that time she will be interviewed by members of the press and radio regarding this famous pageant. Later that evening Miss Slaughter will meet with Jaycee chapters from all over the state to discuss and map plans for the Miss Delaware Pageant.

Lion Grapplers Win 1st Match

Coach Mike Mock's improving matmen scored the first victory in the school's brief wrestling history as they triumphed over Millsboro 3-23 on Monday night. The losers have competed in wrestling for several years while the locals started this season. Many first-year teams wrestle all season without a victory.

A good crowd watched five Lions score pins, one win by decision and Nelson Reed won by forfeit as the Blue Devils could not come up with an entry in the 127 pound class.

Lewis Starkey and George Bonniwell continued their winning streaks in the 165 and 120 pound classes respectively with victories by falls. Starkey flattened his rival after 35 seconds of the second round. Lewis pinned Cambridge and Georgetown rivals last week.

Bonniwell scored one of the quickest Lion triumphs on record as his foe lasted only 50 seconds.

Fred Greenly competing in the 112 pound class climaxed a season of hard work and steady improvement as he froze his opponent to the mat after 1 minute and 8 seconds of the second round.

A pleasant surprise was the showing of freshman Bob Smith. Bob has shown promise in other sports but was not a candidate for a berth on the mat squad until this week. With only a little physical education class experience he nevertheless made his first start a success as he won on a fall after 40 seconds of the second round.

Co-Captain Paul Rash has not been beaten lately and added another trophy to his belt as he pinned Davis at 1:26 of round 2 in a bout at 133 pounds.

George Jerred at 138 pounds dominated his match with Crain. George narrowly missed winning on a fall and had to settle for a lop-sided 6-0 decision victory.

Paul Callaway and Tim Strohl were locals who did well though dropping their matches.

The Lions travel to Millsboro on Feb. 28 to close out the dual meet season.

Wrestling should really pick up steam at H.H.S. next season as the squad has no seniors. With the first year's experience under their belts watch for some real improvement from some of these lads.

Results: 95 pounds—Hudson, Millsboro, pinned Ellwanger, 1st round.

103—Caudell, Millsboro decided Callaway, 4-0.

112—Greenly, H.H.S., pinned Zonko, 1:08 2nd round.

120—Bonniwell, H.H.S., pinned Mundorf, 50 seconds.

127—Reed, H.H.S., won by forfeit.

133—Rash, H.H.S., pinned Davis, 26 seconds, 2nd round.

138—Jerred, H.H.S., decided Crain, 6-0.

145—Smith, H.H.S., pinned Harris, 40 second round.

154—Joseph, Millsboro, pinned Mullins, 1:52, 1st round.

165—Starkey, Harrington, pinned Hall, 35 seconds, 2nd round.

180—Geiger, Millsboro, pinned Strohl, 1:50, 3rd round.

Unlimited—Hickman, Millsboro, pinned Melvin, 1:11, 2nd round.

Fish & Game News

State Wildlife Week Chairman Is Selected
J. Gordon Armstrong, Middletown, has been named state chairman to direct the 1962 National Wildlife Week activities in Delaware. The appointment was announced by the Delaware Federation of Sportsmen and Conservation Clubs, which joins with the National Wildlife Federation in sponsorship of this educational campaign each year.

the world of nature. During the week of March 18 through March 24 special programs will be planned in both the schools and community organizations.

Mr. Armstrong stated that the 1962 observance of Wildlife Week is intended to highlight problems involved with preserving continental flights of migratory waterfowl. The theme for this year's observance is: "Waterfowl for the Future, by Conservation of Wetlands Which Benefit Man and Wildlife."

"Wild ducks and geese are of great interest to millions of Americans," he pointed out, "and offer recreation for esthetic purposes as well as hunting. Only by preserving adequate amounts of suitable wetlands for nesting, resting and wintering areas can we continue to enjoy and thrill to the flights of migrating ducks and geese."

Excellent Spots for Observing Waterfowl

Large numbers of waterfowl may be observed at Woodland Beach Wildlife Area, Bombay Hook Refuge, Little Creek Wildlife Area where 36 Snow Geese have been observed in the diked area north of Pickering's Beach, Primehook Wildlife Area, Assawoman Wildlife Area and Silver Lake, Rehoboth.

Commission field personnel have banded over 1,000 ducks (chiefly blacks and canvasbacks) this winter. Trapping and banding stations are located at Primehook Wildlife Area, Assawoman Bay Wildlife Area and Silver Lake, Rehoboth. For more than a decade Delaware, in co-operation with states of the Atlantic Flyway, has participated co-operatively in an intensive waterfowl banding program.

Speed of Flight

Waterfowl have been clocked at speeds varying from thirty to seventy miles per hour. May Thatcher Cooker (1937) reports the following records:

Canada Goose, 60 m.p.h. air speed, chased.

Brant, 45 m.p.h. air speed.

Snow Goose, 50 m.p.h. (approx.) air speed, chased.

Mallard, 40 to 60 m.p.h. air speeds.

Pintail, 65 m.p.h. (approx.) air speed, chased.

Canvasback, 72 m.p.h. (approx.) air speed, chased.

SHOP AND SWAP IN THE WOODS

The Sport Fishing Summary for 1962 includes a complete tide table for the Delaware River and Bay, a list of the lands and waters administered by the commission as well as regulations and license fees for Delaware freshwater fishermen.

The blue pocket-sized pamphlet will be available from all licensing agents and the offices of the Delaware Game and Fish Commission, North Street, Dover.

Greenwood Ousts Bridgeville From Loop Lead

Greenwood High's fighting Foresters knocked Bridgeville out of first place in the Western Division of the Henlopen Conference and moved in themselves as the Mustangs bowed at Greenwood 56-45 on Tuesday night. The winners have a half-game bulge as their log is now 6-5 to the losers 6 wins and 6 losses.

After a close first quarter the Foresters took charge and were in control for the rest of the contest as they clearly outplayed the losers.

The Mustangs had a couple of technical fouls called against them as they apparently were upset by the developments.

Baker and Henry, the Foresters' tall men, led the scoring with 19 and 15 points, respectively.

Dick Finkbinder turned in a great, defensive job on the Mustang's Foster Flint. The latter is third in Henlopen Conference overall scoring and is the leader in the Western section. He has a per game average of 17 points but Finkbinder held him to two measly field goals and only 6 points.

The Foresters have a good chance to represent the Western Division against the Eastern Division titlist in the playoff for the league championship to be held at John M. Clayton in March.

FALLOUT SHELTER

(Continued from Page 4)

with a protection factor of over 1,000. Materials and equipment for this shelter would cost from \$300 to \$350, with labor costs estimated at from \$250 to \$300 when incurred as part of new house construction.

This shelter provides protection against the effects of radioactive fallout, and can also protect from limited blast overpressures. It is located below ground outside a house, but is reached from the basement. According to the booklet, this shelter's principal advantages lie in its flexibility of shape and design and in the use of materials which tie in with the new construction of a house. Because of the headroom and in-

terior space, it can be used for other purposes.

The shelter has over 70 square feet of area and 420 cubic feet of space. It will provide occupancy for six persons, and has a structural life expectancy of more than 30 years.

RANKIN APPOINTED

(Continued from Page One)
department at Pittsburgh and Chicago, and in September, 1952, was transferred to the road's Test Department at Altoona, Pa., where he participated in special research and testing activities conducted by the railroad at that location.
