

Text of Governor's May 16 Press Conference Statement

It is a real pleasure to be able to report that there is no longer any doubt that we will end the current fiscal year with a balanced budget, even after retiring the \$2 1/2 million General Fund debt that was passed on to us by the previous Administration. After living with deficit budgets and moving from fiscal crisis to fiscal crisis ever since 1957, our citizens can be assured that the funds for vital agency services have been increased and that the State has been returned to a sound fiscal position.

I understand that the Republican minority leaders in the General Assembly have recently developed a new definition for "fiscal responsibility." If we can judge by their legislative record, this minority version of fiscal responsibility means to vote for most of the increases in spending, oppose the revenue measures to finance these appropriations, sponsor proposals to reduce the available revenue, and then complain that appropriations are inadequate.

This is a type of political machination in which only the minority can afford to engage. It is easy to forget that the previous Administration, even after approving the largest tax increases of any eight-year period in our history, bequeathed our incoming Administration an actual debt of \$2 1/2 million, a budget recommendation predicted to run the State \$6 1/2 million in the red by June 30, 1962, and a neglected system of audits and fiscal supervision.

Fiscal responsibility in state government demands a balanced budget. Just about a year ago I made a promise that we would have the General Fund in the black this summer. At that time I mistakenly assumed that the Republican minority in the Assembly also believed in and supported the principle of a balanced budget. It is with sincere regret that I must point out that our balanced budget was achieved despite the record of fiscal irresponsibility by the minority party leaders.

There has been some speculation that we could present revised estimates of revenue for fiscal 1962 and 1963 and in the next few days. I would point out that the bulk of the Corporation Franchise Tax, \$10 million or more, will not be collected until June, and the deadline is not until June.

SHD to Receive Bids on Creek Crossing

The State Highway has announced that bids will be received on June 8th for construction of the Brandywine Creek crossing along the free-way route through Wilmington.

The project has been divided into two sections with the first providing for the construction of 12 reinforced piers and two abutments for the substructure, to be completed in 550 calendar days.

The second section provides for construction of the steel superstructure without deck, with the steel to be placed and completed 150 days after the entire substructure is ready to receive the steel.

The bridge will require approximately 10,200,000 pounds of structural steel and 152,000 pounds of metal work for the bridge drain.

The contract for the deck to be placed on the bridge will be awarded at a later date.

Bids on another Freeway project will be received on June 5th.

Baltimore Paper Features Harrington Native

Mrs. H. L. Warrens, executive director of Central Scholarship Bureau, Baltimore, was featured in an article of The Sunday Sun of May 13. Mrs. Warrens is the daughter of Mr. and Mrs. Harry L. Black, of Harrington.

The first three paragraphs read:

"A bright and needy student wins a college scholarship which will cover tuition but not his daily maintenance. A 36-year-old father of small children, working as a clerk, sets his heart on becoming an accountant. A Cuban physician, having fled from the Castro regime, discovers his credentials are unacceptable in the United States until he repeats part of his undergraduate work and all of his graduate work.

"These are a few of the thousands of students aided with some

Donald J. Hurst

Donald J. Hurst Receives Sacred Theology Degree

Donald J. Hurst, son of Mr. and Mrs. J. Fred Hurst, Harmony, Md., will receive a Bachelor of Sacred Theology degree from Wesley Theological Seminary on June 4. Mr. Hurst is president of the senior class.

The Rev. Mr. Hurst has served the Burrowsville Methodist Charge for the past three years while attending seminary. Prior to this he served the Woodburn and Rocky Hill Methodist Charges near Bowling Green, Ky., while he attended the Western Kentucky State College, where he received a B.A. degree.

While in Bowling Green Mr. Hurst married Carolyn Mauvette Flowers, daughter of Mr. and Mrs. J. T. Flowers of 1310 Edgewood Drive. Mrs. Hurst is a graduate of the Bowling Green School of Commerce with a B. S. degree in higher accounting. The couple has two daughters.

Wesley Theological Seminary, Methodist, founded in 1881, is now located on a new campus in Washington, D. C., adjacent to The American University, where it is currently training more than 250 men and women for the Christian ministry and Christian education.

The influence of Wesley Theological Seminary is felt around the world. More than 800 of its graduates are in the service of the church, in almost every state and in 11 countries. While most of its graduates enter the Methodist Ministry, its alumni are found in 13 different denominations.

This year Mr. Hurst will be ordained Elder in the Methodist Church and be received into full membership of the Peninsula Annual Conference, where he will continue to serve.

Rev. Ottinger to Deliver Memorial Day Address

C.K.R.T. Post No. 7, the American Legion will hold its annual Memorial Day services at Hollywood Cemetery May 30. These services are conducted each year to honor the memory of servicemen of all wars, and is a very important part of the American program of the Legion.

The program will begin at 10 a.m. with music being furnished by the school bands under the direction of Melvin Brobst. A unit of the local National Guard, with Lt. Robert Taylor commanding, will fire a salute to the dead. Principle speaker for the program will be the Rev. Lorraine Ottinger of the Nazarene Church.

The public is cordially invited to these services, and all Legionnaires are urged to be present.

PROCLAMATION

In calling for statewide observance, on Wednesday, May 30, of Memorial Day, Governor Elbert N. Carvel has urged all Delawareans to participate in "exercises, graveside ceremonies and other appropriate memorials in grateful remembrance of the sacrifices of our war dead."

In a proclamation issued at Dover this week, the state's chief executive pointed out that "it is most appropriate that grateful Americans everywhere should pause on a designated 'Memorial Day' to pay tribute to the hallowed memory of our heroic war dead, and to honor those who served their Nation's cause and have since gone to their reward."

Governor Carvel also called for display of the Flag of the United States and of the State of Delaware, and recommended that the national colors be flown at half-mast until noon and then raised high for the remainder of the day. He said, "it would be evidence that we, as loyal, patriotic Americans, so express our respect and honor to the memory of those who fought, suffered and died in defense of our freedom and the American way of life."

The full text of the Memorial Day proclamation follows:

WHEREAS, it is most appropriate that grateful Americans everywhere should pause on a designated "Memorial Day," to pay tribute to the hallowed memory of our heroic war dead, and to honor those who served their Nation's cause and have since gone to their reward;

Felton Principal Receives Doctorate From Penn

Howard E. Henry, supervising principal of Felton Schools, was awarded a doctor of education degree at the 206th commencement of the University of Pennsylvania on Mon., May 21. His field of specialization was Superintendent of Schools, and his doctoral dissertation was "The Status of Matched Dropouts and Graduates Twenty Years Later."

Dr. Henry did his undergraduate work at Trenton State College, where he majored in English. In 1937 he received his Master of Education degree from Duke University, where he majored in school administration. His Master's thesis was "The Causes of Pupil Elimination from the Public Schools of Delaware." His doctoral dissertation was a follow-up study of some of the students involved in the earlier study who attended high school in Harrington, Felton, Caesar Rodney, and Dover school districts.

Memorial Day Parade

Memorial Day observances will be held as usual next Wednesday beginning with ceremonies at the Hollywood Cemetery at 10 a.m. These exercises are sponsored each year by the American Legion C.K.R.T. Post No. 7 of Harrington.

Immediately following the cemetery services, a parade will form at the shopping center and proceed through town. This parade will include the three bands from the Harrington School, the elementary band, junior band, and the Senior High School band.

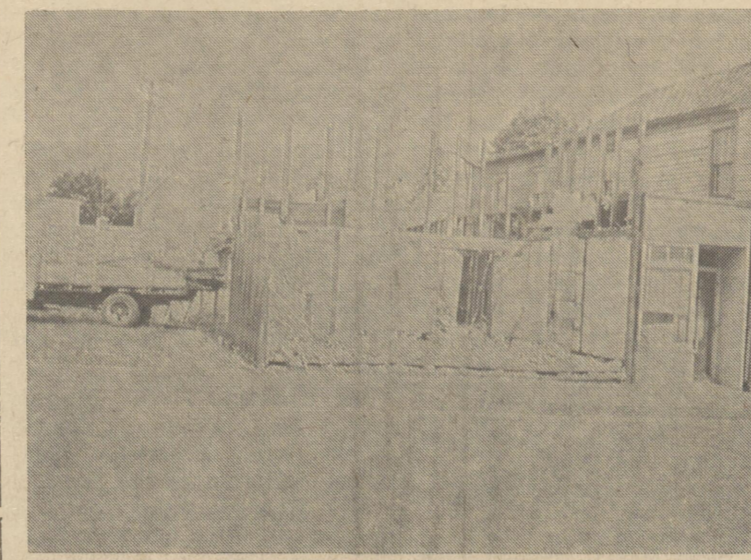

Other units that would like to participate are urged to do so and will be more than welcome. A large parade should be anticipated, and all organizations desiring to enter should be at the shopping center by 10:30 a.m. The parade is being sponsored by the American Legion with the co-operation of the music department of the Harrington Special School District.

Proceeds From Hospital Fair Over \$3700

Sat., May 19, dawned sunny and hot! With the temperature climbing close to 100 degrees, some new records were made at Milford's fifth annual hospital fair.

This was the biggest year for barbecued chicken—900 platters were sold. Proceeds from the games and pony rides topped former years. All of the booths had exceptional sales considering the heat which was so intense that many could not spend much time on the fairgrounds.

The Sneaker Hop from 7 to 10 in the evening climaxed a very successful day, contributing \$96 to the fair.

IMPROVEMENTS — Building removal project nears completion. In order to improve appearance of the Commerce Street Business District, the Harrington Jaycees received permission and are proceeding with the demolition of the old telephone operators office and adjoining building.

Notice to all Correspondents have your copy in the mail early so it will reach us no later than Tuesday.

Roy Honey To Run Again

Recorder of Deeds Roy J. Honey announced last week he will be a candidate for the Democratic nomination to succeed himself in the post he has held for the past eight years.

Honey, a Dover native who was a businessman in the community for many years before going to work for the state in 1950 as boat inspector, said he has been urged by many lawyers and others using the recorder's facilities to again seek the nomination.

He was first elected in 1954 and re-elected in 1958.

His wife, Myrtle, is deputy recorder of deeds. They reside at 136 Lotus St. near his parents, Mr. and Mrs. Walter W. Honey. Honey is a member of the Kent County Democratic Committee. The post of recorder pays \$4800 annually.

Honey has announced, but not yet filed.

Vernon B. Derrickson, the county chairman, said the committee will meet in the near future to set filing fees and deadlines.

Poppy Days Fri.-Sat., May 24-25

For more than 40 years red poppies have been worn proudly by many Americans around Memorial Day. As this date nears again the American Legion Auxiliary of Callaway-Kemp-Raughley-Tea Post No. 7 of Harrington are preparing to offer the small flowers to the public.

Mrs. William Jester is once more serving as poppy chairman. She has selected Friday and Saturday, May 25 and 26 for poppy days in Harrington. She and her many volunteers for the Auxiliary Unit will be out on the streets of Harrington from early until late on those days asking all to wear a poppy.

By accepting one of these poppies from a volunteer, aid is given to the living victims of the past three wars, while honoring the dead also. The memorial poppy is made in hospitals and work shops by disabled veterans. A dual benefit from their work is gained—the poppy program gives many men their only opportunity to support themselves and their families; and it offers them a productive pastime with which to combat long hours in the hospital wards.

When you are asked to wear a Poppy on Friday or Saturday, remember the veteran in the hospital or workshop who made this memorial flower. Poppy Day is celebrated to honor the war dead by assisting the living. This is the true significance of Poppy Day.

A fortunate member will be William Horst, teacher of Biology and related Sciences in the high school, who will attend Randolph Macon College, Lynchburg, Virginia, on a six-week Fellowship. He will receive four credits of graduate work in Biology and two credits in related areas. Mr. Horst received this Fellowship in competition with others in the field of Science.

Guard Active Duty Dates Set

The Delaware Army National Guard announced the official dates for its annual active duty training, to be known as Camp John J. Dugan.

Poultry Research Aimed at Disease Elimination

Future research by the University of Delaware's department of animal and poultry science will be aimed at eliminating diseases rather than stop gap measures to meet crises, according to Dr. M. S. Cover, associate dean of the school of agriculture and head of the department of animal and poultry science. "In the past, we have been attempting to put out fires with little regard to fire prevention," he told a group of poultry service men, feed dealers, and growers attending a Poultry Open House at the University Substation near Georgetown recently. He described six areas where research is now being conducted. These include nutrition, housing, management, diseases, physiology and processing. He said much of the future research depends on the availability of funds to carry it out. "At present, we are staffed to conduct research in: control of Air Sac disease; respiratory diseases; control of avian leukosis; and other major disease problems. Also, we plan to do work in linear programming as an aid in lower cost feed formulation, fundamental problems of physiology, and other economic problems in feeding management and marketing," he said.

Cover indicated that the department does not plan to emphasize problems in the general areas of genetics, breeding, and processing and its allied areas in the immediate future. Turning to other areas of research, Cover pointed out that research in poultry nutrition has progressed more rapidly in the last 10 years than any other phase of poultry husbandry. "It is because of these developments which have resulted in reduced feed costs that the broiler industry has been able to stay alive during the past five years." Some problems of poultry nutrition which he feels need attention include development of linear programming to reduce feed costs, feed formulation, and investigation of the value of new physican structures of feeds and feed ingredients.

In spite of continuous research in poultry housing requirements, Cover said the University is still unable to recommend a specific housing arrangement for any particular area for layers or broilers. "There are houses of all types, sizes and shapes in this area and each has its own followers. There are numerous factors about poultry housing that do need attention," he said. "The most important of these is ventilation." Some of the other housing problems he cited are size and shape of pens and houses, value of insulation and a way of constructing better houses for less money.

One of the biggest problems in poultry research, as Cover explained it, is adequate financing. Research at the University is financed by state and federal funds, commercial grants and endowments. He feels that the poultry industry must continue and event increase its backing of research at the University.

In other reports given at the poultry meeting, Frank D'Armi, research associate in poultry, discussed a comparison of mechanical and manual ventilation. He said the experiment which had run less than a year indicated there was not significant difference in the rate of feed conversion, feed costs, mortality rate and other factors. The big difference, he pointed out, was in the amount of labor required in opening and closing the windows in the manually ventilated houses. Although it may take five or six years to pay for a mechanical system in terms of labor saved, D'Armi feels other factors such as drier litter, reduced condensation, and faster cooling of the house on hot, summer evenings may make it worthwhile. Ray Lloyd, extension poultryman at the Substation, says the Poultry Open House, a regular feature of the University's Extension program a few years ago, is being revived to bring research reports to the people who need them as quickly as possible. He said many of the experiments that were reported at this year's meeting were concluded the day before the meeting and the research tabulated the same day.

Dr. C. A. Collins

Dr. C. A. Collins, 71, a veterinarian and Frederica resident for five years, died Sunday at Milford Memorial Hospital. Funeral services were held Wednesday at 1:30 p.m. at the Berry Funeral Home at Milford. The Rev. William Tull of the Milford Church of God officiated. Dr. Collins is survived by a son, Paul E. Gains, Youngstown, O., and a brother, Julian Collins, Ottawa, Ill.

Decorate Walls For Desired Background

Decisions, decisions — should you paper or paint? How can you achieve a certain background for your home furnishings?

Patricia A. Middletown, University of Delaware home management specialist, points out that whatever decorative treatment you use, it should provide a suitable background. If your furnishings are fine, old pieces, you need a warm, friendly background. But with the new, contemporary-style furniture, you may prefer a stark, flat looking wall to set off the furniture.

There is a wide selection of wallpapers on the market. Some of them tend to give a warmer, friendlier effect than others.

The wallpaper design you choose will depend on your decorating scheme. Avoid designs that imitate real materials such as marble, brick, brocade, satin stripes and wood effects like knotty pine. Wallpapers with these pseudo-designs leave much to be desired from an artistic viewpoint.

Amateur decorators often find that choosing paint color for walls is a trouble-spot. Miss Middletown recommends that if the wall color is to match the furnishings, take a piece of drapery or upholstery material with you to match the color. It's difficult to judge color accurately from paint charts. So, when in doubt, test-paint a fairly large patch of wall before painting the entire room. Let the paint sample dry and look at it on a bright, sunny day, a dull day and in the evening with room lights on. If your color patch stands these tests, you know you have the desired color effect.

For modern living, especially in rented houses, paint is the most flexible treatment. Changes can easily be made between one tenant and another. But, if a wall has always had wallpaper, you can get into trouble by deciding that you want painted plaster walls. Usually, the best course is to continue using wallpaper—perhaps bringing its style up to date.

Finally, Miss Middletown points out that your room can be beautiful whether it is stark and bare, warm and friendly, or rough or smooth textured. The clue is careful selection of wall treatment.

Give Hats Refresher Before Storing Them

Well-cared for hats look better and last longer. Katie Thomas, home demonstration agent, suggests homemakers brush, air, and clean hats before storing them.

Moths, carpet beetles, and other insects are attracted to spots and stains on both natural and synthetic fibers. If a hat is slightly soiled, sponging it with a commercial solvent or a wheat solution of ammonia and water may be all that is needed. These cleansing agents are poisonous so use care and keep them out of reach of children.

If the nap of the hat is flattened, very fine sandpaper, lift the nap, brush gently until the original condition is restored. Then with by using light strokes.

If veils need refreshing, press carefully with a cool to moderately hot iron. Be careful not to break the veiling with the point of the iron. When pressing with a dry iron, press between waxed paper. If using a steam iron, omit the waxed paper.

After refreshing each hat, cover it with a plastic bag; or place crumpled tissue paper inside the crown, under the veil, and over and around the hat. Usually several hats may be stored in a large hat box without crowding or crushing them.

Delaware Food Market Report

How many times have you wished for high-grade meat without fat? This is one of the most common complaints of many consumers today. Yet it is the fatty portions of beef, lamb and pork that give these meats their distinctive flavor. The lean portions all taste about the same.

These are conclusions of the U. S. Department of Agriculture chemists from basic research on meat flavors. Recent work on lamb seems to narrow down the substances responsible for its characteristic flavor to a class of compounds in the fat known as carbonyls. These chemists are especially interested in the strong mutton aroma obtained when they heated lamb fat since they realize it is this aroma and flavor that has kept lamb consumption low. With these drawbacks conquered lamb consumption would climb.

In the basic research the aromas of beef, pork and lamb were studied. When no fat was present, the kind of meat producing the aroma could not be identified, either by smell or by trapping the aromas given off and analyzing

them for their chemical constituents. When the fats of these meats were similarly heated, they gave of distinctive odors. Of course, these fats and meats were heated in an exacting manner. The aroma was produced by soaking each meat in cold water, then freeze-drying the extract to a powder and heating it. Perhaps it would be an idea to trim lamb before cooking to cut down on the strong flavor and to leave the fat on beef to increase the flavor. Why not try it and see what the results are.

Eggs are in seasonally heavy supply now and will likely reach their low price for the year in the next week or so. The large size egg is definitely your best buy as it offers more egg for the money than the medium sized egg.

A continued wide selection of fresh fish and shell fish awaits shoppers. Many varieties of flounder, cod, haddock, sea herring, sardines, porgies, sea bass, halibut, bluefish and whittings are and will be in good supply. Shad is plentiful and will continue to be so for the next week or so. Among the shell fish choose from hard or soft clams, crabs, live lobsters, sea scallops and shrimp.

It seems to be between season for fruit. Grapefruit, oranges and limes continue in good supply, while strawberry shipments from nearby growing areas will pick up.

Spring Heralds 4-H Showing of Homemade Attire

Springtime not only brings forth the fresh beauty of nature, but it provides the setting for a bright array of feminine attire made and modeled by 4-H Club girls.

According to James O. Baker, State 4-H Club agent, University of Delaware, more than one-third of all girls enrolled in 4-H Clubs from coast-to-coast participate in dress revues. Last year a record 400,000 young home sewers took part.

Modeling in the county dress revue is only the first step for Delaware 4-H girls, reports Mr. Baker. After each county's revue comes the state contest which is being held this year on June 19. Winners of this contest will represent Delaware at the national event scheduled November 27 during the National 4-H Club Congress in Chicago. Here 50 of the best dressed girls from as many states will present a gala fashion show before an audience of some 2,000 delegates. The revue will take place in the Grand Ballroom of the Conrad Hilton Hotel, the congress headquarters.

These talented teenagers will be guests of Simplicity Pattern Company, sponsor of the program for the last 16 years,

according to Mr. Baker. Besides paying for the Chicago trips, Simplicity provides attractive gold-plated medals to county blue award groups. And at the 4-H Congress each of the participants will receive a personalized, leather-cased set of scissors as a memento of the occasion.

Girls competing in county and state dress review are judged mainly in three different categories suggested by the Cooperative Extension Service which supervises the program. Appearance of the garment on the girl counts for 50 points. Posture, poise and grooming chalk up a possible 25, while construction of the garment takes another 25 points.

Eggs and Dairy Foods Make Nice Summer Meals

June is the month of weddings, when everyone beams upon the happy pair.

Eggs and dairy foods also make a happy pair in planning warm weather meals, according to Janet Coblentz, extension nutritionist at the University of Delaware. She suggests using eggs often with milk, cream, cheese and butter all through the summer season.

Eggs combine with dairy foods to make some of the world's most exciting desserts. In this busy

season of bridal showers, bon voyage and graduation parties, Miss Coblentz suggests dessert combinations made with meringue shells and ice creams. Serve fresh strawberries or raspberries with generous quantities of smooth, chilled, softened custard. A tangy lemon cream meringue pie adds a perfect finishing touch to any meal. Luncheon parties sparkle when you serve baked Alaska for dessert. Petite or large, cream puffs filled with ice cream or custard are a gourmet's delight.

Eggs provide many delicious summer food treats that assure

your family's supply of needed protein and at the same time, have remarkably low calorie content. The "get up and go" power of eggs, teamed with dairy foods, create dishes packed with nutrition and energy, along with good taste.

Start the day with scrambled eggs, topped with tangy grated Cheddar cheese. From breakfast right on through lunch, dinner or snacking, eggs and dairy foods provide the light touch that is the order of the day for hot weather eating.

June 4, the faculty will have its annual luncheon at the Diner Bell Inn in Dover. There will be an installation of new faculty officers for the coming year.

Graduation Speakers

Those to speak at graduation have been chosen according to their averages for the last four years. Vaedictorian will be Mary Ellen Sharpnack. Salutatorian will be Lillian Casper. Instead of the usual guest speaker, there

will be two other senior speakers. First honor goes to James Reed. Second honor goes to Curtis Webb. The topic of discussion will be "The Progress of Education at Felton School."

DuPont Trip

Fri., May 18, the chemistry class along with several members of the biology class visited the DuPont Experimental Station. George Mastin and Charles Hoff acted as chaperones. The students toured most of the plant during the morning. At lunch time they were graciously welcomed to the DuPont cafeteria for lunch. In the afternoon they visited the glass blowing plant. As soon as they departed from there, they went to the DuPont Museum where gun powder was once made. It was quite an exhausted group that arrived back in Felton during the early evening.

Harrington School News

Elementary—
 Grade 1—Mrs. Hynson
 John Schreck told us about the fun he had at the Milford Fair.

Gene Gallo had a trip to New Africa last weekend and he told us interesting things about the animals and birds.

Sandra Irwin and Kathy Melvin brought some caterpillars last Friday. Sandra's caterpillars made a cocoon and we could watch them as they wove it around another one.

Gail Harris from Miss Baker's

third grade showed us a robin. It seemed to be talking to us. Gail gave it water with a doll-baby bottle.

Future Nurses in Many Activities

The Future Nurses' Club of Harrington attended a tea on May 16th at the home of Mrs. Hewitt Smith.

While the girls were enjoying tea, cake, and punch, Mrs. Smith answered their questions about nursing.

The club will take a trip to Stockley on Wednesday, May 23rd to tour the hospital and some of the cottages.

On June 7, accompanied by their adviser, Mrs. Farrow, the girls will tour Washington, D. C.

Students Combine Fun and Leaf Collecting

Collecting leaves turned out to be a big splash for some of the students over the weekend.

Doug Moore, Charles Moore, Marilyn Jarrell, Lois Larimore, and Michele Jack went to Marilyn's house for a barbecue. After they finished eating their food, Mr. Jarrell took them to Killen's Pond where Mr. William Killen showed the group through his nursery and gave them leaves.

Upon returning to Marilyn's the five students staged a water fight.

One of the students remarked that they were all as wet as if they had gone to the beach.

Softball Team Loses to Delmar

The varsity softball team lost to Delmar, 24-6, Thurs., May 17.

The game started out well for Harrington, but Delmar had many heavy hitters who showed innings.

"Let's Go" were the words being shouted at the May Dance, Friday, May 18.

Artie Taylor and Bonnie Tucker won the jitterbug contest and Dawn Hopkins and Frank Welch won the Twist contest. The winners received prizes.

New Softball Diamond in Use

The girls' varsity and junior high softball teams have a new softball diamond. It is located about 50 yards from the football field. Mr. Santo, boys' physical education teacher, had a portable backstop and home plate installed.

The old field was torn up because of the construction of the new school. The new field is an improvement over the old one except when wet.

Local

Ann Preziosi, of the Sophomore class will visit native city, Boston, on May 25th, and will return on June 3rd.

Ann and her parents are planning to go back to Boston to live, but the plans are not yet definite.

Fifth Grade — Mrs. Brobst

For Science class everyone brought something alive to school and told a report on whatever his or her specimen was. Here are a few of the reports:

FROG—by Chuck Peck

The bodies of different frogs may be very different. Some frogs that live in trees have little suckers on their feet which help them hold on better. Some frogs have even learned to glide from tree to tree as squirrels do. Many frogs have poisons in their bodies which protect them. Savage tribes used to use these poisons on their arrows tips.

FLY—by Mike Adams

The tiny housefly that buzzes about may not seem dangerous. Most people look upon the fly as only a nuisance. But the tiny hairs on the legs of the fly carry bacteria that may cause serious diseases or even death.

EEL—by Gary Redden

An eel can steal my bait. In winter he buries himself in the mud. It is slippery and it wiggles. Last night I went fishing and caught a catfish. I thought I would bring it to school for our Science project, but it swallowed the hook. I had to kill him to get the hook out. Then something pulled my line under. I pulled it up, but nothing was on, then it pulled it under again, and again, and again. This time when I pulled it up I had an eel that I brought to school today.

PIGEON—by Joe Cannon

A pigeon can go sixty miles an hour. A pigeon usually has two squabs which are baby pigeons. Pigeon eggs hatch in about twenty days. Some people eat pigeons. Squabs are better

to eat than big pigeons.

FROG—by Oscar Matthews

A frog is a tailless animal. There are over 1,700 different kinds. They show great variety in size and habits. They are found on all the continents except Antarctica and on many oceanic islands. All of their lives aren't spent in water.

ROBIN—by Shelly Harris

The robin is a well-known bird of the United States. Robins are among the last birds to leave the northern states in the fall, and are among the first to return in the spring. Their favorite nesting places are in the forks of two branches in a tree. They make their nests of grass, roots, twigs, rags, string, and paper. They use mud to hold it together; then they line it with dry grass.

Here is a list of some of the specimens brought in to show the class and report on:

Shelly Harris, robin; Mike Parsons, turtle; John Swain, fish; Ricky Morgan, ants; Cherry Holloway, bee; Virginia Dean, frog; Elwood Hughes, snails; Betty Cain, bee, snails, frog; Jeanne Reese, tadpoles; Lynn Dean, tadpoles; Judy Davis, frog; Hope Torbert, frog; Karen Garland, spider; Mike Adams, ants and fly; Chuck Peck, frog; Andy Walls, frog; Gerald Legates, toad; David Hurd, ants; Yvonne Layton, toads; Gary Redden, eel; Joe Cannon, pig; David Chandler, rabbit; Pat Ryan, ants; Barbara Callaway, ants; Oscar Matthews, bull frog; Cindy Clarke, beetle and spider; Patty Tucker, tadpoles.

will be two other senior speakers. First honor goes to James Reed. Second honor goes to Curtis Webb. The topic of discussion will be "The Progress of Education at Felton School."

The game started out well for Harrington, but Delmar had many heavy hitters who showed innings.

House Plants Need Vacations Too

As you make plans for your vacation, don't forget that your house plants need a vacation, too. Put them outdoors for the summer, recommends Robert F. Stevens, extension horticulturist with the University of Delaware.

Place your house plants in a lightly shaded place away from wind. Coleus, cactus, wax begonias, geranium and poinsettia may be placed in the direct sun, but most other house plants need partial shade. Don't put any plants directly in the sun for several days after you move them outside. Plants can sunburn as easily as you.

In general, house plants should be left in their pot when they are placed in the garden. Sink the pot in the soil to conserve moisture, but keep the rim of the pot above the surface to prevent roots from growing out over the top. Geraniums, coleus and wax begonia may be planted directly in the ground. Cuttings usually are taken in the fall to start new plants for inside.

Fertilize house plants more frequently out of doors than you do during the winter, Stevens advises, because the plants will grow much faster.

And don't forget to water the plants. Mother Nature doesn't

always take care of this need on time.

A vacation for your house plants this summer will brighten the color of the leaves and the whole plant will be sturdier. They'll have more stamina to withstand the relatively unnatural conditions plants experience in the house in winter.

Your Delaware Blue Cross and Blue Shield announce new rates, contract and benefit changes, effective July 1, 1962

GROUP HOSPITAL SERVICE, INC. The Delaware Blue Cross-Blue Shield Plan. 908 West Street • WILMINGTON 99, DELAWARE • Olympia 8-2441. H. V. MAYBEE, Managing Director. To All Blue Cross and Blue Shield Subscribers: Membership rates charged by your non-profit Blue Cross and Blue Shield organization are determined chiefly by hospital costs and hospital usage.

IMPORTANT INFORMATION FOR YOU. On and after July 1, 1962, the Ward Contract will be discontinued and replaced with the new Plan A Contract. Each Ward Contract subscriber will be assigned the new Plan A Contract unless your Blue Cross and Blue Shield Plan is notified that a contract change is desired.

JOIN Blue Cross and Blue Shield June 4 through June 8, 1962. Group memberships effective July 1, 1962. Non-group memberships effective August 1, 1962. Who may apply for membership? Anyone who is under 65 years of age, lives in Delaware, and has no other coverage. Contracts available June 4 through June 8, 1962: Standard Semi-Private Plan A, 65-Limited. Who may become a group member? Anyone employed where there is a Blue Cross and Blue Shield group may apply to his group representative. Who may become a non-group member? Anyone who is self-employed, unemployed, or works where there are fewer than 10 employees—and who is a Delawarean in good health, with no other coverage—may request an application from any Blue Cross and Blue Shield office. Members may make changes June 4 through June 8, 1962. As a group or non-group member, you may make the following changes in and additions to your coverage during the week of 6/4 through 6/18/62:

Monthly Rate Schedules Blue Cross and Blue Shield Hospital-Surgical-Medical Plan effective July 1, 1962. CONTRACTS Standard Semi-Private New Plan A. GROUP MEMBERS: Individual \$4.84 \$4.52, Husband-Wife 11.16 10.44, *Family 12.28 11.56, Subscriber and Child(ren) 9.52 8.92, Individual-Married Female 6.32 5.92. NON-GROUP, DIRECT-PAY, AND ALL RETIRED MEMBERS: Individual \$6.49 \$6.04, Husband-Wife 13.82 12.88, *Family 15.07 14.13, Subscriber and Child(ren) 11.57 10.81, Individual-Married Female 7.33 6.84. *The Family Contract is the only contract which includes hospital and surgical-medical plan maternity benefits. Notes: The quarterly non-group rate is 3 times the monthly rate listed above. Non-group members who prefer to pay dues monthly should add 15¢ to the monthly rate listed above. Above rates include hospital and surgical-medical plan. For hospital plan rate only, call Blue Cross and Blue Shield. New Plan A Contract provides semi-private or ward accommodations up to a maximum of \$18 per day. If you occupy a private room, new Plan A provides a daily allowance of minimum semi-private accommodations or \$18, whichever is lower. The Standard Semi-Private Contract provides, effective July 1, 1962, minimum-priced semi-private accommodations in the hospital used. However, the benefits presently** being provided on behalf of a member for room accommodations will not be reduced in any way. **As of April 1962. OFFICIAL ANNOUNCEMENT This is formal notice to you of the termination of all present standard Blue Cross and Blue Shield memberships as of June 30, 1962—and the renewal of these contracts with new rates and benefit changes effective July 1, 1962. Your payment at the new rate constitutes your acceptance of new contracts and benefits. Important contract changes which may affect you are noted here.

"Sports Odds And Ends"

Harold McDonald's junior high boys' baseball and junior high girl's softball teams were unbeaten this season. The girls won seven times while the boys were victorious in six encounters.

The Smyrna juniors knocked off Dover and jauntily remarked on arriving to play Harrington "My! They are little fellers." The locals have only four boys with any size yet they walloped the upstate bruisers in home and away contests to highlight a memorable spring.

Walter Perdue with a fantastic .733 batting average led the Lions at the bat. Glenn Smith posted a .556 average for runner-up stick honors. Perdue and Renny French were the all-winning moundsmen.

Other standouts were: Catcher, Mike Wamsley; 1st base, Donnie Sam Knox; 2nd base, Roger Betts; shortstop, Glenn Smith; third base, Walter Perdue; left field, Lester Minner; center field, Gary Harris; right field, Larry Garey and Henry Minner.

Several of the older girls around town are practicing for another summer softball season. A local team last season spread-eagled all competition in Kent and Sussex Counties and also beat some good Maryland clubs from Denton and Salisbury.

Several lads showed speed in the recent May Mart relay races. Our spies tell us that Roger Redden, Ellis Myer and Albert Ratledge are among those who may help future H.H.S. track teams.

Three University of Delaware trackmen, who may compete in the three-mile run held here at the Delaware State Fairgrounds on June 15, did well at the Middle Atlantic Collegiate Conference championships held at Rutgers University Saturday.

Wes Stack, of Seaford, winner of the two previous Delmarva Chicken Festival 3 milers set an all-time U. of D. record when he ran the mile in four minutes and seventeen seconds. Wes, a senior, is the new freshman track coach at Delaware.

Lee McMaster and Roy Jernigan of Elsmere ran the half mile and two miles in 1:55 and 9:36 respectively. Both were trophy winners at Seaford last year.

Harrington Softball League play will commence with double-headers at the Moose Home on Thursday and Friday nights, May 24 and 25. Teams in the loop this year are the Ruritan Club of Burrsville, Stone's Hotel, Johnson's Barber Shop and the Jayces.

Clarence Hackett, former Lion miler, is recovering from an ankle ailment that sidelined him for several weeks. Clarence won the mile for Wm. Penn High, New Castle in a dual meet with De La Wrr. His time of 4:51 was the best of his career.

Little League Mothers Auxiliary Is Formed

The Mother's Auxiliary of the Little League was created at a meeting at the Harrington High field house. Twenty-two mothers were present.

The purpose of this group is to help the Harrington Little League to become self-supporting by devising methods of raising money.

One of the first of these fundraising plans will be the erection of a refreshment booth to sell cupcakes and soft drinks to the parade spectators Saturday.

Another source of revenue will be the one dollar membership fee.

Officers elected at the meeting were:

President, Dorothy Tipword; vice president, Virginia Jarrell; secretary-treasurer, Thelma Rash; corresponding secretary, Clara White; Pony League representative, Lillian Black; representative to Little League Board of Directors, Dorothy Tipword.

The next meeting of the Auxiliary will be held Sat., June 2, at 10 a.m. in the Harrington High fieldhouse.

Felton Drops Two, Wins One

Joe Kern's high-flying Felton Green Devils finally had that bad week that scholastic baseball fans in Kent County were hoping they could avoid.

The Green Devils still can tie for the Henlopen Conference crown but they have to get the breaks in order of do so. They must win at Milton next Monday in their final contest. Meanwhile, cellar-dwelling Bridgeville must rise from the depths today (Thursday) and knock over Selbyville. Lord Baltimore also has to drop one of their two final games for Felton to get a piece of the cake.

Felton won from Middletown on Tuesday of last week but were defeated by Lord Baltimore on Thursday and Selbyville Monday.

Against Middletown the Devils held back their two front line hurlers but still had to much finesse for the Cavaliers. The losers had their fling in the second inning as they scored twice. With the bases loaded, Ron Sylvester calmed the Cavaliers down and blanked them the rest of the afternoon.

Bill Young had two hits in two trips and Mike Harrington belted a two-run double to highlight the winner's attack.

Lord Baltimore hurler Elwood Wharton held Felton to only two hits as the Eagles triumphed 3-0. Bill Green pitched well enough to win most games as he was touched for four safeties. Green and Clark hit safely for the losers.

A bases-loaded single in the fourth inning decided the issue. Selbyville's Rebels had their hands full with Felton's youthful nine but managed to win 6-4 in a key contest with first place at stake.

The Devils scored twice in the first inning only to see Selbyville tie it up with single runs in the second and third stanzas. That ended the scoring until the Rebels scored four times in the top of the seventh. A Felton counter-rally fell short by two runs.

Ken West on the hill for the winners has yet to taste defeat this season in seven outings. The losers rapped his offerings for six hits while the Rebels could muster only one more off a trio of Felton chuckers.

Phil Clark led Felton at bat with two hits. One of these was a two-run triple. Tom Williams sent in two runs with a first-inning double. Bill Green continued his consecutive game hitting streak with one for two. Dave Wood and Bill Young also checked-in with base-knock for the losers.

3 Mile Foot Race at Chicken Festival

The Delmarva Chicken Festival for the third straight year will hold a three mile foot race. Successful events of this type were held at Seaford in 1961 and at Selbyville in 1960. Any amateur on the Delmarva Peninsula may enter. In order to protect the amateur status of the competitors the race will be sanctioned by the Amateur Athletic Union and each runner must be a member or must have applied for membership.

The race will consist of six laps around the half mile track at the Delaware State Fairgrounds in Harrington. Engraved trophies will be given to the first six to finish. Two additional trophies given by an anonymous donor will be presented to the first two Harrington lads to finish, who have not qualified for one of the other awards. Starting time is 7:30 sharp June 15.

Entries may be sent to: Keith S. Burgess, Harrington, Del. For information on how to join the A. A. U. write to the same address.

Lions Lose in Eighth at Delmar

Thursday afternoon at Delmar the Lions lost a heart-breaker when they were nosed 7-6 in an extra inning contest. The winning run came in when a pickoff play misfired.

The locals rallied for three runs in the top of the seventh to tie the score at 6-6. George Collins attempted to steal home for run number seven but was called out at the plate although the Lions thought he beat the tag.

George Collins paced Harrington with two-for-four and two runs driven in. Dick Collins batted in two more. Dave Brobst and Bill Adams also connected safely for a losing cause.

Greenwood Nine Downs Bridgeville, Harrington

Last week we wrote that Greenwood High appeared to be the hard-luck champions of the Henlopen Conference as the Foresters had dropped seven straight including some mighty close games. This week things are different as the Harrington High Lions were beaten twice in extra innings and our neighbors to the south are boasting a two game winning streak.

Thursday afternoon Julian Woodall held the invading Bridgeville Mustangs to two hits and lost a shutout when the visitors managed a lone marker in the final inning.

Meanwhile the Foresters scored twice in the first frame and did the same in the third for a 4-1 victory. Woodall drove in two runs and Dick Finkbinder chased in one. Bruce Henry and Tennafoos each had two hits and scored two runs.

At Harrington Monday afternoon the Foresters finally won out in the tenth inning when their hosts generously donated five runs. The winners never had a hit but obviously they did not need any as the final 8-3 score indicates.

The Lions took a 2-0 lead in the first inning as one run came in on an overthrow and Bill Adams singled in another.

The Foresters tied it up on three hits in the third inning. Bill Adams singled in the next frame, stole second and came in on Jeff Adams' single.

Greenwood came back in the fifth to knot things again on a fielder's choice and Ellsworth Coleman's single.

The visitors apparently scored a tie-breaking run in the seventh but plate umpire Bob Hoch ruled that the runner missed the plate.

Julian Woodall struck out the side in the seventh and his duel with Dick Collins went into extra innings. A later H.H.S. threat died after singles by Bill Adams and Dave Brobst.

In the tenth Woodall struck out but reached first safely as the ball hit right behind home plate and bounced back to the screen. An outfield fly was dropped and Collins was replaced by Adams. The latter could not find the plate and after walking three men he was lifted in favor of Barry Fry. One run was cut off at the plate but a wild pitch, a walk and a call of interference by the Lion catcher kept the Foresters on the move. Another outfield fly was dropped before the nightmare ended. Five runs in one inning were scored with nary a hit.

Bill Adams led the locals at bat with three of the seven safeties given up by Woodall. Jeff Adams was superb at third base. Dick Collins pitched well enough to win. He fielded his position like a demon but a couple of infield errors and a host of outfield miscues did him in.

Shupe, Bruce Henry, Tennafoos and Woodall shone for the winners with two bingles apiece.

Delaware Park News

A record \$2,100,000 in purse money and awards will be placed in competition at Delaware Park beginning Monday, May 28, when Delaware's only thoroughbred race track opens a 54-day meeting. A capacity-filled stable area with many of the nation's outstanding stables plus the return of last year's leaders in the various divisions (owners, trainers and jockeys) brighten the prospects for one of the most successful seasons in track history.

The 1961 divisional leaders are on the grounds set to defend their laurels. The Stable maintained by Mrs. Walter M. Jeffords which topped the owners' ranks in the point of winners with nine victories is being readied by trainer Oscar White following Maryland and New Jersey campaigns. Chinese-born jockey Tommy Lee (54 winners in '61) has recovered from a collarbone injury sustained at Bowie and will resume riding here. Doug Davis, Jr., will be gunning for top position among the trainers for the third consecutive year. The Kentucky horseman sent out 18 winners last year and 17 in 1960.

The highlights of the season are a stakes schedules of 14 events on the main track and turf course and four added money steeplechase features with a total minimum added money value of \$437,500. The quarter-million dollar Distaff Big Three events - Oaks, New Castle and Delaware Handicap - comprise the unmatched triad of filly and mare races. The series will be contested on the final three Saturdays of the meeting climaxed by the running of the world's richest test for fillies and mares 3-year-olds and upward, on July 28.

The high calibre racing at the Stanton track has annually attracted many of the top racing

establishments. Ready for Monday's opener are such well-known stables as the Greenree Stable, Claiborne Farm, Christiana Stable, Brandywine Stable, Foxcatcher Farm, King Ranch, Bohemia Stable, Happy Hill Farm, Mrs. Ada L. Rice and Mrs. J. W. Brown among others. There will be eight races daily with a 2 p. m. first post. The \$10,000 added Wilmington Handicap, a six furlongs speed test, is the traditional opening day's features.

Special train and bus service is in effect for patrons from Delaware, New Jersey, Pennsylvania, Maryland, and Washington, D. C.

Pony Leaguers Open at Greenwood

Ted Layton's Harrington Pony League baseball team will open their season with a game at Greenwood on Thurs., May 24.

Competition was keen for the 15 berths on the squad. 32 lads were trying out and the following made the team.

Richard Black, Mike Bullock, Rennie French, Marshall Hatfield, Donnie Knox, Mike Kohel, Jim Morgan, Don Minner, Henry Minner, Steve Motter, Ellis Myer, Dennis Simpson, Tom Simpler, Glen Smith, Charles Tribbitt.

Manager Layton anticipates a fairly good year as he has a pretty good bunch of boys.

The locals won a practice game with Felton last week.

The Kent-Sussex Pony League will consist of teams from Harrington, Felton, Georgetown, Bridgeville and Greenwood this season. Laurel dropped out to form their own community Pony League. This enables many more Laurel boys in this age group to get a chance to play.

Frank Cain Sets Mark in Track Quad Win

Freshmen pole vaulter Frank Cain cleared the bar at 10 feet Wednesday afternoon to set a new school pole vault record. The old mark was 9 feet 9 inches. Don Garey, Bruce Smith and Jim Temple were the co-holders of the previous standard. Cain goes over the bar in an unorthodox manner. As soon as he masters the proper technique his motto will be "The sky's the limit." George Bonniwell took runnerup honors in this event as Harrington went on to rack up 61 points and capture a quadrangular meet with Dover Air Force Base High School (29), Bridgeville (23 1/2), and Milton (17 1/2).

Bob Smith, another freshman, was a double winner for the Lions as he raced to easy wins in the mile and half mile in addition to anchoring the mile relay team to a 4:02 triumph. This closing is the best of the year in this event for the locals. Frank Cain, Dennis Rogers and Randy Knox handled the baton for the first three laps.

Knox, a sophomore, was a dual winner as he won the high jump and then leaped 18 feet and 5 inches to capture first honors in the broad jump. This latter effort was the best of the spring for the Lions.

Jeff and Bill Adams were joined by Paul Rash and Charles Taylor for an eyelash win in the 880 relay.

Good performances were recorded by Dennis Rogers, second to Smith in the 880; by Stuart Greenberg, second in the discus; Tom Lord, third in the javelin; Bill Sollars, third in the high jump; Tim Strohl, a close second in the 440 yard run.

Strohl is the only member of the team, who will not be back in 1963. Wednesday's meet was the last of the thinned season. For the first time the Lions were unable to qualify anyone for the

state meet at the University of Delaware. But as they used to say in Flatbush "Wait till next year."

Little League Play Starts Saturday

Official Little League competition starts Saturday in Harrington. Our town has been represented for several years in a gradually disintegrating unsanctioned loop. This year four uniformed teams sponsored by the Lions Club, the American Legion, the Royal Order of the Moose, and the Rotary Club will take to the field with the blessing of the internationally known Little

League organization. A parade is scheduled for 11:30 Saturday morning. All four teams resplendent in their new uniforms will take part. The Harrington Junior High Band, will march in the procession which will wind its way through the business district and out Delaware Avenue to the Moose Home Diamond. There Mayor Charles Peck Sr., will throw out the first ball to officially start the season. The doubleheader, featuring the four clubs, is set to get underway at 1 p.m.
