

Bible Class' Venison Dinner Draws Record Attendance

"We should write, at the end of each day, the number of things we are eternally grateful for. We ought to be thankful and we ought to cultivate the art of saying 'Thank you,'" the Rev. Dr. John H. Trader said Tuesday evening.

The retired pastor of Wesley Methodist Church, Dover, was the main speaker at the 11th annual venison dinner of the Booster Bible Class of Asbury Methodist Church.

Held in Collins Educational Building, the event was attended by church members, Boy Scouts, and the Rotary Club, with the last-named attending the dinner in place of their usual meeting. The Scouts helped with the serving of the dinner.

Continuing, Dr. Trader advised we should cultivate showing our appreciation by the way we live. "If we are thankful, we not only say it in language, we say it in life, and let us, as Christians be unhesitatingly grateful for whereby God, in his tender mercy, has pleased us."

At the beginning of his talk, Dr. Trader, a public relations man for Wesley College, Dover, declared the institution was adding a building every year and that it had just completed a \$500,000 drive.

"In terms of buildings and personnel, we will have, in a few years, one of the finest junior colleges in the East. You, as Methodists, are manifesting your interest in education," he said.

Two deer were consumed at the dinner, with one being donated by W. Cliff Miller and the other by A. B. Parsons and W. and Arnold Gilstad.

Miller, who played a prominent part in starting the annual dinner, told how he shot this year's deer. He went out near Masten's Corner, to a trail to a pond, climbed a tree, and waited from 6:45 a.m. to 1:30 p.m., until the animal came along.

In previous years, Miller had shot his deer in Pennsylvania or had been given one for the dinner.

Boat Licenses Due March 1

Starting March 1 Small Boat Safety Division will begin issuing 1963-64 boat licenses. All cards, such as, applications, transfers, and renewals will have a place to insert hull serial number. The majority of manufactured boats carry a hull serial number. Check boat carefully for hull number. Request that you put your hull serial number on applications, transfers or renewals.

On all boats not carrying a hull serial number the DL 000 number will be the hull serial number, to be carved, burned or etched or otherwise permanently affixed to the main member of the hull. This would constitute the official hull number of the boat and would remain so, throughout the life of the boat.

All renewals and transfers must be accompanied by the registration certificate to have hull serial number imprinted on certificate.

All applications for a DL number and transfers of ownership must be accompanied by a bill of sale or proof of ownership.

V.F.W. Hails Legislation For Veterans Group

Delaware V. F. W. officials today hailed the action of Senators John J. Williams and J. Caleb Boggs in backing legislation for a Standing Committee on Veterans Affairs in the United States Senate.

According to Samuel A. Lynch, V. F. W. State Commander, Senator Boggs introduced Senate Bill 47 calling for such a committee. Senator Williams was co-sponsor of the bill.

V. F. W. national conventions for the past fifteen years have had mandates to seek legislation which would establish a committee in the Senate which would be comparable to the House Veterans Affairs Committee of which U. S. Representative Harris B. McDowell, Jr. is the first Delaware member.

Lynch said the House Committee holds hearing on veterans legislation, but when approved bills go to the senate they are lost in a maze of committees, none of whom are directly concerned with veterans' problems.

The V. F. W. National office in Washington was quick to recognize the efforts of Boggs and Williams. Francis W. Stover, Director of the National Legislative service wrote him as follows:

Changes in State's Population

A research study analyzing Delaware's changing and growing population from 1930-60 has been published by the Agricultural Experiment Station at the University of Delaware.

The report, entitled "Recent Changes in Delaware's Population," Experiment Station Bulletin No. 347, was prepared by Charles Tilly, assistant professor in the Department of Sociology, Anthropology and Geography.

Since 1930, Delaware's population growth has been accelerating, especially in the urbanizing and industrializing northern part of the state. The suburbs of Wilmington account for the largest part of the state's increase but in the decade 1950-60, the highest percentage increase — almost 75 percent — was in Kent County.

About one-third of all employed males in Kent County were servicemen connected with Dover Air Force Base.

Population is increasing rapidly at the edges of Wilmington's suburban area while the city of Wilmington itself is losing residents. Wilmington had two-thirds of New Castle County's people in 1930 (106,597), and only one-third (95,827) in 1960.

The area of Wilmington city, used in the study, comprised election districts 1 through 5.

The suburban area "contiguous to Wilmington," showed the greatest gain, from 43,424 persons in 1930 to 189,498 in 1960. It is described by election districts 6 through 10 and includes 61.6 per cent of the county's population. Remainder of the county doubled between 1930 and 1960 (11,011 to 22,121) and holds 7.2 per cent of the county's people.

Describing the change, the report indicates that "the city was spreading out into a metropolitan area, and its center was specializing in uses of its space other than for housing. The resident population, therefore, diminished."

"More spreading, more growth and increasing blending of the northern part of the Wilmington area with nearby Philadelphia's expanding suburbs" is likely for the future, the report indicates.

"Wilmington and its suburbs belong unmistakably to the thriving, continuous metropolitan band that is spreading up and down the Atlantic Coast, while Kent County is on the periphery and Sussex County is relatively independent of it," the report summarizes.

"Nevertheless, no part of Delaware is unchanging. Sussex has a substantial and growing number of workers in manufacturing, and Kent shows many signs of vigorous change. There are many reasons for expecting the dramatic transformations in Delaware over the next few decades to occur in the two southern counties, as the northern section continues on its already far-advanced course of metropolitanization"

Lions Club Notes

International Counselors William Saulsbury, of the Camden-Wilmington Club told of his recent trip to the Lions International Convention in France this past summer. Saulsbury had taken films of the convention and this proved to be very entertaining. Three other members from his club accompanied him on his visit to our club. Dr. Charles Carpenter, of the Milford Lions Club, was also introduced as a guest.

President Lester Smith, announced that farmer's night will be held at our next regular meeting at the Asbury Church Collins building, Feb. 11. This will be a joint affair together with the Rotary and Jaycees. Each member will bring a farm as his guest. These affairs have been proven quite popular in the past and they make for a good relationship with our rural people.

Zone chairman, Curtis Melvin reports that the Lions home and Garden Show plans are shaping up well and that all exhibit space has been engaged. This popular event will take place on March 1, 2 and 3 at the Harrington National Guard Armory. Once again the magic word is free in that there is no charge for seeing the show and many valuable prizes will be given to those in attendance.

School Boards Eye Wage Scale

Minimum wage rates are of great importance to School Boards, the State Department of Labor was told by a Committee representative of the Delaware School Boards Association.

The DSBA Committee with Paul E. Baker of Dover as chairman, Sen. George A. Robbins, Milford; Howard T. West, Milton; D. Ralston Pettyjohn, Georgetown; C. Fred Fifer, Caesar Rodney; Charles C. Brown, Dover; Robert H. Reed, Dover; and George W. Wright, Executive Director met with the Department of Labor and Industrial Relations of the State of Delaware on Tuesday, Jan. 22.

HB No. 22 which became law on May 16, 1962, was the subject of discussion.

This new law will greatly increase the costs of school construction; repairs and/or alterations under the minimum wage scale presently established by the Department.

The survey of prevailing wages as the basis for the minimum wage scale was the crux of the situation said the DSBA.

The Committee requested the Department of Labor to survey the prevailing wages again in the light of a reinterpretation of Type Construction as stated in the law.

Polio Campaign To Start Feb. 17

A state-wide effort to wipe out polio in Delaware will be launched by the Delaware State Board of Health, the National Foundation, Delaware Chapter and the Medical Society of Delaware, on Feb. 17 it was announced by Dr. Floyd I. Hudson, Executive Secretary.

Dr. Hudson urged all persons from the ages of three months through forty years to turn out at immunization stations on Feb. 17 to receive their first dose of the new Sabin oral polio vaccine.

"While there has been a dramatic decline in the number of cases of paralytic polio," Dr. Hudson said, "The disease is not yet defeated. In the United States, there were more than 1500 cases of polio in 1961. More than 800 of these suffered either death or some sort of paralysis from the disease."

"The Sabin vaccine appears to be the final answer to the fight against this dreaded disease. The vaccine is easy to administer—no injection; it provides rapid action—in about one week, and it helps break the chain of transmission by stimulating intestinal resistance to future infection."

"Recent approval of the Type II vaccine," he added, "means that the possibility of wiping out polio as a threat to our children or to their parents is closer than ever before. We have the tools. Now it's up to the community to use them."

Polio is caused by any one of the three types of virus. The government last year licensed an oral vaccine against Types I and II and recently granted a license for distribution of oral vaccine against Type III. All three of the oral vaccines were developed by Dr. Albert B. Sabin of the University of Cincinnati School of Medicine.

Dr. Hudson said that the State Board of Health has purchased doses of each of the three types of Sabin vaccine. He added that the vaccine will be distributed free of charge, but a 25 cent donation will be accepted for each dose to help defray costs of supplies and vaccine.

The vaccine will be administered at immunization centers in strategic locations throughout the State. It can be given to infants by dropper, spoon or cup. Older children and adults can drink a mixture of vaccine and distilled water or eat a cube of sugar on which the vaccine has been dropped.

Dr. Hudson added that the oral vaccine will be administered free of charge to children in public, private and parochial schools throughout the State on Friday, Feb. 15. Parents are urged to allow their children to take the Sabin oral vaccine to increase their protection even though they may have had the earlier Salk shots.

The vaccines have been distributed in other countries to more than 100,000,000 persons. Millions of doses of Type I and II vaccine have already been distributed in this country in programs similar

Whipping Post Still In Denton Jail

For several months the Delaware sentencing of a 20 year old man to the whipping post at Dover in Kent County has been the subject of lively public discussion. In Delaware a magistrate or circuit court judge can order lashes for a number of crimes including automobile theft, for which Cannon was sentenced and put on probation. He broke his probation and the judge ordered him lashed. The lashing had not been carried out by Jan. 15.

Caroline County in Maryland borders on Kent County in Delaware. The imaginary Mason-Dixon North-South line separates them. In the Caroline county jail basement at Denton there still is a whipping post. The foot and hand bars were taken off several years ago when a cement floor was poured. But recently the bars were found and replaced.

James Temple, of Denton, now an active 93 year old, and Caroline Sheriff for three terms, deputy for many, and still Court Crier, recalls that the last man whipped in Denton jail was a white man named Reed who lived on the Seward farm near Ridgely.

Reed had not only beaten his wife but tied her up to a peach tree in the back yard without food or water. Reed was so mad that he jumped young deputy sheriff Temple when he was located hiding in the Seward barn. Temple was fearless and a man not to be bluffed. Reed shortly landed in Denton jail and a few days later was tried in Ridgely, Justice of the Peace Henry Wilkerson, then editor of the Caroline Sun, sentenced Reed to 30 days in jail and 20 lashes. Henry Beck, sheriff at the time laid on the lashes with a cat-o-nine-tails.

"Jim" Temple, who witnessed the whipping, which took place about 1903, says the law remains on the books. The whipping post, not used since that time, is a relic of the force of law and a silent witness to our changing times.

Charles L. Peck Sr. Honored For 25 Years' Service As City Official

The credit rating of the City of Harrington is good, but it was not always so, Charles L. Peck Sr., immediate past mayor, told approximately 100 persons Thursday night, Jan. 23, at a testimonial dinner in Collins Educational Building of Asbury Methodist Church.

The honored guest, who had served since 1937 as Councilman and mayor, explained that the City, when he first served on the Council had no credit rating but that, through the years, by good financial management, it now had a good rating.

He expressed his appreciation for all the City had done for him and for the reception.

Peck served as mayor two

terms, from 1959 to 1963. The dinner was served by the Woman's Society of Christian Service of the church.

Peck was presented with the gavel he used at Council meetings, at the reorganization meeting of the Council earlier in the month. At that time, a picture was made of the presentation. At the dinner last week, Peck was given a picture of the presentation. Since the reorganization meeting, the gavel had been engraved as follows: "Charles L. Peck Sr., Mayor, 1959-1963." The gavel was returned to him at the dinner. Mayor Fulton J. Downing made the presentation.

The former mayor also received a sterling Revere bowl, engraved as follows: "Charles L. Peck Sr., for untiring service to his community from 1937 to 1963."

The civic leader, after extending thanks, said he first served as Councilman thru the maneuvers of the late William W. Sharp, Ernest Dean, and the late Clarence Shockley. He added that, in every election, Dean got the required petition signed.

At the speakers' table were also the Rev. Olin Shockley, pastor of Asbury Methodist Church, who gave the invocation; Sheriff George S. Graham, general chairman of the dinner and former city manager and former Councilman; Mayor Fulton J. Downing; Charles L. Peck Jr., who was mayor for two months before he moved outside the city limits, in 1950; E. B. Rash, Dr. Hewitt W. Smith, and State Auditor Ernest E. Killen, former mayors, and the Rev. William H. Miller, pastor of the Pilgrim Holiness Church, who gave the benediction.

Killen was toastmaster. Music was furnished by the junior choir of Asbury Church, led by Melvin Brobst. Other members of the committee in charge of the dinner were Mayor Downing, City Clerk Mrs. Franklin Derrickson, Councilman F. Lawrence Price, and Mrs. George Graham. In the testimonies, E. B. Rash, said: "I have known him, I guess, for 40 years, worked with him on the Council, and what he told you, you could depend on."

Charles L. Peck Jr., telling of his brief experience as mayor, said: "Earl Sylvester told me, 'Listen to your dad, Leonard Harrington, and Eddie Taylor (all Councilmen at the time) and you won't have any trouble.'"

A highlight of the evening was the installation of a telephone and its use for long-distance calls by the Diamond State Telephone Company at no charge.

Peck received telephoned congratulations from Gov. Elbert N. Carvel who asked, "How is the honorable former mayor of Harrington?"

"All right, I guess," answered Peck. The Governor, who could be heard clearly by the diners, with telephone amplification, said he was sorry he could not attend the dinner, gotten together in two weeks, but that he had a previous commitment.

Mayor Downing then expressed his appreciation for his election and promised to do everything he could for the betterment of the community.

Peck and some of the numerous other members of his family, talked on the telephone to a daughter, Mrs. Ralph Draper, and her husband at Leipsic, O. Mayor Downing then recited a brief biography of the former mayor:

He was born in 1887 near Felton and farmed near Blades Crossroads until 1935 when he came to Harrington. He married Sara Clark in 1910. Mrs. Peck

Cattle Theft Suspects Returned

Two Maryland men charged with stealing cattle from a Kent county farm are being held under \$500 bail each after a preliminary hearing.

Leroy Boyce, 21, and Warren Thomas, 23, both of near Denton, have also been placed under \$250 bail each on a charge of stealing soybeans from another farm. Both farms are near Harrington.

Boyce and Thomas got a hearing on the cattle theft charge before Magistrate Clarence Dyer, Harrington, and on the bean theft charge in Common Pleas Court. Both hearings were held Thursday, Jan. 23, following the men's return from Maryland.

Three other men are charged in the thefts, but have not been returned to Delaware because they are wanted in Maryland, their home state, on other charges.

They are Edward H. Murray, 23; Charles Bradley, 24, and William Nichols, 21, all of near Denton.

Blue Cross and Blue Shield Article In Magazine

"Blue Cross and Blue Shield—The Delaware Plan" is the topic of a four-page article in the January, 1963 issue of Changing Times, the Kiplinger Magazine, Clifford T. Foster, assistant managing director of Group Hospital Service, Inc., revealed this week.

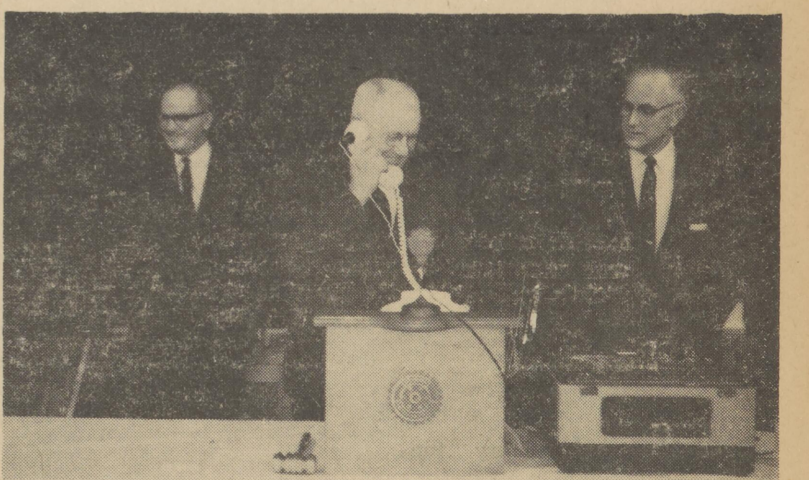

The article, which briefly tells how the Delaware Blue Cross-Blue Shield Plan operates and how it fits into the national picture, should be of interest to all members.

It points out that "the Delaware Plan, is like all plans, non profit and operated by a board of trustees on which are represented doctors, hospitals, employers, labor unions and the public." And continues, "Trustees receive no remuneration. Day-to-day operations are conducted by a professional, salaried administrator."

"Out of every dollar taken in by the Delaware Plan, 91 cents is paid out in benefits, 3 cents goes into a reserve and 6 cents pay operation expenses."

Harold V. Maybee, managing director of Group Hospital Service, Inc. since the Plan was begun in 1935, has, the article states, "a reputation for keeping costs down and coverage up and for innovating ways of extending benefits to the elderly."

Mr. Foster said that reprints of the Changing Times article are being made available to the public and suggests that those interested in a copy call or write their nearest Delaware Plan office.

This coming Sunday evening at 7 p.m., it will be the pleasure of St. Stephen's Episcopal Young Churchmen to have as their guests the Methodist Youth Fellowship from Trinity Church. The Trinity youth will come for Evensong and will remain for the evening session of the Episcopal Young Churchmen at which time the Vicar, the Rev. Quay Rice, will hold an open forum on the similarities and differences of the two denominations. All of this is a follow-up of the visit of the Episcopal youth to Trinity on Jan. 20 at which time the Rev. Charles Poukish was the host speaker and forum leader.

Also, this Sunday afternoon at 4 p.m., all Acolytes of St. Stephen's will meet in the Parish House for a reorganizational meeting and will remain for either an outdoor cook-out or an indoor weiner roast, depending on the weather.

On Wednesday evening, it will be noticed on the calendar above that there is scheduled an 8 p.m. staff meeting. The following officers are urged to attend: vicar, secretary, senior warden, junior warden, building and grounds chairman, church school superintendent, secretary of the vestry, altar guild directress, president of Men of St. Stephen's, parish keyman, athletic director, and church treasurer.

The Inquirer's and Confirmation Class got off to a good start this past week with an enrollment of fourteen. The first session was spent largely in orientation and organization. It was decided that those of school age would meet immediately after school each Monday, while adults would meet each Wednesday at 7:45 p.m.; both groups meeting in the Parish House. All persons interested in inquiring more into the meaning of the Episcopal Church are invited to come to these classes. Also those who are already communicants are urged to attend.

Asbury W.S.C.S. Notes

The Woman's Society of Christian Service of Asbury Methodist Church will hold an auction sale on Tuesday evening, Feb. 5, beginning at 7:30 in the Collins Building. Many items will be offered for sale.

Frank Quillen, local auctioneer, will be on hand to offer his usual sparkling patter in calling the sale. Mrs. Quillen is serving as general chairman of the affair.

Members of the Society are asked to bring their donations for the sale to the Collins Building on Tuesday afternoon. If they cannot bring the things in, a call to Mrs. Quillen or Mrs. William A. Minner will bring pick up service.

Everyone is invited to attend the sale. Members are urged to invite friends and neighbors to come with them.

A meeting of the executive committee will be held in the church office at 6:45 before the sale. Mrs. Fulton Downing, society president, has asked that all members of this committee be present.

Delaware Food Market Report

"February is the shortest month and the worst" says an old proverb, but, from the looks of things, February will be just a continuation of bad winter weather. Freezing weather is still plaguing many growing areas and quality, as well as prices, are reflecting this situation. Regardless, though, there is plenty of food to be had at local markets.

Red tart cherries are the featured item on the February plentiful foods list issued by the U. S. Department of Agriculture. These cherries are certainly appropriate for the February holidays. Stocks of canned cherries are about 60 per cent larger than a year ago so check this item for good buys. Frozen cherry stocks are nearly as large as last year's very large holdings, so here are more good buys.

Egg production is increasing and appears greater than a year ago. There is promise too, of lots of winter pears, carrots and potatoes since these were good crops. Carrots prices on the average, are only a little higher than a year ago; potato prices are low and are expected to remain so. In addition to the foods already mentioned, lots of peanuts and peanut products are promised, and also plentiful supplies of canned corn.

Food shoppers this weekend may be able to stay within the budget by shopping carefully for specials. Broilers are expected to continue more abundant and prices are very reasonable—low in fact when on special sale. Pork is also a budget buy in many stores this weekend at well below average prices. Lamb is expected to be considerably less abundant this year, particularly during these first few months of 1963. To seek economy despite higher prices, choose the less demanded cuts.

Local markets are featuring onions, potatoes and sweet potatoes as all are in heavy supply and at prices equal to last years.

These three vegetables and mushrooms are among the few commodities that have not been affected by freezing weather. Carrots and old-crop cabbage are in good supply at reasonable prices. Other choices at higher prices include celery, kale, spinach, turnips, tomatoes, eggplant, radishes and spring onions.

On the fruit counters lemons continue their spectacular rise in price. The lemon crop in California is again reported to have suffered very heavy damage because of cold weather. Apples continue to be the top selection in quality and price in the fruit department. Red Delicious and McIntosh are the best choices now. Avocados are available in fairly good quantity but here too, choose for quality carefully as some show damage from the Florida freeze.

Harrington PTA Notes

The Harrington P.T.A. will meet at regular session on Wednesday, Feb. 6, at 8 p.m. in the school cafeteria. Mrs. James Moore, president, will preside.

The program will consist of a demonstration of visual aid equipment that is now in use at the school. William Horst will present the program. This is a repeat of one of last years programs in answer to many requests. Some new equipment will be shown, also.

A social hour and coffee will follow. All parents are urged to attend. Mrs. William Kohel is still accepting membership in the organization and will be on hand to take the dues.

Monday evening, Feb. 4 at 8 p.m. the Library Committee of the P.T.A. will meet. Miss Amelia Phetzing is chairman of the committee, with Mrs. William A. Smith, Mrs. B. Norman Hopkins, Mrs. Harry Greenberg, Mrs. Melvin Brobst, Mrs. Thomas Lyons, Miss Loretta Paskey and Harold Welch serving as members. They will make a report of their activities at the Feb. 6 meeting.

Veterans News

Approximately 480 disabled veterans and dependents of some 3400 deceased veterans in Delaware who receive monthly pension payments, are being reminded by the Veterans Administration to report their annual income promptly (before Jan. 31) to avoid having their payments stopped.

Leon Fields, manager of the VA Regional Office, at Wilmington, said that VA has mailed to all pension recipients a punched card upon which the income report must be made. Pensions cease under both the old and the new laws if the income of a pension recipient rises above a specified amount.

Dependent parents who receive dependency and indemnity compensation also receive income questionnaires and their payments are similarly regulated by the amount of their income, Mr. Fields added.

FENCE TALK

With George Vapaa

February 5, 6, 7—Farm and Home Week at the University of Delaware in Newark. Bus reservations can be made for two of the days by calling 736-1448.

Friday, February 8—Luncheon meeting at the Capitol Grange Hall in Dover. Speaker: Walter Rowlands, Wisconsin land use specialist. His topic: Directions for Growth Below the Canal. Call us for reservations at 736-1448. Open to all. Question and answer period to be provided.

February 14, 21, 28; March 7, 14, 21—Court house civil defense room at Dover, 8:00 p. m., to 10:00 p. m. A series of six meetings designed to study Kent County growth needs. Professional planners will present basic information and guide the discussion to follow. Open to everyone. No fees.

A proposed milk market order for lower Delaware is a real hot subject during this really cold weather. Dairy farmers and milk dealers are trying to decide if they have a place here.

A meeting has been set up by Roland Garrison, president of the Delaware Farm Bureau to present the pros and cons of milk orders. Everyone is invited to attend it next Monday afternoon at 1:00 to 3:00 p. m. at the Harrington Fairgrounds restaurant.

James Honan, of Interstate Milk Producers Cooperative has agreed to present Interstate's case for a handler of pool milk order as opposed to market pool orders or no orders. Manuel Buarque, public relations representative of the Downstate Milk Dealers Association, will present the case for the opposition of his organization. George C. Simpson, general manager of the Delaware State Fair, will moderate the meeting. Questions can come from the floor.

L. S. Iverson, of the Philadelphia and Wilmington market administration, has been invited to serve as the expert on what milk orders can or cannot do.

"More Citizen planning, not governmental planning, is needed in the preparation of our resource report. It will be slower, and somewhat cumbersome, but you will come up with an excellent readable report." This was made by a Wisconsin chairman of county commissioners (comparable to our Levy Court president). He was asking his county agricultural agent to assemble the resource facts and the hopes of his citizen leadership.

The resulting Blue Print for Growth is a marvelous collection of illustrated figures and logical conclusions.

Our own Kent County Levy Court members have said, "This is just the type of thing we need here. How about getting to work on it?"

Voluntary citizen committees are the key to such an effort. The Wisconsin county used 250 listed people.

I like this final statement from the Wisconsin report: Out of all this will come, so we hope, a program for orderly change a system to guideposts for future growth and expansion. We think we can make our dynamic county a better place to live in our day and in the days to come.

Calves, even young ones, can withstand low temperatures if they are kept dry and if they are protected from drafts. Plenty of fresh air is essential, though.

Although you probably can't do much now to move the calves into new quarters, you can provide these conditions essential to health and growth:

Be sure the pens are adequately drained. Provide plenty of bedding to keep the calves dry and clean. Check for the possibility of drafts, but don't try to eliminate all air movement.

Make a resolution to build more desirable quarters for the calves and heifers next summer. This decision could well influence your income in future years.

Farmers can get up-to-date information on mechanical silage unloaders for upright silos in a farmers' bulletin recently issued by the U. S. Department of Agriculture.

This illustrated publication describes mechanical unloaders that remove silage from the top or bottom of the silo, tells how they operate, lists motor sizes needed, discusses costs and labor required, and makes general recommendation for using these unloaders efficiently.

Single copies of "Mechanical Silo Unloaders for Upright-Silos (FB 2188) may be obtained free from the Office of Information, U. S. Department of Agriculture, Washington 25, D. C.

Studies by the Oklahoma

Experiment Station show that yearling or older crossbred Dorset-Rambouillet ewes produce more fall lambs than white-faced southwestern range ewes. More specifically, the Dorset-Rambouillet crossbreds produced and raised 44 percent more lambs than the southwestern range ewes, and 34 percent more lambs than grade Rambouillets. The Oklahoma researchers attribute part of the increase to the fact that the Dorset-Rambouillet produced more twins.

Measured either by the number of hogs farrowing, or the number of hogs sold, the hog farms of this country are getting bigger, according to a special article in the January Livestock and Meat Situation report. The report goes on to say that the proportion of hog farms with 10 or more litters increased from 29 percent in 1954 to 34 percent in 1959. And the number of hogs sold per hog farm increased about 60 percent during this same period. From a regional standpoint hog producers in the Northeast sold an average of 17 head per farm in 1944, compared with 38 in 1959. In the North Central Region, annual sales were 43 head per farm in 1944 and 89 in 1959. The annual average in the South was 15 hogs in 1944 but increased to 27 in 1959, while the average Western hog producer sold 29 hogs in 1944 compared with 45 in 1959. Let us know if you want the more detailed report on this.

Our cafeteria menu for the week Feb. 4-8: Monday: milk, submarine sandwich, tomato soup, deep dish apple pie; Tuesday: milk, meat loaf, mashed potatoes and gravy; buttered peas, yeast rolls and butter, pineapple upside down cake; Wednesday: milk, oven fried chicken, mashed potatoes and gravy, buttered carrots, bread and butter, applesauce; Thursday: milk, pork and dressing, gravy, candied sweet potatoes, buttered stringbeans, hot bread and butter, pears; Friday: milk, frankfurter or fish stick sandwich, baked beans, coleslaw, chocolate chip dessert.

The Greenwood Kiwanis Club had as their speaker last Thursday evening, John R. Rogers, past Lt. Governor of this area, who gave them an interesting talk in honor of the 48th anniversary of Kiwanis International. There were five visitors from Bridgeville Kiwanis Club.

Frank Keel, Lewis Graves, Jr. and son, Robert, motored to Philadelphia to attend the recent P. A.S.H.A., Pennsylvania Atlantic Seaboard Hardware Association Convention at the Sheraton Hotel.

Mr. and Mrs. Nelson Meredith also attended the hardware convention on Monday of last week.

Mr. and Mrs. Harry DeLorenzo, of Milford, were Saturday evening guests of the Horace Maloney's.

Miss Shirley Williamson, Jerry Bowden and Horace Maloney, Jr. were Sunday dinner guests of Ellen Hatfield.

Timothy Schlabach returned home last Sunday evening. He is being treated for a sarcoïd gland condition and is feeling much better.

Raymond Byler seemed improved earlier this week, but is still in Philadelphia.

At least 18 men spent either part or all of the day working at the home of Raymond Byler Saturday. Finishing work was done in the dining room; exterior work on dining room and garage addition made recently.

Recent donations to the library are: "These Are My People", "The Seven Words", "The Days of My Years", made by L. L. Swartzentruber.

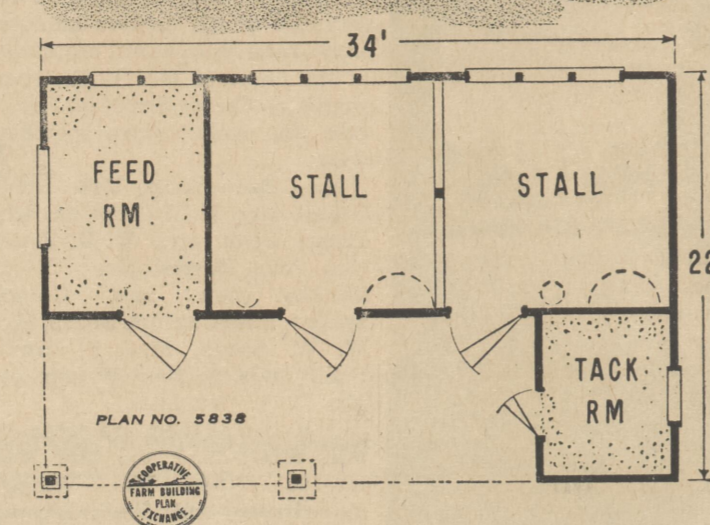

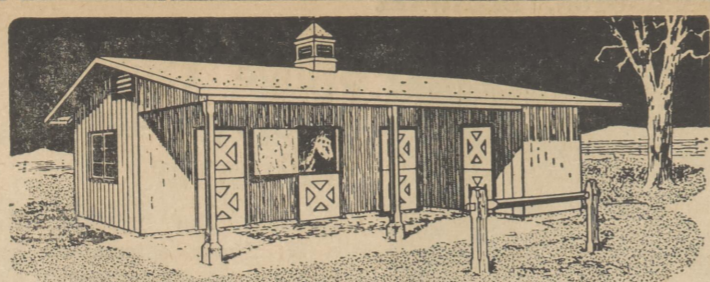

Congratulations to Mr. and Mrs. Lawrence Meredith who welcomed a new great-niece this past week. She is the child of Mr. and Mrs. Donald Hodge in Dover and has been named Amber Lynne. Donald made his home with the Merediths each summer while he was growing up and is well known to the Greenwood people.

Mrs. John Mitchell

Mrs. Emma Jane Mitchell, 69 widow of John Mitchell, Lincoln, died Friday in the Air Force Base Hospital at Dover.

Mrs. Mitchell is survived by five daughters and three sons. They are: Mrs. Hazel Carey, Lewes; Mrs. Elizabeth Coverdale, Greenwood; Mrs. Doris Wynes, Milford; Mrs. Bernice Rodgers, Waterford, Pa., and Mrs. Gladys Austin, Ellsworth Air Force Base, S. D.; Preston Mitchell, Philadelphia; Lester Mitchell, Farmington, and John Mitchell Jr., Lincoln; 18 grandchildren; three great-grandchildren and a brother, John E. Joseph Rehoboth.

Services were held Tuesday afternoon from the Fleischauer Funeral Home, Greenwood. The Rev. William Smith, pastor of Frankford Methodist Church officiated. Interment was in White's Chapel Cemetery, near Lewes.

Riding Horse Barn Drawings Available

You can get free working drawings of this expandable barn for riding horses, suitable for any region in the United States, according to Kent County agent George Vapaa.

This plan, developed by the U. S. Department of Agriculture, provides space for two 12 by 12 box stalls, a tack room and a feed room. The barn is 34 feet long and 22 feet wide.

Floors in the feed and tack rooms are concrete; stall floors are clay.

The building is of frame construction and the plans show how to build either a low pitched or a steeply pitched roof. The roof will withstand snow loads up to 20 pounds per square foot or winds that do not exceed 75 mph.

The plan also shows an alternate detail roof that will withstand heavier snow loads and winds of hurricane force. In the Delaware area the roof should be insulated.

If you want a free copy of the drawings, Plan No. 5838, see your county agricultural agent at the Dover postoffice or write the Extension Agricultural Engineer at the University of Delaware, Newark.

Milk Order Expansion Talk Feb. 1

A meeting to discuss the expansion of the Philadelphia milk order to Delaware will be held Mon., Feb. 4, from 1 to 3 p. m. at the Harrington Fairgrounds.

Federal milk controls come in various shapes and are among the most difficult agricultural control programs to understand. George Vapaa, Kent County agricultural agent, said the meeting is being called to "clear the air" concerning the order.

The Delaware Farm Bureau is sponsoring the meeting and George S. Simpson, general manager of the Delaware State Fair, will moderate.

Representing the downstate dairymen who oppose extension of the order will be Manuel Buarque, their public relations representative.

James E. Honan, general manager of Inter-State Milk Producers Cooperative, which supports the order, will discuss the other side.

The meeting is open to the public.

Nation's Farmers In 1962 Set Production Record

America's farmers in 1962 produced food and fiber at a record high level—and they did it on the smallest acreage in modern times.

Food supplies continued to give American consumers plenty to eat with enough left over to send a record quantity of food products to other countries and to maintain substantial emergency reserves.

Although the average family spent slightly more for its food at retail than it did in 1961, it spent a smaller share of the total family income for food. On the average, consumers spent about 19 per cent of their income, after taxes, for food last year. This is the smallest share of the income spent for food by any nation in the world at any time in history. In contrast, during the 1947-49 period, Americans spent 26 per cent of their incomes for food.

More red meat was available in 1962 than in any previous year and even more can be expected in 1963. More poultry—both broilers and turkeys—are also expected in 1963. Milk production, a new record high in 1962, can be expected to increase in 1963.

Crop production in 1962 was about the same as 1961 but average yields per acre were the highest on record. Acreage of wheat planted was reduced to the lowest level since records

were started in 1919, and reserve supplies will be reduced by about 100 million bushels for the second year in a row. Even so, the nation's reserve supply of wheat will still be equal to a full year's production.

Farmers across the United States grew record per acre yields of corn last year even though total production of corn and of all feed grains was smaller than the record set in 1960.

The nation has more processed fruits and vegetables on hand than a year ago. Production of food fats and oils, led by soybeans and soybean oil, is at a record level.

About one-fifth of U. S. crop production was exported. Farmer's gross income in 1962 increased—but expenses also went up. Total net income of all farmers was about the same as 1961 - \$12.8 billion. This is more, on the average, per farm family since the number of farmers continues to decline.

In general, farmers can look forward in 1963 to a year at least as good as 1962 and perhaps a little better.

Chairman, said today. "County committeemen, county office managers, and State office personnel are to evaluate the work and service in each ASCS office," Zimmerman said.

"The benefits are expected to be in the form of better, faster service for farmers," Zimmerman continued, "and to make sure that the public business is kept in public view."

Training programs for committeemen and employees in 1963 will be based largely on needs identified in this self-study of county ASC offices.

The ASC Service has begun an extensive program to improve service and management efficiency. All employees have been asked for their suggestions on how to better do specific jobs.

In accord with recommendations of the citizens committee which has just completed a

study of the farmer committee system, Zimmerman said, a major effort will be made in 1963 to encourage more farmers to take part in the election of ASC committeemen.

Secretary of Agriculture Orville L. Freeman has announced that the farmer committee system will continue to be the farm program field force and that it will be strengthened as recommended by the citizens committee.

(Parsons Photo)

BROWNIE AND GIRL SCOUTS AND LEADERS INVESTED

Investiture for four Brownie Scouts and one Girl Scout Troop was held Saturday evening in the Harrington School cafeteria. Investiture is a ceremony in which the leaders and the girls make the Scout Promise and are presented the Scout trefoil pins. In addition to some 60 girls being invested, about a dozen leaders and assistant leaders were invested.

The program was directed by Mrs. William Irwin, the leader of Intermediate Girl Scout Troop 687. Four of Troop 687, acting as color bearers or guards, led the procession of the troops into the cafeteria. This troop was charged with carrying out the flag ceremony.

After the flag ceremony and introductory remarks by Mrs. Irwin, a few remarks were directed to the Brownie Scouts and the Girl Scouts by a special guest, Mrs. Eugene Spradling, field director of the Girl Scouts of America for Mid-Del Unit 11. Mrs. Spradling told the girls they were not Scouts simply by memorizing the Promise and the Laws, but must live by these codes to be good Scouts and good citizens.

Mrs. Parker Hitch, of Milford, and troop consultant for Mid-Del Unit 11, and Mrs. Thomas Walls, also of Milford, and the assistant to the field director, invested the leaders and the assistant leaders of the five new troops. Leader and assistants of Brownie Troop 684 invested were Mrs. Clara White, Mrs. Maxine White, and Mrs. Clara McCready. Leaders and assistant of Brownie Troop 686 invested were Mrs. Melrose Salmons, Mrs. Virginia Coady and Mrs. Laura Nichols. Leader and assistants of Brownie Troop 687 were Mrs. Constance Kirwan, Mrs. Ruth Knapp and Mrs. Dorothy Shockley. Leader and assistant of Brownie Troop 679 invested were Mrs. Doris Dell and Mrs. Altha Rice.

Leader and assistants of Intermediate Girl Scout Troop invested were Mrs. Evelyn Irwin, Mrs. Imogene Kramedas, and Mrs. Bertha Belle Neeman. After the leaders were invested Mrs. Jesse Jones Jr., troop consultant for Mid-Del Unit 11, told the parents their daughters were indeed fortunate to have these fine, capable leaders to guide them. Mrs. Jones and the leaders paid special tribute to Mrs. Evelyn Irwin for her untiring dedication in reorganizing Scouting in this community. The leaders then invested their troops.

Members of Brownie Troop 684 invested by their leader and her assistants were Leah Coady, Gloria Lynn Dill, Debra Edwards, Joyce Gustafson, Karen Hawpe, Teresa Kohel, Kathy Leterman, Ruth Minner, Susan Melvin, Barbara Ryan and Barbara Jean Welch.

Members of Brownie Troop 686 invested were Debra Dennis, Sharon Hanson, Robin Hill, Sandra Irwin, Carol Lekites, Cathy Lobo, Toni McCready, Debra Salmons, Linda Vincent, Donna Wetherhold, and Joan White.

Members of Brownie Troop 678 invested were Debbie Beauchamp, Beth Graham, Sue Ann Knapp, Shirley Matthews, Gwyn Melvin, Elizabeth Minner, Kathy Nelson, Jean Price, Thea Quillen, Debbie Shockley, Cindie Smith, and Jo Ann Thompson.

Members of Brownie Troop 679 invested were Diane Carroll, Karen Minner, Nancy Melvin, Joanne Lane, Cynthia Lane, Gloria Welch, Idelette Rice, Peggy Tibbett, Norma Jean Wyatt. The members of Intermediate

Girl Scout Troop 687 were invested in their own candlelight ceremony. There are three tall candles representing the three parts of the Girl Scout Promise and ten shorter candles representing the ten Girl Scout Laws. The ceremony was most impressive as each candle lit.

Members of the troop invested were Cheryl Lekites, Sharon Nichols, Patty Hurd, Colleen Le Cates, Kathy Kirwan, Debbie Schepp, Debbie Clendaniel, Debbie Vincent, Sue Ellen O'Neal, Diane Smith, Gina Wechtenhiser, Helen Welch, Barbara Schanding, Ethel Simpson, Mary Ellen Harvey, Doreen Gray, and Sandra Wyatt.

Brownie Troop and Intermediate Girl Scout Troop 687 have just closed their cookie selling campaign. Winners in this campaign were Cheryl Lekites, selling 92 boxes of cookies; Sharon Nichols selling 80 boxes, and Patty Hurd selling 69 boxes.

Felton School News

FELTON CHEERLEADING NEWS Mrs. Wood

Mrs. Wood has been our advisor for two years. She is a friend to all of us and helps us work out all our problems.

Pat Warren This is Pat's second year as a cheerleader. She is captain for the Junior Varsity this year and is doing a fine job. Pat is an academic student and participates in the H. S. Chorus and Student Council.

Carolyn Warner Carolyn has started her fourth year of cheerleading. She is serving as the captain of the varsity this year. Other school activities she participates in are President of Student Council, H. S. Band, H. S. Chorus, and Dance Band.

Ruth Weinberg This is Ruthie's third year on the cheerleading squad. She is the co-captain of the varsity and the treasurer of our squad. Ruthie participates in the H. S. Band and Student Council.

School Improvements Five new record players have been purchased for use by the Elementary Teachers, the Girl's Physical Education Department, and the music department. The Felton P.T.A. contributed \$100 toward this project, and the remainder was appropriated from the school instructional equipment budget. Only two elementary classroom now lack record players equipped to play all types of records.

The Board of School Trustees has provided for the construction of coat racks and placed them in the faculty room, which is used for a checking room for social events. Volunteers from the student body now provide a checking service for social and athletic events. Several persons from the church also attended the banquet held Tuesday evening at the Caesar Rodney School.

Robert Stubbs has constructed an attractive and larger mailbox for the school staff, and it has been installed in the central office. The work was done as a special industrial arts project.

James Miller and Tommy Williams are carrying out a similar project by constructing book storage shelves to be placed near the entrance to the cafeteria for pupil use at noontime.

Carroll's Auction To Open in Felton February 15

A business established in Dover in 1920 and partially destroyed by fire last October will be reopened by the founder's grandson at a new location at Felton on Feb. 15.

Carroll's Sales Co., operated by Anthony B. (Benny) Carroll, Jr., will transfer its livestock auction business to a new 45,000 sq. ft. building providing customers with the most modern equipment and conveniences.

Carroll's Sales Co. is a member of the National Certified Livestock Market Association, of which Anthony Carroll is the first and only director from Delaware. An active participant in varied farm and community activities, he is a member of the Delaware Highway Commission and a director and member of the executive committee of the Delaware State Fair Association.

The new auction center, located on Route 13 at Felton, includes such features as upholstered theatre-type seats, a centrally located show ring, ample paved parking, the latest type scales approved by the U. S. Department of Agriculture and a restaurant.

B. Carroll and Son, the original family firm, was established by the present owner's grandfather and father, Anthony B. Carroll, Sr., in 1920 to conduct both the auction of livestock and the sale of farm machinery. Because of the dissimilarity of activities, separate partnerships were formed later with the same principals participating in both businesses. B. Carroll and son continuing as a farm machinery distributor and Carroll's Sales Co. carrying on the auction of livestock.

Upon the death of his father in 1954, Anthony Carroll and his uncle, George B. Carroll, Sr., who had joined the two firms in the early 1930's carried on the businesses. After the fire destroyed the Dover site last October, this association was ended. Anthony Carroll acquired his uncle's interest in Carroll's Sales Co., and, at the same time, relinquished his interest in B. Carroll and Son. At that time, the Carrolls agreed not to participate in competing business enterprises.

Thus, on February 15, Anthony Carroll will initiate a new phase of the tradition-laden family business which for over 40 years has served customers throughout the Delmarva area.

Dairymen Urged To Attend U. of D. Program

County agent, George Vapaa this week urges Kent County dairymen to attend "Dairy Day" on Wednesday, Feb. 6, during the traditional three-day Farm and Home Week program at the University of Delaware.

Sessions will feature the presentation of national dairy awards to outstanding Delaware dairy producers, a talk by a world-renowned dairy scientist and talks on other problems dealing with the industry.

Topics on the morning program include "Getting the Most from Early Pasture, by W. H. Mitchell, U. D. agronomist; "Pricing Milk on Solids — Not Fat: Today's Problems in Milk Marketing," by Max Beal, University of Maryland; and illustrated talk, "We Like Stalls in Loafing Barns," by Arnold Cope Jr., a dairyman, and Dale Brown, a county agent, from Cooperstown, New York. Cope was featured recently in a Farm Journal article on this subject.

Presentation of national dairy awards by R. F. Davenport, Philadelphia, of Sealtest, will round out the morning.

In the afternoon, W. E. Petersen, retired professor of dairy husbandry at the University of Minnesota, will speak on "The Role of Milk as a Food for Young and Old."

Petersen, who spoke during several Maryland dairy meetings in early December, is one of the world's leading authorities in the field of milk making. He had made valuable contributions in establishing the best milking speed, conditions most favorable for milking, and investigating the relationship between the milk glands and udder injury.

The annual Winter Farm and Home Week will be held February 5, 6, and 7 at Agricultural Hall and will feature scientists, agriculturalists and industry representatives on a number of topics including livestock, pesticides, fruits, vegetables, poultry, home gardening and Delaware's rural and urban resource development problems.

"Sports Odds And Ends"

Dennis Rogers, Lion track and cross-country ace, received a mention in the January issue of the Long Distance Log. The international publication had a story on a 2 1/2 mile cross-country race in Fairmount Park, Philadelphia on December 3. Rogers received a medal for finishing 11th in a field of 40 of Philly's finest.

Henlopen Conference scoring statistics out early this week showed Jeff Adams in 12th place. According to our figures Jeff moved up to 4th position after scorching the cords for 32 points against Bridgeville Tuesday. He is only two points behind the second place scorer, Bob Calloway, of Bridgeville. Jeff has 93 points for 7 games, an average of 13 per game.

Barry Fry broke out of a three way tie for 15th place by sinking 13 points Tuesday and moved into 14th.

Bruce Henry of Greenwood moved up a notch from sixth to fifth. He passed Tom Williams, of Felton, who did not have a league game Tuesday. Dave Wood, of Felton, also lost little ground because of inactivity. Six men passed him with the points they scored in Tuesday's league games.

Welcome news came from Frank Newlin in Wilmington this week. Kent and Sussex County athletes in sports that required affiliation with the Amateur Athletic Union were forced to join the South Atlantic section of the A.A.U. which had its headquarters in Baltimore. When a downstate boy wanted to compete in a Wilmington or Philadelphia event, he would have to write to Baltimore to get permission, as the two cities named are in Middle Atlantic territory. As of Jan. 1, all Delaware is in the Middle Atlantic area. Local trackmen with South Atlantic memberships can now compete unrestricted in either area until their member cards run out. At that time they can join the MAAAU. Bob Smith, Dennis Rogers, Wayne Carson and George Bonniwell are in this group.

Green Devils Burn Lord Baltimore

Felton High School's basketball Green Devils applied the torch to Lord Baltimore's high flying, unbeaten Eagles by a score of 50-43 Friday night. The Greenies won in convincing fashion and rubbed it in by singing the Eagles' wings on the Sussex Countians' home court.

Felton held a substantial 21-14 field goal advantage. The Lords' 15-8 free throw bulge kept them in the game.

At this writing Felton has a 4-2 log and is tied with Bridgeville for first place in the Western Division of the Henlopen Conference. Dave Wood led the winners with 20 points. Tom Williams and George Reible aided with 13 and 11, respectively. This trio furnished all the points Felton needed.

Foresters Tame Wildcats 50-32

Greenwood had little trouble with winless Delmar in the border town Tuesday night. Leading 42-20 after three quarters the victors eased up in the final stanza. The Foresters are now 4-3 in league play and 5-4 overall.

Julian Woodall led Greenwood with eighteen points followed by Bruce Henry with 10.

H.H.S. Nips Milton For Two Straight Wins

Friday night on the local court Bill Smith's varsity Lions made it two victories in a row by taking a wild and woolly contest from last year's Henlopen Conference champion team, the Milton High Warriors. After the lead changed hands several times, the Lions pulled out ahead in the waning seconds to win 54-47.

At the outset of the contest Harrington's sparkling Jeff Adams got in early foul trouble and had to sit out all but four or five minutes of the first three quarters. Barry Fry, who scored all of his nine points in the first half, hit on three jump shots in the first quarter to give the Lions an early bulge. Milton hit from outside for most of their baskets and three of these in quick succession brought them within close range at 13-16 just as the first quarter ended.

The second quarter saw Milton go ahead for the first time but Harrington rallied to tie it up 25-all at the half.

Wayne Collison bucketed two shots to start the third quarter. Fouled on the last one he made the free throw for H.H.S. 30-Milton 27. The Warriors picked up the pace for a few minutes until Jeff Adams hit the nets twice and Tom Milspaw scored on a three point play to send the Lions ahead 39-35. The elder Adams hit on a desperation 30 foot shot just before the buzzer sounded ending the third period.

Milton sank four long range goals to trail by only 43 to 45. A Lion layup or two went awry but at this crucial stage the foul shots started to fall. Bill Adams made two from the free throw line to ease the pressure a little on the home fans. The Warriors began to press which gave Jeff Adams room to dribble through for a layup. Shortly after Bill Adams scored on a pass from his brother for the final H.H.S. points.

Tom Milspaw played the best game of his career as he rebounded like a demon and tied for scoring honors with Jeff Adams at 15 points each. Milspaw's 17 rebounds are the most garnered by a Lion this term and represented almost 50 per cent of his team's 35 recoveries.

The locals did not foul as much as usual. Milton had only six attempts at the charity stripe and made only one. The Lions' late flurry enabled them to can 12 of 23. This is not good but still shows improvement over previous outings. The free throws won the game for Harrington as Milton enjoyed a 23-21 field goal superiority.

Bill Adams led in assists with 7. Jeff Adams was runnerup with 6. Jose Torres the number 6 Lion and Harry Bitler were ill and could not play. Richard Black filled in admirably as he did well on defense and under the boards.

Tonight (Friday) Felton will entertain the locals. Delmar comes here Tuesday night.

CHARLES L. PECK SR. (Continued from Page 1)

was presented a basket of flowers. The Pecks had more than their share of tragedy. They lost two sons in infancy, two daughters were lost in a fire in 1915, and their oldest son was killed in a hunting accident in 1927.

Two sons, Charles Junior and Thomas, and two daughters, Mrs. William Walls and Mrs. Russell Blades, live in Harrington, with the third daughter, as previously mentioned, in Ohio. In 1935 Peck and Eddie Taylor opened a hardware store here and the following year Peck changed his operations, buying a poultry business with his son, Charles Jr. The business is now known as Peck Brothers Farm Supply Co., and is owned by Charles Jr. and Thomas Peck. The senior Peck was chairman of the Ration Board in 1942, taught Sunday School ten years. He was a member of the Kent County Levy Court.

Greenwood Edges Millsboro 36-34

Greenwood's Foresters traveled to Millsboro Friday night and eked out a 2 point victory that balanced their league log at 3-3. The Foresters are 4-4 overall.

A balanced attack brought home the bacon as the five Forester starters scored either two or three field goals each. Bob Wright added four fouls to pace his team with ten points.

The Greenwood victory was made possible by a 13-12 advantage in field goals and by a second half rally. The game was unusual as a look at the scoring by periods will show. The winner could muster only four points in each of the first two quarters while the losers were opening up a big 24-8 halftime lead. Then the situation reversed and Millsboro could get only five points in each of the last two periods while Greenwood meshed twenty-eight to go home happy.

The Foresters entertain Bridgeville tonight.

Lions Lose To Mustangs 68-58

Bridgeville's Mustangs galloped into Harrington Tuesday night expecting a runaway win and were happy to escape with their hides intact. Last week the Mustangs opened up a 43-8 halftime lead on Selbyville's Rebels and went on to win easily over a club that beat H.H.S. by 13 points.

Barry Fry and Jeff Adams were hot in the first half as the Lions led 21-16 at the end of the first quarter and trailed by two points at halftime. The Mustangs crept away in the second half to gain the triumph and sole possession of first place in the western division of the Henlopen Conference.

Foster Flint and Bob Callaway of the victors were held to 10 field goals between them by defenses designed by Coach Bill Smith. The Mustangs are two of the top scorers in Delaware and usually score much more from action than they did Tuesday night.

Harrington outscored the Sussex Countians in field goals but lost the game primarily because they could hardly buy a foul shot as they missed 15 out of 19 attempts. Bridgeville made fouls like the pros as they missed only twice in 18 tries. Another thorn in the Lions' sides was Gary Rust. Not usually a high scorer he tossed in eight long-range field goals.

Jeff Adams had a terrific night as he racked up 32 points. We can only recall two former H.H.S. players to reach that figure. Jim Temple who ranked third in Delaware in scoring and Dr. Robert Smith were the others. Smith in 1938 scored 35 points in one game to hold the state record briefly.

Adams also led the Lions in assists with 11 and gathered in 12 rebounds to 13 for Tom Milspaw and 11 each for Barry Fry and Wayne Collison.

Tuesday night's showing demonstrates that H.H.S. can depend any Henlopen rival left on the schedule on a good night. Lack of experienced reserves is the big handicap.

Girls' Biddy Basketball

A basketball league for girls in the sixth, seventh and eighth grades has been formed. Games will be played at 10 a.m. each Saturday morning at the Harrington High School fieldhouse. Players will be divided among the four teams next Saturday morning. Violet Testerman, girls' physical education instructor at H.H.S. is league co-ordinator. Adult leaders are Jeanette Sapp, Leah Wheeler, Clarabelle Walls and Mary Tucker. High school varsity players, Nina Hitchens, Lynn Bennett, Jean Thomas and Sharon Walls will assist.

Gripsters Split With Delmar

Delmar's powerful, experienced varsity matmen proved to be too strong for Harrington High's Lions in a meet held here Monday night. However, Mike Mock's up and coming young team won a jayvee setto by a score of 43-13 while losing the varsity test by a tally of 37-15.

The locals now have a 2-2 record for the season. Delmar, one of the pioneer wrestling schools of lower Delaware, is still unbeaten and has taken the measure of Easton, Milford and other large schools.

The youthful Lons with only one senior matman, did well in the varsity test as Marvin Smith, Bob Smith and Captain Lewis Starkey, won by falls. Marvin Smith, at 137 pounds, wrestled in the 147 pound class as Clyde Mullins failed to make the weight by a pound and a half. Marvin came out fast and had his surprised rival down and pinned in 35 seconds. Bob Smith remained unbeaten in three bouts in the 156 pound division as he survived an early scare by the Wildcats' Palmer and flattened the Sussex Countain in 1 minute and 20 seconds.

Starkey won his 11th straight dual meet match over a two year period by pinning Gary Yanta for the second time this season. Starkey was Milford Invitational champ as he pinned Yanta in the finals. This trip the Lion got the Wildcat in the first round in 1:40 and had a much easier time of it than he did in the Milford tournament. Yanta has beaten all of his other rivals this winter.

Larry Garey, 112 pound sophomore, was beaten by Lecates for his first loss after three straight wins. Lecates was runnerup in the Milford Invitational.

George Bonniwell, 5th in Delaware in 1962, made his first start in ten months and lost by referee's decision. George had only a few days training and has a long way to go to reach last year's form.

Felton Trounces Alumni 53-36

Felton High handled it's alumni a 53-36 pasting in a contest postponed from December. The grads were in the fray for only the first period.

Dave Wood scored 16 points for the Green Devils. Tom Williams and Bill Green added 23 more. Elwood Fisher and R. Dill split 16 points for the losers.
