

Mayor and Councilman Interested in Re-election

By Carrington H. Burgess

While his petition has not been turned in, Mayor Fulton J. Downing has indicated he is interested in running for re-election for the two-year term.

Heretofore, the mayor has been nominated from the floor, but under a law in effect for the first time, he must present a petition within 10 days of the election, as must also candidates for the City Council.

The municipal election will be held Tues., Jan. 11. The 10-day period would end Jan. 2, a Saturday, when city offices are closed. They would also be closed on the previous day, New Year's Day, a holiday. Hence, the deadline for filing petitions would be Dec. 31.

The petitions would be read Friday night, Jan. 8, at the annual citizens' meeting at the Fire Hall. At this meeting, the annual budget report will be read and plans for the forthcoming year be discussed.

Councilman Burton Satterfield, of the Third Ward, filed his petition this week. He is the only one to file by Wednesday, but Councilman Wilson Bradley, of the First Ward, told The Journal Wednesday evening his petition had been signed and he would run for re-election.

In the Fourth Ward, there may be a problem. Councilman Howell Hitchens did not file for re-election last year; neither did anyone else in the ward. The incumbent, then, remains in office to prevent inconvenience to the public. Some think his post should be up for re-election for the three-year term. City Attorney Grover Brown, at the Council's December meeting, believed Hitchens was automatically entitled to serve out his term. He said, however, he would check into the matter.

Incumbent Councilmen are Albert Price, Second Ward, F. Lawrence Price, Fifth Ward, and Clarence Black, Sixth Ward.

Buckson Names Grover Brown His Assistant

Grover C. Brown, Dover attorney, is the new administrative assistant to Atty. Gen. David P. Buckson.

The appointment, announced last week by Buckson, is effective Dec. 15.

Brown, a native of Harrington, where he graduated from high school, will succeed G. Francis Autman, who is remaining on the attorney general's staff as a deputy. Buckson told a news conference that Autman requested the change so he could devote more time to his private law practice.

The \$15,000-a-year post as administrative assistant is "full-time," Buckson said.

Autman will be replacing B. Wilson Redfern, who has resigned as a deputy in order to practice privately on a full-time basis.

The attorney general said Brown will be dividing his time between his Dover and Wilmington offices. "His job will be administrative and he will take care of extraditions, miscellaneous correspondence, the 40-odd monthly opinions that we are asked to write by state agencies and dozens of other matters which the attorney general cannot handle altogether by himself."

Brown is a graduate of the University of North Carolina and George Washington Law School. He is a member of both the Delaware Bar and that of the District of Columbia. He was admitted to the Delaware Bar in February, 1961.

He is in the Army Reserve and is married to the former Patricia Ann Spencer of Townsend.

Boy Scouts Have Attractive 'Package Offer'

When you have several interesting items to sell, putting them all in one attractive "package offer" sometimes helps the customer make his choice.

At least that's the technique being used this week by the Del-Mar-Va Boy Scout Council's activities and camping leaders. Sales objective: Early registrations for such "Adventures in Scouting," as the Philmont, New Mexico Expedition, the upper Wisconsin canoe trip, and right here at home, the summer program at Rodney and Nanticoke Scout Reservations.

The all-in-one promotion method devised by council volunteers and staff consists of a recorded, first-hand account of each "adventure's" offerings. This was done by boys and leaders who have actually gone out of Philmont, or taken the Northwoods canoe journey, or spent a season at the council camps. The plastic recording, which can be played on any phonograph, has been mailed to some 10,000 Scouts and Explorers, and their unit leaders. It is enclosed in a combination envelope-folder describing each adventure and containing a registration form.

There's a bonus surprise among the 10,000-piece mailing. Any boys receiving a record bearing a gold label is eligible for \$10 in credit against his registration for any of the trips, whether outside or within the council's tri-state area.

The project of mailing was handled by Explorers and members of the Order of the Arrow. Photography was contributed by Robert Brooks of the DuPont Company, an Explorer advisor for the council. Printing was for the council.

Clarence J. Pyle, activities chairman, and William Poole, camping chairman, were in charge of the joint promotion which they hope will reach a wider number of potential campers in Delaware and sections of Maryland and Virginia than have ever been contacted previously.

The famed Philmont Expedition, which attracts thousands of boys and their leaders to New Mexico each summer, is a 21-day trip by chartered bus; three such round trips are scheduled for next year. The canoe trip for Explorers to Wisconsin's headquarters at the Scout Region VII's canoe base in the Northwoods will run June 30-July 12.

Du Pont Named Minority Leader By Republicans

The 10 Republican legislators met Tuesday night at the home of Sen. Margaret R. Manning in Marshallton and elected floor leaders for the 123d General Assembly.

The five senators named Reynolds du Pont of Greenville to serve as minority leader and Eugene Bookhammer of Lewes to be the whip.

In the House, T. Lees Bartleson of Lindamere was elected minority leader and Everett Hale of Newark was named as whip, a post held by Bartleson in the 122d General Assembly.

Du Pont was minority floor leader in the last session.

The Senate is to convene in Dover Monday to consider Gov. Elbert N. Carvel's nomination of Associate Justice Daniel F. Wolcott to be Supreme Court chief justice and former Superior Court Judge Daniel L. Herrmann to be an associate justice.

Du Pont said the five Republican senators discussed the appointments. He said it appears that Justice Wolcott will receive nearly unanimous support and that Herrmann "will probably have a GOP majority."

What's A Good School?

"What Makes a School Good?" This is the arresting title which The Atlantic in its October issue uses to introduce a series of articles on outstanding American high schools.

Dr. Eugene Youngert, who served for 16 years as superintendent of Oak Park and River Forest high schools in Illinois before joining the research team of Dr. James Bryant Conant in his study of American Education, finds three factors as significant in insuring consistently good school systems. The list includes:

1. Consistently good schools tend to be in communities that know the value of good education, that want good education positively, and that are willing to pay for good education whether or not they are well off financially.

2. Communities that have consistently had good schools have consistently elected able citizens to their boards of education.

3. Communities that have had consistently good school systems have consistently provided able executive and administrative leadership of their schools.

Local demonstrations can be found where school districts in Washington county measure up to the first point. The very fact that most districts following a decrease in state basic school support approved their budgets without cut in services with the property taxpayer picking up the difference indicates a willingness to support good schools. There is evidence that education in Washington county is considered of importance and provides a foundation for good schools.

As for the second point, The Atlantic article makes an observation. (Continued on Page 5)

Fire of undetermined origin did extensive damage to building and contents yesterday morning at 118 Dorman St., residence of Donald Jenkins.

Local firemen put out the blaze in about an hour.

Appraisal In Kent Delayed

Kent County's property reappraisal won't be completed until next summer it was reported Tuesday.

Chester J. Bricko of the J. M. Clemmshaw Company told the Kent County Levy Court that it will be impossible for his company to finish its job by the Jan. 15 contract deadline.

Levy Court members agreed they would rather have Bricko and his men take the additional time — at no extra cost to the county — and "do the job right."

Bricko said several set-backs have caused postponement of the completion date.

He cited a late start on the work, delays in receiving materials, training and personnel problems and researching deeds as the primary causes of delay.

Bricko said research has taken longer than planned because of the condition of Kent County's property deeds. Many plots, he said, have inadequate or inaccurate descriptions of boundaries and other complications.

He said the reappraisal could be completed as early as June or July, and will definitely be finished by November. The November deadline, he added, will still leave enough time for the reappraisal to be processed and put into use by the county in 1966.

"We wanted to avoid a crash program just to meet the January deadline," Bricko said. "This turned out to be a blessing in disguise, because now we can do the job and do it right."

Levy Court agreed and granted the request for an extension of the deadline.

Contest Set For Pianists

Delaware high school pianists can compete for a full tuition scholarship at the Peabody Conservatory of Music in Baltimore next February.

The contest will be sponsored by the Eastern Division of the Music Teachers National Association, comprising Delaware, Massachusetts, Rhode Island, New York, New Jersey, Pennsylvania, Maryland, and the District of Columbia.

The Peabody Conservatory faculty includes such music world luminaries as pianists Leon Fleisher, Konrad Wolff, Julio Esteban and Walter Hautzig; violinists Robert Gerle and William Kroll, and cellists Mihaly Virizlay and Paul Olefsky. It is one of the oldest and most noted conservatories in the country.

Competitions will be held in Philadelphia Feb. 7, 1965. Applicants may get more information from either of two officials of the Delaware State Music Teachers Association. They are Mrs. Avanelle Poehler, 205 South Rd., Lindemere, Wilmington, association president; and Henry Lee, assistant professor of music at the University of Delaware in Newark, chairman of the association's student activities.

Santa Claus Visits Local Democrats

The Ninth District Democratic Club held its annual Christmas party Tuesday night, with Buddy Vincent presiding in absence of the president.

Following a covered-dish supper, games were played and the children were given treats by Santa Claus at a Christmas tree.

Harrington Dominates All-Star Team

Undeclared champion Harrington High dominates the 1964 All-Enlopen Football Conference selections as chosen by balloting of the coaches.

The Lions placed three players on the offensive team (end Dick Black, tackle Gayle Fry and back Rusty Jack) and as many on the defensive team (end Ron Hughes, quarterback Porter and safety Larry Garey). Hughes and Jack were All-State No. 2 team selections also.

Bridgeville, Millsboro and Dover Air each landed two players on the offensive team, with Bridgeville getting two spots on the defensive club as well.

OFFENSIVE TEAM

Ends: Dick Black, Harrington and Jim Downs, Rehoboth Beach. Tackles: Gayle Fry, Harrington; Dick West, Lord Baltimore, and Wayne Baker, Delmar.

Guards: Tom Smith, Bridgeville, and Bill Davis, Delmar. Center: Glenn Davis, Millsboro. Backs: Bill Hopkins, Bridgeville; Rusty Jack, Harrington; Ed Cathell, Millsboro, and Dave Meyers and Steve Walmsley, both of Dover Air.

DEFENSIVE TEAM

Ends: Ron Hughes, Harrington, and Dallas Wright, Millsboro. Tackles: Kent West, Bridgeville, and Bob Atkins, Clayton. Middle Guard: Dave Vignola, Rehoboth Beach.

Linebackers: Ed Cress, Clayton, and Carleton Murray, Sel. (Continued on Page 8)

Christmas Season At Stockley Begins Dec. 13

The Christmas Season at the Hospital for the Mentally Retarded will officially begin on Sunday, Dec. 13, with the second annual Christmas dinner for employees and their families.

A traditional Christmas menu featuring turkey and all the trimmings will be served in the All-Star Auditorium to approximately 300 employees and their guests between the hours of 1 and 3 p.m. Special organ music for the occasion will be provided by Howard Tingle of Hammond Organ Studios, Salisbury, Md.

Invitations have been issued to the Board of Trustees and their spouses; to all regular volunteers and spouses; HMR Auxiliary members and spouses; foster home parents and their charges.

At 7 p.m. Mon., Dec. 14, an outdoor religious program and tree-lighting ceremony will be held in front of the Administration Building for hospital residents, employees and their families.

Immediately following this program, a Christmas party for employees' children, ages 1-12, will be given in the All-Star Auditorium. This party is financed by division and department heads at the institution.

All employees and their families are invited to attend the tree-lighting ceremony and Christmas party, but reservations are required for children who will receive gifts from Santa.

Christmas vacations for residents (patients) will begin at 1 p.m. Mon., Dec. 22. Last Christmas, approximately 200 resident (patients) were granted vacation privileges. It is expected that an equal number, or more, will be granted for this holiday season.

Fire Damages Kent Building Supply Here Saturday Morning

The investigation into the cause of a fire that destroyed much of the Kent Building Supply Company here early Saturday is continuing.

Deputy State Fire Marshal J. Benjamin Roy Jr., said this week he wants to do more probing and talk to the owner of the company, Warren G. Steerman.

Steerman was contacted in West Virginia Saturday morning by relatives, after the supply firm, on Vernon Road, was damaged.

He said he did not know what the damage would amount to or whether he would rebuild. He added part of the loss was covered by insurance.

Fire Chief Tom Brown estimated 85 per cent of the structure was destroyed.

Brown said the cause of the fire is not known. There was no heat in the section that burned, he said.

Firemen from Harrington, Felton, Houston, and Farmington saved the showroom in front and a lumber yard on the side, Brown said. In the part that was burned, he said, were such materials as roofing, paints, tar and plywood.

The alarm was sounded at 2:30 a.m. by Dale Sullivan who was on his way home to near Vernon.

Firemen had the fire under control within an hour, with the blaze being extinguished by 6 a.m.

Firemen were hampered by limited water from the main and tank trucks were put into use.

Inaugural Committee Appointed

Gov.-elect Charles L. Terry Jr. has named a seven-member committee headed by his brother, N. Maxson Terry, to plan both Delaware's inaugural ceremony and the state's participation in the presidential inauguration.

N. Maxson Terry, a Dover lawyer, is chairman of the State Highway Commission. Other members of the committee are Leon DeValinger, state archivist, co-chairman; and Elisha C. Dukes, secretary of state and Democratic state chairman; Mayor John E. Babiarz of Wilmington; Sen. Walter J. Hoey of Milford; Rep. Norman A. Eskridge of Seaford, and Robert F. Kelly of Wilmington.

All are Democrats.

The committee will make arrangements for the inaugural ceremonies of Gov. Terry to be held Tues., Jan. 19, at noon in front of Legislative Hall and the Inaugural Ball to be held that evening in the armory.

In addition, it will plan the official delegation to represent the state at the ceremonies in Washington on Jan. 20 when President Johnson will be inaugurated.

Heading the list of Delawareans to the presidential inauguration will be Gov. Terry and members of the General Assembly.

According to the committee, Delaware will be represented in the Washington inaugural parade by its new governor, a marching unit of the Delaware National Guard, the guard band and a float depicting the First State.

The members accepted the Board of Directors recommendation to build a 12 ft. x 12 ft. building in the alley at the rear of the fire house for the purpose of storing hose, chairs and other property of the Company.

William H. Outten, chairman of the Fund Drive Committee reported that \$1725.25 has been donated to this company to-date. He stated that the fund drive is still open to those wishing to make a donation.

Baby Neglect Charge Jails Mother, 22

A 22-year-old mother Tuesday was sentenced to six months in jail after she was found guilty of abandoning and neglecting her newborn baby.

Mrs. Yvonne Thompson, 22, of near Hartly pleaded not guilty to the charge in Kent-Sussex Family Court. Judge Marion W. Stevenson found her guilty.

Mrs. Thompson left her 6-day-old child with a couple near Harrington on Oct. 30 while she went to get her car repaired, Family Court officials said.

The couple later called state police when Mrs. Thompson failed to return for the baby girl.

The infant was identified by matching footprints at Kent General Hospital, taken Oct. 28 when she was born.

Mrs. Thompson was arrested and charged with abandonment and neglect. She was arraigned before a magistrate and jailed in default of \$1,000 bond.

The infant has been placed in the care of state welfare officials.

News from Mennonite Church Bulletin: "The Beginners in Christian Life class met, starting Dec. 6 during the Sunday school hour in the men's anteroom.

The group who worshipped together Thanksgiving morning represented a number of churches and states. The approximately 325 who shared the noon meal were also from various communities.

Some of you will be interested in word from David Schlabaugh of Ohio: "I had Mike write you the other evening. I'll send his letter just as it is. His memory is remarkably good constantly making progress in one area or another—doesn't remember another. Doesn't remember anything of being in a Toledo hospital (July 6 to Oct. 6). He began writing as the first means of communication. Wouldn't try to talk as long as I spoke audibly so I guess the Lord gave me the idea to whisper. I told him to watch my tongue and lips and do whatever I did. He was eager. He tried everything. Soon he was whispering more than he was writing." (Is now also speaking some audibly.)

Mrs. Jacob Hatfield, Mrs. Delema Smith, Mrs. Lawrence Meredith, Miss Leila Tatman, Arthur Tatman, and Miss Grace Porter were among those from Greenwood attending the presentation of "The Messiah" in Dover Sunday afternoon. And of course our own Kathryn Copple was the accompanist. Many of our Mennonite friends and neighbors were on stage.

The new farmer's tax guide is available at our office. Managing a farm business to avoid unnecessary tax payment requires complete and accurate records. The lack of good farm cost records and depreciation schedules causes many farmers to pay more income tax than is required.

A second step toward saving money is to get good professional tax advice and be willing to pay for it. Nothing is more costly than poor advice.

Since it is unlikely that many individuals keep up with all tax rules, a farmer should find a farm income tax specialist.

And finally, plan to see your tax specialist more often than at tax filing time. The more the tax consultant knows about a client's farm business, the more he can help with effective tax management.

Delaware farmers are using three times more credit now than they did 10 years ago. Three conditions that have caused farmers to use more credits.

A rapidly changing technology in agriculture that requires larger outlays of cash for fertilizers, insecticides, equipment and other items.

A relatively low operating margin from the production of crops, livestock and livestock products, which forces farmers to increase the size of their operations.

Farmers cannot generate enough capital of their own to enlarge their operations at the rate necessary for efficiency.

"The control of shelf space at the retail level is a powerful economic force and one that is recognized by processors and packers as vital to their industry," says a resolution adopted by the Ohio Farm Bureau which recommends purchase of one or more major retail food chains.

A \$400 dollar investment from one-third of Farm Bureau's national membership would assure the 200 million dollars considered necessary for such a venture.

The 1964 directory of Delaware certified seed producers has been released by the Delaware Crop Improvement Association.

In addition to listing sources of certified wheat, oats, barley, rye and soybeans, it also gives recommendations for seeding cover crops and discusses trends in soybean varieties.

Copies of the 1964 Delaware Certified Seed Producers directory are available from our county extension offices or the Mailing Room, Agricultural Hall, University of Delaware, Newark.

The price of soybeans should remain stable until the supply and demand forces come into sharper focus later in the year, according to Tom Hieronymus, University of Illinois economist.

He says the soybean price situation is delicately balanced now, and a change in estimated crop size of oil exports can mean the difference between the price's going up or down.

If supplies are large enough to provide 470 million bushels for soybean meal, Hieronymus expects soybean prices to weaken. However the present figures indicate a supply of only 466 million bushels of means for meal.

Abstracts presented at the two-day meeting of the Peninsula Horticultural Society are available from our Extension Service office. Many interesting talks were presented on the production, harvesting, storage and marketing of fruits and vegetables. Discussion on pest control and irrigation, are also included in the abstract. Fruit and vegetable growers can check their mailed programs for the topics.

Speakers during the two-day program were from the Universities of Delaware and Maryland, Virginia Truck Station, the United States Department of Agriculture as well as commercial representatives and farmers from throughout the eastern part of the United States.

Dance Club News

The Harrington Dance Club will hold a covered dish supper and Christmas party at the Armory, Sat., Dec. 12 at 6:30 p.m. The President, Jack Dill, will be in charge of the entertainment for the evening, and promises much fun!

Turkey and all the trimmings will be on the menu of the covered dish supper. Every member will be contacted by telephone and asked to bring a dish of their choice.

Two orchestra dances are scheduled for January and March. These dances are open only to the dance club members, and to the invited dance club members of the neighboring towns.

If anyone is interested in joining this club, they may contact the corresponding secretary, Corinne Kohel. This would entitle them the privilege of attending all the social functions, including the orchestra dances held by our club and neighboring clubs.

Delaware Food Market Report

If you are looking for good eating at low prices, then you will do well to look to the less tender cuts of beef, those that are suitable for pot roasts and stews. The abundance of beef supplies make these cuts even more of a bargain than usual. Select roasts or steaks from the chuck or round, rump, English or Boston cuts, brisket and short ribs. All of these cuts are more tender when braised or simmered in liquid.

A good hearty stew is always excellent eating, but are you an expert stew maker. Here are a few basic rules from the American Meat Institute. Dip cubes of meat into seasoned flour and brown in a little hot fat over medium heat, for best results, brown only a few cubes at a time. Be sure to add interesting seasonings, such as celery tops, a few whole cloves and a bay leaf. Then add liquid to nearly cover the meat. Cover and cook over low heat until meat is nearly tender. Now is the time to add the vegetables and cook until they are done. Remove meat and vegetables to a hot platter and make the gravy. Pour the hot gravy over the meat and vegetables and serve.

Other meats to consider are pork roasts, cured hams and poultry products. Turkeys are again selling at low prices and broiler-fryers are reasonably priced.

The outstanding vegetable this week seems to be fresh cauliflower. The quality of this vegetable is excellent and the price ranges from medium to low. Supplies of sweet corn from Florida are large with specials at a number of stores making this vegetable a bargain, also. Other top vegetable choices include: broccoli, Brussels sprouts, artichokes, eggplant, mushrooms, green onions, peppers, and eastern potatoes. Most of our local markets are well stocked with such varied dark green leafy vegetables as: kale, spinach, parsley, endive, and escarole.

Apples continue plentiful with bagging sizes the most reasonable in price. Medium size avocados are also abundant. Most of these fruits are marketed before they are fully ripe, but they ripen readily when held two or three days at room temperature. Other fruits to choose from are Emperor grapes, citrus fruit and cranberries. Remember, cranberries are virtually off the market after December, so include them soon.

Cold weather suggest puddings for dessert — cranberry-rice or cherry-rice are two excellent combinations using ingredients in good supply just now. With plenty of milk as a principle ingredient and a scoop of whipped cream, as a garnish your pudding will be both good and good for you.

Out-of-Town Xmas Cards Should Be In Mails By Dec. 16

To be absolutely sure of on-time delivery, out-of-town Christmas cards should be put in the mail by (Dec. 16) at the latest, Postmaster Dill warned.

The Harrington Post Office will be open from 8:30 a.m. to 5 p.m. daily so that patrons may purchase stamps and mail cards and packages.

The postmaster also noted that there is more to the four new Christmas stamps than just a pretty design.

"Each of the gaily colored holiday messengers can trigger a vast amount of postal service for you," he said.

"The five-cent postage provides first-class mail privileges for Christmas cards. This means they may be forwarded or returned if undeliverable and they receive the normal first-class priority in handling and delivery.

"Of course, the stamps will be good for all mailing purposes for which postage stamps are used."

The Post Office Department predicts another record volume of mail this Christmas, with seven billion pieces moving through the system during the pre-Christmas peak.

Postmaster Dill estimated that mail volume to date is running about same as last year during the same period.

So far 120,000 Christmas stamps have been purchased by Harrington citizens.

The postmaster is suggesting that all outgoing mail include the local ZIP Code 19952 in return addresses.

While attending the birth defects conference, the Delaware representatives will tour the Salk Institute for Biological Studies. Several hundred volunteers are expected from the fifty states.

The search for causes and ways to prevent birth defects will be outlined by March of Dimes-financed research grantees and other outstanding investigators in the field of congenital abnormalities. Dr. Morris Fishbein, internationally known medical educator and editor will also address the conference.

Bayard and his party will also hear Dr. Jonas Salk, who developed the first successful polio vaccine with the total support of the March of Dimes. He will present a progress report on the Salk Institute near San Diego. Delegates will tour the site of the Institute's first permanent laboratories, scheduled to open in 1965.

The national conference will conclude with a dramatic presentation on the child born less than perfect by Miss Jane Wyatt, noted actress and National Chairman of the Mothers' March which climaxes the January March of Dimes.

CANCER CLINICS NEED SUPPORT

The State Board of Health no longer conducts cancer clinics here for women because of the lack of attendance. However, they are held in nearby towns.

Perhaps we have been misinformed, but we know clinics were once held here. We were told by local informants that attendance dropped as low as two persons.

The fact is: Continuous checkups do a lot to nip cancer in the bud. The main thing to do is: Don't guess, don't presume. Check on it as soon as any suspicious sign is observed. Better still: Regular attendance at a cancer clinic is compulsory for optimum results, the same as its attendance at the annual chest x-ray here.

We have a number of civic clubs here interested in the welfare of the community. Promotion of a cancer clinic for women and for men here would be a most worthy enterprise. This promotion would include solicitation to be sure enough persons attended the clinic to make it worthwhile.

When it comes election time, one can be sure one's vote will be solicited. Why not solicit one for one's health?

FLOWING BOWL COULD INCREASE TRAFFIC TOLL

Your flowing bowl could increase the traffic toll, the Delaware Safety Council warned yesterday.

The office party with its flowing bowl can further boost Delaware's soaring 1964 traffic fatalities, said J. James Ashton, manager of the council.

"Either dry it up or cut it out," the council manager urged business and industry, suggesting this would be a constructive step toward preventing a further increase in Delaware's 1964 traffic death record.

Studies made by the National Safety Council show that a sizeable percentage of Christmas season traffic accidents occur in the early hours. Many of these can be traced back to the office party and its highball hilarity.

"This is no effort to dampen the traditional Christmas spirit," Ashton emphasized. "It is a practical attempt to eliminate a definite source of death and destruction on the streets and highways at a time they hurt the most—the Christmas season."

"Good sense requires that if you drink, you should refrain from driving. If you must drive—don't drink. The throttle and the bottle don't mix," said Ashton.

The council is asking its business and industrial member concerns to take a new look at their office parties and either keep the cork in the bottle or eliminate the parties.

It is tragically ironic to celebrate a holiday dedicated to "Peace On Earth, Good Will Toward Men" and then send people out on the public highways in a condition to injure or destroy fellow men, Ashton declared.

HOW BAD ARE OUR YOUNGSTERS?

It seems traditional for adults to despair of the younger generation, and see little hope for a future in the hands of such giddy, wanton and irresponsible citizens. Admittedly, most youngsters seem to be a continual trial to their elders. But are they really so hopelessly bad and useless? Is the world doomed in their hands?

Though hardly the last word on the subject, a study that came to our attention the other day would seem to indicate otherwise. At least it tends to counter the doom and gloom view so often expressed these days with respect to the oncoming generation, and offers evidence that today's kids, by and large, have much the same potential with which previous generations of Americans are credited.

As reported by Columnist Ray Cromley of the Newspaper Enterprise Ass'n., the study was financed by the US Office of Education and conducted by the University of Pittsburgh. Covering some 450,000 students in 1,357 high schools across the land, the study seems to indicate that the average student is a fairly conservative and hard-working chap.

"Religions Of The World" Program Topic

Rev. Charles Poukish, minister of Trinity Methodist Church was guest speaker at the Harrington New Century Club on Tuesday afternoon presenting the topic "Religions of the World". Well versed in his subject, he told of the five stages which cover each religion. A brief look at the denominations which are best known in the world was interesting to his audience.

Mrs. Arnold Gilstad was chairman for the afternoon. With her committee she had decorated the stage with greens combined in arrangements with candles and on the stage with a gold cross.

A duet by Mrs. William Shaw and Mrs. Gilstad completed the program.

Fruit for the cheer baskets was brought to the meeting. Mrs. Norman Oliver, Sunshine chairman, will be distributing the baskets this weekend.

Refreshments were served by the committee, who were Mrs. Poukish, Mrs. Luster Rogers, Mrs. Harry D. Adkins, Mrs. Fred B. Greenly, Sr., Mrs. John Walls, Mrs. Reese B. Harrington and Mrs. George Hanson.

The next meeting will be on January 12 with Mrs. Oscar Dickerson in charge of the public affairs program.

For instance, more than 56 per cent of those studied were active in church, religious or charitable groups. Almost 44 per cent of the senior boys and 30 per cent of the girls earned 70 to 100 per cent of their spending money. One-third of the senior boys and girls "save a definite amount" of their earnings and only spend what remains.

After they have started to earn a living, 77 per cent of the senior boys and 79 per cent of the girls expect always to pay cash "for everything" they buy, except such large items as a house and a car. Only 1 to 2 per cent expect to buy "almost everything" on the installment plan. More than 43 per cent of the boys and 35 per cent of the girls said that college is the most important thing toward which they are now saving. Marriage came next, followed by cars and clothes.

Almost 46 per cent of the senior boys and 58 per cent of the girls said that marriage or family was the one most important thing for which they expected to save after completing their education. A house or furniture came second, and a car or investments was third.

In describing the occupations they desired, 80 per cent of the young men said they preferred to "work for myself." Half of them would "like very much" to be president of the United States. Both senior boys and girls felt it more important to choose "work that seems important to me" than to pick a job for good income, advancement or job security.

The median number of hours spent doing chores around the house was 4.6 per week for senior boys and 7 hours a week for girls. A fifth of the boys and a third of the girls spent 10 hours or more a week at chores. The median number of hours spent studying outside of class was 8 hours a week for girls. A sixth of the young men and a quarter of the girls study 15 to 20 hours a week or more outside of class.

Does this sound like young people with whom we are acquainted? Let's hope so, and let's hope that our attitudes are not overly colored by the renegade minority that seems bent on turning the word inside out. Youngsters often complain that all are condemned because of the transgressions of the few. All most kids ask is a little benefit of the doubt and a chance to prove themselves. In this and other respects, we suspect they differ little from their predecessors—today's adults who bemoan the shortcomings of the younger generation—The Livestock Reporter, E. St. Louis, Ill.

Hearts and Hunting Tips

With the hunting season in the air, nimrods from every part of Wisconsin have their eyes on the woods, their spare time devoted to checking guns, clothing and camping gear, and, in ever larger number, according to Wisconsin Heart Association, their names firmly listed in their doctor's appointment books.

Gone are the days when "verboten" was the word for hunting enthusiasts with heart disease, though in many states more hunting deaths still result from heart attacks than from gunshot wounds. The hunters who become headlines are often those who haven't had a physical examination in years—nor a regular routine of physical exercise, either.

But with more and more states adding a list of health do's and don'ts to their hunting and fishing mailings, hunters are adding the medical check-up to their pre-trip planning. The biggest

game, it seems, is in the healthy return.

How cold will it get at night and how hot in the midday sun? How far will you hike through the underbrush and marshes, how long the uphill climb, how high the altitude you're heading for? These are some of the factors you will want to take into account.

Starting with the physical checkup, Wisconsin Heart Association offers valuable tips for all hunters:

Condition yourself as for any unusual physical exertion, with an increasing schedule of exercise in preparation for D-Day;

Choose lightweight but warm clothing, to lighten the load on your heart;

Know simple first-aid rules; Be moderate in eating and drinking, and remember that drinking mixes with neither driving nor hunting.

Some added tips especially for hunters with a heart condition: Never hunt alone.

Tell at least one member of your party about your condition,

what medicine you take, how the medicine is given, and in which pocket you carry it. Keep the medication instructions clearly typed or printed on the container.

Get a good rest—preferably a full night's sleep—before you set out to hunt.

Go a few days early when the hunting area is at a higher altitude than your used to. This will permit your heart to adjust before you add the active strains and tensions of the hunt itself.

Rest along the way as often and as long as necessary—before you get too "bushed," take your stand near camp and let the others flush.

Bringing the deer back after the kill is heard work. Sensible hunters share this burdensome chore—heart patients never touch it!

Hunting can be one of life's great adventures, but hunters who are out of practice as outdoor men can push too hard, too fast, too far. If you take as good care of your body as you do of your gun, you can continue to enjoy hunting seasons for many years to come.—The Standard-Press, Burlington, Wis.

rates little above zero.

One can use his ability to amass money and property, to attain prominence and power.

If that is all he does, he is a failure, a worse failure than the less gifted who gets nowhere materially but does contribute in some way to the welfare of his fellow-men.

Apparently Irvamae Applegate, president of the Minnesota Education Association, agrees. In her bulletin she says, in part:

"There's great concern for the gifted, and many special programs have been provided for them, particularly the intellectually gifted. Parents have sacrificed to provide special things for their children who are 'smart in school.'"

"But, in these efforts, an important ingredient apparently has been lacking; because too many of these young people are arrogant, impatient with the less gifted and have no sense of responsibility to use their gifts for the

benefit of humanity. They do not respect their gifts nor in any way appreciate their good fortune.

"Parents and teachers, all who deal with these youngsters, must help them develop into worthy human beings as they help them develop their particular talents, or the world will be no better for their having lived."

"The basic characteristics of young people are no different today than they always have been. Adolescent youth, as it erupts toward maturity, goes through the same developmental stages it always has.

"There are, however, two differences between today's youth and those of a generation ago. Today they have money and mobility. Today they don't have parental control.

"Adult leadership is needed to

help the kids.

"Books have never been more plentiful and available. Materials for art activities are plentiful and inexpensive.

There is plenty to do.

"It has been said that education and Democracy are inseparable. The prospects for democracy are frightening if tomorrow's citizens are not dedicated to values that support it."—Sleepy Eye (Minn.) Herald Dispatch

Brilliance Isn't Enough To Be A Good Citizen

"The community should do something to insure that lad getting to college," said a friend a year or two ago.

We agreed, provided that the young fellow's sense of values came somewhere near matching his intellectual brilliance.

It is not too early to be thinking about Memorial Flowers for the Altar during the year 1965. There are several dates during the year when flowers are not used. They are Lent (March 7 - April 11) and Advent (the four Sundays before Christmas). Also the first Sunday in January, the last Sunday in July, and the first Sunday in August are not available. If you wish to reserve a date during 1965 in which to honor your loved ones, as well as to observe birthdays and other anniversaries, please call Mrs. William Hearn, 398-3727, and indicate to her the desired date. Please do not delay. This is a service of love which you can render to your own satisfaction, the Glory of God, and the beautification of our Church altar.

A nice greeting has come from Franklin Fowler, Jr., who is in the U.S. Navy and who is away at sea. He says, "I would like to send my very best wishes and prayers to the congregation of St. Stephen's." We appreciate Franklin's greeting very much. It is unusual to receive such a greeting from a young man of his age. Franklin's address is: 770-5858 - 1st Div. U.S.S. Princeton, L.P.H. 5, c/o Fleet Post Office, San Francisco, Calif. 96601.

We of St. Stephen's would like to take this opportunity to send an early Christmas greeting to all our men and women in the service, as it may take some little time to reach them. We certainly hope that their Christmastide may be a most blessed one and that the New Year will bring happiness and all good things for them. We remind them of the collect for the second Sunday after Christmas Day which we quote in behalf of them. "Almighty God, who has poured upon us the new light of thine incarnate Word, grant that the same light kindled in our hearts may shine forth in our lives. Through Jesus Christ our Lord."

The addresses of the service men are given below as we hope that many people here at St. Stephen's will send Christmas greetings to them.

At the annual parish meeting this past Monday, the following were elected to be on the St. Stephen's vestry for the next three years: Mrs. Edna Baynard and Messrs. Carrington Burgess and George Thompson. Retiring from the Vestry at this time, having served faithfully for three years are Messrs. Frank J. Elton and Robert McNally, while George Von Goerres retires after having filled the unexpired term of Hartman Hynson. We thank these three retiring members for their faithful service. To meet monthly to carry on the business of the church is to make a big contribution to its life. Remaining Vestrymen Mrs. Hewitt Smith, and Messrs. Walter Winkler, Clyde Perry, Robert Nelson, Robert Creadick and Ezra Yocum, with the vicar, welcome the new members and look forward to working with them.

Kennel Club Notes

Only about ten days remain before Christmas, therefore everyone who is going to order a Christmas Poinsettia in memory of their loved ones who have departed this life, must do so without delay. We are pleased with the response thus far, but feel certain there are those who would like to be included in this Christmastide offering. Donations for Poinsettias this year come to \$2.50 each. The plants will remain in the sanctuary until the first Sunday after Epiphany, which is Jan. 10.

Veterans News

Many veterans whose non-service-connected disabilities prevent them from buying commercial life insurance at substandard rates will have the opportunity to obtain National Service Life Insurance during a one-year period beginning May 1, 1965.

Leon Fields, manager of the Wilmington VA Regional Office, pointed out that these applicants, unacceptable to commercial companies, will be obliged to pay very high premiums.

Nonservice-connected veterans affected are those who had been eligible to purchase insurance between Oct. 7, 1940 and Jan. 1, 1957, but who now hold less than \$10,000 worth or none at all.

Mr. Fields said these veterans may obtain a general information sheet at the Wilmington Veterans Administration Regional Office, 1601 Kirkwood Highway, VA Hospital Building, Wilmington, or at any VA Regional Office. However, veterans are reminded that no applications may be made prior to May 1, 1965.

The condition rendering the veteran uninsurable had to be in existence on the date the President signed the bill, he said.

More than 12,790 veterans in Delaware will receive \$611,200 in 1965 GI Insurance Dividends, according to Mr. Fields.

The dividends will be paid between January 2 and January 10, 1965, VA Insurance officials expect.

Mr. Fields said 344 veterans of World War I will receive \$23,200 and 12,446 veterans of World War II will receive \$588,000.

Throughout the nation, \$224.5 million in dividends will be divided among 4,610,000 veterans. \$210 million will go to about 4,400,000 World War II veterans who hold National Service Life Insurance (NSLI) policies, and \$14.5 million will go to 210,000 World War I veterans holding U. S. Government Life Insurance (USGLI) policies.

Koeran Conflict veterans hold non-participating policies that do not provide regular annual dividend payments.

The regular dividends are primarily a return to the policyholders of part of their premium payments since the death rate among GI policy holders continues to be lower than the rate upon which the payments were established by law.

Mr. Fields said the dividend payments will be prepared and mailed automatically to veterans or their families, and that no

correspondence from policyholders is required.

Ron Hughes, Rusty Jack Make 2nd Team All-State

Harrington High's Ron Hughes and Rusty Jack became the first Lions to earn a spot on a Delaware Scholastic All-State team. Hughes, a guard and Jack, a back, were key performers as Coach Frank Glazier's Lions turned in the first unbeaten season in the school's eight-year gridiron history and also won the Henlopen Conference title for the first time.

It will be interesting to see how many Lions will win spots on this year's All-Henlopen team. We understand that the league's all-star team this year will consist of 22 men with 11 on the offensive unit and 11 on the defensive unit.

We believe that George Pfeifer was the only local to win a first team berth in previous years. With 22 positions open, H.H.S. should get several.

Myrlon Shockley Wins Heart Fund Bowling Contest

A young woman bowler from Rehoboth rolled a clutch 10th-frame strike to win the woman's title in the state roll-offs of the Delaware Heart Fund bowling tournament at Bowlerama on Sunday.

Myrlon Shockley warded off a final game challenge by Mrs. Gertrude Clarke of Blue Rock Manor, while Jerry Bender, of Kynlyn Apartments claimed the state's men's title.

Miss Shockley, the Sussex County winner earlier, began her final frame trailing by nine pins, thus needing at least a spare to claim the championship. Mrs. Clarke, the New Castle County winner, had rolled first and finished her three-game series 71 pins above her regular league average.

Mrs. Barbara Gruwell of Middletown, the Kent County winner, failed to match her league average and thus was not in contention.

With the title at stake, the trim blonde from Rehoboth rolled a strike and followed up with a second strike and a seven in extra frames to boost her total pin production to 86 above her league average.

In the men's division, George Lafferty, of Lewes, the Sussex County winner, led at the end of the second game with a total of 91 pins above his league average. Middletown's Jack Wynne, the Kent County champion, was second with 85 pins above his average, while Bender was third with 80 extra pins. Bender, lead-off bowler for the men, applied the pressure to close with his best game of the tournament, 164. Since he entered with a league average of 95, the 69-pin edge in the final game gave him a total of 149 extra pins, well beyond reach of the other two contenders. Lafferty finished with a margin of 122 pins and Wynne 104.

Asbury Men Feed Lions

The Asbury Church Men's Club had the undefeated Harrington High football Lions, the players' fathers and coaches as their guests Sunday morning at breakfast in the church's Collins Building. It was a most appropriate spot for such a gathering as the late Rev. Ed Collins for whom the annex was named, was one of the most ardent boosters of sports that the town of Harrington has ever known.

Jack Dill welcomed the gathering of sixty or more. Howard Wagner gave the invocation and the athletes then gave a demonstration with knives and forks that equalled their fine gridiron exploits. The delicious food served up by Charles Peck Jr. and his kitchen staff vanished quickly.

Cliff Miller recited an inspirational poem "The Test of a Man". This was a very effective presentation which impressed everyone.

Paul Vineyard, Jr., formerly of Harrington, now a dentist in Salisbury, talked about a singing group called the Peninsulaires which may perform in this area. They feature 35 singers and recently played to 1800 music lovers in two Salisbury showings.

A 30-minute film featuring the Rev. Bob Richards, two-time Olympic pole vault champion, was shown. Richards is now director of the Wheaties Sports Foundation and is a most able speaker. His address was titled "Motivation For Living".

"It's hard to motivate" said the athletic parson. Many could be great but are not. He urged his listeners to use their abilities, to take risks and expect to go through failure before achieving success. Failure is God's shock treatment.

Richards said that the U.S.A. must get more boys out for sports or expect to fall by the wayside in international competition. A man can be what he wants to be if he is willing to pay the price. The price is dedication. Ability is important but dedication is even more important. A dedicated athlete will often defeat a more-talented, less-dedicated rival.

Pete Snell, of Australia, became the first man in 40 years to win Olympic races at the distances of a half mile and a mile when he captured both events in Tokyo. Snell runs 20 miles every day. Dedication is the key to his success.

Valerie Brunel, of Russia, at the age of 19, high-jumped a world record 7 feet 4 1/2 inches after not being out of condition for seven years. Brunel has since done 7 feet 5 3/4 inches. He is only 6 feet 1 inch tall.

Here at Harrington High School a few years ago the writer was standing with a large, well-built lad watching the football Lions of that year win a game. This lad remarked "Gee, I'd give anything to be out there on that field with those boys". We happened to know that he had been a member of the squad not once but twice that same autumn. He had quit twice. Lack of dedication was his downfall. He wanted to play but he didn't want to pay the price.

Mayor Fulton J. Downing gave the benediction to what had been a most enjoyable affair.

in keeping with the holiday season, are being planned by the hospital staff and interested community groups and organizations, for residents who will remain at the Institution. These include special religious ceremonies ie: Night Mass on Christmas Eve for Catholic residents; a festival of carols for employees and residents on Wed., Dec. 23 at 1:30 p.m. (All-Star Auditorium); a Christmas pageant, presented by the Educational Division, for residents and employees Mon., Dec. 22, at 1:30 p.m. (All-Star Auditorium); a visit by Santa Claus, Dr. Peter A. Pfeffer, Superintendent, and the hospital staff to all wards on Thurs., Dec. 24, at which time each resident will receive a gift from Santa; a clandestine visit from St. Nick on Christmas Eve with gifts for all residents and a special Christmas dinner, featuring turkey, pie and all the trimmings at noon on Christmas Day.

Professor Tassel of WBOC Television, Salisbury, will visit the Hospital for the Mentally Retarded Mon., Dec. 14, at 1:30 p.m. to present a Christmas card tree to the younger residents. This "tree" was made possible to Professor Tassel through his television audience, who have contributed the cards.

Raceway Ramblings

Starting this week we are going to try and write a column on the activities of the winter colony at the Kent and Sussex Raceway. We don't know much about horses but we'll do the best we can and hope our readers will bear with us.

George Simpson says that horses are coming in faster than ever before with good stalls as a premium as of early December instead of February, the usual full-up date.

Stables that arrived in the past two weeks were those of L. L. De Berry from Hinsdale, N. H.; Charles Passwaters, of Wilmington; Paul Vineyard, from Yorkers; Del Manges, from Batavia; Vernon Kachel is due in this week with 25 head from Yorkers.

Ray Ellerman, an agent from Bridgeville, bought Flying Gypsy for \$31,000 Tuesday at the Tattersall's winter sale of standard-bred horses at Lexington, Ky. Flying Gypsy is a bay filly out of Scottish Fence.

Robert "Bob" Camper stopped in this week on his way south for the winter.

Dave Buckson is the first president of the newly-formed Harness Horseman's International which was recently organized in Montreal, Canada. Dave has been president of the Cloverleaf Association, a group of horsemen in Delaware, Maryland, Virginia and the District of Columbia. Bill Savage and Olin Davis are directors of Harness Horseman's International.

Buckson, Savage and Davis represented Cloverleaf at the recent USTA meeting in Columbus, O. Gordon Smith and George Simpson also attended on behalf of Kent and Sussex Raceway, while Pete Shaw did the same for Rosecroft Raceway. Associate Judge Fred Greenly also attended.

We are indebted to Hattie Thomas, George Simpson, Eugene Anderson and Paul Garey for their help in getting us off to a modest start.

Elmer Looney and Henry Palladino were two familiar faces we spotted on our first trip out to the track. This writer played baseball against these former professionals in the Mid-Del League in 1949 or 1950 or thereabouts. Palladino played at Dover in the Eastern Shore League and managed Farmington in the Mid-Del. Looney pitched in the St. Louis Cardinal chain before bursters cost him his job. This ailment still plagues him at times. He pitched for Viola in the Mid-Del play.

We've heard it said that certain harness horses seem to enjoy having another animal in the stall with them for company. We spotted a fat, white goat closeted with a mare in Del Manges' barn. The goat appeared to be very content as it seemed to be trying to eat all the hay on the floor.

Henry Palladino's pet name for George Simpson is "Little Feather". Must be a private joke.

Two youngsters from the track are figuring to be important in fall sports at Harrington High. Charlie Tribbett is on the wrestling squad and Dean Manges is on the basketball team. Dean played on a jayvee cage team last winter, coached by Jim Hawpe, that compiled a fine record. Now Hawpe has moved up to the varsity taking Manges with him.

Football Coach Frank Glazier says that Dean played first-string football for Batavia, N. Y., High School this fall and helped

the team to a conference-winning 7-1 record. Batavia is a much larger town than Harrington so it seems reasonable to assume that the caliber of football played there is much stronger than that of the Henlopen Conference. Carrying this assumption one step farther we feel that it would be nice if Dean Manges could manage to start school here next fall instead of at Batavia. Then he would have an uninterrupted senior year and would be able to play one year of football at the school from which he will get his diploma.

Arnold Gilstad tells a story which may have some basis in fact. A farmer had an old horse that had to be disposed of. A friend offered to come by the following day and shoot the animal. The assassin appeared the next day with a group of deer hunters, who did not know of the contract between the hunter and the farmer. Nearing the ancient horse, the gunman suddenly shouted to his fellow nimrods "Hey, there's one now". He raised his weapon and dropped the horse with one shot. As you can imagine his terrified companions dashed for the nearby woods at a faster pace than they had been able to negotiate in years.

"Station Six-Sahara" At Reese Dec. 13 & 14

If the listings ring true, it looks as if the management of the Reese Theatre has hit the Holiday Bullseye again.

With "Pajama Party" with the entire Beach Crowd, including Tommy Kirk, a big time cannot help but be in store for theatre fans. Add to this MGM's big hit "The Young Lovers", starring Peter Fonda, Nick Adams, and Sharon Huguely, this unusual two top hit bill for this Friday and Saturday, Dec. 11 and 12, surely opens the door to great enjoyment.

Due to the subject matter, "The Young Lovers" will not be presented with the Children's matinee at 2:30 P.M. Saturday. Cartoons and extra added attractions will complete the matinee program.

Who hasn't heard of Carroll Baker? Yes, it's the same sex kitten that seems to be taking the country by storm in her newest sensation "Station Six-Sahara", that same fancy girl is at it again, this time with five desperate men, in a story as violent and searing as the desert sun.

The co-feature with "Station Six-Sahara" is the new Pat Boone hit "The Horror of it All", a spine-tingler of no small dimension.

According to the Reese Theatre program to be found in this newspaper, this terrific two hit show is listed for Sunday and Monday, Dec. 13 and 14. It is important that one note that during and through the holiday season, starting with Dec. 13, there will be one show starting at 8 o'clock on Sunday evening only.

Army Enlistees May Request Advance Leave

Young men who enlist in the regular Army between the 9th of December and the 1st of January may request up to fifteen days advance leave and be home for the holidays, according to a recent announcement by the U.S. Army Recruiting Service. M/Sgt. Walter R. Frazier, your local Army Recruiting Sergeant advised us that men without previous military service may take advantage of this optional leave time and then return to their recruiting main station for further processing prior to their departure to designated reception stations. Leave will be determined to preclude the enlistee's arrival at reception station on Christmas or New Year's Day.

Persons re-enlisting through the recruiting service during the same period may request a 15-day leave, with the exception of those individuals whose leave will start on Dec. 9. These persons may be granted a 17-day leave so they will not arrive at their new units on New Year's Day.

Women who enlist in the Women's Army Corps from Dec. 23 until Dec. 31 may be placed on leave immediately, leave granted to women under these provisions will end in order to permit them to arrive at the U. S. Wac Center by midnight, Jan. 3.

Recruits taking leave during the holidays will be allowed to take a seven-day leave after completion of advanced individual training (AIT) if they start basic combat training (BCT) on Jan. 4, 1965 and don't get leave after its completion.

M/Sgt. Frazier, your local recruiter will explain the Army's Christmas leave policy to all interested applicants, 218 S. Governor's Ave., Dover, Phone 736-6937 or 674-1360.
