

## OPERATION HEAD START STARTS IN HARRINGTON SCHOOL

Operation Head Start got underway at Harrington Special School District at 8:30 a.m., Monday, with 45 pupils scheduled to start.

Harrington was one of four downstate communities to start the program Monday as they began their classes for underprivileged preschool children. The other communities were Laurel, Seaford, and Camden-Wyoming.

Six other communities — Smyrna, Selbyville, Milford, Milton, Dover, and Viola, began Tuesday, apparently in deference to the observance of the holiday Monday.

The Head Start projects, some of which are sponsored by local school districts and others by community committees, were granted federal funds earlier this year in proportion to the size of the project.

The total amount of money appropriated here is \$7740. This allocation will be used to provide 90 per cent of the cost of all personnel, services, materials, and facilities. The remaining 10 per cent is being provided by the school in the form of classroom space, kitchen facilities, and the use of a bus. Included in the personnel is a director, three teachers, three aides, a social worker, a nurse, and a secretary.

The program will provide readiness, opportunity, and experience for the preschool children who will enter the first grade in September.

Director is Alan Rutledge; teachers, Mrs. Robert Harris, Mrs. Ola Tilden, and James Hawpe; aides, Miss Barbara Nielsen, Miss Sarah Moore and Miss Claudia Neeman; social worker, Mrs. Lagatha Farrow; part-time nurse, Mrs. James Temple, and part-time secretary, Mrs. W. C. Burgess.

Director Rutledge said Monday's opening was smooth, with a full schedule. Some 20 parents attended and took part in a hot lunch, part of the program, and a snack.

## Police Department Needs Another Man

Patrolman Carl Kemp was discharged by the City Council Tuesday night after Chief of Police Franklin Rogers said he hadn't seen him for 11 days.

The chief said that, consequently, Kemp was under suspension.

The Council, in its motion Tuesday night, instructed the chief to pick up Kemp's equipment and authorized the City manager to advertise for a replacement. The City is also advertising for a part-time man.

It was understood that Kemp has gone to work for a Dover car dealer.

In other police business Tuesday night, the chief gave the June report, as follows: 26 arrests and 16 reprimands for the month; 104 arrests and 90 reprimands for the year thus far.

Mayor Luther P. Hatfield said it was up to City Manager Alfred G. B. Mann to tell property owners to trim trees and shrubs where they interfere with pedestrians and vehicular traffic.

In other action, the city manager said he had an incomplete list of 20 property owners who had had sanitary sewers in front of their homes at least three years and had not connected to them, as required by law. It was recommended the list be turned over to the City's health office, in this case, the Kent County Health Department.

Accepted suggestion of Delaware Power & Light Company on installation of mercury vapor lights on Delaware Avenue from Clark Street to Liberty Street. All but two lights in this block were to carry 7000 watts. Two were to carry 3350 watts. The electric company didn't favor

OPERATION HEAD START — The instruction of less fortunate preschool children got under way here Monday. The federal-aid program will prepare children entering the First Grade in September. Price photo.

## GSA SEEKS OFFICE BUILDING SPACE IN DOVER

The General Services Administration Tuesday proposed to Congress a \$1,215,000 air-conditioned office building to house nine federal agencies in Dover.

The building, as described in a prospectus submitted to the House and Senate Public Works Committees, would occupy a 65,000-square-foot site in downtown Dover. GSA said the site might be obtained by a trade for the mostly vacant old Post Office building.

Rep. Harris B. McDowell Jr., D-Del., who instigated the building plan last March, said the structure would house all federal agencies now scattered throughout the Delaware capital except the Post Office.

McDowell said the proposal would make it unnecessary for the Social Security Administration to construct its own \$174,000 building for which plans were announced earlier this year. Instead, the agency would be allotted 3,745 square feet in the new building.

Other space allocations would be: Agriculture Department, 5,125 square feet; Commerce Department, 1,800; Defense Department, 800; Interior Department, 700; Justice Department, 700; Selective Service System, 560, and Treasury (Internal Revenue Service), 1,850.

Total interior space would be 22,500 square feet. Agencies would occupy 15,280; 2,000 would be held in reserve for expansion and the remainder would be used

for service areas.

Over a 50-year span, GSA estimated that construction of the new building would save \$1,197,008 over continuation of the present rental program.

McDowell noted that an additional saving of about \$150,000 could be achieved by making it unnecessary for GSA to renovate the old Post Office building. This could be done by a land trade plan under which the city of Dover could take the old Post Office in exchange for city owned land.

Approval of the prospectus this year would require special supplemental legislation. McDowell said he hoped a supplemental bill can be passed; failing that, he will push for inclusion of the Dover building next year.

The Medical Society of Delaware announced winners of its medical school scholarships this week. Grants of \$2000 each over a 4-year period were awarded to Robert Bunting of 4610 Pickwick Drive, Wilmington and to Walter J. Nicholson, Jr., 73 South Fairfield Drive, Dover to help finance their training as physicians.

Bunting is a graduate of John Dickinson High School and of Carleton College, Minnesota. At college he was elected to Phi Beta Kappa, and was graduated cum laude. In the fall he will enter New York's Columbia University College of Physicians and Surgeons.

Nicholson graduated from Franklin and Marshall College with a BA in chemistry. While at college he placed several times on the Deans' List with honors. He plans to enter the University of Pittsburgh School of Medicine in September.

Three other Delawareans are currently receiving Medical Society grants while they study.

The Medical Society of Delaware's scholarships are given to aid and encourage young Delawareans to become physicians. These scholarships are financed from funds provided by a contribution from each member of the Society.

Students who plan to enter medical school in September 1966 are invited to request scholarship applications from the Medical Society of Delaware.

The City Council, Tuesday night, motioned for a restriction of water uses until further notice.

The Council stipulated that uses of water outside the building be eliminated from 4 p.m. to 8 p.m., and that the stipulation be advertised.

The motion was made after City Manager Alfred G. B. Mann had said the City had water enough but not enough pressure.

## 2 Booked in Harrington

The Fourth of July was quiet in Harrington, according to the police, with just two arrests made during the weekend.

Both were for speeding, but one also carried a charge of breach of the peace. That one took place early Sunday morning when Ferdinand Gritz, Wilmington, was stopped for doing 40 m.p.h. in a 25 m.p.h. zone at 1 a.m.

Gritz put up an argument at the time of his arrest, which led to the second charge. He was fined \$15 plus costs for speeding and \$25 plus costs for breach of the peace by Alderman Arthur Marsan.

The other speeding arrest in Harrington occurred Saturday when Edward Ellingsworth, of near Harrington, was stopped for driving at a speed "greater than reasonable." He was fined \$10 plus costs by Alderman Marsan.

The other speeding arrest in Harrington occurred Saturday when Edward Ellingsworth, of near Harrington, was stopped for driving at a speed "greater than reasonable." He was fined \$10 plus costs by Alderman Marsan.

## Methodist Men to Participate in Church Conference

More than 100 Methodist laymen from Maryland, Delaware, and District of Columbia churches will participate in the 4th National Conference of Methodist Men, on the campus of Purdue University, Lafayette, Ind., beginning today and continuing through Sunday.

Mayor Theodore R. McKeldin, of Baltimore, will deliver the keynote address to the 5,000 men who have registered for the weekend. His topic will be "Today's Turbulent World". Born and raised a Methodist, Mayor McKeldin joined the Episcopal Church after twenty years of teaching an Episcopal Men's Bible Class while remaining a Methodist.

Theme of the conference will be "My Christian Witness in Today's World".

Chartered buses will start from Baltimore, Washington, and Dover, for the journey to Indiana, while many other delegates will travel by private car.

Robert M. Colston, of Baltimore, Baltimore Conference lay leader, and Maurice M. Hancock, of Salisbury, Peninsula Conference lay leader, will lead their respective delegations.

## 'Name The Train' Winner to Ride Train Tuesday

Tuesday, July 13, will be a day that Thomas W. Murray III will long remember.

That's the day he will receive the second of his awards for submitting the prize-winning name, Blue Diamond, for the Pennsylvania Railroad's new Delmar-Wilmington train.

That prize is a ride in the cab of the locomotive, Tom, who is 11, is going to make a day of it. Although he lives outside Chesapeake, he's going to ride the entire way—from Delmar to Wilmington—which means getting up before dawn to be aboard the train when it leaves at 5:56 a.m.

But there's hardly a person—whether he's 6 or 60—who wouldn't do the same for such a ride. It's only on rare occasions that a person other than an operating employe gets to ride in the cab of an engine, so Tom is going to make the most of his opportunity.

The Blue Diamond operates Mondays through Fridays, leaving at 5:56 a.m. and returning at 11:56 p.m. For reservations, call the State Chamber Olympia 4-5347.

## GAS FRANCHISE TO BE SETTLED IN AUGUST REFERENDUM

A referendum will be held Sat., Aug. 28, on a proposal to grant a franchise to Chesapeake Utilities Corporation to construct, operate, and maintain mains, using natural, manufactured, or mixed gas in Harrington.

The referendum will be held from noon to 7 p. m., Eastern Standard Time. Voting will be on an assessment basis as it is when voting on water and sewer referendums, explained Mayor Luther P. Hatfield Tuesday night at a public hearing preceding the regular Council meeting.

The hearing, attended by a handful of citizens, lasted one-half hour and divulged the following information: The franchise would be granted for 25 years, with the City being given the right to purchase the mains after 10 years. If the City then decides to sell, it must give Chesapeake the first opportunity to buy.

Estimated cost of installation would be \$125,000 and the project would be completed in 18 months.

Corporation would install main feed lines before it had made any sales. The mains might enter from U. S. 13 south, where the company has a line running to Salisbury. Favored was entrance on Delaware Avenue but this was ruled out because of a highway - improvement program on this avenue and Center Street.

Once the state improves a road, it does not permit breaking it except in an emergency. On questioning, company officials said it would, eventually, establish an office here. It sells gas appliances, but would install those sold on others free of charge.

The gas mains would be taxed the same as other utilities. Present at the Tuesday hearing were the following Chesapeake officials: E. C. Burton Sr., executive vice president; Edward Burton Jr., manager of gas operations; John Jardine, manager of sales development, and Fred Phillips, divisional operations manager.

## Dulaney Heads Wesley College Trustees' Board

Ralph O. Dulaney has been elected to the Board of Trustees of Wesley College, Dover, reports Dr. Robert Parker, president of the college.

Mr. Dulaney is a distinguished alumnus of Wesley having been graduated from the college in 1910 when it was still known as the Wilmington Conference Academy. Mr. Dulaney's formal education was completed at Wesleyan University, Middletown, Conn., where he had been elected to Phi Beta Kappa.

Following his discharge from the Army in 1919 with the rank of First Lieutenant, Mr. Dulaney devoted full time to the family food processing firm, now called Dulaney Foods, Inc. The company is located in Fruitland, Md. He was president of the company from 1946 until his retirement in 1963.

Mr. Dulaney has served in many honorary capacities during his outstanding business career. He is a past president of the Tri-State Packers Association (Maryland),

## Censors' Order Reversed

The Maryland State Court of Appeals reversed the Maryland Board of Motion Pictures Censors last week and ordered licensing of the Danish film, "A Stranger Knocks".

The action came in a brief order issued shortly after the court had viewed the movie and heard arguments.

The censors had banned the film, saying it went "substantially" beyond customary limits of candor in description and representation of sex.

A Baltimore court upheld the censors.

Felton

Mrs. Walter H. Moore

The Rev. Donald Washburn's Sunday morning message was, "What's Wrong?" Randy Blake, the baby son of Mr. and Mrs. William Wothers, was baptized. Layton Farrow was the Sunday morning friendly greeter.

The Official Board of the church will meet at the church, Friday evening, July 9 at 8 o'clock.

The net receipts for the Felton Street Fair held June 26, was \$1,257.12. Mrs. Millie Warrington, chairman of the fair expresses her appreciation for the wonderful cooperation given her as chairman.

Mrs. Howard Henry spent a few days last week in Trenton, N. J., with her parents, Mr. and Mrs. William Zenzer, while Dr. Henry was attending an educational convention in New York City.

Mrs. Lynn Torbert, Mrs. Russell Torbert, Mrs. Walter H. Moore and Mrs. Clifton Chambers spent the past Tuesday in Wilmington.

Mr. and Mrs. James Hastings and son, Jimmy, have returned to their home in Clinton, Iowa, after a visit with her mother, Mrs. Pearl Delong and his parents, Mr. and Mrs. Nelson Hastings, in Georgetown.

Mr. and Mrs. Albert Steele entertained at a party Tuesday evening at the Diamond State Roller Rink in honor of their 25th wedding anniversary.

Mrs. Russell Torbert was a recent visitor of her sister, Mrs. Hobart Sapp and Mr. Sapp in Ocean City, N. J.

Mrs. Lillie Blades and Mrs. Lynn Torbert spent Thursday and Friday in Wilmington with Mrs. William E. Haines and Mr. and Mrs. J. W. Alcorn.

Mrs. Lee Hughes and sons, Billy, Jeff and David, spent Sunday here with Lee Hughes at the home of his parents, Mr. and Mrs. Reed Hughes. Mr. Hughes expects to return to his home at Kirkwood Gardens, Wilmington, on Tuesday.

Mrs. Herman Woikoski and daughter, Shirley, spent 4th of July, at Slaughter's Beach.

Guests of Mr. and Mrs. Sherman Stevenson and family, Sherman Jr. and Tammy, were his mother, Mrs. Joseph Stevenson, of Bridgeboro, N. J., and her mother, Mrs. T. H. Server, of Beverley, N. J.

Mr. and Mrs. C. M. Simpler, Mr. and Mrs. J. B. Simpler and Mr. and Mrs. Herbert Abbott and children, Earl, Dorothy and Cathy, of Dover, spent the 4th of July weekend in Lewes, at the Simpler cottage.

Mr. and Mrs. Dale Hammond, of Viola, spent the weekend at Bethany Beach.

Mr. and Mrs. Dorsey Hammond, of Newark, were the weekend guests of his parents, Mr. and Mrs. William D. Hammond. Mr. and Mrs. Walter H. Moore were Sunday dinner guests of Mr. and Mrs. Hammond.

Last Wednesday evening, Mr. and Mrs. J. Barratt Simpler entertained Mr. and Mrs. William Myers and Mr. and Mrs. Walter H. Moore at dinner at Alexander's. The occasion was Mr. Myers' birthday.

Mr. and Mrs. Robert Shultie, Mrs. Vergie Carlisle, son, Gene, and daughter, Pat, spent Saturday with Mr. and Mrs. Harry Carlisle Jr. and daughter, Debbie, in Salisbury, Md. They spent the afternoon at Deal's Island, Md.

Mrs. Lillian Cabbage, of Newark, has been the guest of Mr. and Mrs. William M. Hammond.

The Felton High School Band played at the New York World's Fair, Wednesday, June 30. The 50-piece high school band played a concert at 12 noon and also at 2:30 p.m. The 16-piece dance band played at 5 p.m.

Manship Church will have its annual homemade ice cream and cake festival, Sat., July 17, starting at 4 p.m. Also, there will be chicken salad platters.

Andrewville

Mrs. Florence Walls

Sunday school at Bethel Church Sunday morning at 9:30 o'clock. Tilghman Outten, supt.

Mrs. Emma Bradley, Mrs. Hildred, of Lewes, and the Rev. James Freisner visited Mrs. Lizzie Butler and Willis, Mr. and Mrs. Alton Breeding and family, last Wednesday.

Miss Peggy Closser, of the University of Delaware, spent the weekend with her parents, Mr. and Mrs. John Closser.

Mr. and Mrs. Everett Deem and Mrs. James Calvert and family had as their guest this week, Mr. Calvert's brother and sister and families.

Mrs. Catherine Cannon visited Mr. and Mrs. Arley Bradley last week.

Mrs. Barbara Saulsbury visited Mrs. Lizzie Butler Friday afternoon.

Florence Walls were supper guests of Mr. and Mrs. James Morgan Thursday evening. Mrs. Mary Butler is on the sick list.

Greenwood

Mrs. Jacob Hatfield

Mr. and Mrs. Medford Calhoun entertained at a recent turkey dinner, the following guests: Mr. and Mrs. David Calhoun, of Newark; Mr. and Mrs. John Gauger, of Wilmington; Mr. and Mrs. Leroy Calhoun and children, of Harrington, and Robert Wilkerson, of Greenwood. The occasion celebrated the birthdays of Mrs. Medford Calhoun and Mrs. John Gauger, on the 15th; David Calhoun on the 18th; Leroy Calhoun on the 28th; also the wedding anniversaries of Mr. and Mrs. David Calhoun on the 11th and Mr. and Mrs. Leroy Calhoun on the 28th.

Mr. and Mrs. Lester Draper and Cynthia recently returned from a trip to Florida. During the first week they were guests of Mr. and Mrs. Winfred Hobbs, of Hollywood, Fla., and their second week was spent on sightseeing tours.

A nice card came to our desk from the Lawrence Wilsons, who are vacationing on the West Coast. They say they just loved Disneyland and Knotts Berry Farm. They are planning to go to Hollywood and Beverly Hills also.

Miss Karen Case, daughter of Mr. and Mrs. Ronald Case, of Newark, has been spending the past week with Mr. and Mrs. Jacob Hatfield and Mr. and Mrs. David Keith. Her parents and brother, Blair, were dinner guests Sunday.

The Greenwood Home Economics Extension Club will have its annual summer dinner on the regular meeting night, July 13. The plan is for all those attending to meet at Avenue Restaurant in Rehoboth at 6:30. If you do not have a way down, contact a club member who will pick you up.

Monday evening, Miss Charlotte Conaway entertained at her beach cottage at South Bethany; Mr. and Mrs. Charles Conaway, Mr. and Mrs. Lawrence Graham, Miss Mabel Conaway, and Mr. and Mrs. Walter Mills. The Albert Humphreys from Bridgeville joined the group.

Young John Mills, son of Mr. and Mrs. Louis Mills, has been spending a few days with Rusty Collison, of Dover.

News from the Mennonite Church Bulletin: "Jerry Miller, admitted to Peninsula General Hospital, West Locust Street, Salisbury, for observation and possible surgery, will appreciate hearing from friends. We are thankful that Enos Schrock, who has been unable to worship with us for some weeks because of a recent fall, is improving satisfactorily.

Our bishop and his wife have gone to Kentucky to help again with the Bible School at Turners Creek. They will appreciate our prayer help with this work. Mark Yoder and Goldie Swartzentruber will also help with the Bible School in Kentucky."

Congratulations to Mr. and Mrs. Arnold Yoder on the birth of a daughter, Shelia Kay, on June 24, in the Milford Memorial Hospital. She weighed 6 1/4 lbs. Mrs. Yoder was the former Miss June Willey, who was Miss Greenwood of 1964.

Mr. and Mrs. C. M. Simpler, Mr. and Mrs. J. B. Simpler and Mr. and Mrs. Herbert Abbott and children, Earl, Dorothy and Cathy, of Dover, spent the 4th of July weekend in Lewes, at the Simpler cottage.

Mr. and Mrs. Dale Hammond, of Viola, spent the weekend at Bethany Beach.

Mr. and Mrs. Dorsey Hammond, of Newark, were the weekend guests of his parents, Mr. and Mrs. William D. Hammond. Mr. and Mrs. Walter H. Moore were Sunday dinner guests of Mr. and Mrs. Hammond.

Last Wednesday evening, Mr. and Mrs. J. Barratt Simpler entertained Mr. and Mrs. William Myers and Mr. and Mrs. Walter H. Moore at dinner at Alexander's. The occasion was Mr. Myers' birthday.

Mr. and Mrs. Robert Shultie, Mrs. Vergie Carlisle, son, Gene, and daughter, Pat, spent Saturday with Mr. and Mrs. Harry Carlisle Jr. and daughter, Debbie, in Salisbury, Md. They spent the afternoon at Deal's Island, Md.

Manship Church will have its annual homemade ice cream and cake festival, Sat., July 17, starting at 4 p.m. Also, there will be chicken salad platters.

St. Stephen's Episcopal Church Notes

SATURDAY— 8 a.m. Men's work day at Fair booth.

SUNDAY— 8 a.m. Holy Communion 10 a.m. Protestant hour. 10 a.m. Family service. 11:15 a.m. Coffee hour. 11:30 a.m. Holy Communion for church school teachers. 4 p.m. Softball: St. Stephen's vs A. M. E.

WEDNESDAY— 7:30 p.m. Healing service. The men's workday listed in the calendar for tomorrow at 8 a.m. is called for the purpose of preparing the St. Stephen's food booth at the fairgrounds. All who can come are needed. The work day will last as long as there is work to be done.

Men, women and youth, 14 years of age and older, are asked to sign up for work at the fair booth, July 22-31. Mrs. Fred Mertz is in charge of this project and can be reached at 398-8365. Soup cartons for those contributing soup for the project may be picked up at the parish house kitchen.

Everyone is urged to be present to support our softball team this Sunday when it plays A. M. E. Church at 4 p.m. at St. Stephen's.

Trinity Methodist Church Notes

Sunday: 10 a.m. Church school for all age groups. Lesson for adults: "Our Continuing Response."

11 a.m. Sermon by pastor: "Letting Our Souls Catch up to Our Bodies".

Duet: "Jesus, the Sinner's Friend" by Mrs. Mary Ann Draper and Herbert Barlow.

Hobbs

Mrs. L. H. Thomas

Our pastor, the Rev. Roger A. Cota, delivered an interesting sermon Sunday morning. Subject: "Faith of Our Fathers—What Is It?"

The sacrament of holy communion will be observed next Sunday in our church at the regular time of worship. Commissions on membership and evangelism of Union, Ames, Prospect, and Wesley Churches will meet at Union Church next Monday evening, at 8 p.m.

Wednesday evening of last week our W.S.C.S. members and their families enjoyed a covered dish dinner in our community house, after which our regular monthly meeting was held. The president, Mrs. L. H. Thomas, called the meeting to order. Mrs. A. S. Loftis read Psalm 24, after which the Lord's Prayer was said in unison. The secretary, Mrs. Paul Stafford, read minutes of the previous meeting and called for the membership roll. Mrs. Paul Maloney, secretary for sick fund, called her membership roll and the treasurer, Mrs. T. H. Towers, gave a report. A committee of three ladies, Mrs. Paul Maloney, Mrs. Louise Sharp and Mrs. Ro-

land Towers, was appointed to make arrangements for a bake to be held in Denton, July 17. July and August are vacation months. Mrs. Dawson Fountain will entertain the society in September. Mrs. Roland Towers and Mrs. T. H. Towers motored to Milford, one afternoon last week. James Pippin recently visited Mr. and Mrs. Nelson Pippin and family, Denton, and Luther Pippin.

Jeff Towers observed his birthday anniversary Monday. Last weekend, Mrs. Louise Kruss and Patsy Kruss, of Chester, Pa., visited Mr. and Mrs. Ervin Pippin and family, and also visited Mrs. Paul Dill, of Greensboro.

Sunday afternoon, Mr. and Mrs. L. H. Thomas visited Miss Nettie Satterfield and brothers, Messrs. Clinton and Earl Satterfield, rural Denton.

Jimmy Pippin visited Gary Jones one recent weekend.

Mr. and Mrs. Nelson Pippin and family were recent Sunday evening guests of Mr. and Mrs. Ervin Pippin and family.

Mr. and Mrs. Charles Sewell, Queen Anne, called on Mr. and Mrs. Nelson Henry, last Friday evening.

Bobby Seward called on Dale Stafford, Sunday evening.

Edward Mitchell called on Mr. and Mrs. L. H. Thomas last Saturday. Mr. and Mrs. Benson Towers called on Mrs. John Ricards, a patient in the House in the Pines, Easton, last Sunday evening. Mrs. Louise Kruss, Patsy Kruss and Ervin Pippin and James Pippin, visited Ocean City. Mrs. Carlton Seward and Mrs. Mamie Willis, visited Mrs. Beatrice Pippin.

Friends extend sympathy to Mrs. Lida Neal Trice, in the death of her sister, Mrs. Katie Neal Towers, who passed away in Easton Memorial Hospital last Saturday morning. Funeral services were held in the Frampton Funeral Home, Federalsburg, Wednesday afternoon.

Union Methodist Church service for Sunday worship service begins at 10 a.m. with the prelude. Mrs. Virginia Collison at the piano. Sunday school for all ages, 11 a.m. Russell Stevens, Supt. Wesley Methodist Church Sunday School 10 a.m. Elmer Brown, supt. Call to worship, 11 a.m. with the Rev. Roger Cota.

Mr. and Mrs. Charlie Wroten, of Philadelphia and Mrs. Mollie Robinson, of Norwood, Pa., spent a few days recently as guests of Mrs. Edgar Wroten and other recent guests were Mr. and Mrs. Denny Cannon, of Milford; Mr. and Mrs. Ronnie Cannon, Mr. and Mrs. Lawrence Cannon and Mr. and Mrs. Lyman Wroten and family, of Greenwood.

Dawson Fountain and mother, Mrs. Frank Fountain, of Hobbs, were recent Tuesday guests of Mrs. Jesse Fearins.

Mr. and Mrs. Jesse Isner, of Ridgely, W. Va., and Mrs. Lillian Crow, of Capital Heights, were recent overnight guests of Mr. and Mrs. Wade Isner.

Miss Mary Elizabeth Bragg, a nurse at the Easton Memorial Hospital, spent the 4th of July

holiday with her parents, Mr. and Mrs. Clyde Bragg. Mrs. Luther Lee and Timmy, and Miss Rita Ann Scott, enjoyed Friday at Dewey Beach. Mr. and Mrs. Clarence Breeding were last Sunday evening guests of Mr. and Mrs. Clarence Porter.

Misses Elaine and Peggy Willson, of Williston, were last Tuesday dinner guests of their grandmother, Mrs. Jesse Fearins. Mr. and Mrs. James C. Fountain were Wednesday afternoon callers.

Mr. and Mrs. George Breeding and family visited their daughter and family, Mr. and Mrs. Bobby Corkell, during the week.

Miss Joyce Faye Porter and Miss Lois Ann Scott, spent Friday at Rehoboth Beach.

Mrs. Carrie Bowdle was a Wednesday dinner guest of Mrs. Jesse Fearins and Thursday guests were Mr. and Mrs. Johnnie Fearins, of Ellendale.

Kenny Scott attended the FFA State Convention at College Park recently. Kenny is vice president of his class.

Mr. and Mrs. Herbert Kee, of New Castle, were recent guests of Mr. and Mrs. James C. Fountain and they all attended the Cohee-Fountain reunion at Mar-

Hickman

Mrs. Isaac Noble

Mrs. William Hearn Phone 398-3727

Mr. and Mrs. Calvin Wells and family spent a few days this week in North Carolina and Virginia visiting several colleges.

Chuck Peck, Jimmy Rash, Howard Brown, Doug Clendaniel and Gayle McReynolds, left Tuesday for a four week visit to the Philmont Scout Ranch, in Cimarron, N. M.

Nancy Harrington and Bonnie Tucker spent the weekend with their parents and returned on Monday to Radford College, Radford, Va.

Weekend visitors of Mr. and Mrs. Fred Martin were Mr. and Mrs. Carl Martin, Sr., of Laverne, Calif.; Mr. and Mrs. Carl Martin Jr. and family, of Clymer, N. Y.; Mrs. Ruth Monahan, of Youngsville, Pa., and Mr. and Mrs. William Martin, and Mr. and Mrs. Robert Martin, of Wilmington. A family reunion was held on Monday.

Nancy Blades returned on Monday to Peninsula General Hospital where she is a nursing student, after spending a month's vacation with her parents, Mr. and Mrs. Russell Blades.

Alice Hearn, along with her cousin, Miss Helen Hearn, of Camden, N. J., spent Sunday and Monday in New York where they visited the World's Fair and other points of interest.

John Kinney Jr., son of Mr. and Mrs. John Kinney, is spending two weeks at Camp Arrowhead.

Judy Davis is attending Camp Falling Waters in Chatham, N. Y., for the month of July.

Grover Ryan is a patient in Milford Memorial Hospital.

Mr. and Mrs. George Graham entertained 19 members of their family on 4th of July with a backyard cookout and picnic. A few other friends called at the Graham home later in the day.

Leland Hobbs celebrated his birthday Wednesday with a few members of his family.

Mrs. Jack Dill is attending a workshop for socially and emotionally disturbed children being held in Wilmington.

Mr. and Mrs. Walter Schiff and Mr. and Mrs. Fred Martin spent last Friday at the New York World's Fair.

Mrs. Walter Schiff celebrated a birthday on Saturday.

Mr. and Mrs. Harvey Pearson, of Philadelphia, spent the weekend with Mr. and Mrs. Russell Blades.

Mr. and Mrs. Charles Peck Jr. entertained at a family picnic Sunday evening.

Mr. and Mrs. Carl Goodson and family have returned to their home in Orange, Fla., after spending several days with Mrs. Goodson's parents, Mr. and Mrs. Carroll Welch, Sr.

Mr. and Mrs. Franklin Derrickson and Mr. and Mrs. Edward Simpson have returned after visiting in New Orleans, La., Texas and Georgia.

Mr. and Mrs. Jose Quiros and son, of San Pueblo, Calif., are visiting her parents, Mr. and Mrs. Francis Baker.

Billy Winkler, son of Mr. and Mrs. Walter Winkler, celebrated his birthday, July 5.

Mr. and Mrs. William Ryan and daughter, Louann, of Wilmington, were weekend guests of Miss Della Ryan.

Alice Hearn spent last weekend with her cousin, Miss Helen Hearn, at Northgate, Camden, N. J. While there they visited many interesting sights including the Camden County Music Fair, where they saw Patrice Munsel in "Kiss Me Kate."

Misses Sue and Terri Carroll, of Dover and Rehoboth, are spending this week with their grandparents, Mr. and Mrs. Clayton Luff, while their parents are on a trip to Canada.

Armed Forces Notes

Radarman Third Class Kenneth R. Wilkerson, USN, son of Mr. and Mrs. Woodrow W. Wilkerson, of Route 2, Greenwood, has reported for duty aboard the attack aircraft carrier USS Midway, currently operating in the Western Pacific.

The Midway has been assisting in air strikes against military installations in North Viet Nam and Viet Cong concentrations in South Viet Nam by serving as a mobile operating base for U. S. fighter and attack squadrons.

Army Pfc. William G. Brown, son of Mr. and Mrs. Garland Brown, Route 1, Box 89, Houston, was assigned to the 7th Infantry Division in Korea, June 21.

Brown is a communications specialist in Battery B, 2nd Battalion of the division's 8th Artillery. He entered the Army in November 1963, completed basic training at Ft. Jackson, S. C., and was last stationed at Ft. Sill, Okla.

The 25-year-old soldier was graduated in 1961 from William Henry High School in Dover.

BE WISE — ADVERTISE SHOP AND SWAP IN THE WANT ADS

Houston

Mrs. Viola Thistlewood

Sunday School at 10 a.m. Franklin Morgan, general supt.; Robert H. Yerkes, Sr., supt. of adult school; Alvin O. Brown, supt. of the junior department and Mrs. Eleanor Yerkes, supt. of Missions.

Worship service begins at 11 a.m. with the prelude. Mrs. Agnes T. Webb at the organ. Call to worship by the pastor, the Rev. H. Norman Nicklas, will deliver the sermon.

The regular monthly meeting of the Official Board will be held Monday evening, at 8 p.m. Saturday, July 17, the Sunday School will hold its annual picnic at Trappe Pond.

Friendly greeters and flower committee for July—Mrs. Franklin Morgan and Mrs. John Lemmon.

Ushers—Chief, Danny Morton, Bobby Southard, Eugene Sharp, Tommy Minner and Jackie Eisenbrey.

Mrs. James Smaek observed a birthday anniversary on Friday and the following relatives and friends were on hand to help her celebrate: Mr. and Mrs. Harris Smaek, daughters, Connie and Linda, Mr. and Mrs. Walter Tingle, daughter, Sharon, Mr. and Mrs. Russell Davis, mother, Mrs. Davis, and Mrs. Mary Smaek, all of Milford. Mrs. Smaek received many beautiful gifts and four birthday cakes.

Mr. and Mrs. Vaughn C. Warren have just returned from a vacation in Canada. They visited Montreal, Quebec and St. Anne Beupre.

Mr. and Mrs. Harold Aptt and daughters, and Mr. and Mrs. Mark Dufendach and daughter, visited Kutztown, Saturday.

Mrs. Anna Hawkins had as weekend guests her son, Ray and friend, Miss Lee Williams, of Washington, D. C. and Mr. and Mrs. Herbert Morgan, of Stamford, Conn.

Mr. and Mrs. Homer Shockley, of near Ocean City, Md., spent Thursday with Mr. and Mrs. James Smaek. Miss Sharon Tingle, of Milford, spent last week with her grandparents, the Smaeks.

Mr. and Mrs. Wayne Simpson, daughter, Tracey Lynn, of Long Branch, N. J., spent the weekend with his parents, Mr. and Mrs. Francis Simpson.

Wesley Towers, of Wilmington, was a weekend guest of Mr. and Mrs. Albert Webb and Miss Saralee Webb.

Mr. and Mrs. Ronald Collison and sons have moved into our town and are occupying the house left vacant by the Robert Snyders and owned by the Francis Simpsons.

Mrs. Viola Thistlewood observed the 80th anniversary of her birth on Wednesday, June 30 and on Sunday her children, grandchildren and great-grandchildren held a family reunion in her honor at the home of Emory and Agnes Webb. All were present with the exception of one granddaughter, Kathleen, one of the Kennedy twins and is now Mrs. William Hart. She could not be present because on Wednesday morning, June 30, she gave birth to a fine 7 lb.-13 oz. boy. Quite a nice gift for great-grandmother. There were 32 in all, including Mrs. Edna McCabe, a niece from Selbyville and Mrs. Lulu Beauchamp and son, Jack, of Florida, and Mr. and Mrs. Albert Thistlewood, from Harrington. Mrs. Thistlewood received many lovely and useful gifts.

Veterans News

Should some unexpected tragedy befall a veteran, he can still be sure that his son will have a good start toward a higher education—and for as little as 75 cents a week, Leon Fields, manager of the Veterans Administration Regional Office at Wilmington, said July 2.

Mr. Fields was referring to the opportunity certain disabled veterans now have to purchase GI Life Insurance at extremely low rates if they have less than \$10,000 of their original GI insurance in effect.

A \$2,000 modified life GI policy can be obtained by eligible disabled veterans for as little as \$3.06 a month. In a state university, \$2,000 will pay practically all tuition expenses for four years.

A \$1,000 modified life policy which would give a youngster a good start toward a college degree can be obtained for as little as \$1.76 a month or 44 cents a week.

Mr. Fields pointed out that many disabled veterans eligible for the reopened GI insurance may have decided that a full \$10,000 policy is beyond their means, not realizing that a lesser amount may be purchased.

A veteran preferring a 20-payment life plan to the modified plan can obtain \$1,000 in coverage for \$2.86 a month or \$2,000 for less than \$1.35 a week.

Mr. Fields said that the examples given above were based upon age 45, the average age today of veterans of World War II and the Korean Conflict. The cost would be less for younger men and slightly more for older veterans.

Guard Lt. Col. Receives Award

National Guard Lt. Col. Donald S. Robinson, of Dover, has been awarded the Army Commendation medal by the Secretary of the Army.

The award is for his outstanding performance as commander of Delaware's force in last year's test of the then-experimental air assault division.

Col. Robinson, now a member of the state headquarters section which plans military support to Civil Defense, last year was commander of the 2nd Automatic Weapons Bn., 198th Artillery, headquartered in Dover.

The medal was presented on behalf of the Army Secretary by Gov. Charles L. Terry, Jr., on Wednesday, when the Governor inspected the Guard encampment at Bethany Beach.

Army Secretary Stephen Ailes, just before his recent resignation, cited Col. Robinson for "outstanding leadership, professional skill and unique organizational ability."

"When called upon, with extremely short notice, to bring his battalion from its normal 55 per cent strength to full strength with filler personnel and borrowed equipment, he quickly produced an organization that performed in an outstanding manner in support of the 82nd Airborne Division during two weeks of field training exercises," Secretary Ailes said.

The exercise in which the Delaware unit participated was the final test of the 11th Air Assault Division. Delaware's role was a key one, since the active army has no self-propelled 40-mm guns and must depend completely on the Guard to furnish these weapons, both for mobilization and for full-scale division field exercises.

As a result of last fall's test, Secretary of Defense Robert S. MacNamara recently directed that a permanent Air Assault Division be formed through reorganization of the historic 1st Cavalry Division.

Cabaret Theatre Nights New Beach Attraction

Cabaret Theatre nights is the latest attraction booked for the new Rehoboth Beach Convention and Civic Center, with the first musical show scheduled for Saturday evening.

According to Miles L. Frederick, Convention hall director, this is another attempt to offer first class entertainment for the thousands of summer visitors who continue to pour into this seashore resort.

The Independence Day weekend brought new records—with all accommodations gone and waiting lines forming on Saturday night to snap up rooms of those who might depart for home Sunday.

The new show under the auspices of the Baltimore Producers Playhouse Company on Saturday night follows the appearance of Leon Bibb at Convention Hall on Tuesday evening. It is billed as a musical comedy entitled "Money" written expressly for cabaret theatre.

It is in that style that it will be performed as it was in New York Upstairs at the Downstairs where it was highly acclaimed by critics. Free refreshments will be served at the Rehoboth Beach show. Tickets are on sale at the box office in the Convention and Civic Center.

In the Producers Playhouse cast are Cavin Fletcher, Carroll Schempp, Fay Taffet and Danny Pomeranz Fletcher has had wide experience in plays and musicals in Maryland and New York and lends his presence to a role calling for real virtuosity according to Mrs. Marilyn Lee of the production staff.

Miss Taffet is an experienced opera singer and actress having worked in New York City and Madison, Wis. Mr. Schempp, a graduate of Loyola College and former student of the drama at Catholic University, appeared most recently in the six-month

run of "Ranny and Nell" in Baltimore.

World Traveler Danny Pomeranz was in the original cast of "Milk and Honey" appearing with Molly Ricon on Broadway. Accompanist Hal Dye is a student of Lillian Hellendorfer, Baltimore concert pianist and is being groomed to appear with the Gettysburg Symphony Orchestra under the direction of William Sebastian Hart.

"Money" is booked for Saturday, July 10 and Fri, July 23 in Rehoboth Beach. In August Producers Playhouse returns with "Tunnel of Love" and another performance of "Money."

New Dormitory Planned for Wesley

A new dormitory is in the picture for Wesley College in the near future. The United States Government agency for Housing and Home Finance has informed Dr. Robert Parker, president of Wesley College, that a reservation of \$975,000 in funds has been established for the greatly needed project.

The new structure is to adjoin Budd Hall. One hundred fifty women and two resident supervisors will be accommodated in these new facilities. An infirmary and chapel are also included on the blue prints. Larson and Larson, architects for the various new buildings of the rapidly growing college, plan a meeting with college administrators early in July to review and finalize the building plans for the proposed women's dormitory.

Thouren Named To Wesley Board

Henry A. Thouren, president of the Hercules Powder Company, of Wilmington, has been elected to the Board of Trustees of the Wesley College, Dover.

Mr. Thouren joined Hercules in 1934 as a member of the Naval Stores Department sales staff in Wilmington. His rise in the company included sales work in Western Europe, managership of the synthetics department in Wilmington, and most recently the general managership of the international department. His career with Hercules was punctuated by World War II during which he served with the famed (Keystone) Division in the European phase of the war. He was discharged in December, 1945, with the rank of Lieutenant Colonel.

Active in Wilmington's social life, Mr. Thouren also serves as a member of the Board of Trustees of the Delaware Hospital in Wilmington, of the Board of Directors of the Wilmington Trust Company, and this year was elected to a three-year term as a member of the board of directors of the Manufacturing Chemists' Association.

Mr. Thouren, who was born in Ardmore, Pa., attended St. Paul's School, Concord, N. H., and received the A.B. degree from Princeton University in 1934. His interest in the cause of higher education is most dedicated and the Hercules Company has been a generous benefactor in this regard through its annual program of scholarship grants.

Entrance Fees at Bombay Hook Refuge

Fees for Federal Recreation Areas in Delaware announced: Federal recreation agency officials today listed areas where entrance fees will be required this year, and there is only one such area in Delaware — the Bombay Hook National Wildlife Refuge.

Under the new Land and Water Conservation Fund Act, charges are made only where there is investment in recreation facilities and where collection of fees is feasible. Proceeds from the charges are channeled into the Land and Water Conservation Fund to provide additional State and Federal outdoor recreation opportunities. The Bureau of Outdoor Recreation of the Department of the Interior administers the Fund.

The entrance fees apply to many Federal areas for the first time. However, a number of National Parks and other areas have been changing entrance fees for some years.

A new \$7 Federal Recreation/Conservation Sticker available this year will admit the holder and occupants of his car to all Federal recreation areas which require automobile entrance fees. This sticker will remain valid through March 31, 1966.

Patrons not wishing to purchase the \$7 sticker may pay one-day entrance fees ranging in price from 25 cents to 50 cents per person, 16 years of age or older. At the Bombay Hook National Wildlife Refuge this will cost 25 cents. An individual seasonal ticket valid only at the Bombay Hook area is also available at \$1.25 per person for persons 16 years of age or older.

Season tickets are available for a specific National Park or all charge area in a single National Forest at a cost of 50 cents to \$2 per person.

RUMORS RUIN

Perhaps one of the easiest and most effective ways to destroy a fellow human being is through the despicable practice of whispering a rumor which questions his morals.

There need be no truth in the rumor. In fact, false rumors of this type are often more effective than those which contain some truth. This is perhaps because so many people, being mortally weak and vindictive, enjoy hearing about alleged immorality on the part of others. The joy disappears only when they themselves become the victims of such action.

People who hold positions of public trust are particularly vulnerable in this regard. When they are attacked by vicious gossip, they are virtually helpless. A response of any kind only gives the rumor greater circulation. A denial is taken by those who are fond of repeating the old saw, "where there's smoke there must be fire," as an indication there must be some guilt involved.

Thus the victim of such false hate-mongering can rely only upon the good judgment and compassion of those among us who are bigger morally and spiritually than the spiteful rumors which they hear.

They are the ones who have heard and understood the real meaning of the words of Christ, "Why beholdest thou the mote that is in thy brother's eye but considerest not the beam that is in thine own eye?"

Of course, the one who sets out to destroy probably will succeed. But his success will be the eventual destruction of himself.

—Carthage (Mo.) Evening Press

CRIMES INCREASE

President Johnson has launched a war on crime. He'll never win it unless he gets a lot more help from the public than law enforcement is getting now.

Crime is increasing in the United States five times faster than the population.

It is increasing not only in the cities but in the suburbs and rural areas as well.

Drug addiction is zooming to new heights.

Women — and men — are afraid to stroll in the parks or to walk or ride home from work at night for fear not only of being robbed but also brutally and senselessly beaten and even murdered.

Wolfpacks of teen-age punks roam the streets, robbing, raping and perpetrating acts of savage violence just for "kicks." (Where are their parents?)

Cheating and defrauding others are more prevalent than ever. This is happening in OUR America. And it is happening with a strange and frightening absence of shock and lack of resistance by the public.

People are aroused about the racial problems, and about Viet Nam. But not about crime and morality.

It is as if the American people were sitting on the sidelines glumly watching the steady slide of their country into moral decadence and fighting it with a shrug and a yawn.

Who is to actively enlist in the resistance movement against this creeping—nay, galloping—paralysis of national decency, morality, pride and ethics?

Public officials on all levels of government? The media? Civic organizations? Parents? The clergy?

Of course. And not just one of those groups, but all of them—plus the most powerful force of all, the individual citizen.

Now is the time for every man to come to the air of his country in an all-out war on crime and cheating.

—Daily Star-Journal, Warrensburg, Mo.

PROTECT GOOD SAMARITANS

A bill that has been introduced into the Illinois General Assembly will protect persons who come to the aid of those distressed.

Sound strange? Perhaps so, but it is a quirk of American common law that there is no requirement that any person turn a finger to aid anyone in distress, either through accident, attack or through a deliberate action on the part of the distressed person.

Increasing public attention has been brought to focus on such incidents as the fatal stabbing last year of a New York woman whose cries for help were heard by at least 38 people, none of whom went to her rescue.

Professor Charles O. Gregory of the University of Virginia suggests that our common law "has always refused to transmute moral duties into legal duties." He contends that this is a quirk which is changing our nation into "moral monsters" who refuse to act as "Good Samaritans."

"It is clear at common law," Professor Gregory says, "that nobody has to lift a finger—let alone spend a dime and dial a phone number or render aid—to help a stranger in peril or distress."

Moreover, he notes, under present law, a rescuer can be sued not only by a victim he tries to help, but by the thug who commits the crime.

Professor Herbert Fingarette of the University of California suggests that the law should encourage coming to another's aid by providing physical, financial and legal protection. "The law should discourage from the temptation to avoid bringing aid by providing penalties," he says.

A University of Chicago law school professor, Norval Morris, goes another route. He believes that federal compensation should be paid anyone injured while aiding police or the victim of a criminal attack. Britain and New Zealand provide such payment, he points out.

Until reading the opinions of these learned men, we were not aware of the limitations of our common law. We were raised to believe that it was our "bounden duty" to aid any in distress. Thousands of others have also been taught this from their mother's knee.

But as we become aware that the law does not look favorably upon the act of kindness or aiding those in distress, we look with increasing favor upon legislation that corrects this legal attitude.

There is no good reason that this law should not be passed and signed by the governor of this state. For it to fail would make each and every member of the legislature and the governor a party to such incidents as happened in New York.

You Can Sew Your Own 'Wash and Wear' Garments

Now you can sew your own "wash-and-wear" clothes. These convenience fabrics are available by the yard in a wide variety of designs and colors. However, for satisfactory results the seamstress must remember the characteristics of the fabric, says Miss Janet Reed, extension clothing and textiles specialist at the University of Delaware.

The new textile developments are a challenge to the imagination and skill of any seamstress, she says. The same treatment that makes "wash and wear" fabrics so desirable may also make them more difficult to sew with. The surface of these fabrics is treated with a resin, and therefore they are not flexible; they do not "give" easily.

Be sure to check the grain of the fabric by examining the torn edge before buying, advises Miss Reed. If the grain of the material is not straight, the material is permanently locked in this position by the finish. Resin-treated fabrics cannot be straightened by pulling corners, but must be cut as is. A straight grain is even more important if the fabric has a definite design.

When you choose a pattern, take into consideration the lack of flexibility in "wash and wear" fabrics. Select a simple, uncomplicated design with the fewest seams possible. Designs with top stitching are not recommended, says Miss Reed, and set-in sleeves are not a satisfactory as dolman, raglan or gimonno sleeves. Patterns with darts instead of gathers are also better. Full skirts should have pressed or unpressed pleats instead of gathers.

Sheath or circular skirts will look better if the side seams are slightly on the bias.

Be sure to select only washable trimmings, linings, seam bindings and zippers. One advantage of sewing with resin-treated fabrics is that you do not need to preshrink. The finish has already stabilized the fabric, so it cannot shrink.

For marking the pattern directions onto the material, use clay or chalk or sharp pins or use a tracing wheel without tracing carbon if it is possible on your particular material. For some markings you may be able to snip the fabric in the seam allowance. Do not use wax chalk or dressmaker's carbon, advises Miss Reed. The waxy residue will make a stain that, once pressed, will never come out.

For accuracy, use only sharp shears to cut out the pattern.

Experiment with scrap fabric pieces before sewing on the garment. Make certain you have the proper tension and stitch length to make a smooth, unpuckered seam. For most fabrics, 10 to 12 stitches per inch are satisfactory. Use a loose tension and light pressure on the machine.

The needles should be as fine as your fabric will take, but the eye should be large enough to prevent excess friction on the thread. Usually a size 12 to 14 needle works best.

Use a steam iron for the best ironing results, but you can also use a warm iron with a damp press cloth.

Plan For A Safe Vacation

"Do you want a longer vacation? You can have one if you start it when you leave home, for going can be as much fun and as relaxing as being at the vacation spot provided you plan the trip carefully, take necessary equipment for emergencies and don't push too hard to reach your destination," said James T. Ferri, president of the Delaware Safety Council.

Mr. Ferri gave the following suggestions for a safer, happier vacation trip.

Before starting, have your car checked. This should include brakes, lights, tires, steering and wheel alignment, windshield wipers and horn. This also is a good time to install seat belts for all passengers, including children.

Emergency equipment such as a flashlight and warning lanterns, flares, reflectors or red flags, should be carried on a vacation trip to warn other traffic if you should have trouble. Other gear in the emergency kit should include pliers, screw drivers, adjustable wrench, a stout board to use as a jack support on soft ground or shoulder, and wheel checks.

Start your trip early and don't try to cover too great a distance in a day. Remember that speed kills and take it easy. Driving at constant speed can make you drowsy. Vary your speed and stop occasionally to stretch your legs. Remember to teach children to always leave a car from the curb side, away from traffic.

Be sure you understand driving techniques in different localities, such as in mountains or on superhighways. Always read highway signs and signals carefully since they are not uniform in all states.

Lone Ranger and Horse Troupe To Perform At Delaware State Fair

Two of the most popular acts ever to perform on Children's Day at the Delaware State Fair will return to share the billing this year. They are The Lone Ranger and Sandy Luce's Horse Troupe.

The 46th annual edition of the fair will be held at Harrington this year from Saturday, July 24, through Saturday, July 31. Children's Day will be Tuesday, July 27. All school-age children are admitted free to the grounds and grandstand.

Other circus and vaudeville acts will be included in the two 90-minute grandstand shows at 1:30 in the afternoon and 8:15 in the evening. A spectacular fireworks display will conclude the evening show.

Clayton Moore, TV's Lone Ranger, has been a prime favorite of the younger set since he first appeared in 1949. In 26 years he has appeared before more than 21 million people in his personal appearances in the U. S. and abroad.

He has received over 100 awards, including 25 national citations, for the excellence of leadership of his programs.

The all-girl Sandy Luce Horse Troupe features a series of trick and fancy riding and racing events. Highlights are a thrilling half-mile chariot race and a Roman standing race with each of three daring young ladies astride a team of horses.

Mrs. William J. Watson

Mrs. Portia Watson, 86, died Wednesday in Milford Memorial Hospital after a short illness. She was a long-time resident of the Milford area.

There are no immediate survivors.

Services will be Saturday afternoon at 3:30 at the Berry Funeral Home, Milford. There will be no viewing.

Delaware Farm Labor News

State Summary — Asparagus harvest completed, throughout the state. Seasonal lull exists between early harvest and the beginning of the potato and tomato harvest. A few early arriving crews are temporarily under employed, but are not interested in moving to other areas to fill in. Approximately 100 workers involved in this group, several are getting work in weeding, moving irrigation and cucumbers are the major activities at the present time. Showers over the weekend varied from zero to somewhat over one half inch in various sections of the state. Irrigation continues to be used where ever available. Labor supply temporarily exceeds the demand, but this situation will terminate very soon.

Small grain harvest has begun in various parts of the state. Wilmington Area (Southern New Castle County) — Activities for seasonal agricultural labor in this area very low for

HARRINGTON, DEL.

this period. Asparagus completed, awaiting the beginning of the potato harvest about mid July. Irrigation continues where available.

Dover Area (Kent County) — Asparagus harvest completed. Apples, peaches, cucumbers, and snap beans being harvested on limited scale. A temporary labor surplus exists in this area due to the early arrival of two or three potato crews. Workers being used on any fill in jobs available. Anticipated a need for a couple of additional crews, have been advised by North Carolina that they can probably fill the openings.

Georgetown Area (Sussex County) — Number of workers and fresh market vegetables this week below normal but should increase this coming week. Puerto Rican contract workers picking apples, peaches, and cucumbers. Local and out of state workers picking snap beans and blueberries. Some crews reporting in area short of workers and must supplement their crews.

Rt. 13 Trees May Be Saved

The State Highway Department won't let utility companies take down a single tree along Delaware highways unless it's mutilated, diseased or dead, it was announced Wednesday.

Ernest A. Davidson, director of operations, said that "we have no intention of allowing removal of any tree which lends itself to beautification of highways."

The statement clarified the highway department's stand on a proposal by Delaware Power & Light Co. to cut down 100 trees along Route 13 and replace them with smaller, flowering types. The trees would come down to make way for feeder, overhead power lines.

Davidson said the highway department had never given D. P.

& L. blanket authority to remove trees, as had been reported in the press. He said the department approved the idea of removing trees where necessary, but had retained authority to rule on each request.

"Before we'll allow anyone to take down a tree, we will have to see plans showing specific locations and specific replacements," Davidson said.

"We'll be awfully careful not to allow removal of any tree which adds to the natural high-way beauty," he added.

A storm of protest has arisen over the D.P.&L. proposal to chop down 100 large trees, but Davidson said the department has received "about seven or eight" letters of protest.

"This whole thing has gotten out of hand," the operations chief said. "We never intended any final approval."

As an example of what the department had in mind, Davidson cited a strip along Route 113 south of Milford.

"The trees along that stretch don't even resemble trees," he said. "They're just stumps rising into the sky, provide no shade, and certainly don't add to scenic beauty."

He said the department plans dualizing work along the stretch and that it would be natural for the public utilities to work along with the department in stringing lines along the new highway.

In such a case, he said, approval might be given to remove the

trees.

"We haven't even scheduled a meeting with D.P.&L. to see what they have in mind," Davidson said. "Anything they have planned is contingent upon further approval by the department."

The department meets today to hammer out its construction program for new projects. When the General Assembly approved the new highway bond bill, many of the projects were not named. The department will decide which projects should have priority and which should be carried over until next year.

Davidson said the discussion probably would be behind closed doors.

Thomas Draper

Thomas Draper, 71, a Kent County grain and produce broker for many years, died Wednesday morning at his home, in Magnolia.

Surviving are his widow, Mrs. Nora E. Draper; a brother, Howard S. Draper, of Ardmore, Pa.; and two sisters, Mrs. Thomas Wingate, of Rehoboth Beach and Mrs. Ray Whiteside of Elsmere.

Services will be Saturday afternoon at 2 at the Berry Funeral Home, Felton, where friends may call Friday night.

**ADVERTISEMENT FOR BIDS**

Sealed proposals will be received by the State Highway Department of the State of Delaware at the office of the Director of Operations (Room 202) in the Highway Administration Building in Dover, Delaware, until 2:00 P.M., E.D.S.T., July 20, 1965, and thereafter shall be opened for bids for contracts involving the following approximate quantities:

**CONTRACT NO. 65-06-802**  
**PAVING AND CURB WORK**

Concrete on Soil Cement Base Course  
**SUSSEX COUNTY**  
COMPLETION DATE: 20 WORK-MEN'S PER CONTRACT DOCUMENTS \$5,000  
3,000 S.Y. Soil Cement Base Course  
13,250 S.Y. Soil Cement Base Course  
1,325 Barrels Portland Cement  
1,600 Tons Hot-Mix Asphaltic Concrete  
1,425 Lb. Port. Cem. Conc. Curb, Type "C"  
1,010 Lb. Integral Port. Cem. Conc. Sidewalk  
3,400 S.Y. 4" Port. Cem. Conc. Sidewalk

Attention is called to the Special Provisions in the proposals, the specifications and the Contract Agreement.  
Minimum Wage Rates have been predetermined by the Department of Labor and Industrial Relations of the State of Delaware and are set forth in the advertised specifications.  
The employment agency for this contract shall be the Delaware State Employment Service whose offices are located at 801 West Street, Wilmington, 135 South Bradford Street, Dover, and North Race Street, Georgetown.  
Performance of contract shall commence and be completed as specified.  
Monthly payments will be made for ninety (90) days of the construction completed each month.  
Bidders must submit proposals upon complete forms as provided by the Department for bidding purposes.  
Each proposal must be accompanied by a surety bond or certified check for the amount of at least ten percent of the total amount of the proposal.  
The envelope containing the proposal must be marked "Proposal for the Construction of State Highway Contract No. 65-06-802."  
The contract will be awarded or rejected within thirty (30) days from the date of opening proposals.  
The right is reserved to reject any or all bids.  
Prospective bidders who have been prequalified in accordance with the requirements of the Standard Specifications may obtain contract documents from the Highway Department Office, Third Floor, Administration Building, Dover, Delaware. The prices indicated for each contract. Additional copies of proposals only may be obtained

### Construction, Common Sense Help Prevent Fires

Fires in your home are a costly tragedy that only you can prevent. Perhaps no home can be absolutely fireproof, but you can make it fireproof, says Miss Coral K. Morris, extension home management specialist at the University of Delaware. Proper house design, good construction and careful family habits all play their part in fire safety, she says.

If you are building a new home, or remodeling an older one, consider safety in your design. You should have a large window or an outside door in every major room, especially in the bedrooms. Windows should be large enough and low enough to climb through and operate easily enough for the youngest member of the family. The openings should be 24" by 20 inches or larger, and the bottom of the window should not be higher than three feet above the floor in ground-level rooms and four and one-half feet in basements. This allows an exit during a fire.

When two separate means of escape from a second floor are available, fire escape ladders are needed, says Miss Morris. One type of ladder folds together into what looks like a rainspout. They can be permanently installed with a control button upstairs and another on the first floor in case someone is trapped and unable to push the button.

Each room, particularly bedrooms, should have solid fire-resistant doors. The plastic coated doors or light wood slatted doors that fold shut should never be used on bedrooms. An ordinary wooden door can keep smoke and fire out for as long as 30 minutes. However, special fire doors are available that can withstand temperatures of 1800 degrees for 40 minutes. Always keep doors shut at night as a precaution. It may allow you the needed time to escape if there should be a fire in the rest of the house.

Open stairways are a definite hazard, especially if they lead from basement to the second floor, says Miss Morris. Without doors to act as a barrier, fire can race up or through open areas to spread and destroy an entire house within minutes.

If a fire does break out, it can often be confined to one room, or at the worst, the fire can be slowed down by fireproof interior construction materials. Walls made of gypsum, plaster, cement or fire-retardant treated plaster board do not burn readily, says Miss Morris. Avoid pressed paperboard, plywood panels pre-finished with highly inflammable lacquers and untreated fiberboard, wall panels and ceiling tile. Some acoustical and plastic tiles are also dangerous.

Fire-retardant paint on interior surfaces will also slow the spread of a fire. The time gained may give you enough time to escape or for the fire department to arrive.

Use only fire-resistant roofing material, such as asphalt shingles, slate, asbestos or metal. Never use wood shingles, warns Miss Morris; a few sparks from the chimney can start almost uncontrollable fire within minutes.

If you use aluminum siding be sure it is completely grounded. If not, it can conduct electricity to the combustible materials of the house, starting a fire.

Fires will always spread upward through an open space. Good design barriers of wood or masonry between studs, joists, rafters or stringers will prevent the spread of smoke and fire. If you are building a new house, make sure that the contractor plugs every opening through which fire could spread—even those openings around pipes and ducts. In an existing home, block fire channels with two-inch lumber across openings, or fill with brick and mortar.

Be sure your house is adequately wired; provide for future needs if you are building. Be sure, also, that qualified electricians follow provisions of the National Electrical Code when they install any wiring. Appliances will not operate properly with inadequate wiring. Not only will fuses blow, but overloaded wires may heat up to cause a fire.

A good heating plant properly installed and located, regularly inspected and cleaned, is another sensible precaution. A furnace should never be located under stairs or near an entrance where fire originating in the heater might block escape.

Despite all the built-in fire safety, unless you and your family are careful about fires, your home will not be truly fireproof. Use care with matches and smoking. Use electrical fuses, appliances and extension cords properly. Get rid of rubbish around the house. Be constantly aware of the ways fires start and how to avoid them, Miss Morris urges.

### Dept. Chairman Named at U. of D.

Three new department chairmen and three acting chairmen were named at the University of Delaware this week by President John A. Perkins.

Named chairmen were Dr. George T. Hauty, psychology; Dr. Russell Remage, Jr., mathematics; and Dr. Raymond C. Smith, agricultural economics. Named acting chairmen were Dr. John C. Kraft, geology; Dr. George F. Frick, history; and Dr. Richard H. Cole, agronomy. Kraft and Frick will serve while respective department chairmen Dr. Johan J. Groot and Dr. John A. Munroe are on sabbatical leave.

The appointments of Smith and Cole in the College of Agricultural Sciences were effective July 1. The other four appointments, all in the College of Arts and Science, will be effective Sept. 1.

Hauty will be a newcomer to the University of Delaware faculty. Since 1960 he has served in a treble role at the University of Oklahoma at Norman. Adjunct professor of psychology and professor of physiological research at Oklahoma, he also has been acting director of the Civil Aeronautics Research Institute, which helped program the Gemini series of U. S. space efforts.

Hauty received both his bachelor's and master's degrees from Stanford University and his Ph. D. from the University of Rochester. He will succeed Dr. W. Lawrence Gulick, who has accepted a position at Dartmouth University.

Ramage, who joined the Delaware faculty in 1946, was named acting chairman of the mathematics department last year. He holds bachelor's and master's degrees from the University of West Virginia and his doctorate from the University of Pennsylvania.

Smith was named to succeed Dr. William E. McDaniel, recently named dean of the College of Agricultural Sciences. Smith joined the Delaware faculty in 1961 after serving two years as a graduate assistant at the University of Illinois. He received his bachelor's degree at the University of Missouri and his master's and Ph. D. degrees at Illinois.

Kraft will head the geology department during the one-year absence of Groot, who has a Guggenheim Fellowship for study at Cambridge University in England. Kraft, a member of the State Geological Survey staff, joined the Delaware faculty last fall. He received his bachelor's degree from Pennsylvania State University and his master's degree from the University of Minnesota.

Frick, Henry Francis duPont associate professor of history, will be department chairman during a book-writing leave by Dr. Munroe. Frick joined the Delaware faculty in 1960 and was promoted to associate professor in June. He received his bachelor's degree at St. Olaf College in Minnesota, his master's degree at the University of California at Berkeley, and his Ph. D. at the University of Illinois.

Cole, a Delaware faculty member since 1960, succeeds Prof. Claude E. Phillips, who retired this year. Cole is the author of several reports dealing with breeding, weed control, and production of corn, soybeans, and other agronomic crops. He received his undergraduate degree from the University of Maine, and his master's and Ph. D. degrees from Pennsylvania State University.

### Reg. Figures Summer Session U. of D.

Final registration figures for the first summer session at the University of Delaware are up almost 30 per cent over last year's comparable figures.

A total of 3,586 students are registered, comparable with a total of 2,768 at the same time in 1964.

This year's registrations include 1,053 undergraduates, 863 graduate students, 1,051 summer school students, and 619 Extension students. The summer school students are those who don't fall into one of the other categories.

Last year's figures after late registrations were 753 undergraduates, 753 graduate students, 787 summer school students, and 475 in Extension.

Total registration last summer was 3,660, less than 100 more than this summer's first session registration. Projections for other summer sessions and Extension classes could put total summer registration this year near 5,000.

Samuel Glover, Paoli, Ind., visited The Journal Tuesday. He is a printer in Paoli and is spending his vacation visiting Amos Smith, near here.

### Ferry Celebrates First Anniversary

The first anniversary of ferry service across Delaware Bay from Lewes to Cape May, N. J., was observed at Zaberer's, North Wildwood, June 30 by more than 200 boosters and members of the Lewes-Cape May Ferry Committee.

The group re-elected Paul F. Carpenter, of Lewes, as Committee chairman, with permission to name his own subcommittees to assist him in carrying on promotion of the ferry route and to work for a future fixed crossing. State Senator Walter J. Hoey, Jr., nominated Carpenter, pointing out that because of his many years of service he should have carte blanche in running the committee's affairs.

Also singled out for praise as "the father of the ferry" was State Senator William C. Hunt, of Cape May County—now 92 years old. He worked for the past fifty years in an effort to close the gap between the two states, it was reported.

The New Jersey-Delaware speakers—most of them public officials—were unanimous in their praise of the ferry service, stating that it had opened up a new era on both sides of the bay and that benefits are already felt by nearby communities.

Acting as masters of ceremonies were Commissioner Howard S. Abbott, Delaware River and Bay Authority, of Georgetown, and Leland Stanford, director of Civil Defense, Cape May County. The latter introduced State Senator Charles W. Sandman who recalled that the idea of a bi-state commission "was not born in the big cities of Delaware and New Jersey, but in the town of Georgetown during a meeting which was held with a blizzard raging outside."

Those who remember the night in 1956 say snowflakes preceded the visitors as they left town after the meeting.

Sandman said the joint authority idea was suggested after all other attempts to secure ferry service had failed. He paid tribute to the late Garrett E. Lyons, chairman of the Delaware Interstate Highway Division, which operated Delaware Memorial Bridge, for lending an attentive ear to their pleas.

The joint commission idea was accomplished with approval of the federal government and became operative in February, 1963. After ordering construction of a second Delaware Memorial Bridge, action was taken to establish ferry service. That service began on July 1, 1964.

## New Train Service to Wilmington!

From Delmar and Dover Mondays thru Fridays "The Blue Diamond" AIR CONDITIONED CARS

Leave Station	Arrive Station
DELMAR 5:56 AM	7:44 PM
LAUREL *6:05 AM	*7:35 PM
SEAFORD 6:14 AM	7:26 PM
BRIDGEVILLE *6:24 AM	*7:16 PM
HARRINGTON 6:41 AM	6:59 PM
DOVER 7:06 AM	6:34 PM
CLAYTON *7:21 AM	*6:19 PM
MIDDLETOWN *7:35 AM	*6:00 PM

ARRIVE WILMINGTON 8:20 AM  
LEAVE WILMINGTON 5:20 PM  
\*Train stops on Signal

### NEW BARGAIN TICKETS to WILMINGTON

10-TRIP—for use within 6 months for ticket holder and persons accompanying. Also available between any two stations on route, Delmar to Wilmington.

MONTHLY—for individual use of purchaser, Monday thru Friday except holidays. May be purchased any day.

LADIES' DAYS—Every Wednesday and Thursday. Reduced 1-Day Round-Trip from Delmar \$4.75, Seaford \$4.25, Harrington \$3.25, Dover \$2.50. Proportionately low-priced from Laurel, Bridgeville, Clayton and Middletown.

CHILDREN—16 years and under—on Ladies' Days thru September 16—travel for 1/2 the fares shown above.

### Kaffeeklatsch With Eleanor Voshell

"Pass the iced tea, please." And before you pass it make sure it's fresh, clear, and flavorful.

"Why is it that my tea either tastes wishy-washy or else is bitter?" Tea, like coffee, contains aromatic flavors that are developed or released only when boiling hot water is brought in contact with them. If the water is not boiling when poured onto the tea, the flavor is not extracted and a weak beverage results. If, however, the boiling water is allowed to stand on the tea leaves longer than three to five minutes, a bitter flavor results because then the tannins are being extracted.

Hint: Warm your teapot by rinsing it with scalding water. A cold pot will immediately lower water temperature and the flavor is not extracted as readily.

"How much tea do you use for iced tea?" (To make four cups of hot tea use 4 tea bags. To make the same amount of iced tea use 6 tea bags.) Make a conchote. Add four parts cold tap water to the concentrate, and pour into ice filled glasses. Serve as soon as possible for fresh aroma and flavor.

"Why does tea get cloudy in the refrigerator?" Clouding is caused by a reaction with the tannins in tea. I recently talked with a gentleman in the tea business who felt that coldness does not affect it—clouding could just as likely happen if the tea were stored at room temperature. He felt that too long a brewing time or too much tea would make clouding more likely. High quality tea is more likely to cloud than a low quality brand.

"Is there a way to clear up cloudy tea?" It can be cleared up with a small amount of lemon juice or water. Remember that adding water weakens the tea, so go easy. The tea should clear immediately.

Address your questions to Kaffeeklatsch, P. O. Box 340, Dover.

### New Brochures Promote Delmarva Tourism

A sixteen-panel folding leaflet published by the Delmarva Advisory Council, the tri-state agency created by Delaware, Maryland and Virginia to promote tourist and economic development of the Peninsula, is being sent to 2,500 leaders on the Eastern Shore. This is the first of two tourism brochures prepared by the Council to be distributed.

Ten thousand copies of the 50,000 press run will be available to visitors at the Maryland Pavilion at the New York World's Fair. Other copies will be available at principal points of entry to Delmarva.

The leaflet invites the visitor to "Discover Delmarva . . . vacation in triplicate", and presents an accurate map of Delmarva, listing tourist attractions across eight of the panels.

The brochure pictures among other attractions the Old State House at Dover, the Cape May-Lewes Ferry, Rehoboth Beach, the Assateague Lighthouse near Chincoteague, Virginia, fishing off Cape Charles, the new Chesapeake Bay Bridge-Tunnel and the Henry Francis duPont Winterthur Museum near Wilmington. Maryland attractions depicted include the beach at Ocean City and skipjacks at Smith Island. Chesapeake Bay scenes are also shown.

Those wishing to tour Delmarva are invited to write to the Delmarva Advisory Council, 827 South Salisbury Boulevard, Salisbury, Maryland, 21801, for one of the new brochures.

### Extension Classes Evening Program At U. of D.

The University of Delaware has announced a program of evening Extension classes leading to a master of applied sciences degree.

The curriculum is designed to meet the needs of employed persons with bachelor's degrees in engineering, mathematics, and the physical sciences to keep pace with the rapidly expanding body of knowledge and work toward an advanced degree at the same time.

Dr. Edward W. Comings, dean of the College of Engineering and chairman of the Applied Sciences Committee, said, "Discoveries in science and changes in engineering technology make it almost essential that scientific and engineering personnel continue their education. There is a pressing need to keep informed about new developments in one's area of special interest and in related areas of science and mathematics."

The program will get underway this fall on the Newark campus. Future classes may be held in Wilmington and Dover locations.

Degree requirements will vary with individual backgrounds, with courses selected from a wide range of university offerings in engineering, mathematics and science.

"One of the attractive features of the program," Dean Comings said, "is the arrangement for thesis work, which may be performed on or off campus under the supervision of faculty."

Another facet of the program which should have wide appeal to engineers and scientists who have been away from academic life for some time are refresher courses in calculus, which will present three semesters of regular undergraduate instruction in two semesters.

Dean Comings said if an employed person takes one course each semester, he could qualify for his master's degree in five years. Taking two courses each semester would halve the time required to complete the thirty credit hours.

Brochures and information about the program may be obtained by writing to the university's Extension Division, 79 Amstel Ave., Newark.

## The Harrington Journal

Harrington, Del.

### FENCE TALK

with George K. Vapaa

A bit of our heart flew to Switzerland last week. Another chapter has ended in a story which started four years ago.

Jan Albert Konings, a graduate of the agricultural college at Groningen in Holland, first came to learn something of our broiler business. He spent a total of three months living and working with Mr. and Mrs. George Cain and Mr. and Mrs. Fred Martin of Harrington, Dr. John Coulton of Greenwood, Mr. and Mrs. Carlton Lowe of Laurel, and Ray Lloyd, our extension service poultryman at the Georgetown Agricultural Center. He then returned to Holland to work with a new broiler processing plant.

Bert, for this is the way we all knew him, then thought his fiancée should live with an American family before their marriage. It is a custom for Dutch teen-agers to go to England or other countries for greater cultural experiences. So Arja de Groot, his fiancée, spent several months with the Robert Rider family of Bridgeville, and returned to Holland.

Soon after their marriage, the couple decided to emigrate from Holland to Delaware. Bert still thought he would like to work in the broiler business. But his strongest asset is a command of four languages. We advised him to make the best use of these talents.

He enrolled in the Food Distribution Program under Robert Bull at the University of Delaware as a full time student. He also took a half time job, 20 hours a week. His wife took a full time job to make both ends meet. He has just graduated at the University and found many tempting job offers because of his language and food training experiences.

He will work out of Geneva, Switzerland and travel all over Europe as technical representative for a large American company. He and his wife are taking with them a new American, their young son, born six weeks ago in Wilmington.

It is difficult to read future chapters. All in the family want to become American citizens. But Bert's next goal is to acquire skill in Spanish, so that he may work in South and Central America. American companies can well use the talents of people such as these in their international programs.

\*\*\*\*\*  
This is the time of year to "read your plants." The first lush spring growth has ended and some plants are running out of gas, food-wise.

The best place to learn to read these signs may be at our Mitchell corn plots located south of Smyrna along the dual highway. For four years now we have grown corn at four levels of fertility in the same spots. Some of the corn land has had no fertilizer at all. The plants are stunted as one might expect. They are also lighter in color, indicating a lack of nitrogen and potash. Light veining means a shortage of nitrogen; light leaf edges, a lack of potash. The lower leaves in particular are reddish, which means a shortage of phosphorus. On the other hand, as the amount of plant food was increased, plant growth has been more rapid and a darker green color develops.

Other plant signs can be recognized. White streaks along the leaves usually mean a shortage of magnesium. A lack of calcium, meaning a need for lime, shows up as stunted plants because the plant food does not become available.

Fertilizer burning results in browned leaf edges and perhaps even will kill the whole plant if severe.

Drowth shows up first as a leaf curling, a greyish green color, and finally a drying up process if the drowth is extended too long.

But it's not entirely this simple. Insects, diseases, other pests, and weed killers can louse up or complicate the signs.

\*\*\*\*\*  
Plant Galls, those peculiar growths found on the leaves and twigs of certain trees and shrubs, are usually the result of the activity of tiny insects. These gall-forming insects "sting" the plant cells, causing an abnormal enlargement of the plant tissues. By this means they are thus provided a protective home while feeding upon the plant.

The size and shape of the gall is characteristic of the particular insect species which produces it. Galls may vary in appearance from small, pimple-like projections on the leaves to relatively large, inflated swellings, such as the familiar "oak apple" on oak trees.

Several types of insects are responsible for galls on plants. Many of the oak galls are caused by small wasps. The maple bladder gall is formed by a mite. The spruce galls are produced by aphids. And the dogwood club-gall is caused by a tiny fly. Many of these galls are little more than curiosities, while others may seriously mar the ap-

pearance of ornamental plants. Control is often difficult, however. When practical, the galls should be pruned out and destroyed. Dormant oil sprays and timely applications of DDT or malathion sprays are sometimes effective.

\*\*\*\*\*  
"Take it straight from the horse's mouth" — buying a horse involves more than meets the eye. The wise buyer still studies the mouth and appearance of the horse but he also looks at personality traits and considers his own needs.

We suggest these guidelines for purchasers:  
Select a horse you can manage, basing your choice on your ability and experience.

Decide how you will use the horse; then select one that fits your needs.

Choose a horse that fits your size.

Take your time, look at as many horses, as possible, and ask to see them perform.

Ask an experienced person to help you decide.

Buy a sound, healthy horse from a person you trust.

Pay particular attention to disposition, looking for horses which are willing to work but easy to handle.

Check the horse's relatives for quality and performance to help you estimate the potential of the one you are buying.

Learn all you can about horses from all possible sources before you buy.

If you are a 4-H member or interested in becoming one, study the 4-H horse project to learn its goal and objectives.

\*\*\*\*\*  
"Eighteen to 20 kernels" of wheat in a square foot after harvest represent a bushel an acre loss.

It isn't possible to save all the grain and still properly clean it. Normal losses at harvest usually range from one to four per cent, depending on variety and condition of the crop.

However, the mechanical aspects and timeliness of the harvest are items the farmer can control. The combine should be in good mechanical condition well ahead of time. Once maturity of the wheat is reached, moisture content can drop from 20 to 14 percent in less than a week. Shatter losses go up rapidly as moisture content goes down.

Field losses may be the greatest around the grain platform. Vary the reel height so the slats will strike the wheat just below the heads, laying the grain gently on the conveyor. Driving too fast and cutting too low may cause overloading.

Other important areas which require close observation include the rack and shoe mechanisms, the cylinder and concave setting, fan blast and sieve opening.

\*\*\*\*\*  
**Eight 4-H'ers Win County Tractor Driving Contests**

Eight expert teenage tractor drivers won county 4-H tractor driving contests held at the state fairgrounds in Harrington June 29. The boys are now eligible to compete in the state contest at the Delaware State Fair.

Winners from New Castle are Charles Ebling, Townsend; G. Robert Moore, Bear; and Donald Zern, Townsend.

Sam Dixon and Ray Davis, both of Clayton, are the winners from Kent County.

Walter Warren, Greenwood; Gene Wells and Jim Wells, both of Milton, represent Sussex County.

All contestants took written examinations covering safety, maintenance and knowledge of operations and functions of tractor and equipment.

The handling test included driving a tractor with a two-wheel spreader through an obstacle course and then backing into a shed with a three-inch clearance. Contestants also moved a tractor with a four-wheel wagon from one shed to another adjacent shed with only 40 feet to maneuver and six inches of clearance in the sheds. Handling tests were timed; and proper safety practices had to be followed throughout them.

E. N. Scarborough, agricultural engineer at the University of Delaware, set the course and helped train the contestants. He and William W. Harrington, agricultural engineering shopman, were official scorers.

### Many Insects Hatching; Control Measures Outlined

Eggs of many insects hatch this time of year on ornamental plants around the home, and control measures should be used as soon as possible so plant damage can be kept to a minimum, according to Donald MacCreary, entomologist at the University of Delaware.

Several scale insects have hatched recently, and numerous other damaging insects have been found on ornamental plants throughout the state. In his weekly survey of insect conditions in Delaware, MacCreary found recent hatches of European elm scale, cottony maple scale and globose peach scale. Woolly alder aphids, elm leaf beetle larvae, asiatic garden beetles and carpenter bees are also causing plant injury.

Cottony maple scale, which looks like small blobs of white cotton on maple twigs, and globose peach scale — small dark brown "lumps" which have been found on ornamental plum trees — can be controlled with malathion, DDT or Sevin, MacCreary says. Treat again seven to 10 days later.

European elm scale can be controlled with DDT, Sevin or malathion, with a repeat spray in a week or 10 days. Woolly alder aphids — about an eighth of an inch long with a woolly appearance — were found recently on maple trees in the Dover area. Lindane is the recommended insecticide.

Asiatic garden beetles, which are cinnamon brown in color and slightly smaller than Japanese beetles, were found in the Newark area this week. These beetles are seldom noticed, since they feed only at night. They attack a wide variety of flowers, shrubs and vegetables. Sevin or DDT can be used for control. MacCreary points out the Sevin should not be used on Boston ivy, since it causes severe injury to the plants.

Elm leaf beetle larvae are injuring elm trees in some areas of the state, and they can be controlled with Sevin or DDT.

Recently pruned roses are often attacked by the small carpenter bee, also called a pith borer. The insect enters rose canes after they have been cut. To prevent infestation, MacCreary says orange shellac can be used to seal the cut ends of the canes, or thumb tacks can be inserted into the cut ends. The damage they do is usually insignificant and control isn't essential.

Swarms of winged ants are found throughout the state. To control infestations, locate areas where the ants are coming from and treat with Chlordane dust or spray, being careful to apply it only where children or pets will not be exposed. MacCreary explains that flying ants have two-sectioned bodies with a narrow "waist", while termites have straight bodies.

In using any insecticide, it is

extremely important to follow directions carefully and to keep the chemicals away from children and pets, MacCreary says.

Additional information on insect problems is available from the department of entomology and applied ecology at the University of Delaware or from county agents in Newark, Dover and Georgetown.

### \$500,000 Approved For Poultry Research

Senator J. Caleb Boggs (R-Del) last week announced that the Senate Appropriations Committee has approved a request for \$500,000 to establish a poultry research laboratory at Georgetown.

In making the announcement Senator Boggs said: "Since 1961, when I introduced legislation to establish such a laboratory, I have been attempting to get the Department of Agriculture to request funds for the laboratory in the department's budget. I was delighted to find that the Department requested \$500,000 in the fiscal 1966 agricultural budget.

"The House, in its consideration of the agriculture budget, allotted \$450,000 for the construction of this laboratory; however, the Senate restored \$50,000.

"This laboratory is necessary to continue research on the nutrition, feeding and management problems that are peculiar to poultry and the arrest and eradication of contagious and infectious diseases of poultry. The condition that exists within the poultry industry makes it imperative that the Government continue to take action to assist poultry growers and the industry as a whole.

"The establishment of this research laboratory, in addition to others previously established in other states, will contribute greatly to the solution of the problems in the poultry industry," Senator Boggs concluded.

Sen. Boggs said the committee's action advances the likelihood of the laboratory's construction an important step forward.

### James W. Calvert

James W. Calvert of near Andrews died last Wednesday in Milford Memorial Hospital after a long illness.

Mr. Calvert, a retired carpenter, was a life resident of the Greenwood area.

Surviving are his widow, Mrs. Catherine Calvert; three sons, James and Richard of Greenwood and William of Palisades Park, N. J.; a step-son, Frederick Martin of Chicago, Ill.; two sisters, Mrs. Rene Deem of Greenwood and Mrs. Helen Osburn of Akron, Ohio; a brother, Orion Calvert, of Leonia, N. J., and a granddaughter.

Graveside services were held Saturday at Ferncliffe Cemetery in Hartsville, N. Y.

The J. Millard Cooper Funeral Home in Harrington, handled the arrangements.

# NAVY AND YOU

In January, of 1861, Jefferson Davis, president of the Confederacy, assigned a young engineering officer, Beauregard, to command the Southern forces at Fort Sumter, South Carolina. He planned to take the fort from the North by starving the men into surrendering. President Lincoln, realizing that he could not let the South win the first battle, dispatched a small convoy to give aid to the garrison. When the assault on the island began the only vessel in position to render help was the unarmed STAR OF THE WEST which was soon driven out to sea by the southern cannons. The bombardment of Sumter, in effect, marked the beginning of the war between the States.

# SPORTS

KEITH S. BURGESS — Sports Editor

## Eddie Brasko, 11, Trounces Many Older Long Distance Runners

Little Eddie Brasko is only 11 years old and ran a mile in 5:31 this week, but the South Philadelphia youngster isn't too worried about time.

"I just like to win the race," he says in true Ron Delany fashion.

Brasko was introduced to the fair sport of two-legged running last fall when his 17-year-old brother, Mike, a mile and half-miler at Southern High, got him into Middle Atlantic Road Runners Club.

The Road Runners are a cross-country breed who would rather run than walk and would rather walk than take a trolley or drive a car.

**Follows Brother 13 Miles**  
Mike has been an inspiration to his 4-foot-nine, 78 pound brother and Eddie follows him wherever he goes—like 13 miles in Wilmington, one day.

"After I finished the race," said Mike, "I didn't think Eddie would make it. Then somebody said, 'He's on his way in,' and I couldn't believe it. Sure enough, he came in 37th."

Eddie was by far the youngest in the race and he received a sterling silver penknife for finishing.

**Lost in Last Two Blocks**  
"I almost beat out a pioneer who runs for the New York Pioneer Club," said Eddie the other day. "He used to running 50 miles and more in European races. But he beat me out the last two blocks."

Now, after nine months of running in AAU handicap events and in 12 and under competition, Eddie has several trophies and medals. He will enter Vare Junior High School for the first time next fall.

"He has more trophies than me," said Mike, who graduated as mile champion from Southern High. "I know for sure that although Eddie just got out of grammar school, he could make at least three high school teams in the city."

Mike said that the Simon Gratz milers, who share the Southern High track came over one day to work out and Eddie asked if he could run in the time trial. Eddie did, and won it.

**Jumbo: Tremendous**  
"His time is tremendous for a boy that age," said Villanova track coach Jumbo Elliott, when notified of the 5:31 Eddie ran in an AAU development meet at Southern this week.

Two nights later, Eddie ran in a 12-and-under mile at Woodbury (N. J.) High and won that in 5:43.

"Another boy gave him a scare," said his mother. "He start-

## Church Softball League News

It has been found necessary to revise the Church Softball schedule for this season.

Teams participating are:  
#1—Asbury  
#2—Trinity  
#3—M. E.  
#4—A.M.E.  
#5—St. Bernadette's  
#6—St. Stephen's

In the schedule, the team listed last is the home team. Any teams postponing a game should arrange a time and place, getting permission to use the field desired.

Each team should furnish one umpire.

Any team absent without notice forfeits the game.

Each home team is responsible for calling the results of the game to Bill Kugel at 398-8869.

**SCHEDULE**

## Local Males to Run Here From Houston, Farmington, Masten's Corner, Etc.

Several local boys and men from 12 to 42 have been shuffling, jogging, trotting, loping and pacing from nearby communities to Harrington in a physical conditioning program. Distances covered have ranged from 2 1/2 to 5 1/2 miles. Starting Wednesday night informal races will be held, using the Harrington High school track as a starting point. Each participant will be competing on his own.

Transportation will be furnished for the entire group to natural starting points such as Farmington, Houston, Masten's Corner, Blade's Cross-Roads, Killen's Pond, Felton, etc.

Races will be held each Wednesday night at 8 p.m. except for fair week. Anyone who does not wish to go the whole distance any night may choose a shorter portion such as one mile, two miles, etc.

"I don't get out of breath when I run the short races," he said. "I sure do when I run 13 miles, though."

Vare Junior High doesn't have a mile program. But it has a quarter-mile relay team and Eddie says he'll try out for that, plus the hurdles.

"I hope I can get over them," he said.

Editor's notes: Dwight Hackett, former H.H.S. and West Chester State standout has seen Brasko in action and predicts a great future for him. Although, baseball, football, basketball and other sports have programs for grammar school age boys, long-distance runners often don't start until they are 14 or older. Perhaps, some great runners could have been even better had they started younger. Here at H.H.S. Coach Harold McDonald has had several boys who were able to give a good account of themselves in junior high cross-country (2.4 miles) before reaching their twelfth birthdays. Several fifth and sixth graders have negotiated the Killen's Pond course in decent time.

If Brasko resided here he could come out for cross-country this fall instead of having to wait two years as he will have to do at his present school. He will probably continue his road-running efforts in the meantime and be ready to make a big splash when finally allowed to run high school long distance events.

**Red Cross adult swimming lessons will be held at the C.K.R.T. Post No. 7 Legion Pool on Monday, July 12th, from 6 to 8 p. m.** There will be classes for beginners, intermediates and swimmers. A charge of \$1 per hour of instruction will be made.

Anyone interested in taking swimming lessons, contact Mrs. Robert Wechtenhiser, 398-8821, or William Lord, 398-3566.

## R. C. Adult Swim Lessons at Legion Pool, Mon., the 12th

Red Cross adult swimming lessons will be held at the C.K.R.T. Post No. 7 Legion Pool on Monday, July 12th, from 6 to 8 p. m. There will be classes for beginners, intermediates and swimmers. A charge of \$1 per hour of instruction will be made.

Anyone interested in taking swimming lessons, contact Mrs. Robert Wechtenhiser, 398-8821, or William Lord, 398-3566.

## Merchants Win First In Senior League

Jack Dill's Merchants won their first game of the season when they took a 12-9 decision from Shaw's Gary Simpson and Oscar Matthews had two hits each for the Merchants, who pulled out the win although out-hit 12-8.

Roger Bullock had three hits for Shaw's. Nick Morris and Howard Brown had two each. 1st National Bank is making a bid to sweep both halves of the Senior League competition. They are now 3-0 after shutting out their chief rival, People's Bank, behind the hurling of Terry Yoder.

People's Bank bested Merchants 7-2 on Tuesday night. Jackie Redden was the winning pitcher.

The Delaware State Senior League tournament will feature a game here on July 23rd between Harrington and New Castle.

## Sals Send Six Players To All-Star Game

In past years Salesianum School has supplied the Blue team with some of its strongest players for the Delaware All-Star High School Football Game. But when kickoff time comes for this year's renewal on Saturday afternoon, August 21, at Delaware Stadium, the Sals could easily send forth their strongest representation to date.

Once again the Sallies—winners of 17 straight games over two years including two victories over powerful Baltimore Poly—send six players into the "We Play That They May Learn" game which benefits the Delaware Foundation for Retarded Children.

The Blues, winners of six of the nine previous contests with one tie, are made up of players from north of Wilmington's southern boundary while the Golds come from south of that line.

Four of the Sals were All-State choices. They are fullback Bill Bartholomew, end John Renzetti, guard Joe Freebery and tackle Al Hollis. The other Salesianum representatives are tackle Marty Joyce, the biggest man in the game at 6-foot-1, 235 pounds, and halfback Tom Kalafut.

Of all the power Salesianum annually supplies to the Blues, this may be the year when the Sals are coming with strongest representation.

In Bartholomew and Freebery the Blues have two of the most sought-after high school athletes in the country.

Bartholomew, son of Mr. and Mrs. Vincent Bartholomew, of R.D. 2, Glen Mills, Pa., was deservedly the most decorated schoolboy player in Delaware last year.

His honors included All-State, All-American and recipient of the Notre Dame Club of Philadelphia's award to the outstanding player in the Delaware Valley. Bartholomew, 6-3, 205, who scored seven touchdowns and picked up virtually all of the inside yardage for the unbeaten Sals last year, will attend Notre Dame.

Freebery, son of Mr. and Mrs. James J. Freebery, 10 Coffee Run Lane, Westminster, was called by his coach Dim Montero a player with "football instincts." By this Montero meant that the 6-foot, 210-pounder always seemed to be where he was needed.

Freebery, who also was one of the finest students in Salesianum as evidenced by making the honor roll although taking advanced courses, will attend Delaware. He was courted by more than 70 schools before deciding on his own state university.

Freebery is the type student any college likes to get. Besides his heroics on the football field, he participated in many extra-curricular activities including being vice-president of the senior class, student council representative and captain of the hall guards.

Renzetti, the 6-foot, 205-pound son of Mr. and Mrs. Joseph Renzetti, 2002 W. 17th St., Wilmington, completed a tremendous comeback from a childhood injury by being named to the All-State team.

Hit by a car when he was 5-years-old, Renzetti suffered a compound fracture of the skull and a broken neck. It was feared he would never be able to participate in athletics.

But Renzetti's will to play made the difference and it paid off in spades as he caught the touchdown pass that defeated Baltimore Poly 14-7 last year.

The student council president, he will attend Delaware.

Hollis, a 5-11, 195-pounder, is a rarity as far as tackles go. His major forte is speed and it isn't often a high school football team can claim a 195-pound tackle who can move.

Hollis, the son of Mr. and Mrs. Wilmer Allen, 100 Fulton St., Wilmington, was one of the state's top 100 and 200-yard dash men last spring.

A member of the student council, Hollis is undecided on what college he will attend.

Joyce, the squad's giant, is the son of Martin Joyce, 325 McDaniel Ave., Wilmington. Probably headed for Kentucky in the fall, Joyce used brute strength and football know-how in leading the power Salesianum used inside.

Kalafut, a 6-foot, 185-pound halfback, missed part of last season with injuries. However, he managed to score five touchdowns for 30 points.

The son of Mr. and Mrs. Michael Kalafut, 26 6th Ave., Wilmington, he will attend either William and Mary or North Carolina. At Salesianum he was a senior class and student council representative.

## Claymont High To Have Five On All-Stars

Five players will give Claymont High its greatest representation ever in the Delaware All-Star High School Football Game scheduled at Delaware Stadium on Sat., Aug. 21.

Three are linemen—end-tackle Randy Gamiel, end Mike Madden and center-linebacker Ralph Spoltore. The backs are quarterback Drew Burslem and halfback Bob Lilley. Gamiel, Burslem and Madden were tri-captains of the Indians when they compiled a 4-3-2 record last year.

Spoltore and Madden received All-State recognition last season. Spoltore was chosen on the second team, Madden on the third.

All five youths will be playing under familiar coaching. They'll be playing with the Blue team which will have Bill Holstein as head coach and Bill Coutz as line coach. Holstein and Coutz hold the same positions at Claymont.

The game will be played for the Delaware Foundation for Retarded Children.

Gamiel, 6-foot-1 and 195 pounds, is noted especially for his defensive prowess. He also played on the basketball team. Randy, who plans to enroll at Connecticut or Delaware, is the son of Mr. and Mrs. John Gamiel, 6 Mount Vernon Drive, Claymont.

Madden, 6-1 and 185, caught two touchdown passes last season in addition to handling his other end duties in first-rate fashion. He was on the basketball, baseball and golf teams, too. He is the son of Mr. and Mrs. Joseph L. Madden, 41 Lawson Ave., Claymont.

Spoltore's fierce linebacking and alertness contributed much to Claymont's success. On one of his pass interceptions, the 6-1, 206-pound linebacker dashed 47 yards for a touchdown. He played his early football on a Pop Warner League all-star team in Bridgeton, N. J., which went to Youngstown, O., and won the league's Eastern championship.

Ralph, who was on the honor roll and the student advisory committee, is the son of Mrs. Thelma E. Sheppard, 2713 Washington Ave., Claymont.

As the quarterback of Holstein's T-formation attack, Burslem was a key operative. The 5-foot-10, 175-pound youth excelled with his ball handling and passing. Drew, who was a student council member for four years and treasurer of the Boys' Varsity Club, is the son of Mr. and Mrs. Ashworth Burslem, 2324 Cherry Lane, Arden.

Lilley, 5-9 and 173, is a talented all-around back. As a junior, he won the team's best defensive back award and as a senior earned the best offensive back award. He was one of the Indians' leading scorers with 30 points. Bob, who was a student council member, is the son of Mr. and Mrs. Reynolds Lilley, 11 Forrest Ave., Claymont.

## Brandywine Raceway Notes

Stall applications for Brandywine Raceway's 31-night summer meet, starting August 2, now are available.

Brandywine management announced that all stall requests must be filed by July 11.

The stable area will open Monday, July 26, coincident with the start of training operations both on the regular lightning fast half-mile strip and the nearby training track.

The first section of Brandywine's divided meet, May 1 - June 3, was highlighted by the \$25,000 Marquis de Lafayette "Trotting Race of the Century", won by the incomparable Speedy Scot in track record time of 2:01.1.

A heavy concentration of early closing events for colts is in offering for the summer session.

## Building Permits Kent County

State Board of Education, Dover, Educational Television Station, \$467,000.

Talbert P. Clark, Dover, residence, \$2000.

Edmund McNamara, Dover, improvements, \$1500.

Donald Tieman, Dover, residence, \$15,000.

Wilds Building Corp., Dover, seven residences totaling \$72,500.

Harold C. Breese, Philadelphia, garage in 3rd District, \$1400.

Eastern Shore Development Co., Wilmington, residence in Dover, \$14,990.

Sadie E. Neese, Wyoming, silo, \$8000.

414-416 S. State Street Company, Dover, office building, \$76,500.

Lynn Lee Corp., Clayton, demolishing house.

Artisans Saving Bank, Wilmington, demolishing house.

Robert C. Farlow, Star Hill, Dover, residence, \$7000.

Beatrice K. Dorzback, Dover, improving Jos. Levi store, \$7000.

James Truitt, Smyrna, improvements, \$1000.

## POLICE DEPT. (Continued from Page 1)

two wattages in the same block. The Council agreed to have all lights at 7000 watts. The remainder of Delaware Avenue will have 3350 watts. Center Street is also scheduled for mercury vapor lights.

Council defeated a motion, 3 to 2, and then tabled it for installation of traffic signs, at 5 miles per hour, and stop signs in alley south of Clark Street. Complaint was that speeding was taking place.

Harry Greenberg said nine traffic accidents had taken place on Porter Street, at the side of his home on U. S. 13 South and "nobody does anything about it."

Greenberg asked the mayor to appoint committee to observe the street 5 p. m. to 7 p. m., and 8 a. m. to 10 a. m., when the traffic was heaviest. He also asked the committee to observe a ditch back of his house. He explained it needed cleaning. The city manager will clean out the ditch the first chance he gets and the mayor will visit the scene.

Greenberg has been trying, for some months, to get a 125-foot, 8-inch tile installed. He explained he would pay half the cost of tile. No action was reported on this phase.

Clarence Collins, of Clark Street, a former councilman, said he needed three links of tile for a ditch back of his home. "You put it in and I'll pay for it," he advised. No action was taken.

Council agreed to write Magistrate L. Gooden Callaway accepting his offer to wait three weeks before he returned City dockets and settled City cases. Council agreed July 27 would mark the end of three weeks, and that Callaway has five days, or until August 2, before he is liable to a penalty. Callaway has been employed out of the City.

## DULANEY HEADS (Continued from Page 1)

Delaware, New Jersey). In 1934 and '35, he acted as chairman of the Canning Industry Code Authority under the National Recovery Administration. He has also been president of both the National Cannery Association and the National Association of Frozen Food Packers.

The appointment of Mr. Dulany to the Wesley College Board of Trustees capstones half a century of an active and happy relationship. The building in which the gracious dining facilities are housed on the Wesley Campus is named Dulany Hall in honor of its benefactor.

## CENSOR'S ORDER (Continued from Page 1)

In arguments before the court, a lawyer for Trans-Lux Distributing Corp. described the movie as a "serious and dramatic work" whose "theme is a moral one."

The Citizens Federal League will present "A Stranger Knocks", uncut and uncensored before a discriminating adult audience, this Sunday and Monday, July 11-12 at the Reese Theatre.

## WINNER TO RIDE (Continued from Page 1)

ing Delmar at 5:56 a.m., and arriving at Wilmington at 8:20 a.m., connecting with New York and Washington trains. Returning, the train leaves Wilmington at 5:20 p.m. and reaches Delmar at 7:44 p.m.

Wednesdays and Thursdays are Ladies Days when women can travel at greatly reduced fares. Children under 16 also may travel at lower rates these days.
