

## GRUWELL WINS SCHOOL VOTE; MED. KILLEN WINS AT FELTON

Keith S. Burgess, president of the Harrington Board of Education, was noted out in the school election Saturday by Mrs. Edna M. Gruwell.

The incoming officer will be installed in July. Term is five years.

Burgess, a veteran member of the school board and a rural mail carrier, tallied 138 votes as to Mrs. Gruwell's 204. The victor is an employee of the State Tax Department.

In nearby elections, Medford Killen defeated John T. French, 239 to 246. Killen is a farmer who lives near Felton. He will succeed William C. Eliason on the Felton board.

At Houston, Francis G. Simpson was the only opposed incumbent in the county to be elected. Simpson defeated Richard H. Kenton, 99 to 80. The winner is a partner with his brother in the Simpson Lumber Company, Wyoming.

There was no contest at Frederica.

## Distribution Of Memorial Poppies May 19, 20, 21

The distribution of the Memorial Poppies throughout the State of Delaware in memory of our war dead by the American Legion Auxiliary will take place on Thursday, Friday and Saturday, May 19, 20 and 21st, 1966. (In Dover, the distribution will be made on the following weekend, Thursday, Friday and Saturday, May 26, 27, and 28).

The contributions made by the public for the Memorial Day Poppies are all earmarked for and used in the Rehabilitation and Child Welfare program of The American Legion Auxiliary.

In Wilmington, monthly game parties are taken to the Brack Ex V. A. Hospital.

Semi-monthly dance parties for 200 or more patients are taken to the veterans at the Perry Point Veterans' Administration Hospital in Maryland, where 150 of the patients are Delawareans.

Postage and wrappings of the Christmas Shop Gifts held in the V.A. hospitals for the veterans comes from the poppy proceeds, and aid to any needy or hospitalized veteran or his family.

The public is urged to wear a poppy to honor the dead and aid the living survivors of those who have served our country and given so much.

## Gov. Terry Announces Appointments To Industrial Adv. Council

Governor Charles L. Terry, Jr. announced the appointment of Ernest S. Wilson, Jr., attorney, and Harris N. Hollin, of Friden, Inc., to his Industrial Advisory Council. The Council serves as an advisory body to the State Development Department, directed by Samuel L. Shipley.

## HARRINGTON TO VOTE ON ANNEXATION IN FALL

The Harrington Council is planning an annexation attempt, which, if approved by voters, will rig the city with new lands.

Mayor Luther P. Hatfield told the Town Council Tuesday night that the Planning Commission, with assistance from the State Planning Office, has drawn up plans to have a September or October referendum on annexing four large areas of land—to the north, south, east and west of the present city boundaries.

The council had no figures on how much acreage is involved.

Hatfield said one of the areas, the largest one, contains the properties of 10 corporations. He said a recent opinion from City Solicitor Grover C. Brown held that corporations can vote in an annexation referendum.

The other three sections, Hatfield said, are mostly residential areas.

Hatfield said the size of a proposed sewage plant depends on the outcome of the annexation proposal.

Hatfield explained that the town is proceeding step-by-step and that final plans for the sewage plant will not be made until the town knows exactly how many persons it must serve.

Hatfield and the council plan to tour the sewage plant at Lau-

## Chapel Drive Continues For Stockley

During the past six months, a citizen's committee under the chairmanship of Mrs. J. Allen Frear, Jr., Dover, has been working to raise \$150,000 to build an All Faith Chapel for our retarded citizens residing at Stockley. This community of 600 Delawareans has been established for over 43 years, but never has there been a house of worship as a separate building.

The goal of the committee was that one-third of Delaware's population of over 450,000 citizens contribute but one dollar and the task of raising the \$150,000 would be easily accomplished.

Great interest has been created in the project and many individuals have taken it upon themselves to send their contributions to the All Faith Chapel Fund, P. O. Box 482, Dover, Del. Foundations, churches, and civic organizations have been especially responsive to the challenge and at present account for a large percentage of the money collected which totals to date \$40,140.45. Area raises have been: New Castle County, \$23,730.74; Kent County, \$5,821.41; Milford area, \$368.00; Sussex County, \$9,220.30; Auxiliary, \$1,000.

Each week brings additional contributions and interesting letters relating to the fund. A challenge to all senior citizens has been the efforts of 96 year old Mrs. Hester Morris, Newark, who took it upon herself to use her telephone and contact local citizens which resulted in her sending \$561 to the Chapel Fund. In fact, Mrs. Morris is entirely responsible for 65% of the money collected in Newark to date.

In contrast to Mrs. Morris' age, many youthful groups such as the three nine year old playmates of a retarded child who made hot pot holders to sell and sent their earnings to the Chapel Fund; the Delaware State Freshman class who collected a \$50 contribution; the Millsboro Combo, "The Noble", who held a dance and sent \$150; the Sunday School of St. John's Church, Dover, who gave up their usual Christmas candy and instead contributed \$169.49 to the chapel. Each letter that is sent reports a dedicated story—not seeking publicity but trying to help those less fortunate than themselves.

As chairman, Mrs. Frear is often asked, "How is the Chapel (Continued on Page 8)

## St. Bernadette's Goes Over Top In Diocesan Drive

St. Bernadette's Parish received pledges of \$12,208 in the Diocesan Development Campaign Drive last Sunday. Their Diocesan quota was \$6900. The chairman was William Kohel with associate chairmen, William Lord and Leon Kukulka. Chief auditor was Ernest Gleason. The pledges cover a three-year period.

rel, which has a lagoon system, and visit the Millsboro plant, which has a conventional type unit. Hatfield said council members hope to make a decision on which plant to build as a result of these visits.

He said the present plant was built in 1933 and that most of it probably will be replaced by the proposed new plant. Hatfield said the city of Harrington is now in a position where it can provide service for those areas he hopes to bring within the city limits. With the drilling of a new well last year, he added, Harrington has an ample water supply.

The council voted to hold a public hearing to discuss a request from the Harrington Shirt Corp. to close an alley in back of the facility so that the plant can expand.

Sheldon L. Starr, company vice president, said the plant has received a government contract for long sleeve shirts and in order to manufacture them needs to extend the rear of the plant.

Hatfield said he would not recommend the closing unless the company provided off-street parking for its employees. He noted that there is a parking problem at the plant and that closing the alley probably would add to it.

## Wm. H. Outten Attending Training Program

Wm. H. Outten, representative of Nationwide Insurance in Harrington, is one of 40 agents attending the training program being conducted by his company at the Francis Scott Key Hotel, Frederick, Maryland, has qualified to attend this program which is designed to help him render better service to his policyholders.

This program, one of a series of training courses held periodically by the company, began on May 16 and will continue through May 19.

## Clerk-Carrier Applications Still Being Accepted

The local post office establishment board, of the U.S. Civil Service Commission announces that applications for postal clerk-carrier positions, for post offices in the State of Delaware are still being accepted, and that examinations for these positions are given approximately every ten days, at the Dover, Georgetown and Wilmington Post Offices. The starting salary for these positions is \$2.57 per hour.

Anyone interested may obtain an application card at their local post office, or from the Board of U. S. Civil Service Examiners, Room 13, Post Office Building, 11th and King Streets, Wilmington, Del. 19899.

## Chicken Festival To Have Entertainment For Children

The committee in charge of the Delmarva Chicken Festival, to be held in Pocomoke City, Maryland, June 16, 17, and 18th, has made great strides in arranging entertainment for the children this year after learning that they did not attend previous festivals because they catered primarily to the adult.

This year there will be many amusements for the children, including pony rides. It is hoped too that "Misty", the Chinoteague pony of book and movie fame will make her appearance during the three days of the festival.

A free movie and operetta will be presented. The Gilbert and Sullivan operetta H.M.S. Pinafore while having an adult theme, will have several children performing in the cast.

It is believed too the children will get a lot of amusement from the Antique Car Show, the trip on the River in the old river boat, "The Paddle Wheel Queen," the Art Show, the tour of Wallops Island, the music and street dances as well as the elaborate festival parade.

Food and drink concessions will cater to the palates of the wee ones as well as the young at heart.

## George A. Bonniwell

George A. Bonniwell, 42, of Harrington Avenue, Harrington, died Monday at Delaware Division after brain surgery.

He was an employee of the Du Pont Co. nylon plant at Seaford, a World War II veteran and a member of the Harrington Fire Co. and Evergreen Methodist Church at Harborton, Va.

He is survived by his widow, Mrs. Alma Marie Bonniwell; three sons, George A., William T. and Calvin L., all of Harrington; his mother, Mrs. Grace Bonniwell, Harrington; a brother, William, Harrington, and three sisters, Mrs. Warren Albrecht, Cleveland, Ohio; Mrs. Robert Poynter, Harrington, and Mrs. Frank Place, Harrington.

Services will be Friday afternoon at 2 at the J. Millard Cooper Funeral Home, 110 E. Center St., and will be conducted by the Rev. John E. Parker, Camden, and Mr. Bonniwell's nephew, the Rev. Robert Bonniwell, of Gainesville, Ind. Interment will be at Hollywood Cemetery, Harrington.

ALUMNI OFFICERS FOR COMING YEAR—Shown at alumni banquet Saturday night. They are as follows (left to right): Donald Derrickson, treasurer; Mrs. Sandra Raughley Butler, corresponding secretary; Phoebe Bullock, recording secretary; Mrs. Luther P. Hatfield, recording historian, and George Tatman, vice president. Parsons photo

## Mrs. George W. Hanks

Mrs. Eliza B. Hanks, 74, died Sunday in Milford Memorial Hospital after a short illness.

The widow of George W. Hanks, she was a member of the Greenwood Methodist Church where she was an honorary member of the Woman's Society of Christian Service. She also belonged to the Greenwood Homemakers' Club.

She is survived by a son, Dr. William H. Hanks of Cambridge, Md.; a daughter, Mrs. Velma Owens Gramse, of Salisbury, Md.; two sisters, Mrs. Lulu Mescher, of Dayton, Ohio, and Mrs. Myra Miller, of Bedford, Pa.; a brother, Frank Oster of San Valley, Calif.; three grandchildren and a great-granddaughter.

Services were held Wednesday afternoon from the Fleischauer Funeral Home, with burial at St. Johnstown Cemetery.

## Samuel Knox Sr.

Samuel Knox Sr., 82, Felton, a retired farmer, died Monday at the State Home in Smyrna, after a long illness.

He is survived by his wife, Mrs. Lulu Knox; two sons, Earl, of Felton, and Samuel Jr., of Greensboro; a daughter, Mrs. Jennie M. Dill, Felton; nine grandchildren; 17 great-grandchildren; two great-great-grandchildren, and a brother, Harry, of Smyrna.

Services were held yesterday afternoon at the Cedar Grove Holiness Church.

## William R. Fryer

William R. Fryer, 61, who once taught in Felton High School, died in a Ridley Park, Pa., nursing home Monday after a long illness.

He left Felton in 1928 to take a post at Edystone (Pa.) High School. He had been supervising principal there since 1952.

He is survived by a daughter, Mrs. Ralph C. Young Jr., of Springfield, Pa.; a sister, Mrs. Pearl Jacobs, of Douglasville, Pa., and three grandchildren.

Services were held Wednesday morning at St. Matthew's Lutheran Church, Linbrook and Bennett Roads, Springfield.

## John J. Moore

John J. Moore, age 75 years, husband of the late Bertha E. Moore, Dover, died Tuesday afternoon at the home of a son, Preston S. Moore, 70 Clark St., Harrington, with whom he had been staying for two weeks.

He is also survived by another son, Ernest R. Moore, Dover; four daughters, Mrs. Ruth C. Hopkins, Dover; Mrs. Beety A. Boone, Wyoming; Mrs. Pauline E. Renn, Aberdeen, Md., and Mrs. Evelyn M. Sawyer, in Okinawa; three brothers, Charles Moore, Harrington; Watson and Robert Moore, both of Greenwood; two sisters, Mrs. Mary Falls, Federalsburg, Md and Mrs. Maisie Manner, Orlando, Fla.; seventeen grandchildren; three great-grandchildren.

Mr. Moore was a retired employee of the Pennsylvania Railroad.

Funeral services will be held from the McNatt Funeral Home, Harrington, on Friday afternoon, May 20, at 2 o'clock. The Rev. James T. Jones, pastor of Victory Chapel, Dover, will officiate. Interment will be in Hollywood Cemetery, Harrington. Friends may call at the funeral home on Thursday evening.

## K. L. BURGESS AND K. ELLERS AWARDED H.A.A SCHOLARSHIPS

Kitty Lou Burgess and Kenneth Ellers were presented scholarships Saturday evening at the 10th reunion of the Harrington High School Alumni Association.

Miss Burgess, the daughter of Mr. and Mrs. W. C. Burgess, will take nurse's training at the University of Pennsylvania. Burgess is copublisher of The Harrington Journal.

Ellers, the son of Mr. and Mrs. Roland Ellers, will attend the University of Delaware where he will study engineering.

The more than 500 persons attending saw the banquet portion proceed rapidly under the leadership of President L. Donald McKnatt '49.

Thorborg Kristvinsdottir, an American Field Service student from Iceland, delivered the invocation in her native tongue. Harrington's first exchange student, was a member of this year's graduating class.

Dinner music was furnished by Miss Candace Peck, Bill Manship and Miss Lois Larimore sang folk songs. Sarah Moore was accompanist for a skit, "The Curse of an Aching Heart," a take-off on Mr. and Mrs. Jehu F. Camper, members of an honored class, that of 1916.

Attendance banners were awarded as follows: Most members, class of 1965, with 37 present; on a percentage basis, class of 1910, with three attending of

AWARD WINNERS — Kitty Lou Burgess and Kenneth Ellers are shown receiving scholarship awards Saturday night at the 10th reunion of the Harrington High School Alumni Association. William F. Parker makes the presentations. Miss Burgess will enter the nursing school of the University of Pennsylvania Hospital, while Ellers will study engineering at the University of Delaware. ## 2 Harringtonians Trailer Fire Loss To Graduate From James H. Groves

Several from this area will be awarded diplomas May 31 in a ceremony at Wesley College.

They will be graduates of the James H. Groves High School, school sponsored by the State Department of Public Instruction, for those whose education has been curtailed.

Those to graduate from this area are as follows: Hattie E. Cheers, Felton; Margie M. Conquest and Marian E. Gunner, both of Harrington; Barbara G. Moore, Milford, and Mary Lee Nquist, also of Felton.

## CITY LISTS STREETS READY FOR IMPROVEMENT THIS YEAR

### State Road Inspector Killed On Job

A state Highway Department road inspector was killed Thursday, afternoon, May 12 when his body was crushed beneath the wheels of a bulk cement truck.

James C. Neeman, 37, of near Harrington was pronounced dead on arrival at 4:35 p. m., at Nanticoke Memorial Hospital, state police said.

Neeman was working on a road construction project on County Road 311, about 3 miles south of Harrington, when the accident occurred.

The roadway, sometimes obscured with clouds of wind-whipped dirt, is one of a number of roads being graded in the area in preparation for paving.

The tandem portion of the 18-wheeled vehicle, containing a tank loaded with cement, apparently struck Neeman and knocked him to the ground.

Police said that it appeared that the right rear dual wheels of the truck then rolled over Neeman's body.

Services were held Monday afternoon in the Berry Funeral Home, Felton. Interment was in Barratt's Chapel Cemetery, Frederica.

Mr. Neeman is survived by his widow, Mrs. Bertha Belle Jarrell Neeman, a daughter, Natalie, R., six months; his parents, Mr. and Mrs. Charles Neeman, of Canterbury; six brothers, Claude and Paul, of Harrington; William of Indianapolis, Ind.; Roland of Felton; Frank of Clayton; Gerald, of Minquadaile; and a sister, Mrs. Elizabeth Artis, of Dover.

Mr. Neeman was a member of the Harrington Fire Company and Asbury Methodist Church, of Harrington.

## Annual Meeting of C. S. To Be Held At Rehoboth

The annual meeting of the Peninsula Conference Woman's Society of Christian Service will be held in the Civic Auditorium, Rehoboth Beach, on Thurs., May 26, beginning at 10 a.m. with adjournment at approximately 3 p.m. The business session will be conducted by the president, Mrs. William J. Garrett.

The theme for the meeting is "What Does the Lord Require of You?" The principal address will be given by Dr. Elizabeth B. Miller. She and her husband, Dr. Edgar R. Miller, a cardiologist, have recently returned to the United States to retire from missionary service. They are making their home both in Wilmington and Liverpool, Pa.

In 1955 the Drs. Miller fulfilled what for them had been a lifelong dream to be medical missionaries. On the invitation of Methodist missionary friends, Dr. and Mrs. Robert Fleming (she is also a doctor), the Millers gave up their respective practices to join the Flemings and other in an international medical mission in Nepal. The Nepal mission had been opened by the Flemings in 1955. After much thought and discussion, the Millers decided to leave Wilmington and go to Nepal, fulfilling a dream of years.

In Nepal the Millers worked with an international, interdenominational medical team with missionaries from 15 countries and many denominations. Their headquarters was in a palace in Nepal's capital, Kathmandu, that had been converted into a hospital. The Millers, along with other workers, went out into the villages and open country to set up dispensaries and conduct mobile clinics. They also helped to train Nepalis in nursing and other medical work. The united mission to Nepal also works in the fields of education and agriculture.

Dr. Elizabeth Miller was born in Oldwich, N. J. and did her undergraduate work at Dickinson College, Carlisle, Pa. Her medical study was at Women's Medical College in Pennsylvania.

During her years of practice in Wilmington, she was a member of the Delaware and American Medical Associations and the Richardson Park Methodist Church. In 1956 she received a national award for the Phi Mu Sorority at the 100th anniversary of its founding, citing her for her "interest and devotion to church and civic interests."

Other items of interest on the program will be a spiritual emphasis, business, drama and the annual pledge service. The local Woman's Societies of each Methodist Church will be represented by duly elected delegates.

Final plans for street improvements were announced Tuesday night at a meeting of the City Council.

Thoroughfares lists as ready to be included for construction bids were as follows: Wolcott, Third, Center extended, Benjamin extended, and Dixon extended. The extended portions are in Harrington Manor.

A hearing on the proposed work will be held at 7:30 p.m., Tues., June 7, at a regular City Council meeting. The City does not get its municipal aid funds until well into the summer, but it likes to get going on street improvements in early summer. Exactly how much work it can do will depend on the extent of municipal aid.

The Council also heard that Thorpe, Ward, and Franklin streets and Railroad Avenue, Liberty Street from Dorman to West Street, and Mispillion Street, from West Street to Hanley Street, will be engineered to be ready for next year's work.

The meeting adjourned at 9:30 p.m., an unusually early hour.

## Greenwood School To Reduce Real Estate Tax

The Greenwood School Board met last week and passed a motion to decrease the real estate tax in the school by 4 cents. Since a small portion of the Greenwood School District extends into Kent County and the recent reassessment of this property has resulted in additional revenue, the reduction is possible without jeopardizing the bonding obligation of the district.

The Greenwood School District will sponsor an academic improvement program this summer, June 20 to July 29, for some students in grades one through twelve. Mrs. Margaret Justice, a certified reading consultant who has been employed to coordinate a reading program in the school next year will head the summer project which will be financed from Federal funds under Title I of the Elementary and Secondary Education Act.

Approximately twelve students who need help in the language field will be invited from each of the elementary grades to participate in the program. These students will be taught by members of the Greenwood elementary faculty.

High School students who have deficiencies in English, Mathematics, Social Studies or Science will have an opportunity to clear these deficiencies and continue with their classes. School dropouts are invited to participate in these classes which will be taught by members of the high school faculty.

Dr. Ron Cramer, from the reading clinic at the University of Delaware, will meet with Mrs. Justice and the teachers for a one-day in-service training program prior to the opening of summer school.

Bus transportation will be furnished to those attending summer school program. Free lunch will also be served to all students at the school.

## Flower Show Training Session Set For Youth

A Delaware flower show training program for youngsters through high school age will be held May 21 in the Agricultural Hall auditorium at the University of Delaware.

Two sessions are scheduled, with a meeting from 10 a.m. to noon for junior and senior high school students, and an afternoon session from 1 to 3:30 for elementary school children.

Instruction and practice in flower arranging and practice sessions for the flower judging contest and the plant identification contest of the Delaware flower show will be given at both meetings. Mrs. James Kryger, Wilmington, will teach the flower arranging course for the high school students, and Mrs. Charles Dunham, Newark, will give the flower arranging course for the younger children.

Reservations for the training program should be made with Mrs. Robert Moneymaker, 217 Mercury Drive, North Star, Newark, Delaware, 19711.

The program is designed to aid youngsters planning to compete at the Delaware Flower Show June 4 and 5 at the University of Delaware.

### Johnsongrass Difficult Weed To Eliminate

Johnsongrass is deceiving; it looks like the valuable forage crop sudangrass. But johnsongrass is actually a vigorous weed that can take over farm land completely if not controlled, according to Dr. William Mitchell, extension agronomist at the University of Delaware.

Johnsongrass can compete with almost any crop for food and water in the soil. It produces a bumper crop of seeds and underground rootstocks to make heavily infested farmland practically worthless for row crops. Even if the crop does hold its own and produce some yield, the weed will cause harvesting problems. It fouls corn pickers and combines and makes grain cleaning a real chore.

Unfortunately, despite its vigorous growth, johnsongrass cannot be used as a forage crop. It will not stand continual grazing or close clipping. It dies out for all practical purposes; however, the rootstocks are still living to produce another crop of weeds.

Just like many weeds, johnsongrass produces a large number of seeds that begin to grow as soon as the soil warms up in the spring. After three to five weeks, rootstocks or rhizomes begin to grow just beneath the soil surface. They row in all directions. These rhizomes may be over 200 feet long on a single plant, according to Dr. Mitchell.

The rhizomes can send up new week growth from every joint. Lying under the ground they are not injured by winter frosts. The spring growth from the rhizomes does not need to rely on food reserves in a small seed; it has all the stored energy of the rhizome. This growth is faster and more vigorous than seedlings.

Dr. Mitchell says the best control method is prevention—don't let johnsongrass get a start on the farm. If it is already a problem, johnsongrass should be treated with both cultivation and chemicals.

Seedling weeds can be killed by one clipping 13 days after emergence, but the plants from rhizomes require two clippings timed just right. By three weeks after emergence, clipping will not kill either of these plants completely. Continuous clipping will help, however, because it weakens the rhizomes and prevents seed set.

To control by cultivation alone, pasture or mow closely for a full season. During the following year, mow or pasture until June. Plow shallow in June and work thoroughly whenever green shows until October. A spring-tooth harrow is best because a disc does not pull the rootstocks to the surface.

At normal seeding time, sow winter barley and fertilize well. Plow shallow as soon as the barley is harvested and work the ground with a springtooth harrow until time to seed barley again. After the next harvest watch for stragglers and clean them up with chemicals.

Chemicals without cultivation can do the job also, according to Dr. Mitchell, but there is no selective chemical that will control just johnsongrass alone, so none of the chemicals can be used while a crop is present.

Two applications of dalapon will give fairly good results, but the same total amount in one application has very little lasting effect. Too-large doses kill off the leaves, but the rhizomes are un-injured. Make the first application when the weeds are about 14 to 24 inches tall. This application will be largely wasted unless the second application follows in two to four weeks.

A combination of cultural and chemical practices may be effective also, according to Dr. Mitchell. Spray with dalapon when the plants are 12 inches tall, and one week later plow the land. Corn can be planted two weeks after plowing; soybeans can be planted three weeks after plowing.

This substitutes plowing for the second application of chemical; however, this method may not give complete control. Dalapon will kill the rhizomes, but a pre-emergence herbicide must be applied at planting time to control germinating seed.

Scattered small patches can then be treated with dalapon with a hand sprayer. Do not cultivate through these small patches, warns Dr. Mitchell. Cultivation will only spread the rhizomes and increase the infestation.

The most important part of any method to control johnsongrass is persistence. Keep it off your farm if you can, but if you have it, keep after it until you are rid of it completely, advises Dr. Mitchell.

### U. of D. Offers Preparation For Veterinary Medicine

Any veterinarian used to be called a horse doctor—but no longer. Actually, today a "horse doctor" is a highly skilled specialist in one of the many fields now open for veterinarians, according to Dr. Morris S. Cover, chairman of the department of animal science at the University of Delaware. This department offers a program in pre-veterinary medicine.

Veterinary medicine today may involve private practice on small animals, cattle, horses or even zoo animals, or research with commercial drug firms, universities or the federal government. A veterinarian may choose a career with national institutes of health or public health services; he may decide to teach or to do research—even in space medicine.

At one time, a veterinarian had to be a man of considerable physical strength in order to cope with large animals such as horses and cattle. This is no longer true, says Dr. Cover. Due to new developments and to the many facets of modern veterinary medicine, women as well as men may qualify to become veterinarians. Modern veterinary medicine includes research in the areas of cancer, disease prevention, surgery and the use of antibiotics for human as well as animal diseases.

In common with all fields of medicine, veterinary medicine has a scientific basis. A prospective veterinarian must have a keen interest in biological sciences and a desire to care for animals.

A minimum of two years of pre-veterinary training are required, including courses in mathematics, English, physics, chemistry, biology and agricultural science. The exceptional student may be admitted to veterinary school after two years, but it is more likely that a student will spend a full four years in preparation and receive at least a bachelor of science degree before entering veterinary school. It is not uncommon for some applicants for this school to have a master's degree.

The department of animal science in the College of Agricultural Sciences at the University of Delaware offers a course of study that will qualify a student to apply to a veterinary school. At the present time there are 38 students within the department preparing for careers in veterinary medicine. Some of them will take their professional training at the University of Pennsylvania. Pre-veterinary students from the University of Delaware have also been accepted at Michigan, Ohio, Cornell, Georgia and Oklahoma veterinary schools. Further information is available from Dr. M. S. Cover, Agricultural Hall, University of Delaware, Newark, Delaware 19711.

### Horticulturist Recommends Varieties For Flower Garden

The first warm days of spring seem to bring out the gardening urge in almost everyone—but there are some drawbacks to becoming too enthusiastic too soon. Besides the inevitable sore muscles, there is a good chance that much of the hard work will be in vain if flowers are planted so early that a cold snap damages them.

Dr. Charles Dunham, horticulturist at the University of Delaware, points out that annual plants may be set out all during June and they will still make effective summer displays. He suggests making several plantings and even sowing some seed in June to have plants available to fill in where and when needed.

However, he notes, pansies, dwarf phlox and English daisies—all biennials or perennials—can be planted an time.

Dr. Dunham has experimented for several years with many varieties of plants for the home garden; he suggests buying plants by variety name to be sure of getting exactly what you want. Petunias are among the most popular flowers for the home garden, and many people prefer to plant beds of a single color or a specific combination of colors. Dr. Dunham recommends the F1 hybrid multifloras such as Commanche, red; Paleface, white; Coral Satin, silvery pink, and Capri, blue, as best for flower beds. The F1 hybrid grandiflora varieties Alaska, Hawaii and Gay Paree are wonderful in planters, hanging baskets and pots, he says.

The best tall marigold is Climax. Petite, Naughty Marietta and Brownie Scout are excellent dwarf marigolds, popular as bedding plants. Spun Gold is a large flower on a dwarf plant.

Another favorite border plant is ageratum. Blue Ball grows to a height of approximately six inches, while Midget Blue is about four inches tall.

Dr. Dunham recommends the white Carpet of Snow, or the violet Royal Carpet as good alyssum varieties.

Rockets snapdragons are the vigorous of all the snapdragons,

and they are available in several colors. The new dwarf Floral Carpet snaps are excellent edging plants.

All of these plants require good soil and full sun. They should be planted only after danger of frost is past.

### The Case Of "The Praying Printer"

By Winston Churchill Burgess (People might get me mixed up with some of the other great poets and authors around here.)

To start off with, I am not named after Winston Churchill of England. There was a poet and author in St. Louis, and I am sure that is the joker I was named after. So don't get me I am quite sure it is the truth, wrong; I wasn't told that, but

All of us little angels were named after poets and authors. That is kind of hard to live up to; isn't it!

Let's make a bedtime story out of this for the kiddies, and while we're at it, we'll have cops and criminals and all; and then we'll cut in on the CAN-CER CRUSADE and give those boys a plug, too!

Now the FIVE POINTS KID was livin' it up down to Troop N. 5, at Bridgeville—he was on the top bunk entertaining the troops—No! Not YWCA, YMCA, like in World War I—Now, the coffee was there—the troops furnished that; but no doughnuts. You see, it was Sunday and the mobile canteen had not showed up yet—it seems like the Red Cross gals had took the day off!

Now all the cops were fixing their gear up for inspection the next day—Tush! Tush—Reminds me of the Army no weekend pass if your gear is not in shape.

Up trots one of our prize boys—Big Willy, and says to the the Five Points Kid: "Remember me! Why, but of course; I'm the guy who saved your life remember!"

The cop finally admitted it! The kid told the cop: "If I hadn't caught you right in the nick of time, you would have been a dead duck."

"It was quite a long time ago; 18 months or thereabouts, ago."

It was a routine pinch, or so it appeared to be. Now the cop, or officer, toted one of the boys in to Troop N. 5, and it took two of them; you see the poor boy was horizontal; not vertical; cold, cold, cold. I would say; or stoned, stoned, I would say!

"Wait, I forgot, something really important; there is nothing like riding in a good patrol car; man! you haven't lived till you have experienced that. So, old Five Points was riding in the patrol car with another officer, exactly Jim Spicer of Troop N. 5, and he said to old five: "Where is Big Willy, I guess we'll have to go back and get him." So back we go.

There is Big Willy like a bump on a log.

"How do you get this thing started?"

Five hollered out the window: "Turn the key on?"

So much for the gimmicks, and commercials and back to the main story!

The next day Five Points told the cop: "you are going to get old, greyheaded, and retire from the police force; and you will still be 'the Volkswagen Kid.'"

The guy looked funny as as anybody else; I think he must have started hurting from carrying "the horizontal kid" in; anyway he had to go to the hospital to have a misplaced disc in his back put back in place. Later, the other officers told me that he complained, and that the doctors went to work on him and found out he had cancer."

Now, my sister died of membrane croup—diphtheria, my mother died of tuberculosis; my father died of cancer—they told him: "go home and wait; we can't help you. Even Mr. C. H. Burgess got into the act—he had skin cancer."

So, the little man goes down to Bridgeville to inquire about "how is Big Willy doing."

"Not too good; so, the little man gives up a little prayer, "Man above, help that poor cop, he needs help a lots more than I do."

"Now that cop never knew that I prayed just a little for him; but I think I will send him a paper."

"Because, there he stood; and back on duty. I hope that prophecy comes true: "You are going to get old; you are going to get greyheaded; and you still will always be, 'The Volkswagen Kid.'"

He has certainly got a good chance to make it with a guy like me writing him up.

I hope you have enjoyed the story: "Of course, it is still in the offering; now this is the story of cops and con's; and i you don't believe me; go and ask the boys."

"Oh! Yes! One of the producers on this show was my old friend, "Sam—the Railroad Man."

Harrington, Delaware

# NAVY AND YOU

The U. S. Joint Chiefs of Staff on July 2, 1942, decided to take positive steps to secure the lines of communication between the United States and Australia. August 4th, the Marines poured ashore on Guadalcanal, Tulagi and adjacent islands. By nightfall the islands had been secured. During the battle of Savo Island, Aug. 8-9, the Allies suffered one of their worst setbacks. The Japanese forces sank four cruisers and one destroyer while sustaining damage to only two of their cruisers.

BE WISE - ADVERTISE SHOP and SWAP In The WANT ADS

**MEASLES IMMUNIZATION UNDERWAY**—Dr. Edward F. Gliwa, chairman of the measles immunization program in Delaware gives a dose of measles vaccine to John M. Morris, son of Mr. and Mrs. James C. Morris, of Fairfax. The youngster is one of an estimated 20,000 Delaware children who will receive the vaccine at clinics this week.

**Delaware Measles Immunization Program**

Delaware parents can save their children from serious disorders, possibly even death, by taking them to free measles clinics this weekend.

At 34 locations throughout the state, medical teams will offer free measles vaccine to Delaware children between the ages of one and six. The immunization program is a part of a statewide effort to both block a possible epidemic of the disease and to stamp out the health hazard for good.

The vaccine will be given by a "jet injector" gun, a relatively painless method which has been more favorably received than the traditional needle.

Kent and Sussex County clinics will be open from 1 to 4 p.m. on Saturday, while New Castle County clinics, with one exception, will be open from 10 a.m. to 4 p.m. on Sunday. The lone exception is Middletown, where clinic hours will be 1 to 4 p.m.

Of the estimated 40,000 Delaware youngsters between the ages of one and six, health officials hope to immunize at least 20,000 this weekend. If a child is under a physician's care at the time of the clinic, his physician should be consulted before the child is given the vaccine. All children must be accompanied by parents or other responsible adults over 21.

Dr. Edward F. Gliwa, chairman of the statewide measles immunization program, this week described the program as "in many cases, a matter of life or death."

He said that, contrary to popular belief, measles is a serious disease which can kill or cause serious complications. These include mental retardation, permanent damage to the respiratory tract and hemorrhagic tendencies. "Delaware parents can protect their children in one simple step—by bringing them to the clinics this weekend," Dr. Gliwa said.

Sussex County clinic locations are: Georgetown, Laurel, Lewes, Selbyville, Seaford, Millsboro, Rehoboth, Milton, Frankford-Dagsboro, Millville, Bridgeville and Delmar. All will be held in fire halls with the exception of the Frankford-Dagsboro clinic, which will be held in the John M. Clayton School.

Kent County clinics, which will also be open from 1 to 4 p.m., are: Dover (State Health Building), Camden-Wyoming (gymnasium of W. B. Simpson School), Felton (fire hall), Harrington (fire hall), Milford (Milford Health Center), Frederica (fire hall), Magnolia (fire hall), Smyrna (Candee Building at the State Home and Hospital), and Hartly (fire hall).

The measles immunization program is jointly sponsored by the State Board of Health and the U.S. Public Health Service, and has the endorsement of the Medical Society of Delaware.

**George W. Roe**

George W. Roe, 87, husband of the late Mrs. Mary Gertrude Roe, died Sunday in Milford Memorial Hospital after a short illness.

He was a retired farmer and former employe of the Thistle Wood Milling Company at Hous-ton. He is survived by two sons, Daniel P. and George, both of Hous-ton, a daughter, Mrs. Ann Rhodes, of Laurel; 13 grandchildren; 32 great-grandchildren and seven great-great-grandchildren. Services were held Wednesday afternoon at the McKnatt Funeral Home, with burial at Holly-wood Cemetery.

**Hickman**

**Mrs. Isaac Noble**

Morning worship at Union Methodist Church Sunday morning at 10 a.m. Pastor, the Rev. Ron Arms. Sunday School for all ages, 11 a.m. Russell Stevens, supt.

The children's service Sunday was well attended. We were favored with several selections by Freddie Gerardi on the piano and his accordion.

Mrs. David Messick attended the 35th wedding anniversary of Mr. and Mrs. Thomas Ford, at the Holiday Inn, in Chester, Pa., recently. She accompanied her daughter and family, Mr. and Mrs. Noah Cain, of Greenwood.

Mr. and Mrs. Johnnie Fearins, of Ellendale, were Thursday supper guests of Mrs. Jesse Fearins and they all spent the evening with Mr. and Mrs. Richard Wilson of Williston.

Mrs. Isaac Noble spent last week with her daughter and family, Mr. and Mrs. Wilmer Nagel, of Federalsburg.

Mrs. Jesse Fearins attended a bridal shower last Tuesday evening in honor of Miss Paula Kanaar, given at the home of Mr. and Mrs. Jack Gunson, of Denton. Miss Kanaar's marriage to Michael Gunson, will take place, June 4.

Mrs. Clarence Hayman and Mrs. Stella Reynolds attended the annual Alumni banquet at Greenwood High School Saturday evening, May 7.

Mr. and Mrs. Paul Scott were Sunday afternoon guests of Mr. and Mrs. Harvey Scott, of near Burrsville.

Mr. and Mrs. Clarence Porter entertained at dinner Mother's Day, their son and family, Mr. and Mrs. Clarence Edward Porter, of rural Federalsburg.

Mr. and Mrs. Paul Scott, Kenny and Rita Ann, were Mother's Day dinner guests of the latter's parents, Mr. and Mrs. Dallas Neal, of rural Denton. They also entertained a number of other guests at dinner.

Mr. and Mrs. William Tull, Wayne, Bobby, Mike and Debbie, of rural Greenwood, were Mother's Day guests of her parents, Mr. and Mrs. Clarence Breeding.

Mrs. Minnie Nichols, of Denton, is visiting with her brother and sister-in-law, Mr. and Mrs. James C. Fountain. Mrs. Fountain is on the sick list.

Mrs. Alvin Fearins, of Williston, was a Saturday evening guest of Mrs. Jesse Fearins. Sunday, Roy Venables, of rural Federalsburg, was a dinner guest.

Clyde Bragg, Jr. of Greenwood, and grandfather, Wade Isner, spent Saturday in Baltimore, visiting relatives.

Kenny Scott, a student of North Carolina High School attended a judging contest with his class at College Park recently.

Mr. and Mrs. Clarence Porter were Sunday dinner guests of her sister and family, Rev. and Mrs. Ira Crum, of Fruitland.

Mrs. Isaac Noble attended a stork shower in honor of Mrs. Marvin Towers, last Monday evening at the home of Mrs. Gerald Banning, of Federalsburg.

**Veteran's News**

**QUESTIONS AND ANSWERS**

Q—I am a railroad employe who is 67 years old and I plan to retire in 1967. I am also a veteran of World War I. My railroad retirement benefits will be about \$200 a month and the benefit for my wife will be about \$75 for a total monthly income of \$275. This will be my only source of income. Am I correct in assuming that this \$275 will not be considered as income when applying for a WWI veteran's pension?

A—All income received during the year is counted by the Veterans Administration when determining a veteran's eligibility for a non-service-connected pension. This includes, wages, salaries, dividends, interest, profits, annuities, pensions, Social Security payments, etc.

Q—If I convert my term GI insurance policy to the Modified Life Plan, will my premium remain the same throughout the duration of the contract?

A—Yes, the premium on Modified Life, NSLI, will remain the same throughout the duration of the contract.

Q—I lost my son in the service about five months ago. As a dependent parent receiving VA compensation, would I be eligible for the GI home loan or does the VA require that the veteran be alive to be eligible?

A—GI loans are available only to veterans or to unmarried widows of men who served in either World War II or the Korean Conflict and who died in service or after separation as a result of a service-connected disability. Parents are not eligible.

**Kent County Fire Company Auxiliary Notes**

The Kent County Firemen's Ladies Auxiliary will have a meeting May 24, at Farmington Fire Hall. Nomination of officers will take place. A platter will be served at 7:30.

**Consumer's Best Protection Is Thoughtfulness,**

Advertisers have a responsibility to be truthful and fair, and consumers have the responsibility to take the time to study the ads and the products they advertise, according to Miss Coral K. Morris, extension home management specialist at the University of Delaware.

Most advertisers want to tell the truth in their ads; most newspapers want to tell the truth in their ads; most newspapers and radio and television stations want to limit advertising messages to those that serve the best interests of the public. Nonetheless, it is still up to the consumer to study the ads, to compare the products offered and finally to make the purchase that best suits her particular family, Miss Morris believes.

"Sale," is a magic word that calls most women to attention, according to Miss Janet Reed, extension clothing and textiles specialist at the University. Perhaps they want to test their buying skill to see if they really can spot a good value; perhaps they really believe they can get something for nothing. Or they may feel they are contributing to family income by saving pennies. Whatever the reasons for going to a sale, consumers should give some thought to whether they are really getting their money's worth, Miss Reed says.

Read and check the sale advertisements before going to a sale, advises Miss Morris. An ad, as a whole, may be completely misleading although every sentence, if considered separately, is literally true. Things may be left out that should have been said, or the ad may be composed or printed in such a way as to mislead.

Don't be taken in by evasive terms such as "percentage off," or "half price," or "comparable to." To be of any practical value to a careful consumer, ads should state clearly the basis of comparison. "Made to sell for," and "priced elsewhere," don't mean anything unless the ad states where and when the higher price was in effect.

Consumers should be on the alert for bait advertising, according to Miss Morris. Bait ads offer attractive merchandise or services at an alluring price. But, just try to buy at that price; it can't be done. The

purpose of such bait ads is to induce customers to come to the store or answer the ad so they can be switched to other items—at a higher price, naturally.

According to the Delaware Better Business Bureau, an ad is a bait offer if the advertiser refuses to show, demonstrate, sell or take orders for the product or service offered in the accordance with the terms of the offer. The Bureau also considers it a sign of a bait offer if the advertiser disparages the product or service or the guarantee, or credit terms offered in connection with it. Consumers should report any such experiences to the Better Business Bureau, Miss Morris advises.

Advertisers and agencies such as the Better Business Bureau strive to improve advertising standards but it's up to the consumer to help her own cause by staying alert.

**Trinity Methodist Church Notes**

Church School at Trinity Methodist Church, Harrington, will be in session this Sunday from 10 a.m. to 11 a.m. Manlove Bradley is superintendent.

There will be no morning worship at 11 o'clock, as the pastor, the Rev. William J. Garrett will be attending the Peninsula annual Conference of the Methodist Church at Rehoboth Beach. Ellwood Gruwel is lay delegate to the conference. William H. Outten is reserve lay delegate.

The Commission on Membership and Evangelism will meet on Monday, May 23, at 7 p.m. The Official Board will meet on the same evening at 8 p.m. The Junior Choir will rehearse on Thursday evening, 6:30 p.m. The Senior Choir will rehearse on Thursday, 8 p.m.

The church services will be on the regular schedule on Sunday, May 29, as follows: Church School 10 a.m.; morning worship, 11 a.m.

Cadet William L. Harker, whose parents, Lt. Col. (USAF, Ret.) and Mrs. W. T. Harker Jr., live at 114 S. Fairfield Dr., Dover, was awarded a two-year scholarship at the University of Delaware, in Newark, April 28, through the school's Army Reserve Officer Training Corps.

Cadet Harker, a sophomore who competed nationally for the award, will receive his tuition and books free, plus \$50 a month during his junior and senior years at the university.

On completion of the ROTC program, he will be eligible for a commission as a second lieutenant in the Army Reserves.

The 19-year-old cadet is a 1964 graduate of Dover Air Force Base High School and a member of Delta Tau Delta fraternity.

Sgt. Ralph R. Wiest, 28, son of Mrs. Lillian M. Wiest, Route 2, Dover, completed a course in chemical, biological and radiological (CBR) warfare at the Army Chemical School, Ft. McClellan, Ala., May 4.

During the four-week course, Sergeant Wiest was trained in methods of CBR operations and defense.

He entered the Army in December 1954. Wiest attended Caesar Rodney High School in Camden and North Carolina State University in Raleigh.

Private Roger B. Schaffer, son of Mr. and Mrs. Samuel H. Schaffer, Route 1, Greenwood, completed a lineman's course at the Army Southeastern Signal School, Ft. Gordon, Ga., May 6.

The 19-year-old soldier entered the Army in December 1965 and completed basic training at Ft. Jackson, S. C.

**4-H Club Notes**

**With Marion McDonald Kent County 4-H Agent**

4-H Fashions blastoff Saturday evening from the St. John's Lutheran Church at 8 p.m. Committee members, Janet Clendaniel, Debbie Moore, Harlene Taylor, Linda Stayton, Cindi Hawke, Bette Clinton, Mrs. Nancy Roy, and Mrs. Becky Nickerson. Nancy is chairman for the decorations and Becky, general chairman. The 80 4-H girls will arrive at 1 p.m. to be judged and rehearse. The Kent County Links will sponsor the coke break and dessert and milk for their dinner. The Links will also provide the awards for the Honor Courts. Our 4-Hers have been sewing for many hours creating their garments for this event. Some girls will model their first sewing project while others will display their more advanced work-includes including several wool suits. The public is invited to see the fine needle work of our youth in 4-H. State 4-H Conference is right around the corner. All 4-Hers 14 years old by June 27 are urged to attend our leadership conference. Jim Baker, our State 4-H Leader is developing an out-

standing program. This event provides outstanding opportunities for our citizens of tomorrow. Several 4-Hers will be selected from early entries to preside at the meetings and carry out the leadership roles available. 4-Hers will soon receive their entry forms.

Remember June 11th is our County Dairy Festival.

**Officer's Club To Have Benefit Card Party**

This is an annual affair, sponsored by the Dover Air Force Base Officers' Wives Club with all proceeds going to the Delaware Foundation for Retarded Children, Inc. This year's card party will be held at Dover Air Force Base Officers' Club, May 24, at 9:45 a. m. Admission is \$1.50 with luncheon also at \$1.50. For those interested, a tour of the base will be conducted after the affair. The base nursery will also be open for children of guests, at a nominal fee. Reservations must be made by May 22, 1966, by calling Mrs. G. E. Kennedy, 697-3339, Mrs. R. E. Byers, 674-1346 or Mrs. S. R. Newland, 734-4461.

*Poems from Paradise Pastures*

By W. CLIFF MILLER

I attended the funeral last Monday and viewing the evening before at Felton for Jimmie Neeman killed in a highway tragedy made doubly tragic by the untimely report of the accident in both Wilmington papers. It was the largest funeral procession I have seen since coming to the peninsula twenty years ago. Jimmie is gone, but the injury caused his loved ones will linger on.

It is unfortunate that the editors of the papers and the so-called "Sussex Bureau" do not know about:

A highway that leads from the sky to the sky  
 And hazzard it entails  
 It is a road both low and high  
 And mostly paved with nails.

The nails are hates and sneers we grow  
 To our eternal loss  
 As nails two thousand years ago  
 Were driven in a cross.

The hasty things we sometimes say  
 To hurt another's name  
 The slurs we drop along the way  
 To cause another shame.

The packs we shift to add them to  
 Another fellow's load  
 And all the unkind things we do  
 Are nails along the road.

Brighter far would be the day  
 And safer be the trails,  
 For all of us along life's way  
 If we just pick up the nails.

—J. Harvey Burgess

**TIME**

In this world so full of hate,  
 Time moves on; it does not wait.  
 So seek Ye not in the land of gold;  
 Better still in the land foretold.

Through the mountains run deep blue water;  
 Like time that gives no quarter.  
 O'er the trees the birds do fly,  
 As time goes slipping by.

In the clock with moving hand,  
 Is proof that time does not stand  
 Still, for man nor beast,  
 Like the horizon in the east.

Many folks long have gone,  
 But time still marches on;  
 Like a long road unbending,  
 Never ceasing, never ending.

Tho man's wealth can be replenished,  
 In the end his goals are unfinished,  
 For in the lifetime he has spent,  
 Time itself will not relent.

Through the years our lives unravel,  
 As through time we travel.  
 And through the hallowed halls of time we pass,  
 Until we have found our peace at last.

—L. S. W.

**Del. Nat. Guard To Train At Camp George J. Schulz**

Camp George J. Schulz will be the name of the Delaware National Guard's Bethany Beach training site for this year's National Guard field training.

The camp will honor Brig. Gen. George J. Schulz of Hartly, World War II commander of Delaware's 198th Coast Artillery.

Gen. Schulz this year completes 50 years of association with the Delaware National Guard. Though retired from military service since 1946, he continues to serve the Guard as a member of the academic board of the Delaware National Guard Academy, which conducts the state officer candidate school.

He enlisted in the then 1st Delaware Infantry in June 1916 in time to serve nine months on the Mexican border.

Recalled to active duty for World War I the following year, he was a first sergeant by May 1918, when he was commissioned a first lieutenant in the regiment, then known as the 59th Pioneer Infantry.

Following overseas service with the 59th, he was one of the first four men who in November of 1920 enlisted to begin reorganizing the peacetime National Guard. He was appointed captain of one of the first companies reorganized, and rose through staff and command positions in the 198th Coast Artillery until 1932, when he was promoted to colonel and given command of the unit.

In 1940 he took the regiment on active duty, and remained in command of it through its service in the South Pacific until 1944, when it was reorganized into separate battalions.

Following his release from active duty and retirement in 1946, Gen. Schulz returned to his private business, but has twice since been called to public service, as State Liquor Commissioner and as Secretary of State. He continues to serve as a member of the Alcoholic Beverage Control Commission.

**Farmington**

Mrs. Ruth Grant is spending a week in Wilmington with relatives.

Mrs. Clara Steel is much improved and home after spending two weeks in Milford Hospital.

Mrs. Maurice Smith is back in Milford Hospital and underwent surgery Wednesday.

Edward Morgan is in the hospital for an operation.

**The Subject Was Chicken**

When three important editors get together—and they are all judges of the National Chicken Cooking Contest—what do they talk about? The next Delmarva Chicken Festival, of course! Pictured at a recent press conference in New York are three of the royalty of the food world—representing a magazine, newspaper, and newspaper syndicate—Sylvie Reice, Editor-in-chief of Ingenu Magazine, Alice Petersen, Food Editor of the New York Daily News and News Syndicate, and Miss Isabel McGovern, director of the Home Institute, New York Herald Tribune and Tribune Syndicate. Mrs. Reice, a nationally recognized authority on teenagers, and now a daily columnist syndicated all over the country, has served as chairman of the judges panel, Junior Division; Miss Petersen's column is read by 22 million people and she has been chairman of judges for the Senior Division and a regular panel member for many years; Miss Isabel McGovern has served on the Senior Division Panel and at its introduction three years ago, graciously moved over to work as chairman of the Portable Appliance Division. There's no doubt, their influence on the cooking, buying and eating habits of many millions of Americans is a plus for Delmarva Chicken!

**Sixteen Years Ago**

From The Files of THE JOURNAL  
 Fri., May 19, 1950

Mr. and Mrs. Wilson Manship, of Dover, spent Sunday with Mr. and Mrs. J. L. Manship.

Herman C. Brown and Hayward Quillen won in the school election, with Quillen leading with 312 votes. Robert Nelson Fulton J. Downing are the hold-over members of the board.

Harrington outdid the Leipsic baseball team Sunday afternoon, but lost the game, 12-7.

Farm family is cheaper by the dozen, writes Frank Adler, in a writeup on the William Watkins family near Houston. The Watkins have six boys and six girls. (Editorial note: Adler, a school-mate of the editor's at the University of Missouri, wrote the article for the Sunday Star on a tip from The Journal.)

Mrs. Frank O'Neal, Jr., was elected president of the auxiliary of the Callaway-Kemp-Raughley-Tee Post No. 7, American Legion.

A fire of unknown origin damaged Fairview Inn north of town on U.S. 13. Damage was estimated at \$1000.

Joyce O'Neal, daughter of Mr. and Mrs. Frank O'Neal, Sr., celebrated her 16th birthday at the Legion Home.

Mr. and Mrs. Benjamin Emory, Mr. and Mrs. Risden French, and Mr. and Mrs. Reynolds French spent Sunday in Ocean City, Md. The Harrington High School Band will give its first summer outdoor concert at 7 p.m., Sat., May 27, at the rear of The First National Bank Building.

Mrs. William H. Wheeler was elected president of the Ever Ready Bible Class of Asbury Methodist Church.

**Burrsville**

Mr. and Mrs. Willard Wright, of Harrington, were recent guests

**U. of D. Displays Page From Gutenberg Bible**

A page from the Gutenberg Bible of the middle 16th Century is included in a bible display at the University of Delaware's Morris Library through early June. Occasion for the display is the 150th anniversary of the American Bible Society, which has furnished Bibles in nine of 1,200 languages in which it is now published.

The display is in the catalogue section of the Morris Library. The single page from Gutenberg's Bible, the earliest piece of printing in the world, is from the German printer's first edition and is a part of the Morris Library collections.

Other Morris Library Bibles put on display include: \* A 1628 edition of a Septuagint Bible, oldest known translation, believed made from Hebrew into Greek about 280 to 150 B. C., and containing the whole of the Old Testament, including the Apocrypha. The edition prints both Latin and Greek versions in adjoining columns.

\* A 1516 edition of the Vulgate Bible, a Latin version prepared by St. Jerome between 390 and 410 A. D., and considered a standard Bible of the Roman Catholic Church.

\* A 1616 edition of Martin Luther's translation into German, which first appeared in 1534.

Furnished by the Bible Society are Bibles published in Chinese, Tshiluba (A Congo language), Bisayan (from the Philippines), Spanish, Navaho, Russian, German, Arabic and Japanese.

**FELTON SEEKS DEL. AID TO BUY 3 CLASSROOMS**

Felton would receive \$73,000 to purchase three portable classrooms to help relieve overcrowding next year if a bill introduced in the Senate last week is approved passed.

The bill, sponsored by Sen. Russell D. F. Dineen, D-Wilmington, asks \$300,000 be appropriated to the State Board of Education for school repairs in seven districts.

The other districts and maximum amount which would be allowed: Milford Special, \$41,500; Bridgeville 90, \$20,000; Newark Special, \$24,500; Wilmington, \$70,000; Lord Baltimore, \$39,000, and Ellendale, \$32,000.

Felton's share would be used to purchase three portable classrooms and furnish them with sewer, water and electrical facilities and equip them as classrooms.

According to Virgil N. Jarrell, chairman of the Felton Board of Trustees, the bill was drawn after a meeting of the trustees with Gov. Charles L. Terry Jr. at the instigation of Sen. George A. Robbins, D-Milford.

Jarrell said after Terry was apprised of the crowded conditions at the Felton School, he instructed Robbins to have a bill drawn.

Jarrell said Robbins informed him, after discussions with the state board, that it was the board's feeling that other Delaware school districts suffer from the same problem and that they should be included in the legislation.

The Senate bill would also provide funds for use by Ellendale. Felton's special problem is a jump in enrollment from 832 last year to 1,056 this year with an expected increase to 1,160 next year. The capacity of the school is rated at 925.

Dr. Howard E. Henry, supervising principal, said the influx of students was mainly a result of the phase-out of all Negro schools.

To meet the demand of a larger student body, Felton has rented two classrooms from the Felton Methodist Church for the past year, and has utilized portable classrooms obtained from the Dover district for three additional classes.

Henry said one of the main objections to using the church rooms facility was the necessity to transport children back and forth to the main school building for some classes or for use of the cafeteria.

Even if the General Assembly passes the appropriation bill, and Felton is able to add extra classroom space, Henry said the school will still be forced to use the portable trailers.

Jarrell said the addition of the trailers will only take care of the need of more space next year. He said when Terry was advised of the situation, "He, Terry, indicated to me he will do everything possible to correct overcrowding in Delaware."

The portable classrooms Felton will purchase, three in number, will make two classrooms each or a total of six additional instruction areas.

Jarrell said the trailers range in price from approximately \$17,000 to \$21,000 each. The least expensive model is smaller—24 feet by 60 feet—than the more expensive—24 feet by 70 feet.

Jarrell said the trailers will be for Felton use, but will be state-owned. With this in mind, he said, the state board should decide which model is bought.

Jarrell said the trailers would be in use until the school can get permanent facilities.

That portion of the \$73,000 Felton does not spend on the addition of facilities will revert to the state and be deposited to the general fund.

**FENCE TALK**

with George K. Vapaa

Are rented parks something that local governments should consider? I think the public may get more value per dollar spent than if all park land is purchased. Here is why.

Farm woodlands are almost waste lands in Kent County. Much of the standing timber has little market value because hardwood varieties are not in demand. Neglected woodlands tend to become dumps. They should have a better fate.

The answer seems to lie in finding a market crop for such land. Public parks are in short supply. We might devise some simple standards for public recreation. Then let some landowners volunteer to provide parks for a fee over a period of time. I suggest a minimum of ten years. The contract could be automatically renewable each year, so that there would be nine years notice to other developers if a change is desired by either contracting party.

Why not completely private parks to begin with? (1) There is the question of liability for damages. The contracting governmental unit is better able to manage this than an individual farmer. (2) Complete private control may not establish sound management standards or facilities. A written contract settles this kind of a problem. (3) The pattern of parkland management is stronger for public control. Private land owners find it hard to compete with Uncle Sam or local governmental agencies. Operating fees tend to be lower because public parks are partially tax supported.

Rented park land would remain on the tax rolls. Some management supervisor should be provided. The landowner or tenant farmer might do part of it—depending on the uses made of the facility by the public. Multipurpose benefits might be attained, such as water storage, and flood control, buffering zones between conflicting land uses, production of marketable timber, wildlife habitat, etc.

We can extend the principle of rented parks, to rented dumps operated as sanitary landfill, to rented public hunting grounds and even to rented managed woodland without regard to recreation. Too many people are tempted to rip out established woodland to fill a short term need. A third of Kent County is now covered by trees. Some of us feel the percentage should be kept higher in the public interest.

Chemical pesticides are a fine new tool to control insects, diseases, or weeds. Farmers use a lot of them today. It is for this reason that they are careful when

and where they may be used. So when a pesticide accident happens the farmer may be blamed. This, of course, is unjust without proof. Our experience has been that pesticide accidents result from inexperience—the greenhorn who may be playing around with very dangerous substances.

So a shrimp kill in the Delaware Bay is reported in the newspapers. A lab report shows the presence of endrin or dieldrin along eight miles of the river in unusual amounts. No farmer would be using these materials at this early date in the year. There have been no insect problems at all yet. Furthermore, the high concentration would indicate dumping. Few farmers can afford to throw it away.

Who else might use dieldrin? It is recommended to control grubs in lawns. So you widen very broadly the possibilities of other culprits.

Nothing annoys me much more than fish kills charged to pesticides when natural conditions may cause the mto die. This usually happens in areas where industrial or other urban pollutants does not exist. So the excuse given is "it must have been some farmer."

Pesticides are harmful if misused. They have to be to kill insects or plant diseases or weeds. But let's be fair when a blame is made.

We lose each year, through erosion and other forms of preventable damage, about 500,000 acres of formerly productive land in the USA. The bulldozer and the builder take another one and one-third million acres of the best land every 365 days for highways, factories, housing and so on. Our rivers continue to flood and destroy homes and

**Asbury Methodist Church Notes**

10 a.m. Church School. Classes for all ages. Arthur Hoffman, superintendent.

11 a.m. The morning worship service will be conducted by our church lay leader, Guy Winebrenner. The guest speaker will be Roland Melvin, Jr. The Cathedral Choir will sing "Savior Like A Shepherd Lead Us" by Sicilian Mariners.

6 p.m. Senior High Methodist Youth Fellowship in Chapel.

6 p.m. Junior High Methodist Youth Fellowship in Collins Building.

7 p.m. Evening worship service and the pastor, John Edward Jones, will use as his sermon topic "A Divided Heart". The Chancel Choir will sing "Praise the Lord" by Maunder.

Altar flowers this week will be presented by Mr. and Mrs. John Abbott in memory of his father.

Friendly greeters this week will be Mr. and Mrs. Marion L. Brown.

Cherub Choir rehearsal Wednesday at 3:30 p.m.; Crusader Choir rehearsal will be Thursday at 6 p.m.; Chancel Choir Thursday at 6:30 p.m.; Cathedral Choir Thursday at 7:30 p.m.

The Twelve will meet Wednesday, May 25, at 7:30 p.m. at the parsonage.

Mon., May 24, the Pathfinders' Sunday School Class will have a covered dish dinner.

Crusaders to sing in Smyrna—The Asbury Choir Auxiliary will be aiding the Crusader Choir to perform on Friday evening, May 20, at the Home for the Aged in Smyrna.

The children will leave Asbury that evening at 5:45 by private vehicles accompanied by several parents and should be back at Asbury by 9 p.m.

The Choir directors ask that anyone who will help in the venture, and the Auxiliary members who care to go along, please contact Mrs. John Shore at 398-8096 or Mrs. Thos. Clarke at 284-4733 by May 18. We will be pleased with offers of punch, cupcakes, and drivers, as there will be approximately 30 children and their audience to whom to serve refreshments. We need your cooperation to help the Crusaders help others in this meaningful way.

Preparation are being made for a Tom Thumb Wedding to be given by members of the Cherub Choir of Asbury Church, June 1, at 7:30 p.m. in Collins Hall.

A sacrificial offering, May 29—India faces its worst famine of this century. It is estimated that between two and six million will die in India during 1966 from starvation. Millions more will suffer from malnutrition and diseases brought on by having so little to eat. "Emergency Help for India" is a special appeal. This money will be used by the Methodist Committee for Overseas Relief to help in this time of great hunger.

Sacrifice in some way this coming week and give the money saved to this most worthy cause next Sunday, May 29, in a special offering envelope.

Next Sunday, May 29, at 7 p.m. Choir Award night.

**Landscape Patio For Pleasant Summer Viewing**

To provide enjoyable outdoor living, patios should be carefully landscaped, according to Robert F. Stevens, extension horticulturist at the University of Delaware. Soon you will be spending a great deal of time on the patio; now is the time to plan the landscape.

To be really usable, a patio should be somewhat private. Neighboring yards and windows should be screened from view. Use screen fences, decorative walls or large shrubs to provide this needed privacy. Honeysuckle, mockorange, privet, arbovitae, hemlock, yew and other shrubs with an ultimate height of six to eight feet may be used.

Just as undesirable views should be screened out, attractive views should be emphasized, Stevens believes. Large trees, properly located, will frame a good view and make it look even better. If the only view is through the neighbor's picture window, design an interesting feature within the limits of the yard.

Roses and other flowers are natural eye-catchers. Fountains or pools or pieces of sculpture may be used to provide an interesting view.

A usable patio will be a comfortable one. In Delaware, protection from the summer sun is important. Trees and large shrubs that adequately screen views can also provide shade. For more patio use and comfort in the early spring and late fall, cool north-west breezes may be screened.

Good shade trees for patios include styrax, yellowwood, maples, some crabapples and others, according to Stevens. For a canopy of shade over the patio a tree can be planted as close as five feet from the patio edge.

**St. Stephen's Episcopal Church Notes**

**Calendar for May 20 - 26**

**FRIDAY—**  
10 a.m. Delaware Youth Employment Committee meeting at St. Stephen's.

**SATURDAY—**  
10:30 a.m. Ordination of the Rev. Messrs. Richard Lief and Frederick Willis, Immanuel Church, Wilmington.

7:30 p.m. to 11 p.m. Youth dance, Parish Hall.

**SUNDAY—**  
8 a.m. Holy Communion.  
8:45 a.m. Departure time for Christ Church, Greenville.  
9:30 a.m. Church School.  
10:45 a.m. Morning prayer and sermon.  
12 noon Coffee hour.  
12:45 p.m. Episcopal Church Broadcast.

**MONDAY—**  
10 a.m. Ministerium meeting at Asbury Church.  
6:30 p.m. Girl Scouts.  
7 p.m. Pre-marital counseling.

**WEDNESDAY—**  
7:30 p.m. Healing service.

**THURSDAY—**  
7:45 p.m. Choir rehearsal.

This coming Sunday morning about 35 or 40 members of St. Stephen's will go to Christ Church in Greenville, to attend the morning service of confirmation. After the service they will attend a reception for Bishop Mosley and the new confirmands of Christ Church. Around 1 p.m. they will leave for the garden pavilion of Winterthur Museum where they will be served a luncheon and taken on a tour of Winterthur's gardens which are in full bloom. Those going to Winterthur should be sure to get their luncheon and garden tour tickets from either the vicar or Carrington Burgess, who is chairman of the companion relationship between the two churches, during the reception. After that to Winterthur, those who wish may visit the Hagley Museum and old powder mills and yards which remain open until 5 p.m. Also during the reception everyone should get a map from Christ Church to Winterthur from the vicar.

Those who remain at St. Stephen's will have the privilege of hearing lay reader George Buhl of St. Mark's Episcopal Church in Millsboro. Mr. Buhl is an old friend of St. Stephen's and has read morning prayer here many times in the past. The service will be without music so that the organist and her assistant may both be able to go to Christ Church.

There will be no meetings of either the intermediate or senior Episcopal Young Churchmen on Sunday.

As we shall go into our summer program of activities on June 12, it is good to announce them this far in advance. During the summer the 8 o'clock service of Holy Communion will continue except for the month of July during which time the vicar will be on vacation. Then at 10 o'clock each Sunday morning there will be a family service in the nave of the church at which time all children and adults except the two and three year olds will worship together. Then during the sermon hymn, children of kindergarten and primary ages (grades 1, 2, and 3 this year) will go to their classes. Those older than this will remain with their parents during the rest of the service of divine worship. Children of nursery age will attend church school during the entire hour. On Holy Communion Sunday the teachers who have, due to their teaching, missed Holy Communion will be invited to receive after the morning service. Coffee hour will continue throughout the summer and will be held immediately after the 10 a.m. service.

**Harrington School News**

**MENU — MAY 23 - 27**  
**MONDAY —** Goulash, peas and carrots, mixed fruit and milk.  
**TUESDAY —** Ham and cabbage, whole potatoes, rolls and milk.  
**WEDNESDAY —** Hamburger, baked beans, slaw and milk.  
**THURSDAY —** Fried chicken, potato chips, succotash, rolls, butter and milk.  
**FRIDAY —** Tuna fish, potato chips, string beans, corn bread and milk.

**Felton School Notes**

**MENU — MAY 23 - 27**  
**MONDAY —** Frankfurter on roll, sauerkraut or baked beans, milk, sliced peach.  
**TUESDAY —** Chili-con-carne, cole slaw, milk, bread and butter, deep dish apple pie.  
**WEDNESDAY —** Submarine sandwich, buttered string beans, milk, sliced pineapple.  
**THURSDAY —** Hamburg on bun, pickled beets, milk, sheet cake or fruit.  
**FRIDAY —** Baked fish fillet, buttered peas and carrots, milk, hot biscuit and butter, fruit jello.

**Dr. Cover To Instruct Regulatory Veterinarians**

Dr. Morris S. Cover, chairman of the department of animal science and agricultural biochemistry at the University of Delaware, will be a guest instructor at a national training meeting for federal and state regulatory veterinarians.

A nationally recognized poultry pathologist, Dr. Cover will lecture Tuesday morning, May 17, at a poultry disease training course at the U.S. Department of Agriculture's National Animal Disease Laboratory in Ames, Iowa. He will discuss Gumboro disease, a recently discovered disease affecting the lymphatic system in chicken. Dr. Cover will also participate in a panel discussion on poultry biologics.

**RITUALS**

Knowledge of all church and fraternal rituals enables us to conduct all services in keeping with their proper procedures.

MILFORD 422-8091  
FELTON 284-4548

**C.K.R.T. Auxiliary News**

The monthly meeting of C.K.R.T. American Legion Auxiliary Unit No. 7 was held on Tuesday evening. A full evening of plans for the future comprised the meeting. Mrs. L. Gooden Callaway presided.

Mrs. William Jester, poppy chairman has begun to make plans for the Poppy Day Sales which she will conduct beginning May 26th. This annual sale of the little flowers of remembrance is a most important one in the unit activities. Funds from the sale are returned to the veterans in the hospitals who make the little paper flowers. Watch for the Auxiliary members and juniors who will be offering the poppies—and buy one.

On Saturday evening, June 4th a joint installation of officers will be held at the Post Home. Members of the Auxiliary Unit and Post will be installed following a covered dish supper. All members of the organization are urged to attend. State officers and chairmen will be guests for the evening. A dance will follow.

Miss Marilyn Walls was selected by the Scholarship Committee, under the chairmanship of Mrs. James O'Neal to receive the \$150 scholarship for this year. Marilyn is the daughter of Mr. and Mrs. William Walls and will attend the University of Delaware in the fall.

Delegates and alternates to the 1966 Conventions were elected at the meeting. The State Convention will be held in Newark, on June 18 and 19.

A donation of \$25 was made to send cartons of cigarettes to the Armed Forces in Viet Nam. These will be distributed free of charge as a gift of the C.K.R.T. Auxiliary Unit No. 7, and will be marked as a gift from the unit.

Mrs. Don Dell and Mrs. Robert Wechtenhiser volunteered to serve as hostesses and registrars at the Measles Inoculations to be held on Sat., May 21 from 1 to 4 p.m. The location will be the fire house. All pre-school age children, 1 to 5 will be given this most important new inoculation.

Mrs. Dell was also appointed to serve in Mrs. Wechtenhiser's place on the Pool Committee.

Ten bags of clothing has been sent by the Child Welfare Chairman to "Save the Children Foundation".

Members are urged to participate in the "Flip Your Lid for the U.S.O." campaign now being conducted by the Maxwell House Coffee Company. Look for the display in the local grocery stores.

Dues for the coming year are now being collected. Mrs. Frank O'Neal will accept the dues of anyone who is not contacted, or any woman in the Harrington area who would like to join the organization.

**Greenwood**

**Mrs. Jacob Hatfield**

**Whittington - Baker Wedding**  
Miss Jo Ann Whittington, daughter of Mr. and Mrs. Arthur E. Whittington, Jr., of Odessa, became the bride of Phillip Barrett Baker, Saturday, May 7, in St. Paul's Methodist Church, Odessa. The 2 p.m. ceremony, performed by the Rev. Ronald Starnes, was followed by a reception in the church hall.

The bridegroom is the son of Mr. and Mrs. George D. Baker, of Greenwood. Mr. Whittington gave his daughter in marriage. She wore a gown of silk crepe and Venise lace made with a scoop neckline, elbow length sleeves and floor length skirt extending into a chapel train. A crown of orange blossoms and pearls held her veil and she carried a cascade of orchids, stephanotis and ivy on a Bible. Miss Linda Whittington, of Odessa, attended her sister as maid of honor.

The bridesmaids were the Misses Elizabeth Dunlap, of Wilmington, and Virginia Hufnal, of Jannefer Nix, both of Middletown; Junior bridesmaids were Judy Hurr, of Odessa, cousin of the bride, and Margo Kemp, of Milford, niece of the bridegroom. Penny Wheeler, of Odessa, was the flower girl and Michael Kemp, of Milford, nephew of the bridegroom, the ring bearer.

The bride's attendants wore pink silk chiffon dresses, matching Dior bows on their hair, and carried cascades of pink miniature carnations and sweetheart roses. The best man was John Stevens, of Greenwood, and the usher Donald Billing of New Castle, William Brady, of Glen Mills, Pa. and Carl Hurr, Jr. Odessa, cousin of the bride.

John Mervine sang "Because" and "The Lord's Prayer".

After a wedding trip the couple will reside at the Red Mill Apartments, Newark.

An alumna of Middletown High School and the University of Delaware, the bride is employed by the New Castle County Regional Planning Commission.

Mr. Baker was graduated from Greenwood High School and attended the University of Delaware. He is associated with the duPont Co.

**MENU — Week May 23-27**  
**MONDAY —** milk, barbecue beef sandwich, French fried potatoes, fruit salad, fresh fruit or pudding.  
**TUESDAY —** milk, baked ham, buttered cabbage, potato salad, orange-glazed rolls and butter, fruit or Bavarian cream.  
**WEDNESDAY —** milk, frankfurter sandwich, baked beans, cole slaw, fruit or Brownie.  
**THURSDAY —** milk, spaghetti with meat sauce, tossed salad, buttered corn, bread and butter, fruit or prune cake.  
**FRIDAY —** milk, tomato soup with crackers, grilled cheese sandwich, potato chips, fruit or deep-dish apple pie.

Miss Grace Porter visited

**Houston**

**Mrs. Viola Thistlewood**

Next Sunday, May 22, being the General District Conference will be in session and the ministers will be in attendance so Sunday School at 10 a.m. will be the only church service. Franklin Morgan, general superintendent, and Alvin Brown, superintendent of the Junior department.

Sunday, May 15, was the last Sunday for Rev. and Mrs. Nicklas as pastor. They have moved to a home in Milford.

Monday at 7:30 p.m. the Commission on Education will hold a meeting.

Last Sunday morning about 22 members and their leaders of the Houston Cardinal 4-H Club attended the church services in a body.

Thursday at 9 a.m. the Methodist Conference will convene in the convention and civic center at 73 Rehoboth Avenue, Rehoboth Beach. The closing service is on Monday morning at 10:30 a.m.

Let's not forget Sat., May 28, at 4 p.m. the strawberry festival to be held at the church parking lot where there will be on sale, hamburgers, hot dogs, soft drinks and homemade strawberry short cake. In the fellowship hall dinner will be served consisting of the following menu, either chicken salad or fried chicken, fresh asparagus, deviled egg, potato chips, pickles, beets and rolls. There will also be a novelty table.

James Smack, who has been in the Emily P. Bissel Hospital, Wilmington, for the past two weeks returned home Friday and his condition is fair.

Mrs. Amanda Lofland's condition remains about the same. She observed her birthday anniversary last Wednesday.

Mrs. Ruth Sapp has returned from the Milford Memorial Hospital where she had been a patient for several days.

On Mother's Day, Mrs. Roy D. Stuck, of San Jose, Calif., and Mrs. Norman K. Durham, of Wichita, Kan., talked with their mother and dad, Mr. and Mrs. Henry Capehart. Mr. and Mrs. Stuck and children, were visiting her sister and family in Wichita.

Mr. and Mrs. Vaughn Warren, Mr. and Mrs. Oley F. Sapp and Mr. and Mrs. W. Shockley Daugherty attended the tea Sunday afternoon, given in honor of Miss Keturah Beideman's 50 years of teaching.

**D.N.G. Units To Step Up Field Training**

Delaware National Guard Field training for most units will be conducted at Camp George J. Schulz, Bethany Beach, during June and September.

Those units which are completing stepped-up training as part of the Selected Reserve Force will train at active army installations at New Cumberland, Pa., and Camp Pickett, Va. Three other Guard units will also go to Camp Pickett to help support Guard and Reserve units training there.

Training periods at Camp Schulz will extend from June 1 to 25, and from September 3 to 17.

Units scheduled for the June period are Hdq. Hdq. Btry., 160th Artillery Group, Dover; the 2nd Bn., 198th Artillery, with units in Milford, Dover, Smyrna, Harrington and Georgetown; the 3rd Bn., 198th Artillery, with headquarters in Laurel and two units each in Seaford and Dagsboro; and the 287 Army Band, Wilmington.

Mrs. Walter H. Moore

The Rev. Donald Washburn's Sunday morning message was "Are You Excited About God?"

There was a meeting Monday night to make plans for the annual Street Fair.

The Willing Workers Class will meet Wednesday evening, May 25, at 6:30 o'clock for a "pot luck" covered dish supper.

Mrs. Elmer Poynter, who has been a patient in the Kent General Hospital, Dover, has returned home.

Friday afternoon visitors of Mr. and Mrs. William D. Hammond were their son and family, Mr. and Mrs. Dorsey Hammond, and daughter, Melissa, of Newark.

C. M. Simpler, who has been a patient in the Milford Memorial Hospital for several weeks returned to his home last Thursday.

Mr. and Mrs. Walter W. Moore entertained their families last Thursday evening in observance of the second birthday of their son, David.

Bobby Donaway, a senior at the University of Delaware, Newark, spent the weekend with his parents, Mr. and Mrs. Robert Donaway.

Miss Peggy Kates, freshman at Salisbury State College, Salisbury, Md., spent the weekend with her parents, Mr. and Mrs. Thomas L. Kates.

Saturday visitors of Mr. and Mrs. Walter H. Moore were Mrs. Moore's cousins, Mr. and Mrs. Edgar Charles Jr., of Carlisle, Pa.

Mr. and Mrs. Dorsey Torbert and Mr. and Mrs. Lynn Torbert were Thursday guests of Mr. and Mrs. Jacob Wroten, Sheridan Park, Wilmington.

Mrs. Mary Keller is a patient in the Milford Memorial Hospital, Milford.

Mr. and Mrs. Sheridan Beebe en route from Florida to their home in Ocean City, N. J., were guests of Mr. and Mrs. Russell Torbert from Thursday until Saturday.

Sp. 4 Allen Rush, on his way home to Accident, Md., from Viet Nam, spent a couple days with Paul McGinness and his parents, Mr. and Mrs. O. B. McGinness, in Viola.

Mrs. John Rhoads and children, Michael and Susan, of Fallston, Md., spent the weekend with her parents, Dr. and Mrs. Howard Henry.

Samuel Walters Sr. and Mr. and Mrs. Walter W. Moore and son, David, were Sunday dinner guests of Mr. and Mrs. Robert Wood and daughter, Donna Kay.

The card party that was to be held in the Odd Fellows Hall, Saturday evening, May 21, has been canceled.

Ham and fried chicken take out suppers or platters served at the table, dessert included will be held on Sat., May 28, beginning at 3 p.m. for the benefit of the Viola Methodist Church at the Viola Community Hall.

Mrs. William H. Parsons, of Seaford, was Sunday dinner guest of her mother, Mrs. A. C. Dill. Mrs. Parsons was on her way home from the University of Pennsylvania Hospital, Philadelphia, where Mr. Parsons is a patient.

Mr. and Mrs. Robert Shultie were Sunday visitors of Mr. and Mrs. Harry Morris and son, Cam, in Annapolis, Md.

Mr. and Mrs. Thomas Stewart and family, of Dagsboro, were Sunday dinner guests of Mr. and Mrs. Spencer Failing Jr.

Mr. and Mrs. James Tatman are receiving congratulations on the birth of twins, a son and a daughter, at the Milford Memorial Hospital, Milford, May 16.

and George Twaddell.

Mrs. Harold Scott, Mrs. Wesley Stafford and daughter, Sharon, and James Pippin, called on Mr. and Mrs. L. H. Thomas, Sunday afternoon.

Sharon Stafford was a Saturday overnight guest of her aunt, Mrs. Harold Scott.

Sunday evening guests of Mr. and Mrs. L. H. Thomas were: Mr. and Mrs. Charlie Cannon, rural Greenwood and Mr. and Mrs. Wilson, of Milford.

Ervin S. Pippin and son, James Pippin, recently visited Ed Pippin.

Last Sunday, Mrs. Georgia Butler and Mrs. A. S. Loftis called on Mr. and Mrs. Jim Willoughby. A son, Grover Willoughby, has been visiting his parents.

Mr. and Mrs. Orville Morgan, of Federalsburg, were Sunday evening guests of Mr. and Mrs. Roland Towers and boys.

Mr. and Mrs. Ervin S. Pippin and son, James, visited Mr. and Mrs. Nelson Pippin and Luther Pippin Sunday evening.

Mrs. Roland Towers and Mr. and Mrs. Harvey Harris, called on Mr. and Mrs. L. H. Thomas, Monday.

Delaware Food Market Report

By Anne Holberton

The nation's hens have produced the best news on the home front. Prices for this ideal protein food are down this week since the bottom seems to have fallen out on the wholesale market.

Reduced supplies and a vigorous demand for high protein foods have boosted egg prices to the highest levels in recent years.

Competing for the protein dollar are beef and pork, both holding their own at the cash registers but on sale for the weekend at lower than average prices.

When shopping this week watch for specials on beef steaks, beef chuck roast, rib roast, pork chops, smoked ham, and bacon.

Prices of fresh vegetables this week are mixed with many higher due to recent freezing weather. The sharpest increase came on celery, with squash following close behind. Cauliflower is up and so is asparagus, beets, dry onions, and green peppers.

There's little news in fruit. Prices are much as they were last week with bananas, apples, grapefruit, oranges, and strawberries being the better buys.

Since the market seems pretty steady, let's take a quick look at what's new in foods. A new thirst quencher, frozen ice tea, is now being introduced. This tea is the first tea concentrate to appear in frozen food cabinets.

Ready-to-serve sliced fresh peaches are a newly developed product that may be available soon. Fresh free stone peaches at the height of their color and ripeness are washed, peeled, sliced, and packed in wide-mouth jars, covered with a light syrup and shipped under refrigeration.

Sloppy Joe fans will find the new Sloppy Joe seasoning mix quick and easy. The mix comes in an envelope and all the teenage cook needs to do is throw a pound of ground beef in then sprinkle in an envelope of the mix. Add a 6 ounce can of tomato paste and water, simmer and spoon on hamburger buns.

To round out the list are dry beans which can be ready for the table in half an hour. These beans are not on the market as yet but should be soon.

Stanley Carroll is a patient in the Delaware Division Hospital in Room 442. Visitors on Tuesday were Mrs. Ethel Porter, Miss Dorothy Porter, Mabel Clayville, his brother, Wilbur, and Mr. Carroll's son who arrived home from Germany where he has been with the Army.

Mr. and Mrs. Paul Olson and son, David, and daughter, Janet, of Drexel Hill, Pa.; Mr. and Mrs. Edward Walbraver and Miss Ethel Jones, of Millington, Md., were the Sunday guests of Mr. and Mrs. Kesler Farrow and family. The occasion was the 96th birthday of Mrs. Hilda Peterson.

In the evening callers were Mr. and Mrs. John Enwright and Mrs. Anna Somers, of Wilmington, and Mr. and Mrs. Augustus Raughley, Sr. Mrs. Blanche McKnatt called on her Monday evening.

Dr. and Mrs. Hewitt Smith have returned after a vacation in the South.

Mr. and Mrs. Paul Olson and son, David, and daughter, Janet, of Drexel Hill, Pa.; Mr. and Mrs. Edward Walbraver and Miss Ethel Jones, of Millington, Md., were the Sunday guests of Mr. and Mrs. Kesler Farrow and family.

To round out the list are dry beans which can be ready for the table in half an hour. These beans are not on the market as yet but should be soon.

at 7:30 p.m.

Mr. and Mrs. Roger Hendricks, of Newark, were the weekend guests of Mr. and Mrs. Franklin Hendricks.

Mike Kohel will celebrate his eighteenth birthday on Monday.

Earl Workman is now at home after having been a patient in the Milford Memorial Hospital for several days.

Mr. and Mrs. Carroll Welch, Sr. were the guests Sunday of Mr. and Mrs. Edgar Welch.

Mr. and Mrs. Keith Burgess and son, Matt, spent Sunday in Baltimore and Wilmington.

Mrs. Margaret Pierson accompanied Mrs. Fred Marvel, of Middleburg, Va., Saturday when Mrs. Marvel attended the Alumni Banquet, she being a member of the 25-year honor class.

Mr. and Mrs. Dana Knox and daughter, Ray Lynn, of near Dover, were the Sunday dinner guests of Mr. and Mrs. Fulton Downing and daughter, Joyce.

Mr. and Mrs. William A. Taylor and daughters, Nancy and Toby, were the dinner guests Sunday of their daughter, Mr. and Mrs. Bruce Chappelle in Dover.

Wed., May 11, the members of William Smith's Senior Problems of Democracy classes visited the DuPont Nylon plant in Seaford.

Several weeks ago, Betty Jean Fowler was among the students from Best Beauty School who attended the International Beauty Show held at the New York Hilton, New York City.

Mr. and Mrs. Paul Hawk, of Chicago, Ill., attended the Alumni Banquet of the Harrington High School on Saturday evening and were entertained by Mrs. Fred Greenly. Both of them taught here between 1930 and 1942, he taught physical education and was the athletic coach. She was the former Miss Charlotte Kraybill, and was head of the music department.

Mrs. Fred Martin celebrated her birthday on Fri., May 13.

Mr. and Mrs. Melvin Brobst spent the weekend in Richmond, Va., with their son, David, who is a student at the University of Richmond.

Last Thursday evening Mrs. Hazel Smith's English classes attended the E-2 plays production of Oliver Goldsmith's "She Stoops to Conquer" at the University of Delaware.

Jack Reed, formerly of here and now of Collingswood, N. J., and West Point Military Academy, was the weekend guest of Mr. and Mrs. Harold McDonald.

Mr. and Mrs. Wayne Cooper, of Hughesville, Md., were visitors with friends and relatives in town over the weekend.

Sunday visitors of Mr. and Mrs. Franklin Hendricks were Miss Bernice Hendricks, of Wilmington, and Mrs. Ethel Staytum, of Chester, Pa.

Mr. and Mrs. Arlie Wright, of Chester, Pa., visited friends and relatives here over the weekend.

Mr. and Mrs. Fulton Downing gave a dinner party on Monday evening in honor of the birthday of their daughter, Elaine.

Mr. and Mrs. Dick Richards, of Wilmington, were guests of her parents, Mr. and Mrs. Kemp, over the weekend.

Dr. and Mrs. Hewitt Smith have returned after a vacation in the South.

Mr. and Mrs. Paul Olson and son, David, and daughter, Janet, of Drexel Hill, Pa.; Mr. and Mrs. Edward Walbraver and Miss Ethel Jones, of Millington, Md., were the Sunday guests of Mr. and Mrs. Kesler Farrow and family.

The occasion was the 96th birthday of Mrs. Hilda Peterson. In the evening callers were Mr. and Mrs. John Enwright and Mrs. Anna Somers, of Wilmington, and Mr. and Mrs. Augustus Raughley, Sr. Mrs. Blanche McKnatt called on her Monday evening.

Fulton Puts Final Touches On Chicken Festival

The National Chicken Cooking Contest, that nationally renowned food event that takes place annually at the Delmarva Chicken Festival under the sponsorship of the Delmarva Poultry Industry, climbs to new heights with Charles R. Fulton, president of that organization putting the final touches on an agreement with Crisco.

As Crisco joins hands with Delmarva Poultry Industry, the National Chicken Cooking Contest entry blank will be printed on the Crisco can labels and other phases of contest operations will be greatly augmented and improved.

This contest has long been one of the major promotional projects of the Delmarva Poultry organization. This great boost in contest operations will significantly enough become a part of its 20th anniversary event which will be held in Dover, in 1967.

Two Common Ticks Plague Delaware Dogs

Tick season has been underway for about a month, according to Dr. Dale Bray, chairman of the department of entomology and applied ecology at the University of Delaware. These creatures are found on almost any dog that walks through old fields or along the edge of woods.

Paralysis, occasionally fatal, may result if a tick is allowed to feed for several days at the base of the skull of either a dog or a human. Ticks can also spread Rocky Mountain spotted fever and tularemia.

There are two common ticks in Delaware, the American dog tick and the brown dog tick. The brown dog tick is uniformly brown, while the American dog tick has a mottled white shield on its back.

Young brown dog ticks begin feeding on dogs and only dogs, but American dog ticks must feed on mice or rabbits during their early life, transferring to dogs only when they become full grown.

Brown dog ticks can build up to very large numbers within the house, since they require only dogs as hosts. Fortunately, most homes do not have enough mice or rabbits to allow multiplication of the American dog tick within the house.

When a female tick is full of blood, it drops to the ground and lays three to five thousand eggs. When hatched, the eggs produce tiny young called seed ticks. The seed ticks crawl around until they come in contact with an animal from which they can suck blood.

The common Delaware ticks may be pulled off the skin; they do not leave their heads in the skin. In fact, a bit of skin is likely to be pulled off with the tick. Infection may follow because of this, so treat such spots with a disinfectant such as iodine or mercurochrome, Dr. Bray recommends.

Use a repellent such as delphene (Off) when walking where ticks are abundant. If possible, spray with DDT or Sevin to control ticks in woodland areas or in fields, Dr. Bray advises. Concentrate the spray near trails and roads or along the edges of woods. Use Sevin as a five percent dust to rid a dog of ticks.

Sevin may be listed on the flea powder label as 1 naphthal N-methylcarbamate or as Carbaryl. If a dog has brown dog ticks, treat between his toes with Sevin. These ticks commonly feed there, making it very difficult to reach them with insecticide. The rest of the dog's body should be treated also. Sevin or DDT should be used in the dog's sleeping quarters and in the house. Several treatments may be necessary for complete control—and only complete control is satisfactory, Dr. Bray warns.

Chemical control consist of spraying the lawn at 10-day intervals in spring and fall with either three ounces of captan, or three ounces of zineb, or three ounces of Ortho Lawn and Turf Fungicide mixed in five gallons of water for 1000 square feet of area. Organic mercury fungicides should never be used on Merion bluegrass as they will severely damage it.

Merion is a resistant variety of Kentucky Bluegrass. Some leafspots may develop on it, but it is seldom killed by the fungus. Several turf management practices should be followed to reduce disease damage. Mow the lawn at a height of one and three quarters to two inches. Avoid overfertilizing. Remove the clippings after cutting as the fungus may be in or on them.

Chemical control consist of spraying the lawn at 10-day intervals in spring and fall with either three ounces of captan, or three ounces of zineb, or three ounces of Ortho Lawn and Turf Fungicide mixed in five gallons of water for 1000 square feet of area. Ornamental Disease Notes

By Wm. J. Manning, J. W. Heuberger

Leafspot and foot rot, also known as "melting out", and stripe smut are two prominent diseases of Kentucky bluegrass observed in several lawns this spring.

The leafspot and foot rot disease is caused by one or more species of the fungus Helminthosporium. The symptoms of this disease are easily recognized by the appearance of numerous reddish-brown, purple or black spots. Eventually the leaves and stems shrivel and turn brown, and patches of the lawn appear to "melt out".

Merion is a resistant variety of Kentucky Bluegrass. Some leafspots may develop on it, but it is seldom killed by the fungus. Several turf management practices should be followed to reduce disease damage. Mow the lawn at a height of one and three quarters to two inches. Avoid overfertilizing. Remove the clippings after cutting as the fungus may be in or on them.

Remove the clippings after cutting as the fungus may be in or on them.

Stripe Smut Disease

The stripe smut disease of Kentucky bluegrass is caused by the fungus Ustilago striiformis. This fungus grows internally throughout the leaves and stems of the grass plants. The disease is usually first noticed when black, sooty deposits that rub off easily are found on the leaves. These are the spores, or reproductive bodies of the fungus. Later the leaves wither, turn brown and die.

Merion, Troy and common Kentucky bluegrass are all susceptible to the fungus. Varieties Park, Newport, K-34 and K-1 are quite resistant.

Chemical control attempts are usually not very satisfactory because of the systemic nature of the disease and the large number of spores present. Spores of the fungus survive on grass seed, so it should be treated with an organic mercury fungicide, such as Ceresan, before planting. This can be done by shaking both the seed and the fungicide in a paper bag, taking care not to inhale the fungicide. Spraying for leaf spot and foot rot may also reduce damage caused by the fungus responsible for stripe smut disease.

Merion is a resistant variety of Kentucky Bluegrass. Some leafspots may develop on it, but it is seldom killed by the fungus. Several turf management practices should be followed to reduce disease damage. Mow the lawn at a height of one and three quarters to two inches. Avoid overfertilizing. Remove the clippings after cutting as the fungus may be in or on them.

## Lions 2nd In Triangular Meets

Harrington's track and field Lions made a creditable showing in a triangular meet with strong Milton High and John M. Clayton High.

Milton, coached by former Caesar Rodney, University of Delaware and Western Maryland track star, Bob Cutrell amassed 72 1/2 points. Harrington, with 55 got the runnerup spot. John M. Clayton trailed with 20 1/2.

Lion sprinter Frank White won both the 100 and 220 yard dashes and anchored the winning 880 relay team to victory in 1:37.9, the fastest clocking of the year for the relay four. Marshall Jackson, Dan Hicks and Jim White ran the other three legs of the 880.

Larry Bonniwell, one of the top vaulters in the Henlopen Conference, won that event. Dan Hicks took the broad jump. Lion Jim White tied for second place.

Gerry Garey turned in what is believed to be the fastest eight laps ever run on the local oval when he took the mile run in 11:04. Curt Hudson, of Milton, was only a yard back as he shadowed Garey most of the way.

Hudson's mother is the former Jane Welch, of Harrington. Curt is a fine all around athlete. A mainstay of Milton's unbeaten basketball team, he fired the winning basket that ended Felton's reign as Henlopen Champion. He finished fourth or fifth in the state championship cross-country run last winter. To prove that track and baseball are compatible when the coaches work together, Hudson returned here a day or two later to get three hits in three trips to the plate, as Milton's undefeated nine ended Harrington's win streak.

Bob Matthews led most of the way in the mile run before losing to a late surge by Milton's Mike Buckley.

Dan Hicks was second to Frank White in the 100. Jim White followed his brother across the finish line in the 220.

Ernest Wright was boxed in in the quarter mile run and forced to run wide. Nevertheless, he clocked the local team's best 440 mark of the year, stopping the watch at 56.5.

100—1. F. White, Harrington; 10.5, 2. Hicks, Harrington; 3. McCabe, John M. Clayton; 4. Brittingham, Milton.

220—1. Buckley, Milton; 5.08.3, 2. Matthews, Harrington; 3. Johnson, Milton; 4. Argo, Milton.

440—1. McCabe, John M. Clayton; 2. Webb, Milton; 3. Schirmer, Milton; 4. Wright, Harrington.

High Jump—(tie) Beheler, Milton; 4. Brennenman, Milton; 5.2; 3. Coleman, Harrington; 4. Thompson, Harrington.

220—1. F. White, Harrington; 22.2; 2. F. White, Harrington; 3. Millman, Milton; 4. Timmon, John M. Clayton.

150—1. Buckley, Milton; 2:15.8; 2. Webb, Milton; 3. Bonniwell, Harrington.

880 Relay—1. Harrington (Hicks, Jackson, J. White, F. White); 1:37.9; 2. Milton; 3. John M. Clayton; 4. Chalavala, Milton.

Mile Relay—1. John M. Clayton (Cash, Welch, Timmons, McCabe); 3:54.5; 2. Milton; 3. Harrington.

Javelin—1. R. Hudson, Milton; 155-11 3/4; 2. Crouch, Milton; 3. Simpler, Harrington; 4. Bonniwell, Harrington.

Monday afternoon here in another triangular meet, the Lions again finished second. Bridgeville rated with Milton as the best two teams in the Henlopen Conference this season racked up 80 points. Harrington had 51 points, Selbyville scored 17.

Despite being decimated by graduation, injuries, illness and defections, the Lions, at this writing, are better than 500 having outscored four of seven opponents. With an undefeated junior high team coming up and most of the present team back, things should be looking up in the next two years.

Frank White again swept both dashes and anchored the winning 880 relay team.

Jim Simpler tossed the javelin 137 feet 3 1/2 inches to win that event. Larry Bonniwell and Harold Coleman were third and fourth.

The squatty Coleman is only a freshman but is a versatile performer. He captured a third place in the discus and high jumped 5 feet 6 inches to trail the winner Bowden, of Bridgeville by one inch. This is a fine jump for a young performer, who is only 5 feet 5 or 5 feet 6 inches tall.

Gerry Garey and Nick Morris trailed Seaford Invitational champion, Richard Cannon, of Bridgeville, across the line in the two mile run.

Troubled by a sore throat, Larry Bonniwell a 10-3 pole vaulter, finished second this time to a ten foot effort. Dan Hicks was runnerup in the broad jump. Bill Moore, of Harrington, was in the No. 2 spot in the shot put, his highest finish yet.

Jim White, a 23.5 220 yard dash man, proved to be a fine quarter miler in this meet. Since three members of the mile relay team became temperamental and resigned a couple weeks ago, this has been one of the Lions' weak spots. White was unfamiliar with the distance when he took the baton many yards to the rear of the second place Selbyville runner. However, the slim picture-runner, started closing the gap at once and overhauled the Rebel on the last turn. When anchorman Ernest Wright completed his 440 yards, the team had clocked a creditable 3:57.8 compared to a previous best of 4:04. White was unofficially credited with a very good sub-56 second clocking for his trip.

190—1. F. White, Harrington; 10.6; 2. McDaniel, Bridgeville; 3. Mumford, Selbyville; 4. Maddox, Bridgeville.

Mile—1. Montgomery, Bridgeville; 5:11.2; 2. Palmer, Bridgeville; 3. Evans, Bridgeville; 4. R. Morris, Harrington.

440—Hopkins, Bridgeville; 55.4; 2. Watts, Bridgeville; 3. Gray, Selbyville; 4. Wright, Harrington.

220—1. F. White, Harrington; 23.9; 2. McDaniel, Bridgeville; 3. J. White, Harrington; 4. Mumford, Selbyville.

880—1. Sherwood, Bridgeville; 2:18.4; 2. Spanish, Bridgeville; 3. Dukes, Selbyville; 4. O. Matthews, Harrington.

Discus—Bennett, Selbyville; 102-11; 2. Jones, Bridgeville; 3. Coleman, Harrington; 4. Pepper, Selbyville.

Shotput—1. Taylor, Bridgeville; 36-9; 2. Moore, Harrington; 3. Bennett, Selbyville; 4. Downing, Selbyville.

880 Relay—1. Harrington (Hicks, Jackson, J. White, F. White); 1:38.2; 2. Bridgeville; 3. Selbyville.

150—1. Coleman, Bridgeville; 11-13.9; 2. Garey, Harrington; 3. N. Morris, Harrington; 4. Davis, Selbyville.

High Jump—1. Bowden, Bridgeville; 5-7; 2. Jones, Bridgeville; 3. Coleman, Harrington; 4. Harris, Harrington.

Javelin—1. J. Simpler, Harrington; 137-3 1/2; 2. Cannon, Bridgeville; 3. Bonniwell, Harrington; 4. Coleman, Harrington.

Mile Relay—1. Bridgeville (Anderson, Waits, Horton, Hopkins); 3:51; 2. Harrington; 3. Pole Vault—1. Bowden, Bridgeville; 10-0; 2. Bonniwell, Harrington; 3. Spanish, Bridgeville; 4. N. Morris, Harrington.

Long Jump—1. Hopkins, Bridgeville; 18-7 1/2; 2. Hicks, Harrington; 3. Palmer, Bridgeville; 4. Smith, Bridgeville.

Bob Matthews led most of the way in the mile run before losing to a late surge by Milton's Mike Buckley.

Dan Hicks was second to Frank White in the 100. Jim White followed his brother across the finish line in the 220.

Ernest Wright was boxed in in the quarter mile run and forced to run wide. Nevertheless, he clocked the local team's best 440 mark of the year, stopping the watch at 56.5.

100—1. F. White, Harrington; 10.5, 2. Hicks, Harrington; 3. McCabe, John M. Clayton; 4. Brittingham, Milton.

220—1. Buckley, Milton; 5:08.3, 2. Matthews, Harrington; 3. Johnson, Milton; 4. Argo, Milton.

440—1. McCabe, John M. Clayton; 2. Webb, Milton; 3. Schirmer, Milton; 4. Wright, Harrington.

High Jump—(tie) Beheler, Milton; 4. Brennenman, Milton; 5.2; 3. Coleman, Harrington; 4. Thompson, Harrington.

220—1. F. White, Harrington; 22.2; 2. F. White, Harrington; 3. Millman, Milton; 4. Timmon, John M. Clayton.

150—1. Buckley, Milton; 2:15.8; 2. Webb, Milton; 3. Bonniwell, Harrington.

880 Relay—1. Harrington (Hicks, Jackson, J. White, F. White); 1:37.9; 2. Milton; 3. John M. Clayton; 4. Chalavala, Milton.

Mile Relay—1. John M. Clayton (Cash, Welch, Timmons, McCabe); 3:54.5; 2. Milton; 3. Harrington.

Javelin—1. R. Hudson, Milton; 155-11 3/4; 2. Crouch, Milton; 3. Simpler, Harrington; 4. Bonniwell, Harrington.

Monday afternoon here in another triangular meet, the Lions again finished second. Bridgeville rated with Milton as the best two teams in the Henlopen Conference this season racked up 80 points. Harrington had 51 points, Selbyville scored 17.

Despite being decimated by graduation, injuries, illness and defections, the Lions, at this writing, are better than 500 having outscored four of seven opponents. With an undefeated junior high team coming up and most of the present team back, things should be looking up in the next two years.

## Harrington Loses To Milton, Trims Selbyville

Milton's unbeaten powerhouse came to Harrington last week and won their eighth straight game 10-5. Both clubs had thirteen hits but Milton made more effective use of their bingles.

Cross-country ace and basketball stars Curt Hudson and George Brown proved they know their way around the diamond also. Brown had four hits for the Warriors while Hudson, whose mother is a Harrington native had three base knocks.

Jack Beheler started for Milton and was staked to a five run lead by his mates before he threw his first pitch. The Lions had Beheler in trouble several times as they scored in four different innings. Bill Cordrey came in and fanned a batter to end the rally. When the Lions next came to bat there was Beheler back on the mound again as Milton Coach Bob Edgerton wisely saved his nest egg (Cordrey) for a rainy day.

After Milton had piled up an insurmountable lead on Lion starter, Tom Simpler, Ellis Myer, the ace of Coach Gledhill's two-man pitching staff, barred the door on the Warriors.

Steve Motter led the Lions with a perfect four-for-four and four RBIs. Myer, Sam Knox, Mike Kohel and Marshall Hatfield had two hits apiece.

Milton 502 030 0—10  
Harrington 101 102 0—5

At Selbyville on Monday afternoon the Lions triumphed 5-2 behind the airtight hurling of Ellis Myer. Harrington now sports a good record of six wins in nine games with the two left to play.

Myer got all the runs he needed in the first frame as the Lions tallied three times. Two more runs in the third padded the margin to 5-0. Bob Matthews took over the mound chores late in the game and gave up a two-run homer to George Burton in the seventh inning, ruining the shut-out bid.

Selbyville had six hits to the Lions four but only Burton's circuit clout did any damage. Connecting for Harrington were Mike Kohel, Dean Manges, Myer and freshman Terry Yoder. Yoder had two RBIs. He has done very well at the plate this season. Yoder and Dennis Spicer were the only non-seniors in the lineup at Selbyville.

## Unbeaten Lion Jayvees Win Triangular Meet

Coach Harold McDonald's varsity track team is having a little better than average year, but his junior varsity crew is making noises that indicate they will move some of the varsity performers right out of the picture in 1967.

The young Lions are still unbeaten and added Bridgeville and Selbyville to their conquered foes on Monday afternoon.

Chris Wetherhold, a seventh grader, trailed a Bridgeville runner for about 10 yards in the half mile but then took the lead and charged on to a 2:19.3 victory. Chris has been timed in 2:19 flat on two earlier occasions. Only the wind kept him from a new personal record. The varsity 880 was won by a Bridgeville runner in 2:18.4 less than a second better.

John Brown, an eighth grader, trailed Wetherhold closely for 660 yards and finished second lowering his personal record one full second to 2:23. Dale Motter, another seventh grader, dropped from 2:33 to 2:28. Despite a sore leg, Billy Walls, a tiny seventh grader, raised a cheer from local fans with a sprint to nip a much larger rival at the finish.

Ken Tribbett scored a double by capturing the 100 yard dash in 11.5, the 220 in 25.4 and also anchored the first place 880 relay team.

Henry Wright was timed in a good 6.2 in taking the 50 yard dash. Doug Berry was third. Bob Thompson added four inches to his previous best height as he cleared 5 feet 2 inches in the high jump. Mumford, of Selbyville, Thompson and Berry, of Harrington, all jumped that height with Mumford getting first place on the basis of less misses.

A new recruit, Gary Smith, did 4 feet, 11 inches. This is a good effort for a lad only 5 feet, 2 inches tall.

Bob Tyler, Henry Wright, John Brown and Doug Berry won the 440 relay. Brown, Tyler, Wright and Tribbett waltzed off with an easy triumph in the 880 relay.

Dale Motter took second in the broad jump and third place in the shotput.

Harrington's winning total was 49, Bridgeville had 28 and Selbyville had 16.

50—6.2 1, Wright, H; 2, Herring, B; 3, Berry, H; 4, Smack, B. 100—11.5 1, Tribbett, H; 2, Herring, B; 3, Mumford, S; 4, Smack, B.

Felton Slaughters Lord Baltimore

Lord Baltimore's track team sneaked off early from a track meet last month at Dover Air.

We feel sure they would like to have made the same type of hasty exit from Felton on Monday as the host Green Devils belted out 20 hits and 19 runs while LB could not get into the scoring column. Red Dill blanked the losers on four hits.

Will Dill and Porky Coulson each got that many safeties for Felton. Red Dill and Dave Hoffman had three bingles apiece. Will Dill clouted two home runs, a double and drove six runs across the plate.

At this writing the Green Devils have a 5-2 record and could tie for the Henlopen title if Millsboro will oblige by knocking off Milton in the Warrior's final game.

Rehoboth Beach 110 000 0—2  
Greenwood 104 124 x—12

Selbyville matched Greenwood in the hit column but they don't pay off there, do they Charlie? The Foresters put together back-to-back three run innings in the third and fourth frames before the Rebels squeezed across a single tally off winner Ron Breeding.

Steve Willey had two Greenwood safeties. Bill Beauchamp and Earl Yoder stroked the other Forester hits.
