

## C. of C. Opposes State Tax Legislation As Written

The Harrington Chamber of Commerce Tuesday unanimously opposed proposed state tax legislation as written.

Holding its April meeting at The Bridle Bit, the chamber condemned the legislation and urged all efforts be made by the state to economize.

The legislation stipulated a tax increase of \$19.8 million, 85 per cent of which would be paid by business. Some chamber members called it a hidden sales tax. The remainder of the increase would be paid in tobacco taxes.

The economy clause was added after it was revealed the state administration had created several job positions with high wages. Furthermore, the state has impending legislation whereby it (the

state) would agree to pay more for the products and services it buys.

In other business, Fulton J. Downing, Kent County representative of the Delaware Chamber of Commerce, said the state group had lobbyists at Dover and the General Assembly looked to the state chamber for advice. Downing also told of attending, with W. Cliff Miller, the state chamber's annual dinner for Delaware's congressional members in Washington. Downing and Miller took the long route, driving to Wilmington, taking a train to New York and thence to Washington and back to Wilmington.

The Chamber elected the following officers, to assume their duties in May: President, David Jones, incumbent; vice president, William T. Parsons; secretary, Carrington H. Burgess, incumbent; treasurer, C. Tharp Harrington, incumbent, and directors, Kesler M. Farrow and Samuel A. Short, Jr.

## Incumbents Win Most G.O.P. Posts

Most incumbents were re-elected Saturday for posts on the Kent County Republican Committee.

The Kent County results are:

The 6th of the 28th—James Rodimak, 18 votes, and Webster Phillips, 36. Both are newcomers.

The 2d of the 31st—June Little, 19, Dottie Motley, 29, and Gertrude Slaybaugh, 21. Mrs. Slaybaugh was the incumbent and the three were running for two seats.

The 2nd of the 32d—Thelma Faulkner, 54, and Joan Field, 48. Also in the 2d of the 32d—Herschel Callaway, 52, and G. Wallace Caulk Jr., 49. Mrs. Faulkner and Callaway were incumbents.

The 7th of the 33rd—Donald Jester, 26, and David Coady, 3. Jester was the incumbent. The Sussex County results:

The 1st of the 35th—Shirley R. Pepper, 115 votes, and incumbent Elsie Truitt, 200.

The 5th of the 35th—Incumbent Gilbert, 60, Bulow, 80, and Francis Lewis, 17.

The 6th of the 35th—Alice McIlvaine, 28, and Jean Warner, 31. Mrs. Warner was the incumbent.

## Blue Cross and Blue Shield Cover Major Portions Dental Care

Coverage of major portions of the cost of all kinds of dental care will be offered by Blue Cross and Blue Shield of Delaware next month as an experiment.

Trustees of the non-profit community organization devoted to prepayment of health care costs decided at their meeting Monday to approve the new offering. They earlier had directed the staff to prepare a proposed dental program in cooperation with Delaware dentists.

The new plan will be offered in four varieties - a basic coverage, plus three riders expanding it in specific areas of dental services. Any desired form of the dental coverage will be offered as a separate contract available to Blue Cross and Blue Shield groups of 100 members or more. The limitation to larger groups is designed to put a wide variety of individuals and families in as the first subscribers to the new program so that the experience gained will be well rounded, it was explained by H. V. Maybee, managing director. He said there is only limited experience and statistical information available on which to base rates for the new offering.

For that reason, Maybee said, the rates to be used at the start are only approximate and subject to change.

The basic coverage will be for preventive and diagnostic and emergency dental services. It will include repair of dentures, x-rays, prophylaxis and topical fluoride applications, and other services including fillings, simple extractions, inlays and certain oral surgery.

For that basic coverage, the new Blue Cross and Blue Shield contract will provide for payment of 80 per cent of usual charges, with the subscriber paying the other 20 per cent.

Reservation forms have been sent out for those interested in attending.

## Postal Rate Hike Proposed

An "inherited" postal deficit of \$1.2 billion is responsible for the proposals to raise the postage bill for residents of Harrington. Postmaster Howard Dill said this week.

Mr. Dill said he had been advised by Postmaster General Winton M. Blount, in Washington, D. C., that the record \$1.2 billion 1970 deficit compelled President Nixon to seek postage rate increases. Without higher rates the department will be left with a staggering deficit that would become an added public tax burden.

In addition to increasing letter mail from 6 to 7 cents, as proposed by the Johnson administration, President Nixon also asked that second and third-class mailers help reduce the large postal deficit which would otherwise be paid by taxpayers, the postmaster said.

For bulk third-class mail and most magazines and newspapers, the rates would be increased 16 per cent to 20 per cent above today's levels, he noted. These percentages include rate hikes already scheduled by previous action of Congress.

The President's recommended increases will reduce the 1970 postal deficit by more than \$600 million.

The postmaster listed these other details on the proposed increases:

First-Class mail: Letters and post cards would be increased one cent, to 7 cents an ounce and 6 cents a piece, respectively, on July 1, 1969. Airmail postage would remain the same, 10 cents. This will yield \$557.2 million in new revenues.

Second-class mail: A handling charge of 3/10ths of a cent per piece for circulation outside home counties would become effective July 1, 1970. This would yield \$15.3 million annually and would rep-

## Felton Fire Co. Entertains Auxiliary Ladies

On Saturday night, April 19, the Ladies Auxiliary of the Felton Fire Company was entertained by the members of the Felton Fire Company at their annual ladies night. A turkey supper was served at the Frederica Fire House by the Frederica Ladies Auxiliary.

Corsages were given to all the ladies of the Felton Auxiliary and gifts of appreciation were given to their officers. The Aptt Sisters, daughters of Mr. and Mrs. Harold Aptt, of Houston, sang several musical arrangements. They recently won first place in the 4-H Talent Contest for Kent County. The evening was concluded with dancing for all.

## Democrat Club To Elect Officers

The Ninth District Democratic Club will hold an election of officers at a covered-dish supper Monday night in Farmington Fire House.

The supper starts at 7 p.m. Harold (Bailey) Minner is president of the club.

## Firemen Burn Building on Request

Harrington firemen burned a building, on the request of Baynard Smith, Wednesday night on Mud Road.

An alarm, turned on by mistake, attracted motorists, who experienced bumpy roads.

## Brown Quits GOP Post, Caulk Named

Herman C. Brown is out and G. Wallace (Pat) Caulk Sr. is in as chairman of the Kent County Republican organization.

Brown, 44, who led the party through two consecutive successful campaigns, resigned Monday night, saying: "There must always be room at the top for new people, new blood, new ideas, new approaches, and new talent."

Brown is a Harrington native. The new chairman, a 48-year-old dairy farmer is secretary of the State Board of Agriculture. His election immediately raised the question of acceptance by Republican Gov. Russell W. Peterson, who has asked other state office holders to stay clear of politics.

Peterson reportedly was advised of Caulk's imminent election several weeks ago.

The new chairman said Monday night "I'm not worried" about the governor's reaction.

Unlike Bunting, Caulk is not a Peterson appointee; he was named to his state job by the board of agriculture.

There was no contest at Monday night's meeting for any of the other top county posts.

The Republicans elected Mrs. Grace Pierce vice chairman, Noble Warren second vice-chairman, and John Davis, treasurer.

Mrs. Pierce replaced Mrs. Ruth Concilio after the committee earlier Monday night approved a rule change barring any officer from serving more than two consecutive terms. Davis' election came after the incumbent, former state Sen. Walton Simpson, announced he would not be a candidate again.

Each of the elections was unanimous. The only other nominee, John Kramedas, declined the suggestion that he be a candidate for treasurer.

In his speech, Brown said "the time has come for a change."

"I have attempted to study why the pendulum swings as it does in politics. Certainly one of the answers has to be that those at the top remain to long," Brown said.

"The Democrats learned this to their sorrow recently and our party has been many years recovering from the same lesson," Brown added.

Brown became chairman in December 1966 after serving as campaign chairman for the Kent Republicans in that year's campaign.

Last year he threw his hat in the ring for the party's gubernatorial nomination. Since the Republicans captured the governorship in November, Brown has made little secret of his disagreements with Peterson on patronage and other matters.

Caulk's election is for a two year term running through the 1970 campaign.

## Dedication Services at Woodside Church

Dedication services for the new church school addition will be held at Woodside United Methodist Church, Woodside, at 7:30 p.m. on Sunday evening, May 4, 1969.

The Rev. Hartwell Chandler, District Superintendent, will conduct the dedication service, assisted by the Rev. Paul E. Reynolds, pastor of Woodside Church. Special music will be featured.

Everyone is urged to attend this service and to enjoy the fellowship and refreshments which will follow the meeting.

## McNally Trains As Physical Therapist

Charles N. McNally, son of Mr. and Mrs. Robert McNally, R.D. 3, has returned to Alderson-Broaddus College after having been employed as a physical therapist's assistant at Hammarville Rehabilitation Center, Pittsburgh. McNally was engaged in an off-campus education program during the winter term of the college, at Philippi, W. Va.

## Kent Levy Court Delays Budget OK

The Kent County Levy Court again delayed setting the county tax rate and accepting the fiscal 1969-70 budget Tuesday.

President William C. Torbert, long a dissident, commented, "We sat here for a half-hour figuring this thing out. We know what the figures are, unless you don't trust your own figures."

The commissioners called for Harold E. Remley, county accountant, to present a final budget—totaling \$1.4 million—reflecting more than \$75,000 in additional estimated revenue.

Of that \$53,000 will come from fees charged by planning, zoning and engineering offices. The rest will come from an anticipated 50 cents per \$100 on the county's \$228,051,300 assessed property value.

The Levy Court unanimously backed a motion by John T. McKenna to place the purchase of the Allee Building and the Sills property on five-year bonds. If approved by the General Assembly, a measure allowing the county to pay higher bond interest rates would funnel \$150,000 back into the operating budget.

N. Maxson Terry Jr., Levy Court attorney, reasoned that the purchases should be bonded "because they are capital improvements." The Allee Building, which will eventually house some of the county offices, and the Sills property, which will open on May 8 as a landfill, were both paid for from operations' funds.

After a \$50,000 loan Tuesday. (Continued on Page 5)

## W.B.A. News

The Officers Club of Women's Benefit Association met Monday evening at the residence of Lelia E. Hopkins.

After the business meeting, one of the members, Bernice Johnson, was given a surprise birthday party in honor of her (39th) birthday. After singing "Happy Birthday", gifts were presented to her by all the members.

Another member, Edith Massey, won the door prize and the prize for the month. Refreshments were then served, after which a social hour followed, with Blanche McKnatt winning first prize in games.

## Two File From Harrington For Lake Forest School Board

Two persons have filed for the May 10 school board elections, from the Harrington school district, for posts on the new Lake Forest School Board.

They are Roland D. Hitchens, incumbent board president, who faces opposition from Nyle Callaway, Jr.

Hitchens, 47, president of interim Lake Forest board, is an employee of the Diamond State Telephone Company. Callaway, 45, is a signal inspector for the Penn Central Railroad.

There are also contests for the two other districts which will be part of the Lake Forest District.

In Felton, two persons have filed for the seat being vacated by Albert D. Warren. In his second try for the seat, I. Kenneth Richter faces newcomer Joseph H. Hughes.

Richter, 34, works with Bivens Associates, planning consultants. A farmer, Hughes, 31, is a seasonal research associate of the state archeologist.

In Frederica, board chairman Charles H. West is running against Marvin Brown, a newcomer, for a seat on the consolidated Lake Forest district.

West, 38, a farmer, has served on the board four years. Brown, 39, is an employee of the Diamond State Telephone Company.

Filing deadline was 4:30 p.m., Wednesday. The Caesar Rodney, Dover and Kenton school districts also have contests.

## CARROLL PROTESTS JOB LOSS DESPITE MERIT SYSTEM

The State Board of Agriculture, has abolished the job of a Democratic official in the agency and precipitated the first real legal test of the new state merit system.

The Republican-controlled board at its meeting this month voted to abolish the job of J. Noble Carroll, marketing and inspection supervisor.

Carroll, who once was a member of the Kent Levy Court on the Democratic ticket, would have received \$7,740 in the coming fiscal year.

Action to abolish the job came at a meeting not covered by the press.

Carroll has retained N. Maxson Terry of Dover to represent him before the State Personnel Commission.

James M. Rosbrow, state personnel director, said Monday morning that he has not yet received a request for a hearing from Carroll but had received a copy of his dismissal notice.

According to G. Wallace "Pat" Caulk, executive secretary of the Board of Agriculture, Carroll was informed by letter April 21 that his job would be abolished as of April 30.

He said Carroll was informed that the marketing division was being reorganized to reflect marked changes in agricultural marketing, that additional duties would be added of the supervisor, and that his services would no longer be required.

The agency's budget for the coming fiscal year contains about \$4,500 extra to upgrade the salaries in the marketing division.

Caulk said the agency hopes to upgrade Carroll's job, reorganize the division, and pay the top man about \$12,500 a year.

Rosbrow said that if Car-

roll requests a review of the decision, the full Personnel Commission will have to hear evidence in the case.

Rosbrow said this is the first case of its type since the merit system went into effect last July.

Terry said he has no comment on the case but is preparing his appeal to the commission.

"I like to try my cases in court," he said.

State merit system rules plainly allow an agency to abolish a job, but in most cases the person left out of a job would qualify to take the examination for the upgraded job or another job in the same agency.

Caulk said Carroll will be paid all accumulated sick leave and vacation, which will carry his pay almost to July.

The new job won't be created until funds for the fiscal 1970 budget became available July 1, so technically the job has really been abolished.

Republicans took over the control of the three-man Board of Agriculture earlier this year when Gov. Russell W. Peterson named two Republicans and a Democrat to fill vacancies.

Each state in the United States is entitled to four finalists in this contest—one in each of four divisions of cooking.

Delaware will be represented in the Junior Division by Miss Deborah Rae Sullivan, of Milford. Deborah is in the 12th grade at Milford High School and plans to go to the University of Delaware college of nursing. Deborah is from that family who seem to have a natural knack with chicken recipes. Her mothers, Mrs. Pauline Sullivan, was a National champion in 1968 and has competed every year since 1956.

Debbie has a brother who has placed three times, cousins that have placed many times and she, herself, has cooked and been 3rd, 7th and 12th place winner through the years.

The Outdoor Division will find its Delaware contestant from the same family. Charles Jines, Jr., a cousin of Deborah Sullivan, will be cooking a concoction he calls "Sportsman Barbecue Chicken". Charles is 21 years of age and a corporal in the U. S. National Guard. His sister, Mrs. Pat Marsico, was a national champion in 1953 and his brother, Bob, was a national champion in 1962. His mother, Mrs. William C. Jones, was a runner-up in 1960.

Mrs. Virginia L. Hatfield, of Felton, will represent Delaware in the Portable Division. Mrs. Hatfield is a homemaker; her husband, Charles E. Hatfield, is a retired chemist.

### Delaware Food Market Report

By Anne Holberton

Are you weary of high meat prices? Well, it looks as if this is a situation we will all have to live with, so why not substitute other high quality proteins? It's not Lent, but we may learn to cook as if it were all year around.

Eggs are one solution. Prices have dropped and they are excellent buys for two reasons: First, eggs contain top quality protein. Second, they are truly economical. Remember the price spread to consider—seven cents. The way this works is that if large Grade A eggs are selling for 61 cents a dozen and medium Grade A eggs are selling for 52 cents a dozen, then the medium eggs are the better buy, for the price spread is nine cents. However, if the medium eggs were selling for 56 cents a dozen, the large eggs would be the better buy since the price spread is six cents and that is less than the seven cents breaking point. Eggs are actually sold by their weight, not by the dozen. You are looking for the best price for weight received. Weights are set for each size, so this is the reason for the price difference.

Pork prices are once again beginning to edge up as is to be expected. But "specials" on this meat keep it the best choice for the economy minded shopper. Such items as loin roast, tenderized hams and first quality bacon are the better buys.

Though beef prices have weakened slightly at wholesale, not much change can be found at retail. The only items of special interest involving money saving buys include chuck cuts and rib and cube steaks. Lamb prices remain high and veal prices went even higher this week; in fact, they are "out of sight."

Although the number of real bargains in fresh vegetables is limited, you will find improved quality on a number of produce items. Careful shoppers have learned that it usually is a good idea to pay a bit more in order to avoid the waste that may be found in less desirable quality. The vegetables in best supply are asparagus, celery, green beans, carrots, green peppers and radishes. Lettuce quality has improved and prices are a lot more reasonable.

Fruit prices went up this week also. Florida oranges and grapefruit are fast reaching the end of their season and prices reflect this. However, during a special sale these two are still low in

### Kent County Family Court

**Week of April 15 thru 21**  
**Judge Kelsey presiding**  
 16 Juveniles appeared before the court on 21 charges of Motor Vehicle Violations. Each paid fines and costs and three received suspensions of licenses for a period of time, ranging from one to four months.

Six men appeared before the court charged with failing to support their families adequately. An order of support was placed in each case.

Petitions were before the court concerning custody of seven minor children. After hearing the evidence presented, each petition was granted in the best interest of said minor children.

Three juveniles appeared before the court charged with shoplifting. After hearing all the evidence presented, the court ordered that each pay a fine of \$25 and the court costs and be placed on probation to this court for a period of four months.

One juvenile appeared before the court from Smyrna charged with malicious mischief which involved tires on a car being cut. After hearing the evidence, the court ordered that he pay the costs and a fine of \$50 and be placed on probation to this court for six months.

One juvenile from Camden was before the court for being incorrigible in his home and at school. The court ordered that he be placed on probation to the court for six months with very special conditions.

Two juveniles from Smyrna were before the court charged with truancy and with being runaways from their homes. After hearing the evidence and considering the circumstances surrounding the cases, the court ordered that each be removed from their homes and be placed with the State Department of Public Welfare for foster home placement.

Two juveniles from Frederica were before the court charged with making obscene telephone calls. A hearing was held to determine whether or not they could be released from detention pending a final hearing in this court. After hearing the evidence, the court ordered that each be detained and that psychiatric and psychological testing be conducted during said detention.

One juvenile appeared before the court for being incorrigible in his foster home. After hearing the evidence presented, the court ordered that he be committed to Ferris School for Boys, suspended this sentence, and placed him on probation for six months.

Two juveniles from Dover were before the court charged with two charges of petit larceny each. After hearing all the evidence, the court ordered that they pay the court costs and a fine of \$25 on each charge and be placed on probation to this court for four months each.

One man appeared before the court charged with being the father of an illegitimate child. The court, noting that the prosecuting witness failed to appear, dismissed the charge.

**April 22 thru April 28**  
 Eight juveniles appeared before the court on motor vehicle violations. Fines and costs were imposed in each case.

Three men were before the court charged with non-support of their families and an order of support was placed in each case.

Arthur Waters, 18, was before the court charged with burglary said to have occurred prior to his 18th birthday. After reviewing the circumstances and his prior record, the court referred the matter to the Superior Court for further action.

One man from Dover Air Force Base was charged with assault and battery upon a minor, 17 years of age. He entered a plea of guilty to the charge and was fined \$50 and costs.

One juvenile from Dover was before the court charged with truancy. The court imposed a suspended sentence to Ferris School and placed him on probation to the court.

Two men were before the court charged with being the fathers of illegitimate children. One charged was dismissed for failure of the prosecuting witness to appear and the second man was found not guilty.

One juvenile was before the court charged with burglary, was fined \$25 and costs and placed on probation. A

second juvenile was charged with burglary and violation of probation, was fined \$25 and costs, and continued on probation. A third was charged with two charges of burglary and violation of probation. After reviewing his prior record and the circumstances, the court fined him \$25 and costs and committed him to Ferris School for an indefinite period of time.

Elbert Golder, Jr. was before the court for a review of his support order. After hearing the evidence the Court placed a stay in the order inasmuch as the child for whom he is paying support is presently residing with him.

Five juveniles who were being detained pending their trials appeared before the court for setting of bond. Three remained detained and two were released to the custody of their parents on bond pending final decision in their cases.

One juvenile was before the court for assault and battery, was fined \$10 and costs. Another appeared for final decision on two charges of indecent exposure. He was fined \$25 and costs on each charge and placed on probation.

Petitions were before the court for custody of a total of fourteen children. Ten petitions were granted and four were continued for further testimony at a later date.

One juvenile from Maryland appeared before the court for shoplifting. However, the charge was dismissed for failure of the arresting officer to appear or notify the court.

Charles E. Walls, Dover, appeared before the court charged with contempt of court, failing to meet his support order. After hearing the evidence, the court committed him to the State Board of Corrections for three months.

### Buy Certified Seed This Spring

Farmers who spend a little extra for certified seed this spring will actually reap greater profits at harvest than those who try to save money by buying second-class seed, according to Dr. Merle R. Teel, chairman of the University of Delaware's plant science department. "The importance of good seed should be obvious," he says. "If a farmer plants poor seed, his investment in land, fertilizer, pesticides and management will be largely wasted."

Although certified seed costs a little more per acre than non-certified seed, it brings greater profits at harvest through higher yields, disease resistance and freedom from noxious weeds.

Certified seeds are pure in variety and are quality controlled during production and processing, says Teel. Each bushel of seed can be traced back to the original release.

Certified seed fields are inspected regularly by the Delaware Crop Improvement Association, he adds. Seed produced for sale must pass stringent laboratory tests. Only when requirements for purity of variety, germination and freedom from weeds and diseases are fulfilled do the seeds receive the certified seed tag.

Non-certified seeds are not subjected to tests for varietal purity, Teel concludes. They may also be more susceptible to disease, mechanical damage, low vigor, weed contamination and other conditions that result in lower crop quality.

There's nothing like a good selection of annual flowers to add beauty to a yard, accent to a landscape or to provide a blaze of color from spring through fall, according to David V. Tatnall, garden specialist at the University of Delaware.

For best emphasis, use one type and color of annual in each planting area, he says. Place flowers in beds along the foundation of the home, within areas that compliment the house or in planters and planter boxes.

Since flowers often need a dark or contrasting background for maximum effectiveness, try planting a flower border in front of shrubs, walls or fences.

Annuals make excellent edging plants for either sun or shade, says Tatnall. In the sun, try ageratum, Alyssum, dianthus, dusty miller, marigold, petunia, phlox, snapdragon, verbena or zinnia. In the shade, you'll have better luck with flowering tobacco, coleus, pansy, impatiens and vinca rosea.

Built-in outdoor planters are becoming increasingly popular with architects and contractors as interest areas along porches, walls, patios and foundations. Annual flowers selected for these should be free-flowering and provide continual color. Tatnall recommends marigold, petunia, salvia, snapdragon, verbena or zinnia.

A variation of this limited-space planting is the urn or tub, now available in a variety of ceramics, plastics and redwood. A combination of annuals or annuals with evergreen shrubs or ornamentals may be quite effective here. For combination plantings,

try ageratum, sweet Alyssum, begonia, coleus, marigold, petunia, snapdragon or zinnia.

Window boxes remain an important flower area for many urban dwellers with limited time and space, says Tatnall. But remember to allow for the light needs and heat tolerance of plants in selecting window box annuals.

Among the annuals best adapted to window boxes are sweet Alyssum, begonia, coleus, impatiens, nierembergia, petunia, salvia, snapdragon, french marigold and dwarf zinnias.

### Care of Spring Flowering Bulbs

Tulips, daffodils and other spring flowering bulbs that are now blooming or have just finished blooming need some attention if they are to continue to produce a colorful display each year, according to Robert F. Stevens, extension horticulturist at the University of Delaware.

Remove flowers as soon as they fade to prevent seed formation, he says. Seed development removes stored food from the bulb and may reduce the size and number of flowers next year.

It is also important to allow leaves to mature on the plant. Removal of leaves at flowering time weakens the bulb and may prevent flowering next year.

If bulbs are planted in good

fertile soil and leaves are dark green, you will not need any fertilizer, says Stevens. Too much fertilizer may cause the bulbs to rot. Usually a 5-10-10 fertilizer at one-half pound per 100 square feet is sufficient.

Some of the vigorous flowering bulbs should be dug up and separated every two or three years; slower growing bulbs may go four or five years.

Do not dig up bulbs until they have become crowded and produce small flowers. Wait until the leaves die down before digging up and separating.

In this area, it is almost impossible to find a cool, dry place to store bulbs during the summer. It is best to dig, dry, separate and replant bulbs immediately.

Good care and culture of spring flowering bulbs will result in larger flowers year after year, says Stevens.

### Sparkling Meal With Asparagus

How can you spark up your springtime meals "Serve asparagus," says Miss Marguerite Krackhardt, extension foods and nutrition specialist at the University of Delaware.

Because it's now in season,

fresh asparagus is less expensive than canned or frozen. And it's easy to serve plus a good low-calorie source of vitamins A and C and some of the B vitamins.

Asparagus should have special appeal to you weight-watchers. Six average-size spears contain only 20 calories. Keep calories low by flavoring with a touch of lemon or a sprinkle of herbs.

The secret of serving asparagus at its best is in the cooking. Stand or prop spears up in two or three inches of boiling salted water. In this way, the stalks will cook in water while the delicate tips will be gently cooked by the steam. When you're cooking out pieces, cook the lower stalk pieces first. When they are nearly done, add the tips.

Sauces add variety to cooked asparagus—and a gourmet touch. Butter sauce, Hollandaise, cheese or hot mayonnaise sauce will enhance the flavor. Asparagus means leftover magic. Ham, chicken, turkey, mushrooms or cheese combine well with asparagus in casseroles. Or marinate cooked asparagus in French or Italian dressing and serve cold with hard cooked eggs.

Be creative. Add a crunchy texture to cooked asparagus by sprinkling it with slivered almonds, crisp bacon bits or

tiny croutons. You'll probably find lots of different ideas in your cookbook, too.

Why not prolong the asparagus season and save money by freezing some now to eat during the winter? About one and one-half pounds of fresh asparagus make a pint of frozen product.

**LET'S SETTLE THE DUMP PROBLEM FOREVER**

The City of Harrington, as in many other communities, has been plagued with one of man's most distressing problems—the disposal of trash.

Fortunately, the solution has hove into sight. Kent County has purchased the Sills borrow pit, near Peckham's Branch, and will use it for trash disposal. The county will maintain a caretaker and the trash will be covered with dirt.

The City of Harrington can dump trash there for \$5, per load, with a weekly cost estimated at \$30. As a City councilman said at a recent meeting, "That's cheaper than we can do it."

If the City doesn't take advantage of the offer, it will have to maintain its present dump west of town and to cover the trash daily with dirt.

At present, individuals can deposit trash at the county dumps without charge, for this reason, one councilman does not believe the municipality should pay. There is a problem of ethics here, but there is also a pragmatic approach. What if other communities sign up for the Sills dump and Harrington can't get in?

The Council should contract for dump usage and have time for the many other problems facing it.

The history of the dump problem is as follows:

When the dump was east of U.S. 13, near the sewage-disposal plant, burning refuse caused smoke to blow across the highway. The City closed it and purchased another site but rejected it when near-by property owners complained it would decrease the value of their property. The City bought its present dump. Trash was burned and owners of near-by woodlots collected damages. Harrington taxpayers paid for maintaining the dump while outsiders dumped trash, including a car chassis, at the site or on the county road near-by.

**WE DO NOT BELIEVE THE STATE SPEAKS 'WITH A FORKED TONGUE'**

We do not believe the state will raise taxes and, simultaneously, approve legislation by which it will be obliged to pay more than necessary for products and services.

Gov. Russell W. Peterson proposes business will provide 85 per cent of \$19.8 million in new taxes he believes Delaware needs to finance operations the next fiscal year. Other new income would come from a hike in tobacco levies. Bills to this effect were introduced in the House last week.

Consequently, we cannot see the governor or the General Assembly approving legislation obliging the state to pay more for products and services, thus canceling a portion of the benefits to be derived from the tax increases.

Currently, there is Senate Bill 203 which would compel the state to buy all its printing, except specialized types not done in the state, within the state and in plants paying "prevailing wages" and working under conditions prevalent in the locality in which the work is produced.

The bill, practically the same as Senate Bill 169, of the 123rd session of the General Assembly, also stipulates the "prevailing wages" will be established by the Allied Printing Trades Council "in the several zones of the state."

Passage of this bill could increase the cost of printing to the state, and to the taxpayer, more than 25 per cent.

Passage of Senate Bill 203 would presage an increased expenditure in state funds beyond the horizon of common sense. Could it not mean all items, of any nature whatsoever, must be purchased within the state and in factories paying "prevailing wages?"

**Favorable 1969 Farm Outlook**

Delaware livestock farmers are apparently facing a favorable outlook for the remainder of 1969, according to W. T. McAllister, extension agricultural economist at the University of Delaware.

Cattle and hog prices have been unusually high this winter in spite of larger supplies than in previous years, he says. High red meat prices have helped keep broiler prices strong and have moved turkeys out of storage.

No sharp decline in meat prices is expected during the next six months, he adds. Apparently consumer demand for meat is growing as rapidly as beef and pork production is expanding.

An exception to this trend is broilers where output can be enlarged rather quickly in response to favorable prices. By August, broiler supplies are likely to exceed demand and prices will turn downward.

Farm price for milk is now favorable for dairymen, but cow numbers continue to decline keeping milk supplies in a favorable balance with demand.

Nationwide, the smallest

corn acreage in nearly a century is predicted in 1969. However, a crop almost as large as last year's and in line with expected use is anticipated. With normal weather, prices a few cents above last year's are expected.

In spite of a lower support price, a three per cent increase in soybean acreage and another billion bushel crop are expected. Fall prices will be lower, averaging a few cents below the \$2.25 support level. Much of the increased production will be in the south and central areas where soybeans will be grown on former cotton acreage.

The processed vegetable market is burdened with heavy supplies, but movement and prices have shown recent improvement.

Supplies of fresh vegetables from the southern states and Mexico are larger than last year; prices are somewhat lower.

**POSTAL RATE**

(Continued from Page 1)

resent a 12 per cent increase in addition to the 8 per cent rise scheduled to take effect January 1, 1970.

Third-class mail: For single piece, rates would be increased one cent per piece. This would yield \$12.4 million. For regular bulk third-class, the minimum would be increased to a uniform rate of 4.2 cents January 1, 1970, as contrasted with the present rate of 3.6 cents. The 1970 increase would lift revenues by \$46.8 million annually.

**BLUE CROSS**

(Continued from page 1)

The approximate rate for the basic coverage is \$3.50 for an individual and \$11.75 for a family.

In addition to the basic coverage, there will be three riders - or extensions of coverage - with half of the dentists' usual charges for these services to be met by Blue Cross and Blue Shield and half by the subscriber.

The first, to be known as Rider A, will cover full and partial dentures and fixed and removable bridges. Dentures will be limited to one set each five years.

Rider B will cover periodontic procedures such as treatment of the gums and tissues. Rider C will cover bite correction, teeth straightening and other orthodontic services.

Rider A, on dentures and bridges, will add approximately \$1.65 a month to the rate for an individual and \$3.30 for a family. Rider B, on periodontics, will cost about 65 cents per month for the individual and \$1.35 for a family. Rider C, on orthodontics, will cost about \$2.50

per family. There will be no individual rate for Rider C since the coverage will be sought primarily by parents for their children.

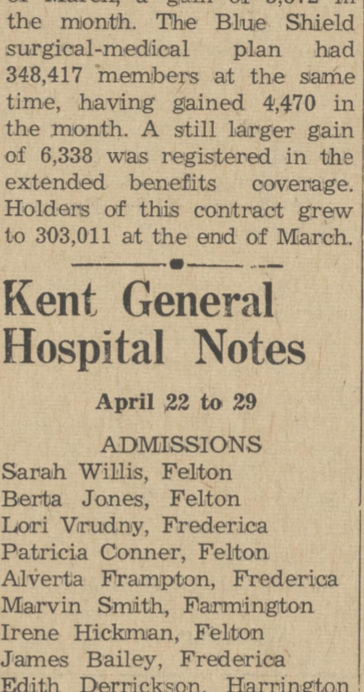

A subscriber getting the basic program plus all riders available will pay \$5.80 as an individual of \$18.90 a month for the family coverage, including orthodontics.

Maybe said dental coverage is being offered in line with Blue Cross and Blue Shield's efforts to provide the opportunity for prepayment of a broader range of health care costs. This effort, he said, is spurred by the "tremendous public acceptance of the principle of prepayment" as shown by the high membership in Blue Cross and Blue Shield of Delaware. He predicted the prepayment system will greatly encourage use of dental service in Delaware and achieve long-range benefits in dental health.

He reported to the trustees that membership in the Blue Cross Plan, which provides coverage for hospital expenses, rose to 376,194 at the end of March, a gain of 3,872 in the month. The Blue Shield surgical-medical plan had 348,417 members at the same time, having gained 4,470 in the month. A still larger gain of 6,338 was registered in the extended benefits coverage. Holders of this contract grew to 303,011 at the end of March.

### Senior Center News

What is the "Harrington Senior Center"? It is a center where older adults find maximum enjoyment, satisfaction and meaning through their participation in its programs and social services. It is a place where senior citizens may:

1. Enjoy the companionship of old friends and meet new ones.
2. Take part in a varied program of arts and crafts, music, cards, parties, trips, and other activities.
3. Relax and enjoy quiet time with friends over a cup of coffee.
4. Help plan and carry out programs and activities.
5. Participate in community service projects that will help others.
6. Receive confidential help with personal problems.
7. Find a "sense of belonging and accomplishment" through participation in small group activities under the guidance of a trained staff member.

Who may belong? Any person 60 years of age or older, residing in Harrington and within a 10-mile radius, Felton, Houston, Burrsville, Vernon, and Farmington.

How much does it cost? Members of the center have decided on dues of 25 cents a month to help defray expenses of their own making and to aid the building fund.

How do you join? Stop at the center and fill out a registration card. You have the privilege of visiting three times before deciding to become a member.

When is the Center open? Beginning the second full week of May the doors are open from 9:30 a.m. to 4 p.m. on Monday, Tuesday, and Thursday. Mrs. Angela Johnston, the executive director, invites you to come see for yourself. If you need transportation, call 398-3908 and arrangements will be made.

In our Center, senior citizens will find "something to do—someone to care!" On Mon., April 28, the monthly covered-dish luncheon was held with 22 members present and two guests, Mrs. Pearl Derrickson's daughter, Lois, and her small son.

The members wish to express their gratitude to the Lions Club for their generous donation made to the building fund.

Mrs. Reba Smith, who is seriously ill in the Milford Hospital, has our hopes and prayers for a complete recovery soon.

It is planned that a committee will visit the shut-in members on May 1 to present each with a May basket made by members of the center.

Circle May 9 on your calendar. On that date the center will honor the members with a senior citizen mother's luncheon. William Kramedas, who has been appointed the acting director of the State Commission on Aging, is to be the speaker. Music by The Young Ideas and an instrumental group from Harrington High School will be a feature of the program. A corsage will be presented to the oldest and to the youngest senior member mother present.

Be sure to check your program for May. There are many activities in which you will be interested. Also there is a change, just for the summer, in the days on which the Center will be open. Beginning May 12 the days for Center activities will be Monday, Tuesday and Thursday. Next week this letter will endeavor to explain "how" and "who" administers the program at the center.

### It Seams To Me

By Janet C. Reed

Have you ever fallen in love with a gorgeous fabric, struggled to create a garment of distinction, and finally faced the fact that the material looked far better on the bolt than it did on you? It's easy to get carried away with the beautiful colors, prints and textures in the stores today. But fabric on the bolt and fabric on you are two different things!

Fabrics for clothing are not used flat but are shaped to the body. A patterned fabric must retain its effectiveness when seamed and darted, gathered or draped. It must look as well in movement as lying quietly.

This can be difficult to visualize. Stronger fabric patterns, with hard and definite outlines, present the most difficult styling problems. Most dress styles today have fairly simple lines and comparatively few seam lines. They can take a bold patterned fabric better than a style with many seams or details. But can you take it?

Have someone hold up the fabric so you can see it from a distance. Is it as pleasing as it is close up? Does it appear spotty or does the design have great value contrast? Do certain colors stand out more than others and give a vibrating impression?

The more intense the color, any color, the more overpowering it can be. It takes a strong personality and dramatic personal coloring to carry off some of today's bright, bold prints.

Soft, bulky fabrics that feel so good to the hand and look delightful can add pounds to the apparent size of the figure.

When you buy fabric for your own clothes, hold it up to yourself in front of a full length mirror, and ask yourself: Does the color emphasize my personal coloring or does it make my coloring look faded?

Is the fabric design bold or spotty? If so, do I have the figure and personality to carry it off? And do I have the designing skill to place the design so it does the most for my figure?

Does the texture seem to add to my apparent size and can I take it?

Before you rush to buy, think what you have in your wardrobe that you wear most often. What color and fabrics make you feel well dressed? What colors bring you the most compliments?

This may give you a clue to your best fabric choice—if you can get by all those bolts of beautiful fabrics in the store.

### Review Power Mower Safety

With the lawn growing rapidly and the weekend gardeners out in force, now is a fine time to review power mower safety, says Thomas H. Williams, extension agricultural engineer at the University of Delaware.

Know your mower before you try to use it, he advises. Take time to read the manual—to learn the safety devices and potential hazards of your machine.

Before you mow, clear the lawn of children and pets and inspect the area for sticks, stones and other debris. Thousands of people are injured yearly by debris shot from the mower's rotary blade. Never allow young and inexperienced children to operate power lawn equipment.

Keep hands and feet clear of the discharge chute, he says. Injuries have been suffered when careless operators caught hands or feet in the whirling blade of a mower. Wear heavy leather shoes for added protection, says Williams. Steel-toed safety shoes are best. Never mow barefoot or in sandals.

Maintain your mower regularly to prevent accidents. When making repairs or adjustments, stop the mower and disconnect the sparkplug wire. Never refuel a hot or running engine.

Always push your mower—never pull it. And mow steep slopes sideways so that the mower doesn't get away from you.

Riding mowers and garden tractors are especially hazardous. Never carry riders on these machines and be extra careful when backing up. When working on steep slopes, use extra caution to prevent the mower from tipping.

Power equipment is a real time saver and, when properly used, can make short work of a tedious job. Improperly used it can be the source of tragedy, injury and death.

It will be noticed in the calendar of the week that this coming Sunday evening the youth of St. Stephen's will participate in the Youth Film Festival at the Presbyterian Church in Dover at 7:30 p.m. The film being shown at this time will be "Follow the Leader." Innocence and death are at issue as Stevie is confronted by a group of playmates at the game of "War". The actors are live, the camera-work unusual in this episode that in the words of one commentator "takes up where 'Lord of the Flies' leaves off."

On Monday the vicar will attend the annual luncheon of the Mental Health Association, which will be held at noon in the Gold Ballroom of the Hotel DuPont. Rollo May, world famous psychiatrist, lecturer, and author, will speak on the subject "Anxiety."

It is a happy coincidence that Rogation Sunday and Migrant Sunday fall on the same day this year, May 11. The migrant work has become a big industry in Delaware, much of which takes place fairly close to us. Contributions are needed to help provide for the care of the children while their parents are at work. Those who desire to contribute to this worthy cause are asked to be in touch with Mrs. Thomas Clendening.

Everyone should be planning for and to attend the St. Stephen's auction which will be held at 1 p.m. on May 17. Those who have articles to be sold should get them to Clendening's old pharmacy on Commerce St. at their first opportunity. If this is done the articles can be advertised and the public can be informed that the major items for sale

will be. Anyone who cannot get his or her contributions to the old pharmacy should contact Willard Chew at 398-8721. In addition to the regular items which are generally sold at an auction, it has come to the vicar's attention that there will be an abundance of yard goods and remnants which should be of interest to many ladies.

The spring used clothing appeal comes this year from May 1 through May 10. The emphasis is on blankets and light-weight clothing. Everyone who gives clothes should see that they are clean and in good repair and should try to contribute 10 cents per pound of clothing. This will help with handling and shipping. The clothes should be the serviceable type and should not include toeless shoes and such. All articles should be packed in sturdy cartons and securely tied. This clothing will be used by Church World Service for needy people throughout the world.

If all goes well, Ascension Church, the companion church of St. Stephen's will be our guests for the service of divine worship on Rogation Sunday, May 11, and for an outdoor dinner which will follow. As has been the custom in the past, on Rogation Sunday, the crops for the coming season are blessed as a reminder of the source from which all of our blessings come. After a brief opening of the service at the church, the congregation will go in motorcade to one of the farms in the vicinity where the service will continue. This is an occasion of great significance. Visitors are invited.

### Protect Against Pesticide Drift

Pesticide drift — movement of a pesticide to other than the intended areas of application—can cause untold damage, according to John S. McDaniel, agricultural chemicals specialist at the University of Delaware.

There are two kinds of pesticide drift, he explains. Spray or dust particle drift occurs at the time of application when small droplets or dust particles are carried by air movement. Vapor drift is caused by pesticide fumes from the application site as the pesticide evaporates. These fumes are also carried by air

movement. Pesticide drift can harm sensitive farm crops, ornamentals, gardens, livestock, wildlife or people, warns McDaniel. Ponds and streams may become contaminated. Drift may also result in pesticide residues exceeding the established legal tolerance level in harvested crops.

To help control pesticide drift, McDaniel advises using low volatility formulations, lower pressures and coarser sprays. Avoid spraying in winds above five miles per hour.

Release spray near the crop or soil and avoid spraying at high temperatures, he adds. Spray when the wind is blowing away from sensitive crops and other areas that shouldn't be contaminated.

TOP KEGLER of the Harrington Bowling League is George Collins, who rolled a fantastic 661 series as a member of the Taylor & Messick squad. Collins helped lead the squad to a berth in the final roll-offs, slated for tonight (Thursday) and Tuesday and Wednesday of next week at the Milford Bowling Lanes.

## Gerardi Bros., Taylor & Messick, McKnatt's To Vie For Bowling Title

Tonight (Thursday) at 7:30 p.m., Gerardi Bros. will clash with Taylor & Messick at the Milford Bowling Lanes, in the first roll-off for the championship of the Harrington Bowling League. Tuesday and Wednesday night, May 6 and 7, will see Taylor & Messick going against McKnatt Funeral Home, and Gerardi Bros. against McKnatt's, for the second and final roll off respectively.

Judging by past performances, the battles in the finals should be the closest ones to date. A check of the records of the past two meetings of these three teams, show that they are about as evenly matched as they can get.

In the first contest of two, Taylor & Messick swept over Gerardi Bros., taking all four games. In the last outing Gerardi Bros. turned the tables, taking all four games from their adversary. Taylor & Messick did not fare too well in the last two outings with McKnatt's, who holds a seven-to-one edge over the farm machinery squad. However, Taylor & Messick has improved steadily since that last meeting, and are stronger than the records indicate. On the other hand Gerardi Bros. fared a little better, being edged by McKnatt's five-to-three. It must be taken into consideration that Gerardi Bros. has been hampered by absenteeism the last two thirds, but at full strength, can do considerable damage against their opponents.

The Gerardi Bros. squad consists of: LeRoy Wheeler, David Jones, Donald Jester, Francis Dill, Kenneth Layton, Paul Fallon and Leon Kukulka. This squad gained the right to be in the roll-offs by winning the first of three thirds in the local bowling league. This is not the first time this team has been in championship roll-offs, having consistently been a title contender in past years, though have not been able to capture the coveted first place. With a new team name this year, and with six boys returning from last year's squad, plus a new member, they feel this has just got to be their turn at the title. Layton and Wheeler will be relied upon to carry most of the work load, though any one of the remaining members are capable of turning in fine performances.

Taylor & Messick, who has George Collins, Kenny Outten, Tom Brown, Alby Hickman, Bobby Collins, Kenny Collins and Frank Collins, on their roster, earned a place in the finals by taking the second

third. G. Collins will be looked upon as the biggest threat to their opponents, as he is capable of rolling league record game, already holding the coveted high individual series record for the season. Not to be overlooked, however, is the fact that the rest of the squad can and have done their share of giving the team an all-around strength.

McKnatt Funeral Home, last year's champs, who also took top honors at the Milford Lanes last season, are right back again this year, having just won the last third. It is hard to single out any one man responsible for their strength, as balance seems to be the key factor to their successful campaign thus far, as all have shared the work load equally. The McKnatt squad consists of: Harold Brode, Donald Garey, Harry Jack, Robert Garey, Donald McKnatt, Robert Taylor, Joe Green.

## Greenwood Loses Mound Duel to Dover Air

Dover Air came to Greenwood with three straight shutout victories. When they left they had four, but the home team threw a huge scare into the visitors before going down to a 4-0 defeat.

The Falcons outthit Greenwood 6-4 and managed to score only in the sixth inning.

Smith and Baker hurled for Greenwood. Teammates Joe and George Zerolles had two hits each to account for Greenwood's total output.

## Lions Win 2nd Triangular Track Meet

Harold McDonald's Harrington High track team won another triangular track meet by recording 87½ points to 43½ for Rehoboth Beach and 6 for Greenwood.

Ken Tribbett won the 100, 220 and anchored the winning 880 relay quartet. Ken's 23.7 clocking in the 220 was his best this season.

Chris Wetherhold annexed the 880 and mile runs with excellent efforts on the Lion's rough, stony track.

John Swain's 55.2 victory in the 440 yard run is probably equal to a 54 flat effort on a good track.

Brad Morris chalked up his second straight two-mile triumph, in 10.55 this time, for a new personal low. He has lowered his mark in all three outings this campaign. Brad needs to beat Jerry Garey's 10.54 to grab the No. 2 spot on the all-time H.H.S. list. Garey is now a sophomore trackman at the University of North Dakota.

Two little towheads finished behind Morris to give the Lions a 1-2-3 sweep in the two-mile run. Sophomore Danny Hitchens was second and eighth-grader, Jackie D. Parker, 13, wore down the opposition in the late stages to get third position.

Lenny Donovan hurled the 12-pound shot 41 feet, 10 inches to win the shot put. Dale Motter cleared 5 feet, 2 inches to take the high jump.

Early this season the Lions were in danger of being blanked in the pole vault. Nick Morris and Frank Cain had been dependable vaulters for the locals for a period extending back seven or eight years. With their era ended, things looked bleak in this demanding event which few boys have the courage to try.

Roger Jarrell and Doug Wilson came to the rescue. They are not world-beaters yet but both have scored in the two opening meets. Jarrell tied for first in Friday's meet, with Wilson third and Chuck Hurd fourth.

Jarrell was second in the mile run. Tolbert Harris was runnerup in the 220 yard dash and ran on both winning relay teams.

The mile relay unit's 3:51.7 clocking was better than expected. Harris and Swain performed well as usual, but John Brown, hampered by sore extremities, turned in a fine stint, as did freshman John Shulties.

Another pleasant surprise was Jim Deputy's second in the 440. He did very well in a new event for him, coming on strong in the homestretch to nip Banks of Greenwood. Freshman Mike Davis of the Lions was a close fourth.

Mickey Chaffinch, Louis Kemp and Lenny Donovan nabbed 2nd, 3rd, and 4th in the discus for Harrington.

CHRIS WETHERHOLD, Harrington High sophomore, won the Seaford Invitational two-mile run on Wednesday in 10.04.5, breaking the meet record of 10.15.3 he set last year.

## Newnom, Sipple, Pace Lions Past Delmar

Dave Newnom's pitching and Buddy Sipple's hitting were the key factors, as Harrington High's baseball Lions handed visiting Delmar its first loss on Monday afternoon.

The 3-1 victory evened Harrington's record at two wins and two losses.

The Lions scored in the opening inning, then added two more on Sipple's two-run homer in the third.

Newnom gave up a run in the fourth but was in control otherwise, giving up only two safeties and fanning 10 Wildcats.

Sipple had another hit to account for half of Harrington's total. Dale Motter and Chester Scott also hit safely for the Lions. Scott and Sipple have had bingles in all of the locals' four games.

All but three of the Lion participants came up through the Little League ranks.

## Felton Loses to Delmar, Trips Greenwood

Felton High's Green Devils own a 2-2 mark after losing 3-1 to Delmar and winning 6-2 from Greenwood.

Hits were scarce in the Delmar - Felton encounter. Mike Fisher held the Wildcats to four hits. For the losers Fisher and John McCloskey had one hit each.

Felton tied the score in the fourth inning only to have Delmar come right back to score the winning runs.

## Lions Lose To Mustangs In Baseball

Harrington High outthit Bridgeville's Mustangs 8-7 but lost 10-7 at Bridgeville last week. Bob Young's Lions show one victory and two defeats at this writing.

The Lions opened the scoring with one run in the first inning. Bridgeville led 4-1, 4-3, and 6-3 before Harrington scored in the fourth, fifth and sixth innings to lead 7-6 going into the last frame. The Mustangs rallied for four runs

to sew up the verdict.

It was a tough defeat for the locals, who scored in five of the seven innings. Mike Trotta and Dave Newnom shared mound duties for H.H.S.

Cleanup hitter, Buddy Sipple, and Dale Motter had two hits apiece for the losers with Sipple getting two RBIs. Sipple and Chester Scott have hit safely in all three Lions contests to date.

Gene Palmer had two hits and drove across two runs for Felton. John McCloskey had a pair of bingles for the Green Devils.

Centerfielder Batson had a perfect three-for-three in a losing cause. Joe Zerolles continued his hitting streak for Greenwood with two safeties.

## Junior Thinclads Win Two Meets

One of the major reasons that Lion Coach Harold McDonald is consistently able to produce winning teams is his excellent junior high program. This farm system fills many gaps on the varsity caused by graduation each year.

The lads from Grades 7, 8 and 9 have won two triangular meets and a dual meet with Caesar Rodney for a perfect 1969 campaign, thus far.

Friday afternoon the young Lions rolled up 70 points here. Greenwood totaled 13 and Rehoboth 3.

Monday at Caesar Rodney, Harrington scored 53½ to their hosts 19½.

Winners in the triangular

meet were George Turner (100 and long jump); Don Bryant (50 yard dash); Norman Baynard (high jump); Phil Thomas (shot put); John Gray (880); Bob Smith (220).

Turner, Neal Travis, Don Parker and Baynard won the 440 relay. Frank Daniels, Gray, Travis and Smith captured the 880 relay.

The competition was tougher at Caesar Rodney and the locals responded to the challenge. Of nine events contested, H.H.S. did better in seven than they did on Friday and tied on other effort.

In most of these nine events, the youngsters were near varsity calibre. George Turner's long jump of 17 feet, 8½ inches is better than any Lion varsity jumper has been able to do this season.

Turner's 100 dash time of 11 seconds flat is a new low for him.

John Shulties' first 880 in a year resulted in a very fine 2:18.7 clocking, by far his best half mile ever.

Bob Smith's 24.6 220 yard dash is topped only by varsity sprinters, Ken Tribbett and Tolbert Harris.

Phil Thomas won the eight pound shot put with a very good throw of 43 feet. Rick Porter was second and Rob-

in Callahan tied for third. Porter leaped 5 feet to take the high jump. Baynard and David Gustafson made it a 1-2-3 sweep for H.H.S.

John Gray lowered his 880 time to 2:29.7 and helped the 880 relay quartet to a swift 1:47.9 effort. Darius Burton, Neal Travis and Bob Smith ran with Gray.

Coach McDonald has a host of junior high distance prospects. In addition to Shulties and Gray, Ricky Hoffman and Rick Collison are under 2:38 in the half mile run. Tony Kibler is at 2:42, Hal Blades is at 2:54. Others are doing well to, including David Gustafson, Chris Adamo, John Leggett, Ed Kukulka, Tommy Lyons, Jay Wyatt and Bruce Harmon.

H.H.S. vs Rehoboth, Greenwood - 1. Bryant, H, 6:02; 2. Travis, H; 3. Short, H; 4. Maddox, G.

100 - 1. Turner, H, 11:32; Parker, H; 3. Bryant, H; 4. Freeman, G.

220-1. Smith, H, 25.5; 2. Frisby, G; 3. Curtis, H; 4. Gustafson, H.

880-1. Gray, H, 2:30.9; 2. Maddox, G; 3. Hoffman, H; 4. Collison, H.

440 Relay - 1. Harrington, 51.1 (Turner, Travis, Parker, Baynard).
