Forty-one persons were in attendance as George Lippincote of Cambridge, Md., addressed the annual Farmers' Night meeting last Thursday evening. Program co-chairman, Louis Mills, introduced Mr. Lippincote as a retired president of the Dorchester Fertilizer Company and very knowledgeable in agriculture. Mr. Lippincote told his audience what and how much, agricultural products were being produced on the shore, but insisted the potential was far greater. He said much more research was needed to increase farm production and get the Eastern Shore back to growing vegetables. Mechanical harvesting of these vegetables would be absolutely necessary, but new varieties of these vegetables, especially tomatoes, would be produced that would be suitable for one-time harvesting.

Mr. Lippincote's address was well received by all especially the following who were farmer guests of the Kiwanis Club members: John Yoder, Warren McGee, James McDowell, Luther Lyons, Clayton Bender, Thomas Elliott, Charles Elliott, Jr., Gordon Warner, Eli Miller, Earl Mast, Jr., Herbert McDowell Richard Allen, Allison Davis, Wilmer Wilson, Jr., and Phillip Bowell.

Following a typical St. Patrick's Day dinner of corned beef and cabbage well prepared and served by Mrs. Jensen and her girl assistants, President John Dorofee welcomed the many guests and then asked program co-chairman, John Lyons to present the entertainment part of the program. John introduced Floyd Magee of Georgetown who with his banjo and singing, delighted with two selections of country music. One piece was a sermon in itself. Many thanks to Floyd Magee.

Kiwanis members are reminded to remember their hospitalized member, Arthur Tatman, in the University Hospital of Baltimore with their prayers, cards and let-

A-You have the choice of a "credit option" or a "premium option."

If you use the former, you must notify the VA before your next dividend is due, and request it be held as a credit. Then, whenever, needed to prevent a policy lapse, one monthly premium at a time will be deducted from the credit, and you will be notified.

If you use the later option, your dividend will be applied to pay your premium as far in advance as possible, and you will be notified. You will not be billed for premiums again until at least one month in advance of the date your next

Lawns Need Lime

Homeowners should be suspicious of claims that lawn grasses don't require lime or that keeping soils acid will help control weeds. Some of the most troublesome weeds such as red sorrel, cinquefoil, nut grass and crabgrass grow well in acid soils, says Dr. William H. Mitchell, extension agronomist at the University of Delaware.

And soils tend to become acid whenever there is abundant rainfall, explains Mitchell. Calcium and magnesium, the principal nutrients that counter acidity, are leached out of the soil by rain leaving the acid-forming elements behind.

The agronomist points out that acid soils become hard and caked often creating runoff problems and preventing plants from obtaining necessary moisture. Lime can help improve the structure of these soils and increase the grounds water-holding capacity.

Acid soils also interfere with the natural decay of thatch, leaves and clippings in lawns.

Q-I am a veteran who receives compensation from VA. Are my children eligible for educational assistance?

A-Yes if you are 100 per cent permanently disabled from a service-connected cause. If less than 100 per cent disabled, no.

Q-The VA guarantees 30 per cent of a \$9,000 loan for a mobile home. If a veteran pays off the loan and desires to buy a conventional home, how much guaranty is available?

A-Under provisions of the Veterans' Housing Act of 1970, if the original mobile home loan is paid in full, a veteran is entitled to the standard conventional home loan guaranty of \$12,500.

Q-My first husband was killed in action during World War II. I remarried in 1950, and my payments from the VA were terminated. My second husband died in 1960. I am receiving a small pension from the VA, based on his nonservice-connected death. Can the VA pay me anything on my first husband's service, now that I am a widow?

A-Legislation effective Jan. 1, 1971, permits the VA to again pay death payments on your first husband's death. VA cannot pay you for the death of both husbands, but you can elect to receive the larger payment. The minimum payment to a widow for a service-connected death is \$167 monthly. A greater amount may be payable, depending on the pay grade of your first husband. You should contact your VA office immediately.

EASTER SEAL CAMPAIGN CHAIRMEN in the Harrington area are from left to right: Mrs. Frank Derrickson, Mrs. William Jester, and Mrs. Richard Moulton. With the Moultons' Easter Seal volunteering is a family affair. Young Miss Moulton will be working on Easter Seal Lily Day for crippled children which will be held on Saturday, April 3rd when young Kent Countians will raise funds to send crippled children to camp.

1971 Easter Seal Campaign

The Easter Seal door-to-door campaign for crippled children and adults of Kent County will get underway Monday, March 22, according to Mrs. Herbert Abbott of Dover, Kent County Easter Seal chairman. "More than 500 Kent County Easter Seal volunteers will spend several hours of their time visiting friends and neighbors, distributing information on Easter Seal services in Kent County, giving out Easter and requesting a contribution on behalf of crippled children and adults" said Mrs. Abbott. John Jardine of Dover is chairman of the Dover Easter Seal door-to-door campaign.

More than 95% of the Easter Seal Fund raised in Delaware are spent in Delaware providing direct services for crippled children and adults regardless of type of disability, age or ability to pay. Each summer, many disabled Kent countians attend Easter Seal Camp Fairlee Manor for crippled children and adults. Kent County teenagers spend their summers as counselors at Fairlee Manor helping crippled children and adults.

A new Easter Seal physical therapy department has just been opened at the Milford Convalescent Home. Invalid equipment, such as wheelchairs, hospital beds and walkers is available through the Kent County Easter Seal equipment loan closet. Disabled Kent countians are participating in the work activities program for the severely disabled held on Tuesdays and Thursdays in the Delmarva Easter Seal Rehabilitation Center. Kent County volunteer drivers provide transportation to and from this Easter Seal facility for the disabled. Additional Kent County drivers are needed and are urged to contact Mrs. Herbert Abbott at 734-3992.

Easter Seal direct service programs for the disabled count upon the Easter Seal campaign for financing. Kent County Easter Seal campaign goal is \$10,000 this year.

The other juveniles were found "guilty" and each was ordered to pay a fine of \$21.00 and each was placed on limited probation.

Three female juveniles were before the court on charges of being wayward. Each was found "guilty" and each was placed on indefinite probation with special conditions.

Social Security Benefits Up 10 Percent

First checks to include the new 10 percent monthly benefit increase authorized in legislation acted upon last week by Congress will reach 26 million social security beneficiaries on June 3. Robert M. Ball, Commissioner of Social Security, said today that the regular June 3 checks covering benefits for the month of May will reflect the new higher monthly amount. Separate checks, scheduled to reach beneficiaries later in June will cover the amount of the increase for the months of January through April. Ball emphasized that social security beneficiaries do not need to get in touch with a social security office to get the checks. The payments will be mailed to beneficiaries automatically. It will take a little over one month, Ball said, to refigure the benefit amounts for all beneficiaries, including the adjustment to take account of events that have affected their individual benefit payments for a particular month in the retroactive period.

Over 2.5 million such adjustments are required in a typical month, he said, for such reasons as the death of a beneficiary, the remarriage of a widow, a child's attainment of age 18, a beneficiary's earnings, etc. The refiguring of benefit amounts is being scheduled so as to avoid delay in the regular delivery of the April 3 and May 3 checks, he said. These checks will be for the amounts payable to beneficiaries before enactment of the ten per cent increase.

By the first of May, the new records will have been produced by the computers on magnetic tapes showing the new monthly amount for each beneficiary and the amount of his retroactive increase. The Treasury Department will need the month of May to print the checks and turn them over to the post office department for delivery to social security beneficiaries on June 3.
