

L.F. Administrator Plans Retirement

Dr. Howard E. Henry is retiring at the end of this school year after 42 years of service in education. Thirty-four years of that service has been in Delaware; 10 as an English teacher in Dover High School, 20 as Supervising Principal of Felton School District, and the last four years as Deputy Superintendent of Lake Forest School District.

Dr. Howard E. Henry

Dr. Henry considers the consolidation of Felton, Harrington, and Frederica Districts to form Lake Forest School District, with its broad curriculum offerings, the most important educational achievement of his career. He had worked with other Delaware educators and laymen toward this objective since 1950, when he served on the Kent County Committee for School District Reorganization, headed by Dr. Robert C. Stewart, then State Director of Research on Publications.

Between 1966 and 1969 the Felton School Building Commission, of which Dr. Henry was secretary, secured the funds for and directed the construction of a new high school to serve the Felton and Frederica school districts.

Harrington joined with Felton and Frederica to form the Lake Forest School District upon passage of the Educational Advancement Act effective July 1, 1969. The new building was renamed Lake Forest High School and was occupied by pupils in grades nine to twelve from the new consolidated school district in September of that year. Dr. Henry presided at the dedication of the building on March 15, 1970.

He holds a Bachelor's de-

gree from Trenton State College, a Master's degree from Duke University, and a Doctor's degree from the University of Pennsylvania. He is a veteran of three year's service in the Navy in World War II and supervised 1200 students under the G.I. Bill at Cornell University for the Veterans Administration.

Both his Master's thesis and his Doctoral dissertation dealt with the problem of dropouts in Delaware schools. His articles on school administration, curriculum, and pupil growth have been published in state and national magazines. He is a member of Phi Delta Kappa and Kappa Delta Pi, national honor societies in education.

Dr. Henry and his wife Clara have lived in Felton since he became chief school officer there in 1949. They

(Continued on Page 4)

3 Lake Forest Teachers Cited in Publication

Three teachers from the Lake Forest District were selected for the honor of being listed in "Outstanding Elementary Teachers of America for 1972."

Local Man to Attend State Police School

William H. Porter, a lifetime resident of Harrington, has been accepted by the Delaware State Police to begin a six-months' training course at the Academy Oct. 2.

He was formerly a six-year veteran of the Milford Police Department, leaving with the rank of sergeant.

He is a son of Kathleen Porter and the late Harry Porter, of Harrington. He has been married 10 years to the former Carol Ann Moore, both graduates of Harrington High School. They have two sons, Billy Joe and Jay.

Bill has attended night classes at Georgetown Tech six years and has taken several extension courses from the University of Delaware in police work. He is also a graduate of the Dover police academy.

He is joined at the Delaware State Police Academy by former chief of police at Milford, Richard Mears, and Tom McPherson, also of the Milford police department and at one time a Harrington policeman.

According to William E. Griffin, principal of Lake Forest East Elementary School the teachers are: Mrs. Flora B. Domke, Mrs. Mary Ann Timmons, and Donald W. Zimmer. Nominated by their school principal earlier this year, these teachers were selected for honor on the basis of their professional and civic achievements.

"Outstanding Elementary Teachers of America" is an annual program honoring the men and women who have distinguished themselves by their service and leadership in the field of elementary education. Each year the biographies of those honored and featured in the awards volume, "Outstanding Elementary Teachers of America."

In announcing winners to the school principal, Dr. V. Gilbert Beers, director of the program, cited them for exceptional service.

Benny Hughes Back From Hospital

Benjamin Hughes returned from Kent General Hospital Tuesday morning.

He collapsed at a Democratic get-together in Dover Saturday night and suffered a head injury.

HISTORY OF MARYLAND AND DELAWARE COAST RAILROAD

(Taken from The Harrington Journal, June 21, 1965, courtesy of Gilbert Wyatt.)

Changes are taking place rapidly in the Maryland and Delaware Coast Railroad, the freight line which formerly ran across the peninsula between Maryland to Lewes, Delaware.

The track between Lewes and Milton, Delaware, a distance of seven miles, is in the process of removal and next week the track between Ellendale and Greenwood, Delaware, a distance of ten miles, will be removed.

The Pennsylvania Railroad will complete the reconstruction of the track between Ellendale and Milton, Del., a distance of seven miles, by tomorrow. The old rails are being replaced by 85-pound rails to provide for freight service between these points, according to Galen L. Whisler, of Denton, an official of the Maryland and Delaware Coast Railroad.

At Ellendale, the road connects with the Delaware, Maryland and Virginia branch of the Pennsylvania Railroad running from Harrington, Delaware, to Franklin City, Va. For the present the freight line between Denton, Maryland and Greenwood, Del., will continue in operation.

The scrap steel and a part of the land abandoned as a railroad track will be sold.

Some of the land, which was decided to the railroad company so long as it continued in operation, will revert to the original tract, regardless of present ownership.

Originally built about 1898 as the Queen Anne's Railroad, running from Baltimore to Rehoboth Beach, Delaware, the road has known many vicissitudes. Before the days of automobiles, the road enjoyed a great patronage during the summer excursion season. But later it encountered lean years, when passenger traffic decreased almost to the vanishing point and trucks divided the revenue from freight. Finally it was sold.

The road has operated under several names, the Maryland, Delaware and Virginia, the Maryland and Delaware Seacoast and more recently, it has been operated as two separate units, the Baltimore and Eastern and the Maryland and Delaware Coast Railroad.

In the early days, the travel of the evening excursion trains, for traffic was so congested at times that two trains actually met the boat from Baltimore, proved an irresistible attraction to the youth of the countryside through which the iron horse made its leisurely way. The young people of Denton had the advantage, since extra time was required to stop there at the water tank and fill the engine.

FLOWING COLLETTE WIN BRIDLE BIT PURSE — Mrs. Sarah Hobbs, proprietor of the Bridle Bit Package store and members of the family present trophy to Ned Galentine, driver, and Bill Parker, Jr. and Mrs. Parker Senior, owners of the Flowing Acre Stables of Harrington. The Regal Pick filly turned the half-mile oval in 2:07 for the win.

Local Group Attends Dover Meeting

Mr. and Mrs. Donald McKnatt, Mr. and Mrs. Melvin Wyatt, Mr. and Mrs. Joe Green, Mr. and Mrs. Bob Wilson, Mr. and Mrs. Carl Wright, Mr. and Mrs. Bob Taylor, Mrs. Kathryn Derricksen, Mrs. Mary Hendricks, Mrs. Irene Outten, Pat Smith and Mrs. Dorothy Collins attended the tenth annual State Fire Prevention Conference held last Thursday at the Dover Downs Raceway.

James E. Turner, Jr. field representative of the Delaware Safety Council, spoke on "Firemen and Safety". Stanley F. Conner, fire investigator of the State of Maryland spoke on "Fireman's Fire Marshal". John M. Hurd, Jr. was the fire conference chairman.

Penrod-Murphy

Mr. and Mrs. John L. Penrod, of Townsend, announce the marriage of their daughter, Sandra L. Penrod, to David F. Murphy, of Dover. Mr. Murphy, a graduate of Harrington High School, class of '69, is a son of Mr. and Mrs. Frank J. Murphy, also of Dover.

The wedding was performed Aug. 19, in St. Polycarp's Catholic Church in Smyrna by the Rev. John Masterson.

A reception was held in the Veterans of Foreign Wars post home, Clayton.

A honeymoon included Skyline Drive and Rehoboth Beach.

Mr. and Mrs. Murphy are residing at Townsend.

(Continued on Page 4)

Handle, Attendance Up at Race Track

With the mutuel handle up over last year by 30 per cent and the nightly attendance up 8.5 per cent Harrington Raceway continues to enjoy one of its most successful harness seasons in 28 years.

Meanwhile, track management announced this week that because of the great response, last fall to the big double-header, with country and western entertainment sandwiched in between, another double-header will be presented on Sun., Oct. 8.

Internationally-known C and W artist, Bobby Bare, of "Detroit City" fame, and his band will be on hand to entertain between cards.

Post time for the first ten events in the afternoon will be 1:30; show time is 6 p.m. and the second ten races get underway at 7 p.m.

On the track this week, young Jack Baumann, a 19-year-old provisional driver from Salisbury, Md., scored an unprecedented three straight wins in the first three starts of his harness driving career. Two of those three wins were aboard his own three-year-old filly, Frosty Harvest.

In other action, Guidance with Yogi Benard, of Harrington up behind won the Norma B. Handloff trophy for owner-trainer John Trader, of St. Georges, Del. Guidance is a twelve year old altered son of The Viscount.

Post time Wednesday through Saturday nights at Harrington is 8 p.m. Post time on Sunday (with the exception of the 8th of October) is 6:30 p.m.

Friday evening guests of Mr. and Mrs. Bobby Collins were Mr. and Mrs. Bruce Collins and Greg, Mr. and Mrs. Bob Collins, Mrs. Mary Ann Wilson, Lori and Lisa, Mrs. Marie Messick and Rhonda Lee, Louis Welch and Nancy Rawling, helping Doug to celebrate his birthday.

Friday evening guests of Mr. and Mrs. Bobby Collins were Mr. and Mrs. Bruce Collins and Greg, Mr. and Mrs. Bob Collins, Mrs. Mary Ann Wilson, Lori and Lisa, Mrs. Marie Messick and Rhonda Lee, Louis Welch and Nancy Rawling, helping Doug to celebrate his birthday.

The Harrington Fire Co. Fund Appeal takes on a new look this year. A personalized mailing system will replace the door to door solicitation.

Fire Co. Fund Appeal

Paul Vineyard To Be Honored At Harrington Raceway Oct. 6

Paul Vineyard, one of the top ten harness teamsters of all time will be honored by his friends and associates at Harrington Raceway at the pioneer oval on Fri., Oct. 6, track management announced.

Vineyard, who at 82-years of age is at the track training colts every morning at 6, is remembered by young and old alike for his hundreds of outstanding racing performances on more than 75 tracks around the country with such outstanding stock as Direct

Express 1.59 3/5, Hayes Hanover 1.59 3/5 and the immortal Bengali Hanover 1.57 3/5 among hundreds.

Clem McCarthy once wrote of the New Jersey born horseman, who has made Harrington home since 1944, "Paul Vineyard may have set a record for courage in the sulky by driving a team of 2-year-old pacers... in 2:05 3/4...over a half mile track at York Pa." That World's record still holds. Vineyard did it in October of 1940 at the York Fair.

BURRIS FOODS SEEKS BIDS TO CONSTRUCT PLANT HERE

Construction of the Peninsula's largest food distribution center here got under way this week when Burris Foods, of Milford, advertised for bids.

The project, backed by \$2 million dollars in state revenue bonds, will be on some 16 acres south of Reese Ave-

ue and adjoining the Penn Central Railroad.

Sealed bids will be received by the Delaware Council of Industrial Financing of the Department of Community Affairs & Economic Development of the State of Delaware Mon., Oct. 9, in the office of Burris Foods in Milford.

REPORT OF GI INSURANCE REBATE IS A HOAX

Present or past holders of GI insurance will not get a special rebate, says the American Legion for the Department of Delaware.

Jay Brittingham, commander of the Callaway-Kemp-Raughley-Tee Post No. 7, American Legion, and an employe of Penn Central Railroad, recently received a form from Baltimore stipulating as follows:

If the holders, present or past, of GI policies would fill

out an application blank, they would receive a rebate of 50 cents per month, per \$1000 of insurance, for the time the insurance was in force.

Political overtones were introduced in this year of a general election when it was revealed by a spokesman for the office of the department service officer of the Legion that a similar application had been circulated two years ago at this time, when there was also a general election.

Delaware Standardbred Development Fund Stakes Saturday 23 and Sunday 24

Harrington Raceway continued with the Delaware Standardbred Development Fund Stake Series Saturday and Sunday nights. In two early nonbetting races for 2-year-old fillies, pacers; Winning Ways owned, trained and driven by Joe Offutt won the first division in 2:11.4. The second division was won in a driving finish by Just My Time in the excellent time of 2:08.2. Accepting the trophy from Bert Satterfield, mayor of Harrington, was Vinal Kirby, owner and driver.

Harrington Raceway, was in the winners circle to present the trophy for the 9th race to Donald Mitchell of Wilmington, the owner of Just Mine, a 2-year-old pacer.

Sunday night in front of a large crowd, Color Me Brown, won the feature race in the time of 2:06.2. The trophy in this \$8,500 stake race was presented by Rep. Lewis B. Harrington, sponsor of the legislation creating the Delaware Standardbred Development Fund Stakes. Accepting the award for the owners, Forest Hill Farms, was William Courtney, of Dover.

TIME CARD WIN WALL'S PACKAGE STOREPACE AT HARRINGTON RACEWAY—Salisbury ace Guy Banks won the featured event here with Time Card, a three-year-old filly, owned by Josephine De Vore and Charlene Banks, of Salisbury. Kenneth Walls, of near Greenwood presents trophy. Post time Wednesday through Saturday nights is 8 p.m. First post Sundays is 6:30 p.m.

Canterbury-Viola

By Edna Massimilla

Mrs. Mabel Judy led in prayer for Christian Education during the worship service Sunday morning at Viola Church, Mrs. Fletcher Price led in prayer at Manship Church and Mrs. E.B. Warrington Jr. led in Felton, Christian Education Sunday was observed and the sermon topic was "Who Is A Christian?" with emphasis on the teachers and workers of the church schools. The Scripture was from Romans 8, verses 9 through 16.

World Wide Communion will be observed next Sunday in the churches of the Felton Charge.

Lynn Torbert is a patient in Kent General Hospital.

Phil Green celebrated his birthday Sept. 23rd. Congratulations!

Mr. and Mrs. Calvin Conner of Wyoming, are being congratulated on the birth of a son, Sept. 18, at Kent General Hospital.

The Women of the Moose, Chapter 1546 met Thursday in the Moose Home, Camden-Wyoming.

Members of Manship Church who received birthday congratulations in September were Martha Cooper, Lena Minner, and Betty Lee Sylvester.

Congratulations have been extended to Mr. and Mrs. Larrimore Pippin who were married Sept. 2nd at Calvary Methodist Church, Maryland. The bride is the daughter of Mr. and Mrs. William Kupka of Maryland, and the groom is the son of Mr. and Mrs. George M. Pippin Sr. of Wyoming. The newlyweds are both graduates of Caesar Rodney High School, class of 1971.

Mr. and Mrs. Carlton Pifer of Wyoming have a baby boy born Sept. 18 at Kent General Hospital.

A son was also born to the Frank Konnigh family on Sept. 18th. Congratulations!

Little Stewart E. Townsend of Camden-Wyoming was a ring-bearer at the wedding of Inga Louise Quillen and Ralph Emerson at Wesley U.M. Church, Georgetown, on Sept. 18th. Stuart is the son of Mr. and Mrs. Frederick Townsend.

Congratulations to Mr. and Mrs. Charles Robert Armstrong, who were married recently at Trinity Church, Frederica. The bride is the former Marjorie Carron Hudson, daughter of Mr. and Mrs. Daniel Hudson of Felton.

A very pretty wedding took place at Whatcoat Methodist Church, Camden, when Julia Ann Taylor and Ens. Thomas Page Wolfe, USN were married. The newlyweds are both Caesar Rodney High School graduates. The bride was also graduated from the University of Delaware, and the groom from the U.S. Naval Academy at Annapolis, Md. The couple are now at home in Fall River, Mass.

Mr. and Mrs. Fred Greenley are co-chairman for Felton Church Pictorial Directory. Photographs will be taken taken Oct. 9th, 10th and 11th between the hours of 4 and 9 p.m. at the Felton Church. At Viola the photographs will be taken Oct. 12th, 4 to 9 p.m. and at Manship on Oct. 13th 4 to 9 p.m. Volunteer calls

will make appointments by phone.

There was a benefit dance for the Costa Fund Friday evening, Sept. 22nd at the Camden-Wyoming fire hall sponsored by neighbors who have seen the need of the Gabriel Costa family. Costa and his eldest daughter, 18, came to this country a few years ago with a determination to work hard and have the rest of the family follow, from Portugal. About a year and a half ago Mrs. Costa and their three younger children 2 boys, 13 and 8, and a girl, 4, arrived. But, all was not well as Mrs. Costa became ill last February with a brain tumor and she died Aug. 16. Although he is employed in Hartly, they have been in great need as medical bills totaled more than \$10,800. Beds and other furniture have been donated by neighbors. There is still a need for clothing for the 4 year old daughter, and a need for financial assistance. Any persons wanting to help could call Mrs. Jean Green at 734-2960, an interested neighbor.

Highway Impact Study Released By U. of D.

The University of Delaware Bureau of Economic and Business Research has released a 126-page report entitled "Delaware Highway Impact Study Phase III."

Authorized by Dr. Blaine G. Schmidt, director of the bureau and professor of business administration at the university, the report analyzes 15 years (1954-1968) of land value and land use information related to the economic impact of an interstate highway system on the Delaware economy.

The study is concerned primarily with economic aspects of change and does not examine the ecological factors involved.

To measure the impact of a highway facility in Delaware, land value and land use changes were studied in test and control areas within New Castle County, the location of the Delaware I-95 complex.

The report concludes that the interstate system's impact may be defined as positive from an economic base. Land values increased overall, new industries were attracted to the area and population in the suburbs of Wilmington flourished.

Significant land use changes also occurred. The most dynamic change was the shift of rural and open land into more intensive uses. Residential use of land increased by 90%; commercial use by 82%; industrial use by 65%; and public and semipublic use by 233%.

This report marks the third and final research phase of the study. The first report, published in 1963, covered the preconstruction period of the

interstate highway and constituted a base period from which to measure changes in the environment. The second report, published in 1967, studied the impact of actual interstate highway construction activities upon the environment.

The study was prepared for the State Department of Highways and Transportation, in co-operation with the U.S. Department of Transportation and the Federal Highway Administration.

For information about obtaining a copy of "Delaware Highway Impact Study Phase III," contact Dr. Blaine G. Schmidt, at the Bureau of Economic and Business Research in Purnell Hall on the Newark campus, telephone 2555.

American Legion Auxiliary News

Jingle Bells! Jingle Bells! It seems just a little early for the thought of Christmas, but not for Mrs. William Outten of the Callaway-Kemp-Raughley Tee American Legion Auxiliary. She is already thinking of the annual Christmas packages that the members of the Unit send to servicemen overseas. As in past years, she is asking for the addresses of men and women in the Armed Forces from this area. Families of overseas personnel may call or write to Mrs. Outten giving her the addresses.

In other business discussed at the September meeting of the Auxiliary Unit last week, the dates of the fall conference were announced. November 4 will be the day in which all unit officers and chairmen will meet at the Holiday Inn in Dover for a training school for their particular duties. A letter containing all the neces-

sary information will be received by each officer and committee chairman in the near future.

The national president's visit will be on November 10 and 11. Mrs. Dale Roth, department president, will be making all arrangements for the dinner in her honor. All members are urged to attend.

Mrs. Clyde Tucker, president of the local unit, informed the members that she will begin to send out a news letter to all unit members. She hopes to keep them informed in this way of the important work being done by the Auxiliary.

Mrs. Roland Stayton represented the unit at a meeting held also last week concerning the formation of a Harrington youth center. She reported that Robert Strout, of Laurel, was most helpful in offering suggestions for the beginning of a center in the community. Mrs. Stayton will continue to serve as the unit representative.

A letter was read from Mrs. David Affholder, thanking the Unit for its support of the Fresh Air Program, which she said was most successful this past summer in placing a number of city children with families in Kent County.

Girl's State Representatives from Lake Forest High School and Woodbridge High School will be invited to share their experiences with the unit at the October meeting.

Crickets Soon Invade Homes

Watching crickets fight each other is an ancient oriental sport. In this country, the fight is between the home-maker and the cricket. And it's not a sport, it's war.

A cricket indoors is a noisy, destructive pest, says Frank Boys, extension entomologist at the University of Delaware. Although they are not likely

to chew synthetic fabrics, they damage cottons, woolens, silks and other fabrics, especially if the materials are even slightly dirty, he says. Delawareans will probably hear a good deal of cricket chirping this fall. Crickets are around in large numbers already, and some of them will move into houses as soon as cooler weather arrives. They are attracted by lights and get into houses through cracks, window sills and doors. Boys suggests making your home less inviting to crickets by destroying tall grass, rubbish or plant debris around the foundations.

Indoors, sweeping or vacuuming should be adequate to rid a house of a few invading crickets. Spot treatments with two percent chlordane or an aerosol spray bomb of diazinon or malathion gives good control. For effective control with chemicals, apply them behind and under shelves, cabinets and work benches. Treat around windows, along wall bases and in corners.

Outdoors, a residual insecticide should be applied to foundation walls, window wells, under garbage cans and around door steps. For chemical control, use only one of the following insecticides: two percent chlordane spray made by using five tablespoons of 72-74 per cent liquid chlordane in one gallon of water, or one per cent malathion made by using five tablespoons of 57 per cent liquid malathion in one gallon of water. Chlordane or malathion dust may also be used.

If misused, these chemicals are poisonous to humans as well as crickets, Boys cautions. Be safe; follow label precautions.

Delaware River and Bay Authority Endorses U.S. Rte. 9 Extension

Members of the Delaware River and Bay Authority have endorsed a proposal to extend U.S. Route 9 between Delaware and New Jersey.

At present the route begins at the New York-Quebec border above Plattsburg, follows the Hudson Valley into New York City, crosses the George Washington Bridge into New Jersey, and links all of New Jersey's resorts until it dead-ends at Cape May.

Authority Director William J. Miller Jr., told Authority members the Cape May-Lewes Ferry would be better recognized as a permanent highway link if U.S. 9 were extended across Delaware Bay and along Delaware 18 to join with U.S. 113 and U.S. 13. This would permit coastal travelers to follow U.S. numbered routes all the way.

Miller said the appropriate transportation offices in both states will be asked to urge the American Association of State Highway officials which regulates route numbers to extend Route 9 from the dead-end in New Jersey, across Delaware

Bay and into Delaware. The first report of a five-year program of comprehensive inspection of the Delaware Memorial Twin Bridges was received and accepted. The report, which deals with underwater inspection of both spans, indicated that the piers are in excellent condition, the pier settlement was within normal range and the towers are vertical.

Divers who carried on the year-long underwater inspection were in general agreement the conditions of the bridge piers left very little to be corrected.

Prussic Acid Danger To Increase In Fall

At this time of year, Delaware farmers should be aware of the danger of prussic acid poisoning to their animals.

The poisoning results from animals eating sudan-sorghum hybrids, according to Dr. W.R. Hesselstine, extension dairyman at the University of Dela-

ware. The danger is greatest when animals eat frosted or wilted foliage, immature growth or new shoots, he says.

Hybrids with sorghum should not be grazed unless at least 36 in. tall. Piper sudangrass is a safer variety and may be grazed when it is 18 in. tall, he says.

Prussic acid poisoning is not common, but every year Delaware farmers lose some animals to it, Hesselstine says.

4-H Parade Set for Oct. 7

The eighth annual 4-H parade will be held in Milford Oct. 7, at 1:30 p.m. It will be the final activity of 4-H Week sponsored by the Delaware Cooperative Extension Service.

Entries from 4-H clubs in all parts of Delaware will compete in five divisions of the parade. The divisions are floats, marching groups, bicycle groups, mounted groups and individual entries.

The theme of the parade will be the same as the theme of 4-H Week, "A new day -- A new way."

The public is invited to attend.

Perfect School Attendance for May

We are still accepting new kindergarten registrations. If you have a child born on or before Jan. 1, 1968, who is not now attending kindergarten and you would like him/her to attend kindergarten, please bring your child along with his birth certificate to the office on any school day. If this is not convenient for you, please call 284-9098 to make special arrangements. We urge you to take advantage of this opportunity for your child before Sept. 29.

NEHC To Meet In Baltimore

The National Extension Homemakers Council will hold its annual meeting in Baltimore Sept. 25-29. The theme of the meeting will be "Dimensions In Family Living."

Mrs. Norris Gibbons of Georgetown, president of the Delaware Extension Homemakers Council, will be the official delegate to the meeting from Delaware.

About 75 extension homemakers from Delaware plan to attend the meeting. They include about 40 from New Castle county, about 10 from Kent County and about 20 from Sussex county.

The main part of the program will be learning sessions on various subjects. Topics of the sessions are political arena, health concerns, enlightened consumer, rehabilitating back into society, second careers, human understanding, population question and volunteerism.

DEMOCRATIC CANDIDATE

FOR

REGISTER OF WILLS

OF

KENT COUNTY

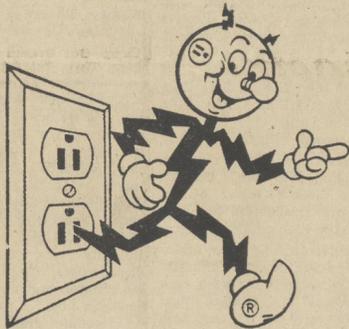

I ASK YOUR SUPPORT

WHY

the lights

go out

sometimes

Normally, we accept electric service as casually as the air we breathe. Not until something cuts off our lights and appliances and TV do we become aware. That's as it should be — because Delmarva Power works constantly toward reliable service, and achieves a 99.98% reliability factor.

Some of the reasons for temporary localized interruptions are discussed below.

Fuses

The first place to look is your own fuse box or circuit breaker panel, especially if your neighbor's power is on. If a fuse blows or a circuit breaker trips out, you have probably overloaded a circuit. Unplug one of the appliances using power on that circuit, replace fuse or close circuit breaker. If that doesn't restore service, give Delmarva Power a call. We'll try to help.

Automobiles

Sure as there's a Friday night, there's bound to be somebody who tries to reduce a utility pole to firewood with his automobile. If the car manages to connect just right, the pole will break and so will some of the wires that supply power to the neighborhood. There's not a great deal Delmarva Power can do about this problem that the safety council hasn't already tried... but the company trouble and service men will restore service as quickly as possible, whether it's 2 a.m. or 2 p.m.

Trees

Obviously, wind or lightning can cause trees or branches to fall on power lines. Heavy snow or ice can cause sagging so that the branches graze power lines. Delmarva Power tries to keep these occurrences to a minimum by trimming branches around power lines before they can cause trouble. You can help by giving the tree crews your permission to trim branches when they make such a request. They make every effort to trim only what is necessary.

Transformer Overloading

A transformer, the "pot" atop a utility pole, which reduces voltage for home use, can become overloaded. This happens when the families served from it add air conditioners, electric heat and additional appliances. To counteract this situation, Delmarva Power appreciates knowing when customers add major electric equipment so that a larger "pot" can be installed.

A dependable power supply is virtually a religion with electric company personnel. Their record of 99.98% is testimonial to this.

Lee and Nancy Noble

announce

the Grand Opening of the

Colonial Cheese Shop

Air Base Road, North of Blue Hen Mall

Dover, Del.

Sept. 28 thru Oct. 7, 1972

featuring

The Finest Foods from Around the World

Cheeses — Breads — Candies — Coffee — Cookies — Crackers

Poems from Paradise Pastures

By W. Cliff Miller

MEMO TO YESTERDAY'S YOUNG

Newspapers are printing a lot of stories these days about the "generation gap" as if it were news. It's news only to the young. For centuries older people (with bad memories) have gotten het-up when their sons and daughters began feeling their emotional and mental oats. Samuel Johnson, two centuries ago, said, "Every old man complains of the growing depravity of the world and the insolence of the rising generation." Yet, if there is one lesson history teaches it is that progress comes about because young people are dissatisfied with existing conditions and think they can do something about them.

By the time "your wit is single and your chin is double" you no doubt will conclude that your generation hasn't done too badly. You probably will take some personal satisfaction when you recall how "things" were once. Now, there are some brand new problems to be faced—some of them pretty tough. Be glad that a brand new generation—with some of the pep you used to have, is on hand to tackle them. Wish these young people success! It's their time now. Be a good sport. Give them understanding, encouragement, and applause!

MAKE ME A BLESSING

Make me a blessing Lord, help me to help those needing help, to be A blessing to my fellow-men Instruct me how to speak and when

To hold my speech; when to be bold In giving, and when to withhold, And if I have not strength enough Then give me strength and make tough.

Give me a work, a touch to fill The lonely life, faith for the ill, And courage to keep heart up, although My own is feeling just as low,

Then let me lift their eyes to see The vision of Thy victory. Help me to help; help me to give The wisdom and the will to live.

KENT COUNTY CURRENTS

by JOSHUA M. TWILLEY Levy Court President

Last Thursday's Delaware State News made an editorial comment on Kent County's surplus. The editorial comment was based on misinformation reported earlier in the same newspaper. Therefore I would like to correct the error reported in the newspaper and editorial. The first and most glaring one was that Kent County had a million dollars surplus. A surplus means to me money left over which is not needed.

In the case of Kent County most of the surplus represented monies committed to pay for work in progress.

Early last year Kent County signed a contract for property mapping for Kent County at a cost of \$153,000.00 the work is progressing but was not done on June 30, so the bill was not yet paid.

We had allocated \$100,000.00 for our share of a Kent County airport but this was not paid because the project was not completed. We had allocated \$148,000.00 for the purchase of machinery and capital items for the landfill operation. Much of the equipment was on order but had not arrived before June 30, and so the bill was not paid yet.

There were other items expected for last year which were not completed. One of them was the fire and ambulance call board which we thought would cost \$70,000.00, that project is still in progress and those monies were not spent last year but are also carried over in this year's budget.

In view of these known expenses, and the fact that we were able to save the county \$100,000.00 in the property mapping contract, the Levy Court reduced taxes from 44c to 39c. The effect of this was to reduce the income to Kent County from taxes this year

in the amount of \$75,000.00. As a matter of fact the unencumbered cash surplus at the end of the year was only slightly over \$100,000.00 and the estimated surplus at the end of June 30, 1973, is estimated to be \$64,000.00. This is a far cry from a \$1 million dollar surplus.

Premature Building Charged

Republican candidate for Kent County Levy Court has charged the county started construction on a new refuse collection center before it had actual ownership of the land.

Gregory Kirkwood, running for the 31st Levy Court District seat, said Monday if the deal for the land had somehow not gone through "all would have been lost or tied up."

County Engineer Walter Fritz said no construction was begun on the land until the county owned it.

The land in question is a six-acre tract at Vernon. Fritz said the county had an oral agreement with the owner, Harry Hanson, to start grading the land while the legal work for the county to purchase the land was going on.

He said the county took title to the six acres Aug. 16 at a cost of \$5,621.40.

The grading of the land and the placing of lumber on it started in late July.

If the deal had for some reason fallen through, "We would have just wasted our time," Fritz said.

"We could have just picked up (the lumber) and moved off," he said. "We probably would have had to regrade the land for farm use."

Fritz said the refuse collection station should be finished in a few weeks.

CAPITOL VISITORS GUIDE — The Department of Administrative Services has recently completed the construction of seven building directories for the Capitol Square Complex in Dover. The directories are composed of a map of the area and a legend which identifies each government building and the various state agencies located in each. Initially, seven guides are being erected. Five of them will be located at various joints in Capitol square and one will be located at the Highway Administration Building on U.S. Route 113, and another at the Thomas Collins Building at U.S. Route 13. The directories are designed to assist persons in locating state agencies and also outlines the Heritage Trail which has been established by the Division of Economic Development. This is a walking tour of historical landmarks. The design and fabrication of the Capitol Visitors Guides was done entirely by state employees. Shown in the photograph left to right are Mrs. Joann Crowson and Mrs. Joyce Wix, both employees of the Department of Administrative Services.

Harriers Glean Here, Chestertown and Wilmington

One of the side benefits of being a Cross-Country runner, in the Lake Forest School District, is the many trips the runners take. Sometimes the journeys are to scheduled meets. On other occasions, friends or relatives transport the athletes to events of interest.

The Spartans scrimmaged Christiana High, near Newark, recently. The locals worked out in Chestertown and Wilmington recently when school was not in session and private transportation was available.

At Chestertown, Lake Forest harriers cheered former Spartan great, Chris Wetherhold, as his Washington College-cross-country team, recorded a victory over Gallaudet, of Washington, D.C. for the first time since 1959. Wetherhold was third in 29.05 for five miles, as the Shomen had the first five finishers. Chris' coach, Don Chatellier, has never had more than two men under 30 minutes, in any one year, until this season. He's got five sub 30 minute performers, at present.

After Washington College recorded a 2-0 soccer victory, the Spartans plus two Chipman prospects, John Moffett and Jim Chatham, tackled the hilly, five mile course.

Eddie Thompson ran a very fine 32.02 in a sweat suit. In track togs he would have had a 31 flat. The slender, 15-year-old sophomore, is obviously a good college prospect in cross-country, right now. So are Barry Doherty, 14, (32.15) David Moore 15, (32.33) and Harry Benson 14, (32.53).

Others to complete the grind were Tom Clarke, Howard Caskey, Moffett, Chatham and Willard McGinnes.

The Wilmington trip saw David Moore cruise the Rockford Park layout in 12:13.5. This is excellent time for that particular course. A strong Harrington team won a dual meet at Rockford one year led by Bob Smith's winning time of 12:22. Smith was a junior and HHS were state champs that year. Moore, a freshman, is one of four fine young Spartan prospects. Barry Doherty and Eddie Thompson were under 13 minutes also. Others taking part in the practice session were Ron Mosley, Jim Guyton and three Chipman harriers, who we'll tell about in another story.

In a scrimmage with Dover Air and Middletown, at Lake Forest, the Spartans did very well. Running without Vernon Bowers, 1971's top Spartan and with David Moore feeling poorly, Lake Forest lost by one point to Dover Air and were almost perfect against Middletown.

Harry Benson racked up a lifetime best of 13:32, over Lake Forest's 2.4 miles course. Eddie Thompson had a 13:42, followed by junior, Ron Mosley, in a new personal low of 13:52. Barry Doherty and David Moore were the next Spartans to finish. Others to run well were Howard Caskey,

Harriers Glean Here, Chestertown and Wilmington

Terry Pettyjohn, Kit Tilghman, Ron Dunlap, Bob Kashner, Willard McGinnes.

Surprising Bob Mullane showed great improvement to lead Lake Forest to victory in the jayvee race. Others to run exceptionally well were Grant Saulsbury, Terry Jarrell and the first two Chipman runners, Jamie Simpson and ohn Moffett. Ed Webster's Chipman team defeated Dover Air's junior runners 22-23.

What a pity Saulsbury, a junior, didn't come out for cross-country earlier! John Yorke, Kevin Peck, Delmer Freeman, George Gibbs, Greg Hobbs, Kevin Wooters, Jim Hutchinson, Wade Brown, Chuck Cox, Jim Chatham, Greg Kashner, Ken "Bullet" Cerklefskie, Bill Moore, Cliff Ayres, John Nickle, Reig Outten, Mark Miller, Chuck Pitts and Jim Draper ran record or near-record efforts.

Freeman, Gibbs, Brown, Chatham, Kashner, "Bullet" Cerklefskie, Moore, Nickle, Outten, Miller, Pitts and Draper are Chipman or South Elementary runners.

Nickle, an 11-year-old seventh grader, cut off 2 minutes and 29 seconds to get a new record 17:20. Outten, just barely ten years old, ran 35th in a field of fifty starters. He was the youngest participant. Reig beat some of the high school runners, kids 5 years older than he and recorded a terrific 17:59 first clocking ever.

Over the past 15 years, we have seen many high school runners, who couldn't break 20 minutes in their first crack at the distance. Outten has an unusually long stride for such a little fellow. His neighbors are Chris Wetherhold and Brad Morris, two of the finest high school harriers hereabouts. Must be something in that Harrington Manor water.

Lake Forest Beats Seaford 22-2

Al Wood's Lake Forest football Spartans, remained undefeated in two starts, by downing Seaford's Blue Jays 22-2, at Seaford, Friday night. The locals have now beaten two of their strongest Henlopen Conference rivals and could conceivably win a division title this autumn.

Laurel is probably the strongest loop foe the Spartans will face since the Bulldogs have already beaten Milford and Smyrna, the next best Henlopen teams left on the Spartan slate.

Quarterback Lawrence Sorden again did a fine job at the controls of the Spartan machine. He handed off on touchdown runs of your yards and one yard to backs Don Parker and Neil Travis, respectively, then crossed up the opposition on a 55-yard, pass-and-run play to big Robin Callahan.

Callahan is a big lineman, who has speed enough to be a hurdler on the track team, but it's doubtful that Seaford

expected him to be a pass receiver.

Sorden's extra point completions to Jim Dill and Travis is after the first two scores gave the Spartans a 16-0 half-time lead.

Seaford trailed 22-0 before recording two points on a safety.

Seaford was tough offensively, racking up fourteen eight, but couldn't cut the first downs to the Spartans' mustard when it came to crossing the wide stripe. The Blue Jays were stopped at the Spartans' ten yard line and fourteen yard line, as the winners' defense stiffened, in time to halt the threats.

If Lake Forest can avoid a letdown and remain perfect until the week of November 10, they will get a unique opportunity. On that date the Spartans will get a forfeit victory over Dover Air, which has temporarily given up football. The next night, Saturday, November 11th, Lake Forest will travel to Wilmington's newly renovated showcase, Baynard Stadium, to tackle mighty Salesianum, through the years Delaware's most successful scholastic football factory. The Sals annually play teams from Philadelphia, Baltimore and Washington and win more often than not.

Salesianum grads play football at schools like Notre Dame, Minnesota, Michigan, etc. Lake Forest football will come of age that night as the Spartans take two giant steps up in class. Salesianum averages 6,000 fans a game. We expect to be one of them November 11th.

Meanwhile it's Lake Forest at Sussex Central Friday night.

Robert Rider Visits Town

Mr. and Mrs. Robert Rider, of Detroit, Mich., and Mrs. Ella Ennis, of Wilmington, visited Harrington friends yesterday.

Rider came to Harrington in earl 1917 and lived at the home of Mrs. John Cohee. She was the step-mother of the late Clarence Cohee. The farm-house now in the city limits, has been converted into a dwelling house.

Rider remembers Alice Richards, Wilber Richards, Harold (Dykie) Brown, and Ted Rifenburg from school.

He left here in 1921 and eventually wound up in Detroit as an employee of Ford Motor Company from which he retired seven years ago.

Rider travels and collects stamps and coins.

Of Local Interest

Mr. and Mrs. George Landes, of Takoma, Md., Mrs. Maude Nugent, of Connecticut and Dewitt Daunn, of Florida and Maryland, visited Mrs. Clarence Saylor, of the Messick Nursing Home.

Mr. and Mrs. Sheudon Hayman and Glenn, Mr. and Mrs. Tom Shockley, Crystal and Karen, spent the weekend camping at Lake Bonny. Mrs. Grace Hayman observed a birthday Saturday.

Harrington Bowling League Leah S. Wheeler

McKnatt Funeral Home met head-on with the Spoilers for the battle for the top spot and McKnatt's came out with three big points to pace the league this week. Donald McKnatt started the season with the league with a good 535 series and Kent and Bob Garey rolled good efforts to give McKnatt's the extra power they needed to move to the top spot. The Spoilers made a battle of the contest as Leonard Outten hit a great 542 set and Carl Wright amassed a fine 536 series, with a 207 game included. John Shaffer also bowled very well for the Spoilers.

Robbin's Hardware trounced Fry's American Tuesday night as they took three big points to stay up near the top, out by total pins only. Frank Robbins rolled very well for the Hardware team to give the extra strength they needed for victory. Don Jester rolled a grand 225 game to give Fry's American enough incentive to take one game to their credit.

Dallas Hayman paced Jarrell Fuel to a four point conquest of Brothers Five and moved up a notch in the team standings. The Brothers Five ran into an off night as they bowled well below their capabilities and fell down into the unenviable cellar position. As soon as this new team jells, they should be right in the thick of things when the season progresses.

Norman Woodall bowled a fine 200 game as he led Wally's Garage to a three point advantage over People's Restaurant. Although People's could only muster one point, Norman Clough, Bob Keller and Frank Collins bowled real good efforts.

Big John's Son received a real assist from Bill Kohel, who rolled a great 209 game and a good above average effort and the bowling with only four men, managed to take three points from Quillen's Market. Don Wilson bowled very well for Quillen's as did Dennis Pase, which enabled the team to get one point for their efforts.

Although George Collins blasted the pins for a grand 579 series, with games of 202 and 226 included, and Kenny P. Outten rolled a good series effort, the Taylor & Messick team could only manage to grab two points as they split with Penn Central. The railroaders had to go into the fray with just four men, and Ray Baker added the spark the team needed for the two-to split.

The T & M Rejects are enjoying a bountiful season so far, although their record indicates at present that they are well down in the standings. Tuesday night saw the Rejects take three big points from last year's champs, Butler's Fuel. Junior Bishop, Leroy Betts and Ray Wright bowled real good above average efforts for the Rejects as the whole team came through with a fine 215 game, and Ralph Butler and Sam Lyons bowled well for the fuelers as they were able to salvage one point to stay one game out of the cellar spot.

STANDINGS table with columns W, L and team names like McKnatt Funeral, Robbins Hardware, Spoilers, Jarrell Fuel, Wally's Garage, Fry's American, Big John's Son, Taylor & Messick, People's Restaurant, Penn Central, T & M Rejects, Butler's Fuel, Brothers Five.

"Bullet" Cerklefskie Wins In Wilmington

Ken "Bullet" Cerklefskie, a 10-year-old in his third season of cross-country, won the elementary school division of a 2.1 miles cross-country race, held in Wilmington's Rockford Park, over the weekend. Ken's clocking of 15:16 was excellent for one so young. Tuesday afternoon, he lowered his personal best for the local, Lake Forest 2.4 miles

course, from 17:20 to 16:56. Don't forget his name, as if you could. He is headed for thincald stardom at LFHS in 1975.

In the junior high division, at Rockford Park, eighth graders Jamie Simpson and John Moffett were second and third behind freshman, Chip Firmani of Hanby Junior High.

Days Of Our Years

Ten Years Ago

Fri., Sept. 23, 1862

An Illinois native, whose parents lived near Harrington, is spending a week in this area. Mr. and Mrs. Lee H. Oloffson, of Wyanett, Ill., were in town last week. Mrs. Oloffson, whose parents were Mr. and Mrs. Edgar Prettyman, were natives of this area, said she and her husband would be here this week visiting Mr. and Mrs. George Manlove, of Milford. Numerous residents of this area moved to Wyanett towards the last of the last century. The Prettymans moved there in 1893. Mrs. Prettyman's mother was Mrs. William Calloway. William Calloway was the brother of Ike and Pete Calloway. Mrs. Prettyman's uncle, John, went to Wyanett as a builder. The Calloways, Smiths, Raughleys, Sapps, Hudsons and Harringtons were among the Delawareans at Wyanett. The late Ora Sapp was born there but wound up his last days here. Leonard Harrington and the late Bud Bullock visited Wyanett. B.L. Hudson, an undertaker at Wyanett, was in the hardware business here in the store now operated by L.B. (Booker) Harrington. Gooden Sapp, well-known here, died about a year ago in Springfield, Ill., after having been in ill health for some time. His widow, the former Inez Raughley, of Harrington, is employed by the state in Springfield.

Despite some unseasonably cool weather on occasion the Kent & Sussex Raceway enjoyed a highly successful first week of night harness racing. William (Pete) Shaw reports that the first six nights of racing saw a total of 22,178 persons attending. This averages almost 3700 fans nightly, considerably higher than the nightly average last year.

Rebecca J. Moore, daughter of Mr. and Mrs. James D. Moore, 111 Commerce St., has enrolled in the freshman class at Bridgewater (Va.) College.

Mrs. Rosalie Wise and Mrs. Naomi Truitt have been attending the Beauty College of Knowledge in Baltimore this week.

Mr. and Mrs. Gifford Fry and children, Sharon, Wilson and Craig, of Felton, were Sunday evening visitors of Mr. and Mrs. Leroy Wheeler. The Frys returned home Friday from a visit with relatives in Wisconsin.

L.F. Administrator

(Continued from Page 1) have a son, Dr. Arthur Henry, a dentist in Dover, and a daughter, Mrs. Louise Rhoads, a graduate of Towson State College, now living in New Jersey. They also have four grandchildren.

Dr. Henry hopes to continue part time work in education at the college level following his retirement from public school administration.

Of Local Interest

Mr. and Mrs. Larry Harrington, of Miami, Fla., visited Mayor and Mrs. Burton Satterfield and Mrs. Geneva Tucker Monday.

Twenty Years Ago

Fri., Oct. 3, 1952

Samuel A. Short Jr. was presented a pin for 22 years' of perfect attendance in the Sunday School of Asebury Methodist Church.

Mrs. W. E. Jacobs, Mrs. Elwood Gruwell, Mrs. H. Clyde Miller, Mrs. William Sneath and Mrs. Milton Elliott attended the W.S.C.S. seminar at Selbyville last Wednesday.

The road leading from Masten's to Felton has been improved with a top dressing of slag.

T. Brinton Holloway, general manager of Kent and Sussex Racing Association, announced the Delaware Harness Racing Commission had granted the local track permission to extend its meet thru Oct. 11.

Mrs. Annie Hands, 75, died at the home of her son-in-law and daughter, Mr. and Mrs. Charles Warren, of Chester, Pa., Monday afternoon. She was the daughter of the late David and Elizabeth Dean Cannon and was born near Harrington. Her husband, John R. Hands, a farmer in this vicinity, died about 15 years ago.

Shadowlawn Frozen Food Lockers, of Denton, will hold open house Monday and Tuesday afternoons from 2 to 5 o'clock. G.H. Rue, the owner, after saying visitors would be shown thru the plant, added that door prizes and samples of the plant's curing and smoking would be given to each caller.

(Editorial Note: Rue has lived in Florida the past few years. Before that time, he had worked as a relief operator on The Journal's typesetting machines.)

A dispatch from Williamsburg, Va., states that juke boxes were used in the taverns there as far back as 1790. Maybe that's why Williamsport had to be restored.

Mrs. Harry Lare and son, Harry, and father, Thomas Fleming, of Ellendale, are visiting the Misses Annie and Laura Fleming.

Mrs. May Dickerson is visiting Lansdowne, Pa.

Lee Cain, of Philadelphia, is visiting the Misses Annie and Laura Fleming.

Penrod-Murphy

(Continued from Page 1) The bride is employed at Peterson's House of Fudge, Smyrna, and is attending Delaware State College.

The bridegroom is employed by Henry B. Gilpin Co., Dover.

Telephone Cable

(Continued from Page 1)

On the Sandtown cable job the buried cable will start at the intersection of Road #56 and Road #254 and then goes west on Road #56 to the intersection of Road #10 at Sandtown. It will provide extra cable for subscribers in the Sandtown area.

IN THE SUPERIOR COURT OF THE STATE OF DELAWARE LAND FOR KENT COUNTY IN THE MATTER OF LEASA ALANE ROBINSON C.A. No. 1972-0001 PETITION FOR CHANGE OF NAME PURSUANT TO 10 DEL. C. § 5301 et. seq. and RULE 81

Petitioner is Constance R. Smith, who resides at 10 Bellview Court, Bellview Gardens, Bellview, New Jersey, and she is the natural mother of Leasa Alane Robinson, who was born March 19, 1968.

Leasa Alane Robinson resides at Route 3, Box 271, Milford, Kent County, Delaware.

The natural father of Leasa Alane Robinson is James Robinson, deceased, who died in 1968.

Petitioner, Constance R. Smith, being the natural mother of Leasa Alane Robinson, desires to have the name of her child changed to Leasa Alane Smith and she files this Petition seeking said change of name.

Leasa Alane Robinson prays that the name of her daughter, Leasa Alane Robinson, be changed to Leasa Alane Smith.

Constance R. Smith SCHMITTINGER & RODRIGUEZ 414 South State Street, Dover, Delaware 19901 Attorneys for Petitioner

STATE OF New Jersey COUNTY OF BEIT REMEMBERED, That on this 10 day of August, A.D. 1972, personally appeared before me the Subscriber, Notary Public for the State and County of Delaware, and the County of Kent, Delaware, Constance R. Smith, Petitioner in the foregoing Petition, known to me personally to be such, and they did depose and say that the facts stated in the foregoing Petition are true and correct to the best of her knowledge and belief.

SWORN to and Subscribed before me the day and year aforesaid. William Abramson Notary Public

NOTICE OF DIVORCE ACTION FROM: Margaret Ann Woodruff Plaintiff, David Woodruff Defendant, has sued you for divorce in the Superior Court of the State of Delaware in and for Kent County, in Civil Action No. 408, 1972.

If you do not serve an answer to the complaint on plaintiff's attorney, Nicholas H. Rodriguez, Esquire, at 414 South State Street, Dover, Delaware, 19901, within 20 days after the last day of publication of this notice as required by statute, the action will be tried without further notice at the County Court House, Dover, Delaware. 3t 9/28

Of Local Interest

By Mrs. Edythe Hearn

Mrs. Edith Massey celebrated her birthday combined with a 50-year membership in the Rebekah Lodge in Wilmington Wed., Sept. 20. She and Mr. and Mrs. Elbert Stevens were dinner guests that evening of Mrs. George Goldner.

Mr. and Mrs. Oscar Kinnaman of Denton visited Mrs. Bernice Johnson one day last week. Saturday callers of Mrs. Johnson were Mr. and Mrs. Thomas Kirwan of Dover.

A combination birthday celebration and family reunion was held at the home of Clarence Morris and daughter, Jenny, Sunday, in honor of the 88th birthday of the former which was Thursday. Friends and relatives sharing in the celebration were Mr. and Mrs. Spencer Windle of Elverson, Pa.; Mrs. Rose Morris of Ridgely, Md.; Mr. and Mrs. Harry Lee Silbereisen, Woodrow Morris and Mrs. Grace Andrews of Milford. Mr. and Mrs. Paul Welch and children, Paula and Glenn of Bear; Mr. and Mrs. Charles Morris and Bradford; Mrs. Philemon Harrington, Mr. and Mrs. Maurice Harrington, Mrs. Martin Grier, Joseph Ward and Mr. and Mrs. William Coeyman.

Mrs. Bessie Boozer has retired from the Harrington Tax Office and is making her home in Jacksonville, Fla.

Mr. and Mrs. Samuel Short and Mr. and Mrs. Layton Betts and children, Russell and Carol, visited Mr. and Mrs. Joseph Zimmerman at Leipzig Sunday.

Mr. and Mrs. David Brobst of Richmond, Va., will spend this weekend with Mr. and Mrs. Melvin Brobst.

Mr. and Mrs. Richard Shultie and sons, Richie and Davy, were dinner guests Sunday of Mr. and Mrs. Elwood Shultie.

Mr. and Mrs. Robert Gillette and daughter, Robin and Mrs. Oscar Gillette spent Sunday with Mrs. Percy Leinsz at Preston, Md. Mrs. Margaret Saunders, who has been spending some time with Mrs. Leinsz, returned with them.

Mrs. Irene Welch spent last week with Mr. and Mrs. Ernest Knotts in Boothwyn, Pa., and also visited relatives in Wilmington and Newark.

Mr. and Mrs. Dewitt Tattman spent the weekend with Mr. and Mrs. Jay McGinnis in Rehoboth.

Mr. and Mrs. Howard Anthony called on Mrs. A. T. White in Bridgeville Wednesday afternoon.

Mrs. Essie Redden has purchased the Freidel home on Reese Avenue and will now make her home there. Mr. and Mrs. Donald Freidel have moved to Milton.

Mr. and Mrs. Luther Overholtzer of Sykesville, Md., are spending this week with Mr. and Mrs. Wm. Sollars.

Recent visitors of Mrs. Ethel Bull were Dr. Robert Bull and son, Camper of Drew University, and Mr. and Mrs. Ernest Thomas of Houston Tex. Mrs. Marion Sherbert of Washington, D.C., and Mrs. Elver Ryan were Saturday visitors of Mr. and Mrs. Elwood Shultie.

Michelle Lynn Dimmitt of Milford spent the weekend with her grandparents, Mr. and Mrs. Howard Anthony.

Wm. R. Sollars, III, has finished computer schooling in Harrisburg, Pa., and is work-

ing for the Pennsylvania Higher Education Association. He and his wife are now making their home in Harrisburg. Mr. and Mrs. Clarence Brown of Bridgeton, N.J., called on Mr. and Mrs. Howard Anthony Sunday.

Mr. and Mrs. Thomas Peck, Mr. and Mrs. Lester Smith, Mr. and Mrs. James Stafford, Mr. and Mrs. Norris Jarrell, and Mr. and Mrs. Robert Masten returned Saturday from a two-weeks trip to Hawaii.

Miss Ethel Jones of Wilmington spent the weekend with her father The Rev. with her father, the Rev. returned from a vacation in Rehoboth Saturday and resumed his duties in the Asbury and Houston Churches Sunday. Mrs. Jones will spend a few days longer at Rehoboth and will return this week.

Ernest Brown of Denton was the dinner guest Friday of the Howard Anthonys.

George Johnson, who has settled in Florida, reported in a letter to his mother, Mrs. Bernice Johnson, that he and his wife were recent hosts of Dr. and Mrs. Hewitt Smith, also former residents of Harrington. The four of them spent a pleasant day reminiscing.

Coming Events

Oct. 17—Rummage Sale at Spence's Bazaar, Dover. Benefit Harrington Senior Center.

Oct. 18—"A Night at the Races"—benefit Harrington Senior Center.

Nov. 7—Election Day Dinner will be held at the Harrington Senior Center from 11:30 a.m. to 6 p.m.

Mrs. John Bell, of South Hampton, Pa., is visiting Mrs. Ollie Truitt.

Mrs. Ollie Truitt and Mrs. John Bell visited in Erie, Pa. Canada and Niagara Falls last week.

Houston

By Mrs. Margaret Thistlewood

Sun., Oct. 1st is World Communion Sunday. A special offering will be taken at the Houston Methodist Church.

O. U. R. Class will serve lunch at the sale of Mrs. Elizabeth Coubourne on Saturday, Sept. 30th.

Mr. and Mrs. Edwin Wooters from Reading, Pa., spent last week with his sister Miss Dorothy Wooters and Miss Ann Clifton.

Mr. and Mrs. Thomas Parvis of West Patterson, New Jersey spent the weekend with Mr. and Mrs. Josiah Parvis.

Mrs. Agnes Corey of St. Petersburg, Florida is spending a few weeks with Mrs. Ethel Macklin and family.

Mrs. Stella Sapp attended the Sapp reunion held at the Grange Hall in Dover on Sunday.

Mr. and Mrs. Luther B. Way of White Sulphur Springs, W. Va., spent a few days last week with Mr. and Mrs. Dennis Cannon and family.

Mr. and Mrs. Lawrence Minner of Wilmington, were Sunday guests of Mr. and Mrs. Franklin Morgan.

Mr. and Mrs. Emory Webb and Mrs. Grace Manlove visited Mrs. Ruth Sapp at the Seaford Manor House on Sunday.

Raymond Pride Jr. is a patient in the Milford Memorial Hospital. He is in room 263A on second floor.

On Sunday at the Houston Church, Dr. and Mrs. Wesley Towers had their infant daughter christened, Laura Ellen, by the Rev. John C. Jones.

Felton

By Mrs. Walter Moore

The Rev. John A. Massimilla's Sunday morning sermon was "Who Is A Christian?" The prayer for Christian Education was led by Mrs. E.B. Warrington Jr. The Senior anthem was "Let Not Your Heart Be Troubled".

This Sunday, Oct. 1, is World Wide Communion. The sacrament will be observed in our three churches.

Oct. 8th is Laymen's Sunday. Willing Workers will meet Wednesday evening, Oct. 27. Both junior and senior choirs will rehearse Thursday evening.

The Rev. and Mrs. John A. Massimilla observed their 31st wedding anniversary Sun., Sept. 24th. Congratulations!

Mrs. Hugh Johnson of Algeria, was a Felton visitor last week. The Rev. and Mrs. Johnson are missionaries in Algeria. The Rev. Johnson was a former pastor of the Felton church.

Dr. and Mrs. Howard Henry attended a family dinner Sun., Sept. 17, at the home of their son and family Dr. and Mrs. Arthur Henry, Deidre and Caroline of near Dover.

William Paskey Sr., who has been a patient in the Kent General Hospital, Dover, is now at Courtland Manor, Dover.

Lynn Torbert is a patient in the Kent General Hospital. Mrs. Frank Eyster of Westhaven, Wilmington, was a dinner guest of Mr. and Mrs. Robert Donaway Tuesday evening.

Tuesday evening dinner guests of Mr. and Mrs. Walter Moore were Mr. and Mrs. John Galloway of Fort Walton Beach, Fla., and Mrs. Samuel Walters Sr.

Mr. and Mrs. Lynn Torbert were Thursday evening dinner guests of Mr. and Mrs. Reed Hughes and Mrs. Clara Hughes, who is now spending some time with her son and his wife.

Mrs. Thelma McWhite of near Newark, is visiting her parents, Mr. and Mrs. Johnson Steward.

Scott Chambers was an overnight guest of Jeff Fisher on Saturday.

Mr. and Mrs. Dale Hammond and sons, Duane and Darren, were Sunday dinner guests of Hammond's parents, Mr. and Mrs. William D. Hammond.

Mr. and Mrs. Lee Hughes and sons, Billy, Jeff and David, were dinner guests Saturday evening of Hughes' parents, Mr. and Mrs. Reed Hughes. Lee Hughes remained for Sunday.

Mrs. Agnes Torbert was a guest overnight Saturday and Sunday of her daughter, Mrs. Thelma Becker, Salisbury, Md.

Mr. and Mrs. Lester Blades and son, Lester, of Fox Hall, Dover, entertained at a family dinner Sunday. The guests were: Mr. and Mrs. J.W. Alcorn, Cedar Crest, Wilmington; Mr. and Mrs. Robert Alcorn of Thompson Estates, Elkton, Md.; and Mrs. James H. Blades, Frederica; Mr. and Mrs. Lynn Torbert; Mr. and Mrs. James Blades and Mr. and Mrs. Charles Robinson of Felton.

Sunday dinner guests of Mr. and Mrs. Reed Hughes were Mr. and Mrs. Ray Graybill of Strasburg, Pa.

Sun., Sept. 17, Mr. and Mrs. William D. Hammond, Mr. and Mrs. Dale Hammond and sons Duane and Darren, attended a birthday dinner in honor of the 75th birthday of Mrs. Walter Cole of Goldsboro, Md., at the home of her son, Stanley Cole, in West Chester, Pa.

Felton Visited by Missionary Wife

by Edna Massimilla

Mrs. Hugh Johnson is spending three weeks in Delaware and New Jersey. She and her husband, the Rev. Hugh Johnson, serve a United Methodist church in Algeria through the world division of the U. M. board of missions. They were called to the mission field in 1960. The Rev. Johnson had a student charge in Anacosta, Washington, D.C., and later while attending Wesley Seminary, served the Felton charge in 1959 and 1960. Their daughter, Kathy, was born while they served Felton, and their second daughter, Linda, 7, was born in Algeria. This trip enabled Mrs. Johnson to see her family in New Jersey, and while in Delaware she stayed at the home of her husband's brother, Mr. and Mrs. Grover Johnson, in Dover. She also visited with Mr. and Mrs. Lawrence Kates, and visited at the Felton parsonage. The Rev. Johnson did

not accompany her on the trip, nor did their children; however, the Johnson family expects to return home for a furlough in another year.

In addition to ministering, the Rev. Johnson is the representative to the Algerian government. There have been some difficult times endured in church relationships, but some great advances have also been made. The Algerians emphasize education, and at the present time a special program is being initiated for special education for the handicapped. There will be a team next year attending U. S. institutions of learning to train leaders in this field. Upon their return to Algeria, a complex will be available so this

team will be in a position to train others to teach the handicapped.

"Serving in the Algeria Mission Field is a challenging but rewarding experience" Mrs. Johnson says. With a scarcity of missionary clergy, her husband does a lot of traveling. He is also in charge of conference affairs in a supervisory capacity for four ministers, serving through Bishop Shaefer of Zurich. The Rev. Johnson preaches in either French or Kabyle, depending on the type of congregation present. The Johnson children are fluent in these languages, plus Arabic and English. Their address is just Ft. National, Algeria.

Is agriculture the real polluter? A statement to this effect has been made many times, but when you qualify who makes this statement it's always from persons that know very little or nothing at all about the agricultural industry, let alone the pollutants resulting from this enterprise.

In reality, agricultural processes do create a certain amount of pollution in our environment, but in no way is it equal to the air and water pollutants that are discharged from large industrial complexes. But agriculture is not trying to pass the buck! Agriculturists, as responsible citizens, are working diligently to change many of the now unacceptable practices used in the complex job of food production.

All of us need clean air, clean water, and clean soil. They are vital to agricultural production and they are vital to a quality environment. Agriculture also needs pesticides and other tools that may become pollutants. Then you ask how can farmers as practicing ecologists contribute to resolving the problems in this area of great public concern and still produce an abundance of quality food at a reasonable price. They are using new knowledge and technology already available from universities and other information sources.

Farmers are being honest and recognizing many of their mistakes and correcting them as soon as possible. The knowledge of the environment and of agricultural needs that farmers have, in many cases, is an asset to the community in helping to make right decisions concerning our food supply and our surroundings.

While doing all this he must keep in mind that in all parts, agriculture is both the nation's biggest industry and its largest employer. Naturally, with this enormous size and complexity, many non-agricultural

ists have very little knowledge of your entire operation; therefore, ignorance creates criticism.

Farmers are doing a good job producing our food at reasonable prices with continuous concern about the effects on the environment. They are continually trying to do a better job and should, by all means, be proud of their efforts and the total agriculture industry.

Have you ever heard chewing noises in the walls of your house or garage, or found sawdust on the floor occasionally? If you have had either of these, it's very likely you have one of the structural pests.

There are many such insects, but the most prevalent ones are the old house borer and the commonly called powder-post beetle. There two insects cause similar damage and it is often difficult to distinguish between the two. However, one distinct characteristic of the old house borer is a very conspicuous chewing noise. They mainly attack the surface wood in cellars and attics, as well as they can be located throughout the house. If you have ever heard a rhythmic chewing sound inside the walls and can identify small holes in the beams of the house, this would indicate the presence of old house borers.

Powder-post beetles generally leave a powdery material, which is chewed wood, on floors or around woodwork where they are actively working.

Identification and control of these insects should be done by professional pest control operators. If you would like to have further information on these structural pests, call the University of Delaware Cooperative Extension Office, 736-1448, and ask for USDA publication, "Controlling Wood-Destroying Beetles in Buildings and Furniture."

It Seams To Me

Janet Reed

Knits that snag? Most of us have experienced this maddening weakness of an otherwise almost perfect fabric.

With the popularity of polyester knits, it was about time someone came along with a "knit fixer."

It's a tiny metal hook that is inserted in the fabric from the wrong side and the snag is pulled to the back. A latch on the hook keeps you from losing the thread as it is pulled through.

You can do the same thing with a fine crochet hook if you happen to have one around.

If you have pulled a hole in the fabric, you will need more than a knit fixer. The fabric itself will give you ideas. In one somewhat spotted type design, I was able to cut out a patch and sew over the hole, matching exactly the lines of the design. The patch is less noticeable this way.

Snags will show more on a plain fabric. On a print or knit design, a small snag may not be noticeable and can be left as is.

If the fabric is one that "fuzzes" every time it rubs on something, complain to the manufacturer.

The tightness of the twisted yarn used in the knitting affects the snagging. Look for a firm, tight, "hard" knit, rather than a puffy, soft fabric.

Reputable manufacturers are concerned about the snagging problem and are improving fabrics.

In the meantime, if you notice someone feeling the edges of a chair or table before sitting down, you can guess she has experienced this problem of snagging and is exercising a bit of precaution. Not a bad idea!

U. of D. Team To Attend National Dairy Contest

Five University of Delaware students will participate in the Collegiate Dairy Products Evaluation Contest, Oct. 2, in Atlantic City.

The students, all juniors or seniors, will make up the first team ever sent by the University of Delaware to the contest. They will compete with about 25 teams from all parts of the United States.

The team members are Miss Kathleen Eby, Leonard Queit-zsch, Miss Cheryl Rose, Daniel Vanderwende and Ken Langston. They will be accompanied by the team sponsor, Dr. W.R. Hesselatine, extension dairyman at the university.

The team will be required to judge ten samples each of ice cream, milk, cheddar cheese, cottage cheese and butter. They have learned the judging techniques from class work and individual study.

The contest is sponsored by the American Dairy Science Association, the American

NAEHE To Meet In Denver

Miss Janet Reed, state leader for home economics extension, will attend the 38th annual meeting of the National Association of Extension Home Economists. The meeting will be held in Denver Oct. 9-13.

Miss Reed is a member of the advisory council of the Association. She will serve as a resource advisor at a session on expanded food and nutrition education at the meeting.

The theme of the meeting is "A Better World Begins With Me."

Food Industry Inspection Association and the American Dairy Association. It is supervised by the United States Department of Agriculture.

Dairy Industry Growing in Del.

Delaware's dairy industry is growing and thriving despite outward appearances that it is on the decrease, says W.T. McAllister, extension agricultural economist at the University of Delaware.

Dairying in Delaware was a 9 million dollar business all during the 1960's, he says.

There are fewer herds and fewer cows in the state than there used to be. However, the output per cow is increasing every year.

Those dairymen who have remained in the field are generally more capable managers than those that have left it, McAllister says. They get high yields from their acres, good performance from their labor and keep fixed cost per cow and per hundred weight of milk at a reasonable level, he adds.

Dairying has a number of disadvantages, McAllister says. It requires high capital and an unusually high level of management skill. It is a confining industry. Cows must be milked on a regular schedule, requiring long work days and long work weeks.

One of the industries main advantages is that it provides the year, McAllister adds. It is a sure source of income a regular income throughout every two weeks. In addition, a stable price is established by a government market order. Dairy farming will continue to change as land values and production costs increase. It

will need to adjust to the problems of suburban growth and environmental restrictions. However, good dairy farmers will find dairying a profitable livelihood for many years in the future.

Ice-Free Arctic?

Eighty years ago the average thickness of the ice pack covering the Arctic Ocean was around 43 feet. Now the comparable figure is from six to eight feet. This and other data lead Bernt Balchen to the conclusion that by the year 2,000 the melting of the polar ice cap may have opened up the Arctic Ocean to navigation. This in turn would permit relatively cheap transportation of oil from the Alaskan and Canadian fields, as well as other mineral wealth in the region.

Considered in long-range terms, this project comprises a good argument against building oil pipelines in the Far North just yet. Since the secretary of the interior has already approved the Trans-Alaska line, however, it appears likely that despite a court challenge this line will go through, if not at once, then within only a few years. In that case, the alternative of transporting oil by tanker across an ice-free Arctic Ocean would be more or less academic.

Balchen's interpretation of the data is of great interest, all the same. If the famed veteran of polar exploration is right, and the ice does indeed disappear from the great ocean at the top of the world, this would lead to various

changes. The opening of that ocean would be only one aspect of the matter.

Significant climatic changes also could be expected, Balchen thinks. In his view, the surface water temperature would be warm enough so that the ice pack would not form again. He foresees the formation of a new low pressure system in the Arctic Ocean region, which might lead to extraordinarily heavy snows and colder winters clear across the northern latitudes from Alaska to the Soviet Union and including the northern Atlantic Seaboard. We'll see. Somebody will, anyway.

Greenwood

By Pat Hatfield

The Greenwood V.F.W. Post #7478, Ladies Auxiliary is sponsoring a Voice of Democracy Scholarship for the students of Woodbridge High School, 10th, 11th, and 12th grades. This is the 26th annual Voice of Democracy Scholarship program.

The students are required to write a theme entitled "My Responsibility to Freedom." The school winner will receive a \$25 bond and a trophy. This winner will compete with district school winners and then enter state competition. The V.F.W. of Delaware is offering a first prize of \$700; second, \$300; third, \$200; and fourth, \$100. The state winner will also receive a trip to Washington, D.C. and will compete for national scholarships.

The W.S.C.S. of St. Johnstown Church met at the home of Miss Leila Tatman, Sept. 18, with a record attendance. Following the devotions led by Leila Willey, spiritual life secretary, the business meeting was conducted by Winnie Vincent, president.

Miss Rose Handloser, missionary to South Africa, was the speaker of the evening. She is now on a four-month furlough. Miss Handloser spoke of her duties as editor of all the missionary literature used by the Nazarene Church in the missionary field.

The evening concluded with cake and ice cream served by the hostess.

The Rev. Charles Walz was surprised Saturday evening when he was guest of honor at a birthday surprise party given by a few friends at the home of Mr. and Mrs. Harold Laughery. Those present were: Mr. and Mrs. Harold Laughery; the Rev. and Mrs. Charles Walz; the Rev. James Walz and Miss Peggy Closser; Mr. and Mrs. Richard Andrews; Mr. and Mrs. Raymond Baker and Mr. and Mrs. Robert Cox. Games and refreshments were the order of the evening.

Miss Mary Lockerman reports the death of her cousin, Jay Wilbur Lyden, who passed away Sept. 20, at Berwyn, Ill. He leaves a wife, Eleanor, and two children, Jay William and Nettie Lee.

On Sunday, Mrs. William Carlisle, Mrs. Thomas Lockerman, Miss Mary Lockerman, Miss Leila Tatman and Miss Catherine Richards attended the art show at Holloway Hall, Salisbury State College.

On exhibit there were 35 paintings by Miss Dorothy Mitchell, who was a former teacher at the old Wesley College Institute, now Wesley College.

Mr. and Mrs. Mart Uhler, Mrs. Viola Ocheltree and Mrs. Emmalea Draper have returned home after spending a week vacationing in the south, crossing the Great Smoky Mountains, then to Nashville, Tenn. While there they attended the Grand Ole Opry Friday evening, seeing and hearing Connie Smith, Stringbean of the Hee-Haw show, Bob Lauman, Osborne Brothers, Lonnie Robertson, Ray Pillow, Stu Phillips, Diane Jordan and many others.

They stayed at the Roger-Miller, King-of-the-road motor inn for three days. On Saturday they took the country western tour, seeing the homes of country western stars, Roy Acuff, Kitty Wells, Hank Snow, Minnie Pearl, and the beautiful home of Johnny and June Cash and many more.

They also toured Opryland, U.S.A., which will be the future site of W.S.M.'s famous Ole Opry House.

On Saturday they visited "The Upper Room" Chapel. As one enters the Chapel his attention is focused on the wood carving of "The Last Supper". It is a copy of Leonardo Da Vinci's painting. The stained glass window at the back of the chapel is magnificent. World Christian Fellowship is the theme of the window. It is 20 ft. high and 8 ft. wide and has 9,000 pieces of glass in the window.

After leaving Nashville, they travelled to blue grass country in Lexington, Ky., through West Virginia to Huntington then over the Allegheny Mts. to Shenandoah Valley. A few miles east they stopped at the Blenks Glass Co. From a special observation deck they could watch the molten glass take its final form. They also visited the colorful displays of glass. They stopped at White Sulphur Springs, W. Va., and then crossed the Blue Ridge Mountains on the way home. They had a wonderful trip, the weather was ideal, and they travelled over some 2,000 miles.

Mr. and Mrs. Michael Yeako left Friday morning for a weekend in Plattsburgh, N.Y. to visit their son and wife, Mr. and Mrs. Jimmy Yeako.

Teddy Keith was among the guests who attended the birthday party of Susanne Smith, daughter of Mr. and Mrs. Edward Smith, on Saturday afternoon.

Miss Sheila Yoder was a recent dinner guest of Hilary Keith.

Stephen Huddle of Washington, D.C., visited the Jacob Hatfields on Monday.

Farmington

By Mrs. Mildred Gray

Miss Nan Smith of Pittsburg, Pa. is spending some time with Mrs. David Grant.

Wylie Pettit spent the weekend with his parents.

Mr. and Mrs. William Messick and Mr. and Mrs. William Seibert had dinner at the Flag Ship Saturday evening.

Mr. and Mrs. Elmer Crane of Salem, N.J., are spending some time with Mrs. Thomas Johnston and Mrs. Alice Sullivan.

Marvin Smith, Thomas Foskey and Mrs. Louise Wix celebrated their birthdays last week.

Veterans Administration News

Q -- Who approves schools or institutions for training under the GI Bill?

A -- That responsibility falls to the states, each of which has an approving agency.

Q -- Are women veterans eligible for VA pension?

A -- Yes. Some 10,100, or about .9% of the total number of veterans on VA pension rolls, are women.

Q -- I have National Service Life Insurance which has been in force under the ordinary life plan since 1945. If I discontinue premiums and take out a paid-up policy, will my dividends be discontinued?

A -- No, but dividends will not be as large as those on your present policy. If you take out a paid-up policy, the amount of insurance in force will be less than the present face value of your policy, and dividends will be computed on the reduced amount.

Armed Forces News

Terry L. Willey, son of Mr. and Mrs. Leon Willey of Greenwood, was graduated from recruit training at the Naval Training Center in Great Lakes, Ill., recently.

P.O. 3.C. David C. Halliburton, son of Mr. and Ms. William M. Halliburton of 116 Fleming St., Harrington, is in the western Pacific aboard the destroyer USS Bausell. Also there is P.O.3.C. Charles R. West of Milford.

Stephen R. Cudd, 17, son of Mr. and Mrs. Albert G. Leit-zell, Route 1, Felton, recently completed a six-week pay and disbursing specialist course at the Army Finance School, Ft. Benjamin Harrison, Ind.

He attended Lake Forest High School, Felton.

Attention Parents Of Five-Year-Old Shapes

Shapes are an important part of the world in which a child lives. He must see their shapes and hear their names as an important part of his preparation for school.

Take a look around you right now. See how many shapes influence our lives. Letters we read are a series of shapes. The road signs you use as you drive are different shapes. Think back to how many times during the day we may use the name of a shape in conversation. Shapes influence a child's idea of letters, numbers and items.

With a little planning on your part, learning about shapes can be fun for your child.

Matching shapes is a learning game. From sheets of colored cardboard, cut two pieces each of several shapes. Remember to start simple. For the first try you might want to cut two circles, two squares, two rectangles and two triangles. Place one of each shape on the table. Put the second shape into a small box. The child selects the shape from the box, you give him the name for that shape, then he tries to match the shape he chose to the shapes on the table.

Be sure to name each piece and reinforce the right answer

as he selects the right shape. It will take patience. At first the child will need help and encouragement, but as he starts to learn his shapes, the game will go faster. As the child masters the simpler shapes, you can add more difficult ones to the game.

Remember, if you are using colored paper, to use all the same colors. To have several colors plus several shapes could cause the child to become confused about whether you are matching shape or color. When he becomes more familiar with both shapes and colors, you can add challenge to the game by adding different colors.

Matching shapes around the house can be another learning game. "I Spy" is one popular game. What shapes can you find to use? There are squares, boxes, rectangles, windows; circles, wheels; triangles, some windows.

You might say to the child, "Today let's find circles. What is a circle? What do you see that is a circle? Whell, what is a sphere? A ball, a pen or a marble? How are circles and spheres alike-how are they different?"

With this, as all other games, you need to consider the age and development of the child. The younger the learning level of the child, the simpler the game. Once he has experienced one shape, you move on to the next and so on.

Dredging Project Approved

The Army Corps of Engineers has approved a new \$50,000 dredging project for the channel at the mouth of the Murderkill River, Senator J. Caleb Boggs (R-Del.) announced. Boggs had requested this decision, because of severe shoaling in the channel.

The Corps said it will also pump much of the dredged sand onto the beach at Bowers, to repair beach erosion, if the sand is suitable as a beach.

The Murderkill channel, Boggs pointed out, was dredged earlier this year by the Corps. That work created a channel with a depth of 7 ft.

"Unfortunately, the combination of storms and other natural factors have caused unusually rapid shoaling this summer," Boggs noted. He estimated the present channel was as shallow as 3 1/2 feet, in spots.

"With fishing in the Bay the best it has been in years, it is essential that the new dredging take place as soon as possible," Boggs said.

NYLENE IS HERE.

Apply one coat on most surfaces, relax for seven years.

Get ready to paint the inside or outside of your house, barn, swimming pool area, wood, metal, masonry or concrete. Get amazing NYLENE—The seven year lead-free coating. It's the coating of the '80's in the '70's. It's 100% lead-free. Safe for nurseries, playrooms, brooder houses and dairies. And it's guaranteed to last for 7 years.

Stop by the authorized dealer below and pick up a free sample of NYLENE. Or get 50¢ off your first quart, one-dollar off your first gallon.
