

HOWARD F. KILLEN EYES STANDARD BRED POST

A Milford resident, who had been employed in Harrington many years in the grain and as a likely candidate as executor of the Delaware Standardbred Development Fund.

The leading candidate is Howard F. Killen, brother of the newly elected chairman of the Kent County Democratic Committee, Ernest E. Killen.

Conservation Club Activities

Fix it up; clean it up! These are the objectives of the Lake Forest High School Conservation Association. This club has been in existence for three years under the advisement of Kary Kirsner. The members and President Sven Osmundson hope to promote an understanding and interest in our local ecology and environment. There are approximately 50 members who meet semi-monthly to organize practical and worthwhile projects.

Among these beneficial projects was the reforestation of a tract of land behind Lake Forest High School. About 2,500 trees were initially planted. Another planting of an additional 100 seedlings is scheduled for this spring.

The nature trail, which is on a tract of land behind the high school, encompasses many phases of environmental studies. Included in this study is the reforestation site plus an area showing the results of erosion. This plot also depicts a marsh, a flowing stream, and woods. In this area can be found oak, tulip poplar, hornbeam, dogwood, persimmon, birch, gum, maples, and pine plus a number of shrubs, ferns, mosses, grasses, and plenty of birds and waterfowl.

The members have constructed one floating dock. Now they are in the process of constructing a second so that observation and sampling of the water life is convenient. The association owns a small boat for use in studying the water environment.

Attending meetings and visiting environmental sites is another activity the Conservation Association has become involved in. They have made trips to Bombay Hook, Assateague Island, and Cape Henlopen. Twenty members attended the meeting at Rehoboth on Jan. 11, concerning the deep water port. Several members have attended and are planning to attend meetings of the Governor's Youth Council on environmental affairs.

The association plans to continue the reforestation projects, and refine the nature trail so it will adequately meet the needs of the school district. They are hoping that the teachers and students will utilize the trail and surrounding area to their advantage.

Chairman Killen said Saturday he had nothing to do with the appointment and his brother had applied for the position last fall after the elections. He added his brother was unemployed.

The brothers had been active in Killen Grain Company sold last August to Central Shore Commodities Inc., of Salisbury. Ernest E. Killen still sells feed to horsemen.

The actual selection to replace Kenneth Walls in the \$13,000 post is up to John Babiarz, secretary of the Department of Administrative Services.

BPW Club News

The Harrington Business and Professional Women's Club held their regular meeting on Feb. 19. An International Candlelight Service conducted by State President Miss Abi Atkinson and State World Affairs Chairman Miss Bonnie Coggins was presented to members and guests of the club. BPW members from the three counties of the State attended. Our club president, Mrs. Carolyn Dill, assisted by Mrs. Betty Lord, State Membership Co-Chairman, conducted a new member induction service and welcomed two new members, Miss Nell Bausell and Mrs. Betty Lou Hoffman to our club. State President Abi Atkinson presented them with Certificates of Membership.

At our regular Jan. meeting Miss Celia Ribiero, a foreign exchange student from Brazil showed many interesting slides of her homeland. Miss Barbara Blackman of the Lake Forest High School showed slides of her visit to Turkey. Miss Blackman was a guest of a family in Turkey last summer and gave a most informative presentation of her visit.

Asbury W.S.C.S. News

"Prayer" was the theme of the program provided by Mrs. Norman Toadvine for the March meeting of the United Methodist Women of Asbury Church on Tuesday evening. Using scripture, poetry and prose readings she spoke of the importance of prayer in the daily lives of everyone.

Mrs. Elgar Graef led the devotions for the evening using "The Hands of God" taken from a book by Peter Marshall for her meditation.

Mrs. Mabel Jones was introduced as a new member of the Rebekah Circle.

Refreshments were served by the Dorcas Circle, Mrs. William Brode, leader.

Roth Says Distance And Delivery Time For Mail 'Consistent Pattern Of Inconsistency'

Senator Bill Roth released the contents of a letter he wrote to Senator Gale W. McGee, chairman of the Post Office and Civil Service Committee, regarding existing problems in the mail service, and (1) urging that the committee investigate the possibility of a temporary restricting of handling third class mail; (2) requesting that the State of Delaware be selected as one of the cities in the United States for postal investigations; and (3) commending the mail carriers for their "friendliness and courteous attention to their work."

The Senator pointed out he has received many complaints from Delaware: "Many per-

sons on Social Security and other pensions have expressed concern over long delays in receiving checks. The business community has experienced difficulty in planning cash flow because of delays in receiving payments from debtors. Others are distressed about receiving damaged packages."

Roth continued: "The objective of the postal reorganization was to provide postal services promptly, reliably, and efficiently. But, as one person wrote me, 'it seems as science advances and the postal system becomes more complex, the efficiency of the system deteriorates.' Clearly, the failure of the service to live up to the stated goals has inconvenienced all of us and, in many instances, caused financial loss to individuals and businesses."

The Delaware legislator sympathized with problems facing post offices and postal workers, but said he shared the "utter frustration" of Delawareans in facing unreasonable mail delays.

Rape Charge

A Harrington man has been charged with raping a Felton woman, it was revealed Monday night when the local police department issued a prepared statement at a meeting of the City Council.

Warren William Bader, 29, was arrested by local police arraigned at Court 7, Dover, and committed to the Delaware Correctional Center at Smyrna in default of \$25,000 bond, said the statement signed by Patrolman Paul Davis, investigating policeman.

The statement added police had received the complaint Sunday, the victim had been forced into a vehicle in a garage near Center Street and Weiner Avenue.

Felton, Frederica Votes Cast

Residents of Felton and Frederica went to the polls Monday to fill seats on their town councils.

In the five-man council race in Frederica, incumbent Councilman George H. Nashold Jr. and Wallace Wooten were re-elected. Lawrence W. Betts was elected to fill the third of three council seats up for election.

Wooten received 145 votes; Betts 132; Nashold, 125; Ezekiel Dill, 109; and incumbent Councilman James Woodland, 107. 321 town residents voted at the town fire hall. A mayor or will be selected from among the councilmen at a reorganizational meeting later this week.

In the four-man council race in Felton, incumbent Councilman Dale Hammond was re-elected. Dwight Stevens was elected to fill the other council seat on the ballot.

Stevens received 37 votes; Hammond 34; Danny Gaylean 12; and Fred Greenly III, 8. 46 residents cast ballots. A mayor will be chosen from the new council at a meeting next Monday night.

Foster Grandparents Program

There are many men and women over sixty finding fulfillment by helping to care for underprivileged, handicapped and retarded children through the State program of Foster Grandparents.

Virginia Van Pelt is the manager of this state-wide endeavor. In Kent County, Beulah Wylie is the supervisor and in Sussex County, the supervisor is Terry Blaxall.

At the Hospital for the Mentally Retarded, in Stockley, there are forty foster grandparents serving the residents. They are bussed five days a week and work four hours daily and paid a minimum salary. Besides benefiting the children, they find much fulfillment themselves, knowing they are bringing love and care where needed. They are trained to help the children to develop skills, participate in music and games. Other areas in which they work are at the Detention Home and the Head Start Program, also with special education in public schools.

Twenty Years Ago

Fri., March 6, 1953

The Kent & Sussex Racing Association has been allotted 20 days in May by the Delaware State Harness Racing Commission. 1st Lt. Lyman R. Price, on of Mr. and Mrs. George C. Price, 7 Millspion St., has received a distinguished service cross for flying in Korea.

City Council Monday night voted to extend the Delaware Avenue Water mains to the City limits.

The Pennsylvania Railroad ferry, Elisha Lee, went into drydock for its annual Coast Guard inspection, temporarily halting direct service between Cape Charles and Norfolk. The railroad will continue to operate its day and night trains from New York to Cape Charles, via Wilmington. Buses will meet the trains at Cape Charles and carry passengers to the mainland by way of the Kiptopeke Beach auto ferry which terminates at Little Creek.

Miss Elizabeth Ann Greenly and Miss Rosalie Williams, niece of Mrs. Anstine Stafford, were among the 47 student nurses who received caps at the exercise at Delaware Hospital, at Emanuel Baptist Church, Wilmington, Friday.

Bob, a foxhound owned by George Sullivan, and entered by Henry Wyatt, was judged the winner last Wednesday in field trials near Whitelysburg. Judges were Bill Bright, Benmie Rash and Eddie Kibler.

Wayne Creadick, of Felton High School, downstate scoring star in basketball last year is again setting the pace.

Mr. and Mrs. Wayne Rawdwin visited Mrs. Fount Billings Sunday. Mrs. Billings is improving after an operation at Albert Einstein Hospital, Philadelphia.

Miss Shirley Harrington spent Wednesday in Philadelphia.

Coming Events

The Burrsville Ruritan Club will sponsor an auction on Sat., March 17, at 7 p.m. at the Taylor and Messick's Shop. Homemade cakes and pies, new and used items and dressed chickens will be for sale.

On Thursday, March 15, the Rev. Charles E. Covington, from Epworth United Methodist Church in Rehoboth, will be the speaker. He will bring with him a young group of singers called God's Flock.

Weight Watchers meet every Tuesday evening at 7 p.m. at Harrington Senior Center. Must have 25 members present each week to hold class in Harrington. New members accepted weekly. Come and be counted.

Bake Sale - Sat., March 31 at Woolco in Blue Hen Mall, Dover, 10 a.m. till sold out. Money used for scholarship for graduating Senior interested in medical career.

The City of Harrington will hold an election for annexation of land, the greater part of which is planned for a major industry.

City Council Monday night agreed to hold the referendum, to be conducted by the Kent County Board of Elections Thurs., April 5 from noon to 7 p.m., at the City Hall.

The land comprises some 70 acres on the eastern side of U.S. 13 from Gumdrops Inc., to a branchline of the Penn Central and includes properties of Milton (Pat) Hubbard,

Cadillac Realty, Capital Shopping Center and Draper & Grier, better known as the Progress Corporation of Milford.

The annexation was prompted at the request of the Progress Corporation which plans to sell some 61.2 acres to Consolidated Thermo-Plastics Corporation, an affiliate of Dart Industries and El Paso Products Company, which plans to build a \$1-million plant to manufacture backing for diapers. The parent companies are some of the largest in the nation.

Generally speaking, each person in the territory to be annexed is entitled to one vote with property owners entitled to one vote for each \$100 of property of fractional part thereof.

If the property is annexed, the Planning & Zoning Commission of the City will hold a Public Hearing on rezoning the Progress Corporation land to manufacturing.

The commission will then vote on the request for rezoning of the Progress Corporation tract formerly known as the Greenway land.

The decision of the Planning & Zoning Commission will be merely a recommendation to the City Council which will have the final say.

The plastics company has evinced a desire to start construction work as soon as possible.

In other business, the Council heard or acted as follows: Agreed the Planning & Zoning Commission will hold a public hearing at 7:30 p.m., Monday on the request of Gayle Smith to rezone the former property of Harrington Motor Company, 24 Clark St., from commercial services to manufacturing. The Aetna shirt company wishes to transfer its cutting room from a plant which will put in 20 sewing machines in its nearby Clark Street installation.

The motor company's present quarters house the Suzuki Sales which may build on U.S. 13. Received a new phone number, 398-4494, for daytime police. Heard letter from Ace Manufacturing Company saying its water and sewer rates were too high but took no action. Heard request from service station for lower water rates, which would also result in lower sewer usage fees and decided to have the city manager check on meters used by

Biden's Office Accepting Applications

Senator Joe Biden Jr., today announced that his office is accepting applications for admission to the United States Merchant Marine Academy, Kings Point, N.Y.

Anyone interested in applying may call Senator Biden's Washington office (202-225-5042) for further information on requirements.

Applications will be accepted through March 14.

Agricultural Industry Will Honor Governor Sherman W. Tribbitt And Members of 127th General Assembly

Delaware's agricultural industry will honor Governor Sherman W. Tribbitt and members of the 127th General Assembly at a dinner-dance in the Dover Armory on March 24.

More than 500 persons are expected to attend the affair arranged by the Delaware Council of Farm Organizations and sponsored by some 150 individuals, firms and organizations associated with agriculture in the state.

"This will be the third annual agricultural dinner," said John T. Tarburton, dinner chairman, "and once more our purpose is to emphasize the scope of our vital industry and its importance to the economy of our state. It is especially appropriate this year since we have among our guests a

number of newly elected state officials."

Tarburton said the affair would begin with a reception at 6 p.m., followed by a buffet dinner featuring a wide variety of Delaware agricultural products. A dance will follow the dinner.

Other invited guests include Senator William V. Roth Jr., Senator Joseph R. Biden, Congressman Pierre S. duPont IV, members of the governor's cabinet and staff, state elected officials and the press.

In addition to Tarburton, the dinner committee includes Secretary of Agriculture M. Martin Isaacs, Ernest F. Smith Jr., executive secretary of the Delaware manager of Southern States Co-operative and Howard Papen, Council of Farm Organizations president.

KENT COUNTY CURRENTS

by

JOSHUA M. TWILLEY
Levy Court President

The recent increased cost for private garbage collection has resulted in a number of calls to the Levy Court.

Kent County has a new law which provides that residents may petition for a garbage collection district for their area. If the residents vote in favor of this, the Levy Court will advertise for competitive bidding for the garbage collection and assess the charge to the real estate tax of the property owner in this district.

At the present time there are five suburban areas in collection districts, and two more have recently made requests for this service.

Under this new county program the cost has averaged less than \$2.00 per month. This is about 1/3 the cost of private collection. The annual

savings to the residents is over \$50.00 per year and often exceeds their county tax, of 39c per \$100.00 assessed value, so it is no wonder that the county has been receiving requests to expand this service. Any residents desiring more information on how they can take advantage of this county garbage collection service should call the Levy Court at 674-1602.

Some other new county services recently started include, road identification signs at the intersection of all county roads, and street lights in suburban areas. We will also have county sewer service and an emergency fire dispatch center, within the next few months.

Still under construction is a joint use airport agreement.

Felton

By Mrs. Walter Moore

The Felton United Methodist Church March 4, Rev. John A. Massimilla, pastor. The Sacrament of the Lord's Supper. Rev. Massimilla's communion meditation was "Do This In Remembrance of Me". Miss Mabel Maloney

Miss Mabel Maloney, 85, of 302 City Line Ave., Merion, Pa., died Wed., Feb. 28, at Lankenau Hospital, Philadelphia, following a long illness.

Miss Maloney was born in Milford, and had lived in Philadelphia most of her life. She never married.

She is survived by a sister, Mrs. Lena Duke of Merion.

Services were held Saturday morning at the Berry Funeral Home, Milford. Interment was in Odd Fellows Cemetery, Milford.

Hershell S. Tindall

Hershell S. Tindall, 70, of Farmington died Friday at the Delaware State Home and Hospital at Smyrna after a short illness.

Mr. Tindall was a retired machine operator.

He was born in Camden, N.J., and had lived most of his life in the Farmington area.

He is survived by his wife, Mrs. Edna Tindall; a stepson, William Fleischauer of Greenwood; two brothers, Everett of Phoenix, Va., and Clarence of Chester, Pa.; three sisters,

Mrs. Louise Ebling of Ridgely, Md., and Miss Ella Tindall and Miss Esther Tindall, both of Chester; and three step-grandchildren.

Services were held Sunday afternoon at the Fleischauer Funeral Home, Greenwood. Interment was in Hollywood Cemetery, Harrington.

New Century Club Notes

The Harrington New Century Club held its regular meeting Tues., Feb. 27. Mrs. Joseph L. Brinster presided at the business meeting.

Mrs. William A. Taylor opened the program by having Mrs. Charles L. Peck lead the members in their club song.

Mrs. Taylor introduced George W. Cripp as the guest speaker.

Mr. Cripp's subject was "Law Observation". He brought out with examples that public opinion has influenced the lives of many people and that these people become a tool to propaganda and their techniques.

Mr. Cripp stated that propaganda seeds are planted by T.V. shows and newspaper reporters, to name a couple, National and State side, these things create and strike public opinion. This influences what causes a person to form this opinion. In law and order the same thing is true.

Mr. Cripp stated that citizens could help newspapers and calling T.V. shows and radio programs when they disagree with them.

Mr. Cripp concluded his address by saying "Be Proud To Be An American, Fly your

flags at home. Tell your neighbor that you are proud to be an American and to live here in this wonderful country. This is great country and we are going to keep it this way."

The next club meeting will be March 13 "Trip To Dockside". Mrs. William Stokes, Chairman. The bus will leave People's Service Station at 8 a.m. and will arrive home around 6 p.m. The other committee members on Mrs. Stokes program are Mrs. Oscar Dickerson, Mrs. Harry D. Adkins, Mrs. Frank Derrickson, Mrs. Clarence Billings.

Peach Blossom 4-H News

There were 42 members present for roll call at the February meeting, making 100%. Leslie Smith and Jenna Laslocky led devotions and named the following February sweethearts: Mark Belcher, Judy Back, Linda Newnom, Joyce Hinzman, Steve Laslocky, Donald Hopkins, and Mrs. Messick, our leader.

Paul Garey, John and Jeff's father, was our guest and presented a program on racing pigeons. He brought several pigeons with him, including some newborn, and told about the care and training required for the birds.

Demonstrations on wood-working were given by David Mesibov, Jay Cahall, Shawn Bowman and John Garey.

Members entered in the Delmarva Pork Poster Contest are Lisa Clark, Brenda Clark, Debbie Hopkins, Christine Marsh, James Marsh, Walter McIntire, Allen McIntire and Rochelle Messick.

The Kent County Variety Show was held on Feb. 7 at Caesar Rodney School. Our blue ribbon winners were Lisa and Brenda Clark with an accordion duet; Marilyn Harcum played a piano solo; Donald Hopkins vocal solo; and 12 girls in a school days skit. Mark Belcher and Glen Divil received a red award for their trumpet duet as did Walter and Allen McIntire for a vocal duet.

Coming events are Reddy Foods Contest and Food Judging Competition on March 10, Junior Broiler Program begins March 16.

Refreshments were served by Brenda, Debbie, Donald and Kathi Hopkins.

Cub Scout News

Pack 76 of Harrington will hold its annual Blue and Gold Banquet this Sat., March 10, at 6 p.m., in the St. Bernardette's Church Hall. This event which will be attended by the Cub Scouts, their families, leaders and invited guests, climaxes the celebration of the sixty-third anniversary of Scouting. The program to follow the covered-dish dinner will include awards and a magic show.

Arrangements by McKnatt Funeral Home, 50 Commerce St., Harrington.

Lee T. Henry

Lee T. Henry, 13, of 317 Calvin St., Harrington, died Saturday at Delaware Division, Wilmington, after a long illness.

He was born in Taunton, Mass., and lived in the Harrington area most of his life. He was a student at Lake Forest Elementary School, Harrington, and a member of the Church of Jesus Christ of Latter Day Saints, Dover.

He is survived by his parents, Mr. and Mrs. Richard L. Henry, Sr., a stepbrother, Richard L. Henry Jr. of New Orleans, La.; a half sister, Miss Norma Frost of Harrington; his maternal grandmother, Mrs. Floyd W. Thayer of Taunton; and his paternal grandmother, Mrs. H.C. (Katie) Austin of Harrington.

Services were held Monday morning at the Church of Jesus Christ of Latter Day Saints, Lebanon Road, Dover. Interment was in Hollywood Cemetery, Harrington. In lieu of flowers, the family suggests contributions to the building fund of the church, in care of George Badell, R.D. 1, Box 256E Dover.

Arrangements by McKnatt Funeral Home, 50 Commerce St., Harrington.

HOMEOWNERS CORNER

by HARRY JACK

A screw anchor is the only way to apply fixtures to plaster, cement, stucco, brick, stone, marble or concrete. Drill a hole in the base material and insert an expanding anchor or shield into the hole. The anchor may be metal or wood. Most plugs are made of either lead or plastic cases which expand as the screw is held tight and inserted. Other anchors are made of tapering soft metal which expands as the screw is inserted.

We not only carry a complete selection of building materials, but also provide helpful service. All your homeowners and contractors supplies can be found at HARRINGTON LUMBER & SUPPLY, Harrington, 398-3241. We know to assist you and often can save you time, money and inconvenience. Your questions and inquiries are always welcome, and since we don't have to contend with expensive overhead we pass the savings on to you. Open: 7:30 a.m. - 5 p.m. Mon. thru Fri., 7:30 - noon Saturday.

Poems from Paradise Pastures

By W. Cliff Miller

A lot has been said here from time to time about the "Down-Home" folks and why we all admire them. The Feb. 22nd issue carried a live-wire, down-to-earth story under the caption: "What can Four Women Do?" Our hats are off to Dorothy Graham and her three buddies, Norma Minner, Edna Gruwell and Mrs. Sam Cloud (all native Down Homers) who really put us on the map and we are mighty proud of them. They knew what to do and did it joyfully under adverse circumstances.

The Return

Back home again from roving,
Stranded in storm, a lot of fuss
Met host of pleasant people
All the world seemed good to us.

Now we're back among the home-folks
And amid the scenes most dear
Where our loved ones made us welcome
And the blue sky seems more clear.

Benson, Ed Thompson Win Jersey Runs

They are learning about Harrington and Felton runners, on the Philadelphia-New Jersey, Road Runners Club, winter circuit. As Feb. drew to a close, "Steady Eddie" Thompson and Harry "Smooth" Benson, each made one last start before the high school track training season began.

At Glassboro, N.J., sophomore, Thompson, No. 1 Lake Forest cross-country runner, shadowed two, New Jersey rivals for almost three miles, then kicked past both at the tape, to win a 3 miles plus test in 11:31, a very fine performance on a rough course. Freshman Benson, ran in the 13-14 class and won his fourth race in as many starts. Benson covered 2½ miles in 13:42. Harry previously won races in Philadelphia, Woodbury and Camden, N.J. Both received trophies, now on display at Lake Forest.

Maurice Coverdale, age 9, was second and first in earlier 12-and-under tests. Hampered by a recent illness he was fourth in a mile run at Glassboro in 5:55. This was an excellent performance.

New comer, Bruce Tolson, a tall, slim 10-year-old made his competitive debut in 5:59, in fifth place. Bruce can be a very, fine miler some day, if he keeps his interest. Mark Miller, 10, was a few seconds behind in seventh spot. Miller is better at two miles, but did his usual good job.

Little League News

The final registration day for this Saturday, March 10, is for the Senior, Little and Minor League divisions. Time is 1 to 4 p.m. at the Lions Club Building on West Liberty St.

There will also be a citizen's meeting at 7:30 p.m., Thursday, March 15, over the top of the First National Bank building. Everyone in the community, interested in the Little League, is asked to attend.

The league is still in need of male help, so if there is anyone in the community willing to sacrifice a little time for the sake of the young baseball aspirants in the league, please call Kenneth Baker 398-8421.

Six Boys' Sports Seen Enough For Lake Forest

For the last few years rumors have been circulating that Lake Forest High would start teams in golf, tennis, soccer, swimming, gymnastics, etc.

This writer has always been willing to support any of the six boys' and three girls' sports teams, at Lake Forest High, with the provision, that coaches or team managers, get on the horn (telephone) and give us the information, they wanted used on the sports page. Some sports get very little coverage because we get very little information from some coaches.

We strongly urge that no new sports for boys be added to the present program, at Lake Forest. We feel that the reasons for our stand are obvious to the thinking persons in our area.

Lake Forest High is in an isolated location, which makes it difficult for athletes to participate. Some students live as far as 18 miles from the school. The activity bus is a big help, but many kids still can't find transportation. For example, an athlete from Burrowsville rides the activity bus to Felton, Plymouth, Frederica and arrives in Harrington at 6 p.m. He is still 10 miles from home.

Draw a circle around Lake Forest High, extending two miles in each direction. How many potential athletes live inside this circle? The answer is very few. Draw, a similar circle around eleven other Henlopen Schools and you get an entirely different picture. Imagine how many people live within two miles of Dover High, how about Caesar Rodney, Milford, Seaford, Smyrna, Laurel, Cape Henlopen, Sussex Central? These high schools are all located in town and as a result many athletes have little or no transportation problem.

Woodbridge and Delmar aren't in bad situations either. Finally, Dover Air, although small in terms of numbers, has their entire student body, with half a dozen exceptions located in base housing, a short-distance from school. Dover Air has no boys, for example, who can't compete in sports, because of farm chores.

Only Indian River appears to be in a like situation with regards to the transportation problem.

Another aspect is the number of kids who aren't interested in any sport. Some can't wait to get a job so they can support a set of wheels. Some kids have no athletic ability whatsoever. A number of parents won't let their kids compete, because Junior brought home a report card with a B on it, or a C, (horrors). We've previously mentioned the farm chores, which keep some boys off sports teams.

It can be readily ascertained, that the number of students who have ability, desire and transportation, is much smaller than the total male enrollment. The Spartans have two, successful boys sports for each season of the year. Football under Al Wood usually ends up annually on the plus side of the ledger. A quarterback injury kept the Spartans from taking three out of four.

Cross-country, under Jim Blades in 1972, maintained the locals' proud boast of 15 winning seasons in as many years. Cross-country is the only sport in which Lake Forest has won a state championship thus far. Two more were earned at Harrington High in 1963 and 1966. Another could be captured by Lake Forest in 1973, since no one graduated from the strong '72 squad.

Basketball saw Lake Forest place two players on the All-State first team in one year, in the persons of Ken Copper and Chris Moore.

In baseball, Lake Forest was runnerup for the state crown, one year, losing by one run in the final.

In track, the Spartans come up with five prospects year after year and are continually upgrading school marks in most events. Chris Wetherhold is the only Spartan in any sport to win an individual state title, winning the mile run, two straight years.

In wrestling, Lake Forest, is one of the top teams most years and is going to have an individual titlist, one of these winters. Louis Starkey and Steve Welch were H.H.S. state meat champions.

Back in the middle fifties both Harrington and Felton High played two sports, basketball and baseball. Two add a third team to the fall, winter or spring schedule would be spreading the talent too thin. The result could very well be three mediocre teams, instead of two, winning ones.

It is our feeling that not many new kids would come out for a new sport. Probably most of the athletes would be enticed away from the other two seasoned teams, weakening both of them. Then too, money to start a new sport would have to come from somewhere, probably causing the six sports Lake Forest now has to do without necessary equipment, curtail schedules, etc., to some extent.

Let's not worry about the sports offered at the larger more metropolitan schools. Let's resist pressure from other Henlopen Conference Schools to add tennis, golf and soccer teams, so that they can cut down on their travel expense. They've made their beds, let them lie in them.

Lake Forest has a good, athletic program. Let's not dilute it any further. Better two, good teams a season, than three mediocre ones.

Maryland 4-H's Visit Local Club

Four members from Damsel R. 4-H Club and their leader, Mrs. Dan Shortall, of Queen Anne, Md., were guests of the Harrington Sunshine 4-H Club on Feb. 5, at St. Stephen's Social Hall.

Cecilia Riberio, our AFS student from Brazil, who is staying with Mr. and Mrs. Albert Mason, was our speaker. She spoke on some of the customs and showed beautiful slides of her country.

She said students wear uniforms to school and there are three sessions of school in one day; morning, noon, and evening. There is no need for baby sitters if mothers work, because the students attend only one of these sessions depending on their age and there is always some member of the family home.

Louis Newnom Wins Table Tennis Tournament At L.F.H.S.

Lake Forest's annual Table Tennis Tournament was held Feb. 14 through March 2, during the student lunch periods and after school. Forty-one boys and two girls participated for the first and second place trophies and third and fourth place certificates. First place went to Louis Newnom, a senior, and last year's champion. Lawrence Haldeman

Safety In The Home

By Rhonda Messick

Falls cause nearly half of all the accidental deaths that occur in the home. Slippery floors, unmended worn spots in rugs, loose treads on stairs, and objects carelessly littered about the home are major causes of falls.

If you and the people in your home follow these simple rules, your home will be a safer place in which to live.

1. All stairways should have handrails that are in good condition.
2. Place light and light switches at both ends of stairways.
3. Walk up and down stairs carefully.
4. Never leave objects on stairs or floors.
5. Buff waxed floors to make them less slippery.
6. Do not place small rugs on slippery floors.
7. Use rubber underpads to anchor rugs.
8. Keep rugs and carpets mended.
9. Wipe up spilled liquids immediately.
10. Cover icy sidewalks with salt, sand or ashes.
11. Place rubber mats in shower and bathtubs.
12. Put gates at the head and foot of stairs, and strong hooks on windows screens to protect small children.
13. Fasten children securely into carriages and high chairs.
14. Never overburden yourself with packages or heavy objects.
15. Turn on lights before entering dark rooms.
16. Do not sit on window sills, lean out windows, or tilt back in chairs.

Building Permits

Benjamin F. & Emily Hughes have received building permits for the construction of two houses, \$15,000 each, on Shaw Avenue. Tischer & Farrow has also received permits for two houses on the same street at the same price.

came the holder of second place while third place went to Greg Smith, last year's second place winner. Ray Blanche won the fourth place position.

The Finals were held March 2, at 12 in the lobby with the Consolation games immediately following them. To become the champion, Louis Newnom had to win three out of five games. The competition lasted through all five games showing that both competitors were equally matched. The scores of the games were as follows: 21-14, Newnom; 21-16, Haldeman; 21-19, Newnom; 21-16, Haldeman; 21-16, Newnom.

Student referees were Louis Newnom, Greg Smith, Jack Parker, and Ronald Harmon. Mr. Young a faculty advisor, organized the tournament. He was assisted by Miss Tiley, Mr. Wood, and Mr. Claycomb, also faculty advisors.

The tournament was very successful and rewarding to all who participated. It was enjoyed not only by the participants but by the students who came to watch and root for their favorite players.

W. T. Chipman Sports News

Chipman Girls Upset Selbyville Re-ord

Chipman girls team defeated Selbyville 20-17. The girls played a very good game. In the first half Chipman girls were losing by 12 points. Then the second half Chipman girls came alive with good rebounding power and shooting power. Scoring were Paula Williams 8; Betty Winder 3; Tanya Perry 4; Kathy Wheatley 3; Gwen Harrington 2. Playing in the game were Lorraine Travis, Paula Williams, Betty Winder, Tanya Perry, Gwen Harrington, Sharon Powell, Linda Stephenson, Kathy Wheatley. Coached by Violet Testerman.

Chipman Defeats Laurel

Chipman girls defeated Laurel team yesterday with a score of 22-17. Chipman girls lost some of their power when Betty Winder, Gwen Harrington, Linda Stephenson and Paula Williams each had 4 fouls. Then is the third quarter Chipman girls turned on.

Chipman Record is now 4 wins and 4 losses. Playing in the game were: Kathy Wheatley, Gwen Harrington, Tanya Perry, Paula Williams, Linda Stephenson, Betty Winder, Sharon Powell, Eileen Ryan, Sandy Clough, Barbara Miller, Denise Pitlick, Lorraine

Travis, Janie Warren and Pam Benson. Coached by Violet Testerman. Scoring was: Tanya Perry 8; Gwen Harrington 8; Paula Williams 3; and Sharon Powell 3.

Tumbling Assembly

W.T. Chipman is going to have a tumbling assembly. It will last for two hours during school. The instructor is the student teacher Martha Everett. Several students will be participating in this program. Miss Everett has been teaching the many different stunts, such as: fish flop, forward roll, head stand, frog stand, bear dance, human rocker and many different other stunts. The Master of Ceremony will be Tanya Perry and Ellenteen Perry.

commercial establishments. Heard tax list will soon be hung and appeal night will be held Mon., March 19 at 7:30 p.m., at the City Hall.

Heard all city streetlights had been upgraded to mercury vapor lights. This program started under the reign of Mayor Luther Hatfield.

Heard the City was supposed to have its water fluoridated by Jan. 1, 1973. After hearing Dover and some other communities had not had their water treated likewise, Mayor William Minner recommended "a delaying action" and that's what took place.

Read letter from the State Department of Public Transportation about traffic jams on Commerce Street at Gains Alley Fridays from 5 p.m. to 7 p.m. The Police were instructed to supervise traffic at People's Bank which has a drive-in window in the alley.

Heard City Manager Jack Harrington state word had come back to him that someone stated that Warren Brothers had blacktopped a driveway for free of charge. Harrington presented a canceled check and a receipted bill to substantiate that Warren Brothers had been paid for the work done.

TOWN AND COUNTRY TOPICS

FRANCIS WEBB
KENT COUNTY AGENT

"NO-TILL FIELD DAY?"
Now that I have your attention, I want to inform you of a No-Till Planting Field Day that's being held this spring on April 25th.

The site for this Field Day is on Rt. 13 at the Elbert Harrington farm in Felton. The program is scheduled to begin at 1:30 p.m., with the highlight of the day being no-till corn planting demonstrations by the various manufacturers of no-till planters.

The University of Delaware Co-operative Extension Service is designing this field day for farmers throughout the state that want to learn more about no-till planting and the various "do's" and "don't's" that are involved in this new cropping technique. We will have all of the no-till planters there from the various manufacturers and each will plant approximately four acres each.

So, get the date of April 25th, 1:30 p.m., down on your calendar for the No-Till Planting Field Day, and spread the news to your neighbors about the no-till demonstrations.

Most farmers are aware of the soybean market for this coming year. To date, we are seeing future prices for next October-November delivery that have never been seen before.

I think you as a grower should seriously consider committing part of your crop to this known figure. When futures are in the \$4 range, there is a most definite profit margin in soybean production. Most true farmers that expect to stay in business in the future should weigh the idea of obtaining good profit margins in their crop production and not weigh heavily the possibility of very high price commodities just by happenstance.

As most of you probably realize, the \$6 beans that we are seeing now are a result of tremendous demands created by a short supply due to weather conditions during harvest in the south and mid-west. Logically looking at this situation, we can say this is a demand and weather price, rather than just a demand price. In other words, if we had harvested all the beans that were planted with no severe problems, such as we did have, we would not have \$6 beans. Therefore, weigh the following two facts when thinking about selling part of your crop now for future delivery.

First, there is still a great demand for soybeans projected for this harvest season. Remember though, that without some severe problem that would hamper total production, we are not likely to see very high price beans. I believe that this year without the severe weather problems, beans would have been in the

\$4 range at the very top.

Secondly, remember that there is going to be a lot of beans planted this spring, the largest acreage ever before. All of you will be harvesting at the same time and trying to deliver to the same markets.

I would predict that unless you have a place to store beans to wait for the increase in price, which will be the reflection of demand, you may see relatively low price beans. I have crystal balled this situation to some degree and put reasoning into this the same as you should put reasoning into your entire farming operation.

We are not farming today waiting for the situation to get rich. The farmers of tomorrow are the farmers of today that are managing their operation for top profits rather than just holding on for that big year in which to try to get their head above water.

If you have comments on this, or would like suggestions, feel free to call me at 736-1448.

Now that we have gotten the market situation taken care of, let's make sure we do the best job of growing these beans.

The following steps should be taken to insure yourself of an optimum bean crop: Have your soybeans tested for germination. This is a free service through your State Department of Agriculture's Seed Lab. They are located near Camden, northwest of the traffic light on U.S. 13.

Prepare a good seed bed. This involves a firm, but not compacted surface that's relatively free of large clods. Do not overwork the soil.

Select a good variety and plant it at the proper time, proper depth, and at the proper planting rate. The rate varies with the variety, but generally, 35 to 50 pounds in rows is adequate.

Soybeans will respond to fertilizer; however, it is not as dramatic as corn. Generally, a 10-60-60 rate of actual NP&K is recommended. Choose the correct herbicide, and we do have some good ones, and plan on one cultivation.

If you have done all this the best you know how, which is implementing the information given above, you should prepare your combine for an overload, because you will probably have the best beans you have ever grown.

It Seems To Me

Janet Reed
Ready to sew your spring wardrobe? There is something about the spring season that makes us want to discard all our old clothes and start anew. We may not be able to do that, but maybe we'll have one new spring outfit. And if you sew, maybe you can have a whole new wardrobe.

If you're one who follows fashion trends, here are some forecasts from fashion sources.

This is one season to think pink. I have heard there are three kinds of pink (pink, pink and pink). This spring we seem to have pink and pink, for colors are softer but clear, not grayed colors; nor the very vivid, intense colors of past seasons. Green is also a fashion leader, and pink and green combinations are popular.

Even though colors in general are softer and more delicate, you can still find brights, neutrals and dunks. So you can select those you prefer and find most becoming. Of the neutrals, white is important by itself or with color.

Besides the pink and green combination, other favorites are red, white and green; and red, white and royal.

Polka dots in all sizes and combinations of sizes dominate the print scene. Geometric designs are small and have dimension. These print directions are said to be ones which will carry over to fall.

There are plaids and checks of all types—window pane checks, tattersall checks, plaids on the diagonal, fine-line plaids, pastel colors, seersucker plaids, checks in all sizes, combinations of large

and small checks.

Stripes are changing direction—vertical now instead of horizontal.

The whole direction of fashion this spring is to be a more refined, sophisticated look. The gracious lady is returning to fashion.

There are contrasts in the picture, from tailored sportswear to the sweet, innocent look with ruffles, lace and eyelet embroidery.

So once again, there really is something for everyone. Know your own style and choose from the fashions available only those clothes that suit your tastes and way of life. The day is past when we are slaves to fashion, but fashion does influence those clothes and fabrics from which we make a choice.

Lime Is Important For Healthy Lawns

Homeowners should be suspicious of claims that lawn grasses don't require lime or that keeping soils acid will help control weeds. According to Dr. William H. Mitchell, extension plant scientist at the University of Delaware, some of the most trouble-some

weeds, red sorrel, cinquefoil, nut grass and crabgrass, grow well in acid soils.

Soils tend to become acid whenever there is abundant rainfall. Calcium and magnesium, the principle nutrients that counter acidity, are leached out of the soil by rain, leaving the acid-forming elements behind.

Acid soils become hard and caked, often creating runoff problems and preventing plants from obtaining necessary moisture. Lime can help improve the structure of these soils and increase the water-holding capacity of the ground.

Acid soils also interfere with the natural decay of thatch, leaves and clippings in lawns. Lime helps break down this material and produces a valuable humus at the same time.

There is no such thing as an instant liming program. If your lawn is not well limed, it is almost impossible to eliminate the acid condition in a single year, Mitchell says. Lime often requires three or more years to mix with the soil and complete the desirable chemical changes.

In general, it takes about 50 pounds of ground limestone per 1,000 square feet of lawn every three years to counter

the acidity that develops from decayed clippings, leaves and normal applications of fertilizer.

Often homeowners who want a small area are confused by instructions which give rates in pounds per acre. The same problem often applies to fertilizer, also.

As a rule of thumb, remember that for each 100 pounds of fertilizer or lime recommended per acre, you need 2 3/10 pounds for each 1,000 square feet of garden. This equals 3 7/10 ounces, or approximately a half cup, per 100 square feet. If the rows in your garden are spaced three feet apart, this would be 2 1/2 tablespoons per 10 feet of row.

If the recommendation is for 400 pounds of fertilization per acre, multiply the above figures by four to get the amount to use.

It is very easy to apply too much fertilizer on small areas, resulting in plant injury, so measure carefully, Mitchell says.

Horse Clinics - March 17

The Delaware Co-operative Extension Service will sponsor two riding and schooling

clinics for horsemen on March 17.

Under the direction of Mrs. Beatrice Campbell of Dover, the two-hour clinics will be held at Carlotta Hampson's Stables two miles south of Odessa on Route 13. The morning clinic will run from 10 a.m. to 12 noon, while the second session will start at 2 p.m.

Each clinic will examine practices that can produce unsoundness physically and mentally in horses. A lungeing demonstration will stress the balance of a horse, the mechanics of the gaits and the mental attitude of the animal. There will also be demonstrations of schooling figures and exercises, stabilization of and jumps, and how to develop horses, the use of barrels and top specialized skills. Finally, participants will look at poor schooling practices.

The horse clinics will be restricted to 24 participants each session. Applications will be accepted on a first-come, first-served basis. To register, contact a county extension office in Newark, Dover or Georgetown, or Dr. C. Melvin Reinour, equine specialist at the University of Delaware.

DPIA To Hold Annual Banquet March 14

The Delaware Poultry Improvement Association will host its 34th annual banquet Wed., March 14, at 6:45 p.m. in the Felton Fire Hall, Felton.

Featured speaker for the event will be Richard I. Ammon, executive director of the Northeastern Poultry Producers Council. He will discuss trends in the poultry industry. There will also be several short presentations by poultry leaders in recognition of the 50th anniversary of the Delaware poultry industry.

David H. Woodward, assistant extension agent for Kent county, is chairman of this year's banquet, while Marvin Mesibov, president of DPIA, will serve as master of ceremonies.

Tickets for the banquet are available from officers or directors of DPIA or from county extension offices in Newark, Dover or Georgetown.
