Wildflowers bloom through the Artic tundra on the North Slope of Alaska, while in the background, a drilling rig continues to probe the Prudhoe Bay oilfield. This area is also near the origin station for the proposed trans Alaska pipeline, the largest privately financed construction project in history.

This "Christmas Tree" is black and stands in rigid solitude on the North Slope of Alaska. The device, nicknamed for its unusual shape, is a special assembly of valves and gauges which cap a waiting Alaskan oil well. When approved, the proposed trans Alaska oil pipeline will move the oil from the Prudhoe Bay fields to the ice-free port of Valdez, where it will move by tankers to the West Coast.

Caribou graze nonchalantly on the Arctic tundra within sight of one of the operating drilling rigs at Prudhoe Bay, Alaska. This photograph was taken during the animals' annual migration across the North Slope. They are seemingly undisturbed by the presence of man, as thousands saunter through the oil field, stepping over feeder lines and other works of man.

If you've decided to install prefinished paneling in your home, here is some handy advice. Furring strips must be applied to concrete or masonry walls before paneling can be installed. Attach with 1-1/2 inch masonry nails, flange-type fasteners or perforated anchor nails. Nail or cement paneling to furring. If you nail it, nail to study or furring strips at intervals of 8 inches along the panel edges, 12 inch intervals elsewhere. Remembr to start panels from a corner and make sure first sheet is true and straight. Paneling will install quickly and easily

Start all your paneling jobs with a visit to HARRINGTON LUMBER & SUPPLY, Harrington, 398-3241. We have one of the largest selections in this area and feature U.S. Plywood. Don't hesitate to ask us or any member of our crew how to tackle a do-it-yourself job. We know how to help you and often can save you time, money and inconvenience. Our prices are also very competitive because we don't have to contend with expensive overhead.

HELPFUL HINT:

Prevent nuts from working loose by applying a few drops of clear shellac to the threads before tightening.

WRITING HOME

Young man, I got to thinking, You've been here a year today, Your work is satisfactory And I know you earn your pay.

You came here a perfect stranger Took your chances with the rest, Chose your friends among the strangers And I know you picked the best.

Travelled in good society Always seemed to have a care That your perfect way of living Had no scandal anywhere.

But with all this credit due you Since you started in to roam Let me ask the simple question-"Did you write a letter home?"

People here will never bother If your stay is short or long It's the folk back home that wonder How their son is getting on.

So, just skip one night of pleasure, Many such as you have had, Just take time to tell your story, Write back home to "Mom" and "Dad."

Guyton, Richter Gleam In Junior Olympics

Jackie Guyton of Harrington, and David Richter of Canterbury, headed up a strong contingent of Lake Forest School Big League District athletes in the 13th Baseball Opens annual Delaware Junior Olympics track meet held at Baynard Here Sunda y Stadium, Wilmington Saturday.

Miss Guyton, a double Junior Olympic champion in 1971, won Harrington Little League will the baseball throw in the Midg- play its first home game here with a heave of 143 feet. Jackie double header on tap against thus qualifies for the Middle Atlantic championship meet to be game will start at 1 p.m. at the held in Philadelphia. The run-senior league diamond at the nerup to Miss Guyton was an Moose Home. Amazon of 5 feet, 10 inches and 150 pounds, the biggest 11-yearold girl we have ever seen.

Jackie later finished fourth in a game to start at 6 p.m. the 880 yard run in a personal best of 3.06.

David Richter stamped himself as a good prospect, last month, by running a 2.34 helf mile for Al Lewis' Chipman help get your Big League team School team. At Baynard, the seventh grade student was competing in the 12-13 age group (Junior). Richter finished second in 2.23, seven seconds under the Delaware record. Warner of Dover Air, the winner, also was clocked in 2.23 but probably should have been credited with 2.22.9. Warner almost a year older than Richter.

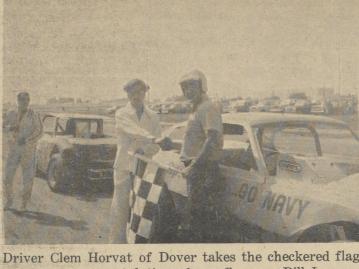

All distance runners in this Tastee Freez area, inevitably find themselves being compared with Chris Wet-Downing herhold, who holds the records for the half mile and two mile, at both Harrington and Lake Forest High Schools. Wetherhold had a 2.19 half mile in June 15 - Downing vs Lions grade 7, but ran cross-country June 16 - Saturday make-up that same school year and was vastly more experienced than David Richter is at the same point in his career.

Richter will be young enough in 1974 to compete again in the same Junior Olympic division. We predict he will be good enough by then to slice another Hi-Grade & Chambers seven seconds off the record. I.G. Burton He's one of the best prospects we've seen here and we've seen 'm all.

Bill Moore, a brand new shot putter, hurled the eight-pound shot 36 feet, 4 inches to capture second place. Moore missed the old record by a scant 4 inches,

in the Junior Division. Maurise "Reese Cup" Coverdal was barely ten years old and had to give away almost two years to some of his rivals in the 10-11 group. The local fourth-grader drew an outside pole position and later got caught in traffic. Despite the Harrington triple handicap, he clocked a Softball League great 2.46 and finished third. Othewise he might have broken 2.40 and taken all the marbles in near-world record time.

Mark Tatman won his Junior Burrsville Ruritan Division 100 yard dash heat in Delaware Elec. Co-op. 11.9 seconds, but was unplaced Stone's Hotel in final competition, which went | Harrington Fire Co.

Buying an air conditioner?

SELECT THE MODEL WHICH GIVES YOU MAXIMUM BTU'S OF COOLING FOR EACH WATT USED. TO DETERMINE THE EFFICIENCY OF A UNIT. DIVIDE THE COOLING CAPACITY (BTU'S) BY THE WATTAGE. FOR EXAMPLE, A UNIT WITH A CAPACITY OF 12,000 BTU'S AND A WATTAGE OF 1200 WOULD HAVE AN ENERGY EFFICIENCY OF 10. AN EFFICIENCY RATIO OF 10 OR MORE IS GREAT: 8-9 IS GOOD, 6-7 PASSABLE. UNDER 6. DON'T BUY.

SELECT THE RIGHT SIZE UNIT. TOO BIG A ONE COSTS MORE TO OWN AND RUN, COOLS TOO FAST WON'T DEHUMIDIFY. TOO SMALL A UNIT WON'T PROVIDE THE COMFORT YOU'RE PAYING FOR.

IF YOU HAVE A QUESTION ABOUT SIZE OF COOLING UNIT NEEDED. PLEASE CALL LOCAL OFFICE OF DEMARVA POWER.

Hints for running air conditioner Try a setting of 76 degrees

ON SIZZLING DAYS DON'T TRY TO KEEP THE INSIDE TEMPERATURE MORE THAN 15 DEGREES COOLER THAN THE OUTSIDE TEMPERATURE.

ONE SUGGESTION FOR A WORKING FAMILY IS TO RAISE THE THERMOSTAT SETTING ON AIR CONDITIONER BY 5 DEGREES WHEN YOU LEAVE. IT SHOULD TAKE ONLY A FEW MINUTES TO BRING TEMPERATURE BACK DOWN WHEN YOU RETURN AND YOU WILL SAVE ON OPERATING COSTS.

OR. IF YOU ARE AWAY FROM HOME ALL DAY, CONSIDER HAVING AIR CONDITIONER ON A TIMER TO COME ON AN HOUR BEFORE YOU REACH HOME.

SHUT THE AIR CONDITIONER OFF IF YOU PLAN TO BE AWAY SEVERAL DAYS.

USE EXHAUST FANS IN KITCHEN AND BATHROOM TO REDUCE HUMIDITY.

KEEP DRAPERIES AND BLINDS DRAWN DURING THE HEAT OF THE DAY. CLOSE FIREPLACE DAMPER.

DON'T ADD EXTRA HEAT. TURN OFF LIGHTS, TV. RADIOS NOT IN USE. CUT DOWN ON IRONING, COOKING. CLOTHES DRYING DURING A HEAT WAVE. DO THESE JOBS DURING COOL MORNING HOURS.

ATTICS COLLECT HEAT. MOVE THE HOT AIR OUT WITH AN EXHAUST FAN.

GUARD AGAINST BLOCKING THE AIR FLOW FROM COOLING UNITS WITH CURTAINS, SHADES OR FURNITURE.

WHEN AIR CONDITIONERS ARE ON, KEEP WINDOWS CLOSED. KEEP TRAFFIC IN AND OUT OF DOORS TO A MINIMUM.

get the job done

Cub Scout News

72-73 year with plans for summer outings, a renewal of the charter, and the awarding of a number of badges.

Coming up this Sat., June 16, the pack-sponsored trip to the Philadelphia Zoo. Packing picnic lunches, the Cubs will board a bus at St. Bernadette's church hall at 8 a.m. The Pack will provide the transportation, admission to the zoo, soft drinks for lunch and a treat on the trip home. Rain date in the event of really bad weather is June 23.

The Cubs have already done some traveling. On June 2, a group of 34 Cub Scouts, adults, and younger family members visited the St. Michaels Maritime 9:30 a.m. and lasting two hours. Museum in St. Michaels, Md. The theme is "We Look To After touring the old Hooper's Straight lighthouse, the oyster ery-Beginner, Mrs. Jeri Outten sloop, the J.T.
